

REPUBLICANS ALL SET FOR KANSAS CITY

Last of Delegates to National Convention Named; Hoover Claims Led.

Washington, May 30.—(AP)—The last of the delegates to the Kansas City convention have been selected, and none of the candidates for the Republican Presidential nomination are claiming enough strength to win on the first ballot.

The winner must gain a majority, 545. Hoover's managers say he has almost that many delegates in the bag now. The last minute trend, they predict, will benefit the commerce secretary and clinch his nomination before the convention reading clerk gets warmed up to calling the roll.

Lowden's managers predict that he will form Illinois governor will have around 300 votes on the first ballot, and they chart out, in their speculations, a course of developments that would build his strength up to the nominating point—something that, this time, the Hoover lieutenants say is not even probable.

Excluding the 19 West Virginia delegates selected in yesterday's primary, the exact result of which is not yet known, Hoover's managers are claiming 522 1-2 of the 1,689 delegates. Their claim to 182 of these is disputed by opponents, chiefly those in the Lowden camp who say there are many more who probably will swing away from Hoover before the balloting begins.

On figures as to the preference of delegates compiled by Lowden managers, their candidate has 273 1-2 as compared with 346 1-2 which the Hoover and 339 which they place in the "uncertain" column.

Not only have the Lowden managers emphasized in their tables the "in doubt," uncommitted delegate element, but the Hoover managers have agreed that the convention result may turn on what some of the uncommitted delegates decide to do. All the candidates and their supporters have their eyes on the delegation of 90 from New York, the 79 from Pennsylvania, the 39 from Massachusetts and other uncommitted groups which probably won't decide where to swing their strength until they caucus just before the balloting.

Into nearly all the speculation as to convention developments comes Coolidge's name, and sometimes that of Hughes. Unless the President makes it definite that he would not accept the nomination under any circumstances, a number of delegates are expected to vote for him on the first ballot. Some leaders predict that this would lead to a stampede to Coolidge. Others believe that he would get into the picture only in the event of a deadlock, while still others say he is definitely out of the field and will make this known in emphatic fashion before the convention gets down to action.

In the latter class are most of the Hoover supporters, who have been predicating their campaign on the theory that Mr. Coolidge under no conditions would accept renomination.

Methodists Make Sweeping Change In Marriage Code

Kansas City, May 30.—(AP)—A sweeping change in the divorce code of the Methodist Episcopal Church has been effected with the approval of separations on grounds equivalent to adultery.

Adoption of a resolution to this effect at the concluding session of the quadrennial general conference of the church here yesterday, permits ministers to marry a person divorced on grounds other than adultery, which heretofore was forbidden. Factors were told they could use their own discretion in deciding on the eligibility of divorced persons to re-marry and that they considered extenuating circumstances.

The conference also voted to recognize divorces granted by the state, to receive divorced persons into the church, and to begin a marriage educational campaign among its young people. Courses of study on marriage were ordered prepared for use in schools. Young people were advised to seek parental, medical and pastoral advice before marriage, and states were urged to check hasty marriages by passing laws requiring delay in granting marriage licenses, and requiring public notice of intention to marry.

TEST PLANE FOR TRIP TO AUSTRALIA

Captain Kingsford-Smith Plans to Take Off Tomorrow on 7,788 Mile Trip.

Oakland, Cal., May 30.—(AP)—The tri-motored monoplane Southern Cross, today was undergoing a final inspection with her crew hoping to start tomorrow on the first lap of the 7,788 mile flight from the Golden Gate to Australia.

Weather reports indicated favorable conditions for the hop to Honolulu, the first stop. The plane is scheduled to take off at 9 a. m. tomorrow. Captain Kingsford-Smith, flight commander and chief pilot, and his three aides, after an inspection of the ship and instruments said they had taken advantage of every aid that science and motor designers could give.

The plane will carry three complete radio transmission sets, with send driven generators, two radio receiving sets, drift indicators, two earth inductor compasses, an aperiodic compass, two boat compasses and one magnetic compass. Other instruments will be a radio direction finder, a bubble sextant, a ship's sextant, several types of visual signals and distress signals.

Kingsford-Smith said the wings, each containing a 200-gallon gasoline tank, would provide seaworthy rafts in emergency. The gasoline can be dumped quickly, and should the flyers be forced down they intend to saw off one or both wings.

Members Of Congress Ring Down Curtain on An Eventful Session

Washington, May 30.—(AP)—With Congress in recess until next December after a session which ran the gamut of everything predicted for it and then some, battle-scarred legislators were enjoying a double holiday this Memorial Day.

Six months of freedom from legislative cares, five of which are available for repairing political fences back home, lay before the more than 500 Senators and Representatives as they trekked homeward.

The last day of the first session of the seventieth Congress ended a near last minute riot in a filibustering and Dawes-applauding Senate and a singing, fraternizing and "oke-swapping" House.

Cries of "Speech, speech," and a milling refusal of vice-President Dawes preceded the fall of the gavel in the Senate. A brief farewell from Speaker Langworth and the singing of the Hawaiian good-bye, "Aloha," came just before the final pound of the gavel in the House.

The session thus brought to a close and saw the enactment of approximately one thousand new laws covering everything from bridges and insignificant pensions to one of the greatest engineering problems ever to be placed before the nation's builders for solution—the controlling of the great Mississippi river. It was a legislative record unequalled in a decade.

Except for Boulder Canyon Dam bill, which was left for the short session to worry about after a filibuster prevented it reaching a vote, Congress disposed of almost every bill on its calendar of any importance at all.

A total of 19,770 measures were introduced in both Houses, not counting those offered the last day and of this number 1,323 were reported by House committees and a little more than 900 by Senate committees. A total of 923 were put on the statute books.

President Coolidge, sitting at a desk in his room in the Senate wing, affixed his signature to 92 bills during the last hour of the session, but the Muscle Shoals government operation measure was not among them. Unless this bill is signed by midnight June 2, when the ten days allowed for action expire, it will receive a pocket veto.

Before going to the capitol Mr. Coolidge signed another batch of measures, including the tax reduc-

JIM GLEASON LEADING AUTO RACES TODAY

Philadelphian Beats Opponents to Half Way Mark at Indianapolis.

Speedway, Indianapolis, May 30.—(AP)—With a record breaking crowd of 135,000 to 150,000 looking on, Jimmy Gleason, a youthful Philadelphia driver, was leading in the 500 mile automobile race at the Indianapolis motor speedway today when the half-way mark was reached.

Gleason covered the 250 miles in 2:25:43.63, an average of 102,932 miles an hour, smashing the track record for the distance hung up by Peter De Paolo in 1925.

Anthony Gullotta was second with Lou Moore third and George Souders, winner of the 1927 event, fourth.

Leon Duray, of Los Angeles, the favorite, who set a terrific pace from the start, leading except for a few seconds for the first 162 miles had dropped back of the first ten. He lost the lead when he was forced to stop to take on fuel and change tires.

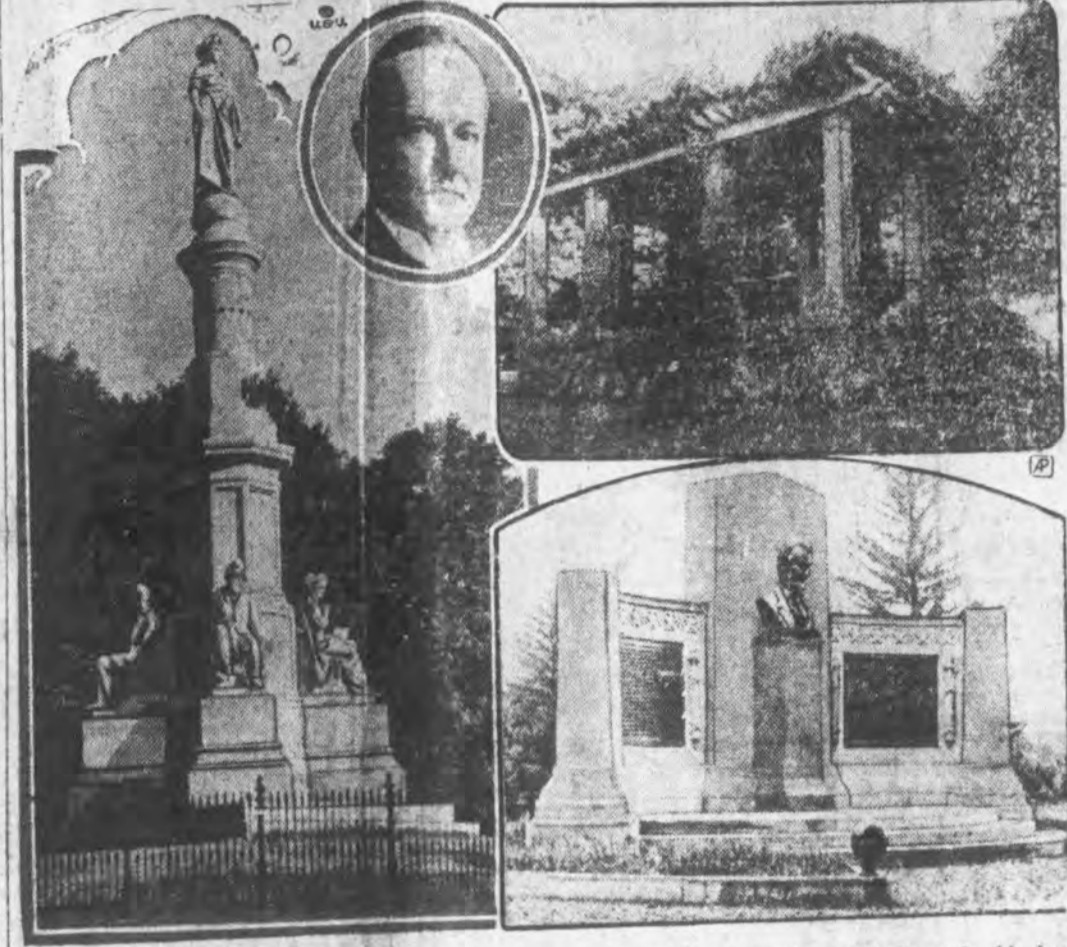

Before the half mark was reached seven of the original twenty-nine starters were listed out of the race. Two of the favorites, Cliff Woodbury of Chicago, a veteran driver, and Cliff Bergere of Los Angeles, were among the withdrawals.

The first 250 miles Duray had won \$5,000 in lap prizes with Jimmy Gleason earning \$2,300. They got \$100 for every lap of the race they led.

At 300 miles the speed had increased with Gleason leading, Lou Meyer second and Gullotta third. The time was 2:54:21.49, an average of 103,236 miles an hour. Gleason was about five miles ahead of Meyer.

Gleason was stripping on the gas at 350 miles, leading Gullotta by five miles, with Meyer third and Souders fourth. The time was 3:25:51.86, an average of 102,999 miles an hour, breaking all records for the track for the distance. A high wind blew up from the northeast, with clouds gathering to carry a threat of rain as the racers started for the 400-mile mark.

PRESIDENT VISITS GETTYSBURGH AS NATION OBSERVES MEMORIAL DAY

FAIL TO FIND ANY TRACE OF BIG DIRIGIBLE

Norwegian Government to Continue the Search for General Nobile and Crew.

Copyright, 1928, Associated Press. Kings Bay, Spitzbergen, May 30.—(AP)—The base ship Citta Di Milano arrived at Kings Bay at midnight, unsuccessful in her efforts to obtain even a faint trace of the missing dirigible Italia and her crew of eighteen men.

The sturdy ship which was buffeted by heavy winds and ice flows in the polar sea off the northernmost part of Epituzbergen will go north again to renew the search when the sealer Hobby arrives from Norway carrying Lieutenant Luetzow Holm and a hydro-airplane in which the Norwegian fliers will reconnoiter the region in which the Italia may have come down.

The Citta Di Milano definitely "hooked reports published yesterday that a seal hunting ice cutter steamship had received what was thought to be signals from Amsterdam island off the Italia. No sealer on Amsterdam island heard any signals, it was stated.

The crew of the Citta Di Milano said that they had not seen anything of interest on their trip to the north in search of the missing dirigible. The ship reached nearly 80 degrees latitude but soon encountered the ice edge and finally had to turn back near Cape Barren, north of Vogelsgang Island.

When the Citta Di Milano reached King's Bay there was a heavy fog and a very cold north wind. The vessel will go south to Advent Bay and Iceford where she will bunker in preparation for her return trip to the north. It was snowing today and the cold was intense.

Oso, Norway, May 30.—(AP)—Undeterred by Italy's request that plans of an auxiliary expedition to hunt for the missing dirigible Italia be suspended, the Norwegian government decided today to continue the search.

A new plan was worked out by Captain Riser-Larsen. He will start northward probably today or tomorrow in a naval plane of the same type as that used by Lieut. Luetzow Holm who is already on his way north. It is planned that these two planes will cooperate with two Swedish planes in a search of north Spitzbergen and other arctic island groups. They will be supported by small, strong arctic boats of the type of the Hobby, which is carrying Lieut. Holm to Spitzbergen.

The trouble started when Senator Johnson, beaten in his attempt to prevent adjournment before his Boulder project bill was voted on, tried to obtain unanimous consent to keep the measure unfinished business for the next session.

Bruce, Democrat, Maryland, objected, insisting that the California had been licked and should take his licking.

Johnson resented with some heat Bruce's suggestion of a "deal" between himself and Republican and Democratic leaders to let the bill go over, and then Robinson, of Arkansas, the Democratic leader, intervened as peacemaker and demanded an agreement existed.

This served only to further rile the Marylander and soon he and Robinson were clashing violently in the aisle with arms waving and high pitched words flowing freely. Robinson, pleading support from all Democrats except Bruce, urged Johnson to put his proposal to a vote. He did.

The roll call began, and for a moment it looked as though Bruce was swept off his feet, but the Marylander stood his ground, and upheld by Reed, Democrat, Missouri, and LaFollette, Republican, Wisconsin, as to his parliamentary rights, was given recognition.

Coolidge Voices Plea For Abolishing War In Memorial Address

Gettysburg, Pa., May 30.—(AP)—In the first speech to be delivered by a President on the Gettysburg battlefield since Lincoln's immortal address, President Coolidge today voiced a plea for the abolishment of war as the fittest tribute to the war dead of America.

At the same time he denounced the indifference to crime in the United States and condemned what was described as a tendency of the legislators to exceed the powers granted to them by the Constitution. These things, he said, tended to weaken the regime of law and breed turbulent populations prone to war.

Although not mentioning any specific legislation, one portion of the President's speech was regarded as a reference to the McNary-Haugen farm relief bill which he recently vetoed. Legislatures, he said, could not evade responsibility for exceeding their constitutional authority by "the weak plea" to let a law be passed and have its validity passed upon by the courts.

Declaring the "one thing we want above all else for ourselves and for other nations is a continuance of peace," Mr. Coolidge reviewed negotiations by the State Department for treaties against war and for arbitration treaties.

The Briand proposal that the United States and France sign a treaty to renounce war was described by the President as having developed into "one of the most impressive peace movements that the world has ever seen."

Secretary Kellogg's submission to the powers of a draft treaty to this effect, "has met with very favorable reception," he said.

"Not only has the idea of an international treaty for the renunciation of war been endorsed by public opinion here and abroad, but the governments themselves have approached the matter with an interest and a sympathy which is most encouraging," he continued.

"It is my earnest hope that success may crown the negotiations now in progress, and that the ideals which have inspired the French Minister of Foreign Affairs and the Secretary of State of the United States in their joint efforts to find a solution of the problem of peace may find a practical realization in the early making of a multilateral treaty limiting the resort to war."

Mr. Coolidge also praised the conclusion of arbitration treaties and the resolution approved at the Havana Pan-American Conference calling for a Pan-American compulsory arbitration covenant.

"The peace of the world cannot, of course, be obtained by any one single act," he said, "but every treaty of arbitration and conciliation and every agreement against resorting to war adds another barrier against those conflicts which from time to time have recurred in the history of nations."

Declaring that the peaceful spirit of a nation must originate by the people, the President added that "while the people of the United States as a whole are peaceful and law-abiding to a remarkable degree, it cannot be denied that we have had sporadic outbreaks of crime, especially those of violence, which are exceedingly disturbing."

"Such a condition will indicate, if continued, a loosening of the moral fiber of the nation. It is

Ask New Trial In Hickman Case

Los Angeles, May 29.—(AP)—Final briefs have been filed with the state supreme court by counsel for William Edward Hickman in an effort to save him from the gallows. The attorneys asked reversal of the lower court decree finding him guilty of slaying 12-year-old Marian Parker here, and a new trial. The supreme court has 90 days in which to pass on the appeal.

AMERICA PAYS HOMAGE TO HER DEAD SOLDIERS

Graves of 29,915 Americans in France Decorated With Flowers Today.

Paris, May 30.—(AP)—America rendered homage today to those of her sons who fell in the great war. Eloquent eulogies extolled their courage and abnegation while the youthful bands of French war orphans decorated their graves.

Whether grouped together in beautiful cemeteries with artistic little marble slabs marking their resting place or sleeping their last sleep in valleys or upon the hills where they fell and only a faded wooden cross above them, there was a word of remembrance for all. There are 29,915 buried in American cemeteries.

Ambassador Myron T. Herrick, and the most prominent members of the American colony in Paris, from the professional, religious, diplomatic and business sectors, helped to make the day at Suresnes a memorable one.

The mobilization of American memorial effectiveness began in Paris with two religious services held simultaneously at the American pro-Catholic church and the St. Joseph's Catholic church.

After the services both congregations formed in the Avenue Hoche and with Colonel Francis E. Drake and Colonel Hugh A. Bayne leading, proceeded to the Arc-De-Triomphe, where Ambassador Herrick and Colonel Dean Jay, representing the American overseas Memorial Day Association, deposited wreaths on the tomb of the Unknown soldier.

French war orphans, in sombre little dresses and garments, decorated every grave of the 1507 at Suresnes. In single file, they passed a flower booth and were handed each a small bouquet, the center of which was poppy.

Ambassador Herrick, speaking at Suresnes, said that at no time since 1928 had the value of the sacrifices of the war been so keenly realized. There had been times when people had begun to wonder if the result was worth the sacrifice but at present suspicion had diminished and hope had replaced pessimism.

Ceremonies were held at Belleau Wood—the Alsne-Marne cemetery, 2,268 graves—where Doctor J. W. Cochran presided; the Somme cemetery at Bony—1831 graves—Colonel P. M. Lydie, in command; the Oise-Alsne burial ground at Seringes-Et-Nesles—592 graves—and the St. Mihiel sector cemetery at Thiaucourt where the 4150 graves, were decorated by Major B. H. Connor and members of the Legion from Paris Post No. 1. General John J. Pershing spoke there.

Another Day of Argument in the Lawrence Case

Pittsboro, May 30.—(AP)—Another day of arguments faced the jury trying W. Herbert Lawrence, Durham contractor, for the murder of Mrs. Annie Terry as court convened today, two weeks after the opening of the trial. The indications were that the statements of counsel yet to be heard would consume all of today, with Judge R. A. Nunn's charge to the jury probably coming the first thing tomorrow.

J. Elmer Long, lieutenant governor, who spoke for an hour and a half yesterday, had the floor this morning to continue his argument in behalf of the defendant. R. Percy Reade, another defense attorney, was next on the list, and Solicitor Clawson Williams was scheduled to close the speaking.

Too Much Paper Causes Closing Of Wallace Bank

Wallace, N. C., May 30.—(AP)—Inability to collect on slow paper today was assigned as the reason for the voluntary closing of the Farmers Bank and Trust Company here yesterday.

No excitement accompanied the announcement of officials that affairs of the institution had been placed in the hands of bank examiners.

Wallace, N. C., May 30.—(AP)—Autoul, France, May 30.—(AP)—Henri Cochet, of France, and Eileen Bennett, of England, today defeated the American team of Helen Wills and Francis T. Hunter in the final for the international hard court tennis mixed doubles championship. Scores were 3-6, 6-3, 6-3.

LOCAL PEOPLE PAY HOMAGE TO DEAD HEROES

Profusion of Flowers Placed on Graves of World War Dead Here Today.

With hundreds of poppies in evidence, conveying a grim reminder of the flower of young American manhood sleeping death's long sleep in Flanders Field, Greenville, today paid homage to dead heroes of the world war.

Although the exercises were not extensive as in recent years, the graves of the World War dead in local cemeteries were covered with a profusion of flowers by the loving hands of former buddies—members of the local post of the Pitt county American Legion and the Woman's Auxiliary.

During the early morning hours the American flag flew at half mast in front of numbers of business houses along Evans street and Dickinson avenue, expressing in a mute way the great cause for which thousands of countless young Americans crossed the high seas and fought a foreign foe.

In store windows might be seen decorations consisting of miniature Flanders field, with poppies and little white crosses dotting the landscape, carrying out in an effective way the spirit represented by Memorial day. Expressive in their extreme simplicity, these touches of the hands of expert decorators assisted materially in focusing the public mind on the grim struggle that came to an end nearly 10 years ago.

Always thoughtful of the men who marched side by side with them in the grim struggle against the ruthless heel of German autocracy, members went to the local cemeteries, and with arms laden with flowers, bent over the graves of Pitt county's dead and pledged anew their faith in the great cause for which they fought. It was a pathetic scene. Tears dimmed the eyes of many as memories of the carnage of French battlefields clamored for recognition. Numbers of relatives of the dead mingled with the Legionnaires and they, too, wept silently as they visualized the once stalwart figures lying beneath the sod.

All banks of the city closed in observance of the day but aside from this business continued without interruption. It was the first time in years that Pitt county did not play exercises upon a more elaborate scale. The general spirit of reverence in evidence on all sides, however, made up for the lack of ostentation of observance and possibly enabled many to get a clear conception of the true greatness of the day.

Probe Death At Smithfield

Smithfield, May 30.—(AP)—A coroner's jury was called to meet this afternoon to resume investigation of the death of Everett Eason, 35, in connection with which Paul and Ausley Pilkington, Carl Christensen and Berdine and James Narron are being held in custody here. The five were arrested on suspicion after they had reported the death of Eason who was found on the Selma-Smithfield highway early Sunday. They blamed a "hit and run" automobile but the finding of an empty whiskey flask and hammer near Eason's head resulted in the investigation.

Finals Begin At Wake Forest, N. C.

Wake Forest college commencement got under way today with the semi-annual meeting of the board of trustees this morning and the baccalaureate sermon tonight by Dr. J. Clyde Turner, of Greensboro. Dr. John Calvin Metcalfe, dean of the University of Virginia's graduate school, will deliver the commencement address tomorrow, and on Friday 132 graduates will receive diplomas.

Duke of Newcastle Dies at London Home

London, May 30.—(AP)—The Duke of Newcastle died in London this morning at the age of 63. The successor to the title is his brother Lord Henry Francis Pelham-Clinton-Hope, whose first wife was May Yobe, American born actress. They were divorced in 1902.

After her divorce May Yobe married Captain Putnam S. Brown, divorcing him at Portland, Oregon, in 1910, and later marrying Captain Jan Smuts. She returned to vaudeville in New York in the spring of 1923.

LOCALS TAKE SECOND GAME FROM PIRATES

Again Champion

Jack Mooney, Atlanta, wins the South Carolina tennis title for the second consecutive year at Charleston.

A home run by Finlator in the tenth inning gave Greenville the second straight victory over the league leading Wilmington Pirates at the fair grounds here yesterday afternoon by the score of 4 to 3.

The circuit clout came at the end of the tenth after two local batters had been retired and brought to an end one of the most spectacular games of the season. It was the second time the league leaders had met defeat at the hands of "Deacon" Joltiff's cellar contenders and subsequently caused them to yield first place in the standing of clubs column to the irrepressible Fayetteville Highlanders.

The game developed into a pitcher's duel between Dudley, for the Tobacconists, and McKay, south-paw ace of the Pirate crew. Although the Greenville moundman had two bad innings, the fifth and eighth, he breezed along on an easy current during the other frames, and positively declined to yield anything in the shape of a pass around to the checking station.

Greenville launched a desperate offensive in the ninth frame. With three men on the corners they were retired unless when Roscoe made a sensational catch of Dudley's Texas leaguer against the left field fence. It was one of the most spectacular running catches seen on the local diamond this season and drew wild applause from the grandstand, even though it blasted all hopes of scoring for that frame.

Manager Weaver announced that the game was played under protest by reason of a fist encounter between Schofield and Daniels at the second sack in the fourth frame. Both players were put out of the game. The Pirate second sacker is alleged to have hurled a brand of invective against Daniels which was instantly resented.

The locals went to Rocky Mount this morning for the first game of a double header to be played with that club today. They returned to Greenville this afternoon for the second game. Two games are on schedule for tomorrow. Both will be played on the local lot.

Asheville Holds Tight to Lead in South Atlantic

(By the Associated Press) Timely hitting, consistent pitching and steady fielding—all the qualities necessary for a winning ball club—continues as the record of the Asheville tourists as they hold tightly to first place in the South Atlantic Association pennant marathon.

Yesterday the Skylanders won 11 to 5 from Augusta. Harris kept the Tigers' nine hits scattered while his mates were hitting three Augusta pitchers for 16 safeties. Macop won a wild game from Greenville in the Georgia city, the final count standing at 20 to 8. Six home runs featured the game, McCrone and Johnson of the Peaches getting two each. The Spinners were credited with four errors which added to 10 hits for Macop created a riot.

Columbia won a stubbornly contested game from Spartanburg 3 to 2. Both teams fielded perfectly.

AUTO RACERS GET AWAY AT INDIANAPOLIS

Indianapolis, Ind., May 30—(AP)—Thirty one tiny racing creations, expertly tuned and ready to go were lined up today awaiting the starting bomb to send them away on the 500 mile classic over the Indianapolis speedway. The drivers will share in prizes totaling \$100,000 with the winner drawing about \$35,000.

All cars with one exception are straight eights and capable of speed at better than 115 miles an hour. Indications were that the race would be the fastest on record and that the attendance would exceed 125,000, the record of a year ago.

With cloudy, cool weather, predicted, the drivers hoped this condition would prevail during the race. They pointed out that the racing machines performed better under such weather conditions, lessening the chances of exploding tires and other perils of racing.

The race defied prognostications as there was little tangle in the way of past performances but Leon Duray of Los Angeles stood out as a favorite with the crowd. Duray in his qualification trials sent his car dashing over the 2-1-2 mile brick course at a rate of 124.018 miles an hour, destroying the previous record of 120.918 miles an hour, hung up by the late Frank Lorchart.

Included among the favorites were Cliff Woodbury, of Chicago and Cliff Bergery, of Los Angeles, whose performance were almost as brilliant as that of Duray. The sentimental favorite was Ray Keech, of Philadelphia, who has the mount Lorchart built for today's race. Tony Gullato, Italian-American youngster who finished third in last year's race, was not overlooked. Another favorite with the crowd was George Souders, the former Purdue university student, winner of the 1927 race.

Highlanders Take Lead in The East

(By The Associated Press) While clubs in the first division of the Eastern Carolina league played "swap the cellar" yesterday those in the cellar positions held their relative positions.

The Wilmington Pirates gave up their scant leadership when they dropped a hard fought ten-inning twister to Greenville, 4 to 3. The break came when Finlator, right field gardner, earned a home run ticket after two of his mates had been retired at the rubber.

Fayetteville took up quarters in the top berth, moving from third place, after clinching their game from Goldsboro in the extra inning by a 4 to 3 score. With the bases filled McLain, swatting for Emmons, smothered on a long drive that would have been good for three bases had it not broken up the game. With the loss Goldsboro dropped into third position.

The Kinston Stemmers hit hard to win from Rocky Mount, 11 to 6 but did not change their relative position by the gain.

To the People of Pitt County:

I greatly appreciated the vote given me for Judge of the County Court four years ago, and I shall again be a candidate in the Democratic Primary on Saturday, June 2, 1928.

I am not a politician and I do not represent any faction. I do not ask for this office for personal profit, but in order to render service for the public good. To help make Pitt County a better place in which to live is my ambition.

If I am nominated and elected to this office, it shall be my purpose to give everyone a square deal and to administer justice with equality, fairness and impartiality to all according to law and the dictates of an honest conscience.

Assuring you that your support would be most sincerely appreciated, I am,

JAMES L. EVANS

LIKES HIS WIFE—BUT ANOTHER WOMAN BETTER

Los Angeles, May 30—(AP)—William Proctor Manning Van Heusen, member of the wealthy manufacturing company, is alleged to have told her he liked her wife but that he liked another woman twice as well.

"I'd give my life for Irene but I would give two lives for Ruth," the wife, Mrs. Irene Frazier Van Heusen, quoted him as saying.

Mrs. Van Heusen asked alimony and custody of the three children. She said her husband had an income of \$1,500 a month.

Loughran to Take On Latzo Tonight

New York, May 30—(AP)—Tommy Loughran, who will risk his light heavyweight title on any or no provocation at all, takes on Pete Latzo, Scranton, Pa., coal miner, in a 15-round championship fight at Ebbett's field tonight.

Odds-on favorites have failed before but there appears little likelihood that the former welterweight champion of the world can do more than give Loughran a few uneasy moments at the best. Since he grew, more or less overnight, from a welterweight to a light-heavyweight, Latzo has demonstrated nothing beyond the fact that he can give and take. He will need more than that against the sharp fighting champion who took two counts of nine in the first round of about with Loe Lomski and then got up to dazzle the "Aberdeen assassin" with his speed and skill the rest of the way.

YANKS STILL ON RAMPAGE IN AMERICAN

(By The Associated Press) While the Yankee machine rolls up an impressive lead in the American league five clubs continued unabated their scramble for first division berths in John Heydler's circuit.

Two victories over the Washington Senators yesterday allowed the Yanks to stretch their lead in the American league to eight and one half games. In sharp contrast is the situation in the national circuit where Brooklyn, in fifth place, is only three games and a half back of the league leading Cincinnati Reds.

Dorcher's tripple with the bases full enabled the Yanks to beat the Senators in the first game of a double header 3 to 2. They followed this with a crushing 12 to 3 triumph in the second engagement, Babe Ruth scored his 17th and 18th homers of the season and Gehrig his 9th and 10th.

Beaten five times in six starts against the champions the Philadelphia Athletics, nevertheless, showed their morale was not utterly shattered by pulling a 4 to 3 verdict over Boston Red Sox.

Meanwhile the National league became more lunched than ever. The Chicago Cubs moved to within

MRS. R. R. COTTEN SPEAKS TO ALUMNAE AT GREENSBORO

Greensboro, N. M., May 29.—The alumnae of Greensboro College took possession of the institution yesterday when a large and representative group from every part of the state and section joined in the annual business meeting and in the alumnae dinner of last evening.

This second event was made notable in a whimsical, sensible and altogether delightful talk by Mrs. Robert R. Cotten, of Farmville, of the class of 1863, a graduate who proved herself as young in spirit as the youngest graduate although she is 81 years of age and has been 65 years away from the civil war day when she swept forward in homespun dress to receive her diploma.

The alumnae-student dinner opened promptly at 6:30 o'clock. The Greensboro college orchestra, directed by George K. Hibbets, playing at the opening and at other intervals. Notable entertainment features were the songs by Mrs. J. W. Jansen, Winter Haven, Fla.; and Miss Gwendolyn Mitchell, of Greensboro, Miss Audrey Bruton at the piano.

Mrs. Sides was toastmaster. She first presented Dr. S. B. Turrentine and Mrs. Lucy Robertson who welcomed the returning students of former days with words through which emotion was felt. Miss Annie Ader spoke for the class of 1928. Mrs. S. H. Isler then read the greetings sent by absent alumnae, including quite a moving message from Mrs. Elizabeth M. Henderson, of the class of 1854.

Mrs. Sides introduced Mrs. Cotten as a Lindbergh of her sex, for she was termed one who has soared into fame in various fields, in civics, art and music. She had made a non-stop flight of 81 years, said Mrs. Sides, and is prepared to go on in the hearts of Greensboro college alumnae, in her community, her state and her nation which she has made better for having lived in it.

Mrs. Cotten's address was an altogether charming blend of modernistic thought with the romance of the days when she was a girl at Greensboro college. Her wit was irrefragable and at anytime she was liable to produce a hit to convulse the audience with laughter. She started off by declaring she was having the time of her life.

"I wish to talk tonight about girls, all girls," she declared, "girls are the most interesting and important things in the modern world because they are the embryonic mothers and are destined to play an important part in the history of the world. This generation of girls is the first genuinely free generation of girls the world has ever known. The wonderful part is they

have freed themselves, which alone makes real freedom."

She then spoke of the difference between the girls of her day and of today, but declared that "beneath all the freedom, cosmetics and high heels they are just as sweet as we were and will make finer women."

The changing attitude of women toward their place in the world was dealt with in effective manner. Mrs. Cotten described the accepted attitude of her day when a girl's sole outlook was in marriage in which she was merely the possession of her husband and was designed solely to look after him and her family. The girls of that day inherited an inferiority complex, although they were happily unconscious of it.

After a delightful description of her graduation and a humorous portrayal of a talk made then by a visiting minister, Mrs. Cotten turned to the equality complex of the woman of today and glorified in the fact that these modern girls are demanding fair play. She declared woman's true aim is to serve and that she is not self-seeking. She is to spiritualize the civilization which man has begun. A modern girl's work is three-fold, to make a wise mother, a good wife and a good citizen. They are not incompatible for the good citizen will naturally be a good wife and wise mother.

"All hail to the modern girl," Mrs. Cotten concluded. "In her heart

she is just as sweet and reasonable as the girl of long ago. She is fighting for absolute freedom and when that is gained reason will prevail and man will command her all the freedom, cosmetics and high heels they are just as sweet as we were and will make finer women."

Encourage her by your faith in her inner self, go with her into her wilderness of effort, keep her close to God and nature and the future will take care of itself."

**ABOUT
 TOWN**

These annual encampments of
 the girls and boys of the farms of
 Pitt county have a tendency of
 drawing them in closer union in the
 great work which they have under-
 taken, a member of the home
 demonstration department told us
 today.
 "The young people are spending
 several days at Camp Leach at this
 time. While there they will have
 the opportunity of hearing men and
 women well versed in the different
 phases of home life on the farm."
 Then, too, they will have the oppor-
 tunity of discussing activities of the
 various communities which they
 represent. This exchanging of ideas
 should mean much to them, and en-
 able them to go about their work
 in a more intelligent kind of way.
 "Pitt county is proud of these
 clubs of young people and believes
 they will be instrumental in making
 farm life far more wholesome and
 desirable in the future than ever
 before."

"Lindbergh was the proper man
 for the job of establishing of the
 trans-continental air line, a reader
 of the Reflector remarked to us to-
 day.

"Considerable time no doubt will
 be required to complete this invest-
 igation, but when finished it will
 be one of the greatest strokes in
 behalf of aviation this country has
 made in some time.

"Lindbergh was the proper man
 to head this great organization. His
 experience, while not extensive as
 others, has been sufficiently eventful
 and fraught with so many dif-
 ferent phases of progress that he
 ought to be able to accomplish far
 more than any other men of his
 age."

"It will not be so many years now
 before the entire nation will be
 linked by air lines, and when this
 occurs each town and city will be
 nearer to each other than ever."

"Many people look upon this with
 a degree of skepticism. There were
 skeptics in the day of Columbus, in
 the day of the development of rail-
 road and automobile, but they all
 proved successful."

"Therefore, why should not the
 nation be linked up by air even as
 it is by rails and a network of hard
 surfaced highways."

Today is Memorial Day.
 America will pause in the midst
 of intense activity today, and pay
 tribute to the memory of that vast
 multitude of young manhood that
 paid the supreme sacrifice overseas.
 This is one of the most solemn
 occasions of the year.

It is a day when thousands of
 former service men and American
 Legion Auxiliary members go to
 the graves of these departed heroes
 and cover them with flowers.

It is a day when they reconse-
 crate themselves to the great cause
 for which this flower of young
 manhood fought upon foreign bat-
 tlefields.

It is a day when countless num-
 bers of parents gaze at empty chairs
 and visualize the youthful figures
 that never returned to refill them
 at the end of the great conflict.

"What a contrast between those
 days of bloodshed and the still ser-
 enity of nature as it greets us
 now. Life, however, is made up of
 contrasts, and though they may be,
 one day we are happy, reveling in
 the glory and gladness of life—the
 next day some great sorrow sweeps
 through our souls, pouring forth
 blackness and bitterness which only
 the pitch darkness of purgatory can
 surpass."

But today as we bend over the
 graves of these men who drank the
 cup of their last drops in their
 struggle with a foreign foe, we cannot
 be other than thankful for the
 countless blessings which a kind
 providence has for us.

"America is greater today than
 she has ever been before, and to the
 men who honor goes the glory of
 achievement that made possible
 the things which we are so proud of."
 "Let us never forget to honor
 them, and may each succeeding
 year find us on our way to these
 shrines to pledge anew our faith in
 the ideals and principles for which
 they sacrificed their all."

"Greenville is on the upgrade in
 the standing of clubs in the East-
 ern Carolina league," confidently
 declared a follower of the local club
 today as he put on a proquetto per-
 formance on the sidewalk in front
 of crowd of loungers hanging around
 a local drugstore.

"Yes, sir, we are off on a march
 towards victory that it is going to
 be mighty hard for anybody to stop.
 We may be halted every now and
 then, but that will only be tempo-
 rary."

"With these new players in the
 lineup and the old ones playing like
 the chickens to make up for the poor
 showing at the first of the season
 it is natural to suppose things are
 going to happen."

"With proper support from sports
 lovers this old town is going to have
 a ball club everybody will be proud
 of."

Sheriff's Tax Sale

By virtue of the tax list execution placed in my hands by the Board of Commissioners of Pitt County, and the levy made thereunder, and the law authorizing such sale, I will, on Monday, June 4th, at the court house door in the town of Greenville, N. C., beginning at 12 o'clock noon, offer at auction the real estate of parties hereinafter set out and the real-estate as described in the said tax list unless the taxes and costs on the several parcels are paid by that time. Taxes for 1927.

This May 10th, 1928.
S. A. WHITEHURST, Sheriff of Pitt County.

SAYS GRAVES CRY AGAINST FUTURE WARS

Pershing Delivers Memorial Address at St. Mihiel Cemetery in France.

Thiacourt, France, May 30.—(AP)—Millions of graves cry out against war and the big nations must show the way to durable peace. General John J. Pershing told an assemblage of French and Americans at St. Mihiel cemetery today after school children had strewn flowers on the graves of American war dead.

The war that threatened civilization came, he said, because of the "fallacious theory that war is an essential element in the national policy of a government and an erroneous belief that nations become great through aggressive undertakings carried on regardless of right and justice. Against such views, the reasoning of cabinets and the creation of ententes too often have shown themselves powerless."

Making what was regarded as a reference to Secretary Kellogg's proposal of a treaty to outlaw war, General Pershing said: "In order to make lasting peace still more probable there would appear to be no longer any reason why the leading civilized powers should not agree among themselves to the general principle of the elimination of war as an avowed instrument of national policy. Such an agreement would certainly meet universal approval among the peoples themselves. It need not interfere with the necessities of reasonable armament or the fulfillment of consistent obligations."

The duty of great nations, he continued, is to formulate "some simple, understandable agreement not only as a deterrent to war among themselves but as an example to their more backward sisters."

James Lockhart Dies Suddenly At Charlotte

Charlotte, May 30.—(AP)—James A. Lockhart, 47, former State Commander of the American Legion, and prominent local attorney, died suddenly at a local hotel last night from acute dilation of the heart.

He became ill uptown and died before he could reach his home. He is survived by his widow, formerly Miss Sarah Moffitt, of Wilmington, and three children.

Coming from a line of lawyers, Mr. Lockhart was graduated from the University of North Carolina and passed the state bar examination before he reached his majority. He was given his certificate entitling him to practice when he reached the age of 21.

Soon after the entry of the United States into the world war, he volunteered and was severely wounded in France for a time his life was despaired of but he overcame his physical handicaps and resumed his practice of law upon his return to this country.

He was a native of Wadesboro. His father was James A. Lockhart, attorney of Anson county, and his grandfather was Judge Thomas Ashe, State Supreme Court jurist. Funeral arrangements have not been announced.

Lindy On His Way To California Now

Wichita, Kansas, May 30.—(AP)—After covering nearly 1,400 miles from New York in about 15 hours and 45 minutes, elapsed time, Col. Charles A. Lindbergh today again turned his new Ryan monoplane westward on this flight to map a transcontinental air route.

As was the case on his last visit to Wichita, en route from California to the east, he declined to discuss his plans. He said he could not say exactly when he would take off or where he would stop for fuel today.

Leaving Curtis Field, N. Y., at 6:25 a. m. yesterday (eastern daylight savings time) he landed here shortly before 8 p. m. last night (central standard time). He made the flight in three hops, stopping at Columbus and Dayton, Ohio, and St. Louis.

Colored Schools Finals Under Way

The 28th closing of the city school for negro children is in progress. The school year has been one of marked success.

The senior class entered a state-wide examination and moved a few points ahead of the class of 27 and ranks the negro standard schools in this section. They are raising money for equipment of the science room and to pay for maps so as to encourage school officials at home to have the department standardized them at the close of the session.

For two years graduates from the city school attended only one year of their state normal reviewing work, so as they may become standard high school graduates, prepared to enter college.

The program for the graduating exercises Monday night follows:
Processional.
Music—Negro National Anthem.
Invocation.

Salutatory with Oration—"Beyond the Alps Lies Italy"—Violet B. Cherry.

Chorus—Hear Us, Oh Father. Valcledictory with Oration—The Power of Humility—Fannie M. Parker.

Chorus—"I Heard the Voice of Jesus Say."
Annual Address—P. B. Young, of Norfolk, Va.

Remarks—W. A. Robinson, Inspector of High Schools.

Presentation of Diplomas—Supt. J. H. Rose.

Presentation of Certificates—E. G. Flanagan.

Presentation of Prizes—W. E. Hooker.

The white citizens are cordially invited to attend the play, "Cranberry Corner," Thursday night, to the school auditorium. The commencement sermon, June 3, at 8 p. m., will be at Swamore Hill Baptist Church, by Dr. S. L. McDowell, Durham, N. C. Also the home economics exhibit June 4th, day and night.

The principal, C. M. Epps is very anxious for his white friends to come out Thursday and Monday nights.

Manifestations Against Italy Still Continue

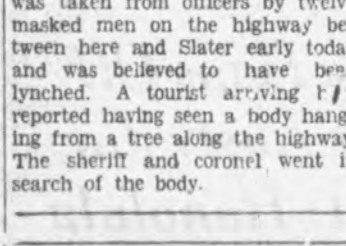

Belgrade, Jugo-Slavia, May 30.—(AP)—Despite wholesale arrests and threats of severe punishment by the government, manifestations against Italy continue throughout Jugo-Slavia.

Groups of students last night again forced their way into the Imperial car restaurant, where diplomats are wont to dine, and burned the Italian flag and a picture of Premier Mussolini before the eyes of the guests. This gave a signal for general anti-fascist demonstrations in the streets and the police succeeded only after great difficulty in dispersing the angry crowd.

NEGRO TAKEN BY MOB AND BELIEVED LYNCHED

Marshall, Mo., May 30.—(AP)—Odie Wilson, negro, alleged slayer was taken from officers by twelve masked men on the highway between here and Slater early today and was believed to have been lynched. A tourist arriving here reported having seen a body hanging from a tree along the highway. The sheriff and coroner went in search of the body.

200 STUDENTS STORM POLICE

New Haven, Conn., May 30.—(AP)—Two hundred Yale students hurling bricks and fruit, stormed police headquarters early today in an effort to rescue four of their comrades who had been arrested, but they were unable to break through the ranks of 50 policemen massed before the entrance.

Bricks were thrown through the windows of the office of the chief of police in one of the worst student riots known in this city.

The students arrested were: Gordon D. Tweedy, son of Prof. H. H. Tweedy of the Yale Divinity School; Herbert Stanley Connell, New York City; Daniel T. Moore, New Haven; Daniel Gold, Middletown, Conn., and Holland B. Williams, of New York City.

The trouble started when a sewer machine, working in the street, disturbed the slumbers of students in Payerweather and Wright Halls. Some one hurled a bottle which crashed against the machine and the next minute students from nearly every window laid down a barrage of glass ware. A rush for the campus then started and soon 500 men lined the streets.

A flying squad was sent from police headquarters and Dean Clarence Mendell appeared in a futile attempt to pacify the ring leaders and send them to their rooms.

Winston-Salem Observer. Winston-Salem, May 30.—(AP)—A big parade formed by the Clyde Belling Post of the American Legion featured the memorial day celebration here today. Following exercises at the graves of war dead in Salem cemetery, a memorial address was delivered in a local theatre by Dr. Len Broughton, of Jacksonville, Fla.

Fox Expedition Has Disappeared In the Northland

Fairbanks, Alaska, May 30.—(AP)—The mystery surrounding the disappearance of the Fox film expedition.

Two planes and five men of the film company expedition left Fairbanks en route to Point Barrow the afternoon of May 13. Nothing has been heard from them. A relief plane carrying pilot Matt Nieminen and radio operator, Richard Heysler, left Friday last in search of the Fox party. While Heysler agreed to report by radio Saturday, Alaska stations yesterday had not heard from him.

The Fox planes were piloted by Noel Wein and R. S. Merrill, Alaskan aviators. They carried as passengers Jack Robertson and L. Virgil Hart, directors, and Charles G. Clarke, cameraman. The party intended to take pictures at Point Barrow, Alaska's northernmost point.

CHRYSLER AND DODGE MERGE

Two Great Automobile Concerns Combined With Assets of \$235,000,000.

New York, May 30.—(AP)—A new colossus of the automobile industry, second only to the Ford Corporation and General Motors, has been formed with the merger of Dodge Brothers, Inc., and the Chrysler Corporation.

The new combination has a present market valuation of \$450,000,000, aggregated assets of more than \$235,000,000 and a production capacity of about 700,000 automobiles annually.

The acquisition of the Dodge Company is only a step in the expansion program of the Chrysler Corporation. Wall Street understands Active negotiations are said to be going forward for the inclusion of other units.

The deal is another milestone in the sensational rise of Walter P. Chrysler. From a common laborer he has risen to the place where he ranks with Ford and John J. Raskob of General Motors as the titans of the industry.

The merger is to be accomplished by an exchange of stock on the following basis:

One share of Chrysler common for one share of Dodge preference stock.

One share of Chrysler common for five shares of Dodge class A stock.

One share of Chrysler common for 10 shares of Dodge class B stock.

The Chrysler Corporation will assume the outstanding liabilities of Dodge Brothers, including \$57,276,000 of debenture bonds.

Same Distillers Arrested Twice At Wilkesboro

Wilkesboro, N. C., May 30.—(AP)—Federal prohibition agents arrested three men at a distillery in the Ferguson community of Wilkes county late Monday night only to meet up with the same trio again yesterday morning when they returned to the site to search for whiskey they believed was hidden nearby.

The men who gave their names as Vestal West, Dan West and Anthony Hamby, made bond for their organization. Mr. Chrysler becomes chairman of the new board with Mr. Dillon as chairman of the finance committee of the reorganized corporation. E. G. Wilmer will remain as president of Dodge.

MINISTER TO MARRY YOUNG FILM ACTRESS

Los Angeles, May 30.—(AP)—Two hours after her met Madge Young, film actress, Emmett Rawson, minister, proposed to her.

That was two weeks ago. Today they said they will be married on Saturday.

Rawson said he had preached in the east and intended to take a Los Angeles pulpit. He came here from Detroit, Mich., where his father, G. I. Rawson, is in business. Miss Young is a daughter of Edmond Haworth, of Buffalo, N. Y.
