BAR MEMBERS HEAR ABOUT BOOTLEGGERS

President's Address And Other Matters To Be Aired at Seattle Session Today.

Seattle, July 25.—(AP)—With the picture of an alleged criminal syndicate in many United States urban centers dominated and financed by the bootlegging industry before them today, delegates to the American Bar Association convention planned to hear the annual address of Elias H. Strawn, president, and other official reports and elect members.

Showing lack of confidence in the integrity of all public officials because of "bribery and corruption in public office" by bootleg money was depicted in a report read last night to the law and criminology division by Jacob M. Lashley, president of the St. Louis Bar Association, in the absence of his brother, Arthur V. Lashley, St. Louis, the author, who conducted an investigation for the group.

Lashley, whose report was based on a symposium of opinions of officials, publishers and law enforcement agents in many representative large cities, placed "the real problem of crime and failure of justice in many parts of the country" directly at the door of the bootlegging industry.

"Bribery and corruption have become common occurrences," he said, "because the cupidly of politicians and state and government officials generally has been excited by the enormous profits of bootlegging, which being unlawful are considered legitimate prey."

By-products of the illegal industry, the drug, bombing and hijacking gangs, often utilize their spare moments in influencing elections by terrorism, and in extortion schemes Lashley said.

"Many murders, holdups, and other major crimes are directly attributable to this source."

Lashley reported more or less indiscriminate trafficking of intoxicants in violation of the law in a large majority of American cities of 100,000 population and over.

A vigilant and informed public, insisting on honesty in office, was the prime remedy suggested. Permanent imprisonment of habitual law violators, organized bureaus of criminal statistics to aid in determining those offenders, rigid enforcement of laws, and breaking up of gang-rule and corruption of officials were other suggestions for dealing with the professional criminal class.

New York and Chicago were called leading crime centers, while conditions in other cities were given detailed study. Cities contributing reports for the symposium included Washington, Boston, Detroit, San Francisco, St. Louis, Los Angeles, Pittsburgh, Cincinnati, Seattle, Denver, Buffalo, Indianapolis, Providence, Toledo, Akron, Memphis, St. Paul, Minn., Charleston, S. C., Oklahoma City, Fort Worth and Dallas.

Britain Observes Balfour's Birthday

London, July 25.—(AP)—Great Britain today celebrated the eightieth birthday of one of her most distinguished statesmen, the Earl of Balfour.

Lord Balfour's public service goes back 54 years for he entered the house of commons in 1874 and he is one of the few great survivors of the Victorian era. The only other statesman of outstanding eminence in the period alive today is the Earl of Rosebery. He has been out of politics for twenty years and is an invalid.

Earl Balfour is a member of the cabinet today being lord president of council. Notwithstanding the throat affection which laid him aside during the winter and spring he is again normally active. When he attended a luncheon yesterday to celebrate the opening of the new quarters of the British academy of which he is president he walked through the streets to the affair rather than ride and swung along with an energy that a younger man might have envied.

His recent illness necessitated a rest from his usual physical activities including tennis of which he was an ardent player, but the Daily Mail quoted him today as saying that he intends to take up tennis again shortly.

Mrs. Scripps Loses Suit

Cincinnati, July 25.—(AP)—Mrs. Josephine Scripps of Miramar, Cal., widow of James G. Scripps, today lost her suit for an accounting of the estate of the late E. W. Scripps, publisher, and from the E. W. Scripps Publishing Company. Judge Smith Hickenlooper in the United States District Court dismissed the suit for want of equity.

NEW HAMMER MURDER CASE IN FLORIDA

G. W. Simmons, of Ohio, Victim of Attack; Police seek Daughter and Husband.

Lake City, Fla., July 25.—(AP)—A hammer murder, which had for its victim G. W. Simmons, tourist of Stewartville, O., today confronted Columbus county authorities, while officers throughout the state were on the lookout for Simmons' daughter and son-in-law who were seen with him last.

Sheriff W. B. Douglas, pleading together fragments of stories brought in by his deputies, surmised that Simmons' skull was crushed with a hammer during a struggle in a moving automobile on the outskirts of Lake City and his body thrown into a clump of bushes by the roadside where it was found.

Sheriff Douglas had information from Ohio that Mrs. Helen Booth, the daughter, recently was made beneficiary under Simmons' will, but was unable to say how the wealthy Ohioan might have been.

Meanwhile Jacksonville police were holding an unclaimed automobile bearing blood stains and identified as a small sedan in which Mrs. Booth, Simmons, and E. L. Booth, the son-in-law left a Lake City tourist cottage last Monday night or early yesterday.

MAD DOG BITES FLEMING CHILD

Mrs. Roy Wilson Also Said to Have Been Attacked by Mad Hound Yesterday.

Mary Elizabeth, nine year old daughter of Mr. and Mrs. C. E. Fleming, of Ridgeway street, was bitten by a supposedly mad dog yesterday afternoon about six o'clock. Mrs. Roy Wilson, owner of the dog, is said to have been bitten. The animal was killed and its head shipped to Raleigh for examination. Both the Fleming child and Mrs. Wilson will take treatment for the disease as soon as medicine reaches here from Raleigh, where it was ordered immediately after examination of the injuries by local physicians.

The dog attacked the Fleming child as she was pushing a baby carriage containing two small children, in the front of the Ridgeway street home. Other children playing along the sidewalk were assailed by the animal, a hound puppy, but succeeded in beating it off without receiving any injury.

The dog is said to have been away from home three or four days when it made its appearance where the children were playing. Two other dogs seen with the hound were also killed by members of the police department who were called to the neighborhood immediately after the Fleming child had been bitten. The animal was today described as foaming at the mouth and acting so ferociously that little doubt seemed to be entertained concerning its infection by hydrophobia.

Earth Shock Felt On Azores

Ronta Del Gada, Island of St. Michael, Azores, July 25.—(AP)—Reports from the island of St. Michael state that a severe earthquake shock was felt last night at the Caldeiras sulphur baths station near the center of the island.

THINK SANDINO EXHAUSTED HIS RESOURCES

Nicaraguan Rebel Not Expected to Cause Any Further Disturbance.

Managua, Nic., July 25.—(AP)—Erigadier General Logan Feland, commanding the American marines, believes that the rebel general Augustino Sandino, is near the Honduras border with his field of operations small. He thinks that there is small likelihood that the insurgents will be able to cause any further serious disturbance.

Threats that General Sandino intends to conserve his forces until shortly before the national election on November 4 and stage an outbreak to nullify the election are not taken seriously in marine quarters.

"Sometime Sandino may cross into Honduras and then return to Nicaragua," General Feland said, "but the scope of his operations is confined to a comparatively small area."

The marines are as active as ever, patrolling the northern area and there is little chance that the rebels will be able to cause further serious disturbances. Patrols in both the east and west are tightening their grip, making it exceedingly difficult for Sandino and his followers to enter the populated districts. Of course bands of lesser importance are still capable of causing trouble, but we are much encouraged over the voluntary surrender of nearly 600 rebels within a month in the vicinity of Somoto, Ocotal and other points in the northern area.

"The country may now be said to be tranquil, but there is always the possibility that the similar bands may break through the patrol and cause some disturbance."

Divorces Increase in Southern States

Chapel Hill, July 25.—(AP)—Divorces are increasing in southern states more rapidly than in the west because the south has been slower to adjust itself to modern conditions, Dr. Ernest Groves of the University of North Carolina faculty and authority on family relations, declared today in addressing the annual state public welfare institute here.

Dr. Groves said divorces in South Atlantic states in recent years had increased 43 per cent while in Pacific states the increase had been only 25 per cent. Previously the Pacific group had led the country.

"Difficulties in the family including the divorce, are often not the results of unwillingness to change established customs and to adjust family life and family relations to the changes in modern life outside the family," said Dr. Groves. "Just as the Pacific states had seemed to pass the peak in the proportion of divorces, I anticipate a drop in the relative number of divorces in the south."

President Fishes in Wisconsin Lakes

Superior, Wis., July 25.—(AP)—Breaking into new fishing grounds, President Coolidge has proved his worth as an angler in the open waters of Wisconsin lakes.

With Mrs. Coolidge, his guide and secret service men as his only audience, the chief executive abandoned the Brule river late yesterday and in an expedition which lasted till after sunset traveled 20 miles in quest of bass on Island Lake.

Forsaking his regular dinner hour and breaking all precedent, Mr. Coolidge stayed on the water till darkness descended on Cedar Island Lodge, but not before he could boast of a catch of ten bass.

After working till late yesterday afternoon, President Coolidge invited Mrs. Coolidge to go with him and watch him try his luck on Island Lake. With little notice to his aids the expedition was organized and Mr. and Mrs. Coolidge started in their car for the lake.

They embarked in canoes at a landing half hidden in the foliage of overhanging trees. The chief executive, in a fishing costume of mackinaw, Kahaki breeches and laced high boots, placed himself at the bow of a canoe with Mrs. Coolidge in the center and the guide in the stern. Another canoe with two secret service operatives followed.

Kenosha, Wis., July 25.—(AP)—The tomb of Senator Robert M. LaFollette in Madison, today was the destination for a pilgrimage of 250 knotted knitters of the Allen-A knitting plant.

They carried a wreath with the inscription: "To the outstanding opponents of injunctions from those who have suffered from injunctions."

A federal injunction against picketing has caused the arrest of 472 knitters since the beginning of the lockout, now entering its sixth month.

Stewart Checks Plan to Remove Him From Board

New York, July 25.—(AP)—The New York World today says that Colonel Robert W. Stewart, chairman of the board of the Standard Oil Company of Indiana, has checked the efforts of John D. Rockefeller, Jr., to force him from the leadership of the \$500,000,000 corporation.

According to unimpeachable informants, says The World, Col. Stewart has cornered 51 per cent of the stock of the corporation which he now controls by ownership or proxy.

Demands that Col. Stewart resign his post were made by Mr. Rockefeller after Stewart refused to testify before the Senate Teapot Dome investigating committee.

ICE BREAKER SEARCHES FOR ITALIA CREW

Soviet Rescue Commission Orders Sedoy to Scour Josef Land for Amundsen.

Moscow, July 25.—(AP)—The Soviet rescue commission today ordered the icebreaker Sedoy, now in arctic quarters, to explore the region around Franz Joseph Land and to push in a northerly direction in search of the missing Amundsen group and the six men of the Italia carried off in the dirigible's bag on May 23.

The Sedov is equipped with an airplane and particularly will explore the Cape Flora section, one of the southernmost points of Franz Joseph Land.

The icebreaker Malign anchored this morning off Archangel after returning from an unsuccessful search for the still missing men. Prof. Vize, head of the expedition, immediately left for Moscow to submit a report of the Malign's work.

The rescue ship Krassin, which picked up seven of the Italia's crew, including the Viglieri group off Foin Island, is sailing for Stavanger where it will be overhauled.

The rescue commission intends to send by airplane from Leningrad a new chassis and other spare parts for Pilot Chukhnovsky's plane. Then the icebreaker will renew its search.

Dispatches from Copenhagen yesterday said that the possibility of Captain Rold Amundsen and his five companions landed safely on the ice north of Franz Joseph Land had been suggested by Commander Gottfried Hansen, Norwegian naval officer and explorer.

Commander Hansen who was next in command to Amundsen in the 1903 expedition of the Sloop Gjoa, said that if Amundsen landed in this region the party would have no difficulty in existing for any length of time since there was plenty of big game there. He thought that Amundsen would try to reach Cape Florida and that it might be months before they would be heard from.

Berlin, July 25.—(AP)—Erich Stoll, German news reel operator who went to Spitzbergen to take pictures of the Italia rescue operations, is quoted in a Mittag Am Zeitung dispatch from Stockholm as saying there were frequent differences between Pilot Chukhnovsky, Russian flier aboard the Krassin and Captain Filippo Zappi one of the men rescued with the Malmgren group.

Stoll said that the differences were chiefly over Captain Zappi's insistence that photographs taken by the Chukhnovsky plane which originally discovered the walking party be developed immediately, whereas Chukhnovsky preferred to keep the negatives until better developing conditions were available.

The News Reel operator also said that the chief topic of conversation aboard the Krassin was Dr. Finn Falngren's fate, especially as Chukhnovsky insists that on the day he first saw the group, there were three men on the ice floe, two of them standing and one lying on the ice, as if dead.

Make Pilgrimage to Lafollette's Tomb

Kenosha, Wis., July 25.—(AP)—The tomb of Senator Robert M. LaFollette in Madison, today was the destination for a pilgrimage of 250 knotted knitters of the Allen-A knitting plant.

They carried a wreath with the inscription: "To the outstanding opponents of injunctions from those who have suffered from injunctions."

A federal injunction against picketing has caused the arrest of 472 knitters since the beginning of the lockout, now entering its sixth month.

REPORTS ON CONDITION OF NATIONAL BANKS

Total Resources of all National and State Banks Given at 70 Billions of Dollars.

New York, July 25.—(AP)—Total resources of all national and state banks in the United States are approximately 70 billions of dollars. The figures are disclosed in the annual report of R. N. Sims, secretary and treasurer of the National Association of Supervisors of State Banks. The report was submitted for a convention today at Cony island.

On February 28, last, there were 26,699 banks of which 18,965 were state and 7,734 national. Total deposits were \$56,714,516,861; total capital surplus and undivided profits, \$8,165,241,004; total resources, \$69,439,471,224.

Total deposits were \$1,140,283,297 above the previous high record of March 23, 1927, and total resources had increased \$3,693,622,613 since that date. Since 1919, when Mr. Sims made his first complete report, deposits showed an increase of 51 per cent resources, 48 per cent capital, surplus and undivided profits, 55 per cent. In the nine year period, however, the total number of banks had decreased 2,114, of which 2,063 were state banks and 51 national.

On February 28, deposits of the state banks were 54 per cent in excess of the deposits of the national banks, resources of the state banks, 51 per cent and capital, surplus and undivided profits, 38 per cent in excess of that of the national banks.

Mr. Sims, who is vice-president of the Hibernia Bank and Trust Company of New Orleans and formerly was Bank Commissioner of Louisiana, said the figures reflect a whole, a healthy condition of the banking institutions of the country. Both state and national banks, he explained, perform equally useful and necessary functions.

Solve Mystery of Unlicensed Radio Stations in U. S.

Quebec, July 25.—(AP)—The mystery of a powerful radio station which interfered with the reception of programs from licensed stations in the United States and Canada has been solved, but another mystery in connection with it today threatened international complications.

Investigators from the Department of Justice discovered the unlicensed radio station in a house in Sillery, a Quebec suburb, and also a large quantity of dynamite and a stock of rifles. The radio station, they said, was capable of communicating with European capitals.

Auguste Nelna, 64, and his son, Arsene, 21, were arrested and charged with illegal possession of explosives. Arsene also was charged with the theft of radio equipment from the Canadian Marconi Company. The two pleaded guilty and were held without bail pending further investigation.

Draws Jail Term For Marriage To His Half Sister

Spartanburg, S. C., July 25.—(AP)—Jeff Carroll today was serving a prison sentence of four months for having married his half sister Nettie Carroll of Blacksburg although they did not know of the relationship.

Carroll was taken by a Hendersonville, N. C., family when he was seven years old and he told the judge he did not even know he had a half sister until recently when he and his bride were arrested. An attorney representing Carroll advised him to plead guilty to a statutory charge, basing his advice on assertions that Carroll could have ascertained the relationship had he tried. The girl was freed.

West Takes Charge Of Interior Dept.

Washington, July 25.—(AP)—The Department of the Interior welcomed a new chief today when Roy O. West, of Chicago, came to Washington.

He will be sworn in this afternoon as secretary by W. Bertrand Acker, chief clerk. The ceremony was expected to be attended by Dr. Hubert Work, the retiring secretary.

SET NEW GLOBE-CIRCLING RECORD

John Henry Mears and C. B. D. Collyer, set new record for circling the globe when they landed at New York, 23 days, 15 hours, 21 minutes and 3 seconds after they started their trip around the world by boat and airplane. Picture shows the flyers' greeting at Miller field. Left to right: Collyer, Vivian Osborne holding "Tail Wind," mascot; Mears, and Seymour Dancy of the mayor's reception committee.

Governor Smith Decides To Let Republicans Fire Opening Gun of Campaign

Albany, N. Y., July 25.—(AP)—Governor Smith has decided to let his Republican opponents fire the first shot of the campaign.

His official notification has been set for the evening of Wednesday, August 22. Until then he intends to hold his drive for the Presidency in abeyance.

The date for the formal launching of the Democratic nominee's campaign comes eleven days after the Hoover notification in California and four days after the scheduled acceptance by Curtis of Kansas of the Republican Vice-Presidential nomination.

Although his plans call for an unusually late start of campaigning and gives his foes the jump, Smith is satisfied. It is the way he prefers to start the battle, and he is confident he will be able to square the count as soon as he sets forth his views on campaign issues.

A time for the notification of Senator Robinson, Smith's running mate has not been determined, and until this is done the score of speech-making activities of the two Democratic nominees will remain in doubt.

It is expected, however, that both will be on the road by labor day or soon thereafter, and will carry into one state after another until the eve of election in November.

The Smith notification ceremony will take place on the East steps of the capitol, just outside the windows of the executive offices where the nominee is putting in his fourth term as Governor. It will begin at 7 P. M., Eastern Daylight Time, and will be broadcast by a nation wide network, embracing at least ninety stations.

With the date fixed after protracted conferences between radio officials and managers for Smith, who were seeking an hour and half of clear time, the nominee lost no time in getting down to work on his acceptance speech, in which he intends to take up every issue of the campaign. He called for a stenographer and last night in the seclusion of the executive mansion, where he has been taking it easy of late, began to set down a rough draft of some sections.

MANY INJURED AS STRIKERS FIGHT POLICE

New Bedford, Mass., July 25.—(AP)—This city was peaceful today after experiencing the most vigorous clash between striking textile workers and police since 23,000 mill operatives walked out 15 weeks ago.

Five thousand persons last night watched reserve battle a crowd outside the sharp mill. Seven policemen were injured. Eight mill workers or sympathizers were arrested.

The outbreak came shortly after a new offer from the state board of conciliation and arbitration at Boston to settle the controversy caused by the announcements of 10 per cent wage cuts.

Seven hundred pickets surrounding the sharp buildings were only dispersed when two deputy sheriffs accompanied the police to read the riot act.

Trouble started when a squad of police approached the picket line to arrest two men and a woman on charges of parading without a permit before the Sharp mill.

HERB HOOVER STICKING TO OLD PROGRAM

Republican Presidential Nominee Obtaining All of the Rest Possible.

Stanford University, Cal., July 25.—(AP)—While settling aside a portion of his time for political conferences and work on his acceptance address, Herbert Hoover is adhering fairly steadily to the program he outlined for himself when he left Washington a tired man ten days ago.

The Republican Presidential nominee is obtaining all of the rest and recreation possible during his early days at his California home, in order to prepare himself for the strenuous weeks that are to come after he formally opens the campaign with delivery of his acceptance here on August 11.

An apparent settlement of differences which have arisen among Republican leaders in the east over the campaign organization there, has eased the nominee's concern over that situation and he is hopeful that the national and divisional organizations will be functioning smoothly before his return to the east late in August.

Mr. Hoover gradually is whipping his notification address into shape, but he sees little prospect now of having it in final form until after his return from his fishing trip next week in northern California. He is weighing his words carefully, giving much thought and study to each of the issues of the campaign which he will state to the country when he formally accepts the nomination.

Stanford University stadium is being transformed for the ceremony. A huge speakers platform is being erected at the east end with towering poles upon which will be perched fifteen loud speakers which are expected to carry the nominee's voice to every portion of the vast bowl. The first plan was to string amplifiers around the stadium, but the engineers after a series of tests deemed this unnecessary.

Meantime, Mr. Hoover will continue his conferences. He had invited in today Harry Chandler, publisher of the Los Angeles Times and Henry Robinson, a Pasadena, Cal., banker who was a member of the reparations commission along with Vice President Dawes and Owen D. Young of New York.

Find Fragment of Airplane Wreckage Off Jutland Coast

Copenhagen, July 25.—(AP)—A fragment of airplane wreckage with some silver and bronze colored fabric attached to it has been picked up off the Jutland coast.

In the belief that the wreckage may possibly be part of the Nungesser-Coll plane, lost last year, the fragment will be sent to Paris for identification.

The wreckage was found by Dr. Frode, a Danish physician. There was a wireless receiver among the fragments and as the Nungesser-Coll plane is the only one missing of apparently similar description, Dr. Frode communicated with the French legation.

Before the piece of wreckage is sent to Paris it will be studied by two Danish experts who say that it is not improbable that it is a portion of the Nungesser-Coll plane the "White Bird."

Moses to Make East Safe For Republicans

New York, July 25.—(AP)—With "harmony at least a foot thick" blanketing his headquarters in the Waldorf Astoria Hotel, Senator Geo. H. Moses today began laying his plans for making the eastern states safe for the Republican party.

Any differences he might have had with Dr. Hubert Work, chairman of the Republican national committee, apparently had been settled by his appointment as vice-chairman of the eastern advisory committee charged with co-ordinating the work of the national, senatorial and congressional committees.

"I should say that just now harmony is at least a foot thick hereabouts," he said in parrying questions of interviewers as to reported strife at the meeting Monday of the eastern Republican leaders.

The New Hampshire Senator jocularly parried questions as to what his exact duties would be, but he said that one of his activities would be to attempt to "pry those seven Democratic senators up for re-election in the seaboard states, out of their seats." Three Republican senators also are up for re-election.

Territorially he said, his sphere of influence would extend from Maine to North Carolina and "it may run over a little on the edges."

FAIL TO CONFIRM RUMOR PREMIER'S ASSASSINATION

London, July 25.—(AP)—Rumors of the assassination of Mohamed Fasha Mahmid, Premier of Egypt, remained unsubstantiated today.

A dispatch from Jerusalem said: "An unconfirmed rumor from Jaffa says the Egyptian Premier has been assassinated."

The Daily Express this morning printed an interview with the Premier dated Alexandria, Egypt, which the paper said had been granted yesterday morning. There was no confirmation from any source of the rumored assassination.

SEIZE JEWELS IN NEW YORK

Sheriff of N. Y. Seizes Jewels Purchased Without Authorization.

New York, July 25.—(AP)—Jewels worth \$400,000 reposed in the safe of the sheriff of New York today, having been seized from a Fifth Avenue jeweler to whom a housekeeper for a wealthy family sold them.

The jewels were purchased from the Wanamaker stores in Philadelphia and New York by Mrs. Maria J. Leslie, and charged to her employer, Mrs. Isaac E. Emerson, wife of the head of the Emerson Drug Company. Mrs. Leslie sold them to Harry Winston, Fifth Avenue jeweler, for \$63,000. They were seized from him on a writ of replevin taken out by Wanamakers. Which claims the jewels have not been paid for and were brought from the store without authorization.

Mrs. Leslie for many years possessed the right to make purchases for the Emerson family on memorandum and charge accounts. Her recent jewel purchases were so large, however, that Wanamakers became alarmed and called Captain Emerson, now in Europe with Mrs. Emerson, asking if the purchases had been authorized. He answered in the negative.

Attorneys for Winston said the jewels were purchased by him in good faith at what he considered a fair price. Mrs. Leslie, they said, told Winston that Mrs. Emerson wanted to raise some money in a hurry to aid a relative who had lost heavily at the gaming table and took that means because she did not to ask her husband for funds.

The jewels were seized from Winston in a melodramatic manner. He had demanded a profit of \$50,000 on the transaction, because, attorneys said, his reputation had been injured by the investigation. Appearing to accede to his demand the deputy sheriffs who went after the jewels took two checks, one for \$63,000, the other for \$50,000. Presenting the checks, they first asked for an inspection of the jewels before payment. When the jewels were handed to them they served the writ of replevin, pocketed the checks and rushed the jewels to the safe of a nearby hotel.

Upshaw to Run in Georgia Primary

Atlanta, July 25.—(AP)—At the request of Congressman L. J. Steele, his opponent, William D. Upshaw, will be permitted to run in the Democratic primary of September 12, despite Mr. Upshaw's announced opposition to the Presidential candidacy of Governor Alfred E. Smith, Democratic nominee.

Mr. Steele made this request in a letter to William Schley Howard, chairman of the fifth district Democratic congressional committee. Chairman Howard had taken the position that Mr. Upshaw by opposing the Democratic Presidential nominee had disqualified himself for participation in the Democratic primary. In view of Congressman Steele's request, Chairman Howard said he would not call the district together to pass on Mr. Upshaw's eligibility.

In a letter to Mr. Upshaw, chairman Howard said: "So far as I am personally concerned although I have not deviated in the slightest from my position as to your disqualification, I am willing to be governed by the wishes of Mr. Steele, who is the candidate, and you can run in the primary and call yourself anything you want to; but I want you to know that my personal views have not changed in the least."

Prominent Farmer Dead.

Greensboro, July 25.—(AP)—W. F. Kirkman, 76, retired farmer and prominent citizen of this community, died at his home near here today. Besides his wife he is survived by four sons, G. M. and C. P. Kirkman, of Greensboro, Ed Kirkman, of Guilford county, and W. B. Kirkman, of Statesville; three daughters, Mrs. K. C. Heflin, of Greensboro, Mrs. J. P. Brink, of Wilmington; and Mrs. W. A. Julian of Winston-Salem.

Pacific Northwest Promised Relief From Heat Wave

Seattle, Wash., July 25.—(AP)—Slight relief from the scorching heat wave under which it has sweltered for three days was predicted today for the Pacific Northwest.

Although the mercury broke many records in eastern Washington and Idaho yesterday, but three prognostications were reported.

Harvesting operations were suspended in some places. A dozen western Washington forest fires gained headway with the burning weather, but none of them were eating into valuable timber.

The hottest weather, 112, at Lewiston, Idaho, broke all records since the establishment of a weather bureau there 28 years ago. Thirty year records were broken in Spokane and Wenatchee, Wash., with 104.1 and 106, respectively.

Seattle with 89, was in line with other coastal temperatures. Portland recorded 98 and Vancouver, B. C., 82.

Young Oil Baron Recovers Fortune In Court Ruling

Eldorado, Ark., July 25.—(AP)—Fortune is smiling broadly again at Pat Marr, 29, who at 22 left his New York east side home with a "grub stake" and in four years became a millionaire oil baron only to lose his wealth in litigation that ended in his conviction of a felony.

The New York state supreme court yesterday handed down a ruling that enriched the youth \$1,500,000 as it directed that controlling interest in the Marr Oil Corporation be returned to him. The court held that Marr was induced through misrepresentation to exchange his interest in the corporation for stock in the southern states oil corporation, Joseph Tumulty, secretary of the late President Wilson and Joseph Glass of New York, receivers for the Southern States Oil Corporation, were defendants. The case had been in courts of Oklahoma and New York, for three years.

However the young man apparently was well on his way to recover his lost fortune. Even last night when newspapermen sought him to discuss the ruling they learned he was at his new oil wells at Rainbow City working far into the night.

In 1921 he was arrested with other company heads to face charges based on evidence collected by government operatives. He was tried on a charge of using the mails to defraud and was convicted in federal court at Texarkana. A sentence of five years in the federal reformatory at Mansfield, Ohio, was imposed by the circuit court of appeals affirmed the sentence and the United States Supreme court refused to review the case. Pending the hearing Marr is said to have continued oil operations, in Oklahoma.

ing the situation were announced. Movement of men in search of work to other parts of the empire would be facilitated, the government announced.

Expedition Well Provided For.

Winnipeg, Man., July 25.—(AP)—Conflicting reports as to the plight of the geological expedition of four University of Iowa students into the wilds of northern Saskatchewan came out of the north country today.

The latest reports from the Pas, Man., declared earlier stories of the inadequate supplies of the four boys to be untrue. This information was given by Arthur Jan, a trader at Pelican Narrows, far to the north of the Pas, who said he had met the expedition and found it well provisioned and well provided with cloths and equipment.

J. E. Sinclair, pioneer northland prospector, however, said at Prince Albert, Sask., that he had met the boys near Rainbow Lake and found them without money either to buy provisions or hire a guide.

They were determined to press on, Sinclair said, and appeared to have a good knowledge of the country.

Westbrook-Jones.
The Proctor Memorial Christian church in Grimesland, was the scene of a lovely wedding Wednesday at high noon, when Miss Mary Jones and Mr. Earl Westbrook were married by Rev. Warren Davis, pastor of the Christian church, Washington.

The church was elaborately decorated in stately palms, ferns, southern anilax interspersed with white roses, hydrangeas and ascension lilies, carrying out a white and green color scheme, over which cathedral candles from silver holders shed a soft glow.

Long before the appointed hour the church was filled with friends of the popular young couple. Preceding the entry of the bridal party Mrs. W. C. Manning, Jr., of Williamston, wearing her wedding gown of Duchess satin, with pink hat and a shoulder corsage of pink roses, rendered a delightful musical program. Miss Jessie Moye, of Greenville, accompanied by Mrs. Manning, sweetly sang "Until" and "All For You." Miss Moye was crowned in watermelon pink organdy with hat to match and wore a shoulder corsage of roses.

To the strains of Lohengren's Wedding March, the ushers, Messrs. Milton J. Moye of Williamston, and Thomas R. Hood of Dunn, entered, and proceeded down opposite aisles followed by the groomsmen, A. F. Pope, Paul H. Newberry, C. L. Tart, and R. L. Cromarti, Jr., of Dunn, and formed a semi-circle about the rostrum. Entering next in order named were the bridesmaids, Misses Ruth Westbrook of Dunn, wearing a costume of flesh organdy with hat to match; Mrs. Leman Barnhill of Williamston, wearing

Nile green; Miss Helen Gray Jones of Greenville, wearing orchid; and Miss Julia Satterthwaite of Pacolus, wearing Nell rose. The gowns of the bridesmaids were of organdy made ruffled bouffant, lace trimmed with velvet of harmonizing shades. Each wore a picture hat to match her gown and carried an arm bouquet of garden flowers tied with tulle. As they neared the altar the bridesmaids crossed to the opposite sides and took their positions on the rostrum.

The maid of honor, Miss Esther Harrison of Williamston, wearing yellow organdie, with picture hat to match and carrying an arm bouquet of yellow roses, was the next to enter. She was followed by Mrs. Milton Moye, sister of the bride, Dame of Honor, wearing pink organdie with picture hat to match and carrying pink roses. The gowns of both the Maid and Dame of Honor were of similar style to those of the bridesmaids.

Bearing the ring on a white satin cushion, Master William Hudson, clad in a white satin suit, advanced down the aisle while down the opposite aisle little Miss Earl Andrews, wearing pink organdie with hat to match, carried a basket of pink rose petals which she scattered in the pathway of the bride.

The bride entered with her uncle, W. A. Jones, of Rocky Mount, and was met at the altar by the groom with his brother, A. P. Westbrook of Dunn, as best man.

The bride was gowned in an exquisite costume of ivory satin, made bouffant, the train of Chantilly lace embroidered with seed pearls. Her veil was worn in a coronet of pearls and orange blossoms. She carried a shower bouquet of bride's roses, valley lilies and sweetheart roses.

While Mrs. Manning rendered soft music, Rev. Mr. Davis performed the ceremony that united the young couple in marriage.

To the strains of Mendelssohn's Wedding March the bridal party departed from the church.

Mrs. Westbrook is the pretty and accomplished daughter of Mrs. Mary Jones and the late Dr. Claud Melnot Jones. She is a graduate of Atlantic Christian College, enjoys a host of friends and is prominent in social circles of eastern Carolina.

Mr. Westbrook, who is prominent in social and business circles of Dunn, is the son of Mrs. E. R. Vincent of that city.

Shortly after the wedding ceremony the couple left for an automobile trip to Western North Carolina, after which they will make their home at Dunn.

Out-of-town guests who attended the wedding were: Miss Esther Harrison, Mr. and Mrs. Leman Barnhill, Mr. and Mrs. Milton J. Moye, Mr. and Mrs. T. P. Harrison, Miss Martha Harrison, R. L. Coburn, R. A. Coburn, Mrs. Bonner Gurganus, of Williamston; Mr. and Mrs. E. R. Vinson, Mr. and Mrs. A. F. Pope, Mr. and Mrs. C. L. Tart, Mr. and Mrs. R. L. Cromarti, Jr., Miss Ruth Westbrook, Mr. and Mrs. J. D. Davis, Mrs. Mac B. Holliday, Mrs. E. M. Jeffries, P. H. Newberry, of Dunn; R. W. Ward, Mr. and Mrs. A. P. Westbrook of Raleigh; Miss Ada Ward, of Washington, D. C.; W. A. Jones, of Rocky Mount; Mrs. L. E. Fleming, of Atlanta, Ga.; Mrs. H. S. Ragsdale, Rev. and Mrs. H. F. Jones, Miss Helen Gray Jones, Colonel F. G. James, Dink James, W. M. Moore, Miss Ward Moore and Mrs. Harvey Briley, of Greenville.

Immediately following the ceremony, Mrs. Mary Jones, mother of the bride, entertained about a hundred guests at an elaborate wedding breakfast, at her home. The house was decorated with summer flowers, with pink and white the predominating colors.

The dining table, covered with an imported lace cloth, was centered with a silver basket of pink roses flanked by tall silver holders with lighted tapers.

Mrs. H. S. Ragsdale and Miss Ward Moore, of Greenville, served.

On Monday evening following the rehearsal the bridal party and the out-of-town guests were informally entertained at the home of the bride.

Upon their arrival the guests were served punch by Misses Virginia Jones and Elizabeth Moore.

The cutting of the wedding cake was the cause of much merriment and enjoyment. The ring was cut by Mrs. Mack Holiday, the thimble by Miss Martha Harrison, the button by A. F. Pope, the dime by Earl Westbrook.

An ice course with salted nuts was served by Mrs. J. Harvey Briley and Mrs. L. E. Fleming.

IN HONOR OF MRS. J. E. KIRKPATRICK

Mrs. George F. Hadley charmingly entertained at bride last evening at the home of her mother, complimenting Mrs. J. E. Kirkpatrick. The guests were met at the door by their hostess and her sister, Miss Jessie Moye, and introduced to the guest of honor, who was gowned in a lovely lace trimmed flesh chiffon dress, and wore a shoulder corsage of pink roses, gift of the hostess.

The lower floor of the home was thrown en suite and was decorated with summer flowers, a yellow color scheme predominating.

iced drinks and sandwiches were served after the first progression. High score prize, an attractive boudoir pillow was won by Miss Clara Louise Moye. Miss Louise Cooke, of High Point, and Miss Mattie Barnes, of Wilson, were presented dainty handkerchiefs. The honoree was remembered with a lovely piece of lingerie.

A delicious ice course was served at the conclusion of the games.

Cleve Williams Hurt in Wreck

Cleve Williams suffered painful but not serious injuries when the Ford automobile which he was driving ran into another car parked on Dickinson avenue last night. Williams received a cut on the forehead, lip and elbow. His car was turned over completely by the force of the impact.

The other car was the property of Key Norris and like the Ford, was badly damaged.

The wreck is said to have resulted from Williams' inability to see the car parked on the side of the street because of the blinding light of an approaching car.

CRACK SOVIET PILOT CRASHES TO HIS DEATH

Moscow, July 25.—(AP)—Accounts of the death of Aleksey Pavloff, crack soviet pilot, today indicated he crashed deliberately rather than try to save his own life by endangering spectators at an aviation exhibition.

Pavloff was giving a stunt flying demonstration before high aviation authorities and foreign guests at Moscow's military airrome in a small monoplane of his own construction when the plane suddenly dived close to the ground and crashed a few yards from the spectators. The pilot's body was buried in the smoking debris.

Some of the aviation experts who witnessed the accident said that Pavloff could have saved his life by a forced landing among the spectators, but deliberately chose to crash rather than endanger the lives of the onlookers.

AGRICULTURAL SITUATION IN ITALY FAVORABLE

Rome, July 25.—(AP)—Italy's agricultural situation is generally good and there is a slow but decisive tendency toward betterment in the industry, said Andro Martelli, the new minister of rational economy, at the closing session today of the council of ministers.

Signor Martelli estimated the total grain production for 1928 at 84,000,000 quintals (about 7,000,000 tons). He said that this was more than the two year average for 1926-27 and closely approached the 1925 total of 85,000,000 quintals.

Newport News Editor Dead

Newport News, Va., July 25.—(AP)—Q. S. Copeland, editor and publisher of the Newport News Times-Herald, and the Daily Press, died suddenly at his home here last night.

Mr. Copeland, who was 72 years old, was active until the day of his death. He went home yesterday about two o'clock because of an apparently slight illness but apparently recovered and was active about the house during the afternoon. He lay down on his bed for a short rest late in the afternoon and apparently died while sleeping about 7:30 o'clock.

Funeral services will probably be held from St. Paul's Episcopal church on Thursday or Friday.

Mr. Copeland had been actively engaged in newspaper work for 47 years in Richmond, Norfolk, Danville and Newport News, and had served as president of the Virginia Press Association. He refused to "take it easy" after becoming a successful publisher and continued his active work at Newport News until yesterday.

LUMBER DEALERS MAKE GOOD WILL TOUR

Charlotte, July 26.—(AP)—A group of nine retail lumber dealers left here today on a two-day goodwill tour of the western part of the state. They will be augmented by other retail lumber dealers who will join the party at Shelby, Asheville and Black Mountain.

The group, all of whom are members of the Carolina Retail Lumber Dealers Association, was headed by J. C. Kendall of Florence, S. C., president of the association. He said that the object of the trip was to foster a better understanding among members of the industry.

Among those making the trip are R. M. Davenport of Spartanburg, S. C.; W. B. Ardrey of Fort Mill, S. C.; J. C. Cuthen of Rock Hill, S. C.; and D. P. Crowder of Chester, S. C.

On their trip the lumber dealers will visit Gastonia, Shelby, Asheville, Black Mountain, Marion, Lenoir, Hickory, Statesville, Salisbury and Concord.

CONSIDER THE FACTS

In opening the presidential campaign in this state last night, Hon. Clyde Hoey, has indeed given those who are contemplating withdrawal from the Democratic party in preference to voting for Governor Al Smith because of his stand on the liquor question, something to think about, consider carefully before they reach a decision to desert the party of their fathers.

Declaring that the hypocrisy that fills the records of the Republican party is such as to clearly indicate that that party does not uphold and will not enforce the dry laws, and expressing belief that if elected, Governor Smith will enforce the laws to a letter, despite his personal views on the matter, Mr. Hoey declares that all the ballyhooing of Smith's wetness will not stampede him into voting for the party that for the past eight years has had the biggest distiller in America at the head of the prohibition enforcement.

With reference to prohibition under the Republican administration, Mr. Hoey said: "For more than thirty years not a single President of this country has been a prohibitionist and a dry as we understand those terms—every one of them has been wet according to present definitions. Roosevelt was not a prohibitionist, Taft was not, Wilson was not, Harding was not and Coolidge is not. Moreover, the present Republican candidate, Herbert Hoover, never voted for prohibition in his life, is not a dry and never has been, and yet if you listen to those who are so busy denouncing the Democratic candidate, you would imagine that Hoover had been a crusader for prohibition. When Senator Borah called upon Hoover for an expression before the convention his only declaration in effect was that prohibition was a 'noble experiment,' and related it only to our social and economical life, failing to clothe it with any of the moral garments of righteousness. So far he has never said that he believes in prohibition and if he does say so in his speech of acceptance, it will be his first time to ever find out that he is a prohibitionist or a dry, and the discovery will be due solely to the conclusion that he may fool some good dry Democrats into voting for him by that sort of declaration.

"I yield to no man or woman, minister or layman in my loyalty and devotion to prohibition and my sincere desire to stamp out liquor and all the evils incident to the traffic, but I refuse to be stampeded to the support of a party that for the past eight years has had about the biggest distiller in America at the head of the prohibition enforcement—a man who has made millions out of the liquor traffic and has fattened on the misery and suffering, poverty, and squallor of the multiplied thousands who have purchased the damnable stuff from his bar-rooms, distilleries and breweries, and a man who has fought prohibition at every stage with every ounce of his influence and energy, and who had enough liquor on hand to float a battleship when prohibition went into effect. This same man, Secretary Mellon, now has through his companies liquor stored in warehouses amounting to many millions of dollars, and he is getting a high price for it. This is the man who is now at the head of prohibition enforcement—the Republicans transferred enforcement from the Department of Justice, where it properly belonged, to the Treasury Department—and Secretary Mellon is the czar in charge. This is the man who has been serving in the Cabinet with Secretary Hoover for the past eight years and is the same man, who, along with Boss Vare, whose election to the Senate from Pennsylvania was so flagrantly corrupt that the Senate wouldn't let him enter, dictated the nomination of Hoover at Kansas City, and it was so published in every newspaper in the land. This is the fine moral atmosphere pervading the Republican party into which our Southern dry Democrats are asked to enter, because forsooth Al Smith is wet."

Answering those who express the opinion that Governor Smith, by his declarations has bolted the Democratic platform, Mr. Hoey declared: "But we are told that Governor Smith bolted the platform. He did nothing of the kind. The platform declares in favor of enforcing the law and he says that he will do that to the full letter of his oath. However, with characteristic honesty and candor, being unwilling to get votes by falsehood and deception, he takes the American people into his confidence to say that he believes there should be some changes in the law. Is there any treason in that? Or, do you prefer a man like Hoover, who, since he has been a candidate, has pursued the policy of carrying liquor on one shoulder and water on the other in an attempt to get the wet Republicans of the North with the liquor and the dry Democrats of the South with the water? It is most refreshing to me to have a candidate for office who has the courage and honesty to tell the people frankly where he stands, even though you may differ with him. Suffice it to say that you may rest assured that when Smith is elected the Amendment will not be disturbed and that in no view of the situation could there possibly be any change in the prohibition laws affecting North Carolina. "Anyway, the Volstead law is not one of the Ten Commandments, but "Thou shalt not steal" is one of them, and some of our friends are threatening to

vote with a party in this election that in its official life has so long violated this Commandment that it has completely fallen into disuse and some think that it no longer has any application to the Republican party." What Mr. Hoey has so wisely set forth in this, his opening address of the campaign in this state, we pass on to the good people of our state for their careful study and consideration.

ABOUT TOWN

If you are interested in the Tunney-Heehey fight Thursday night, visit the Reflector office and be our guests for the evening. We have made arrangements to keep our Associated Press leased wires open during the fight and the hundreds who gather at the office will have the opportunity of receiving the most intimate details of the battle.

More than passing interest is attached to this great ring event. The rise of Tom Heehey to pugilistic greatness has been almost phenomenal in one sense of the word, and this battle will satisfy the public mind as to whether or not Tunney is still able to handle the best the mat produces. Information from both camps is very encouraging. If condition counts for anything else, both of the fighters are in tip-top form and are in position to give a splendid account of themselves. Tunney, the even-tempered, cultured holder of the world heavyweight title, has not ever had his temper ruffled a time since his training period began. Heehey, on the other hand, has been surly and almost ferocious at times, indicating to those experienced in handling of prize fighters, that he is at the peak of physical conditioning.

Every detail of this great ring battle will be megaphoned from the Reflector office, as in numbers of other cases of the kind in past years. You are cordially invited to spend the evening with us—or until one of the fistie contenders is declared winner of the encounter.

"Plant better cotton next year," members of the various Cotton Associations have been advocating the past few months, and it really seems like they are going to realize the ambition if the word of one of the prominent leaders of the community counts for anything.

"Long staple cotton is what the manufacturers want. The farmer willing to produce this kind of staple will certainly be well rewarded for doing so. It is just as easy to plant one kind as another and both are adaptable to the soil of this great locality. "Mr. Farmer, if you want to increase your earning next year, see to it that you give your attention to the cultivation of long staple."

"Talk the Greenville tobacco market and you give the city one of the greatest boosts it is possible to give," said one of our well known business men today discussing the opening of the market August 28th. "Lots of people still have the impression that Greenville is a tiny little old place set away out in the woods—far removed from that type of people who consider themselves at the peak of culture and refinement. On the other hand, there are others disseminating the progress and development of the section in a way that is commanding attention of the outside world. "The rapid growth of this section the last six or eight years has been short of remarkable. The doubling of population of the capital of Pitt county has occurred within this space. The transformation to local people has not been quite so pronounced but to those who have gone away and returned it is plain indeed.

"The tobacco market is one of the reasons the city has developed from a large town to a thriving small city. Therefore, it is incumbent upon all of us to boost the tobacco industry, not alone during the open season, but all times of the year, especially when others seem to have forgotten such a thing as business exists."

"The local ball club will conclude the series here with Wilmington tomorrow, and will then go to Rocky Mount to take on the Bucs for a couple of games," mentioned one of the local enthusiasts today. "The team has been playing in a losing streak for the past two or three weeks. It seems almost impossible for them to win more than two games out of an entire week's play. Therefore, it is incumbent upon local fans to turn out in large numbers to the game tomorrow and encourage the boys to fight to the last ditch. "It is discouraging to attend ball games when a club is losing. But it has proven that even losers eventually turn out to be winners. Be there when the tables begin turning on the old Tobaccoists outfit. "Only one more month of play this month, and the Eastern Carolina league will be a matter of history. The circuit closes after Labor Day, and the winning teams will

The Proven Value Of Persistent Advertising

Do you know, Mr. Merchant, that according to Boyd's Official List there are now 2,530 mail order houses in the United States who sell direct to the consumer?

Each and every one of these concerns issue catalogs, including supplements, booklets, folders, bulletins, special price lists, etc., throughout the year.

Most of the larger mail order houses issue catalogs twice a year; many of which have sections in colors and contain fifteen hundred pages or more.

The weight of one of these catalogs, after being trimmed, is about four and one-half pounds, and on a recent issue the paper alone in car load lots, would have cost over fifty-five cents.

Some of these houses distribute from ten to twelve million catalogs a year; the estimated cost of each complete catalog being about \$2.00, with the monthly supplements, booklets, folders, price lists, postage, wrapping, etc., extra, bringing approximate cost \$2.50 to \$3.00 for each "live" name or prospective buyer on their lists.

Any person any place may secure one of these large mail order catalogs free of all cost simply by mailing in their request on a one-cent post card.

This means, Mr. Merchant, that a single mail order house will invest approximately \$3.00 a year in advertising—catalogs and follow-up literature—for each customer or prospective customer residing within your trade territory.

From figures recently compiled by the National Buy-at-Home Movement of Fort Wayne, Indiana, after a thorough investigation and the checking-up of thousands of country newspapers, it was proven that the merchants of the smaller cities and towns invest on an average of only nine cents each a year in advertising in their local papers, for each customer or prospective customer living within a seven mile trade-zone of their home town.

The investigation proved conclusively that the secret of the mail order house's success was simply persistent advertising and the use of liberal space in describing the merchandise they have to offer.

LOCALS DROP SECOND GAME TO KINSTON

Kinston made it two straight by taking yesterday afternoon's contest from Greenville at its fair ground here by the score of 7 to 3.

Fergus, a recent acquisition of the Tobaccoist outfit, started out to do mound duty, but the visitors fell on his offerings and sent him to the showers in four innings. It fell to Allen to take up where Fergus left off and the Eagles managed to put only two runners over the plate during the remainder of the game.

Dudley pitched effectively for the visitors. He allowed nine hits, but these were so well scattered that they failed to result in scoring only in the third and ninth frames.

Bailey came off with hitting honors for the day, getting a total of three safeties out of as many trips to the rubber.

GREENVILLE NOW STEPPING OUT IN SOUTH ATLANTIC

(By The Associated Press) Greenville seems determined to keep the South Atlantic Association championship in the Carolinas and out of Macon's reach.

The Spinners have shown far more success at beating the Peaches this season than Asheville, leaders in the pennant race, having an even break in a dozen games while the Tourist have won only one third out of the same number.

Andy Moore won the first game of a double header from Greenville yesterday when he hit a homer in the ninth inning with two out and two on base to score three runs and make the count: Macon 2 Greenville 5. Both Peaches run came through the walloping efforts of Sheriff Lee.

Dick Niehaus held the Spinners in check in the night cap while the Goodmen were evening the count with a six to two decision.

Asheville continued its atrocities on Augusta, doing enough in three consecutive innings or a seven to three triumph. Cooke hit a home run for the winners.

Pitcher Tripp, of Charlotte, was tripped and knocked from the box by Knoxville in its 15 to 5 defeat by the Hornets. After Tripp was relieved the Smokies kept up their attack on Withrow to make their total mount to seventeen.

Spartanburg and Columbia were rained out.

Danish Wrestler Hopeful Copenhagen — (AP) — John Jacobsen, light middleweight Danish wrestling champion and champion of Europe for 1927, hopes to carry his country's colors to victory at Amsterdam.

Defending Champ

CARL KAUFFMANN
Pittsburgh — (AP) — Carl Kauffmann, Pittsburgh, National Public Links Golf champion, is all set to defend his title on the Cobb's Creek course at Philadelphia, July 31.

In the qualifying play on the Schenley links here, the champion finished in a tie for first place with Sam Graham, Pittsburgh policeman. Both had cards of 137, but the most sensational round was Kauffmann's 65 to tie the copper, who, on the first day out had a lead of five strokes. Graham faltered on the last round, taking a 70.

LOOKS LIKE LLOYD HAHN MAY DOUBLE

By ALAN J. GOULD, Associated Press Sports Editor.
Amsterdam, Holland, July 25.—(AP)—Day by day the chances of Lloyd Hahn scoring an olympic double victory in the 800 and 1500 metre runs, duplicating Mel Sheppard's feat of twenty years ago, appear to be brightening. The "Boston Express," who has been given almost exclusive attention by Coach Jack Ruder along the lines of his own individual training program, not only is impressing the experts as fully up to his home form but his excited opposition no longer is as formidable as formerly.

The latest developments indicate that Paavo Nurmi, 1924, winner, and Edwin Wide, Swedish school master, had been defeated out of the 1500 metres test where these two figured to form Hahn's chief opposition. This lessening of the Scandinavian threat follows the failure of Dr. O. Peltzer, German champion, to recover from a leg injury, thus apparently removing another double threat from the Americans' path.

Nurmi's tentative program is to run in the 5,000 and 10,000 metres and the steeplechase, pairing in all three with his countryman and rival, Willie Ritola.

Wide is slated to make his big effort to unseat the Finn in the 5,000 metres where Leo Lermond of the Boston A. A., MacAuley Smith, of Yale, and Dave Abbott, of the University of Illinois, three youngsters, carry America's banner against the Scandinavian flyers.

As a result, Hahn's chief opposition in the middle distance tests loom from Great Britain and France. The British threat is Douglas Lowe, 800 metre champion in 1924, who is bringing his own brands of wine for the Amsterdam training tables. From France comes H. Seraphin Martin, who turned in an 800 metres in the spectacular time of 1:50.3-5 in the Paris trials and "Chesty" Jules Ladoumègue, who has beaten the record for the 1500 metres. These two are being heavily backed by the French to score the tri-color's first big triumph since Josef Gullerott handed Nurmi his only Olympic setback in the 5,000 metres final in 1920 at Antwerp.

The British threat is Douglas Lowe, 800 metre champion in 1924, who is bringing his own brands of wine for the Amsterdam training tables. From France comes H. Seraphin Martin, who turned in an 800 metres in the spectacular time of 1:50.3-5 in the Paris trials and "Chesty" Jules Ladoumègue, who has beaten the record for the 1500 metres. These two are being heavily backed by the French to score the tri-color's first big triumph since Josef Gullerott handed Nurmi his only Olympic setback in the 5,000 metres final in 1920 at Antwerp.

Tom Heeneey Not Excited at Outlook

By CHARLES W. DUNKLEY, Associated Press Sports Writer.
Fair Haven, N. J., July 25.—(AP)—A man without temperament—that is Tom Heeneey, the rock-ribbed barrel-chested, New Zealandier who tomorrow night battles Gene Tunney for the world's heavyweight championship.

"Blime me if I get what you Americans call a kick out of it," Heeneey says. "I guess I haven't got any of that temperament stuff in me. Meeting Tunney of course is a big chance for me—it may mean my financial independence, but I cannot get excited about it. It is just a sporting proposition. If I can't win I want to be a good loser."

Heeneey might just as well be a horsehoor or the plumber that he used to be instead of the challenger for the world's heavyweight title as far as outside appearances go. He is as common as an old shoe with no attempt at high hattedness, no desire to be out of the ordinary. He walks around the camp in a rumpled pair of old blue trousers, a pair of comfortable oxford sandals and a white shirt open at the neck. He is always mixing with everybody, chatting about any question that comes up.

He is ever ready to do anything asked of him, although at times the doing is inconvenient.

One cannot help liking him. His blue Irish eyes look straight into yours and he talks simply and directly with flashes of true Irish wit.

He has made a host of friends since he first hit America fifteen months ago and battled his way to a shot at the championship by sheer merit. He has not earned the title of "Hard Rock from Down Under" for nothing.

Yielden Reinstated On Davis Cup Team

Paris, July 25.—(AP)—Announcement of the reinstatement of Bill Yielden as a member of the Davis Cup team and announcement that he will play in the challenge round against France was made today at the headquarters of the American team, on the return of President Samuel H. Collow of the U. S. L. T. A. from London.

DEMPSEY VISITS HEENEY'S CAMP

Jack Dempsey, former heavyweight champion, calls at Tom Heeneey's training camp in Fair Haven, N. J., to look over the new challenger for Gene Tunney's crown. Left to right: Charles Harvey, Heeneey's manager; Dempsey; Tom Heeneey and Tex Rickard.

GENE TUNNEY IN FINE FORM FOR FIGHTING

By WILLIAM R. KING, Associated Press Sports Writer.
Spectacular, N. Y., July 25.—(AP)—For three months Gene Tunney has toiled through a most rigorous training season and now, thanks to his own efforts alone, he is physically and mentally perfect for the fray with his rugged New Zealand challenger tomorrow night.

Though Tunney has fought but once since 1926, when he wrestled his title from Jack Dempsey to Heeneey's 14 bouts in the same space of time, he will enter the ring the better boxer of the two. He has probably gained a fistie science during his long lay off, for he has always been a close student of his trade.

Tunney claims he has never been stronger, that he is punching harder and he has confidently predicted that he will defeat Heeneey probably by a knockout.

During his training siege, during which he has never appeared outside the ring in anything but a sweater, shabby linen trousers and an old pair of shoes, scarcely noble raiment for the ruler of fistiana, Tunney has been developing a powerful right hand body punch, now which Heeneey has always had great trouble defending.

He has never been savage with his capable sparring partners, Harold Mays and Billy Vidabek, the Bayonne, N. J., heavyweights, but during his numerous workouts with them, he has often proved that he has acquired a right hand punch packing knockout force.

He completed his ring practice yesterday afternoon by going two rounds with each of these boys. He worked so fast against them that they appeared clumsy and awkward.

"I'm ready," Tunney said when he left the ring. "Heeneey is a rugged foe but I have complete confidence in my own ability. I am better than I was for Jack Dempsey last year."

Tunney's only companion today was Orrin Nobles, artist, who has been sharing the champion's lake-side cabin for the past several weeks. Nobles will remain with Tunney until tomorrow morning when Tunney takes off from Lake Pleasant in a duel-motor Sikorsky amphibian on a flight to New York, where he will weigh in at the Madison Square Garden at 2 p. m.

Though most of Tunney's advisers and thousands of his well wish-

COTTON MARKET.
 New York, July 25.—(AP)—Further decline in the cotton market today was promoted by a favorable view of the weather news and the weekly report of the weather bureau. Declines of about 20 points brought in extensive covering, however, and after offerings had been absorbed, prices rallied on a comparatively moderate demand, the mid-afternoon market showing net declines of 6 to 8 points.
 Futures closed steady 8 to 10 points lower; spot steady, middling 21.10.

GRAIN MARKET.
 Chicago, July 25.—(AP)—Despite export purchases of 1,000,000 bushels of North American wheat today, wheat prices had a general trend downward, except at the outset. Wheat crop conditions both in the American northwest and in Canada were reported as above par and the outlook good for a high quality yield. Corn export business today broadened out, totalling 1,000,000 bushels mostly new crop corn November-December shipments.
 Wheat closed weak, 1 cent to 1 1/2 cent net lower corn at 1-8 cent to 1 1/8 cent advance, oats 3-8 cent off to 1-2 cent up, and provisions unchanged to a rise of 7 cents.

STOCK MARKET
 New York, July 25.—(AP)—The stock market had the appearance of strength today, but the buying continued to be of a highly selective character. Resumption of pool activities in the specialties lifted more than three score issues from 1 to 5 points above yesterday's final quotations, with half a dozen of them mounting to new high ground. Trading continued relatively light in character due to the absence of any widespread public participation. Call money was in plentiful supply at the renewal rate of 5 1/2 per cent and that figure was shaded in the "outside market," but time money and commercial paper rates continued firm. In banking circles, the ease of call money was generally regarded as temporary in character.
 Railroad shares received better support on the publication of a weekly car loadings statement, making a favorable comparison with the corresponding period a year ago. Grangers led the advance, with the buying in that group, stimulated by expectations of heavy crop movements this fall.
