FIVE KILLED BY TORNADO IN TENNESSEE

Millions Of Dollars Damage Is Reported Also From Central Part Of State.

Nashville, Tenn., June 30.—(AP)—As crippled communication was gradually restored through middle Tennessee today following a series of rainstorms and tornadoes, the list of known dead grew to five and property damage definitely mounted into the millions with the total far from being estimated.

Rains had ceased in many sections and fair weather was promised but turbulent streams were still further swollen by the breaking last night of Cookeville's municipal power dam at Burgess Falls on the Felling Water river. An enormous amount of water was released down a narrow gorge toward the Caney Fork river, already above flood stage.

The greatest damage and loss of life from yesterday's storms was concentrated on the eastern edge of the area in the Cumberland mountains where in addition to the Cookeville dam washout, the Collins river was reported to have swept the town of Carlton with a four foot wall of water and to have sent 100 families from their homes.

Four of the storm dead were reported in Putnam county, the Cookeville area where floods did their greatest damage. They were the wife and small daughter of Lee Look, who lost their lives when Martins Creek washed away their homes as they slept, and two small daughters of Solon Busell, Buffalo Valley, who also were drowned. John S. Lewis, Nashville deputy sheriff was electrocuted when he stepped into a puddle of water charged by a fallen high tension wire.

Three women in scattered sections were expected to die of injuries while a score were reported as slightly hurt.

Smith Talks About Future Campaign

Albany, N. Y., June 30.—(AP)—"Constructive statesmanship" will be the watchword of Governor Smith's campaign for the presidency.

"I don't know when the campaign is going to begin or what territory it will cover," the governor said, "but I do know that I will talk to the American people just as I've talked to the people of my own state in past campaigns."

And the way he has talked to New Yorkers, his intimates add, is to tell them what he plans to do if he is elected, to give them in plain language a picture of how he hopes to help them, and not to "run down the other fellow" so that he may seem desirable by comparison.

"What he will do when he starts campaigning," one man close to the governor said, "is just to lay before the people how he thinks he can act so as to make the U. S. A. a little better place to live in. He will figure out what he believes he can accomplish if he is elected and will state his case in his own language for the approval of the voters."

It was learned today that the governor did not actually write any of the planks in the Democratic platform but he did talk to the people who did write them and they were conversant with his principles as stated in public addresses as governor.

Tomorrow the governor will go to New York City and in the next few days he will meet national committeemen for discussion of the campaign.

He will attend the annual Fourth of July meeting at Tammany Hall and address a meeting of new voters from the steps of City Hall on the holiday.

He hopes to be able to take a short vacation before active campaigning.

Entomologist Held On Abortion Charge

Raleigh, June 30.—(AP)—M. H. Davis, assistant state entomologist, under \$2,500 bond for his appearance before magistrate E. L. Tilley July 6, to answer charges in connection with the death of Miss Irma Louise Robertson, former school teacher in Raleigh, who died June 19 in a local hospital as a consequence, it is alleged, of an illegal operation. Davis was arrested on a warrant signed by Mrs. T. W. Bickett, Wake county welfare officer. Coroner L. M. Warren said he expected another arrest in the case.

Arrest Murderer Of Three Fiancées

Marseilles, France, June 30.—(AP)—A trail of drinks from Marseilles to Africa led to the arrest in Algiers yesterday of the alleged Bluebeard of Southern France. He was identified today as Pierre Rey, alias Jerome Prat. He was accused of the murder of three fiancées. For four days Rey fled with the police of France looking for him. He bought drinks for everyone he met. He treated chauffeurs and porters and even a passing policeman to drink with him. Algiers police said Rey admitted that he was the man wanted. He had a check for 12,000 francs (\$480) obtained from one of the three women whose bodies police found buried.

MEXICO WILL GO TO POLLS TOMORROW

General Obregon Is Only Candidate for President; Army Ordered On Duty.

Mexico City, June 30.—(AP)—General Alvaro Obregon will go before the people of Mexico tomorrow as the sole candidate for the presidency. Extraordinary precautions are being taken to preserve order. The Mexican army has been ordered on active duty. Soldiers were in barracks today under arms and ready for immediate action if political disturbances should develop. Squads of soldiers will be stationed at or in the vicinity of voting booths.

Civilians were forbidden to carry pistols. Saloons were closed at six o'clock Thursday night and will not be permitted to reopen until Monday morning. Courts throughout the republic were ordered to remain open on Sunday for the handling of cases arising from the general election. Senators, Congressmen and some state governors and legislators are also to be elected.

General Obregon is at his home at Cajeme, Sonora, where he will be officially informed of the result. He will be sworn into office on December 1, for a term of six years under a recently enacted amendment to the constitution.

General Obregon will inherit from President Calles, thanks to Dwight W. Morrow, American ambassador, a much happier situation than has existed for a long time in the Mexican-United States relation. Morrow and Obregon are apparently friendly. Col. Alexander McNabb, American military attaché, is intimate with Obregon and has been his trusted friend for years, and this will be an additional point of contact between the President and the ambassador.

COURTNEY MAY HOP OFF TODAY

British Flyer Hopes to Continue His Flight to New York By Way of Halifax.

Horta, Island of Fayal, June 30.—(AP)—With repairs almost completed Captain Frank T. Courtney, British trans-Atlantic flier, plans to leave Horta tonight for Halifax providing the weather reports from Newfoundland and Nova Scotia are favorable.

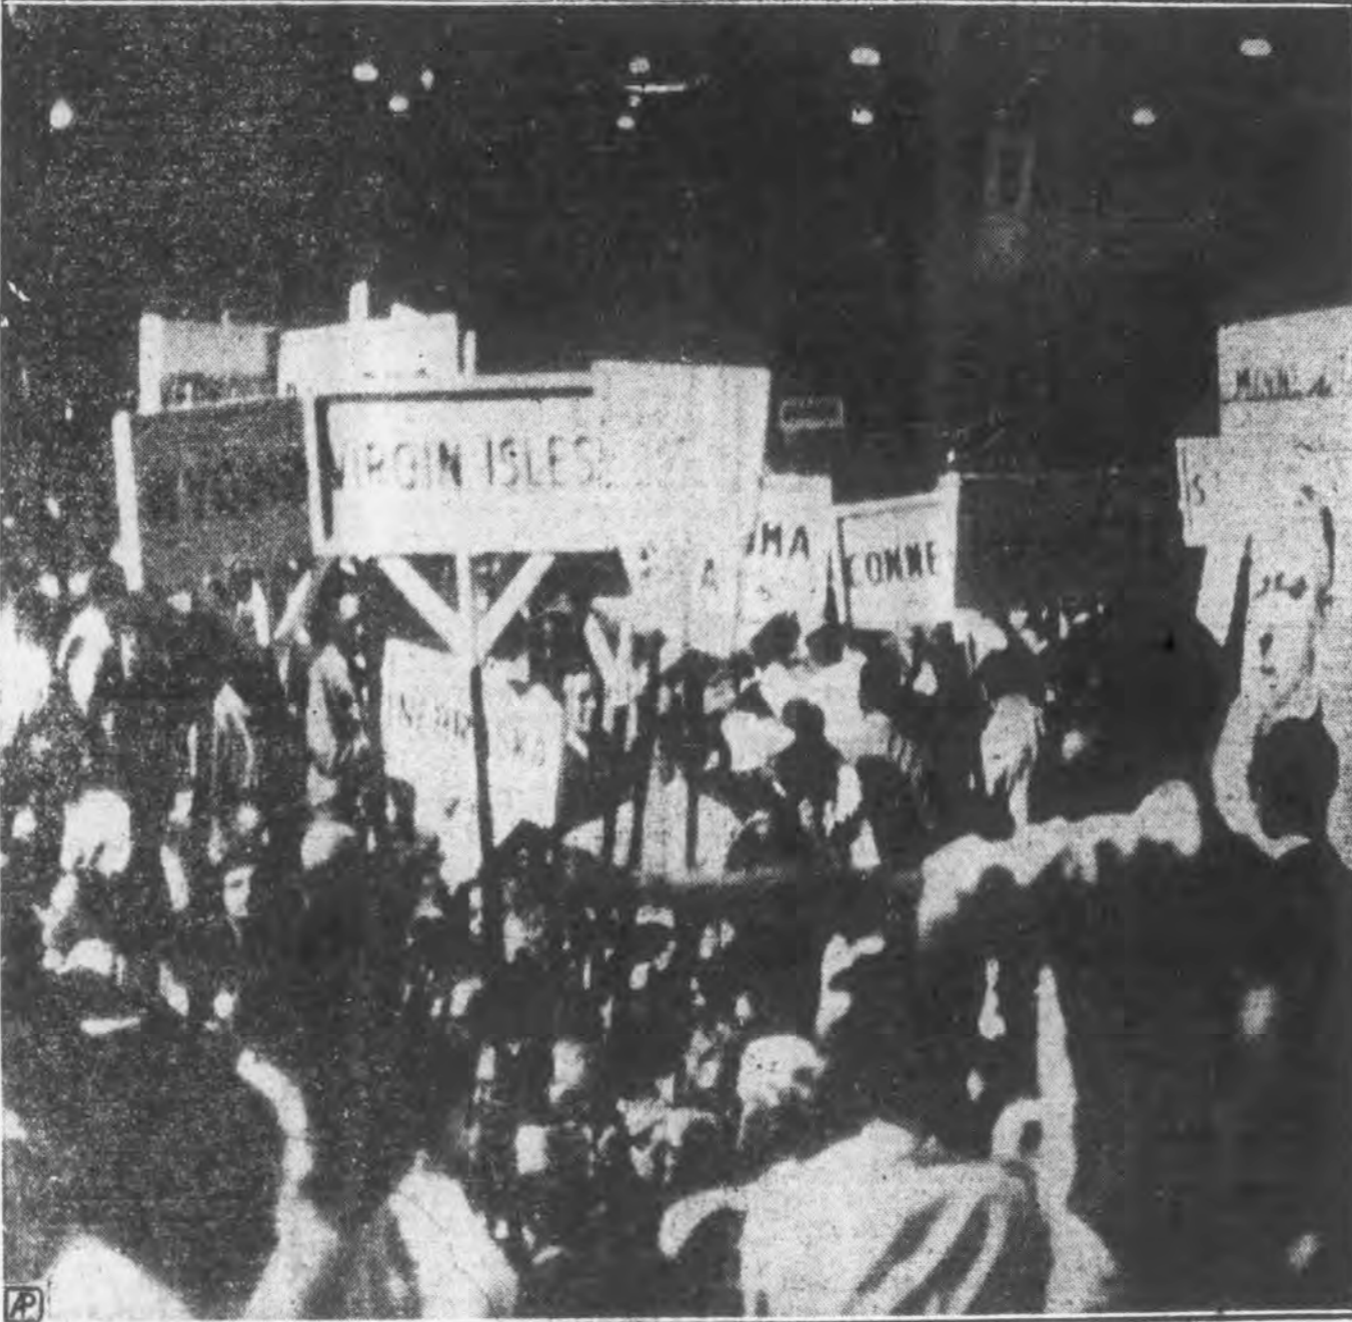

The captain probably will take off from Pico channel.

Horta, Island of Fayal, June 30.—(AP)—Captain Frank T. Courtney, who was delayed yesterday from continuing his flight to New York by a small piece of metal, hoped to take off today for Halifax.

Sergeant Fred Perce, mechanic, was unable to obtain a duplicate of a broken part of the dynamo which furnishes the power for the wireless equipment. He therefore had to fashion the small part out of brass and did not finish the work until it was too late to start on the flight.

The crew had found the wireless so important as a direction finder when flying above clouds that they were unwilling to risk starting on the 2,000-mile hop to Nova Scotia without being sure it was functioning properly.

DEMOCRATIC CONVENTION IN DEMONSTRATION FOR AL SMITH

This Associated Press telephotograph shows the Houston convention in one of the demonstrations for Gov. Al Smith, New York, after he had been placed in nomination for the presidency by Franklin D. Roosevelt. Airplanes and telephoto were used to bring the picture to this Associated Press member newspaper.

NEGRO KILLS A YOUNG MAN AT RICHMOND

Mother and Father of Samuel Grimsley Also Shot By Invader of Home.

Richmond, Va., June 30.—(AP)—Samuel G. Grimmel, 16 year old Richmond youth, is dead; his mother, Mrs. Nellie L. Haskins, probably fatally wounded and Henry G. Grimmel seriously wounded as the result of an attack this morning by a negro who shot him when he opened fire upon the mother when she responded to a knock at the front door. The assailant escaped.

Grimmel told police that the negro approached the home early this morning and knocked at the kitchen door. Mrs. Haskins, who is the housekeeper, responded to receive part of the shot gun's charge in her stomach. Retreating to the dining room, she met her son who came in just in time to be fatally shot through the stomach by the negro who had entered the dining room. Upon the firing of the second shot, Grimmel said Miss Evelyn Haskins, 13 daughter of the housekeeper, rushed in the room from the second floor and retired screaming when she saw the two prostrate bodies and the smoking gun of the attacker.

Grimmel, who has only one leg, then appeared on the top step of the stairway and caught in his side the shot presumably intended for the young girl. Falling to the floor, he said he crawled to his room, got a pistol and came back on his knees to return the fire.

After this shot, the attacker, who was in the hall below, fled apparently unharmed and obtained a horse from the stable and started out to the woods. A short time later he was reported to have reached the state highway, traveling in the direction of this city.

Police of Richmond and Henrico county, armed with riot guns, and aided by bloodhounds are searching for the assailant, identified as Sylvester Medley, 19, of this city. He is described as being very black, five feet 8 inches tall and weighing about 140 pounds. He had been employed on the place.

COURT ORDERS MARATHON TO STOP

New York, June 30.—(AP)—Supreme Court Justice Valentine today issued an order calling for cessation at midnight of the "dance marathon" now in its 20th day at Madison Square Garden.

Irreconcilable "Drys" Plan To Organize To Defeat Gov. Al Smith

Washington, June 30.—(AP)—As weary Democrats journeyed homeward from the national convention today they were confronted with an appeal to the irreconcilable "dry" element of the party to "organize at once" for the defeat of the party's Presidential candidate at Asheville, North Carolina, on July 11, to take steps to insure "the election of dry Democratic senatorial, congressional and state nominees for public offices and for the defeat of the wet, Tammany candidate for President, Governor Smith."

They expressed gratification that a specific enforcement plank had been adopted, but declared that the "dry" hope of preserving the ideals of and the unity of southern Democracy" was in the action which they proposed.

Meanwhile, Josephus Daniels, an ardent dry, who served as secretary of the Navy under President Wilson, issued a statement criticizing Governor Smith for the message which he sent to the convention before its adjournment yesterday, in which he reiterated his stand for fundamental changes in the legislative provisions of the prohibition law.

Daniels declared the governor's statement "unnecessary and ill-timed." He asserted that it felt like "an apple of discord" upon a convention in which "good feeling and unity prevailed."

"Time was needed for healing wounds," he said, "instead, before the disappointment of those who doctored the wisdom of his nomination could be lessened, the Smith letter irritated the situation." Daniels was a member of the platform committee and urged the acceptance of a dry plank.

Senator Walsh of Montana, a dry himself, and at one time an opponent of Governor Smith for the nomination expressed approval of the convention's choice, terming Governor Smith "the most striking character that has appeared on the political stage since Roosevelt." Walsh's candidacy had the backing of William Gibbs McAdoo, Smith's implacable foe at the New York convention four years ago. McAdoo, who withdrew from the political arena last fall, would make no comment on the nomination, at his home in Santa Barbara, Cal.

FLOATING ICE ADDS TO PERIL OF SURVIVORS

Kings Bay, Spitzbergen, June 30.—(AP)—Ice conditions about the encampment of the survivors of the Italia were getting worse today and adding to their peril. Fog prevented aid from approaching them but hopes were held better conditions would soon prevail as the weather was improving.

The wind and currents drove the marooned men nine miles to the east and today they were nearly nine miles north of Grand Island and east of Cape Leigh Smith.

A small Swedish flying boat set out from Hvalopen Strait in an attempt to reach the castaways but was driven back by fog. The ice breaker Braganza with two Norwegian fliers aboard, was still blocked by the ice at North Cape.

Oso, Norway, June 30.—(AP)—Reports of a plane being sighted near Bear Island were being investigated today in the hope that they might lead to the discovery of Roald Amundsen and the five men missing with him in a French seaplane.

Fishermen returning to Harstad from Bear Island said they had seen a plane on June 18—the day the Amundsen party started to Spitzbergen from Tromsø. They asserted it was flying very low and was about 24 miles northwest of Bear Island.

It was thought possible that the men might have seen the Italian seaplane piloted by Major Maddalena who was flying along that route on the 18th.

REVENUE COLLECTION RECORD BROKEN

Raleigh, June 30.—(AP)—All records for collection of internal revenue in North Carolina were broken during the fiscal year ended today, it was announced this afternoon by Collector Gilliam Grissom. Total collections for the year were \$225,320,122, as compared with \$205,651,675 for 1927, and \$192,403,633 for 1926. Mr. Grissom said: "June was a 'million-dollar-a-day month,'" said Mr. Grissom in explaining that tobacco stamp sales and collection of other federal taxes were more than one million dollars each June business day.

Woman Leads Way For Score Planes National Air Race

Detroit, June 30.—(AP)—Taking off into a cloudless sky, a woman pilot, Mrs. Phoebe Fairgrave Omlie, of Memphis, Tenn., led the way for more than a score of airplanes participating in the national air tour that began at the Ford airport this morning. Flying a monoplane, the "Fiver" plane of the fleet, Mrs. Omlie left the ground at a signal from Edsel B. Ford at 10:15 a. m. The others were sent off at one minute intervals on the journey that is to cover some 6,000 miles through the southwest, along the west coast and back along the northern border of the United States.

PRES. COOLIDGE SANGUINE OVER ANTI-WAR PACT

President Optimistic Concerning Negotiations With 14 Foreign Powers.

Superior, Wis., June 30.—(AP)—President Coolidge feels optimistic enough about the anti-war negotiations now pending between the United States and 14 foreign powers to believe that a draft treaty to this effect will be ready for senate ratification next December.

Mr. Coolidge has not had opportunity for detailed consultation with Secretary of State Kellogg as to the reception afforded to the latter's late note on this question by the other powers. Nevertheless he believes that progress so far has been sufficiently promising to assure conclusion of a pact this summer.

In his last note yesterday Kellogg proposed a definite draft treaty whereby the signatory nations would denounce war as an instrument of national policy and would obligate themselves never to seek the solution of future international complications except by peaceful means.

President Coolidge is awaiting the actual resignation from the cabinet of Secretaries Hoover and Work before deciding upon their successors. Although he understands these resignations will be offered at an early date he has as yet no definite information as to when the portfolios will be actually returned to him.

In the case of Secretary Hoover especially, Mr. Coolidge is very short of definite information. He supposes, however, that the Republican nominee will either stop off at Superior on his way to his home in Palo Alto early next month, or will do so on his return from California. It is supposed here that Secretary Work will hand in his resignation next Monday when he will arrive here.

MANY NATIONS TO TAKE PART BALLOON RACE

Gordon Bennett International Classic to Get Under Way at Detroit Today.

Detroit, June 30.—(AP)—Premier balloonists of seven nations lined up today for the start of the Gordon Bennett international race. The lighter than aircraft classic which has drawn 12 entries this year, was to get under way at the Ford airport at 4 p. m., shortly after the start of the national airplane tour. Three of the balloons, all of which are 80,000 cubic feet gas capacity, represent the United States, three German and two France, Denmark, Switzerland, Argentina and Belgium have one entry each.

Ferdinand Fimmermacher, pilot of the German balloon "Munster," drew number one position for the start. A. C. Palmer, pilot of the balloon "American Business Club," of Akron, Ohio, will be the second off. The remaining ten bags were to start at five minute intervals in the order named:

Detroit (U. S.); Lafayette (France); Barmen (Germany); Brandenburg (Germany); Denmark; (Denmark); Helvita (Switzerland); United States Army (U. S.); Argentina (Argentina); Wal-Onis; Belgium; Blanchard (France). The balloon traveling the greatest distance from Detroit in any direction will be awarded the race.

GOV. McLEAN TO SUPPORT NEW YORKER

Senator Overman Also Promises Active Support to Presidential Candidate.

Raleigh, June 30.—(AP)—Governor Alfred E. Smith today was assured of the active support of North Carolina's governor and one of the state's two senators in his campaign as the Democratic nominee for the Presidency. Senator Lee S. Overman and Governor McLean telegraphed the nominee congratulations as soon as the Houston convention had ended. Senator Simmons who was regarded as the principal southern leader in the fight to block the New Yorker's nomination remained silent, according to dispatches from Washington but John A. Livingston, correspondent of the Raleigh News and Observer in the national capital, indicated that the senator from this state had no intention of botting the party.

Josephus Daniels, who was one of the most active dry leaders in the convention, pronounced Governor Smith's reiteration of his belief that the prohibition laws should be changed, as expressed in his telegram of acceptance, "ill-timed," and declared the statement would not defeat Smith.

In an earlier statement, he had asserted "there is no more danger of repeal of prohibition than there is of the repeal of the amendment against slavery."

"No matter what personal views he may have," this statement added, "Governor Smith is pledged, and I have never known him to violate a pledge, to the support of law enforcement, specifically to the eighteenth amendment."

North Carolina soil, however, has been selected as the field for a gathering of dry southern Democrats who have been called to meet at Asheville July 11, to organize a drive for the election of dry Democrats, senatorial, congressional, and state nominees, and for the defeat of the wet Tammany candidate for President, Governor, Smith. A Houston dispatch telling of the call said it was issued on their own responsibility by Arthur J. Balfin, Atlanta, chairman of the board of temperance of the Baptist convention, and Bishop James Cannon, of Richmond, of the Southern Methodist Church.

Governor McLean had no comment to make except to give publicity to his congratulatory telegram sent from Morehead City. It read: "I extend to you as the nominee of our party for the Presidency my congratulations and best wishes for your triumphant election. Please be assured of my active and loyal support throughout the campaign."

Among expressions of state officials were:

Among expressions of state officials were: Dan C. Boney, insurance commissioner—adds or no odds, he's going to get elected. If we can't win with Smith, we had better quit for we can't win with anybody."

W. T. Lee, chairman of the state corporation commission—"North Carolina will turn out the biggest Democratic vote you ever saw; this fall. More young men and young men than have ever voted before are going to turn out for Smith. Of course there'll be a lot of old moss backs who won't vote for him but everywhere you go, in the towns and in the country, you'll find the young people for him."

Tourists Still Leading Peaches In S. Atlantic

(By The Associated Press). Saturday afternoon double headers an institution in the South Atlantic Association, are affording an opportunity to Macon and Asheville for some action toward settling their first place argument today.

The latest standings show the Tourist half a game ahead of the Peaches, yesterday's 5 to 3 victory for Macon over Knoxville, while Columbia and Asheville were rained out, cutting the margin down to this proportion.

Each team made five hits but Wilbur Good's men used their to a better advantage. Tillie Walker's 20th homer of the season was just one of Greenville's 18 singles, used in smothering Charlotte under a 16 to 4 count. The Spinners jumped into an early lead scoring five times in the first inning, and kept up a peppering of hits throughout.

Twelve Augusta safeties were wasted and the Tigers lost to Spartanburgh, 5 to 1, four errors helping the Spartans to a great extent. The Kellys used four double plays in keeping the Georgians down.

DANGEROUS

Complaints are growing about the reckless use of small firearms in our city, presumably by some of the boys, and it is time that parents and officials were giving the matter some careful consideration and attention and putting a stop to it before someone suffers personal injury as a result. On several occasions recently certain of the neighborhood have been annoyed by broken windows and the like, and only two days ago a man and his little girl were taking an afternoon nap when a small bullet tore through the screen and curtains of the bedroom, struck the opposite wall and bounded to the floor. Picking up the bullet the father found it to be that of a .22 caliber rifle, but a search of adjoining back yards and streets failed to reveal the one who fired the shot. Since that time numerous reports, apparently of small firearms, have been heard in the neighborhood, but so far the source of the same is unknown. Firearms in the hands of a child are always dangerous and unless parents take the matter in hand the officers should.

WHY THE INTERFERENCE?

We believe in an officer doing his duty and making an honest effort to preserve peace and order in our community, but when we lose our sleep to get out an Extra on a big news happening and call our carrier boys from their slumbers to get the news to our readers as quickly as possible, we can't say we approve the action of certain members of the police force in overtaking the carriers on their routes with instructions that if they must deliver the papers it must be as quietly as possible and without any cry of "EXTRA!"

Not until yesterday when our boys made their report at the office did we know that two of them were halted by officers and warned against calling out their extra on the streets late the night before. While we were at work getting out our extra immediately after the nomination of Smith Thursday night, the police force paid us a visit and jokingly we asked one of them how about delivering papers on his beat. His reply was that he would not and he hated to see such news as Smith's nomination delivered to the public by anybody.

When we were informed yesterday that this same officer was one of the two in the automobile that overtook the carriers after they left the office and instructed them to be quiet, we wondered if it was in pursuit of what he thought was his duty, or if it was his own personal prejudice against the news that the extra conveyed, that prompted the officer to insist that the boys deliver the paper without letting the citizens know anything about it.

ABOUT TOWN

"Well, the Houston convention is over and I'm glad of it," declared a man who has spent considerable time in the Reflector office this week posting himself on practical developments.

"All of us should be able to get down to business now and stay there until November when we have an opportunity of expressing a preference for the standard bearers offered by the two dominant parties."

"The Democratic convention this time was even more hectic than that held in New York four years ago. Punctuated by fist fights and parades of a most colorful nature, the convention assumed the form of a great gala gathering. Yet, underneath all activities there was a vein of seriousness and this resulted in the framing of a platform that contains many constructive phrases.

"It will be quite awhile yet before we have another convention of the kind—four years to be specific—but the public will not soon forget that just closed. It was sufficiently sensational to grip the attention of the public from the beginning and hold it until the final curtain had been rung down."

"Tomorrow is July the first," observed a visitor to this office today, glancing over the calendar to determine exactly how many more days of grace he had before the next bill collectors made their appearance.

"I always like to see the first of the month come. That is when I get my pay check. Of course I can't have much left after all bills have been liquidated, but still I get quite a kick out of taking by little old pay to the bank and depositing same.

"The bankers are courteous, agreeable fellows. They treat me just like I was one of their most affluent patrons and are always ready to do any kind of favor—even extend a little loan every now and then.

"I appreciate this kind of courtesy. It causes me to have faith in people, and inspires me to carry one from day to day, confident the future will bring forth something better than enjoyed in the past.

"After July is over August will come and with its coming people will begin preparation for opening of the tobacco market. This means bigger pay checks for the majority of us. Bankers and business men will begin wearing broad smiles, and the whole section will take on an atmosphere of peace and content.

"Yes, sir, the first of the month is my favorite day of the year and the sooner it comes and makes way for the approach of another, the better I like it."

"Curing of bright leaf tobacco is already under way in some sections of Pitt county and in another week the whole countryside will be perfumed by the odor of tobacco," said a well known planter today, speaking of the development of the tobacco crop in different parts of the county.

"This is one of the busiest seasons of the year for Pitt county people. The farmers will work night and day until the last of the crop has been harvested and cured. Then they will get a short respite from their labors, waiting for the market to open.

"The opening of the markets is always looked forward to with more than general interest. The first question asked hundreds of times on opening days is, 'How are prices?' If the situation is favorable joy is in the hearts of householders.

On the other hand, prices are not normal disappointment may be ready in faces of business men and farmers alike.

"Yet, prices generally change somewhat with advance of the season and the seasons are featured by mixed emotions. Pitt county people have learned to accept these changes philosophically as possible and this has enabled them to bear up under adversities that would have had a crushing effect upon other communities."

"Trade at home and rest assured of seeing every dollar count for one hundred cents every day of the year," is the advice of local merchants to customers who are inclined to trade with business houses in other cities.

"You should be able to find anything you want in Greenville stores. Our merchants visit the great style centers of the nation each season and their purchases are sufficiently extensive to assure even the most fastidious person of something to meet his requirement. 'Don't trade away from home

PLANES TO FLY 6,000-MILE ROUTE IN 1928 AIR RELIABILITY TOUR

Starting at one minute intervals a score of planes today took off from Ford Airport, Detroit, over a 6,000 mile route in the fourth National Air Tour. The map shows the course. Ray Cooper (upper right) is manager. Prominent in arrangements are the group below: W. P. McCracken, assistant secretary of commerce for aeronautics; Eddie Stinson, victor in 1927, and F. J. Haines, president of the Detroit Board of Commerce.

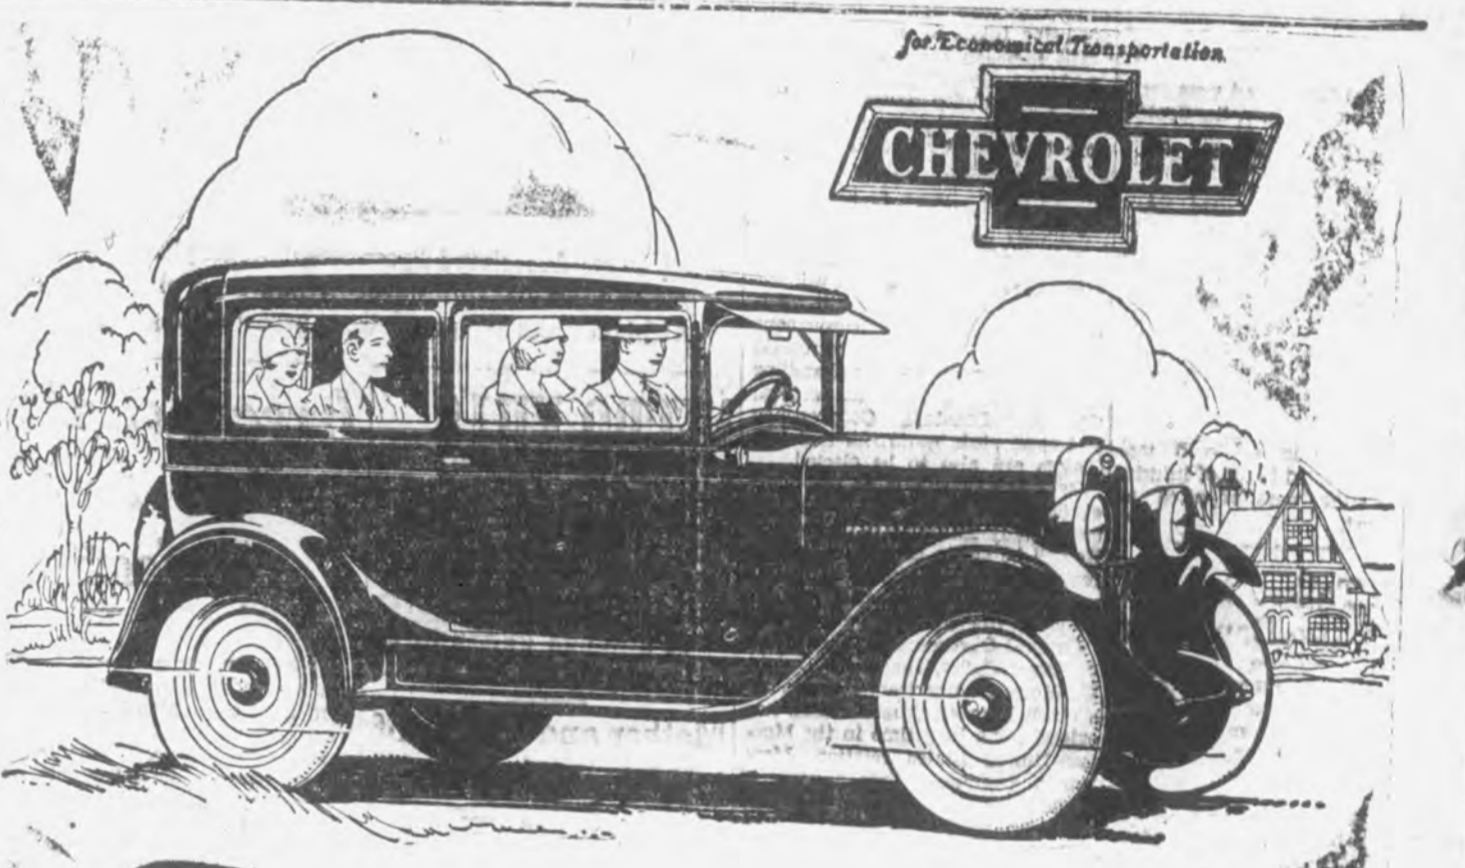

Two London Papers Comment On Smith

London, June 30.—(AP)—Only two morning papers commented today on the nomination of Governor Alfred E. Smith. This was perhaps due to the fact that Herbert C. Hoover was so well known here through his war work that his nomination attracted more editorial notice. The Times said the Democratic party had chosen "a man whose power of attracting and retaining followers is comparable to that of the piper of Hamelin." Nevertheless the paper thought that his task of winning the necessary number of votes in the electoral college would not be easy. The daily chronicle said "whether Hoover or Smith is elected the United States will have a strong executive and ruler. Both men are forceful and have many sided abilities and unblemished records."

WOMEN, MEN—EARN \$35 WEEKLY addressing cards. Home spare time. All year work, experience unnecessary.

LOCALS DROP FIRST GAME TO KINSTON

With both clubs hitting the old apple freely, Kinston won the opening game of the concluding series of the week from Greenville at the fair grounds here yesterday afternoon by the score of 5 to 4.

Kinston scored four runs in the third inning by an effective batting rally. It all came about when Whitten hit for the circuit with two men on bases.

The tobaccoists started a ninth inning rally. With the bases loaded, they were unable to produce the necessary hit to break up the old ball game and come out victorious.

Wilson relieved Allen in the ninth frame after the latter had suffered an injured leg running bases, and retired the Kinston batters with considerable ease.

Allen, pitched effectively for the Stemmers at crucial moments, but was hit freely at other times, the local getting a total of eleven bingles off his delivery.

Ferguson, for Kinston, and Bailey, for the Tobaccoists walked off with batting honors of the day, each getting three safe blows out of four times up.

Kinston and Greenville will complete the series this afternoon. The Tobaccoists open next week with the Pirates at Wilmington.

Score by Innings: Greenville: 004 001 000—5. Summary: Earned runs, Kinston 5; Greenville 1. Runs batted in: Riggan, Whitten, 3; Finlator, Bailey, Walden, Mattox. Two bases hits: Parks, Daniels, Finlator. Home runs: Whitten. Stolen bases: Denton. Sacrifices: Williams, Allen.

TWO SHOT TO DEATH. Walls Walla, Washington, June 29.—(AP)—Cal Heck, believed at one time to have played with the Boston National League baseball team and an unidentified man, were shot to death last night by Lee Faulknor.

Yesterday's Results. EAST CAROLINA LEAGUE. Wilmington 11; Goldsboro 10. Kinston 5; Greenville 4. Fayetteville 12; Rocky Mount 3.

PIEDMONT LEAGUE. Raleigh 2; Winston-Salem 0. High Point 7; Durham 5. Greensboro 7; Salisbury 6.

AMERICAN LEAGUE. Philadelphia 6; New York 4. Cleveland 9; Chicago 8. Others postponed, rain.

NATIONAL LEAGUE. St. Louis 9; Pittsburgh 4. Cincinnati 4; Chicago 2. Boston-New York, rain.

SOUTH ATLANTIC LEAGUE. Charlotte 4; Greenville 16. Knoxville 3; Macon 5. Spartanburg 5; Augusta 1. Columbia-Asheville, rain.

SOUTHERN ASSOCIATION. Mobile 3 2; Atlanta 4-3. New Orleans 2; Birmingham 4. Nashville 2; Little Rock 3. Chattanooga 9; Memphis 13.

Where They Play

EAST CAROLINA LEAGUE. Rocky Mount at Fayetteville, Goldsboro at Wilmington, Kinston at Greenville.

PIEDMONT LEAGUE. Winston-Salem at Raleigh, Durham at High Point, Greensboro at Salisbury.

AMERICAN LEAGUE. New York at Boston, St. Louis at Detroit, Cleveland at Chicago, Washington at Philadelphia.

NATIONAL LEAGUE. Pittsburgh at St. Louis, Chicago at Cincinnati, Boston at New York, Philadelphia at Brooklyn.

SOUTH ATLANTIC LEAGUE. Knoxville at Macon, Spartanburg at Augusta, Columbia at Asheville, Charlotte at Greenville.

SOUTHERN ASSOCIATION. Mobile at Atlanta, Chattanooga at Memphis, New Orleans at Birmingham, Nashville at Little Rock.

HORNSBY HAS SWAT HONORS IN NATIONAL. New York, June 30.—(AP)—Rogers Hornsby, with an average of .399 for 58 games, again is in the vanguard of National League batters.

The other major crown is in possession of the Giant ace, Larry Bennett, who has won twelve games and lost only three (or a percentage of .300).

In addition to sharing the lead in home runs, Bottomley heads the list in runs scored with 62, in doubles with 23, and in triples with nine.

Twins Give Up First Place To Patriot Outfit. The Greensboro Patriots won while the league leading Winston-Salem Twins last yesterday and swapped positions in the Piedmont circuit.

Overcoming a six run lead in the closing stanzas the Patriots nosed out the Salisbury Colonials 7 to 6. Crews and Dubuque, Greensboro hurlers, kept hits well scattered while Smith pitched good ball for the Colonials.

Earl Mattingly blanked the Twins while his mates counted two runs. Mallonree, former Virginia leaguer who reported to the Caps yesterday hit two double and showed well.

The Durham Bulls were shoved deeper into the cellar by the Pointers in a game frequently interrupted by rain. The Pointers chalked up 7 scores to the 5 of the Bulls.

Two irregulars, Carl Mays of Cincinnati and Vic Aldridge of New York, follow the leading pair in the pitching table. Mays has taken four decisions and lost one, while Aldridge, who has not yet hurled enough games to be included in the regulars, has won three and lost one.

Next in line four veteran campaigners are tied, each with eight victories and three defeats for an average of .727. They are old Alex the great, whose comeback as a Red-killed has put the Cardinals on velvet; Jess Hahn, his team-mate; Freddie Fitzsimmons of New York and Watson Clark of Brooklyn.

OLD PITCHING ACES KEEPING CARDS AHEAD

(By Herbert W. Baker) Two age pitching arms—one right and the other left—are doing much to keep the St. Louis Cardinals a long jump ahead of the National League field.

Alex, who recently turned back the Cincinnati Reds three times in eight days, came up to the Philadelphia Nationals in 1911 the same year, oddly enough, the Mitchell was first given a major league try-out with Detroit of the American League.

Yesterday he pitched the Cards to an easy 9 to 4 triumph over the Pittsburgh Pirates at St. Louis. The Corsairs hit Clearance often but not ten hits meant runs.

Calhrey Root might as well make up his mind he can't beat the Cincinnati Reds. They wallop Charley and the Cubs, 4 to 2 and bounced back into fourth place in the standing.

The Athletics retrieving some of the ground they have been losing for a week in the American league race by taking the New York Yankees into camp at Philadelphia 6 to 4.

The only other major league conflict that rain permitted saw Cleveland nose out the White Sox 9 to 8. Three hits and helpful wild throw by Barrett gave the tribe three runs and the game in the ninth George Grant was knocked out of the box in the Sox half of the ninth but received credit for his seventh successive victory.

Twins Give Up First Place To Patriot Outfit. (By The Associated Press) The Greensboro Patriots won while the league leading Winston-Salem Twins last yesterday and swapped positions in the Piedmont circuit.

Overcoming a six run lead in the closing stanzas the Patriots nosed out the Salisbury Colonials 7 to 6. Crews and Dubuque, Greensboro hurlers, kept hits well scattered while Smith pitched good ball for the Colonials.

Earl Mattingly blanked the Twins while his mates counted two runs. Mallonree, former Virginia leaguer who reported to the Caps yesterday hit two double and showed well.

The Durham Bulls were shoved deeper into the cellar by the Pointers in a game frequently interrupted by rain. The Pointers chalked up 7 scores to the 5 of the Bulls.

Next in line four veteran campaigners are tied, each with eight victories and three defeats for an average of .727. They are old Alex the great, whose comeback as a Red-killed has put the Cardinals on velvet; Jess Hahn, his team-mate; Freddie Fitzsimmons of New York and Watson Clark of Brooklyn.

Nervous Headache. Kentuckian Tells How Taking Black-Draught Relieved His Pains and How Well He Feels Now.

Waynesburg, Ky.—How a few doses of Theodor's Black-Draught brought relief to a man who had been suffering from frequent spells of severe headache, is told below in the statement of Mr. Charles F. Todd, of Estesburg, near this place.

Advertisement for Black-Draught for Constipation, Indigestion, Biliousness.

44 Health Winner

Grace George, Fellowship, Fla., captured the title of the state's "healthiest girl." She is entered in a national contest in Chicago in November.

PECK'S BOYS FIELDING IN GREAT STYLE

Chicago, June 30.—(AP)—Peck's "Bad Boys" may establish a new American League record for double and triple play mischances this season if nothing else.

Pivoted about the flash and speed of J. Sewell and Carl Lind, manager Roger Peckinpaugh's Cleveland Indians so far have turned in two triples and 88 double killings and the season is not half over.

Unofficial averages for games including last Wednesday's show the Indians' infield has made 23 double plays in two weeks alone. Last week they made 12 and were but three behind the Cincinnati Reds who seem headed for a National League record.

Pitchers generally had the Indian sign on the leading batsmen of the American League during the eleventh week, unofficial averages disclose: "Goose" Goslin, Washington outfielder, slumped the least and still retained his lead in the hitting race, as he dropped only one percentage point.

Pitchers generally had the Indian sign on the leading batsmen of the American League during the eleventh week, unofficial averages disclose: "Goose" Goslin, Washington outfielder, slumped the least and still retained his lead in the hitting race, as he dropped only one percentage point.

Reeves of Washington, suffered the most, his average declining 23 points and dropping him from sixth to twelfth place. The leaders: Goslin, Washington, .425; Gehrig, New York, .355; Kress, St. Louis, .347; Lazzeri, New York, .343; Dugan, New York, .343; Fothergill, Detroit, .339; Manush, St. Louis, .337; Koenig, New York, .333; Easterling, Detroit, .310; and E. Miller, Philadelphia, .328.

George Grant, rookie right hander who came to Cleveland from the Southern Association, went into the technical leading for pitching honors by turning in two more victories during the week. He became win six and lost none. Alvin Winston-Salem, .403; Crowder, St. Louis, second with seven wins and one loss, while George Pipgras was generally conceded the leader with 13 victories and two defeats.

New York dropped eight points in team batting, but held the lead with a .306 average. Cleveland was second with .291. In team fielding Boston led with an average of .976, while St. Louis was second with two percentage points less.

Other leaders: Runs, New York, 389; fewest opponents' runs, New York, 258; assists, Cleveland, 931; individual runs, Ruth, 71, and stolen bases, Sweeney, Detroit, 10.

Wilmington Takes Bugs Down a Peg. Although the Goldbugs, leaders of the Eastern Carolina League, scored six runs in the last stages of the game, they fell one short and were defeated yesterday by the Wilmington Pirates, 11 to 9.

Newsome relieved Shoaf in the 9th with one out and quickly retired the side. The win strengthened Wilmington's position as leadership contender again.

The Greensies secured more hits, but the Kinston Eagles made theirs count for more and won the game 5 to 4. Pushing over four runs in the third, the Eagles maintained their advantage throughout the game.

Heavy hitting on the part of the Highlanders was responsible in Macon for the win of 12 to 3 over Knoxville. Both MacKay and Spartanburg were called by the Bucs to Greenville to help.

486 stic work but to no avail. Lan-Augusta 29 37 439 ring hurled a tight game for Rocky Charlotte 28 39 418 Mount.
