## FEDERAL JURY TAKES HAND IN CHICAGO CRIME

### Government, However, Adopts "Hands Off" Policy in Coming Election.

Washington, April 4.—(AP)—Attorney General Sargent today refused to authorize the appointment of special federal deputies to maintain order at the polls in Chicago during the approaching primary election.

The attorney general held that he was not authorized by law to sanction the use of federal agents at such elections.

His decision was made known in a telegram sent to Armour C. Anderson, United States marshal at Chicago. The message said:

"In response to your request for authority to appoint special deputy marshals in connection with the coming primary election, I find no ground for altering the decision made two years ago upon a similar request from you that there is no warrant of law for such authority and therefore I cannot grant your request."

Chicago, April 4.—(AP)—Fingers of federal justice reached today for the key to Chicago crime, to fit it if it fits—in the keyhole of Chicago politics.

A federal grand jury which received instructions yesterday for Judge J. Wilkerson was coached in the federal laws applicable to bombings such as those at the homes of United States Senator Deneen and Circuit Judge Swanson ten days ago.

"The district attorney," said Judge Wilkerson, "has informed me that there are certain matters which are to be brought to your attention. In the light of that information I wish to charge you specifically with reference to certain matters."

In another phase of the Chicago political situation the federal government was unofficially understood to have adopted a policy of "hands off." This was in the matter of authorizing the deputizing of several hundred deputy marshals to guard the polls primary election day, next Tuesday.

No new facts were divulged in connection with the federal arrest of Lorenzo Juliano and his reputed knowledge of recent Chicago bombings.

Reports from the close-mouthed federal investigators were that 12 bombings and three murders were involved in the questioning of Juliano and four others arrested with him. The government men have kept the results of their investigation closely guarded.

## Republicans in New York Lined Up For Action

Albany, N. Y., April 4.—(AP)—New York State's delegations to the Republican and Democratic National Conventions virtually have been completed after a primary election notable for the small number of contests and the unanimity of sentiment for organization candidates.

With the primaries past, the Republican delegation is complete and its 90 members—83 of them elected yesterday—will go to the convention at Kansas City unpledged to any presidential candidate. The seven delegates-at-large were selected by the state committee at a recent meeting in New York City.

The Republican delegates-at-large are Cornelius N. Bliss and Charles H. Sabin of Nassau county; national committeeman Charles D. Hill of New York City, and state chairman George Morris, of Amsterdam, both of whom have been seeking the renomination of President Coolidge; Representative Bertrand N. Snell of St. Lawrence county; former United States Senator James W. Wadsworth, of Livingston county, and Miss Florence Wardwell of Otsego county.

The outstanding contest for district delegates resulted in victory for Dr. Nicholas Murray Butler, president of Columbia University, and Robert P. Lewis in the 19th Congressional district, comprising a portion of Manhattan. They are Republicans.

## MANY WOMEN TO ATTEND BIG CONVENTIONS

New York, April 4.—(AP)—Twenty-two Republicans and 32 Democratic women, one of them Governor Smith's daughter, have been elected to attend the national conventions of the two parties. Only seven of them are delegates, however, three Republicans and four Democrats, the rest being alternates.

Mrs. Emily Smith Warner, daughter of the New York Governor, was named from the 28th Congressional district as an alternate.

## Enters Ocean Derby

Maurice Drouhin, French aviator, intends to fly the Atlantic according to his announcement. He has asked permission to use Baldonnel, Ireland, as a base, where the German Junker plane is now waiting good weather.

## SINCLAIR CASE POSTPONED TO NEXT MONDAY

### Defense Granted Motion for Opportunity to Study Deposition of Albert Fall.

Washington, April 4.—(AP)—The trial of Harry F. Sinclair for conspiracy in connection with the Teapot Dome lease was postponed today until next Monday.

Justice Jennings Bailey granted a motion of defense counsel that they be given opportunity to study the deposition of Albert B. Fall, taken last week at El Paso.

Owen J. Roberts of special government counsel, interposed objection to the postponement, saying he was content to leave the matter to the court.

Sinclair was present, arriving at the court house early, chatting with his counsel before Justice Bailey ascended to his bench. The oil man expressed supreme confidence over the outcome of the trial, declaring that Fall's deposition would be of great aid to him.

The government expects to present its case in two or three days and will call only about half the witnesses who were examined last fall before the mistrial was declared in the Fall-Sinclair case.

## Bishop Darst To Preach At Local Church

The Rt. Rev. Thomas C. Darst, D. D., bishop of the Diocese of East Carolina, will preach and conduct services in St. Paul's Episcopal Church in this city, Food Friday Services will begin promptly at 11 o'clock.

Members of the congregation extend a cordial invitation to the public to attend.

Eishop Darst is well known in Greenville, having conducted services at the local church many times during the past few years. He is one of the most forceful ministers in this part of the state and will bring a forceful message.

### Depew Resting Easy.

New York, April 4.—(AP)—Physicians attending Chaney M. Depew, 94-year-old railroad executive who has been suffering from a cold since his return from the south, reported today that he had had a good night and was resting comfortably.

## Durham County Farmer Murdered Three Children

Durham, April 4.—(AP)—Becoming suddenly insane, Bay Roberson, an employe of a sawmill in northern Durham county late last night ran amuck with a double-bitted woodsman's axe, ran his wife away from home, chopped his three children to pieces and killed livestock and ruined his automobile.

Shortly before noon today he was placed in a padded cell at the Durham county jail after he had been captured in the woods near his home. He attempted to fight off deputies from the office of sheriff John Harward and injured one of them slightly with a club.

Arne Roberson, Sheriff Harward was told, had been acting "queerly" for the last six weeks.

## HERE'S WHAT CONGRESS IS DOING TODAY

### Senate Finance Committee Decides Whether to Hold Public Hearing of Taxes.

By the Associated Press.

Wednesday: Senate continues debate on McNary-Haugen bill while House takes up secondary bills on consent calendar.

### Cashier Smith Has Resigned At Grimesland

Guilford C. Smith, cashier Grimesland Branch, Greenville Banking and Trust Company, has resigned to become associated in business with his brother at Charleston, W. Va.

His brother is founder and president of Smith & Brooks, wholesalers and distributors of junior supplies and they cover several states, including North Carolina. After becoming familiar with the business Guilford Smith will probably handle the company's business in North Carolina.

For the present Mr. J. R. Gasque, from Greenville will act as cashier at Grimesland.

### SENATE VOTES REDUCTION OF CORPORATION TAX

Washington, April 4.—(AP)—Reduction of the 13 1/2 per cent corporation tax to 12 per cent rather than 11 1/2 per cent as proposed by the House, was voted today by the Senate finance committee in beginning work on the House revenue measure.

### Flies Before Threat.

San Francisco, April 4.—(AP)—The Chronicle says Joseph T. Grace, wealthy executive of the Bank of Italy at Santa Rosa, Cal., has fled to the orient with his wife after revealing to police that he had been threatened with death if he did not surrender \$25,000 to extortionist plotters.

Senator Norris appeared certain of the presidential vote of the Republicans. He was the lone Republican making a bid for it. Herbert Hoover, who ordered his name withdrawn from the state contest received a compliment when sufficient voters wrote his name to place him second in the state, over former Gov. Frank O. Lowden of Illinois.

Returns from a fourth of the state disclosed the probable result of the Republican fight for delegates at large would give both factions two representatives in the convention.

### 91 ATHLETES REMAIN IN MARATHON

Glenn, N. M., April 4.—(AP)—The New Mexico-Texas state line was the starting point today for the 32nd lap of the Los Angeles to New York marathon. Ninety-one athletes were entered in the 36-mile jaunt to Vega, Tex.

Arne Suominen, of Detroit, retained the lead in elapsed time with 184 10/20, for the 1,114.7 miles.

Weak Heart? Beware!  
100,000,000 Years Hence.  
The Oil War.  
A Boomless City.

(By Arthur Brisbane)  
Copyright 1927, by Star Co.

If you have any tendency to heart disease don't speculate in radio stock. When the stock exchange opened yesterday the ticker said, "Radio is worth \$178." A few minutes later it said, "Radio is worth \$196.50." A few minutes later it said, "Radio is worth \$178."

When the stock exchange closed the ticker said, "Radio is worth \$187."

When a young hero in the navy wanted to marry David Warfield's stage daughter, in old Weber and Field days, Warfield said, "A hero; that's not a business."

You might say that of buying radio.

A stock gambling craze afflicts England also, with business "not so good." The explanation will interest our speculators.

Britons speculate on "new enterprises," on big profits from the thing not done yet or not done thoroughly.

They realize that real wealth is in human ingenuity and are gambling in the intelligence of men. Not such a bad risk.

Bishop Richardson, of Georgia, asks his Methodist Episcopal congregation, "What are you going to be doing 100,000,000 years from tonight?" and reminds them that 100,000,000 years is only the beginning of eternity.

Many have asked themselves that question, wondering if doing nothing, no marrying or giving in marriage, no engaging in any business or making inventions does not become tiresome at the end of 100,000,000 years or a billion million years.

Mr. Richardson says we are not going to be idle. Good news for the ambitious.

Commercial war never ends. John Bull and Uncle Sam now fight for control of the world's oil supply.

## REED PULLS BIG VOTE IN WISCONSIN

### Missourian Virtually Assured of Popular Vote for Presidential Nominee.

Milwaukee, April 4.—(AP)—LaFollette progressive forces faced their greatest test in 20 years' domination of the state in the primary election yesterday when Wisconsin elected 26 delegates to the Republican and Democratic national conventions and stated its preference for presidential nominees.

Although the issue was still undecided, the early returns presaged the election of more anti-Progressive delegates than have represented Wisconsin at a Republican national convention since the late Senator Robert M. LaFollette became the dominating influence in Wisconsin.

On the Democratic ticket, Gov. Al Smith of New York captured the entire state delegation of 26, his supporters easily defeating four candidates for delegate-at-large pledged to Senator Thomas J. Walsh of Montana. Senator James A. Reed, of Missouri, was virtually assured of the popular vote for presidential nominee.

Senator Norris appeared certain of the presidential vote of the Republicans. He was the lone Republican making a bid for it. Herbert Hoover, who ordered his name withdrawn from the state contest received a compliment when sufficient voters wrote his name to place him second in the state, over former Gov. Frank O. Lowden of Illinois.

Returns from a fourth of the state disclosed the probable result of the Republican fight for delegates at large would give both factions two representatives in the convention.

## FESS CHOSEN SPEAKER FOR REPUBLICANS

### Ohio Senator Today Cast in Role of Key-note Speaker of National Convention.

Kansas City, April 4.—(AP)—Heralded as a staunch administration supporter and declared by party leaders as outstanding among the persons available, Senator Simon D. Fess of Ohio, today was cast in the role of temporary chairman and keynote speaker for the Republican National Convention here in June.

In announcing the Ohio Senator had been named by unanimous vote, William M. Butler, of Massachusetts, chairman of the Republican National Committee, said no political significance would be attached to the selection. He added that the committee was interested only in choosing the best man available to outline the party principles.

While Butler declined to reveal details of the session, it was understood that he proposed Senator Fess after committee members offered him the privilege of being the first to formally present a candidate.

The Ohioan, along with Senator Moses of New Hampshire, had been most frequently mentioned in informal discussions involving the names of a half dozen others, including Senator Gillette of Massachusetts.

However, when observers first placed the names of Fess and Moses at the top of the list of possibilities, it was pointed out that the Ohioan was a leader in administration affairs, while the New Hampshire Senator had not so aligned himself on several measures.

While the reported proposal of Fess by Butler was regarded by some as unusual, it was viewed by many as an outstanding tribute to the administration. Asked if the White House had been consulted, chairman Butler replied that "it was not a question to bother Washington with."

Following the selection of the keynote speaker, a rumor was circulated that Senator Moses had been mentioned as a favorite for permanent convention chairman. The permanent chairman is elected by the delegates. Butler denied that the committee had formally discussed the chairmanship of important sub-committees.

### Bulwinkle Out For Re-election

Raleigh, April 4.—(AP)—Congressman A. Lee Bulwinkle, of Georgia, today filed notice of candidacy for re-election to Congress from the ninth district in the Democratic primary.

Major Bulwinkle, who is serving his fourth term, is opposed this year by Solicitor John G. Carpenter, also of Georgia, who has not yet filed with the state board of election, it was learned from R. C. Maxwell, secretary of the election board. Gov. John D. Langston, Goldsboro, candidate for lieutenant-governor on the Democratic ticket, is another of the most recent to file notice.

### KLENHA RE-ELECTED AT CICERO TODAY

Cicero, Ill., April 4.—(AP)—Joseph Z. Klenha, Republican, said to have had the support of Al (Scarlat) Capone, was re-elected for a fifth term as president of the village board of Cicero, Chicago suburb, at yesterday's election. He swept the entire Republican slate into office with him by almost a two to one vote.

### FIVE BURNED WHEN FIRE WRECKS NEWS OFFICE

Scranton, Pa., April 4.—(AP)—Employees had narrow escapes when the Scranton Republican's building was destroyed by fire early this morning.

Five men were sent to a hospital for burns.

With all avenues of escape cut off, men had to leap through windows and hang on to ledges two and three stories above the ground.

Using the plant of the Scranton Times, the Republican went to press after the fire.

The loss was estimated at \$500,000. The fires started in the press room.

### Farmers Against Hoover.

Des Moines, Iowa, April 4.—(AP)—Nomination by the Republican National Convention of Herbert Hoover for the presidency would be a signal for more than a million farmers represented by the corn belt committee "to ignore party lines utterly in their determination to consist this man to private life for all time to come," a resolution passed by the committee at a meeting last night, declared.

## At War On Prohibition

### THE LONG-RANGE debate between Governor Alfred E. Smith of New York (left) and William G. McAdoo, former secretary of the treasury, continues, with the latter declaring the one fundamental issue to be: "Shall a State be permitted to disregard any portion of the Constitution which it elects not to obey?"

The Governor had asserted the Volstead Act was a part of the laws of New York State, and no further enforcement laws were necessary there. Said Mr. McAdoo: "Police enforcement is the principle and normal function of the State Governments. Deprived of the effective cooperation of the police of the States, the Amendment becomes a nullity. This is what happened in New York and Maryland."

## Primaries in Two States Advance Preparations for Presidential Nominations

Washington, April 4.—(AP)—Preparations for the imminent quadrennial battle for the presidential nominations were appreciably advanced today as a result of the primaries in two states and party conventions in two other yesterday and the decision of the late Senator Willis' delegate candidates to go into the April 24 primary in Ohio unopposed as to first choice.

The primaries and conventions in the four states, interest in which was centered today in the outcome in Wisconsin because of the close race between the LaFollette, progressive and more conservative factions and as a result of the gains registered by Governor Smith today had increased to 326 the Republican delegates and to 288 the Democratic delegates to the June conventions.

Former Governor Lowden and Senator Curtis of Kansas will remain as the second choice candidates under the decision reached late last night by the Willis pledged supporters.

Of the 288 Democratic delegates already elected, Governor Smith today had 125 as a result of his apparent sweeping up of the entire 124 chosen yesterday, 86 in New York, 26 in Wisconsin and 12 in Maine.

Out of the tangle of the involved Wisconsin situation today was seen the apparent defeat of Walsh's first definite bid for delegate support at Houston. With a partial slate of candidates in the field for the state's 22 district delegates, Senator Reed of Missouri, had no delegate slate, but was entered alone in the preference primary, whose result was only advisory and not binding on the delegation.

Yesterday's balloting wound up the political calendar for the week with the exception of the Republican convention on Friday in Kentucky.

While the Wisconsin fight between Walsh and Smith could not be held as indicating the stronger of the two, a real contest between these two and Reed will take place in California May 1 when all three enter the primary with full slates of delegates.

Meanwhile, Smith's efforts to control the nomination will be given impetus April 17 when the last step toward perfecting New York's entire slate of 90 delegates will be taken by the democratic state central committee. The convention will select eight delegates at large, each with a half vote in the convention, to add to the 85 district delegates pledged to Smith which were chosen in yesterday's cut and dried primary.

### Germans Still Plan For Trip Over Atlantic

Dublin, April 4.—(AP)—Their order undampened by continued rainfall, the German trans-Atlantic flight aspirants today prepared an artificial runway to enable their heavily laden plane to take the air at Baldonnel air-drome.

Captain Herman Koehi, pilot, and the barn maintained silence as to their plans and the rumor persisted that Col. Fitzmaurice, head of the state air force, would act as relief pilot in place of Arthur Spindler.

### Bee Keepers to Hold Meetings In Pitt County

A public meeting of bee keepers will be held at H. P. Quinley's farm, near Grifton, this afternoon at 2 o'clock, according to announcement made today by E. F. Arnold, director of the department of agriculture of Pitt county.

The next meeting will be held at the C. E. Case farm, near Fountain, tomorrow morning at 10 o'clock. Mr. Case had twelve hives last year that netted him 700 pounds of honey.

This is considered an exceptional record and is something of a challenge to other bee keepers in this section of the country.

The meeting today and tomorrow will be held under direction of C. L. Sams, state bee keeping specialist. This is the first time Mr. Sams has visited Pitt county since last year. He expressed gratification at the improvement in bee keeping since his last visit and predicted continued increase in the industry.

## BRITISH LIFT RUBBER GOODS RESTRICTIONS

### All Restrictions on Exports From British Malaya and Ceylon Be Lifted Nov. 1st.

London, April 4.—(AP)—Premier Baldwin announced in the house of commons today that all restrictions on the export of rubber from British Malaya and Ceylon would be removed November 1, 1928.

The existing restriction scheme, now as the Stevenson plan under which the proportion of rubber permitted to be exported at a minimum rate of duty varied with the price of crude rubber, will be continued unaltered in the meantime.

Replying to questions, the premier said that there would be debate on the matter and that full information would be given to the house.

Asked whether the new situation required the sanction of the commons, Premier Baldwin replied that he would like notice of the question but that he thought it could be done by order of the colonial office.

Neil McLean, laborite, thereupon interjected: "If you have the right to remove restrictions or to impose restrictions or to impose restrictions, what is the use of having a debate upon them?"

Commander Joseph Kenworth, laborite, intimated that he would raise questions tomorrow.

The restrictions imposed on the export of rubber from Malaya and Ceylon for the past few years, have recently been meeting with increasing disfavor among rubber producers themselves because of the steady decline in the price of the crude product. For some time the proportion of rubber permitted export at a minimum rate of duty has been dropping at intervals of three months.

Under the Stevenson plan if the average price of rubber in London was under 21, but not under 19 pence a pound during any quarter, the exportable percentage of standing production for the ensuing quarter at the minimum rate of duty was to be reduced by 10.

If the average price of any quarter was not under 21, but was less than 24 pence, there was to be no change in the ensuing quarter.

If the average price for any quarter was 24 or more pence, the percentage was to be increased by 10 for the ensuing quarter.

In no case was the percentage to be increased above 100 or decreased below 60.

Despite these restrictions, the price of rubber has kept steadily falling and the percentage permitted export at a minimum rate of duty has been down to the minimum 60 for some months. Even with a 20 per cent output the price has been fluctuating around 12 and 13 pence.

Further selling later caused another decline of a farthing with a weak tone. On the stock exchange dealers marked down the price of rubber shares in anticipation of cibles selling but this afternoon not many shares were changing hands.

## Rockefeller Leaves Ormond Beach, Fla.

Ormond Beach, Fla., April 4.—(AP)—Leaving a trail of glittering new dimes behind him, John D. Rockefeller was northward bound today, with the farewells of his winter-time home folks ringing in his ears.

Yesterday, the last day of his annual winter sojourn, hundreds put themselves in the 88-year-old capitalist's path to bid him goodbyes and his customary golf match with his now traditional opponent, General Adelbert Ames, was followed by a gallery which outnumbered the usual flock of curious which seeks to watch his winter games on the local courses.

To those with whom he exchanged words of parting, Mr. Rockefeller exhibited already an interest in his next winter season south, for he invariably expressed a hope of seeing his friends again when northern frosts drive him back to the warmer clime again. He intimated that his southward trek would be earlier next winter than usual.

N. W. Davis, his secretary, and several other members of the household accompanied Mr. Rockefeller homeward.

### England Holds Seat.

Washington, April 4.—(AP)—Supporting the contention of E. T. England, Republican, that he was the properly elected representative of the sixth West Virginia Congressional district, a House elections committee today unanimously voted in favor of permitting him to retain his seat.

Alfred Taylor, a Democrat, had contested the election of Mr. England that he had been elected by fraud and irregularities.

### Station Armed Guards Around Mr. Lindbergh

Santa Barbara, Calif., April 4.—(AP)—Guards and sawed off shotguns were brought into use here today to guard Colonel Charles A. Lindbergh against intrusions and insure him a complete rest.

The armed guards were thrown about the house of Mrs. Harry F. Knight, where Lindbergh is resting, last night. Stationed two at each gate of her home, they stopped all callers, even Harry Gunghem, of the Cuggenheim Foundation for the advancement of aviation, which employed the famous flying Colonel to make his nation-wide tour last year.

### The Senior Normal Class to Present Seventeenth Annual Play.

On the evenings of April 19 and 20, the senior normal class of East Carolina Teachers College, will present "The Romances," a three-act comedy. The play will consist of songs, choruses with beautiful costumes in addition to the main theme. Mrs. H. M. Hendrix of Beaufort, North Carolina, arrived March 13 to select the play and cast. She returned April 2 to begin coaching the play.

- The cast selected was as follows:
- Sylvette ..... Mary Morton
  - Ferret ..... Willie Lee Wagstaff
  - Straford ..... Sammie Lee McManus
  - Bergamin ..... Edith Croom
  - Pasquinet ..... Madge Deaton
  - Blaise ..... Elie Ford Hinson
  - Swordsmen, Calars Fitzgerald and Margaret Ward

Musicians: Virginia Shell, Hester Gist, Virginia Reel, Gertrude Morgan, Eugenia Hudson and Nancy Whitty.

Chorus: Claudie Erwin, Lula Hood, Torrebearers: Lillian Hazeliden, four citizens.

This play bids fair to being one of the best performances given by the college classes. The brilliant costumes, singing and dancing, make it, indeed one that will make its own place in the line of successful plays. Those who do not have a part in the play itself, are taking active parts "behind the screen." The seventeenth annual play of the senior normal class will indeed be worthy of its name, "The Romances."

**Willing Workers Class Meeting.**  
Winterville, April 3.—The Willing Workers enjoyed a very interesting class meeting on March 29, at the home of Mr. and Mrs. Charlie Pasquinet. The usual number of members were present, and also the boys' senior class and several visitors. I am sure that the visitors enjoyed the meeting as much as the members of Healy Branch Sunday School did.

After we were gathered, our president opened the meeting by a song. Then Mr. Troy Vincent read a chapter from the Bible, after which we repeated the Lord's

## MANY CASES DISPOSED OF

### Congested Docket Necessitated Continuing County Court Session Today.

The following cases were disposed of in the regular weekly session of county court held in this city yesterday. Court continued its sitting today because of the congested docket, and indications at the noon hour were that it would be late in the afternoon before hearing was completed.

Tom Marris, charged with driving while drunk, was fined \$50 and cost of action and ordered not to drive in the state within a period of three months.

E. T. McLawhorn, charged with driving while drunk, was fined \$100 and cost and had his licenses revoked for 90 days.

Big Jim Hanrahan paid \$10 and cost on a charge of assaulting a female.

Basil North and A. P. Kiltrell, charged with having liquor for sale were found guilty. Kiltrell paying a fine of \$200 and cost and North drawing a road sentence, the length of which had not been announced today.

Will Smith was sentenced to six months on the roads on a charge of larceny.

Gilbert Dupree, tried on the same charge, was found not guilty.

John Moore was given a suspended sentence of two years on a charge of assault.

Judgment was suspended upon payment of cost in the case of John Stancill, Martin Boyd and Joe Whitley, charged with having liquor for sale.

Eugene Jones paid a fine of \$25 and cost on a charge of assault with a deadly weapon.

M. D. Lewis was fined \$50 and cost for carrying a concealed weapon. Judgment was suspended for two years upon good behavior in the

case of Victoria Walton, charged with assault with a deadly weapon. W. H. Stallings, charged with giving a worthless check, was released upon payment of cost and condition that he pay the check.

Judgment was suspended two years in the assault with deadly weapon charge against Tom Roberson.

Nat Howard, charged with manufacturing liquor, paid a fine of \$250 and cost after conviction of aiding and abetting.

## Makes Fat People Slim

New York Physician Perfects Simple and Easy Method of Reducing Weight

Dr. R. Newman, a licensed practicing physician of 286 Fifth Avenue, New York, announces that he has perfected a treatment which has quickly rid fat people of excess weight. What is more remarkable is the Doctor's statement that he has successfully treated thousands of patients for fat reduction without unnecessary change of diet or burdensome exercise. He also says that fat people who suffer from chronic rheumatism, gout, asthma and high blood pressure obtain great relief from the reduction of their superfluous flesh. Realizing that this sounds almost too good to be true, the Doctor has offered to send without charge to anyone who will write him, a free trial treatment to prove his claims, as well as his "Pay-when-reduced" plan. If you want to rid yourself of superfluous fat, write him today, addressing Dr. R. Newman, 286 Fifth Avenue, New York City, Dept. R.

## Why not select Cement?

WHEN you build or remodel, you're mighty careful about the quality of the roof. Yet, for permanent satisfaction as a whole, the kind of cement used is even more vital. If you select Security Cement for any building or repair work, you will be safe. This is proven by the performance of Security right in your own neighborhood for over twenty years.

Security Cement is made at Security, Md. There's no better cement made. We recommend Security to you because it's tried and true.

**Harris-Teel.**

(Reported)

A marriage which came as a surprise to their many friends was quietly solemnized on Sunday afternoon, April 1, at 3:30 o'clock, at the home of the bride's parents, Mr. and Mrs. W. H. Teel, when their daughter, Florine, became the bride of Mr. Benjamin Harris, of Greenville.

The bride was never more attractive as she appeared in a going-away costume of blue georgette crepe with accessories to match. She wore a corsage of white roses. Mrs. Harris is the eldest daughter of Mr. and Mrs. W. H. Teel, of Greenville. She is a young woman of charming personality.

Mr. Harris is the youngest son of Mr. and Mrs. Sam Harris, of Greenville. He is a prominent farmer of this county.

After the marriage they motored to spend the night with Mr. Harris's sister, Mrs. Will Skinner, and left next day for northern cities.

Their many friends wish them much happiness and success in life.

**LARGE CROWD ATTENDS SACRED CANTATA HERE**

**ABOUT TOWN**

"With Greenville furnishing a colorful part of the program to feature the opening of the Eastern Carolina Exposition at Goldsboro Monday, more than ordinary interest is attached to the attraction locally than would be otherwise," a citizen remarked to the writer today.

"Greenville's episode in the program will depict a tobacco sale, containing all of the characters and things that go to make up such a scene. This is one of the section's greatest industries—an industry that means millions and millions annually to North Carolina—and naturally everybody will want to see this important part of the pageant.

"Then, too, we have two queens' support. They are young women of a most attractive type and deserve all the support it is possible or home town folks to give.

hoped the interests of the people will be considered by those having the fixing of the opening dates in their power."

"Brighter prospects for the development of the forest industry, and of commercial reforestation in North Carolina exists today," says Reuben Robertson, chairman of a special committee surveying the amount of non-utilized wood in this state.

"To turn a liability into an asset is what the National committee of Wood Utilization of the Department of Commerce is about. It purposely avoids using the words 'wood waste' because it knows that every part of the tree is useful raw material for one purpose or another.

"If a systematized plan of disposing of this material can be effected, pulp mills, wood chemical plants and a number of other industries can use such wood as the saw mills are unable to utilize. The future of the forest industry depends upon coordination of this raw material policy."

"The Merchants association has

moved into new quarters and is planning an intensive membership campaign," members of the organization informed us today. "We realize the more members we have, the better chance we have of rendering a higher type of service to the city.

"Every department of the association is functioning at top speed at present, and the future for success was never brighter."

**MORE DIVERSIFICATION**

A good suggestion toward relief which everyone declares the farmer needs is contained in a slogan recently phrased by Guy A. Cardwell, agricultural and industrial agent of the Atlantic Coast Line Railroad. Mr. Cardwell says, "Six months farm work will not support the present standard of living. Add livestock if you have the feed, and get the regular work habit. It pays."

We believe Mr. Cardwell is getting on the right track. If farmers of this section would not depend entirely upon their money crops, cotton and tobacco, and give more of their present unoccupied time to the "Hog, Hen and Heifer" movement, with possibly a little trucking thrown in on the side, no doubt conditions would be far better than they now appear to be.

"With choirs of the city practicing over time, it begins to look like Easter services in the city churches are going to be of more than general interest this season," a reader remarked to the writer today after perusing the columns of the Reflector of the day before in which activities of the choirs were given due publicity.

"Easter is an occasion of the utmost solemnity to every nation where the teachings of the Bible predominate, and it is fitting indeed that a proper musical setting should be provided for the day.

"Greenville has numbers of good singers, and they are to be heartily commended for activities tending to accentuate the glory and greatness of the Resurrection."

"That 'Service Above Self' slogan of Rotary clubs has always held more than usual fascination for me," a member of the local club said today.

"Every time I think of what the phrase actually means I feel that members of the organization have actually consecrated themselves to the higher calling of life—service not to self but to humankind.

"After all, this spirit of rendering service for humanity is a part of the best anyone gets out of life. It imparts a certain satisfaction that nothing else can give and enables one to lie down at night assured of having accomplished something really worth while.

"May the spirit of the phrase dominate the heart of Rotarians everywhere and inspire them to carry on forever in behalf of humanity."

"The movement under foot to bring about opening of the local tobacco market the latter part of August will receive greater momentum during the summer months because everybody realizes the need for such action.

"Conditions in Eastern Carolina have not been what they should be because of the late opening, and it is

**SENATOR NORRIS'S SUGGESTION**

We have a picture, as the saying goes, of Mr. Coolidge demanding Secretary Mellon's resignation because of the latter's admission that he knew of Harry Sinclair's contribution to the Republican Party. It is the same picture we had of Mr. Coolidge kicking Daugherty and Denby from his Cabinet as soon as their connection with the oil scandals became known, only more so. Senator Norris, who makes the suggestion that Mr. Coolidge should demand Secretary Mellon's resignation, is only an old-fashioned moralist, whose views of how men in public office should behave themselves are far behind the times.

If Senator Norris's strict ideas of honesty and scrupulousness were adhered to, Washington would today present the appearance of a deserted village. With Burns getting a Coloney in the Reserve, Forbes being honored with the Distinguished Service Medal while still in prison, and Sinclair and Fall still out of jail, what hope is there that the greatest Secretary of the Treasury since Alexander Hamilton will have can tied to him? It would rather seem he is due for a medal or a promotion, or something nice like that. —Louis Post-Dispatch.

YOUNG'S

CHAIN STORES Greenville, N. C.

# PRUNING—STILL UNDER WAY AT THE BALL PARK

Long and grueling work-outs continued at the fair grounds yesterday and today as Manager Deacon Joffe moved along with his pruning process of the 40 or more players on the diamond Monday morning. Several men were dismissed yesterday and today will see others on their way to other parts of the country to try their skill in new fields.

The only outstanding development in affairs of the "Tobaccoists" yesterday was the reporting for service of third baseman Webb, who for three years rendered spectacular service with the University of North Carolina. The youngster has something of a record to look back upon, and if his showing with the locals should be anything like his stellar performance with the University outfit third base promises to hold forth many thrills during the summer months.

Pitchers that showed more than ordinary promise in the training yesterday were Steele, Allen, Settle, Cherry, Morton, Pittman, Wagner, Turin and Church.

In the outfield and infield the work of the following gained considerable attention of the numbers of fans who have watched practice the past three days: Daniels, Hansen, Stewart, Potts, Outrey, White, Beardsley, West, Abbott, Askew, Bates and Kinney.

The elimination of players will continue from day to day until the locals have reached workable basis. The first exhibition game is scheduled for Monday morning with the Medical College of Richmond. Number of aspirants for different positions will be seen in action with the college men and other clubs of the Piedmont League at a later date.

Many local people throng the fair grounds during the morning and afternoon hours, taking a first hand sante at the men who are to do honors for Greenville in the Eastern Carolina circuit during the coming season. Owing to the great number of players, it has been difficult to decide upon the ability of more than those who have performed with exceptional brilliance and who stand out as bright stars of the baseball firmament.

However, the next several days will see choice of favorites more decided and pronounced, and when that time comes the Greenville baseball club will begin to assume the form of something definite and concrete, a something which counts hundreds of sport lovers may have about during the hot summer days just ahead.

### Five Lead in Billiards

Chicago, April 4.—(AP)—Champion Otto Reisel, of Philadelphia, Willie Hoppe of New York, John Layton and Allen Hall, of St. Louis and Len Kenney, of Chicago with one victory each led in the national three cushion billiard tournament as it entered its second round today.

### Shatter Three Records

Chicago, April 4.—(AP)—Faster and faster do America's aquatic marvels cut through the water. Three world's records, one of them 12 years old, were shattered at the national Amateur Athletic Union's indoor swimming championship last night. They were the 220 yard breast stroke, and 400 and 500 yard relay records for a sixty foot pool.

# Armour Tied With Kirkwood

Richmond, Va., April 4.—(AP)—Determined to keep the family names gleaming in the golfing spotlight, Alex Armour, of Washington, brother to Tommy, stood tied today at 70 with Joe Kirkwood, Albany, Ga., as the second round of 18 holes began in the Richmond open.

While not so frequent a competitor as his brother the national open champion, who is reported ill with influenza, Alex shared yesterday's honor with the former Australian trick shot artist by scoring one under par.

While Dave Hackney, Methuen, Mass., was second with 71, next place was temporarily split three ways with 72, the collaborators at this figure being Tony Manero, Elmford, N. Y., Bobby Cruikshank, Purchase, N. Y., and Henry Cluci, Bridgeport, Conn.

Among other well known players and their scores for the first 18 were: Bill Hehlhorn, Pittsburgh, 74; Emmet French, Southern Pines, N. C., 75; Tom McNamara, Swaenoy, N. Y., 77; Johnny Farrell, Quaker Ridge, N. Y., 78.

# RUTH SLASHES OUT HIS FIRST CIRCUIT CLOUT

By BRIAN BELL (AP) Sports Writer. New York, April 4.—(AP)—All right with that part of the baseball world inhabited by Babe Ruth Birds are singing, grass is green and spring has come for the big slugger has hit his first home run since 1927. Inspired perhaps by the lofty shadows of Lookout Mountain stretching across the Chattanooga ball park, Babe lifted the ball out of the lot in the eleventh inning of yesterday's game between the Yankees and Chattanooga.

Babe's home run was not enough for the Lookouts tied the score in their half of the 11th and went on to win in the 12th, 3 to 2, but the loss of the game was incidental. The world champions have dropped 1 out of 14 games and one more means little at this stage of the campaign, when Babe Ruth hits a home run. The Yankees played the only extra inning game of the day and were the only major league outfit.

The Giants extended their winning streak to ten games, downing the Washington Senators 3 to 2. Andy Cohen came to life at bat with a bang, smashing out two triples and a single, suggesting that possibly he has inherited Rogers Hornsby's bat along with his job. Bill Terry outpointed Cohen by one base, getting two triples and a double. Brooklyn finished in front of Macon, a Robin farm, 9 to 3, in spite of some wobbly fielding. The Misceus were offset by tight pitching. Charlie Halgreaves equalled his last season's base running record by stealing a base.

A game at Memphis developed 43 hits and 30 runs, the Chicago White Sox getting 19 of the runs and 26 hits while the Southern Association Chicks had to be satisfied with 11 runs and 17 hits.

Cincinnati's Reds made it two straight over Louisville but the Colonels scored four runs to six for the Hendricks clan. The Kentuckians failed to register in the first game. Adolfo Luque was reached for only one run in five innings and has been nicked out for but two counters over a span of 23 spring innings.

The St. Louis Cards hit the ball hard to defeat Nashville 10 to 7, taking kindly to the southpaw offerings of Oscar Furr, who went all the way for the volunteers. Blades, Frisch and Hafey showed the way at bat. Dan Howley's St. Louis Browns used 27 hits, which they may need later on, to score 23 runs, while Tulsa's best was eight. The hustling Frank O'Rourke indicated that he has made it a habit to start his day's work with a home run.

# SPORTS SLANTS

By ALAN J. GOULD

Associated Press Sports Editor. New York, April 4.—(AP)—The flistic events of the last few days have furnished convincing evidence that Gene Tunney not only is managing his own affairs but doing pretty well at it for a young fellow whose chief aim in life not long ago seemed to be the mastery of seven syllable words.

Gene still has command of an extensive and often effective vocabulary. But his latest word to the boxing commission, in addition to being noteworthy as a diplomatic rejoinder, contains no word in excess of five syllables, and only two of those. It proves that the simple language can be, and often is, more effective and forceful than complicated phraseology.

While I have received no official communication from the New York state boxing commission—"a gesture of reproof in that line, obviously, further on." The commission knows me well enough to know I have never selected my opponent but have always left that detail to the promoter. A gentle touch of irony here, perhaps.

There was a time not so long ago when Gene Tunney, then only a fair to middling light heavyweight, needed a manager and some good ring advice if he was to get anywhere. The veteran Billy Gibson filled both requirements, steered Tunney into the American light heavyweight title and paved the way for the Dempsey match in 1926 that brought Tunney to the peak.

Gene wasn't champion of the world more than a few days however, before he decided to handle his own affairs. He has done so ever since. There have been some to accuse him of ingratitude but others who see, not only that the situation has changed but that Tunney possesses the business ability to make the most of his ring career. Gibson, even if his voice in the champion's business is no longer above a whisper, at least shares financially in Gene's success.

Tunney got the title but little else, at Philadelphia in 1926. He had to go on a vaudeville tour to make some money. He has made a pretty fair job since then of managing

New York, April 4.—(AP)—"Dapper Don" Collins, internationally known confidence man, today faced a life sentence as a fourth offender under the Baumes law if his latest alleged offense is proved. He was arrested yesterday on the complaint of a man who alleged he had posed as a prohibition agent and extorted \$700 as hush money after a raid on his real estate office where two quarters of gin were confiscated.

# TWELVE TEAMS STAY IN CHAMPIONSHIP RAY

Chicago, April 4.—(AP)—Twelve high school basketball teams, aspirants for the national prep school championship, today had survived their first round games in the current national tournament at the University of Chicago. Twelve other teams had entered the consolidation tournament, which will bring together the losing fives of the first round.

By tonight the forty teams entered from 37 states will have played their first game while eight will have gone through their second contest in as many days.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET.

New York, April 4.—(AP)—An early advance of about 15 to 17 points in the cotton market on firm cables and prospects for showers in the eastern belt, was followed by reactions today on reports of rains in the southwest. Offerings tapered off however, as prices approached yesterday's closing figures, and the mid-afternoon market was very quiet, prices holding fairly steady at net advances of 3 or 4 points on active months.

Futures closed steady 2 to 5 points higher; spot quiet. Middling 19.80.

## GRAIN MARKET.

Chicago, April 4.—(AP)—Wheat prices turned easier in the late trading today, owing largely to rains in parts of Texas, Oklahoma and Kansas. Earlier the market was built up by high winds reported in Oklahoma and Kansas, together with some claims of crop deterioration. A feature at times was that spread traders and foreigners sold July delivery of wheat here and bought May.

The closing was irregular. Total sales approximated 3,100,000 shares.

## STOCK MARKET.

New York, April 4.—(AP)—Disturbing a large quota of unfavorable trade news, the stock market moved upward in impressive fashion today after a temporary sinking spell at the opening. Bullish operations were conducted with marked success in a number of public utilities, rails, motor accessories, oils and specialties, the gains in many instances running from 3 to 15 points.

Banks called about \$20,000,000 in loans to meet the heavy week end demand for funds, but the market paid little attention to this development. Rubber shares were only slightly affected by the break of 5 cents in crude rubber following the

**CHRYSLER "72"**  
at \$1545  
gives you greater performance

Illustrious New Chrysler "72" performance out-Chryslers even Chrysler. It has jolted the public's preconceived notions of what its motley should be able to buy.

Here is a truly marvelous car, in body styles priced from \$1545 to \$1795, which gives in performance all and more than you have been led to expect from cars costing \$1000 more.

Here is a Chrysler triumph that overshadows the foremost accomplishments of the industry.

72 miles and more per hour. 75 brake horsepower. Acceleration that leaves every other car behind. Vibrationless smoothness that only a Chrysler counterweighted 7-bearing crankshaft can give.

Experience for yourself the thrill of this brilliant performance. Chrysler enthusiasm invariably follows the realization that even \$1000 more than "72" prices does not get you as much in performance, in quality, in style, in value.

Illustrious New "72" Prices — Two-passenger Coupe (with rumble seat), \$1545; Royal Sedan, \$1595; Sport Roadster (with rumble seat), \$1595; Four-passenger Coupe, \$1595; Town Sedan, \$1695; Convertible Coupe (with rumble seat), \$1745; Crown Sedan, \$1795. All prices f. o. b. Detroit, subject to current Federal excise tax. Chrysler dealers are in position to extend the convenience of time payments.

New Chrysler "Red-Head" Engine — designed to take full advantage of high-compression gas, giving 12% greater torque with greater speed, power, hill-climbing ability; standard equipment on all body models of the 112 h. p. Imperial "80," also standard on the roadsters, and available at slight extra cost for other body types, of the "62" and "72."

### Hoover Pitted Against Field In Ohio Fight

Columbus, Ohio, April 4.—(AP)—The Republican presidential fight in Ohio today found Secretary of Commerce Herbert Hoover pitted against the field as a result of the death of Senator Frank B. Willis and action taken by his candidates for delegates to the Kansas City convention.

Not only will the former Willis delegates, if elected, throw their support in the convention to their second choice pledges, former Governor Frank O. Lowden of Illinois, and Senator Charles Curtis of Kansas, but if opportunity presents, they will throw their influence and support to President Coolidge, Vice President Dawes and Charles Evans Hughes, the presidential nominee in 1916.

"In other words, the Willis delegation, if elected, will be as nearly as un instructed delegation as could be selected under the Ohio law," a statement issued by the delegate candidates after considering the matter five hours last night said.

Several panels of prospective jurors were available today should Justice Bailey decide to proceed with the trial and selection of a jury. The panels were filled yesterday when 500 District of Columbia citizens reported for examination as to their qualifications for jury service.

John Bull goes about the thing intelligently. Everywhere in the British empire water power is being developed, especially in Canada. Even in England they plan to use tide power at the mouth of the Severn. The more electric power used the less use of oil.

Here we seek new ways to burn up our oil, allowing a chosen few to monopolize the water power.

However, when our oil is burned up, the government will have to do something about our water power. That's one comfort.

Merchants in smaller towns consider this: Ferry boats and railroad lines carried in 1927 to New York City 265,217,243 passengers.

Think what that means in spending power.

New York is one city that has never had a real estate boom. No

booth would be big enough to tell the facts.

Millions visit New York, where their wives take the cure in the shops. And those visitors while in New York live and spend their money in a small part of Manhattan bounded by 34th and 50th streets, Eighth and Third avenues.

In those few blocks of stores and hotels New York business men skim the cream from Uncle Sam's financial milk pan.

How much will a really good New York corner be worth fifty years hence?

The Reverend Dr. Stratton says an angel saved his wife's life by snatching open the door of an automobile in an accident.

Nobody can deny that statement. The Bible tells of miracles more wonderful and of angels sent on special errands.

But some will wonder why the angels miss so many opportunities to do the same thing for humble wives and their children burnt alive
