OCEAN FLIERS GO TO RELIEF OF MONOPLANE

Balchen and Bennett Plan Take-off From Detroit Today For Greenly Island.

Detroit, April 19. (AP)—The Bennett-Balchen flight to the German trans-Atlantic plane Bremen and its crew on Greenly island, has been postponed until tomorrow. Bert Balchen, co-pilot with Floyd Bennett in the proposed flight, announced today.

Balchen said they plan to take off from the Ford airport at 6:30 a. m. tomorrow, weather conditions permitting, flying first to Murray Bay, Que.

They were scheduled to start today but inability to get the relief plane in readiness for a take off before noon, coupled with unfavorable weather, sports and the illness of Bennett, who is suffering from a severe cold, caused the postponement.

At Murray Bay the relief fliers plan to pick up a mechanic and pilot to accompany them to the isolated island. There they hope to repair the Bremen to enable it to complete its flight to New York. It is not their plan to return Major James Fitzmaurice, Captain Hermann Kochl and Baron von Huenfeld, who piloted the Bremen on its westward flight, to New York in the relief plane.

The trip is to be made in a trimotor all metal Ford plane. Negotiations for the use of the plane were completed today. The plane will be equipped with gasoline tanks used by the "Josephine Ford" which flew to the North Pole.

Skis which were used by the relief plane at Murray Bay before being taken to Greenly island.

The relief party flew here yesterday from New York in a Bellanca one of the planes which Commander Byrd will use on his south pole flight. They had planned to use a new Ford plane built for the south pole expedition on the relief trip, but were unable to obtain it because it is in convention hall on display in the All-American Aircraft Show.

Detroit, Mich., April 19. (AP)—Floyd Bennett and Bert Balchen, American trans-Atlantic fliers, plan to take off from the Ford airport today, weather permitting, to fly to the relief of the German Junkers monoplane Bremen, which landed Friday on Greenly island after a westward trans-Atlantic flight.

The noted air pilots who announced plans for relief flight today said they were waiting for weather reports and would take off before noon if possible.

The flight, designated as the official New York relief expedition, is sponsored by the New York World and the North American newspaper alliance. Bennett and Balchen are to be accompanied by Thomas Mulroy who also was connected with the Byrd polar and trans-Atlantic expeditions and Charles J. V. Murray of the New York World.

New York, April 19. (AP)—A propeller to replace the one broken when the trans-Atlantic monoplane Bremen landed at Greenly island was on its way today to Murray Bay, where Major Fitzmaurice waits to take it back to his two German comrades so all three can continue their flight to New York.

The propeller was taken from the Bremen's sister ship, the Junkers F-13, flown back here from Montreal yesterday, and immediately was sent by train back to Montreal.

Messages attest previous indications that the flying triumvirate would arrive here separately, or that they might leave the Bremen at Greenly island any time in a seaplane.

Bull Calf and Farmer.
By God's Grace.
Imaginary Gold Bars.
Earthquakes in Mexico.
(By Arthur Brisbane)
Copyright 1927, by Star Co.

Professor Coryllos, asks the United States to help "end turmoil in the Balkans."
America should tell Professor Coryllos that when the Balkans want to end turmoil, they can do it. Until then, it will not be the business of the United States to end it for them.

The artist, Frost, drew an old farmer starting to educate a young bull calf and harnessing himself and the calf to the same yoke. As he went downhill, dragged by the calf, the farmer said: "Stop us, somebody, damn our fool souls."
The Balkans can stop running downhill to destruction, if they want to stop.

The German and Irish fliers insert the words "Thank God," or "By the grace of God," in every message describing their safe landing through fog and storm across the ocean after thirty-six hours of danger.

The professional atheist, unwilling to believe nothing that "has not been proved to him," would find his opinions changing, in a big earthquake, or above the ocean in a fog.

Norway has gone back to the gold basis, the seventeenth century on earth to do so. That basis is more or less of a financial fiction. There is not nearly enough gold on the planet.

WORK OF FARM STATION

Many Attend Fiftieth Anniversary Of Ex- periment Station At Raleigh.

Raleigh, April 19. (AP)—Research work beneficial to the North Carolina farmer was praised on all sides by many prominent speakers at State College today, the fiftieth anniversary of the North Carolina Experiment Station.

Dr. R. Y. Winters, president-director of research; Dr. Charles W. Dabney, director of the station from 1889 to 1927; Dr. H. B. Battle of Montgomery, Ala., director from 1887 to 1897; Dr. E. W. Allen, chief of the office of experiment station of the federal department of agriculture; William A. Graham, state commissioner of agriculture; Dr. H. W. Barry, director of the South Carolina station; Dr. A. W. Drinkard, director of the Virginia station; Dr. William S. Myers, New Jersey station; L. G. Willis, Massachusetts; J. O. Halverson, Minnesota; and presidents of colleges in this state, all joined in detailing the constant effort to discover some of the secrets of the soil and plant and animal life.

Following the noon luncheon and address of Dean L. O. Schaub, of the State College school of agriculture, detailing the station's contributions to agriculture, a pageant picturing the committee meeting at Chapel Hill early in 1877 which resulted in the founding of the North Carolina station, completed the anniversary party.

Mr. Graham contrasted productivity of the soil under the Indian and later under the white man.

The answer lies in the more intelligent use of these soils by a more intelligent race of people," he said. "You cannot expect to do all the experimenting for the farmers, and I shall consider your job most completely performed only when you succeed in leading the farmer to do a lot of experimenting for himself."

Tarboro, April 19. (AP)—Called for "great benefit" joy and inspiration, the 46th annual convention of the woman's auxiliary of the Episcopal diocese of North Carolina in its second day meeting today heard report of auxiliary progress through the state from the 50 chapters represented with about 200 delegates present.

The Rev. Philip Cook, bishop of Delaware said industrial, educational and social life and the press are mildly Christian, politics especially so. He cited the remark of a returned missionary who said western civilization is so inoculated with a mild type of Christianity that it is immune from a real disease.

CITY ALL SET FOR ARRIVAL BILLY SUNDAY

Final Plans Of Campaign To Be Settled At Meeting Of Committees Tonight.

Billy Sunday, greatest evangelist of the day, will arrive in Greenville sometime Saturday and Sunday afternoon will open what is generally conceded will be the greatest evangelistic campaign in the history of Eastern North Carolina.

Accompanying Mr. Sunday will be Mrs. Sunday, Homer Hammond-tree, choir director, Robert Matthews, pianist and secretary and Miss Florence Kinney, Bible teacher and director of woman's and young peoples' work. Albert Peterson, advance representative, arrived in Greenville today to complete preparations for the opening of the campaign Sunday.

Mr. Peterson this afternoon issued a call for a session of all committees at the tabernacle at Smith and Suggs' warehouse tonight at eight o'clock. At this time he hopes to complete all details in connection with the campaign, and at the same time let each member of all committees know exactly what will be expected of him during the six weeks the revival is in progress.

Mr. Peterson said arrangements had been made for caring for children under six years of age in order that their parents may have an opportunity of attending the services. A nursery will be opened at the Eighth Street Church of Christ where a competent staff of women will take care of children too small to attend or appreciate the services.

The advance representative declared it was highly important for members of all committees to attend the services tonight as at this time specific directions regarding the campaign will be outlined to every member. The more closely these plans are followed, he declared, the more certain success of the campaign will be.

The choir loft, pulpit and seating arrangements have been completed in the mammoth warehouse to be used as a tabernacle for this great meeting, and when the first services begin not a single detail will have been omitted. Thousands of seats have been provided and the great crowds gathering here from many sections of the state may rest assured of being able to hear the evangelist, rain or shine.

The Billy Sunday party will make their home at the Proctor Hotel while in the city, although it is possible every day will find them taking meals with citizens of this locality. It is the first time the noted evangelist has been down in this part of the country, and members of the various committees are expecting a great influx of visitors with each succeeding day.

Social Workers Lend Approval To Many Issues

Winston-Salem, April 19. (AP)—An active session at which endorsement was given to several legislative proposals for Welfare work marked the closing stages of the North Carolina social service conference here last night.

Approval was given a proposed law to require two weeks notice before marriage. The Australian ballot system also was approved and the conference went on record as favoring the eight month school term, a survey of women in industry, legislation looking toward the abolition of Capital punishment and the eight hour work day.

Frank Graham of Chapel Hill, was elected President for the ensuing year. Other officers elected were Mrs. W. R. Watschick of Henderson, first vice president; Howard W. Odum, Chapel Hill, second vice president; Gilbert T. Stephenson, Raleigh, treasurer, and Miss Harriet L. Herring, Chapel Hill, secretary.

THREE FOUND GUILTY OF FORGERY IN BUNCOMBE

Asheville, April 19. (AP)—John H. Grogg, his son, John, Jr., and Samantha Davis Bryson, were under indictment today as a result of a Buncombe county grand jury's investigation yesterday of charges that Jesse M. Frisbee and his wife had been defrauded out of their home.

The indictment charges that the Frisbees were fraudulently induced to sign a deed conveying away their property in Leicester township valued at \$5,000. The false making of the deed is punishable as forgery, the indictment alleges.

TRAGIC END FOLLOWS GAY WEDDING FEAST

A fire which killed 13 claimed John Zerbonitz, 19, and his bride, who was Annie Kretachalk. The newly-wedded couple are shown above as they appeared after the nuptials and before the holocaust in the home of Embro Kretachalk that followed the wedding feast. The ruins of the home are shown.
(International Newsreel)

Man Confesses Killing Hall and Mrs. Mills

Somerville, N. J., April 19. (AP)—Although disinclined to believe the confession of a prisoner in the El Reno, Okla., jail that he was the slayer of the Rev. Edward Hall and Mrs. Eleanor Mills near here in September, 1922, authorities today prepared to make a thorough investigation.

Elwin F. Allen, 28, held in El Reno on a charge of burglary said he killed the couple with the air of a man who has done it before. The confession was paid him by an Elizabeth, N. J., dentist, who he says, was a relative of the victim's widow.

Prosecutor Francis J. Bergen, who pressed the investigation of the murder which led to the arrest, trial and acquittal of Mrs. Frances Hall, her two brothers, and a cousin, said he did not place much credence in the confession but would make inquiries. Allen's cell mate wrote Prosecutor Bergen a week ago saying the former had admitted the killings, and yesterday the confession was made public by the Oklahoma sheriff.

Authorities pointed out several discrepancies in the confession. Allen said he had killed the two in 1921 whereas they were killed in September 14, 1922.

Robert H. McCarter and State Senator Clarence E. Case, of counsel for Mrs. Hall and the other defendants in the trial of November, 1925, doubted the confession.

ONE QUESTION OF JONES BILL DELAYS ACTION

The attention of the House centered today upon the possibility of closing the breach that has developed between House Republican leaders and supporters of the \$225,000,000 Senate flood control bill over revision of its provisions to meet objections raised by President Coolidge.

For the third consecutive day the informal conferences that all this week have been taking place between representatives of the two opposing groups have promise of having a far greater effect upon the final form of the pending flood control legislation than the perfunctory debate in the House chamber.

From both camps today there were indications that the points at issue had been narrowed down to one question—whether the states or federal government should shoulder the cost of lands needed for the construction of levees and spillways—and on both sides intimating that an agreement might be had.

Senator Hawes, Democrat, Missouri, after a conference at the White House, said that he was convinced that the President's objections to the Jones-Reed flood control measures now before Congress could be met by slight modifications in the bills without fundamentally altering its provisions.

FIND SHORTAGE IN ACCOUNT OF DEAD CASHIER

\$234,000 Shortage Against D. M. Ausley Who Committed Suicide Yesterday.

Statesville, April 19. (AP)—A shortage of \$234,000 has been found in the accounts of D. M. Ausley, cashier of the Commercial National Bank here, it was announced today by W. D. Turner, president of the institution. Ausley shot and killed himself in his room at a local hotel yesterday and is to be buried this afternoon.

The shortage was discovered by National Bank examiners who came here yesterday morning, a few hours before the suicide.

The bank has a capital stock of \$100,000 and a surplus of \$60,000. Mr. Turner estimated that the shortage had wiped out the capital and surplus.

The announcement came when the bank failed to open its doors this morning.

Pending complete examination of the bank's books no announcement of future plans were made.

Orlando Chief Of Police Held In Murder Case

Orlando, Fla., April 19. (AP)—Indictments of Orlando's police chief and four subordinates brought the list of Florida peace officers held on murder charges today to an even dozen, and two of them were heads of their city enforcement departments.

The Orlando quintet was indicted yesterday on charges of second degree murder in connection with the death of Haywood Riggsby, negro, who was slain on April 10 by Chief of Police Hardee F. Baker. Officers indicted with him were Nonnie N. Russell, James W. Burks, Oliver W. Johnson, and Farley M. Williams, all of whom with their chief had previously been exonerated by a bond's jury. All were released on bond of \$5,000 each for appearance May 28.

The chief admitted at the time of the shooting that he fired the fatal shot but said the negro, who was sought on charges of attacking a woman, resisted arrest when apprehended.

SMITH KEPT MIGHTY BUSY AT ASHEVILLE

New York Governor Divulged Mysteries Of Milking Cows By Machinery.

Asheville, April 19. (AP)—How cows are milked by machinery and the mysteries of butter making occupied the rapt attention today of Governor Alfred E. Smith, of New York, the typical New Yorker. He and his party visited the Biltmore dairies, owned by Mrs. John Francis Amherst Cecil, the former Cornelia Vanderbilt. Golf was on the program for the afternoon.

As usual, before he left Biltmore Forest country club for the dairies he received calls of a dozen or more visitors and political leaders who were attempting to inject politics into the Governor's non-political vacation in Asheville, and he talked to newspapermen and posed for photographers.

Despite Governor Smith's utter disregard for politics and his continued refusal to discuss anything political, political leaders, with telegrams, public notices of their support of the New York Governor for the Democratic presidential nomination, prediction of his election, and political gossip, have transformed the Asheville district into a hotbed of party leaders.

Through this swirl of discussion and political rumor the Governor and his party move, usually with golf clubs in hand, seemingly oblivious to what political observers term the insurrection in his favor Governor Smith's visit to Dixie has started.

Though the Governor receives the calls of political friends, band wagon jumpers, and pro-"Al" Smith enthusiasts with the utmost graciousness, he deftly fends off, publicly, at any rate, any attempt to divert talk into political channels or any toward any legitimate basis on which newspapermen may be building political air castles for him.

W. H. Turner Passes Away At Home Here

William Herbert Turner, aged 64 years, died at his home, corner of Cotanche and 14th street, this morning at one o'clock. He had been in declining health for several months, but suffered a stroke a paralysis Tuesday evening.

He leaves surviving him, his widow, four sons, Mark, who is in the U. S. Navy; Harvey, with the State Highway Commission; Arthur and Marvin, at home; three daughters, Annie and Maude, at home; and Mrs. M. F. Morgan, of Bailey, N. C.; two grandchildren, Marie and Bobbie Morgan; one brother, A. M. Turner, of Tillery, N. C.; and one sister, Mrs. B. F. Worsley, of Rocky Mount, N. C.

Mr. Turner was a member of Jarvis Memorial M. E. Church and funeral services will be held from the home by Rev. L. B. Jones at two o'clock tomorrow afternoon.

Palldressers will be: T. A. Person, K. W. Cobb, W. R. Jones, K. T. Futrell, E. R. Byrum, Robt. Twine, T. C. Twine, Hugh Blount, Vernon Rawles and C. W. Williams.

ONE KILLED WHEN TRUCK TURNS OVER

Sanford, April 19. (AP)—One was dead and one hurt today following a motor truck turn over here.

Worth Elkins, of Goldston, was killed, and the truck driver, Arthur Gaines, suffered several ribs broken. Gaines said he turned his truck over so another could pass and in doing so his vehicle went into a ditch.

Hoover Gains More Support On Farm Issue

Washington, April 19. (AP)—Herbert Hoover today added another recruit to his followers on the farm question.

He is Don Livingston, of Watertown, South Dakota, a former commissioner of agriculture of that state, who, in a statement given out by the Hoover-for-President committee here, said that opposition to the commerce secretary "coming from any farmer is opposition to that farmer's own best interest."

FINNEY MAIN WITNESS FOR OIL MAGNATE

Assistant Secretary Of Interior Testifies At Trial Of Harry F. Sinclair Today.

Washington, April 19. (AP)—The defense rested suddenly today in the trial of Harry F. Sinclair without introducing the lengthy deposition made by the oil operator by Albert B. Fall.

The defense then offered letters of April 12, 1922, from Fall to the late Senator LaFollette of Wisconsin, and of April 15, 1922, from Fall to President Harding, but they were ruled out.

Dr. A. C. Veatch of the Sinclair Exploration Co. testified his corporation and others decided to send a party of oil men to Russia and that Fall was employed to accompany the expedition.

The defense claimed it was for this trip that Sinclair paid \$25,000 in Liberty bonds.

Daniel Thew Wright for the defense then read testimony before the senate oil committee by Zevely, which was to the effect that when Sinclair got Fall to go to Russia the former secretary said he would need \$25,000.

Zevely said the bonds were a loan and that he paid Fall's note which he got when Fall returned from Russia. The witness said he had expected to pay reasonable compensation for Fall's service.

Washington, April 19. (AP)—With E. C. Finney, assistant secretary of the interior, as their witness, the defense in the trial of Harry F. Sinclair continued today with its effort to show there was nothing corrupt in the leasing of Teapot Dome by Albert B. Fall.

George P. Hoover, counsel for Sinclair, introduced a number of letters and telegrams passing between Finney and Fall, Finney and the late J. W. Zevely, Sinclair's attorney and several others.

The correspondence was intended to show that at the first conference Sinclair and Fall had at Three Rivers, New Mexico, had to do with government bonds required of lessees of Osage Indian lands in Oklahoma. The Sinclair companies had purchased some of these leases at public sale. The government rules prevented drilling the land until the equivalent of the full purchase price was deposited in Liberty bonds with the government. It was contended.

Sinclair wanted this rule modified which later was done.

When Finney was excused more character witnesses were called to the stand, Patrick McGovern of Great Neck, N. Y., a contractor, said he had known Sinclair for ten years and that his general reputation in his home community was "first class."

M. L. Truby, Independence, Kansas, an oil and gas operator, testified he had known the defendant more than 35 years and that his reputation for honesty and fair dealing was "excellent." Truby was past commander of the Knights Templar of Kansas.

Finley Peter Dunne, the writer, said he had known Sinclair twelve years and his reputation for honesty and fair dealing was "good, very good."

"Ever write any Dooley stories about oil?" Owen J. Roberts, special government prosecutor, asked Dunne.

"Not yet," replied the author and the spectators roared, bringing a sharp reprimand from Justice Jennings Bailey.

R. H. Williams of New York and Henry W. Farnham, a Chicago broker, said Sinclair's reputation was good as did former Senator Davis Elkins of West Virginia.

Elkins was sharply cross examined by Roberts. The witness said he was interested in the Mammoth Oil Company. This company finally got the Teapot Dome lease.

L. L. Humphrey of Independence, Kansas, head of an investment company, said Sinclair's reputation was good. They were boys together, the witness said.

Washington, (AP)—To encourage consideration of the basic relationship of farming and agriculture to the well-being of the nation, farm interests have asked Congress to designate a national "Agricultural Day."

The senate has passed a resolution requesting the President to designate the first Thursday in October of each year, and call upon the governors of the states to take such action as they deem advisable. The house has not acted.

It is specifically set out that the resolution shall not be construed as establishing a legal holiday.

Brest, (AP)—France claims the world's fastest 10,000 ton cruiser—the new Duquesne, with speed of more than 35 knots.

RALEIGH CAPS GET REVENGE IN GAME HERE

Holland's Athletes To Have A Finger in The Olympic Pie

Not forgetful of the stinging defeat administered to them last week, the Raleigh Capitals came down to Greenville yesterday afternoon and defeated "Deacon" Joliff's Tobacconists to the tune of 14 to 2. While fans in both cities were expecting most anything to happen in the second conflict between these newly formed enemies, they were not prepared for the complete routing which the Capitals succeeded in pulling off on the "Deacon's" home lot.

Buck Newsom, South Carolina youngster with rating of a rookie, was mainly responsible for the trouncing the Capitals put on the locals. Pitching airtight ball at critical stages, Newsom let the "tobacconists" down with six measly hits, most of which were garnered at times when use of the willow was futile.

Not until the seventh frame did the Joliffmen show the slightest ability to send in a counter. Two short hits to the outfield, with two errors by the Capitals, combined to give them the only two runs of the game.

Raleigh started out in whirlwind fashion, hitting Steele almost at liberty and sending four men across the registration base in the very first inning. It was a discouraging start for Greenville, but the visitors absorbed so much inspiration from the dramatic beginning that they duplicated the run getting in the second frame and continued in three other frames.

Steele started out on the mound for the Tobacconists, and while hit freely in the first and second stanzas he succeeded in settling down after that period, allowing only a negligible number of hits and hurling consistently in pinches.

Bankston, Raleigh, right fielder, captured batting honors of the day with the only circuit drive of the game.

The box score follows:

Greenville:	A	B	R	H	O	A	E

Foreign athletes are going to get a warm reception from Holland's homebreds in the Olympics at Amsterdam this summer. With their country as host, athletic interest is booming among the Dutch. Outstanding athletes developed are Captain de Boer of their track team, shown above in action in his specialty, the broad-jump. Inset is Miss M. Baron, Dutch swimmer, who holds two world records.

Amsterdam, Holland. (AP)—Holland hopes to be more than just the host to the 1928 Olympic games.

In Captain de Boer of the track and field team, the country has a likely point winner in the broad jump while Miss M. Baron, holder of two world swimming records, has a chance for a first place in the women's swimming events.

Holland has been making rapid progress in track athletics of late under the tutelage of the Swedish-American coach, Kreigsmann. Besides the broad jumping captain the team has some promising athletes in Van den Berghe, Broos and Paulen, relay racers, and C. C. Peters, hop-skip-and-jump specialist. As for the women swimmers the best are the Misses Baron, Braun, den Turk and Vierdag, while a number of younger women are giving

Where They Play ANOTHER STAR BURSTS FORTH FOR NEW YORK

(By the Associated Press)
Not to be outdone by the popularity achieved by Andy Cohen, Frank "Lefty" O'Doul, a boy, has crashed through to co-stardom on McGraw's cosmopolitan gaities.

O'Doul went over with a bang when he sewed up the game with the Phillies yesterday by smashing a homer in the first inning with one on base. The audience clamored for an encore when Lefty had the spotlight again in the third inning, and he obliged with his second successive homer.

When he was called upon for another turn in the fifth inning, pitcher Augie Walsh had a lot of respect for McGraw's Pacific Coast League headliner, and gave him a base on balls. After the ninth inning curtain, the Giants were in front by 5 to 1.

Dizzy Vance, the speed ball king, struck out five batters in pitching the Robins to a 10 to 5 victory over the Braves.

Home run drives by Kiki Cuyler and Webb failed to win for the Chicago Cubs as the Cincinnati Red Legs carried off the season's opener at Chicago by 9 to 6.

The Athletics went under again before the heavy hitting of the Senators 11 to 6, and are the only major leaguers who have yet to hang up a triumph in the campaign.

Owen Carroll, ex-star of Holy Cross, stopped the Robins with six scattered hits while his Tiger mates rung up a 4 to 1 decision.

At Cleveland the Indians shelled pitchers Adkins and Wilson with 13 hits to down the White Sox by 7 to 1.

The Yankees coasted to an easy triumph over the Red Sox 10 to 7, bombarding Boston pitchers with 15 hits.

PARIS GOLFERS PLAN NOVEL TOURNAMENT

Paris, (AP)—A golf tournament is being planned for the month of May. It is a novelty arranged for the

last week of April by the St. Cloud Country Club, near Paris.

The tournament will be limited to 32 professionals, some French and the others British. Sixteen will be invited to play and the other 16 will be required to qualify. The prizes total 50,000 francs—about \$2,000.

Start of the tri-state lap found Andrew Payne of Claremore, Okla., leading Peter Cavuzzi, of Southampton, England, by less than 15 minutes in elapsed time for the 1,721.5 miles from Los Angeles. The Britisher crept up on Payne yesterday by leading the pack in the 51 mile jump from Chelsea in 6:48:23. Payne and Gardner, Seattle, led for fifth in 8:31:30.

ADMISSION 50c

Closer than a tattooed anchor

P.A. and I are like that. Closer than the paper on the wall. P.A. is so companionable, so genuinely friendly. When you open the tidy red tin, you get a fragrant notice of how friendly it's going to be in a pipe. Then you tamp in a load and apply the match.

Man, that taste! Cool as an Eskimo's front porch. Refreshing as arctic sunshine. Mel-low and mild and long-burning, with a full, rich tobacco-body that puts you next to a new kind of pipe-joy. Here's a smoke that you can write home about. It's got everything!

They tell me more P.A. is smoked than any other brand, I believe it, and I think I know why. If you don't know the deep-down satisfaction of a jimmy-pipe and Prince Albert, you've been missing the best bet in the whole tobacco-line. I'm giving it to you straight, Men.

PRINCE ALBERT

—the national joy smoke!

There are TWO full ounces of smoke-contentment in every tidy red tin.

© 1928, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

S. ATLANTIC LEAGUE WILL OPEN TODAY

(By the Associated Press) Dixie baseball fandom had another "opening day" on tap today with forces of the South Atlantic Association beginning their annual bunting chase.

The opening games: Augusta at Asheville; Spartanburg at Charlotte; Knoxville at Greenville; Columbia at Macon.

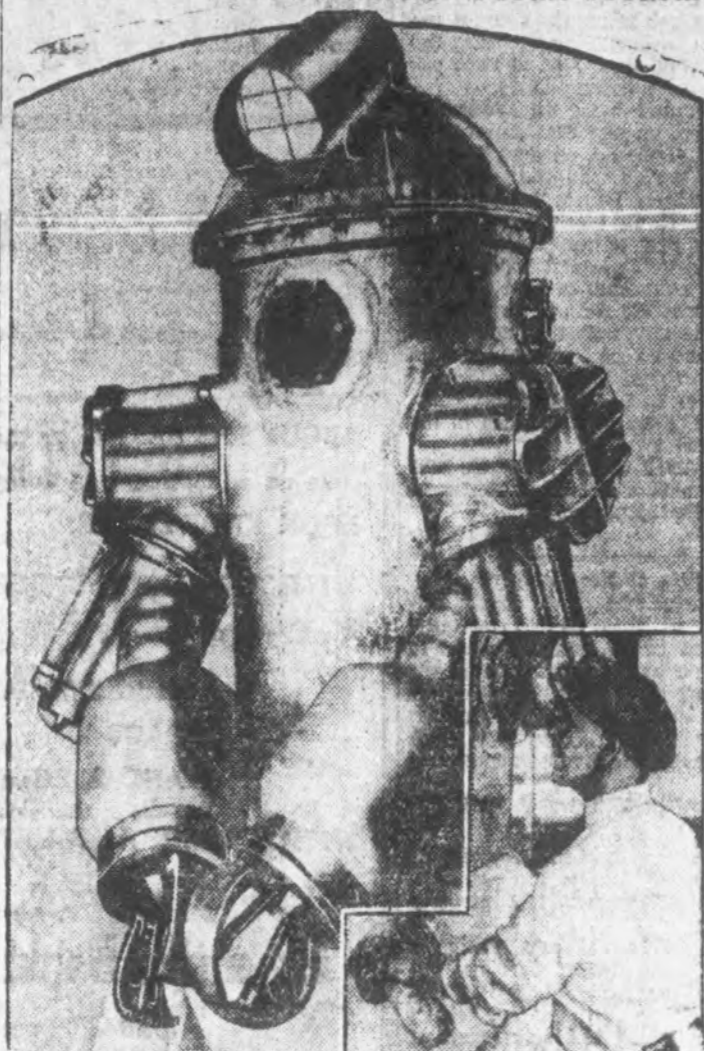

All four of the cities where opening games were scheduled made plans to get out large crowds in effort to win the attendance trophy, now held by Asheville.

Macon had made arrangements to seat 5,000 while Asheville, Charlotte and Greenville had plans completed to care for similar numbers.

Final workouts were taken yesterday and all of the teams appeared to be in good condition for the long grind ahead.

Frank Walker has many of his veterans back from last year's championship team and the spinners are being looked upon as one of the teams to be headed. Knoxville, under Gabby Street; Asheville with Ray Kennedy at the helm; Augusta led by Joe Berger; Heime Groh directing Charlotte; Joe Kelly managing Columbia; Mike Kelly at Spartanburg; and Wilbur good at Macon rounded out the 1928 managerial lineup as the teams went to the field.

Strange Diving Suit Devised For Seekers of Ocean Treasure

In this steel and aluminum diving suit, H. L. Bowdoin (inset), its maker, plans to visit the ocean's floor in search of treasure in the Lusitania and other sunken wrecks off the coasts of the British Isles, France and Spain.

By JOHN L. COOLEY, Associated Press Science Editor. New York April 17 (AP)—The old, old lure of sunken treasure is drawing another salvage expedition to the resting places of the Lusitania and other wrecks, many of which met their doom long before the age of steam.

Equipped with a 1,400 pound metal diving suit—quite the last word in such apparatus—a party of four adventurers expects to leave New York late next month for the coasts of the British Isles, France and Spain, there to pit the ingenuity of man against the watery dungeon wherein nearly \$250,000,000 in lost jewels and gold is believed to be locked.

H. L. Bowdoin of Whitestone, Long Island, inventor of the strange diving apparatus, is heading the party. He is now negotiating for a 153-foot steamer, which will be used as the base of operations, and hopes to go into action off the British Isles some time in June.

Twelve years of study and work have gone into the making of the huge suit. An old dance hall at Whitestone was converted into a laboratory, and in it Bowdoin planned and replanned, built and rebuilt until he was satisfied that he had the best equipment known to the art of deep sea diving. He made it of steel and aluminum and devised a system of levers and cogs so that the man within the cumbersome suit could move easily along the ocean bottom. The arms and the body can be turned to almost any angle, and the steel claws that serve as the hands are able to pick up tiny objects.

A 500-watt light, specially devised by the Westinghouse Lamp Company, has been mounted in a searchlight attached to the top of the suit. This lamp will permit the diver to see objects 25 feet distant at depths to which no daylight pen-

etrates. Bowdoin plans to put a similar lighting unit on each shoulder of the grotesque outfit.

Air is admitted through the failing rubber tube, and the diver can look out into his world of water through four windows, set into the cylindrical sides of the suit.

In a sea test made off the New Jersey coast the apparatus was suspended on a crane from the boom of a tug and lowered into the ocean by a cable. A successful pressure test was made of the suit without an occupant at 400 feet. Bowdoin then stepped into his strange steel chamber and was lowered to a depth of 200 feet, where he remained for 45 minutes. He expects it will withstand the pressure at 700 feet.

TROOPS GUARD NEGRO CHARGED WITH ASSAULT UPON WHITE WOMAN

Bekley, W. Va., April 19.—(AP)—A company of West Virginia national guardsmen was held in readiness here today to assist state troopers and local officers in guarding against mob violence in the case of a negro, who is charged with having assaulted a young white woman.

Authorities claimed that the negro, Henry Grogan, 18, was not in the local jail. A crowd gathered about the prison last night, and today state troopers patrolled the streets in the vicinity of the jail.

Tree Seed Farms.

St. Paul, (AP)—"Seed farms" for forest trees would be established in Minnesota, Michigan and Wisconsin to facilitate reforestation in those states under a bill now before Congress calling for a \$20,000 appropriation. Within five years, nearly 100,000 acres will be set aside in the states for reforestation.

YANKEES DROP FIRST GAME OF SEASON

Boston, April 19.—(AP)—The New York Yankees dropped their first game of the year today, bowing to the Boston Red Sox in the third game of the series, seven to six.

John D. Rockefeller Still Good Golfer

John D. Rockefeller keeps his mind on the game when he plays golf, says Miss Harriet Allison of Boston, one of the few women with whom he plays frequently.

Ormond Beach, Fla., (AP)—John D. Rockefeller takes his golf seriously.

So declares Miss Harriet Allison of Boston, who has a number of times played the game with him as one of the few women with whom he plays frequently.

"Mr. Rockefeller plays good golf, and one of the reasons is the fact he keeps his mind right on the game," she relates. "No funny stories, but just remarks about shots. Sometimes he has very clever remarks about one's shots, and sometimes he'll hand out a dime to demonstrate his approval of a play."

The dime also figures in "Numerica," Rockefeller's favorite indoor game. After a dinner Miss Allison, other guests and Rockefeller were

TWO CHILDREN KILLED WHEN WALL COLLAPSES

Chicago, April 19.—(AP)—Two children were killed and nine others injured, six of them seriously, when a brick wall surrounding a school yard on the south west side collapsed today, burying the children playing near it under a deluge of bricks and mortar.

Virginia League Opens up Today

(By the Associated Press) With two teams missing and new managers with four of the remaining clubs, the Virginia League opened season today with Petersburg meeting the Richmond Colts on the "island" at Richmond, and Portsmouth crossing the Elizabeth River to engage the Norfolk Tars.

Kinston and Wilson, North Carolina cities that were members of the league last season, did not re-enter teams.

Opening day was a gala occasion in Richmond and Norfolk. The four teams in the league will battle until September 3 when the winner is to engage the winning club of the South Atlantic League, also a class B circuit in a "South Atlantic-Middle Atlantic" post.

Zinn Beck, manager of Norfolk, is the only veteran among the managers and Beck is a stranger in a Tar uniform, crossing the river from Portsmouth where he played last year.

Considerable new talent has been added by all four clubs and the supply of veterans is limited. A faster league was predicted by the managers.

FRESHMAN LEAGUE SEASON NEARING END

Room 21 again triumphed over room 22 in the closest game yet played yesterday, and the only one which the leaders have run any real risk of losing. When the final score was counted, a lone tally determined the result, the losers having an unlucky 13 to the winners 14. The game was lost through poor base-running, as at least two runs were thrown away at the plate.

League standing:

	W.	L.	Pct.
Room 21	4	0	1.000
Room 11	2	2	.500
Room 22	2	3	.400
Room 12	0	3	.000

American Golfers Set Out to Capture European Honors

New York, April 19.—(AP)—Notables of America's golf and tennis circles were bound for Europe aboard the Aquitania today in the annual quest for international laurels. Tennis was represented by Miss Helen Wills, national woman's champion, and Miss Penelope Anderson, of Richmond, Va., and golf by three leading American professionals Walter Hagen, Gene Sarzen and Bill Mehlorn. Tom Armour cancelled his passage at the last moment.

The British open champion, won six times in the last seven years, by Americans and now held by Robert Tyre Jones, the Atlanta attorney, is the goal of the golfing contingent. Miss Wills will storm the heights at Wimbledon, tennis capital of the British Empire.

PITCHERS HAVE BIG DAY AT BAILEIGH

Raleigh, April 19.—(AP)—A total of 42 batters were struck out by two opposing pitchers in a Y. M. C. A. midweek league game here yesterday. The "White Sox" won from the "Tigers," 4-3.
Sanderford, "White Sox" hurler, struck out 23 men, while Lassiter, his opponent, fanned 19.

TENNIS TEAMS READY FOR CLASH ON HILL

Chapel Hill, April 19.—(AP)—Tennis teams from four of the big five colleges of North Carolina met here today to decide the annual state inter-collegiate tournament winner.

Carolina, Davidson, Duke and Wake Forest entered men in the elimination rounds beginning this morning.

company." It is even intimated that he may at last say a word about Teapot Dome, if he has as yet heard of the conspiracy of corruption that secured its lease from an administration of which he is an important part. It is even intimated that Hoover and his friends "once they start"—and if they actually start—may convert themselves into flaming evangelists. —News & Observer.

ABOUT TOWN

Billy Sunday's coming to Greenville to hold an evangelistic campaign is the main topic of conversation in this section of the country at this time. A reader remarked to the writer of this column today: "I have never seen quite so much interest manifested in any event as in this one. People everywhere in this section of the state are displaying active interest in the coming of this noted evangelist, and indications point to record attendance."

"If you want the Greenville baseball club to be the kind of club you like, then lend your active moral support," an old follower of the world's greatest sport, emphatically declared to the writer today. "No athletic organization can amount to anything without support of the public, and when that is given as unstintingly as it should you may expect to have a class of athletics to be proud of."

"It is gratifying to note the American Legion has thrown its support to the public library of Greenville," a prominent business man told the writer this morning. "Members of the organization are to be congratulated for this splendid attitude. It shows they are really appreciative of the services of the library and have faith in its future."

"The Greenville Merchants Association deserves the support of business and professional men in its effort to increase the scope of its activities," one of the leading business men mentioned to the writer of this column this morning. "This organization for a long time has been filling the place of a chamber of commerce and like organizations, and if it is to continue to serve in the future as it has in the past, then it is incumbent upon our business men to support it in every way possible."

"If you are not an active member of the Merchants Association, take the advice of one who has had ample opportunity to observe its wonderful work, and join while you have a chance of rendering a direct service to the great section in which you reside."

"The conference of farm agents held at Tarboro this first of the week proved to be of a most interesting nature," members of the board of agriculture declared this morning. "These directors of farm departments are actively engaged in development of agriculture in eastern North Carolina, and their plans cover a great field of work that should result in improvement in the days to come."

"Pitt county is one of the greatest farming sections of the country, and anything the farm leaders do to promote this branch of industry, quite naturally has a direct bearing upon our future labors."

The First Assistant Postmaster General has notified Congressman Lindsay Warren that the post office at Hanrahan will be finally discontinued on April 30th. The post office hereafter will be served by Route Four out of Grifton, this being in accordance with the wishes of those affected.

Entertain for Mrs. Kirkpatrick.
The Junior Philathea class of Jarvis Memorial Methodist church entertained in honor of Mrs. James Kirkpatrick at the home of Miss Clara Louise Moore Tuesday evening, April 18, from 8 to 11. The spacious home was decorated with beautiful spring flowers, lighted tapers and shimmering shades, making a beautiful setting for the party. The guests were greeted at the front door by Miss Snowdie Moore and Mrs. Durwood Tucker and then ushered to the library door, then Mrs. Karsnak and Mrs. Ernest Pock invited them to the cloak room. Mrs. Winfield

Mon-Thur.

Tucker and Miss Esther Wayne led them to the drawing room to extend greetings to the bride. Miss Moore introduced the receiving line composed of Mrs. Kirkpatrick and her two sisters, Mrs. H. H. Duman and Mrs. P. L. Goodson. Mrs. Luther Herring, teacher of the class and Mrs. Gladys Lanier, treasurer. After a social interlude a delightful program was rendered. Vocal selections by Miss Jessie Moye and aesthetic dances in costume by Misses Elizabeth and Mattie Vines Moye, followed by a contest, "Story of the Bride." Mrs. Karsnak was the successful winner in the contest. Readings were given by Mrs. R. C. Fitzgerald and her aunt, Miss Wede.

The party was then invited into the dining room to cut the bride's cake and receive their fate. Much merriment was then manifested, and after a delightful ice course the crowd dispersed declaring the party a wonderful success and hoping this would be their privilege again in the near future.

BILLY SUNDAY USHERS TO MEET TONIGHT

All ushers of the Billy Sunday evangelistic campaign are urged to meet at Smith & Sugg's warehouse tonight at eight o'clock.

BILLY SUNDAY CHOR REHEARSAL FRIDAY

All those who have enrolled for the Billy Sunday choir are urged to be present at the tabernacle, Smith and Sugg Warehouse, Friday night, promptly at 7:30 for rehearsal.

325-MILE AUTO RACE REPLACES GRAND PRIX

Paris, (AP)—France's automobile classic, the Grand Prix, is dead but another one, open to all the world, takes its place.

It is a 325-mile race to be held at Comminges, July 1, the date originally set for the defunct Grand Prix, abandoned because it had become too much of a manufacturers' commercial stunt.

The new race is open to all "sport" cars, and many private owners are expected to enter.

Prayer Meetings, Friday Night.
Colleges prayer meetings will be held Friday night as follows:
Home of Mrs. J. H. Blount, Leader, Mrs. W. S. Harden.
Home of Mrs. C. L. Herring, Leader, A. G. Walters.
Home of Mrs. S. B. Hardee, Leader, Jessie Chamber.
Home of Mrs. W. E. Warren, Leader, Mrs. T. A. Person.
Home of Mrs. Jane Forbes, Leader, Rev. L. B. Jones.
Home of Mrs. Frank Johnston, Leader, Dr. Joe Smith.
Home of Mrs. D. L. Mangum.

Leader, Oscar White.
Home of Mrs. J. H. Woolard, Leader, Mrs. Herbert Waldrop.
Home of Mrs. J. Key Brown, 8th street, Leader, Ash Bland.
Home of Mrs. Frank Tyson, Evans street, Leader, B. T. Hicks.
Home of Mrs. R. I. Whitefield, 1117 Washington street, Leader, G. H. Ballard.
Home of Mrs. B. M. Lehm, 1111 Dickinson avenue, Leader, J. F. King.
Home of E. L. Denton, 1091 Chestnut street, Leader, S. M. Wellers.
Home of Mrs. J. T. Jordan, 1403 Dickinson avenue, Leader, Mrs. Emma Bryan.
Home of Mrs. E. L. Willard, 7th street, Leader, Mrs. J. B. Waddell.
Home of Mrs. W. Z. Morton, 5th street, Leader, Roy Flanagan.

EASTER CANTATA AT JARVIS MEMORIAL CHURCH

(Contributed and Reprinted By Request)

On Easter Sunday night the choir of Jarvis Memorial M. E. Church, assisted by Miss Bessie Brown and Mr. Spaul Spain, gave a delightful Easter Cantata, "The Easter Victory."

The church auditorium with its pines was filled almost beyond its rating capacity. The quiet and appreciative attention of the audience spoke their enjoyment during the rendition of the program.

This choir of choir directors, whichever may deserve the credit is due great recognition of taste in selecting such a classic in musical work as this particular cantata so well arranged by Rene Fronner and H. W. Petric, which stands out as one of their masterpieces. It was so strange for the human ear to bring a feeling of sadness and then a thrill of joy at the Holy Easter season, referring to the agony of our Lord upon the cross and the glory of His resurrection.

When the union of voices pealed forth in harmonious strains from the choir left one might have thought, "Oh, how marvelous the love of God to have given to earth such wonderful musical instruments in the form of human beings." Not only the words and music will bear mention but the facial expressions which brought so sweetly at times a gleam of fear and sadness, then a ray of hope and light followed with peace and joy. The interludes were unusually sweet, peeling forth from the musical touch of Mrs. Ray Tyson whose accompaniment rendered invaluable to the program.

beautiful chorus heard. Greenville should be very thankful for the gift of God's love shown by giving to the town voices that can lift high praises to God and who are willing to give of their time and talent to His great cause. May they give many more such musical programs, for we are told that "the angels in heaven are able when praises to God are being sung on earth."

THRILLS GALORE IN FILM OF MODERN BAGDAD

Thrills galore are in store for the patrons of the New Theatre with the showing of "Coney Island," which comes for a two day run on Thursday and Friday. Lois Wilson and Lucita Mendez are the stars.

One of the many features of "Coney Island" is a ride down the giant "dipper," one of the largest and most thrilling riding devices in this country.

Another thrill is the fight, where half a dozen masher battlers match themselves against thirty male riders on the roller coaster.

Romance, thrills, danger, suspense and surprise—all these things are truthfully depicted in FBO's stirring drama which has been directed by Ralph Ince. "Coney Island" has been acclaimed in New York City. Many of the scenes were given at the resort, "Luna Park," "Steepchase," the million dollar roller, the cabarets, the Ferris Wheel, "The Giant Dipper" and many of the other attractions are actually shown in "Coney Island."

"Romancers" at College This Evening and Tomorrow Evening.
One of the most beautiful plays ever staged at East Carolina Teachers College and one of the most intriguing plots ever offered in a play there, is "The Romancers," the play to be presented by the senior-normal class this evening and tomorrow evening, in the administration building, at 8:30 o'clock.

This is the verdict of those who have been so fortunate as to see the dress rehearsals, and among these are some who have seen most of the plays in the history of the college. This promises to rank high in the list of seventeen given by the two-year class, and this class has had a big share in setting the standard of dramatics for the college.

son the old gardener. There are about sixty in the entire cast.

The two performances are given so that there will be desirable seats for all.

Pride of Home.

The building of highways has put a new responsibility upon the farm folks. There will be an increased amount of traffic passing the farm homestead bringing tourists from the surrounding counties and states who will form an estimate of the family by the appearance of the farmstead.

Therefore, the farmer will of necessity be compelled to take more pride in the appearance of his place lest a wrong opinion of him and his family be formed.

The improvement of the home grounds does not necessarily mean spending great sums of money to create a place for display. It means simply thinking of the grounds as an extension of the living quarters putting them in order and keeping them so, and repairing and painting outbuildings and fences. It means having plenty of shade provided by long-lived trees planted in groups or as a single specimen, but never in rows. It means the

planting of shrubs and perennials that a profusion of bloom may always be assured.

When these things have all been done, then does the home become a home, a place where endearing associations will always provide memory with enchanting pictures ever subject to call.

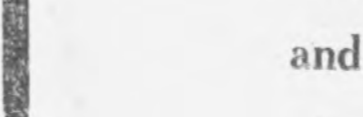

TERRIBLY ILL
Kentucky Lady's Health Was Very Bad. Had Severe Pains and Could Not Sleep.

Lexington, Ky.—Mrs. J. H. Nichols, who lives at 513 Elm Tree Lane, this city, says that Cardui has been of valuable assistance to her on two occasions, which she tells about below:

"Some few years ago, my health was bad. I had very severe pains in my sides. My nerves were in a terrible condition. I could not rest. The lower part of my body was very sore. I could hardly stoop over to lace my shoes. I would have to put my foot on a chair. I did not feel like eating, and did not sleep well at all at nights. A friend of mine recommended Cardui. I began taking it and saw quite an improvement in my condition. I kept it up until I felt strong and well."

About a year ago, Mrs. Nichols says, she found herself in a nervous, run-down condition. "I took Cardui again," she adds, "and it helped me wonderfully. It is a splendid tonic."

Thousands of women have written to tell how Cardui helped them to get rid of pain and suffering. Cardui is a mild, medicinal tonic, made from purely vegetable ingredients. At all drug stores. NC-199

SEVERAL DEEDS FILED SINCE FIRST OF WEEK

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of the first of the week:

Mrs. Anna Whitaker to W. C. Whitehurst et als. 9 acres, \$274.00.

Town of Greenville to Mrs. Bettie McGowan, 1 lot, \$254.00.
M. Addie Johnston to Martha Lee Cowell, 1 lot, \$350.00.
F. V. Johnston and wife to J. Vance Perkins, 1 lot, \$400.00.
M. Addie Johnston to W. J. Edwards, 1 lot, \$775.00.
F. V. Johnston and wife to J. B. Congleton, 1 lot, \$590.00.
H. C. Smith to Ida Spear, 1 lot, \$250.00.
Walter G. Sheppard, Com. to T. C. Turnage, 3 lots, \$159.00.
R. A. Fields et als to B. O. Turnage, 2 lots, \$150.00.
Sylvana Moore et als to J. B. Bullock, 1 acre, \$30.00.
R. A. Fields et als to T. C. Turnage, 1 lot, \$100.

NURSERY FOR THE BILLY SUNDAY MEETING

The nursery for the meeting will be in the basement of the Christian Church, just to the rear of the tabernacle.

Children under six years of age can be left there while their mothers attend the services. They will be well cared for. The different churches of the city have arranged to take charge of this work and will have competent people to look after the children.

The nursery will be open in ample time for the mother to attend the services.

BIRGER DIES ON GALLOWS

Noted Gang Leader Paid Supreme Penalty For Murder At Benton, Ill., Today.

Benton, Ill., April 19.—(AP)—Charles Birger, notorious southern Illinois gang leader, was hanged at 9:52 a. m. today for the murder of Mayor Joe Adams of West City. Birger was pronounced dead five minutes later. Nearly 500 spectators were crowded in the stockade. Birger slept fairly well in the early morning hours and ate a breakfast.

Until a late hour he sat in his cell and talked to newspaper reporters and other visitors.

"I've been a fool," Birger said. "I've been no good. I've played the game and lost, but I'll lose like a man."

"I've liked to live and spend money; maybe I made it in ways folks call crooked—gambling and bootlegging and that kind of business."

"I know now that I've done a lot of things that I shouldn't. I'm convicted of a crime I didn't commit, but I've committed a lot of crimes, so I guess things are about even."

"We got too strong against the law and the law broke it all up."

Mrs. E. Aarons, first wife of Birger, was one of the last to visit him last night. She came from Portland, Ore., with her husband several days ago.

Arrangements were made yesterday for caring for the body at an undertaking establishment here. Nathan Birger, the former gang leader's nephew, had a hearse on hand to convey the body to St. Louis, where it will be taken to the home of Mrs. Ray Stacey, Birger's sister, and held until the funeral Saturday.

Crowds of curious thronged Benton for the hanging of Birger, the coal belt gang leader. Several hundred guards were deputized to keep order and prevent violence.

As the early morning hours dragged on the chances for a reprieve for Birger, condemned to hang, grew smaller.

The gang leader, it was learned, has tried twice to commit suicide in his cell in the Franklin county jail. He tried to hang himself with a strip of blanket yesterday morning. The guards found him semi-conscious and revived him. Last Sunday he admitted taking poison in another effort at suicide but the attempt resulted only in a case of indigestion.

"I almost cheated the gallows," he said. "I'll find a way to beat it yet."

Rabbi J. R. Mazur, of East St. Louis, visited Birger last night. He said he would accompany Birger to the scaffold.

"We had a heart to heart talk," Rabbi Mazur said. "and Birger went so far as to forgive those who he thought wronged him. We prayed together. Birger told me he wanted to do what was right toward God for the sake of his parents, sister and two children."

Excuse It, Please.

Boston, (AP)—Telephone users in Boston give the operators 40,000 wrong numbers a day, the telephone company says.

Movie Actors Better.

Los Angeles, April 19.—(AP)—Three motion picture actors who have been confined to hospitals for several days, today were reported to be improved and two out of danger.

Frank Currier, veteran of stage and screen, rallied yesterday after a third blood transfusion. He had been seriously ill of septic poisoning.

Karl Dane and Richard Dix were reported out of danger. Dane contracted pneumonia. Dix had been seriously ill from complications following an emergency appendicitis operation.

Groundhog Is Menace.

Washington, (AP)—Woodchucks or groundhogs, the federal biological survey says, have become a serious menace to crops in many parts of the eastern and midwestern states. April and May are the best months to exterminate them by the gas method. Fumes may be forced into the burrows now without damage to other animals that wintered in them.

Honolulu Sees Circus.

Honolulu, (AP)—Although Hawaii has been American territory for nearly 30 years, Honolulu has just seen its first real circus. No draft horses were available to pull the heavy circus wagons, so tractors were used, but otherwise it was a genuine Yankee occasion, with lions, tigers, trapeze performers, side-shows and the big top, all brought from the mainland.

ARTIST AT 50 TRAINS LEFT HAND TO BRUSH

Chicago—(AP)—Like a child learning to walk, Louis Alexander Neebe at 50 years of age began to train his left hand to transfer beauty to canvas.

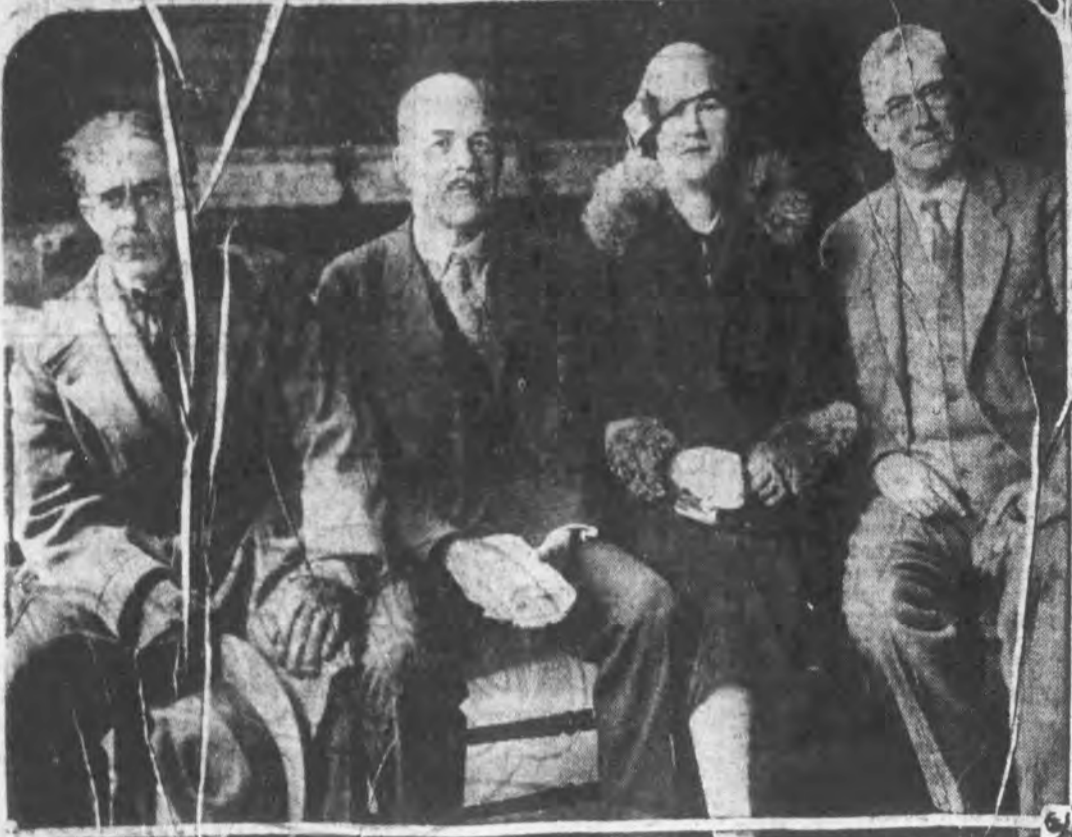

All his life he had been, by avocation, an artist. A stroke of paralysis rendered his right hand useless, but he determined not to give up his ambitions.

For a year he did elemental things with his left hand. Now several of his canvases have been praised at the annual Chicago no-jury exhibit.

Neebe lives at Orlando, Fla. He had been art editor of a Chicago newspaper and his landscapes of the middle west and the Atlantic coast had won attention to him.

Critics assert his left-handed painting is as good as the work he performed with his right.

FIGURING IN PITTSBURGH KLAN TRIAL

National attention is focused on the suit in the Federal Court at Pittsburgh, Pa., where the Ku Klux Klan seeks to banish five members. Here are four taking part in the sensational revelations: (L. to r.)—James R. Ramsey, former commander of the Grand Dragon's Guards of Ohio; Attorney Lewis C. Walkinshaw, Mrs. Pearl Canty and Van A. Barrickman, chief counsel and one of the five defendants.

Illness of Angel Holds up Flight To South America

Mexical, Tex., April 19.—(AP)—Illness today stood in the way of a projected 25,000 miles flight around South America.

Fever and ague, settling in the sturdy frame of Jimmy Angel, who intends to pilot a biplane around the southern continent, caused the aviator to hold up yesterday's scheduled 300 mile hop to Guaymas, Sonora.

While Angel appeared at the government airport yesterday, he remained only long enough to instruct his two companions, Presho Stephensen, and W. C. Benton, in preparing the plane for its long trip. He also admitted that his illness was responsible for the delay in continuing the flight instead of difficulties with Mexican customs officials as was reported.

Angel indicated he hoped to continue southward today. He appeared undecided whether to follow the advice of Mexican pilots and make a stop at Santa Ana, Sonora, or attempt a non-stop flight to Guaymas.

Excuse It, Please.

Boston, (AP)—Telephone users in Boston give the operators 40,000 wrong numbers a day, the telephone company says.

In Buying a Nitrate Fertilizer—Ask Yourself this Question:

Will it IMPROVE the Soil As Well as INCREASE the YIELD?

If you want a top-dressing, the nitrate of which is quickest in its action, carries longest in its effect, and in addition improves the mechanical condition of your land—buy

CALCIUM NITRATE

(Nitrate of Lime)
15% Nitrogen 18.2% Ammonia
28% Lime (56% Limestone equivalent)

An ordinary nitrate fertilizer will increase your yields. But CALCIUM NITRATE BASF is not only a nitrate fertilizer of greater crop-producing value—the lime it contains reduces soil acidity, conserves moisture and makes the soil easier to cultivate. MADE BY THE WORLD'S LARGEST NITROGEN PRODUCERS. For sale by dealers everywhere.

Synthetic Nitrogen Products Corporation

Music Clubs Enter Second Day's Session

Sanford, April 19.—(AP)—The largest group of the state's musicians that has ever assembled in any similar gathering alternated today with speakers and committee reports in the second day of the three day annual convention of the state federation of music clubs.

Awakening of musical interest in music throughout the state and particularly in colleges, high schools and the coming generation generally was noted in the committee reports.

The convention, rising in a body, refused to accept any resignation from Mrs. W. A. Harper of Elon College, as president of the federation.

The three objectives of the federation have been achieved, Mrs. Harper reported: The districting of the state into five districts and holding of convention in each of them annually; the issuance of a bulletin each quarter carrying news of the federation's work.

To the local club throughout the state; and the federation of at least 100 clubs in the state so as to rank North Carolina in the front rank of music loving states in the national federation of music clubs.

LIMEHOUSE MINISTER IS NEAR MILLIONAIRE

London.—(AP)—The Courtauld family, whose great artificial silk manufacturing business has made four of them millionaires, includes a clergyman, who is probably the richest curate in England.

He is the Rev. Maitland S. Courtauld, curate of St. Peter's Wapping, whose holding in the Courtauld concern is said to represent about \$800,000.

Wrapping is an area of main streets, poverty stricken homes and numerous drinking saloons and here Mr. Courtauld for 20 years has devoted his time to the service of the poor and of the church at which he is a subordinate minister.

Rome, (AP)—Workmen in fascist labor syndicates have first call on cheap seats at the new Royal Opera.

POSTPONE CHAMBER DINNER AT RALEIGH

Raleigh, April 19.—(AP)—The annual meeting and dinner of the Raleigh chamber of commerce today was postponed from tonight to tomorrow night when Dr. Glenn Frank, president of the University of Wisconsin, wired he could not reach Raleigh tonight.

The missing of a train connection at Louisville, Ky., was the reason, said Dr. Frank.

Eight hundred persons are expected to hear Mr. Frank, including 20 college presidents.

Woman Suicide Buried

Statesville, N. C., April 19.—(AP)—Funeral services for Mrs. Nola Sherill Carpenter who was found dead last night in the gas filled bathroom of her home here were held from the home on West End Avenue this afternoon and interment followed in Oakwood cemetery.

Mrs. Carpenter's body was found by members of the family when they returned from church last night. She had suffered a nervous breakdown two months ago, they said, and this was believed to have prompted the act.

JAPANESE TWIN BURIES DUMMY TO CHEAT DEATH

Honolulu.—(AP)—Old Japanese residents of the Hawaiian Islands still cling to many superstitions, one of which is that if a twin dies the other also will die.

To circumvent the fate which they believe impends for the survivor when one of a pair has died, a dummy of the survivor is made, using some of his hair and fingernail trimmings. Then the dead twin and the dummy are buried or cremated together and it is pretended that both have passed from life.

The remaining twin is regarded as a "nobody" until he or she can be taken to the temple to receive a new name and to be considered ever after as a new member of the family.

Market Report Cotton--Stocks--Grain

COTTON.
New York, April 19.—(AP)—Nervousness over the new crop start and the uncertainty of further weather conditions were reflected in advances from an opening decline in the cotton market today. Offerings showed a tendency to increase as July approached the 20c level, however, and after showing net advances of 8 to 11 points, prices sagged off under realizing.

The mid-afternoon market was quiet at net declines of about 4 to 5 points.

Futures closed steady 1 to 4 points lower. Spot quiet; middling 20.50.

Cotton futures closed:

GRAIN MARKET.
Chicago, April 19.—(AP)—Despite reports of rain in parts of Kansas and Oklahoma which led to transitory late setbacks, wheat prices today showed a strong upward trend. Broad general buying lifted wheat, rye, corn and oats to new high price records for the season. The advances were associated chiefly with wide-spread conditions unfavorable for domestic crops southwest, west and northwest and in central states as well.

Wheat closed unsettled 1 to 1 1/2c net higher; corn 1 3/4 to 2 1/4c up. Oats showed 3-5 to 2 1/8c advance and provisions at a rise of 15 to 32c.

HOOPER URGES ATTENTION TO RIGHTS OF CHILDREN
New York, April 17. (AP)—American democracy will have finally proved itself "when it recognizes the rights of the child equally with the rights of the adult citizen," says Secretary of Commerce Herbert Hoover in an introduction to a five-year report on the work of the American Child Health Association, of which he is president.

"I believe the time has come," writes Hoover, "when we as a nation should embody into our articles of faith a pledge to conserve and develop our basic asset of childhood and that we should seek ways and means to apply on a broad scale helpful measures which have at-tested their worth on a small scale."

The report, prepared by Dr. S. J. Crumline, general executive of the association, was made public today as a preliminary to the celebration of national Child Health day on May 1.

MELROSE SPRINTER WINS THE BOSTON MARATHON
Boston, April 19.—(AP)—Clarence Demar, the 39-year-old Melrose sprinter, won the Boston marathon today for the sixth time. Pressed hard most of the way by Jole Ray, veteran middle distance runner attempting the marathon distance for the first time, Demar ran a heady race and was out ahead all the way after pulling out of the pack of the 24 starters. His time was 2:37:07 4-5, a new mark for the course, which was made the full olympic distance for the first time last year. Jimmie Henigan, of Boston, veteran of many Boston marathons, pulled ahead of Ray near the end of the race and finished second. Ray came in third, almost in a state of collapse. Henigan's time was 2:41:01 and Ray's 2:41:56 3-4.

CHICAGO POLICEMAN SHOT TO DEATH
Chicago, April 19.—(AP)—Less than an hour after he began his tour of duty at midnight, Policeman Emil Shogran, 34, was shot dead by one of two negroes he and Sergeant John Shortall of the detective bureau squad sought to question.

As Shogran fell, Sergeant Shortall engaged in a running fire with the negroes who fled through an alley. The sergeant mortally wounded one and shot the other, probably fatally.

The squad car stopped for a traffic light and the two negroes on a corner accused their suspicious. Alighting, they said, "we are policeman," whereupon one of the men opened fire, striking Shogran above the heart.

BODY OF DEAD BISHOP LIES IN STATE TODAY
Montgomery, Ala., April 19.—(AP)—The body of Bishop Charles Min-nigerode Beckwith, 76, who died Wednesday, lay in state today at the home as scores of friends filed past the bier to pay a last homage to the clergyman who for 26 years served as bishop of the Episcopal diocese of Alabama.

Funerary services will be held at noon Friday with Bishop Charles G. McDowell, bishop coadjutor and successor to Bishop Beckwith, officiating. Thirty clergy of the Alabama diocese will participate in the ceremonies.

STOCK MARKET.
New York, April 19.—(AP)—With Wall Street apparently convinced that no immediate increase in federal reserve discount rates was likely, and general expectations of a sharp reduction in brokers' loans this week, speculators for the advance had little difficulty today in bringing about a sharp rise in prices. Early gains in scores of active issues ranged from 2 to nearly 15 points, with trading in fairly heavy volume.

Lowering of the renewal rate on call money from 4 3/4 to 4 to 4 1/2 per cent also helped to stimulate bullish enthusiasm. Buying orders were spread over a broad list, more than a score issues reaching new high ground by early afternoon. In order to give stock exchange members time to catch up with the accumulation of work occasioned by the recent string of 4,000,000-share sessions, the board of governors voted today to close the exchange on Saturday.

Delaware and Hudson, which is expected to become the "bridge line" in the proposed plan for eastern railroad consolidations, extended its early gain to nearly 15 points by touching a new high record at 191 1/2. Pere Marquette, Canadian Pacific and Hudson and Manhattan advanced 3 to 4 points and St. Paul common moved up to another new peak price.

Express shares, which have been heavy recently, were again in brisk demand, American railway express gaining 10 points and American Express 4. American Sumatra Tobacco, Purity Baking B.

The closing was strong. Total sales approximated 3,500,000 shares.

PEGGY POYCE'S FATHER DIES AT FARMVILLE, VA.
Farmville, Va., April 19.—(AP)—Samuel B. Upton, 64, father of the noted motion picture actress, Peggy Hopkins Joyce and a veteran barber of Farmville, died suddenly at his home here today following a stroke of paralysis.

Mr. Upton was a native of North Carolina and is survived by his widow and the following children: Marguerite, now Peggy Joyce; Lucille Upton Harrison, Cecil Upton and S. B. Upton, Jr.

STOCK EXCHANGE SEAT PRICES SOAR AGAIN
New York, April 19.—(AP)—Value of membership on the New York stock exchange soared to \$395,000 today with the announcement that arrangements had been concluded for the sale of a seat at this new record figure, which is an increase of \$20,000 over the previous high mark.

The said stock will be sold for cash only at twelve o'clock M., on May 18th, 1928 before the Court House door in the city of Greenville, North Carolina.

Harvey M. Hing, Executor James M. Hines' Estate
This 18th day of April, 1928.
Apr. 19-11w-4wk.

What Is Cash Like When It's "Cold?"

A DELCO-LIGHT magazine ad says a man in Minnesota "Pocketed an extra \$300 in cold cash in a single year from 250 hens after he lit his hen house with Delco-Light." Hot or cold, it's a nice bit of extra cash. Hot or cold, it's what we're all after, and if I sell you a Delco-Light you'll get yours in increased egg production, reduced labor costs and all the rest of the things the ads tell about. It's one of those propositions where each of us gets the best of the bargain, if you know what I mean.

MERRITT EQUIPMENT CO.
Greenville, N. C.

Just phone or drop me a card and I'll bring Delco Light to your home for a night demonstration!

Satisfaction
Is What We Strive to Sell in Every Package You Buy

It Is Really Stylish to Be Thrifty
Gone are the days when women boasted to each other about how much they paid for their clothes and hats. It is just as old-fashioned now to be wastefully extravagant, as to wear ankle length skirts, pompadours and willow plumes.

The really smart woman of today prides herself on being a shrewd judge of values and it is getting to be common knowledge among them that our policy of buying for 954 stores has brought down the cost of really good merchandise. Women tell each other over bridge tables that it isn't really necessary to pay an exorbitant price any longer for "nice things." "Quality—always at a saving" can be found in the nearest Penney Store.

Clothes, manners and standards of living—all are rapidly being simplified by the application of large doses of old fashioned common sense. Not "how much did I spend" but "how little" is the modern trend. It is getting stylish to be thrifty.

Every Wardrobe Should Include A Frock of Printed Crepe
So many occasions arise when a printed frock is "just the thing"—and especially this season when prints are decidedly different and charming.

Flowers, dots, figures and scenery—there is a little of everything in the approved patterns.

Many Clever Versions of the Frock for Women, Misses and Juniors

Bows, frills, ruffles and pleats—the variety of styles makes it possible for you to find a frock in the type you need—silk crepes, georgette and chiffon for your selection.

Important Spring Modes Are Expressed in These New Coats
Spring styles are at their best now. Capes, scarfs, contrasting inserts, pockets and belts—all are evidences of a new season.

Women Misses Juniors
\$1.975

Many, many charming coats of splendid quality, modish fabrics are gathered at this tempting price.

House Frocks Of Unusual Charm
The type of better house frock that everyone needs. Look ahead for your summer supply now. Crisp Styles. New colors and fresh styles in this season's selection. 79c

Give Mother An Umbrella on Her Day
The thoughtfulness of such a gift makes it appreciated as long as it is used. Black and colors. Many fancy handles add interest to this showing of new ones. \$2.98

A Costume Essential!
Silk Hose in Harmonizing Shade
Our Own Numbers
Various Weights For a Variety of Needs

No. 449—pure silk, full-fashioned, with a short lisle top. Pair \$1.49
No. 447—silk to the top, full-fashioned, in modish shades. Pair \$1.49
No. 455—our own chiffon, silk to the top, full-fashioned hose. Pair \$1.49

Shantung Defense Collapses Before Nationalist Drive

Peking, April 19.—(AP)—Collapse of the Shantung defense before the onslaught of the Nationalists who recently opened a drive on Peking, has caused a retreat of the northern armies on all fronts.

Latest reports from the battle-front stated that the Nationalists had captured Yenchowfu on the Tientsin-Pukow railway line about 75 miles south of the city of Tsinan. News of the capture of Yenchowfu by the Nationalists also has come from Nanking, capital of the Nationalist government. The Nanking dispatches told of three concerted Nationalist drives toward the north or with Peking as their goal. At least 750,000 men are believed engaged.

Shanghai, China, April 19.—(AP)—Destruction of a northern army of 20,000 men in unusually fierce fighting during the past few days near Yenchowfu, southern Shantung, is reported in dispatches from Peking.

An advance made by Feng Yu-Hsiang, allied with the Nationalists, has completely frustrated an offensive launched by the northern general, Sunchuan-Fang, Governor of Shantung, which had for its object cutting the Lunghai railway at Kweiwei and thence turning the left flank of Chiang Kai-Shek, the commander-in-chief of the Nationalist army.

The result was the destruction of Sun's armies of 20,000 men and the occupation of Taining just south west of Yenchowfu by Feng Yu-Hsiang.

As an example of the ferocity which the struggle has been conducted ever since the Nationalists opened the spring drive on the northern capital, reliable foreign sources state that Chiang Kai-Shek has lost 20,000 men, 2,500 of whom were killed, including one general, and three colonels in 36 hours of fighting which ended in the capture of Lancho.

TODAY

(Continued from page one)

earth to take care of its "gold basis" currency. Imagination does a good deal of it.

This country, it is said, produced last year less gold by value of millions than was actually used in art and manufactures, quite apart from any currency needs. If you could make gold artificially, and commercially, you'd get rich, unless your secret were known and gold demoralized.

Severe earthquakes shook southern Mexico yesterday in Oaxaca and elsewhere. Several towns are believed destroyed and a sound like a cannon shot was heard from the hilltop at Tepepec, before the shaking of the earth began.

Tremors were felt as far as Mex-

Map shows the direction of the intended route of the trio of brave trans-Atlantic fliers and the actual path that landed them at Greenely Island, a desolate speck of land off the southern coast of Labrador in the Straits of Belle Isle, 400 miles off their proposed route.

ico City and doubtless many will connect this earthquake and others recently, with the religious trouble in Mexico.

Nothing could be more gratifying to the deeply religious mind than a powerful earthquake, terrifying the enemies of religion. Unfortunately modern earthquakes do not discriminate, and shake down buildings on the just and the unjust.

Secretary Mellon says he will retire as Secretary of the Treasury, and ought to get a vote of thanks from every American old enough to vote. "Republics are ungrateful," they say, but even a republic should be grateful to Secretary Mellon, for voting to public service his time and energy, neglecting his own affairs and giving to the people without charge the benefit of the ablest financial minds in this country.

Governor Al Smith has decided not to attend the national convention at Houston, because it would be better taste not to go. His friends believe that it isn't necessary, inasmuch as he is practically nominated at this moment.

Countess Stanislaus de la Rochefoucauld, bet on zero and 17 at Monte Carlo's roulette table and won 375,000 francs.

"couplers" that serve the bank will take in many times 375,000 francs. Human beings despise the poor fish that swallows the hook with a tempting worm on it, and swallows the same kind of a hook.

Senators denounce the high price of books. Mr. McKellar, from Tennessee, says "novels worth 'two bits' can not be bought for less than \$2.00. The price of novels is not so important. But the high cost of books containing positive knowledge, that would enable uneducated millions (including many college graduates) to educate themselves, is disastrous.

That books should be sold for four and five times what it costs to produce them, is as bad for the publisher and for the author, as for the reading public.

When will American business, big generally, learn that sales with small profits, as shown in the automobile industry, are most profitable?

Talk Rediscunt Rates. Washington, April 19.—(AP)—Secretary Mellon said today that the federal reserve board discussed rediscunt rates at a meeting yesterday. Mr. Mellon, who is ex-officio chairman of the board, presided

over the meeting in the absence of Governor Young, who is in Florida. The secretary declined to give any further information concerning the meeting.

ENGLISH ACTOR FACED BY DIVORCE COMPLAINT

Los Angeles, April 19.—(AP)—The fifth marital voyage of Pat Somerset, English actor, was threatened with disaster here today as the news was published that Mrs. Shelby Worrall Somerset, his bride of four months, had signed a divorce complaint and had ordered her attorney to file it. Rib-breaking punches and kicks, profanity, drunkenness and non-support were charges against Somerset in the Texas girl's complaint. In that document she declared he had pawned her jewelry to buy liquor, neglected to tell her of his past misrepresentations of his financial condition and burned holes in her best frocks.

Tonolulu, (AP)—The University of Honolulu debating team will visit China, Japan and the Philippines to discuss international goodwill.

OUTSELLING ALL SIXES

World's greatest value by this Nationwide Verdict

In all 6-cylinder history there has never been such spectacular acceptance of any car as that which everywhere greets the new Essex Super-Six. It is out-selling all other "Sixes", and its own previous records, by such outstanding margins as to leave no doubt of its leadership.

where automobile values are understood better than anywhere in the world, Essex sales have been greater than the next three "Sixes" combined.

Such success can only reflect an accurate and unmistakable public appreciation that Essex is the World's Greatest Value—Altogether or Part by Part—Please Compare.

All New Costly Car Details:

- Higher radiator with vertical lacquered radiator shutters.
- Wider, heavier fenders.
- Colonial-type headlamps and saddle-type side lamps.
- Four-wheel brakes, the type used on the most expensive cars.
- Silenced body construction.
- Wider doors, for easy entry and exit.
- Worm and tooth design steering mechanism.
- Electro-lock type of theft protection.
- Fine grade patterned mohair upholstery.
- Wider, higher, form-fitting seats.
- New instrument board, finished in polished ebony.
- ebony grouping motor, ammeter, speedometer, gasoline and oil gauges.
- Steering wheel of black hard rubber with steel core, and finger-scaled; a detail of costly car appointment.
- Light, horn, spark and throttle controls on steering wheel.
- Rubber-matted running board.

Coach \$735 - Sedan (4-Door) \$795 - Coupe \$745 (Rumble seat \$30 extra)
All prices f. o. b. Detroit, plus war excise tax
Buyer can pay for cars out of income at lowest available charge for interest, handling and insurance.
