## HIGH WATER MENACES DAM IN FLORIDA

### Many Sections of State Harrassed by Flood Following in Wake of Storm.

Jacksonville, Fla., Aug. 10.—(AP)—Water is rising fast behind the dam of the Florida Power Company at Inglis and reports reaching here say that the dam is seriously endangered. J. C. Jamison, steam operator at the power plant, said: "It is looking pretty bad." Officials of the company could not be reached. Jamison said reports that part of the dam has been dynamited to save it were untrue. "It has not been done yet," he said. He refused to say what other measures were being taken to protect the structure.

High water accumulating in the wake of a 48-hour hurricane and heavy rains has menaced Florida just as the State began to emerge from partial temporary paralysis occasioned by the fury of the winds. The north end of the Lake Okechobee section in the southeastern part of the state apparently was the most seriously affected and was the object of Red Cross attention. One hundred persons in the sparsely settled area west of Jupiter on the East Coast were receiving their first meals in nearly two days from Red Cross trucks sent in from West Palm Beach.

Meanwhile Florida cast an apprehensive eye out over the Atlantic toward Haiti whence came last Tuesday's storm and where another tropical disturbance of cyclonic force was "accumulating intensity." While the phenomenon was beginning to look dangerously like the one that raked the state for two days this week, its course was problematical, although it was headed in the direction of the Bahamas and lower end of the state. It must lead out toward the Atlantic the usual course within the next 48 miles or its progress or die out if the state escapes its fury.

As for the storm of Tuesday, it was reported early today at Mobile to have dissipated itself in the Gulf of Mexico, although somewhat heavy winds were blowing in toward the Gulf States.

The National Red Cross and local relief agencies already had taken a hand in the survey of conditions left by the hurricane when H. C. Hull, residing just west of Jupiter on the East Coast, reported the distressing conditions in the sparsely settled but rich farming country east of Lake Okechobee. His information, however, concentrated attention on that area, and immediately food and roofing material were dispatched. Last night 100 persons whose homes had been flooded and who were cut off from the nearest city, had been fed. Hull, who reached West Palm Beach to report conditions only after a perilous trip by automobile over washed-out roads and tottering bridges, declared that his orchards were damaged to the extent of \$100,000, and that others surrounding him suffered a like fate. Travel was well nigh impossible from Okechobee on the northern end of the lake.

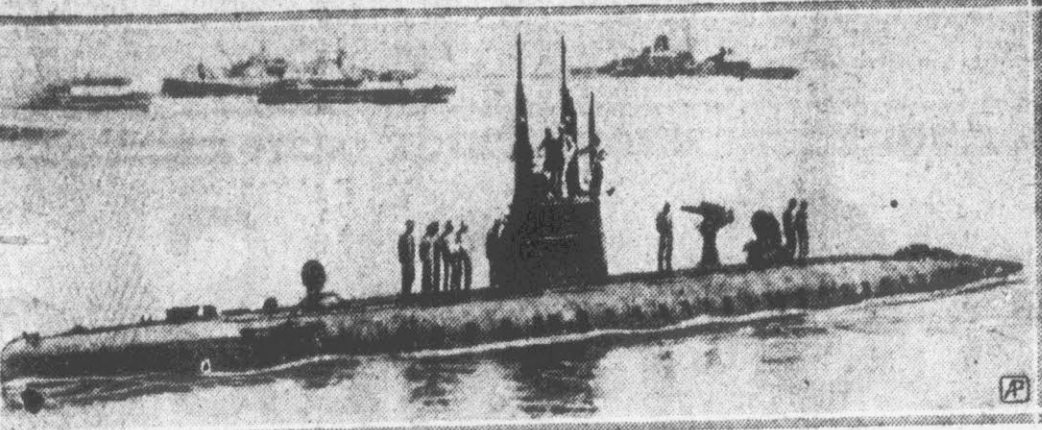

Atlanta, Aug. 10.—(AP)—The storm which struck Florida early this week with such damaging force recurred last night northeastward, and today was showing with moderate intensity accompanied by heavy rains through South Georgia toward the Atlantic Coast.

## Two Die in Plane Crash in Ontario

Gravenhurst, Ont., Aug. 10.—(AP)—Five persons injured in the crash of a sightseeing airplane at Lake Muskoka in which two were killed, today were expected to recover. The dead are Robert Erving, 19, of Pittsburgh, a passenger, and Captain Charles Haines of Miami, Fla., pilot of the plane. Erving was killed instantly. Captain Haines was taken from the plane unconscious, his back and both legs broken and died shortly after at Calvary Sanitarium. The plane an Amphibian, had just taken off yesterday from the waters of the lake and climbed to an altitude of 500 feet when something went wrong. It started to fall, one wing struck a tree and the plane turned completely over, crashing on the rocks along the shore.

Ill Wind Blows Some Good. South Bristol, Me.—An ill wind, etc., the fog which has caused so much trouble to coastwise shipping hereabouts also concealed from view waiting press photographers the island on which Gene Trunney is visiting his fiancée, Miss Mary Lauder.

## TWENTY-SEVEN DIE IN ITALIAN SUBMARINE CRASH

Twenty-seven members of the crew perished when the Italian submarine F-14 sank following a collision during maneuvers in the Adriatic. One of the F-14 type submarines is shown.

## Prohibition Party Favors Change In "Dry" Laws

Rockville Center, N. Y., Aug. 10.—(AP)—William F. Varney, prohibition candidate for the presidency has put the party on record as favoring some changes in the dry laws to make the 18th amendment "more effective." The 18th amendment must be maintained, upheld and enforced, he said last night in formally accepting the nomination. The Volstead act passed by Congress was but the beginning of laws relative to the enforcement of the 18th amendment, and it has been demonstrated that some changes are necessary to make it more effective, he said. The last two Republican administrations at Washington have be-

trayed the 18th amendment, he charged, and turning to the Republican platform, said: "If the Republican party had lived up to its pledges there would be no prohibition issue today, neither would the prohibition party be obliged to challenge the existing scandalous conditions by placing your humble servant in the field, nor do I believe such a candidate as I believe the Democratic convention named would have been considered."

Mr. Varney failed to find anything in Gov. Smith's record showing that he had ever done much to uphold the 18th amendment "which is part of the constitution his oath requires him to support."

## LEAGUE MAY TALK OVER WAR TREATY

### Kellogg Pact Outlawing War to Receive Attention Probably in September.

Geneva, Aug. 10.—(AP)—The Kellogg Treaty outlawing war is likely to be discussed by the League of Nations Assembly in September. The pact was officially brought to the attention of the League by Great Britain as a "matter which is evidently one of general interest to all League members." This makes it possible for the League to discuss the document, which will be signed late this month, and it is regarded as certain that it will be debated. Discussion, it was thought, will cover the significance of the pact to the maintenance of international peace and as an encouragement to the reduction of armaments. The British communication did not include the text of the Kellogg pact but merely the text of Britain's notes interpreting the proposals. In a covering note Great Britain said that in considering the American proposal the Government had been at great pains to assure itself that acceptance "would not involve any inconsistency with obligations resulting from the League covenant."

Britain remarked that communications to Washington make clear that there is no such conflict. The request was made that the British communication be sent to all members of the League because "the matter is evidently one of general interest to all League members."

### Beats Parking Charge.

New York—One way to beat an "all night parking" charge: Joseph Cohen produced evidence that he owned the entire street and could legally use the whole stretch for a garage.

## CHICAGO PAYS LAST TRIBUTE TO BRENNAN

Chicago, Aug. 10.—(AP)—The solemn ritual of the Catholic Church—a requiem high mass for the dead—sent its sombre echoes through our lady of Mt. Carmel Church today as high and low alike joined in a parting tribute to George E. Brennan, dead Democratic leader of Illinois.

Governor Alfred E. Smith of New York, staunch friend of the Illinois committeeman, was among the mourners who bowed their heads in reverent silence while the last rites were said.

Gov. Smith making a special trip from New York to attend the services, occupied a pew well down near the sacred altar opposite Mr. Brennan's family. The service was extremely simple in accordance with the wishes of the family and no flowers were at the church.

## BORDER MARTS REPORT HEAVY SALES TODAY

### Average on N. C. Markets Between Ten and Twelve Dollars.

Wilmington, Aug. 10.—(AP)—First official figures from North Carolina tobacco markets on the border of South Carolina, or Pee Dee belt, since the opening of the season, follow very closely unofficial estimate given previously. Fairmont, the largest market of the belt, sold the first three days of the season, including yesterday, 712,456 pounds for \$86,837.38, or an average price of \$12.19 per hundred pounds. This market sold yesterday 313,140 pounds for \$37,388.92, or an average price of \$11.94 per hundred. Lumberton sold on the opening day more than 350,000 pounds at an average of \$11.22. For the first two days, Tuesday and Wednesday, the market sold 576,674 pounds for \$62,121.48, or an average of \$10.77 per hundred. Sales yesterday were lighter but official figures could not be obtained. It was generally understood that an average of at least \$12 per hundred was maintained. The other five markets had fair sales with a price range yesterday about the same as on the first two days.

## Says Morrison Will Succeed F. M. Simmons

Raleigh, N. C., Aug. 10.—(AP)—Election of former Governor Cameron Morrison as Democratic National Committeeman from North Carolina to succeed Senator F. M. Simmons, resigned, was predicted by Secretary of State J. A. Hartness in a statement published here today. Secretary Hartness, a member of the State Executive Committee which will make the selection, said his forecast was based upon a canvass of the committee.

Simultaneously, State Chairman O. M. Mull let it be known in Shelby that W. C. Wilkinson, of Charlotte, who has been mentioned as a possible choice for the vacancy, had informed him that he did not wish his name presented to the committee, in the event the former Governor is nominated.

The committee's meeting has been tentatively set for August 24, two days after the formal notification ceremonies for Governor Smith at Albany.

## Storm Warning.

Washington, Aug. 10.—(AP)—The Weather Bureau today issued the following storm warning: "Advisory southwest storm warnings ordered ten A. M. Jacksonville to Charleston and southeast warnings north of Charleston to Norfolk. Disturbance of moderate intensity over southern Georgia will move northeastward, possibly with increasing intensity and cause strong south and southwest winds this afternoon and tonight between Jacksonville and Charleston; strong southeast shifting to southwest winds between Charleston and Hatteras this afternoon and tonight and strong southeast winds tonight from Hatteras to Norfolk."

### Average Prices Announced For Georgia Marts

Averages prices paid by the various Georgia tobacco market last week were made public this week following a sworn statement to the Department of Agriculture. The averages follow: Douglas, \$11.85; Vidalia, \$12.02; Blackshear, \$11.09; Metter, \$12.67; Claxton, \$10.62; Statesboro, \$10.92; Waycross, \$0.69; Baxley, \$11.32.

## RESIGNATION OF DUPONT TO BE TEMPORARY

### Chairman of Board of General Motors Holds Decision to Resign Permanently.

Wilmington, Del., Aug. 10.—(AP)—Pierre S. Dupont, whose resignation as Chairman of the Board and member of Executive Committee of General Motors was considered yesterday, today issued a statement accepting the decision of the board.

This was his withdrawal from the official positions he made temporary and in the form leave of absence.

Mr. DuPont's statement follows: "It is true that some days ago I presented my resignation of the position of the Chairman of the Board and member of the Finance and Executive Committees of General Motors Corporation. The board has requested that withdrawal be made temporary and in the form of leave of absence. Recently I have been subject of the propriety and validity of the kind of legislation involved in the 18th Amendment to the Constitution of the United States and in the enforcement law 'the Volstead Act,' this question is strictly political and, though not yet a matter of politics, may become a matter of politics, as great importance and contention as has even arisen.

"The alignment may not be that of the existing parties but until a settlement is reached, strongly opposed opinions will continue to be held. "In order to avoid embarrassments to the General Motors Corporation and its officers and in order to adhere strictly to the rule that the corporation shall not become involved in political affairs, it has seemed proper to offer to the board an opportunity of discussing my relations to the association against the prohibition amendment, the decision reached is entirely satisfactory to me and now is in force."

## Charge Police With Bungling Murder Probe

Chicago, Aug. 10.—(AP)—A charge that Evanston police bungled their investigation into the slaying of Miss Jenny Constance, school teacher, has been made by detective Frederick Bennett, fingerprint expert. All articles connected with the crime, including the iron pipe used to club Miss Constance to death, were so handled before he was called as to eliminate possibilities of working out fingerprint clues, he said. The handbag of Miss Constance, with its contents missing, and her vanity case were found last night near the scene of the killing in front of a home where John Burke, the only suspect still in custody, was employed.

## Average Prices Announced For Georgia Marts

Averages prices paid by the various Georgia tobacco market last week were made public this week following a sworn statement to the Department of Agriculture. The averages follow: Douglas, \$11.85; Vidalia, \$12.02; Blackshear, \$11.09; Metter, \$12.67; Claxton, \$10.62; Statesboro, \$10.92; Waycross, \$0.69; Baxley, \$11.32.

## Urges Probe of Cotton Reports

Tupelo Miss., Aug. 10.—(AP)—Representative John E. Rankin of Mississippi, announced today that he was wiring the Department of Justice at Washington during an investigation of two cotton crop reports which he said were issued by the crop reporting board Wednesday. The reports, his statement said, showed a discrepancy of 10 per cent in the estimated condition.

One of the reports, Rankin said, was marked "skeleton" and gave the estimated condition of 57.9 per cent of normal, while the other estimates the condition at 67.9. Both gave the estimated number of bales at 14,291,000, the statement declared, but Rankin said the "skeleton" report evidently went out first.

"In wiring the Department of Justice at Washington and urging an investigation of these two reports which have brought such disaster to the cotton market," Rankin said.

## ANTI-SMITH CROWD MEET AT RALEIGH

### Three Conferences Looking to the Defeat of New Yorker Planned Today.

Raleigh, N. C., Aug. 10.—(AP)—With 145 men and women registered, the State-wide convention of anti-Smith Democrats organized here today shortly before noon. J. A. Campbell, President of Campbell's College at Bule's Creek, and also of the Wake Forest College Board of Trustees, was unanimously elected chairman, while W. B. Truitt of Greensboro, was named Secretary.

On suggestion of the Rev. A. Almon Upchurch, Superintendent of the North Carolina Anti-Saloon League, the conference prepared to effect an organization by means of district caucuses, following an address by the Rev. A. J. Barton, Baptist minister, who arrived from Macon, Ga., in company with Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, just before the convention got down to business.

Mrs. Howard Camnitz, Chautauqua lecturer from Lake Lure, called the gathering to order by request of Dr. R. C. Harding, of the Davidson College faculty. Pending the organization, Upchurch called for all preachers in the audience to stand, and about 40 responded to the call. A dozen stood up when he asked how many were members of the Women's Christian Temperance Union, and perhaps a few more when he asked how many were contributors to the Anti-Saloon League.

After the singing of "America," the meeting was opened with prayer by Dr. J. O. Atkinson, of Elon College, who prayed that the movement might make a contribution to morality, justice and sobriety.

Raleigh, Aug. 10.—(AP)—Under the sponsorship of the recent Asheville conference which endorsed Hoover for President, Anti-Smith Democrats of North Carolina met here today in a series of three conferences for the announced purpose of organizing to defeat "the wet Tammany candidate for President, and the election of a dry Democratic senatorial, congressional, state and county nominees."

Bishop James Cannon, Jr., of the Southern Methodist church, and the Rev. A. J. Barton, Baptist minister of Atlanta, who called the Asheville conference, were scheduled to take part in the Raleigh meetings, and also Mrs. Jesse W. Nicholson, Chevy Chase, N. C., president of the Woman's Law Enforcement League. Dr. Barton and Bishop Cannon have just attended similar meetings at Jacksonville and Macon.

A public session at 11 o'clock was first on the program, to be followed by an executive session for the actual organization work, with a second public gathering scheduled for tonight. Mrs. Nicholson, it was announced, will address the night meeting.

The formal call for the state-wide meeting here was issued by the Rev. C. A. Upchurch, superintendent of the North Carolina Anti-Saloon League. It bore the signatures of 34 men and women in different parts of the state. Upchurch said no attempt had been made to obtain a large attendance for the conference.

### Old Letter Arrives.

New York—Worried about a delayed letter, one sent 28 years ago to an address barely 300 feet away has just been received here.

## BEGIN PROBE OF ASSETS OF INSURANCE CO.

### \$3,500,000 Shortage Under Fire of Insurance Examiners at St. Louis.

St. Louis, Aug. 10.—(AP)—The absence of \$3,500,000 from the assets of the International Life Insurance Company unexplained by its President Roy C. Toombs, Chicago, occupied the attention of eight insurance examiners here today. The meetings of the commissioners was another step in the investigation of the company for which receivership was asked yesterday by two of its stockholders, Massey Wilson, St. Louis, founder of the company, and C. P. Long of Tupelo, Miss. In their petition the stockholders asked the Federal Court to restrain Toombs from disposing of any stock of the International Life; to order the restoration of the missing securities; and to prevent reorganization or insurance of the company until a thorough examination is made.

Today was the date set by the eight commissioners, for Toombs to appear and produce the securities. His attorney Walter K. Chorn of Kansas City, said, however, that Toombs was not able to be present, but would arrive in time for the meeting of the International Life stockholders Monday.

In Chicago last night Toombs went today which would "clear up" everything according to an official of the Toombs and Daly Company of Chicago, of which Toombs is head. The official said Toombs expected to receive the report of the bank examiners today, and after time for analysis of the situation, will make a public statement. Meanwhile, at the order of Governor Sam A. Baker, of Missouri, the investigation of the company proceeded today under the direction of Robert E. Daly, actuary and acting commissioner of the State Insurance Department.

In the receivership suit brought yesterday, Toombs is charged with illegally disposing of 12,000 shares of the International Life to the Missouri State Life Insurance Company in a plan to transfer the revenues and assets of his company to the Missouri State for one-third its value.

Hillman Taylor, President of the Missouri State, said the Missouri State has never owned any stock in the International Life.

## Examinations To Begin at College During Next Week

East Carolina Teachers College summer school is now rounding out its ninth week. There will be one more week of recitations before examinations start on Monday, Aug. 20th. The enrollment this summer is 712, identically the same as it was last summer.

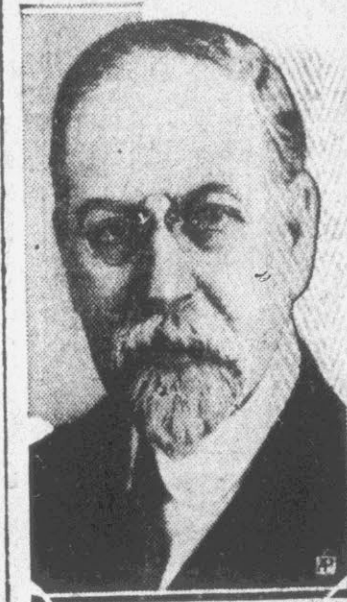

Although the weather has been hot most of the summer the class work has been held at a high standard and evidences of social activity and mirth have not been lacking on the campus. One of the outstanding features has been the series of entertainments given by some of the best entertainers of the country. In addition to the entertainments furnished by the professional entertainers there have been several class picnics. Y. W. C. A. receptions, barbecues, watermelon cuttings and moving pictures.

The summer school commencement and graduating exercises will be held on Friday morning, Aug. 24. Dr. Robert H. Wright, president of the college, will deliver the graduating address.

The graduating class will consist of between nine and a hundred, the exact number not yet being available. The greater number in this group will be graduates of the two-year normal department.

The fall term will open on Sept. 25th. Several new buildings will be opened up for use at that time. The new dining room was opened this week. Food is now being served from the new kitchen, while the old kitchen is being rebuilt and made ready for additional equipment.

## Studies Farm Relief

E. R. A. Seligman, professor of economics at Columbia university, has been selected by John J. Raskob, democratic national chairman, to make an exhaustive survey of the farm problem.

## BRITAIN AND CHINA SIGN AGREEMENTS

### Settlement of so-called Nanking Incident Made By Consuls of Two Nations.

Nanking, Aug. 10.—(AP)—An Anglo-Chinese agreement for settlement of the so-called Nanking incident was signed last night by C. T. Wang, Nationalist Foreign Minister, Sir Sydney Barton, British Consul General at Shanghai and Consul General Hewlett of Nanking.

Simultaneously, another agreement was signed whereby Great Britain pledged herself to enter into negotiations with China upon the subject of treaty revision.

The British and Chinese representatives left Shanghai yesterday morning and went to Nanking where final touches were put to the agreement. The formal ceremony of signing took place at 7:30 last night after which the British representatives returned to Shanghai. The terms of settlement were not announced. It was understood, however, that they follow approximately along the lines of the settlement with the United States last year.

The negotiations arose out of the Communist outrages in Nanking during the Nationalist occupation in March, 1927, when foreign property was damaged. Dr. J. E. Williams, an American educator, was killed, and Socny Hill fired upon. The United States was the first country to reach a settlement of the incident with the Nationalists, agreement being reached last April. In this agreement Nanking stated that it was not responsible for the acts of the Communists but was willing to accept responsibility as far as settlement was concerned. Provision was made for the appointment of a commission to fix the amount to be paid and Nanking announced that all persons responsible had already been punished.

## Wage Reduction Will Not Combat Ills of Strikers

New Bedford, Mass., Aug. 10.—(AP)—Wage reduction plays no part in an outline given out today by Walter H. Langshaw, president of the Dartmouth Manufacturing Company, of the measures he would use to combat the ills that beset New Bedford's textile industry. The ten per cent wage cut which the workers are now fighting, is hardly likely to increase demand for New Bedford's products, he says; it would amount to less than a cent per yard and what was taken from the operatives probably would be absorbed entirely by the middle men.

The statement of Mr. Langshaw has especial significance in that his mill has operated throughout the strike on the old wage scale. Mr. Langshaw having never affiliated himself with the manufacturers' association.

## Three More Villages Devastated By Quake

Batavia, Java, Aug. 10.—(AP)—Three more villages on the coast of Flores Island have been devastated as a result of the eruption of Rokatinda Volcano which yesterday was reported to have caused the deaths of upwards of 1,000 persons on Paluweh Island.

The villages were swept by a tidal wave following a series of submarine earthquakes. Ten persons were killed and a number injured. Five native vessels were driven ashore but the crews were saved. The volcano was still belching smoke today.

## GOV. SMITH AT FUNERAL OF BRENNAN

### Presidential Candidate Attends Simple Services For Illinois Political Leader.

Chicago, Aug. 10.—(AP)—Gov. Al Smith of New York and a party of eastern Democratic leaders, arrived in Chicago at 10:22 a. m., today to pay their final respects to George E. Brennan, the late Democratic chieftain of Illinois, at his funeral services. Their train, the Twentieth Century Limited, pulled into the station twenty minutes ahead of schedule.

Despite the early arrival of the train, a crowd of several hundred people were gathered at the station to greet the presidential nominee but because of the nature of the occasion there was little demonstration.

The party proceeded to Lake Shore Drive while thousands lined the curbs along the route and cheered the Democratic Presidential candidate. Showers of ticker tape and confetti were strewn from windows of buildings as the party sped past.

Governor Smith remained only five minutes at the Brennan home on Sheridan Road, where he expressed his sympathy and sorrow to Mrs. Brennan and her daughter, Mary. He viewed the body of his friend and follower where it lay in the center of the spacious living room, surrounded with banks of floral offerings.

The Governor then was driven to the Mount Carmel Church.

Chicago, Aug. 10.—(AP)—Governor Alfred E. Smith of New York, came West today to bow at the bier of George E. Brennan, the leader of Illinois Democracy who was a pioneer spirit in the campaign to have Governor Smith chosen as the Presidential candidate of his party.

Less than three hours were allowed the Governor in Chicago between the arrival of his train at 10:45 a. m. and its start on the return trip. The time was just enough to permit him to go to the Brennan home for the short private services and then to our lady of Mount Carmel Church where public services were to be held. The fact that burial was to take place at Des Plaines precluded the Governor's accompanying the funeral party to the cemetery.

At Governor Smith's insistence, every precaution was taken to prevent any demonstration in his behalf during the brief hours he was to be in Chicago. His mission, he explained, was one of sorrow, and he requested that Chicago party leaders assist him in making his visit as unostentatious as possible. The desire of the family to have simple funeral services was defeated in large part because of the expression of large numbers of friends and political associates of Mr. Brennan that they be permitted to show their respect and sorrow at the passing of the dead party chieftain.

Besides Gov. Smith, there were many prominent figures in national Democratic circles here for the services. Several leaders from the East, including Representatives from Tammany, were here. Illinois Democracy was largely represented. The county building was closed for the day at the order of Anton Cermak, head of the county board and Democratic candidate for United States Senator. Offices of the Sanitary District also were closed. The city hall was closed by order of the council which also adopted memorial resolutions yesterday and listened to eulogies of Mr. Brennan by several aldermen.

Thus, to the late hour of Governor Smith's arrival, funeral services at the Brennan home were set for 11:15 a. m., to be followed by services at the church. Arrangements called for Gov. Smith's presence at the home shortly after the arrival of his train. A suite had been retained for him at a hotel near the Brennan residence so that he might meet party leaders briefly if time permitted.

Extra police were detailed to the Sheridan Road neighborhood in which Mr. Brennan lived. Several hours before the church services were to be held, hundreds of persons began to gather along the route the funeral procession would take from the residence to the church.

## Glider Fliers Better Record

Rheon Airdrome, Germany, Aug. 10.—(AP)—Two German glider fliers who set new world's records on Wednesday, today bettered those marks. Nehring flew 72 kilometers (44.6 miles), bettering his former mark of 70 kilometers. Dittman raised the altitude record from 652 meters to 775 meters (2,542.5 feet).

# HOOVER HOLDS CONFAB WITH PARTY CHIEFS

Spends Fifty-Fourth Birthday Planning Quest of the Presidency.

Stanford University, Cal., Aug. 10 (AP)—Herbert Hoover came to the fifty-fourth milestone of life today on the eve of embarking upon the greatest adventure of his colorful career—the quest of the Presidency.

The birthday anniversary found the Republican nominee fit and eager for the pre-election fight and he celebrated it by discussing policy and strategy with his chief political lieutenants, and receiving reports as to the progress in perfecting the nation-wide organization which will be thrown into action soon in his behalf.

These lieutenants include Dr. Hubert Work, Chairman of the Republican National Committee; Senator George H. Moses of New Hampshire, Chairman of the Notification Committee; Governor John S. Fisher of Pennsylvania; former Governor Percival P. Baxter of Maine; and State Senator Frederick C. Walcott of Connecticut.

Dr. Work and Governor Fisher arrived here last night and are house guests at the Hoover home. Senator Moses, Baxter and Senator Walcott came on from San Francisco, where they arrived yesterday, along with a number of other party leaders who are gathering for the notification ceremonies tomorrow in the University Stadium.

The conference with the nominee brought face to face around the table Dr. Work and Senator Moses who long have been reported to be at odds over campaign matters.

Before the meeting, Dr. Work said in reply to a question that there had been no differences between them so far as he was concerned, while Senator Moses made a positive denial of the rumors.

Hoover set aside a part of the morning to do some work on the speech he is to deliver at his birthplace at West Branch, Iowa, on the evening of August 21. This now is almost in final form and will be ready for distribution to newspapers before the candidate leaves here next Wednesday for the return trip to Washington.

The program for the notification ceremonies received final approval last night by Hoover. The gates of the Stadium will be opened at noon and between 1 p. m. and 2:30 p. m. Private airplanes that are sections of the state, will be put through a number of stunts for the entertainment of the early arrivals.

This will be followed by an aerial display of va. colored bombs. At 2:30 o'clock the Stanford University Band will march into the bowl and around the field to its place.

Motoring from his home on San Juan Hill, Hoover, accompanied by Mrs. Hoover, will arrive at the Stadium, preceding cars carrying Gov. C. G. Young and Mrs. Young, and Senator Moses and Mrs. Moses.

After they have taken their places on the speaker's stand, the massed band will play "California", and then Governor Young will introduce Senator Moses in an address of five minutes.

The Senator will consume ten minutes in notifying Hoover, and the playing of the "Star Spangled Banner". Hoover will read his 8,500 word acceptance address.

## Held In Killing

Mrs. Frances Kirkwood is charged with homicide in connection with the death of her husband, Dr. Glen Kirkwood, veterinarian, who was killed with a bread knife at their Queens, Long Island, home following a quarrel.

## Probe Bedford Textile Strike

New Bedford, Mass., Aug. 9 (AP)—Approximately 75 percent of the cotton mills of New Bedford found it impossible to secure orders permitting them to operate at a profit during the first quarter of 1928, or immediately preceding the textile strike here, Charles S. Kelley, Statistical Expert, informed the State

Board of conciliation and arbitration, today. The Board is conducting an investigation of the strike of some 26,000 mill employees against a 10 per cent wage reduction.

Kelley appeared before the Board at the request of John Sullivan, President of the New Bedford Cotton Manufacturers Association. Both Sullivan and Kelley took issue with financial statements concerning the mills, made before the

board yesterday by William E. G. Batty of the Textile Council.

Kelley declared that the use of figures compiled in 1927 were not fair to the cotton manufacturers today inasmuch as that year was a "freak" year in the industry. He said especially low cost of raw material in 1926 had permitted unusual profit to some mills in the early part of 1927, but when the 1927 cotton crop proved short, that prosperous conditions disappeared.

The return on capital in New Bedford in the past five years had been decreased, Mr. Kelly said.

Jersey City, N. J., Aug. 9 (AP)—William Maver, Jr., electrical engineer and expert on telegraph whose textbooks have been used in colleges and by the United States Army Signal Corps, died at his home here yesterday. He was 77 years old.

Liberalism Hits West Point. Westpoint N. Y.—The swing to Liberalism has struck the Academy. Cadets now may ride with visitors through the grounds, but the ban against any member of the corps driving the cats is maintained.

Westhampton, N. Y.—The vogue of tan is in full swing at the Maidstone Club's tennis tournament. Even Helen Willis has parted with

some of her usual puffer for light sunburn. Genevieve Fox acceded the richest tone of brown. Many players and spectators have adopted the barelegged mode.

West Branch, Iowa—A real "big top," capable of protecting 47,000 persons at once will be provided by this native village of Herbert Hoover for his home-coming ceremonies. The tent is to measure 300 by 100 feet.

# Young's Chain Stores

## Week-end Specials for Saturday and Monday, Every item a true Value

### A Most Wonderful Offering of Ladies Mid-Summer Hats

Just received by express from large manufacturer twenty dozen ladies mid-summer hats, in this group are hats that formerly sold for as much as \$5.00 consisting of sport hats Azurea and some Milans, both large and small shapes, sale price

**98c \$1.49 and \$1.98**

# Social & Personal

Miss Eula Collier of Roanoke Rapids, is visiting Miss Louise Atkinson.

Mrs. R. W. Lambert, of Norfolk, Va., is visiting her sister, Mrs. H. J. Sawyer on West Fourth Street.

Mrs. L. P. Hall and children have returned from Virginia Beach.

Misses Helen and Hattie Sullivan left this morning for Virginia Beach.

Mrs. J. R. Edwards and son, Loyd, arrived today from Coral Gables, Florida, to join Mr. Edwards who has been making his home here for the past ten months.

Mr. and Mrs. R. E. Fleming of Raleigh, are the guests of Mr. and Mrs. S. B. Curran.

Miss Eleanor Clark left today for a visit to relatives in Reidsville.

## Under Privileged Child to Receive Club's Attention

The regular twice-a-month meeting of the Greenville Kiwanis Club will be held at the Rotary building tonight at seven o'clock.

An exceptionally interesting program dealing with the under privileged child will be presented by J. Key Brown.

The under privileged child is one of the main objectives of Kiwanis International and every club throughout the nation has been urged to give the problem more than ordinary attention.

The session tonight will be presided over by J. F. Harrington.

## PATIENT CIRCLE OF THE KING'S DAUGHTERS MEETS WITH MRS. BOWEN

The Patient Circle of the King's Daughters held a very interesting meeting with Mrs. C. A. Bowen Tuesday evening.

Fifteen members were present. A committee was appointed to look after hospital cases. Other matters of importance were considered. The hostess served delicious refreshments.

## WE GAVE THEM ENTIRELY TOO MUCH SPONDULICKS

In a write-up of the commissioner's meeting here Monday, it was stated that an appropriation of \$750,000 was set aside for the State Department of Conservation to be used in preservation of the county forests. The amount of the appropriation was a mistake. It should have been \$750,000.

List your property with us for results. H. A. White & Sons, Realtors. Phone 49.

## KITCHEN CABINET SALE OPENS IN GREENVILLE

K. S. Gray, representing the Napa-kitchen cabinet, will conduct a two weeks' sale at the Home Furniture Company, according to information given out today.

These sales are conducted three times a year. The concern has numbers of attractive kitchen cabinets on display for the event and patrons are urged to attend and see what they have to offer.

List your property with us for results. H. A. White & Sons, Realtors. Phone 49.

**J. D. Cox Pays Visit To City.**  
J. D. Cox, former Clerk of Superior Court of Pitt county, and little grandson, Quinton Cox, of Apple Grove, Va., were in Greenville this morning, having come up from Whiteville where they are visiting relatives and friends.

Mr. Cox has been in feeble health since his retirement from office here and his many friends will be glad to learn that he is somewhat improved at this time.

List your property with us for results. H. A. White & Sons, Realtors. Phone 49.

## TEN MORE DAYS OF GAS STOVE SALE

Only ten more days are left in the sale of ranges conducted by the Carolina Gas & Electric Company. It was announced by company officials today.

The Carolina Gas and Electric Company is allowing \$15.00 for old ranges, regardless of kind or condition, while the sale is in progress, providing they are applied on the purchase price of a Direct Action Gas Range. A ten per cent discount will be allowed for cash payments while the sale is in progress. Credit terms are also open to those who desire such.

**Mrs. Tyson Entertains.**  
Mrs. B. F. Tyson was hostess at a lovely informal tea yesterday afternoon from five to six, at her home on Evans street, honoring her house guests, Mrs. C. C. King and Miss Clayanna King of Baltimore.

The home was very attractive with a profusion of garden flowers. Fruit punch was served on the porch by Misses Virginia King and Rose Hadley. Mrs. R. L. Smith greeted the guests on arrival and presented them to the hostess and honor guests. In the dining room, cantaloupe a la mode was served by Misses Lucy King, Lena Best Turnage and Margaret Tyson.

If you have property to sell, consult with us. It will pay you well. H. A. White & Sons, Realtors. Phone 49.

**Celebrates Seventh Birthday.**  
Fred Carico delightfully entertained about thirty friends yesterday afternoon at his home on Dickinson avenue, in honor of his seventh birthday. The guests were welcomed by the young host. Cocoa Crush was served by Misses Nannie Rowlett and Elizabeth Swanson.

After a number of interesting games the guests were invited into the dining room. The birthday cake with seven lighted candles, formed the center piece. Cutting the cake caused much merriment. Master Carico received a number of useful and attractive gifts.

If you have property to sell, consult with us. It will pay you well. H. A. White & Sons, Realtors. Phone 49.

## Giant Wolf Hound Making Friends Here.

Above is a snapshot of Ilak, the people of this section to see this King of Dogs and hear the story of his life, etc., by arranging for a display at Blount-Harvey Company's store today and tomorrow. Already hundreds of persons have visited the store today to see the big dog and no doubt an even larger number will visit the store tomorrow.

The hours that the dog will be on exhibition tomorrow are 9 to 11 a. m.; 12 to 2 p. m.; 4 to 6 p. m.; and 8 to 9:30 p. m. The public is cordially invited to visit the store during these hours to see this wonderful dog.

## Aldermen To Hold Special Session

A special meeting of the Board of Aldermen will be held tonight at eight o'clock at the City Hall.

Several matters will be taken up for consideration during the session, principal among them being the election of a new city manager to succeed J. R. Edwards, purchase of a new fire truck, and approval of the city budget.

## SEVERAL TRANSFERS OF REAL ESTATE RECENTLY

The following deeds of transfer have been filed in the office of the register of deeds since the report of the latter part of July:

James L. Evans and wife to B. L. Ross and wife, 1 lot, \$100.00.

J. H. B. Moore et al to Marvin Blount and wife, 1 lot, \$350.00.

Elias Carr, Gdn., to N. L. Hearne, 687 1-2 acres, \$500.00.

G. T. Gardner et al to W. W. Gaskins et al, 1 lot, \$400.00.

Rosa Smith to M. K. Blount, 1 lot, \$10.00.

F. V. Johnston and wife to Blanche S. Cherry, 1 lot, \$650.00.

Pitt County Board of Education to W. G. Sheppard et al, 1 acre, \$50.00.

## Ballard's X Road News

Miss Mavis Cobb and brother, Mr. Herman Cobb, paid us a flying visit Sunday. Miss Cobb is the daughter of the late Mr. J. H. Cobb. Her childhood days were spent here and we are always glad to welcome them back home.

Mrs. Elbert Tyson spent Sunday with her mother, Mrs. Sheba Flanagan, of Farmville.

Hardee's farm was burned today. A tobacco barn on Mr. Whitt we are sorry to note.

We wish to correct an item in our last. Mr. J. T. O'Neal did not go to the hospital, but had a nurse from there and is now much better.

Our school-house is such a convenient place for a Sunday School. The low price of tobacco on the yet we have none.

South Carolina market is giving the growers around here some concern. They must find some way of diversification, else ruin seems inevitable. Why not chickens, pigs and cows?

The Fair will soon be opening and we are not doing anything about a community booth. A pity not to show our resources and a little community spirit.

## Mayor's Court

**Friday, Aug. 10th.**  
Roy Peel, colored, assault; \$5.00 and cost.

T. C. Swindell, drunk on the highway; \$10.00 and cost.

Alma Gorham, colored, reckless driving of automobile; \$15.00 and cost.

Frank Butchfield, drunk and disorderly conduct; \$10.00 and cost.

**Steel Orders Decrease.**  
New York, Aug. 10.—(AP)—Unfilled orders of the United States Steel Corporation on July 31 were 3,670,927 tons, a decrease of 66,082 tons compared with the preceding months.

## Says Dry Laws Should Be Left To The States

Williamstown, Mass., Aug. 10.—(AP)—The United States has a good example to follow in Sweden in the matter of liquor control and real temperance, Norman Hapgood, editor, writer and biographer of Governor Smith, told a general conference of the institute of politics today.

"Sweden never undertakes to enforce the ideas of a mere majority," Mr. Hapgood said, "referendums are merely advisory and if 65 per cent of the Swedish people voted for absolute prohibition tomorrow the legislature would refuse to act, on the ground that the percentage was too low to make enforcement possible."

On the other hand, our passage of the Eighteenth Amendment described as "an example of the majority's misuse of its power by attempting an impossible control of the minority."

"This attempt is made a far more serious blunder, it might almost be called a political crime, when the temporary majority puts its views into an instrument almost as hard to change back again as were the laws of the Medes and the Persians," Mr. Hapgood continued. "Practically we have thrown away the essence of free government, which is to keep laws in touch with changing opinion."

The way out of the difficulty, he believed, was for the Federal Government to confine its enforcement activities to distinctly Federal

fields and leave to the State either to carry out, or leave undone, the rest.

The economic effects of Belgium's policy of semi-prohibition, were told by Dr. Louis Pierard, of Brussels, who said that production had increased in some trades, the people were drinking less, and accidents were fewer.

The prohibition question also was briefly discussed by Bentley W. Warren, Boston lawyer, who assailed the Volstead Act, and Prof. C. R. Fay of Toronto, Ont., who described the workings of the liquor control act in his province.

REAL CRIME REMEDIES

President Coolidge, in a recent address, made some remarks on crime and respect for law and order that are of interest to every American citizen. He said that the best solution of the crime problem goes back to the home and the early training of the child, and that "if around the nation's fireside respect for authority, reverence for holy things and obedience to parental discipline are taught, the surest foundation for peace will be laid."

We cannot pass laws that will make crime impossible. Efforts in that direction have too often reacted to the advantage of the criminal, by restraining the law-abiding citizen. What we can do is to interpret and expedite our present laws and procedure that, by example, crime will be discouraged. If we add to this, early training that inculcates in the potential citizen an instinctive respect for the rules of society, we will have gone a long way toward reform.

Crime, like weeds, flourishes best where it can most easily resist obliteration and escape punishment.

OBSERVE FIRE

PREVENTION WEEK

Fire Prevention Week is coming. For seven days the people of the United States will be given every opportunity to learn from various organizations, both private and public, means of prevention and protection.

Every year the Red Demon takes more than 10,000 American lives and destroys over \$500,000,000 worth of American property. It is the greatest enemy of prosperity and progress we have to face.

To assist Fire Prevention Week activities the National Board of Fire Underwriters has prepared a number of posters, stickers for letters, motion picture slides, puzzles, speeches to help those who will address civic bodies, leaflets, booklets and advertisements. They will be of great value in accomplishing the purpose of the week.

Individuals or organizations interested in serving their communities by use of this material can get it by writing to the National Board of Fire Underwriters, Public Relations Department, 85 John Street, New York City.

But whether or not we perform active services during the week, we should

welcome the opportunity offered to learn the invaluable lessons of prevention.

Make Fire Prevention Week, Fire Prevention Year!

MUST REGULATE THE DRIVER

Some affirmative legislative action must be taken to abate reckless driving and safeguard against automobile accidents on the highways.

In 1927, excluding accidents at railroad crossings and with street cars, 22,251 fatalities occurred from automobile accidents. One out of every four fatal accidents involved automobiles.

An analysis shows that in 5,581 instances the driver disregarded signals; 4,280 resulted from cutting in; 3,859 drove off roadway; 7,451 exceeded speed limit; 7,247 on wrong side of the road; 1,281 in passing a standing street car; 691 passing on wrong side; 938 making wrong turn; 631 passing on curve or hill; 574 disregarded officers' signals; 382 drove through safety zone; 19,720 did not have right of way; 1,750 disregarded arterial stops.

If accidents are to be reduced and driving on the highways made reasonably safe, there must be written into our statutes regulations which by driving qualifications will prevent the reckless, inexperienced, or physically incapacitated individual from obtaining a driver's license.

ABOUT TOWN

"That's the biggest dog I ever saw," firmly declared a Pitt County woman, standing on the sidewalk in front of Blount-Harvey & Company's store this morning, speaking of "Iak," property of Bill Strother, said to be the largest animal in the world.

"Iak didn't hear the remark, but those standing around in front of the store agreed the lady knew what she was talking about.

"Iak was not aware of the keen interest which he was attracting. It was hot in the store, despite the electric fans brought into play for his benefit, and he had a hard time preserving his equanimity.

However, he had heard the expressions of admiration on the outside, we feel confident he would have strutted around like a peacock and surveyed all the world as his kingdom.

Many times during the day "Iak" rolled his eyes around at the countless numbers of big faces and little faces pressed closely about him. He didn't evince any interest in the scene outside. Evidently he was accustomed to such scenes and tiring, would roll over on his side and soar away on the wings of Morpheus.

Greenville likes "Iak". Everybody is glad Bill Strother was considerate enough to put the big animal on exhibit. It is seldom we get an opportunity of seeing such a specimen of dog flesh and it will be a long time before we forget Bill and his big dog.

"Dollar Day next Tuesday is going to be the greatest event held in Greenville this year," declared a member of the Greenville Merchants Association today, commenting on the great semi-annual event planned for one day of next week.

"Greenville serves a great territory, and it is only natural that our merchants should hold an affair of the kind twice a year and give their patrons an opportunity of buying the best things of the season at prices greatly below the regular sales price.

"The shelves of the twelve business houses to take part in the event will not be loaded down with shoddy goods. Everything to be offered will be right up to the minute and worth several times as much as the price put on it for this one day.

"Greenville business men are alert to the needs of the thousands of men and women who do their buying on this market and are doing everything possible to supply their demands.

"If you haven't bought your fall and winter materials, or there is some spring and summer material

you would like to provide for yourself, why not visit the city on this great day and buy it. You could choose no more appropriate time, and certainly the price will be less than it will be later on in the year when regular prices prevail. "Jot the date down in your note book and be sure to pay us a visit on Tuesday, August 14th."

"Firemen are having a big time at their annual convention at New Bern this week," a member of the Greenville Fire Department told us today following his return. "The reel and wagon races yesterday were probably the outstanding features of the tournament. They revived memory of years ago when the hand reel and hose wagon played such an important part in the life of the small town firemen. "These tournaments are producing a keen competition among the various departments in North Carolina and every town is trying to outdo the other from the standpoint of equipment and service rendered. "Each year will see the occasion grow in importance and it will not be long before North Carolina's tournament will rank with the best in the whole country."

"Only two more weeks before the tobacco markets of Eastern North Carolina throw open their doors," declared one of the prominent growers of this community today, discussing the way Pitt County farmers are housing their crop at this time. "I don't believe I ever saw such a great number of barns in operation at one time. Yet, they are not curing sufficiently fast to prevent

the tobacco drying up on the stalk. "This situation has resulted in heavy loss to numbers of our growers, but should prices measure up to expectation, the loss will not be quite so appalling. "Pitt County produces the best tobacco in the country, and while the crop is short this season, it is hoped this condition may be relieved to no little extent by the quality. It is to be hoped so at any rate."

Don't forget to let us send you the Reflector while you are away on your vacation. Time will pass away much more pleasantly than it would otherwise if you have home town news coming to you every day you are away. Drop in the office and have your name entered on our mailing lists before you leave the city and assure yourself of keeping your finger on the public pulse while away.

Dr. Cosmo Gordon Lang, archbishop of Canterbury. He succeeds Dr. Randall Thomas Davidson who recently resigned as head of the Church of England.

Seek Motive For Shooting. Saratoga Springs, N. Y., Aug. 9. (AP)—State, county and city police today sought in vain for a motive which they could ascribe for the mysterious shooting of County Attorney Edward E. Eddy, while playing on the links of the MacGreggor golf course, just outside the city limits.

A young man, masked by a handkerchief, stepped from the woods near the fourth hole, while Mr. Eddy was preparing to tee off yesterday and, upon receiving a jocular reply to his command to "stick 'em up," shot the county attorney in the groin.

At the Saratoga hospital physicians reported Eddy had "more than an even chance" for recovery.

JONES IS PRESIDENT OF CAROLINA RAILROAD

Raleigh, Aug. 9. (AP)—W. B. Jones, Raleigh attorney, has been appointed by Gov. McLean as president of the Atlantic and North Carolina Railroad, it was announced on the eve of the annual stockholders meeting at Morehead City today. Jones succeeds Charles S. Wallace of Morehead City. Appointment of a secretary-treasurer to manage the State Fair, is expected to be made at the meeting.

NEW YORKER WINS IN OLYMPIC SWIM

Amsterdam, Aug. 9. (AP)—Geo. Kojack of New York, member of the United States team, won the 100 meter stroke swimming championship today in the Olympic water sports. Walter Lauffer of Chicago, was second. The Americans made it 1-2-3 as Paul Wyatt of Uniontown, Pa., finished third. Kojack's time was one minute, eight and one-fifth seconds, a new world's record.

KELLOGG WAR PACT REPORTER TO LEAGUE

Geneva, Switzerland, Aug. 9. (AP)—Great Britain officially brought the Kellogg outlawry of war pact before the League of Nations today by transmitting copies of its two notes to Washington on the question. The League also was informed by Britain that signature of the Kellogg Treaty will not involve a conflict with her obligations resulting from membership in the League.

WHEN HE IS 21. When your boy is 21 there will be many influences brought to bear to cause him financial loss. You who know the devious days of the world, appreciate that. If you are still here, you can advise with and counsel him. But just to make it absolutely safe, why not name this institution as trustee under a voluntary trust agreement for your son? Then, if by any chance, you were called, we would step in harness with that boy and through friendly advice and assistance, help him. Isn't it safer than turning what you have accumulated over to an individual? Greenville Banking & Trust Co. The Oldest and Largest Bank in Pitt County

# YANKS CHALK UP WIN OVER THE RED SOX

(By the Associated Press) Back in the big leagues after a year's penance in the minors, Freddy Heilmach, big left hander from Camden, N. J., has come to the rescue of the perishing Yankees.

Purchased from St. Paul of the American Association to bolster Miller Huggins' tottering pitching staff, Heilmach, who once wore the liveries of the Philadelphia Athletics and Boston Red Sox, pitched the champions to a four-hit 7 to 1 victory over the Red Sox yesterday in his first start on the comeback trail.

The Red Sox' only run was scored in the first inning on two passes—the only ones Heilmach assailed—Flagstead's single and Regan's sacrifice fly. He fanned eight men and never had an uneasy moment since the Yankees began clubbing Ed Morris and Burney Griffin freely and to the point.

Despite this victory the Yanks gained no ground on the high flying Athletics who bowled over the Washington Senators 8 to 3, behind Howard Ehmke's three-hit pitching. Al Simmons' twelfth homer of the year came in the sixth inning with the bases loaded.

Only one game was played in the National League but that one saw the St. Louis Cardinals lose a little more of their advantage over the New York Giants. The Cards four the revitalized Pittsburgh Pirates, 4 bit too much for them and bowed to the 1927 champion 5 to 4.

It was the Corsairs' eighth straight victory and their 24th in the last 31 games.

## OLYMPICS IN A NUTSHELL

(By The Associated Press) Today's Program Rowing, finals Swimming Water Polo Fencing Gymnastics Equestrian Sports Yesterday's Features: George Kojac, United States, set new world's record in winning 100 meter back stroke swimming championship. Walter Lauffer second and Paul Wyatt third. Time 1:0-8 1/5.

Americans made clean sweep in women's springboard diving with Helen Meany first, Georgia Coleman second, and Dorothy Pynton third.

American woman's 400 metre relay team won championship with Great Britain second, setting new Olympic record.

Albert Zorila, Argentina, won men's 4000 metre free style with Charlton, Australia, second. Americans Clarence Crabbe, Austin Clapp and Ray Ruddy finished fourth fifth and sixth respectively. Zorila also set a new Olympic record.

Fraulein Schrader of Germany won women's 200 metre breast stroke. Gertrude Hoffman, only American finalist came in fifth.

Fourth New Olympic record made by American men's 800 metre relay team in qualifying for final.

Walter Golbath, Pete Des Jardines and Michael Galitzen, United States, qualified for high diving event.

Danish yacht won six metre championship, with Norway second and Estonia third. Frieda, American entry, fifth. France won in eight metre yachting. Holland second and Sweden third.

Charles McIvane and Paul Costello, United States, defeated Soviet and Flessl of Austria, in semi-finals for double sculls, making fourth American crew to reach finals.

Swiss four without coxswain entered finals by beating Poland. Hungarian won team championship in Sabre fencing with Italy second and Poland third. American team did not reach finals.

Three American boxers reached semi-finals. John Daly, bantamweight, defeated Szeles, Hungary; Harry Decine, featherweight, defeated Vakeva, Finland, and Stephen Holoiko, lightweight, defeated Buonf, Argentina.

Harry Henderson, American middleweight, beaten by Hermanek, Czechoslovakia, and Alex Kaleitch, heavyweight, knocked out in first round by Sorelad of Norway, in other quarter final bouts.

## To Sign Articles Warren-Stribling Bout in Charlotte

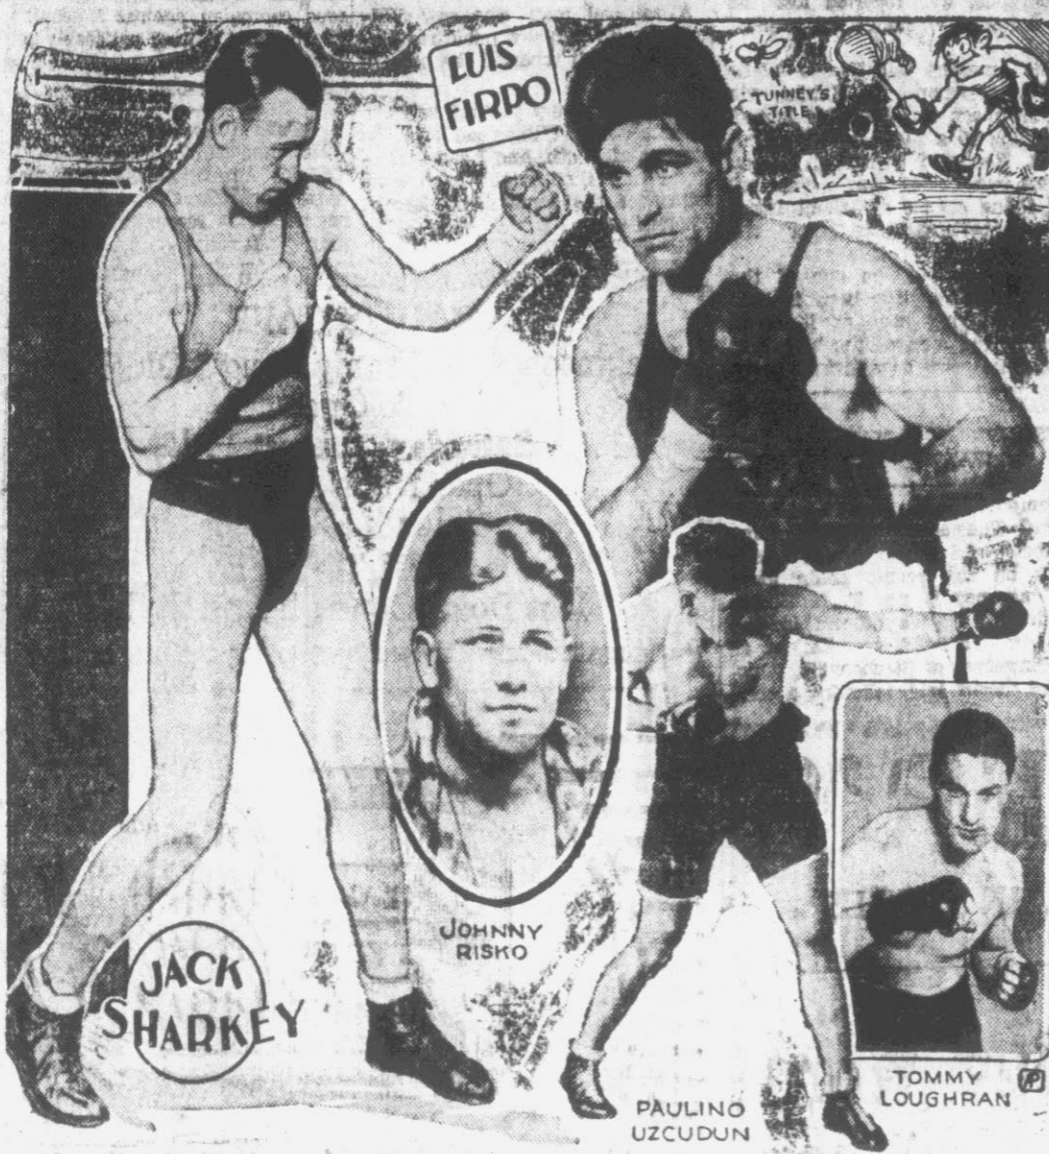

Greensboro, Aug. 10.—(AP)—The Greensboro Record says today that articles assuring the Warren-Stribling fight here on Labor Day will be signed at Charlotte Monday night.

Jimmy Bronson, eastern manager of the former University of North Carolina athlete, will meet with representatives of Stribling to settle the financial details of the bout.

Bronson has been offered 30 per cent of the gate, according to the Record, but is demanding 30 per cent of the gross gate. The Stribling end of the contract has been satisfactorily arranged, it was said.

Phil Pritchard, formerly at Palm Beach, but now American Legion matchmaker, will handle the details.

## 'TEX' HIDES AS HEAVIES CHARGE; EACH CONTENDER IS LOUD SPEAKER

Loquacious heavyweights have driven Tex Rickard into hiding. He is expected to emerge shortly with definite plans to accommodate a big delegation of ambitious fighters, including Louis Angel Firpo, who seeks a crack at Tunney's vacated title. Meanwhile the only sign of actual action has been shown by Sharkey and Risko. Sharkey meets Pierre Charles in Detroit, August 22, and Risko engages Robert Robert in Brooklyn, August 15.

(By JAY R. VESSELS)

New York — (AP) — Here they come! The thundering herd of heavyweight prize fighters is pounding down into view, making more noise about their individual and collective claims for Gene Tunney's vacated title than a mass of thirst-crazy buffaloes headed for the desert waterhole.

Warning of the impending stampede came from the plains of the Argentine. It was in the form of an announcement from Louis Angle Firpo, "Wild Bull of the Pampas" that he would begin training immediately to fight his way into claimant as the outstanding title champion.

Acting by intuition, Tex Rickard, master promoter, escaped to an isolated golf course where he will remain until some sort of order is made of the chaos reigning among the behemoths of biff.

Meanwhile those in a position to do a bit of preliminary ballyhooing are sounding off. Here are samples of their thoughts, verbal and written.

"Jack Sharkey can beat the best of them. His decision loss to Tom Heeney was a mere accident. Jack Dempsey had to foul him to beat him."

"Johnny Risko can't be denied. Didn't Tunney say he was a great fighter?"

"Tommy Loughran is the master boxer among the light heavyweights and heavyweights. He can outbox 'em as fast as they throw 'em into the ring."

"Paul Uzcudun is the best qualified of the lot. He can box and hit and he has color."

"Knut Hansen is the hardest hitting heavyweight in the ring today. If he had half as much training as Tom Heeney had preparing for Tunney he would be unbeatable."

There the major speculation ends. But there is always food for thought for the wild eyed ones in the expectation that both Firpo and Jack Dempsey will try to come back. This is the idea that fascinates even Rickard.

While Rickard remains in the background his lieutenants are sorting the names of "title" claimants who will fit in nicely when the drive, heralding the inevitable "elimination" series begins.

Additional help may come in two pending fights. Jack Sharkey meets Pierre Charles, the Belgian big boy at Navin Field, Detroit, August 23 in the first of several minor bouts.

The preceding week Humbert Fuzazy, Rickard's metropolitan rival, shows Johnny Risko and Roberto Roberti, the Italian giant, on Ebbetts Field card. Chief interest in this engagement, it seems, rests in the future of Risko so far as it affects Fuzazy.

There is talk of the Brooklyn promoter tying up Risko and also Tommy Loughran to contracts, but if Fuzazy has no more luck in this arrangement than he had on similar "blocs" attempted last winter he will bother Rickard but little.

Another month or so will expose the next move of the heavyweight herd. The first of the big clashes between the milling contenders probably will be held at a big outdoor show. After that the circus will move indoors where the process of constructing the next championship bout will be carried on throughout the winter with the crisis timed for arrival for a big 1929 outdoor exposition.

Lansing, Mich.—Chuck Wiggins, Indianapolis, knocked out Carl Augustine, St. Paul, 5/1.

## Winston Salem Lead Increases

The Winston-Salem Twins, elevated Wednesday to the leadership of the Piedmont League, were hoisted again yesterday both through their own victory and the defeat of the Pointers, who have been forced into second place. For the second successive day Juke Plavin prevented the scheduled game between the Bulls and Caps at Raleigh.

Taking a clean sweep of the series with the Patriots, the Twins took yesterday's game by the murderous margin of 14 to 3. Crews was smacked to all corners of the garden, while Dubuque, his relief, was hit almost at will. Hearn twisted nicely for the Twins and for good measure threw in two circuit blows with runners on the paths. Evans and Meeks also slapped out homers for the Twins.

The Colonials played a tight ball, except at a few brief intervals, and defeated the Pointers 6 to 4, to hog both games of the series. Salisbury took an early lead and maintained it throughout. Wilson gave up 14 hits to the Colonials.

### Six Club Circuit

Columbus, Ga., Aug. 10 (AP)—The Southeastern League today became a six-club baseball circuit, with Savannah and Albany, Ga., definitely dropped, although playing according to the old eight club schedule until Sunday.

The decision to drop the two Georgia clubs was made by the board of directors last night, who refused to amplify on the bare announcement of the dropping. It previously had been determined that Savannah was having financial difficulties, and that Albany was one of the smallest towns in a similarly equipped circuit anywhere.

## Yesterday's Results

**EAST CAROLINA LEAGUE**  
Goldsboro 7, Kinston 5  
Fayetteville 9, Wilmington 6  
Greenville-Rocky Mount, rain

**PIEDMONT LEAGUE**  
Winston-Salem 14, Greensboro 3  
Salisbury 5, High Point 4  
Raleigh-Derham, rain and wet grounds.

**NATIONAL LEAGUE**  
St. Louis 4, Pittsburgh 5  
No Others scheduled

**AMERICAN LEAGUE**  
New York 7, Boston 1  
Philadelphia 8, Washington 3  
No others scheduled.

**SOUTH ATLANTIC LEAGUE**  
Asheville 4-3, Columbia 5-4

Kansas City 3, Milwaukee 6  
No other games scheduled.

# AMERICA IS VICTORIOUS IN REGATTA

Sloten, Holland, Aug. 10.—The University of California eight-oared crew won the blue ribbon event of the Olympic rowing regatta for the United States today, defeating the English eight in the final for the world championship.

The Philadelphia double sculling pair came through with their impressive victory just when American hopes were faltering, their single sculling representative, Ken Myers, having been beaten by 5 lengths by the Australian, Bob Pearce.

## Goldbugs Still Going Strong

(By the Associated Press) The Goldbugs, leaders of the Eastern Carolina League, stepped forward yesterday when they won their game and their nearest challengers for position, Wilmington, lost. The Rocky Mount-Greenville game was postponed on account of rain.

The circuit blow of Harry Daughtry in the ninth with one on the patch, gave Goldsboro the win over Kinston, 7 to 5. Though the Bugs had been ahead in the score column during most of the game, the Eagles pushed over three runs in the eighth to forge ahead. The Bugs came back in their half of the frame to get a tally and tie the count 5-all. The pitching of Carver and home runs by Walters of Kinston, and Patton and Daughtry of Goldsboro, were the feature of the mixup.

Fayetteville snatched the last game of the series from the Pirates 6 to 6. "Chunk 'em Up" Smith, a former Pirate, now on the Highlanders' mound, was hit hard, but the Pirates failed to make them timely enough. He gave up 12 safe blows, as did Kennedy and Fowler on the Pirate mound.

## Where They Play

**EAST CAROLINA LEAGUE**  
Kinston at Wilmington  
Goldsboro at Rocky Mount  
Greenville at Fayetteville

**PIEDMONT LEAGUE**  
Greensboro at Durham  
Raleigh at High Point  
Salisbury at Winston Salem

**AMERICAN LEAGUE**  
New York at Boston  
Detroit at Cleveland  
Washington at Philadelphia  
St. Louis at Chicago

**NATIONAL LEAGUE**  
Boston at Brooklyn  
St. Louis at Pittsburgh  
Philadelphia at New York

**SOUTH ATLANTIC LEAGUE**  
Macon at Knoxville  
Greenville at Charlotte  
Asheville at Columbia  
Augusta at Spartanburg

**SOUTHERN ASSOCIATION**  
Mobile at Memphis  
Nashville at Birmingham  
New Orleans at Little Rock  
Chattanooga at Atlanta

Davenport, Iowa—Johnny Cline, Fresno, Calif., won from Cliff Elhart, Pueblo, Colo., 10/1. Tony Sanders, Chicago, shaded Battling Clemens, Joplin, Mo., 7/1.

**Mackey Succeeds Groh.**  
Charlotte, Aug. 10.—(AP)—Leo Mackey, veteran Southern Association catcher, today succeeded Heine Groh, former National League star as manager of the Charlotte club of the South Atlantic League. Groh resigned as manager a week ago. Mackey was bought from the Nashville club of the association. Earlier in the season he had been loaned by that team to the Waterbury, Conn., club of the Eastern League, but only played a few days with it. He lives at Grafton, Pa.

## Sally Leaders Find Sledging Mighty Rough

(By the Associated Press) South Atlantic Association leaders found the going rough in double headers yesterday—Columbia putting the skids under Asheville in a brace of games and Macon being subjected to the same treatment at Knoxville's hands.

The Corners fought uphill battles in both games with Asheville and showed the winning runs of five to four and four to three counts across in the last inning of each.

Hillis had a perfect day at bat in the nightcap with three hits for his labors. Knoxville turned loose a dose of base hits totaling 16 on Macon in the first affair and easily won, 13 to 7, and then made a perfect afternoon of it with a 5 to 2 victory in the closer when Fowikes held

the Peaches well in hand. Felber hit two homers in the opener while Tremper and Osborne each had one. Spartanburg and August split even in their dual bill, the Spartans taking number one by a 7 to 3 score and the Tygers winning the rebuttal 2 to 1. Pullon allowed only four hits in the Augusta victory.

Tillie Walker's 31st of the season aided Greenville in downing Charlotte, 6 to 3. Monroe Mitchell, who used to pitch for the Hornets, held his old teammates down while the Spinners were hitting hard and often.

West New York—Jus Berger of Brooklyn, defeated Pietro Corri of Austria, 10/1.

New York—Harry Ebbetts, Freeport, knocked out Johnny Haystack of Birmingham, 2/1.  
Chicago—Haakon Hensen, Norway, won from Floyd Hybert, Cleveland, 4/1.

# FREE 25 GALLONS FREE OF GASOLINE FREE

25 gallons of gasoline will be given away absolutely free to the person who suggests the best name for the New Texas Company Filling Station located on Evans Street next to the postoffice.

This station has just been completed and is modern in every respect lacking only a suitable name to complete the job. This naming contest is open to every person in Greenville and Pitt County and while it is not necessary that you do so, we suggest that you pay us a visit of inspection before submitting your suggestion in order that you might know just the caliber of the place you are about to name.

All names must be neatly written in space provided at bottom of this ad and placed in box at filling station by six o'clock P. M., Wednesday August 15.

We are now open for business and ready to serve you with a full line of Texaco Products.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET.

New York, Aug. 10.—(AP)—A quiet and rather staid tone in the cotton market today followed yesterday's big decline. Fluctuations were irregular enough to indicate continued nervousness but selling was less urgent and covering was promoted by reports of rains in the Eastern belt and complaints of increasing boll weevil infestation.

The mid-afternoon market was steady, active months showing net advances of about 30 to 35 points. Futures closed very steady 33 to 38 points higher. Spot steady; middling 19.30.

## CHICAGO GRAIN

Chicago, Aug. 10.—(AP)—Excited selling and radical setbacks in price resulted today from the U. S. government crop report. All deliveries of wheat, corn, oats and rye fell to a new low price record for the season. The worst break was in wheat values which at one time showed a maximum drop of 5 5/8 cents a bushel.

Wheat closed unsettled 3 1/2 to 4 net lower; corn 1 5/8 to 2 7/8 off; oats 1-2 to 5-8 to 3-4 down and provisions varying from 5 cents decline to a rise of 17.

## STOCK MARKET

New York, Aug. 10.—(AP)—The stock market started forward at a brisk pace today and then stumbled over the barrier of 7 1/2 per cent call money. Early gains of 1 to 2 near 5 1/2 points were generally cut down, or wiped out, and a number of issues sold down 1 to 3 points below yesterday's final quotations.

Call money renewed at 7 per cent but advanced to 7 1/2 as banks called \$25,000,000 in loans in order to strengthen their positions at the Federal Reserve banks. Time money and commercial paper rates held firm. A ray of hope was seen, however, in private London dispatches that more than \$2,000,000 in gold had been "ear marked" by the Bank of England for the account of the New York Federal Reserve Bank.

The early advance in prices was based on the relatively small increase in brokers' loans and the retention of the 5 per cent rediscount rate by the New York Federal Reserve Bank. One of the most interesting business developments of the day was the drop of 66,062 tons in the July unfilled orders of the United States Steel Corporation, which is slightly less than had been generally expected.

Outside the stock market, chief speculative interest centered in the break of 4 to 5 cents a bushel in wheat futures, and an early break of more than \$1 a bale in cotton.

Heavy accumulation of Chrysler common and Dodge Bros. preferred which advanced more than 5 points to new high records, contrasted with renewed liquidation of General Motors, which dropped from an early high of 187 to 181 1/4.

Wright Aeronautical from 155 to 150, Warner Bros. A from 78 to 74 3/4 and Atlantic Refining from 157 to 154.

The closing was irregular. Total sales approximated 2,100,000 shares.

**Crack Passenger Train Derailed.**  
Little Falls, N. Y., Aug. 10.—(AP)—The Metropolitan, one of the New York Central's crack passenger trains, was reported here to have been derailed between Amsterdam and Fonda, bound from Chicago for New York. A call for doctors to proceed to the scene of the wreck was received here.

## DOUBLE KILLER PLEADS NOT GUILTY

Los Angeles, Aug. 10.—(AP)—Russell St. Clair Beitzel, charged with two counts of murder for the alleged slaying of Barbara Mauger, 19, and her new born baby, today entered the double plea of "not guilty" and "not guilty by reason of insanity" against each section of the grand jury indictment. He was brought into the court of Superior Judge Douglas E. Edmonds.

## Award Highway Contracts.

Raleigh, Aug. 9.—(AP)—The State Highway Commission met here today to award formally the contracts for highway and bridge projects involving more than \$2,250,000. Low bidders have already been announced.

## Advisor to Liberia

John Loomis, Strasburg, Va., has been named by President Coolidge as financial advisor to the Republic of Liberia.

## Flying Boat Lost at Sea

Miami, Fla., Aug. 10.—(AP)—The Topsy Fish, Nassau Flying Boat, piloted by Bob Holland and believed to have a passenger Superintendent Slater of the Bahaman Telegraphs, was reported lost at sea today, a victim of the tropical storm.

The seaplane left Nassau Wednesday afternoon for Bimini, via the Northern tip of Andros Island, according to a radio message from J. R. Rae and Company, Nassau agents, who asked that a commercial flying service at Miami Institute immediately search for the missing craft.

Unless stranded on one of the Bahaman keys, little hope is held for the flying boat as it could hardly have survived the high seas of the last two days, aviators say.

PRISONER NOT MAN WANTED FOR MURDER Hampton, S. C., Aug. 10.—(AP)—Sheriff Thomas of Hampton county today said a man serving a sentence on the county chain gang for vagrancy is not E. L. Booth, sought by Florida officers in the death of his wife's grandfather, C. W. Simmons, of Steubenville, Ohio. The sheriff said, following a con-

versation with Sheriff M. B. Douglas of Lake City, Fla., by telephone that the man held here, who gave his name as Raymond Williamson, is not Booth.

Williamson was taken from a train at Yemasee, S. C., recently for stealing a ride and was sentenced to serve a 60-day term on the chain gang.

A railroad man who saw Williamson and who saw published pictures of Booth reported the case to officers.

"There is a very striking resemblance between Williamson and the pictures of Booth, and I can understand how they might have been taken for the same man," Sheriff Thomas said.

## Declares War On "Petters."

Washington, Aug. 10.—(AP)—Lieut. Col. Ulisses S. Grant 3rd, like his famous grandfather, is to lead a war. It will be against "petters" in darkened automobiles in Washington's parks, of which he is the director.

He has ordered the police of the national capital to launch a vigorous campaign against "spooning," necking and petting noticeably prevalent in darkened automobiles at night in the parks.

Cuba Recognizes Nanking. Nanking, China, Aug. 10.—(AP)—Official announcement was made today that the Cuban government has formally recognized the Nanking Nationalist government.
