## ALBANY GETS STRAIGHT FOR NOTIFICATION

### City Begins Dressing Up In Gay Attire for Ceremonies for Gov. Smith.

By HAROLD OLIVER (Associated Press Staff Writer) Albany, N. Y., Aug. 17.—(AP)—Albany is beginning to dress up for the big doings next Wednesday night when its leading citizen, Gov. Smith, will be formally notified of his selection as Democratic standard bearer.

State street, the thoroughfare leading to the east steps of the Capitol where the ceremony will be held, is evolving into a young Broadway. Flags and other decorative paraphernalia are being draped over windows and cornices of all buildings in the downtown section. Hotels are filling up rapidly and managers are wondering already if sufficient space will be available for the expected thousands of out of town visitors. A liberal supply of the problem.

While these preparations are going on, Governor Smith is finding many things to keep him busy and little time for recreation. For the first time since he began the series of conferences with prominent Democratic drays, he found a little respite yesterday for a short drive with Mrs. Smith, and this brief outing would have had to be deferred if his over-night guest, Senator George of Georgia, had arrived a bit earlier.

The Georgia Senator who was the recipient of his state's solid vote and a scattering of votes from other states for the presidential nomination at Houston, was the third southern dry to come here at the invitation of the nominee this week, Senator Glass of Virginia and Josephus Daniel, North Carolina publisher, preceding him.

"Georgia is safe," was the only statement Senator George would make for publication and even this before he went into conference with Smith.

After dinner, the Governor and his guest watched and listened to a radio production of Herbert Hoover's acceptance speech at the Smith residence, where earlier in the day the Democratic nominee delivered portions of his own address in private for recording by a similar machine, but, of course, to be held for release until after public delivery at his notification.

Today the governor expected Senator Welch of Montana, at the executive mansion. Like Glass, Daniels and George, the one time pre-convention rival of Smith and Teapot Dome prosecutor was invited to Albany by the presidential nominee to obtain his views on the general political situation. Walsh withdrew from the race for the nomination at Houston after he ran third in the California primaries.

Lyon, Jr., navigator of the monoplane Southcross on its epoch making flight to Australia. She charges that at the time of the marriage, June 5, 1920, Captain Lyon was legally married to another woman.

## LEAF PRICES SLUMP AGAIN

### Circuit Riders Held Responsible for Drop of Border Market Prices.

Cerro Gordo, Aug. 16.—Circuit riders representing several of the larger tobacco manufacturers, today covered various markets in the Border belt, including Fair Bluff. Their presence is reported to have had an unfavorable reaction on prices, today's prices being reported on some of the markets as 1 cent or more per pound less than Wednesday's.

Fairly heavy offerings featured the market at Whiteville practically the entire floor space of the three warehouses being filled with baskets, although the baskets were rather small and of light tonnage. Same conditions are reported from other markets. Warehousemen today released encouraging reports over the prospects for next week, it being expected that buyers will be given a higher limit on prices for next week's offerings.

### Will Tour U. S.

Mrs. Foster Welch, lady mayor of Southampton, Eng., will make a tour of the United States soon. Tradition has vested her office with the title of admiral of the port. Therefore Mrs. Foster Welch will be entitled a full admiral's salute when her ship docks.

## WOMAN KILLS HER HUSBAND AND SUICIDES

### Little 7-Year-Old Helen McMahon Is Witness of Tragedy of Parents.

New Orleans, Aug. 17.—(AP)—Little Helen McMahon, 7-year-old daughter of Mr. and Mrs. Thomas McMahon, was orphaned by a tragedy of last night which snuffed out the lives of her parents.

The child witnessed the fatal shooting of her father, a general contractor, by her mother, 28 years old, and heard the suicidal shots that killed her mother ring out while Richard Hoffman, a neighbor, was leading the girl from the scene. Mrs. McMahon died enroute to the hospital.

"I was in bed," Helen's account of the tragedy ran. "Mama and papa were sleeping on a mattress on the floor in the kitchen. They started quarrelling about my papa wanting to go out at night. Then papa hit mama and she got up and got the gun. Then I heard mama shoot. She picked him up and carried him out of the apartment into the hallway. Then she came back to my room and said, 'I've shot father. He's dead.'"

"I didn't cry because I didn't know what to do but I saw Mr. Hoffman rush into the house and get me. He was carrying me to his house when he heard more shots and I knew mama must have shot herself."

### Morrow Receives Welcome On Trip Through Mexico

Puebla, Mexico, August 17.—(AP)—Dwight W. Morrow, American Ambassador, making what he desired to be merely a personal pleasure trip, is being welcomed with as much pomp and ceremony as the President might receive.

Mr. Morrow has made an honorary citizen of Puebla and welcomed personally on the highway miles from Puebla when he entered the State yesterday by General Ponato Bravo Izquierdo and a large group of the highest State and City officials. The Ambassador motored into the city past large crowds and was escorted into the Municipal Palace past lines of cavalry at salute while bands played the Mexican National Anthem.

At formal ceremonies in the audience room of the palace, Mr. Morrow was presented with an official scroll that proclaimed him an honorary citizen by vote of the Council of the Municipality. Alderman O. J. Cuzman, speaking in behalf of the Governor, said:

"It is our pleasure to honor and welcome the friendly Ambassador of a powerful and friendly country whose sympathy and understanding have endorsed him to all Mexicans and created a new era of good will and friendship."

Governor Izquierdo of the Municipality presented Mr. Morrow with souvenirs of native woodwork, and the Ambassador left the palace in a sort of triumphal procession. A great crowd gathered around the building as the band again hailed the Ambassador with the National Anthem.

## SEN. CURTIS GETS READY TO CAMPAIGN

### Kansas to Be Notified of His Nomination Tomorrow; Then He Will Take Stump.

Topeka, Kan., Aug. 17.—(AP)—His sixty-eighth year well seasoned by the sun and winds of the Western Plains, Senator Curtis of Kansas, has given a ready assent to the call of his party for that heavy role of campaign "stumping" on which it usually relies in its Vice-Presidential candidate.

Tomorrow Senator Curtis will be notified formally of his nomination by the Republicans for Vice-President. Sunday he will set forth on the campaign and his first trip carries the veteran half way across the continent. He will be "riding the rails" much of the time from then until election day in November on a trail that will lead first to East, thence South, and finally back into his homeland in the Middle West and Northwest.

"I never felt better in my life," remarked the senator as he discussed plans while sitting on the front porch of his commodious residence on beautiful Topeka Avenue. He looked the part. Days spent in his youth on the prairies with his Indian forebears, seasons on the frontier race tracks, where he was a winning jockey, nights devoted to driving hacks about Topeka while he was studying law have tempered the aging years of this son of Indian and French-Canadian stock.

Rhode Island gets the first call in his speaking tour. He will address a meeting of Republican leaders at Rocky Point August 23. From Rhode Island Senator Curtis will go to Syracuse, N. Y., speaking at the State Fair there on August 28. Maine and Massachusetts will be visited before he turns southward for Kentucky and probably Tennessee. Beyond that he has no plans, but he has given the word to party chieftains mapping out the campaign offensive that he is ready.

Meanwhile he is enjoying the handshaking and visits of old friends here at home as he awaits the notification exercises to be held tomorrow at 5:00 p. m., on the Statehouse grounds.

## RAIN HOLDS UP TAKE OFF OF ROCKFORD

### Trans-Atlantic Hop of Bert Hassell Postponed On Account of Weather.

Cochrane, Ontario, Aug. 17.—(AP)—Rain interfered with the plans of Bert Hassell and Parker Cramer to leave today on the second leg of their trans-Atlantic flight in the monoplane Greater Rockford. The take-off for Mount Evans, Greenland, was postponed. Heavy rain fell during the night and conditions were unsettled this forenoon.

Favored by following winds, the two pilots of the plane, Bert Hassell and Parker Cramer, flew the 800 miles from the Illinois city here yesterday in seven hours. They worked late into the night testing their engines and filling the fuel tanks with gasoline shipped here from Rockford and then pronounced the plane ready for today's test.

From Mt. Evans their route will carry them to Relykjavik, Iceland, and from there to Stockholm on the final hop. They are the first to attempt the Atlantic flight by easy stages across the northern islands. The fliers were guests of the Board of Trade at dinner last night but were forced to hurry away before the entertainment planned for them was given, in order to work on the plane.

The Greater Rockford is a sister ship of the Pride of Detroit in which William Brock and Edward Schlee flew the Atlantic and then on across Europe and Asia to Tokyo last year.

New York, Aug. 17.—(AP)—Vilhelmur Stefansson, noted Arctic explorer, pointed out today that the fliers in the monoplane, Greater Rockford, have mapped out a course which is practically a straight line from Chicago to Stockholm along the lines of polar projection. Many newspaper maps, he said, were incorrect, showing the fliers route on a deep curve almost horseshoe shape.

## LEAF MARKET ALL SET FOR OPENING DAY

### New Fireproof Addition of Person & Garrett Completed And Ready.

Great preparations are being made on the Greenville tobacco market to make the 1928 season the greatest in the history of the market.

The new fireproof addition to Person & Garrett's large factory has been completed, and the large re-drying machine is now being installed.

The new fireproof addition will add fourteen thousand square feet of floor space to their large plant, giving them a total floor space of 112,000 square feet. Their factory now covers an entire city block, with storage on another lot.

The large new re-drying machine is one hundred twenty feet long, double stack capacity. This machine when completed, will give Person and Garrett four machines for handling tobacco. They will have a capacity of 200,000 pounds every twenty-four hours.

This firm has been buying on the Greenville tobacco market since '13. They are large buyers for foreign and domestic trade. Last season they handled about 11,000,000 pounds of tobacco at their Greenville plant. With the new addition they will be able to handle much more this season.

The Greenville tobacco market sold last year over 61,000,000 pounds of tobacco from twenty-five counties in Eastern Carolina. Greenville is in the center of Pitt county, which is the largest grower of bright tobacco in the world.

## BANK SEEKS TO RECOVER LARGE SUM

### Wachovia Files \$935,096.43 Suit Against Officials of Defunct Bank.

Winston-Salem, Aug. 17.—(AP)—The Wachovia Bank and Trust Company, receivers for the Merchants Bank and Trust Company, today filed suit for \$935,096.43 and interest against eleven persons seeking to recover money alleged to have been lost through manipulations of Thomas Maslin, president of the defunct institution.

The suit alleges that the directors of the defunct bank were guilty of "negligent, wrongful and unlawful conduct" and that they allowed Maslin to run things more or less a few fit. Board meetings it is alleged were pro-forma affairs.

It is alleged that the bank officials were allowed to accept loans to insolvent persons without lawful security; that account "No. 11" was used for embezzlement purposes; that they declared dividends when the bank actually was insolvent and the dividends had to be taken from the capital stock and that they accepted worthless notes and securities to the amount of \$1,000,000. It also is alleged that they kept the bank open for months after it had actually become bankrupt, thus causing depositors and others to lose more money than if the bank had been closed at the time of its insolvency.

The defendants named are W. H. Bynum, S. F. Vance, W. H. Maslin, P. O. Leak, W. M. Hanes, T. V. Edmunds, Anna Williamson Leak, executrix for the estate of W. R. Leak; W. H. Watkins, J. E. Alexander, S. D. Craig and Mrs. Sena C. Kent, executrix of C. A. Kent.

### Hunt Again Leads In Ohio Election

Columbus, O., Aug. 17.—(AP)—Rectification of two mistakes by county boards of election in tabulating figures in Tuesday's primary, has placed Graham P. Hunt, Cincinnati, again in the lead for the Democratic short term Senatorial nomination, after first dropping him behind Senator Cyrus Locher of Cleveland.

Latest figures give Hunt an unofficial plurality of 445. Discovery of the two discrepancies, however, and the possibility that more might come to light with further re-checks, emphasized that the complete official count will be necessary to determine the winner.

## COL. COTTEN LAID TO REST IN THIS CITY

### Funeral Services for Distinguished Pitt Countain Held at 5 O'clock Yesterday.

Funeral services for Colonel Robert Randolph Cotten were conducted from St. Paul's Episcopal church in this city yesterday afternoon at five o'clock by Rev. Stephen Gardner, of Washington. Interment was made in the cemetery at the churchyard.

Colonel Cotten died at his home at Coffendale Tuesday evening at 6:45. He had been in declining health for some time, but his condition did not become serious until he developed pneumonia two days prior to his death. He was 89 years of age.

Mr. Cotten was a member of one of the most prominent families in this section of the state. He was a veteran of the Confederacy and served on important commissions during the war between the states. He took an active part in the political life of the state for many years, having at one time served on the state Democratic executive committee, then as a member of the House and Senate. At the time of his death he was a director of the Greenville Banking & Trust Company.

One of the largest floral tributes ever seen in this city attested the high esteem in which he was held by hundreds of friends in this and other states. Numbers of persons high in the official life of the state attended the funeral as did many others from this and surrounding communities.

Robert Randolph Cotten was born June 20th, 1839, near Tarboro, in Edgecombe county. He was a son of John Llewellyn Cotten and Nancy Johnson Cotten. He served four years in the Confederate army after volunteering in Scotland Neck cavalry, Third Regiment, North Carolina Cavalry.

He served on the staff of General Metts and General Smith in the North Carolina Division of Confederate Veterans. He also served with the rank of Colonel on the staff of General Haldeman Vance, General Freeman and Foster in the National Confederate Veterans.

He was married March 14, 1866, to Miss Sallie Southall of Murfreesboro, Virginia. They moved to Pitt county in 1868 where Mr. Cotten displayed marked ability as a planter and merchant, aside from his activities in the social and political fields.

Mr. Cotten served on the State Democratic Executive Committee in 1880 and for several years later. He served as Judge of Pitt County Court from 1884 to 1888. He represented Pitt county in the House of Representatives in 1909 to 1911 and in the Senate from 1911 to 1913.

He served on the board of directors of the hospital for the insane four years and on the penitentiary board four years.

### Says Hoover Would Dodge Prohibition

New York, Aug. 17.—(AP)—Enlistment of every Federal employee as an aid to prohibition enforcement officers in detecting violators is advocated by Joseph Daniels, secretary of the navy under President Wilson.

"If a President wants to enforce the law, every man he appoints to office ought to be told: 'You must enforce the laws of this country and not wink at violators,'" he said in charging that prohibition enforcement had never had a fair trial under the republican administration.

"Of course I would not stop a naval battle to take up the chase of a rum runner," he continued, "or put the navy as a whole into prohibition enforcement. But if a naval aviator sees the law disobeyed on the border ought to be on the lookout for liquor importation. Every Federal employee should be told: 'You must do your job first, but incidentally if you find anything wrong going on you must report it.'"

He said that Herbert Hoover's promise that if elected he would name a fact-finding commission to probe the prohibition question was "a good way to dodge."

Mr. Daniels made his views known at Democratic National Headquarters here where he stopped off on his way home from Albany, where he conferred with Governor Smith. He would not discuss his conference with the Governor.

## Residents Seek Higher Ground As Floods Race Through The Lowlands

Charlotte, N. C., Aug. 17.—(AP)—Floods that yesterday swept through Western North Carolina and northwestern South Carolina today were filling rivers in central and southern South Carolina bank full and in places overflowing lowlands and sending bottoms' residents to higher grounds.

Conditions generally in those portions of the Carolinas where the floods originated were improving today with promise that within another twenty-four hours things would be normal with the exception of such highways as may have been badly washed.

The most serious occurrence of the past 12 hours was the breaking of the dam of the Lockhart Power Company 12 miles from Union, S. C., this structure, about 25 feet high and 1,000 feet long withstood the force of water that ran 12 feet 9 inches over the top until 2:30 o'clock this morning when a section 150 to 200 feet long washed out. The water was stranded three miles north.

Wires were down in the Broad river valley and the rushing torrent over river bottoms showed little signs of abating this morning. The rivers in places were up to the roofs of cabins in the lowlands.

### GANG GUNS GET WOMAN IN CHICAGO

### Girl Believed to Be Adeline Zaccardo Killed As Betrayer Of Gangland.

Chicago, Aug. 17.—(AP)—Vengeance guns of the gangs, ever drawn against betrayers, appeared today to have been turned for the first time in years against a woman.

The police theory was that the "woman" was Adeline Zaccardo, "girl friend" of Angelo Francisco, whose poopy was found early this week in the abandoned automobile which five men had used in the robbery of the West McHenry State Bank.

Identification was difficult because after the woman had been shot, her clothing was saturated with oil and then set afire. The single bullet in her jaw, the coroner said, probably did not cause death, and she may have been conscious when fire was touched to her oil soaked clothing.

If it were Miss Zaccardo, the killing could be explained on the theory that she "knew too much," according to officers. It was she who telephoned Francisco's parents, urging them to look at the body of the man found in the robbers' automobile, thus providing positive identification of the man as Francisco.

In any event, even should the theory that the woman was Miss Zaccardo be wrong, the crime bore every mark of the gang killer's technique. It was apparent that the woman had been "taken for a ride," the method employed in getting an intended victim to a desolate spot where he may be killed.

Albanians Win. London, Aug. 17.—(AP)—An exchange telegraph dispatch from Durazzo, Rumania, today said the elections of the Albanian constituent assembly resulted in an overwhelming victory for the government.

There have been numerous reports that when the constituent assembly meets it will proclaim President Ahmed Zogu, king of Albania.

Winnboro, S. C., Aug. 17.—(AP)—Several hundred passengers were marooned all last night near Strothers, 35 miles above Columbia on the first and second sections of Southern Railway train No. 10, because of high water in the Broad river. The passengers were being

## HOOVER SAYS FAREWELL TO HOME TODAY

### Republican Candidate Tarries for a Short Time In Southern California.

Aboard Hoover Train, Aug. 17.—(AP)—Herbert Hoover tarried for a while today in the southern part of his home state before heading Eastward for the supreme battle of a career that has carried him from a poor country boy's estate to a Republican Presidential nomination.

With little more than time to say hail and farewell to each Hoover had arranged to visit six California cities between early morning and late evening, with one prepared address on the steps of the City Hall in Los Angeles in response to the welcome of Mayor George E. Cryer, and the people of the city.

Santa Barbara, one of the oldest and most beautiful of California cities, claimed him first. After a reception in the southern metropolis, the nominee was to head for Long Beach to be welcomed by thousands of former Iowans, and to inspect the Pacific Southwest Exposition.

Pasadena and San Bernardino were the last points on the California itinerary, but there were many stops beyond before the time fixed for the arrival of the candidate's special train at his birthplace at West Branch, Iowa, next Tuesday morning in time for breakfast, in the modest little home where his early childhood was spent before the death of his parents sent him forth a roaming orphan who ultimately found his way to the Pacific Coast after weary travel and hardships.

In Arizona tomorrow the Hoover Special will detour to the Grand Canyon, so those accompanying the nominee may see that vast gift of nature to the scenic beauties of America.

Hoover will spend the afternoon in conference with Republican leaders of the state who will seek to place it in the Republican column in November.

### Greek Enriched By Sale of Mine

Shreveport, La., Aug. 17.—(AP)—Enriched \$720,000 by the overnight sale of an aluminum mine in Macedonia, Nick Stelos, sandwich shop proprietor here, started today for Athens, Greece, to collect the money.

Five years ago Stelos and several friends invested \$5,000 in the development of an aluminum mine in Macedonia discovered by a school mate of Nick's. The rest of the group of speculators later sold their stock to Stelos.

A letter informed Nick that 49 per cent of the stock had been sold to a German syndicate and that his share of the funds amounted to about \$720,000.

## TUNNEY OFF FOR EUROPE

### Former Heavyweight Champion Sails After Meeting Fiancee In New York.

New York, Aug. 17.—(AP)—James J. Tunney, private citizen, formerly Gene Tunney, heavyweight champion of the world, is on the high seas today, bound for Europe for his projected walking trip with Thornton Wilder, novelist. Gene, as flustered as any other private citizen, sailed yesterday aboard the Mauretania.

Before sailing, Tunney motored to Bridgeport, Conn. where he met his fiancee, Miss Mary Josephine Lauder, who made a hurried trip from Maine to see him off, and returned with him to New York. They were guests at a luncheon given by Mrs. George Lauder, Jr., mother of the prospective bride. Miss Lauder did not accompany him to the ship.

"Before I do anything else," he told reporters, "I wish to say that I do not want any questions asked. There are probably eight questions each of you want to ask. As there are 30 of you here, that makes 240—too many."

"I have not in any way connected myself to any business proposition and stories that I have done so are without foundation. I am not considering what I will do until I return from my trip. All reports to the contrary are erroneous."

"I hope to have a pleasant time abroad and will have, if the public will let me. That's all."

### TWO BADLY WOUNDED IN DOMESTIC FEUD

Atlanta, Aug. 17—(AP)—Two men lay in a hospital desperately wounded today, latest casualties in a domestic feud in which gun play, kidnapping charges and jail cells have played prominent parts, and whose central figure was Mrs. W. O. Heath, mother of four children.

The climax occurred late yesterday when Fred D. Fair, fugitive Atlanta pressman, appeared dramatically in a downtown street, and shot Mrs. Heath's brother and a policeman who tried to catch him. The brother, E. L. Griffin, 31, was declared in serious condition, while the policeman, J. C. Daniel, declared critically wounded.

Fair was captured by a city fireman who gave chase with several pedestrians. He was lodged in a jail cell.

# Tells Story of Priest's Bravery In Face of Death

North Bay, Ont., Aug. 17—(AP)—How a parish priest, blinded by fire, his clothes ablaze, stood on his burning launch in Lake Lavigne and, crucifix in hand, granted absolution to five others of his faith before they plunged into the water has been told by the sole survivors of the tragedy.

The priest, Father J. B. Dubuc, although a powerful swimmer, was drowned attempting to save the lives of others of his party.

The dramatic story of the tragedy was related by Albert Lafreniere, who with his wife and two children, Father Dubuc and Miss Leonie Sylvestre set out Wednesday night for a cruise around the lake, after a picnic at which they had been the Priest's guests.

They had proceeded a mile up the lake when a backfire from the engine ignited gasoline in the big. The gasoline tank exploded, enveloping in flames.

Calming his guests as the flames crackled around them, Father Duruc calmly recited the Ritual of his Church and then said: "There is nothing else to do. We must jump into the water."

Lafreniere, clasping his oldest son, Claude, 3, in his arms, made for a small island which the glare from the flames showed three hundred yards distant. Father Duruc went to the aid of the two women. Mrs. Lafreniere had her month-old son clasped in her arms.

When almost to the island, Lafreniere lost his hold on his son, and was barely able to win the shore alone. The others were all drowned.

The warrant was received from St. Louis where it had been signed by J. J. Lemen, Assistant United States District Attorney. Chicago police obtained a fugitive warrant in addition to the one charging grand larceny and set about trying to find the broker and insurance man whose financing has been blamed for virtually wrecking his two companies, the International Life Insurance, and Toombs and Daily, brokers.

# ALLEN TRIMS EAGLE OUTFIT IN FAST GAME

Allen, the speed ball ace of the Tobacconists' twirling crew, was invincible to Kinston yesterday afternoon and as a result the local team won, 6 to 1.

Allen had everything on the ball necessary to win, and not once was he in danger. Only one of the Eagles was able to fly as far as the third sack.

Allen allowed but four safe blows, one being for the circuit and the others singles. The Tobacconist pitcher hit safely two out of four one of which was a home run over the left field fence in the sixth inning, one of the longest drives ever seen on the local lot.

Emmons, Kinston's southpaw, was sent to the mound to do the slab honors for the visitors, and while he was touched frequently and hard he was required to remain there and take his drubbing.

The hitting honors belong to Crosjean, Williams, Allen and Bailey, the latter securing a home run a double and a single. Emmingholz for Kinston, came across with two of the Eagles' four hits.

Bill Bruner blanked Lindale, Ga., in the semi-finals yesterday, 6 to 0 then repeated his feat in the encounter with Tampa, Fla., in finals, turning the Floridians back, 7 to 0. He allowed but 13 hits, struck out ten batters and gave but two bases on balls.

# CARDS MISS OPPORTUNITY TO PULL UP

By WILLIAM J. CHAPMAN (Associated Press Sports Writer)  
Major League contenders are finding it difficult, if not to say impossible to pull away from one another, what with the Braves and the Phillies plunging into their annual fall wrecking campaign, several weeks ahead of schedule. The Cardinals had a grand opportunity to do something handsome for themselves when the Giants met again in Chicago yesterday, but the humble Braves were in there pummeling the Cards, this combination of events left the margin of the St. Louis team still three and one-half games as the Clan McCraw moved into the mound city for a three-day crucial series.  
The simultaneous recovery of the Yankees and the Athletics from a two-day slump found both teams winning with room to spare. The margin of the Yanks over the Mackmen remained four and one-half games.  
With Lance Richbourg gone mad with his bat, the Braves found the Cardinals a comparatively simple proposition in a game which ended 9 to 4 in favor of Boston. Richbourg alone drove in six runs in the first three innings with a homer, a double and a triple.  
If the Cardinals were in a bad fix, the Giants were in one much worse. Their former mate, Artie

### CHICAGO GRAIN

Chicago, Aug. 17.—(AP)—Canadian unofficial crop estimates putting the prairie provinces' yield at 531,000,000 to 554,000,000 bushels led to late recessions in wheat values today. The Canadian government crop report will be given out tomorrow, but previous official reports have been largely comment, and have received little attention. Export demand for wheat today was slow and advances which at times took place in future deliveries prices were difficult to maintain.

Wheat closed irregular 1-2 net lower to 1-8 advance; corn 1/2 off to 3-8 up; oats 1-8 to 3-8 down and provisions varying from 5 to 7 set-back to a rise of 35.

New York, Aug. 17.—(AP)—Resumption of the upward prime movement in today's stock market lifted nearly a score issues to new high records, but the recovery was checked by an advance in call money rates. Early gains of 1 to nine points were substantially reduced, many of them being cut in half, in the mid-day selling movement.

Trading, which had been extremely active in the rally, turned dull on the decline.

Call money renewed at 5 per cent advanced to 5 1-2 and thence to 6 per cent called \$40,000,000 in loans. Time money and commercial paper rates held fairly steady. Fears of an increase in the Chicago Federal Reserve Bank rate proved unfounded as the charge was continued at 5 per cent for another week.

The close was heavy. Total sales approximated 2,850,000 shares.

## Bulls Trampled On By Pointers

The cellar-holding Bulls were again trampled over rough-shod by the Pointers in their struggle for leadership of the Piedmont League. The first went to High Point 8 to 5, and the second, 8 to 2. The initial mixup was held up for an hour on account of rain.

Due to wet grounds, errors were frequent. Wilson opened the hurling for the Pointers but was relieved in the seventh inning of the first game while Whitted used two pitchers in the short game. A Sullivan, a new prospect on the Bovine staff, started the nightcap for the Bulls, but was relieved at the beginning of the third stanza.

"Mutt" Wilson hurled the Greensboro Patriots to a double-bill victory over the Colonials, winning the opening affair 12 to 4 and the nightcap, 5 to 1.

The scheduled Winston-Salem-Raleigh game was postponed on account of rain. The Twins still held an easy lead over the challenging Pointers.
