SLIM GORDON NOTED FLYER GETS MARRIED

Friendship Crew Added Another Member to Roster Last Night in Chicago.

Chicago, July 21.—(AP)—The crew of the trans-Atlantic plane "Friendship" here for a four day visit.

The new member is Mrs. Lou Gordon, formerly Miss Ann Bruce of Brookline, Mass., who late last night became the bride of Louis "Slim" Gordon, mechanic of the "Friendship".

The wedding of Gordon and Miss Bruce was performed in ball room by municipal J. E. Fetzer, while 500.

William Stultz, pilot of the "Friendship" was Gordon's best man, Mrs. Stultz was matron of honor, and the bride's sister Miss Marie Bruce was maid of honor.

The jazz band which played the wedding march broke into a jazz melody after the ceremony and the crowd resumed dancing. The wedding services was broadcast.

A rumor was broadcast that the bride intended to be the first married couple to fly the Atlantic.

Chicago showed its appreciation with many bridal gifts including a \$2,000 estate on Lake Cosmo, Wis.

Despondent Woman Writer is Suicide

New York, July 21.—(AP)—Despondency over her failure as a literary career was the motive accepted by police today for the apparent suicide of Miss Virginia Drew, literary protégé of Maxwell Bodenheim, poet and author.

Miss Drew's body was found floating in the Hudson river Thursday afternoon. She was last seen leaving Bodenheim's apartment early Monday. Bodenheim has not been located since early Tuesday morning.

Provincetown, Mass., July 21.—(AP)—Maxwell Bodenheim, author, whose literary protégé, Virginia Drew, was found drowned in the Hudson river Thursday, was located here today. He said he knew nothing of the girl's death until told of it by newspapermen.

Marines May End Sandino Campaign In Few Months

Washington, July 21.—(AP)—The marines in Nicaragua hope to reach the end of their campaign against General Somoza within a few months.

Latest reports received at the navy department say that the insurgent leader and his band are practically surrounded by the American forces in northern Nicaragua between the Coco and Bocay rivers.

A campaign of "pocketing" the band is being pursued. Marine officers say that Sandino has been isolated from his sources of supplies, either by the American troops or by the impossibility of the jungle trails, brought on by the rainy season.

Marine headquarters here estimate the strength of the Candino band at 150 men and believe that, since the surrender of more than 500 natives within the last two weeks, it is the only insurgent group now in the Nicaraguan interior.

Minister To Bulgaria

H. F. Arthur Schoenfeld of New York, counselor of the American embassy in Mexico, has been appointed minister to Bulgaria.

HOOVER PLANS CONFERENCES ON POLITICS

Series of Political Discussions to be Continued Until Notification Date.

University, Cal., July 21.—(AP)—Abandoning his original plans for a quiet week-end at his home here, Herbert Hoover today began a series of political conferences which will be continued intermittently until the time of his notification on August 11.

Governor C. C. Young of California was the first of those from whom the Republican Presidential nominee sought information as to the political situation on the Pacific coast.

The governor was invited to luncheon and for a discussion afterwards in Mr. Hoover's study, located in one corner of the rambling Spanish type stucco house which nestles on a hillside in a setting of evergreen and bright house flowers of many species.

During the early days of next week Mr. Hoover will confer with Senator Hiram Johnson and leaders from other Pacific Coast states.

Mr. Hoover will spend Sunday quietly at home, but will attend church services, probably in the beautiful chapel at Stanford University, which stands in the center of a group of school buildings.

Between times, the nominee will work on his acceptance address, almost all of which already is in the first draft stage.

Mr. Hoover usually writes and rewrites his papers and speeches several times and his advisors say there will be no exception in this case.

After the speech is ready for the printer, the Republican standard bearer will lay aside the cares of the campaign and will take to the hills, at some point in his home state, for several days of rest and fishing.

While he is benefited by the trip across the continent which ended yesterday morning, the commerce secretary has had many months of hard work with scarcely a breath and he feels both the desire and need for a brief vacation before the strenuous days that are ahead of him after the notification ceremonies.

Raskob Names General Staff Smith Campaign

New York, July 21.—(AP)—A general staff, composed of an executive and an advisory committee, has been named by John J. Raskob, Democratic national chairman, to conduct the Presidential campaign of Governor Alfred E. Smith.

Both committees will operate from the national headquarters to be established here in the General Motors building.

Senator Peter Goelz Cery of Rhode Island will head the advisory committee which is composed of Mrs. Franklin D. Roosevelt, and representative Parker Corning of New York; Senator Pat Harrison of Mississippi; National Committeeman J. Bruce Kremer of Montana; Representative William E. Oldfield of Arkansas; Joutt Shouse of Kansas; Senator Millard E. Tydings of Maryland and Mr. Raskob, ex-officio.

The executive committee in addition to Mr. Raskob, consists of Senator Gerry, James J. Hoyt, Col. Herbert H. Lehman, Mrs. Henry Moskowitz, Franklin D. Roosevelt and George R. Van Name.

ANTI-SMITH MOVEMENTS GAIN SWAY

Concerted Organization Today From Wake and Durham Counties.

Raleigh, July 21.—(AP)—Anti-Smith movements within the Democratic ranks were reported today in at least two North Carolina counties, Wake and Durham.

At the same time came news that High Point Democrats were primed for a strenuous campaign to carry their victory for the entire ticket, from Governor Smith down to township constable.

With the purpose of holding a mass meeting next month, a list of Wake county Democrats who have declared they will not vote for the presidential nominee is being compiled. Roy M. Banks, local real estate dealer, and former clerk of the Raleigh city court, has disclosed.

Whether the proposed organization will take the form of a Hoover-Gardner Club, supporting the Republican national ticket and the Democratic state ticket, or merely be against Smith has not been determined yet.

In Durham, a petition was being circulated pledging the signers to refuse to vote for Governor Smith. No Republicans were asked to sign. It was stated.

"We have no doubt at all about carrying Durham county against Alfred E. Smith this fall," W. C. Lyon, member of city council and one of the leaders in the movement was quoted as saying. "We shall make a determined fight against this man who stands for things which are contrary to the principles of the Democratic party."

The petition sets forth that "we are not forsaking the party but are forsaking the man, Smith." It is announced that funds will be sought and a campaign headquarters opened.

State and national leaders are scheduled to make a series of speeches in High Point, says a dispatch from the furniture city.

Among the Democratic wheel horses on the list are O. Max Gardner, head of the state ticket; R. T. Fountain, nominee for lieutenant-governor; Joseph W. Bailey, Clyde R. Hoey, Cameron Morrison, R. A. Doughton and Frank P. Hobgood. James M. Cox, Democratic presidential nominee eight years ago, will be among the national leaders invited.

Republican activities related in a dispatch from Sanford which tells of the formation of a Hoover-Curtis club in Lee county. E. L. Gavin was elected president; J. H. Kennedy, vice-president, and D. C. Holli, secretary. Organization of additional Republican clubs in the same territory was forecast in the dispatch.

Air Race Planes Off For Montana

The first of the 22 ships got away at 9 a. m. with the others following at one-minute intervals.

Charlotte Man Dead. Charlotte, July 21.—(AP)—Funeral services for William Franklin Holmes, 68, who died in a local hospital this morning at 2:30 o'clock, will be held tomorrow at 3 p. m. at his former residence here.

Mr. Holmes is survived by his wife, one son, O. W. Holmes, of Fayetteville; one daughter, Mrs. R. L. Williamson, of this city; a brother, M. W. Holmes of Charlotte; and two sisters, Mrs. W. H. Carter and Mrs. M. C. Burns, both of Charlotte.

Startles Boys "Back Home." New York, July 21.—(AP)—Colonel Zach Mithall intends to startle the boys back home in Oklahoma—the ex-rough rider and two gun sheriff is visiting town. "I guess I'll buy one of the flying machines," he said. "The boys on the ranch will drop dead when they see me."

Cow Mothers Lambs. Henrietta, Texas, (AP)—A Jersey cow on the J. Q. Gore farm adopted three orphan lambs which she suckles and cares for as if they were calves.

WILL EXAMINE LOWENSTEIN'S BODY AGAIN

To Determine Whether Poison or Disease Caused Him to Jump From Plane.

Calais, France, July 21.—(AP)—Captain Alfred Lowenstein was still alive when he plunged 4,000 feet from his airplane over the English channel, it was concluded by the medical men who turned in their autopsy report today.

At the request of relatives a further examination will be made of internal organs to determine whether poison or disease caused the Belgian financier's abnormal condition at the time of the tragedy. This is based upon the supposition that he tore off the collar and tie which were found in the plane. Evidence has already been given that just before leaving his seat for the rear of the machine, he acted as if he were suffering.

The present autopsy finding discloses of suppositions that he might have met death in the plane. The implication that some other occupant of the ship was responsible for his passing, was thus canceled.

Brussels, Belgium, July 21.—(AP)—Members of Captain Alfred Lowenstein's entourage denounced as "rubbish" rumors that arrests were imminent in connection with the crime hypothesis of the death of the noted capitalist. They said that these reports gained circulation through postmortem examinations to clear up, if possible the gossip respecting the banker's physical condition during the trip. The reports were reinforced by interpretation of the mutilated condition of the body. It was pointed out that this mutilation was such as would naturally result from a drop of 4,000 feet and long submersion in the English channel.

The body is expected to arrive in Brussels tonight. It is the intention of the Lowenstein family to have it conveyed to a cemetery immediately and with the strictest privacy.

Navajo, Sonora, Mexico, July 21.—(AP)—General Alvaro Obregon, slain President-elect of Mexico, will be buried this afternoon, it was decided after the arrival of the funeral party at the Obregon home here today from Mexico City.

The change in plans was made in respect to the wishes of the family. The funeral previously had been set for tomorrow.

Nogales, Ariz., July 21.—(AP)—The funeral train bringing the body of General Alvaro Obregon to Navajo, Sonora, arrived at its destination this morning, dispatches to the Herald here said. Senora Obregon collected as the train drew in. The widow of Mexico's assassinated president-elect rallied somewhat after a few moments, but was reported to be suffering from great mental stress.

An American physician, Dr. V. A. Smalaker, P. Nogales, Ariz., was attending her.

Mexico City, July 21.—(AP)—Police today were tightening the net of evidence against Jose de Leon Toral, hoping to send him before a firing squad next week for the assassination of President-elect Alvaro Obregon.

It was expected that a public trial of the slayer would be started soon after the expiration on Monday of a writ of amparo, or injunction restraining police and military authorities from taking any action against the slayer.

Investigation into the various phases of the killing went forward as additional arrests were made.

"The investigation will continue upon the same line that has marked it hitherto—that is, the responsibility of the Catholic clergy," said General Antonio Rios Zertuche, chief of police.

The newspaper El Sol asserts that terror prevails in Catholic circles. This is said to be particularly true in Guadalupe, where the shrine of Our Lady of Guadalupe, Mexico's patron saint, is situated. Catholic priests of the shrine who since the religious laws became effective, have performed no services.

Plan to Swing High Point To Side Democracy. High Point, July 21.—(AP)—While it will require some hard work to swing High Point from the Republican ranks to the Democratic column, R. B. Parker, president of the High Point Democratic club, feels that it can be done this November, he said here today.

The local Democratic club (has) a membership of 2,500. The campaign will open in High Point on August 9, the club president said. J. W. Bailey of Raleigh will address the opening. Other speakers, including O. Max Gardner, nominee for governor, will speak during the campaign.

"I do not believe these anti-Smith movements so much talked about in North Carolina will amount to much," Mr. Parker declared. "Of course there are a few Democrats in the state who will not support the entire ticket but I do think before the anti-Smith movement is carried too far, the Democrats of North Carolina should give Gov. Smith a chance to tell the country where he stands.

ROCKFORD MEN ALL SET FOR SWEDEN FLIGHT

Rockford, Ill., July 21.—(AP)—Barring unexpected developments the airplane "Greater Rockford" with Pilot Bert Hassell and Navigator Parker Cramer as its crew, will take off here Monday or Tuesday on its projected flight to Stockholm, Sweden.

Announcement that everything was in readiness for the flight, except a few minor details, was made by Hassell today following the arrival of his companion, Cramer, and Victor Carboners, instrument expert, who came to supervise the adjustment of the compasses and gauges. As soon as radio batteries are installed, the plane will be set for its hop off as soon as weather conditions are deemed satisfactory.

Hassell said. The plane has been stocked with provisions, clothing and other necessities so that the take-off can be made without delay when weather reports are right.

Hassell is depending on Professor W. H. Hobbs, who is at Greenland, for the weather reports that will be the signal for his take-off. The fliers plan one stop at Greenland, and thence to Stockholm.

Broadway Clubs Padlocked Today. New York, July 21.—(AP)—The bars of eight of the snappiest night clubs along Broadway were boarded up early today under temporary padlock orders without awaiting the formality of trials.

Prohibition agents and United States marshals toured the district armed with padlocks and boards. It marked the first use of the "temporary padlock" law in New York, although federal agents said it was a settled practice in Illinois, Nebraska and parts of Pennsylvania.

The practice hitherto was to serve a writ of padlock on an offending establishment, which did not become effective until the case had been disposed of in court. Under the present proceedings the padlocks continue effective until the trials.

Among the places padlocked were the Melody Club, Peter's Blue Hour, Luigi's Restaurant, the Charn Club and the Mimic Club.

ORDERED TWO PLANES TO SEARCH FOR LOST AIRMEN. Warnemuende, Germany, July 21.—(AP)—The Heinkel airplane plant has received a wireless rush order from Captain Romagna of the base ship Citta di Milano at Kings Bay for two large Meinkel type 600 horse power machines fitted to alight on ice, water and snow.

The planes are to be delivered in twelve days for the purpose of continuing the search for the six missing men who were carried off in the bag of the dirigible Italia on May 25.

It is believed that the Heinkel machine will have a wider radius of action than the Norwegian seaplane now at Spitzbergen, and they will need a very short runway.

Hold-Up Men Get \$6,500 Payroll. Racine, Wis., July 21.—(AP)—Flourishing rifles and revolvers, two men held up Ned Harvey, of the Harvey Spring and Forging Company today and escaped in an automobile with the company payroll of \$6,500.

JAPAN READY TO PUT BAN ON WARFARE

Nation Announces Acceptance of Kellogg Treaty for Renunciation of War.

Washington, July 21.—(AP)—Japan has informed the Washington government of her complete acceptance of Secretary Kellogg's proposed treaty for the renunciation of war, leaving only Czechoslovakia still to indicate her position.

The Japanese reply to Mr. Kellogg's note of June 23 which accompanied the revised draft of the projected covenant was received last night and made public at once. Meanwhile information was at hand which led state department officials to expect a favorable pronouncement from Czechoslovakia at any moment.

On behalf of the Tokyo government, Baron Tanaka, the Japanese minister for foreign affairs, said that his country was "proud to be among the first to be associated" with the movement symbolized by the treaty and expressed the hope that "this simple and magnanimous pact might meet with the endorsement of the entire world.

When the Czechoslovakian acceptance has found its place in the state department files, Secretary Kellogg will be in a position to determine the time, place and circumstances of the actual signing of the treaty. This may be done in informal conversations with the fourteen nations involved. Mr. Kellogg declines to make any specific statement of his plans.

Replying to President Coolidge's battle day message, in which he referred to France's acceptance of the anti-war treaty, President Donergue declared in a cablegram, also made public last night at the state department that he joined the American executive in the hope of seeing a formal and general agreement shortly crown the disinterested efforts of our two countries.

Round the World Flyers Hit Home Stretches Today. Spokane, Wash., July 21.—(AP)—Bound for New York, terminus of an attempted record round the world voyage, John Henry Mears, and B. D. Collyer, landed at the Spokane airport at 1:30 this morning and after refueling took off again for the east.

The fliers, who arrived at Victoria, B. C., last night from Japan on the liner Empress of Russia, expressed confidence that they would reach New York by tomorrow noon, breaking by four days the previous record for a trip around the world.

They declared they were "feeling fine" and their ship was running perfectly.

New York, July 21.—(AP)—Representatives of John Henry Mears and B. D. Collyer, who left Victoria, B. C., on the last lap of a race against time around the world this morning received a telegram from the fliers saying that the first stop would be at Spokane, Wash., where they were expected to land at 7 a. m. Western time. The telegram was sent last night after the fliers disembarked from the steamer on which they had crossed the Pacific. When Mears and Collyer took off from Victoria, it was understood that they planned a stop at Seattle but they failed to land there.

Victoria, B. C., July 21.—(AP)—John Henry Mears and B. D. Collyer, hopped off from the Victoria airport for Seattle at 3:37 A. M. today entering the home stretch of their dash around the world from New York to New York. They reached here from Tokyo late last night.

After a brief stop at Seattle, the air tourists planned to hop off on a non-stop flight to New York, where they hoped to terminate the dash at noon tomorrow.

By doing this the men would have circumnavigated the globe in less than 24 days, thus spearing about four days from the present record made by Linton Wells and Edward Evans in 1926.

Mears and Collyer arrived here last night from Japan on the liner Empress of Russia. Their plane, which carried them from London to Tokyo, was whisked from the ship and hurried to the Victoria airport, where it was assembled for the early morning flight.

Drunken Mosquitoes Terrible. New York, July 21.—(AP)—Intoxicated mosquitoes are terrible. The Staten Island residents complained that the pests had become more vicious since prohibition agents turned contraband from a brewery into a sewer, and so the sewer got a cleaning out.

BODY OF DEAD FLIER ARRIVES ON HOME SOIL

Remains of Carranza Given Into Keeping of His Countrymen at Laredo, Tex.

Laredo, Tex., July 21.—(AP)—The body of Captain Emilio Carranza, Mexican aviator, was given into the keeping of his own people at 9:30 this morning on the international bridge here.

San Antonio, Tex., July 21.—(AP)—The United States and Mexico today joined for further tribute to Capt. Emilio Carranza as the body of the flying ace of the southern republic approached the scene of his aerial conquest.

Accompanied by relatives and guarded by American soldiers, the flier's body was placed on a special train here yesterday for the trip to the Mexican border after a military ceremony in which all the air and ground forces of the United States army of this district united.

As the funeral train approached San Antonio 100 army fighting planes appeared in battle formation and escorted it to the city. And, as the train entered the city, the last flight of the formation swept down to shower the coach in which the body rested with native Texas flowers.

An eleven gun salute was fired by the fifteenth field artillery as the train reached the depot. This high honor was conferred despite withdrawal of an order of the Mexican government giving Captain Carranza the rank of Brigadier General after his death in his attempted non-stop flight from New York to Mexico City. The American brigadier general receives such a salute.

With the entire second division drawn up to honor the ace of the air, and thousands of his countrymen standing with bared heads, the casket was placed on a caisson and taken to the city auditorium for a brief ceremony. It was the same gun carriage used at the funerals of General Frederick Funston and other famous army men.

Behind the casket followed a black horse saddled and with stirrups reversed in accordance with army custom of tribute to the dead. The ninth infantry band played Chopin's funeral march, Massenet's Elegy, and other funeral music.

Next in the procession were the captain's father, Senator Sebastian Carranza, his aunt, Senora Dona Rose Carranza Nuzquiz, and long lines of honorary pall bearers including high army officials and the consul general of Mexico with his staff.

At the auditorium, while the band played sacred music, wreaths were placed on the casket by representatives of the United States government, the Mexican government, state, city and local patriotic organizations. After the ceremony the band played the American and Mexican national anthems, and the cortege returned to the railway station.

The train then left for Laredo, Tex., where it will halt for a time to permit preparations for the ceremony today at which the body will be officially turned over to the Mexican government.

Poisoned By Picnic Food.

Washington, July 21.—(AP)—Four persons remained in a hospital here today as an aftermath of a picnic yesterday at Marshal Hall, Md., during which forty or more became ill. None was in a serious condition. Food eaten at the picnic was believed to have caused the illness and health officers are investigating. The illness of most of the sufferers was slight. They were brought back to Washington on a Potomac river steambot.

Capture Mammoth Still Located Underth Mountain

Rome, Ga., July 21.—(AP)—When the thud of their boot heels gave a hollow ring at a spot in leaf-carpeted woodlands, dry officers uncovered a passageway to a mammoth distillery located in the heart of a mountain.

Raking aside the leaves, they discovered a steel trap door embedded in concrete. The locked entrance was forced open, leading to 32-foot shaft after which the officers followed a passageway for 280 feet under a mountain to a vault-like room lighted with lanterns.

Two large copper stills, materials for making whiskey and about 200 gallons of liquor were taken. The distillery was fed by a huge underground spring.

Bryant Parks, on whose farm the cave was located, was arrested. At a point below the cave, the spring gushes from under the mountain with a roar of wind. Long known in this vicinity, the spring has been called "blowing spring."

Agents said they had been searching four years for the distillery. They consider it the most novel since prohibition.

Seek Mountain of the Moon.

Nairobi, Kenya Africa, July 21.—(AP)—An American expedition left Nairobi today for the mountains of the moon in the wilderness of equatorial Africa.

Carveth Wells, explorer, accompanied the party composed of the combined Cudahy-Massey expedition of the Milwaukee Museum and the Geographic Society of Chicago. They headed for the Rumenzori range on the equator where Wells expects to find ice walls and deep snow. They expect to climb the mountains about the middle of August.

ELLEN TERRY PASSES AWAY

Noted English Actress Dies Early Today; Sends Final Message To America.

Small Hythe, Kent, England, July 21.—(AP)—Dame Ellen Terry, British actress beloved by playgoers the world over, died this morning in the 89th year of her life. She had been ill for several days.

Death came at 8:56 a. m. after an uncomfortable night during which she sank slowly to the end. When dawn appeared the doctor announced the patient was considerably weaker. She passed away peacefully surrounded by her children and grandchildren. Her death marked the final period of her hopeless struggle against a combination heart attack and cerebral hemorrhage from which she had been sinking slowly since Tuesday.

A few days ago with the end approaching she gave the Associated Press this message for America: "Give my love to America, and all my dear friends there that I am thinking of them as I rest here in my quiet English countryside when I am eighty, one has dreams of days done by and often in my dreams I live again the many happy years I spent in America. My heart is warm with the memories of my friends across the sea."

The whole wide world which loves to consummate art as that with which Ellen Terry charmed and thrilled loved the drama for more than half a century was plunged into mourning by the news

that the final curtain had been rung down on her great career. She celebrated her eightieth birthday last February. She was prevented by illness at that time from replying as she had planned to the message broadcast in her honor over the radio by Sir Johnston Forbes-Robertson. She recovered from this illness quite quickly, however, and except for slight recession in mental activities she had appeared as well as could be expected until her seizure on July 17.

To the last, Dame Ellen had followed the affairs of the stage with the greatest interest. She played her last Shakespearean part as portia in the trial scene from "The Merchant of Venice" in 1921. Her last stage part a non-speaking role, was that of the ghost of a kindly mother in Walter De La Mare's "Crossings" when she was 77. After she had gone more or less into retirement in the country of which she was passionately fond.

WANT RUSSIA TO SIGN TREATY AGAINST WAR

Berlin, July 21.—(AP)—How that the Kellogg outlawry of war pact has been accepted by all of the major powers, diplomatic circles in Berlin are speculating as to the possibility of the government of Soviet Russia becoming a party to the multilateral agreement.

While the United States does not recognize the government at Moscow it is thought here that Germany might unofficially be persuaded to induce the soviet government to join the other signatories of the pact.

AMERICA WINS TENNIS FINAL FROM ITALIANS

Win Right to Play France in Inter-Zone Contest For Davis Cup.

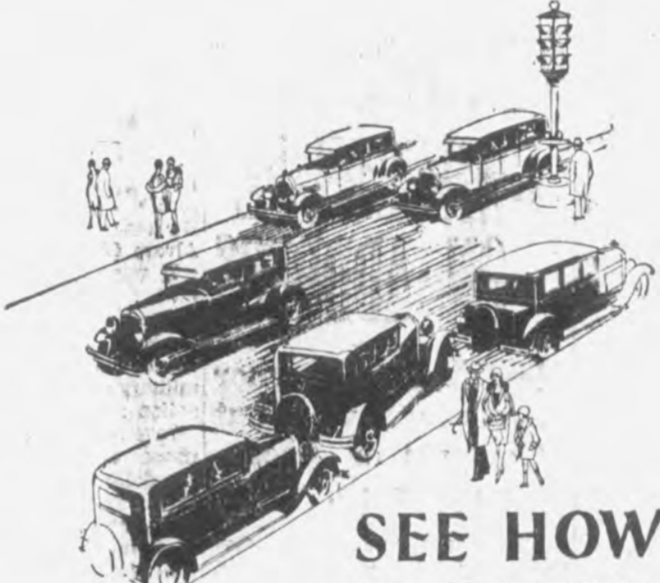

Roland Garros Stadium, Auteuil, France, July 21.—(AP)—America today defeated Italy in the inter-zone finals of Davis Cup play and thereby won the right to play the French holders of the cup here beginning next Friday in the challenge round for the trophy.

The American victory, without the services of Bill Tilden, was scored in straight sets and straight matches. The American doubles team of Georget Lott and John Hennessey won the deciding match today by defeating the Italians Baron Humbert de Morpurgo and Placido Gaslini 6-3, 6-1, 6-2. America won the first two singles matches in impressive style yesterday.

JUST TRY IT IN TRAFFIC

SEE HOW IT PARKS

Not only does the New Oldsmobile offer the fine-car qualities of power, comfort and appearance—but it offers them in a car of convenient size, designed to meet modern-day traffic conditions.

Just try it in traffic. Mark its silent smoothness as you flash ahead when an opening appears—accelerating in high from 5 to 25 m. p. h. in a scant 8 1/2 seconds. Note the quick response to steering. See how easily you slip into small parking places—a tapered frame enables you to turn completely around in a 36-foot circle. Then head for the open road... here is speed to meet every driving emergency, to answer every desire.

Only fine-car design and fine-car features could give this fine-car performance. A rubber-cushioned, 55 h. p. high-compression engine...

crankcase ventilation... controlled cooling and full-pressure oiling—these are typical examples of the advanced engineering that you find in the new Oldsmobile.

And matching this progressiveness in design are new Fisher bodies—created by artist-engineers to be free from rattles and drumming and to express in their bold, free beauty the whole new spirit of our times.

We want you to drive the new Oldsmobile. We want your own experience to confirm the growing judgment of America—"Here, truly, is the Fine Car of Low Price!"—the judgment that thousands are confirming by choosing Oldsmobile. We have a new Oldsmobile waiting for you... come take that drive today!

A Salesman "sells" himself on Oldsmobile

"I drive a car all day long in making my calls," said Mr. T., "and practically all of my driving is through heavy traffic. So I want a car of convenient size and one that handles easily. Yet I want big-car comfort and quality, too. I'd never heard of a car that combined all this—until my salesman suggested an Oldsmobile. But you'll have to show me! High-pressure selling won't do. I want proof!"

He was invited to take the wheel for a demonstration and he stepped into the car.

Traffic was unusually thick but he guided the car through without effort, coming to a smooth stop then accelerating swiftly ahead—always in the lead—as traffic started.

"Well!" he exclaimed after they had returned to the showroom, "I can't think of a single test that this car doesn't meet. It's got all the power in the world—remark-

ably smooth and silent, too. It's as comfortable as the biggest, with those Lovejoy hydraulic shock absorbers and form-fitting, deeply-cushioned seats. And it's the easiest handling car I've ever driven! Make out an order—I'm ready to sign up now."

AMERICAN GIRL IS "MARIANNE"

Irene Arnold (left), formerly of Philadelphia, was the first American girl to be chosen as a "Marianne" in Paris for the Bastille Day celebration. Marianne is the name given the French Goddess of Liberty. Her sister Betty acted as maid of honor.

Mr. and Mrs. J. B. Smith and children returned today from Minnetonka Beach.

Christians Climb To Top Rung of City League Race

By the slender, but effective margin of one run, scored in the end of the last inning, the Christians yesterday climbed back to the top of the Twilight League race, where they now have to share premier honors with the Methodists.

Immanuel scored first and looked like a winner. Waddell lived on a fielder's choice after Seggo had walked and was nipped off at second. Bamber to West. Willard swung vigorously but in the wrong place, but Waddell romped home on O'Brien's screeching double. A moment later, Dixon and West picked him off to end the inning. In their half, Bullock, West and Dixon went out in succession via the first base route. In the second, after passing Station and Lovett, Dixon settled down and struck out the remaining two batters.

Miss Betty Dixon has returned from a visit in Winston-Salem. Mrs. Louise Greene, Misses Betsy and Estelle Greene and Miss Besse Brown spent Thursday at Wrightsville Beach.

Mrs. Kenneth Deans, who has been visiting her sister, Mrs. B. S. Warren, left yesterday for Virginia Beach.

Mrs. James McLeod, Miss Helen Hagood and Miss Louise Holiday of Marion, S. C., who have been visiting Miss Virginia King returned home yesterday.

Misses Hennie and Anna Long are spending some time at Virginia Beach.

Miss Eleanor Coats of Rabat, Va., is visiting Miss Christine Palmer.

Mrs. Chas. F. Blanchard, Mrs. J. S. Norman and Miss Francis Norman left today for Burlington to spend several days with Mr. and Mrs. J. Q. Trotman at the Alamance Hotel.

Mr. and Mrs. Larry James are spending the week-end in Morehead.

Miss Margaret Blow is visiting her sister in Statesville.

E. H. and Joe Taft and J. A. Collins have returned from High Point where they attended the furniture exposition.

Mr. and Mrs. Joseph M. Boyd will leave tomorrow for Savannah, Ga.

CHAUTAQUA LECTURER HERE SUNDAY NIGHT

Mr. W. E. Vaughan, a noted Chautauqua lecturer, will give an illustrated lecture, "The Passion Play," in Jarvis Memorial M. E. church Sunday night at 8 o'clock. The Passion Play was given at the college here about two years ago. It is widely known as a masterpiece for entertainment. Mr. Vaughan enjoys a great reputation as a lecturer and entertainer. It is an unusual privilege to have him with us for the Sunday evening service, and we trust that the people will make use of the opportunity. The public is most cordially invited.

Bluebirds Cling To The Top of Patriotic League

The Bluebirds continued their initial winning streak in the Patriotic League yesterday, when they took an easy game from the White Ghosts in second place by a score of 14 to 7. This puts them two full games ahead of all the rest and makes a triple tie for second, third and last places. The teams have just completed one swing around the circuit, with two more to go.

Harder hitting and better fielding gave the Bluebirds a lead of eight runs in the second, during which they piled up seven and put their opponents out in 1, 2, 3 order. Summerill was ably supported in the field by Warren, Seago, and Bamber, and few Ghosts survived because of Bluebird errors. Warren, Summerill and Dennis drove out two baggers for hitting honors, and Summerill traversed the circuit four times.

LOCAL GUARDS TO ENCAP AT FORT BRAGG

Military Unit to Leave Here Aug. 12th For Fifteen Day Training Period.

Battery "E" 113th FA-NC-NG, Greenville, unit of the North Carolina National Guard, will leave Greenville via Norfolk and Southern train August 12, 1928, for Fort Bragg, for 15 days training.

The battery commander states there seems to be lots of boys in the battery unable to attend camp due to the fact that their employers will not excuse them for the period of encampment and he further states that it will be necessary for 55 out of 68 men to attend camp so it can be seen that there cannot be too many excused.

It is hoped the employers of the men in this organization will see fit to let them off for the camp so the organization will not be forced to camp with a bunch of new recruits and lose its rating as one of the best batteries in the state.

The following is the athletic program for the battery during its 15 days in camp.

Baseball league: A large silver trophy will be offered to the winning team. Participation is open to members of each organization.

Amateur boxing tournament: A silver trophy will be given to the champion of each weight. No limitations as to entries, except that no one man will be permitted to enter more than one class.

Field day and track meet: A large silver trophy will be awarded to the organization winning the greatest number of points. Entries must be bona-fide members of military unit at encampment.

Pistol team match: A silver trophy will be presented to the winning team, each team to be comprised of three enlisted men from each organization. Officers individual Pistol Match: Entrance fee will be \$2.00. Money received from entrance fee to be used to purchase appropriate medals or trophies.

express the attitude of the Italian Ministry of the Navy regarding criticism of the Nobile disaster in the Arctic. According to this despatch:

"All that Italy asks now—and has a right to ask even from a viewpoint of sheer sportsmanship—is that public opinion reserve final judgment until all the facts are established in a calm atmosphere and in their proper perspective."

We agree with the comment interpolated here by the Herald Tribune correspondent that "even from a viewpoint of sheer sportsmanship" Italy has a right to ask that public opinion reserve final judgment until all the facts are known. Snap judgments by no means fair have been expressed on the basis of information which is not complete and may not be reliable. It should be obvious, however, that one consequence of asking the world to suspend judgment until all the facts are known is ability to assure the world that an investigation to bring all the facts to light is actually in progress.

This investigation should be prompt. It should be thorough. Above all else it should be disinterested, seeking to clear no man and to incriminate no man, but to arrive at facts and facts alone.—N. Y. World.

ABOUT TOWN

"Two new pitchers have been received by the Greenville baseball club," mentioned an enthusiastic supporter of Tommy Abbott and his set of Tobaccosists.

"Both are said to be hurlers of considerable ability and ought to be able to place Greenville in the league forefront."

"We used to complain of our inability to hit the old apple when hits counted for runs. This condition has been remedied, however, as a name never passed without our getting enough hits to win an ordinary game."

"Good pitching and timely willow work ought to put us on the climb to the top of the win column in a few days."

The Rev. H. F. Jones, of Memorial Baptist church of this city, is not only a minister of great ability, but also he has established quite a reputation as a fox hunter, horticulturalist, agriculturalist and connoisseur.

Just why nature should have endowed him with so much genius, so many qualifications, we are unable to say. But we do know he is about as good at one as he is the other.

As a horticulturalist he is an unquestioned success. His venture in this line of human endeavor this year has been marked with so much success he told his congregation to go out to his field on the outskirts of the city and see what he had done.

More than that, he told them to help themselves to as many different varieties of vegetables and flowers as they could find. And there was a profusion and abundance of each.

The congregation helped themselves, and it might be remarked that the majority will vouch for what we said about the person being right up to the minute in these branches of human endeavor.

"I believe yesterday was the hottest day of the year," confidently, yet weakly, asserted a man who would easily tip the scales at 250 pounds.

We agreed with him because we didn't know what else to do. We knew it was mighty hot, but work-er, but a distance from a barometer, we were unable to say about the extent of the temperature.

We decided, however, the gentleman of undisputed avoirdupois knew what he was talking about and dropped them after without going into detail.

To be frank about the matter, we were just about all in and felt a disinclination to do anything we didn't have to. This is a terrible admission for a newspaperman who earns his daily bread by asking questions and telling other people about community happenings. But it is the truth, and to evade the issue right at this moment might compromise us to such extent we might have to talk more to get out of it.

But the reason for our reticence did not result from our own volition. The man we conversed with

was deaf and dumb and had written his little expression on a piece of paper and passed on.

"Greenville boosters of yesterday might be called pessimists today because their perception did not begin to take in the remarkable advance the city has made in the last two years," we were told today.

"The growth of the town has been healthy and decidedly steady, and not even the most optimistic business men of a few years ago had any idea they would see such pronounced expansion in such a short time."

"We do not wish to convey the impression that our development has been magic. We have not become one of the states thriving young cities overnight. Our progress has been marked by regularity, in fact, with so little of the spectacular the majority of us hardly realize what we actually have accomplished."

"Look around you, Mr. Citizen, and then let your optimism be in proportion to what you see. The past is certainly a stepping stone to the future."

"It won't be low now," said a Greenville man today, using a slang expression that has found more than usual popularity among the majority of people today. He was referring to the opening of the Greenville tobacco market and the number of improvements to be completed before the opening date.

"We have one of the greatest seasons in years before us. With more warehouses than ever before, combined with increased factory capacity, what is more natural than to assume the year will surpass anything in our history."

"The tobaccoists set their goal at seventy million pounds when the market closed last year, and it is safe to say they will not rest until they have realized their ambition."

"Pull for the Greenville tobacco market this year and when you have done that you will have put up your bit for expansion of the city."

"Greenville ought to have a big field of ball players to choose from within the next few years, if training now under way by the two city leagues means anything to development along this line," remarked a man today who has watched the standing of clubs of the two circuits with great interest.

"The boys comprising the leagues are just the right age when the national sport holds an irresistible appeal for them. Those who possess more than average ability will stand out prominently in the final days of play, and may possibly attract attention of those interested in development in this field of endeavor."

"The leagues are part of the municipal playground movement. They have afforded splendid recreation for the boys during the last month and ought to be a source of helping them in a moral as well as physical way."

"The movement ought to be continued each season. After it has covered a few years we will find some of these boys members of the league where players of first water are constantly in demand."

GOLDBUGS WIN FIRST ATTACK ON ABBOTTMEN

Carver won his twelfth victory of the season yesterday afternoon in Goldsboro by letting the Greenville Tobaccoists down with six hits and one run while his teammates collected nine safeties and six tallies.

Allen started for the Worms on the mound, but inability to control the ball, along with a bevy of hits in the fifth, sent him to the showers. Dudley was called in to relieve him and turned in a creditable performance. Five of the Bug bingles and five of their six runs were scored off Allen.

Carver had the Tobaccoists helpless throughout. Only two of their six hits were credited as clean slams, the other four being of the scratch variety. He gave up only one base on balls. The run scored against him came as the result of an error by the Bug shortstop and a single by Allen.

Daughtry and Teague led the Goldbugs in hitting, each getting a couple of safeties. Patton and Smith hit for three sacks while Hamel delivered a double out of two times at bat. Teague's stop of Bailey's drive in the sixth was the deciding sensation of the game.

Pointers Crawl Into New Berth

By the Associated Press.

Dan Boone's Pointers crawled into second berth of the Piedmont League yesterday by defeating the Winston-Salem Twins and forcing them out of this cozy position. The 1 to 0 verdict was given Joe Acosta over Buck Taylor in a beautiful hurling match in the seventh. Lone's single with two men on gave High Point the lone marker.

The Patriots, league leaders, also lost ground when the Raleigh Caps downed the outfit, 9 to 1. Pat Townsend's twirling and Ashby Cook's hitting proved too much for Greensboro. Townsend let the Patriot crew down with only two hits, a double and a single in the final stanza.

Spurring out with a batting spree in the eighth, the Colonials took a hard fought game from the cellar-tenanting Bulls, 6 to 2. Mitchell held the Bulls to seven scattered hits and tightened down in pinches to ease over the victors.

SKETCHED AT GENE TUNNEY'S TRAINING CAMP

YANKS HARD TO SCORE ON THIS SEASON

Chicago, July 21—(AP)—Statistics, the court of last resort to settle baseball arguments, so far prove the critics, who deride Yankee pitchers as weak but saved solely by heavy hitting, are all wrong.

For not only do the Yankee batsmen drive home more runs than any team in the American league but the Huggens are the hardest to score against. And this is true despite the fact the team is sixth in fielding.

Unofficial averages for the Junior circuit up to and including games of Wednesday show the Yankees have been scored against only 371 or 426 runs a game. During the season, they have showed over 6.05 runs each contest on an average. Philadelphia, which has held the league leadership for fewest opponent scores, is second with 376 runs scored against it in 86 games as against New York's 87.

Five of the leading ten pitchers in the American league thus far are Yankees. Alvin Crowder of the Browns still leads the field of hurlers, however, stacking up two more victories during the week to hike his season's record to 11 won and one lost. Waite Hoyte of the Yanks is second with 12 won and two lost.

While the leading batters slumped considerably during the week, "Goose" Goslin of Washington still led the field with an average of .394.

The ten leading batsmen: Goslin Washington, .394; Gehrig, New York, .370; Simmons, Philadelphia, .369; Lazzeri, New York, .357; Manush, St. Louis, .343; E. Miller, Philadelphia

Heeny Gets Back Into His Harness

Fair Haven, N. J., July 21—(AP)—Refreshed by a day's layoff from the training grind, Tom Heeny slid back into the harness today for his last three days of boxing before he enters the ring against Gene Tunney at the Yankee stadium next Thursday night.

Heeny did no work whatever yesterday. He forgot about training for the fight and everything else while spending the entire day sailing over the Atlantic in a private yacht.

Tomorrow will mark the end of Heeny's hat's licks in the gymnasium. He will perform before the critical eyes of Jack Dempsey and Rickard. On Monday he will bring his boxing to a close. Light work and shadow boxing will constitute the day's work for the challenger on Tuesday. There will be no work at all on Wednesday, except perhaps a long walk in the cool of the morning.

Tunney To Fly To New York For Big Fight

Spectacular, N. Y., July 21—(AP)—Unless Tex Rickard's attorneys can oust the champion's legal advisers, Gene Tunney will make the trip to New York on July 26 for his bout with Tom Heeny by airplane and no other way.

The plane will be piloted by Berni Balchen, member of Commander Byrd's trans-Atlantic crew. Tunney expects to land at Curtis Field at noon on the day of the fight, two hours after the take-off here.

Tunney refused to believe that he will be running any risk by making the flight and he rejected the suggestion of Billy Gibson, his manager, to take out a half million dollar insurance policy.

"What good would a half million be to me if I was killed?" he countered when newspaper men queried him about the policy. "I think the proposition is silly."

For a boxer approaching fighting peak, Tunney is in an exceptionally happy frame of mind. Most fighters reaching the edge are ill-tempered and impatient but Gene has yet to lose his temper or pose.

Rocky Mount Routs Wilmington Twice

By the Associated Press.

Double bill upsies in the Eastern Carolina League schedule yesterday drew the attention of the bleachers. The Pirates suffered defeat by

HORNSBY SETS FAST PACE IN THE NATIONAL

New York, July 21—(AP)—Despite the ups and down of the Braves, Rogers Hornsby has set such a withering pace for the batsmen of John Heydler's circuit that he seems in a fair way to recover the championship crown which he wore for six successive seasons as a member of the Cardinals. The latest averages, issued today and including games of last Wednesday show the Rajah tapping the ball for a mark of 398 in 77 engagements.

The individual title could be voted to Hornsby by acclamation at this moment if anybody but Paul (Big Poison) Waner were on the second rung of the ladder. True, the elder Waner languishes with a mere 374 for 81 games, but he has been showing stubborn persistence in doing what he can to reduce the margin between himself and Hornsby—and with some success in the last few weeks.

Pitching honors still rest with Larry Benton of New York, who has won 15 games and lost only 4 for a percentage of .789. Benton also has hurled eighteen complete games, and leads the league by an Irish mile in this respect. Burleigh Grimes of the Pirates also has won 15 decisions, but he has lost 8, and is rated no higher than .652. Grimes leads in shut-outs with four.

Carl Mays, with four victories and one defeat for .800, is the nominal leader of the pitchers, but has worked in only five games. The first Cincinnati regular again is Red Lucas, resting in his customary spot right behind Benton; Red has won nine and lost three. Flint Rhem of St. Louis and the veteran Artie Nehf, now toiling for the Cubs, share third honors, each with eight victories and three defeats for .777.

With the exception of individual batting and pitching, the Cardinals have practically a monopoly upon the various individual titles. The field breaks through only in home runs where Hack Wilson of Chicago has a clear margin with 22, and even in this useful detail the Cards present their own representatives in second place—Jim Bottomley, who has 20.

Bottomley also leads his competitors in runs scored with 81, in doubles with 33, in triples with 13, and in runs batted in with 79. His teammate, Steve Doust, has the greatest number of "hits" of any

BILL TILDEN PUTS KICK IN DAVIS OUTFIT

By ALAN J. GOULD, Associated Press Sports Editor, Paris, July 21—(AP)—America's erstwhile Davis Cup captain, Big Bill Tilden, has been forced to the sidelines by "golfability" at least for the "open" final, but his spirit as well as the result of his teachings have left a potent impetus to make the United States still a formidable competitive factor in Davis Cup play.

The sweeping braves of triumph over the Italians in the opening day of inter zone play not only virtually assured the Yankees' place in the challenge round against France a week hence, or without Tilden, but produced a new singles sensation in smiling John Hennessey.

The Indianapolis youth's overthrow of the much feared Baron K. J. De Morruque in straight sets, 6-4, 7-5, 6-3, revealed the American as a consummate strategist and steady machine close to the standards of Rene Lacoste of France.

Tilden's counsel and teaching are credited with much of Hennessey's improvement this year as well as the strategy the Indian used in yesterday's star match. Following Francis T. Hunter's sweeping triumph over Placido Canfin, also in straight sets, 4-1, 4-1, 6-0.

But as Big Bill himself put it: "Take me right away from John. He may have been well advised as to generalship and type of game but only his own efforts and brainpower put it over."

CHICAGO GRAIN

Chicago, July 21.—(AP)—Influenced largely by a forecast of widespread cool weather auspicious for welfare of the spring wheat crop, wheat values underwent a sharp reaction today. Housewives with connections northwest led the selling, and Chicago December delivery touched an ew low price record for the season. Export demand today for wheat from North America was slack, greatly contrast with activity shown on the day before.

Wheat closed heavy 1 7-8 to 3 1-8 net lower; corn 1-2 to 1 1-4 off; oats at 5-8 decline to 1-8 advance and provisions unchanged to seven down.

STOCK MARKET

New York, July 21.—(AP)—Extreme dullness characterized today's brief session of the stock market. Price movements again were indecisive, due to the failure of pools to attract an outside following and the absence of any concerted selling pressure.

The optimistic tenor of weekly trade reviews were offset by features of further credit stringency when the remaining federal reserve banks raise their rediscount rates to 5 per cent and banks are called upon to finance the fall movement of crops.

Resumption of bullish operations in Warner Brothers Pictures carried that stock to a new high of 57 1-2, which contrasted within the year's low of 22. A good demand also was noticed for such issues as L. and N. and Pink, Eastman Kodak, Columbia Gas, Lambert Kroger Stores, International Telephone, and Mexican Seaboard.

Profit taking brought about substantial reductions in such recent favorites as Union Carbide, Radio Montgomery Ward and General Motors.

The closing was irregular. Total sales were approximately 520,000 shares.
