## LAME DUCK GETS MUCH TALK TODAY

### Advisability Change in Constitution Before Members of House Today.

Washington, March 6.—(AP)—The advisability of another change in the constitution framed by the Nation's founders—and amendment to abolish the "Lame Duck" or bi-annual three month sessions of congress and clarify provisions dealing with presidential succession—today was facing the house.

Under a previous agreement, the White-Norris resolution proposing that the terms of president and vice president end at noon January 24, and those of Senators and Representatives at noon January 4, instead of March 4, was the special order of business with leaders of the opinion that a final vote would not be reached until Thursday at the earliest. Five hours, or insufficient time for each of the 435 members to speak for one minute, had been set aside for general debate.

The resolution then will be considered under procedure permitting amendments, a number of which are expected.

Drafted by representative White, Republican, Kansas, the resolution is a substitute for one sponsored by Senator Norris, Republican, Nebraska and already approved by the Senate.

The latter action was by a two-third vote, which also will be necessary in the house. After that three-fourths of the state legislators must ratify the proposal. Presidential approval is not required.

Under the resolution congress, as at present, would assemble at least once each year. In the odd numbered years congress would meet January 4, but would be given authority to set another date.

In even-numbered years congress would meet January 4, and adjourn on or before noon May 4. At present congress meets the first Monday in December each year. In odd years it may continue in session 12 months, but in even years it must adjourn by noon March 4.

The elections committee of which representative White is chairman, holds that the changes in meeting dates would enable newly elected congresses to take office and be prepared to carry out policies on which it was elected within about two months after election. At present, it is pointed out, the new Congress unless called into special session, does not convene for 13 months after election.

Under the change, the long session would follow immediately after the November elections and the proposed four-month sessions would occur in the years in which long sessions now occur. The committee contends that this change would enable members to get away from Washington in May of election years and personally conduct their campaigns for re-election.

## First to Die

Sentenced to die for having caused the death of a patient through an operation, Dr. Amante Rongetti, Chicago, will be the first person to die by electrocution in Illinois where hanging has been the vogue. He is also the first person to be convicted in connection with fatal consequences of an illegal operation in Illinois.

## DEMOCRATS MEET TODAY AT RALEIGH

### Executive Committee to Decide on Convention City at Session Tonight.

Raleigh, March 6.—(AP)—To the Democratic Executive Committee meeting tonight apparently remained merely the matter of announcements by Dennis G. Brummitt, attorney general, and chairman of the committee as a score man of the 120 committee members gathered here today while Mr. Brummitt held a pocketful of proxies.

The date and place of the state Democratic convention, and dates of the precinct and county conventions comprised the sole business for the meeting in the House of Representatives following a dinner with Governor McLean at the mansion earlier this evening.

Raleigh was practically assured the state convention, and the date remained to be placed following the precinct and county meetings. The precinct meetings were aimed by party leaders for Saturday, June 2, the date of the state ticket primaries, the county conventions for Saturday, June 9, and the state convention for Saturday, June 11, with the national convention at Houston June 26.

Thus the state race would be divorced from the national presidential nomination. Mr. Brummitt, a silent but active man, was the moving spirit in the arrangements. No speechmaking was in order for tonight's meeting. The state convention date, usually held in April, for June by both supporters and opponents to the candidacy of Governor Al Smith of New York for the presidential nomination, the one idea being to hold the democracy in the fold through the state ticket race and then throw upon the party to consider the presidential nomination in itself.

With no dissension to these arrangements in the air, a harmony gathering was in sight for tonight.

## More Teeth in Dry Act

### THE Stalker bill, making five years imprisonment and a \$10,000 fine the penalty for a first violation of the Volstead Act, has caused a fresh "wet" and "dry" rumpus in the House.

According to Mabel Walker Willebrandt of the Department of Justice, (shown in center), putting sharp "first teeth" in prohibition enforcement will bring quick jail sentences to the big bootlegger and respect for the law. Representative Hersey of Maine, committee chairman (lower left), agrees with her. The chief dissenter is Congressman La Guardia of New York (upper right), who says that the "roll top desk" bootlegger will continue to escape punishment while truck drivers and "contact men" receive higher penalties. The "joker" in the bill, La Guardia finds, that will bring delight to bootleggers, is the removal of the mandatory jail sentence for a second violation hitherto in force.

## STEEL KING IS KILLED IN AUTO CRASH

### President European Steel Combine Crushed to Death on Way To Paris.

Chalons - Sur - Marne, France, March 6.—(AP)—Speeding toward Paris to attending a meeting of representatives of the European steel industry for fixing of the amount of production, Herr Mayrisch, president of the European (Luxemburg) steel combine, was killed in an automobile crash. He was crushed to death when a tire burst two miles from here yesterday.

At first an opponent of the Cartel, after the war he changed his views and became one of the most enthusiastic supporters of the idea being convinced it was the only means of reconciling the respective needs of the producer and consumer.

Herr Mayrisch was mainly instrumental in the creation of the European steel trust, known also as the Luxemburg Cartel, which brought together French, German, Belgian and Luxemburg interests in an effort to reduce competition. He was appointed president of the combine in October, 1926, one month after it was finally agreed to.

Mayrisch was quoted as saying that Europe must organize in position to the United States and that concentration had become an elementary industrial necessity.

He was a great apostle of peace since the war and had striven in every way in his power to promote closer and better relationships between peoples. He was not only one of Europe's greatest industrialists but was always ready to place his purse and his abilities at the service of philanthropy.</

# BOSTON HAS HIGH HOPES FOR SEASON

By BRIAN BELL

St. Petersburg, Fla., March 6.—(AP)—With a new manager and a new captain, the Boston Braves are starting out with high hopes of improving their seventh place position of last year in the National League. The Red Skins are cheered, too, by the presence of a shortstop they did not have in the training camp last spring.

The addition of Rogers Hornsby to play second base when he is not hitting the ball has encouraged manager Jack Slatery, promoted from scout to manager, as he starts his first season as head of a major league club. With Eddie Farrell to work with the former St. Louis manager and Giant captain Slatery thinks he will be able to show a tight defense at second and short.

With these exceptions and a number of other recruits the crop of athletes is the same this year that it was last. Zach Taylor returns from the Giants to attempt to catch a majority of games, about 125 if he escapes injury, and Eddie Moore, young in years but a veteran player, he seems definitely assigned to an outfield post after playing in and out of the infield. Burns will again play first and Andy Blaž seems to have the call to third. Hornsby at second and Farrell at short are set. Jimmy Cooney and Walter Gautreaux, baseball's smallest exhibit, will take care of the emergency assignments.

Moore, the handy man, Ed Brown who plays day in and day out, and Lance Richbourg, the Florida flash, may make up the outfield combination with Jack Smith subject to call. Another place will be reserved on the bench for either McNamara or Earl Clark, the latter only twenty years of age, and regarded as a definite corner, now or later.

The pitching candidates have shown enough to draw smiles from the dignified Slatery and reserved Hornsby. President Emil E. Fuchs, who smiles with less effort than his active aides on the field, fairly beams as he sees the pitchers display their wares.

The optimists will grow to a decided majority if Jimmy Cooney's continued tests of his arm show that it is well again. Greenfield, Genewich, Smith, Wertz and Robertson are assured of first line places. Hearn, Mills and Edwards have been Braves before and may be again and Guy Morrison, student of books as well as baseball, who finished with the Braves after a season at Waterbury, has a chance to stick. Morrison left his studies at Columbia University in report.

One of the best prospects from the minors is Eddie Brandt, a big southpaw from Seattle. Only 22 years of age but looming up an inch and a half over six feet and scaling 785 pounds. Brandt on his early season showing, will be taking his turn on the mound from the outset. Arthur Delaney, another Pacific Coast recruit, has also made an impression as for Bill Dunlap, who threw them for Lynn last season. Dunlap is only 18 years of age, may be required to live and learn a while yet but if he is sent to the minors, a rope rather than a string will be attached to draw him back.

The rugged Taylor will have two understudies but the nominations will not be made for a while. Luke Urban, former Boston College football star, advanced from Toledo to the Braves last season and will probably be one of the catchers. Either Baxter Williams, a big relief from Asheville of the South Atlantic Association, or Bill Cronin, who caught for Providence last

season, will see lots of the Boston bull pen this summer. The players feel that Hornsby's presence in their midst will give them a "punch" and they are talking from seventh place of last year. Manager Slatery is more cautious. He will be willing to compromise with the other clubs on a place at the top of the second division.

## FIGHTS LAST NIGHT

New York—Eddie (Cannon Ball) Martin, New York, knocked out Johnny Huber (2). Battling Levinsky, Philadelphia, won from Earl Blue, St. Paul, (6). Jimmy Finley, Louisville, knocked out Jack Somers, New York (3).

Philadelphia—K. O. Kaplan, New York, knocked out Vincent Forjane, Philadelphia (4). Marty Gold Philadelphia, defeated Paddy Sullivan, California (10).

Pittsburgh—Harry Dillon, Winnipeg, and Jimmy Byrne, Louisville, drew (10). Boston—Roberto Robertia, Italy, defeated Jack Humbeck, Belgium (16).

Memphis—Jack Gibbs, St. Paul won from Grover Mallini, New Orleans (8). Galveston, Texas—Neil Clisby, Los Angeles, won on a foul from Bob Lawson, New York (5).

OH Shows Great Form. Augusta, Ga., March 6.—(AP)—Snappy play by Mel Ott at second base gives promise of a great struggle between the 19-year old infielder and Andy Cohen for the task of filling the Giants gap made by Rogers Hornsby's departure to the Braves. Ott impressed McGraw in yesterday's workout by snaring some hard rollers and starting a fast double play.

In a seven inning fracas between makeshift teams, George Harper cracked out a home run. Lefty O'Doul, Pacific Coast League star, connected with a pair of singles and a long drive which turned into a foul instead of a homer.

Basketball Game Tomorrow Night. The Freshmen girls of the Greenville High School will play the Sophomore girls. Proceeding this game the Freshmen boys will play the Sophomore boys at Gorman's warehouse Wednesday night at 7:30 o'clock.

This will be the last game of the season between the two teams. Admission, 10c.

## EAST CAROLINA LEAGUE OPENS ON APRIL 25th

Raleigh, March 6.—(AP)—The East Carolina class D Baseball Association will open April 25 and close on September 3, a copy of the official schedule received here today, revealed. Opening games call for Greenville to play at Rocky Mount; Goldsboro at Kinston; and Wilmington at Fayetteville. Rocky Mount and Fayetteville each get 10 Saturday games; Goldsboro 9; Kinston 8; Greenville 7, and Wilmington 13.

## LOCAL ROTARY CLUB MEETS

Impromptu Talks Featured Regular Session of Organization Last Night.

The regular weekly meeting of the Greenville Rotary club was held last night. The session was featured by numbers of impromptu talks and the third one hundred per cent attendance since February 1st.

President Rogers congratulated the club upon the splendid showing made in attendance and expressed belief that this record would be surpassed during the next few months. He urged the members to attend as regularly as possible and in this way set a stiff pace and create a spirit of friendly rivalry among other clubs of the section.

Rev. H. F. Jones told of the evangelistic campaign to be opened in this city April 22 by Rev. W. A. "Billy" Snoddy, and urged the public to co-operate in every way possible to make the services a success.

F. C. Harding told of the six objects of Rotary as applied to the present day, and showed that peace was the foundation upon which each was based.

W. A. Snow, of Wilmington, district government engineer, thanked the club for the invitation to attend the meeting, and expressed gratification at the spirit of brotherhood in evidence.

R. A. Pool, of Wilmington, of the traffic department of the Chamber of Commerce of that place, told of the absolute need of water transportation in this community and urged the Rotarians to stand one hundred per cent strong behind the present movement to deepen Tar River and open the stream to navigation.

Davis McWhorter made a short talk in which he thanked the club for the opportunity of being numbered among the guests of the evening.

## Browns Training Youngsters.

West Palm Beach, Fla., March 6.—(AP)—A yannigan game has brought out seven promising recruits who pleased Manager Dan Howley, of the St. Louis Browns, by their performance yesterday. They are Dick Coffman, Earl McNeely, Otis Brannon, Guy Sturdy, Ralph Kress and Clyde Manion, who played with the regulars and Ed Strelecki the second hurler employed by the Yannis.

## Batting Slump Shows up Again With St. Louis

Avon Park, Fla., March 6.—(AP)—The old batting slump which gripped the St. Louis Cards last season showed its head again in the Yannigan game here yesterday when the regulars went down by a 12 to 3 score.

It seemed an easy matter for the recruits to hold down the regular pitchers. Frankie Frisch and Jim Bottomley, the big guns of last season's Cardinal attack, were quelled by the youngsters and the other regulars apparently were not playing big league ball.

## Lindy Returns To Washington

Washington, March 6.—(AP)—After a round trip flight to Scott field, Belleville, Ill., which required less than 21 hours, Col. Charles A. Lindbergh landed at Bolling field at 6:30 o'clock this morning.

The 31er came as mysteriously as he left yesterday. A car was waiting to take him to the Racquet Club, but Bolling field officials said that they had no idea when he reached here and went to the ing of his plans.

Bolling field officers said Lindbergh's return so soon after his trip to St. Louis came as a surprise and caught most of them in bed. He left his plane as soon as he reached here and went to a club for a rest.

## Are You Overdoing? Overwork Throws a Heavy Burden on the Kidneys.

OVERWORK, rich foods and stimulating drinks put extra burdens on our kidneys. When the kidneys slow up, impurities remain in the blood and are apt to make one languid, tired and aching, with dull headaches, dizziness and often nagging backache. A common warning is scanty or burning secretions.

Use Doan's Pills. Doan's, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. Are endorsed by users everywhere. Ask your neighbor!

## Can a Woman Really Love Two Men?

A SECLUDED beach. Two young men and a girl—a starry-eyed girl with a mouth made for kisses. The girl shivers. "I'm cold. I should have brought a wrap."

Both men, madly in love, leap to their feet; but it is Lawson who hurries up the beach to the cottage colony. Quickly he returns. Stanley, his lifelong pal, his buddy, rises at his approach.

Stanley: Congratulate me, Lawson, old boy. Patricia has just consented to be my wife.

Night. Low rumblings warn of an approaching storm. Stanley, Patricia's husband, is away. Lawson and Patricia are in the house alone. Lawson paces his room, dry-lipped, feverish.

What a fool he had been to listen to their pleadings to make his home with them. Why had he yielded to the temptation to stay so dangerously close to Patricia—to see her daily—to worship her under the same roof with her husband—his friend!

Across the hall, Patricia moves about, humming a tune. Her nearness—the memory of her tender glances for many days past—torment him—fill him with an agony of longing. If only—

## FINDS SELF ALONE IN A HUGE CROWD

A person can be even more lonely in a huge crowd with luxury on every side, than with just a few persons, provided those persons are friends.

The truth of this is shown by Colleen Moore in "Her Wild Oat," the musical comedy at White's Theatre Wednesday and Thursday. Miss Moore is shown as a girl who takes her hard earned savings of years and spends them on one week at an exclusive Atlantic coast resort. However, she finds that she is far more lonely there with no friendly faces in the entire throng than she was back in the little lunch wagon which she operated in Times Square, New York. Larry Kent plays the chief male role in support of the star in this rollicking comedy which Marshall Neilan directed. Hallam Cooley and Gwen Lee appear in outstanding roles. John McCormick produced the picture.

## THE POOR NUT TO BE PLAYED HERE

"The Poor Nut" the college comedy by J. C. and Elliott Nugent which began its hilarious career in New York three seasons ago and only recently finished a run of 20 weeks at the Cort Theatre in Chicago (a record for this season) is coming to White's Theatre on March 9th, for matinee and night. The comedy, which offers a graphic picture of college life with brilliant flashes of humor, was produced by Patterson McNutt, former sports writer on the New York Morning World, and ex-dramatic editor of the New York Sun. It is being presented on tour by Better Plays Extension, an organization formed to make the outstanding New York play successes available to audiences in the one-night-stand cities, and endorsed by such distinguished men and women of the theatre as John Golden, David Belasco, Irvin Cobb, Florence Reed and others of like standing.

The hero of this much talked of play is an awkward junior in a Western Conference university whose inferiority complex leads him into a series of ridiculous situations. Young Horace Michael's portrayal of the title role has been acclaimed as one of the finest characterizations of the American stage. The play reaches a turning climax in an intercollegiate track meet faithfully reproduced on the stage. The cast includes Dorothy Black, Horace Michael, Florence Day, Charles Baker, Albert Bushee, Jonathan Hole, David Pritchard, Frank Dawson, Vincent Fiore, Barrow LePage, Joseph Baron, Carlys Randolph, and half a hundred others who will see when the track meet is on.

## Much Interest in Catholic Mission

Continued interest is being shown in the mission being given in the Catholic Church by the Rev. Francis J. Berrong of the Redemptorist Order. Yesterday afternoon at four o'clock the children of the parish and their friends assembled for their own mission service. This service for children will be held each day at that hour.

At 7:45 p. m. a large congregation of Catholics and non-Catholics were in the church to hear the missionary explain, "Why we say the Rosary and then after the prayers to listen to a discourse on 'The One Great Evil.' No time was wasted in letting the audience know that this evil is sin.

The missionary explained at length the definition of mortal sin found in the Catholic catechism. Then he went on to prove that mortal sin is rebellion against God our Creator, Master, Lord and Father. He showed the sinner definitely standing before the throne of God with the rebel angels, tempting God, saying, "I will not serve." Mortal sin was further described as ingratitude to our greatest benefactor, since all we have in our God. Then it was pictured as base contempt of God. Here the speaker compared the sinner preferring sin to the Christ to the Jesus preferring Barabas to the Son of God. Finally showing the congregation the image of the dead Christ on the Cross mortal sin was defined in the words of St. Paul in the Bible as "the crucifixion of the Son of God anew."

The subject of tonight's sermon will be "A Bit of Paradise on Earth." Services will be held every night during the week at 7:45. ... are cordially invited.

**MAVE IT READY**  
Announcement was made  
today by J. J. Davis, traffic  
expert, who is now making  
a survey of the city and sec-  
tion to ascertain the annual  
tonnage available for water  
transportation, that he was  
meeting with much delay  
and difficulty because many  
of the persons upon whom  
he called had not compiled  
the desired information.  
The matter of obtaining this  
information is very vital at  
this time as it is upon the  
same that our chances for  
water transportation rest  
and it is to be hoped that  
every business man will aid  
in the survey as much as  
possible. Mr. Davis stated  
that the figures did not have  
to be absolutely accurate,  
but could be estimated pro-  
vided the estimates were  
conservative, and he urged  
that the figures be ready  
when he called in order that  
he may cover the territory  
in the small amount of time  
allotted for the survey. The  
best and most accurate way  
for a business house to get  
at the correct information  
is to total last year's freight  
bills according to shipping  
points or distances and then  
estimate future years from  
this data. If this has been  
done before Mr. Davis calls  
upon you his job will not be  
such a difficult one and he  
will be able to have the in-  
formation at hand when the  
government calls for it. As  
set forth in a letter of Major  
Snow recently published in  
his paper, the information  
you give in this survey will  
be kept strictly confidential  
and will not be made pub-  
lic in any way that would  
permit its use by a competi-  
tor to ascertain an insight  
into your business dealings.  
With this fact firmly in mind  
together with the great bene-  
fits to be derived should the  
water transportation project  
go through to a success-  
ful completion, we see no  
reason why any one should  
object to giving the tonnage  
information and we urge  
you to get the data together  
and have it ready when the  
traffic expert calls. The  
sooner we get this informa-  
tion together for the govern-  
ment and the bigger the  
knowing we make with it,  
the better is our chance to  
get water transportation for  
Greenville.

## ABOUT TOWN

"The various civic organizations  
of the county are becoming more  
thoroughly appreciative of the  
great part which the American  
farmer is playing in the life of the  
various communities of the present  
era." J. C. Galloway, of Grimesland  
told the writer of this column to-  
day.  
"Ever so often we see where some  
organization entertains in behalf  
of the farmer, bringing out the  
part he is doing in the development  
of his locality.  
"The grower of today is on the  
same plane with other professions  
—at least he has made similar  
progress, and it is but natural he  
should receive recognition for his  
progress.  
"Pitt county is fortunate in hav-  
ing an exceptionally high type set  
of planters, and with proper co-  
operation from the town and city,  
they should be able to take their  
place among the leading agricul-  
turalists of the country."  
"The best high school baseball  
ever played in this section of the  
state before is what we are going  
to have this year," confidently as-  
serted members of the North East-  
ern Athletic conference of this  
city.  
"The conference at this time is  
arranging a schedule of twelve  
games that will give all of the  
seventeen members an equal show-  
ing of taking part in this particu-  
lar branch of sport, providing, of  
course, they should be desirous of  
participating.  
"This is the first time in years  
we have had a schedule without  
eliminations. The various schools  
may stay in the race until the en-  
tire schedule is exhausted and at  
the end of the season the winner  
of the series will be awarded a  
trophy in recognition of their  
achievement.  
"We are all pleased with success  
of the conference and honestly be-  
lieve it is going to do more to es-  
tablish a spirit of friendship than  
any other thing."  
"The Rev. William Sunday, who  
is to open an evangelistic campaign  
in this city April 22, has just closed  
a successful meeting at St. Louis,"  
a member of the local Ministerial  
Association, mentioned to the writ-  
er today.  
"This noted champion of the  
Bible had over six thousand con-  
verts in this one city alone. His  
powerful sermons, portraying the  
high standards of human morality  
and duty, no doubt had their effect  
upon the lives of thousands of oth-  
er men and women, groping in the  
dark of mis)derstanding and dis-  
belief.  
"Mr. Sunday's campaign in this  
city is expected to be one of the  
outstanding revivals in Eastern  
North Carolina. We are arranging  
to take care of thousands of people  
at every service, and have not the  
slightest doubt but that the crowds  
will be greatly augmented by other  
cities on Sundays.  
"This will be an opportunity of  
the Christian workers of the city  
to accomplish something note-  
worthy in behalf of humankind."

**A BUREAUCRATIC BLUNDER**  
The War Department on  
December 1 gave William  
Burns a commission as  
Colonel in the Officers' Re-  
serve Corps, although Burns  
at the time was on trial for  
attempt of court in connec-

tion with the jury-shadow-  
ing during the Sinclair trial.  
Since then Burns has been  
adjudged guilty of contempt  
and is under sentence of 15  
days' imprisonment. The de-  
cision of the War Depart-  
ment to confer such an hon-  
or at such a time has evoked  
much surprise and no little  
criticism. Secretary Davis  
says that the action of his  
department was prompted  
by a desire not to prejudice  
the case. He states that  
Burns was already holding  
a commission which would  
expire on Dec. 1, and that  
he had been offered a new  
one before the charges were  
made.  
This explains but it does  
not excuse. The new com-  
mission may have been  
promised before any charg-  
es were brought, but it does  
not follow that it had to be  
awarded after the charges  
were filed. It would not  
have been prejudging the  
case to hold up the commis-  
sion while the charges were  
pending. In so notorious a  
case as the Sinclair oil scanda-  
l, which has brought its  
taint to so many branches  
of the Government, there  
was a special reason why  
the War Department should  
have acted with more than  
usual circumspection. To say  
the least, it has committed  
a stupid blunder. — N. Y.

**GRAIN MARKET.**  
Chicago, March 6.—(AP)—Simultaneous selling of wheat against buying of corn more than wiped out fresh advances in wheat prices today but helped to strengthen the corn market. Foreigners bought wheat, though not on as large a scale as yesterday.

Wheat closed unsettled, 3-8 to 4-16 net lower, corn at a shade decline unsettled, 3-8 to 3-4c net lower, corn at a shade decline to 5-8c advance, oats a shade off to a shade up and provisions unchanged to a rise of 12c.

The closing was strong.  
Total sales approximated 2,500,000 shares.

**STOCK MARKET**  
New York, March 6.—(AP)—An outbreak of selling in the rubber shares caused only a temporary halt in the upward movement of prices in today's stock market, which was again featured by heavy accumulation of the motor shares. Trading in General Motors common, the feature of the three previous sessions, quieted down somewhat, although the stock mounted to a new high record at 148 1-2 after having dipped to 146 around mid-day.

Hupp Motors, in which William C. Durant is reported to have a large interest, ran up to a new peak at 41 7-8, and there was brisk demand for Packard, Nash, Studebaker, Hudson and Chrysler. U. S. Rubber common sank more than 3 points to a new low at 42 7-8, and the preferred broke 5 to 88 3-4 on fears for safety of the preferred ferred dividend and rumors of large inventory losses through the recent drop in crude rubber prices.

There was little in the day's news to influence the price movement, although Wall Street expressed considerable interest in the proposed formation of a \$600,000,000 holding corporation to consolidate several railroad equipment and electric manufacturing companies. Call money renewed at 4 1-4 per cent, but loans in the outside market were reported as low as 4 per cent.

### FOUR MEN HOLD UP COLUMBUS BANK AND ESCAPE WITH \$30,000

Columbus, Ohio, March 6.—(AP)—Four men robbed the Columbus Savings Bank, at the edge of the downtown district, of \$30,000 in a daylight hold-up today and escaped in an automobile.

The robbers, according to employees of the bank, entered the lobby carrying sawed off shotguns and forced Benjamin S. Dickson, president and cashier of the bank, four employees an d five customers into a back room.

### State Merchants Association To Meet in E. City

Raleigh, March 6.—(AP)—The state convention of the North Carolina Merchants Association will be held at Elizabeth City, May 22 and 23. W. L. Dowell, secretary announced today.

The secretaries' conference of the association closed with addresses of Miss Catherine Garrity of Asheville, R. C. Job of Elizabeth City, and R. L. Powell, who spoke for business courtesies to newcomers to the secretaries' respective cities.

### Elsie School House Burned

Hemp, March 6.—(AP)—The boys' dormitory and the home economics building of Elsie high school were destroyed by fire early today. Authorities immediately began an investigation of the origin of the flames and a check-up of the loss.

The high school fire originated in a fire and the loss was placed by R. A. McLeod, school superintendent at \$15,000. The students were placed in private homes of the community, and school continued.

Plans were immediately launched by Mr. McLeod to erect a modern structure with the student body making the first subscription of \$200.

### Deprecate Strike Of Mill Workers At Gastonia, N. C.

Gastonia, March 6.—(AP)—While striking weavers remained adamant in their refusal to return to their tasks today, officials of the Loray Mills here were inclined to deprecate the strike and expressed the opinion that the "trouble will blow over in a short time."

The weavers went on strike yesterday with a demand for a restoration of wage scales and a reduction in the number of looms one man is required to operate.

General Manager Gordon A. Johnstone said only one department of the mill was affected by the strike. A conference yesterday between the strikers and the mill officials broke up without an agreement being reached.

There was no disorder around the mill last night.

**Sick Stomach Teaches Her a Good Lesson**

Miss Jeanne Ginsberg, Bronx, N. Y., writes: "I had become accustomed to arising each day with a heavy head, dizzy and a bad taste in my mouth. My bowels were frequently clogged and constipated. One day I became so sick to my stomach I had to leave an important job and go home. I tried CARTER'S LITTLE LIVER PILLS. I feel greatly relieved since using them. One or two each night is a wonderful laxative for good health."

# Ten Persons Die In Quebec Fire

Quebec, March 6.—(AP)—Ten persons lost their lives in a fire which destroyed the home of Thomas Cliche in the parish of Ste. Marie De Beauce last night. Mrs. Cliche died in a vain attempt to rescue some of her eight children who were trapped in the blazing house.

Cliche, who with his wife dashed from the house in their night clothing to give the alarm, also tried to re-enter the dwelling but was driven back by the flames. Mrs. Cliche climbed through a window and was not seen again.

Charles Cliche, father of Thomas was sleeping on the top floor of the building and was believed to have been suffocated in his sleep. Neighbors combated the smouldering ruins this morning for the ten bodies. Investigators held the theory that an overheated furnace was responsible for the fire.

heat to our corner of the universe. One thing is certain and can be proved. The sun's heat, light and power will continue to warm this little earth, big Jupiter, and the rest of our planetary family, for hundreds of millions of years more. There is plenty of time for your corner lot to go up in value.

Chicago's corner, inside lots, increased in value \$575,000,000 in 1927. Making possible increased taxation, this enables Chicago to hire 3,000 more policemen, and 1,000 more firemen than the city needs. Chicago's energetic citizenship, proved by city improvements and a park system that put to shame New York and some other big cities explain the increased values.

### FOR CONSTIPATION

Mississippi Man Says He Has Found Black-Draught So Satisfactory, He Has No Need to Change. Wiggins, Miss.—Mr. A. L. Cono, a well known Wiggins resident, says: "I have used Theford's Black-Draught for constipation. I have never had to take a great deal of medicine, but for fully 30 years I have, by using it, known Black-Draught to be a great medicine, and when I found it so satisfactory, I haven't seen any need to change. "When I get constipated, I feel all out of sorts and tired and sluggish and I take a few doses of Black-Draught. It regulates my bowels and I get all right. My wife takes more Black-Draught than I do. She is a great believer in it too, so we keep it in the house. It will cleanse the system and help you, if you use it as we have." Constipation leads to a great deal of sickness among those who do not understand its dangers, and who neglect to treat it without delay. Black-Draught, with the natural prompt action of its purely vegetable ingredients, quickly relieves constipation and helps to drive the poisons so as to leave organs in a state of healthy activity. Sold everywhere, 25c. NC-171

## Doctors Discuss Tuberculosis at New Orleans, La.

New Orleans, March 6.—(AP)—A symposium of tuberculosis occupied the attention of several hundred physicians here today attending the clinical sessions of the American College of Physicians, with Dr. Charles L. Minor, Asheville, N. C., in a leading role with discussion of modern trends in the treatment of tuberculosis. Specialized clinical sessions were a sequence to an ovation given last night to Dr. Maude Slye, the Chicago University pathologist, who offered her college facilities in a movement to establish an archives foundation for statistical study of cancer in human beings. Under the plan of Dr. Slye, who has been experimenting with cancer in mice for twenty years, all practicing physicians in America would contribute regular statistical information on cancer for compilation of records to aid in eradication of the disease. Cancer is hereditary but not contagious, Dr. Slye learned from the making of mice. Her theory was that if cancer in mice could be eliminated by the process of mating, the same plan would prove effective in human beings.

## PHILIPINO RESIGNS TO RETURN HOME AND FIGHT FOR FREEDOM

Washington, March 6.—(AP)—Holding that every dollar of American investment in the Philippines "is an additional nail in the coffin of our independence," Isuro Gabaldon, one of the two commissioners from the islands to the American Congress, declared in a statement in the Congressional Record today that he was resigning his seat to return home to fight for complete freedom. Gabaldon, who already has been elected to the Philippine Legislature, said that he could never be convinced that the "soul of the Filipino people is not for independence" and that he did not believe the Filipinos could ever expect to enjoy the maximum of happiness under American sovereignty. Referring to the scandalous growing out of the Teapot Dome and other naval oil investigations, the commissioner said that what "frightens me as a Filipino is the knowledge that those American

captains of industry' who have invested in the Philippines are also heavy contributors to the campaign chest of the 'republican party.' "Members of the American Congress," he said, "I beseech you to give us our independence before the Philippines, like the Teapot Dome and the naval oil lands, are donated to campaign contributors whose mouths are watering for our golden natural resources."
