## BOARD WANTS TO PRESERVE RIVER BRIDGE

### City Aldermen Ask Highway Commission not to Destroy Old Bridge.

Members of the Board of Aldermen in regular monthly session at the city hall last night instructed Mayor J. C. Lanier to draft resolutions asking the highway commission not to destroy the old Tar River bridge when the new structure now under erection is completed.

It was declared the old bridge would be needed for emergency purposes in the rapid growth and development of the community, and that it would continue to be of invaluable service to the thousands of people coming to Greenville from time to time. Although the matter had been under discussion for a considerable length of time, this was the first definite action the city has taken.

The session last night was presided over by Mayor Lanier and all members of the board were present except Alderman Waldrop, who was out of the city. Many matters of importance were discussed, and much time was consumed.

The street committee was ordered to purchase a dozen suitable garbage containers to be placed in the main business district in order that merchants may have places to put their trash instead of cluttering up the streets during the early morning hours after the sweeper has passed. The petition was presented by the Merchants Association.

All property owners on Third Street were asked to appear at the May meeting of the Board when final action will be taken in regards to the proposition of laying out East Third Street.

Blount Harvey and Company, or assigns, were granted permission to build and operate a filling station back of their store, corner Fourth and Washington streets.

The matter of putting drainage tiles on east Fourth Street was ordered placed in the hands of the street committee with power to act.

The three remaining horse troughs located in different parts of the city were ordered discontinued.

The street committee was instructed to ask the Atlantic Coast Line railroad to put the Dickinson avenue crossing in better condition.

The following were appointed poll holders for the city election to be held May 7th: Z. M. Whitehurst, Jr., S. B. Curran and Mrs. Dennis. The mayor was authorized to appoint other poll holders in case those named last night should fail to act.

The city officers were ordered to remain closed Monday in observance of the Easter holidays.

The reports of the clerk and treasurer showed city finances to be in splendid condition.

## Kentucky Votes For Mr. Hoover

Louisville, Ky., April 6.—(AP)—Kentucky casts 29 votes for Hoover. Republicans of the blue grass state have no second choice for their party's presidential nominee. Their delegates to the national convention will go to Kansas City instructed to vote for the secretary of commerce and by all means that are fair and honorable, to work for his nomination so long as his name may be before the convention. Should Mr. Hoover's name be withdrawn from the race, Kentucky's delegation would then be free to vote for whom they pleased.

## Woman Sues For Divorce

Asheville, April 6.—(AP)—G. Wallace Bryant, who since last June has been contemplating filing suit for divorce against his wife, Mrs. Margaret McGowan Bryant, was "astonished" today to learn that Mrs. Bryant herself had filed suit for divorce in Philadelphia on Thursday. Mrs. Bryant is charged with kidnapping their two children, Marjorie and Francis, from an Asheville boarding house where they were placed by order of the Buncombe juvenile court. Proceedings for the custody of the children are now pending before Judge Glass of the Philadelphia juvenile court.

Bryant said he had no idea as to what grounds Mrs. Bryant would set up for her divorce. He indicated he would fight his wife's move. Mr. Bryant, a nephew of Mrs. Henry Ford, is in an Asheville sanitarium suffering with tuberculosis. Last summer, he filed suit charging alienation of his wife's affections. He said in June he would divorce Mrs. Bryant, but because of the provisions of the state law he had to wait six months before filing complaint.

## Noted Financier Dies

Chauncey Depew, chairman of the board of directors of the New York Central lines, succumbed to an attack of bronchial pneumonia. His death marks the passing at age 93 of another of nineteenth century pioneers.

## SENATE STILL DEALING WITH FARM MEASURE

### Corn and Grain Hearings Proceeding Rapidly Before Senate Committee.

By the Associated Press.

Friday. Senate continues with McNary-Haugen bill while house debates Newton buying pool measure.

Corn and grain hearings proceed before senate agriculture committee. Senate finance committee goes ahead with new tax bill.

Proposed which would create reserve division in war department comes up before senate military affairs committee.

House commerce committee continues with measure to treble capitalization of inland waterways corporation.

Proposed establishment non-cotton zones to combat pink boll worm in Texas taken up by house agriculture committee.

Thursday. Senate heard Walsh of Montana, defend Democrats from any wrong doing connection naval oil reserve leases, Saore is New Michigan senator, Arthur H. Vanderbilt, continued Franklin M. Gaudier, of Virginia, as minister to Egypt, and discussed McNary-Haugen bill, house heard Hoover's activities in combating British rubber monopoly assailed and praised connection debate on Newton buying pool bill.

Senate finance committee decided to hold open hearings on next tax bill.

Cotton and grain hearings continued before senate agriculture committee.

Senate naval committee authorized sub-committee inquiry into S-4 disaster.

House rules committee discussed flood control with view setting date for its consideration on floor.

Box, Texas Democrat, urged house immigration committee approve his bill placing western hemisphere nations on quota basis.

Move by Representative Johnson, Republican, South Dakota, have his capital conscript bill taken from committee met with opposition from members house military committee.

Chairman Haugen, house agriculture committee, filed majority report explaining changes in new farm relief measure.

Notice served by Garner, Democrat, Texas, he would oppose new tax cut recommendations of Mellon.

## Morrison Talks To State Shippers

Kinston, April 6.—(AP)—North Carolina must develop its port and water facilities just as it has done with its road building to balance its progress as an outstanding state of the union, Cameron Morrison, former Governor, believes. Mr. Morrison spoke for less politics and more work along that line exonerating the railroads for granting lower freight rates to Virginia than North Carolina because of absence of water competition from North Carolina.

He spoke at the conclusion of yesterday's third annual convention of the Carolina Shippers' Association which re-elected John W. House, House, Wilson, president; Herber McCoy, Kinston, vice president; H. V. Orjes, Wilson, traffic manager, and C. E. Wilkins, Goldsboro, field secretary, and as new directors C. S. Wallace, Morehead City and W. W. Griffin, New Bern.

## BEGIN CROSS EXAMINATION OF TEXAS MAN

### Senate Investigating Committee on Final Inquiry of William Clayton.

Washington, April 6.—(AP)—Cross-examination of William E. Clayton, Houston, Texas, cotton merchant, alleged to have engaged in world wide cotton market manipulation, got under way before the senate investigating committee today in a row over whether the "policy" of his firm and its associates as to the coming cotton season had been decided.

J. H. Gilbert, counsel for Arthur R. Marsh, New York cotton broker, who made the allegations against Clayton started things off with that question and immediately clashed with Senator Smith of South Carolina, committee chairman.

"I shall insist upon the question," Gilbert declared when Clayton said he would not answer as to his future plans unless directed to do so by the committee.

Gilbert challenged Clayton's statement that he had answered every charge against him made by Marsh.

"You've made no reference to the charge that you deliberately rigged the New Orleans market in 1926, have you?" he demanded.

"That's one I've overlooked," snapped Clayton.

Gilbert went into the Clayton firm's interest in warehouses, cotton gins, insurance companies and many other activities.

"You told this committee you were a cotton merchant, didn't you?" he asked.

"Why didn't you tell it you were also a warehouse man and these other things?" Clayton said he was a cotton merchant and any of his other interests were merely incidental.

The lawyer several times broke into Clayton's answers to demand a yes or no answer.

"Mr. Chairman, many of these questions cannot be answered yes or no," Clayton said to Senator Smith, who told him to proceed in his own way. That led to a small clash between the chairman and Gilbert, Senator Smith informing the New York lawyer that the committee was competent to fix its own rules.

Gilbert kept peppering away at the Texas cotton man, shooting questions at him in true court-room style and at such speed that there was hardly opportunity for any reply to be fully completed. Clayton seemed to enjoy it, tilting back and forth, however, he kept smiling.

A reference by Gilbert to its "odd lot exchange" in New York which he said had been "put out of its teeth" to ask for an explanation, Gilbert said it had been a place where "speculators could trade in amounts as low as 25 bales."

## FRENCH FLIER TAKES OFF ON TEST FLIGHT

### Lt. De Troyat Makes 700 Mile Flight, Grooming Plane for Trip to America

Le Bourget, France, April 6.—(AP)—Lieutenant De Troyat, noted French flier, who has planned to be the first Frenchman to try an east to west trans-Atlantic flight in 1928, took off from Le Bourget this morning on what was believed to be a test flight, but nine hours later had not returned.

Inquirers, mindful of the surprise hope made by Baron von Huenfeldt and Captain Hermann Koehl recently from Templehof field to Baldonnel, Ireland, bombarded Le Bourget authorities with questions regarding De Troyat's take-off, but officials at the field, while expressing ignorance of just where he was, said that it was unlikely that he had taken off on a mystery flight to America. They pointed out that weather conditions were bad and that it was improbable he would start an Atlantic flight without longer preparation.

The flier, who became a close friend of Col. Charles A. Lindbergh while the American was in Paris last year on his epoch-making trans-Atlantic flight, took off from Le Bourget at 4:30 o'clock this morning with an almost full load of gasoline. So far as could be determined he was still in the air at two o'clock this afternoon but his whereabouts could not be learned.

## TODAY

Bomb No. 64.  
Twins, No. 5.  
Vivid Youth, Dull Age.  
Educating Treitzly.  
(By Arthur Brisbane)  
Copyright 1927, by Star Co.

A brick building, owned by a Democratic political worker, was blown up by a small bomb yesterday. That was bomb outrage No. 61 in Chicago within the last six months. They did not count the bombing of a Chinese laundry.

Senator Borah has given up his plan to make the old Republican elephant a good girl by paying back \$150,000 contributed by Mr. Sinclair. Only \$7,000 was sent to the fund. Prosperous Republicans seem to care less about the elephant's reputation than Mr. Borah hoped they would.

Clair Winzer, wife of a poor miner, has added a fifth pair of twins to Germany's population, two healthy boys, weighing 15 pounds. Five pairs of twins is a record. The Kaiser would have done something about it. A republic is more cold blooded.

In youth impressions are vivid, and last into old age. Therefore, the manuscript of "Alice in Wonderland" sells for \$75,259, a record price, more than would have been paid for the manuscript of "Danie's Inferno," or of Voltaire's "Zadig," each worth worth a thousand "Alice in Wonderland" manuscripts.

Years dull imagination Millions (Continued on Page 8)

## FINE WEATHER FORECAST FOR NEXT SUNDAY

### Easter Promises to be Day of Dazzling Sunshine for many Sections Country.

Washington, April 6.—(AP)—An Easter Sunday with sunny skies over practically the entire country was promised today by the weather bureau, with the reservation that the "stagnation" period in the Atlantic states might end Saturday night.

States in the lower Lake region, the Mississippi and Ohio River valleys and the northern Rocky Mountain region were particularly assured by the government forecasters, after their morning study of the charts, that balmy weather would greet them Sunday.

Conditions in the Atlantic group of states, particularly north of Virginia, were described as very unusual and not likely to be experienced more than four or five times a year.

For the past several days, forecaster Weighman said there has been practically no lifting of atmospheric conditions in this region. The situation is expected to change to normal Saturday and whether the change will mean cloudiness and rain or the continuation of present good weather the forecaster could not say.

## HOUSE FAVORS FUND TO FIGHT BOLL WEEVILS

### Buchanan Resolution Approved Today by The House Agricultural Committee.

Washington, April 6.—(AP)—The Buchanan resolution authorizing a \$5,000,000 appropriation to combat the pink cotton boll worm in west Texas was approved by the House agriculture committee.

An amendment which would assume the entire burden of reimbursing the farmers for their crop losses in the 1928 crop was attached to the measure by the committee. Next year the federal government and state would divide the cost of reimbursement.

The measure is designed to compensate the farmers in arrears infested by the pink boll worm where eradication of the pest is made by the establishment of "non-cotton zones" for one or two years, this step being accomplished by the farmers completely destroying their cotton crops.

## MOURN DEATH OF DEPEW IN ALL SECTIONS

### Illustrious American To be Laid to Rest at Peekskill, N. Y. Tomorrow.

New York, April 6.—(AP)—Half-a-million throats, black draped railroad stations and a sense of personal loss in the hearts of millions of persons today marked the passing from the world's stage of one of the best loved and kindest actors, Chauncey M. Depew.

To the Brownstone house in West 54th Street where he died, messages of condolences poured in from the great and near-great of all the world.

He is to be buried in the town of his birth, Peekskill, N. Y., tomorrow after service at St. Thomas' Episcopal church where for years he paid reverence to a God in which he believed utterly. He had often said that God had never failed to answer him when he talked to God in prayer.

After the services at the church, scheduled for 10:30 a. m., a motorcycle squadron of police will escort his body to the city limits of Yonkers where another escort will clear the way through that city. State police will then lead the procession to Peekskill where his body will be interested in the Depew mausoleum.

An official of the New York Central railroad since 1863 and director in some twenty other corporations at his death, he left a fortune estimated between \$5,000,000 and \$15,000,000.

Part of his estate is the first \$100 he ever earned which he deposited in a bank at Peekskill in 1861 and had never withdrawn. It has grown to more than \$1,000,000 now through interest additions.

President Coolidge, Secretary of State Kellogg, Chief Justice Taft, Governor Smith, Charles Evans Hughes, John D. Rockefeller, Sr., William K. Vanderbilt, Patrick E. Crowley and other associates and friends high in the political and financial councils of the country, either sent or carried condolences to Mrs. Depew and Chauncey Depew, Jr., his only child.

## Russian Gold Returned Home

New York, April 6.—(AP)—Five million dollars worth of gold bars sent here last February by the Russian government, was on the way back to Europe today, but the deal smashes which kept the treasure idle in bank vaults for six weeks were not ended. The gold was on the liner Dresden en route for Bremen.

The Soviet gold arrived on February 2 and consisted jointly by the Chase National Bank and the Equitable Trust Company, New York correspondents for the bank of the United States of Soviet Russia. It was to have been used as a basis for credit in trade relations between the Soviet and the United States.

But the treasury department refused to accept it for assay when the two American banks declined to guarantee title to the gold. In the meantime, the bars lay stacked in vaults, losing interest at the rate of \$700 a day.

Shortly after the treasury department announced its decision, the Bank of France started suit in the United States District Court for possession of the gold, alleging that before the Russian revolution it had deposited with the State Bank of Russia, \$5,000,000 which never was returned. This action still is pending, but no attachment was issued against the gold and their were no legal bars to its removal.

## Two Trans-Oceanic Flights Announced At San Francisco

San Francisco, April 6.—(AP)—The open season on trans-oceanic and world flights is here again.

Lieut. George R. Pond, U. S. N., who has announced plans for an attempt to fly around the world in 24 days in a specially designed monoplane, was at Modesto, Calif., today going forward with his project.

Lieut. Bert Hall of Bowling Green, Ky., disclosed in New York last night that he would try a solo non-stop flight from Seattle, Wash., to Tokyo—4,300 miles—late this month or early in May. Lieut. Hall said if his trans-Pacific flight should be successful he would continue on around the world from Tokyo.

## FIGURES IN CHICAGO TURMOIL

Illicit rum rings are blamed for the recent outbreaks of bombings and shootings in Chicago. Dry agents sent there by Seymour Lowman (upper left), national prohibition chief, are accused of wounding a local officer. Arrests have been made for the bombings of the homes of Judge John S. Swanson (lower left) and United States Senator Charles S. Deneen (lower right). Mayor William H. Thompson (upper right) has ordered every resource for a quick clean-up.

## Ayden Man Is Jailed Here For Slaying Step-Father

Roy Smith, of Ayden, is being held in the county jail in this city today without bond, charged with the killing of his step-father, T. E. Anderson, a farmer, who resides about a mile west of Ayden. Anderson's bullet-ridden body was found at a tobacco barn last night about seven o'clock. He was rushed to a hospital, but died on the way.

Although no formal charge had been entered against Smith, he is being held in jail awaiting the outcome of an investigation conducted today by Coroner E. S. Williams. At the jail this morning, Smith told Sheriff Whitehurst that he had been drinking and had no knowledge of the shooting. He was brought to Greenville by a brother and registered to the sheriff's department a short time after the shooting is said to have taken place.

Anderson and Smith are said to have been drinking freely for several days. They were seen to go to a tobacco barn late yesterday afternoon, presumably for the purpose of taking a drink. Later Smith went to the home of a friend and left a pistol. Prior to that time people living nearby had heard the rapid report of a pistol at the barn.

When Smith appeared with the pistol an investigation was made, and Anderson was found lying in the barn, mortally wounded. Bullets entered the head, chest and abdomen. An attempt was made to reach a hospital but the wounded man died on the way.

No reason today had been assigned for the shooting. It was thought, however, that the two men became involved in a drunken brawl, resulting in Smith bringing the gun into play while at the height of passion.

Anderson is about 45 years of age, married, had two children, and had lived in the Ayden community the most of his life. Smith is a comparatively young man and is also a native of Ayden township.

"I don't know a thing about the shooting, Sheriff," Smith told the Pitt county official this morning. He admitted that he had been drinking to such an extent that he lost all track of events.

## BIG RAILROADS ADOPT MERGER

New York, April 6.—(AP)—The New York Times today says the merger of the rail transportation of the east into four great trunk lines with L. F. Loree continuing to operate his Delaware and Hudson road, has been decided upon. Mr. Loree's plan for a fifth trunk line was definitely discarded at a conference of rail executives here, the Times says, but an agreement acceptable to him was consummated at a second meeting.

He had left the conference at noon without waiting to join the others at luncheon. The Times says, however, that a later meeting was held with Otto H. Kahn, a member of Kahn, Loe and Company, acting as arbitrator. At this meeting Mr. Loree was promised an outlet to the west for his line and he then agreed to the merger plans.

This settlement makes possible the integration of roads worth between \$5,000,000,000 and \$10,000,000,000 and operating over 50,000 miles of lines.

## HEAVY GUARD PROMISED AT CHICAGO POLL

### Assured That 5,000 Policemen Will be Thrown About Election Places Tuesday.

Chicago, April 6.—(AP)—Assurances that 5,000 men will guard the primary election polls next Tuesday were given today by Police Commissioner Hughes.

This regiment of police will be augmented by 25,000 volunteer watches and challengers recruited by County Judge Jarecki from civic organizations. The army of volunteers was called in response to demands of rival Republican factions that each have two representatives in each of the 2,775 precincts.

Of the city's 5,000 policemen, 5,000 have been designated for election duty and will remain at their posts without relief while the polls are open. Commissioner Hughes said. Every precinct will have at least one patrolman on duty and some will have ten. The entire motorcycle force will be held in readiness to speed to any section of the city where disorder may occur.

While bitter contests have been conducted by opposing Republican factions, known as the Crowe-Thompson-Smith and the Lowden-Deneen groups, it is the battles over election of ward committees from which most trouble is anticipated. Many ward candidates planned to sleep in hiding Monday night to avoid attempts to kidnap them.

The April federal grand jury sworn Monday adjourned yesterday until after the primary, complete secrecy surrounded the work of that body since it was given instructions regarding the laws affecting elections.

Mayor Thompson in an address warned "the axe will fall on traitors" who planned to sell out the "America First" ticket. "Any of you who fails to support the state and county ticket," ward committeemen were told, "might as well draw a tissue paper certificate."

City and county officials yesterday scored what they believed a decisive victory over federal authorities in the fight for the right to prosecute Myron Caffey, federal agent, who shot Balliff Beatty in a raid March 29. After the shooting, federal authorities refused to permit city police to investigate or to surrender Caffey to them.

The federal agent was protected from arrest by a writ of habeas corpus cum cause, issued by federal judge Wilkerson. Yesterday the judge declared he would quash the writ and suggested that a county grand jury indict Caffey. The order to quash the writ will not be entered until after the primaries.

## Locher Succeeds Senator Willis

Columbus, O., April 6.—(AP)—Ohio's senatorial representation today was split between Republicans and Democrats with the appointment of Cyrus Locher, of Cleveland, a Democrat, to fill the vacancy caused by the death of Senator Frank B. Willis, who had sought the Republican presidential nomination.

Locher, appointed by Gov. A. V. Denney, will be succeeded in his former post as director of commerce by Lieut. Gov. Earl D. Bloom of Bowling Green, also a Democrat.

Locher will present himself in Washington April 16 to take the oath of United States senator. He has been a member of Gov. Denney's cabinet more than five years and has been one of the governor's closest political advisers.

## Arkansas Prayed For Rain and Got It in Abundance

Little Rock, Ark., April 6.—(AP)—Rains, prayed for earlier in the week when forest fires were sweeping through Ouachita national forest, have come to Arkansas in such abundance since Tuesday night.

Cloudbursts visited all sections of the state, sent small streams on rampages, gave rivers a dangerous impetus and wrecked highways. However low streams and bottom lands will take care of most of the excess water, weather observers believe.

MAKES PARACHUTE JUMP FROM FLAMING PLANE  
Washington, April 6.—(AP)—Lieut. Barnett T. Tolbott, naval aviator, took a parachute jump from a flaming plane over the Anacostia naval air station here today and was taken to the naval hospital suffering from severe burns. His plane crashed and was completely burned.

(Continued On Page Six)

# MINORS STILL HUMBLE BOYS FROM MAJORS

New York, April 6.—(AP)—The humbling of major league baseball clubs by their little brothers continues, although in lesser degree. Only two of the big fellows fell before minor league opposition yesterday but the defeats left no issues in doubt, the losers scoring only one run between them.

The Cleveland Indians lost to Montgomery of the Southeastern League, 4 to 0, while Indianapolis downed Cincinnati 11 to 1. The Lions of Montgomery bunched their hits while the Cleveland safeties do not even count in the averages.

In the rout of Cincinnati at Indianapolis, Jackie May could not defend himself with his usually good left; and was knocked out in the third round. Only Ethan Allen's late homer saved the Reds from the fate of the Indians.

The best pitching performance of the spring season was contributed by Bill Walker as he left-handed the Giants to a 4 to 0 victory over Washington. The Senators reached the big fellow for only two hits, widely separated. The Giants recorded their most promising recruit Spottly support but the Denver southpaw was so good that wily fielding could not dull the lustre of his brilliant performance.

The Pittsburgh Pirates won from San Antonio, stopping the Texans, 10 to 1. Ray Kremer and Lee Meadows, of the Buccaneers, shook troops, pitched tight ball.

The Yanks pounded the ball to 14 to 4 from Gabby Street's Knoxville team of the Sally League. Ruth ran the scale right up to the home run chord but fell short. He registered a triple, double, single and drew two passes. Mark Koenig nursed heel and hand trouble as he saw his understudy, Leo Durocher, hit a home run.

Brooklyn's Robins, aroused by an Atlanta defeat the day before, rapped out 21 hits to defeat the Crackers 15 to 2 in the second of the series. Rube Bressler, who in his entire career as a Robin had made but one hit, delivered four. Jigger Statz, appearing as a pinch hitter, hit for the circuit.

The White Sox, off in front, kept improving their position until they defeated Louisville 17 to 6.

Even presents of floral horseshoes and traveling bags to Kent Greenfield and Lance Richbourg could not stop the Boston Braves and Nashville Volunteers were downed, 13 to 3.

The Browns, Cards and Tigers were kept out of action by rain.

## Leads Third Time

Spike Webb, veteran coach of the Naval Academy at Annapolis, Md., is to coach the Olympic team of boxers at Amsterdam for the third successive time.

## CINCINNATI YOUTH WINS INDOOR SWIMMING EVENT

Chicago, April 6.—(AP)—No Johnny Weismuller, "the human fish," but a shy 20 year old Cincinnati youth, Walter Laufer, is the roaring ace of the National A. A. U. record breaking indoor swimming championship for 1928.

Flashing through the water in the world's record time to capture championships in the 200 yard individual medley and the 150 yard back stroke events and playing second in the 100 and 220 yard free style swims, Laufer, who committed unattached, scored 16 points.

Weismuller was second with 15, while the Illinois A. C. of Chicago led seven other clubs for club honors with 41 points.

# SPORTS SLANTS

By ALAN J. GOULD

Philadelphia, April 6.—(AP)—Scanning the intercollegiate seas from his new conning tower along the Schuylkill River, Rusty Callow looks this year for the greatest college rowing season the sport has ever known.

Rusty has come out of the west after five seasons of brilliant success at the University of Washington, to take over the helm at Pennsylvania and attempt to put the "buckers" back on the rowing map. In the midst of this job—a "tough one"—he readily admits—his thoughts today probably stray back to his old cruising grounds at Seattle, where Washington and California row for Pacific coast supremacy and usher in the college competitive season.

There is more than passing interest for Callow in this far western struggle for in it Rusty's prize pupil and greatest stroke ear, Al Ulbricksen, encounters his first since rising to the post of head coach of Washington.

"No matter how today's race comes out I expect California and Washington to come east for the Puget Sound regatta as well as the Olympic tryouts," said Callow as he scanned a none too optimistic letter from Ulbricksen. "California has a more experienced varsity eight but Washington also shapes up well."

"There are more great crews on the water this year than ever before," Rusty points out. "Look 'em over. Washington and California finished two, three at Poughkeepsie last year and will be better this year. In the east there's the championship Columbia crew, Princeton and Harvard, both sensations last season. Navy and Yale with excellent prospects. Cornell and Syracuse also must be reckoned with."

"Look who we draw for our first race, Yale and Columbia. I can't imagine a tougher pair to try and beat than that."

Rusty isn't enthusiastic over Penn's prospects on the water this year but then he seldom does overflow with optimism. That attitude is part of the Washington system. "The best index to Callow's progress is that he has amused the greatest rowing interest Penn has ever had. He has had to sort out a record breaking squad of candidates, the scrapping isn't over yet. Only six of the 16 oarsmen who will be the "layvec" and varsity boats are back so that the reorganization is pretty close to complete.

"We've got the weight, but the problem is to get the stroking power in proportion to it," Callow says. "I would rather have a 150 pounder who got all of his weight into the sweep than a 180 pounder who pulled the equivalent of only 150."

"College oarsmen are better in the east than in the west, in spite of the general notion to the contrary. At Washington we had probably the tallest crews that we ever got together but they weren't hefty. They ran to the rangy type."

Callow exhibits with considerable pride a new type of ear, pointed-shaped and rounded at the tip, instead of being squared, as in the old conventional blade. They are Rusty's idea. He started experimenting with them two years ago at Washington with the famous boat builder, George Posneck. They have been adopted by Washington this year and Rusty will equip his own varsity with the new set he has just received.

"They seem to me a distinct advantage over the old type," Rusty avers. "They are easier to feather and particularly good for rowing in rough water such as we often have on the Hudson."

## Names Umps For Opening Of League

Chicago, April 6.—(AP)—President Barnard of the American League today assigned umpires for the opening games of the season next Wednesday as follows:  
 Chicago: Connolly, Van Graflan and McGowan.  
 Detroit: Hilde Rand, Ormsby and Guthrie.  
 Philadelphia: Dineen, Nallin and Arty.  
 Boston: Owens, Geisel and Camp Ell.

Mexico City, April 6.—(AP)—The United States Davis Cup tennis team today hoped to win the first round of the American zone play with three straight victories. Two singles matches were on the program for this afternoon.

The Americans in their workouts here apparently have not been affected by the high altitude, 7,350 feet above sea level, which was considered one of their biggest obstacles.

William T. Tilden, captain of the American team, faced what was regarded as the stiffest opposition in Robert G. Kinsey. Kinsey and his brother, Howard, won the Pacific Coast doubles four years running, 1921 to 1924 and the national clay court doubles in 1923 and 1924. In 1925 they toured Japan and the next year Robert came to Mexico and made his home here. The Tilden-Kinsey match was the second on today's program.

The first scheduled match between John Hennessey, United States, and Ricardo Tapia, Mexico. Tomorrow afternoon Tilden and Arnold Jones will face Kinsey and Alencio Unda in doubles.

If the Americans should win these three matches they will move into the second round, meeting China, in event they lose, the concluding singles will be held Sunday. In these Hennessey will play Kinsey and Tilden will meet Tapia.

## LOTT AFTER TENNIS HONORS OF STATE

Asheville, April 6.—(AP)—George Lott, Chicago youth, with Frank Shields, of New York, as his opponent, will attempt to add the western North Carolina tennis singles championship to his South Atlantic title as another souvenir of his current southern jaunt.

Lott downed Johnny Doer, Stanford University star, yesterday, in the semi-finals that went five sets, 6-1, 4-6, 3-6, 6-1, 8-6.

Shields eliminated Tambo Aye, Japanese singles titlist, 6-2, 6-2, 6-4.

Time for the finals has not yet been set, officials announcing yesterday that today would be devoted to doubles play.

## FIGHTS LAST NIGHT

Kansas City—Iney Garfinkle, Denver, won over Royal Coffman, Omaha, 10.

Fort Thomas, Ky.—Midget Geury, Cincinnati, won from Paul Anthony Omaha (10). Young Rizzo, Moundsville, W. Va., defeated Johnny Bass Cincinnati (4).

## FIVE SOUTHERN TEAMS QUALIFY AT CHICAGO

Chicago, April 6.—(AP)—Five teams from the south including Carr Creek, the "wonder team" with a systemless style of play today were among the eight qualifiers for the quarter finals round of the National high school basketball tournament at the University of Chicago. The mid-west has two fives left in play, and the far west one.

Climaxing a day of championship and consolation play will be the Vienna, Ga.—Car Creek game. The Vienna outfit has been called the greatest prep school five ever to play in the Chicago tournament. Vienna, twice champions of Georgia and the Cotton states, paraded to the quarter finals. Scoring 82 points while holding its opponents to 39. The miracle team from the Blue Grass state have won three games, scoring only 76 points but holding their opponents to an average of less than 18 points a game.

Today's games, championship game, fourth round:  
 4 P. M. Canton, Ill. vs. St. George Utah.  
 7 P. M. Grand Forks, N. D., vs. Alexandria, La.  
 8 P. M. Morris, Ala. vs. Ashland, Ky.  
 9 P. M. Vienna, Ga., vs. Carr Creek, Ky.  
 Consolation third round:  
 10 A. M. Wilmington, N. C., vs. Rock Springs, Wyoming.  
 11 A. M. Portsmouth, Va., vs. Naugatuck, Conn.  
 2 P. M. Wheeling, W. Va., vs. Purdy, Tenn.  
 3 P. M. Everett, Mass., vs. Englewood High, Chicago.

## Two Veterans Lead Billiards.

Chicago, April 6.—(AP)—Two veterans and one new comer among the colic of billiard satellites led the chase for the national three cushion billiard championship today.

They were John Layton, of St. Louis, and Willie Hoppe, of New York, the veterans, and Allen Hall, of St. Louis. Of the three, Layton was ahead with three victories and no defeats. Hoppe and Hall have won the only two matches they have played in the tournament.

## London Typist Swims Straits

Gibraltar, April 6.—(AP)—Telephoning from Tarifa Spain, this morning Mercedes Gleitz, London typist, announced that she had swum the Strait of Gibraltar yesterday.

Miss Gleitz said she started about 10 a. m. from the Spanish side and crossed the 27-mile stretch of water to Morocco arriving there at night. She returned to Tarifa later. She stated she was accompanied by many Spanish witnesses. She will leave for England this afternoon.

## Runners Still In Texas.

Amarillo, Texas, April 6.—(AP)—Accepting the added handicap of adverse weather, the 30 runners and walkers remaining in the transcontinental marathon today turned toward Groom, 42 miles east of here.

Arne Suominen, of Detroit, continued the lead today in elapsed time with 196:07.43.

# Curtis Perkins

Clothier — Hatter — Furnisher

Wills has been quoted as desiring Miss Anderson as a doubles partner for some time, it being agreed by critics that a formidable combination would result from the California girl's back court play plus Miss Anderson's known abilities at the net.

Ten years ago Miss Anderson first gained prominence on the nationally important courts by winning the national girls' doubles title, paired with Miss Elizabeth Warren, also of this city. She also won the Mexican women's singles crown at one time and finished as runner-up in the Bermuda championships.

Miss Anderson, who ranks number seven in the national feminine list, has long been noted for her superiorities in doubles play. Miss

**WE SHOULD REJOICE**

Today being Good Friday and the day after tomorrow being Easter Sunday, naturally, the minds of most of us are turning toward what is commonly described as the Easter Parade of fashion, thereby permitting to be crowded from our thoughts the real meaning of Easter. Of course, Easter is the day for rejoicing, all nature bursts into full bloom and it is fitting that mortal man in keeping with the season's change should turn out in new attire and saunter forth to welcome the new season, but Easter to us should mean far more than this, and it is well for us to pause now on the threshold and give thanks for what the day really means.

Today, nearly 2,000 years ago, was indeed a dark one for the followers of Jesus Christ, for on that day, He suffered death at the hands of His enemies, that the generations to come might through Him seek forgiveness for their sins and redemption of their souls. Sealed in a rock ribbed tomb under guard of the Roman soldiers, the body of our Lord lay and among His people there was misery and fear, despite His promise that he would burst the bonds of death and return to them victor over the grave. There were, of course among the followers, a few of the faithful who waited patiently for the hours to pass, while there were others of less faith who began to feel that all was lost and they must seek another for leadership. It was indeed a glorious occasion when on the third day the two Marys came to visit the tomb and found that their Lord had risen from the dead, as He had promised, and had gone forth again to walk with His brethren. In the resurrection of Christ was the fulfillment of the Scriptures that there

was life everlasting beyond the grave for all those who believed and sought forgiveness and but for this promise made possible by the resurrection of Christ, today would no doubt be darker and even more gloomy than was that day centuries ago. While Easter is indeed a day for rejoicing and festivity, we reiterate that the rejoicing should not be for the worldly things alone as the day is the anniversary of that momentous occasion which makes possible our hopes for the future, without which life would be unlivable.

**ABOUT TOWN**

The Fifth street school bids fair to possess a front which in neatness, attractiveness and real artistic beauty will compare favorably with any in Greenville," a local citizen remarked to the writer of this column this morning.

"The schools are to be congratulated upon this effort to improve their grounds. It indicates a spirit of thrift that should prove of inspiration to the hundreds of young men and women in attendance from day to day."

"I spent half hour at the ball park today and got more genuine enjoyment from it than anything I have attempted in months," John Ivey Smith, local magistrate and one time member of the Wake Forest baseball club, told the writer of this column yesterday afternoon.

"Greenville has a crop of promising young players. The pitchers are especially promising and if speed, curve and control count for anything, as they most assuredly do, Greenville is going to give somebody's ball club a real fit when the season actually gets under way."

"With training now in progress the boys should be in fine fettle for the opening game of the new circuit April 25, and their showing no doubt, will win the approbation of

sport lovers in this city."

"The inter-club meeting of Kiwanis to be held in Tarboro tonight promises to be one of the most pleasant of its kind held in this section in many months," J. Frank Harrington, president of the local Kiwanis club, told the writer this morning.

"With clubs from Williamston, Tarboro and Greenville in attendance, the session ought to prove of more than general interest to members not only in these three towns, but in every town throughout the country where there is a Kiwanis club."

A note is urged to attend the session and hear Governor Taylor give an address in keeping with the spirit of the organization.

"Have you been out to any of these new residential developments lately?" J. C. Gasque, register of deeds of Pitt county, inquired of the writer today.

"Well, if you haven't let me address you to do so. I have never seen so much building in progress at one time in years. Homes of every description are under construction, and when completed

should do much toward relieving the housing situation here.

"I have heard lots of talk about Greenville growing the last few months, but really I didn't realize the truth of the statement until I actually saw the many buildings under construction."

"We have a wonderful future before us with faith in ourselves and our fellow man there is no reason on earth why we should not soon take our rightful place among the great industrial sections of the country."

"Farmers would do well to cooperate with members of the board of agriculture in their effort to improve the condition of Pitt county farmers," a local business man told the writer this morning.

"The program of the agricultural department is one of the most ambitious in years and ought to result in splendid achievements in behalf of all farm localities."

"If you are a farmer, take my advice and help the department put across anything which you believe to be of benefit to the community in which you reside."

"With the college and public schools closing for the Easter holidays, Greenville will be shy of numbers of young women during the next several days," a very discriminating o.d. banister mentioned today.

"But, thank goodness, the holidays will not continue always, and in a few days the majority of those who went home will be treading their way back to the city."

"These young women help add to the main business thoroughfares everyday the schools are in session, and when they leave everybody misses them."

Republican, was continuing the spectacular fight which he has waged with Senator Blaine for second place in the contest for delegate at large.

With but 711 of the 2,746 precincts in the state missing, Mr. Kohler had polled 108,290 votes, and was trailing Senator Blaine by only 7,000.

Senator Robert M. LaFollette was in the lead with a margin of 13,000 votes over Blaine. Kohler and Andrew L. Kreutzer (regular) of Wauau were in third and fourth place, respectively.

**CONTROL OF WISCONSIN DELEGATION IN BALANCE**  
 Milwaukee, Wis., April 5.—(AP)—Control of the Wisconsin delegation to the Kansas City republican convention still swung in the balance between the regular Republicans and the LaFollette forces when 80 per cent of the precincts in Wisconsin had reported today.

In 12 of the 26 contests the regular Republicans were leading. Although the LaFollette forces held a slight edge, as their candidates forced to the front in 14 contests, the race was so close that a change of a few hundred votes in certain districts might displace the leaders.

Walter Kohler, of Kohler, regular

Mr. and Mrs. J. B. Spillman left today for Chapel Hill and Raleigh to visit the University and A. and E. College.

Mr. and Mrs. O. B. Peatross and children, of Danville, Va., are the guests of Mr. and Mrs. L. B. McCormick.

Miss Marjorie Savage is spending the Easter holiday with Miss Florence Perkins.

**Thornton-Higgs.**  
A beautiful wedding of widespread interest took place at the Jefferson Hotel, Richmond, Va., on Thursday night, April 5th, at 6:30 o'clock, when Miss Madeleine Higgs of Greenville, North Carolina, and Mr. Louis Barton Thornton, of Buffalo, New York, were married.

The French drawing room was a charming background for the Easter lilies, massive ferns and graceful acacia which were banked at one end of the room to form an improvised altar. Stately palms, trailing Southern smilax and lighted tapers were effectively used.

While friends and relatives were gathering, Mr. William Cudlipp, organist of St. James, Richmond, played "Meditation" from Thalès, and "My Heart At Thy Dear Voice," from Samson and Delilah. Then Miss Katherine Shields, of Kinston, N. C., gowned in yellow taffeta and lace, carrying an arm bouquet of yellow roses and delphiniums, sang Handel's "All For You."

As the music changed to Mendelssohn's Wedding March, the ushers entered. Mr. James Shields Livermon, of Scotland Neck, N. C., and Mr. W. R. Everett, of Palmyra, N. C., then came Miss Alice Thornton, of Buffalo, N. Y., sister of the groom. She was followed by Miss Elizabeth Higgs, of Columbia University, New York City, sister of the bride, and maid of honor. Misses Thornton and Higgs were gowned, respectively, in peach and blue taffeta bouffant frocks with silver trimmings. They carried arm bouquets of spring flowers. Little Miss Flora McNeill Webb, ringbearer, of Oxford, N. C., daintily dressed in a frock of pink chiffon, preceded the bride, who

**Rehearsal For Pageant Tonight.**  
All those taking part in the Tobacco episode of the pageant to be given at East Carolina Exposition Monday afternoon, will meet at Forbes and Morton warehouse tonight at eight o'clock for rehearsal. Transportation will be assigned at this time.

**Jarvis Memorial M. E. Church**  
Easter message at 11:00 o'clock A. M. Special music furnished by the choir.

**Reception of new members.**  
Baptism for infants at 3:30 Sunday afternoon.

The public is cordially invited to attend all these services.

**Prayer Meeting Tonight.**  
Prayer meeting tonight at home of Mrs. Zeb Brown on Eighth street. Mrs. L. B. Jones, leader.

**Hams For Easter.**  
If you want a good ham for Easter try one of W. H. Allen's finest Onslow County Hams. The delicious aroma brings a taste always to be remembered, never to be forgotten, from childhood to old age.

Call Phone 780.

**W. H. Allen**  
Grand Avenue, Virginia Street and Grand Circle of Pamlico, Fifth and Chestnut Streets and Dickinson Avenue.

**Cottage Prayer Meeting.**  
Cottage prayer meeting at home of Mrs. Closs Hearne tonight at 8 o'clock. Mrs. Hearne, leader.

**Birth Announcement.**  
Mr. and Mrs. Roy Batchelor announce the birth of a son, Roy Jr., on Friday, April 6th, 1928.

**Play at Red Banks School.**  
A comedy, "Axin' Her Father," will be presented at Red Banks school Friday night at 8:00 o'clock. Admission 10 and 15 cents. 9-2t

**Baby Sale Tuesday.**  
The ladies of Memorial Baptist church will have a sale of hand-made Baby Clothes, Tuesday April 10th. These can be seen now at the home of Mrs. E. E. Gates. Home made Cakes and Chicken Salad will be sold.

**D. A. E. Meets.**  
(Reported)  
The Greenville Patriots Chapter D. A. E. held its regular monthly meeting Saturday, March 31, at the home of Mr. J. L. Nobles—with Mrs. H. F. Jones and Mrs. J. R. Barker assisting hostesses.

The meeting was presided over by the regent, Mrs. R. L. Smith, and was opened with the flag salute and D. A. E. ritual. After a short business session Mrs. Smith gave a very interesting report of the state conference held in Raleigh.

**Want to Borrow a Truck.**  
The Parent-Teachers Association of Evans street school would like to borrow a truck. Any one who has a truck to lend them without charge will please call Mrs. G. B. W. Hadley.

**Woman's Club Meeting.**  
(Reported)  
The regular monthly business meeting of the Woman's Club was held Thursday afternoon.

After the reading of the minutes and the treasurer's report the president read a card of thanks from Mr. and Mrs. Cotten expressing their appreciation to the Woman's Club for the cake sent them on the occasion of the celebration of their 62nd wedding anniversary. It was voted that this card be turned over to the secretary to be preserved.

The health department reported that it had decided as its follow-up work of the tubercular clinic to send a child who had been found to have a positive case of tuberculosis to the sanitarium for three months, the expenses to be taken from the Red Cross seal fund.

The Garden Club reported that the plot at the end of Fifth street had been planted in shrubs and iris and that this department had cooperated with the city during clean-up week.

Mrs. GARR for the library committee

tee asked the Woman's Club to pledge \$100 toward the support of the library for 1928-29. This was put in the form of a motion and was carried unanimously.

The president reported that the club had been asked to cooperate in the tobacco pageant to be put on at the Eastern Carolina Exposition Carolina Exposition in Goldsboro by Greenville. The club is training a chorus of thirty young ladies who will take part in this pageant.

Announcement was made that a demonstrator for Dennison's crepe paper will conduct classes in Greenville on Tuesday, Wednesday and Thursday of next week. This was made possible through the aid of Miss Smith, district agent and Miss Nice, county home demonstration agent.

Attention was called to the State Federation meeting which will be held in High Point the first week in May.

All women were asked to be sure and register in order to be able to vote in the next election.

This concluded the business for the afternoon, and the meeting adjourned.

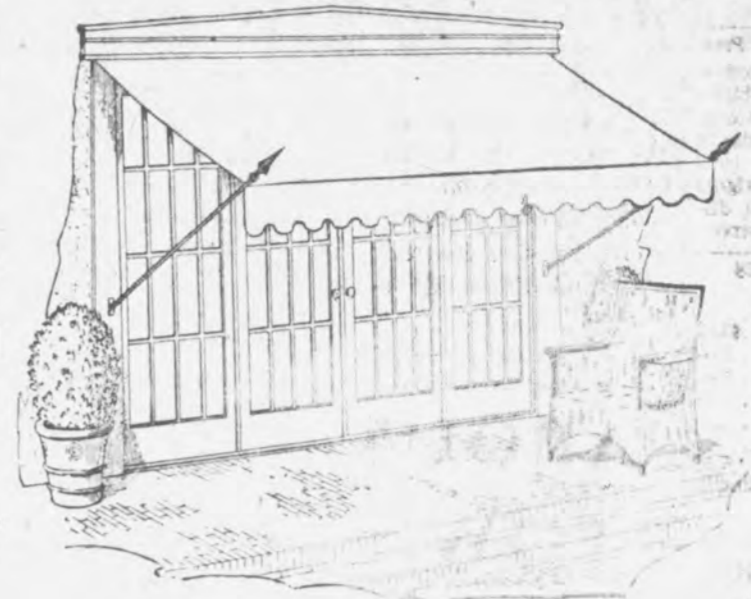

**Mrs. Graves Ill.**  
Friends of Mrs. Swanson Graves of Washington, will regret to learn that she is ill at the home of her mother, Mrs. Pattie Forbes.

**HAPPERSBERGER**  
does the finest watch repairing in Greenville. A trial will convince you.  
Opp. Proctor Hotel

# GOFF ENTERS CONTEST FOR PRESIDENCY

## Sixth Senatorial Candidate Flings Hat Into Ring From West Virginia.

Washington, April 6.—(AP)—The colors of the sixth senatorial candidate for the Republican presidential nomination were flying today with the entry of Guy D. Goff, junior senator from West Virginia, in the primary in that state May 29 when 19 delegates to the Kansas City convention will be selected.

Thus, the former assistant attorney general places his name alongside Curtis of Kansas; Watson of Indiana; Norris of Nebraska; Reed of Missouri, and Walsh of Montana, the latter two Democrats in the senatorial lists for the nomination. Had he lived, Willis, Republican, Ohio, would have made the seventh to enter the presidential contest from the senate.

There had been no previous indication that Goff would become a candidate and his entry as West Virginia's "favorite son" immediately gave rise to speculation as to whether Herbert Hoover, who yesterday picked up seven more delegates to complete his 29 in the Kentucky convention to ring him neck and neck with Frank O. Lowden, in the delegate race, would go in there also.

Information here had been that West Virginia's 19 delegates would go to Kansas City uninstructed, and whether Goff's entry will serve to hold them together in convention and prevent them from voting for whoever they please, remains to be seen. Some observers believe his filing will have this effect since they regard him as more than a "favorite son" candidate.

The fight for West Virginia's 16 Democratic delegates also is expected to crystallize soon. Although it is not considered likely here that Governor Smith will enter the primary list.

Considering that Hoover has Michigan's 33 delegates lined up for him, although they have yet to be selected, the commerce secretary today had forged ahead of the former Illinois governor in pledged and claimed delegates by carrying off, as was expected, Kentucky's 22 district and seven delegates at large. While Lowden is not expected to pick up any more this week, his supporters look to him to add at least 41 of the 61 Illinois delegates to his column in next Tuesday's primary. He also is regarded as the second choice of the Norris delegates in next Tuesday's Nebraska primary.

On the basis of delegates actually selected thus far, the Hoover-Lowden line-up follows:

Iowa	17
Missouri	8
Minnesota	19
North Dakota	13
North Carolina	1
Total	58
(Uninstructed but claimed for Lowden):	
Iowa	10
Minnesota	2
Missouri	17
South Carolina	11
Total	40
Hoover (instructed):	
Georgia	16
(If Coolidge cannot be drifted)	
Louisiana	10
(Contest pending)	
Minnesota	2
Kentucky	29
Total	57
(Pledged):	
(Uninstructed but claimed for Hoover):	
Iowa	2
Maine	15
Missouri	8
Minnesota	4
New York	2
Virginia	15
Total	46

Pershing to Visit Montreal.  
Montreal, April 6.—(AP)—General John J. Pershing will be guest of honor at a banquet on April 28 in celebration of the institution of the Canadian commandry of the military order of foreign wars of the United States.

## TWINS BROUGHT TOGETHER BY SIMILARITY OF APPEARANCE

Georgian Kelly (left) and Eleanor Kelly, identical twins of South Bend, Ind., who did not know of each other's existence for 21 years, were found by Dr. Hortatio H. Newman of the University of Chicago in his search for twins who had been reared apart.

Chicago.—(AP)—A story of twins girls who did not know of each other's existence until they were 21 years of age has been uncovered by Dr. Hortatio H. Newman of the University of Chicago.

The meeting then was pure chance, an incident that might have been lifted from an O. Henry tale. The teacher of one, in a distant city, caught a passing glimpse of the face of a girl on a bus she accosted her "pupil" but it was her

assistants in South Bend, Ind. Georgiana lived in Detroit before she knew of her sister's existence. A sister of the Felician normal school there, which the girl had attended on a visit to South Bend, was struck by the appearance of a girl on a bus. She was the image of her pupil Georgiana.

The sister completed an investigation which disclosed that the two girls were born in St. Vincent's hospital, New York, on July 23, 1901. Eleanor had been adopted by a South Bend family when she was two years old and Georgiana by a Bay City Mich., family when she was 18 months old.

The girls have broadcast a public appeal for aid in locating their relatives, if any live.

Georgiana moved to South Bend after the relationship had been established. The twins are not only strikingly similar in appearance, but their interests are virtually identical.

Dr. Newman has taken finger prints and other measurements of the Kelly girls and they will be given mental tests. Dr. Newman has studied 50 pairs of twins reared together and is anxious to locate another pair of twins reared apart.

## FIRE DAMAGES BIG OIL PLANT

(Continued from page one)

flames from spreading to the vast store of gasoline. The fire fighters at noon were convinced that they would have the flames under control this afternoon, if shifting winds did not balk their efforts.

Havana, April 6.—(AP)—Fire raged today in the Standard Oil Company's \$15,000,000 refinery at Regla, across the harbor from Havana.

Four explosions within an hour after the fire was discovered at 10 o'clock last night and frequent blasts occurred after midnight although none were of sufficient force to cause added damage.

Two hundred men from the United States battleship Wyoming were sent to Regal to aid in fighting the

blaze. Twelve of these were later taken to the temporary Red Cross station established there suffering from minor burns and exhaustion. The entire Havana fire department also went to the refinery.

A large number of men were treated at the temporary Red Cross station for minor injuries, scalds and burns.

The blaze raged for seven hours before Havana fire fighters and men from the Cuban warship and the Wyoming made headway against it and this morning it was still beyond control in three of the 105 tanks of crude oil. Fourteen tanks were destroyed at the refinery which was known as the Belot oil refinery of the Standard Oil Company of Cuba, a subsidiary of the Standard Oil Co. of New Jersey.

## ORTHOPAEDIC CLINIC TO MEET FRIDAY

The orthopaedic clinic held each month in the offices of the county health department in the court house at Wilson for the free examination and treatment of indigent cripples, will meet again on Friday, April 13.

## Easter Cantata at Methodist Church.

An Easter cantata, "The Easter Victory," will be presented by the choir of Jarvis Memorial M. E. Church, and assistants, in the church auditorium Sunday night at 8 o'clock.

The cantata is a composition of words by René Bronner set to music by H. W. Petrie.

The words reveal a sorrowing and yet a glorious story of the crucifixion and resurrection of our Lord and Savior.

The grief stricken world awaited in darkness and sorrow, and loved ones wept while Jesus slept in the silent tomb. Never before had the presence of the merciful Master been so desired. Voices were lifted up in prayer for the Lord to rise from the grave and bind the broken hearts. Roman soldiers closely guarded the tomb while the Master peacefully slept. Early in the morning two sorrowing women came with bowed heads to the sepulcher door expecting to find Him there, but behold He was gone. While the soldiers guarded the angels rolled the stone away, and the joyful morning brought peace to the saddened hearts. There our Savior had risen from the dead and opened wide the gates of paradise that we might lay our sins upon His blood stained cross and there enter in if we would believe on Him. Light had come to the world at last and revealed to us God's great love.

In gloom and darkness waiting. Was the world that silent night. Pleading with the Master To bring a ray of light. While He was peacefully sleeping Soldiers on guard did stay. Two women came in weeping And found the stone rolled away. After the night of sorrow Welcome, O, morn of joy. Peace came on the mornow. And peace without alloy. For Christ had risen from the grave And burst the bonds of sin. He opened wide the pearly gates That we might enter in.

## GET NOTE FROM MISSING GIRL

New Orleans, April 6.—(AP)—With only the words, "Oh, mother, if I tell you where I am they'll kill me," as a clue today police were attempting to locate Miss Thelma Donellan, 17 years old, who has been missing from home since last night when she attended church.

The words were spoken by the girl over the telephone early today to her mother, Mrs. John Donellan, but no other information as to the girl's whereabouts was given. The girl was sobbing as she talked.

## DISMISS POSTMASTERS IN TWO FLORIDA TOWNS

Washington, April 6.—(AP)—Postmaster General New today ordered the dismissal of Alvin L. Durrance and Leslie D. Roberts, postmasters at Frostproof and Avon Park, Fla., respectively.

New said he was advised that Durrance declared he had paid \$300 to secure the recommendation for reappointment to his office, and that Roberts had said he "was willing to pay for his recommendation."

"This positively will not be tolerated in this department," the Postmaster General said, "no man will be appointed who has paid for his endorsement and any man will be summarily dismissed if it develops that he bought his office."

## HEAVY BLANKET OF SNOW REPORTED IN NEBRASKA

Chicago, April 6.—(AP)—A heavy blanket of snow covered Nebraska today putting telegraph and telephone wires out of commission, delaying railroad and interurban trains and blocking the highways.

The fall of snow was five inches deep, according to the weather bureau here, with moderate to fresh winds and temperature 30 to 40 degrees. The storm hit the central west last night after moving northwest from the Texas Panhandle, accompanied by thunderstorms and, in some places, snow.

Parts of Iowa and northern Missouri were expected to get some snow today, the weather bureau said. Points farther east will receive only rain.

Arrangements were made today to broadcast news to Associated Press papers, isolated by the storm in Nebraska, through WFO, the Bankers Life station at Des Moines, Iowa, and WMAQ, the Chicago Daily News station at Chicago.

**CLOUDBURST DEATH LIST** STILL STANDS AT FOUR

Shawnee, Okla., April 6.—(AP)—Relief work went forward here today with all of the hundreds made temporarily homeless by Wednesday's cloudburst, cared for in the homes of friends or by the organization brought into existence after a disastrous tornado in Shawnee four years ago.

The death list remained at four and two persons were missing. A survey involving 183 families and 26 merchants, revealed losses estimated at \$234,800. Damage to city and other property was expected to bring the total loss to \$300,000.

sense that might interfere with the Suez canal. Britain is practical. Uncle Sam's treaty with Nicaragua authorizes him to build, for the benefit of the entire world, a sea level canal from the Atlantic to the Pacific. He should not allow any interfering with that, no matter how the sentimentalists rage.

Two million girls work for a living in this country--2,000,000 too many. American girls should be married, producing good children for the next generation.

Schopenhauer, in his "Studies in Pessimism," referring to women's harshness in dealing with an erring sister, says all women are in a conspiracy to make each man support some one woman for life, and won't forgive any woman that interferes with the conspiracy.
