ITALIAN FLIER FINDS GEN. NOBILE PARTY

AIRMAN DROPS PROVISIONS TO EXPLORERS STRANDED ON ICE FLOES OF ARCTIC LAND

Camp of Famous Explorer Located on Northeast Land—Grave Concern Felt Over Roald Amundsen, Who is Long Overdue in Return From Search of Arctic Waters.

Kings Bay, Spitzbergen, June 20. (AP)—General Umberto Nobile and his five stranded companions from the north pole dirigible Italia have been located off Northeast Land by Major Maddalena, Italian aviator.

The flier, who took off from Kings Bay at 6 o'clock this morning on a second reconnaissance of Northeast Land, dropped provisions from his hydroplane for the stranded group.

He said that he had dropped everything necessary for the relief of the men. His report stirred the utmost enthusiasm and optimism aboard the base ship Citta Di Milano which had stood by in Kings Bay after day keeping in touch with the Nobile party by means of the radio.

Major Maddalena returned to Kings Bay at 1:50 o'clock this afternoon and reported that all appeared well with the men who have been held in the grim grip of the polar sea ever since May 25 when the Italia was dashed to the ground and the control cabin was torn loose, spilling Nobile and eight men on the ice.

Kings Bay, Spitzbergen, June 20. (AP)—Major Maddalena, crack Italian pilot, took off for Poyne Island at 3 o'clock this morning on a second attempt to find the stranded party of General Umberto Nobile.

Major Maddalena failed in a reconnaissance of six hours yesterday to locate the missing men, but hoped to find them today as he had arranged for the Nobile party to attempt to communicate with him by wireless in order to indicate their exact position.

Kings Bay, Spitzbergen, June 20. (AP)—Roald Amundsen, Lieut. Lief Dietrichsen and Rene Guilbaud, who left Tromsø, Norway, Monday night in a French seaplane to join in the Nobile rescue work, were long overdue at Kings Bay today. There were many rumors concerning them but all lacked confirmation.

One report was that the fliers had continued on to the north of Northeast Land and were engaged in searching for the survivors of the dirigible Italia, there. It was thought probable, however, that the men might have gone to Advent Bay, instead of Kings Bay and established a base there. This is to the south of Kings Bay and it was likely that they could reach there without Kings Bay being informed.

(Rumors in Oslo that Amundsen and his companions had found General Nobile was subsided when neither the Norwegian government nor the French or Italian legation nor Amundsen's family could confirm them. The radio stations in Spitzbergen and Northern Norway had received nothing. Official quarters in Rome which are in communication with Nobile through the base-ship Citta Di Milano had no such report.)

After unsuccessful efforts of the Norwegian seaplanes piloted by Captain Risler-Larsen and Lieut. Luetzow Holm, and the Italian flying boat piloted by Major Maddalena to locate General Nobile and his marooned party to the north of Spitzbergen, Commandant Romagna of the Citta Di Milano realized today that it was necessary to determine upon some special means to enable Nobile to make known his position to the fliers. Nobile has seen the fliers on each attempt but has been unable to attract their attention to his party.

The fliers said that they were encountering great difficulties in looking for the marooned men and that the water lanes between them, the sun shining brightly on the ice made observations almost impossible.

Special apparatus was prepared to drop smoke bombs from the planes near the position where Nobile was supposed to be. It was thought the General could then set these off to indicate his location to the fliers.

GEORGE REMUS IS SET FREE EARLY TODAY

Millionaire Wife Killed From Asylum at Lima, Ohio.

Lima, Ohio, June 20.—(AP)—George Remus left the state hospital for the criminally insane today within half an hour after the decision of the Supreme court giving him his freedom had been telephoned to W. H. Vorbau, superintendent of the hospital.

Remus said he would return at once to Cincinnati and make his home there.

The one-time bootleg chief was working on the hospital farm when word of the decision reached him. Dressed in overalls, he ran to his quarters and began throwing his belongings into a bag.

"It's wonderful, wonderful," he repeated as he snatched clothing from hooks and piled his books and other possessions on top of them in the grip.

"I am going back to Cincinnati," he said, "and make my home there, and so satisfied with the decision of the Supreme Court that I am unable to say just what my plans will be, but anyway, I'm going back to Cincinnati with the latest delay and I intend to stay there."

Remus' release, which normally would not have been effected until the transcript of the decision was placed in the hands of Supt. Vorbau, was hastened by the telephone call which was put through to Dr. Vorbau by the clerk of the Supreme Court, as soon as the decision was rendered.

Francis Durbin, Remus' attorney, was summoned to the hospital and Remus refusing to wait for a train, left in Durbin's car for Cincinnati, the attorney at the wheel.

Columbus, Ohio, June 20.—(AP)—George Remus, former "bootleg king," who shot and killed his wife, Imogene, in Cincinnati last December, was freed from the state hospital for the criminally insane at Lima, Ohio by the Ohio Supreme Court today.

Remus was freed by a verdict handed down by the Supreme Court upholding the ruling of the court of appeals at Lima, Allen county, which gave Remus his freedom on a writ of habeas corpus.

The supreme court's decision will free Remus from the state hospital for the criminally insane at Lima where he has been confined since he was found not guilty of murder of his wife "on the sole ground of insanity," by a Cincinnati jury.

The supreme court's decision ended Remus' long battle to gain his freedom through action in courts of Hamilton county and later in Allen county. The case was brought to the supreme court on an appeal of the decision of the court of appeals at Lima that Remus was sane and should be freed.

Remus' conviction at Cincinnati came after a colorful trial in which the former "Bootleg King" acted as his own counsel.

TWO WHISKEY CASES HEARD HERE TUESDAY

Other Cases of Docket Involved Assault and Worthless Check Charges.

Judgment was suspended for two years in the case of Dan Dudley, colored, charged with having whiskey for sale, by Judge W. A. Darden, presiding over the regular weekly term of Pitt County court yesterday. The judgment provided that the defendant should be of good behavior during the period of suspension. Notice of appeal to Superior Court was filed under bond of \$200.

Dudley also filed appeal to Superior court after being convicted of carrying a concealed weapon.

Tommie White and Essex Hardee, colored, charged with assault with a deadly weapon, were ordered to pay one-half of cost involved in the proceedings. White was also required to pay a doctor's bill of \$15.

Herbert Grimes, colored, paid a fine of \$10 and cost for assault with a deadly weapon.

C. B. Squires, of the Stokes territory, was sentenced to six months on the county roads on a charge of whiskey for sale, capias to issue any time within the next two years at discretion of the court if the defendant should violate any of the criminal laws of the state. He consented in open court to allow officers to search his premises any time without a warrant.

J. J. Tripp, charged with having whiskey for sale, drew four months on the county roads, capias to issue within two years the defendant should violate any of the criminal laws of the state.

J. P. Powell, charged with giving worthless checks had judgment suspended upon condition that he pay amount of the checks involved in the action.

FLOOD WATERS SWEEP ARKANSAS TOWN

A view of the business section of Calico Rock, Ark., shows some of the buildings covered with feet of water as a result of the torrential rains in that section. The White river overflowed its banks, covering several sections of the town from a depth of two to ten feet.

FIVE MINERS ARE KILLED IN EXPLOSION

Seven Others Injured in Blast at National Mine Near Morgantown, W. Va.

Morgantown, W. Va., June 20.—(AP)—Five miners were killed and seven others were injured seriously early today when an explosion occurred in the National Mine of the National Fuel Company near here. All other men in the mine at the time escaped or were rescued alive.

Two of the injured were not expected to live.

The blast occurred shortly before the night shift was due to leave the workings. Twenty-five miners were in the mine at the time and of this number thirteen escaped or were rescued. Most of them suffered injuries of a less serious nature.

The injured were brought to the Monongalia county hospital here.

The explosion it was said, was caused by gas.

The mine, a drift operation, employs a force of about 100 men when operating normal.

The explosion centered in No. 5 butt. Some of the men who were rescued said the blast followed the setting off a shot in No. 8 room, the mine is an open lamp operation, and was supposed to be free from gas. Mine officials believe the shot opened a pocket of gas. Four bodies were located in room No. 8.

The men who were rescued or escaped without aid received painful burns.

The explosion was the first in the history of the mine, which is owned by David Elkins of New York city.

MISS EARHART FACES WORLD AS LINDY DID

American Woman Flying Ace Receives Many Visitors in Borrowed Clothes.

London, June 20.—(AP)—Miss Amelia Earhart, Boston social worker, and first woman ever to fly the Atlantic, faced the world today just as Lindbergh once did in borrowed clothes.

The American girl, who arrived in London yesterday with Wilmer Stultz and Louis Gordon, her companions in the trans-Atlantic flight of the monoplane, Friendship, was wearing a loose-fitting, flowered dress this morning when she held a little reception in the sitting room of her hotel suite which was rapidly becoming a center of flowers sent by friends and admirers.

"Everything I've got to wear at present is borrowed, but then I'm not vain," she said, and her hearers agreed that she wasn't.

Miss Earhart was greatly refreshed after her night's rest. Her gray eyes were lustrous and there was color in her pale cheeks. This morning she began filling her engagement book and it will keep her busy. On Saturday, she will be the guest of Miss Alanson B. Houghton, wife of the American ambassador, at a luncheon, while on Monday the woman's section of the air league of the British Empire will give a public luncheon for her.

Today's program includes a luncheon with Mrs. Forde and Guest, sponsor of the flight, and then will go on a shopping trip.

Talking to London's assembled newspaper men today, Miss Earhart declared finally and emphatically that during her brief stay in England, she did not want to be the subject of "some work."

"I have done nothing to merit it," she said.

Captain H. H. Bailey, who made the London arrangements for the flight then interposed the remark that Miss Earhart was distressed that she was occupying the limelight at the expense of pilot Stultz.

"That's just the point," Miss Earhart interrupted. "I believe I am a woman that has been forced into the spotlight. The credit for the success of the flight is due Stultz. He controlled the plane practically throughout and was just splendid."

London, June 20.—(AP)—On a vacation, as she expressed it, Miss Amelia Earhart intends to improve herself in her profession. She hopes to see how England carries on its social service work.

Receiving the acclaim of London, the first woman to fly the Atlantic, expressed a desire to visit the various settlements and especially Tombee Hall, educational and social center in London's east side.

Newspapermen interviewing her did not seem to understand why she had flown the Atlantic with Wilmer Stultz and Louis Gordon in the Friendship, and they asked many questions in an effort to determine the reason.

She denied that her flight had been a race with Mabel Boll to see which would cross the ocean first. She stated emphatically that she did not intend to capitalize on her adventure by entering the motion picture or going on the vaudeville stage.

Was it true, asked one reporter, that she made the flight to obtain funds to lift the mortgage on the family homestead in America?

"No," said Miss Earhart, "that's absurd."

"My profession is social work. This is my vacation."

"But since you have prohibition in America, you should have no social problems," another reporter said.

"Unfortunately, we still have a few," she said.

Miss Earhart replied: "I hope not," when asked if she had received accepted proposals of marriage. A laugh was the only reply that the question as to what she thought of good looking English policemen.

Throughout her talk, Miss Earhart paid sincere tribute to the men who flew with her. She told of their skill and ability in navigating by instruments. Many accidents, she asserted, undoubtedly had been caused by attempting to fly without proper instruments.

Hundreds of spectators, mostly women, blocked the sidewalks to Miss Earhart's hotel, overflowed into the street and held up traffic when the air woman started to the home of Mrs. Quest for luncheon.

SEVERAL DEAD AS RESULT OF BOILER BLAST

Thirty Also Injured in Mexico by Bath House Explosion; American Hurt.

Mexico City, June 20.—(AP)—Twenty-six bodies had been recovered today from the ruins of four buildings destroyed by the explosion of a boiler in a bath house. Thirty persons were known to have been injured. The bath house was in one of the poorer quarters of the city.

An American, H. Kenneth Ferguson, employed by the Mexican Telephone Company, was among those injured. His condition was not believed to be serious.

The force of the explosion was so great that the bath house and a building adjoining it and two other buildings across the street were reduced to debris. Rescue workers feared that other victims might be buried beneath the ruins.

A part of the boiler, hurled across the street, knocked down a dwelling, killing a mother and her two children. Walls along the street collapsed and many passersby were caught beneath the falling bricks, mortar and wood.

MABEL BOLL CANCELS ALL OF HER PLANS

Rumors of Contemplated Trip to Rome Dispersed by Announcement Today.

Harbor Grace, N. F., June 20.—(AP)—Miss Mabel Boll, who had hoped to be the first woman to fly across the Atlantic, will return to New York City tomorrow.

With her three companions who flew here in Charles A. Levine's monoplane, Columbia, on June 12, she will confer with her backers for a determination of future plans.

Rumors of a contemplated hop to Rome were dispelled by the flat announcement of cancellation for the present, at least, of all trans-Atlantic preparations.

Miss Boll made no attempt to conceal her disappointment when her Trepassey rival, Miss Amelia Earhart, stole a march on the Columbia expedition by making a successful flight in the face of bad weather.

Miss Boll at once vetoed a proposal of one of her pilots with the announcement that she did not care to trail the successful Earhart expedition.

New York, June 20.—(AP)—Charles A. Levine, owner of the monoplane Columbia, which he loaned to Miss Mabel Boll for her projected trans-Atlantic flight, has advised her to abandon the attempt.

Levine said that as the object of Miss Boll's flight was to be the first woman to fly across the Atlantic and as Miss Amelia Earhart has already made the hop, there was nothing to be gained by Miss Boll attempting her flight.

Cordell Hull Arrives At Houston Prepared For Democratic Rally

Houston, Tex., June 20.—(AP)—This southeastern Texas city where the Democrats will open their national convention Tuesday next, took on new life today with arrival of the first candidate for the presidential nomination, Cordell Hull of Tennessee.

Mr. Hull dismissed questions concerning his candidacy with the statement it was too early to make campaign predictions. He explained that he came a week before the opening of the session because of his duties as a member of the convention committee on arrangements and as a national committeeman from his state. It was understood his supporters planned to open headquarters here today.

Headquarters already have been opened for Senator James A. Reed of Missouri, who is expected to arrive the latter part of this week.

George R. Van Name, campaign manager for Gov. Alfred E. Smith of New York, is due tonight. He will be accompanied by Norman E. Mack, Buffalo publisher and national committeeman for New York. Frank Hague of New Jersey, who has been mentioned as convention floor manager for Gov. Smith, probably will reach Houston Saturday.

With the invasion of committeemen and campaign workers under way, considerable interest has centered on various proposals for the party platform. Farm relief and prohibition furnishes the basis for many of the informal discussions. Clem Shaver chairman of the national executive committee, and Jesse H. Jones Texas' favorite son repeatedly have declared the farmers denied admittance at the Republican convention will be given an opportunity to present their case here.

Announcement that the youthful Texas governor Dan Moody, would arrive Sunday was expected to start a rally of dry forces. He will head the state delegation of 40 instructed to work for a dry plank and a candidate in sympathy with it. He has let it be known that he favors a prohibition plank stronger than that adopted by the Republican convention.

Man Believed Victim Of Hydrophobia Held Here

Believed to have suffered a violent attack of hydrophobia, N. H. Loftin, of the Ayden community, was brought to the county jail last night and placed in a cell to await development of the disease. He will be held here two or three days under orders of Dr. Gray Dixon, of Ayden, who administered treatment last night and today.

Loftin was brought to the county jail last night after he had alarmed the neighborhood in which he lives a short distance from the town of Ayden. He was having what two or three hundred people gathered around him termed as "fits" when Deputy Manly Sellers arrived to take charge of the case. So alarmed had the villagers become that the deputy had considerable difficulty getting anyone to help put Loftin in an automobile to bring him to Greenville.

Loftin is said to have been biting and lashing himself furiously when the county official arrived upon the scene. He seemed to know nothing of this when informed of it today.

Lying flat on his back on a cot on the first floor of the jail, Loftin told of having been bitten by a dog while on a trip to Green county last Thursday. He pointed to a small scar on the left hand where he said the dog's teeth pierced the flesh.

He told the party of three standing on the outside of his cell that the dog snapped him while he was on the roadside trying to adjust an automobile tire. He killed the animal with assistance of another man who was with him.

"Did you know the dog was mad," he was asked.

"Yes, he was foaming at the mouth and acted like all other apiling I had seen suffering from the disease."

Loftin is said to be subject to epileptic fits, which, according to medical men called in consultation makes it extremely difficult to diagnose his case. They were not able to determine whether his action last night resulted from a fit or hydrophobia. However, he will be watched closely as developments in case of the latter disease would take place within the next several hours.

Asked how he was affected in early stages of the attack last night, Loftin said his head became dizzy and everything apparently turned green. He lost complete memory during the attack, but was revived on the ride to Greenville.

Crawford Infant Is Buried Today

Daris Gray, six months old infant of Mr. and Mrs. Wiley Crawford, of Ballard's Cross Roads, died Tuesday morning at 1:45 o'clock.

Funeral services were conducted at the family burying ground near Arthur this afternoon at four o'clock by Rev. C. J. Harris.

Bandits Get Away With Valuable Mail

Toronto, Ont., June 20.—(AP)—Six armed men who in a daring midnight holdup escaped with registered mail valued as high as \$100,000 from an express car of the Canadian National railways at the Union Station here were being sought throughout western Ontario today.

Entrance to the car was gained on the pretense that the men wanted to sell a large sedan automobile which they had backed up to the car.

They quickly covered the express messengers and selecting three registered mail pouches, tossed the bags into their car and speeded away.

GANGSTERS KILL THREE

Two Men Killed at Chicago in Daylight; Other During the Night.

Chicago, June 20.—(AP)—Gangland guns, dusty through weeks of truce, spat death to three men yesterday.

John (Bowlegs) Oliveri and Joseph Salamone were "put on the spot" near Death Corner, Milton and West Oak streets, where gang retribution has been exacted in the past. A man stood in the window of an apartment and slowly tipped his hat. It was a signal to two men who loitered on a porch across the street. Oliveri and Salamone fell under a shower of lead from two repeating shotguns.

The double assassination was executed in daylight. The third slaying of the day took place on the South Side behind the curtain of night. James Reggi, 33, staggered from an alley with revolver bullets in his arm and chest.

J. H. HARRIS PASSES AWAY

Local Mag Laid to Rest Near Winter-ville Today With Masonic Honors.

James Henry Harris, 73, died at his home on Myrtle street last night at 8:45 following an illness of several weeks.

Funeral services were conducted at 4 o'clock this afternoon by Rev. R. J. Bamber, pastor of the Christian church and Rev. L. B. Jones, pastor of the Methodist church. Burial will follow in the Reedy Branch churchyard near Winter-ville.

He was married to Miss Susan Brown Smith, July 6, 1879, the following children surviving this union: J. L. J. O. and A. W. Harris, of Greenville; W. S. Harris, Winter Haven, Fla.; B. S. Harris, Richlands; R. S. Harris, Durham; Mrs. E. W. Braxton, Ayden; Mrs. H. L. Cherry, Greenville; Mrs. W. J. McLahorn, Greenville; one half brother, Ed Harris, Greenville.

In September, 1922, he was married again to Miss Susan E. Hardee, of Greenville.

Mr. Harris was a member of the Universalist church of Greenville. He was a Knight Templar, Odd Fellow and Red Man. He was considered one of the best informed members of the Masonic order in the county, having been connected with the organization of different lodges in Pitt county.

The funeral at the grave will be conducted with honors of the Masonic lodge.

NASHVILLE MINISTER SICK AT RALEIGH

Raleigh, June 20.—(AP)—Physicians said today that Dr. E. Y. Mullins, of Nashville, Tenn., president of the Baptist World Alliance, would probably have to remain in a Raleigh hospital for at least another week. He was taken ill recently with thrombosis, while preaching here.

KINSTON WINS FINAL GAME FROM LOCALS

Kinston, June 19.—With two of their heaviest hitters still out from illness, the Steamers yielded to their home lot complex this afternoon, overcame a six run lead and beat Greenville 14-9.

The visitors drove Westmoreland to the showers in the second inning, and the score was 8-2 in the middle of the game when the Steamers sprang that famous offensive of theirs. They worked on four Greenville hurlers in one inning. Dek Joffie was fairly effective, but they scored six runs on four hits on the Deacon just to be doing something. Newsome gave the pitcher who was thought to have the Steamers badly beaten but didn't. He figured considerably in the hitting. His homer was the one circuit clout of the game.

Denton had a big day at the bat, setting four safeties. Elmore, who succeeded Westmoreland, on the mound, started one of the locals two five-run rips, with the bats of the big end tacking off hits after he had set the example.

California Ready For Olympic Games

By ALAN J. GOULD, Associated Press Sports Editor. Poughkeepsie, N. Y., June 20.—(AP)—California has just begun to row. The new intercollegiate champions, instead of resting on the spectacular and record-breaking honors they gained over the Columbia and five other rivals in the mist and rain last evening, now look forward to world conquering laurels in the forthcoming olympic games.

FORRESTER CLARK

New York—(AP)—If the schedule makers would have the Harvard varsity crew and polo team play simultaneously they might keep Forrester Clark from holding his place on both outfits. But they can't balk this ubiquitous young man by having the teams play on successive days. He proved that last year. And he hopes to repeat this year.

Risiko to Fight Negro Pugilist

New York, June 20.—(AP)—Advised by Tex Rickard to keep on fighting if he hopes to get a shot at the heavyweight title, Johnny Risiko, the Cleveland baker boy, returned to the fistie west tonight in a 10 round bout with George Godfrey, giant negro. Johnny fought his way through Rickard's winter elimination tournament and ended with slightly higher percentage than Tom Heeney, who meets Gene Tunney for the title here on July 26. Risiko lost a decision to Heeney at Detroit before the Tournament started, so the New Zealand blacksmith plucked the prize plum. Johnny won but didn't get anything.

RED GRANGE SPLITS WITH CHARLEY PYLE

Chicago, June 20.—(AP)—Red Grange and Charley Pyle, the Damon and Pythias of professional sports, have cancelled their partnership. "We are severing our business relations under the friendliest feelings," said their joint statement last night. "Our contract has expired. We have various interests to look after personally and therefore we deem it inadvisable to sign a new contract."

YANKEES LOOK LIKE PENNANT WINNERS NOW

By HERBERT W. BARKER, Associated Press Sports Writer.

The question where the next major league pennant will flap may be answered when current intrasectional games end. The New York Yankees have clubbed their way to a wide lead over the field in the American league. Connie Mack's Athletics are not yet ready to be counted out of the race, but will see the handwriting on the wall unless they win decisively in their series with the world's champions at New York today, tomorrow and Friday and at Philadelphia next week.

If the St. Louis Cardinals retain their present three game advantage during the cut-throat competition in the west then they must be considered odds-on favorites to repeat their triumph of 1926. The Cardinals made it two out of three from the second place Reds at Cincinnati, yesterday 9 to 4 and avenged their defeat of Tuesday. Old "Pete" Alexander chalked up his second victory of the short series. Alexander failed to go the route, but he left Wee Willie Sherdel with a lead to work on in the seventh.

Dazy Vance pitched just two balls at Philadelphia and Brooklyn went down to defeat 11 to 10. After Jim Elliott had knocked out a home run in the first half of the ninth and give the Robins a one run lead, the Phils put two men on the paths in their half. Vance then was summoned to relieve Elliott. He pitched a wide one. The next one was to the liking of Walter Ljerian and the ensuing triple down the third base line scored the tying and winning runs.

In the American league, Washington and Boston split even in two games, the Red Sox taking the first, 5 to 1, but bowing to the Senators in the second, 16 to 7. Frank O'Rourke, third baseman of the St. Louis Browns, was struck on the head by a pitched ball in the Browns' battle with Detroit but escaped serious injury by taking the ball on his upraised hand. The game itself went only four innings, rain forcing postponement with the Tigers leading 3 to 1.

SCHOONERS WILL RACE OVER 15-MILE COURSE: Biloxi, Miss.—(AP)—The needle and palm of the sailmaker has been laid aside and the canvas spread on eight sailing schooners preparatory to the Gulf Schooner Championship race here July 10 and 11. The contest will feature the annual two day regatta of the Biloxi Yacht Club.

Asheville Again Regains Lead In South Atlantic

By The Associated Press. The South Atlantic Association season has tilted again, Asheville outbalancing Macon to regain the league leadership after a few days lay-off.

The Tourists came back yesterday, in more ways than one, a five run rally in the eighth enabling them to go ten innings and defeat Charlotte, 15 to 14, in one of the wildest games ever seen in the loop. Coowe, with four hits in as many efforts, led a Tourist attack netting 19 safeties.

Macon gave Spartanburg an early lead and was never able to catch up, the Spartans winning by a 4 to 2 count. Knoxville outslugged Augusta and won 11 to 9, in a game that produced 27 bingles, eleven of them for extra bases. Miller was the individual star with a triple and three singles while Cussen and Williams hit homers.

Columbia made its escape from the cellar, a 9 to 4 victory over Greenville doing the trick. The Comers bunched their hits and took advantage of Spinner errors to come out on top.

FIGHTS LAST NIGHT

Flint, Mich.—Pete Firpo, Detroit, won from Tommy Ryan, McKeesport, Pa., (10). Detroit—Jonny Datta, Cleveland, outpunched Chick Suggs, New Bedford, Mass., (10). Los Angeles—Tony Puente, Los Angeles, beat Big Boy Peterson, Minneapolis (10). Andy Mitchell, Long Beach, defeated Pete West Chicago (8). Jacksonville, Fla.—Kid Williams, Savannah, knocked out Young Jack Dempsey, Miami (2). Dick Gore, Jacksonville, knocked out E. O. Downs, Savannah, (9). Bill Rowe, Jacksonville, knocked out Big Boy Wamble, Savannah, (6).

Large Margin Wins In Piedmont League

Wins by large margins were the rule among the Piedmont league clubs and the two leading aggregations in the per centage column were among the losers. Johnson and Gibke single handedly defeated the league leading Patriots, each clouting out a pair of home runs and a double to drive in 8 runs to be the big factor in Salisbury's 14 to 7 victory. Two hurlers were utilized by Salisbury and Greensboro called on three in a futile effort to carry up that aggregation to a come back.

Raleigh sprung a little surprise party for the Winston-Salem Twins and let them down with a 4 to 1 defeat. In fact, the Twins got but two hits to the 11 pounded out by the Caps.

Daniel Boone's Pointers eased a 5 to 2 victory over the Durham bulls when Alvarez tightened down in the pinches. The Bulls rallied for a comeback in the eighth to push over a run with three men on bases but were blocked by the moundman with superb hurling.

Makes Tournament Slightly Easier

Chicago, June 20.—(AP)—There was joy in the heart of goldfom today and the skill of Bobby Jones still lives. The reason for such jubilation at the Olympia Fields Country Club, where the national open championship begins tomorrow, was because the difficult number four tournament links had been made a bit easier, even on the heels of concrete proof that Uts par could be beaten, for Bobby Jones turned in a 70 yesterday, one under perfect figures. The decision to make the cham-

Goldsboro Takes Stronger Grip on Initial Position

(By The Associated Press.) Goldsboro dealt their second successive defeat to the Wilmington Pirates yesterday and gripped by a wide margin their lately won leadership of the Eastern Carolina league. The 3 to 1 victory came in the first two innings, neither club being able to circle the path to the home plate during the remainder of the contest. McKay and Coltrane waged a tight battle in the hurler's box and were well backed up. The former gave up nine hits to the Goldbugs while only four were pounded out by the Pirates.

The Steamers had two big innings to defeat Deacon Joffie's Greenies 14 to 9. Five tallies were chalked up without seeming difficulty by Kinston in both the fourth and sixth stanzas. Fayetteville was outclassed in every department of the game by Rocky Mount and lost 5 to 0. The defeat did not come, however until the Highlanders had counted out six hits. But these were scattered and availed little.

GOLF STARS TIE UP IN DIXIE TOURNAMENT

Dallas, Texas, June 20.—(AP)—Match play begins today in the Southern Amateur Golf Association tournament at Brook Hollow country club with 32 of the brightest golf stars of the south battling for the Adair cup and the amateur links championship of Dixie. The 32 won the right to enter the championship play by fighting through yesterday's qualifying round which was featured by extremely windy weather and resultant high scores for many of the 200 golfers entered.

A Non-Advertising Merchant Helps Promote Mail-Order Sales

The man who does a successful business is the man who lets the public know what he is doing it with.

There is not a business on earth that will not respond to and be benefitted by advertising—except possibly counterfeiting.

Mail-order buying is growing stronger each year simply because of the persistent advertising used in describing the merchandise offered.

If the merchandise you carry is of the high quality you claim for it, advertise that fact to the people of your community and stop them from sending to mail-order houses for the very things you have to sell.

The more publicity you give your store the more sales your store will make; the more sales your store makes—even at a lower per cent profit—the more money you make, and the greater the reputation of your store as a good place to trade.

Square dealing will always pay dividends. If you are square and your business conduct and your goods and prices are RIGHT, don't fail to tell the people of it every day of the year through your home newspaper.

Give the greatest possible number of folks of your community an opportunity to profit by your merchandise offerings and by the prompt and efficient service your store renders the community.

To increase your sales and build up your business you must secure new customers, and to get these customers you must tell the public what you have to offer. This can be accomplished in only one way and that is by regular use of your home newspaper.

Thrift is a by-word today in most every household. The people read the catalogs and newspapers at every opportunity. Is your offering of merchandise values where the prospective purchaser can benefit by it or is the space you should have taken occupied by a more enterprising out-of-town concern?

If the home merchant fails to make full use of the local newspaper in presenting his merchandise offerings to the people of his community, can he blame the home folks for making full use of the big mail-order catalogues in buying their goods—or for driving over to some neighboring city or town to purchase them?

The day a merchant leaves his store-news announcement out of the home newspaper is the very day he loses the greatest opportunity for gaining new patrons for his store, and is the very day that he helps promote mail-order sales in his own trade territory.

Smith, served a delicious and course with tea.

Heart Appeal in Marmein Drama Dances. Lovely and stirring music, exquisite costumes and elaborate stage settings may please the eye and ear, but they are only the trappings, the outside shell of a production, and the public soon tires of such pageantry unless it can be made to laugh and cry, to be thrilled and delighted. In other words, less it contains heart appeal.

It is for the reason that The Marmein (Miriam, Irene and Phyllis) are here to present their thrilling and unique program of "drama" at East Carolina Teachers College on Friday evening, June 22, 8:30 have introduced into their lives situations true to life, and have termed their offering "Drama Dances." The sad and joyful episodes of life may provide material for dancing as well as for drama. It is made to thrill the heart of the public as well as please their senses. Music, color, rhythm, humor,

novelty, pathos and beauty, together with great magnetic power and personal charm make the Marmein production of drama dances one of the rarest treats offered in the entertainment field. It is the one dance production that strikes a common chord in the hearts of young and old, of the layman and the connoisseur, the social leader, the stenographer, the artist and the business man.

Among the startlingly unique and original dances which the Marmein will present here are: "The Dance of Shiva," "The Vengeance of Kwan Yin," "The First Kill," "The Spirit of Evil," "Blue Birds," "Undine," "A Puppet Tragedy," "From a Japanese Print."

Memories of My Childhood. By P. E. L. How dear to my heart were the days of my childhood. When I was romping the fields on the dear old farm. Where I was care free and happy, no trouble to molest me. Nothing to worry me and free from all harm.

When I awoke in the morning I was as fresh as a lily. And sung like a bird all the whole day long. I worked like a Trojan until work time was over. And tried to do right but often did wrong.

I would climb to the top of a big pine tree. To preach to the kids in the whole neighborhood. They would all take their seats on the lower limbs. And if they couldn't sing they knew I would.

I could ride the horses all bare back. With our bridle or saddle, just stick right there. Never was so unfortunate as to have a fall. For I rode scientifically I was well aware.

As for riding a barrel I was an expert. All over that yard as fast as a dart. I feared no evil nor asked no help. When I wanted to ride with the horse and cart.

When I was fifteen we all left the farm. To hunt the bright lights of Wilson town. I didn't fit well in that limited sphere. For I was crowded, I very soon found.

I longed for the open where I could get fresh air. Was never so happy any place again. Just wanted to get back where I could play and sing. And run the cows home down the old crooked lane.

But I never went back to the old farm more. To live out my life that I thought was best. I've realized since that my Mother was right. To find a good school which was her quest.

After some years I married a man. From this dear old Greenville town. And came here to live my remaining days. For it's the best place to stay I've found.

William Lesh Highly Honored

WILLIAM TAFT LESH. The above photograph is William Taft Lesh, of Muncie, Ind., older son of Lincoln Lesh and Mrs. Emma Taft Lesh, of that city. The honors which have come to him will be read with interest here, where his mother, daughter of the late Dr. and Mrs. John Taft, was born and reared. Mrs. Lesh is pleasantly remembered here and has been quite active in both social and civic circles during her residence in Indiana.

William Taft Lesh received his A. B. degree on June 11th at the Indiana University, Bloomington, Ind., and graduated with high honors. During his senior year he majored in Latin. Last fall he was chosen as one of five from the university as a candidate for the Rhodes scholarship in Oxford, England. In April he presided over the national convention of the Eta Sigma Phi, which convened in Iowa City, Iowa. He is credited with being the youngest speaker ever to appear on the program of the Classical Association of the Middle-West and South. In May at an honor banquet given for the initiates of the Phi Beta Kappa at the Indiana University, he was chosen to give the response to the president's welcoming address.

While in Culver Calvary at Culver Military Academy, Culver, Ind., he was elected to membership in "Scabbard and Blade," a military fraternity, and he also won five medals while there.

Charles Lesh bids fair to duplicate all his brother's honors, having just finished his senior year at the Indiana University and already been accorded many honors.

New Lodge Begins Membership Drive

Greenville Lodge number four of the Charitable Brotherhood, a lodge recently organized in Greenville, held a very enthusiastic meeting last night and named a campaign for two hundred members. The campaign will run for thirty days. Ed S. Williams, president of the new lodge, believes that it will be only a matter of time when it will be the largest lodge in Greenville. Other officers are: D. M. Williams, vice-president; E. M. Waters, secretary; H. I. Duman, treasurer; John M. McDougal, chaplain.

There are three other lodges at the Charitable Brotherhood located in Pitt county, namely, Lesh, Girdler and Beatty. The new lodge has been a steady increase in membership in all of its lodges since their organization and the total membership in the county is expected to reach the thousand mark by next January.

REEDY BRANCH SUNDAY SCHOOL NEWS

The first of the year's contests between the two classes was held last night. The contest was held in the two classes, which consisted of writing the best sketches on the life of John the Baptist. Lots of prizes were presented to those bringing their work to class. Finally Supt. Clarence H. Hines and Elder M. A. Woodward were asked to serve as judges. This being a hard task, Miss Lucile Sermons was called in, as there had been three very good papers written by these young ladies, namely Miss Roxie Worthington, Miss Mae Ella Davenport and Miss Rhea MacLamborn. It was finally decided that Miss Roxie Worthington had won the prize. This was presented by our able pastor, Elder M. A. Woodward, the first Sunday in

Following is the prize winning sketch on the life of John the Baptist:

John The Baptist. John the Baptist, "the forerunner of Jesus Christ," was the son of Zacharias and Elizabeth, who was a cousin of Mary, the mother of Jesus. His parents were informed by the angel Gabriel of his forthcoming birth. He was trained in the most devout manner for the remarkable and holy office he was destined to fill.

In the fullness of time he came forth from the desert to take up his ministry, garbed like the ancient prophets in skins and exhibiting all their austerity of life and manner. He called upon the Jews to repent, thus preparing the way for the work of the Lord. He soon gathered around him a number of disciples and went about baptizing all who came to him. He was always faithful to his divine trust, and always showed in his talks that he was but the messenger of another higher and more holy than he. This is clearly set forth when he met Jesus, asking baptism at the Master's hands in preference to giving it. The remainder of John's ministry is somewhat obscure. It is likely, however, that he continued in his work subordinate to Jesus.

The manner of his death is well known. He took Herod the king, to task for marrying his brother Philip's wife, Herodias, and the latter, in revenge, claimed his head as a reward for her daughter's name in dancing before the king and his drunken court. John was forthwith executed by order of Herod.

And, we feel sure that after seeing the wonderful values offered in this special selling you will buy at least three or more.

Dresses For All Occasions—developed in all the new and wanted materials, including plain and printed georgettes and washable crepes, printed chiffons, sport crepes and washable sport silks, etc., with or without sleeves, in the season's newest shades. And don't forget there's more than 800 to choose from.

An Encore Event

Our 2-for-\$15 Dress Sale early in the spring was such a wonderful success that we have decided to put on a similar event this week, however, the prices will be even lower this time—2 for \$11.00—or 3 for \$15.

If you attended our much-talked-about sale last spring you know the type of dresses we sold. So, all we need say now is that the dresses in this group are even better values at these extraordinary low prices—which are actually below wholesale cost. Come, expecting the greatest values ever offered so early in the season—you will not be disappointed.

Picture to yourself the kind of dresses you usually pay \$10 to \$15 apiece for and you'll have a pretty good idea of the dresses in this sale at

lights, gambled and lost. Two facts struck us forcibly in the account of the landing of the Friendship in Bristol Channel waters. The ship ran out of gas, and the crew failed to see Ireland at all when they arrived over the British Isles! Miss Earhart took a long chance. She won, but the chances are she couldn't do it a second time. Trans-Atlantic aviation is not yet practicable. ABOUT TOWN

SURELY WE NEED IT

A day like this surely emphasizes Greenville's need for a park, playground and swimming pool for its children. With no specific place to play the kids naturally must seek out some place for pastime according to their liking, and mischief usually results.

Progressive along other lines, it is to be hoped that our city will not continue much longer to neglect the children by failure to provide a suitable place for recreation. Other towns and cities about us are making provision along this line. Why shouldn't we?

POWER PLANT A GREAT ASSET

The books tell an impressive story," says Ben Dixon MacNeill in his article in the News and Observer on the power situation in Greenville. The article based upon cold facts rather than beautiful theories shows conclusively that Greenville's water and light plant is one of the city's greatest industries and assets. Mr. MacNeill is entirely correct when he says we are in no mood to sell our power plant and we sincerely hope that there will be no agitation here as there has been in some other places for the disposal of our plant, for such we feel would be the height of folly.

SHE GAMBLED

Miss Amelia Earhart was the first of her sex to cross the Atlantic in an airplane. Here is a distinction to be proud of, indeed. From her jumping off place Miss Mabel Boll, who intended to beat Miss Earhart over if possible, but who was left behind, uttered congratulations for Miss Earhart. There was nothing of jealousy in her words. It was a graceful little speech. But all who believe Mabel was not a little, just a little, chagrined can have the afternoon off.

The successful flight brought the plucky Miss Earhart fame. Her name was on every front page Sunday and yesterday and today. If she wishes to she may cash in on this fame and earn a fortune with little trouble. She will probably be content with what she has.

It is something—to be the first woman to fly across the Atlantic, even though one is accompanied by two seasoned male pilots.

But Miss Earhart could easily have failed to arrive. She gambled with death just as did that princess and the other two women who, attempting trans-oceanic

"I see where hygiene experts are claiming that kissing is causing the spread of pyorrhea," observed a well informed citizen today. "This discovery will be received with regret by that great mass of people who look upon osculation as a direct means of expressing external affection and devotion. "To the iconoclast the finding of the scientists will be greeted with joy as it supports one of their best claims in attempting to destroy ideals which have existed for generations and generations. "To the beginners in the art of love-making, the information will come as a distinct shock and probably deter him in promiscuous dispensing of the pyorrhea germ. "To the general public, it should be a warning in preservation of health, which, even the scientists who made the discovery, will very likely fail to observe."

"Announcement of the public playground in yesterday's columns of the Reflector was received with more than general interest by the public, because it will provide a need that has been long felt by everybody interested in the development of our youth," declared a parent today, referring to efforts of city school authorities to provide entertainment for children during the summer months.

"The public playground not only affords a means of physical development of American youth. It also provides mental and spiritual growth in that it keeps away from the cesspools of shame which may be found in every town throughout the country. Give youth a place for clean, wholesome diversion and the allurements of sin will have little appeal. Let him mingle with other boys in the pursuit of pleasure and he will develop that manhood so much admired in the type of men who have mounted the spinning ladder of fame until their names have all the luster of the brightest star of the firmament."

"Superintendent J. H. Rose, of the city schools, who has charge of the playground movement, is to be congratulated. He is providing a way for the improvement of the moral standard of the city's children. His activities should have a telling effect upon the lives of the future generation of this progressive community."

"Boy, you hit the nail right on the head," remarked a business man today in response to a declaration of another citizen regarding the need of manufacturing enterprises in Greenville. "It is true we are experiencing remarkably rapid growth at this time, but this would be far more pronounced if we had manufacturing enterprises paying off hundreds of men at the end of every week. "We are essentially a great agricultural region but this is the reason why we should not manufacture into finished product some of the raw materials which we produce year in and year out. Other sections are reaping handsome returns by finishing the product we produce. Why shouldn't we be able to do likewise?"

"Our business men ought to be on the alert to attract outside industries. We should offer inducements that would immediately grip their attention and cause them to send representatives down here to look over our resources and possibilities."

"If we don't boast what nature so bountifully bestowed upon us, it is a dead cinch nobody else will. So, go to broadcasting Greenville inducements and watch the results."

"We don't like the looks of that cellar position of the Eastern Carolina League and positively decline to remain there longer than one day at the time," firmly declared a Tobaccoist supporter today.

"We have had the distinct honor of occupying the lowly position twice this season, but each time managed to pull out before we had time to become acclimated. "It is to be hoped the guardian of 'luck' will hover around us the rest of the season and as far as possible prevent our being thrown more of the cellar atmosphere than we have already had."

"As said before, we don't like the low altitude and are disinclined to remain in such a state of isolation. "If you are rated as a 'knocker,' take my advice and put up your little hammer and go to boosting. "If you are rated as a 'knocker,' take my advice and put up your little hammer and go to boosting."

Wife And Daughter of Smith Will Visit Houston Convention

Despite Gov. Alfred E. Smith's decision not to attend the democratic national convention, the New York executive's family will be well represented at Houston. Mrs. John A. Warner, his elder daughter, shown at the left with her father, is an alternate in the New York delegation; Mrs. Francis Quillinan (right), younger daughter, will conclude her honeymoon there with her husband; and Mrs. Smith (below) will go to the gathering with friends.

Albany, N. Y., (AP)—All the feminine members of Gov. Alfred E. Smith's family are going to the democratic national convention at Houston to share in the celebration if the New York executive wins the Presidential nomination.

The governor, who is staying at his desk, may find himself almost alone in the executive mansion.

His elder daughter, Emily, who is Mrs. John Adams Warner, will be in the New York delegation in an official capacity—that of alternate from the Albany district.

His youngest daughter, Catherine, the newly married Mrs. Francis J. Quillinan, expects to conclude at Houston with her husband the wedding tour on which they headed into Canada by motor car.

Mrs. Smith will be at the convention with a party of New York friends which is making the journey in private cars; Alfred E., Jr., hopes to attend, and it is likely that Walter, another son, will be present.

A number of Governor Smith's friends, notably William F. Kenny,

B. Y. P. U. Bodies Busy at Raleigh

Raleigh, June 20.—(AP)—Attending a consecration service at 6:30 o'clock this morning, the 1,500 delegates to the annual B. Y. P. U. convention in session here, got an early start for the third day of the convention, crowded with activities. The Rev. I. L. Yearby, of Tarboro, officiated at the before sunrise service.

Speakers for today were Dr. T. B. Maston, of Fort Worth, Texas, and Dr. Kyle M. Yates. The latter, a native of Wake county who is now on the faculty of the Southern Baptist Theological Seminary at Louisville, Ky., had as his subject "Our best for Christ."

Features on the closing program tonight are addresses by Henry Owl, Lenoir-Rhyme's athletic-orator, who will speak on "My Life's Purpose," and Dr. E. E. Lee, Dallas, whose subject will be "The Spirit of the Game."

While many of the delegates are staying in Raleigh, the larger portion are quartered in the dormitories of Meredith college, site of the convention for the third consecutive year, and are being fed in the college dining room.

Last night the convention heard a

Missionary appeal by the Rev. L. Bunn Olive, of Raleigh, a returned Missionary from China.

TO BORROW \$2,000,000 FOR GREAT SMOKY PARK

Raleigh, June 20.—(AP)—Authority to borrow \$2,000,000 on short term notes in order to make North Carolina's part of the Great Smoky Mountain National Park purchase price immediately available was yesterday given the state treasury. This decision was reached by Governor Angus McLean and the council of the state at a meeting when it was reported that Tennessee's part was expected to be available within the near future.

The money is to be borrowed in anticipation of the sale of bonds authorized by the last general assembly for this purpose. A meeting of the North Carolina and Tennessee representatives at Washington tomorrow is expected to clear up details of the project and make available the needed \$5,000,000 for the purchase of the acreage immediately.

STOCK MARKET

New York, June 20--(AP)--Stiffening money rates checked a promising rally in today's stock market. Prices of standard industrials and rails advanced 1 to 5 points in the early trading, and a few specialties were traded up six to 15 points, but these gains were cut down, or converted into losses, on a renewal of selling pressure. Trading showed a tendency to turn dull on the rallies and pick up on the declines.

Call money advanced from 6 to 6 1/2 per cent as banks called about \$10,000,000 in loans. Some money was on a flat 5 3/4 per cent basis, instead of 5 5/8 to 5 3/4, and an advance of 1-8 of 1 per cent was made in the rates on bankers' acceptances. The New York stock exchange reported that brokers' loans on June 1 were 9.46 per cent of the market value of securities listed, the highest percentage since March, 1926, and contrasting with 8.95 per cent May 1 and 8.15 per cent on June 1, 1927.

Weekly state trade reviews reported a further seasonal contraction in output with consumers showing little interest in third quarter requirements. Otherwise, there was little in the day's news to influence the price movement.

A drive against the equipment is based on report of unusually small orders from the leading railroads. American Locomotive dropped 4 points to 94, the lowest since 1926 and American Car and Foundry and Lima Locomotive each fell more than two points to new low levels for the year.

The close was strong. Total sales approximated 2,200,000 shares.

Coal Combine Planned Today

New York, June 20--(AP)--Some 100 semi-bituminous coal operators of Virginia and Southern West Virginia met at the Waldorf Astoria Hotel today to consider the recently completed appraisals of their property made for the purpose of consolidation.

If an agreement on the appraisals is reached, a \$200,000,000 combine with a production of over 34,000,000 tons annually will be formed. The operators met behind closed doors and would make no comment as to the probable outcome of their conference.

EDGECOMBE COUNTY WITHOUT COMMISSIONERS

Tarboro, June 20--(AP)--Edgecombe county residents today faced the problem of going about their official county business without a board of commissioners.

Such a situation arose when an attempt was made to hold a board meeting. No meeting was held because three old members were not reelected in the primary. The court clerk appointed three but these declined. So the county has no official governing board.

MARK ANTHONY GOES TO CHRISTIAN COLLEGE

Wilson, N. C., June 20--(AP)--Mark Anthony, former University of Georgia athlete, who was yesterday signed as director of athletics at Atlantic Christian College, will report in August. He coached teams at Sale City, (Ga.) high school.

Sues Chiropractor

Raleigh, June 20--(AP)--Charging that newspaper advertisements which described him as "cured" and carried picture of the defendant instead of the plaintiff, J. R. Sechrest, traveling salesman, has filed suit for \$20,000 alleged damages against Dr. F. T. Hoff, chiropractor.

Sechrest alleged the advertisements held him to ridicule, hurt his business and caused insurance companies to regard him as a doubtful risk through false statements that he had suffered from neuritis.

TO FURTHER PLANS FOR GREAT SMOKY PARK

Raleigh, June 20--(AP)--North Carolina and Tennessee authorities will meet tomorrow at Washington in the office of Secretary of Interior Work to further plans for the Great Smoky Mountain National Park.

The North Carolina council of state has just authorized State Treasurer Lacy to borrow two million dollars on short time notes in anticipation of the sale of long term bonds to be issued later, that North Carolina may have available the cash necessary for her part of the purchase price of lands in the park area.

Negro Murderer Hanged in Texas

Houston, Texas, June 20--(AP)--The body of Robert Powell, 24 year old negro, who was abducted from the Jefferson Davis hospital here early this morning by an unmasked band of eight men, was found hanging from a bridge eight miles from Houston at 6:30 a. m.

Powell, charged with slaying a city detective, was taken from the negro ward of the hospital shortly before three o'clock this morning. Deputy sheriff S. Y. O. Brizendine, who was guarding the negro, said three of the men covered him with pistols, disarmed him, and after placing a rope around the prisoner's neck carried him from the building.

Brizendine said the negro begged for mercy as he was taken from the hospital bed and was carried from the room with one end of the rope dragging behind the kidnappers.

Hospital attendants said the men fled in two automobiles. Powell was accused of shooting A. W. Davis in a gun battle here last Sunday. The negro was seriously wounded.

The body was found by two detectives. A rope, tied in a hangman's noose, was about the neck. The officers said he apparently had been thrown from the bridge. They said a wound in the head indicated the negro had been struck with the butt of a pistol.

With the finding of the body, an announcement came from Austin that Governor Dan Moody had ordered three state rangers, headed by Captain Frank Hamer, to come to Houston to assist in an investigation. Two rangers, already here for duty at the Democratic national convention, are assisting the district attorney in his inquiry.

Several hospital attendants, all negroes, made statements to investigators for district attorney Horace Soule. Jackson McCarter, an orderly who was with Powell when the eight men entered the negro ward, said one of the intruders pointed a pistol at him and told him to keep quiet.

McCarter said that as the men bound Powell's hands and feet the prisoner kept shouting "O'h Lord, have mercy!" McCarter's statement said that after Powell had been tied up, one of the raiders asked a companion: "Are you going to take him, George?"

"Yes" was the answer. McCarter said the man addressed as "George" wore a blue coat with gold braid on the left sleeve and on the left breast.

One negro nurse told of being threatened with a pistol by one of the raiders and another said that she saw the men taking Powell away but that she feared to leave her room until they left in their automobile.

Mary Pickford's Trunks Restored

New York, June 20--(AP)--Mary Pickford got back her 12 trunks of bargain clothing today.

Held in the appraisers' stores since her arrival from Europe Saturday with her husband, Douglas Fairbanks, for an investigation of the value of their contents, the trunks were released on payment of \$3,900 for the dutiable goods.

The screen actress had declared \$5,000 worth of foreign purchases and when customs authorities challenged her declaration, explained she had purchased them at a discount price in the European shops because of the publicity value her patronage gave to the stores.

The filmy contents of the trunks were examined in her presence and the appraisers reported the actual home value of the goods at \$7,286. They complimented Miss Pickford on her ability as a bargain hunter but said she must pay duty on the full value of the goods and not on the price she paid. The \$3,900 represents the straight duty on the \$7,268 value. No fines or penalties were imposed as customs officials were satisfied Miss Pickford acted in good faith in declaring the actual purchase price on the merchandise.

TELLS ABOUT OPPORTUNITY

Dr. Wright Tells of Future of Teacher Training of Present Time.

Dr. Robert H. Wright, president of East Carolina Teachers College, talked to the students of the summer school today about the opportunity of in-service teacher training at the present time for the teacher. He called attention to the fact that the standard of training had been greatly raised during the past few years by those in the profession.

He called attention to the fact also that the standards for pre-service training is soon to be raised by the State Department of Education and that the old Elementary B certificate is to be a thing of the past and that Elementary A certificates which require one year of college work to secure will not be renewed, but convertible into a still higher form of certificate representing two years of college work.

"There has never been a time," he said, "when there have been so many teachers in service at work on their bachelor's degree." He pointed out that this is partly due to our certification scheme and salary schedule, partly due to the fact that the teachers are getting ready for the higher standards of training when they come and partly due to an internal desire on the part of the teacher to render better service to the children of the state.

He explained that the college was planning to go into the business of training principals of elementary schools and that there was an open field there for service and promotion.

Reformers Carry Virginia Primary

Richmond, Va., June 20.—(AP)—On the face of returns from about one-third of the state, Virginia today apparently had ratified amendments to the state constitution as proposed by a commission appointed some months ago to "simplify" and "increase the efficiency of the state government."

Broken Telephone and Telegraph lines interfered with tabulation of the vote but it was estimated that about half of Virginia's normal voting strength of 200,000 were cast. Governor Harry Floyd Byrd has strenuously campaigned for the adoption of the amendments which would bring about definite changes in the constitution, in keeping with the governor's announced "program of progress."

Early this morning the governor issued a statement in Roanoke declaring that it was apparent from returns available at that hour that the amendments would carry by a comfortable majority.

If approved by the voters the first proposal known as the omnibus proposal, will bring about 43 changes in the state constitution. The second would prevent a state tax levy on land and personal property with the exception of public service corporations. The last three proposals provide for the appointment by the governor, subject to approval of the general assembly of the superintendent of education, the commissioner of agriculture and immigration and the state treasurer. These three officers are at present elected by popular vote.

Coolidge Goes Angling Today

Superior, Wis., June 20.—(AP)—Taking advantage of an apparent break in the run of bad weather which has swamped and chilled Cedar Island Lodge since he took possession last Friday, President Coolidge was up early today for a fishing expedition up the Brule river.

The weather still was chilly, but the temperature was not as low as heretofore and Mr. Coolidge found it more suited to the relative immobility of fishing than he did yesterday when he and Chairman Butler of the national Republican committee both suffered from the cold while out on the river.

Mrs. Coolidge, however, found the weather still cool enough to warrant a good log fire in the living room at the lodge. Much improved from the indisposition which seized her about a week ago while in Washington, Mrs. Coolidge now leads almost her normal life. She is only cautioned by her physician to take good care of herself and not to tire herself.

No work faced the chief executive at the lodge today. The last pressing documents were cleared up yesterday and no new questions have arisen demanding immediate attention. Mr. Coolidge was therefore free to forget about his office and devote another day exclusively to open air and recreation.

SUTTON NEW HEAD OF ROTARY INTERNATIONAL

Minneapolis, June 20.—(AP)—B. Sutton, of Tampico, Mexico, third vice-president, was elected president of Rotary International today as the organization discarded its usual machinery for balloting and named him by acclamation.

When Mr. Sutton's name was the only one placed in nomination in the convention, it was decided to restrict balloting Thursday to naming vice-presidents and a number of directors.

Mr. Sutton, a native of Michigan, is in the hardware jobbing business in Mexico. He was a founder of the American Chamber of Commerce at Tampico, and served as its president in 1918.

In 1923 he was made governor of the third Rotary district, comprising Mexico, and in 1926 international director. He was elected vice-president last year.

Romance Ends In Capture Convict

New York, June 20.—(AP)—A romance with a girl he never saw has led to the recapture of Frank McDougle, escaped Alabama convict.

McDougle, while serving a sentence in Kilby prison, Montgomery county, Alabama for receiving stolen goods, started a correspondence with a girl in Astoria, Long Island, through a "Pen Pals" department of a magazine. He gave his address as Kilby Camp and told her he was an engineer engaged in a big construction project. Last October he escaped but continued to correspond with the girl from various cities. As he left each town he wrote where he would go next.

About a month ago, however, the girl lost his address and wrote to Kilby, Camp. The letter fell into the hands of the prison authorities and the New York police were notified. They learned McDougle was expected to visit the girl's home and established a watch. When he arrived at the house he was arrested. He was held in Long Island city court yesterday to await extradition. The police declined to reveal the name of the girl.
