

ROBINSON TO SPEAK TODAY IN CHARLOTTE

The Democratic Vice-Presidential Nominee Got A Rousing Welcome In Raleigh.

Charlotte, Sept. 12.—(AP)—The Democratic party's heavy verbal artillery was moved into Charlotte today when Senator Joseph Robinson, of Arkansas, vice-presidential nominee, invaded the center of North Carolina's Democratic defection and opened a strong attack on the record of the Republican party, particularly as written in the years since Woodrow Wilson relinquished the Presidency to Harding.

Senator Robinson began at 8:30 o'clock this morning a day of constant activity, which will be brought to a close tonight when he delivers an address before a great crowd expected to assemble at the city auditorium at 7:30 o'clock. The nominee and the members of his party, arrived here shortly after 5 a. m. from Raleigh, an enthusiastic and large gathering of Democratic voters headed the senator last night at Raleigh deliver an address in which he vigorously criticized the Republican party for a half dozen or more of its official attitude and policies.

The most important event of the morning session of the day's crowded program was an impromptu address before the student body at Davidson College. The senator's address was rather brief and was at once a summarization of the Democratic party's attack on the Republican platform and an appeal for support of the Democratic party's nominees as a means of promoting the cause of clean, popular government.

Mrs. Robinson accompanied her husband at Charlotte, and with him received the greetings of a welcoming delegation which assembled at the Southern Railway passenger station at 9:30.

When the nominee stepped to the podium after receiving some of the leaders in his car he immediately became the center of an animated group, the members of which showed upon him wishes for the success of his campaign and the party. The senator made some inquiries of prominent members of the party's administrative organization here regarding the status of the bolt from the Democratic ranks, and he was informed in confident language that North Carolina's vote in the general election in November will show the state safe again in the Democratic column. The nominee also was informed that a "somewhat dangerous and entirely unusual" situation exists among the partisan voters of this state, the effect of which will be reflected in a substantial way in the approaching balloting. The expectation was expressed by these local Democratic spokesmen that the visit of Senator Robinson to this state will have the effect of stemming the tide of the bolt and mark the beginning of a return of a condition of stability within the rank and file of the Democrats.

Robinson Special Car En Route to Charlotte, Sept. 12.—(AP)—Senator Joe Robinson in his campaign tour through this state in his first addresses departed from a prepared text to deliver a blow at what he described as "Hoover Democrats" and urged a reading of the eight-year Republican record in Washington by any one who might be considering a departure from the Democratic standard.

Moving on to Charlotte today, the Democratic vice-presidential nominee opened his North Carolina drive at Raleigh by attacking the Coolidge and Harding administrations as "corrupt and selfish" and by asking his audience if it had forgotten the "little green house on K street."

The senator spent a verbal fire upon one of his Republican colleagues in the senate, Simeon D. Fess of Ohio, keynoter at the Kansas City convention, who, he said had been reported in an Associated Press dispatch as having "paid great tribute" to the Harding administration and at the same time saying that "all the low moral influences are now aligned with the Democratic party against the Republican party."

Mr. Robinson declared that Senator Fess "seldom seems to know what he is talking about" and added that he regarded his "late lamented friend, President Harding, as the 'worst and misfit that ever served' in the White House.

The party old issue of tariff also was touched upon by the Democratic vice-presidential nominee who quoted Senator Smoot of Utah, chairman of the senate finance committee, as having referred to the flexible tariff clause as needed "primarily to reduce rates when necessary." Mr. Robinson then proceeded to assail President Coolidge appointments to the tariff commission and argued that the Democrats "must restore the commission to its

HEAVY SALES CONTINUE ON LEAF MARKET

Market to Clear This Afternoon, However, With 1,250,000 Lbs. On Floors.

The Greenville tobacco market yesterday sold 1,229,996 pounds of tobacco for a total sum of \$171,034.80. It was stated in an official report of the market's activities this morning by K. W. Cobb, secretary of the Tobacco Board of Trade. The average price was given at \$13.90 per hundred pounds.

It was indicated that offerings today would approach the million and a quarter pound mark. It was stated, however, that sales would be completed during the afternoon. The strengthened prices on the local market was attributed to improved quality of the offerings, which, during last week, were of an inferior variety and demanded low prices.

Farmers have been urged to use all care possible in marketing their crop and to see that it is not wet and stringy. This will have much to do with the prices situation, it was declared.

AL SMITH HAS NOT MUCH TIME FOR PLAY NOW

Democratic Nominee Finds Work Increasing With No Chance of Recreation.

By D. HAROLD OLIVER, Associated Press Staff Writer, Albany, N. Y., Sept. 12.—(AP)—Working day and night in an attempt to catch up on an ever growing pile of material dealing with state business, Gov. Smith is finding little time for recreation in the short interval before his departure for the west. He has even had to forego golf on several occasions because of the vast amount of work demanding his attention at the state capital and executive mansion.

That this steady devotion to state affairs is having no ill effect on the physical condition of the Democratic Presidential nominee, however, is plainly evident. In fact, some of his closest friends have expressed the opinion that he is in the best of condition and ready for the greatest test of his long political career.

Mayor James J. Walker, after a call on the governor last week at his offices in the capitol, remarked that he "never saw him in better health and spirit," and similar observations have been made by several others close to the Democratic standard bearer.

No engagements were listed for the nominee today, but he let it be known that before he leaves for the west Sunday to open his campaign with a speech at Omaha next Tuesday night, he will talk over the state political situation with leaders of the Democratic committee.

LEVINE DROPS OUT OF RACE ACROSS U. S.

Two Other Planes Also Reported Scratched Off List N. Y. to California Trip.

Roosevelt Field, N. Y., Sept. 12.—(AP)—Clifford McMillin was the first to take the air today in the transcontinental non-stop air derby to Los Angeles. He left the ground at 10:37 Eastern Standard time.

McMillin, accompanied by C. A. Herrick, was flying a red and green Stinson Monoplane with a Wright whirlwind engine. McMillin is from Syracuse, N. Y., and Herrick from Hempstead.

When McMillin's plane, the Onandaga, (Race number 1010) took the air, the only other of the eight remaining entries to be ready at the starting line was Mrs. James A. Stillman's North Star.

Nick Namer, pilot, and C. A. Paulsen, both of Spokane, took off at 12:13 p. m. in their Buhl Sesquiplane. It is painted orange and carries the race number 25.

Roosevelt Field, N. Y., Sept. 12.—(AP)—As the time approached today for the hop-off in the non-stop race from this field to Los Angeles the list of airplanes entered had been cut from twelve to nine with a possibility that Charles A. Levine's trans-Atlantic monoplane Columbia also would be scratched.

Roger Q. Williams and Peter Bonelli withdrew as Levine's crew yesterday after they had patched up their differences with Caesar Sabelli with whom they have been preparing for a trans-Atlantic flight. They flew the Sabelli plane Roma to Hartford, Conn., last night to have it tuned up preparatory to the ocean attempt.

Levine then announced that Lieut. Commander Iseman, whom Williams had replaced as pilot of the Columbia, would fly the big Bellanca unless she was scratched from the race. He said business affairs would prevent him from going as a passenger.

The three planes scratched from the race are the Cessna of Owen L. Haugland, which was forced down at St. Louis last week and damaged, the Friendship in which Wilmer Stultz flew Miss Amelia Earhart from Newfoundland to Wales and the waterhouse biplane of L. Cornell.

The Friendship was withdrawn (Continued on Page Two)

YOUNG WOMAN HURT IN AUTO WRECK TODAY

Miss Louise Bailey, of Elizabeth City, Probably Fatally Injured Near Bethel.

Miss Mary Louise Bailey of Elizabeth City, is confined in the Pitt Community hospital in this city today, suffering from probably fatal injuries sustained when the car in which she was riding turned over on the highway near Bethel. While the full extent of the young woman's injuries had not been determined this afternoon, it was stated her condition was critical and that she was not expected to live.

The accident occurred during a blinding rainstorm. The car is said to have left the road and turned over before the driver could regain control. Other occupants of the car were Clem and Mercer Bailey, father and brother, respectively, of the injured young woman.

The party was enroute to Greensboro where Miss Bailey was to have entered school.

MAKE SUCCESSFUL TEST WITH BREATHING DEVICE

Aboard the submarine Salvage Vessel Falcon off Solomon's Island, Md., Sept. 12.—(AP)—Successful deep sea tests with the "slug", the navy's breathing device intended to enable men trapped in sunken submarines to reach the surface safely have brought the experiments to the final stage—that of actual escape of men from a flooded submarine. These experiments will be conducted with the submarine S-4 off Cape Charles, Va., in October, and, if the results are as satisfactory as those of the first three, each of the 78 submarines in the navy are to be equipped with the device.

A prune colored dinner jacket for men has been introduced at Deauville.

SEN. TYSON TO ADDRESS VOTERS HERE

Former Pitt Countain to Deliver Political Address September 24th.

Senator L. B. Tyson of Greenville, Tenn., will address the Democratic voters of Pitt county at the courthouse in this city Monday night, Sept. 24, at eight o'clock, according to announcement made today by W. E. Hooks of Ayden, (chairman of the Pitt County Democratic executive committee).

Senator Tyson is one of the best known political leaders of Tennessee. He is also well known in this state. He is a native of Pitt county and has visited Greenville from time to time during the last several years. He delivered the principal address at the first Armistice Day exercises observed here after the end of the war, and has visited here since that time.

The coming to Greenville of this distinguished son of Pitt county, to deliver an address in behalf of the Democratic presidential battle has attracted more than passing interest. Mr. Hooks said this morning, and the largest gathering of the campaign is expected during his visit.

Mr. Hooks stated that the second great political address of the present campaign will be delivered at Court house Saturday, Sept. 15th, at 2:30 o'clock, by Hon. J. C. B. Eringhaus of Elizabeth City. Mr. Eringhaus is prominently mentioned for governor of North Carolina in 1932. He is considered one of the most forceful speakers of the party and his address here will contain a powerful plea in behalf of the principles which have meant so much to the success of the Democratic party.

In connection with the campaign in other parts of the county, Mr. Hooks stated that Hon. Joseph Daniels, editor of the News and Observer, and secretary of the navy during the administration of Woodrow Wilson, would speak at Bethel on the evening of Sept. 20. Mr. Daniels is well known in this part of the country and his appearance in Bethel will draw large crowds from surrounding communities.

Hon. Josiah Bailey is scheduled to speak at Farmville on Sept. 21. His address will take place in the daytime, owing to the fact that an evening engagement could not be arranged.

Mr. Hooks expressed confidence in the success of democracy in North Carolina during his short stay here this morning. He declared that former opponents of Al Smith, Democratic presidential candidate, were beginning to realize his true greatness as a statesman and had promised their influence in promoting the success of his campaign.

The coming of Mr. Eringhaus on Saturday will mark the second stroke of Democratic speakers in furthering the interests of the party in this county. The opening gun of the campaign was fired here several days ago with the delivery of an address by former Congressman Hallett Ward of Washington who in the course of his several administrations of the Republican administration, paused for a moment to score critics of Gov. Al Smith, the "most lied about man in America."

County Man Fined For Violation of The Hunting Laws

Charlie Simpkins, white, residing a few miles east of Greenville was arrested this morning by District Warden F. L. Hooker and Deputy Warden S. L. Dudley for violation of the state game laws. Mr. Simpkins was presented under two charges, that of shooting squirrels out of season and for hunting without license.

The defendant was given a hearing this afternoon before Magistrate C. B. Rowlett, and having been adjudged guilty a fine of \$20 and costs was imposed.

There have been several violations of the game laws reported to the warden, and they have begun an active campaign to bring such parties into the courts in order to preserve the game and prevent such violations.

TO BORROW \$2,000,000 FOR SMOKY MOUNTAIN

Raleigh, Sept. 12.—(AP)—Borrowing of \$2,000,000 on short term notes for the Smoky Mountain national park development was authorized here today at a joint session of the park commission and the council of state. State Treasurer Ben R. Lacy will leave for New York tonight to make the necessary arrangements, it was stated.

Returns From Europe

Florence Trumbull, daughter of the governor of Connecticut, back from a tour of Europe, said she had an "understanding" with John Coolidge but added that reports of an engagement were "premature."

MANY SWEPT FROM OFFICE BY S. C. VOTE

Wholesale Ousting of Incumbents Big Feature of Yesterday's Primary.

Columbia, Sept. 12.—(AP)—A wholesale ousting of incumbents from political offices throughout the state was an outstanding feature noted today from the results of the second South Carolina 1928 Democratic primary yesterday when six members of the State Senate, a score of House members, and numerous county officials were nominated by the voters in run-over races. The Democratic nomination is equivalent to election.

National issues were generally far in the background during the balloting. Only one report, from Florence county, was received of a voter's being turned away from the polls because he refused to take the oath to support the party nominees, state and national. No disturbance was occasioned, the voter being told quietly that he could not cast a ballot when he balked at taking the oath required by party rules.

A unique result of the primary was the nominating of a woman to the State Senate from Jasper county. She was Mrs. Mary Ellis, former county school superintendent, who defeated H. Klugh Purdy, and she will be the first woman ever to sit in the South Carolina General Assembly.

Prominent among the incumbents to be swept from office throughout the state was Sheriff Carlos A. Rector of Greenville county, who was defeated by Cliff R. Bramlett. Thomas Hadwin beat Sheriff S. G. Ray in Bamberg county; Willie R. Graham beat Sheriff H. S. Cable in Williamsburg, and other sheriffs and office holders went down to defeat before their opponents, notably in Florence county where voters made almost a clean sweep of the incumbents. A veteran to be ousted was C. A. Power, for 16 years Laurens Clerk of Court who was beaten by Thomas W. Bennett.

Norman S. Richards, a brother of the governor, won a seat in the House of Representatives from Kershaw county.

In addition to Mrs. Ellis, several women bid for county office, some of them being successful.

Maslin May Testify In Scales' Action

Winston-Salem, Sept. 12.—(AP)—Thomas Maslin, former president of the defunct Merchants Bank and Trust Company, may be brought here from the state prison at Raleigh to testify in the suit of H. C. Scales against the Wachovia Bank and Trust Company, the receiver for the defunct bank, attorneys said today.

Scales, in the case which is up again on appeal after having been dismissed, asks for \$30,000 actual and \$15,000 punitive damages for alleged frauds in connection with the foreclosure sale of property owned by him. Trial of the case is set for today but postponement to allow appearance of Maslin is expected to be granted by Judge C. C. Lyon, presiding.

Overtures will be made to George Ross Pou for the purpose of having Maslin, who was convicted of fraud in connection with the bank failure, brought here to testify.

MANY RESCUED FROM BURNING VESSEL TODAY

Sixty-Seven Passengers Removed From Steamship Monterey at Progreso.

Merida, Yucatan, Mexico, Sept. 12.—(AP)—Rescued during a fire aboard the Ward Line steamship, Monterey off the port of Progreso, 67 passengers bound for Havana and New York were safe on shore today.

The passengers were taken aboard the tug Eureka, two hours after the fire was discovered at noon yesterday. Officers and crew fought the blaze but had little headway. Later the Eureka returned to the vessel with maritime authorities, the steamer's agent and a representative of Lloyd's.

The fire started in No. 2 hold where there was a cargo of cotton, hay and coffee. Three hundred bales of sisal grass were also in the hold, having been loaded at Progreso where the vessel stopped enroute from Vera Cruz to Havana and New York.

After being landed at Progreso the passengers came to Merida where they will stay until advised whether they can continue their trip on the ship.

The Monterey of 2,877 net tons is one of the older of the Ward Line vessels having been built in Philadelphia in 1901.

In October, 1908 the vessel entered Havana harbor on fire, the blaze was extinguished and the ship continued on to Vera Cruz. When near Scotland lightship enroute to Havana in February, 1917, the vessel was forced to put back to New York by a small fire which had burned itself out when the ship reached port.

The fire was put out after the hold had been flooded. Pumps were started going to clear out the water and it was hoped that the vessel would be able to resume her voyage today.

LAWRENCE CASE BEFORE SUPREME COURT TODAY

Raleigh, N. C., Sept. 12.—(AP)—The appeal of W. H. Lawrence, Durham contractor, from the 30-year sentence imposed on him for the murder of Mrs. Annie B. Terry, dressmaker of Durham, was on the docket of the State Supreme Court for argument today. The defense staked its hopes on a contention that there was insufficient evidence against the contractor to warrant the case being given a jury.

HOOVER MEETS MR. COOLIDGE IN WASHINGTON

The New and Retiring Leaders of G. O. P. Greet Each Other at Union Station.

By JAMES L. WEST (Associated Press Staff Writer) Washington, Sept. 12.—(AP)—The new and retiring leaders of the Republican party—Herbert Hoover and Calvin Coolidge—greeted each other today at Union station on the return of the President from his vacation in Wisconsin, but their conference on political affairs was deferred until a later time.

Following a custom he always observed while Commerce Secretary, the Republican Presidential candidate motored to the station with Mrs. Hoover and Dr. Hubert Work, chairman of the Republican National committee, arriving a quarter of an hour before the Presidential train. They remained in the President's room until train time, and were joined there by the Secretary of State and Mrs. Kellogg, Attorney General and Dwight Davis, Secretary of War. Secretary Kellogg was the first to greet the President as Mr. Coolidge stepped from his private car with Mrs. Coolidge immediately behind him.

The President, bronzed from his stay on the Brule River, smiled broadly as he shook hands with each member of the welcoming group. Mr. Hoover being the second one he greeted. The candidate and the President had time for only a hand shake and a word or two.

Mrs. Coolidge received the cabinet ladies very cordially, exclaiming over each one as she shook hands. She and Mrs. Hoover chatted for a moment or two before (Continued on Page Two)

MR. COOLIDGE CONFERS WITH SEC. KELLOGG

President Gets Down to Work Today After Return From Long Vacation.

Washington, Sept. 12.—(AP)—President Coolidge returned from his Brule, Wisconsin, vacation this morning and within fifteen minutes after his train arrived he had gone to work at his desk, the first business being a conference with Secretary Kellogg.

Secretary Kellogg was among the cabinet officers who welcomed Mr. Coolidge back to the capital. The President was anxious to obtain from his secretary of state, only recently returned from Europe, all details as to the impression cast in Europe by the anti-war treaty and also to obtain Mr. Kellogg's ideas regarding the much discussed Franco-British naval agreement.

On reaching the White House, Mr. Coolidge left to Mrs. Coolidge the task of inspecting their home and looking over the improvements made during their absence. Hardly pausing, he proceeded to his offices where he found papers stacked high on his desk. He glanced briefly through these before making a round of the offices and greeting those members of the executive staff who did not accompany him to Wisconsin.

Former Senator Poincexter trailed Judge Kenneth Mackintosh for the Senate. A Scott Balluff was leading for the Democratic gubernatorial nomination and Senator Dill was ahead in his race to succeed himself.

Senator Ashurst and Governor W. P. Hunt, Democrats, seeking nomination in Arizona, were ahead of C. W. Rutherford, and H. Kerby. Ralph H. Cameron was ahead of F. R. Stewart for the Republican senatorial nomination and John C. Phillips led John H. Dale and Celora M. Stoddard for the Republican gubernatorial nomination.

PLANES LINE UP FOR FINAL DASH OF RACE

Class B and C Planes Await Starting Signal at Yuma to Complete Derby.

Los Angeles, Sept. 12.—(AP)—With 300 miles of desert and mountain country separating them from their final goal here three groups of competing planes lined up today to line the final dash toward the finish line of the 1928 national air races and the pot of gold awaiting.

The two transcontinental contingents, class B and class A fliers, 16 planes in all, awaited the starting signal at Yuma, Ariz., that would send them hurtling toward their goal with a fuel stop at San Diego. Both classes hopped from El Paso yesterday.

A crash that resulted in the serious injury of a passenger put one plane out of the running in the class B division. The Waco biplane of Stuart F. Auer of Milwaukee, went into a tail spin 42 miles east of Yuma and R. E. Herron of Milwaukee received injuries which were declared serious but not fatal.

Another ship earlier threatened with withdrawal from the same section when E. E. Ballough's Laird plane scattered motor parts over the last 15 miles of the course had undergone repairs and was believed in shape to finish. It dropped a valve as the machine topped the last mountain pass and started coasting down upon the overnight stopping place.

John H. Wood of Wausau, Wis., was second of the class B to reach Yuma with his Waco, and John Livingston of Aurora, Ill., believed to have the advantage in elapsed time, third in another Waco. Robert W. Cantwell of Duncan, (Continued on Page Two)

MANY CHANGES ARE REFLECTED IN PRIMARIES

Tobey and Sargeant Head Two Parties for Governor In New Hampshire.

Manchester, Sept. 12.—(AP)—As returns from yesterday's state primaries were tabulated today, the various contests took shape as follows:

The nomination of Charles T. W. Tobey, Republican, for the governorship of New Hampshire, was conceded by Ora A. Brown of Ashland. Former Mayor Eaton D. Sargent of Nashua, won the Democratic gubernatorial nomination over Charles W. Ward of Manchester.

C. Douglas Buck, son-in-law of Senator DuPont, was nominated for governor of Delaware by the Republican state convention. Former Governor John G. Townsend, Jr., and Rep. Robert G. Houston, were nominated for the Senate and the House, respectively.

In Vermont Governor John E. Weeks defeated Mayor Edward H. Deavitt of Montpelier, for the Republican gubernatorial nomination, the only contest for a major office in either party.

Robert S. Hall was leading in Price Dale in a Democratic run-off primary for Representative of the sixth district.

Rep. James O'Connor won over J. A. Brulard for Representative from the first district of Louisiana. In Colorado, Attorney General William L. Boatright was in the lead for the Republican nomination for governor and William H. Kates was narrowly ahead in the race for Representative from the first district. Rep. S. Harrison White had a comfortable lead in the contest for the Democratic congressional nomination for the same district.

A close battle between Governor Roland H. Hartley and H. L. French for the Republican gubernatorial nomination in Washington, developed with Hartley maintaining a slight advantage. Homer T. Bone had a narrow lead over Rep. Albert Johnson for the Republican congressional nomination in the third district.

Former Senator Poincexter trailed Judge Kenneth Mackintosh for the Senate. A Scott Balluff was leading for the Democratic gubernatorial nomination and Senator Dill was ahead in his race to succeed himself.

Senator Ashurst and Governor W. P. Hunt, Democrats, seeking nomination in Arizona, were ahead of C. W. Rutherford, and H. Kerby. Ralph H. Cameron was ahead of F. R. Stewart for the Republican senatorial nomination and John C. Phillips led John H. Dale and Celora M. Stoddard for the Republican gubernatorial nomination.

No Changes Mark Louisiana Vote

New Orleans, Sept. 12.—(AP)—Two new faces will appear in the House of Representatives in Mississippi but Louisiana will wear its same complexion as a result of yesterday's and August's Democratic primaries.

Nomination in these primaries means election in these two states as the Republicans do not plan to seriously contest the Democrats in the November congressional elections.

In the run-off primary in Mississippi yesterday, Robert W. Hall of Hattiesburg captured the congressional seat formerly held by T. Webber Wilson, who was defeated trying to replace Senator Hubert D. Stephens.

With only 77 precincts missing, Hall was leading his opponent, T. Price Dale of Columbia, by more than 2,500 votes, the returns reading Hall 14,451, Dale 11,817. The regular August primary unseated Representative B. C. Lowrey in favor of Wall Doxey who will be a newcomer to Washington.

Little Ann Flanagan Is Buried Today

Ann Flanagan, four months' old daughter of Mr. and Mrs. Graham Flanagan, died last night at 11:30 o'clock at the home on Evans street. The child had been sick only a few days.

Funeral services were conducted this afternoon at 4:30 o'clock by Rev. H. F. Jones, pastor of Memorial Baptist Church, and Rev. R. J. Bamber, pastor of the Eighth Street Church of Christ. Burial was made in Cherry Hill cemetery.

Woman Goes To Legislature. Columbia, S. C.—Mrs. Mary Ellis is the first woman elected to the legislature. She defeated H. Klugh Purdy in a primary run-off for the county's seat in the State Senate.

TEXAS VOTERS ARE PLEDGED TO AL SMITH

Democrats Rally Behind Dan Moody in Most Violent Convention in History.

Dallas, Texas, Sept. 12—(AP)—The Democratic party in Texas, headed by Governor Dan Moody, stood pledged today to support Governor Alfred E. Smith of New York or President and at the same time to continue the fight to exterminate the liquor traffic, after one of the most violent conventions the party has ever held.

Governor Moody's first public statement of his position and the platform declarations came only after the atmosphere of yesterday's convention had been cleared of anti-Smith sentiment through the medium of a wholesale expulsion, or bolt depending on the viewpoint, of all anti-Smith elements from the auditorium.

The exodus of the recalcitrants was marked by half a dozen fist fights over county standards and scenes of wild confusion.

According to the regulars, the bolters were made up chiefly of people who never claimed to be delegates, or disgruntled contestants for seats in the convention who were denied places on the roll and replaced by loyal Smith delegates.

Within an hour the anti-Smith group had completed an organization adopted resolutions condemning Governor Smith and praising Herbert Hoover, and had disbanded to start its campaign. Last night, while regulars defeated the state platform, former Governor O. B. Colquhoun, one of the anti-Smith leaders, delivered a campaign address in Paris, Texas, in which he hurled defiance at the regulars and attacked Governor Smith.

Governor Moody explained his position, in an address before the regular convention accepting renomination, by placing party loyalty above personal opinion, and asserting the Republican record was one of corruption in high places and that prohibitionists must look to the Democratic party for law enforcement.

"I never intend to backstep on prohibition," the nominee said. "I opposed the nomination of Governor Smith before the national convention, but I accept the decision of the majority and feel it my duty to vote for Smith."

HOOPER MEETS MR. COOLIDGE IN WASHINGTON

(Continued From Page One) The party moved onto the President's room. Secretary Wilbur and Secretary Whiting, who were tardy arrivals, shook hands with the President on the way. There was a small crowd in the big concourse and it vigorously applauded Mr. Coolidge who doffed his gray Fedora hat in response.

Television Used In One Act Play

Schenectady, N. Y., Sept. 12—(AP)—Broadcast television made its initial invasion of the Democratic field here yesterday. Engineers of the General Electric company, presenting a one act play with a cast of two characters, demonstrated to an audience of newspapermen that television, synchronized with the regular form of radio broadcasting, can be used to make the drama visible as well as audible to radio listeners.

On a screen a few inches square, displaying only the head of the characters and with moving images of small stage properties introduced as background, the drama was shown in the company's radio studio. The spoken portion was broadcast through regular radio channels by station W G Y. The television receiving sets were located three miles from the broadcasting studio.

Engineers indicated that broadcast of full length figures and more detailed background is a possibility of the not distant future.

WILKESBORO CASE NEARS JURY STAGE

Wilkesboro, Sept. 12—(AP)—The case of W. H. Foster, Wilkes county road supervisor, and Claude C. Faw, chairman of the board of education of Wilkes county, is expected to reach the jury in superior court this afternoon.

A. J. Rousseau, a member of the defense counsel, withdrew from the case Tuesday afternoon after Clem Wrenn, convicted Wilkes banker, who is now serving a term in the state prison, testified for the prosecution that he had conferred with Foster about the alleged notes.

Defense counsel, following this testimony by what had been expected to be one of the star defense witnesses, charged Wrenn with betraying the other defendants for a chance at a pardon.

WITH JOHN ROBINSON'S CIRCUS

One of the best all-around cowboys south of the Rio Grande. That is the reputation of Carlos Carreon, who heads the contingent of cowboys, cowgirls and Indians with John Robinson's Circus, coming to Greenville on Friday, Sept. 21. Carreon, who has won championships at all of the large round-ups and rodeos in the western states, is a roper and rider without an equal. One of his feature tricks is a five-horse catch, and he sure can ride, as many prize-winning medals testify.

Among the other noted cowhands that will appear in John Robinson's Circus, are D. H. Biron, Pearl Biron, Trude Lomax, Ann Butler, Dewey Butler, Etta Carreon, Bill Lawrence and Ed Davis. Chief American Horse heads the tribe of Sioux Indians, direct from Pine Ridge reservation in the Dakotas.

LEVINS DROPS OUT OF RACE ACROSS U. S.

(Continued From Page Four) from the race by her present owner, Daniel Woodward when he found it was impossible to repair damage suffered by the plane in being shipped back to this country from England.

The plane was only received here Monday and it was found impossible to reassemble it and repair a damaged wing in time. Cornell failed to show up at the field in time to have his plane checked over for the start. The start of the race, at the end of which awaits \$22,500 in prizes for the first four pilots to finish, was set for anytime after 9 a. m., but indications were that most of the fliers would make the start between noon and 2 p. m.

The record for the coast to coast flight is 18 hours and 38 minutes, held by Col. Art Goebel and Harry Tucker who with their Lockheed Vega plane are the favorites in the present race.

The Advisory Council of Home Demonstration Clubs Meets

The Advisory Council of Pitt County Home Demonstration Clubs held its regular quarterly meeting on Tuesday afternoon, September 11th, at three-thirty o'clock in the grand jury room at the court house. Four clubs were represented, and all seemed interested and enthusiastic.

The President, Mrs. J. H. Randolph, called the council to order. Since we were without a secretary, Mrs. Randolph called the roll. Mrs. H. D. Gurganus, of Stokes, was elected to fill that office. Mrs. Joe Sumerell, of Pierce, having resigned. The new secretary read the minutes of last meeting. Reports from the different committees were called for. Miss Nice, our Home Demonstration Agent, reported that during Better Homes Week the ministers of the county were asked to preach a sermon on the home. One pastor in Farmville and Billy Sunday, who was conducting a revival in Greenville, responded to this request. She also reported on the Clean Up campaign conducted in the spring. She said the best report from this work came from the Winterville club.

The committee who had been asked to draw up a constitution, was asked to report. The constitution was read, and after a few minor changes, was adopted.

The question of a reporter then came up. Miss Nice said she did not think we had enough publicity. Mrs. O. H. Jackson, of Winterville, was asked to fill this place.

Miss Nice gave a most encouraging report on the Curb Market. She displayed cards, showing how an accurate report of everything was kept. She says that the business is growing. This is filling a real need and deserves the patronage and support of all who can give it.

The next subject discussed was Fairs, and what part the Council would have in them. It was agreed that the Council and Curb Market working together put on exhibits at both Tarboro and Kinston. Mrs. Randolph appointed the following committee to assist with this: Miss Nice, Mrs. H. D. Gurganus, Mrs. F. E. Randolph and Mrs. J. L. Perkins.

A county-wide meeting of all the clubs will be held sometime during the fall. The program for this was discussed, though no definite plans were made.

The District meeting of the Federation will be held at Plymouth, October 19th. The president and Miss Nice request that we attend a hundred per cent strong.

Miss Nice announced that a home lawn improvement contest will be put on for another year. This is the beginning of what we hope has a great future.

Altogether we had a very enthusiastic meeting, and we hope those who were absent will try to meet with us next time.

If you have property to sell, consult with us. It will pay you well. H. A. White & Sons, Realtors, General Insurance, 403 Evans St., phone 49.

The average age of the clergymen of the Church of England is 52 years.

The following committee was asked to decide on a Year Book for the clubs for another year: Miss Nice, Mrs. F. E. Randolph and Mrs. J. L. Perkins.

Rev. T. E. Beaman Honored By Order

Greenville Council No. 135, Junior Order United American Mechanics is elated over the honors that have recently come to one of their members. The rapid growth of the order in Eastern Carolina made it necessary that a new district be formed which became effective at the recent state council meeting in Elizabeth City. The new district comprises Pitt, Martin, Beaufort, Hyde and Tyrrell counties and has a membership of about 1,000. Several recommendations were made for this position of honor but the appointment came to Rev. T. E. Beaman because in his was found a leadership necessary to carry on the work of America's oldest patriotic order. Rev. Beaman said that he would call a district meeting in the near future for the purpose of completing the district organization when district officers will be elected and plans laid out for the future work. It is the desire of the district deputy to hold a district meeting at least during each quarter. He is asking the eleven counties to help him secure no less than 500 new members during the fall term. He is now arranging his itinerary for a speaking tour of the district. He said he would ask each council to present one or more free public schools with a Bible and an American flag during this state council year and that every fellow Junior member pledge to the principles of Juniorism.

Charlotte Man Labor's Choice For V. Presidency

Charlotte, N. C., Sept. 12.—(AP)—Dr. H. Q. Alexander, of this county, who was selected yesterday by the Executive committee of the Farmer-Labor party as its vice-presidential candidate, received formal notification of his selection in a telegram from the committee today.

He had previously received a telegram from the committee meeting in Kansas City asking if he would accept the nomination and had wired a tentative acceptance, he said.

"I wired my tentative acceptance based on the condition that another man be chosen if the party could find one more available," Dr. Alexander said. "I am not asking political honors."

Dr. Alexander has been identified with the North Carolina Farmer's Union since its inception. He served as its first president and for ten successive terms was re-elected. Frank Webb, of San Francisco, will head the Farmer-Labor ticket.

Guiding Your Child

(By Mrs. Agnes Lyne)

HALF-ORPHANS

There are thousands of half-orphans who live under the same roof with both parents. They are the children whose dads are too busy making money or playing golf to know their own children.

These fathers who give their children luxuries do not realize that they are denying them companionship and understanding. For the influence of the father is vital for the proper development of the child's character.

In part the fault lies with the mother who keeps jealous guard over the mysteries and rituals of parenthood. The young father who comes home and bends over the crib to catch his baby's roving eye is told that baby has just been fed and that he mustn't be disturbed. He takes him on his lap to let him listen to his watch only to learn that this is baby's bedtime. Father is trained to keep his hands off.

With this attitude established during the early years, father has missed his chance. The child is told that Daddy is good and kind

RELIGION NO BAR
 "There remains the fact that Governor Smith is a Roman Catholic. This is a fact which weighs heavily on the minds of many Americans. It is not enough to dismiss this fact upon the ground that it is a mere prejudice and that to prescribe any man upon the score of his church affiliation is a fundamental violation of the Constitution of the United States, as it unquestionably is. The Courier-Journal does not share this prejudice but stands squarely upon the country's Constitution in this and all other matters; but it respects the opinions and even the prejudices of others. What is the cause of the church connections of nearly all who have any church connections? The mere accident of birth. Jew, Catholic, Protestant—why? Because one's parent were Jews, Catholics or Protestants. Why should we despise or reject any man on account of his professed religion? Is it not rather the duty of us all to endeavor to live faithfully to the tenets of the religion we profess, and if we set ourselves up as judges of other men, to judge them by what they profess? In four terms as Governor of New York, always under the closest scrutiny, no one has

ever charged that Governor Smith's religion has interfered with the conduct of his office. In a State overwhelmingly Republican, in a State largely non-Catholic, he has been elected four times as Governor as the nominee of the Democratic party, a convincing proof that no form of influence has swayed him from his duty to his State and to his country."—The Courier-Journal, Louisville, Ky.

ABOUT TOWN

"State game laws will certainly be enforced", firmly declared officials in this county representing the North Carolina Department of Conservation.

"The only violation called to attention of officials was reported yesterday. The defendant was given a trial before a local magistrate and fined \$20.00.

"This is the only way in the world the present supply of game can be preserved. Certain laws have been provided prohibiting the shooting of game out of season and they will be drastically enforced this season.

"Each year we see this legislation more fully observed as county wardens are increased and vigilance becomes more determined in all communities".

"That was exceptionally fine service rendered by the Reflector in reporting the plays on the New York-Philadelphia and Wilmington-Goldsboro games," said a local fan today, who has heard the reports from time to time.

"The leased wire reports as presented by the Associated Press was all that could be asked for. It was brief, yet fully informative, and everybody enjoyed the way it was megaphoned.

"The East Carolina league games, given on the playgraph are up to usual standard. The playgraph is hard to beat when it comes to games in which there is intense interest. The mechanical features of the board are so simple that even a child is able to detect each play, and at the end of the game knows as much as if he had been on the diamond and actually saw each play as it was made.

"The public is deeply indebted to the Reflector for this extra service, and are sure the city is getting everything coming to it in the way of modern newspaper skill".

"The fall fashion display will be staged on a more elaborate plan this year than ever before", members of the Merchants Association told the writer of this column today.

"All principal stores of the city will take part in the annual event—the fourth of its kind—and everybody will have an opportunity of seeing Dame Fashion presented in all her glory.

"Be sure and set aside the evening of September 18th for a visit to the stores, and in that way inform yourself of the thousands of wearables which Greenville merchants have to offer this season".

tobacco being marketed by the farmers.
 The price situation will continue favorable should the farmers give more care and attention to preparation of their tobacco for marketing. The first of the season saw much wet, stringy tobacco on the floors and prices were low. But since quality has improved, prices also have begun to show strength, indicating that buyers are willing to pay for the kind of tobacco which their firms demand.
 "Advertising in the Reflector certainly gets results", an advertiser told the advertising manager today. "A few days ago we ran a 'want ad' offering for quick sale something demanded by the public any time during the year. In less than

 Washington—While the gallopers of Uncle Sam's cavalry have had their noses put more or less out of joint by that new corps d'elite of the military world, aviation, there is one field of notable sporting and social prominence where the horse-soldiers rule supreme. Nobody has yet invented air polo. The only contenders against the cavalrymen are the officers of gun regiments that still boast horse batteries instead of puffing, stinking tractors.
 Army poloers are mighty busy around Washington just now. They are hoping for a third go at their twice defeated rivals of the British army next year. Every afternoon they find time to surge about the huge polo field beside the placid Potomac fighting it out in hopes of getting a crack at the Britishers, if they should challenge.
 And they have solved the question of referee to their own complete satisfaction. The job has been entrusted to a general officer, Brigadier General E. E. Booth, chief of the G-4 section, General Staff. That assignment fixes it so there will be no sand-lot disputes about always doubtful polo foul calling. Who of smaller military fry would dare fuss out a general and an assistant chief of staff at that?
 Even Brigadier General Frank Parker, G-3 head and also an assistant chief of staff, and who rides with the polo gallopers, accepts fouls assessed against him by Booth with the army "Wee, General" equivalent of the Navy's "Ave-aye, sir," although sometimes a bit red of face. So rank helps to make Booth an actual as well as a theoretical czar of polo fouls.
 But civilians show no such respect for the general. Recently, riding from Virginia back to Washington in his own new and shiny car, he stopped at a hotdog stand for refreshments and parked well out of the road to the right. His precautions were useless. Another motorist whooped around the corner in a round-house curve and chewed off all the left side fenders and a wheel on the general's car. That was bad, but a week or so later when the restored and revarnished machine rolled up to the war department, Booth embarked at once for the polo battle ground. When he got there, he drove the machine well upon the grass to avoid further possible damage and went to refereeing.
 It was useless. In ten minutes a

Gracful contours instead of straight lines... the gleam and sparkle of brilliant colors and chrome plating instead of drab effects... the most beautiful bodies ever built... Buick's masterpiece bodies by Fisher

At a time when motor car beauty was practically standardized—when imitation was the vogue—when there was a glaring lack of originality in body design—Buick has swept far beyond the commonplace and achieved a style which the entire country is acclaiming as the most distinctive and beautiful ever shown!
 Fisher, the world's foremost builder of automobile bodies, has cooperated with Buick, the world's foremost builder of fine cars, to create a new mode—a new fashion—and so luminous is the result and so eagerly is the public welcoming it that Buick's great factories have reached new production levels in an effort to keep pace with an ever-increasing demand!
 Inside and out, the new Buick bodies by Fisher are the most beautiful ever built. Together with the wonderful new standards of performance introduced by the Silver Anniversary Buick, they are winning the greatest demand and the greatest preference ever enjoyed by any fine car!
 The new Buick is the new style! And by that is meant, not merely a new type of beauty—not merely a thrilling turning point in body design—but a great countryside vogue!

YANKS TAKE THIRD GAME OF SERIES

By HERBERT W. BARKER.
Caught in a withering barrage of Yankee hits, Connie Mack's pennant aspirations, close to realization a few short days ago, apparently are dying a slow and painful death.

Those aspirations were in a vigorous state of health as late as Saturday when Connie's Philadelphia Athletics occupied the American League summit in solitary grandeur. Today a feeble spark was the only indication that they still were alive.

To the massed attack of the Yankees led by the peerless Babe Ruth, can be attributed the partial collapse of the tall tactician's hopes for his first pennant victory since 1914.

Mack saw Quinn and Walberg fail to stop the champions on Sunday. Yesterday he called up his last hope, Robert M. Grove, fastest left handed pitcher in the majors, to save something out of the wreckage.

But Grove failed just as he had failed in five previous attempts to turn back Miller Huggins' maulers this season. For seven innings he had the Yankees waiving futile bats as his fast one whizzed up to the plate. Four hits and a single run represented the sum total of the champions' offensive at that time and Grove entered at the last of the eighth with a 3 to 1 lead.

And then just as Lefty was ready to record his 15th straight victory and his 23rd of the season, the blow fell. A pass, a single, a wild throw by Jimmy Dukes, a wild pitch by Grove himself and Gehrig's single tied up the game, with nobody out. Gehrig then singled, bringing the Babe to the plate. Grove elected to pitch to him for a pass would bring up Meusel, who had wielded a wicked war club in the first two games of the series. The Babe bunted the first pitch foul and took a called ball before driving the third pitch into the right field stands as 50,000 fans broke into a delicious demonstration of joy.

Grove quickly retired the side after that mighty wallop but the damage had been done. Henry Johnson got rid of three Athletics pinch hitters: Cobb, Collins and French—in the ninth and the game was over with the Yanks on the long end of a 5 to 3 score. It was Johnson's fifth victory over the A's in six starts and Grove's sixth defeat in seven against the champions.

The victory sent the Yankees into a 2-1-2 game lead in the standings and assured them of invading the west in first place regardless of the outcome of the fourth and final game of the series today.

In the other American league engagements the St. Louis Browns beat Cleveland 16 to 6 and Detroit defeated Chicago 7 to 6.

Taking their second double header in as many days from the Boston Braves, the New York Giants ousted the Chicago Cubs from second place in the National League race. The scores were 11 to 6 and 7 to 6.

The St. Louis Cardinals retained their two and half games lead over the field by trouncing Cincinnati 6 to 3.

The Cubs cracked five Pittsburgh hurlers for 11 hits and romped away with a 9 to 3 victory.

Brooklyn and Philadelphia again divided a doubleheader. The Robins took the first by 5 to 2 but dropped the second 4 to 3 when Fred Leach clubbed the first offering of Dazzy Vance for a home run.

Huggins to Send Hoyt to Mount In Final Game

New York, Sept. 12—(AP)—Intent on sweeping the series, Miller Huggins, manager of the New York Yankees, will send Waite Hoyt to the firing line in the fourth and final game of the series with the Athletics at the Yankee stadium today.

Hoyt has won 18 games and lost only five this season. His 18th was scored in a relief role against the Athletics in the second game of Sunday's double header.

Connie Mack probably will call upon George Barnshaw, former Baltimore speedball star to stop the Yankee rush, and let the Athletics back into the running. But there's a chance that Ed Rommel, another former Baltimore ace, may get the call because of his greater experience. Barnshaw came up to the big leagues only this season and lacks the finish that is Rommel's when the knuckle ball star is right.

Some 40,000 fans are expected to see the game.

WOLFPACK STARTS ACTIVITIES ON GRIDIRON

Raleigh, N. C., Sept. 12—(AP)—Sticking to routine, State College coaches yesterday drilled the Wolfpack squad in morning and afternoon workouts and closed the day with another rehearsal of rough and tumble practice.

Coach Butch Slaughter injected some hard tactics in his task of getting linemen in condition. He dealt out such details as real blocking, charging and tackling to test the endurance of his corn-fed candidates. Freshman coach John Drennan, assisted.

On the other side of the field, coaches Gus Tebell and Ray Sermon gave the backfield squad some more lessons on fundamentals and ball carrying. They paid special attention to signal work.

Augusta Forges Into Third Place In Sally League

(By The Associated Press)

A slight shake-up occurred yesterday in South Atlantic Association circles although it is far too late for any dubbings of water importance. The movement recorded was nothing more than Augusta forging into third place in the almost completed Sally season.

The Tigers slipped Asheville's Tourists by a 9 to 8 count while Spartanburg was bowing to Columbia.

While the Tourists counted 14 hits they also had three errors chalked against them. Odie Strain, Tiger centerfielder, hit a home run. It was the first circuit clout by a visiting player recorded at Asheville this season.

Greenville's rookie team also staged a slugfest at bat, driving out 17 hits but the base running was so erratic they dropped the second straight to Macon 8 to 7. The Peaches only needed seven hits to score their eight runs.

The comedy reached its peak when five successive Spinners obtained hits but three of the runners were thrown out by overrunning the bases.

Wied, Charlotte hurler, took off pitching honors for the day, by letting Knoxville down with two hits. The Bees won 9 to 2. Young, a recruit outfielder, drove in five Charlotte runs with a homer and a double.

Columbia defeated Spartanburg, 5 to 4, in another pitchers' battle.

FEW GOLFERS STAND PACE AT NEWTON

Newton, Mass., Sept. 12—(AP)—The defeat of four former champions, including George Von Elm, of Detroit, who had been favored to reach the finals, furnished a succession of sensations today in the first 18 holes match play round of the national amateur golf championship.

Von Elm, playing poorly in a drizzling rain, lost to Arthur W. (Bucky) Yates, of Rochester, N. Y., 3 and 2. The passing of the 1926 titleholder was followed in rapid succession by the downfall of Chick Evans of Chicago, 1927 runner-up Max Marston, of Philadelphia, 1923 champion, and Francis Ouimet, Boston favorite.

Newton, Mass., Sept. 12—(AP)—Only 32 of the 143 golfers who started on Monday remained today when the play in the national amateur championship reached the man-to-man stage. The small but elite qualifying class from now on will forsake medal for match play. The players will not be opposed by a nebulous "old man par" who never takes three putts.

After tonight there will be but eight players in the tournament. Two 18-hole matches, "sudden death" the players call them, and the end is not always painless, will be followed by 36-hole matches each for the remainder of the week.

The casualties in the 36-hole qualifying round included some well known names. Roland Mackenzie, walker cup player; S. Davidson Herron, William C. Fowner, Jr., and Jesse P. Guilford, former national amateur champions, Eugene Homans, walker cup alternate and others were left to watch their fellows from the gallery. Five members of the British Walker cup team fell.

Nothing over 156 for the 36 qualifying holes was safe. Seven who scored 157 went out in the gathering gloom to fight for the four places left. Maurice J. McCarthy, Jr., New York; Carl R. Nettelbladt, Worcester, Mass.; T. Suffer, Talet Jr., New Port, R. I., 16 years old, and William F. McPhail, of Boston, were left after the shooting was over. Ben Stein, Seattle, Eddie Heid, New York, and Nicol Thompson, Jr., of Canada, were turned back from the threshold.

George Voigt captured the medal by one stroke from "Jimmy" Johnson of St. Paul, sparking rounds of 71-72 bringing the former Washington star home in front of a great field, just a stroke under the record held by Clarke Corkran, who did not qualify this year, and by Jones, the champion, who was in with a score of 151, safe but not brilliant as rated by the great shotmaker's normal game. The champion, however, was himself again over a great part of his second round. For seven holes of the second nine he reeled off two birdies and five pars, although on the finishing two holes he dropped the two strokes back to par. He did not have to struggle so hard for the closing 74 as he did for the earlier 77.

Three national champions were left in the competition. Jones, T. P. Perkins, the British amateur champion, and Boss Somerville, amateur champion of Canada. Perkins was supported by two other British players, John B. Beck and Eustace F. Storey. Somerville had Gordon Taylor to keep him company.

Pirates And Bugs All Set for Today

Wilmington, Sept. 12—(AP)—After a day of rest enforced because of wet grounds yesterday, the Wilmington and Goldsboro teams are primed to do battle here this afternoon in the Eastern Carolina championship series. Each club now has two games to its credit.

With the fifth game played here the sixth will be staged at Goldsboro the following day and in event a seventh is needed to decide the series it will be played in Wilmington the next day. This arrangement was completed because Goldsboro was selected as the city where the first two contests were played.

In case rain causes any of the games to be postponed they will be played as soon as weather permits at the place originally selected.

Robinson Speaks at Davidson College

Charlotte, N. C., Sept. 12—(AP)—Senator Robinson today motored 21 miles from here to Davidson College where he delivered a brief address to the student body, selecting religious tolerance and the life of Gov. Smith as the topics for discussion.

He said that in as much as Davidson was a religious institution, he deemed it improper to discuss political issues, speaking in the college auditorium the Democratic Vice Presidential nominee's reference to Woodrow Wilson, who was once a student at Davidson, brought frequent applause.

After the address he returned here immediately. The senator showed considerable interests in reports brought to him of the political situation in the State. Charlotte is the headquarters for both Republican and Anti-Smith Democratic organizations in North Carolina and his reference at Davidson to the religious issue was regarded by local Democratic leaders as the most appropriate subject he could have selected.

Police See Reprisal in Gang Slaying

Chicago, Sept. 12—(AP)—Possible reprisal for the slaying of Tony Lombardo, Chicago gangster, and a bodyguard on a downtown street, last week was seen by the police today when a man who said he was Joseph De Folco, staggered into a hospital probably fatally wounded and fell unconscious after gasping out his name, and a story that he had been shot by robbers in a hold-up. He was rushed to the operating room in an effort to save his life.

Roosevelt, 3rd, Earns \$10.

(By The Associated Press)

New York—Theodore Roosevelt, 3rd, earned \$10 this summer by painting the piazza roof, weeding the garden and doing other odd jobs at the ancestral home in Oyster Bay. He has sent it all to "Uncle Commander Dick", to buy some extra things for his South Pole trip. This is what the Roosevelt children call Mr. Byrd.

Piedmont Finals Begin Tomorrow

(By The Associated Press)

The Winston-Salem and High Point clubs will open the 1928 Piedmont League pennant series tomorrow at Winston-Salem and will alternate between the two towns for the remainder of the games needed to decide the championships.

The Twins, by virtue of a 6 to 1 victory over the Durham Bulls yesterday, ended the league season in first place of the percentage column. Their margin, however, is slight—only two points—and the Pointers claim a tie when figured from the standpoint of games won and lost.

Players of other clubs were leaving today for their winter homes and baseball equipment was being stored.

The Pointers also ended the season by a win, taking yesterday's game from the Greensboro Patriots, third berth holders, 16 to 13.

The Raleigh Caps and Salisbury Colorials split a double bill, the nightcap going to the Caps 3 to 0 after the initial mix-up had been won by the Colorials, 4 to 0.

Three Democrats to Speak Today

Raleigh, N. C., Sept. 12—(AP)—Besides the address in Charlotte of Senator Joe T. Robinson, Democratic nominee for Vice President, two other addresses are on the day's program as announced by Democratic headquarters here. Cameron Morrison, national committeeman, is scheduled to speak at Albemarle, and J. C. B. Eringhaus at Tarboro.

Tomorrow former congressman H. W. Ward will speak at Dunn. It was originally announced his address would be made at Lillington, but this was an error in the official announcement.

Brains Behind Pennant Race

Here are the leaders of the American league pennant chase. Miller Huggins (left), manager of the Yankees, is shown with Connie Mack, manager of the Athletics, at Yankee stadium where New York turned back Philadelphia before baseball's biggest crowd to regain first place.

REPORT DETERIORATION IN COTTON IN GEORGIA

Washington, Sept. 12—(AP)—The Department of Agriculture's summary of crop conditions for the week ended yesterday says it was again too wet for cotton in the Atlantic Coast States, and deterioration was reported from many places. In the southern portion of this area, particularly in Georgia, reports show bolls rotting, seed sprouting, and plants shedding to an unusual extent, with staple of open cotton damaged. The latter part of the week, however, was more favorable. In the Central States of the belt progress of the crop was mostly fair to very good, though complaints of shedding and general deterioration in some localities continued, mostly in the southern portion.

YOUNG (LOCHINVAR) CORBETT RIDES OUT OF THE WEST ON AN EBONY EQUINE.

New York (AP)—Tommy Grogan, Omaha lightweight, who captivated metropolitan fans by three quick knockouts, may find a rival in Young Corbett 117 of Fresno, California.

Corbett who has not lost a fight in four years, beats Sammy Baker, welterweight contender, here September 13.

Corbett won the right to meet Baker by stopping Nick Testo. He has won 40 of his 101 battles by knockouts.

SMITH IS ISSUED IN GEORGIA PRIMARY

Atlanta, Sept. 12—(AP)—The Presidential candidacy of Governor Alfred E. Smith was one of the issues today in a state-wide primary in which Democrats nominated a governor. 11 other state officials, three congressmen and many county officers.

The race for governor, which is dominated, was devoid of national aspects, with both candidates in regular column, but W. D. Upshaw, former congressman, former Army and militia foe of the New York governor, injected the issue into the fifth district race for Congress.

Opposing Congressman Leslie J. Steele, Mr. Upshaw scattered political hand grenades aimed at Smith through his campaign, which Mr. Steele vigorously denounced in a national presidential ticket.

COTTON MARKET

New York, Sept. 12.—(AP)—The cotton market was less active today, but had rather a steadier undertone, although advances met continued southern or local selling and were not fully maintained.

Showing net gains of 10 to 16 points in early trading, prices reacted to about yesterday's closing quotations, with the mid-afternoon market quiet and no better than steady at net gains of 3 or 4 points.

Futures closed steady 4 to 7 points higher; spot quiet, middling 18.30.

GRAIN MARKET

By JOHN F. BOUGHAN.
Associated Press Market Editor.
Chicago, Sept. 12.—(AP)—Wheat went down today to within 1-8c of the lowest price which the December delivery here has reached yet this season. The setback resulted chiefly from Canadian government figures showing the largest crop on record, sufficient to allow 2,000,000 bushels export every day in the year from North America, as a whole. However, the failure of the market to break more severely than it did led to rallies toward the last, and so likewise did reports that Russia would be forced to buy foodstuffs on account of near famine in the Ukraine.

Wheat closed nervous, at the same as yesterday's finish to 3-8c higher, corn varying from 1-8c decline to 1 7-8c advance, oats 1-8c to 1-4c off to 3-8c up, and provisions varying from 5c decline to a rise of 2c.

STOCK MARKET

New York, Sept. 12.—(AP)—The bidding-up process was resumed with considerable violence in today's stock market. Nearly 80 issues soared to new high records on gains ranging from 1 to 11 points, with trading so heavy the ticker fell more than half an hour behind the market. A sharp break in the amusement shares, or the traditional "selling on the good news" following the announcement of the Warner Brothers pictures-Stanley Co. of America merger, brought about some irregularity in the early afternoon.

Call money was again in plentiful supply at the renewal figure of 7 1-2 per cent with no calling of loans reported during the morning time money rates held firm. Although widely expected in banking circles, no shipments of gold from England have yet been reported. Sterling exchange continues to hover around the "gold import" point.

Pool operators again brought forward new leaders in an effort to maintain bullish enthusiasm. U. S. steel common crossed 159 for the first time in buying, influenced by the optimistic character of the weekly trade reviews. Republica Steel set another new high record at 83. Coppers extended their gains under the leadership Anaconda, the Texas corporation, moving up to a new high record at 71, led the rally in the oil shares.

The Perfect Circle Co., recently

organized in Indiana as successor to General Piston Ring Co., recently an initial quarterly dividend of 50 cents a share on the common stock, payable Oct. 1st to holders of record Sept. 20.

The closing was strong. Total sales approximated 4,500,000 shares.

UNCOVER PLOT AGAINST SPAIN MANY ARRESTS

News Sources, However, Fail To Give Description of Move Against Government.

New York, Sept. 12.—(AP)—Reports from the Franco-Spanish border say numerous arrests have been made in Spain after the discovery of a plot against the government of Primo De Rivera, who is about to celebrate his fifth anniversary as dictator of Spain.

A dispatch from Hendaye, France, says the arrests were reported to have been made in Madrid and other Spanish cities.

The Havas Agency of France was notified, however, but its Madrid correspondent that official circles in the Spanish capital ascribed the country was tranquil.

There were indications of the imposition of a strict censorship. The Western Union cable company notified the Associated Press that the Spanish authorities had refused to deliver a message to the Associated Press Madrid Bureau asking about the reported plot. Although the usual run of news was received from Madrid, the cables made no mention of any movement against the state.

On July 14 there were border reports of a widespread plot against the Spanish government. At that time frontiers were under a strict guard and passengers on international trains were subjected to a searching investigation.

The official government organ, La Nacion de Madrid, at that time published a denial that the movement was of grave proportions saying only a few dozen persons participated.

Miss Evelyn Purcell, Jesup, Ga., is the youngest school superintendent of the state. She succeeds her father, B. D. Purcell, as superintendent of the Wayne county schools.
