National Defense Issue Injected Into Sinclair Hearing At Washington

Washington, April 17.—(AP)—The question of national defense, which has figured in the oil trials throughout, was brought into the case of Harry F. Sinclair today, through the medium of Captain J. K. Robison, former chief engineer of the navy who has testified that navy officials are not Albert B. Fall, died in New Mexico.

National Defense Issue Injected Into Sinclair Hearing At Washington

Robison said he met Sinclair in Fall's office late in January, 1922. Fall summoned him, he said, and told him he had found a man big enough to handle the lease which required the construction of pipe lines.

National Defense Issue Injected Into Sinclair Hearing At Washington

Asked about discussing other oil companies with Fall, Robison could not recall when it occurred except it was before March 15, 1922.

National Defense Issue Injected Into Sinclair Hearing At Washington

The witness said Fall told him the interior department frequently made better terms for the government by negotiation than by competitive bidding and for this reason it had eliminated the bidding feature from the Sinclair negotiations.

National Defense Issue Injected Into Sinclair Hearing At Washington

He then reiterated his testimony of yesterday that Fall mentioned several other companies in connection with the leasing of Teapot. Roberts then read Robison's testimony at the Cheyenne civil suit over the lease in which he said Fall let him to believe he had tried to get a proposition from the Gulf Oil Company and it had failed.

National Defense Issue Injected Into Sinclair Hearing At Washington

Robinson testified that he had discussed plans of the navy with Fall, and had told the secretary that there was a grave weakness in the national defense which would be fatal in the event of "certain combinations against us."

National Defense Issue Injected Into Sinclair Hearing At Washington

"Did you tell him what foreign powers you had in mind?" asked George P. Hoover, Sinclair attorney. At this juncture Justice Jennings Esley called counsel to the bench, and after a five-minute conference Hoover asked the witness to leave out the names of any foreign powers and tell what he told Fall. Robison said he could not do it.

National Defense Issue Injected Into Sinclair Hearing At Washington

"I'll drop the matter," said Hoover. Cross examined by Owen J. Roberts, for the government, the witness said he met Sinclair in January, 1922, and had played poker with the oil man in a hotel here.

CHASE GIVES TESTIMONY IN OIL INQUIRY

Fall's Son-In-Law Tells of Mysterious Memorandum Found Committee Records.

Washington, April 17.—(AP)—Clarence G. Chase, son-in-law of Albert B. Fall, testified before the Senate Teapot Dome committee that the mysterious memorandum found in the committee records which said that Fall never received any money from Sinclair was found in the committee records was written on the same kind of paper as that used by Fall in writing former Senator Lenrot of Wisconsin in December, 1923.

CHASE GIVES TESTIMONY IN OIL INQUIRY

The witness also said that it would seem that the two documents were written on the same typewriter at the same time, but he added that he did not know. "I don't identify these papers, Senators," he said, replying to a question from Senator Walsh, Democrat, Montana.

CHASE GIVES TESTIMONY IN OIL INQUIRY

Importance has been attached to this phase of the Teapot Dome investigation in view of the claims that Sinclair did give Liberty bonds to Fall, but that the purpose was to buy an interest in the Fall ranch in New Mexico.

CHASE GIVES TESTIMONY IN OIL INQUIRY

"Where you at Fall's ranch when Sinclair visited there?" asked Chairman Nye. "Yes, sir," Chase replied. "Was Mr. Blackmer there?"

CHASE GIVES TESTIMONY IN OIL INQUIRY

"No, Mr. Blackmer came in late," the reference was to H. M. Blackmer, former president of Midwest Refining Company, and a missing witness in Sinclair's oil conspiracy trial now in progress.

CHASE GIVES TESTIMONY IN OIL INQUIRY

Chase insisted that he did not know why Sinclair and Blackmer visited the ranch. Describing a visit Fall made to E. L. Doherty's house in New York City, in December, 1923, Chase said he took some papers out to the house in response to a telephone call, but he could not describe them.

CHASE GIVES TESTIMONY IN OIL INQUIRY

"Did Fall see anyone else while he was in New York?" asked Senator Walsh. "Yes, Mr. Sinclair called."

CHASE GIVES TESTIMONY IN OIL INQUIRY

"What was discussed?" "It was purely a social call; no business was discussed."

CHASE GIVES TESTIMONY IN OIL INQUIRY

"The story of the New Mexico witnesses was out; wasn't that discussed?" "No, sir."

CHASE GIVES TESTIMONY IN OIL INQUIRY

Chase said he brought non memorandum to Washington to give to anyone and he had never seen the one under inquiry until it was shown to him today.

CHASE GIVES TESTIMONY IN OIL INQUIRY

Replying to Chairman Nye, Chase said he knew a William Abbott, of Tulsa, Okla.

Thousands Expected To Hear Evangelist In Special Sermon Sunday, May 6th.

The best council of the Junior Order this month arrangements with Billy Sunday to deliver a special sermon to the order on Sunday afternoon May 6, 2:30 according to an announcement made today by Rev. Thos. E. Beaman, chairman of the arrangement committee.

Thousands Expected To Hear Evangelist In Special Sermon Sunday, May 6th.

There are 400 councils in the state, with a membership of 50,000, according to Mr. Beaman's statement. Every council in the state will be invited to come to Greenville for the mammoth occasion. A parade will be staged at 1:30 which is calculated to be the biggest parade of its kind ever put on in Eastern Carolina.

Thousands Expected To Hear Evangelist In Special Sermon Sunday, May 6th.

The three Cardinal principles of the Junior Order of United American Mechanics are virtue, liberty, and patriotism, Mr. Beaman pointed out.

Tells of Faults In Educational System of State

Winston-Salem, April 18.—(AP)—The assumption by some educational authorities that all citizens are of equal intelligence and are endowed with the same tastes and talents is one of three major faults extant in the educational system today, in the opinion of Dr. Leroy F. Jackson, of Burlington.

Tells of Faults In Educational System of State

Speaking last night before the North Carolina Social Service conference meeting here, Dr. Jackson listed the setting up of false objectives in the form of academic credits and the expectation that students would assume the passive instead of the active attitude in regard to learning as the other major faults.

Four Children Burned to Death In W. Virginia

Sistersville, W. Va., April 18.—(AP)—Four children were burned to death late last night when fire destroyed their home on McElroy Creek, fifteen miles from here.

The dead, all children of Mr. and Mrs. Denton Tennant, were: Vonda, 8; Brooks, 10; Garnet, 7, and Betty Lee, 3.

Two older boys escaped but were burned.

The children were trapped in their bedrooms. The parents were downstairs when the fire broke out. Hearing screams, they rushed for the second floor, but were driven back by the flames and escaped. It was believed that the bedrooms were filled with gas from a leaking pipe and that a small lamp ignited the gas.

Bishop Dickey Dies At Louisville, Ky.

Louisville, Ky., April 18.—(AP)—Bishop Edward Dickey, 63, died here last night as result of an operation for appendicitis. He had served Kentucky, Illinois and West Virginia, the eleventh district of the Methodist Episcopal Church, South, for two years.

He was elected to the episcopacy in 1922 but served four years in Texas and New Mexico before coming to Louisville. For 21 years, prior to being made a bishop, he had been connected with Emory College, 13 years as President.

Kills Wife And Two Daughters, And Then Self

Newport, Tenn., April 18.—(AP)—Hacking his wife and two grown daughters to death with an axe, then committing suicide by firing a shotgun through his mouth, Dase H Hawk, 58, well-to-do farmer, destroyed his entire family at their home near here today during a fit of insanity.

A neighbor who called at the house discovered the tragedy, finding Mrs. Hawk lying on the kitchen floor, her head crushed and in a dying condition. A 28-year-old daughter, Maude, dead on a screened porch where she apparently had crawled from the back yard, and the other daughter, Lucille, 21, dying in the back yard driveway.

The skulls of both girls also had been crushed

District Typewriting Contest. The Northeastern District Typewriting contest will be held at the Greenville high school on Saturday, April 21, at 11 o'clock.

Until this year there have been no preliminary district contests. Any school maintaining a commercial department sent teams to the state contest and the school with the highest average won. In order to stimulate more interest in the work and give the smaller schools a better opportunity, it was decided at Chapel Hill last year to try having district contests first. The winning teams in each district will compete at the state contest which will be held in Asheville on May 5.

Miss Mary Huggins of Greenville high school is chairman of the contest for this district.

SENIOR PLAY HERE TOMORROW NIGHT. The members of the faculty of East Carolina Teachers College who have watched the rehearsals are greatly pleased with the production of the play the Senior-Normal Class has ready for presentation on tomorrow and Friday evenings.

"The Romancers" is a delightful play and the girls and Mrs. Hendrix have ready a charming performance. The garden scenes make the stage a beautiful bower, the costumes of the chorus and dancing groups add greatly to the beauty, the humor furnished by the whimsical old men make it human, and the love story of the romantic young people stirs the hearts of those who follow it.

Mrs. Hendrix has coached the play, taught the songs, and the dances and designed the lovely costumes. She has also planned the stage setting. She has given all her time for several weeks to this production.

Under her expert guidance, a performance of rare beauty and charm is promised the public tomorrow evening and Friday evening.

DON'T GO TO EUROPE. That is to say don't go to Europe until after next Sunday. Elsie McCormick has written an article for THE NEW YORK WORLD'S Sunday Magazine, entitled "What Not to Do in Europe." SCORES DECISION IN F. & N. DECISION. Washington, April 18.—(AP)—The recent interstate commerce commission decision denying the payment and Northern Railway Company the right to construct extension of its lines in North and South Carolina was referred to today by Representative Abernethy, Democrat, North Carolina, as "carrying to the extreme the question of government by commission."

In a statement prepared for publication in the congressional record, he declared that such power as had been exercised by the six commission members denying the petition could have been contemplated by the "most ardent supporters" of the interstate commerce act.

"To put this matter in plain, simple language," he continued, "we find a commission here in Washington which by a vote of half of its membership denied two sovereign states the right to have constructed strictly within the borders of their states an extension of an electric railway."

CANADA SOLDIER SUES TWO NEWSPAPERMEN. Coburg, Ont., April 18.—(AP)—Trial of the \$50,000 libel suit brought by Canada's wartime commander, General Sir Arthur Currie, against two newspapermen because of a story attacking his war record, today entered its third day with the defense balking in efforts to introduce evidence concerning the general's conduct during the second battle of Ypres.

Col. Jack Currie, former commander of the Toronto Highlanders, called as a witness by the defense, was not permitted by Justice Rose to answer questions along this line.

put by counsel for W. T. H. Preston and F. W. Wilson, defendants. The suit is based on an article published in Wilson's paper, the Post Hope Guide, and written by Preston charging that Canadian lives were scattered at the battle of Mons, on Armistice Day, for the glorification of the Canadian headquarters staff.

SELF SUCCEEDS HOWLE AS DENTAL PRESIDENT. Charlotte, April 18.—(AP)—Officers of the North Carolina Dental Society elected last night were installed this afternoon. Dr. R. I. Self, of Lincolnton, succeeding Dr. Eugene B. Howle, of Raleigh, read the names of committee members who will act during the coming year.

Other officers elected and installed were Dr. John Wheeler, Greensboro, president-elect; Dr. Wilbert Jackson, Clinton, vice-president; Dr. Dennis F. Keel, Greensboro, secretary-treasurer. Dr. Keel served in this capacity during the past year.

Other elections resulted in the naming of Dr. Howle of Raleigh, and Dr. John A. McClung, of Winston-Salem, to the state board of dental examiners. The association will be represented at the national convention in August by Dr. Howle, Dr. Wheeler, of Greensboro, and Dr. B. F. Hall, of Asheville.

ROUND TABLE CLUB MEETS WITH MRS. WHITE

On Tuesday afternoon the Round Table Club met at the home of Mrs. M. H. White. A short business session was held. A letter from J. S. Holmes, the N. C. State Forester, asking for the co-operation of club members in securing the passage of certain forestry bills now before Congress, was read. A motion made by Mrs. T. A. Person with complete approval.

The subject for the afternoon was Folklore of Savage Tribes. Mrs. E. W. Griffin, who is on the program, had invited Miss Lella Higgs to present the subject. Her paper was very interesting, giving instances of the wonderful magical practices which the Anglo-Saxon mind has not grasped and explained away, therefore, calls "voodoo." The beauty and delicacy of the true worship was given with touch of a real artist. The Misses Fullilove, very sweetly sang a group of old songs, such as "Spanish Cavalier," with guitar accompaniment.

The many organizations of Greenville are deeply indebted to these young women for the music which they give so graciously as a real service.

Mrs. White, assisted by Mrs. W. W. Casey and Mrs. O. G. Gulley, served a salad course, passing among the guests later on baskets of home made candies.

Others present were Mrs. John Gregson, Mrs. W. D. Pruitt, Mrs. C. J. Ellen and Mrs. W. B. Tilghman.

Cleric's Flapper Wife

Charging the reactionary element of a San Francisco Methodist Episcopal church with forcing her husband's resignation as minister, Mrs. Ira Gragg, 29-year-old self-styled 'flapper,' will take her spouse to Hollywood.

ABOUT TOWN

The membership drive of the Greenville Merchants Association started this morning at ten o'clock, members of the soliciting committee said today.
'The drive will continue for one day only, but during this time we hope to be able to add numbers of men interested in the continued development of this locality.
The Merchants Association has served the city in many capacities since its organization several years ago, and it is in better position to render service today than ever before. Taking the place of a chamber of commerce and other clubs that have since improved as their object, the association has brought about many changes in the business and industrial life of the city.
'Success of the membership drive today will largely determine the scope of activities the next several months, so it is necessary that we succeed.'

THE KLAN DENOUNCED FROM THE BENCH

In dismissing the suit of the Ku Klux Klan against the former members in the United States District Court at Pittsburgh, Judge W. H. Thomson declared it to be an 'unlawful organization' that came into court with filthy hands' and could get no relief there. He not only arraigned it as 'destructive of the rights of the people' and acting in violation of its own charter and its own constitution, but tied particular instances and named certain Klan officials—Rich and Evans—as responsible for serious offenses against the law. To the direct orders of Rich and Dragon of the State of Pennsylvania, two cases of kidnaping were charged, Evans, Imperial Wizard of the order, was declared to be 'directly responsible for the riot and bloodshed' following the Klan parade at Carnegie that had been prohibited by the civil authorities. Judge Thomson's opinion rendered from the bench, and as a searching indictment of the Klan and the men who directed its operations; supported as it by sworn testimony given during the Pittsburgh trial, calls for prompt action looking to the revocation of the Klan's charter, if not perhaps prosecution in the courts of men held responsible for criminal acts—New York World.

SAYS SMITH WILL BE NOMINATED
Asheville, April 18—(AP)—A. Mitchell Palmer, former Attorney-General in Wilson's Cabinet, who is visiting here and preparing to attend his sixth Democratic national convention, repeated today what he said in Asheville just a year ago.
'Smith will be nominated,' he asserted, 'and he will be elected President. I made that statement here a year ago. Sentiment in favor of Smith is stronger than it was then.'

Twenty-One Deaths In Russia Result Easter Observance

Moscow, April 18—(AP)—Twenty-one deaths, fifteen of them from vodka, were reported in Moscow over the Easter celebration. Six of the dead were killed by violence or accident while many were wounded with pistols and knives in drunken brawls. More than 1,000 arrests were made.
Morevites consumed about four and a half million bottles of vodka, two million bottles of wine and thirty-eight million eggs during the holidays. On the first day ambulances were unable to cope with the calls.
With brains belaguered by vodka, men fell under automobile, buses and trams, while others even drank Easter celebration parties. Hoodlums started smashing shop windows but the militia soon put a stop to this.
Homecoming Day For Cubs.
Chicago, April 18—(AP)—It was homecoming time for Manager Joe McCarthy and his Cubs today and Chicago assumed the aspect of a city waiting for the opening of a world series.
All reservation seats were sold and a record throng of 45,000 fans

was expected to cram its way into the enlarged Wrigley field to watch the Reds and the Cubs rip off the lid. The return of Hack Wilson, slugging outfielder, and Charley Grimm, first baseman, to the Chicago lineup bolstered interest, while many wanted to get a glimpse of Kiki Cuyler.
The veteran Art Nehf, first to return his mates a victory this season, was to hurl for the Cubs while Red Lucas was billed to pitch for the Reds.
Pitcher Inherits \$500,000.
Chicago, April 18—(AP)—Percy Lee Jones pitcher for the Chicago

Cubs, came here for the opening home game today, \$500,000 richer. He has just inherited a half million dollar estate, willed him by a grandmother, who died recently in Georgia.
He did not tell his teammates until he left St. Louis last night for Chicago.

Market Report

Cotton--Stocks--Grain

COTTON MARKET.

New York, April 18.—(AP)—An opening advance on unfavorable crop advices attracted a good deal of realizing in the cotton market today, which was followed by reactions. After showing net gains of 3 to 13 points, active months sold 6 to 16 points net lower but nervousness over the new crop start brought in some buying on the decline.

The mid-afternoon market was steady, within a point or two either way of yesterday's closing quotations.

Futures closed steady, 9 to 18 points higher; spot steady, middling 20.50.

CHICAGO GRAIN

Chicago, April 18.—(AP)—Corn and oats both jumped today to the highest price which the July and September deliveries have reached yet this season. Big buying of all grades developed. Wheat advanced, corn and July wheat touched a new high price record for the season.

The entire grain list closed buoyant, wheat 2 1-2 to 3 3-4 net higher, corn 2 1-8 to 2 7-8 up; oats showing 3-4 to 2 1-4 gain, and provisions varying from 7 decline to rise of 2.

STOCK MARKET.

New York, April 18.—(AP)—Stocks displayed a complete reversal of form in today's market, selling sharply in the morning and rallying briskly following a 10-point jump in radio.

Early selling was in further reaction of tightening margin requirements and fears of an early increase in rediscount rates. Prices of any issues were carried down 1 1/4 points but good support soon made its appearance and the market headed upward again by early afternoon. Radio rallied from 2 1/4 to 17 1/2.

One of the most interesting developments of the day was the revival of gold exports to Great Britain, a shipment of \$1,500,000 reported, the first since March 22. Call money appeared in plentiful supply at the revival figure of 5 per cent but prime commercial paper rates were slight-firmer.

Afternoon buying operations centered in a rather wide assortment of securities, including tobacco and blue chip stocks. Paramount motion picture shares, Paramount international tea soared 11 points to 222, and Manhattan modified antedated, U. S. Realty and Loring advanced to 61 1-2, 87 1-2 and 3-8, respectively, all new high records. General Electric rallied on 164 5-8 to 168 and General Motors from 188 7-8 to 191 1-2.

The closing was strong. Total sales, approximately 3,500,000 shares, below 4,000,000 for the first full session since April 9.

Pleads Guilty In Theft Case At Pittsboro

Pittsboro, April 18.—(AP)—J. Clinton Talmer, one of the dozen alleged automobile thieves on trial in Chatham Superior court, today pleaded guilty and defense attorneys indicated the whole gang may soon make similar pleas and throw themselves open to state prison terms.

The indication was given newspapermen as the testimony by the prosecution, under Solicitor Clawson Williams, continued to unroll in today's proceedings.

Talmer had originally pleaded guilty.

Identifications and incriminating evidence flowed into the court record which also noted the change of plea of Edward Barber from not guilty to guilty. Barber confessed that the gang had stolen cars in North and South Carolina, Tennessee, Virginia and West Virginia.

Women Held For Killing Husband

Louisville, Ky., April 18.—(AP)—Lack of money to pay charges on a taxicab which carried her, bar-headed and disheveled, away from this city where she is accused of slaying her husband yesterday has led to the arrest of Mrs. Nadine Weinert, 28, on a charge of murder.

The victim, Brune Weinert, 42, a theatre orchestra leader, was shot to death in the couple's hotel room shortly after noon, following a heated argument with his red haired wife. Other roomers heard the shots but were unable to halt the woman who, fleeing down a rear stairway, flagged a taxi and drove apparently aimlessly to a point fifteen miles from Louisville. She then discovered she had no money and returned to the city where she obtained a fur coat from a friend, pledging the garment with the taxicab company for payment of the fare.

Other drivers recognized her and trailed her to a restaurant after notifying police. Arrested, she is said to have confessed.

Why not select Cement?

TODAY, everyone in the community has an influence in selecting the type of pavement to best withstand the wear and tear of heavy traffic. Of course, that type of pavement is concrete. Whether for state or county highways, streets, alleys or driveways, concrete has proven its superiority. Cement is the chief ingredient of all concrete—it should be carefully selected.

In this vicinity you'll find permanent roads, bridges, culverts, streets and roadways built with Security Portland Cement.

Supreme Court Gives Opinions In Eleven Cases

Harrisburg, April 18.—(AP)—Handing down 11 opinions today, the North Carolina supreme court rendered decisions in minor cases, continuing to withhold judgment in the Larry Newsome case from Wayne county.

The negro remained in death row at state prison, awaiting the court's decision in his case as to whether he would die for the death of a young woman last winter.

Associate Justice Brogren ruled that superior court Judge Stack had erred in his charge to the jury hearing the case of state versus Toler, Caswell county, ordering a new trial. Toler stood charged with manslaughter in connection with the death during December, 1926, of a person struck by an automobile, alleged to have been operated at the time by the defendant. The act of driving automobiles must be operated on the right hand side of or to the right of the center of state highways, effective July, 1927, was involved. Justice Brogren held the law was not in effect at the time of the alleged crime.

The higher court held there was no error in state versus Bennie Boswell, Guilford, affirming the conviction of the defendant, charged with assault with a deadly weapon and larceny of \$125 in money and a watch.

Judgment in Stewart against Stewart, Forsyth, was affirmed. Associate Justice Connor holding Frank Stewart was the heir of Samuel E. Stewart at the time of Samuel E. Stewart's death in 1926. The action involved heritage of lands.

down the Amazon to the place where Henry Ford has bought rubber concessions from the state of Para. They hear that Henry Ford pays big wages—he does—and they all want to work for him.

Led by real estate will-o'-wisp a lot of Americans rushed to buy land, more or less in the neighborhood of Muscle Shoals, under the impression that Ford would come down and make the land worth ten times its real value. Ford did his best to stop that expensive foolishness, but it was impossible.

Lord Birkenhead, one of England's really intelligent statesmen, protested against the British film, "Dawn," showing the life and death of Edith Cavell, executed by Germans as a spy.

Lord Birkenhead says the question is, "Do we desire, or do we not desire, that a new era of peace should dawn in Europe?"

France and other nations in the course of bitter war executed women as spies. It was necessary, as part of the allies' war police, to kill, through disease brought on by semi-starvation, thousands of German children. All that is part of a horrible past and its memory should not be kept alive for money-making purposes.

The film "Dawn" should not be exhibited in this country.

The Bolshevik government will send out fifty scientific expeditions this year, some far into the north, some to the Crimea, the Caucasus, Turkestan, and Mongolia.

Scientific facts and new sources of wealth will be explored.

Russia has not shown much energy since Peter the Great sent expeditions to open mines in distant parts of the empire.

Revolution is rough, but it does stir men's minds.

The League of Nations statistical department says countries engaged in the big war had a total population of 1,400,000,000 and that war cost 27,000,000 human lives.

Ten million one hundred and thirty-five thousand were killed in the war. Births, on account of fathers being away, etc., diminished by 20,850,000. "Spanish flu" and other causes increased civilian mortality by 4,016,000.

These frightful figures should make peace permanent, but they won't. All that horror would be forgotten in the first flaming up of international hatred. The fighting dog doesn't remember the wounds of his last fight.

Fills Unexpired Term

Cyrus Locher (above), State Director of Commerce in Ohio, is to take the place of the late Senator F. B. Willis at Washington. Locher, who is a Democrat, was appointed by Gov. Vic Dohoney.

European cars of American make in Europe are compelled to pay duty when they bring those cars into the United States. President Coolidge is requested to stop that nonsense.

If traveling Americans have sense enough to buy good American cars abroad, instead of snobbishly buying cars of European make, for heaven's sake encourage them. American labor is in those cars. American manufacturers have made the profit. What more does the tariff want?

A British woman, Lady Heath, without saying much about it, casually flies all by herself from Egypt to London. If Dido, queen of Carthage, had enjoyed such facilities, her story would have been told differently.

Believe Man Was Kidnapped

Asheville, April 18.—(AP)—Officers today were pushing their search for M. W. Goolbsy with renewed vigor after the receipt of a letter yesterday that he might have been kidnapped when he disappeared last Saturday night.

The letter, written to C. D. Welch, foreman of a construction force here, was said to be in Goolbsy's handwriting and announced that he was being held by four men who threatened to kill him unless he paid them \$300 each.

It was mailed from Salisbury on Monday night, officers said. Goolbsy's disappearance was reported Sunday to officers, according to his wife, who said he had been in a card game and had won some money. He had been threatened with violence unless he returned the money, his wife said he told her.

Lindy Reaches Old Home Town

St. Louis, April 18.—(AP)—Col. Charles A. Lindbergh is home again, this time with a new monoplane which he will use in place of the "Spirit of St. Louis" when he said would be given to the Smithsonian Institution at Washington.

Fighting strong head winds, Lindbergh flew 400 miles from Wichita, Kansas, and landed here last night, with two passengers, H. M. Bixby, president of the St. Louis Chamber of Commerce, and Harry H. Knight, broker.

MORTIMER DAVIS LEAVES BIG SUM TO HIS SON Montreal, April 18.—(AP)—Mortimer Davis, Jr., husband of Roszika Dolly of the famous dancing team, and his step-mother, Lady Davis, are to share equally in the net annual revenue of the estate of the late Sir Mortimer Davis.

Canadian financier, the will filed here revealed. The estate is estimated at \$150,000,000.

At the end of 50 years—the period set by the will before the estate is to be settled—if his son has died and Lady Davis has died without issue of his marriage with her, Sir Mortimer directed that the estate be divided among a hospital, the federation of Jewish philanthropies and non-sectarian charitable institutions in the province of Quebec.

Rome, (AP)—Domenico Cevazzo, New York Italian, has given Mussolini \$1,100 for the Association of War Wounded.

Hold Contractor For Terry Death

Pittsboro, April 18.—(AP)—The Chatham county grand jury today returned an indictment against W. H. Lawrence, prominent Durham contractor, charging him with first degree murder, in connection with the slaying of Mrs. Annie B. Terry, Durham dressmaker, whose body was found April 2.

Lawrence will probably go to trial at the May term of Chatham superior court. The grand jury spent yesterday and this morning hearing evidence leading up to the indictment.
