SEE VICTORY FOR SMITH IN WEST TODAY

Believe Democratic Nominee Will Get LaFollette and Davis Support.

By BYRON PRICE (Associated Press Staff Writer)
Salt Lake City, Utah, Sept. 27.—(AP)—An interesting mathematical theory lies behind the Democratic bid for western electoral votes in 1928. It is that Governor Smith, once his views have been presented fully to the western electors, will win the bulk of the support that went to Senator LaFollette in the three-cornered campaign of 1924. Adding this to the vote given John W. Davis, the democrats arrive at a Smith victory in a number of states which Coolidge carried without having a clear majority over the combined vote of his opponents.

This, it should be understood, is purely a Democratic thesis, to which the Hoover managers do not subscribe. The Republicans deny that the LaFollette vote, or even the western "Progressive" vote, can be treated mathematically as a unit, capable of transfer en masse from one allegiance to another. Republican posters say, furthermore, that most of those who voted for LaFollette were Republicans and that they naturally will return to the paternal heartstone now that the LaFollette party is no more.

The hopes of the Democrats in this matter have their beginning in the well established western urge toward "progressive policies"—a term often used but variously defined. Roosevelt, always a westerner, selected the name "Progressive" for his Third party in 1912, twelve years before the same label was chosen for the Third party venture of LaFollette. The independent line of westerners who have been operating in the senate at Washington, go by name of "Progressives". It is the belief of the Democratic managers that before the campaign is over, Governor Smith will have given convincing proof of his devotion to "Progressive" principles, even though he does not agree with all of the planks of other "Progressive" leaders.

Chairman Raskob has told his subordinates in the Democratic national organization that he expects Smith to receive the support of 80 per cent or more of the "Progressive" vote. As represented by the LaFollette strength four years ago, the western regional headquarters of the Democrats here in Salt Lake City, after a canvass of LaFollette's 24 leaders in Idaho, declares that state Smith is assured of 100 per cent of the LaFollette following. In Idaho LaFollette ran second in the 1924 election, the vote being: Coolidge 69,000, LaFollette 54,000, Davis 24,000.

John Coolidge In Auto Wreck But Is Unhurt

New Haven, Conn., Sept. 27.—(AP)—Two persons were injured this morning in a collision of automobiles, one driven by Governor John H. Trumbull's personal chauffeur, and having John Coolidge, former President Coolidge, as a passenger, and the other driven by Fred Veno, who had his mother, Mrs. Veno, with him. The nos are in the hospital. Mrs. Veno has lacerations about the face and bruises on the body and a son with a possible skull fracture. Coolidge and the chauffeur were unhurt.

Registration Is About Complete At The College

With the exception of probably three scores of pupils who were water bound and detained for various reasons, registration is about complete at East Carolina Teachers' College. Regular registrations began yesterday and the registration is 863. The rooms in the old and new buildings are filled. More than a thousand students were refused admission for lack of room. For several years the college has had to accommodate more students than it accepted. The following are new officers employees of the college: Miss Mary Grace Wilson, Assistant Dean of Women; Mrs. Mamie Bradshear and Mrs. W. M. McInnis, additional assistants to the secretary; Miss Marie Rook, secretary to the President; Mr. Arthur A. Henderson, Steward.

Plans Solo Flight Across Atlantic

Harbor Grace, N. F., Sept. 27.—(AP)—A young British naval officer who believes in hunches was here today for a proposed solo flight across the Atlantic within the next fortnight. The death is favorable and he has a hunch he will attempt the flight; it is not he will pack up the weather is favorable and he can land. Commander H. C. MacDonald, 28 years old, whose chief aeronautical achievement was a flight from London to Bagdad, although he has only eight hours of flying to his credit, thinks he will be able to demonstrate that a British Moth plane, with a solo flyer, is able to stand up against Atlantic weather. He said that with this type of plane the only experience needed is good navigation, which his years as navigator on a British warship guarantee. He arrived at St. Johns yesterday from England, with his plane crated and ready for assembling. With him was a mechanic, A. F. Williams.

RELIEF WORK CONTINUES IN FLORIDA AREA

Death Toll In Hurricane Swept Section Today Had Reached 2,300 Mark.

West Palm Beach, Fla., Sept. 27.—(AP)—A stoic people who inhabit the hurricane devastated portion of Florida have counted their losses, and through tear dimmed eyes, smiled grimly as they went about restoration work today, while a condoling world continued to pour in its expressions of sympathy in the form of supplies and money to alleviate the suffering of the area. Faced by the task of burying or disposing of their dead, caring for those who have lost their homes and worldly goods, and rehabilitating the entire storm swept area, the people, through organized relief have worked for ten days toward bringing order out of ruin. Streets and highways, which a week ago were piled high with debris and bodies of the dead, in places have been cleared to expedite the work of relief.

While the number who died may never be known the death toll as compiled by the Red Cross and other relief organizations, stood at approximately 2,300. Property damage, ranging into the millions of dollars, cannot yet be definitely estimated.

Daily reports to the Red Cross indicated that the allotments for the \$5,000,000 relief fund would be over-subscribed in this state, and the outside world was making a generous response.

Meanwhile a delegation representing the stricken section have called upon President Coolidge to present to him a graphic picture of the desolation and horror of one of the country's greatest catastrophes. National headquarters of the Red Cross has under advisement a plan to ask the people of the country to give a fund of \$12,000,000 for permanent rehabilitation of the Lake Okechobee farm region, where hosts of lives were lost when the storm whipped the great shallow body of water over the countryside. Many of those people are destitute. If they are not permanently rehabilitated, it will take years for them to get back to normalcy, the Red Cross estimates.

WOMAN SHOT BY PROHIBITION AGENTS

Lorain, Ohio, Sept. 27.—(AP)—Miss Betty Heywood, 22, of Lorain, is in a serious condition in a hospital here from a bullet wound alleged to have been received when federal prohibition officers fired on a car in which she was riding early today at South Lorain. The prohibition officers alleged to have done the shooting were put in jail.

Max Gardner To Make Address In Raleigh Tonight

Raleigh, Sept. 27.—(AP)—Dr. E. C. Brooks, president of North Carolina State College, will introduce O. Max Gardner, Democratic nominee for governor, tonight when Mr. Gardner will make his first and only speech of the campaign in Raleigh. State College band will furnish music. The Democratic nominee will speak in the city auditorium where last night Frank R. McNinch, Charlotte lawyer and chairman of the Anti-Smith movement, spoke for two hours in condemnation of Gov. Alfred E. Smith, and in praise of Herbert Hoover.

LEAF SALES STILL HEAVY IN THIS CITY

Market Continues To Sell Over Million Pounds Of Tobacco Daily.

The Greenville tobacco market yesterday paid out to the farmers of this section the sum of \$182,543.27 for 1,954,922 pounds of tobacco, according to official figures made public this morning by K. W. Cobb, secretary of the Greenville Tobacco Board of Trade. The average on this amount was \$17.34.

Sales on this market have been increasing at the rate of over a million pounds a day, the total today reaching 17,561,096 pound mark. The goal for the season was placed at 70,000,000 pounds by tobaccoists at the beginning of the year.

It was stated that there was approximately a million, three hundred thousand pounds of leaf on the market today. Sales are expected to grow more heavy the next several days because of the improvement in the condition of flooded highways by heavy rains last week. Most of the highways in traffic country have been opened to traffic and tobaccoists stated that this would result in continued increase of the offerings on this market.

The quality of leaf offered for sale yesterday was described as inferior. This had much to do with the price situation, although good tobacco continued to bring high prices with the day's average only "lightly" under the highest of the season.

Farmers were again admonished to give more attention to marketing their crop. Wet, damaged tobacco should be held off the market until weather conditions justify re-working.

FAMILY FEUD HAS TRAGIC END IN IDAHO

Dairyman Kills Woman, Wounds Husband As Result Of Old Trouble

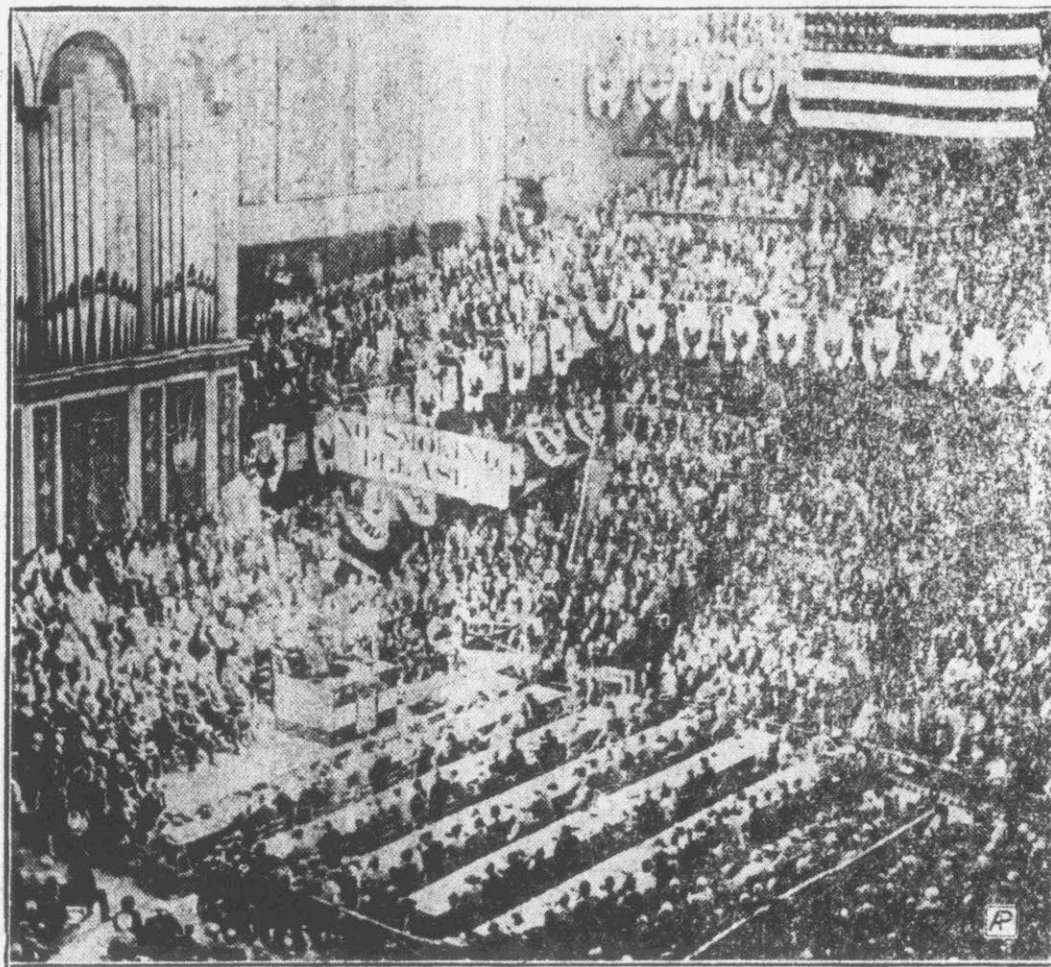

Twin Falls, Idaho, Sept. 27.—(AP)—A three-family feud over ownership of a road—a feud born so many years ago that the original cause has been almost forgotten—came to a swift tragic climax yesterday when W. O. Tharp, a 45-year-old dairyman, went over to Charley Bowen's house, gunning Mrs. Bowen was shot and killed in her own front yard. The first bullet broke her leg and she crawled toward the slight protection that a fence offered. It was there that two more bullets were fired into her body, killing her. The woman's husband ran to her aid and was wounded as he grappled with Tharp, the police said. During the hand-to-hand fight between the two men, Waleta, 14-year-old daughter of the Bowens, picked up the weapon with which her mother had been shot down and struck Tharp over the head. The blow did not incapacitate Tharp, police were told, and with Bowen helpless because of his injury, Tharp ran to his automobile and drove down the road toward the home of Harry Rose, head of the third family involved in the feud. At the Rose home it was again the woman of the house who met Tharp. Mrs. Rose, however, was armed and poured the charge of a shotgun into the Tharp car. Tharp was uninjured, and shortly afterwards arrested.

The immediate cause of the shooting, police investigation showed revolved about the children of the Rose and Bowen families. Waleta Bowen and the six Rose children had been attacked, according to the stories told officers, by Tharp and the Rose children, and Tharp had been reported to have sided against the Tharps years ago in the controversy over the private road, which led into their three small farms at the edge of Twin Falls. Minor outbreaks have been numerous, and the trouble reached the courts recently when Rose sued Tharp for slaughtering a calf which had strayed away from the Rose farm and onto Tharp's place. Mrs. Bowen testified against Tharp, who was assessed damages.

Mr. Hooks stated that he had been assured by State Chairman Mull that former Governor Cameron Morrison and Clyde Hoey would visit this community sometime in the near future. Both of these speakers are "stumping" in other parts of the state this time, and it was impossible to fix the exact date of their appearance here at the time the state and county chairmen were in conference.

Organization of county Democratic clubs was reported to be progressing nicely from the several precincts of the county today. It was announced that the Greenville club had already exceeded the five hundred mark with prospect of several hundred additions by the date of the election in November. Similar success has been reported

SMITH SPEAKING AT DENVER AUDITORIUM

View is of the Denver auditorium which was crowded for the democratic presidential candidate's speech on water power. The governor is speaking from a small stand in front of the huge organ. The enclosed space in front of him is the press section.

Two Prominent Women To Discuss Political Issues In City Friday

Mrs. Palmer Jerman and Miss Mary Henderson, prominent in the social and political life of the state, will speak at the new high school auditorium in this city tomorrow night at 7:30 o'clock, according to announcement made this morning by the Pitt County Democratic Executive committee. They will discuss issues of the political campaign now in progress throughout the county, and it is expected one of the largest gatherings of the present campaign will turn out to hear them.

It was at first announced that the speaking would be held at the courthouse, but members of the committee got busy yesterday and changed it to the new high school auditorium. It will be the first time a public gathering has been held in the high school building since its completion and those who attend the speaking will also have an opportunity of seeing the new auditorium at its best.

The county-wide speaking campaign was begun last night Judge W. A. Darden, of county court, spoke to a fairly large gathering at Pocoltus. Other speakers will visit precincts tonight and carry the message of Democracy that is expected to have such a vital effect in determining the November election. All of the speakers are from Pitt county, and consequently acquainted with local conditions. Talks will cover questions that have been controverted locally. Miss Nell Sattle Lewis, prominent Raleigh newspaperwoman, opened the campaign for women in Farmville this afternoon at three o'clock. This is the first time a member of the fair sex has lifted her voice in Pitt county and indications at the noon hour today were that the speaker would be greeted by a large audience.

He vigorously denied a statement he said was carried in newspaper reports quoting former Congressman Hallett S. Ward as charging that "Frank McNinch and Senator Simmons were secretly working with the Republicans. He challenged Mr. Ward to a debate on the matter and offered to submit to an examination under oath as to his position in the campaign.

Charging that Gov. Smith was not a Democrat, but a "Tammanyocrat," Mr. McNinch made his major assault on Governor Smith's stand on immigration and prohibition.

One of his chief thrusts against the New York governor was that he "appointed more Republicans and Independents to office in New York than he did Democrats," and cautioning North Carolina Democrats not to quit their jobs in anticipation of his election "for he might do the same thing in North Carolina."

The speaker was cheered at frequent intervals, especially when he referred to Senator F. M. Simmons as "that noble old Roman of North Carolina Democracy," and when he mentioned the name of Woodrow Wilson. A college student caused a stir in the rear of the hall during the speech when he entered with a Smith portrait, but it was short lived. POWER COMPANY GAINS CONTROL OF RIVER BED Raleigh, N. C., Sept. 27.—(AP)—The Virginia-Carolina Power Company today had a clear legal title to the possession of 97 acres of land in the bed of the Roanoke river, claimed by Job Taylor, as a result of a decision handed down here yesterday by the North Carolina Supreme court. The case had been before the court three times previously. Justice Connor, who wrote the controlling opinion, held that Taylor's claim to the property, based upon his placing of fish traps in the river, was not well founded because no continuous dominion was experienced by the claimant.

Fifty-seven Die In Explosion Of Powder Magazine

Melilla, Spanish Morocco, Sept. 27.—(AP)—The death toll in an explosion of a powder magazine which wiped out Fort Cacerizas mounted to 57 today, with 215 others in the hospitals. Most of the victims were soldiers.

More than a ton of powder was stored in the magazine when it exploded leaving only a huge hole in the ground where the fort had stood. The blast buried some fragments 500 meters. Only the walls of the barracks near the fort were left standing. All huts and cottages in the vicinity were razed.

ROOSEVELT HITS G. O. P. AT ATLANTA

Declares Party Is Hiding Its Rotteness Under Cloak Of Prohibition.

Atlanta, Sept. 27.—(AP)—The man who placed the name of Gov. Smith before the Democratic convention at Houston, in an address here last night, said the Republicans were hiding "their rotteness under the cloak of a prohibition issue," and defended the nominee from what he called a campaign of "slander and scandal."

Franklin D. Roosevelt of New York, came from his winter home at Warm Springs, Ga., to declare that prohibition was not a noble experiment but an "ignominious failure," and charged that a "total" campaign was being conducted against the Democratic nominee.

The Assistant Secretary of the Navy under Woodrow Wilson said vile pamphlets had been sent out attacking the religion of the New York governor. Republican leaders, while announcing they had nothing to do with this slander campaign, the speaker declared, "are glad it is going on. And I am, too. I wish I could put the slander and scandal sheets into every Protestant home in the country and thereby give Smith the nation's unanimous vote."

Mr. Roosevelt turned to avowed foes of the New York governor, naming Senator J. Thomas Heflin, of Alabama; former Congressman W. D. Upshaw of Georgia; and Dr. John Roach Straton of Calvary Baptist Church, New York; and Mrs. Mabel Walker Willebrandt of the Department of Justice, Washington, D. C.

"I pray," the speaker said, "that the Lord Almighty will spare Upshaw, Heflin and Straton until after the election. They are doing more than anybody else to make sure the election of Gov. Smith."

Starting off on a tack not covered in his prepared address, Mr. Roosevelt declared that the prohibition issue had been raised "as a coat of enamel to hide other sins and uncleanness."

As for foreign policy, the speaker said Smith would regain by fair dealing the friendship of foreign nations lost by Harding and Coolidge.

The prosperity claims of the administration, Mr. Roosevelt classified as without foundation.

Would Tax Guilty With An Extra \$1

Asheville, Sept. 27.—(AP)—Defendants who plead guilty or are convicted in criminal actions would be taxed \$1.00 in addition to the regular court costs for the police reserve and pension fund in North Carolina, under the terms of a resolution adopted by the North Carolina Association of Police Chiefs at their convention here yesterday. It was decided by adoption of the resolution to memorialize the State Legislature for passage of such a measure at the next session. Under the draft of the bill presented by the legislative committee the fund would be administered by a board composed of the attorney general of the state, the insurance commissioner and three other members selected by the Police Protective Association. The proposed measure received hearty endorsement in speeches at a banquet last night given the visiting chiefs by the Asheville police department. R. R. Reynolds, local attorney, who spoke at the banquet, advocated a civil service for police officers. This would guarantee them a place on the police force during good behavior and would remove their job from the realm of politics, he said.

SMITH ENTERS GRAIN BELT IN NORTHWEST

Democratic Nominee To Deliver Address At St. Paul, Minnesota Tonight.

By D. HAROLD OLIVER (Associated Press Staff Writer)
Governor Smith's Train Enroute to Minneapolis, Sept. 27.—(AP)—Bearing encouraging reports on the presidential political outlook in North Dakota, Governor Smith today entered the grain belt of Minnesota to make the fifth speech of his western tour at St. Paul tonight—a direct appeal for support from the mass of voters of the agricultural northwest.

Farm relief, the tariff and other allied subjects are expected to form the hub of the address. By working late last night as his train traversed the farming sections of North Dakota and western Minnesota, the Democratic presidential nominee completed a draft of his speech and was free today to engage in a round of activity preliminary to its delivery tonight in the St. Paul auditorium.

A parade and reception in Minneapolis and a press conference were on the program for the nominee, while a reception and luncheon had been arranged for Mrs. Smith and other women members of the party.

Many reports have reached Gov. Smith during his swing through this region that a majority of the 1924 LaFollette followers are lining up behind him, and his managers are frank to say that this part of the electorate is one of the chief Democratic goals in November.

Minnesota's 12 electoral votes went to Coolidge by a clear majority four years ago, LaFollette running second. Looking back, however, lieutenants of the New York executive point to the fact that Wilson lost to Hughes in 1916 by less than 500 votes.

Senator Henrik Shipstead, the only Farmer-Labor member of the senate, is up for re-election in the state, whose delegation to the Kansas City convention largely was for Lowden. The Democratic nominee in the senatorial race recently withdrew in favor of Shipstead, who has yet to announce whom he will support for the presidency.

Magnus Johnson, former Farmer-Labor senator, is out for Smith's election. Crowds at half a dozen cities in North Dakota turned out to cheer the nominee and shake his hand, as they appeared at Mandan, Bismarck, where the nominee detained to visit the state capitol for a call on Gov. Walter Maddock and the executive mansion to pay his respects to the widow of the late Governor Sorlie; Jamestown, Valley City and Fargo.

Between Bismarck and Jamestown, the entire party on the train, from the nominee in the rear car, to the engineer up front, got off and stood alongside the observation car and the "St. Nicholas" for a group picture.

Large delegations of party leaders boarded the special in North Dakota, principally at Mandan, which is across the Missouri from the capital, and at Bismarck. Here Gov. Maddock entrained and rode as far as Jamestown, where in a speech to a crowd from the rear platform, he introduced Gov. Smith as the "man who will sign the McNary-Haugen bill."

Charlotte Boys Stage Hold-Up At Portsmouth

Norfolk, Va., Sept. 27.—(AP)—John D. Belk, 18, who gave his address as (1102 Davidson St.) Charlotte, N. C., and Luciano Anthony Russo, 18, who gave his address as (1109 Second St.), also of Charlotte were arrested last night on a Norfolk bound ferry shortly after they are alleged to have held up a drug store on one of the busiest streets in Portsmouth. According to the report to the police, one of the youths held the proprietor of the store, H. T. Hanger, at the point of a pistol behind the prescription case while the other "waited on the trade" out in front, serving one customer a dish of ice cream. Hanger was made to lie on the floor while his pockets were rifled and the cash register looted. The pair then fled up the drugstore, turned on the lights and sounded away after going through the operation of closing the store for the night. However, the bonds were not tight and Hanger soon released himself and gave the alarm. The boys were arrested as they were in the act of leaving the city. About \$48 was recovered.

ROBINSON TO MAKE SPEECH IN MISSOURI

Democratic Nominee for Vice-Pres. To Speak At Three Cities Of State.

By WALTER CHAMBLIN (Associated Press Staff Writer)
Robinson Special Car En Route To Springfield, Mo., Sept. 27.—(AP)—Back in campaign harness after a brief period of rest, Senator Robinson today carried the Democratic banner toward Missouri, where a brisk fight is under way by both parties for the state's eighteen electoral votes.

The state has been put down by Democratic leaders in the column of those they expect to carry and to give additional punch to the fight now in progress, the vice-presidential nominee has been summoned to rake the enemy camp with three verbal broadsides to be led on successive nights at Springfield, Kansas City and Columbia.

In opening his attack at Springfield tonight the senator has indicated that he will devote a part of his time to the review of the record of Governor Smith on legislative affecting women. While resting in the Ozark Mountains near Hot Springs, Ark., the first part of the week he spent some time collecting information on the subject and it is more than probable that he frequently will touch upon it during his trip through the west.

Kansas City where only a few months ago the Republicans selected Herbert Hoover as the party's standard bearer, has been singled out by the senator as a likely site from which to open up on what he regards as the short comings of Republicanism. Speaking there tomorrow night he will have a nation-wide radio hookup, the second to be used by him since taking the stump.

Senator Robinson left Little Rock at 11:15 last night over the Missouri Pacific lines for Springfield. He found that his schedule called for several brief stops today along the route and word reached him that he could look for crowds to greet him along the way.

MR. AND MRS. BAILEY ARE SAFE IN CHINA

Canton, China, Sept. 27.—(AP)—Although no news has been received since concerning Mr. and Mrs. W. D. Bailey, American missionaries, it was believed today that they had passed safely through the bandit zone in Kwangsi province and were making for Kweilin. Mr. and Mrs. Bailey, who are missionaries of the Southern Baptist Convention, had left Wuchow for Kweilin when an English missionary, Miss Tobin was kidnapped by Chinese bandits. Miss Tobin was held in the English missionary's abductors.

Taxicab Windows Must Be Larger. New York.—(AP)—Beginning Monday, one day after daylight saving ends, taxicab windows must be larger, so large that the police outside can see what is going on inside. Curtains are forbidden. But there is no drive against petting. The police think the new regulations will help prevent crime.

A NEW YORKER AT LARGE

By G. D. SEYMOUR

New York—These are the Days of Awe, and a fifth of the population of New York's metropolitan area has withdrawn from the city's life to observe them.

They are the Jewish holidays, extending this year from Sept. 14 to Sept. 23—the days, in Hebrew belief, upon which is determined the fate of every Jew for the coming year. On Rosh Hashanah, or New Year's Day, the fate is written; and on Yom Kippur, the Great Day of Atonement, the fate is sealed—so runs the prayers: "who shall live and who shall die, who shall perish by water and who by fire."

They are holidays observed by every Jew in the world, but it is in New York that they attain the proportion of an event which affects the life of the whole community.

Scores of halls and auditoriums are converted into synagogues. Centors who are merchants or mechanics the rest of the year grow beards and don skullcaps to preside at the services and to chant the Hebrew prayers. The governor of the state issues a proclamation. Whole blocks of shops and stores in some sections of the city are closed and empty. And the Gentile knows, if only by the empty subway seats and the closed business places, that the Hebrew is at prayer.

Judism's Stronghold.

New York is often called the largest Jewish city in the world. It is, and by a tremendous margin. Its nearest rival in Hebrew population is Warsaw, Poland, and there live only 300,000 of the race—not a sixth as many as have settled in New York. In the east side, the Bronx, Washington Heights, Brooklyn, and every important residential section of the city they live—two million of them, almost half of the Hebrew population of the United States.

Some of these seldom enter a synagogue from one year to the next. Adapting themselves to the city's life, many Jews have abandoned religious customs not easily practiced here, and relinquishment of their orthodoxy has been attended by a growing carelessness of their faith. Only occasionally may be seen Jewish women who always keep their heads covered. Fewer are the men who never touch a razor to their beards, or who let the sidelocks of their hair grow long. Saturday, the Hebrew Sabbath, was widely observed a few years ago on the lower east side. Now it differs little from any other day.

Makehift Synagogues.

But on the high holidays every Hebrew is impelled to pray, and public halls are leased by racial lodges as houses of worship for those who cannot find room in the synagogues. Seats for some of these services sell at prices which would excite the envy of a ticket speculator. The money goes to pay the hall rent and the fees of the cantors, some of whom make hundreds of dollars during the ten-day period.

The services reach their peak during the two-day New Year's ceremonies and again on the day of atonement at the conclusion of the holidays. Between these days the Jew may go to business, but he spends hours at prayer, and when, on the last day, his fate is sealed, he returns to his shop or his desk or his counting house armed with piety to face the new year.

CAPTAIN WILKINS AND FIANCEE

Suzanne Bennett, whose engagement to Sir George Hubert Wilkins was announced on the eve of the explorer's departure for the Antarctic, was at the boat to bid him farewell.

Richard Halliburton, the famous lecturer, traveler and writer, will appear here in the spring. A winter season ticket will be sold for the above tour.

There may be other features added during the year, but this will depend upon the financial success of the numbers already engaged.

The committee has been working for months on the entertainment plans to secure the greatest attractions available, and to present a well balanced program.

The college is trusting that the people of Greenville will avail themselves of the opportunity of hearing these famous artists and will tell the people in surrounding towns about them.

Greenville should be the entertainment center for eastern Carolina. The College entertainment fund and the spacious auditorium make it possible to secure the artists and to accommodate the audiences.

The time and place for the sale of season tickets will be announced in a few days.

Blackmer's attorneys late yesterday filed suit for a redetermination of the back taxes, which blocks the government from taking court action to recover the eight million dollars until the redetermination petition is passed upon.

The petition was filed less than four days before the expiration of the three-month period allotted by law for taking such action.

Blackmer's connection with the Teapot Dome case was disclosed by the Senate investigating committee which revealed that he with Sinclair and three others, guaranteed the Continental Company's contract with the late A. E. Humphries of Denver, for the purchase and resale of oil, a transaction branded as corrupt by the supreme court.

The profits from the deal were converted into Liberty bonds a portion of which went from Sinclair to Albert B. Fall, then secretary of the interior, under whose department the naval oil reserve was leased to Sinclair.

Blocks Effort Of U. S. To Collect \$8,000,000 Taxes

Washington, Sept. 27.—(AP)—H. M. Blackmer, who has persistently refused to return to this country from France to testify in litigation arising from the famous lease of the Teapot Dome naval oil reserve, has prevented the government temporarily from bringing suit for the collection of more than eight million dollars alleged to be due in unpaid income taxes.

When Blackmer failed to appear for the criminal conspiracy trials of Harry F. Sinclair and Albert B. Fall, federal agents looked into the income tax returns for the years from 1916 to 1923. Upon the basis of their findings he was indicted for irregularities and the sum of \$8,408,935 was assessed against him.

Extradition proceedings were instituted which have not yet been passed upon by the French courts. In addition he was cited for contempt of court for his failure to appear in the conspiracy trial.

FLOOD FUND ON INCREASE HERE TODAY

Total Contributed To Hurricane Affected Areas Reaches \$527.89 Mark.

The local Red Cross fund for the relief of storm-stricken sufferers in Florida and Porto Rico today had increased to \$527.89, according to a report issued by Mrs. Thomas McGee, secretary of the Pitt County organization.

The largest contribution of the campaign was received today from Bethel. It was a check for \$110.00 given by the Methodist church of that place.

Mrs. McGee expressed appreciation of the splendid effort of the Bethel people to assist in relieving the awful conditions prevailing in the district affected by the hurricane.

The Pitt county quota was recently increased from \$500 to \$750, when the real seriousness of the Florida situation became evident.

Latest reports from the affected area stated that over 2,300 persons had been killed, with several thousands homeless. The Red Cross has one of the greatest tasks in years: caring for the dead, injured and homeless.

Efforts are now under way to effect complete rehabilitation of the sufferers and put them in position to take up their daily life under normal conditions.

Mrs. McGee said numbers of organizations of Greenville had not yet contributed to the cause and that when all checks are in it is believed Pitt county's quota will have been raised.

Recent contributions follow: Previously reported \$413.84 Bethel Methodist church 110.00 Mrs. Flossie Wheelmore 1.00 Cash 1.00 J. L. Wooten .75 Edward Bunch .50 Charlie Forbes .100

Tobacco Curing Barn of Concrete Tile

After using a concrete tile curing barn for two seasons, D. J. Grantham of Wilson, N. C., found he could save money by building all his curing barns of concrete tile. He says:

"A concrete tile barn is fireproof as well as permanent. It permits the use of less fuel—about half that required in other barns. It also permits absolute heat distribution which makes better cures."

"I would not have any other type of barn."

You too will find that the economy of concrete tile barns will increase your profits season after season.

Greenville, tomorrow night will be honored with two women speakers, Mrs. Palmer Jerman and Miss Mary Henderson, who will discuss the campaign issues, and it is to be hoped that these speakers will be greeted by large audiences.

Next Tuesday is the opening day of the Pitt County Fair, and it is to be hoped that every Greenville person possible will arrange to attend.

THE PUBLIC PAYS THE EXPENSE

The trail of the power propagandist has been followed in the investigations of the Federal Trade Commission into legislatures, public schools, colleges and universities, women's organizations and newspapers.

Witnesses representing the utility propaganda organization have confessed to the free use of money under pretext of paying for services rendered when the primary motive appears to have been the purchase of influence in the interest of the movement against any sort of government ownership or operation of utilities.

Passing over the matter of legitimacy, the record of the money spent in this way seriously raises the question as to whether or not the power combine is getting value for its expenditures.

To the power interests this appears to be a query aside from the point. The whole philosophy is embraced in the declaration of M. J. Aylesworth, former man-

aging director of the clearing house organization, the National Electric Light Association, who maintained that all the money spent was worth while.

"Don't be afraid of the expense," he told utility executives according to evidence Tuesday. "The public pay the expense."

Isn't it a lovely picture—the public mulcted to pay the cost of convincing it that it ought to submit peacefully to more mulcting?—News & Observer.

ABOUT TOWN

"Agricultural exhibits at the Pitt County Fair will be more extensive this year than ever before," E. E. Arnold, director of the Pitt County Department of Agriculture, told the writer of this column today.

"We have made an effort to outstrip last year's exhibits and it is believed we will do so without any trouble. Virtually every community of the county will have a nice exhibit, and these will graphically portray the progress which has been made in the great field of agriculture.

"People should not fail to visit the exhibit building and see exactly what our people are doing. It will be something of a revelation of unexpected development in this branch of human activity."

"The committee of safety in the pageant, George Washington's visit to Pitt County, will be composed of some of the leading business and professional men of the city," Mrs. R. L. Smith, director of the attraction, told us today.

"The entire pageant will portray in a vivid way the early life of Pitt county and should be a source of much interest to the hundreds of people interested in the historical setting of this thriving community."

"The attraction is staged independently of the fair, and there will be no extra charges to witness it. Be one of the hundreds to attend the fair and see this wonderful display of local talent."

"Congressman Lindsay Warren, of Washington, will open the political campaign in Ayden tonight," W. E. Hooks, chairman of the Pitt County Democratic Executive committee said this morning.

"We are expecting a big crowd to turn out and hear the distinguished representative of the First district. He is a speaker of known ability and sufficiently well versed concerning the present campaign to discuss the issues in an informative and interesting way."

"Ayden people are expected to turn out in large numbers and in this way lend their support to the chairman for Democratic supremacy of Eastern North Carolina."

"E. G. Flanagan, prominent banker and business man of Greenville, who has taken an active part in promoting the Democratic nomination of president of the United States, believes the address of General Tyson here the first of the week did much to further success of the party in this section."

"General Tyson cleared up many doubts about Mr. Flanagan said today, 'and in my opinion there is no question but that his plea for united stand of the party in the forthcoming election will meet with gratifying results."

"General Tyson is a native Pitt countyman and Pitt county people are proud of him. He is one of the many men who left this county years ago and went out into the world and made a success. The state of Tennessee has conferred many honors upon him and he is deserving of every one of them."

"The Pitt County Fair opens next Tuesday," stated Haywood Dail, secretary, today.

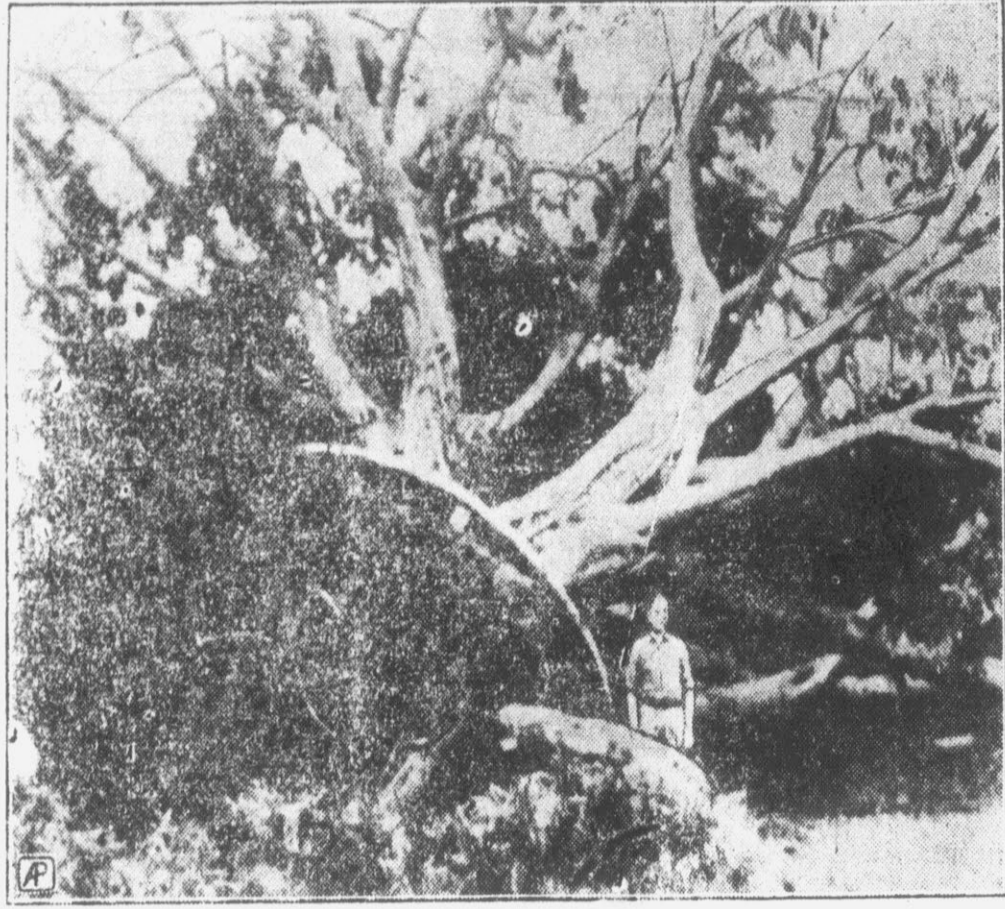

"The gates will open on one of the greatest fairs the county has ever had before and several thousand people are expected to be in attendance every day it is in progress."

"Exhibits of every description will be extensive and free attractions will be many. It is hoped everybody that can will turn out and see the resources and possibilities of the county as reflected in the hundreds of things to be shown from day to day."

"Greenville is certainly growing," declared a visitor here today, who had not been here before in two years.

"I don't know of any town that has experienced more pronounced growth in the last several months. I was indeed surprised at the way the residential section had spread out, especially in the eastern section of the city where growth is more pronounced."

springing up from time to time it is natural to assume that the town will continue to grow just as rapidly in the next several months. It has the right kind of business men and that is what it takes to make a locality develop as it should."

that text when he came to deliver the speech. He covered the same points, but set his remarks to words suggested by the moment. It caused considerable confusion among the reporters who had sent off stories based on the advance matter only to find more snappy expressions of the same ideas in the actual speech itself when delivered, but that happens frequently to reporters and they get used to it.

Donovan "Insider"

Going back to the Hoover campaign establishment, Assistant Attorney General "Bill" Donovan seems to be very much in the inside ring of Hoover advisers. Those who made the pilgrimage to Palo Alto and back with the Republican nominee regard the Hon. William J. as about the most authentic source of information as to Hoover views and campaign strategy plans. In fact, they have already named Donovan as successor to Attorney General John Garibaldi Sargent if Mr. Hoover wins.

A personal experience will prove to you its performing leadership

We invite you as our guest to a personal demonstration of the Hudson Super-Six. We want you to learn how Hudson can do easily many things which you would not expect any other car to do at all.

Knowing that we are to prove all we say, we assure you that from the moment you take the wheel you will be conscious of a performance entirely distinctive from ordinary motoring.

In all Hudson does there is effortless ease. There is no motor labor—no sense at all of the mechanical. And whether in city driving or in high sustained speed over country roads its action and comfort are the very luxury of motion.

And though Hudson thus leads in its general output of power, you can expect a fuel economy of around 15 to 18 miles per gallon! Thousands of demonstrations support this average.

New riders and new buyers are saying, "There is no performance like it in the world."

FINE PITCHING EXPECTED FOR WORLD SERIES

By ALAN J. GOULD (Associated Press Sports Editor)

New York, Sept. 27—(AP)—A famous manager once declared pitching to be sixty per cent of the world's series battle. Most of the championship history bears this out, punctuated as it has been by the feats of Mathewson, Combs, Babe Adams, Chief Bender, Coveleskie, Johnson, Alexander and Pennock.

No matter how the stirring pennant races finish there should be a number of pitching thrills, whether it turns out that Larry Benton faces Waite Hoyt or Lefty Grove, or whether old Pete Alexander matches his cunning with old Jack Quinn or George Piggas.

All four of the pennant contending clubs have great sharpshooters but the Cardinals and Athletics have expended more on their moundmen than with the Giants or Yankees. Both the Cards and while the two New York clubs have A's have wealth of box material had to rely on two or three stars. The Yankee staff, in fact, has been pretty well shot to pieces this year and even its reliables, such as Hoyt and Piggas, are telling the effects of overwork.

Larry Benton's great twirling did as much as any single factor to keep the Giants in the race. He has won 30 games. He had a lot of help most of the year from Freddy Fitzsimmons, who has won 20, but lately Fitz has fallen off, being unable to finish the last two games he has strated. To the rescue has come young Karl Hubbell, the sensational Texas league recruit, who beat the league-leading Cardinals twice in a row last week. Hubbell has real grit to go along with his pitching stuff. He will bear watching if he gets a chance to work in the series.

Joe Genewich and Jack Scott, who was a hero of the 1922 series for the Giants, are in the second line of McGraw's pitching defense.

The Cardinals have three veterans in Alexander, Sheredd and Barnes who know what the world's series battle is all about. Old Alex has earned a place alongside Bender as one of the greatest "money pitchers" of all time. If the Cards win out it would not be surprising to see these three bear the entire pitching burden, with Clarence Mitchell, Flint Rhem and a few others in reserve.

The Yankees, if they stick to the top, will miss Hero Pennock's crafty arm in the big battle. He hasn't pitched since late August. Wiley Moore, who was a big factor in the 1927 triumph of the Yankees, also is out of action. Hoyt, Piggas and Zachary have taken the burden. Henry Johnson is also available.

Lefty Grove, the Southpaw speed ball-king, and Jack Quinn, remarkable 42-year-old veteran, have been the mainstays of the Athletics. Connie Mack has a great relief hurler in Eddie Rommel and a flock of others to pick from in emergency—including Emske, Earnshaw, Walberg and Orwell.

Young Golfers Opposed By An Old Champion

Hot Springs, Va., Sept. 27—(AP)—A hopeful young golfer was opposed by a former champion today in each of the quarter-final matches of the Women's National Golf Tournament.

Heading the top bracket, Miss Maureen Orcutt, Englewood, N. J., links queen, was matched against Mrs. Dorothy Campbell Hurd, of Philadelphia, a three times American champion as well as a former holder of the British and Canadian titles. Miss Orcutt's brilliant game found worthy competition in the determined style of play that makes Miss Hurd a dangerous contender until the last hole.

Miss Marion Hollins, New York, found her way to a second championship blocked by a smiling young girl in white, Miss Virginia Van Wie of Chicago, a steady player as well as a great shotmaker. Battling against heavy odds in her second round match with Edith Quier, of Reading, Pa., Miss Van Wie squared the match at the eighteenth and called on her reserve strength for an eagle three at the 19th hole to overcome her opponent's birdie and win, one up.

Canada, represented by a vivacious little blonde, Miss Dora Virtue of Montreal, was considered far from out of the tournament, although Miss Virtue was paired with a former champion, in Mrs. George H. Stetson, of Philadelphia. The final match to leave the tee brought Miss Glenna Collett, one of the longest hitters in the game against Miss Virginia Wilson, of Chicago, holder of the Canadian championship. The Providence girl overcame Mrs. J. S. Diston of Philadelphia in the second round without giving her a hole, while Miss Wilson was turning back the California champion, Mrs. G. H. Fur, of Culver City.

GEORGIA TECH GREAT THREAT OF GRIDIRON

By HORACE C. RENEGAR (Associated Press Sports Writer)

Atlanta, Ga., Sept. 27—(AP)—Football precasters see a storm of "hot" intensity hovering over the football conference horizon these days—the golden tornado of Georgia Tech is gathering force.

A scattered few as usual will pound the anvil perhaps before the early October playing days are past, but this backdrop of Stumpy Thomason, Warner Mizel, Bob Randolph, Durant, Perham, Horn and Faust of last year's team, will not often be denied.

This is not to mention the latest patrol name at the flats. There was "Don" Amis, a few years ago starring in a yellow jacket; then "Raps" Hood had his day of glory on the line and now comes Father Lumpkin, a line-lifting, headlong, punting, squaring with the promise of becoming the most valuable of all Tech's football "pappers."

The only trouble expected for Lumpkin is outgrowing the great Randolph in 1927 football was a sensation at getting around in the right direction, and it is fullback Randolph's position, to which Lumpkin aspires.

Randolph, like Thomason, must sidestep faulty opposition before claiming a pace although it now appears both have broken through the class room interference and will be ready for opening game early October 6th, when Virginia military institute, as usual, comes to Grant Field.

Yet, with all these impressive names for a backfield, Coach William A. Alexander, director of Piggas maneuvers here, is taking no chances. It is scrimmage today and scrimmage tomorrow. Coach Alexander and Don Miller, the famous horseman a few years ago of Notre Dame who is now backfield tutor at Georgia Tech, are wasting little time—it's a steady grind of tackling practice, passing, punting plays and the usual tricks a backfield must perfect before getting well organized.

The story of Georgia Tech, however, is not confined to a great backfield.

There is the line. And what a line if such stays of last year's forward wall as Spear, Watkins, Westbrook, Drennon, Pund, Wadley, Holland, Risk and several others mean anything Tech's line is made as heavy. Averaging around 185 to 190 pounds from end to end this array will probably be the most experienced wall in the southern conference.

As for the end of position made vacant by the graduation of Captain Ed Crowley, Glenn Holland seems ready to take the opening. Wadley, a great defensive flanker, and not bad on the offensive, will be at the other wing.

Curtis In Oklahoma. Enroute with Senator Curtis in Oklahoma, Sept. 27—(AP)—Senator Curtis, the Republican vice-presidential nominee, came into Oklahoma today, a state which cast its only ballot for him for president at the Republican national convention, and started a three day visit contemplated to carry him into every section. The state's tour beginning almost at sundown today with an appearance at Miami where the Indians arranged a meeting, is a whirlwind finish to a whirlwind campaign of the west, begun two weeks ago by the veteran campaigner.

GIANTS STAND ON THRESHOLD OF PENNANT

The drama portrayed by baseball in the season of 1928 enters into its final scene where the great climax must be reached by nightfall on Sunday. It is decreed that on that date the curtain must drop on the current extravaganza, but it may be that this latest spectacle provided by the master dramatists of the game will yet eclipse anything that has gone on before. The Yankees have dragged themselves into Detroit with some trepidation regarding the final five games of the season, for all of the fact that three victories will put them where they cannot be caught, even if the embattled Mackens succeed in taking four straight from the White Sox.

Many things have happened to the Yankees in the last three unhappy (for them) months, and they won't forget this sixth pennant until they can feel it.

On the other side of the stage, the master showman of all prepared for the final stirring scenes designed to give his actors the front and center. John Joseph McGraw has no hundred million fans praying for his success, but he gets there just the same.

The Giants, now only a half game behind the Cardinals as a result of Dazzy Vance's brilliant victory in Brooklyn, are face to face with the Cubs four engagements, beginning with a double header this afternoon, and a pennant hangs from every pitch.

The Cubs remained theoretical in the running yesterday by taking a parting shot at the Phillies 6 to 3, while the Cardinals were losing and they plan to fight the game hard enough at least to keep John McGraw's boys out of the flag even though they realize it no longer is possible for Chicago effort to be rewarded with a championship. The Cubs could tie—if every thing combined in their favor—but the odds are about a million to one against.

While the Bruins are making threatening motions toward John McGraw's cherished ambition, the Cardinals will be in Boston, where they hope to fatten upon three games against the Braves.

The desperation, if any, attaching to the St. Louis situation at this moment was brought about yesterday afternoon upon the chilly reaches of Ebbetts Field. The disrespectful conduct of certain Bruins, notably Dazzy Vance and Gink Hendrick, toward their better bet to claim for it all.

Dazzy held the Cards to five runless hits, fanned seven to hit the 200 mark even if the season, and waddled impudently away with his 2nd victory, 6 to 1.

All of the American league teams enjoyed a day off yesterday in anticipation of the final surge scheduled to begin this afternoon.

Cold Wave When the first cold blast from the icy North hits you next Fall, then you'll wonder if your heating plant is all Okay.

And it's a safe 10-1 bet that the plant will not be in perfect order. Then you'll send in a hurry call, shiver for a couple of days or so, start the winter with a cold and a groan, and spend money you should have saved.

The time to have your heating plant repaired or altered—put in tune for the first cold wave—is now.

Have the work done now—when days are warm—and save shivers, colds, groches and dollars.

And another thing. Now is the best time—the save-you-money time—to have a new heating plant installed.

Tunney To Wed At 'The House of Tasso'

Rome, Sept. 27—(AP)—A dispatch to Il Messaggero from Sorrento says that the civil marriage of Gene Tunney and Mary Josephine Lauder, of Greenwich, Conn., will take place in Sorrento at the hotel "The House of Tasso" where the famous poet who wrote "Jerusalem" was born.

The correspondent pointed out that boxing had not been developed at the time of Tasso but that the poet did chronicle some fights between Saracens and Christians and a duel between Argante and Tancredi which was considered good enough as fighting.

The religious ceremony is likely to be held in the Sacristy of the Chapel of Mary, Star of the Sea. This is situated within the walls of the Hotel Tramontano, a sanctuary often visited by the late Queen Margherita of Italy and Ludwig, the mad king of Bavaria.

It is understood that the Podesta of Sorrento, Duke Giovanni Marcesca Di Serracaprio Della Salandra, has been approached to perform the civil ceremony.

Sorrento has never seen a prize fight or a world's champion, but was the favorite haunt of Ibsen and Gorky and other intellectuals.

Tuna Timbales Escalloped Potatoes
Buttered Cabbage
Peach and Pineapple Conserve
Bread

Head Lettuce and French Dressing
Orange Pie

Tuna Timbales, Serving Four
1 cup tuna, flaked with silver
fork; 1 cup bread or cracker
crumbs; 2 tablespoons finely chopped
celery; 1 tablespoon chopped
green pepper; 1-2 teaspoon salt;
1-4 teaspoon paprika; 2 eggs; 1 cup
milk; 2 tablespoons butter, melted.
Thoroughly mix all the ingredi-
ents and fill well greased timbale
cups (small molds). Set in a pan
of hot water and bake in a moder-
ate oven for 30 minutes. Let stand
for 5 minutes and loosen the edges
of the fish with a spatula. Slip out
into a platter and garnish with
parsley sprigs. These will give color
to the platter.

Peach and Pineapple Conserve.
Served on buttered toast for
breakfast, this is delicious.
4 cups peaches (peeled); 2 cups
lees fresh or canned pineapple;
1 teaspoon cinnamon; 1-2 teaspoon
cloves; 1-2 teaspoon nutmeg; 4
cups sugar; 1-3 cup lemon juice.
Mix all the ingredients and let
stand for 2 hours to draw out the
juices. Cook slowly and until very
thick. Stir frequently. Pour into
sterilized jars and when cool, cover
with melted paraffin.

Orange Pie Filling.
(This has a delicate flavor)
2-3 cup sugar; 1-3 cup flour; 1-8
teaspoon salt; 1-4 cup lemon juice;
1 cup orange juice; 3 egg yolks;
1-2 cup water; 1 teaspoon butter.
Thoroughly blend the sugar,
flour and salt; add the fruit juices,
egg yolks and water and beat for
1 minute. Cook in a double boiler
and stir frequently, until the filling
becomes very thick. It will require
about 20 minutes to thicken. Add
the butter and pour into a baked
pie shell. Cover with the meringue.
Meringue.
3 egg whites, stiffly beaten; 1-3
cup sugar.

Beat the egg whites until very
stiff. Add the sugar and beat for 2
minutes. Pipe roughly on the filling
and bake in a slow oven for 12 min-
utes.
To sterilize jars and glasses for
preserving, wash thoroughly in hot

water and soap. Rinse well. Place
the jars on a cloth in a pan filled
with cold water. Heat slowly and
allow to gently boil for 10 minutes.
This sterilizes the jars. During the
process of canning, the jars should
be kept in the boiling water until
used. They may be taken out with
a wooden spoon and filled immedi-
ately with the hot product.

When canning fruits and vegeta-
bles the jars and rubbers should be
kept in the boiling water until used.
The housewife must work
quickly and very carefully during
canning.

Use a spoon or spatula for turn-
ing broiling meats. If pricked with
a fork they will lose some of their
juices.

FOREST FIRE RAGES IN IDAHO TODAY

Wallace, Idaho, Sept. 27—(AP)—
Forest fires driven before a high
wind and described as among the
worst in this section in years,
menaced the area around Kellogg

The blaze, outside Kellogg was
out of control and early today had
covered more than six hundred
acres. Rangers said the town would
be in danger if the wind shifted.
More than 300 men have been

HOOVER NOT UNEASY OVER WHEAT BELT

Republican Candidate Feels Sure Of Support of The Farming Interests.

By JAMES L. WEST (Associated Press Staff Writer) Washington, Sept. 27—(AP)—While some pessimistic reports have come to Herbert Hoover about the present situation in the Northwestern wheat belt, where the McNary-Haugh plan of farm relief has had strong support, there were no indications today of deep concern at the general headquarters of the Republican presidential candidate.

The break in wheat prices came before Hoover visited Cedar Rapids a month ago and was one of the subject matters of the conferences which he had there with leaders from throughout the wheat belt. He left those conferences fairly well satisfied with the outlook for him in that section and the bulk of reports received since that time has not served to lessen his confidence.

At the start of the campaign the northwestern section was one that caused some Republican leaders anxiety, but since that time militant organizations have gone into operation and a concerted campaign has been waged. Hoover already has dealt with the farm relief problem in two speeches and it is likely that he will have more to say on that subject after the conclusion of his eastern campaign.

The route he is to follow on his journey homeward the last of next month has yet to be chosen. He has been urged to go into northwestern territory as well as to visit a number of cities outside of the wheat belt. He will make several addresses on the way and it will be that he will wind up the campaign with a further discussion of what has been one of the big issues.

For the present the Republican nominee is giving his attention largely to the East and South, where he will make at least three major speeches and a number of others during the next month. He now has completed the fourth important paper of his campaign—the text of the address he is to deliver in Dixie next month.

The text of the address was sent to the printer last night and Hoover had set aside much of today for correction of the proof, a matter he personally attends to since he makes frequent changes in the text after he has viewed the product in cold type. After this process of revision is completed, advance copies of the speech will be run off for distribution to the newspapers before the delivery of the address on October 6th.

While the itinerary for the southern trip has been approved and made public, the Republican standard bearer still is being urged to enlarge it so as to take in some of the cities in the valley of Virginia through which his special train will pass going to and returning from Elizabethton, Tenn. These include Charlottesville, Lynchburg, and Roanoke, through which, under present plans, the special would pass in the early morning hours.

After the Elizabethton address, the nominee will be urged to take a few days of rest and recreation, but whether he will be able to spare the time from the duties of directing the campaign still is problematical. If he does find time to get away from Washington the advice of his closest counselors will be to spend a few days fishing on Chesapeake Bay.

Guiding Your Child

OFF TO SCHOOL
By MRS. AGNES LYNE

When the child walks into school for the first time he walks into his own unpersonal life situation.

It is extremely important that he should like school, that he should make friends there, that he should achieve a creditable record. The way he acts in school is a pretty good indication of the way he will act all his life.

Here for the first time he must stand on his own feet, getting recognition only for what he does, being liked only when he is likeable. Here there is no mother to act as a buffer between him and the unbiased judgment of the world. It is a great step.

The child who responds well to the varied demands of school life speaks volumes in favor of his home training. Yet many a child who has back of him a wise mother is so temperamentally constructed that unless the situation is skilfully handled he is sure to find the first weeks of school something of an ordeal.

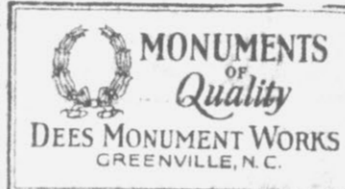

For most children the first day of school is a great event prepared for by new clothes suitable to the dignity of daily public appearance, by conversation over the dinner table, by the importance attached to the proceeding by older brothers and sisters, or by the children next door.

The little one should be started out equipped not only with his new outfit and his family's good wishes, but with the proper frame of mind. First and last his thoughts and feelings should be focussed on all the new and interesting things there will be for him to do. He should think of school as a place where he will hear stories and learn to read them, where he will play games with other children, where he will find more things to work and play with than he ever knew existed.

Too often the child, from parents and playmates, gets the impression that school is a kind of battlefield of competition for grades and honors. The usual school tends naturally to emphasize these things. Parents at least should start the child with his interest where it belongs—in doing, in making and in learning.

TERRIBLY ILL

Kentucky Lady's Health Was Very Bad. Had Severe Pains and Could Not Sleep.

Lexington, Ky.—Mrs. J. H. Nichols, who lives at 513 Elm Tree Lane, this city, says that Cardui has been of valuable assistance to her on two occasions, which she tells about below.

"Some few years ago, my health was bad. I had very severe pains in my sides. My nerves were in a terrible condition. I could not rest.

"The lower part of my body was very sore. I could hardly stoop over to lace my shoes. I would have to put my foot on a chair. I did not feel like eating, and did not sleep well at all at nights.

"A friend of mine recommended Cardui. I began taking it and saw quite an improvement in my condition. I kept it up until I felt strong and well."

About a year ago, Mrs. Nichols says, she found herself in a nervous, run-down condition. "I took Cardui again," she adds, "and it helped me wonderfully. It is a splendid tonic."

Thousands of women have written to tell how Cardui helped them to get rid of pain and suffering.

Cardui is a mild, medicinal tonic, made from purely vegetable ingredients. At all drug stores. NC-190

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Sept. 27. (AP)—The cotton market opened firm today at an advance of 18 to 21 points on a continuation of the recent buying movement, stimulated by apprehensions of rains in the southwest. Both trade and speculative interests were credited with buying on the advance, which soon carried the price of December contracts up to 19.16 and March to 19.06, the general list showing net advances of 20 to 30 points.

GRAIN MARKET

Chicago, Sept. 27. (AP)—Enlarged export business in North American wheat, together with a bulge in wheat prices at Liverpool, did much today to hoist the wheat market here. It was estimated that 1,000,000 bushels of wheat was taken today for Europe. Reports of crop failure and of impending famine in parts of Russia were current. Export business in corn was also noted, but the corn market, after touching a new high price record for the May delivery, sagged toward the last as a result of selling to realize profits. Wheat closed unsettled at the same as yesterday's finish to 1 1/2c higher, corn 3/8 to 7/8c off, oats unchanged to 5/8c up, and provisions varying from 2c decline to a 1/2c rise.

Table with columns for High, Low, Close prices for various commodities like Wheat, Corn, Oats, Beans, Lard, and Bellies.

STOCK MARKET

New York, Sept. 27. (AP)—Reversal of activity and strength in the railroad shares, presumably based on the announcement that freight traffic in the week ended September 15, touched a new high level for the year, featured the irregularly higher price movement in today's stock market. Violent reactions developed in a few specialties, but the general list pointed upward on buying and stimulated by a further easing in call money rates. Call money renewed at 6 1/2 and dropped to 6 around mid-day, with gains in the "outside market" reported as low as 5 1/2 per cent. Time money and commercial paper rates held firm but a larger supply of funds was available. Rumors of old imports from the Argentine materialized today when it was announced that a shipment of \$12,000,000 was being sent to J. F. Morgan & Co. to retire the Argentine loan, which expired yesterday and was not renewed because of the high interest rates prevailing here. Freight traffic in the week ended Sept. 15 totaled 1,138,321 cars, an increase of 10,669 over the corresponding week last year. Texas & Pacific assumed the leadership of the rail group by quickly climbing 1-2 points. St. Louis Southwest moved up 4 points, Union Pacific and Canadian Pacific each moved up 3 points and New York Central, Great Northern, preferred,
