

### THE WEATHER

Fair tonight and probably Thursday, slightly warmer tonight in extreme west portion, gentle variable winds.

## GRANT DENIES HE KIDNAPPED HIS YOUNG SON

### Two Persons Held by Pennsylvania Authorities, Charged With Stealing Boy.

Charlotte, Aug. 1.—(AP)—Harry L. Grant, Jr., said to be sought by Pennsylvania officers for kidnaping his nine year old son, Harry III, was located in Charlotte today. He arrived here by motor last night, he said, and denied the charges of kidnaping.

In a statement to a Charlotte News reporter who located him at the automobile workshop of his father here, Grant said that he had never been divorced or legally separated from his wife and that there had never been any court proceedings to award Mrs. Grant custody of their son. Therefore, he said, there was no element of kidnaping in the case.

Grant related a story of flight through a cordon of Pennsylvania state police who many times were close enough to touch him, he said, but never stopped him. He was driving the automobile of his sister, Mrs. Frederick Byrne, of Washington, he said, while officers were watching for his small green roadster in which it was thought he made off with the boy.

Grant said that he moved here last October from Pennsylvania to establish a home. His wife at first refused to come down, he said, but later came and remained only a short while. Repeated entreaties failed to induce her to return, he said, so he went to Pottsville Monday with a writ of habeas corpus to gain custody of their child.

Tom P. Jimison, local attorney, who is being held in the Schuylkill county jail charged with conspiring to kidnap, was retained to handle the legal phases of the case, Grant said. The hearing was scheduled for Tuesday at Pottsville.

Monday afternoon he called on his wife, he related, and received her permission to take the child out walking. He had no thoughts at that time of taking him off, he said.

When about two miles from home he saw a big automobile careen around a curve in the road and run into the ditch. When he reached the scene of the accident he found that the machine was driven by Mrs. Byrne who had been summoned as a witness at the hearing.

The machine was slightly damaged, but Mrs. Byrne was unhurt. Grant said he took her to a Pottsville hotel and returned to the wreck to determine the extent of the damage.

When he found the car in running shape the idea was born to him, he related, that he might find a way out of all my troubles by running off with my boy in my sister's automobile.

"I knew that my wife would soon have officers looking for me," he said. "But I surmised that they would be searching for my automobile. It was about 3 o'clock in the afternoon and I knew that the police would be changing shifts and I thought that would be the best time to bring my son back home.

"Many times I passed officers on the road, probably 20 or 30 of them, but they never stopped me. I arrived in Charlotte last night. I do not see why they charge me with kidnaping. I merely took my own son whom I have a right to keep.

"I am sorry they are holding Mr. Jimison and my sister. They had absolutely nothing to do with it. Mr. Jimison was there to handle my case and my sister was there as a witness. When they met at the hotel I suppose my wife had them arrested."

Grant is in business here with his father, Harry L. Grant, Sr.

Local officers said they had no charges against him and he has not been arrested.

### WOMAN KILLED IN WRECK BURIED TODAY

Columbia, Aug. 1.—(AP)—Funeral services for Miss Althea Carl Turner, 19, who was killed near Wimboboro yesterday, will be held at Bethany Baptist church, Fairfield county, tomorrow.

Miss Turner, daughter of Mr. and Mrs. W. W. Turner, of Wimboboro, was fatally injured when an automobile in which she was riding collided with another, C. M. Baker of Camden, with whom she was riding in the rumble seat of a roadster driven by Tom Lemmond, of Wimboboro, was painfully injured. Lemmond and Miss Catherine Turner, in the front seat, were not seriously hurt.

The automobile turned over several times.

## JONES IS MADE POLICE CHIEF IN WASHINGTON

### Former Greenville Chief to Take Over New Post on September First.

Lester Jones, former chief of police of the city of Greenville, will become chief of police of the town of Washington September 1st, according to information made public today.

Notified of his appointment to this important post this morning, Chief Jones said that he would accept immediately and be prepared to report for active service September 1st. It was understood that he was requested to take charge immediately, but his duties as captain of the local military unit at annual encampment this month will prevent his beginning work before September.

It was stated that the new position carried with it an increase over the salary received while head of the Greenville department. His powers will be equal to those of a police commissioner. He will have the power to direct the activities of the entire police department, doing all of the employing and dismissing of its members.

It was also understood the Washington police force will be virtually doubled and that the employment of the former Greenville chief is the consummation of an effort to make Washington one of the best policed towns in the state.

Lester Jones is a native of this county. He is a soldier of more than ordinary ability, having served with distinction during the World War. He is at present captain of Battery E, field artillery of the North Carolina National Guards, located in Greenville. His unit is said to be one of the best organized in the state, considering the fact that it is numbered among the youngest organizations.

Mr. Jones obtained employment on the Greenville police force in 1920. He worked first as motorcycle cop, then as a patrolman, being later appointed to the important post which he filled with considerable distinction. He was summarily dismissed from service at the last regular meeting of the board of aldermen, when that body, with several new members in office, effected many unexpected changes in the government of the city.

## Shadow of Dempsey Falls Across Fighters Picture As Gene Tunney Retires

New York, Aug. 1.—(AP)—The heavyweights lacked a king today but the machinery for the selection of a successor to the throne was set up and ready for action.

By voluntary abdication rather than by force of a foe's fists, Gene Tunney, who rose from the obscurity of a clerk to the prominence of fighters, has vacated his throne and returned to private life.

He becomes the second heavyweight title holder to decide that the ring holds nothing more for him, but unlike the confusion that followed the retirement of Jim Jeffries in 1905, Gene leaves behind him as a heritage, a well ordered plan designed to choose from all the contenders a logical successor to the crown.

Into the hands of Tex Rickard the retiring champion has placed the responsibility of conducting an elimination tournament, international in scope, out of which, he hopes, will come the man most fitted to wear the now discarded robes of fist royalty. As another parting gift Tunney will place in the hands of a committee of 26, headed by William Muldoon, 82 year old New York State Athletic Commissioner, a trophy on which will be inscribed the names of each predecessor and successor to Gene's crown.

Even as Tunney's retirement became known, the shadow of the old Manassa Mauler, Jack Dempsey, fell once more across the heavyweight picture—an ominous sight for other rank contenders.

Beaten twice by Tunney, Dempsey announced his own retirement from the ring some months ago, but with Tunney his arch-nemesis, no longer as an obstacle, there were many who thought that the great slugger would reconsider and that before another year has passed the conqueror of Willard, Firpo, Carpenter, Brennan and Gibbons, once more would be found in his corner, scowling ferociously at an opponent.

There are few who seriously

## SEEK LEADER TO REPLACE GEO. BRENNAN

### Illness May Force Napoleon of Illinois out of The Political Life.

Chicago, Aug. 1.—(AP)—George Brennan was given a good chance for recovery today, but there was a general sentiment among Democratic leaders that "the Napoleon of Illinois Democracy" might never again be able to resume the political leadership he has held since the death of Roger Sullivan.

There was no single personality outstanding among the state's Democratic chieftains who appeared as a natural successor to Mr. Brennan who is fighting for his life at the John B. Murphy hospital following operations necessitated by infected teeth. There were a dozen or more men, however, any one of whom might fall heir to the Democratic dictatorship should Mr. Brennan's health compel the abandonment of the mantle.

Brennan's rise to power from breaker boy to banker was being retold today by his friends as they kept in touch with reports from his bedside which early today were that he was "getting better every hour."

Ever since Brennan stepped into the shoes made vacant by the death of Roger Sullivan he has warred against the Volstead act, against the return of saloons, and in favor of a beer of 3 per cent alcoholic content.

Brennan always has laughed. For the last 21 years Illinois politics have been venerated with his humor. He entered politics in 1897 when he cast his lot with the Sullivan-Gahan-Hopkins group. It was his humor, friends said, which brought harmony into Illinois Democracy, sundered when Sullivan died.

In 1926 Brennan ran for senator that there might be harmony in the Chicago Democratic pool.

Brennan, disliked being a candidate, for his love was the life behind the scenes. It was behind the scenes that he conducted his long fight against William D. McAdoo, Presidential aspirant. From behind the scenes he placed James M. Cox in nomination. He selected William E. Dever from a field of eight eligibles to be mayor of Chicago when William Hale Thompson ended his second administration.

He was among the first of the Democratic leaders to seek to place Al Smith in the White House.

doubt that Dempsey, despite his age, still can defeat virtually every heavyweight contender now on the horizon.

Just now Dempsey is tied up in a theatrical venture with David Belasco until spring. When that contract is fulfilled there is at least a chance that he will return to the ring and see if his second comeback cannot terminate more successfully than did his first.

Rickard plans to begin his elimination series next month, drawing his candidates from among such fighters as Johnny Risko, Paulino Uzcudun, Tom Heeney, Jack Sharkey, Knute Hansen and Phil Scott.

"Just now there are only about six outstanding heavyweight contenders in the country," said Tex. "I will set them working in September in the first of the series of eliminations. In the meantime I want the entries of at least twenty other heavyweights throughout the country. All will get chances to prove their worth in eight or ten round bouts. I will have until next September to find the pair to fight in the final for the title.

"I have no idea yet who will start the show, although I may pair Jack Sharkey and Paulino for a match sometime in September. Risko must be considered along with Heeney, Hansen and Scott.

"It is very likely, however, that the eliminations or the regular trend of boxing throughout the country will produce two men the public hasn't heard of yet. The heavyweight division needs new blood. This is the best way to get it."

Rickard apparently has left one man out of the picture who is determined to crash into it—Tommy Loughran, light heavyweight titleholder. Tommy announced at Littlewood, N. J., that he would file with the New York and Pennsylvania boxing commissions his claims for the vacant title. He added he would be willing to fight through any elimination tournament that might be staged.

## Lower Opening Prices Georgia Tobacco Markets

### Prices on the Georgia Tobacco Markets today were below last year's opening day average and farmers were disappointed according to private reports received by The Reflector this afternoon.

Private reports to The Reflector follow:  
Nashville, Ga., Aug. 1. Nashville is averaging sixteen cents. Sales will block.  
J. F. Arthur.

Metter, Ga., Aug. 1. Sales fairly light in weight and color prices average around ten cents. Lower than last season. Farmers disappointed.  
W. Z. Morton.

Macon, Ga., Aug. 1.—(AP)—Exceeding all expectations as to quantity, quality and price, tobacco displaced cotton as king in 22 South Georgia towns today as the season's initial sales were recorded before holiday sized crowds.

Most of the tobacco offered today consisted of sand lugs but was declared to be of the best quality in years, bright in color and light in weight, making for prices above the usual level for that grade of weed. Prices averaged between 15 to 20 cents per pound.

Today's offerings were the vanguard of a great crop estimated to be more than 68,000,000 pounds before the last leaves are stripped and sold.

Seven acres of floor space was covered with the weed when the warehouses at Vidalia opened this morning. Hotels were crowded to capacity and citizens opened their homes to tobacco planters and buyers. With the best estimates that more than a million and a half pounds of tobacco was on the floor today, prices ranged between 12 and 30 cents, the average 17 1/2 cents per pound. Two sets of buyers carried on throughout the day. The streets were thronged with traffic and pedestrians.

Two thousand persons witnessed the opening sales at Baxley where 300,000 pounds were on the floors for sale. Prices averaged 20 cents, with the highest sales at 27 cents. Buyers estimated the better grades in this section will bring around 35 cents.

Approximately 350,000 pounds was ready for the hammer at Douglas which has four warehouses. Four sets of buyers were watched by approximately 5,000 persons. Prices averaged about the same as in other markets.

Waycross had more tobacco and better quality weed than in several years. The city was in gala attire, the streets decorated with flags and bunting. Merchants reported great stimulation of business.

More than 500,000 pounds of weed rested on the warehouse floors at Moultrie, with prices averaging 20 cents per pound despite that the most of the tobacco was sand-lugs. It looked like circus day in Tifton with a million pounds at auction, exceeding all previous opening day quantities. Prices, ranging from 7 to 25 cents per pound, were said to be from 3 to 5 cents under last year.

Tobacco growers brought their families to market and swelled the crowds for which amusement and celebration has been provided by a festival, parade, water carnival, and a dance. During the evening a "tobacco queen" was to be crowned.

Valdosta estimated the opening day quantity at 695,000 pounds with sand-lugs preeminent, but bringing good prices.

The smaller markets of Camilla and Pelham with 50,000 and 150,000 pounds respectively saw average prices of about 15 per pound, although prices ranged up to 35 cents in Pelham.

## Three Children Are Drowned At Elizabeth City

Elizabeth City, Aug. 1.—(AP)—The funeral of three children, two of whom gave their lives trying to save the other, were conducted this afternoon at the home of their father, C. A. Ownley, Emily, 14, and Margie, 8, were drowned, with Clark, 5, when they tried to save him.

The children, who were members of a bathing party of five in Little River at Nixonton, near here, were drowned when the little boy ventured beyond his depth and the others tried to rescue him despite the fact that they were unable to swim. The other members of the party were Miss Grace Ownley, 18, their sister, and Mrs. W. P. Newbold, wife of a neighbor.

Miss Ownley and Mrs. Newbold were returning to shore when screams from the three brought them hurrying to their aid. In a frantic effort to reach her brother and sister, Miss Ownley barely escaped drowning. She was rescued by Mrs. Newbold after she had gone down twice.

Neighbors and members of the Elizabeth City fire department hurried to the scene and recovered the bodies an hour later.

## MURDERER OF OBREGON ON STAND TODAY

### Jose De Leon Toral Names Catholic Nun as "Influence" in Preliminary Hearing.

Mexico City, August 1.—(AP)—A nun, Concepcion Acebedo de la Lata has been named by Jose de Leon Toral, youthful art student, as having "directly influenced" him in the assassination of President-elect Alvaro Obregon.

Toral named the nun when questioned by the Judge in the preliminary court of first instance in San Angel where he was formally charged with murder.

Without a collar and his scraggly black beard showing more than a week's growth, Toral seemed utterly indifferent under the questioning. He was calm and composed. His voice was low but he spoke clearly and without a tremor. He occasionally clinched his fists.

"Did you consider well everything involved when you were going to kill Obregon?" Judge Mendossa asked.

"Yes," Toral replied, "I thought of the consequences but not of all."

"Who influenced you to commit the deed?"  
"Directly nobody."  
"Who indirectly?"  
"Mother Conchita."  
"Who is Mother Conchita?"  
"The Mother Superior Concepcion Acebedo, who figures in the investigation."

"How did she intervene?"  
"In conversation, she told me the religious persecution was being prolonged and the remedy only could be obtained with the death of Obregon, President Callas and Perez. Perez is patriarch of the so-called Mexican Schismatic Catholic church which does not recognize the Pope at Rome."

The nun who is being held in police headquarters in Mexico City denied to newspapermen that she had fostered in the mind of Toral a belief that he could solve the religious problems by his crime.

"Who did influence Toral to kill Obregon?" they asked her next.

"I do not know," she replied. "Toral himself has stated that nobody influenced him. His father, mother, wife and brothers say they knew nothing of his plan and if anybody has admitted knowledge of his intentions, that admission has not been made public."

Continuing his examination of Toral, the Judge asked him if he had considered killing Callas also. Toral replied:

"Only in case Callas and Ebreon were together and it was possible to kill both at the same time, but I never thought especially of killing Callas."

Toral said he never thought of killing Perez. He testified he had never attended religious meetings of political character, but only went to meetings of a purely religious character.

Prosecuting attorney Correa Nieto exhorted Toral to tell the truth and confess who inspired him to kill Obregon. The prosecutor said:

"You have said you did not think of all the consequences of your killing Obregon. Did you think it would mean that your father, mother and wife would be confined to jail, that your little child to be born in jail as a result of your rash deed? All this can be spared and your loved ones released as to who inspired you."

Toral replied with more emotion than he had showed at any other time:

"To no person on earth did I make the least little indication of my intention."

When Toral was placed on the stand he was asked if he had a lawyer to defend him. He answered no and the court made the customary offer of an attorney which he refused. The court however, appointed two prominent members of the Mexican bar, Miguel Collado and Jose Garcia Gamande to defend him.

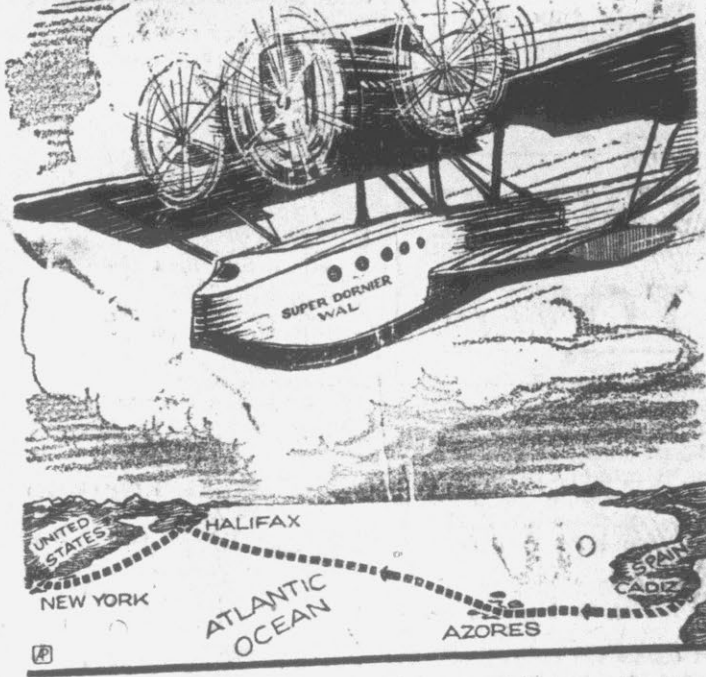

When the clerk began to read a long document consisting of the police statement with the formal charge Toral interrupted to say "it is unnecessary to read this document. It is all true and I have already signed every page of it." The charge was then formally entered by the court.

### Duke Trustee Dead.

Oxford, Aug. 1.—(AP)—Dr. Edmund T. White, 70, physician and business man died here late last night. He was a trustee of Duke University and President of the Greenville National Bank. Surviving are Mrs. White and three daughters, Mrs. J. Robert Wood, Mrs. Ewing Smith, and Miss Helen White.

## SPANISH FLIERS OFF FOR AMERICA

### Capt. Julius Ruiz de Alda, of Spain (left), and a crew of four, including Comm. Ramon Franco (right), hopped off this morning on a Spain to New York flight in a four-motored seaplane, sketched here from the designer's plans. The dotted line indicates the route with stops at the Azores and Halifax.

Cadiz, Spain, Aug. 1.—(AP)—Major Ramon Franco and his crew hopped off at 7:15 this morning for the Azores, piloting the huge monoplane Numancia in an attempted round the world flight. His projected route will carry him to the United States.

## Spanish Fliers Hop Off On Flight Around World

The plane was heavily laden and did not leave the ground until the third attempt.

Major Franco and Captain Ruiz de Alda who is one of the crew, accompanying him were the first to span the South Atlantic by air accomplishing the feat in 1916.

The seaplane is a 2,000 horsepower super Dornier Wal of Spanish construction. It has a cruising radius of 4,000 kilometers (2,485 miles). It has showed an average speed in test of 104 miles an hour.

The plane is equipped with ham-mocks so that those off duty may rest.

The cabin is fitted with navigation devices which Ruiz de Alda said were similar to those in the cabin of the captain of a large liner.

Projected stops on the flight include Horta, Island of Fayal, Azores; Halifax, N. S., New York, Mexico City, La Paz, Bolivia, Lower California, San Francisco, Port Essington, B. C., Junalaska, Alaska and Petropavovsk, Siberia. From there Major Franco will fly to Japan, the Philippine Islands, India, Italy and back to Cadiz.

The purpose of the flight is to prove the possibility of using the seaplane as a successful means of transporting passengers and mail across the ocean.

The Infante Don Alfonso de Orleans was present when the airmen started. Having come from San Lucar at 4:30 this morning, Colonel Alfredo Kielan Duany, chief of aeronautics, arrived soon after the motors of the plane had been started, coming by boat from the air base at Seville.

An attempt to rise from the water but failed. Twenty minutes later another attempt was made to get into the air. It was then decided to lighten the load somewhat before another attempt, and the third trial at 7:15 was successful.

Shortly afterward the plane soared over Puerto Real nearby at the height of a thousand meters. The seaplane is grey with a Spanish flag painted on its side.

The total carry-over at the end of the season was 5,298,000 bales compared with 7,298,000 last year. The total commercial crop was 14,443,934 bales compared with 19,205,929 last season.

Secretary Hester's figures were considered bearish and the market eased off when they were made public.

### Lexington Man Killed.

Lexington, Aug. 1.—(AP)—Stephen Ham, 36, was killed early today when he was struck by Southern Railway passenger train No. 11 about a quarter of a mile north of here. Ham was said to have been walking on the track when he saw the train approaching. He stepped off but failed to clear the track sufficiently for the train to pass without striking him.

## SATISFIED A T GOOD OUTLOOK IN THE NINTH

### Democratic Chairman Mull Believes Everything Favorable For Party in State.

Asheville, Aug. 1.—(AP)—Tenth district Democratic leaders met Wednesday at City Hall in an executive conference with Oduis M. Mull, of Shelby, the party's state chairman, to organize for the fall campaign and to survey the various aspects of Western North Carolina's politics.

The conference opened without indication that the tenth district Democrats, or any other North Carolina Democrats, "view with alarm" the situation within the state, but with the political leaders preparing to meet and possibly to guard against decrease in the Democratic majorities.

Mr. Mull, opened the conference with a short talk on its objectives, predicting continued Democratic majorities in all sections but instructing the county committees to keep wide awake.

The conference was informal.

Raleigh, Aug. 1.—(AP)—Opposing elements within the ranks of the Democratic party continued their early campaign moves today while public interest was divided among several phases of the North Carolina situation.

Fresh from a conference with 9th district leaders yesterday at which he received optimistic reports upon the prospects for party success, O. M. Mull, state chairman today journeyed to Asheville to meet chairman of the thirteen counties and others influential in the Democratic councils of the tenth district. After his talk with his lieutenants of the ninth district, the state chairman said he was satisfied with the outlook for the party in that district, as well as in the state as a whole.

While Mull and the regular organization laid their plans for a straight-out party fight, anti-Smith forces in Wake county, of which Raleigh is the seat, were called to meet tomorrow night for organization to oppose the election of the Democratic Presidential nominee, Governor Alfred E. Smith of New York. Sixty-two names were signed to the call, which was published today. Among them were a former Democratic office holder, Lawrence E. Nichols, one time connected with the state department of printing and labor; two defeated candidates for the legislature in the recent Democratic primary, J. W. Dale, and Dr. S. E. Douglas; the superintendent of the North Carolina anti-saloon league, the Rev. C. A. Uphurch; the president of the Citizen Club, R. W. Howson; and Dr. J. H. Gorrell, a member of the Wake Forest College faculty.

The Wake county meeting, promoted largely by Roy M. Banks, former city judge who has recently been listing all Democrats who said they would refuse to vote for Smith, is regarded as a preliminary to the state-wide meeting called here for August 10 in connection with the Cannon-Barton movement launched several days ago at Asheville.

Senator F. M. Simmons, from his home in New Bern, put an end to speculation advanced in some quarters that he would probably resign as a member of the national executive committee by issuing a definite denial that he would retrace his steps. He again said he would issue a statement on his position after a conference with Chairman Mull, which is scheduled for some time in the next few days.

A hands off role in the selection of a successor to the senator has been adopted by O. Max Gardner, head of the state ticket, as nominee for governor. Speaking in his Shelby home yesterday, the nominee

## FOUR KILLED WHEN TRAIN HITS AUTO

Charlotte, Aug. 1.—(AP)—Four persons were killed instantly and a fifth was seriously injured when Southern Railway passenger train No. 33 struck an automobile at a grade crossing at China Grove this morning according to reports reaching here.

The dead are:  
Mr. and Mrs. Toplin, of Oaksboro, N. C.  
Son, aged nine years, of Mr. and Mrs. Toplin.  
Mrs. W. B. Hartsell, of Oaksboro, N. C.

Mr. Hartsell, driver of the car, was seriously injured and may die. An official report made to headquarters of the railway said the motorists' view of the crossing was unobstructed.

The Ford automobile was demolished by the force of the impact, which occurred at 8 a. m., at a private crossing, according to the report filed at lines east headquarters here. The train, which was moving southward, was in charge of Conductor McCorkle and Engineer Lineberger. The initials of Mr. and Mrs. Toplin could not be learned by the members of the train crew and that detail was not included in the report made here.

## Farm Boys And Girls Attend State College

Raleigh, 2 Aug. 1.—(AP)—Three hundred boys and girls from various scattered farms of North Carolina, attended school at state college today and said they were enjoying it.

The annual short course of the agricultural extension department of the college attracted Four-H Club members from many counties. They came to the West Raleigh campus in trucks, busses and by train.

The Gaston county delegation, in charge of County Agent L. B. Altman and Miss Margaret Thompson, home agent, won the attendance honors for the second year in succession. Gaston sent 30 boys and girls here for the week's course.

There were other large delegations from Durham, Mecklenburg, Rowan, Hertford and Robeson counties.

WASHINGTON'S NEW CHIEF

In its employment of Former Chief of Police Lester Jones, of this city, to take charge of its police department we believe that our neighboring city, Washington, has made a wise selection. Despite the fact that Chief Jones was not re-elected to his post here, we cannot but feel that his efforts during the eight years he served us were a great factor in making Greenville one of the best policed small cities in the state, and we do not doubt that under his management Washington will likewise enjoy the best possible police protection.

THE SAME G. O. P.

The recent appointment of Roy O. West to the office of Secretary of the Interior is another evidence that the Republican party apparently has no other intentions than to continue to play into the hands of the power trusts and other specially privileged classes.

Characterizing the naming of West to the cabinet post as a preposterous appointment, the New York World says:

"The name of Roy O. West of Chicago has been in the headlines twice in recent years. The first time was on July 27, 1926, when Mr. West appeared before the Reed committee of the Senate investigating the campaign expenditures of Frank L. Smith. On that occasion Mr. West testified that he had handled Insull money in the Illinois primary that he had been an attorney for the Insull companies since 1897 and that he had 'always conferred with Mr. Insull as to his investments, particularly concerning his own companies, and as to politics, during these twenty-five or more years.' Now Mr. West's name appears in print for a second time. And this time it is announced that he has been appointed Secretary of the Interior by Mr. Coolidge.

"This is the one post above all other posts, in our opinion, in which a man of Mr. West's experiences and associations has no business. The Secretary of the Interior is at the head of the reclamation service. He is at the head of the Geological Survey. He directs the activities of the commission which is now investigating the question of constructing works at Boulder Dam. He is ex officio a member of the Federal Power Commission, which issues licenses for the development of water power on navigable streams. He is the one member of the Cabinet above all other

members who is directly and officially interested in questions of power policy.

"Mr. Coolidge has chosen to fill this office with a man who has for many years been a lawyer for Insull; Insull, head of a great public-utilities system which is necessarily an interested party in questions of power policy; Insull, one of the chief organizers of the power lobby which has been fighting the proposal for government operation of a power plant at Boulder Dam and fighting the plan adopted by Congress for the operation of Muscle Shoals.

"In these circumstances Mr. West's appointment as Secretary of the Interior is a preposterous appointment."

ABOUT TOWN

"It would be mighty nice if all the large power concerns of Eastern North Carolina were linked together," remarked a Reflector reader today, discussing Judge Frank Wood's address delivered before the Greenville Rotary Club Monday evening.

"This would furnish all reserve power needed for industrial development of this great locality. It would enable the carrying of high tensioned wires to even the most isolated rural communities, affording the people of these districts to live like those in the populous cities if they should so desire.

"Municipally owned electric light plants of Eastern North Carolina are paying propositions. Greenville alone has proven this fact by the creation of a general fund to be used for all purposes any time this is found advisable.

"The time is not far distant when it is either accepted expansion of our local enterprise or sell to the big power companies, who are endeavoring to monopolize power rights in this section. If our rates at this time are less than those in cities where the giant power companies are operating, why should we change?"

"As long as we are able to run our industries at a splendid profit, why should we wish to sell the privilege to some outside concern?"

"When the big concerns get the rights of all cities bought up, the citizens of those places will pay what ever rate the companies dictate.

"Keep your money at home by advocating the patronizing of home industries, especially municipally owned enterprises."

"Won another ball game," bubbled a youth today, endeavoring to tell us of the occasion when Tommy Abbotte and his crew shook the jinx that has been following them persistently for the last three weeks.

"Everybody said it was time we were winning. The players thought so, but somehow the harder they played the less results obtained, especially last week when they fought hard to annex at least a part of the games played."

"It's tough, mister, getting down at the bottom of the column and not being able to do any better. When you are at the bottom and manage to get off for a day or so you get a little relief. But when you get down there and sit down like you mean to stay, well—it puts people to thinking.

"The week is just beginning and the next few days probably may see Tommy Abbotte beat the jinx at his own game of hide and seek. At least we are hopeful such will be the case."

"What has become of the plush mill that was going to be erected in Greenville," solicitously inquired a reader today.

We candidly admitted we didn't know. We had heard it mentioned several times since announcement of the plant's coming but, somehow, nobody seemed to know any more about it than we did.

"Do you suppose Matt Long would know anything about it?" was the next interrogation shot at us. We informed him that Mr. Long was out of town and that it would be impossible to obtain any information from him at the time. He looked disappointed and we felt disconcerted. He wanted to know something about development of the city, and as representatives of the press, we should have been in position to tell him at least a little something definite. But we just couldn't know. Anyhow, he seemed to appreciate what we did tell him and promised to use his influence helping us ascertain some thing real definite about the new enterprise.

OLYMPICS IN A NUTSHELL

By The Associated Press. 200 metre dash; semi-finals and final; 100 metre hurdles—finals. 500 metre hurdles—finals. 3,000 metre steeplechase—finals. 1,500 metre run—finals. 800 metre run (women) trials. Yesterday's features: Douglas Lowe, Great Britain, broke Olympic record to win 800 metres final; Lloyd Hahn finished fifth. Ed Hamm, United States, broad jump 25 feet 4 3/4 inches, to break Olympic mark and win championship; Alf Bates, Penn State, finished third. Chicago girl, Elizabeth Robinson, captured 100 metre title for women in world's record time of 12 1/5 seconds. Lillian Copeland, California, was second in discus throw for women won by Halina Konopacka, Poland, with new world's mark of 129 feet 113-128 inches. Leighton Dye and Steve Anderson, Americans, qualified for 110 metre hurdles final but individual honors went to G. C. Weightman-Smith, South Africa, who broke world's record by stepping distance in 4 3/5 seconds. Charley Borah was eliminated in 200 metre trials but Paddock, Scholz and Cumming qualified; Koernig, German ace, equalled world's record of 21 3/5 in one heat. Leo Leonard and MacSmith survived 5,000 metres qualifying test. Allie Morrison, University of Illinois, won only American victory in catch-as-catch can wrestling finals. Fols fencing championship went to Italy. Leading point scores: United States 71; Great Britain 29; Sweden 21; Germany 18; Finland 17.

BARRON HURLS ABBOTTMEN TO VICTORY HERE

Again definitely shaking a relentless jinx from their ready sticks, Greenville batted their way to a 7 to 1 victory over the Fayetteville Highlanders at the fair grounds here yesterday afternoon. The victory gave them a clean sweep of the two game series.

It was the mighty arm of Barron, recent acquisition to the Tobaccoists outfit, that enabled them to send the Highlanders back home without a look-in on the series. Pitching superb ball at all stages of the game, the new hurler let the visitors down with five bingles which were so well scattered that they netted only one run.

It was in the second frame that the Highlanders looked like they were going to prove dangerous contenders, but after letting them down with a single tally, Barron hit his stride and proved invincible the remainder of the afternoon. His work scintillated with all the splendor of the brightest star in the local baseball firmament and proved a relief to fans who had looked for the change for many a long day.

Patterson started out like he meant to hold the locals hitless and scoreless, but in the third frame Tommy Abbott's sticks got busy and obtained sufficient hits to net them two runs. The barrage was continued with such violence in the eighth that five more runners were sent around to the checking station. It was the end of the story so far as the Highlanders were concerned, but always game, they didn't admit defeat until the last ball had been tossed to them in the ninth.

Considerable credit for the victory goes to the timely willow of Mattox, right fielder of the Tobaccoists. In the eighth frame he connected with one of Patterson's offerings for a circuit clout over the right field fence. He was also credited with a couple of doubles during the remainder of the game.

The victory of the day before attracted a larger crowd to the park yesterday, and it is expected the second win is going to result in numbers of additional fans finding their way to the fair grounds this afternoon and tomorrow when the Tobaccoists take on the league-leader Goldsboro Manufacturers for a two-game series.

Fresh from a stinging defeat at the hands of the Buccaneers of Rocky Mount, the Manufacturers came to Greenville this afternoon determined to recover some of the equanimity left in the railroad city. But Tommy Abbott is equally determined to keep them ruffled and light counts for victory his Tobaccoists are going to walk off the field with scalps dangling from their belts in both of the engagements scheduled for this city today and tomorrow.

ALABAMA ATHLETE STARS IN MAJORS

Eddie Morris, Alabama boy and former Southern Association pitcher, has hurled more than a dozen winning games for the Boston American club this season. His fast ball is compared to that of Dazy Vance.

Luck Stays With Macon's Peaches

(By The Associated Press) Macon's South Atlantic Association ball team is rather lucky—if winning ball games on few hits can be called luck.

The Hornets connected safely for nine hits while the Peaches were by the opposition and yesterday won their second straight from Charlotte under just such conditions.

While Macon had only seven hits to Charlotte's nine, the Peaches won 5 to 1. The only Charlotte run came in the eighth inning as the result of an error.

Asheville bunched hits in two innings to nose out Spartanburg 2 to 1. The Tourists secured ten hits while the Spartans were held to seven.

Knoxville used steam roller tactics to crush Greenville under an avalanche of 19 hits and won, 15 to 5. Price, with two doubles, a triple and a single, led the Spinners at bat while Smith hit a homer for the Smokies.

McClung pitched fine ball and Augusta shut out Columbia while scoring six times. Luke Williams obtained a home run, double and two singles for a perfect day at bat. Both teams played errorless ball.

PLAN TO MATCH WARREN AND STRIBLING FAIR WEEK

Raleigh, Aug. 1.—(AP)—An effort to have Ad Warren, North Carolina heavyweight, and Young Stribling meet here during state fair week is being made by Jimmie Briggs, local boxing promoter. Reports received here say Warren's manager, Jimmy Bronson, plans to have the former University star appear in a number of bouts in his home state this fall.

Standing of Clubs

Table with columns for League, Club, W, L, Pct. Includes Eastern Carolina League, Piedmont League, Southern Association, American League, and National League.

YANKS ROMP AWAY WITH THE INDIANS

(By The Associated Press) Groggy and reeling from a succession of rude blows suffered since they invaded the west, the Yanks temporarily at least have checked a promising losing streak—promising, that is to the rest of the American League.

After taking three straight on the chin at Cleveland, the champions turned on their tormentors yesterday and beat the Indians, 12 to 9, in a wild battle. This victory profited the Yanks nothing, however, except to keep the Philadelphia Athletics riding the crest of an eight game winning streak, five and a half games away from them in the standings.

Miller Huggins' pitchers did everything in their power to hand the Indians their fourth straight but Cleveland, out of pre-generosity, declined the gift. Waite Hoyt and Wilcy Moore both were pounded out of the box and Herb Pennock was not especially effective. On the other hand, five Cleveland hurlers performed even worse and four Indian infield errors did no good so far as could be noticed from the grandstands.

The Athletics apparently have the St. Louis Browns' number. For the fourth straight day and the ninth straight time, the A's beat the Browns, this time by 8 to 4.

Taking over the Boston Red Sox 7 to 2, the Detroit Tigers registered their seventh victory in their last eight games. Blankenship blew up in the eighth inning when in the Washington Senators scored four runs but the Chicago White Sox already had piled up as far as run lead and eventually came out on the long end of a 7 to 5 score.

The St. Louis Cardinals stretched their National League lead to five games by pounding the Phillies into submission, 18 to 5. Jackie May weakened in the late innings and Brooklyn beat the second place Reds, 3 to 2, and moved back into fifth place in the standings.

The New York Giants and Chicago Cubs divided two at the Polo grounds. The Giants won the first 8 to 7 by scoring five runs in the ninth inning. Coarley Root set down the Giants in the nightcap, 10 to 4.

Meadows and Brame were hit hard at Boston where the Braves downed Pittsburgh, 11 to 5.

Raleigh Caps Beat Pointers

(By The Associated Press) Bunching hits off Stokes and Alvarez for three runs in the first inning and two in the third, the Caps defeated the Pointers, leaders of the Piedmont loop parade, 5 to 4.

Pat Townsend, shelled out in the first inning of Monday's mixup, came back and pitched puzzling offerings. The Pointers' tallies were unearned. Cook featured in the field with a catch of a long drive by Boume.

It was Braxton's sacrifice fly to the left garden that scored Molly-cux in the tenth stanza to let the Patriots win over the Bulls, 7 to 6. Homers were secured by Lindler, Phillips and Johnson for the Bulls, Phillips' coming in the ninth to tie the score, six all.

Bucs Defeat Leaders Again

(By The Associated Press) The Goldbugs lost ground again as leaders of the Eastern Carolina circuit when the Buccaneers made a clean sweep of the series by taking yesterday's game, 11 to 4. The Rocky Mount aggregation had little difficulty in outthitting the Bugs, gleaming a total of 17 safeties off Coltrane and Carver while MacKay gave up but nine.

The Tobaccoists likewise made a clean series sweep by defeating Fayetteville, 7 to 1. Barron, tenaning the mound for Greenville, let the Highlanders down with five hits and struck out eight men. Mattox played right field for Greenville in the absence of Finlator who is out of the lineup on account of a sprained ankle. He was the hitting star of the day, securing two doubles and a home run out of four trips to the rubber.

The Kingston Eagles were trounced 9 to 3 when Spruel blew up in the eighth inning. Four circuit smashes secured by Walters, Rosels Robins and Raivey, the last three Pirates, proved the features of the game. Kennedy, a new southpaw, hurled for Wilmington and proved effective in pinches.

PADDOCK IS ELIMINATED AT OLYMPIC

Amsterdam, Aug. 1.—(AP)—Charlie Paddock, American sprint star, was eliminated in the first 200 meter semi-final Olympic event today. The track was soggy and a dizzying rain was falling.

Perry Williams, the Canadian star who swept to a brilliant victory in the 100 meter final on Monday, won the heat.

The Canadian 100 meter champion flashed a splendid performance on the wet track, covering the distance in 22 second flat and beating Walter Ranglely of Great Britain, by three yards.

Jacob Schuller, of Germany, was third, with Paddock unable to get up with the leaders at any stage and finishing badly.

Helmut Koernig, the German star, won the other semi-final heat closely followed by the two American sprinters, Jackson V. Scholz and Henry Cummings, Jr.

Koernig beat Scholz by a yard and a half in 22 3/4 seconds. Cumming appeared to have the third qualifying place clinched by a scant margin, but the judges, after a parley, decided in favor of John Fitzpatrick of Canada, leaving only one American in the finals.

The judges, apparently flustered, had another parley and cut a second off Koernig's time, making it 21 4/5.

Paddock who had been expected to thrive on the heavy going was never a contender in the first heat and even had trouble beating the only other finisher, Gomez Gaza, the Mexican, Alfred B. Leiff of South Africa, broke down rounding the turn into the stretch and staggered off the track. It was the first time Paddock ever failed to reach the final of an Olympic event in which he was participating.

The Americans filed formal protest against the elimination of Cumming in the 200 meter semi-final, claiming he placed third.

James Corbon, American discus thrower, placed up among the leaders with a heave or close to 46 meters, or 160 feet in the early trials.

TENANTS WANTED

Well improved farm, good tobacco and cotton land; splendid opportunity for first class tenants—write N. C. Joint Stock & Land Bank DURHAM, N. C.

# Social & Personal

Mr. and Mrs. H. H. Ward, Mrs. C. W. Wilson and Miss Ollie Moore have returned from a visit in Morehead City.

Miss Janie Gold Hardee returned home today after spending a week at Wrightsville Beach.

Mr. and Mrs. B. M. Lehue spent Sunday at Wrightsville Beach.

Miss Jessie Dell Gurganus of Rocky Mount has returned home after visiting her cousin, Miss Elizabeth Warren.

W. E. Warren and Miss Elizabeth Warren and Mr. and Mrs. R. R. Andrews spent yesterday in Raleigh.

Rev. T. E. Beaman and family left today for a visit in Morehead City.

Mrs. L. W. Tucker and Miss Martha Lee Cowell have returned from several weeks stay in Florida. Miss Cowell has also been attending a house party in Hertford.

Miss Maria Johnson left today for a visit in Lake City, S. C.

Miss Margaret Gold Evans has returned from a visit in Fairmont, W. Va.

Mr. and Mrs. J. I. Morgan, who have been spending some time at Virginia Beach were here today en route to their home in Farmville.

S. P. Heath is in Claxton, Ga., on the tobacco market.

R. V. Smith, of Grifton, was here yesterday.

J. J. Stauffer has returned from New York.

Misses Hennie and Anna Long have returned from Virginia Beach.

Buck Buchanan has returned from Virginia Beach.

Miss Estelle Greene is spending some time at Buffalo Springs, Va. Dr. E. P. Spence went to Elizabeth City last night.

Miss Ella Sockwell has returned from a visit in North Wilkesboro.

Mrs. Luther Osborn returned today to her home in Richmond, Va., after a visit to her mother, Mrs. N. E. Anderson.

Miss Fannie Greene Allen of Virginia is the guest of Miss Anna Long.

Called to Elizabeth City.

Miss Myrtle Ownley, a student at East Carolina Teachers College, was called to Elizabeth City last night on account of the death of two sisters and a brother, who were drowned yesterday afternoon.

Return to Greenville.

Mr. and Mrs. J. B. Waddell, who have been making their home in Goldsboro for the past few months, have returned to Greenville and are making their home on Lawrence Street.

Cards of Thanks.

We wish to thank our many friends for the kindness shown us during the recent death of our husband and father and the beautiful flowers expressing the esteem of his fellowmen.

Mrs. W. T. Forrest and Son.

## Oldsmobile Men In Session Here During Today

A service convention of Oldsmobile dealers of this district was held at Sugg Motor Company today.

Representatives from 29 principal cities of Eastern North Carolina attended the session and took an active part in the studying of service problems which confront the industry at this time.

One of the outstanding social features in connection with the gathering was a luncheon at the Proctor Hotel at the noon hour.

J. Frank Brinkley, parts and service manager for this territory, was in charge of the session. Numbers of factory men were present and assisted in the discussion of various problems.

At the first session this morning a factory representative of the Shribler Carburetor Co. explained in detail the servicing and adjusting of Shibley carburetors now being used on the present model of the Oldsmobile.

During the afternoon session an automobile was torn down and re-assembled, Lindsay Savage and L. J. Skinner, local service men for Oldsmobile, were in charge of this demonstration.

The Sugg Motor Company are distributors for 46 counties in this section of North Carolina. They have the distinction of leading the eastern section of the United States in per quota performance for the years 1927-28.

The convention of the service men today was one of the outstanding sessions of the year, and each representative entered into the various discussions with more than ordinary enthusiasm. Last week a convention of dealers was held in this city and many of the more important cities of the state were represented.

Representatives of the Oldsmobile men believe these sessions will have a tendency of bringing about a greater spirit of co-operation among the numbers of workers in this territory and that they will be able to outstrip the record established in past years.

The Oldsmobile is growing in popularity, and according to E. E. Rawl, sales promotion manager, gained sixth place in sales in North Carolina during the month of June. Yesterday closed the fiscal year with the Sugg Motor Co. It was stated which was the largest in eight years.

**Bible Class to Meet.**  
The College View Bible Class will meet with Mrs. F. V. Johnston Thursday morning at 9:30.

## Noted Tenor Coming Here

Kenneth Damon, a noted tenor from New York City, will give a recital at East Carolina Teachers College on Friday evening of this week. This is the last in the series of entertainments for the summer.

The program which has been received from Mr. Damon is very pleasing and is arranged for entertainment and enjoyment. Most of the songs are in English and there are a number of favorites. Mr. Damon is an artist who sings for pure love of singing and uses his voice to give pleasure to others, rather than for purely professional purposes.

**Leave For New York.**

Mr. and Mrs. C. Heber Forbes, C. H. Forbes, Jr., and Wesley Harvey left this morning by automobile for Atlantic City to spend several days. Before returning to Greenville Mr. and Mrs. Forbes will spend some time in New York, where they will buy advance fall ready-to-wear for C. Heber Forbes' store.

## KINSTON NEGRO KILLED WHEN AUTOMOBILE TURNED OVER HERE LAST NIGHT

Herman Smith, 19 year old negro of Kinston, was instantly killed last night when the automobile which he was driving turned over at the corner of Twelfth and Clark streets. Three other occupants escaped unhurt, with exception of one, who suffered a few minor bruises.

The negro is said to have been attempting to turn the corner at a lively rate of speed and was forced to swerve the car in order to avoid colliding with a car coming from an opposite direction.

The force of the impact was so great that a part of the steering apparatus was driven half through Smith's body.

## Would Withhold Awarding Prizes In Balloon Race

Washington, Aug. 1.—(AP)—The National Aeronautic Association has received a message from the Aero Club of Germany asking that prizes awarded in the international Gordon Bennett balloon race which started from Detroit June 30 be withheld.

The message asked that the association wait for an explanatory letter, which Carl Schory, secretary of the Association's contest committee, said indicated that a protest would be filed. Revised computation and scaling by the United States geological survey showed the distance covered by the American team of Captain W. E. Hepper and William O. Eareckson, to have been 460 miles and that by the German entry, piloted by Hugo Kaulen and his son, 45.4 miles.

Victory for the Americans carries with it permanent possession of the Gordon Bennett trophy as this country won victories in 1926 and 1927. First prize money is \$1,000 and second \$500. Schory agreed to hold up the awards pending the arrival of the expected protest.

## Lose Fight For Share of Vast Hopkins Estate

San Francisco, Aug. 1.—(AP)—Some 547 descendants of Mark Hopkins, the California pioneer, have lost in United States district court here their fight for a share of the vast estate left by the capitalist when he died in 1883.

The suits, all filed by North Carolina relatives, charged that Moses Hopkins, Mark's brother and administrator of his estate, had concealed \$1,000,000 when the estate was first distributed. The proceedings were dismissed on the ground that the estate had been fully administered and that the complainants had failed to show that they had been barred from advancing their claims at the time of administration.

The court also held groundless charges of the North Carolinians that Timothy Nolan Hopkins, adopted son of Moses continued the concealment of assets. The suits were instituted after the death of Moses.

Meanwhile the will of Mrs. Emily Hopkins, widow of Moses, which was filed in New York, July 7, last, has been held up by litigation involving the Mark Hopkins estate. She distributed \$3,474,881 to 45 heirs.

Mark Hopkins died interstate, and his widow and two brothers, Moses and Samuel, inherited his estate.

## CONTROL BRUSH FIRE NEAR HOLLYWOOD

Hollywood, Aug. 1.—(AP)—A fire which started in an unoccupied house in Laurel Canyon near here shortly before midnight and extended to the dry brush of the canyon slopes threatening many fine homes, was brought under control early today by amateur bucket brigades and firemen.

Many film celebrities who owned homes or summer cottages in the picturesque canyon joined their neighbors with buckets and garden hose, drenching the roofs of houses and beating out the brush fire.

## SEEK BRIDE AND GROOM IN SLAYING

Police are searching the south for Mrs. Helen Booth, 18-year-old bride, and her husband, Elzie Booth, charged by a coroner's jury with the murder of the girl's aged grandfather, George W. Simmons of Steubenville, O., whose body was found beside the highway near Lake City, Fla.

## CHEERS GREET NOBILE PARTY ROME TODAY

All of Italy rejoices in return of great explorer and members of party.

Rome, Aug. 1.—(AP)—With the cheers of their countrymen ringing in their ears, General Umberto Nobile and five other survivors of the Italia were in Italy today while the nation rejoiced over their having been snatched from death in the arctic.

Women wept and threw flowers in the path of the survivors when they reached Rome in the special car which had brought them from Narvik, Norway. Two of the rescued men did not return to Italy. Captain Alberto Mariani being left behind in a hospital in Narvik recovering from the amputation of his foot and Professor F. Behounek returning to his native Czechoslovakia.

General Nobile and his companions were received almost with royal honors by Prince Ludovico Pentoniani, governor of Rome, and other high officials in the room of the railway station reserved for the king and his family.

When they came out on the street, the crowd went wild and broke through the lines of police and carabinieri. Scores of women embraced the explorers. The automobiles bearing them were only able to proceed at the speed of a slow walk toward the men's homes.

General Nobile appeared tired and his face showed plainly the hardships he had undergone. His companions looked little the worse for their experiences.

The survivors made a triumphal progress through Italy. One of the most affecting scenes took place at Trent where the brother of Vincenzo Pomella, motor attendant killed in the crash of the airship, embraced General Nobile with tears in his eyes while the crowd solemnly saluted by stretching out their right hands in the ancient Roman fashion.

At Verona the wife of Natale Ceccioni, who was injured in the crash, threw herself into her husband's arms and burst into tears.

"Don't be silly," Ceccioni said to her. "If you don't stop crying I will go back to the pole."

A peasant woman who had walked many miles into Florence to see the survivors, approached General Nobile's wife, who had come there to meet him and said:

"What a happy woman you are to have such a man."

"What did you do when you saw the rescuing airplane?" Biagi was asked.

"We had a banquet consisting of half an ounce of chocolate, parsimoniously distributed by General Nobile and it was fine," he replied.

Biagi was honored by his fellow townsmen at Bologna fashion.

"That's just what I needed to bring me back to life," he said.

## HAPPERSBERGER does the finest watch repairing in Greenville. A trial will convince you.

## Ghosts Rout The Bluebirds

The White team came thru with a win over the vaunted Bluebirds yesterday morning, piling up a total of 25 runs against a bare half that number for the Birds. Douglas Jones led the winners in batting, with a double and four singles for five runs. Byrd drew four passes and was hit by pitcher and Dennis doubled twice. The Blue team was minus three of their most valuable players, a fact that was naturally reflected in their teamwork in the field and their offensive strength as well. For the Birds, Williams fielded well and Swartz batted consistently, but there were too many uncovered spots in the diamond to which the Ghosts knocked their balls, generally going for safeties. In spite of this, Summerell pitched a steady game.

This draws all the teams closer together in the race, with the Birds still leading, but by a reduced margin. Only two full games now separates the leaders from mthtailenders. Red and White are locked together in the middle in a tie which they will dissolve today. Tomorrow, Red takes the Blues again and Green and White meet on Friday, with Green and Blue on Saturday.

## Seventy-Five Hurt In Explosion At Lawrenceville, Ill.

Lawrenceville, Ill., Aug. 1.—(AP)—Seventy-five men, employees of the Indian Refining Company here, were injured, several of them perhaps fatally, when a steel pressure still exploded and drenched them in hot oil during a fire early today.

Twenty-seven of the more seriously hurt were sent to hospitals at Vincennes, Ind., about 14 miles from here. It was reported that at least six of these men were burned so badly there was little hope for them to live.

Explosion of oil pressure still occurred after a small fire had started in the boiler. Volunteer fire fighters, employees of the Indian Refinery, were called and while they were attempting to extinguish the flames, the still exploded, hurling hot oil over virtually all the men.

Officials of the refinery appealed for doctors and nurses, and ambulances were pressed into service, taking the more seriously hurt to Vincennes hospitals.

Origin of the small fire which caused the explosion has not been determined.

A later check showed upward of 40 had been taken to hospitals and among the injured were the following, all badly burned about the head, arms and neck: Claude Johnson, Elmer Seitsinger, Lee Lynch, Thomas Daugherty, John Hopper, L. C. Deareh, N. O. Shram, George Freese, Arlington Jackson, Gilbert Gordon, W. E. Hinton, Walter Haines, Lyle Hudkins, John Fitch, Neely Wood, Edward Hildress.

Virtually all the injured lived in or near Lawrenceville.

## Discover Treasure From Ocean Depths

London, Aug. 1.—(AP)—A message from Belle Isle today said that sunken treasure consisting of diamonds and precious stones valued at 50,000,000 francs (\$2,000,000) had been recovered by Italian divers from the bulk of the Belgian steamer Elizabethville. The vessel was torpedoed off the coast near here during the closing months of the war.

The divers who were employed by the Belgian government found the task exceptionally arduous. They succeeded in locating the treasure a fortnight ago and dynamited the strong room. The explosion caused the flooring to give away and the treasure chest fell to the bottom it appeared that it would be almost impossible to reach it, but the salvage workers persevered and recovered the jewels.

# Market Report Cotton--Stocks--Grain

**NEW YORK COTTON**  
New York, Aug. 1.—(AP)—The recent tendency to increase estimates of the probable crop, combined with a bearish view of the end season statistics from the New Orleans trade authority were reflected in a further decline of about \$2.50 a bale in the cotton market today. Offerings tapered off somewhat at a decline of 45 to 53 points from yesterday's closing quotations and afternoon rallies were not fully maintained, the market showing net losses of 35 to 42 points. Futures closed easy 51 to 56 points lower; spot quiet; middling 19.90.

**CHICAGO GRAIN**  
Chicago, Aug. 1.—(AP)—Rising prices became the order of the day in the corn market today, and the September delivery in particular, jumped up 5c a bushel, with only 150 cars of corn arriving in Chicago today.

Corn closed unsettled 3-4 to 3-3-4 net higher; wheat 1-1-8 to 1-5-8 down; oats varying from a shade decline to 1-2 advance and provisions at 15 setback to a rise of 5.

**STOCK MARKET**  
New York, Aug. 1.—(AP)—Disregarding high call money rates, the stock market today gave an impressive demonstration of strength in which at least a dozen issues were marked up to new high levels for the year. Trading showed marked expansion in volume in reflection of increasing public participation.

Call money renewed at 7 1-2 per cent, the highest initial charge since July 13, but a plentiful supply of funds made its appearance at that figure, and a lower rate is looked for shortly. Time money and commercial paper rates held firm. Outside the stock market, chief speculative interest centered in another break of \$2.50 a bale in cotton prices on reports of continued favorable crop weather.

U. S. Steel, common, was rather sluggish, probably because Wall street had expected larger earnings per share in the first half of the year. Radio and General Motors shook off their early heaviness, the former selling 4 1-2 points above yesterday's final quotation by early afternoon.

Violent advances took place in some of the high priced specialties which have been under pool sponsorship. Case Threshing soared 17 1-4 points, National Tea 17 to a new high record at 282 and Indian Refining preferred, 14 1-2. Montgomery-Ward continued its sensational advance by climbing 8 points to a new high record at 192 7-8. International Harvester, Atlantic Refining, Johns Manville, Frank G. Shattuck, Coca Cola and Houston Advanced 4 to nearly 3 points.

New peak prices for the year, or longer, also were registered by American Can, Electric Auto Lite, Grant Stores, Jewel Tea, Kroger Stores, Pillsbury Flour, Real Silk Hosiery, Sears Roebuck and Worthington Pump.

The closing was strong. Total sales approximated 2,200,000 shares.

**HOOPER MOVES TO NEW TROUT STREAM TODAY**

Republican Nominee Goes to Mount Shasta in Quest of Better Angling.

Shast Springs, Cal., August 1.—(AP)—The lure of the mountain trout brought Herbert Hoover to the mount Shasta region where he hoped to have better luck today than he had yesterday in the Klamath river section to the northward. There he made a good catch, but the rainbows were too small to furnish real sport.

After failing to find any sizeable fish around the Brown camp region, the Republican Presidential candidate decided suddenly to personally investigate reports that there was good fishing in the upper McCloud river near the base of the giant Shasta mountain which dominates the planes here for scores of miles.

Camp was broken suddenly at Brown's Hoover and his party of more than forty setting forth for Shasta Springs immediately after dinner. Two and a half hours later the 70 mile run by automobile had been completed, most of it over the Pacific highway which winds around the hills and across the valleys, through Yreka, Weed and Shasta City.

The nominee retired soon after his arrival here as he wanted to be up and away soon after dawn for fishing places recommended to him by anglers of this section. He had with him his favorite rod, broken near the end but tested in many streams and pools and preferred to new ones.

The commerce secretary felt some effects from the more than 20 mile ride he had yesterday on horseback in getting to Beaver Creek and returning to the place where he and his two companions were obliged to abandon their automobile and follow the huntsman and Indian trails along the hillside through pines and other trees to fishing holes.

To Teach Movies.  
Budapest, July 31.—(AP)—The money made by Vilma Banky in Hollywood seems to have started something. Movie making in all its branches is to be taught in all public schools. Theatres must admit pupils free.

Hampton Bays, N. Y., July 31.—(AP)—Among those voting for Al Smith in November will be six Smiths—the governor, Mrs. Smith, two daughters and two sons, one of whom will cast his first vote for his father.

**NEW YORK STOCK LIST.**

## GOVERNOR SMITH GOES BATHING

Gov. Alfred E. Smith demonstrated his prowess as a swimmer while on an outing at Hampton Bays, L. I., where he had a few days of relaxation before starting his strenuous campaign.

## COST \$75,000 TO PUT LOCK ON BROADWAY

Prohibition Enforcement Officers Give Out Facts Regarding N. Y. Raids.

New York, August 1.—(AP)—Prohibition authorities estimated today that it cost them between \$65,000 and \$75,000 to obtain evidence which they believe will dry up Broadway.

Four undercover agents from Washington, whom Broadway has nicknamed "The Four Horsemen," made the rounds of the night resorts, establishing contact through the liberal spending of money.

Coming to New York in February, these four men soon became well known in the city's night life as liberal spenders, making no complaint at paying \$22 a bottle for Moselle, \$42 for champagne, \$2.25 for cocktails, \$1.75 for imported and \$1.50 for domestic ginger ale.

They were welcomed at all the night clubs. Then they disappeared, Broadway wondered where they had gone, but not for long. On the night Governor Smith was nominated for the Presidency at Houston federal raiding parties descended on Broadway and served warrants on the late hosts and hostesses of "The Four Horsemen."

Later came the padlocking of the bars in six of the most popular clubs and yesterday indictments were returned against eight clubs and 31 individuals raising the total indictments of the week to 26 night clubs and 139 individuals. One of the bars padlocked was Texas Guinan's salon royale.

The eight latest victims of the indictments were the Marguery Restaurant, J. T. Martin's Restaurant, Chez Florence, of which Miss Guinan's brother, Tommy, was in charge, Life Club, Owl Club, Footlight Club, U. S. I. Restaurant and Lauretta McDermott Club.

The drive to dry up Broadway brings to light a contest among three women—Texas Guinan and Helen Morgan, two of the street's brightest lights, and Mrs. Mabel Walker Willebrandt, militant assistant United States attorney general in charge of prohibition enforcement.

It was Mrs. Willebrandt who directed "The Four Horsemen" in their devastating ride through the White Light district and Texas and Helen two of those who unwittingly entertained them.

Tex and Helen themselves are in direct contrast. Tex is blond and gay and speaks the language of Broadway. Helen is dark and sad and sings plaintive little songs in a throaty voice.

Tex began life on the Texas plains acted in some three hundred wild west movies and then came to New York. For several years now she has been urging the "suckers" (she calls them that as they come in to her club) to "give the little girls a big hand". She does not drink and lives quietly in Greenwich village.

Helen's Star began to shine much later. Chicago friends raised the money in 1923 to send her to Montreal to compete in a beauty contest. She went back with the crown. Then she appeared in several Broadway shows, making her biggest success in "Sally".

The beauty and haunting undertones of her voice brought her fame and she became hostess of a night club bearing her name where she has been drawing them in since. She also is filling the tragic role of Julie in the Ziegfeld musical production of "Show Boat".

All of the 139 defendants are charged with conspiracy to violate the prohibition laws and maintaining public nuisances, the maximum sentences, if they are found guilty, are two years in prison and \$11,000 in fines.

**SMITH LEAVES HAMPTON BAYS FOR NEW YORK**

Hampton Bays, N. Y., Aug. 1.—(AP)—With an appreciative wave of the hand to the weather man who had done all he could to make the vacation of a Presidential nominee enjoyable, Governor Smith said farewell to an old summer stamping ground and turned back to New York, Albany and his campaign.

Refreshed by a little more than three days at the shore, during which if he had any political worries, he concealed them, the governor called for automobiles to be ready about noon. It was with reluctance that he pulled himself away from restful surroundings.

The Democratic nominee's schedule provided for a stop at the several members of his family, and a squad of newspaper reporters traveled along Long Island highways, at Deer Range state park, near Babylon, wrestled from private ownership after years of litigation.

The destination of the governor was the suite on fourteenth floor of the Biltmore Hotel, which is his home in the metropolis. There he expects to remain until Sunday when he will travel up the Hudson to Albany, stopping on the way at Peekskill to review National Guardsmen in camp.

Before his departure from Hampton Bays where Smith and his family frequently spent summer vacations when it was known as "good ground" the nominee reiterated that he had no definite appointments booked for his stay in New York. He said, however, that he undoubtedly would talk things over with John J. Raskob, who became head of the Democratic national committee a fortnight ago. Since then the governor and his friend have not seen each other.

In the meantime a campaign organization has been put together, and Smith and his chief lieutenants will have an opportunity during the remaining days of the week to map out with some degree of certainty the lines on which they will battle.

In one tremendous stride, Buick has over-leaped old modes of car design and attained an order of beauty without parallel in the automotive world. To know the new style—to appreciate its superiority—simply see the Silver Anniversary Buick with new Masterpiece Bodies by Fisher.

The world's foremost builder of automobile bodies has cooperated with the world's foremost builder of fine cars to produce the most beautiful creations ever shown. And with what results!

Dashing new lines, different from any heretofore known—longer, larger, more luxurious bodies, matchless in their grace and symmetry—gorgeous new color harmonies—the richest of upholsterys and appointments—full-width rear seats providing plenty of room for three adult passengers—an ensemble of beauty and luxury that has never been equaled!

New and deeper radiator lines—new chrome-plated headlamps and cowl-lamps—new wheel and fender design—all combine to lend incomparable poise, fleetness and distinction.

The new Buick Bodies by Fisher mark the supreme achievement of the body-builder's art. To see the Silver Anniversary Buick is to see the most beautiful and fashionable car of the year, as well as the most capable and comfortable.
