CITY AFFAIRS THROWN INTO TURMOIL

CHIEF OF POLICE AND FIRE DEPARTMENT HEADS FIRED BY NEW BOARD

Pandemonium Breaks Loose Following Installation of New City Officials Here Last Night.

Charges of cut and dried, premeditated action prompted by personal prejudices and petty politics flew thick and fast at last night's session of the Board of Aldermen, which was the first meeting in which four newly elected aldermen took part.

As a result of last night's action no pool rooms will be licensed in Greenville during the present year and those now in operation have 90 days in which to settle their affairs and close up. Chief of Police Lester Jones is today without uniform and Policeman Jesse L. Whitehead has been promoted to the office of Chief of Police, the city is without a manager of city streets pending definite action at a special meeting to be held Thursday night and the same condition prevails as regards the chief of the fire department. Under action taken last night the Greenville Public Library will be operated by the city at the request of the Woman's Club and an appropriation of \$2,500 was made for this purpose. The matter of acceptance of the swimming pool recently tendered the city by Messrs. J. H. M. K. and P. L. Blount was deferred until the Thursday night session. The matter of a new fire truck for the city was referred to the fire committee of the board and action on same will be taken at a later date. W. H. Bradford, one of the new aldermen, is the Mayor Pro Tem for the year as a result of the election for this office which was the final action of the board before adjournment last night. Many routine matters such as salaries and the employment of help, that usually come up at the first meeting of each fiscal year were given consideration by the board and final action taken.

Shortly after the meeting got under way the matter of electing a Chief of Police was the order of business and Alderman J. K. Brown made a motion that Chief Lester Jones not be hired for another year. The vote was taken and resulted as follows: Against Jones were Aldermen Brown, Bradsher, Griffin, Harvey and Goodson. Those voting to retain Jones as chief were Aldermen Boyd, Waldrop and Smith. The next motion, also by Alderman Brown, was that Policeman J. L. Whitehead be elected Chief of Police and the motion was carried by the same vote.

This action was followed by a motion by Alderman Brown that the resolution of some time ago that gave the mayor full power of hiring firing and instructing the police department be rescinded and that there be appointed a Police Commissioner to have control of the department jointly with the mayor. Mayor Lanier told the board that it was his opinion that there should be only one head for the governing of the police department and that whether it be a Police Commissioner of the mayor there should be but one. Action on the matter failed to make any change in this part of the city government.

The next move was by Alderman Bradsher who placed a motion before the board that the \$50 a month fee for a number of years has been allowed the mayor for office maintenance and stenographic work be cut off. Those voting for the motion were Brown, Bradsher, Griffin and Goodson while opposing the motion were Boyd, Smith, Waldrop and Harvey. There being a tie it fell the mayor's duty to cast the deciding vote and the motion was lost.

When the matter of employing a city manager of streets, building inspector and fire chief, the combined jobs now being held by G. A. Clark, the meeting voted five to three not to re-employ Clark and in the absence of another person to offer for this position the matter was left open until the Thursday night meeting for final action. The vote regarding Clark was as follows: For re-employment of Clark, Aldermen Boyd, Smith, Waldrop. Against re-employment, Brown, Bradsher, Goodson, Harvey, Griffin.

Following this action the name of E. H. Foley, for fire chief was presented by Alderman Brown and he was duly elected. Later in the evening when the matter of salaries

NEW OFFICERS INSTALLED BY LOCAL ROTES

Dr. K. B. Pace Succeeds W. H. Rogers as Head of Rotary Organization.

Dr. K. B. Pace was installed as president of the Greenville Rotary Club at the regular weekly meeting of that organization held at the Rotary home last night. He succeeds W. H. Rogers, Jr., whose administration extended over a period of one year.

Other officers inducted into office were F. C. Harding, vice-president and Dr. C. J. Ellen, secretary-treasurer. Numbers of visitors were present and made interesting talks. They were: Judge W. F. Harding, of Charlotte, brother of P. C. Harding; Judge Tom Pace, of Oklahoma City, brother of Dr. K. B. Pace; Dr. Fred W. Merrifield, of Chicago, instructor of Northwestern University; Charlie Flynn, and Carl Goerch, of Washington.

In accepting the gavel from President Rogers, Dr. Pace thanked the club for the high honors conferred upon him. He said he would endeavor to live up to the responsibilities of the office and perpetuate the high ideals made extant by those who had served before him.

The retiring president expressed appreciation of the hearty spirit of cooperation shown him during his administration. He said it had been a pleasure to serve such a splendid organization and declared that he felt continued progress was in store for them.

Two Killed When Seaplane Plunges In Newport Harbor

Newport, R. I., July 3.—(AP)—Two lieutenant commanders are dead as a result of a plunge by a naval seaplane into the harbor here from a height of 1,000 feet.

Lieutenant Commander Thibault Nelson Alford of the U. S. S. Wright, the pilot, who was strapped to his seat, died almost instantly when the craft struck the water yesterday.

Lieutenant Commander William Butler, Jr., of the Gould Island air station, rescued from the harbor by naval craft, died at the government hospital.

Three Held In Abortion Case

Raleigh, July 3.—(AP)—Two men and a woman today stood charged with aiding or abetting in procuring a criminal operation in connection with the death last month of Miss Irma Louise Robinson, young woman school teacher of Raleigh and Goldsboro.

Coroner L. M. Waring, following his investigation of the case, had Dr. Mike Robinson, of Durham, M. H. Davis, Assistant State Entomologist, and Mrs. E. E. Forsythe, of Raleigh, arrested. Davis and Mrs. Forsythe will be given a hearing on July 6, and Dr. Robinson four days later.

LAST BALLOON OF AIR DERBY HAS REPORTED

German Bag Forced Down In Virginia Sunday Night By A Heavy Storm.

Lynchburg, Va., July 3.—(AP)—Ferdinand Elmermacher, pilot of Munster, Westphalian Germany, and Karl Zech, aided of Herford, Westphalen, in charge of balloon Munster in the James Gordon Bennett 1928 international balloon contest, landed at 11 o'clock Sunday night in the top of a dead tree, high on the eastern slope of the Blue Ridge mountains, eight miles from Flat Island, about twenty miles from this city. This was made known here today. They reached the home of Malcolm Griffin, two miles from the scene of their landing early yesterday afternoon and this forenoon came to Lynchburg. Efforts will be made to recover the balloon tomorrow.

Elmermacher suffered a sprained ankle and painful bruises of an arm and shoulder in a fall as he was descending from the basket. After the balloon hung to a dead tree, Zech made the descent to the ground by ropes but Elmermacher, when he was between 15 and 20 feet from the ground, thinking he was at the ground, dropped in the darkness and injured himself. When they landed at midnight they were in mountainous terrain, two miles from a residence.

Detroit, July 3.—(AP)—The winner of the Gordon Bennett international balloon race was in doubt today owing to the fact that one of the German entries, the Munster, piloted by Ferdinand Elmermacher, had not reported.

The other 11 entries made safe landings in the Virginias and North Carolina. The Blanchard, French balloon, was given first place unofficially among those that have landed, having negotiated a distance of approximately 475 miles airline from the starting point the Blanchard landed near Walnut Cove, N. C., about 15 miles farther than the distance apparently covered by the U. S. W. entry which landed at Kenbridge, Va.

Whether the missing Munster outdistanced these balloons was problematical. It has been unreported since a few hours after the takeoff here Saturday. It was suggested Elmermacher may have been unable to maneuver the balloon through the slow winds prevalent in the lower lakes district and Pennsylvania Saturday and as a result may have been forced to land in some remote section of the latter state. Another suggestion was that the balloon may have ventured too near the Atlantic Coast Line and have been swept to sea.

If the German pilot was successful in keeping to his coasted course the balloon should be somewhere over southern Georgia or Florida today, a prospective winner of the race. Due to the closeness of the finishes of the Blanchard and the army balloon it was decided to await an official calibration before announcing the standing of the 11 balloons that have already reported being down.

Unofficial scoring, listing the balloons with landing places, pilots and approximate mileage negotiated, would indicate the following finishing order:

- 1—The Blanchard (France) Walnut Cove, N. C., Charles Dollfus, pilot, 475 miles.
- 2—The United States (United States), Capt. W. S. Kepner, pilot, Kenbridge, Va., 460 miles.
- 3—Barmen (Germany) Chase City, Va., Hugo Kaulen, Sr., pilot, 440 miles.
- 4—The LaPayetteville (France) Elk Hill, Va., Georges Blanchet, 420 miles.
- 5—The Denmark (Denmark), Franke, Va., Svend A. Rasmussen, pilot, 400 miles.
- 6—The American business club (United States), Stuarts Draft, Va., C. A. Palmer, 390 miles.
- 7—The Argentine (Argentina) Millboro, Va., Eduardo Bradley, pilot, 370 miles.
- 8—The Detroit (United States), Cass, W. Va., William C. Naylor, pilot, 335 miles.
- 9—The Wallonie (Belgium) Beverly, W. Va., Lieut. Thonnard, pilot, 310 miles.
- 10—The Brandenburg (Germany) Davis, W. Va., Capt. Bertram, pilot, 300 miles.
- 11—The Helvetia, Fairmount, W. Va., Lieut. Haag, pilot 270 miles.

COOLIDGE IN HIS SUMMER OFFICE

Forced by rain to stay close to his summer residence at Cedar Island Lodge during the first days of his vacation in Wisconsin, President Coolidge spent several busy hours on his initial trip to his executive office in Central high school, Superior.

Denies Existence Of Third Party Movement

San Antonio, Tex., July 3.—(AP)—Publication here of reports that introduction of a third party movement was contemplated at a meeting of Southern Democrats at Asheville, N. C., last night brought a statement from Dr. Arthur J. Barton, director of extension of the Southern Baptist Convention, that nothing of the sort was contemplated.

Dr. Barton joined Bishop James Cannon, Jr., of the Methodist Episcopal church south in Virginia, in issuing the call for the Asheville meeting at the Democratic national convention in Houston. In his statement here, Dr. Barton said that when he joined Bishop Cannon in issuing the call, they did not speak as representatives of their church organizations, but only as individuals.

"The matter of attending the meeting will be for each Democrat to decide for himself and undoubted by it will be attended by a large number of Democrats who are not willing that the eighteenth amendment and its supporting legislature shall be menaced and are not willing that the Democratic party shall be turned over to Tammany hall."

"The statement given out by Bishop Cannon and myself makes very plain the purpose of the meeting viz: organize for the election of the dry Democratic nominees for the Senate and House of representatives and for all state offices and to defeat the nullifications imposed by the Houston convention."

"All the prohibition leaders were greatly pleased with the adoption of the prohibition enforcement plank in the platform. This clearly committed the party to a definite and positive course. It was exceedingly unfortunate that after the adoption of a dry plank a man should have been nominated who was the wettest of the wet, who is a nullificationist. It is also unfortunate in the extreme and will be resented that in his telegram to the convention he should have sought to undo what the party had done by the adoption of the enforcement plank."

"Conscientious dry Democrats will not support such a program and it is to avoid such a calamity that the Asheville meeting has been called."

Dr. Barton said he intended to repudiate the Democratic Presidential nominee to support the Republican candidate.

The Asheville meeting was called for July 11 to 18.

WORK ASSURED OF HELP FROM MR. COOLIDGE

President Tells Republican Chairman of His Intention to Help In Campaign.

Superior, Wis., July 3.—(AP)—President Coolidge has definitely assured Chairman Work of the National Republican Committee that he may be relied upon to participate to some extent in the forthcoming political campaign.

After a four-hour visit to the summer White House yesterday, during which Dr. Work handed to Mr. Coolidge his resignation as Secretary of the Interior, the Republican chairman announced that the chief executive's assurance, though definite, did not indicate how or when he would lend his aid to the Republican party on his part. Dr. Work added, he had not ventured to suggest plans to Mr. Coolidge, being perfectly satisfied that the latter "would do everything he could."

Dr. Work arrived in Superior yesterday. He was driven immediately to Cedar Island Lodge whence he returned in the afternoon to catch the train back to Washington. On his return from the executive residence Dr. Work said that Mr. Coolidge had not accepted his resignation as yet, presumably waiting until he had decided upon his successor.

"The sitting Cabinet member, who will devote his entire time to managing Secretary Hoover's campaign, said that this would be a 'quiet, dignified, instructive and educational campaign,' in which the Republicans would not descend to personalities. The keynote of their activities will be the 'perpetration of prosperity, efficiency and good government.'"

Chairman Work said the Republican nominee would not undertake any country-wide speaking tour, but that he would deliver some radio addresses. "I don't think Hoover will make much of a campaign," he said. "Why should he? He is known to every voter and will be better known every day."

Discussing the results of the Democratic national convention, Chairman Work said he thought Gov. Smith had opened his campaign by repudiating one of the fundamental points in his party's platform. The prohibition plank in the Houston declaration had been drawn up, he said, for the specific purpose of preventing any change in the existing prohibition statutes. Gov. Smith, by pledging himself to work for their revision had contradicted this plank, he said.

Chairman Work had no information regarding Secretary Hoover's intentions as to resigning from the Cabinet or as to his plans for a call on President Coolidge here.

John E. McGregor, delegate-at-large from Minnesota to the Kansas City convention, and Reed I. Bayne, Duluth publisher, conferred with Chairman Work. They were confident Hoover would carry Minnesota by a majority of 100,000 votes.

Conferences with all the Illinois Republican candidates for state offices and for Congress were scheduled to meet with Dr. Work in Chicago today. He planned stopping there only one day before proceeding to Washington.

Two Shot Down In Attempt to Escape At Caledonia Farm

Raleigh, July 3.—(AP)—Two prisoners were wounded, one seriously, as result of a recent attempt to escape from Caledonia prison farm, state prison officials here made known today.

The men were shot down by the prison guards. D. W. Hall, serving three years for larceny in Moore county, was said to be near death in several bullet wounds in his side. Red Jewell, sent to prison from Buncombe county to serve nine years for automobile theft, was recovering from minor wounds.

"Hall thought he was dying and he confessed that four other prisoners planned to escape after he and Jewell had paved the way by throwing the guards into confusion," said Warden J. H. Norman, Jr., today. "These prisoners, however, denied they had planned any such thing."

Dr. Norman said he kept the shooting quiet because of the absence of Supt. George Ross from the city.

MAYOR LANIER DECLARES PREJUDICE AND REVENGE DOMINATE BOARD ACTION

NORWEGIANS TO HUNT FOR LOST FLYERS

Search For Amundsen And Missing Italia Crew to Get Under Way Today.

Oslo, July 3.—(AP)—The base of Braganza with the Norwegian flyers, Captain Riiser-Larsen and Lieut. Leutow Holm, arrived at Kings Bay from northern Spitzbergen today and the airman will immediately begin a search for Roald Amundsen and his five missing companions.

Kings Bay, Spitzbergen, July 3.—(AP)—Conditions were improving today for the rescue of five members of the Italia crew and Lieut. Einar-Paull Lundborg from the ice near Foyen Island. The temperature was falling and chances for the landing of small planes on the ice to take them off were increased.

The Russian ice breaker Krassin found progress toward the marooned men difficult. Large masses of ice hampered the ship's advance after it entered the channel between the seven islands and Svanoy Island, just north of North Cape, North East Land.

The ice breaker Braganza which had been held in the ice off North Cape would free and was on its way to Kings Bay today. Lieut. Leutow Holm and Capt. Hjalmar Riiser-Larsen, Norwegian flyers who have been operating from the vessel, will transfer their activities to the scaling ship Hobby and join in the hunt for Roald Amundsen and his five companions.

Swedish flyers attempted to reach the marooned men yesterday but were turned back by poor visibility.

For a time it seemed that the fate of the Amundsen expedition had been learned when the Exchange Telegraph Company of London carried a report, purporting to be from Oslo, that the veteran explorer's body had been found in the sea off Norway. The rumor, however, was denied at Oslo.

It was feared today that if Amundsen and his companions did not meet death in a disaster of the sea or ice, they will now be hard put to it for provisions, since they only carried a two-weeks supply when they hopped off on July 18.

The Russian flyer Babushkin was still numbered among the missing today. Nothing has been heard of him since he started from the Soviet ice breaker Malign on Friday for the castaways of the Italia.

The Malien today was nearing Hope Island, the southeastern outpost of the Spitzbergen archipelago.

To Attempt Flight From Rome To U. S.

Rome, July 3.—(AP)—Captain Arturo Ferrarin and Major Carlo P. Delprete, holders of the world's duration flight record, are due to hop off at 5 p. m., today for Buenos Aires.

Captain Delprete and Major Ferrarin finished a flight of 33 hours, 34 minutes, 26 1-5 seconds on June 2, breaking the duration flight record held by Eddie Stinson and George Haldeman at 53 hours, 36 minutes and 30 seconds. They used a Savoia-Marchetti-1YR plane.

Captain Delprete accompanied Commander Francesco De Pinedo on his flight from Sardinia to Africa, South America, North America and across the Atlantic by way of the Azores to Italy. Major Ferrarin was a member of the Italian Schneider Cup team in 1926 and 1927.

John B. Watson Dead. New Bern, July 3.—(AP)—John B. Watson, 67, who died in a New Bern hospital last night, was to be buried this afternoon at Cedar Grove.

Chief Executive Says the Citizens Will Not Long Condone the Lawless Attempt to "Stab City In Back."

"The hands of the town of Greenville have been held up and, and personal prejudice, revenge and lawlessness have been permitted to stab the city in the back, and I do not believe that the citizens of the town will long condone such action," declared Mayor J. C. Lanier this morning, when interviewed as to his views on last night's action by the Board of Aldermen.

Mayor Lanier's statement in detail is as follows:

"Having been requested by your paper to express my views regarding the action of the Board of Aldermen at last night's meeting, I have no hesitancy in saying that, in my opinion, the welfare of the town of Greenville was sacrificed upon the altar of personal prejudice and grudges. Within an hour's time from the taking of a solemn oath to uphold the best interests of the town of Greenville, a majority of the members of the new Board, held up the best interests of the town, and tied its hands, while the forces of revenge and prejudice and lawlessness stabbed the town of Greenville in the back."

"I cannot believe that the citizenship of this town will condone or sustain the indefensible action of this Board in summarily dismissing our very efficient Chief of Police. During his term in office, and due to large degree to his efficiency and honest enforcement of the law, our town has been made a clean town, certainly by comparison with other towns in this state. I believe that 'the good people of our city are grateful to Chief Jones for the work that he has done and love him for the enemies that he has made."

"The disorganization of the administration of the city's affairs, so ably begun last night, will doubtless be consummated next Thursday night. Then the voters of the town will be helpless until next May when they will have a full opportunity to express themselves upon the issue which has now been made clear. I will say right here that I will be a candidate to succeed myself as Mayor next year. The issue will not be a personal one, but will be one forced upon the voters of the town by the avowed purposes expressed by those who oppose the things I stand for."

"Shall the offices of the town be used for personal revenge and gain, or shall they be used in an honest desire to benefit the town? Upon this issue I shall call upon the voters to repudiate the action of this new Board, and to speak aloud their desire for a government free from prejudice and malice. The issue has already crystallized, and will be clear cut. If it shall be the expressed wishes of the voters that the forces now temporarily in charge of the town's affairs shall be sustained, I will step down from the high office of Mayor with relief and without regret. But if the mandate of the voters is for a repudiation of these forces, I promise that last night's debacle will be remedied, and government in the town's affairs will be conducted in the interests of its citizens, without malice, prejudice, or personal feelings."

New York Mayor Clad in Pajamas, Receives Visitors

Colton, Cal., July 3.—(AP)—Pajamas may not constitute the proper habiliments in which to face reception committees, but Mayor James E. Walker of New York, has shown that he can wear them with perfect poise on such an occasion. The New York executive's train stopped here for a short time yesterday enroute to Los Angeles from Houston, Texas. A reception committee, headed by Mayor Walter Pfunder of Colton, and including several prominent women, made an unheralded visit to Mayor Walker's private car. There sat His Honor clad in blue pajamas and slippers. He was playing solitaire.

The mayor was quiet on his feet. There was a dispute as to whether he blushed, but he received with dignity the greetings that were tendered.

CHRISTIANS GET LEAD IN CITY LEAGUE

The Christians Sunday School team defeated the Memorialites in a loosely played ball game at the Fair Grounds yesterday to the tune of 11-8. The outcome was never in doubt except in the last inning, when an incipient Memorial rally counted three runs, and looked to be good for more. Steadying down while he still had a commanding lead, Dixon brought his team thru with two strike outs and caught the third man napping off first for the final out. Alto given but medio support he held the situation well in hand, fanning 10 Memorial batters and allowing but four hits, two at least of which were due to slow fielding. Jones and Hodges accounted for nine men by the strike out route, and allowed seven safeties to the Christians. They each issued one pass, while Dixon passed five and hit two. As in their previous game, the Christians swung their big bats early, chalking up four in the initial frame and adding three in the second.

Memorial improved as the game continued, both at bat and in the field. In fact, the only inning in which they blanked the Christians was the last, and they accumulated six of their eight runs in the last two frames. This game gives the Christians undisputed hold on first place. Today the Immanuelites and the Methodist cross bats to see who is to occupy the cellar position unworried. But don't worry, boys for tomorrow someone else will share it with you, since two teams which have not yet played before came together, the Presbyterian and the combined Free Will Baptist and Episcopal team which is called for brevity the Allies.

U. S. Selects Swimmers For Olympic Races

New York, July 3.—(AP)—Uncle Sam's hopes of repeating at Amsterdam his victorious sweep through the Olympic women's swimming championships at Paris four years ago, have been entrusted into the capable hands and feet of 17 of America's greatest mermaids.
The team, selected by the Olympic swimming committee after a two-day test, follows:
Swimming: Martha Norelius, Ethel M. Cary, Eleanor Holm, Adelaide Lambert and Agnes Geraghty, all of the women's swimming association of New York; Suzanne Laird and Josephine McKim, of the Carnegie Library Club of Homestead, Pa.; Marian Gilman, Alameda, Cal.; Eleanor Garratt, San Rafael, Cal.; A'bin Osipowich, Worcester, Mass.; Jane Pauntz, Chicago, and Margaret Hoffman, Kingston, Pa.
Diving: Helen Meany, New York; Georgia Coleman, Los Angeles; Dorothy Poynton, Pasadena, Cal.; Clarity Hunsberger, Los Angeles; and Mrs. Betty Becker Pinston, Detroit.

Only two of the five American women who won Olympic championships in 1924 at Paris are included in this list—Miss Norelius, the 400-metre free style champion, and Mrs. Pinston, who as Betty Becker captured the fancy high diving title. Ethel Lackie, 100 metre free style champion, and Mrs. Caroline Smith Chapman, plain high diving title-holder, failed to gain a place on the team.

Highlanders Win From Goldsboro

Atkinson pitched superb ball for Lee Cooch's Highlanders yesterday and blanked the Goldsboro manufacturers by a score of 5 to 0. Although the "Joes" garnered six safeties off Atkinson he held them scattered and they failed to count for tallies. His team mates got next to the offerings of Durham for a total of nine safeties.
The Kingston Eagles staged a whirlwind rally in the ninth inning of the battle with Rocky Mount to overcome a lead and take the game by a 10 to 7 count. The Kingston boys rapped out 11 safeties while their opponents succeeded in only getting 7. The Rocky Mount players had five errors marked up against them.
Rain prevented the scheduled game between the Greens and Pirates at Wilmington.

Augusta Takes Two From Macon

(By the Associated Press)
Macon's Peaches were quoted lower on the baseball club exchange today following a twin victory for Augusta over the South Atlantic Association pacemakers.
The Tigers yesterday found their home soil furnishing an ideal setting to whack off a few peaches and they grabbed every opportunity to take off two contests 5 to 4 and 6 to 2.
Meanwhile the Asheville Tourists went forward by choking the Greenville club off, 5 to 3.
Columbia won a double bill from Charlotte, 5 to 4, and 7 to 2, while Spartanburg was defeating Knoxville, 6 to 5.
Bean, pitching the first game at Augusta, allowed Macon only seven hits while Fulton kept eight well scattered in the second affair.
Five home runs featured the game at Greenville, Asheville getting three of them.
In the Southern Association, Birmingham won from Mobile, 3 to 2; New Orleans divided a double header with Atlanta, the Pels winning the first, 5 to 1, and the Crackers, 4 to 3.
Little Rock defeated Memphis, 5 to 2, to maintain first place.

FIVE HUNDRED PRISONERS ADMITTED TO PEN THIS YEAR

Raleigh, July 3.—(AP)—An even five hundred prisoners were admitted to state prison to serve terms during the first six months of this year, prison officials announced today.

Seventy-two were admitted during June. It is a new record for state's prison for any six months' period in its history.

Records show that for the first six months of this year there were exactly twice as many men and women admitted into the prison as there was during the first six months of 1927. During the whole of 1927, there were 770 admitted to prison.

QUAKERS DROP TWO TO BRAVES

(By the Associated Press)
Philadelphia's bid for some other National League berth than the cellar has been staved off by Hornsby, Sisler & Co.
The first two games of a "crucial cellar series" yesterday found the Boston Braves twice victorious over the Quakers. At the close of the bargain bill the Braves were four games removed from last place. Complete collapse of what was regarded at the start of the season as a fairly strong pitching staff seems to explain the Braves' long stay in the depths of the second division.
Lester Bell's single with the bases filled in the 14th gave Boston the opener 4 to 3.
The Chicago Cubs returned to third place and dropped the Cincinnati Reds to fifth when Art Nehf left handed his way to an easy 8 to 2 victory over Kolp and Jablonowski.
Babe Ruth's 31st home run of the year failed to save the New York Yanks from a 4 to 3 reverse from Washington's Senators, Garland Braxton outpitching George Pipgras.
The Philadelphia Athletics reduced the Yankee lead to a matter of 13 games by breaking even in a double header with the Boston Red Sox. Lefty Grove beat the Sox in the first game 9 to 2. Rube Walberg failed in the second and the A's went down 7 to 4. Six homers were smashed out in the double bill.
The Chicago White Sox took two from the St. Louis Browns 7 to 1 and 9 to 8.
The Detroit Tigers walked off with a 7 to 3 triumph over the Indians.

Tight Games In Piedmont Loop

(By the Associated Press)
There were some tight baseball games in the Piedmont loop yesterday and fans were given a real treat when the three contests played were decided by a margin of one score.
The Bulls and the Winston-Salem Twins put up a hot battle that ended in a score of 2 to 1 for Durham. Smith and Weaver engaged in a beautiful pitcher's battle both giving up eight hits.
The outstanding battle of the day was the sixteen inning fracas between the Colonials of Salisbury and the Raleigh Caps, which ended in a victory for the Colonials by a 4 to 3 count.
The Caps drew the first blood when they pushed over two counters in the third frame. The Colonials then took the lead in the sixth by pushing over three runs. The Caps made it three all in the ninth. Scoreless base ball held sway for the remainder of the game until the sixteenth frame when the Colonials slipped over the winning tally.
Greensboro and High Point participated in a keen battle that ended with a 7 to 5 victory for the latter. High Point rapped out a total of 16 hits off two Greensboro pitchers while their opponents succeeded in getting 11. Dan Boone, Stewart and Long carried off batting honors for the day by clouting home runs. Conklin went the entire route for the winners.

BRITISH SHIP HITS SHOALS

Dauntless Runs on Rock When Crew Mistake Buoy Marking Harbor Entrance

Halifax, N. S., July 3.—(AP)—The British light cruiser, Dauntless, was rapidly breaking up on Tribune Shoals inside the harbor entrance today, abandoned by all but her commander and a skeleton crew of officers and men. It was feared she would be a total loss.

Salvage experts said it was unlikely the vessel could be floated again. A life saving crew remained in readiness to go to the assistance of Captain K. D. W. MacPherson and his 50 men if danger threatened.

The cruiser, feeling her way into the harbor through a dense fog yesterday afternoon, evidently mistook Tribune Cap buoy for the one marking the fairway up the harbor. Before her officers discovered the mistake she was hard and fast on the rocks, her forepart, up to the bridge, resting on the sharp ledge.

She spoke to the pilot boat outside the harbor but proceeded without a pilot. The government steamer Alfreda, which was proceeding down the harbor with a string of targets in tow, noted the Dauntless strike and abandoning her targets rushed to the cruiser's aid. She found the crew in no immediate danger, but stood by to take them off when necessary.

Wireless messages to the naval dockyards brought a fleet of tugs and naval craft to the rescue. Lines were placed on the wreck and a futile attempt made to pull her off the rocks.

When it was apparent their efforts were going to be unsuccessful Captain MacPherson gave the order to abandon ship. All but 50 of the crew of 425 and their effects were sent off in life boats and brought to the dockyards by naval craft.

It was at first believed the vessel might be floated at high tide but an examination showed her making water rapidly, indicating her bottom had been pierced in numerous places. There came a heavy list to port.

With the cruiser grinding steadily on the rocks in the harbor swell all but the salvage craft were ordered away from her because of the danger should she break in two and the stern part slide off the rocks. If a southerly wind should spring up the ship would quickly break up, naval men believed.

The Dauntless, a unit of the North Atlantic and West Indies squadron, was calling at Halifax in the course of a regular summer cruise. She sailed from Bermuda on June 29. The Tribune Shoals were named after the wreck of H. M. S. Tribune on the shoals 150 years ago, when 80 lives were lost.

NEW CABINET FOR GREECE

Venizelos, Liberal Leader, Entrusted With Formation of New Body.

Athens, July 3.—(AP)—Eleutherios Venizelos, former premier and dominant factor in the Liberal party, has been entrusted with the formation of a new cabinet.

Parliament will be dissolved. President Kondouriotis decided to call in the former premier when the Zaimas cabinet resigned after a crisis concerning measures proposed by the minister of finance. Venizelos, as leader of the Liberal party, was strongly opposed to these financial measures and it was this opposition which led to the retirement of the ministry.

The return of Eleutherios Venizelos to guide the destinies of Greece is just another incident in the dramatic career of this man, whom President Woodrow Wilson described as one of the greatest statesmen in Europe.

When Venizelos left Greece he said he was done with politics, finished forever with those activities that were his life from early youth until age warned him that he must rest. But when his country needed him he came back—as he did once before, in 1924. When he was elected President of the national assembly.

As he was delivering his address on that occasion, Venizelos collapsed from what was said to be a serious affection of the heart, but he recovered shortly and when General Danglis found himself unable to form a cabinet, Venizelos succeeded and became premier without portfolio. Less than a month later he resigned and the great struggle centered about the future constitutional system.

Venizelos favored a republic, and eventually by a plebiscite April 13, 1924, the republic was established. A new constitution was published in 1926.

FIVE DEATHS FROM STORMS

Property Damage of \$1,000,000 Also Reported From The Northwest.

St. Paul, Minn., July 3.—(AP)—Five deaths and more than a score of persons injured had been reported today as the result of a series of tornado and electrical storms in the northwest. Property damage was estimated at more than a million dollars.

The storms were general in four states, Minnesota, Wisconsin and North and South Dakota, late Sunday night and Monday. Two young men were killed by lightning, two persons died in barn crashes, and a woman was killed in an automobile accident attributed to the storm.

The lightning's victims were Durand and Treby, 21, killed near Hecla, S. D., and Lewis Kauis, 17, of Ferguson Falls, Minn.

Mrs. Herman Bjerke was killed when her barn collapsed at Lake Park, Minn. A similar accident near Alce, N. D., proved fatal to Joe Heinze, a farmer.

Miss Grace Halliday of Aberdeen, S. D., died when her automobile overturned as she raced a storm near Wheatland, N. D.

Yarborough Hotel Wrecked By Fire

Raleigh, July 3.—(AP)—Fire of undetermined origin this afternoon was rapidly destroying the Yarborough Hotel, Raleigh's oldest hotel noted for its political gatherings of years past.

Flames, quickly enveloped the structure, located in the heart of the downtown business district, in spite of use of the city's entire fire fighting equipment.

While it appeared probable that no persons had been fatally injured in the building, hotel authorities declined to express their satisfaction that no guests had been trapped.

Mrs. B. C. Powell, wife of the hotel manager, and her two children, ages six months and six years were saved when firemen reached the third floor to carry them out before they had been overcome.

Records of the North Carolina department of the American Legion which maintained headquarters at the hotel, were consumed.

ARGES REPUBLICANS TO VOTE DEMOCRATIC TICKET

Chicago, July 3.—(AP)—The agriculture plank in the Democratic national platform has proved so satisfactory to George N. Peek, chairman of the executive committee representing the corn belt conference, that in a statement issued here he has urged Republican farmers to vote the Democratic ticket in November.

Peek, himself a Republican, said the Republican party "turned its back" on the farmers at Kansas City and then "added insult to injury" by nominating for President "the arch enemy of a square deal for American agriculture."

TO TEACH MEXICANS LOVE OF UNITED STATES

Mexico City, July 3.—(AP)—Under-Secretary of Education Moises Erazo has appointed a committee of educators and newspapermen to direct a movement in the public schools to teach Mexican children love of the United States. The movement is considered the best means to promote lasting understanding and friendship between the two countries on a solid foundation since children are unprejudiced.

The Universal said today that the movement grew out of a suggestion of an unnamed American educator who started a drive in the United States and had American children send presents to Mexican children. Each present was accompanied by a letter from the American donor to the Mexican recipient.

The committee is considering the present which Mexicans will send their American friends.

STATE ENTERS NEW YEAR WITH SPLENDID SURPLUS

Raleigh, July 3.—(AP)—The State of North Carolina is off on another fiscal year with a surplus of \$2,237,988.

By collecting \$878,541 more and spending \$873,709 less than was anticipated by the legislature, it was pointed out by Governor McLean, the state surplus mounted.

"Instead of spending the total amount of \$15,716,500 authorized by the Legislature," said a statement issued by the governor, "the various departments, institutions and agencies actually expended only \$14,648,881, thus saving \$873,709 for the year just ended."

GOVERNMENT CAPTURES A "REAL" BEWERY

New York, July 3.—(AP)—A brewery, which prohibition enforcement authorities declared had secret doors for the spiriting out of "real beer," was in the possession of the government today.

Seizure of the plant of the Kips Brewing and Malting Company at 37th street and First avenue followed closely the raiding last Thursday of twenty of the city's most pretentious night clubs.

Prohibition Director Maurice Campbell said the machinery in the brewery alone was valued at \$100,000 and that in addition 10,000 gallons of beer was confiscated.

The agents also seized a truck load of 5 per cent beer as it was being driven from the brewery, and arrested the driver.

CHINA TO RECOGNIZE FOREIGN OBLIGATIONS

New York, July 3.—(AP)—Frank W. Lee, official Chinese nationalist representative in the United States, received the following message under date of July 2 from C. T. Wang, secretary of state for the new nationalist government at Nanking:

"All legitimate foreign obligations will be recognized. This confirms, and modifies somewhat, press dispatches from Shanghai announcing that the nationalist conference on finances all foreign obligations of every character.

Gas And License Tax Collections Increase in N. C.

Raleigh, July 3.—(AP)—Collection of gasoline taxes, automobile license taxes and automobile title registration fees in North Carolina during the fiscal year ending June 30 totaled \$18,909,126.02, it was announced today. This is almost five million dollars above the amount collected during the previous fiscal year but about four and one-half million dollars was collected incidental to the change of the state automobile license year from July-to-July to a January-to-January basis.

June collections totaled \$932,210.56, subdivided as follows: License \$128,474; gasoline taxes, \$793,199; title registration fees, \$10,536.

Collections for the year are subdivided as follows: Licenses \$9,353,616; gasoline taxes, \$9,376,987; title registration fees, \$169,522.

These funds go for the retirement of bonds issued for highway construction purposes and for the maintenance of roads already constructed by the state.

UNIDENTIFIED ITALIAN KILLED IN NEW YORK

New York, July 3.—(AP)—The body of an unidentified Italian, thought to be a victim of a gang murder, was found in a vacant lot in Brooklyn this morning. The killing was the third of a series which began Sunday afternoon with the killing of Frankie Uale, former racketeer and accomplice of "Scarface Al" Capone.

Although police could not connect today's murder with the death of Uale, it was generally believed it was perpetrated by gangsters.

SMITH LOOKS FORWARD TO SLIGHT REST

Tired Out from Strain of Last Few Days, New York Governor, Needs Diversion.

New York, July 3.—(AP)—With no formal political conferences on his schedule, Governor Smith today looked forward to a few days of comparative rest occupied only with patriotic and routine matters.

"I'm trying to ease off a little bit," he explained. "The excitement of the crowds coming home from Houston and of the last few days generally has been trying and what I want most now is a day or two of rest."

Tomorrow the Democratic Presidential nominee is scheduled to make two patriotic addresses, one at the annual Tammany Hall Independence day exercises at the Old Wigwam in 14th street, soon to be torn down, and the other before 15,000 newly naturalized citizens in City Hall Park. Politics will be taboo at both meetings.

Governor Smith has declined an invitation to address a July 4 Ku Klux Klan meeting in Queens Borough.

The governor said he had accepted two invitations for the day a month ago and declared "that's enough for any man."

Senator J. Thomas Heflin, his bitter political foe, is scheduled to address the Klan meeting.

During the day Governor Smith saw several Democratic leaders but said their visits were purely social and that politics was not discussed.

The governor is avoiding political discussions pending the two high-visibility of the Democratic pre-campaign period. One of these will be the meeting of the national committee here July 11, at which time a new chairman and other officers are to be named and in the other his formal speech of acceptance of the nomination at Albany late in July or early in August.

The speech of acceptance is likely to be the real "keynote" presentation of the issues upon which the governor expects to make his fight. He has let it be known that he will elaborate his views on prohibition in his acceptance address.

A statement by Joseph Daniels, secretary of the navy under President Wilson, urging southern Democrats to vote for the party candidate and later fight in Congress any attempt to modify the prohibition laws was scolded to Governor Smith's attention.

"I have already said," commented the governor, "that I would make my position clear in my acceptance address."

Telegrams, cablegrams and letters of congratulation continue to pour in on the governor from all over the world. One of those received was from Trader Horn, whose real name is Alfred Aloysius Smith.

"Heartiest convivial congratulations to Governor Smith as one Alfred Smith to another," the South African author wired from England.

Fire Wrecks Planes and Hangars. Washington, July 3.—(AP)—Fire today destroyed the hangars and six airplanes at Hoover Field, Virginia, across the Potomac river from Washington. The plane was operated by Henry A. Berlinger, who placed his loss at \$60,000.

VETERAN PILOT KILLED IN CRASH

A pile of twisted wreckage was all that remained of the giant tri-motored marine corps transport plane after it crashed near Fife, Va., on the way to Nicaragua. Maj. Charles A. Lutz, veteran speed pilot, and two of his companions were killed. A third member of the crew was critically injured.

Courtney Flight Still Delayed

Horta, Island of Fayal, July 3.—(AP)—A small piece of metal is delaying the trans-Atlantic flight of Captain Frank T. Courtney.

When his seaplane arrived here from Lisbon enroute to America one of the blades on the propeller of the generator of the radio set was broken. Sergeant Fred Pierce, mechanic, made a substitute one of brass. Since the other blade was of aluminum, the unequal eight caused great vibration in the generator.

This will have to be overcome before the hope is made since the flyers are placing great dependence on the wireless for direction finding.

Dry Factions To Meet At Chicago

Chicago, July 3.—(AP)—Leaders and spokesmen of several national groups which are in disagreement with both major political parties' prohibition planks were gathering today in advance of the convention called to meet here on July 10.

Although the convention is nominally that of the prohibition party efforts have been made to combine the strength of all those factions which fail to find in the Democratic or Republican platforms the promises they desire. Farmer-Labor and other groups have been asked to be represented.

The Jefferson-Lincoln League, of which James A. Edgerton of Washington, is president, was one of those organizations invited to cooperate. The invitation explained that the League's cooperation was sought because the league's "fundamental purposes" was assisting "the protection and enforcement of the prohibition laws."

The names of William G. McAdoo, former Senator Robert L. Owen, of Oklahoma, and David G. Roper, who was Commissioner of Internal Revenue under President Wilson, were being mentioned in connection with a nominee for the presidency of the United States.

Dr. Leigh Colvin, national chairman for the prohibition party, said that "a prominent dry Democrat from the south was under consideration for the nomination."

IS IT FOR THE BEST?

Only a few weeks ago, because of the much talk of drastic changes to be attempted in the city affairs as soon as new members of the Board of Aldermen took office, we urged that those gentlemen elected to the Board and those old members staying on the Board, do nothing until after serious consideration with the good of the town in view. Last night was the first session with the new members of the board in attendance, and what we had heard would happen, has happened, and as we see it, with no real move toward the interests of the city of Greenville.

Immediately following our editorial referred to above one of the newly elected members of the Board called us over the telephone and advised us that he and other new members of the Board had been elected in order that certain changes could be made and in effect he declared that if we had guts we would stand with them. From the conversations with this new member we gathered that he was in possession of facts that showed conclusively that certain persons in authority should not be there, and we invited affidavits of such facts with the assertion that the interest of the town of Greenville was our interest and we would go the limit to help in making the best administration of our affairs possible.

Despite our assertion that we were open to conviction and would go the limit to help remedy any evils we could find in our administration, we have to this time received no further information from this or any other new member of the board and, therefore, are of the same opinion as before that our city administration, although it may have some weak points that needed attention, was far above that of the average city and we hoped that the action of the Board of Aldermen would be along CONSTRUCTIVE rather than DESTRUCTIVE lines.

What we had been informed would happen as soon as new members were placed on the Board, has happened, and in the absence of any enlightenment as to cause we cannot but still believe that the move was one not for the best interest of the city. From a personal standpoint, we do not care one iota if every man connected with the administration of our city's affairs is fired and someone else put in, so long as it is for the good of the city, and

If we could benefit our city by so doing, we should heartily urge such a movement, but we do feel that the citizens of the town of Greenville and their public interests are entitled to consideration and we cannot see how any such upheaval as was started last night can result in any good for our town.

Dating back for nearly 50 years The Reflector has always urged and fought for the best possible administration of Greenville's affairs, and it is with such in view that we find it necessary to still carry on this fight. If, as was stated by one of the new aldermen, they were elected to do such things as they have already set out to do, the supporters in their respective wards should be satisfied with their actions, but we cannot sit idly by and countenance the apparent tearing down to satisfy personal ambitions and grievances and until furnished with such true facts as will convince us that what has been started in our city administration, is solely for the good of Greenville as a whole we will continue to fight it, though we are in the minority and fight alone.

ABOUT TOWN

"Carl Goerch, of Washington, managed to get back from the Democratic National convention at Houston, despite the fact that he lost his 'role' in a poker game the first night the convention was in progress. Goerch came through Greenville yesterday enroute home. He said he had a splendid time at Houston and that most of the delegates from North Carolina did, too. "Speaking of Ed Flanagan and John Holmes, Pitt county delegates, he said he dropped them on the way in—that they would come on later. Mr. Holmes is visiting a brother in Alabama. The brother hadn't seen one another in fifteen years. Goerch expressed doubt as to whether John was recognized owing to the changes in physiognomy effected by the passing years. "Mr. Flanagan visited other parts of Texas. As he is one of the most prolific conversationalists in this section, Goerch expressed belief that the Pitt countain would sling a 'wicked line' in the holler state."

"Had General Noble done so and so it is possible he might not have met with the accident in the north land and those lost in an attempt to rescue him would be safe at home instead of suffering dire distress and hardships of the icy regions. "This is some of the criticism emanating from different parts of the country at this time. It recalls to mind the fact that all great adventures and ventures have had their critics. But had it not been for the bravery and daring of the intrepid hosts of the past, where would this old world be now?"

Science has done a wonderful work in the way of eliminating ignorance and superstition. It required the efforts of such men as Noble, Amundson and others before them to gather the information with which to make this possible. Had it not been for their intrepidity we would still be wandering along the highway of ignorance, unable to see the dawn of a new era in the world's history.

"Critics may harp as much as they like, but they can not disparage the efforts of these men; they can not detract from the glory of their achievements in behalf of a greater civilization. "They have done a great work and their names will have all the luster of a star after they have served their time here on earth."

"Tomorrow is the Glorious Fourth of July!" Shouted a youngster today, as he unfurled an American flag and waved it above his head.

"We wonder why he should have been so demonstrative about the observance and asked him about it. "Aw, run along," he replied, bringing into play a slang expression that is used quite liberally among the youth of today.

"You don't even know George is dead."

"We asked him what George's death had to do with the fourth of July."

"He scratched an imaginary inhabitant of his cranium, grinned roughly, and asked: "Do you know?"

"He won the tilt and deserved to. He got a kick out of his victory—more of a kick than most of us will get out of anything we do in our efforts to appropriately observe the Fourth."

"Old man J. Pluvius, hermit of the rain clouds, gave vent to his fury in Wilmington and rained out a perfect job ball game scheduled between the Tobaccocons and the Pirates," declared a fan yesterday afternoon as he read the one word "rain" on the score board in front of the Reflector office. "This interference may have been auspicious for either of the clubs. But the fans in the two towns involved were not thinking about that. They wanted to see some change in the standing of clubs column even though they may have lost to the desired effect. "Maybe, however, there will be a change today. It is likely the rain god will let up somewhat and permit the boys to go out on the diamond and strut their stuff in the opening game of the week. "Greenville occupies the enviable cellar position and are planning to fight like the dickens to come out with the laurels of victory resting on their brow. "The cellar may be all right tons."

Market Report Cotton--Stocks--Grain

NEW YORK COTTON
New York, July 3.—(AP)—Favorable weather reports, relatively easy Liverpool cables and a bearish view of the figures on boll weevil emergence up to June 15, caused a break of about \$2.00 a bale in the cotton market here today. Declines were checked as October approached the 22-cent level by trade buying and covering prompted by bullish private crop reports, but moderate rallies were not fully maintained. The mid-afternoon market showed net declines of about 35 to 38 points. Future closed barely steady, 43 to 45 points lower; spot quiet, mid-ling 22.35.

GRAIN MARKET.
Chicago, July 3.—(AP)—Influenced by a halt in export demand for wheat from North America and by favorable weather southwest and northwest alike, wheat prices averaged lower today. Russia was apparently not buying today, but cables expressed belief that wheat purchasing for Russia would shortly be resumed. One foreign estimate placed Russian wheat purchases in Europe so far as 7,400,000 bushels.
Wheat closed irregular, 3-4c net lower to 3-8c advance, corn 1-2c to 2 1/2-2c up, oats 1-8c off to 3-8c gain, and provisions varying from 2c decline to a rise of 20c.

STOCK MARKET.
New York, July 3.—(AP)—Passing of the temporary credit stringency, which was reflected in the raising of call money from the renewal rate of 8 to 6 per cent, was the signal for another bullish demonstration in today's stock market. Early losses of 1 to 4 points were wiped out, and converted into substantial gains ranging from 1 to 5 points in the popular rails and industrials, and from 3 to 13 points in a few high priced rails and specialties.
Ten per cent call money yesterday attracted a huge influx of funds here from interior cities and European capitals with the result that the call money renewal rate was fixed at 6 per cent. It dropped to 7 before midday and to six by early afternoon. New York bank clearings today broke all records with a turnover of \$2,415,000,000, the money and commercial paper rates held fairly steady.

World War Nurse Given \$3,600,000
Los Angeles, July 3.—(AP)—A mother's gratitude for the care given her soldier son by a World War nurse was revealed here today in the announcement of the nurse that she had been bequeathed \$3,600,000 by the mother.
In the early days of the war Edna Irving nursed back to health a young British officer in the base hospital at Boulogne, France. Captain Maxwell Woodlynn was one of many she cared for daily.
The nurse, who went overseas from a little Canadian town, said she had received word from a firm of London attorneys that her name was set down in the will of the officer's mother, Mrs. Julia Woodlynn, for a bequest of 750,000 pounds or more than \$3,600,000.

DERHAM WOMAN SHOT; HUSBAND IS HELD
Durham, July 3.—(AP)—Mrs. Will Vaughn, wife of a Durham mill employe, was shot and seriously wounded and her husband was lodged in jail without privilege of bond, pending investigation of the case.
Police said Vaughn, 45, would be examined to determine his condition. He recently was charged with firing at his wife. That case is awaiting trial.

TOBACCO STUDENT KILLED IN AUTO WRECK
Rocky Mount, July 3.—(AP)—Akila H. Ohnishi, Jr., 23, whose father is said to be manager of the Mitsui Tobacco Company of New York City was killed near here early today when his automobile overturned.
Ohnishi's neck was broken. Death is thought to have been instantaneous. Police who investigated the accident were of the opinion that rapid driving and unfamiliarity with the road was responsible for the accident.
Young Ohnishi, a graduate of the Massachusetts Institute of Technology, had been here for two years studying the tobacco business. Funeral arrangements have not been announced.

Prize Winning Letter
Below is the letter written by Mrs. Bryan on "Why I send my Clothes to the Eureka Laundry."
"Some poet has said, 'If a task is once begun, never leave it till it's done; Be the labor great or small, Do it well or none at all.' The reason why I should send my laundry to the Eureka is expressed in the above lines. It isn't HOW MUCH one does that counts but how well it is done. The Eureka not only does a great deal of laundry but does it very well. I have had great satisfaction in the way my laundry has been finished and I'm never in doubt as to how it will look when returned but again so be it.
"A second reason why I should send my laundry to the Eureka is that the clothes are not eaten with acids. Many times I have had clothes beautifully laundered, but eaten so badly with acids that they soon had to be discarded. In that way, the Eureka saves me money as well as clothes.
"Again, the Eureka Laundry is dependable. Surely we wouldn't put our money in banks unless we knew it would be taken care of AT ONCE. Should it lay unnoticed, it would do you no good. The Eureka is prompt in getting your laundry and equally prompt in returning same.
"In the fourth place, the Eureka is sanitary. 'Cleanliness is next to godliness,' so the adage goes, and we certainly want our laundry sent to a place where sanitation is an important question. The Eureka answers that question in the affirmative.
"In the last place, the Eureka saves me money. It gives excellent service yet the price is more reasonable. All of us want the best work but, at the same time, we are glad to get it as cheaply as possible.
"Considering that the Eureka Laundry does my laundry exceedingly well, does not eat the clothes with acid, is dependable, is sanitary and saves me money, can you suggest a reason why I should NOT send my laundry there? THERE IS NONE.

TEXAS PARTY FACES SPLIT

Two Candidates For High Office Decline to Support Governor Smith.

Dallas, Tex., July 3—(AP)—Texas Democracy today faced new threats of a split following announcement by two candidates for high offices that they would not support Governor Alfred E. Smith for President.

State Senator Thomas B. Love of Dallas, former Democratic national committeeman, and a candidate for Lieutenant Governor in announcing he would not support Smith said:

"My conscience would not let me vote to put a Schemer of Tammany Hall in the White House even if there was no liquor question involved in Smith's candidacy. Whom I shall cast my vote for I have not decided as I expect some developments before the time I must make up my mind."

Mrs. Edith Williams, candidate for Governor, declared the National Democratic convention had given the Democrats of Texas "a rotten deal" and that she would not support Governor Smith.

"If I feel that it would be better for the Democratic party to fail," she said, "than to succeed in forcing upon the good citizens of the United States a man who by his acts as Governor of New York has nullified the prohibition amendment in the state of New York."

On the heels of these statements came an announcement from Governor Dan Moody that he would not attend a meeting of Southern Democrats at Asheville, N. C., next week. The call for this meeting was issued at the National Party convention in Houston last week, with the announced purpose of organizing southern Democrats against a wet candidate.

Asked at Houston if he would attend the Asheville session Governor Moody said:

"Certainly not. I am a Democrat."

The Governor added that "while we didn't get exactly what we wanted at the convention, the platform declares for enforcement of prohibition, and that's the main thing."

CHIEF OF POLICE AND FIRE DEPARTMENT HEAD FIRED BY NEW BOARD

(Continued From Page One.)
was being discussed and the salary of the fire chief fixed at \$25, an effort was made to add to the duties of fire chief, that of mosquito extermination and street marking with the combined salaries of all these jobs. After discussion it was decided that further consideration should be given the matter before final action for the election of Foley as fire chief was rescinded and whole matter deferred until Thursday night.

Probably the most heated argument of the entire session came near the close of business during the course of salary fixing for the year. All went well until the salary of the lady assistant in the city clerk's office was reached. The present salary for this position is \$110.00 per month and immediately the matter was brought up there was a motion by Alderman Brown that the city clerk be allowed only \$600 a year for his assistant and that he be empowered to use this in the employment of such extra help as he saw fit. There was also set in motion from the side of the room occupied by the new members of the board the suggestion that a man assistant in the clerk's office would be much preferred to that of a lady assistant. Other motions were immediately set before the house and in the tangle it was decided to recall all motions and start over in order that something definite might be placed before the house. A motion then by Alderman Waldrop that Miss Maybell Willis, present incumbent, be re-employed for a period of one year at her present salary of \$110 per month was lost by a vote of five to three the members voting as follows: For Miss Willis, Smith, Boyd, Waldrop. Against Miss Willis: Brown, Bradsher, Goodson, Harvey and Griffin. It was at this stage of the session that Mayor J. C. Lanier fired forth with the charge that such action was nothing more than a premeditated, cut and dried proposition for personal reasons and he urged that careful consideration be given before the matter was finally settled. Alderman John Ivey Smith then urged the mayor to instruct the chairman of the Finance Committee to place before the open meeting what had transpired at a session of the Board on Saturday night before and then it was brought out that through the efforts of Mayor J. C. Lanier it had been learned that there were discrepancies in the city clerk's office. Certain members of the board objected to this matter being brought before the meeting in view of the fact that the matter had been adjusted at the Saturday night meeting and the board had promised to forgive and forget. Then Alderman Smith countered that he and others would have been willing to abide by the decision of the Saturday night meeting had

GENERAL NOBILE'S RESCUER

Lieut. E. Lundborg (right), Swedish aviator, is marooned on an arctic ice floe with members of the wrecked airship Italia. Lieut. Lundborg's plane capsized making a second landing on the ice after he had rescued Gen. Nobile. At left is Sergeant Holmberg, mechanic. He was not in the ship when it overturned.

this move to oust Miss Willis from office, because of her help in revealing certain details of the office to Mayor Lanier, had not been started. The matter with which City Clerk Duval was charged was that in three different years he had failed to advertise his own property in the tax list despite the fact that the taxes had not been paid and there was found in the cash of the office a check of the city clerk dating back to last October. Prior to the meeting last Saturday Mr. Duval had paid up the said taxes and check in full with interest and it was the sense of the board that there was no dishonest intent on the part of the city clerk and it had decided that the matter would be a closed issue. After the matter had been fully discussed a motion made by Alderman Boyd that Miss Willis be re-employed at a salary of \$125 per month failed to carry. Then came a motion that the place be tendered Miss Willis or another year at her present salary of \$110 and the motion was carried. The next and final order of business of the evening was the election of a Mayor Pro Tem and after two

elections followed by withdrawals, Alderman W. H. Bradsher was elected to the office by acclamation. Just as soon as nominations for the office were open Alderman Smith placed Bradsher in nomination, this was followed by the name of Smith and the next was Harvey. There being no second to the nomination of Bradsher the nominations were declared closed with Smith and Harvey the candidates. Harvey received a four to three vote over Smith but just as soon as the ballot was taken he declined the office in favor of Smith and the latter was elected by acclamation. Smith then declined the office and again placed the name of Bradsher before the house. This nomination was immediately seconded and he was elected by acclamation. Following this election one or two routine matters the board adjourned to meet in special session next Thursday night.
