MARSH CALLED BY SENATE OIL PARTY TODAY

Former Treasurer of
Democratic Com-
mittee Must Answer
Some Questions.

Washington, March 21.—(AP)—
Wilbur W. Marsh, treasurer of the
democratic-national committee from
1916 to January 1, 1924, reiterated
today before the senate Teapot
Dome committee that he had not
entered into any agreement with
the late Fred W. Upham, treasurer
of the republican national commit-
tee, under which the two parties
made no report of contributions in
1923.

Washington, March 21.—(AP)—
Under what generally was regarded
as a cloud of internal disagreement,
the senate Teapot Dome committee
called a single witness today and
switched to democratic campaign
financing in resumption of its tor-
tuous trail of the Sinclair Liberty
bonds political contributions.

The witness was Wilbur W. Marsh
of Waterloo, Iowa, former treasurer
of the democratic national commit-
tee, who has denied off the stand
that he agreed with the republicans
five years ago to withhold a report
on party contributions and expendi-
tures. He faced questioning as to
democratic financing, particularly in
1922, when Harry F. Sinclair donated
\$200,000 in Continental Trading
Company Liberty bond profits to the
republican party and received
\$100,000 back as not required.

A rift in the oil committee, sim-
ilar to the surface for some
time, was open today
in by Senator

Wahsh, democrat, Montana, veteran
prosecutor of the naval oil reserve
lease investigations, apparently aimed
at the 35-year-old republican
counselman, Gerald P. Nye, of North
Dakota.

Evidently objecting to Nye's an-
swer, Marsh said the committee
should look into the records of the
late President Harding's estate at
Marion, Ohio, and the failure of the
chairman to keep confidential re-
ports from leaking out in the Chi-
cago inquiry last week. Marsh, in a
statement last night, declared it was
"singularly unfortunate" that public-
ity should have been given to
"some of the plans of the commit-
tee."

It was equally unfortunate, he
said, that "there should be allowed
to become public information af-
fecting the reputations of the com-
mittee until it is confirmed upon inquiry to such
an extent as to warrant a develop-
ment of facts through witnesses."

The reports which leaked out fol-
lowing the Chicago subcommittee
inquiry directed by Chairman Nye
caused statements of denial and ex-
planation to be issued here by Jus-
tice Frederick L. Siddons, of the Dis-
trict of Columbia Supreme Court,
and Chief Justice George E. Martin
of the District of Columbia Court
of Appeals.

**Slight Decrease
Cotton Spinning
Reported Today**

Washington, March 21.—(AP)—
A slight decrease in cotton spin-
ning was shown in February,
the census bureau's monthly
report showed today, as compared
with January.

Active spindles for Febru-
ary numbered 7,968,862, or 220
hours per spindle in place com-
pared with 8,259,455 in 227 in
January this year and 8,260,211-
131 and 222 in February last year.
Spinning spindles in place Febru-
ary 22 totaled 36,142,916 of which
31,637,012 were active at some time
during the month compared with
36,349,130 and 31,697,876 in January
this year and 37,244,888 and 32-
672,102 in February last year.

The average number of spindles
operated during February was 36-
566,393 or at 101.2 per cent capacity
on a single shift basis, compared
with 36,690,685 or 101.5 per cent
capacity in January this year and
36,781,564 or at 106.8 per cent
capacity in February last year.

**Lindy Appears
Before Senate
Members Today**

Washington, March 21.—(AP)—
Before a full attendance of the sen-
ate military committee, Col. Charles
A. Lindbergh appeared today to give
his views on a bill by Senator Rob-
inson, democrat, Arkansas, propos-
ing separate promotion lists for
aviation officers in military service.
It was the first event of a busy day
for the New York to Paris flyer. He
was at the capital several minutes
before meeting of the committee,
waiting in the office of Senator
Robinson, from where he was es-
corted to the committee room by
Pennsylvania and Senator Reed of
Pennsylvania, chairman of the
committee.

CIVIL COURT DISPOSES OF FIVE ISSUES

Judgment, However,
Had Been Returned in
Only Two Cases
Early Today.

The regular monthly meeting of
the Pitt County Superior Court which
convened in this city Monday morning
with Judge Henry Grady, of Clinto-
n, presiding, but decisions have
been returned in only two or three
of them. This term will continue
for a period of two weeks and will
be followed by the hearing of num-
bers of issues which have been
hanging fire for some time.

The suit for alimony started Mon-
day morning by Mrs. Mattie Moore
against Dr. G. Moore was completed
yesterday morning, but Judge Grady
had not ruled in the case today.
The plaintiff alleges that the de-
fendant maliciously drove her
away from home.

Judgment for \$300 was returned
in the case of John Staton vs. H. A.
Gray, involving suit of some notes.
The case of O. H. Roebuck vs. J.
M. Short over difference in a check
for \$100 was appealed to Supreme
Court after Judge Grady had ruled
that the issue should have been set-
tled in a magistrate's court and
ordered it dismissed.

NO TRACE OF REBELS TODAY

**American Marines
Plane Comb Nicarau-
guan Rebel Area
With Machine guns.**

Managua, Nica., March 21.—(AP)—
The region near Murra, raked
with machine gun fire and bombed
from American marine planes, yielded
no trace of rebels today.

Planes flying over the district,
which is 20 miles southeast of Ja-
lapa, could find no clues as to where
the followers of General Augustino
Sandoz, disappeared after firing
upon two marine planes and wound-
ing one flyer. They saw two colum-
ns of marines which had been sent
in to the area from Jalapa. It
was assumed from this that the
rebels had taken to cover.

After the attack on the planes,
other aircraft fired upon and bomb-
ed rebels three times. The Sandoz
rebels scattered under fire and the
marines could not determine the
number of casualties.

Near Telpinaca, a pack train en-
countered a small band of insur-
gents. Two rebels were killed in a
clash which followed.

**COMMUTE SENTENCE OF
NEW YORK SHOW GIRL**

Ottawa, March 21.—(AP)—Mrs.
Doris MacDonald, young New York
girl sentenced to hang on Friday
with her husband for the murder
of Lachline taxi driver, had her
sentence commuted to life im-
prisonment today. Preparations
were continued for the hanging of
the husband, George MacDonald.

At 12:30 P. M. the Governor Gen-
eral approved orders in council
granting the commutation in the
case of Mrs. MacDonald and affirm-
ing the death sentence passed on
her husband. The orders were re-
ceived at the state department at
12:40 for forwarding to the sheriff

LEGION POST AGAIN TALKS MEMBERSHIP

Discussion of Increas-
ing Strength of Post
Featured Last Night
Session.

The regular monthly meeting of
the Pitt County Post of the Amer-
ican Legion was held in the base-
ment of Jarvis Memorial Methodist
Church last night with a consid-
erably part of the membership re-
presented. Only matters dealing with
payment of dues and membership
were discussed. Commander J. B.
Kittrell presided.

Following the serving of a de-
lightful supper by ladies of the
church, Commander Kittrell read
several letters from the National
Commander and other officials urg-
ing each post to use its influence in
behalf of increased membership and
other matters vitally affecting the
organization.

Most of the session was consumed
in an effort to get the list of mem-
bers straightened out and dues for
the past year collected. While much
progress was made in this direction,
Commander Kittrell intimated that
at least two more meetings would
be necessary to definitely complete
the work.

Mr. Kittrell has been intensely
occupied in an effort to increase the
membership of the local post since
his election several months ago, and
while he did not go into the mem-
bership plans in detail last night,
much member was asked to do every-
thing possible to get in touch with
all former service men in the coun-
ty who are not taking an active part
in the work of the Legion.

He declared there is ample room
for expansion of the organization in
the days to come, but said this
would be impossible without the
combined strength of the entire
membership. Growth in member-
ship, he said, is essential to growth
in other ways, and the organization
must accomplish the first before the
later may be realized.

The sole and outstanding feature
of the evening's program was a
couple of instrumental musical im-
provisations, a poem or so dealing
with war days, rendered by Edward
Hearne, local young man, who, for
the past several years has been va-
ried service in the theatrical world
as represented in New York, Chi-
cago and other large cities of the
nation.

With assistance of a piano, the
former ex-service man and comed-
ian, delighted his audience with a
song number impersonating a won-
an endeavoring to appear at her
best. One other number, represent-
ing a noted artist, drew considerable
applause.

This is the first time young
Hearne has appeared publicly since
his return from the northern theat-
rical field, and the ovation which
he received from the Legionnaires
last night plainly attested the fact
that he has lost none of his skill as
an entertainer. Although greatly
handicapped by acoustics of the
basement, he appeared at splendid
advantage, each number being pro-
vocative of laughter and merriment.

**FAIL TO CONFIRM RUMOR
OF FINDING ENGLISH FLIERS**

Bangor, Maine, March 21.—(AP)—
Intense excitement was caused
today by circulation of a rumor that
the plane in which Captain Walter
Hinchliffe and the Honorable Elsie
MacKay began a proposed trans-At-
lantic flight from England last
Tuesday had been found, with their
bodies, near Patten, Maine. Care-
ful investigation, however, by the
Associated Press failed to confirm
the rumor.

ASKS REMOVAL OF SECRETARY MELLON TODAY

Secretary Cousins to
Offer Resolution Re-
questing Retirement
of Treasury Head.

Washington, March 21.—(AP)—A
target for democratic attacks ever
since he testified recently in the
senate oil committee inquiry, Sec-
retary Mellon today faced the wither-
ing fire of a prominent member of
his own party aimed at his resig-
nation from the cabinet.

Senator Cousins, republican,
Michigan, long a staunch foe of the
treasury secretary on tax policy, had
proposed a resolution which would
place the senate on record as
favoring Mellon's retirement.

Attached to the proposal was a
long list of citations as grounds for
the secretary's leaving President
Coolidge's official family. Through-
out his entire administration, the
resolution said, "There runs an in-
difference to the law, a contempt
for the law, a defiance of law."

The move, directed principally
against the secretary's failure to in-
form the Teapot dome committee of
Harry F. Sinclair's contributions to
the republican party in 1922 after
the oil inquiry had begun, served to
recall the senate's action in 1924
when it requested the resignation of
Secretary Denby of the navy and
Attorney General Daugherty for
their connection with the oil cases.

President Coolidge declined to heed
the requests at the time, both cabi-
net officers later resigned, the lat-
ter by request.

The senate has not the power to
force such resignations and senate
Cousins' resolution will have to
wait for such time as the rules will
permit its coming up for debate.

FLYER FAILS IN ENDURANCE FLIGHT TODAY

Gene Shank Forced
Down at St. Paul,
Minn., by Broken
Gas Feed Line

St. Paul, Minn., March 21.—(AP)—
A broken gas feed line, bane of
the aviators, ended Gene Shank's
effort to establish new endurance
records early today after his 90-
horsepower biplane had been in the
air 12 hours and 36 minutes.

The accident was the second ex-
perience by the 22-year-old law
student-aviator since he took off
from the ice of White Bear Lake
at 1:17 p. m., yesterday. A line
of hose from another plane which
was being used to refuel Shank's
ship last night was severed by the
propeller of the biplane.

Although Shank fell far short of
the solo flight mark of 33 1/2 hours
and the world's endurance record
of 52 1/2 hours one record for his
class of plane was claimed for him.
Available records indicate that his
time in the air exceeded by 38 min-
utes the best previous record for
light planes of the OX type, held
by the late Harry Brooks.

The gasoline can of Shank's
plane was nearly empty when he
landed at the municipal field at
1:55 a. m. today. The flyer ex-
pressed regret over the accident
but said he would repeat his at-
tempt within a day or two.

Through the early hours of his
flight Shank cruised leisurely over
the skies, dropping notes frequ-
ently or signalling that his motor was
performing perfectly. His bride of
a few weeks was at the air port
early in the evening and once the
flyer swooped down near the hangar
and waved and shouted to her
as she stood answering his greet-
ing under a light on the hangar
roof.

Had he not been forced down,
Shank intended to make a second
attempt at refueling in the air
this morning.

**STATE INCOME TAX
REACHES \$7,332,668.63**

Raleigh, March 21.—(AP)—To-
day's receipts brought the total
amount of state income tax col-
lections by the department of revenue
to \$7,332,668.63, it was announced
this afternoon.

The department expects the final
figures will reach eight million dol-
lars.

Portugal To Recall Citizens
London, March 21.—(AP)—An ex-
change telegraph dispatch from Lis-
bon, Portugal, states that the gov-
ernment has decided to recall
soldiers, sailors and civilians who
have been deported during recent
troubles.

TODAY

Only Odds and Ends.
The Busy Bonds.
Our 350,000 Criminals.
Peasants Would Rule.
(By Arthur Brisbane)

Copyright 1927, by Star Co.

Not much, except odds and ends
of news, when this was written,
late yesterday afternoon. The fatal
tracks of the oil bonds led in new
directions. The name of an im-
portant judge was dragged in. He
says to one sent him any bonds.

Senator Borah, the great puri-
fier, got \$500 more yesterday, to
help pay back the gold that Mr.
Sinclair handed over. The Repub-
lican party must be purified, says
Borah. Theodore Roosevelt, 2nd,
send \$100 to help purify.

It is doubtful, however, whether
all the perfumes of Arabia, or two
Anna Held milk baths could purify
the worried old party.

Belag found out is a terrible
thing. Everybody knows that both
big parties take all the campaign
funds they can get. The Republi-
cans get the bigger gifts because
their chances are usually better,
and their memory for kind words
and deeds is better.

It is certain that neither Will
Hays nor any of the big Republi-
cans knew where the Sinclair bonds
came from. The oil scandal had
not started when the bonds were
contributed.

If Sinclair had offered a bundle
of bonds to the Democratic donkey
to wipe out campaign expense
debts, that intelligent animal would
have taken them gladly.

However, the elephant got caught
and the donkey did not, so the
donkey feels virtuous.

Speaking of slush funds, bribes.

DECLINES TO DISMISS CASE OF OIL MAN

Justice Refuses Mo-
tion to Set Aside
Contempt Charges
Against Blackmer.

Washington, March 21.—(AP)—
The motion to dismiss contempt
charges against H. M. Blackmer,
missing Teapot Dome witness, was
denied today by Justice Frederick L.
Siddons in the District of Columbia
Supreme Court.

Blackmer, who was wanted as a
government witness at the trial of
Harry F. Sinclair and Albert B. Fall
on charges of conspiring to defraud
the government in the Teapot Dome
oil lease, refused to obey a subpoena
to return from France and testify.

The law sponsored by Senator
Walsh of Montana, the senate's oil
prosecutor, providing that when any
citizen of this country refused to
return from abroad to testify in a
criminal case, he was in contempt
of court and his property up to the
value of \$100,000 could be forfeited.

Blackmer was wanted to tell of
the organization and operation of
the Continental Trading Company
of Canada which made \$3,000,000
profits in a deal with the late A. E.
Humphreys of Denver. The contract
was guaranteed by Blackmer, J. E.
O'Neil, also a missing witness, Har-
ry F. Sinclair and Robert W. Ste-
wart, chairman of the board of the
Standard Oil Company of Indiana.

Part of the bonds reached Fall,
then secretary of the interior, after
he had leased the Teapot Dome re-
serve to Sinclair.

**COMMERCE COMMISSION
REFUSES CHARGES ON
COMMODITY FREIGHT RATES**

Washington, March 21.—(AP)—By
a supplementary decision today the
interstate commerce refused to
make any substantial changes in
the general schedules of class and
commodity freight rates which is
ordered into effect for southwestern
territory last April.

The entire structure of freight
rates into, out of and through
southwestern territory was materi-
ally modified by the April decision
and as a result all of the carriers
and a considerable proportion of
the shipping interests affected pro-
portioned the commission for modifi-
cation in parts or in whole of its
rate reconstruction program.

LINDBERGH IS DECORATED BY U. S. CONGRESS

Congressional Medal
of Honor Bestowed
Upon Young Flyer
By President.

Washington, March 21.—(AP)—
America's premier aviator, Colonel
Charles A. Lindbergh, arose today
to receive the greatest metallic tribu-
te within the nation's liberty to
bestow—the Congressional Medal of
Honor.

It was the last, incidentally, of
the long list of decorations and
honors upon the first New York to
Paris flyer before he retires to pur-
sue, out of the focus of the public
eye, that aerial vocation which he
so admirably advanced in impor-
tance by crossing the Atlantic with-
out stop, towing the United States,
flying to Mexico City, and conduct-
ing his good will air tour of Central
America.

President Coolidge, who decorated
Lindbergh on his triumphant return
from Paris last year with a medal
on the monument grounds, was give
the honor again today to place the
coveted congressional medal on the
flyer's breast at the White House.

The youthful aeronaut then was
to have an opportunity to show
himself to the nation's legislators just
how safe he believed traveling by
air to be. He began hauling mem-
bers of Congress aloft yesterday and
the demand was brisk when he called
a halt after taking 50 senators
and representatives for short tours
over the city.

All were visibly pleased with the
rides and the easy manner in which
Lindbergh drove his two aerial
taxis. Little comment was forth-
coming at the end of each flight,
although two of the four women
members of the house, among those
taken up, could not restrain their
joy.

"It was delightful," said Mrs.
Edith Nourse Rogers of Massachu-
setts.

Mrs. Katherine Langley of Ken-
tucky, agreed with Mrs. Rogers and
added that she had "enjoyed it im-
mensely and had a feeling of per-
fect safety."

The congressional air tours came
about through the flyer's blanket in-
vitation to the members to go rid-
ing with him so they could see for
themselves the practicability of the
machines in whose interest they
are called upon to legislate.

CROWDER CASE IS DISMISSED

Supreme Court Also
Finds no Error in
Porter and Peck case
From Pitt County.

Raleigh, March 21.—(AP)—Appeal
of R. B. Crowder, former cashier of
the Henderson Farmers and Mer-
chants bank of Henderson, convict-
ed of fraud and sentenced to three
to five years in state prison on 12
counts, was dismissed this afternoon
by state supreme court.

Crowder was charged with mis-
applying the sum of \$4,613.05 be-
longing to the bank. He must serve
his term of three to five years in
state prison.

The higher court handed down
ten opinions, the Crowder decision
being the only outstanding one.

The opinions:
State vs. Crowder. Vance appeal
dismissed.

Jeffreys vs. Hecutt, Johnston, af-
firmed.

Arnold vs. Wachovia Bank and
Trust Co., Lee, affirmed.

Lamborn and Co. vs. Hollings-
worth and Hatch, Chatham, no er-
ror.

Porter and Peck vs. West Con-
struction Co., Pitt, no error.

Brinson vs. Jefferson Standard
Ins. Co., Duplin, no error.

Brinkley vs. Pullman Co., Wake,
no error.

Finance Co. vs. Mills, Wake, new
trial.

Fetter vs. Boone, Wake, no error.
Medlin vs. Town of Wake Forest,
Wake, no error.

Thirty Under Arrest in Mexico.
Mexico City, March 21.—(AP)—
Thirty persons including four wo-
men in the town of Leon, and six
women in Mexico City, were under
arrest today after a series of raids
in which police claim they found
rifles, ammunition and seditious
propaganda.

The raids were made on several
private homes in Leon and one in
Mexico City.

Honored Again

Col. Charles A. Lindbergh is here
holding the Woodrow Wilson peace
prize medal which was conferred
on him at the Hotel Astor, New
York. The award included a check
for \$25,000. (Int'l. Newsreel.)

EDUCATORS TO ASSEMBLE AT CAPITAL CITY

Annual Session of
State Education As-
sociation to get Un-
der Way Tomorrow.

Raleigh, March 21.—(AP)—A to-
tal paid membership of 11,862 in
the North Carolina Education As-
sociation is reported by Jule B.
Warren, secretary-treasurer, on the
eve of the opening here tomorrow
night of the 44th annual session.

With President T. Wingate An-
drews of High Point and vice-pres-
ident F. P. Hall, Gastonia, Mr. War-
ren, in a message today welcom-
ing the host of delegates, noted that
"this is the largest number of
paid members the association has
ever had and places your organi-
zation in the lead of all organiza-
tions in the state in numerical
strength."

Mr. Warren believed without a
doubt that before the end of the
year more than 12,000 teachers will
have gathered under the associa-
tion fold, committed to mutual be-
nevolence and that of the state's
educational status as a whole.

"This increase is the result of
the co-operation of superintend-
ents, principals, and classroom
teachers in all sections of North
Carolina. There are a larger num-
ber of school systems having 100
per cent memberships than ever be-
fore."

Warren advocated the purchase
of a permanent state headquarters
here in the capital city where
"realty values will not become less
as the years go by."

The annual meeting of the state
Home Economics Association will
be held here tomorrow in conjunc-
tion with the annual meeting of the
education association.

Problems of freshmen failures
and responsibility of high schools
and colleges for these failures will
be the subject before superintend-
ents of city schools in another
joint session Friday afternoon.

Meanwhile "no school" is the kids
subject for discussion over the
long week-end.

**SCOTCH PSYCHOLOGIST
TO BE AT DUKE**

Durham, March 21.—(AP)—Dr.
Thomas Alfred Williams, the Scotch
psychologist and physician, will be
a member of the Duke University
summer school faculty, June 12 to
July 21, it was announced today.
He is to give courses in mental
hygiene and psychopathology.

bill; House passed several minor
measures.

Senator Couzens, Republican, of
Michigan, introduced resolution
seeking resignation of Secretary
Mellon.

Senate interstate commerce com-
mittee decided call John D. Rocke-
feller, Jr., R. B. Mellon and Charles
M. Schwab in coal inquiry.

Cotton investigation continued
before Senate agriculture subcom-
mittee.

SOX PITCHING STAFF SAID TO BE FAULTLESS

By BRIAN BELL, Associated Press Sports Writer.

Shreveport, La., March 21.—(AP)—If the Chicago White Sox management knew the answer to two questions, it would have a fair idea of what the 1928 baseball season holds. Will Chalmers Cissell, high priced shortstop hit American League pitching and can Johnny Mostil come back to a point approximating his former greatness after a year out of the game.

If Cissell hits and Mostil brings his fancy outfielding back with him the team will furnish spirited opposition. Good pitching is seemingly assured the Sox.

Ted Lyons and Alphonse Thomas take their places in any compiled array of the best pitchers in the league and Ted Blankenship, who suffered a poor season last year, has shown an indicated return to form this spring. Lyons had a record in 1927 more than 150 points better than the winning percentage of his club. Thomas appeared at the training camp with a better fast ball than he has had before. George Connally may be expected to turn in some victories and the veteran Urban Faber can stem the tide on occasions. Charlie Barnabe, a southpaw who failed to win a game for the White Sox last year, may have to give way to a recruit.

Roy Wilson, a life hander from San Antonio in the Texas League, has shown promise, and Willie Goodell, coming from independent baseball at Tulsa, Okla., without minor league experience, may jump from the lost to the majors with a stop along the route. Goodell is not only a pitcher of parts but is a musician and cartoonist. His harmonica and pencil will not help him land a place with the White Sox but they will not hurt him in his quest. Al Williamson, who pitched for Shreveport in the Texas League seems to have an excellent chance to stick with Chicago.

George Cox, from the Jackson Club of the Cotton States League, probably will be sent out to gain experience. The fate of Grady Atkins from Shreveport and Phil Hensick of Monroe, La., remains in doubt.

Manager Ray Schalk, who caught only 16 games last year, will be more active in the approaching season. Some of the catching will be done by Morris Berg, who played the infield until he suddenly found that he was a catcher. Berg still has something to learn about backstopping but as he can study the problem in several languages acquired at Princeton, the outlook is bright. Harry McCurdy and Clyde Grouse will complete the pitching staff.

Johnny Clancy has returned to first base and Willie Kamm will again play third. Changes have been made in the middle of the infield. Cissell, who has been assigned to short, brought a great record with him from Portland and his early exhibits of his wares have impressed Manager Schalk and Coach Lena Blackburn. He has shown that he can field and throw. Bill Hunnefeld has been moved from short to second and will be the regular custodian of the big. Two former Texas League infielders, George Redfern and Johnny Mann will be retained as reserve forces. Redfern also spent a part of last summer at Nashville. Redfern and Mann came to the White Sox by draft from the Texas League clubs, Fort Worth and Wichita Falls. In a period of unusual stress the new inside catcher Berg, can lend a hand with the infield.

The club will retain six outfielders. The hard hitting Bob Falk will again play left. The comeback of Johnny Mostil leaves center in doubt but Mostil will play there if he elms his old form with Alex Metzler moving over to right. If Mostil does not play regularly Metzler will play center while Bill Barrett takes care of right. Two players farmed out last year will be kept for extra work. Randolph Moore and Carl Reynolds. Both were sent out on options. Moore to the Waco Club of the Texas League, and Reynolds to the Palestine Club of the Lone Star League. They did some great hitting in Texas and will have a chance to try their luck against American League pitching from time to time.

LOCALS WIN SILVER CUP

The basketball team of Battery F. local military unit last night defeated Washington by the score of 27 to 19 in the tournament which is being staged in Washington as a part of the Elks exposition.

Following the victory the locals were presented with a silver loving cup in recognition of their prowess.

The next game of the tournament will be played in Washington Friday night with Bethlehem. The winner of this game will be presented with a gold cup and declared the champions of Eastern Carolina.

Bostic and West did stellar work for Greenville last night, the former scoring 10 points and the latter 9. Johnnie Johnson starred for Washington.

Greenville led in the scoring from the first to the final frame. Washington, although playing brilliantly at times, found it impossible to cope with the speed and endurance of the visiting lads from Pitt who fought fiercely and consistently every moment of play.

It was stated today that the exposition managers would give a dance Friday night in honor of the basketball clubs taking part in the tournament. Persons desiring to participate may do so by getting in touch with members of the various clubs.

New York, March 21.—(AP)—Of the two southern California speed kings upon whose ability much of America's Olympic sprint hopes will be erected this year the blond veteran, Charley Paddock, appears to be rounding into better spring form than the curly haired youngster, Charles Borah.

Borah, the present intercollegiate champion, already has suffered three setbacks on the Pacific coast while Paddock has taken enough time off lecturing, writing and movie acting to flash a lot of real speed.

FARRELL WINS FLORIDA OPEN

Miami Beach, Fla., March 21.—(AP)—Johnny Farrell, the beautiful Irishman from Mamaroneck, N. J., tucked away a 63 for his final round of the 18 holes and added the \$15,000 Lagoree open champion to his titular list here yesterday with a total of 274, ten under par for the 72 hole distance.

Close on Johnny's flying heels came Bobby Cruickshank with a 276. Farrell took down \$5,000 of the big prize money, while the Scottish runner-up is \$2,500 ficher today. Joe Kirkwood, of Albany, Ga., also got into the major money with a \$1,000 morsel which his third place 279 won for him.

Splitting the remainder of the pot as it was designated for the first ten winners were Harry Hampton, Chicago, with 283; Gene Sarazen, Newport Pichey, Fla., 283; Tommy Armour, Washington, D. C., incumbent national open king, 285; Harry Cooper, Buffalo, 286; Al Espinosa, Chicago, 288; Lloyd Gullickson, Cleveland, 288; and George Voigt, Washington amateur, 288.

Farrell's sensational 63 yesterday paired eight strokes from Lagoree par and was acquired by means of six birdies and an eagle with never a flight over regulation figures. In the same foursome with Cruickshank, Farrell found the tiny Scot matching him shot for shot on the outward nine of the afternoon 18. Both turned in 30, but Johnny's inward 23 was three strokes better than the best Cruickshank could manage. Farrell's 63 also established a new course record for the layout.

Finishing three days of squad practice yesterday with Tilden, George Lott of Chicago, Arnold Jones, of Providence, and John Hennessey, of Indianapolis, probably showing the best form, the contestants today were primed for the singles and doubles matches that bring the full contingent into play.

COBB NOT TO GO BARNSTORMING TODAY
Fort Myers, Fla., March 21.—(AP)—Ty Cobb will not take the five-day barnstorming trip through Florida with the Philadelphia Athletics starting today, but instead will remain at the training quarters here for intensive drilling. "Cobb will work out at Terry Park with the youngsters," said manager Mack, "and I believe it will benefit him more than traveling around. He needs plenty of exercise to get into shape."

Harris Finds Shortstop
Tampa, Fla., March 21.—(AP)—Bucky Harris has at least found a youngster to fill Roger Peckinpaugh's shoes at shortstop—at least for the time being. He is Grant Gilles of the Birmingham club. His tentative selection to play short for the Washington team this season means that Bob Reeves and Jack Hayes, two other promising youngsters will have to be used for something else, for the three were fighting it out for the job.

Former State Athlete Dead
Raleigh, March 20.—(AP)—State College students and many Raleigh residents today mourned the death of Brevard Hennessey, former State College athlete who succumbed to pneumonia at his home in Shelby last night. Young Hennessey was well known here, as was his bride of two months, the former Miss Elizabeth Edwards, of Scotland Neck, who attended Meredith College here.

ORGANIZE WOMAN'S CLUB
AT WINTERVILLE TUESDAY

A Woman's Club was organized at Winterville Tuesday p. m. by Miss Ethel Nice, home demonstration agent. About 30 ladies attended the meeting and the following officers were elected.

President, Mrs. O. H. Jackson.
Vice President, Mrs. Ed W. Smith.
Secretary, Mrs. Dora Cox.
Treasurer, Mrs. D. T. McLawhorn.
Leader, Mrs. Nannie Loy Tucker.
Leader, Mrs. W. H. Forbes.

The first lesson in a course in house furnishing, which is being studied by all of the Women's clubs of the county, was presented by Miss Nice. The next meeting will be in the Philaetha Sunday School room of the Baptist church, Tuesday, April 24 at 2:30. All ladies who are interested are invited to become members of this club.

Attractions at E. C. T. College.

The senior normal class play, which will be the seventh attraction in the series of winter and spring entertainments, offered by East Carolina Teachers College, is to be a charming three-act comedy, "The Romanians," by Rostand. The dates for this are April 19 and 20, just before the Bill Sunday meeting begins.

The auditorium in the administration building will have to be used because of the stage equipment, so the two evening performances will be necessary, as the college girls and holders of season tickets coming at one time fill all the space, leaving no room for outsiders.

The sixth number in the series will be on Friday evening of next week, March 30. Frederick Gunter, a noted tenor of New York City, will give a concert in the Campus building.

An eighth attraction will be added and the announcement will soon be made as to the nature of the entertainment and the date, but this will be given as an extra number on the season ticket.

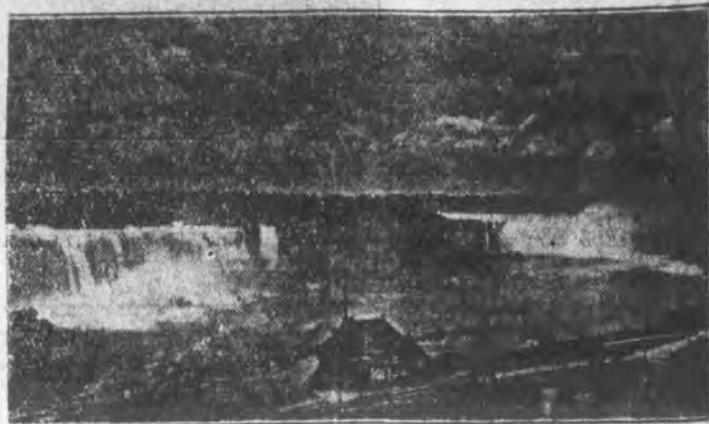

Counting the Cost.

Figure for yourself the cost in dollars and cents of a Nestle or Eugene Permanent Wave—and then, on the other hand, estimate the amount of satisfaction, lastingness, and beauty of our waves—if you've ever had one of our waves, you know the answer.

Incidentally, there's a special price in effect until Easter. Better not wait until the last minute rush—you may be disappointed.

"VALLEY OF GIANTS" SCREENED IN HEART OF REDWOOD COUNTRY

The beautiful Redwood country of California, Mecca of thousands of tourists each year, is the locale of Milton Sills' latest starring vehicle, "The Valley of the Giants," which comes to White's Theatre Friday.

The story is from the novel of that name by Peter B. Kyne, and is an ideal vehicle for the talents of Sills. It deals with life in the open, in a wild country where "men are men" and there is no place for a weakling.

Sills and his company spend many weeks deep in the forest of Redwoods, in lumber camps at all mills, making scenes for the picture in the exact spots that Kyne so ably wrote of. The story has a virility and a compelling interest that few pictures possess, as the result of its being taken under the exact conditions the author dealt with in the original story.

Doris Kinyon plays opposite Sills in this picture, which was directed by Charles Brabin and produced for First National release by W. D. Cummings.

Arthur Stone, Paul Hurst, Yola d'Avril, George Fawcett, Charles Sellon, Fred O'Beck, Phil Brady and many other favorites are seen in support of Sills.

"The Valley of the Giants" is one of the finest vehicles this popular star has ever had and should prove one of the biggest attractions of the year in this city.

"DREAM OF QUEEN ESTHER"
BE PLAYED BY PHILATHEA
CLASS OF WINTERVILLE

The play, "A Dream of Queen Esther," which is to be presented by the Philaetha class of the Winterville Baptist church next Friday evening in the school auditorium, is highly dramatic and at the same time delightfully instructive.

Below are the synopsis of the three acts and the cast of characters.

Act I. The house of Mordecai in the city of Shushan in Persia. Mordecai laments the fall of Jerusalem. A message from the King, Esther, commands him to enter the contest for Queen of the realm. Mordecai ponders on the message.

The little Jewish children sing and make merry on the housetop. Mordecai conducts their evening devotions. Esther appears and Mordecai delivers the King's message. Esther tells her nurse Meesha of her adventure outside the city walls. Esther dreams and eight heroines of Jewish history appear before her. Witch of Endor, Rebecca, Deborah, Miriam, Adah, Ruth, Martha and Electa. Scarf tableaux.

Act II. In the palace of the King. The King is weary of the maidens who have appeared before him and tells Hegai of the beautiful maid he rescued without the city gates. Kazma sings the Rose Song with drill by eight Rose Maidens. Several maidens air their charms to the delight of Koosh, a

Seniors To Present Annual Play.

The senior class of Greenville high school will present "The Hoodoo," at the college auditorium, on Tuesday, March 27, at 8 o'clock. The play is a farce in three acts and one of the funniest ever written. The synopsis of the play follows:

Act I. The law of Mrs. Perrington-Slone's country home. The guests are arriving for the wedding of Amy Lee and Brighton Early. Professor Spiggott presents Brighton with a marvelous Egyptian Scarab for a wedding present. Under its evil influence, Brighton loses his money and is blackmailed by a former "flame" whom he introduces as Professor Spiggott's wife.

Act II. Library at 8 p. m. A burglar is concealed in the house and attempts often to escape. Billy obtains the scarab, finds himself engaged to three women at once—two girls and a widow, loses all his money, and is accused of being a thief as well as having a wife and seven children.

Act III. Library at 11 o'clock. Professor Spiggott's wife and children arrive resulting in a misunderstanding. Matters are straightened out when the scarab is buried and the thief is caught. Dodo is put to flight. Aunt Paradise recovers her lavender colored hose and the \$1067. Billy and Dodo plan to elope at midnight but return in the

morning to attend the wedding of Amy and Brighton.

During the intermissions there will be specialties by the high school orchestra and glee club. A Spanish dance by Mary Shaw Robinson is one of the special features between acts.

MISS DICIE HOWELL TO SING
AT D. A. R. CELEBRATION

Snow Hill, March 21—Of wide interest throughout East Carolina is the news that Miss Dicie Howell, a native North Carolinian, who has made a distinguished record as a lyric soprano in metropolitan centers, will be the principal soloist Saturday at the patriotic exercises and historic unveiling here sponsored by the Colonel Alexander McAllister chapter, Daughters of the American Revolution.

Miss Howell has appeared with the National Symphony, the Gold Band, the New Haven Symphony and with many other societies in America. She has sung in festivals with Reinald Werrenrath, Paul Althaus and Arthur Middleton and as soloist under several famous directors. Her oratorio work has been highly complimented by critics.

In North Carolina her career is being watched with great interest. Her reputation is based upon what is considered a lovely natural voice matched by acquired gifts of excellent musicianship, wide repertoire, unbounded ambition and a charming personality.

Numbers of persons from all parts of the state are expected in Snow Hill Saturday for the unveiling of the marker to commemorate the southern boundary of Lord Granville's one-eighth part of Carolina and the most severe Indian battle ever fought in North Carolina. The marker was given by the D. A. R. chapter and the Greene county commissioners.

Governor McLean will be a main speaker, his subject to be, "Our Debt to Our Pioneers." Hon. J. P. Frizzelle will speak on the significance of the Tuscarora campaign. Mrs. Edwin C. Gregory, State D. A. R. Regent, and Mrs. W. O. Spencer, vice-President General D. A. R. and many other patriotic organizations' heads will also be on the program.

WOMEN MAY BE GOVERNORS
BUT THEY ARE SCARED MICE

Charlotte, March 21—(AP)—A woman might keep a tight gubernatorial rein on a hardboiled western state and never show a sign of fear—but when a mouse happens along, that's a different matter.

Mrs. Belle Taylor Ross, America's first woman governor and ex-chief executive of Wyoming, was speaking to a large audience here last night when a tiny mouse ambled down the aisle.

"If I appear a bit disconcerted," she explained to the audience it is because a woman may be a governor but she's always afraid of a mouse. If it comes up here I am going to jump on the table."

MISS DICIE HOWELL TO SING
AT D. A. R. CELEBRATION

Snow Hill, March 21—Of wide interest throughout East Carolina is the news that Miss Dicie Howell, a native North Carolinian, who has made a distinguished record as a lyric soprano in metropolitan centers, will be the principal soloist Saturday at the patriotic exercises and historic unveiling here sponsored by the Colonel Alexander McAllister chapter, Daughters of the American Revolution.

Miss Howell has appeared with the National Symphony, the Gold Band, the New Haven Symphony and with many other societies in America. She has sung in festivals with Reinald Werrenrath, Paul Althaus and Arthur Middleton and as soloist under several famous directors. Her oratorio work has been highly complimented by critics.

In North Carolina her career is being watched with great interest. Her reputation is based upon what is considered a lovely natural voice matched by acquired gifts of excellent musicianship, wide repertoire, unbounded ambition and a charming personality.

Numbers of persons from all parts of the state are expected in Snow Hill Saturday for the unveiling of the marker to commemorate the southern boundary of Lord Granville's one-eighth part of Carolina and the most severe Indian battle ever fought in North Carolina. The marker was given by the D. A. R. chapter and the Greene county commissioners.

Governor McLean will be a main speaker, his subject to be, "Our Debt to Our Pioneers." Hon. J. P. Frizzelle will speak on the significance of the Tuscarora campaign. Mrs. Edwin C. Gregory, State D. A. R. Regent, and Mrs. W. O. Spencer, vice-President General D. A. R. and many other patriotic organizations' heads will also be on the program.

WOMEN MAY BE GOVERNORS
BUT THEY ARE SCARED MICE

Charlotte, March 21—(AP)—A woman might keep a tight gubernatorial rein on a hardboiled western state and never show a sign of fear—but when a mouse happens along, that's a different matter.

Mrs. Belle Taylor Ross, America's first woman governor and ex-chief executive of Wyoming, was speaking to a large audience here last night when a tiny mouse ambled down the aisle.

"If I appear a bit disconcerted," she explained to the audience it is because a woman may be a governor but she's always afraid of a mouse. If it comes up here I am going to jump on the table."

Fire Sweeps Kentucky Town.

Glasgow, K. March 21—(AP)—Fire which for a time threatened to sweep the entire town of Tompkinsville, 25 miles from here, today was brought under control after four buildings including the Miller Hotel, had been destroyed with a loss approaching \$100,000.

Seniors To Present Annual Play.

The senior class of Greenville high school will present "The Hoodoo," at the college auditorium, on Tuesday, March 27, at 8 o'clock. The play is a farce in three acts and one of the funniest ever written. The synopsis of the play follows:

Act I. The law of Mrs. Perrington-Slone's country home. The guests are arriving for the wedding of Amy Lee and Brighton Early. Professor Spiggott presents Brighton with a marvelous Egyptian Scarab for a wedding present. Under its evil influence, Brighton loses his money and is blackmailed by a former "flame" whom he introduces as Professor Spiggott's wife.

Act II. Library at 8 p. m. A burglar is concealed in the house and attempts often to escape. Billy obtains the scarab, finds himself engaged to three women at once—two girls and a widow, loses all his money, and is accused of being a thief as well as having a wife and seven children.

Act III. Library at 11 o'clock. Professor Spiggott's wife and children arrive resulting in a misunderstanding. Matters are straightened out when the scarab is buried and the thief is caught. Dodo is put to flight. Aunt Paradise recovers her lavender colored hose and the \$1067. Billy and Dodo plan to elope at midnight but return in the

paign fund either in 1920 or any other time he ran for office.

After the letter was sent the governor was informed that the records showed two contributions by Sinclair to the New York county democratic campaign (Tammany Hall) both during the Smith gubernatorial campaigns. One in 1918 was for \$1,000; the other in 1926 amounted to \$250. The Tammany Hall fund was independent of the democratic state committee fund.

The governor was informed that the records of the secretary of state of New York also disclosed that Sinclair had contributed \$5,000 to the republican state committee in 1920 during the campaign in which Nathan L. Miller defeated Governor Smith.

Senator Nye had said that after the campaign of 1920 Sinclair was appointed a member of the New York state racing commission. The governor's letter to Senator Nye points out that the governor failed of re-election in 1920 and that Sinclair was appointed to the racing commission months prior to that election, some four years before there was any thought of the oil scandal.

"I do not propose," continued the letter, "that either you or Senator Robinson shall escape public humiliation for the infamous insinuations you have made.... You evidently

calculated that people would be misled into believing that I was in some way a beneficiary of the oil scandal. This, no doubt, is a republican council of desperation."

OUR BOY PROBLEM

Just a few months hence school will close for the summer and quite a number of our boys of this city will be without something to do and will find several weeks of vacation ahead of them. The old saying that "the idle brain is the devil's workshop" is surely true in the case of most wide-awake boys, and now is the time we should be planning something to take the time of these boys during the coming summer. Unfortunately for our last attempt at organized boy scouting under the national association was a miserable failure, but to throw up our hands now is making matters even worse. The boy problem and boy scouting as a solution is now being discussed by numbers of our people, and it is to be hoped that there will be no let-up in the matter until a new program of scouting here has been put into effect. The growing boy of today is the citizen of tomorrow, and it is the duty of today's citizens to see to it that the boy is trained to become the kind of citizen he should be. Let's get behind this move in behalf of our boys and make it a reality. It will prove a good investment.

EARLIER OPENING
NEEDED

The movement for an earlier opening of the tobacco markets of Eastern Carolina will be discussed at a meeting of tobaccoists and business men of the section in Kinston Thursday night, and it is to be hoped that the efforts for an earlier opening will bear fruit. There was a time when the markets of this section opened the first part of August each year, but as the years have passed and tobacco growing has extended into the states south of us the opening of our season has gradually been made later each year, with the result that it has cost tobaccoists, business men and farmers of this section thousands of dollars. Because of our late opening last season millions of pounds were carried to the border markets with the result that there was a distinct loss to business of this section and increased cost to farmer in getting his product to market, yet he had to stand this increased cost because his crop was ready to be sold and he could not afford to wait longer to get some money out of it. The late opening in this section also caused the glutting of the markets when they finally did open, with the result that the farmers probably

did not receive as good a price as would have been the case had the season opened earlier and the product sold more slowly.

At the last minute last summer an effort was made to move up the opening of the eastern markets but we were told by those to whom the appeal was made, that it was too late for a change in schedules and the late opening date would have to stand. If we hope to get an earlier opening date for the Eastern Carolina markets this season it is now time for the matter to be given our attention and it is to be hoped that every farmer, business man and tobaccoist will use his influence in urging the United States Tobacco Association to give us an earlier opening date. Let's not put this off until the time arrives when we will receive an answer to our request similar to that of last year, "Sorry, but it's too late to change now."

ABOUT
TOWN

Bill Rogers, affable president of the Greenville Rotary Club, came down after dinner yesterday all dolled up in a brand new suit of clothes. He was the cynosure of all eyes, especially when he entered "Doc" Horne's drug store to purchase one of his afternoon stogies. "Where did you get it, Bill?" an all day drug store lounge asked. "Where are you going, Bill?" somebody else interrogated. To these questions, Bill merely smiled. But when the "joshing" to use a little parlance of the street—had ended, Bill turned around to the writer of this column and said, "Darned if I don't believe I'll go home and change clothes. I seem to be one of the most conspicuous characters in town. But maybe it's because I haven't had on a new suit in such a long time."

The writer of this column has been talking about "hogs and hominy" almost daily for the past year.

Yesterday we were gratified by an announcement that the first carload of hogs of the year had been shipped out of Greenville.

"Seven more carloads are to follow during the spring months," E. F. Arnold informed us today while discussing the outlook for development of the industry.

"We have over six hundred hogs on feed now. They will be shipped out sometime during the spring. They are in fine condition and we expect to receive the top of the market."

The shipment yesterday was composed of 76 hogs weighing approximately 15,000 pounds. They were raised by J. N. Gorman and

William McArthur, who have exhibited more than general interest in the raising of this extra money crop.

"It is to be hoped other growers of the county will take an active interest in hog and poultry raising the next year or so far this is the most direct way of relieving the slight periods of depression during the summer months."

"Completion of arrangements for the coming of Rev. Billy Sunday, April 22, will be received with interest in this section of the state. Members of the local campaign committee stated today, following a conference with Albert Peterson, representative of the evangelist.

"We expect this will be one of the greatest evangelistic meetings ever held in Eastern Carolina. Hundreds of people who have never been to Greenville before no doubt will come here simply to hear this distinguished evangel of the truth of the Bible.

"Mr. Sunday has established quite a reputation throughout the nation. His career has been a most colorful one, and this fact has had much to do with his success. He has been instrumental in the saving of thousands of souls from the ways of sin and his campaign here no doubt will be marked by similar success.

"Greenville people will do everything possible to co-operate with members of the local committee in charge of preparations for the revival. That their labors will be richly rewarded, we have not the

slightest doubt."

"The building of new residences in different parts of the city and many changes in the business district is evidence enough of the continued growth and development of Greenville," asserted one of our business men today.

"I don't believe any other town of this size in the state is growing more rapidly than Greenville. An acute house shortage has existed here for the past several years, and the situation actually became accentuated last fall with the influx of tobaccoists from other districts.

"It is gratifying indeed to note the erection of so many new homes in various parts of the city. They mean the city will be able to care for numbers of newcomers from

time to time, and that the house shortage will be improved in the next several months."

"The month will soon be over and then comes April with its balmy days of spring and gladness," somebody reminded us today.

"The coming of springtime this year has a greater significance for Greenville people than in many years past because of the opening of the Eastern Carolina League and the coming of Rev. Billy Sunday.

"Many other things will take place during the month, but in my opinion, these are the two outstanding events of the month.

"The league opening will not take place until the 25th of the month and the evangelistic campaign will have made considerable progress by that time. These two events are looked forward to with the interest upon every hand, and everybody will be glad to see them begin."

Inquires About Missing Boat.

Raleigh, March 20.—(AP)—Governor McLean has received a letter from Congressman H. W. Caraway of Arkansas in which the Congressman said he is receiving inquiries as to the whereabouts of a yacht "King Fisher," which left Southport going through the Cape Fear River December 18, last, and from which nothing has been heard since.

The Congressman did not say who owned the yacht.

Income Collections Great.

Raleigh, March 20.—(AP)—Since beginning of the fiscal year, July 1, 1927, the state revenue department has collected \$7,108,958.61 in state income tax collections, including \$76,423.45, collected up to noon today.

The total amount exceeds the state budget bureau's estimate by \$106,000.

PREPARE FOR FLIGHT OVER POLAR REGION

Advance Guard of General Nobile Headed King's Bay to Begin Expedition

Rome, March 21.—(AP)—The advance guard of another aerial expedition over the north pole was headed for Arctic regions today.

The ice breaker City of Milan, which will be used as a mobile base by General Umberto Nobile for his dirigible flights over the polar regions, sailed from Spezia for Kings Bay, Spitzbergen. The ship is outfitted with the latest scientific instruments and carries a wireless receiving and transmitting set.

The ship is expected to reach its northern goal before the end of April, and by that time the polar summer daylight will have begun. Norwegian workmen are to refit the hangar at Spitzbergen used by the dirigible Norge on its trans-polar flight in 1926 for the Italia, General Nobile's present craft.

The Italia successfully completed a test flight of 22 hours with a full load of supplies and a complement of 21 men under General Nobile. It is now at the Baglio airport, near Milan, and is expected to start northward about the middle of April.

Friends of General Nobile said he planned to land a detachment of men from the dirigible at the pole itself. Another group is to explore Nichols II land. The flights of the Italia in polar regions will continue for about two months, depending upon weather conditions. General Nobile intends to check up on the polar explorations of Macmillan and Peary and to solve the riddle as to whether Crocker land, which Peary claimed to have seen, exists.

Sinclair Horses Are Banned From Maryland Tracks

New York, March 21.—(AP)—The debarment of Harry F. Sinclair's horses from Maryland tracks created a stir in turf circles today.

The action of the Maryland Racing Commission, taken because of the Teapot Dome scandal, is the first instance in many years where a leading owner has been prohibited from racing his stock. It is one of the few times, if any, that an outstanding operator on the thoroughbred tracks of America has been the subject of such action for reasons outside racing itself.

In communications to the officials of the four racing establishments in Maryland—Pimlico, Bowie, Havre de Grace and Laurel—the Maryland Commissioners said:

"In view of the widespread adverse criticism that has resulted from pending court proceedings regarding the action of Mr. Harry F. Sinclair, the Commission deems it advisable for your association not to permit the starting of any horse owned by, or to be run under the name of Mr. Sinclair or the Ranococas stables, at your coming race meetings until further action of this Commission."

etc., you should read the book written by Judge Kavanaugh, of Chicago, after thirty-three years on the bench. Three hundred fifty thousand individuals make their living, partly or entirely, by crime in our happy country, he says. Last year, they contributed 12,000 murders to the nation's news items.

Public indifference is to blame, says the judge. Each country gets as much crime as its indifference deserves. Judge Kavanaugh favors use of the whip, because "no crime leader retains the respect of his gang after he is whipped under the lash." The Moran and the Racketeer fear the cat-o-nine-tails more than prison. Over 350,000 criminals steal yearly enough to build the Panama Canal.

They steal more than that. And public gambling at race tracks, another form of crime, legalized by

Dixie Heiress Engaged to Artist

grafting politicians, takes from the public each year enough to build the Panama Canal three times.

More trouble in distressed Roumania. The peasants want to rule and the socialists back them. Here we have no peasant population, although not all of us know it. Once the late George J. Gould, on a tour of inspection over the Missouri Pacific, took his family with him. The mayor, chamber of commerce and civic organizations of a small city came to the private car, asking for a better railroad station.

One of Gould's charming young daughters, in white dress, blue sash and white kid shoes said, "It's nice of those peasants to come down and see Papa, isn't it?" We have some millions of farmers that would like to run this country, partly, but they don't know how to go about it. No real organization, for one thing. Next fall they will get wonderful promises and then think it over four more years.

The Socialists National Executive Committee met to discuss a Socialist national platform, and solemnly decided that Republicans and Democrats "serve corrupt oligarchies." Harsh words, but, luckily, many good Republicans and Democrats do not know what an oligarchy is.

Corrupt corporation oligarchies rule the republic, say the Socialists. It is just a two-party capitalist machine. Nevertheless, oil or no oil, bonds or no bonds, one or the other half of the Republican-Democratic "machine of capitalism" will win next fall.

The earth has not settled down yet, in spite of the fact that science proves it to be more than a thousand million years old. In far away Java, volcanoes below the water throw up steam and lava, building new islands, and earthquake shakes trees and houses in the Adirondacks, and other north eastern parts of New York state.

The British cannot make up their minds about a new prayer book. The Bishops wrote one, the Lords approved, and His Majesty was said to approve, but the House of Commons threw it out. What does a House of Commons know about a prayer book? A second new book is written, with much earnest prayer, before and during the process. But the Commons will undoubtedly reject that also.

An old plan that settled the genuine and apocryphal books of the Bible might be tried. The various books were left by themselves on the floor. Those that miraculously jumped upon the altar were declared genuine, the others were not. But in these skeptical, materialist days, the prayer books might not jump. Once a miracle happened whenever it was needed. Now it happens rarely.

DR. JOHN BELK DIES IN MONROE

Member of Chain Store Firm Passes Away as Result of Heart Trouble.

Monroe, March 21.—(AP)—Dr. John Belk, 64, member of the firm of Belk brothers which owns a string of 42 department stores in the Carolinas died here today of heart trouble. He had been in failing health for two years.

Dr. Belk began his career as a doctor in Wadesboro but several years later joined his brother, W. H. Belk, in the merchandising business at Monroe. From this beginning a string of stores grew.

He is survived by seven daughters, Mrs. W. F. Stevens of Winston-Salem; Mrs. Michael Hudson of Greensboro; Mrs. Clarence Dughi of Rocky Mount; Miss Mabel Belk, Miss Johnnie Belk, Miss Daisy Belk, and Miss Henry Belk all of Monroe; a brother, W. Newspaper Man Passes Away At Charleston, S. C.

Charleston, S. C., March 21.—(AP)—George A. Taggart, 54, formerly well known in metropolitan journalistic circles and at the close of the nineteenth century as a writer of popular songs died here late last night of apoplexy.

He left a long list of persons to be notified in event of his death, including Franklin P. Adams, Julian Street, Minnie Fiske and Maurice McLaughlin of the Brooklyn Eagle.

Taggart, before death, prepared his own obituary for release in the event of death. He was at various times employed by the Associated Press, the old United Press and the Dramatic Mirror. For the last twelve years he had been connected with the Salvation Army.

Mr. Taggart was stricken in a drug store near the Salvation Army hotel, where he was employed, and died almost immediately. He was a night clerk in the hotel and had been engaged in Salvation Army work since 1916.

Born in New York in 1870, he entered newspaper work in 1888 and at various times was identified with the New York Sun, the Associated Press and the United Press. He also served as associated editor of the Dramatic Mirror.

He was a frequent contributor to papers and magazines and kept his interest in literary work until his death. His nearest surviving relative was thought to be a cousin in Pottsville, Pa., whose name could not be learned.

SUBMARINE SALVAGE AIRLINE FOUND WORKING

Boston, March 21.—(AP)—The salvage airline of the submarine S-4 was found in working order today when member of the naval board of investigation tested it at Boston Navy Yard where the ship rests in drydock.

The line which runs to the various compartments of the submarine was not broken, the board found, and functioned properly. Naval officers said that had an airline been connected to this salvage line air could have been pumped to the men within the submarine to maintain life until carbon monoxide collected in sufficient quantities to cause death. The line, it was found, contained some water and the members of the board believe that it was opened after the S-4 was rammed by the coast guard cutter Paulding and then closed. The men of the submarine probably believed it had been broken.

Fail to Solve Disappearance Of King Fisher

Washington, March 21.—(AP)—Solution of a mystery of the sea—the disappearance of the yacht "Videll" or "King Fisher" last December—is being sought by Senator Caraway, Democrat, Arkansas, but so far without success.

The yacht, a 59 foot craft, carrying eight persons, including the owner, William H. Power, and his wife, formerly a Miss Bates, of Hot Springs, Ark., and their three-year old child, left Southport, N. C., on December 18, bound for Thunderbolt, Ga., but never has been heard from since, despite diligent search by the coast guard.

Senator Caraway's aid was enlisted by B. L. Bates, of Hot Springs, brother of Mrs. Power. He wrote that all mail addressed to the Powers at Thunderbolt by their direction had been returned, but that it seemed impossible the yacht could have disappeared without some trace having been found.

The Arkansas Senator communicated with the coast guard, which found that the last trace of the boat was at the time the "Videll" left Southport, cruising down the Cape Fear river. The name "Videll" was painted on the stern, but the name "King Fisher" appeared on the ring buoys on the bridge.

A letter from the mayor of Southport to the Senator said the Videll had sailed. But that good weather prevailed at the time, now Senator Caraway has written to Governor McLean, of North Carolina, enlisting his aid in the search.

Besides the owner and his family, the yacht had aboard the captain and his crew of three, and a negro maid. One theory is that the gasoline tank may have exploded, destroying the yacht and all those on board, but since the craft was running through the inland waterway, it is difficult to understand why no trace of bodies or wreckage has been found during the three months since the yacht was last sighted.

Fifteen College Students Arrested In Demonstration

Philadelphia, March 21.—(AP)—Fifteen University of Pennsylvania undergraduates, including the president of the senior class, were arrested early today after celebration of Penn's defeat of Princeton for the eastern intercollegiate basketball league championship.

A disturbance, in which 1,000 students participated, took place in the section of West Philadelphia adjacent to the campus and it was not until firemen drenched the celebrants with water from hose lines. For several hours the students battled police reserves, tied up traffic and started a bonfire.

Milk bottles were hurled and one policeman was cut by flying glass. John McJannet, senior president, was arrested on a charge of inciting to riot and held in jail for some time before being released to await a hearing.

REFUNDING CAMPAIGN COMMITTEE

Senator Borah (inset), made the suggestion to collect a dollar from all who would contribute and pay back money which was said to have been advanced to the Republican campaign fund from the Teapot Dome oil bonds. His idea has caught on like wildfire. Governor Brewster (right), of Maine, and Senator Cutting (left), of New Mexico, are among his most ardent supporters in the attempt.

Shriners Turn Out To Honor Visitors In Charlotte Today

Charlotte, March 21.—(AP)—Hundreds of nobles of Oasis Temple declared a holiday today to join in the colorful events incident to the

official visitation of Imperial Potentate Clarence M. Dunbar, of Province, R. I., who arrived this morning accompanied by Potentate R. E. Simpson, of Oasis Temple, and a group of distinguished nobles.

The imperial potentate came here from Charleston, S. C., in the course of his nation-wide swing for the purpose of visiting the temples of

the mystic shrine. Miss Margaret Dunbar, daughter of the imperial potentate, in accompanying her father on this trip and while here will share honors with Mrs. Simpson, wife of Oasis Temple's potentate, at a series of elaborate social functions.

The ceremonial, the chief event of the day for the nobles who gathered here from all parts of western North Carolina and from numerous temples in other states, was begun shortly before 3 p. m. This ceremonial was arranged at the command of Potentate Simpson especially in honor of the imperial potentate, who will leave tonight for Chattanooga, Tenn.
