START SEARCH FOR AMUNDSEN IN NORTHLAND

Explorer and Party of Five Lost in Effort To Find General Noble.

(Copyright, 1928, by the Associated Press.)

Kings Bay, Spitzbergen, June 22.—(AP)—While a heavy fog which had settled upon Spitzbergen this morning was slowly lifting during the day, the Italian fliers at Kings Bay were planning to take off in two large flying boats to bring further aid to General Noble and to seek for the missing expedition of Roald Amundsen.

Now that more than 600 pounds of provisions and supplies have been dropped to General Noble and his five stranded companions near Foyne Island, off North East Land thus ensuring their safety for the present, the attention of the rescue expeditions has been turned sharply toward the missing Amundsen group.

The radio operator of the Noble base ship, Citta Di Milano, has been busy trying to find some trace of the huge French plane in which Amundsen and five companions took off from Norway Monday night, but thus far the search has been fruitless.

Lieutenant Luetzow Holm and Captain Riser-Larsen, the Norwegian fliers who have made numerous air reconnaissances over the Noble party again flew to the vicinity, but were unable to see the men. The party, however, were convinced that they had sighted the pilots.

It is regarded as evidently difficult, if not impossible, to strike Noble's position exactly without wireless guidance. Neither of the Norwegian planes is equipped with radio. Major Maddalena, who found the Noble party on Wednesday, found it difficult with his excellent radio equipment to locate the marooned men.

When Major Maddalena dropped the supplies Wednesday only one of the parachutes to which the packages were attached failed to open. This unfortunately, contained fresh batteries and an accumulator for the radio outfit which strength Noble has been carefully husbanding. Major Maddalena now plans to drop a new set of batteries carefully packed in a rubber boat so that it will not be damaged in falling on the ice.

With the appearance of some sunshine burning up the fog, the flier hoped to be able to make another trip today. His fellow Italian flier, Major Penzo, was planning to get away also, if possible.

Commander Romagna of the base ship Citta Di Milano, told the correspondent of the Associated Press today that he had the greatest hope for the safety of the three men originally of the Noble party who started overland May 30 in an attempt to bring help. These were Dr. Finn Malmgren, Swedish meteorologist, Captain Alberto Mariani and Captain Filippo Zappi.

He pointed out that all were strong, hardy men, that Zappi was a good navigator and that Dr. Malmgren was thoroughly acquainted with ice conditions.

Kings Bay, Spitzbergen, June 22.—(AP)—Fog blanketed the bleak arctic wastes today and delayed search by airplane for Roald Amundsen and his five companions missing since they hopped off from Tromsø, Norway, in a French seaplane on Monday.

Captain Riser-Larsen and Lieutenant Luetzow Holm, who have been using Norwegian seaplanes in the Noble rescue operations, received orders from Oslo to turn their efforts to finding Amundsen. They were directed to search along the west coast of Spitzbergen.

Captain Riser-Larsen, who was a member of the Amundsen-Elsworth expedition of 1925 which was lost for almost a month on the polar ice cap said there was a possibility that Amundsen had been forced back to some uninhabited district on the north coast of Norway. He thought, however, that the coast of west Spitzbergen should first be searched from Kings Bay to South Cape, its southernmost extremity.

Others believed that Amundsen might have landed at Advent Bay, south of Kings Bay and established a base there for searching operations for the seven men who drifted eastward in the bag of the Italia on May 25 and were swallowed up by the arctic.

Major Umberto Maddalena today was planning to take off as soon as possible in his large Italian seaplane to search for Amundsen and the seven men of the Italia. Major Penzo, flying another Italian seaplane, also intended to search for Amundsen as did Swedish fliers in the seaplane upland.

General Umberto Noble informed the base ship Citta Di Milano by

(Continued on page six)

FLOOD BOILS THROUGH BRIDGE

Two crevasses were effected in the banks of the St. Francis river near Kennett, Mo., when recent rains swelled that stream to flood proportions. An aerial view of one of the breaks with the released stream pouring through is shown above.

New Tar River Bridge Will Be Dedicated To Veterans Of World War

The State Highway bridge over Tar River here, now under construction, will upon completion be dedicated as a memorial to Pitt County Veterans of the World War according to a resolution adopted by the State Highway Commission in session at Raleigh yesterday.

The signifying of this bridge as a memorial to the veterans is the result of requests of the Woman's Auxiliary of the Pitt County Post American Legion, and the hearty co-operation of District Commissioner Frank C. Kueper.

Some time ago a committee of ladies from the auxiliary made their request to Mr. Kueper for designation of the bridge as a memorial and Wednesday a letter from him met with the favor of the various members of the highway commission and formal action on the matter would probably be taken at yesterday's meeting. In addition to designating the bridge as a memorial to the World War veterans the commission agreed to install a lighting system for the bridge, not included in the original plans, if the city would agree to furnish the electricity for the operation of the same. The matter was immediately taken up with the proper authorities and assurance was given the

commission that the current would be furnished. This means that when completed at a cost of about \$200,000 the bridge will include ample driveway, walkway, will be lighted, and will be marked with memorial tablets to Pitt County World War veterans.

Under the proposition made by the commission for the lighting of the bridge the standard lighting system would be used but it was pointed out by the commission that should the city, county or some of its civic organizations desire a more elaborate lighting system to make the bridge an even more beautiful memorial the commission would be glad to install such a system if the additional expense above the cost of the standard system is taken care of locally. Whether or not steps will be taken for the more elaborate lighting system has not yet been definitely decided here, but action on same will be taken immediately in order that no delay or inconvenience might be caused the state commission by waiting too late to change the plans. According to information here today the bridge should be completed within sixty to ninety days and its opening to traffic will probably be marked by a memorial celebration on the part of American Legion and Auxiliary.

Board Report Considered by Presbyterians

Jackson, Tenn., June 22.—(AP)—Appointments of committees and board reports took up the greater part of today's session of the 98th General Assembly of the Cumberland Presbyterian church.

New regulations governing membership on the board of publication and the board of Sunday school work were sought in the report of the assembly placed all members of the board under a pledge to use the board's literature in all their churches or decline to serve on the body.

The ruling has proved a hindrance to the board's work, the report stated and its repeal was asked. Memorials last year from the Lebanon and East Tennessee Presbyteries asked removal of board members whose congregations did not use the literature, but the petitions were negatived.

The board of education reported Bethel College, the church's only school, had an attendance of nearly twice that of 1927 and urged the assembly to consider gravely its pressing needs.

A total of 159 conversions and 216 additions was reported by the board of missions and church election.

UTILITY PROBE BRANCHES OUT TO TENNESSEE

Director of Nashville Public Utilities Called to Stand at Washington.

Washington, June 22.—(AP)—The investigation of the Federal Trade Commission into the activities of public utility information agencies branched today into another state, Tennessee.

Guy P. Newbern of Nashville, director of the Tennessee public service information bureau, was called to the stand with the expedition of his testimony being ended by today's hearing. Next Tuesday utility publicity directors of Arkansas will be grilled followed by the directors of similar organizations in Kansas and Indiana.

The examination yesterday of J. B. Sheridan of St. Louis, secretary of the Missouri committee on public utility information as to his organization's relations with educational institutions and newspapers, developed that the utilities organizations paid considerable attention to the attitude of the Pulitzer Press, the St. Louis Post-Dispatch and the New York World towards government ownership.

Sheridan wrote in letters to George F. Oxley, of New York, information director of the National Electric Light Association, that the Post-Dispatch was "the only one of 600 newspapers in Missouri, which is opposed to the utility industry."

He wrote that the paper's Washington bureau was "packed with young Socialists" to whom the industry was "Anathema and Senators Norris, Howell, Walsh and La Follette, Gods."

He attributed what he termed the "pink leanings" of the Pulitzer Press to the personal "slant" of its men.

Raleigh Concerns Drop Civil Suit Against H. Ford

Raleigh, June 22.—(AP)—Decision to drop its \$39,000 civil action against the Ford Motor Company had been reached by Rawls Motor Company of Raleigh today, the Ford Company agreeing to pay \$1,000.37 admitted as a debt.

The charges brought in federal court, stated that the Ford Company had not shipped cars to the Raleigh dealer which the latter had contracted for.

FIVE MEN HELD FOR LYNCHING

Charges Preferred Following Admission of Members of Texas Lynch Crowd.

Houston, Tex., June 22.—(AP)—Five men were held without bond here today on charges of murder in connection with the lynching Wednesday last of Robert Powell, 24-year-old negro accused of killing a detective.

The charges were filed after A. B. Wheeler, a boilermaker, in a statement to police, admitted that he participated in a raid on Jefferson Davis hospital here early Wednesday morning when Powell was taken from his bed and hanged from a bridge about eight miles from Houston.

Powell was confined in the hospital under guard of a deputy sheriff to undergo treatment for a wound received in a gun battle in which City Detective A. W. Davis was killed. Davis was attempting to disperse a group of negroes when the shooting started.

In his statement, Wheeler named six others as members of the raiding party, four of whom have been arrested. They are: John Kent 27, ambulance driver; Charles Oldham, 24; F. T. Shuck 32; and "Tuck" Reese, 25, a taxi driver. The others, identified as "Bubber" Kent and Howard Minton, are sought by sheriffs and Texas rangers assigned to the case by Governor Dabney Moody.

Wheeler told how the officer guiding Powell was forced at the point of a pistol to leave the ward where the negro was confined and how the party carried the prisoner to the bridge. He said that only four of the seven were present when the negro was put to death, naming Reese, Kent, Minton and himself. He said the automobile following the car in which the negro was riding, was forced to drop out when pursued by motorcycle officers.

To Hold Road Hearing.
Raleigh, June 22.—(AP)—Chairman Frank Page and commissioner John S. Hill and W. A. McClintock of the State Highway Commission today arranged to go to Jackson, Northampton county, for a hearing on the proposed location of the road from Garysburg north to the Virginia line.

Several Killed In Mexican Warfare

Mexico City, June 22.—(AP)—Guadalajara dispatches to Ex-lord state that ten federal soldiers and twenty-two insurgents were killed Wednesday in an eight hour battle near Las Huertas in the state of Jalisco. Thirty federal soldiers were wounded in the battle while the number of insurgents wounded could not be determined.

The battle, described as one of the hardest fought of the two years of irregular warfare in the state of Jalisco, brought a federal force of 300 men into a clash with almost 400 insurgents.

Of the federal troops killed, two were officers.

FLANAGAN OFF TO HOUSTON

Four Delegates of First District to Join Him at Other Points Today

E. G. Flanagan left this afternoon for Goldsboro on his way to the national Democratic convention which opens in Houston, Texas, next Tuesday. Before leaving here, Mr. Flanagan was joined by Carl Goerch, Washington newspaperman who is going to make the trip to Texas on a sight-seeing and news gathering mission.

Mr. Flanagan is one of the four delegates of the first congressional district recently named by the State Democratic convention to attend the national gathering. The other members are J. W. Holmes, Farmville, Roy Parker, of Abbeville, and W. O. Saunders, of Elizabeth City. Mr. Flanagan stated that he would board a Pullman at Goldsboro and go to Charlotte where other members of the State delegation will be taken on.

From Charlotte they will go to South Carolina, picking up delegates in that state and Georgia. They will be given a rousing entertainment by the chamber of commerce at Atlanta. Delegates will also be picked up from there to Louisiana. A twelve hour stop will be made at New Orleans where they will go through another round of entertainment before boarding special trains headed for the convention city.

The North Carolina delegation goes to the convention with a preponderance of opinion in favor of Cordell Hull, of Tennessee. This fact was established at the recent state convention when Hull led by a big majority.

Virginia To Ask For "Dry" Plank
Roanoke, Va., June 22.—(AP)—Forty-eight uninstructed Virginia Democrats will cast the state's 24 votes in the national convention in Houston next week and demand in the name of their constituency a dry plank in the national platform.

At the state convention here yesterday, Congressman George C. Perry in a keynote address, asked a firm stand on the 18th amendment and at the same time urged recognition of constitutional principles which would never admit of religion alone as a political issue.

The convention wrote a dry plank in the state platform and decided without show of a predicted fight to send an uninstructed delegation. Few delegates committed themselves as to candidates except those outspokenly advocating Gov. Alfred Smith of New York. The delegates will not be bound by the unit rule unless applied at the convention.

Gov. Harry Floyd Byrd was elected national committeeman succeeding Senator Carter Glass, who did not offer for re-election, and will head the Virginians.

MUSICAL COMEDY STAR FILES SUIT FOR DIVORCE

Chicago, June 22.—(AP)—Francis White the musical comedy star who has given the musical spelling of "O-H-I-O" from many American stages, has filed suit for divorce from Clinton T. Donnelly, New York business man. She charges desertion.

Miss White was married to Donnelly in Cincinnati in 1923 after he had been divorced by Mrs. Hazel Reba Donnelly, New York modiste who named Miss White in her suit. In her bill, filed yesterday, Miss White said she and Donnelly have been living apart for two years.

PIONEER TOBACCONIST DIES AT ROCKY MOUNT
Rocky Mount, Va., June 22.—(AP)—Charles Jefferson Shoaf, 65, pioneer in the tobacco industry of Winston-Salem, N. C., and Rocky Mount, died at his home here early this morning. Death was attributed to a heart ailment.

The body will be taken to Winston-Salem for funeral services and interment.

GANGSTERS AGAIN BUSY AT CHICAGO

Attempt to Cripple Jury Probe by Kidnapping Principal Witness.

Chicago, June 22.—(AP)—A new attempt was made with shotguns last night to cripple the special grand jury investigation into Chicago crime.

Armed gangsters attempted to break into the home of James Huff, negro, and kidnap him, thus silencing the chief witness against Johnny Armondo, held for the slaying on primary election day last of Octavius Granady, who was a candidate for ward committeeman.

This new evidence of terrorism came a few hours after Frank J. Loesch, chief prosecutor for the special grand jury, had charged that Chicago crime was rooted in high places, and that police, prosecutors and courts shared in the blame for it.

A police guard has been placed around the county building where the investigation is under way. This precaution was taken following an assault upon an agent of the grand jury and an attempt to rob him of important papers involving contemplated prosecution.

Loesch, in his statement yesterday, called for extreme measures, urging that "gunmen be used to fight gunmen" in an effort to check the slayings, kidnappings and bombings of recent months.

HUMAN SPIDER VISITS CITY

"Bill" Strother Brings Over Giant Alaskan Hound to Show to Friends.

W. C. "Bill" Strother, known throughout the country as the Human Spider, paid a visit to this city yesterday. Mr. Strother and his wife, who now make their home in California, are spending some time with Strother's mother at Stantonburg.

Strother is a native of this section and for some time made his home in Greenville. After leaving this city he took up climbing and aviation acrobatics and in this line won nation-wide renown. Strother later went into the movies and local people who knew him well got quite a kick out of seeing him on the screen here.

A little more than five years ago Strother was injured from a fall while building climbing in California, and while in a hospital he became acquainted with and later married the present Mrs. Strother. Realizing the dangers that accompanied the following of his profession of people of America, Bill's better half persuaded him to give up climbing and now Bill declared that he is just a plain old husband.

Despite his withdrawal from the profession that kept him ever in the spotlight Bill just don't seem to be able to keep out of print. This time it is not Bill himself but one of his possessions, a giant Alaskan wolfhound that is drawing attention. But at any rate Bill gets opportunity to be shown with the animal.

The dog, resembling in color and size a polar bear, weighs 195 pounds and attracts considerable attention wherever it goes. Bill brought his dog east with him and those here yesterday who saw the animal declared it to be the largest dog ever shown here. Sometime during his visit here Bill promises to place his dog on exhibition in order that those who desire may be given an opportunity to see it. Bill's dog, like its master has quite a reputation having appeared on the stage and in the movies.

REPORTS PROGRESS IN SEARCH FOR EARLY ANCESTORS OF MAN
Peking, June 22.—(AP)—Roy Chapman Andrews, who is searching in Mongolia for traces of the early ancestors of man, has sent this telegram to the Associated Press from Erhlien:

"The expedition is already highly successful. Extraordinary fossil animals and abundant remains of primitive human cultures discovered."

"Mongolia is peaceful. Everybody is well."

Dr. Andrews was recently shot accidentally while hunting. Apparently he has recovered from his wound.

Amundsen Missing

Danish aviation circles were uneasy over the fate of Roald Amundsen, famous explorer, missing on his flight from Tromsø, Norway, to Spitzbergen to aid in the Noble rescue work.

WOMAN FLIER TRIES LONDON SLUMS TODAY

Miss Earhart Visits Famous Tonbee Hall Reviving Love For Social Work.

London, June 22.—(AP)—Miss Amelia Earhart, who halted her social work temporarily to fly the Atlantic, returned to it this morning. Visiting Tonbee Hall, one of the largest settlement houses in London, she exclaimed:

"There is no place like home." After enjoying London society for a few days the Boston girl went to the other extreme and spent several hours among the lowliest in the city.

Miss Earhart went to the slums in the East End of London after laying a wreath on the centenary in honor of Great Britain's war dead. Wilmer Stultz and Louis Gordon, who flew with her in the Friendship, assisted her in placing the wreath, which was inscribed with the names of the fliers.

At Tonbee Hall, Miss Earhart was received by hundreds of wildly cheering youngsters, many of them waving American flags.

Boy Scouts and Girl Scouts formed a long row of honor down which Miss Earhart walked to the main door of the building. J. St. C. Catchpool, sub-warden of the hall, met her and escorted her through the various departments.

Tomorrow Mrs. Alanson B. Houghton, wife of the American ambassador, will give a luncheon in honor of the Boston girl. She will have lunch with Lady Astor on Sunday and with Lady Heath, the British flier, who recently flew alone from Cape Town, Africa, to Crocydon, on Monday.

Monday night Miss Earhart, Gordon and Stultz will be the guests of Mrs. Guest at a royal concert given by John McCormack at Royal Albert Hall.

Before leaving Tonbee Hall Miss Earhart signed the visitors' book, a full page being reserved especially for her.

From Tonbee Hall the Earhart party went to the statue of nurse Edith Cavell near Leicester Square where the American girl placed a wreath.

This afternoon Miss Earhart and Mrs. Frederick Guest, sponsor of the flight, went to Ascot for luncheon and the races.

Meanwhile, Wilmer Stultz and Louis Gordon, the other members of the crew of the Friendship, were resting today. They plan to fly to Manchester tomorrow to place a wreath on the grave of Sir John Alcock, who, with Sir Arthur Whitten Brown, was the first man to fly the Atlantic. Sir John died in an airplane accident near Rouen in 1919.

It was "Bill" Stultz and "Slim" Gordon when the pilot and mechanic of the Friendship first reached Great Britain, the British newspapers copying American style in giving them their nicknames. But the British sense of propriety and formality soon asserted itself and the "Bill" and "Slim" have gone and in their places appear the more formal Lieutenant Wilmer Stultz, and Mr. Louis Gordon.

Air Mail Pilot Killed in Wreck
Emporia, Kansas, June 22.—(AP)—Wayne Neville, of Kansas City, pilot on the Chicago-Dallas air mail route, was killed at 4 a. m. today when his plane ran into a severe windstorm and crashed near Lebo, Kansas, 20 miles east of here.

HOOVER WILL PAY VISIT TO MR. COOLIDGE

Republican Presidential Nominee to leave Home During First July.

Washington, June 22.—(AP)—Secretary Hoover, Republican presidential nominee, will depart for his home at Palo Alto, Calif., between July 2 and July 5. It was tentatively decided today. He will interrupt his journey, it is believed, to visit President Coolidge at Brule, Wis.

Washington, June 22.—(AP)—With officers of the Republican national committee selected and approved, Secretary Hoover turned today to the question of sectional leaders for his presidential campaign.

Under plans announced yesterday by Secretary Work, after he had been named chairman of the national committee, the country is to be divided into two sections with divisional headquarters at New York and Chicago and a central headquarters in Washington.

The name of James W. Good, who acted as manager of Mr. Hoover's pre-convention campaign is mentioned prominently in connection with the western office, but there have been few indications of the commerce secretary's views on campaign personnel.

The expected election of Secretary Work to the national committee chairmanship came yesterday at a luncheon conference of Secretary Hoover, Senator Curtis, the vice-presidential nominee, and a delegation from the committee named to ascertain Mr. Hoover's views and given power to elect committee officers.

A monster banquet will be tendered Secretary Hoover next week to the 2,000 odd officials and employees of the commerce department stationed in Washington, and the effort may furnish the Republican presidential nominee with his first opportunity to speak in public since the convention. Some difficulty is being found in finding a place large enough to stage the demonstration, but those arranging the affair desire to signalize the occasion by having present every person connected with the department during the seven years of Hoover administration.

While Secretary Hoover is still uncertain about resigning his office for the campaign, the banquet will carry the effect of a farewell appearance. His associates believe the will be unable to return to his desk after the summer vacation and that campaign efforts probably will absorb all his future attention.

Secretary Work, however, confirmed the general understanding that Secretary Hoover and Senator Curtis would go to their respective homes to receive the official notification of their nominations and make their speeches of acceptance. This would take place, he said, late in July.

Princess Helen To Devote Life To Her Country
Bucharest, Rumania, June 22.—(AP)—Free of her wayward husband, former Crown Prince Carol, Princess Helen intends to devote her life to her adopted country and to making a good thing out of her six-year-old son, Michael.

Although the decree of divorce from Carol, whom she married in 1921, was absolute and she is free to remarry she does not intend to do so.

Princess Helen shows no signs of exultation when informed that her petition had been granted. She seemed instead to be stricken with sorrow at the position of exile and ostracism into which Carol had been plunged since he eloped with Magda Lupescu in 1925 she said:

"I hope that now he will begin a better life and will find the happiness that he apparently failed to find with me."

"I can forgive, but never forget the wrongs he did to me and my child."

N. C. Democrats To Leave Tonight For Houston, Tex.
Raleigh, June 22.—(AP)—With reservations made for 39 delegates and guests to the Democratic convention, the North Carolina delegation will leave tonight for Houston.

Three cars will carry the state delegation, the first leaving Goldsboro, the train picking up another here and a third to be added at Charlotte.

The party will spend Sunday in New Orleans, arriving at Houston on Monday.

LOCALS DOWN THE PIRATES SECOND TIME

After occupying the cellar two or three days, Greenville won the second game of the series from Wilmington at the fair grounds yesterday afternoon and today found themselves calmly reposing in third position of the standing of clubs column.

The score of the decisive conflict was 3 to 2.

The exhibition was almost on a par with that of the day before when the Tobaccoists succeeded in tripping the Pirates to the tune of 2 to 1. Like the first game, that yesterday developed into a pitcher's duel between Cherry for the locals and Smith for the visitors. Wilmington sent two runners around the circuit in the third frame, but after that time they were at the mercy of the Greenville moundman.

Weaver was responsible for the two tallies when he drove the ball over right field fence in the third inning with one man on the paths. The Pirates apparently were determined to hold the lead. At least they clung tenaciously to it until the fifth stanza when Deacon Joliff's stick wielders got busy and hammered out sufficient hits to knot the count. Buck Finlator was largely responsible for the offensive. After Daniel's and Denton had been issued free passes to first, the "Home Run King" of the Joliff outfit stepped up to the plate and shelled the outfield with one of the most terrific three base drives seen on the local lot this season. Two runners raced to the checking station. Finlator, however, died at the third corner.

The victory-deciding run came in the seventh frame with two men down. Daniels singled, stole second and scored when Denton doubled to right center.

Smith pitched remarkably effective ball for the Pirates, but at times he proved wild. During these moments of wildness he issued eight free passes to the Tobaccoists and hit one.

Rocky Mount came to the Tobaccoists' camping grounds this afternoon for a two game series. The success of the locals the last two days no doubt will prove a drawing card today and tomorrow and the largest attendance of the season is anticipated.

Walker Wins Over Hudkins

Chicago, June 22.—(AP)—The bull dog is still champion but he has the marks and bruises of a terrific combat with the wildcat to show that he came out of the fray far from unscathed.

After ten slashing, slashing rounds that finished in a torrential downpour of rain last night at McKimsey Park, Mickey Walker, the bull dog, was declared the victor over Ace Hudkins, who it will be remembered from the echoes of protest and dissent from that verdict die down.

Walker retained his world's middleweight crown on a two to one decision. The two judges, Harry Carroll, and Edward Klein, gave their ballots to the titleholder, but the referee, Eddie Purdy, cast his vote for the challenger. In the soaked and sodden press row, a clear majority credited Hudkins with being the winner, chiefly on his tireless but fated aggressiveness. Most of the experts gave Ace a margin in six of the ten rounds, while many credited the bionic wildcat with as many as seven, too offset, in a consensus, the few who figured Walker was justly the winner.

Fights Last Night

St. Louis.—Jack Sharkey, Boston, knocked out Leo Gates, New York, (3).
 Detroit.—Billy Petrolle, Fargo, N. D., defeated Bruce Flowers, New Rochelle, N. Y., (10).
 Minneapolis.—Mike Mandell, St. Paul, defeated Vito Doman, Los Angeles, (10).

AMERICAN IN GOLF LEAD

By BASIL G. WYRICK.
 Associated Press Golf Writer.
 Chicago, June 22.—(AP)—The international character of the national open golf championship, remained intact in the second round today, but the foreign threat was not so menacing as it was before the first round of the 72-hole contest put the Americans far in the lead.

Out in front, although it might not be for long, stood Frank Ball of Atlanta, a former Briton and Henry Cluel of Stratford, Conn., who broke par 71. They have not been noted as tournament winners, and may be supplanted as the grind wears down the weaker contestants.

In ahead of Archie Compston of Great Britain with 76, and Aubrey Broomer of France, with 75, which might easily have been better, stood such successful tournament winners as Leo Diegel with 72, Bobby Jones, amateur champion Willie Hunter, formerly British amateur champion, and three former national open champions, Freddie McLeod, Jim Barnes and Willie McFarlane with 73 each. Then there were George Von Elm, of Detroit, formerly national amateur titleholder, with 74, Walter Hagen and McDonald Smith with 75 each and Jack Hutchinson and Tommy Armour with 76 on even terms with Compston.

The cohorts who pick winners in advance in even such a fickle game as golf, still predict that Hagen and Jones are the most likely to land on the throne. Jones was only a trifle off the form that has brought him so many victories, including two American open titles and two British opens with a record of 285 at St. Andrews for the last one.

He was a trifle erratic with both wood and iron in the first round, but his putting was good nearly all the way. Four times 73 would make 292 which is the figure set by many for the winning score. Bobby seemed more pleased with the showing made by Ball, professional at his home club, than he was worried by his own score.

Greenville Goes To Fourth Place

(By The Associated Press)
 The Greenies after warming the cellar for some days, snapped into form yesterday in the late minutes of play, winning over the Wilmington Pirates 3 to 2 and crawling two notches into fourth position in the Eastern Carolina League. It was the second successive defeat dealt the Pirates by Greenville in as many days.

The Goldbugs insisted upon turning the tables on the Highlanders for a win of 5 to 2, to strengthen their hold on the league leadership. Taking an early lead, Goldsboro, hesurly maintained the advantage through the mixup.

A desperate ninth inning rally on the part of the Stemmers fell short and the Buccaneers won 9 to 7. This defeat left Kinston holding the sack looking up from the cellar.

Acosta Baffles Greensboro Crew And Pointers Win

(By The Associated Press)
 The Piedmont League ladine Patriots found a difficult puzzle in the hurling of the Cuban Acosta and lost the last game of the series with High Point, 7 to 3. Greensboro was confined to six scattered bingles while the Pointers secured 11, most of them collected in the early stanzas.

The Winston-Salem Twins, holding second berth, had better luck, they taking a win from the cellar residents, the Durham Bulls, 4 to 2. The game was stubbornly fought with both teams showing good form. Triples by Ry and Spikes and two three-baggers by Reinholz afforded the features for the exhibit.

Raleigh spotted Salisbury six runs in the first three innings and then launched a slugging orgy to win, 11 to 6. The Caps routed Garback in the sixth when they pulled within one run of the Gols. The next two frames saw six runs scored in an attack featured by five triples.

FIGHTS LAST NIGHT

(By The Associated Press)
 Chicago.—Mickey Walker, world's middleweight champion, defeated Ace Hudkins, Nebraska, (10), championship. Lee Marriner, University of Illinois, technically knocked out Tex McWeen, Philadelphia, 2.
 New York.—Jimmy McLarnin, California, technically knocked out Phil McGraw, Detroit, (1).

Macon Leading South Atlantic

(By The Associated Press)
 There is absolutely nothing stationary about the South Atlantic Association pendulum, its latest swing carrying Macon back into the league leadership.

A pitcher named Mahaffey, although drawing his pay check from Columbia, had as much to do with the Peaches' present ranking as anybody else, his fine hurling being the cause of Asheville's 5 to 3 defeat by the Comers yesterday.

It made little difference to the Peaches that they were being out-hit, almost a two to one margin, by Knoxville and aided by homers from the bats of Lee and McCrone, the Goodman swept through a 9 to 5 verdict over the Smokies and first place again.

Charlotte came out of its recent slump and banged out a total of 18 hits, including two four baggers by Jones, to beat Greenville, 11 to 8.

Spartanburg pushed across three runs in the eighth inning to win over Augusta 5 to 2. Moseley held the Tigers to seven safeties.

BABE'S HOMER IN RAINSTORM MARKED ZERO

(By The Associated Press)
 Babe Ruth seems to have run the scale in baseball experience, now that, after fifteen years, he finally has watched a home run vanish from the records in a rainstorm. He poked his 25th in a rainstorm at the Yankee stadium yesterday, but it was washed from the books when the second half of a Yankee-Athletic double header was halted by rain.

Young Henry Johnson, Yankee recruit, gave the Athletics their second 1928 shutout in the first game, 4 to 0, and enabled the Yankees to lengthen their lead to nine and one-half games. Tony Lazzeri started the scoring with a home run in the sixth.

In the second game the Macknicks were leading 3 to 2, and had mercy on second and third with one out when the drizzle became a torrent. Guerrilla warfare along the rest of the American League front saw the Red Sox turn the tables on the Senators, 9 to 2, while Cleveland was dividing another double header, the way his manager handled the war with the lowly White Sox on the Indian reservation. The Indians won the first 4 to 2, and the White Sox the second 4 to 3, with an amazing three run rally in the ninth.

Chicagoa even break coupled with Detroit's double reverse in St. Louis sent the Tigers to within a half game of last place. The Browns won 8 to 3 and 9 to 5 as Schall, Blue and Bettencourt hit home runs.

The torrid National League race which showed signs of disintegration under the incessant pounding of the Cardinals, netted a slight gain for the runner-up Reds yesterday. The Rhinelanders nosed out the Pirates, 5 to 4. The day's campaigning left the Reds three and one-half games to the rear of the Cardinals.

Sheriff Fred Blake had to turn in a two hit game to win from St. Louis in the opener and Charlie Root was altogether unable to cope with the Cardinal stampede in the nightcap, which went to the visitors, 4 to 1.

The Giants finally swung into action at Boston, after suffering five postponements in their first scheduled appearances in the Hub. Fred Fitzsimmons hurled the McGraw clan to a handsome victory by 9 to 4, in the first brush, but Boston won the second 3 to 1.

TILDEN AND HUNTER IN FINAL ROUNDS

London, June 22.—(AP)—Big Bill Tilden and Frank Hunter won their way into their final round of the London tennis championships at the Queens Club today.

Tilden eliminated Wilbur F. Conn Jr., the 16 year old Kansas City player, 6-2, 6-2 while Hunter eliminated the Australian Davis Cup player, Hopman, 6-4, 7-5.

PAYMENT PLAN

General Tire Acceptance Corporation

Credit—a changed word in a changing world.

58¢ a week for a 30x3 1/2 GENERAL CORD and you get Top Quality

TODAY'S traffic demands the kind of tire only General makes — the Dual Tread PROPER SIZE line. For the Buick, Nash, etc., the Big Six—companion to General's Jumbo line for light cars—and the famous Seven for the heavier cars, such as Cadillac and Lincoln.

Built bigger and better through and through, not merely thicker in the tread. But it isn't only the amount of rubber that counts with General—it's the kind. Not merely more rubber per tire—but more pure rubber.

Our famous G-T-A-C payment plan makes Generals easier to buy than the cheapest off-brand tires. And best of all, you get a tire that's good for a year or two—or more—of trouble free driving after the payments are finished.

Bring in your car, arrange payments to suit your convenience and roll away on the best tires made.

The GENERAL TIRE

It's the SECOND year that makes the big hit.

SPORTS SLANTS

By ALAN J. GOULD

(Associated Press Sports Editor)

Chicago, June 21.—(AP)—Although the gentle arts of cracking knuckles and pummeling par are principally in the limelight here today it should also be noted that this seems to be the year for busting up some of the most beautiful friendships and profitable partnerships in sports.

First there was the sudden parting between John McGraw and the aggressive young man he had groomed to succeed him, Rogers Hornsby, "for the best interests of the Giants."

Now the well known local firm of Red Grange and C. C. Pyle has split after a sensational association that began to the roar of gridiron crowds and ended on the financial rocks of the celebrated Bunton Derby.

The highly lucrative Dempsey-Tunney-Rickard combination, last in business here also is at an end after 2 boom years. Moreover, the talk is that Tunney, win or lose, will leave Tom Heeney, who cut him out of the boxing business altogether, to the boxing business altogether.

Tunney virtually broke up his business partnership with Gibson two years ago. Gene didn't like was dividing another double header, the way his manager handled the war with the lowly White Sox on the Indian reservation. The Indians won the first 4 to 2, and the White Sox the second 4 to 3, with an amazing three run rally in the ninth.

Chicagoa even break coupled with Detroit's double reverse in St. Louis sent the Tigers to within a half game of last place. The Browns won 8 to 3 and 9 to 5 as Schall, Blue and Bettencourt hit home runs.

No immediate conclusion should be drawn that the widely ballyhooed new tennis stroke will help Big Bill Tilden and his Davis Cup teammates rout the French champions. Nor is any alarm likely to be reflected about it in Paris, where the first line of defense is still tottering along with Lacoste, Cochet, Borotra and Brugnon.

Tilden, they say, has used the new stroke, imparting greater speed unconsciously. The inference is that it will be distinctly undesirable to tackle Big Bill when he is fully conscious of his super-stroking power, magic touch or by 9 to 4, in the first brush, but Boston won the second 3 to 1.

Jimmy McLarnin Licks Phil McGraw

New York, June 22.—(AP)—Smiling Jimmy McLarnin, who enthroned himself in the hearts of New York fight fans in his first eastern appearance by a crashing one round knockout of Sid Terris, Manhattan's own ghost of ghetto has come back to his throne. After a month spent in the shade cast by the terrific drubbing he received at the hands of the lightweight champion, Sammy Mandell, Jimmy made a success of his comeback last night by stopping Phil McGraw.

 Nashville at Atlanta.
 Mobile at Little Rock.
 Chattanooga at Birmingham.
 New Orleans at Memphis.

Grow after only two minutes, 45 seconds of the first round.
 Tackling McGraw one of the toughest battlers in his class, one whose jaw had never been found vulnerable in over a hundred fights, Jimmy landed three times with his good right mauler and each time scored a clean knockdown. After the fourth time the Detroit florist went to the canvas, referee Jack Dorman led McLarnin to a neutral corner in token of a technical knock out.

MISS JOHNSON GIVEN CREDIT FOR WORK IN ALBERMARLE PRESBYTERY

The clipping below from the "Standard," will be of interest to friends in Greenville. Miss Johnson is president of Albermarle Presbytery, as spoken of in the Presbyterian church, or of the North Eastern District of the state.

The young people have worked loyally and faithfully for Albermarle under Miss Johnson for four years at the Davidson States Presbyterian conference. At this time she is busy on plans for a summer camp for the young people on the Neuse River.

Following is the article from the "Standard."

"In connection with the North Carolina Young People's Conference an honor roll is presented as a guide to the societies for their activities throughout the year. The name of a Presbytery in which two-thirds of the societies reach a grade of 90 or above, is placed on a bronze tablet which is to be displayed at the annual conference. This honor went to 'Albermarle Presbytery at the 1927 conference, and again this year Albermarle was the only Presbytery to qualify."

Principal credit for Albermarle's achievement is given to Miss Georgia Johnson, of Greenville, who has headed up the young people's organization in the Presbytery Honor roll societies for this year will be given soon."

Buy today in Highland Pines, Greenville's shady subdivision; three blocks from the college. Large lots. Easy terms. H. A. White & Sons, Realtors, General Insurance, 403 Evans St. Phone 49.

IMPORTANT MEETING OF TOBACCO BOARD OF TRADE SATURDAY MORNING

An important meeting of the Tobacco Board of Trade will be held at Johnston's warehouse tomorrow morning at nine o'clock according to information given out this afternoon.

All members were urged to be present.

A Letter From Mr. Boyd. Claude Tunstall, Provident Agent.

Have had occasion to receive several checks from you to cover disability from sickness and accident. The two checks received today to cover recent auto accident were both very satisfactory and prompt.

A Letter From Mr. Randolph. Claude Tunstall, Provident Agent.

Wish to thank you for prompt attention to recent claim, also wish to say that have had the policy nearly five years and have been more than pleased with the results obtained from it. An ideal protection policy.

Yours truly,
LEON A. RANDOLPH

OUR 4-H CAMP. Winterville, June 20.—On Tuesday, May the 29th, the 4-H Club boys and girls met at Camp Leach, North Carolina, for five days camping. Immediately after everyone had come, we were divided into four groups, the head, heart, hands and health. No regular schedule was carried out our first day because everyone was busy getting settled and inspecting the camp grounds.

Wednesday morning at six o'clock, we were awakened by the rising sun. After breakfast the girls cleaned their barracks while the boys cleaned the grounds. Later the girls were called to a class in lamp shade making. Just before lunch we all went in swimming. After lunch rest hour was observed. We took another swim about five o'clock. When supper was finished we assembled in the main building and sang, played and gave yells. We were all in bed at 10:00 o'clock. This same schedule was used every day of the camp.

Since Thursday was visitors day, many parents and friends were present. Thursday night the members of the Kiwanis Club of Greenville took supper with us and after supper they aided us in our stunts. We owe the success of this camp-

PASS THEM ON

By Pattie E. Lanier. Share your many blessings as you get them every day. Pass them to some brother who is going your way. If you'll only do that you'll surely get your share. Of the leaves and fishes that were multiplied there.

The Lord told the Disciples to pass them to the crowd. You must always be humble and never be proud: For in giving service you are doing His will.

He gave them service when He said "Peace, be still."

If you win His favor you must try each day. To do something in His name and do it His way.

For if you neglect it you will surely fail. And miss your own joy which might cause a wall.

Be vigilant in God's service that is His command. Don't be a slacker, but join the King's band.

And when life is over and you've tried to do your best. There'll be no need for worry for He will do the rest.

Marmain Dancers, Administration Building, Teachers College.

The old auditorium, in the Administration Building, instead of the new, will be the place in which the Marmain dancers will give their program of drama-dances at East

Carolina Teachers College, this evening at 8:30.

This change was made because of the fact that there is as yet not adequate stage equipment in the new auditorium, in the campus building, so the requirements for drop curtains and lighting effects could not be satisfactorily met.

Electric fans in the old auditorium keep the air cooled and everything possible will be done to make the people comfortable. There are a number of good seats available for the public and chairs are being placed in desirable places.

The plays by the Coffey-Miller Players the first of next week will be in the same auditorium, on Monday evening, "A Marriage of Convenience," and on Tuesday evening "She Stoops to Conquer."

The Marmain drama-dances are so lovely and give such fine interpretations that those who have seen them say it is impossible to give any idea of them, one has to see them to realize just how wonderful they are. The three acts—the drama, the dance, and music—are so beautifully blended that the lovers of each art get the message from each, and the combination of the three arts gives indescribable thrills. They give not only lovely things, but humorous and striking interpretations.

Tickets for the evening and season tickets will both be on sale at the door.

Gordon HOSEYRY

To accentuate the lovely, contour-revealing shadows which he saw in a perfect ankle, an artist designed the famous Gordon V-Line stocking.

And out of his distress at the unnecessary and clumsy width of the old-fashioned square heel arose that other priceless Gordon discovery, the clever little Narrow Heel.

Gordon colors for summer include several designed for the season's newest printed silks. "Matin" for prints with background of brilliant color, or for street prints on black or navy grounds. "Honey-Beige" for the beige background, and "Daphne" or "Casino" for the pastel printed chiffons.

FAIR

The setting of the dates for this year's Pitt County Fair brings us to the realization that the fall season is just around the corner and it is time for us to begin making our plans for the fair. In this agricultural section of the country, a county fair is just so good as the farmers of the county make it and it is to be hoped that every farmer in Pitt county will resolve now to make this year's fair the greatest ever held in this section. During the growing season every farmer should pick out some particular product of his farm, give it especial care and attention to make it the best possible and then preserve this product for exhibition at the coming fair. With this kind of co-operation the fair can be made a great success. Make up your mind now that you are going to have something worthwhile to show your neighbors when they visit the fair this fall. It is your fair. Help make it what it should be.

A FITTING MEMORIAL

Congratulations to the local Woman's Auxiliary of the American Legion for its suggestion and the State Highway Commission for its action in designating the new bridge over Tar River here as a memorial to Pitt County's veterans of the World War. The designating of highway bridges to the heroes of the great World War is indeed a fitting memorial and it would be well for similar action to be taken throughout the nation.

During the World War civilization stood on the brink of the cavern of obliteration and in this crisis the American soldier formed the connecting link by which the world was freed from the yoke of militarism and civilization saved. Much has happened during the ten years that have elapsed since the end of the great war but one of our country's great achievements has been the construction of a system of highways bringing the entire nation closer together. As the American soldier formed the necessary connecting link between the old and the new civilization so do these bridges today form the connecting link between the various sections of our nation and bring our people

closer together. Viewed in this light it is fitting that the bridges should be memorials to these World War heroes.

ABOUT
TOWN

"Greenville extends a cordial welcome to Bill Strother, former citizen, who went to other parts of the country and won distinction as an intrepid building climber and stunt flier," said an old resident today who has known Bill since the time when he used to stand behind the counters at Frank Wilson's store and dictate the sartorial styles for young men of the community. "Bill came back to Greenville several years ago and dazed the populace with his daring feats of building climbing. He returned at a still later date with an aeroplane and the things he did suspended from the wing of the machine caused thousands to watch him in open-mouthed wonderment.

"When Bill came back this time he still had something with which to play upon our imaginations. This something is nothing more than a large dog of proportions never before seen in this section. The animal weighs 195 pounds, is snow white, and reminds of the polar bear, although not from the standpoint of ferocity.

"One of the metropolitan papers carried a picture of Bill and his dog some time ago. Lots of local people saw it and commented on the colorful career of this Stantonburg boy who went out into the wide world and won a name for himself. "Wherever he may go in the future, people in this part of the country will follow Bill Strother with more than ordinary interest, not simply because he used to live here, but because he is one of the type of young men who has climbed the shining ladder of fame without it affecting his egotism."

"We wouldn't take anything in the world for the licking administered to the Wilmington Pirates Wednesday," declared one of the loyal followers of Deacon Jolliff's organization today.

"Buck Finlator knew what he was about when he stepped up to the plate and nailed the old apple for the entire circuit.

"That's what it takes to make a winning ball club—plenty of well-timed hits. Finlator has distinguished himself several times this season by slamming the ball over the fence at crucial periods of the game.

"With this kind of batting, what is more natural than to expect the Tobaccoist will soon find themselves out of the cellar, climbing steadily toward the coveted, top place now held by Goldsboro."

"Hot—gee whillikins—hotter weather I ever saw in my life," complained an abnormally fat man as he waddled up Main street this morning, perspiring so profusely that he reminded one of an overflow well.

"This is just June—we have some hotter weather yet to come," consoled a man walking at the side of the gentleman whose avoidipolis was his most distinguished feature. "Maybe so, buddy—maybe so—but this one will not be here to enjoy it. Another day like this and I'll join that army crossing the river Styx to the land of forget-me-not."

The Democratic convention will open at Houston, Texas, next week. Have you prepared for it by subscribing to the Reflector? Our full Associated Press leased wire, running continuously for nine hours a day, will keep you reliably informed upon every phase of the proceedings.

A staff of trained political writers will represent this great news-gathering organization at Houston, and nothing of any note will escape their attention.

Get in line with the well informed people of the community and prepare yourself to enjoy one of the greatest political gatherings the Democratic party has had in many years.

"That Children's baseball fund has not been raised yet," complained a lad, loitering along Evans street this morning, talking to an animated youth at his side.

"Reckon they will be able to raise it?" Inquired the other. "Yep—they might after a while, but we ought to be going to the games now. The season will be half over next month and we haven't seen but just a few of the games."

"My dad said he just couldn't raise enough money for me to see as many games as I would like to see," the other said. "Same way around my house. Dad says if I get three square meals a day I ought to be satisfied. "There's lots in that, but a fellow hates to see all of this good baseball around here and not be able to attend.

"Well, maybe things will work out all right. Who knows but somebody may contribute the rest of the fund tonight, and by tomorrow we may be attending the games free of charge."

"Mr. Consumer, don't forget to do your shopping in Greenville. Merchants here have the very best in every line and will be able to supply you at prices just as cheap as you can buy it anywhere in the world.

This town is becoming the real shopping center of Eastern Carolina. The merchants as a consequence

Market Report

Cotton--Stocks--Grain

COTTON MARKET.

New York, June 22.—(AP)—Continued nervousness over the coming crop, outlook was reflected in further advances in the cotton market today. Realizing attracted by the advance to the 21 1-2 cent level for October was readily absorbed and prices made new high ground for the movement on the forecast for further showers over the greater part of the south. October advanced to 21.57. The mid-afternoon market held steady within 5 or 6 points of the best of about 18 to 21 points net higher.

Realizing became more active and caused reactions in the last half hour, but the market closed steady at net advances of 6 to 7 points.

CHICAGO GRAIN

Chicago, June 22.—(AP)—Big export business, estimated at 2,000,000 bushels, together with unfavorable harvest weather and black rust developments, had a bullish effect on wheat values today. Houses with eastern connections were sellers on the bulge, though, and the market flattened out, owing also to prospects of clearer skies southwest. Some corn export business by way of the Gulf of Mexico was in evidence.

Wheat closed easy 1-4 to 3-4 net lower; corn unchanged to 3-8 to 1-2 off; oats varying from 1-8 decline to 1-2 advance; and provisions 2 down to 2 up.

STOCK MARKET.

New York, June 22.—(AP)—De-sultory trading characterized today's stock market, one of the duller full sessions of the year. Prices started forward at the opening, slipped back before mid-day and then started upward again in the early afternoon, repeating the performance of the last few days.

Except for the decrease in federal reserve brokers' loans, which was somewhat smaller than generally expected, there was practically nothing in the over-night news to influence the price movement. Money rates continued firm. Further exports of gold to Italy and France this week-end and the heavy demand for funds in connection with mid-year settlements preclude any possibility of easy rates before the early part of next month. Weekly dividend reviews continued to report irregularity in business, although full prospects are somewhat brighter.

Radio was again an erratic performer, climbing nearly 5 points to 174 3-8, dipping to 171 1-2, and then rebounding to 176 1-4, or nearly 25 points above the week's low, a jump of 3 1-2 points in Pierce-Arrow preferred was based on that company with Studebaker. Willys-Overland common fell back more than 2 points on the traditional "selling on the good news" following the dividend announcement. General Motors also encountered selling resistance, despite unofficial predictions of a substantial dividend distribution at the August meeting.

Concurrent strength of Pittsburgh & West Virginia and Western Maryland, which advanced 5 and 3 points respectively, was based on the recent decision of the interstate commerce commission granting the former permission to build a new line to connect with the latter near Tunnelville, Pa. Pittsburgh Coal and Pittsburgh Terminal Coal also recorded substantial gains.

Coppers, after a period of sluggishness, moved forward under the leadership of Greene Cananea and Palmetto and Arizona. Food, mail order and chain store shares also developed several points of strength, but the airplane, tobacco and express issues ran into further selling.

Buy today in Highland Pines, Greenville's shady subdivision; three blocks from the college. Large lots. Easy terms. H. A. White & Sons, Realtors. General Insurance, 403 Evans St. Phone 49.

NEWARK OUTFIELDER TO JOIN RALEIGH CAPS

Raleigh, June 21.—(AP)—Al Malone, outfielder secured from Newark, N. J., Internationals, was expected to report to the Raleigh Caps today, probably in time for the game with Salisbury.

Earl Mattingly, former Richmond Virginia, leaguer, was slated to oppose the Caps.

FORM STRAUS BANK AT CHICAGO TODAY

Chicago, June 21.—(AP)—Officials of S. W. Straus and Company today announced the formation of the Straus National Bank and Trust Company of Chicago. S. W. Straus will be president.

The new bank will have \$1,000,000 capital stock, \$250,000 surplus and \$50,000 as a special reserve for contingencies.

CALDWELL LEGISLATOR PULLED FOR SPEEDING

Raleigh, June 21.—(AP)—Mark Squires, veteran legislator from Caldwell county, and a leader in the Great Smokies Mountain National Park movement, today was out of \$655, representing court costs for speeding in Raleigh.

The Raleigh police desk sergeant docketed Mr. Squires as a salesman, explaining that "he was in such a hurry I didn't get his occupation and he looked like a salesman."

"Sure, I'm a salesman," the caught speedster replied. "I sell propaganda and parks and hot air. Want to buy any?"

Prize Winning Letter

Below the letter written by Mrs. J. P. Moss on "Why I send my Clothes to the Eureka Laundry."

Their services NOW are even more gratifying than heretofore. They have a competent manager, a sufficient force, an adequate building, well lighted and ventilated, and equipped with modern fixtures.

Our clothes wear longer, they are splashed through nine waters in an individual tub—the cuffs and collars of shirts and other pieces soiled in excess are not scrubbed out on a board. The worn sheets are not split, nor buttons broken, by wringing—they are put into an extractor and whirled 1300 revolutions per minute until 80 per cent dry, then finished in the drying room. They have a unique checking system which prevents any article from being misplaced. I have lost only a few handkerchiefs and one sock during my experience with them.

For more than four years I have dismissed from my mind that ill dreaded wash-day, and put the drudge on the Eureka Laundry and its predecessors. No more aching back and rough chapped hands. It protects the health of the entire family, because they use a liquid bleach to 'whiten them up' and assure sterilization.

My husband's income is limited, the only way I can help him is through economy. I could get my washing done on the lot for \$1.00 per week, and furnish everything. Better still—the laundry does it. Thrift style, at an average of \$1.00 per week, and I do not furnish anything.

It allows me more time for sewing, caring for our four children (two babies and two in school), and so many other things around the home.

Hence—WHY THE EUREKA LAUNDRY DOES MY WASHING:

It saves—CLOTHES—HEALTH—MONEY, and TIME

Mrs. J. P. Moss.

SEARCHES FOR MISSING WIFE

J. M. Schilling Asks Assistance of Asheville Authorities in Search.

Asheville, June 22.—(AP)—J. M. Schilling, of Meridian, Miss., has started an intensive search, enlisting the aid of Asheville authorities, for his young wife, Mrs. Esther Honeycutt Schilling, who has been missing from this city since May 21.

Mrs. Schilling had come to Asheville early this year from Mars Hill on account of her health, and wrote her husband in May she probably would go to visit some of his relatives in Tennessee, or some friends to hers in Memphis. Mr. Schilling said she told him she would let him hear from her after she got settled in her new place.

After waiting several weeks, and after hearing from relatives that she had not come to see them, Mr. Schilling became alarmed. There was no domestic difficulty, he said, and he had been supplying her with funds while she was in Asheville. In her last letters to him she appeared despondent over her ill health, he declared.

He described her as five feet in height, weighing 100 pounds, with auburn hair.

Illinois Man May Head Optimists

Asheville, June 22.—(AP)—Harrington Wood, Springfield, Ill., was nominated for international president of Optimist International here this morning. The election will be held Saturday.

Four men were nominated for vice presidents: Walter Gray, Indianapolis; Paul Gibbons, Philadelphia; Warren Boyd, Los Angeles; and Asbury Endicott, Tulsa.

Oklahoma City, Madison, Wis., Lincoln, Neb., Los Angeles, and St. Louis are being considered for the 1919 convention.

An address by former Gov. Alf A. Taylor of Tennessee this afternoon, a grand ball tonight, and the final business session tomorrow, will complete the convention's program.

TAKES 50 CALOMEL TABLETS AND IS STILL LIVING

Raleigh, June 22.—(AP)—The four-year-old son of Mr. and Mrs. John M. Henderson, Raleigh, today was critically ill from the effect of 50 calomel tablets he had consumed in a home-made milkshake while his parents were absent.

Physicians said the child had a good chance of recovering.

Strong For Hoover

Charles Henry, father-in-law of Herbert Hoover, says he always had faith in Lou Henry's husband and believes he will "make good in his job of running for president."

Takes Stand In His Own Defense On Murder Charge

Greensboro, N. C., June 22.—(AP)—Hughes Latham, 33, on trial for his life for the shooting of Wade Brown, negro, on May 1, took the stand again in his own defense this morning.

His plea was self-defense and temporary mental derangement, superinduced by extreme fear for his safety. Prior to the introduction of testimony defense attorneys cited decisions showing that it was inconsistent to plea both self defense and temporary insanity.

It is not necessary to specify the particular form of mental derangement, defense attorneys declared, but the question was the effect of this derangement. Judge A. M. Stack, presiding, ruled that in the defendant's testimony yesterday afternoon, with the jury excluded, did not constitute self-defense, but that if any testimony tending to show self-defense was presented he would let it go to the jury.

When Latham took the stand questions of defense counsel as to his mental condition since childhood were objected to and were ruled out. Judge Stack requested the defense to get to the day of the killing, but previous state of mind would only be corroborative if it was shown his reason was temporarily dethroned on the day of the killing.

Money for the defense of the young chain store manager was subscribed by Greensboro people.

Negro Assailant Gets Pardon But Is Again Jailed

Columbia, S. C., June 22.—(AP)—Sentenced to thirty years imprisonment for an assault upon a white woman and pardoned after nearly thirteen years upon the sworn statement of the woman herself that he was innocent, Ben Bess, a negro, was back behind the bars today while state officials considered what could be done about a pardon issued under a misapprehension.

Taking the woman's affidavit in good faith, Governor John C. Richland said he felt he could not have acted otherwise, but now, she declares in a second affidavit that she never intended to say Bess was not guilty. She cannot read or write, beyond signing her name, and says that in the original instrument she intended merely to convey her forgiveness to Bess and thought that was what the document said when she signed it.

The second affidavit was presented in the course of a grand jury investigation ordered by Gov. Richland. The jury reported yesterday that there was "nothing in the evidence" to support the contention made in the negro's appeal for clemency that he had been wrongfully imprisoned.

The county authorities have referred the case back to the Governor and the Attorney General of the state asking advice as to what should now be taken. The pardon, which was issued two months ago, is held to be irrevocable, and it is contended that to bring Bess to trial again would constitute "double jeopardy."

Meanwhile, Bess was confined at the state penitentiary today, for fear of mob violence after the report of the grand jury.

A warrant charging that he attacked a fellow prisoner has been issued against him, and this with other charges of misconduct while in prison, the county authorities believe, will be sufficient to keep him in custody until all aspects of the case have been subjected to a searching inquiry.

We call for your car and deliver same when washed. Blue Bird Filling Station, Phone 107.

B. F. McLemore, white, drunk and driving, \$5.00 and cost.
B. F. McLemore, white, possessing pistol without permit; paid cost and forfeited pistol.

Mary Pickford Cuts Her Hair

Chicago, June 22.—(AP)—Mary Pickford had a big story for the papers today. Reporters swarmed to hear.

"I've cut my hair!" she exclaimed, and the multitude gasped. "But I haven't," observed her husband as he stepped from the train, homeward bound from Europe, displaying the well known Fairbanks grin.

"But what of the curls?" breathlessly demanded the throng, almost ignoring the athletic movie star. "Oh, I still have them," Miss Pickford replied. "They're all wrapped up ready to be pinned on if I ever need them. They were such a nuisance, you know, hanging down below my waist. So many women in New York were wearing long hair, but I can't see why any woman would want it long."

"It was a shock to Doug, of course, he almost wept when he saw it cut short. It's down to here"—just around the shoulder. "I had to have it done because I'm not going to be a little girl any more. No slims or curls in my next picture. I've always been a girl's girl, and now I'm going after the boys."

Mr. and Mrs. Fairbanks will entertain for Hollywood tonight over the Santa Fe.

START SEARCH FOR AMUNDSEN IN NORTHLAND

(Continued from page one) radio that the storage batteries

dropped by Major Maddalena for Nobille's radio had been damaged because one of the parachutes failed to open. He said as soon as he received additional batteries he would be able to give rescue parties detailed instructions as to the best methods of searching for the Italia crew carried away in the balloon of the dirigible.

Nobile suggested that a plane equipped with skis be sent to his party on the ice floes. He thought that there was a good chance that it would be able to pick up the marooned men one at a time and transport them back to Kings Bay.

Pisa, Italy, June 22.—(AP)—Another Italian plane left this morning to join in the Nobile rescue work at Spitzbergen, in which two Italian planes are already engaged.

A Dornier-Wal seaplane piloted by Commandant Ravazzoni hopped off at 5:45 a. m. for Marseilles and a wireless operator completed the crew. Under-Secretary of Aviation Babilo was present to wish the fliers good-speed.

Babe No Longer Political Issue

Secaucus, N. J., June 22.—(AP)—Babe Ruth promises to cease to be a political issue in this town.

Several weeks ago the Yankee swatter was summoned to answer a charge of speeding, but Mayor Kane quashed the charge and thereby incurred the disfavor of hundreds of Secaucus youths who had gathered in hopes of seeing their idol.

The disappointed boys expressed their feelings in a round Robin to the mayor which said, "when we grow up we're going to vote for anybody but you."

Now, however, Mayor Kane has announced that all the boys of the town are to be guests of Ruth at the Yankee stadium on July 9.
