SURVIVORS OF ITALIA IN BAD SHAPE TODAY

Stranded Flyers III With Fever and no Hope of Immediate Rescue in View.

Stockholm, July 10.—(AP)—The survivors of the Italia are ill with fever and most of them show signs of partial insanity, according to word received from the Swedish rescue ship Quest, today. Little hope is held for their immediate rescue. Their morale is low.

Lieutenant Einar-Paol Lundborg, who was marooned on the ice near Fovyn Island with them for 13 days and that his stay was terrifying. They had very little food and what they got was rather unappetizing. They were provisioned before he was rescued, however.

Lieut. Lundborg asserted that the survivors were suffering from fever and most of them showed signs of mental aberration. Giuseppe Biolo, radio operator, was suffering from fever for the last two days before Lundborg was rescued but nevertheless he arose at least twice daily to operate the wireless.

Since Lundborg was rescued last Friday there has been no radio contact with the marooned men. Details coming from Spitzbergen conflict with reports of the disaster given out by General Umberto Nobile. All telegrams from the base ship Citta di Milano, where Nobile is, are being censored. Nobody is allowed to telegraph in any language except Italian and all telegrams to Rome are controlled by Nobile himself.

It was learned, however, that Nobile now says the radio was all right from the first minute after the dirigible crashed on May 25. Nobody can explain how the Citta di Milano and other stations were unable to pick up signals until June 1, when the base ship first announced that it had established communication with the survivors.

General Nobile's mysterious statement about the unexpected fall of the dirigible and that the crew was not prepared, appeared to conflict with the fact that there were 150 pounds of provisions in the navigating cabin for six people. This was held to indicate that measures had been taken for a forced landing, otherwise the stores would have been kept in the dirigible's interior.

Dr. Finn Malmgren and the two men who started afoot for land 11th him had fifty pounds of stores when they awoke on May 30. They had no weapons and it was thought that they all perished.

The spokesman for the Italian Ministry of Marine denied in Rome that there had been a mutiny on board the Italia. General Umberto Nobile paid warm tribute to the obedience and discipline of the entire crew.

Oslo, July 10.—(AP)—Dispatches from Spitzbergen to Norwegian newspapers today said the five survivors of the Italia marooned on the ice near Fovyn Island had the tantalizing experience of seeing land only a few miles away but that it was impossible for them to walk across the ice to it.

Lieut. Einar-Paol Lundborg's story of the terrible time he spent with them indicates all five had fever and were strange in certain ways. Motor Chief Cecilioni, whose gear was broken in the crash, is very ill.

The Russian ice breaker Krassin was understood to be meeting very difficult ice conditions in its attempt to reach the stranded party. At Kings Bay it is hoped that the ice breaker Braganza, which is taking another route, will be able to reach them.

CHARLEY PADDOCK TO STAY IN OLYMPICS

New York, July 10.—(AP)—The rocky path of Charley Paddock's third bid for Olympic sprint honors has been cleared of its last obstacle.

Exonerated by the registration committee of the amateur athletic union of professionals, he will all tomorrow for Amsterdam with the rest of the American team on the S. S. Roosevelt tomorrow noon. Paddock's vindication came after he had conferred with Daniel Peris, secretary-treasurer of the A. A. A., and Robert S. Weaver, president of the Southern Pacific Association of the A. A. U., explaining in detail just how his motion picture tour was arranged. The sprinter reiterated that he had received remuneration neither for his work in the film itself for his personal appearance in theatres showing it. He supported this assertion with affidavits signed by Franklin M. Baldwin, theatrical producer, and Nicholas Schenck, an exhibitor of the film.

LLOYD GEORGE TURNS HAND TO PLOW

David Lloyd George, former prime minister of Great Britain, gets first hand information on the agricultural situation on his farm at Churt, near London. He is shown demonstrating a new motor driven hand plow and cultivator to some of his neighbors.

Democrats To Map Out Line Of Battle Within The Next Several Hours

Albany, N. Y., July 10.—(AP)—Democratic campaign plans are shaping up rapidly and within 48 hours will be disclosed to the country.

In New York city tomorrow the national committee will organize and a chairman will be named to direct operations. Governor Smith and Senator Robinson, his running mate, both will attend the meeting and will have much to say in the mapping out of battle lines.

The vice presidential nominee, after a brief stop-over in Albany yesterday, proceeded to New York by train, leaving the governor behind to make the trip down the Hudson today by automobile. On the way Mr. Smith planned to visit a Boy Scout camp at Bear Mountain and drop in at the National Guard camp across the river, near Peekskill.

The meeting here of the two nominees was their first since they were nominated at Houston. For an hour they discussed campaign strategy, organization and issues, but all they would say later as the ground canvassed was that the situation had been discussed in a general way.

Coincident with their chat, however, it was disclosed that Governor Smith had given his word that if elected a legislative program for farm relief. He gave this pledge in a message to W. H. Settle, president of the Indiana farm bureau federation, who had inquired as to his position on the problem.

Asserting that on the farm question he stood "squarely on the pledges given by the Democratic party at Houston," the Democratic presidential nominee told Settle that if he wins in November he would not wait until his inauguration to act but immediately would call a conference of leaders to aid him in drafting a legislative program of relief during the winter.

"I understand and sympathize with the objects which organized agriculture is struggling to attain and which our party has promised them to secure," he informed Settle, who in his message on inquiry had told the governor that "the farmers are looking for assurance of relief for the economic servitude in which they have been held for seven years."

In replying Mr. Smith departed from the policy both he and Senator Robinson have adopted of refraining from any open discussion of campaign issues until after their official notifications, or at least until after tomorrow's national committee meeting.

The selection of a committee chairman, who will manage the campaign, will be left largely to Smith by the committee members, although he has expressed a desire to obtain a consensus on the subject. He has disclaimed that he had made any decision as to the most available man for the post. Speculation of prominent Democrats in this connection, including Senator Gerry of Rhode Island, Senator Pittman of Nevada, who has been the governor's house guest here for several days, Owen D. Young, chairman of the board of the General Electric Company, Melvin Taylor, president of the First National Bank of Chicago, Franklin D. Roosevelt, who placed Smith in nomination at Houston, and Roland S. Morris of Pennsylvania, former ambassador to Japan, General belief has been that Senator Gerry is most likely to be selected.

Denver, Colo., July 10.—(AP)—Alpheus E. Dickson, wealthy Denver theater owner who has admitted killing a Missouri farm boy he found with Mrs. Dickson, today remained in jail while prosecuting attorneys drafted formal charges.

Mr. Hoover's plans for the future are now definite. He is to leave Washington Saturday night for the summer White House in Wisconsin, and after a day with President Coolidge proceeded to the Pacific coast, arriving in San Francisco at noon on July 20 at Palo Alto. On August 11 he is to receive the formal notification of his nomination and deliver his address of acceptance.

NATIONAL DEMOCRATIC COMMITTEE HAS ONLY \$200,000 TO START ON

New York, July 10.—(AP)—The final report of Jesse H. Jones as director of finance of the democratic national committee tomorrow will show that the new campaign committee will have approximately \$200,000 to start on.

In a statement today in which he summarized the report he will make to the national committee, Jones said since January, 1925, \$708,000 had been received from all sources. Of this amount \$200,000 was contributed by citizens of Houston for the convention fund and \$44,000 came from convention concessions. The expenses of the convention were about \$84,000. No part of the convention fund, he said, was used to pay the 1924 deficit or running expenses of the national committee.

GIRL OFFERS SELF TO WED AT AUCTION

Beatrice Albert, of Milwaukee, Wants Man to Support Her Father and Mother.

Milwaukee, July 10.—(AP)—Beatrice Albert, the 19-year-old "auction girl" of Siren, Wis., has renewed her quest for the man who will provide for her parents in return for her hand in marriage.

Miss Albert confessed that the plan did not satisfy her, but that it was the only one she has been able to think of by which the future comfort of her father, mother and brother could be assured. "I wouldn't mind working if I could get anywhere by doing it," she explained, "but under the circumstances I think the only solution is for me to marry some man who will take care of my parents."

When she first made this offer six months ago, she received numerous proposals. Eventually she accepted the offer of W. W. Goynes, 48, postmaster of the soldiers' home here, to provide a home for her parents on a six months' trial basis. At the end of the half year she was to decide whether she would marry him.

With the trial four months to run, Miss Albert has decided she can not go through with it. Goynes' attitude toward her "having a good time" during the six months' period was the reason she gave today for canceling the arrangement.

"He told me when we first came down here that he wanted me to meet some young fellows and have a good time," she said. "When I did, he objected. He accused me of being rude to him, although I always treated him as nicely as I could."

"I know now I can never marry him. Under the circumstances, I can no longer live in his house," Goynes, who lost a leg in an accident following the Spanish-American war, agreed that the bargain was off.

"I did what I could for the girl," he said, "because I didn't want her to hurry into a marriage which she might regret afterward. I never talked of marriage to her, because I am much older than she and handicapped in my physical condition. I was almost afraid that done for her, or something of that sort, she might fall in love with me."

During the two months' trial period the Albert family lived in one of the houses Goynes owns here.

MAN ADMITS KILLING BOY

Denver Theatre Owner With Death of Boy Found with His Wife

Denver, Colo., July 10.—(AP)—Alpheus E. Dickson, wealthy Denver theater owner who has admitted killing a Missouri farm boy he found with Mrs. Dickson, today remained in jail while prosecuting attorneys drafted formal charges.

Mr. Hoover's plans for the future are now definite. He is to leave Washington Saturday night for the summer White House in Wisconsin, and after a day with President Coolidge proceeded to the Pacific coast, arriving in San Francisco at noon on July 20 at Palo Alto. On August 11 he is to receive the formal notification of his nomination and deliver his address of acceptance.

NATIONAL DEMOCRATIC COMMITTEE HAS ONLY \$200,000 TO START ON

New York, July 10.—(AP)—The final report of Jesse H. Jones as director of finance of the democratic national committee tomorrow will show that the new campaign committee will have approximately \$200,000 to start on.

In a statement today in which he summarized the report he will make to the national committee, Jones said since January, 1925, \$708,000 had been received from all sources. Of this amount \$200,000 was contributed by citizens of Houston for the convention fund and \$44,000 came from convention concessions. The expenses of the convention were about \$84,000. No part of the convention fund, he said, was used to pay the 1924 deficit or running expenses of the national committee.

TWO INJURED IN WRECK AT RALEIGH

Raleigh, July 10.—(AP)—Miss Hazel Bethea, prominent young woman of Raleigh, received serious injuries and R. L. Gray, city editor of the Raleigh Times, suffered bruises and cuts when Gray's automobile collided here last night with that of a negro.

Local Man Elected Tobacco Warehouse Association Head

Rocky Mount, July 10.—(AP)—B. B. Sugg, Greenville tobacco warehouseman, was elected president of the North Carolina tobacco warehouse association this afternoon when more than 750 warehousemen from eastern Carolina gathered here in their annual meeting.

L. P. Tapp, of Kinston, was elected vice president and Hunter Fleming, of Kinston, was selected as secretary and treasurer.

The association voted to meet in Greenville at the next annual meeting next summer. The following were named as directors: W. B. Watts, of Wilkesboro; H. L. Spencer, Smithfield; T. R. Bell, Farmville; Selby H. Anderson, Wilson; W. H. Adkins, Robersonville; W. H. Carter, Kinston; and W. E. Fenner, Rocky Mount.

F. I. Vesal, of this city, presided as president.

SAYS BUSINESS WILL SUPPORT HOOVER CAUSE

Secretary Mellon Believes Coolidge Support Will Remain With Nominee.

Washington, July 10.—(AP)—With Republican leaders laying plans for their promised vigorous drive for eastern votes, Secretary Mellon has added the weight of his opinion to the situation by predicting that business will support Herbert Hoover as he has President Coolidge.

Mr. Mellon's views were made known tersely late yesterday. He was confident of Republican success in November and declared the outlook "as promising as it can be at this time." The treasury secretary will sail tomorrow for a short sojourn in Europe.

As a means to an effective campaign in the east, already termed the established battleground of the political struggle, chairman Work of the national committee is considering the advisability of inaugurating a series of regular weekly conferences to be attended by Eastern party leaders for the purpose of discussing the progress of the campaign and meeting developments as they arise.

So far as is known, he has arrived at no definite decision on this point, but at any rate, he called for such a meeting at New York on Monday. It is expected that the conference will be similar to that held here on Saturday, at which an eastern advisory council was formed.

Mr. Work's plans to clarify the part which Senator Moses of New Hampshire is to play in the campaign. After terming him a contact man between eastern state and national organizations, Mr. Work late in the day made public a telegram from the Senator in which he denied that he had gone to New York to open an eastern headquarters for the national committee.

Considerable speculation had followed chairman Work's statement of Saturday that Senator Moses would outline the plans and policies of the eastern campaign as a member of the advisory council.

Mr. Hoover's plans for the future are now definite. He is to leave Washington Saturday night for the summer White House in Wisconsin, and after a day with President Coolidge proceeded to the Pacific coast, arriving in San Francisco at noon on July 20 at Palo Alto. On August 11 he is to receive the formal notification of his nomination and deliver his address of acceptance.

National Air Racers Head For Arizona

El Paso, Tex., July 10.—(AP)—Undaunted by an accident to her small monoplane Mrs. Phoebe F. Omie, only woman pilot participating in the national air tour from Detroit to the west coast and return, today turned the nose of a borrowed plane toward Tucson, Ariz., the next objective.

Mrs. Omie and her passenger, Mrs. Edward Stinson of Detroit, were shaken up, but uninjured yesterday when their plane turned over at Marfa, Tex. Mrs. Omie attributed the accident to too short a turn after landing to refuel.

On arrival here, Pilot Jack Atkinson turned his plane over to Mrs. Omie and Mrs. Stinson. He will continue the tour as a passenger in one of the large ships.

ALLEN CHILD IS KILLED BY CAR NEAR CITY

Marcellus Taylor, Colored, Held Under Bond For Reckless Driving.

William Lewis Allen, six year old son of Mr. and Mrs. Moses Allen, was run down and killed by an automobile driven by Marcellus Taylor, colored, on the Greenville-Falkland road, about two miles from this city last night shortly after seven o'clock. Taylor was examined by the county coroner this morning and bound over to the next term of Pitt county criminal superior court under bond of \$500.

The tragedy occurred when the child alighted from an automobile in which he had returned from Greenville in company with some brothers. He had just left the car and started across the road when the car driven by Taylor ran into him. Death is said to have been almost instantaneous.

The negro is said to have stopped his car and went back to offer his assistance. He later came to town, told his landlord what he had done and then submitted to arrest.

The verdict of the coroner's jury was to the effect that the child came to his death through the reckless and careless driving of an automobile driven by the negro. The coroner's jury was composed of S. V. Morton, L. S. Parkerson, L. O. Gross, W. S. Fleming, Office Stancill and S. A. Whitehurst.

Funeral services for the child were conducted from the home of his parents this afternoon at three o'clock. Burial was made in the Tyson graveyard.

Dr. Roberson Held On Probable Cause In Abortion Charge

Durham, July 10.—(AP)—Probable cause was found at the hearing today in the case of Dr. Mike Roberson, charged with performing an illegal operation on Irma Louise Robinson, Goldsboro young woman who taught in Raleigh public schools last year, and the lower court bound the physician over to the next term of superior court under \$4,000 bond.

The state used as its chief witness M. H. Davis, state department employe of Raleigh, who said he had promised to marry Miss Robinson.

Davis testified that Dr. Roberson performed the operation for which he was indicted. Davis said he paid the physician \$50 for the operation. He added that he brought the young woman back to Raleigh, took her to the home of Mrs. E. E. Forsythe where she spent the night and was taken from there the next day to a local hospital. Miss Robinson died a few days later.

Doctors W. B. Dewar and H. G. Turner of Raleigh, also testified. Mrs. Forsythe and Davis are under bonds, pending a hearing on charges in connection with the death of Miss Robinson.

Three Minority Parties Bristle For Battle As They Gather At Capital

Chicago, July 10.—(AP)—Three national minority parties began drawing battle lines today for the November elections.

Each group gathered here in separate conventions—the prohibition party, the farmer-laborites and the Jefferson-Lincoln league—but there was a pronounced pre-convention sentiment that the three finally would merge their strength behind a single presidential candidate. The most likely name mentioned as satisfactory to all three was that of United States Senator George W. Norris of Nebraska.

Representatives of the three parties last night discussed with feasibility of united under one banner in the fall elections in behalf of the same candidates. The idea that each party maintain its autonomy, however, prevailed, though the groups indicated willingness to unite on the prohibition issues, as well as upon national candidates.

In the prohibition party convention, of which Dr. D. Leigh Colvin, New York was temporary chairman, the dominant note was to "defeat Smith."

Dr. Colvin said there were three courses open to the prohibitionists. The party might refrain from nominating any candidate, he said, thus enabling its adherents to vote for the Republican nominee, Herbert Hoover; it might decide to nominate an outstanding prohibitionist, pos-

New Expedition Seeks Amundsen

St. Malo, Ile-El-Villaine, France, July 10.—(AP)—A new expedition to seek Roald Amundsen and Lieutenant Rene Guilbaud with their missing airplane crew got under way today under command of Dr. Jean Charcot, famous Arctic explorer.

Dr. Charcot sailed in his vessel, the "Pourquoi Pas." He said he had not given up hope of finding Amundsen and his men alive.

LOWENSTEIN DEATH STILL IS UNSOLVED

Investigators Believe Accidental Death is Most Logical Conclusion.

Brussels, July 10.—(AP)—Judge De La Rumiere, who presided at an investigation into the disappearance of Captain Alfred Lowenstein, believes that accidental death seems the most logical explanation of the mystery.

He refused to give a death certificate, however, since the mystery developed in an English plane in French territorial waters and the Belgian authorities were therefore incompetent.

All those in the plane at the time when they claim Lowenstein accidentally fell to his death testified at the hearing, which was held because the Lowenstein family desired a death certificate.

There has been no confirmation of an Exchange Telegraph dispatch from Dunkirk which said a fisherman saw a parachute descend about the time the Lowenstein plane was crossing the channel.

Backwater Floods Yazoo River Farm

Vicksburg, Miss., July 10.—(AP)—Efforts of two weeks in strengthening a backwater levee on the Yazoo river by a force of 50 men failing, 1,100 acres of land on the Belle Isle and Aubrey plantations of Dr. S. W. Johnson today were flooded.

Preparations had been made to move the livestock and farm machinery in the affected area to higher ground and none was lost. The greatest loss will result in growing cotton and corn on the lands.

DISASTROUS FIRE AT YADKINVILLE

Winston-Salem, July 10.—(AP)—A local fire company and one truck left here this afternoon for Yadkinville, 30 miles from here, where it was reported fire was threatening the town.

The blaze was said to have started in the W. G. Wooten lumber plant and to have spread to nearby dwellings. A breeze was said to be hindering the work of fire companies.

Three Minority Parties Bristle For Battle As They Gather At Capital

Chicago, July 10.—(AP)—Three national minority parties began drawing battle lines today for the November elections.

Each group gathered here in separate conventions—the prohibition party, the farmer-laborites and the Jefferson-Lincoln league—but there was a pronounced pre-convention sentiment that the three finally would merge their strength behind a single presidential candidate. The most likely name mentioned as satisfactory to all three was that of United States Senator George W. Norris of Nebraska.

Representatives of the three parties last night discussed with feasibility of united under one banner in the fall elections in behalf of the same candidates. The idea that each party maintain its autonomy, however, prevailed, though the groups indicated willingness to unite on the prohibition issues, as well as upon national candidates.

In the prohibition party convention, of which Dr. D. Leigh Colvin, New York was temporary chairman, the dominant note was to "defeat Smith."

DELVE DEEPER INTO GEORGIA POSTAL CASE

Senate Committee Finds Employees Have Contributed to Political Funds.

Atlanta, Ga., July 10.—(AP)—The suicide of L. F. Peterson, Democratic postmaster at Douglas, Ga., who blamed his death on alleged assessments by Georgia Republican organization, was drawn sharply into the picture at today's hearing of charges of patronage irregularities by a senate sub-committee.

Roscoe Pickett, chairman of the state Republican central committee, took the stand as the first witness to assert that his investigation of the case showed that the real cause of Peterson's act was a shortage in his funds at the postoffice.

The witness, admitting that he had heard complaints of collections by party officials or others, said the Peterson case was the only recent instance brought to his attention.

The matter was taken up by the postoffice department, the witness continued, adding that all instances of complaints he knew of had been so handled.

One such complaint was about a rural mail carrier's job "down about Brunswick," he said.

United States Senator Walter F. George, of Georgia, asking the committee in the questioning of witnesses, pressed Pickett on the Peterson case.

"Is it not true that these alleged shortages occurred while he was under threat of removal?"

"Yes," replied the witness. "I have since discovered that to be true."

Senator Smith W. Brookhart of Iowa, chairman of the committee, questioned Pickett about the Republican state committee's payroll.

"Why is it that the committee had several men employed at headquarters under big salaries?"

"I don't know," the witness answered. "But outside the salaries paid the secretary and treasurer and two assistants, there are none."

Brookhart brought up yesterday's testimony when John W. Martin, treasurer, estimated the committee's monthly expenses at \$1,200. Pickett, however, said the expense would not total more than \$600.

The witness said he drew no salary himself and that he paid his own expenses in certain instances. He said he once drew a salary of \$250 monthly but with a reorganization of the committee in 1926 he had declined to receive a salary.

Senator George inquired if Pickett knew what the monthly receipts of the committee amounted to and the witness replied in the negative.

"Has the committee made any contributions to the state or national campaign?" Senator George pursued.

"Yes."

"Have you the checks?"

"No, it was under a previous administration."

"Why, the records of the treasurer show that all money was used for incidental expenses" of the office, the questioner returned.

Atlanta, Ga., July 10.—(AP)—The senate committee investigating Republican patronage in this state was prepared today to delve deeper into charges that postoffice positions have been sold and employees assessed tribute that they might hold their jobs.

With disclosure yesterday that many postal employes have made regular monthly contributions to the funds of the Georgia Republican central committee and admission by Ben J. Davis, former national committeeman, that he had heard complaints of collections, Senators Walter F. George and William J. Harris of Georgia believed the opening wedge had been driven.

Record of payments from postal employes was contained in a card index submitted at the request of the committee by John W. Martin, treasurer of the central committee, who denied that any assessments had been made by his office or by anyone else so far as he knew. He said he had accepted the money as voluntary contributions.

Davis also declared he did not know personally of any levies or collections, but said he had heard complaints from four or five localities that varying sums had been paid over to local party officials by applicants for postal positions.

Although Senator Brookhart, Republican, Iowa, is chairman of the committee and with Senator Locher, of Ohio, comprises the membership of the committee here, they called upon Senators George and Harris to air them because of their familiarity with the conditions.

Senator George took over most of the questioning, seating himself at the committee table with a sheath of material which he has been investigating patronage conditions for four years and with Senator Harris was co-author of the resolution.

FOOD FOR THOUGHT

Declaring that an open frankness, despite a dissenting opinion, is preferable to an agreement from mere expediency, the Atlanta Journal says that Georgians will have no hesitancy in supporting Governor Al Smith for the presidency because they realize that they can take care of the prohibition question by electing Congressmen and Senators who believe in it but that they cannot make sure of redeeming the government from corruption except by electing a Democratic President.

What the Journal says is real food for thought for those in the south who are continuing to howl about the action of the Houston convention and are fighting Governor Smith because he openly expresses a desire for modification of the prohibition laws.

The Journal's comment is as follows:

"The multitudes of Georgians who differ emphatically with Governor Smith on this issue (prohibition), nevertheless acknowledge the candor and the courage with which he has spoken out his mind. Nor can they fail to see that the cause has far less to fear from one who frankly dissents than from one who pretends to agree from mere expediency. They can take care of prohibition by electing Congressmen and Senators who believe in it; but they cannot make sure of redeeming the government from the darkest corruption that ever disgraced it except by electing a Democratic President.

"Greenville has needed the public playground movement for some time. Now that we have it and have seen the many advantages to be derived from it we should do everything possible to make it a permanency during succeeding summer months.

"Let the boys know you are behind them in their ventures, and rest assured they will do everything possible to live up to things expected of them."

"Eastern North Carolina watering places are certainly proving a mecca for hot weather sufferers," declared a Greenville man who spent the week end out of the city enjoying a plunge in the blue sea.

"I never saw quite so many people at the seaside as I did the Fourth of July and last Sunday. It looked like a regular Coney Island on a small scale.

"Most of the small towns and cities are practically deserted during the week-ends now. Everybody that has a car and enough money to buy gas and oil has away for the salt water as soon as they close down business Saturday.

"They get good returns from the effort. It requires a certain amount of diversion and recreation for everybody, and if they get it the majority are more capable of carrying on with their daily occupations than they would be under ordinary circumstances."

"Greenville is growing—and growing rapidly," a citizen told us today. We agreed to the correctness of the statement and expressed hope the growth would continue.

it is one to which all who are democratic at heart can rally with enthusiasm. After the party itself, it is the only effective instrument by which the American voter can assert his rights and his conscience against Republican misrule, and the only political medium through which the South can deal with matters that involve the very existence of her civilization. As for the candidate, he has been four times elected Governor of the largest state in the union and one normally Republican, and is conceded on all sides to be an able executive, a vigorous campaigner and a picturesque personality.

"The daughter of a great and good Georgian, who was a pioneer for prohibition and a leader for civic righteousness, the lamented Judge DuPont Guerry, was asked, upon her return from the Houston convention, where she sat as a Georgia delegate, if she were still a Democrat. Her answer deserves a place in history, and is destined to become a proverb of the 1928 campaign:

"I was born and reared a Democrat. My father was a staunch Democrat. It is a part of my life—it is in my blood." So declared Mrs. W. O. Kinney, of Macon. And she gave, when all is said, the profoundest reason why Georgians will vote the Democratic ticket next November. It is in our blood."

ABOUT TOWN

"Announcement of the election of Tommy Abbott to the managership of the Greenville base ball club was received with more than general interest by local people yesterday afternoon," a fan told the writer of this column today.

"Abbott is one of the most popular members of the club. He has had considerable experience as manager in the Virginia and Piedmont leagues, and should be able to put Greenville in line for a long string of victories."

"We have one of the best clubs in the league. With strengthening of a few weak places there is no reason on earth why we should not reach the top of the standing of clubs column in comparatively short time."

"Boys taking part in the municipal playground movement seem to be getting quite a kick out of the experience," commented a business man today who has had an opportunity of watching the youngsters in their activities.

"The ball games, swimming parties, etc., are providing a means of wholesome recreation and has also been instrumental in creating quite a spirit of rivalry between the various teams.

"Greenville has needed the public playground movement for some time. Now that we have it and have seen the many advantages to be derived from it we should do everything possible to make it a permanency during succeeding summer months.

"Let the boys know you are behind them in their ventures, and rest assured they will do everything possible to live up to things expected of them."

"Eastern North Carolina watering places are certainly proving a mecca for hot weather sufferers," declared a Greenville man who spent the week end out of the city enjoying a plunge in the blue sea.

"I never saw quite so many people at the seaside as I did the Fourth of July and last Sunday. It looked like a regular Coney Island on a small scale.

"Most of the small towns and cities are practically deserted during the week-ends now. Everybody that has a car and enough money to buy gas and oil has away for the salt water as soon as they close down business Saturday.

"They get good returns from the effort. It requires a certain amount of diversion and recreation for everybody, and if they get it the majority are more capable of carrying on with their daily occupations than they would be under ordinary circumstances."

"Greenville is growing—and growing rapidly," a citizen told us today. We agreed to the correctness of the statement and expressed hope the growth would continue.

take notice of us. The home-seeker and investor at least has awakened to the untold opportunities offered by the fertile soil of this great agricultural community.

"The city and county, too, have experienced healthy growth the past live years. Should we develop as rapidly during the next five years, we will certainly be able to take our place among the thriving sections of the country.

"If you believe the possibilities afforded by your home town, get busy and tell other people about it. Let them know what we have to offer and rest assured they will be only too glad to take advantage of it.

"With a new manager, a new player and other new players to come, the future of the Greenville baseball club today seems brighter than any other time this season," optimistically declared a fan today.

"With support from that great mass of people who have not been attending the games this season, we should be able to show our heels to

NEW YORK MAN MAY HEAD ELKS

Election of Murry Elbert Seemed Foregone Conclusion at Miami Today.

Miami, July 10.—(AP)—Election of Murry Elbert, wealthy New York lawyer, politician and sportsman, as Grand Exalted Ruler of the Benevolent and Protective Order of Elks today was virtually a foregone conclusion as 1,400 accredited delegates were called together for the first formal business meeting of their 64th annual convention here.

Practically no opposition had been manifest at convention headquarters to Mr. Elbert and his unanimous election was considered a mere formality to be acted upon by the delegates just prior to the selection of next year's convention city. Los Angeles was the only city that had made a determined fight for the 1929 meeting before today's session was called to order.

Mr. Elbert, who is 47 years old,

has been a member of the Elks lodge since 1908, and since that time has been an active worker in the ranks of that organization. He is a former Congressman, and president of the board of aldermen of New York City and is now serving his fourth term as president of the American Amateur Union. He is also first vice-president of the American Olympic Association and expects to sail for Europe immediately after the convention, here to attend the Olympic trials at Amsterdam.

John Frank Mulley, of Boston, retiring Grand Exalted Ruler of Elks, was selected to preside over the meeting by virtue of his office, and the Rev. Dr. John Dysart, of Flint, Mich., Grand Chaplain of the order, was chosen to deliver the invocation.

Selection of officers and next year's convention city was the only outstanding business included in the day's program for the accredited delegates.

DELVE DEEPER INTO GEORGIA POSTAL CASE

(Continued From Page One) lution under which the committee was empowered to carry its investigation into any state.

Declaring at the outset that the investigation had not been intended for the purpose of punishing any one, Senator Harris said there was

every reason to believe that the postoffice jobs had been given in this state for financial consideration. He said he only hoped that the result of the inquiry might clear up "deplorable conditions" and prevent their recurrence.

Senator George said the inquiry would be futile if it resulted only in the loss of their jobs to some postmasters. He declared his sympathy for postal employees. The present practice of patronage in this state must be eradicated, said George, and replaced with one that

will not be subject to surprise and open criticism.

Among the witnesses summoned to appear before the inquiry is T. J. Davis, former postmaster at Clarksville, Ga., Ben Davis, negro former national committeeman, told the committee yesterday that Davis once told him he had paid \$50 to the county chairman of the party. The negro denied that he had told Davis that Martin (the treasurer) would require \$250 on an application for re-appointment as postmaster.

Mrs. Ned Laughinghouse has returned from a visit in Oriental.

## CLARK-BROGDON

Miss Mary Catherine Brogdon announces the marriage of her sister Myrtle Estelle

to Mr. David McKenzie Clark on Tuesday, the tenth of July, nineteen hundred and twenty-eight, Greensboro, North Carolina.

No announcements sent in Greenville and Pitt county.

The wedding of Miss Myrtle Brogdon and Mr. David M. Clark was solemnized at high noon today at the home of Mrs. E. Poole, 824 Walker avenue, Greensboro, N. C. The home was decorated with palms and flowers. The ceremony was performed in the presence of a few close relatives and intimate friends by Dr. J. Clyde Turner, pastor of the First Baptist church.

The bride wore a chemise gown of Mother Goose crepe with hat, slippers and gloves to match. Her flowers were a corsage of Sweet-heart roses and valley lilies. Immediately following the ceremony, Mrs. E. Poole and Miss Pearl Wyche tendered the couple and their guests a wedding breakfast.

The bride is the daughter of the late Francis Lafayette Brogdon and Mrs. Catherine Shockley Brogdon, of Maxwell, Tennessee. Her father's people were originally from North Carolina, he being a cousin of the late Governor Brogdon. Mrs. Clark is a graduate of George Peck College for Teachers, Nashville, Tenn., and has done graduate work at Columbia University, New York. She taught for two years in the public schools of Tennessee and was supervisor and teacher of the Junior High School English of the East Texas State Teachers College, Commerce, Texas, for three years. For the past four years, she has been Supervisor of Pitt county schools. During her stay here she has been active in the religious, educational and social life of the community and has endeared herself to a large number of friends both in this city and throughout the county.

The groom was born at Halifax, N. C., and is the son of Edward Thorne Clark and Mrs. Margaret Lillington Clark. He is the nephew of the late Chief Justice Walter Clark. He is a graduate of State College and studied law at Wake Forest. He came to Greenville in the capacity of a civil engineer, but retired from that vocation to pursue law. During his practice of law here, he has represented Pitt county for three sessions in the Legislature; served as Mayor of Greenville for eight years, and is now Solicitor of the Fifth Judicial District. He is an ex-service man of the World War, where he served as lieutenant. He has a host of

## FIRST SPEECH OF CAMPAIGN

Alfred E. Smith addresses neighbors and friends from the porch of the governor's mansion at Albany at a celebration of his nomination for president. Behind the governor are Corp. John Morrissey, his personal bodyguard; Charles M. Winchester, chairman of the celebration, and Wescott Burlingame, president of the Albany chamber of commerce.

### FORMER PITT COUNTAINS

#### IN GREENVILLE ON VISIT

Judge C. Frank... and his wife, Dr. Anna Flanders Wilson and their three daughters, the Misses Ruth, Margaret and Janet Wilson, Mr. and Mrs. Henry H. Wilson, Jr., Mr. and Mrs. Henry H. Wilson, Jr., of Columbus, Georgia, and their daughter, Mrs. Daniel Dove, of Rocky Mount, after a two week's fishing trip to Ocracoke, are at the Hotel Proctor for a few days, and will renew old acquaintances and visit some of their many kinsfolk in and around Greenville.

### Bernard Ocko at College Tomorrow Evening.

The violin concert at East Carolina Teachers College tomorrow (Wednesday) evening, by Bernard Ocko, will be in the Administration Building at 8:30 o'clock.

This, to many, will be the best of the summer series of entertainments. Musicians will have the pleasure of hearing an artist who has been highly praised for his technique and musicianship and those who love the violin but care little for the technique will enjoy his fine interpretations. The critics have used the words "virile and romantic" to describe his playing and comment on the beauty of his melody. Altogether, his playing is considered delightful.

He has the spirit of the born artist in his attitude towards work. It is interesting to one to hear a young artist and feel that he has helped to discover him then to follow him as he achieves wider and wider fame.

Next week the college entertainment will be an illustrated lecture by the astronomer, Dr. A. M. Harding. Later in the summer there will be two recitals by singers, Martino-Rossi, a baritone, and Kenneth Damon a tenor.

Both the college and the public have been delighted with the entertainments this summer.

Captain Wilson Arrives From Hawaii. Captain Carl B. Wilson, U. S. Army, arrived yesterday from Honolulu, Hawaii, to visit his father, W. B. Wilson.

Mrs. McLemore Entertains Missionary Society. Circle No. Seven of the Woman's Missionary Society of Jarvis Methodist Church met last night with Mrs. Estelle McLemore and Miss Athlene Edwards at the Methodist parsonage.

The meeting was called to order

### City League Has Many Games Scheduled.

Beginning tomorrow, when the Tobacconists leave town for the rest of the week, the teams of the Sunday School League swing into action again, and play five games in the remaining four days of the week.

Tomorrow will see a double header, with the Presbyterians and Methodists clashing in a contest that will decide who holds second place for some time, and the Immanuelites trying to get out of the cellar by pushing the allies down a little further.

Both promise to be good contests with the allied team furnishing more opposition than they did in their opening game last week. The true caliber of the Presbyterians will be shown when they face the Methodist pitchers, and if they can bombard the Wesleyan hurlers to the extent of making the use three pitchers, there is going to be hard work for any team which stops them.

REAL "SANDLOTS" LEAGUE IN TOWN. Junior Patriotic Baseball League Formed.

The Greenville Civic Playground movement has today organized a baseball league for boys of twelve years and under, consisting of four teams, Red, White, Blue and Green, and playing a schedule of four games a week, each team participating in two contests. Red and White begin the schedule tomorrow and Blue and Green carry on Thursday.

The teams are arranged to be as equal as possible. Each squad may carry eleven men, so there is a chance for a few more boys to get in on the league for a few days. Mayhew Sawyer and Berry Dall form the Red battery, with Frank Parks, Joe White, George Lautares

Turkish Women To Lecture At U. S. Institute

Washington, July 10.—(AP)—Halhed Edib Hanoum, wife of the Turkish statesman, Dr. Adnan Bey, is coming from Turkey, still so weighed with centuries of harem tradition, to be the first woman leader in one of free America's outstanding academic institutions.

Her name was prominent in library and lecture course on modern Turkey will be a departure for the Washington Institute of Politics next month. But as a violation of precedent it will be far less sensational than her advocacy of feminine freedom in Turkey, her success as the first Turkish woman graduate of Constantinople College or her presentation of a parliamentary petition for changes in the country's marriage laws.

# GOLDSBORO WINS FIRST GAME HERE

Goldsboro blanked Greenville in the opening game of the series here yesterday afternoon. The score was 8 to 0.

Carver did mound duty for the visitors. His bowlers had the locals at his mercy all through the game. Five hits were gotten off of his delivery but they were so widely separated they failed to result in scoring.

Greenville was credited with three errors which figured largely in the victory of the Manufacturers. Inability to hit when hits would have counted for runs was mainly responsible for the whitewashing administered to the Tobacconists.

Wilson went the whole route on the firing line for the locals. Although wild during early stages of the game, he settled down and retired five batters by the strikeout route.

The feature of the game was a home run by Patton in the eighth with one man on.

The Manufacturers will conclude the series here this afternoon and will return home accompanied by Manager Tommy Abbott and his rejuvenated Tobacconists.

The box score of yesterday's game follows:

Goldsboro:	A	B	R	H	O	P	O	A	E
Culloty, ss	3	2	1	0	4	1			
Daughtry, 3b	3	2	1	2	1	0			
Patton, rf	4	1	1	1	0	0			
Hammel, cf	4	2	3	2	0	0			
Coletrane, lf	5	0	2	0	0	0

Base on balls: off Carver, 1; off Wilson, 5. Struck out: by Wilson, 5. Passed balls: Abbott. Umpires: Beck and Riggs. Attendance, 800. Time of game: 1:50.

## Asheville Still Climbing Higher

(By the Associated Press) Charlotte fans are probably fully satisfied that there is no justice after seeing Bruggy, hurler for their South Atlantic Association team, defeated in a mound battle with Columbia yesterday.

Both the Hornet pitcher and his opponent, Spencer, turned loose fine ball. The only run of the game came on an error in the seventh inning. Bruggy allowed the Comers just five hits and struck out five, while Spencer gave up one less blow and whiffed one more.

Asheville showed no intention of relinquishing any of its lead and bunched enough hits to beat Greenville 6 to 2, Keys helping out with a homer to score two.

Macon and Augusta broke even in a dual offering, the Peaches winning the first game 5 to 1, when Bob Lowthian, recently secured from Tampa in the Southeastern League, held the Tigers to four bingles.

The Tigers came back, however, to score a pair in the seventh inning of the nightcap and won 2 to 1.

Knoxville outslugged Spartanburg and won 14 to 8. Thirty hits were made; 16 of them by the winners. Feathers of the contest were a homer by Craft and a triple killing by the Smokies in the ninth frame.

## Third Liberty Loan Bonds

The Treasury offers a new 3 1/2 per cent, 12-15 year Treasury bond in exchange for Third Liberty Loan Bonds.

The new bonds will bear interest from July 16, 1928. Interest on Third Liberty Loan Bonds surrendered for exchange will be paid in full to September 15, 1928.

Holders should consult their banks at once for further details of this offering.

Third Liberty Loan Bonds mature on September 15, 1928, and will cease to bear interest on that date.

A. W. MELLON, Secretary of the Treasury, Washington, July 5, 1928.

## BIPLANE CARRIES POLISH FLYERS

A 650-horsepower Amiot biplane, named the Marshal Pilsudski for the Polish political leader, is the craft in which Capt. Lopuszinski and Capt. Casimir Kapula of Poland rely to carry them from France to the United States.

## SPORTS SLANTS

By ALAN J. GOULD

New York, July 10.—(AP)—Three American athletes, Jole Ray, Lloyd Hahn and Charley McGinnis will attempt to score double victories in the Olympic track and field championships at Amsterdam but it is doubtful whether anyone of them will succeed.

Of the trio, Hahn perhaps has the best chance to score a double, although his efforts will be put forth in two events, the 800 and 1,500 metres, in which the keenest sort of competition will be forthcoming from European rivals.

Hahn stands out now as the greatest 800 metre runner in training. The performances of the famous Nebraskan in shattering the American record and then the world's mark for the distance surpass anything so far registered abroad by his foremost rivals—Dr. Otto Pelzer, of Germany, Douglas Lowe, of England, the champion, and Serapkin Martin of France.

Lloyd's opposition in the 1,500 meters will come chiefly from England, apparently there will be plenty of it for Paavo Nurmi, the champion, did no better than third in a tryout in which a newcomer, Lagerstrom, equalled the world's record with Borg in close pursuit. Thus the Finn will have at least three threats with Sweden counting on Edvin wide to stage a comeback and France putting forth a new contender in "Chesty Jules" Ladoumergue.

Jole Ray probably will have a better chance to win in the marathon than in the 10,000 metre race, although he is by far the outstanding American in the latter event.

The other athlete attempting a double, Charley McGinnis, Wisconsin's greater pole vaulter and high jumper, will likely have his own countryman to beat if he is to land on top in either event. He tied Bob King in the high jumps and beat the Olympic champion, Hal Osborn, but it is doubtful whether he can surpass such pole vaulters as Sabin Carr, Lee Barnes or Bill Drogemueler, all three did 13-9 at the final trials, while Barnes and Carr have surpassed 14 feet.

By the Associated Press. (Including Games of July 9).

NATIONAL. Batting: Hornsby, Braves, 407. Runs: Bottomley, Cards, 74. Runs batted in: Wilson, Cubs, 72. Hits: Douthett, Cards, 117. Doubles: Hornsby, Braves, 28. Triples: Bottomley, Cards, 12. Homers: Wilson, Cubs, 22. Stolen bases: Frisch, Cards, 16. Pitching: Lucas, Reds, won 9, lost two.

AMERICAN. Batting: Goslin, Senators, 409. Runs: Ruth, Yanks, 85. Runs batted in: Gehrig, Yanks, 77. Hits: Manush, Browns, 116. Doubles: Flagstead, Red Sox, 30. Triples: Rice, Senators, 11. Homers: Ruth, Yanks, 32. Stolen bases: Mostil, White Sox, 12. Pitching: Crowder, Browns, won 9, lost 1.

# PITTSBURGH HOLDS SWAY IN THE WEST

By HERBERT W. BARKER  
(Associated Press Sports Writer)  
Perhaps the Pittsburgh Pirates aren't going anywhere in particular this year, but they seem determined to keep the National League championship in the west.

Bowling over the New York Giants for the third time in a row yesterday, the Corsairs thereby earned a vote of thanks from the St. Louis Cardinals who took occasion to beat the Boston Braves again and stretch their lead to four and a half games.

Burleigh Grimes was the thorn in McGraw's side yesterday. The score of his latest victory was 5 to 3.

Two homers, accounting for five runs, featured the Cards' 8 to 5 triumph over the Braves. Jim Bottomley hit his 19th homer of the year with two on and George Harper found one man on the bases when he peled out one for the circuit.

The Cincinnati Reds, holding third rung in the standing, drew up to within eight percentage points of the Giants with their third straight decision over the Phillies, 5 to 4.

Dazzy Vance pitched the Brooklyn Robins to their third win in the five game series with the Chicago Cubs 6 to 2.

The American League champions saw their lead shaved to 11 games when they split a double header with the St. Louis Browns, while the Philadelphia Athletics were crushing Cleveland.

Herb Pennock shut out the Browns with six hits in the opener at New York, 4 to 0, but four Yankee hurlers were battered for 20 hits in the nightcap, which went to St. Louis 12 to 6.

Three Athletics buried the Indians under a 14 to 4 score, making 23 hits.

Al Thomas bested Sad Sam Jones in a pitching duel at Washington, the Chicago White Sox gallantly away with a 3 to 1 decision.

The Boston Red Sox took both ends of a double bill with Detroit 4 to 0 and 8 to 2.

### Lady Heath Claims Altitude Record

Rochester, England, July 10.—(AP)—Lady Heath, noted woman flier, accompanied by Miss Cecelie O'Brien, today created what is claimed as a new altitude record for a light metal seaplane. Their sealed barograph showed that the machine reached a height of 13,400 feet.

### Race Schooner Reported Lost At Sea Today

New York, July 10.—(AP)—The Schooner Rofa, smallest of four yachts that started on June 30 from Ambrose lightship for Sanmader, Spain in the race for the Queen Victoria cup, has been lost at sea. Her crew, including Mrs. William Roos of Pelham Manor, N. Y., wife of the captain and owner, have been picked up by the steamer Tuscarora, en route to New York.

The captain of the Tuscarora sent a radio message that the Rofa's crew was safe aboard and well. A latter message received by the New York Times from Mr. Roos and Captain Hart of the Tuscarora said:

"10 15 a. m. July 6. 800 miles east of New York, both masts carried away. At 8 p. m. sighted Tuscarora with intention of being towed into port. Captain of Tuscarora strongly urged, owing to storm warnings, that it was imprudent to stay on yacht and prevailed on us to come on board and have Rofa towed. Towed Rofa until 2:30 a. m., when she broke adrift and was lost. The Rofa, 50 feet overall, sailed under an unusual rig, which never before had been tested under sea conditions. A message from Walter Hugo Schoeler, a member of the crew, to his brother Herman R. Schoeler here said that the Rofa sank."

### FIGHTS LAST NIGHT

Chicago.—Dave Shade, California, knocked out Bert Colima, Los Angeles, (7). Sandy Garrison, Los Angeles, won from Billy Stab, Detroit, (6). Indianapolis, Ind.—Mike Dundee, Rock Island, Ill., outpointed Henri de Wanaker, France, (10). Cincinnati.—Jimmy Hackley, Los Angeles, won from Johnny O'Keefe, Columbus, Ohio, (10). Memphis, Tenn.—Frankie Dugan, Memphis, technically knocked out Red Herring, Utica, N. Y., (3). Miami, Fla.—Tillie (Kid) Herman, Montreal, knocked out Earl Hudson, Miami policeman, (1).

## ABOUT SCOUTS

By H. C. TOLAR  
(Scribe of Troop 1)

At the scout meeting held at the Rotary building last night, Junior Rivers, Paul Hatem and Clyde Rippen were elected patrol leaders and twenty-one other boys who were present were assigned to the various patrols. Besides the patrol leaders and 21 Scouts, the staff was present including: H. K. Thomas, Scout Master; J. D. Lanier, assistant Scout Master; Zack Vandyke, Scribe; Patrol Leader; H. C. Tolar, Scribe and secretary-treasurer.

Mr. Norman Winslow, the chairman of the boys' activities for the coming year, was also present and presented to us some of the objectives of the Scout movement. He also stated some of the rules which the Scouts must adhere to if they wish to retain the privilege of us-

ing the "Rotary building."

Following this the Scouts were dismissed and a staff meeting was called in which we discussed the prospects of the Greenville Scouts having an outing at Camp Leach this summer. This could be arranged more easily if some of our business men would dig down deep in their jeans and make a donation to the Scout Bonus. (Gentlemen, we boys would appreciate this much).

I hope the people of Greenville will get behind the Scouts, now that they have a Scout Master, and give us the shove that they have needed so long. I hope that now, as we have a man like Mr. Thomas who has had seven years experience in Boy Scout work, to take charge of us, every red-blooded man and woman who likes to see the younger boys coming up in the right way, will get behind the Scout movement and give it the support it needs and should receive from the citizenship.

The next Scout meeting will be held at the Rotary building, Wednesday, July 11, at 7:30. Every Scout and anyone else interested in Scouting be sure and be there without fail.

### FAVORS FRYING FISH TO RESISTING DIVORCE

Milwaukee, July 10.—(AP)—As between frying fish for President Coolidge and going to court to resist a divorce action, Ernest Gilpin favors frying fish.

Gilpin, employed in the summer White House kitchen at Cedar Island lodge, wrote that the Milwaukee circuit court that he would be unable to appear to answer charges of desertion and cruelty filed by his wife. He said to do so might cost him his job.

The court entered the letter as an answer in the case and directed Gilpin to fry enough fish to assure Mrs. Gilpin \$12 weekly separate maintenance allowance.

### Newspaper Men To Visit President At Superior Today

Superior, Wis., July 10.—(AP)—Two appointments only were on President Coolidge's program today for his bi-weekly visit to the executive offices here.

J. T. Murphy, of this city, and M. F. Hanson, of Duluth, both newspaper publishers, were to pay their respects to the chief executive and give him a further insight into the political situation in Minnesota and Wisconsin.

Mr. Coolidge was again at his fishing yesterday, while his son, John, tried his hand once more at golf in Duluth.

Lions Open Convention. Des Moines, Ia., July 10.—(AP)—Seven thousand delegates were here today for the opening of the 12th annual convention of lions interna-

tional. There will be four days of sessions. "The moral code for youth" was the general subject for the first day's meeting, with President Irving L. Camp of Johnstown, Pa., as the principal speaker.

# Market Report Cotton--Stocks--Grain

**NEW YORK COTTON**  
New York, July 10.—(AP)—The cotton market today recovered a good part of yesterday's losses. There was further liquidation on the big acreage figures, but offerings were much smaller after the heavy selling of the previous day. Prices advanced on covering or re-liquidation promoted by unfavorable features in the weather and crop news and relatively steady Liverpool cables.

The mid-afternoon market was quiet but steady, at net advances of 28 to 30 points.

Open	High	Low	Close	P. C.
Jan. 21.42	21.64	21.26	21.63	21.21
Mar. 21.32	21.54	21.28	21.54	21.22
July 21.58	21.71	21.36	21.71	21.45
Oct. 21.70	21.94	21.64	21.92	21.62
Dec. 21.84	21.77	21.49	21.76	21.46

Operations for the advance succeeded in lifting a few specialties to new high records, but they had difficulty in attracting an outside following in the general list. Private estimates of a large increase in crude oil production tended to restrict the buying movement in the oil shares although further accumulation was noted in Sinclair and the stocks of a few other refiners.

The close was heavy. Total sales approximated 1,700,000 shares.

**CHICAGO GRAIN**  
Chicago, July 10.—(AP)—With a set-up in liquidating sales on the part of holders, all grain showed a decided rally today from the unusual weakness which was manifest the day previous. Hedging pressure on wheat was less pronounced, although the movement of newly-harvested wheat in the southwest remains heavy.

Black rust reports from the north west were more serious, and besides there was considerable evening up made to prepare for the government report due after the close.

Late dispatches told of black rust on the head stems of wheat in Saskatchewan, and wheat closed strong, 1 3-8 to 2 3-8 net higher; corn 1 to 1 3-4 up; oats 1-8 off to 3-8 advance and provisions varying from 7 decline to a rise of 30.

**STOCK MARKET.**  
New York, July 10.—(AP)—Stock prices turned reactionary today after an early display of strength. Fears of higher money rates, intensified by the marking up of the call money renewal rate of 6 per cent and the calling of about \$15,000,000 in bank loans, cast a dampener on bullish enthusiasm. Early gains of 1 to 5 points were cut down or wiped out, and replaced by a number of declines ranging from 1 to 4 points in the active issues, and minor gains in a few of the high priced specialties.

The gain of 220,187 tons in the unfilled orders of the United States States Steel corporation last month proved to have been fairly well discounted as the stock was heavily sold after the report came out. Selling pressure also was effective against such issues as Montgomery Ward, Sears Roebuck, Wright Aeronautical, Warner Pictures, A. Radio, Johns Manville, Curtiss and Greene Cananes Copper, all of which sold 2 to 10 points below yesterday's final quotations. Indian Refining preferred, which had score a spectacular gain in the last few weeks, broke 2 7/8 points on one sale, and New York & Harlem, dealt in only in odd lots, fell 20 points.

# TOUGH LUCK STILL AFTER SOLO FLYER

## On First Leg of Trans-Atlantic Hop, "Dinger" Daugherty Rips Off Plane Wing.

Mt. Pleasant, Pa., July 10.—(AP)—Ill-luck today continued to pursue M. R. (Dinger) Daugherty, one armed and legless aviator enroute from New Martinsville, W. Va., to New York, on the first leg of a trans-Atlantic hop. Attempting to take off from a field at Hecla, Daugherty's plane struck a fence. A wing was ripped off the plane. Daugherty was not injured.

Mechanics from the Mt. Pleasant airport and the Hill flying field went to the aid of the crippled aviator. They undertook the task of repairing the plane, and Daugherty was hopeful that he could resume his flight later in the day.

Daugherty was forced down at Hammondsville, Saturday, shortly after he started his flight east. In landing the plane was damaged. He repaired the ship and took off again yesterday but was forced down at Hecla.

Backed by West Virginia interests Daugherty plans a solo non-stop flight to Rome. In even this flight fails to materialize he will attempt a non-stop flight to Mexico.

## Producer Held In Liquor Case

New York, July 10.—(AP)—An argument with a policeman over a no-parking order led to the arrest last night of Laurence Schwab, Broadway musical comedy producer, on charges of disorderly conduct and unlawful transportation of liquor.

Similar charges were preferred against the producer's mother, his chauffeur and Miss Geraldine Barnett, all of whom were in his automobile when the dispute took place at 49th street and Broadway. They were released in bail of \$1,000 each.

Patrolman Mitchell, who arrested Schwab, said that after reaching the police station, he discovered two cases of liquor in the car. The machine was seized to await disposition of the case.

## SMILE REDUCES JAIL SENTENCE FOR DRIVER

Chicago, July 10.—(AP)—There are smiles that make you happy. There are smiles that make you blue; There are smiles like those of Jacob Werching which have power to cut five days to two.

There are smiles—

But the thing of it was, that Werching had been sentenced to five days in jail because the front wheels of his automobile shimmered. Werching insisted the weird motion was a mechanical imperfection; Judge Curran decided it was alcoholic.

The court granted Werching a 48-hour stay of sentence to permit his attention to business affairs pending incarceration. Werching came back into court ready for the five days involuntary detention. This time, however, he was argumentative. He smiled as he talked with the court, and was pleasantly affirmative to every remark the court made.

Judge Curran pondered. "The city needs the man with a smile," he said. "Because you know how to smile, I herewith reduce your sentence to two days."

Thus was driven home the great truth that the poets of tin pan alley so long have glorified.

## Local Concern Announces Low Rates on Gas

The local office of the Carolina Gas and Electric Company today called attention of the public to their attractive rate.

The rate is said to be the cheapest enjoyed by any city this side of Washington and has attracted more than passing interest in this locality.

The old rate was \$2.30 per thousand cubic feet. The new rate is \$1.10 per thousand. The minimum is \$4.60. This entitles the consumer to 2,000 cubic feet. This means a

33 1-3 per cent saving.

It was announced that an allowance of \$20 would be made for any kind of hot water equipment if applied on purchase price of a storage heater. The new heater gives the user hot water any where there is a hot water faucet. It also entitles the owner to the new optional rate. Users of this heater may consume all the gas they want on any other appliance at the regular \$1.10 rate.

# WANT ADS PAY

**YES**  
Dodge Brothers Standard Six is the fastest car, with the fastest pick-up, under a thousand dollars.

**HOWEVER**  
That is only HALF the story. The IMPORTANT point is that this exceptional speed is made practical by Dodge ruggedness of chassis and body construction!

**OTHERS**  
Might succeed in building a car at this price with equal SPEED, but to do so successfully they would also have to build a car with equal STURDINESS.

**AND**  
That is where Dodge Brothers, with years of experience in building a dependable low-cost product, are years ahead of the field.

**YOU**  
Can buy the Standard Six knowing that it is not only the fastest car in its class but the sturdiest—and the one is every bit as important as the other.

E. S. & S. Broadcasting  
VOL. 1 July 10, 1928. NO. 8

Published in the interest of better homes in Greenville and vicinity, by Electric Service & Supply Co., J. E. Kirkpatrick, Editor.

Did you survive the Fourth?  
Sam White says: "From the amount of peanut hulls on the floor of the White Theatre every morning, Darwin must have been right."  
The greatest doctor in history was when American aviators flew around the world.  
Now that the Fourth is over, the younger members of the family are planning for Christmas.

Mack: "Get the thumb tack?"  
Jack: "No, but gotta finger nail."  
How much whiskey can a Scotchman drink?  
Ans. Any given amount.  
We invite you to come in and see the full line of General Electric Refrigerators. The Two door, for FOUR or more, is a real nice JOB.  
Bring us your OLD electric iron and we will allow you one dollar on the WESTINGHOUSE STEAM-LINE electric IRON.  
If you want to hear the Presidential speeches that will be broadcasted, we advise you to let

us check up on your RADIO for you.  
Curious: "Why do they call a sail boat 'She'?"  
Cautions: "Because they make a better showing in the wind."  
We are always glad to talk to you about anything in the RADIO line. If we weren't, we wouldn't be in this business.  
See us here every Tuesday.  
Electric Service and Supply Co.  
"If It's Electrical, See Us."  
Greenville, N. C.
