SCORES ARE DEAD AND THOUSANDS HOMELESS IN FLORIDA STORM DISTRICT

Hundred And Fifty Persons Reported Injured; Damage Estimated Into Millions Of Dollars; Relief Measures Get Under Way In Palm Beach Section.

Miami, Fla., Sept. 18.—(AP)—A path list of 139 persons from the area smitten by the tropical storm in southern Florida Sunday was reported today to the Miami News.

Jacksonville, Fla., Sept. 18.—(AP)—With thirty-three known dead, more than 150 injured, several thousand homeless and property losses estimated into millions of dollars, the hurricane stricken sections of Florida today endeavored to ascertain the full extent of the blow.

While relief measures got under way in the Palm Beach section, expeditions were entering the Lake Okechobee region where varying accounts of loss of life and property damage have been given by persons who came out of the territory seeking aid for those behind. Fifteen were known to be dead in the Okechobee City area while the relief committee at West Palm Beach counted 14 dead and the police at Del Ray reported three lives were lost there. Five of the deaths reported by the relief committee were at Pahokee and were accounted for in a large measure when Lake Okechobee overflowed its dikes and flooded the countryside. Hundreds of homeless families were being cared for at refugee homes in West Palm Beach, Palm Beach, Lake Worth, Boynton and Del Ray. Hotels, restaurants, schools, churches and court houses were thrown open for this purpose. Howard W. Selby, chairman of the Red Cross chapter in West Palm Beach, estimated the damage to that area at \$20,000,000, of which he said \$10,000,000 was for the Palm Beaches.

Jacksonville, Fla., Sept. 18.—(AP)—Leaving behind it 38 known fatalities, injured to several hundred persons and property damage as yet unestimated, the tropical hurricane which swept through Florida from out of the Caribbean, lunched onward toward Georgia and South Carolina today, its fury considerably abated.

Radio for the most part told the story, a fragmentary one, of the storm's passing and as the messages and reports were pieced together, it was indicated that the area adjacent to West Palm Beach, where the storm entered the state, probably suffered the most damage. Inland, however, in the Lake Okechobee section of southern Florida, the greater number of deaths were reported. There, Captain Rupert Smith found that at least 24 persons had perished and in reporting to Colonel S. J. Lowry of the 116th Field Artillery at Tampa, he requested that military aid be dispatched at once. Two units of troops were sent to the area for emergency duty.

Most of the remaining 14 deaths were confined to the Palm Beaches and their suburbs, where relief measures were under way today. To facilitate organization, the section was under military rule.

Two relief trains, one from Miami, which escaped serious hardships, and the other from Daytona Beach were moving into the stricken area. The Miami train carried extensive supplies and the private car of Senator Joe T. Robinson, Democratic vice presidential nominee, who halted his campaign tour to lend his car to relief agencies. Twenty doctors and nurses were aboard the Miami train, while the train of 15 cars from the north carried 15 relief workers, including several doctors, as well as many supplies.

Meanwhile, word came from Washington that a relief worker was enroute to take charge of six other national disaster workers who had left there Sunday. So urgent was the emergency of the hundreds of refugees in the Palm Beach area, that estimates of destruction wrought by the storm were made incidental in the radio advices. It was generally indicated that 90 per cent of the buildings in that zone, however, had been damaged, sixty per cent of them perhaps extensively. Official estimates of the loss transferred to terms of money were lacking.

The storm itself was passing northward today, center apparently somewhere between Jacksonville and Apalachicola. High winds were prevalent at Jacksonville, and the barometer there last night was lower, at 29.07, than it had been since 1898. Farther north at Brunswick (Continued on Page Two)

AL SMITH TO DISCUSS FARM ISSUES TODAY

Presidential Candidate To Deliver Address In The City Of Omaha, Neb.

Omaha, Sept. 18.—(AP)—Bearing an appeal to the farm voters of the middle west, Governor Smith arrived in Omaha today and found little wanting in the way of reception. Tonight he will deliver a speech on farm relief, the first formal address in his presidential campaign since the notification August 22 at Albany.

A round of activity before the time set for the address tonight in the city auditorium had been mapped out for the Democratic presidential nominee and his wife and daughter, Mrs. John A. Warner, including a visit to the Omaha stockyards and stock exchange, a luncheon and a reception for Smith. Cheers of "Hello Al" and "Welcome Al" went up from the crowd as it followed the nominee to the long line of cars waiting for the parade up town.

Omaha streets had been decorated for the occasion and the route to the hotel especially was in gala attire. Many lined the streets and gave the governor a cheery tribute on his first visit to this Nebraska city since 1920. He had made his first visit here in 1908 on his way back from the Democratic national convention at Denver and his second twelve years later while returning from the San Francisco national convention.

The governor tonight is expected to appeal not only to the agricultural workers in the immediate vicinity, but to those of the entire midwest area. A radio arrangement will carry the speech from coast to coast.

A full page advertisement in the Omaha World Herald signed by ten men who called themselves "Citizens of both Parties," a propounding eight questions to be answered by the nominee in his speech tonight was taken to the governor's suite, but no comment was forthcoming. In the same issue national Committeeman Mullen, described all of the signers as Republicans and as having been associated with the Republican party for many years.

Among the questions were: "What specific legislation do you propose for farm relief?" "Do you believe the country will be more prosperous with liquor or without?" "Why?"

Aside from the trip to the South Side tour of the stockyards, the governor was expected to put in most of the afternoon resting.

Several Democratic leaders, however, had sought engagements to report on conditions in the state.

launch lifeboats or warn the members of the crew who were below the decks. They hip foundered before daybreak, and in the pitch darkness the men on the raft had any opportunity to rescue any of the missing. When dawn came they saw two lifeboats, one overturned with two men clinging to its sides, the other apparently unoccupied. They quickly drifted away, however, and were not seen again. It is not believed the two men could have hung on long.

Those saved were: Capt. John McKay, First Mate Osborn Long, Mr. Middlebro, the purser, Ray Fox, an oiler, all of Owen Sound, and E. Wallace, cattle drover of Oil Springs, Ont., a passenger on the ship.

WINNERS OF CROSS COUNTRY DERBY

This is how the pilots of the first machines to finish the trans-continental air derby looked when they alighted from their planes at Los Angeles after finishing the controlled flight from New York. Left to right: Tex Rankin of Portland, Ore.; Robert Duke of Pittsburgh; Earl Rowland, Wichita, Kan.; and Theodore Toney, Duke's flying companion. Unofficial competitors of elapsed time placed Rowland first and Duke second, while third place was in doubt. Rankin appeared in the money.

Local Leaf Market Has Largest Day In History

The Greenville tobacco market yesterday had the largest day in its 35 years of history, selling a total of 1,298,782 pounds of tobacco for \$294,698.27 according to information made public this morning by K. W. Cobb, secretary of the Greenville Tobacco Board of Trade. The average for the day was \$15.75.

RED CROSS TO AID SUFFERERS IN PORTO RICO AS WELL TO SPEAK AT REIDSVILLE

Appeals To American People For Assistance In Storm Swept Areas.

Washington, Sept. 18.—(AP)—Fortified by an appeal from President Coolidge, the Red Cross turned to the American people today for financial assistance in alleviating starvation and suffering in the wake of the tropical hurricane which swept through the West Indies and Florida.

Red Cross workers from national headquarters were on their way to both Porto Rico and Florida, while a naval vessel was being loaded with food at New York for shipment to San Juan and two army transports were bound for that port with large quantities of food on board.

Seventeen Perish When Cattle Boat Goes Down; Five Rescued From Raft

Owen Sound, Ont., Sept. 18.—(AP)—Five men, believed to be the only survivors of 23 members of the crew and passengers on the cattle boat Manosau which foundered in Georgian Bay early Saturday morning, were recovering from exposure here today.

The five were taken from a life raft on which they had drifted for 60 hours. They were rescued by the Canadian Pacific steamer Manitoba yesterday and brought to this port. All are expected to recover.

The other sixteen members of the crew and one passenger are believed to have perished. Chief Engineer Thomas McCutcheon of the Manosau died aboard the raft shortly before the rescue. His body was stripped of its clothing and tossed into the bay to lighten the craft, wash at the time, because of its heavy burden and leaking pontoons. His clothing was given to Arthur Middlebro, the purser, who had escaped clad only in his underwear. He is survived by his widow and two small children. He was a native of Piffshire, Scotland.

The survivors told Capt. F. J. Davis of the Manitoba that the Manosau sank almost without any warning, giving no opportunity to

Rain And Wind Storms Sweep Over Carolinas With Slight Damage

Charlotte, N. C., Sept. 18.—(AP)—Leveling wires and doing some damage to other property, the hurricane that swept over Florida and Georgia during the last two days, today was traveling up the Atlantic Coast toward the North Carolina Cape country.

The storm at 8 o'clock this morning was reported central over Charleston, S. C., and moving northeast. At that hour there was one wire being operated into Charleston by the Western Union Telegraph company, but shortly after 10 o'clock this went out and from that time on wire communication was severed.

The coast from above Charleston to Brunswick, Ga., was cut off at noon today with high winds blowing. T. J. Roberts, a Savannah radio amateur, at 11 o'clock this morning sent out a call for any station that could answer him. Station 4CQ operated by the operating force of radio broadcasting station WBT here answered and took a message for the Associated Press signed by an Associated Press correspondent at Savannah saying that there had been a heavy rain and high winds but no deaths or injuries reported. The message asked for news of the situation in Florida for the Savannah O43, Associated Press member. For more than an hour 4CQ was operating with 4FJ, the Savannah station, giving him dispatches for the press.

The contact was lost 12:15 p. m., shortly after Roberts had told the operator here "the wind sure is blowing hard".

An effort was being made this afternoon to get into touch with amateurs at Charleston and also to resume the contact with Savannah. The storm is expected to strike the eastern North Carolina coast late this afternoon or tonight. Heavy rains have been falling in many parts of the Carolinas since last night, Charleston reporting more than 7 inches up to 8 o'clock this morning with the rain continuing.

A total of 3-13 inches of rain had fallen in Charlotte, 200 miles inland, up to noon today and the downpour continued. Other points nearby reported similar downpours.

That the storm was rapidly approaching eastern North Carolina was indicated by a report from Fort Bragg, near Fayetteville, that the barometer there fell seven points in twenty minutes this morning.

Big winds were reported from a number of points in South Carolina. Columbia was partly cut off from wire communication shortly before noon. The Western Union still had some circuits working into the South Carolina capital but telephone circuits all were out.

A heavy gale that sideswiped Wrightsville Beach, Wilmington and nearby points early today did some property damage at Wrightsville. Newbern and Wilmington both reported high tides this morning.

Sheriff Killed Chasing Rum Car

Anderson, S. C., Sept. 18.—(AP)—Forced off a high embankment by an alleged whiskey running car, he was chasing, Deputy Sheriff Luther A. Martin was instantly killed early today on the Portman road near Deep Creek.

Martin and Parker Clamp sighted a car they believed to be loaded with liquor and gave chase. A second car acting as guard for the rum runner was driven in such a way as to impede the officers. Finally getting around this car, according to the story told by Clamp, Martin drew up to the rum runner.

Drawing abreast of the rum runner, Martin fired two shots at the tires. The car drew to the roadside as though to stop, then suddenly switched across the road catching the officers' car on the running board and front wheels causing it to go off the fill.

DEATH TOLL CONTINUES TO GROW IN PORTO RICO HURRICANE AREA TODAY

S. L. RAGSDALE DIED AT HOME HERE MONDAY

Young Tobaccoist To Be Laid To Rest Tomorrow Morning At 11 O'clock.

Sherwood L. Ragsdale, 33, tobaccoist of this city, died at five o'clock yesterday afternoon at the home of his brother, Hugh S. Ragsdale. Funeral services will be conducted at the home at eleven o'clock tomorrow morning by Rev. H. Frederick Jones, pastor of Memorial Baptist Church of which the deceased was a member. He will be buried in Cherry Hill cemetery beside the graves of his parents.

While Mr. Ragsdale has suffered from heart trouble for some time, his death came unexpectedly and as a shock to his family and friends. He had been confined to his bed only three days when death came late yesterday.

Sherwood Lee Ragsdale was born in this city October 7, 1894, the son of the late Prof. William H. and Betty Sutton Ragsdale. He spent most of his life in this city and enjoyed a host of friends. As a very young man he began to learn the tobacco business which he followed in various capacities until his death. Shortly after America's entry in the World War he volunteered in the army and served throughout the conflict, more than a year of his time being served with the forces in France. He received his honorable discharge from the service in summer of 1919 and returned to this city to again follow the tobacco business. For several years he has been employed by the local tobacco board of trade as ticket marker, but falling health forced him to retire from this position at the close of last season, and since the present season opened he has been buying on the market on his own account.

Mr. Ragsdale is survived by two brothers, Messrs. Hugh S. and Jennings B. Ragsdale, of this city, and two sisters, Mrs. John R. Carroll, of Winterville, and Mrs. A. E. Hoggood, of this city.

The pall bearers will be: Active—S. B. Carrico, G. R. Palmer, Chas. Stafford, T. T. Hollingsworth, W. Z. Morton, Gus E. Forbes, J. C. Lanier and Ollie Clark.

The Tobacco Board of Trade will serve as honorary pall bearers.

The island was almost completely deprived of two crops which normally provide income during the "dead" season, the period between sugar crops. Both the coffee and citrus fruit crops which would have provided \$15,000,000 income, largely during the next four months, were nearly wiped out. Some coffee may be saved.

San Juan, Sept. 18.—(AP)—Despite the insistence of citizens that martial law affords the quickest and most effective means for alleviating distress and insuring proper sanitary measures to overcome the effects of last week's hurricane, Governor Horace Towner today advised Washington that he did not believe the situation called for so drastic a measure.

EVERYTHING IS ALL SET FOR FASHION SHOW

Showing Of Fall And Winter Styles To Be Conducted In City Tonight.

Notwithstanding unfavorable weather conditions, plans for the fall fashion display continued without interruption in the stores of participating merchants of the city today, members of the Merchants Association, under whose auspices the show is being staged, said this morning.

The showing this year will be the most extensive ever offered in this city. Many lines of business will be represented, and the most select line of each will be open to inspection to the hundreds expected tonight, despite the outlook for bad weather during the morning hours.

The public was urged to turn out in large numbers tonight and see what the merchants have to offer from the greatest fashion centers of the country. The showing will be complete in every sense of the word and nothing has been left undone to make it the most auspicious ever given here.

Further checks of the storm ravages showed that the estimated property damage of \$100,000,000 was not exaggerated. At retabulation of the lists of dead and injured was started, with no indication that the total of 1,000 killed would be diminished.

Middle Belt Leaf Markets Open Today

Durham, N. C., Sept. 18.—(AP)—The middle belt tobacco markets opened today for what warehousemen believe will be an unusually successful season.

While the year's record is expected to eclipse that of last season, the Durham market will not start with an exceptionally heavy sales, warehousemen predicted. Today's sales are expected to approximate 400,000 pounds.

Many farmers of this section are busy during their crop for marketing. Heavy and frequent rains have retarded this work.

CITY MANAGERS MEET AT ASHEVILLE TODAY

Asheville, N. C., Sept. 18.—(AP)—The problem of creating a governing profession in America by closer work between the universities and practical municipal officials, the future of the municipal airport in America were discussed by members of the national association of city managers in convention at Kenilworth Inn today.

William P. McCracken, department of commerce secretary, is to deliver an address before the convention Wednesday noon.

A NEW YORKER AT LARGE

By G. D. SEYMOUR
 New York—Commuting by private yacht from country home on Long Island Sound to offices in New York street is the daily custom of dozens of New York's men of means—but the other morning a vessel rode down East River toward the Battery so gleaming white and so majestic with its pennants flying in the sun that even the waterfront workers accustomed to such sights paused to gaze.

The proud craft slowed its pace, and onto the lower deck came the captain, pompous and splendid in a gold-braided uniform. He surveyed the labors of the crew as it set aloft beside the steam driven mother ship a trim little motor tender. The smaller boat was drawn up alongside the yacht, the crew stepped to attention, the captain preened.

After such a display, the onlookers at the pier expected to witness the emergence of nothing short of a dozen admirals or a dowager empress. Instead dismounted unobtrusively into the tender a slight and stooped man dressed in a conservative business suit and carrying a brief case under his arm.

Stepping out at the nearest dock he hurried down a dingy side street toward lower Broadway looking for all the world like an accountant's clerk dashing to his desk from a belated Staten Island ferry.

Speed Without Profit.
 The haste of the New Yorker is proverbial, but as often as not it is pointless. In the subway men and women sprang the vacant seats of local trains to stand uncomfortably in crowded expresses even when they are going but 25 blocks and will gain but a minute or two by taking the faster train.

The conductor of a Fifth avenue bus is puzzled, too, by another instance of breathlessness. To help carry the five o'clock rush-hour crowd home, the bus company starts three extra vehicles from midtown points northward. The first goes to 158th street, the second to 168th and the third to 181st. The crowd elbows its way into the first two buses and the third often sets out half empty. But at 155th and 168th streets, passengers transfer to it in numbers from the preceding buses to get on northward to their destinations. If they had waited a few minutes in midtown they might have gotten home just as soon and

transferring—but they just must hurry.

Faulty Appraisal.
 A financier who never has been distinguished for the attention he attracts, one afternoon lately and paused casually beside a new apartment house, a sign on which announced that several suites were vacant. Approaching the doorman, who was still raw enough at his post to glory in his uniform, the stroller remarked, "I see you have some apartments here."

The doorman sized up his accosted guest and was unimpressed. "I would said that dignitary very haughtily, 'the only thing we have is 14 rooms—'"
 "Oh, heavens, that won't do!" interrupted the pedestrian. "I have 25 rooms now and must have more space to hang my pictures."

SCORES ARE DEAD AND THOUSANDS INJURED IN FLORIDA STORM DISTRICT
 (Continued From Page One)
 Wick, Ga., a 55-mile gale was blowing. If the storm centers on Jack-

sonville, A. J. Mitchell, United States meteorologist, said a sixty-mile gale might be expected. Several houses were unroofed last night but damage was not serious.

Reports by radio and over crippled telephone and telegraph lines indicated that central and western Florida had escaped almost unscathed, although gales ranging upward of fifty miles an hour smashed windows and did some injury to orchards.

RED CROSS TO AID SUFFERERS IN PORTO RICO
 (Continued From Page One)
 The "widespread suffering," he said, calls for some form of permanent rehabilitation as well as emergency relief and for that reason he has asked the Red Cross to assume the task of rendering aid as the agent of the American people.

The U. S. S. Bridge is expected to sail from New York at noon tomorrow with supplies for San Juan. These include 1,200 tons of food and medical supplies, 3,600 blankets, 2,000 tents and 7,000 cots. President Coolidge yesterday ordered the army transports St. Michael and Kenowis to San Juan with 1,250 tons of food on board.

The Bridge will carry a full personnel of doctors and nurses from the army and Red Cross workers under the direction of Miss Pansy Besom, former superintendent of Red Cross nurses in the Philippines. They will augment a unit already en route for Porto Rico on the destroyer Calmer, in charge of Henry M. Baker, national relief disaster director.

Miss Elizabeth G. Fox, chief of Red Cross nurses, left Washington with an assistant last night for Jacksonville, Fla., to take charge of a staff of six workers from national headquarters which started for the Florida city on Sunday. Red Cross chapters in Florida have been given orders to mobilize their relief facilities and administer them where needed.

Two Children Hurt When Run Over By Auto Here Monday

Jane Rowlett, seven-year-old daughter of Mr. and Mrs. C. B. Rowlett, was painfully injured when backed into by an automobile while playing in front of the home of her parents on Fourth street yesterday afternoon. Tom Rowlett, two-year-old brother, was also run over, but his injuries were not quite as painful as those of his sister.

It was at first thought that the little girl's injuries were of a serious nature, but an X-ray examination at the hospital to which she was carried immediately after the accident, failed to reveal broken bones or internal injuries. An abrasion on the head was the extent of the boy's injuries.

Lawn Improvement Meetings Will Be Held Over County

By ETHEL NICE (Home Demonstration Agent)
Miss Ella G. Agnew, editor of the woman's department of the Southern Planter, was in Pitt county Friday, Saturday and Monday. Miss Agnew's visit at this time was for the purpose of interesting Pitt county folks in home lawn improvement. Dr. Carr assisted in several meetings and some very interesting and practical suggestions were made by both Dr. Carr and Miss Agnew. Meetings were held for the Stokes, Ayden, Winterville, Renston and Greenville clubs. Miss Agnew urges that each person starting lawn improvement accomplish four things during the next 12 or 18 months. First, she urged that each house have an underpinning. Next, a foundation planting that is simple and well arranged in color harmonies. As a third step, green grass that is unbroken by flower beds (All flowers should be in one plot, either at the back or on one side). And last, outline the lawn with fence or hedge.
A county-wide lawn improvement contest is open now and circular letters with information are being mailed out to all club members. Any others wishing this information please call or write to this office.

Storm Warning.
Washington, Sept. 18.—(AP)—The weather bureau late today issued the following storm warning:

Asheville Woman Commits Suicide

Asheville, N. C., Sept. 18.—(AP)—A small caliber pistol clutched in her right hand, a bullet hole in her head, Mrs. Alice E. N. Hutchinson, Asheville newspaperwoman and publicist, was found dead today in her apartment in the Frances apartment building on Cumberland avenue. Coroner John L. Carroll, investigating, pronounced the case a suicide.

The body of Mrs. Hutchinson was discovered by her room mate, Miss Margaret Pearson, whom she had telephoned Sunday night in Washington that she was ill, asking Miss Pearson to return to Asheville at once. There were no notes or indications of any kind, officers said, as to why Mrs. Hutchinson took her own life.

Chicken Souffle, Serving Eight

(This is most delectable)
1-3 cup butter or chicken fat;
1-2 cup flour; 1 cup milk; 1 cup chicken stock; 1 teaspoon salt; 1-4 teaspoon paprika; 4 egg yolks; 2 tablespoons finely chopped green peppers; 2 tablespoons finely chopped red peppers or pimientos; 2-12 cups diced cooked chicken; 4 egg whites, stiffly beaten.

Melt the butter and add the flour, blend and add the milk and chicken stock. Cook over a moderate fire and stir constantly until a thick creamy sauce forms. Add the salt, paprika and egg yolks and beat for two minutes. Fold in all the rest of the ingredients and pour into a buttered mold or baking dish. Set in a pan of hot water and bake in a slow oven for 35 minutes. Carefully unmold and serve whole or sliced. Surround with a thick white sauce and garnish with parsley.

DATE MUFFINS, SIXTEEN

(If there are any left, split and toast for breakfast or luncheon)
3 cups flour; 6 teaspoons baking powder; 1 teaspoon salt; 1-2 cup sugar; 2 eggs; 1 cup chopped dates; 1-1-2 cups milk; 3 tablespoons fat, melted.

Mix all the ingredients and beat for three minutes. Half fill well greased muffin pans and bake in a moderate oven for 15 minutes. Serve hot with butter.

To prepare the dates, cover with water for three minutes. They may then be easily separated, seeded and cut in small pieces with scissors which are frequently dipped in warm water.

Level measurements are used in all standard recipes.

TWO HUNDRED BABIES ENTER BABY CONTEST

Much Interest Manifested In Prize Baby Show By Pitt County Fair.

Over two hundred nominations were sent out today to babies all over Pitt County. These little ones were nominated by friends and well wishers of the little ones, and the way the responses to enter the little ones are coming in at Baby Show Headquarters is something wonderful.

Mr. Newcombe, the Director of this event, is looking forward to having at least five hundred babies in Greenville's First Grand Prize Baby Show, the County Health Department Physicians and nurses will begin the task of examining the little ones on health and beauty next Monday in the Special Clinic that is being arranged. The Chairman of the examining physicians is Doctor W. E. Futrelle, Chief County Health Officer. He will be assisted by Miss Lillie Fentress and Edna McKee. These young ladies are the County Health Department trained nurses.

The Registration Headquarters are open at 320 Evans Street from 8 a. m. to 8 p. m., daily. It is not necessary to bring the baby to headquarters to enlist it in the baby show, but it must be entered by one of the parents. There is no charge in any way to enter the little ones, and babies between the ages of three months and five years are eligible for entry. The babies are divided into five classes in this manner: 3 to 12 months in class A; 12 to 24 months in class B; 24 to 36 months in class C; 36 to 48 months in class D; 48 to 60 months in class E. In that way every baby has an equal chance in its own class. The twenty-one Loving Cups and Bank accounts with the \$50.00 in gold that goes to the Grand Prize Baby will be awarded on Friday afternoon, October the 5th, at two p. m. Every baby entered in this baby show has its photograph taken free at the expense of the Committee. The official photographers for this event are the Baker Photographic Studios across the street from the baby show headquarters which is located in the Merchants Association Offices. Every mother and father owes it to their baby to enter it in this Grand Prize Baby Show, for no other reason than to give the little one thorough physical examination, which is the strictest in America. A New Force In Commercial Transport

To the men who have used this truck they have found the means whereby heavy loads may be hauled long distances in a short time, the means to haul more loads at a given cost. They could see their dollars giving them greater distance, more time, more work each day—their dollars devoted to economical transportation.

The new truck is new in everything which is summed up in the word performance.

ABOUT TOWN

Two of the big features of the Pitt County Fair this year, said Haywood Fall today, "will be the elegant setting forth George Washington's visit to Pitt County and the 'baby show'."

While there will be hundreds of other features, such as agricultural exhibits, free acts, one of the largest carnivals in the world of midway, it is possible the two attractions mentioned above will really affect a greater percent of people. It is our intention to provide something of interest to people in all walks of life this time and it is believed we have accomplished this purpose.

"If you want to see the greatest fair in history of the county, come out during the five days the attraction is in progress and learn of what Pitt County is really doing in an educational, agricultural and industrial way."

"Don't forget the fashion display to be held by city stores tomorrow night, between 7:30 and 9:30 o'clock," members of the Merchants Association reminded many shoppers of the city today.

"We have prepared for one of the most extensive showings in history, and those who turn out will have the opportunity of witnessing the latest creations from the world's greatest style centers. Scores representing many different lines will take part in the display, therefore you will find lots of things to attract your attention."

"All of the business houses will be brilliantly decorated for the event. Turn out and witness this annual exhibition of the wares of local merchants."

"That was a nice entertainment the Rotarians gave the city teachers last night," mentioned a member of the faculty today, referring to the annual entertainment of teachers of city schools by the club last night.

"This affair is always looked to with great interest by the teachers and it is possible the Rotarians exceeded themselves in hospitality last night."

"The Greenville club is one of the finest in the country and has won considerable recognition by the erection of its own home—said to be the only one of its kind in the world."

"All roads lead to Greenville for a quiet of many miles," declared a prominent business man today, discussing the great scope taken in by the trade territory.

"Hundreds of people are trading in Greenville today who never traded here before this year. This fact is due mainly to the splendid reputation the city is establishing in fair dealing to its patrons."

"Greenville is truly becoming the 'hopping center of Eastern Carolina, and the outlook for still greater expansion in this line is brighter than it has been in years."

"Come to Greenville, Mr. Shopper, and be convinced of our ability to serve you with the same satisfaction of the larger cities of the state."

"The World's series will begin on October 4th, this season. Is the Reflector going to give playograph reports like it did in the series of the Eastern Carolina league?"

YANKS, CARDS NERVES ARE ON AN EDGE TODAY

By HERBERT W. BARKER (Associated Press Sports Writer)

With their contest rivals hanging on like grim death itself, dreams of dire disaster haunt the managerial bed chambers of Bill McKechnie and Miller Huggins.

Bill has his St. Louis Cardinals at the top of the National League standing and Miller, if he keeps his eyes on the level or slanted upward, can see nothing to rival his New York Yankees in the American League, but their advantage is so small as to make untroubled sleep a thing impossible.

It looks now as though neither is to get any peace of mind until September 20 when the big league season closes.

Taking advantage of the idleness of their only rivals, the Athletics yesterday, the Yankees pounded on four St. Louis Pitchers for 1 1/2 hours. It would seem, to account for the 12 to 2 score the champions piled up. Thus the half-game margin the Yankees enjoyed before the slaughter at St. Louis began, grew to a full game by the time it was over.

Jack Ogden started for the Browns but what with allowing 11 hits, nine runs and walking five men while his teammates were helping along the good cause with six errors, Jack came to the conclusion in the 7th inning that he was not exactly in his most effective form. Waite Hoyt shut out the Browns until the ninth when, for no apparent reason, Ralph Kress hit a homer with one on. It was Hoyt's 19th victory against six defeats.

Two other American League engagements saw the Washington senators trim Detroit 4 to 3 and move into fourth place when the Chicago White Sox could do nothing with Jack Russell and lost 6 to 3 to the Boston Red Sox.

But the National League situation remained unchanged when the Cardinals, New York Giants and Chicago Cubs turned in victories.

Jim Bottomley's 29th home run with two on in the 7th gave the Cards a 5 to 2 triumph over the lowly Phils.

The Giants remained only two games distant from St. Louis, by lacing the Pittsburgh Pirates 9 to 2.

The Cubs trounced Boston 15 to 5, to retain their third place position, a game and a half behind the Giants.

A five run rally in the eighth gave Brooklyn a 7 to 3 victory over the Cincinnati Reds, evening the series at one victory apiece.

TWINS AND POINTERS EVEN UP SERIES

High Point, Sept. 18.—(AP)—Snatching yesterday's affair 4 to 0, Winston-Salem moved the Piedmont League pennant series game with High Point here yesterday.

The fifth game will be played today at Winston-Salem. Each team is now credited with two wins.

Roy Sullivan, veteran right hander of the Twins staff, toyed with the powerful Pointer club, holding that gang to three widely scattered hits. Joe Acosta, who beat the Twins in the opening battle last week, was nicked for seven hits, one a home run by Gene Rye when Maltby on base in the sixth frame.

Besides hurling a splendid game, Sullivan drove in the first run of the game in the second inning when he doubled with one on the paths and two men out.

The Pointers were helpless at the plate and although Sullivan issued five base on balls they could not connect for hits with men on the bases.

Conklin is slated to work for the Pointers today, while Cy Smith will probably take the box for the Twins.

American League Loses Two Of Its Famous Figures

New York, Sept. 18.—(AP)—The American League loses two of its most famous figures with the retirement of Tyrus Raymond Cobb and Billy Moore.

Cobb's years of cracking out hits, scampering around bases and snaring four hits in the outfield have made the immortal "Ty" baseball "fame." He announced at Cleveland yesterday that he would retire at the end of the present season.

Moore's case is a baseball tragedy. Like a comet he swept over the American league sky last year—his first in the major leagues—taming rival batsmen with his far-famed "sinker" and giving valiant aid in the New York Yankees victorious sweep to the pennant and then to a world's championship.

Today Wiley was on baseball's voluntary retired list—a victim of a rare ailment that would not respond to treatment. On appearing chiefly in relief roles, won 19 games and lost 7 for the Yankees last year and led the league in earned run averages with 2.28 per game. He pitched and won one of the world's series games against the Pittsburgh Pirates.

Moore has suffered from a sore arm all season and has been of little use to Miller Huggins. At his home in Hollis, Okla., Moore may recover his arm but that is unlikely. He is 30 years old and those who come back at that baseball age are few and far between.

South Carolina Lady Then Tried Cardui and Says She Noticed Remarkable Improvement.

Anderson, S. C.—"I suffered a long long time, before I tried Cardui, and my only regret is that I did not know about it sooner," says Mrs. Lillie Pruitt, 130 "K" Street, this city.

"I was badly run down in health. My nerves went to pieces, and I had to go to bed. I was not able to do my house work for many months. I got so bad off, I could not bear to have anybody walk across the floor of my room. The least little thing upset me. Sometimes I became hysterical. I had had pains in my back and sides, and my head and limbs would take spells of aching, which almost set me wild.

"One day I was reading and I saw where a woman, who had a trouble like my own, had been relieved by Cardui. I decided at once to try it; so I began on a course of the 'Home Treatment.'

"It began to help me from the very first. I took Cardui regularly, for several months, and my improvement was so remarkable, that my family and friends were delighted. 'Cardui has no equal, in my opinion. I gladly recommend it to others.'

I had had pains in my back and sides, and my head and limbs would take spells of aching, which almost set me wild.

"One day I was reading and I saw where a woman, who had a trouble like my own, had been relieved by Cardui. I decided at once to try it; so I began on a course of the 'Home Treatment.'

"It began to help me from the very first. I took Cardui regularly, for several months, and my improvement was so remarkable, that my family and friends were delighted. 'Cardui has no equal, in my opinion. I gladly recommend it to others.'

South Carolina Lady Then Tried Cardui and Says She Noticed Remarkable Improvement.

Anderson, S. C.—"I suffered a long long time, before I tried Cardui, and my only regret is that I did not know about it sooner," says Mrs. Lillie Pruitt, 130 "K" Street, this city.

"I was badly run down in health. My nerves went to pieces, and I had to go to bed. I was not able to do my house work for many months. I got so bad off, I could not bear to have anybody walk across the floor of my room. The least little thing upset me. Sometimes I became hysterical. I had had pains in my back and sides, and my head and limbs would take spells of aching, which almost set me wild.

COCHET WINS TENNIS FINAL AT NEW YORK

Forest Hills, N. Y., Sept. 18.—(AP)—Wearing the championship of both the United States and France, Henri Cochet, one time boy on the courts at Lyons, today was sitting on top of the tennis world.

His hard won victory over Francis T. Hunter yesterday in the final for the American title rounded out a season's record more impressive than any other tennis player can produce and gave little more than a perfect claim to ranking as the number one player of the world. Not even his fellow "musketeer," Rene Lacoste, who was given the first place rank last year, has matched the 1928 accomplishments of Cochet, champion of two of the three great tennis playing nations, hero of the Davis Cup challenge round, and victor over America's first two ranking players, Bill Tilden and Frank Hunter.

To score the latest in this unmatched succession of triumphs, Cochet had to come from behind against one of the greatest last-ditch fighters in any line of sport. In the final for the United States crown yesterday Cochet dragged two of the first three sets, and then, in the emergency produced a flashing brand of net play which enabled him to sweep the two deciding sets for the match by scores of 4-6, 6-4, 3-6, 7-5, 6-3.

Light Damage At Wilmington From Windstorm

Wilmington, N. C., Sept. 18.—(AP)—Wilmington, Wrightsville Beach, Havelock and other localities of this State were sideswiped this morning by a heavy gale but escaped serious damage or interference with life.

A 50-mile wind that struck Wrightsville about 9:30 o'clock this morning was accompanied by torrential rains. Alarm was felt among summer residents at the beach and several cars were sent by the Tidewater Railroad but none left.

The roof at Lumina Park was raged and the fence about the park torn away. The highway between Seagate and Wilmington is usually a lake. Near Edna many acres of land were submerged, some to a depth of several feet. Dozens of houses were literally marooned.

E. F. Walker, manager of the Southern Bell Telephone company, reported that his company's principal damage was caused by interference with toll lines and wet cables.

Dr. Orr Dead At Charlotte

Charlotte, N. C., Sept. 18.—(AP)—Dr. W. W. Orr, pastor of the Associate-Reformed Presbyterian Tabernacle, died at his home here last night after a lengthy illness. He was 73 years old.

Funeral services will be held this afternoon.

Dr. Orr had been preaching for 46 years and for almost 40 years had held the pastorate here. He was active in his work up until 10 weeks ago when he was stricken.

He also was active in educational work and in 1879 organized the first high school in the State at Huntersville, N. C. At one time he was a professor at Elizabeth College.

Besides his widow he is survived by three sons, Dr. E. N. Orr, pastor of the A. R. P. Church at Gastonia; W. W. Orr, Jr., and Frank W. Orr, attorneys of this city; and five daughters, Mrs. E. M. Deaton and Mrs. O. A. Davis, both of Atlanta; Mrs. J. L. Browne, of Hendersonville; Mrs. W. V. Nairn, of Bluefield, W. Va.; and Mrs. Robert S. Hervey, of Pittsburgh, Pa.

Heavy Gale At Danville

Danville, Va., Sept. 18.—(AP)—Winds of gale proportions struck Danville early this morning and were continuing early today.

Weather conditions here were almost identical with those noted 24 hours after the last Florida hurricane, the Weather Bureau announced. Prospect for rain was immediate.

WITH JOHN ROBINSON'S CIRCUS

"No trouble at all, always willing to accommodate a nice girl" said Eva, giant elephant with John Robinson's Circus, and Alma Dedie, trainer of the big brutes was immediately curled in the trunk and lifted several feet from the ground.

John Robinson's elephants have always been noted for their remarkable training and the speed and agility they show in the rings. Capt. Bert Noyes has instilled much knowledge into the giant pachyderms and they offer unusual and vastly different routines.

John Robinson's Circus comes to Greenville for afternoon and night exhibitions on Friday, Sept. 21. An extra feature will be the appearance of Benson and Rush, the best trained baby elephants in the world.

Rome Pilgrims Hope to Get Off Today

Old Orchard, Me., Sept. 18.—(AP)—Delayed 24 hours by wind and fog in their contemplated departure for Rome, the four members of the crew of the Trans-Atlantic Bellanca monoplane Roma hoped to be able to get away today.

The fliers plan to drop a wreath of flowers in the mid-Atlantic in memory of Philip Payne, managing editor of the New York Mirror, and his companions who went to their death last year when their plane, the Old Glory, plunged into the ocean after a takeoff from this beach on an eastward flight.

The Roma expects to hold a course just south of the great circle route and to head for northern

Spain. The entire trip will be about 4,450 miles.

A radio set with a 2,000 mile radius will broadcast the plane's position hourly. The call number is WRCA.

Beside Cesare Sabelli, Commander, the crew comprises, Roger Q. Williams, pilot; Dr. L. M. Pisculli, New York physician and financial backer, and Pietro Bonelli, radio operator and navigator.

Storm Warning

Washington, Sept. 18.—(AP)—The Weather Bureau today issued the following storm warnings: "Advisory: Tropical storm central 8 a. m. near Savannah, moving north northeastward. Northeast storm warnings ordered north of Virginia Capes to Boston and warnings changed to northwest Jacksonville to Charleston".

Rainfall At Salisbury.
Salisbury, N. C., Sept. 18.—(AP)—Rain that began falling here shortly before midnight continued without letup today. No wind or violent storm has been reported.

Health Worker Collapses.
Gastonia, Sept. 18.—(AP)—C. K. Catlett of Raleigh, connected with the State Board of Health, remained semi-conscious today in a local hospital where he was carried Saturday. He came here Friday and collapsed the following day in the office of City Manager Struthers. Physicians were unable to say what caused his condition.

Rain At Hickory.
Hickory, Sept. 18.—(AP)—Overhanging clouds and fitful winds greeted Hickory at daybreak today. Light gusts of rains swept the city and the temperature dropped several degrees.

High Tide At New Bern.
New Bern, N. C., Sept. 18.—(AP)—Steadily increasing since early this morning, a northeast wind here at 10 o'clock this morning had gained a velocity of about 20 miles an hour. A heavy rain was falling and a high tide was running in the Neuse River. There were no indications of danger, however, unless the northeast wind should continue several hours.

Z. V. Ziegler Dies At Orangeburg, S. C.

Orangeburg, Sept. 14.—Special: George V. Ziegler, 66, prominently identified with the business interests of this city for a number of years, died at his home here at 4 o'clock Friday morning. The funeral services will be conducted from the First Baptist church in this city Sunday afternoon at 4 o'clock and the interment will follow at Sunnyside cemetery. Mr. Ziegler had been a resident of this city his entire life. Up until a few years ago he conducted a mercantile business here. On account of his health, however, he retired from active business. For about fifteen years he served as a member of the board of trustees of the city public school. He resigned this office about two years ago on account of his health, and at the time of his resignation he was chairman of the board. He was a member of the First Baptist church here and for many years took an active part in church work. Besides his widow, who was Miss Vince, of this city, prior to her marriage, Mr. Ziegler is survived by several sons and daughters, W. V. Ziegler, of Wheeling, W. Va.; Harold Ziegler, of Anderson, and Bruce Ziegler, of Detroit; Mesdames Ruth Sparks, of Jacksonville, Fla.; R. A. Wilson, of Asheville, N. C.; H. P. Anderson, of Detroit; J. H. Waldrop, of Greenville, N. C.; F. M. Blackwell, of Anderson, and Miss Pauline Ziegler, of Kingsport, Tenn. The deceased is also survived by one brother, J. M. Ziegler, and one sister, Mrs. J. O. Bryant, both of this city.—Charleston News and Courier.

HOOVER SAYS CAMPAIGN SHOULD NOT BE BASED UPON PERSONALITIES

By JAMES L. WEST Associated Press Staff Writer Newark, N. J., Sept. 18.—(AP)—Herbert Hoover today told a group of New Jersey Republican leaders that the present campaign for the presidency should not be based upon personalities, but upon issues. Making his second speech in Newark at the conclusion of a luncheon here, the presidential nominee made a brief talk in which he addressed to them a plea for party harmony in the state and liberally praised the record of President Coolidge.

Fifty-Mile Gale at Brunswick. Brunswick, Ga., Sept. 18.—(AP)—A fifty-mile gale lashed Brunswick for six hours last night. There was no loss of life and no injuries. Damage was comparatively small. The city was cut off today from communication.

Many Rumors Of Disorder In Spain

London, Sept. 18.—(AP)—A message to Reuters telephoned from Madrid shortly after 2 o'clock this afternoon stated that Premier Primo de Rivera had not yet returned to Madrid from a visit to Barcelona and that the air was full of rumors concerning disturbances. One rumor was that the premier had been shot and wounded, but not killed, and another was that there was a rising in Barcelona. There were no signs of trouble in Madrid although the troops were confined to their barracks and it could only be surmised that the various rumors were due to hostile machinations, however, they were stated to be unusually strong and in any case were given from Madrid with every reserve. A dispatch to the Associated Press, filed from Lerida, near Barcelona at 9:27 o'clock this morning said that Premier Primo de Rivera would not return to Madrid for several days. The message said that the premier, accompanied by the military governor of Catalonia, was enthusiastically received at Lerida where the troops stationed there paid honors to them. The premier planned to go to the Valley of Aran today, proceeding as far as Puenteleite, near the French border, returning tomorrow to Lerida and then continuing back to Madrid. For the past week or more many rumors of plots and counter plots in Spain have been in circulation. While the premier was in Barcelona yesterday the Associated Press interviewed him regarding these reports and he stated that all these rumors were false.

CARNES BELIEVED SEEN IN TRANSYLVANIA COUNTY

Brevard, Sept. 18.—(AP)—V. B. McGaha, former sheriff of Transylvania county, is sure that he saw Clinton S. Carnes, missing treasurer of the Southern Baptist Board of Missions, for whom a nationwide search is being conducted, on the Caesar's Head highway, about five miles from here, Sunday afternoon.

Carnes was headed toward Greenville, S. C. at the time, McGaha said. No one in this section has reported having seen the man believed to have been Carnes since that time.

Carnes asked McGaha, the latter said, some question about the highway direction, and McGaha engaged him in conversation. Becoming suspicious, he asked the man his name and was told, "I lost my name sometime ago." The man then drove off, McGaha said. The former official hurried into Brevard to get another look at Carnes' picture and was convinced he had been talking with Carnes. He drove back out the highway, but was unable to locate the man.

GORMAN'S MARKET REPORT

Our Monday's sale was the largest we have had this season and was very satisfactory. We sold from wall to wall.

Table with 2 columns: Description and Amount. Total pounds in the sale were 327,704, which brought \$54,160.62, averaging \$16.53. In the sale was 34,186, which brought \$ 1,449.37, averaging \$ 4.03. Leaving 293,518, which brought \$52,711.25, averaging \$17.95.

All grades showed more strength than at any time this season. As usual, we had lots of low grades and there was much damaged tobacco. Work your tobacco dry, be careful and throw out moulded leaves, one moulded leaf left in, can cause several bundles to mould and ruin the sale on the pile, if it is drawn by the Buyer, as he can not tell how much more is in the pile. Your interest is our's and if it is more money you want (the top of the market) send your tobacco to GORMAN'S. We know tobacco and have nerve enough to back our knowledge. Come see our sales, (this is free and you will find plenty of space to park your car or truck), or talk to some of our many satisfied customers and you will be convinced that it will pay you to sell the balance of your crop at GORMAN'S. We have first sale Wednesday, Second sale Thursday, First sale Friday, Second sale Monday and First sale Tuesday.
