WHITE ASKED FOR ANSWER TO QUESTIONS

Emporia Editor Given Something To Think About At Independence, Kansas.

Independence, Kansas, Oct. 19.—(AP)—The third congressional district Democratic committee of Kansas today announced that William Allen White, Emporia editor, had been asked to reply to nine questions when he appears here tonight to speak in support of the Republican presidential ticket.

The committee announced the questions would be published as an advertisement in the Independence Reporter today, and that a copy had been sent in advance to Mr. White, who recently assailed the political record of Governor Alfred E. Smith.

Some of the questions as announced by the committee, follow:

"Dear, unreliable, erratic Bill White:

"Following the precedent set by the Republican National committee in submitting the questions to the Democratic candidate for president, we are taking the privilege of submitting the following questions to you and would appreciate honest answers to the same. We realize that no one takes you seriously in politics, but we do enjoy hearing you talk and reading your fiction.

"1. What did you mean when you stated that Charles Curtis was a 'nitwit' and 'an errand boy in the senate for the railroads'?"

"2. You are reported to have said last year that Mr. Hoover was a 'third rate rascal'. When, in your judgment, did he become a full fledged rascal?"

"3. This summer in your article in Collier's Weekly, you said that Governor Alfred E. Smith was 'clean, honest and had the best brains of any man of this time in political life'. Does this qualify him for the presidency?"

"4. You are reported to have said that Tammany influences would control the actions of Alfred E. Smith if elected president. In his four terms as governor of New York, can you name a single Tammany person of his official cabinet?"

"5. You further state that association with Tammany would, in all likelihood, corrupt Governor Smith. Did association in the cabinet of the President, wherein one-third of the cabinet members were proved crooks and faithless to the government of the United States, corrupt Mr. Hoover?"

"6. Mr. Hoover could not have been nominated without the support of 'Boss' Vare and 'Big Bill' Thompson. Mr. Smith could not have been nominated without Tammany. How can you distinguish between Vare and Tammany in favor of Vare?"

Signatures of the district chairman and secretary appeared after the questions.

PRICES STILL FAVORABLE ON LEAF MARKET

Over Million Pounds Of Leaf Yesterday Averaged \$25.14 Hundred Pounds.

Prices picked up considerably on the Greenville tobacco market yesterday and the highest average price of the week, \$25.14 Monday, was registered, according to official compilation of the day's sales made public this morning by K. W. Cobb, secretary of the Tobacco Board of Trade.

The market sold a total of 1,083,000 pounds of tobacco, the farmers receiving checks amounting to \$27,451.31 for their offerings. The average for the day was given at 25.14 per hundred pounds, several cents higher than the two preceding days.

There was over a million pounds of bright leaf on the floors today, he report said, with indications that the market would be virtually cleared at completion of sales this afternoon.

While the price situation took an upward trend yesterday, it was noted that quality was decidedly off. Good tobacco continued to bring high prices and this swelled the day's average to no little extent.

Today's offerings were described as similar to those yesterday with the price situation expected to remain favorable.

The local market still holds its average of over a million pounds of tobacco daily and by completion of sales today is expected to be near the thirty million pound mark.

MacDonald's Wife Gets First Sleep In Forty Hours

London, Oct. 19.—(AP)—Ian MacDonald, five-year-old son of Lieutenant Commander H. C. MacDonald, happily played in his home today, too young to share in the general anxiety concerning his father, long overdue on an attempt to fly from Newfoundland.

SAN FRANCISCO MAN KILLED AND ROBBED

San Francisco, Oct. 19.—(AP)—Louis A. Larsen, 50, newly appointed sales representative of a St. Paul shoe company, was found dead in a street here last night. His widow said his employers had advanced him a considerable sum for expenses, and when only 25 cents was found on his body, police began investigation on the theory that he had been murdered and robbed. There were several cuts and bruises about the head.

ABANDON HOPE FOR SAFETY OF BRITISH FLIER

MacDonald Numbered Among Those Who Lost Their Lives Crossing Ocean.

London, Oct. 19.—(AP)—With every hour that passed today without news of Commander H. C. MacDonald, hope for the British airman's safety grew fainter until by mid-afternoon it had almost reached the vanishing point.

The chief ground for what hope remained was that he might have conquered the Atlantic with his Gypsy Moth De Havilland and launched at some isolated spot on the Irish or Scotch coast.

Apparently the only other change was that he might have been picked up by a small ocean craft unable to report by wireless. It was recalled that it was seven days after the beginning of Harry Hawker's flight before it was learned that he had been rescued by a Danish steamer.

London, Oct. 19.—(AP)—Flares that had burned all night at Croydon and other airdrome to guide Lieut. Commander H. C. MacDonald to a safe landing, were extinguished at dawn today and hope that he had survived went out of the hearts of many. It was the general belief that he had become the nineteenth person to perish trying to fly the Atlantic.

At the most his tiny Moth plane in which he risked his life in an attempt to fly alone from Newfoundland could hold only enough gasoline for 35 hours of flying and the 35th hour passed at 3:51 a. m. (10:51 p. m. yesterday Eastern standard time).

Airdrome officials were decidedly pessimistic regarding the airman's fate saying that there were only two slight possibilities now—that he had alighted on some remote island off the West Coast of Scotland or had been picked up by a boat unattended with wireless.

Another night of anxious vigil was spent by the flier's wife and she still clung to the slight possibilities as hopes.

Only once had MacDonald been reported since he left Harbor Grace, Newfoundland, Wednesday at 11:51 a. m. Eastern standard time. The Dutch steamship Hardenberg reported sighting of an airplane at 7:30 p. m. Eastern standard time, Wednesday, far north of MacDonald's course. The position given was 700 miles east and north of Harbor Grace and the airman had then some 1,200 miles to fly to reach Ireland.

The message came after 25 hours of complete silence and Mrs. MacDonald voiced its ominous import when she remarked:

"That is long time ago". Generally conditions at sea had been regarded as favorable for MacDonald's flight. When the French liner Paris reached Plymouth this morning the captain said visibility had been good for thirty hours, but that he had seen nothing of the plane. Yesterday morning when the airman's coming was awaited in Ireland, the weather was unfavorable there.

Enter Protest Against Injection Race Question In Presidential Campaign

Atlanta, Oct. 19.—(AP)—A protest against what it termed the injection of the race question in the presidential campaign by partisans of both major political parties was voiced in a public statement issued here today bearing the signatures of 45 prominent southerners.

"The undersigned southerners of the south, some of them supporters of one presidential candidate and some of the other, desire unitedly to voice this public protest against the injection of the race question into the present political campaign," it said.

"Had either political group alone been responsible for raising this subject we would hesitate to make this statement, lest it be thought partisan. But it is being raised by partisans of both sides, who for the purpose of driving voters into their respective camps, are, in our judgment, reopening the healing wounds of bitterness and hate.

"We believe these appeals are both irrelevant and dangerous. It is our hope that no one will be deterred by them from calmly considering the real issues and voting his honest convictions; and certainly that no one will allow them to iname his mind with antagonism toward our negro neighbors, who too long have been pawns in the game of politics. Any attempt to influence men and women with an issue to untimely is unworthy of the white man and unjust to all. If taken seriously, it is the sowing of dragon's teeth of which future generations must bear the harvest.

"Happily, we believe it will not be taken seriously. We believe our citizenship is too intelligent and too fair minded thus to sacrifice the cause of inter-racial peace and progress. We therefore call upon the leadership of the south—the pulpit, the press, the platform—and upon every right thinking man and woman among us to disclaim, discourage and discountenance such appeals to prejudice and fear, to the end that the gains of recent years in inter-racial good will and understanding may not be sacrificed to the passing interests of a political campaign."

Hickman Pays Supreme Penalty For Murder Of Little Marian Parker

San Quentin Prison, California, Oct. 19.—(AP)—William Edward Hickman was hanged here today for the murder of 12-year-old Marian Parker, Los Angeles school girl, whom he kidnapped last December. The trap was sprung at 10:10 a. m.

The youth who boastfully called himself "the fox" walked to the trap white, but with little other outward appearance of emotion, consistent to the last breath with the attitude he has played since he was arrested in Oregon.

The doomed man's father, Thomas Hickman, gave Warden James B. Holohan a signed order to deliver the body to a San Francisco undertaker, but the prison official declined to state where it would be sent. It was previously announced that the body would be taken to the East for burial, but the name of the town was not announced.

One of Hickman's last moments was the reading of a letter from his mother, Mrs. Eva H. Hickman, of Kansas City, delivered to him a few minutes before he was led to the gallows. He wept. It was his first time guards had seen tears in his eyes since his doom was sealed.

The contents of Mrs. Hickman's letter were not disclosed. Hickman received and read three other comforting letters from relatives during the morning.

There was a telegram from Rev. Edward Brady, in Rochester, N. Y., who was one of Hickman's first spiritual advisers after he entered San Quentin.

Hickman was pronounced dead at 10:25 a. m.

The kidnaping and killing of little Marian Parker in Los Angeles last December constituted probably the most diabolical and sensational crime in recent California history—it aroused the nation because of its brutality, lack of motive and utterly strange joy the killer took in basking in publicity following disclosure of the slaying.

Apparently untroubled by a conscience, the murderer, William Edward Hickman of Kansas City, approached death with only a perfunctory expression of sorrow that he had taken the life, then fiendishly hacked to pieces the body of a girl whom he did not even know.

Many alienists who examined Hickman failed to agree on the complex of the 21-year-old murderer, as there seemed no standard in American history upon which to base an accurate conception of the killer.

Apparently with no other motive than to commit such a glaring crime that he would go down in criminal annals as a master-minded criminal, Hickman climaxed a brief life of petty crime with the fiendish murder.

ONE KILLED IN CRASH OF BIG AIRPLANE

Seven Also Badly Hurt When Frightened Passenger Grips Controls.

Atlantic City, N. J., Oct. 19.—(AP)—A frightened passenger who gripped the controls of an airplane in which prominent bankers were making a sightseeing trip over Atlantic City was believed responsible today for the crash of the plane and death of one of the occupants and the serious injury of the others. Eight men were in the plane.

W. Octave Chanute, Denver investment banker, died in the Atlantic City hospital two hours after the crash. The passengers were delegates to the annual convention of the Investment Bankers Association here.

The injured are: Pliny Jewel, vice-president, Coffin & Burr, Inc., Boston, and former president of the association, fractured skull, condition critical. Thomas Dysart, president, Knight, Dysart & Gemble, St. Louis, and also a former president of the association, internal and other injuries, condition critical.

There were some others less seriously injured.

The plane, a sister ship of the trans-Atlantic Junkers plane, Bremen, was returning to the field after a flight over the city. Watchers on the ground saw it go into a tail spin when approximately 2,000 feet in the air, right itself, go into another spin and crash to the ground.

The charge that someone had "frozen" to the controls making it impossible for him to straighten the plane out when she went into the spin, was made by King, the pilot.

While being carried unconscious to the hospital he cried out, "Get away from those controls" and later after regaining consciousness told Walter Allen, manager of the Crescent Air Service, that someone had climbed into the other cockpit, "jammed the foot control and froze the rudder."

When the plane took off all the passengers were in the cabin, witnesses said, but after the crash one of them was taken from the second cockpit. His identity was not established.

The plane fell into telephone and telegraph lines before burying its nose in the marsh near the Florida avenue turnpike and that the soft condition of the ground is believed to have saved the lives of the other passengers.

AIR MAIL FLIER DIES IN PLANE CRASH IN PENN.

Burned Plant and Cremated Body of W. C. Hopsom Found Near Polk.

Polk, Pa., Oct. 19.—(AP)—The burned plane and cremated body of air mail pilot William C. Hopsom was found three miles east of here early today by searchers who sought out the plane after having received reports of flares having been dropped early yesterday.

Hopsom was flying the mail route between New York and Cleveland. He was to arrive in Ohio City at 3 o'clock yesterday morning. Yesterday residents of this town reported that at 2:00 a. m. they saw the plane traveling westward and that a bright light burst from the ship as it passed beyond a hill. The light was believed to be a flare.

Hopsom was out of the dangerous Pennsylvania Mountain region when he crashed. He passed over Clarion, about 30 miles east of here, almost on schedule time.

While yesterday's report of a light bursting from the ship was taken to indicate that Hopsom had dropped a flare in an attempt to find a suitable landing place, belief was expressed today that an explosion occurred while the plane was in mid-air.

CAPITAL CITY PLAYS HOST TO CREW OF ZEPPEL

Dr. Eckener and Associates Guests of President and Mrs. Coolidge.

Washington, Oct. 19.—(AP)—The official welcome of the National Capital was extended today to Dr. Eckener and four of his comrades on the Trans-Atlantic flight to the Graf Zeppelin.

The famous pilot and several of his associates were guests of President and Mrs. Coolidge at breakfast at the White House, where they met Secretary Wilbur, Secretary West, Acting Secretary of State J. Reuben Clark and the three Assistant Secretaries of Aeronautics, Warner, Davidson and MacCrackin, of the Navy, War and Commerce Departments respectively. Described as "a good old American breakfast", the menu consisted of melon, hot cakes, maple syrup, eggs and coffee.

Dr. Eckener was accompanied by Washington from Philadelphia by Count Alexander von Brandenstein-Zepplin, son-in-law of the late Count Zepplin, Staff Captain Ernst A. Lehmann, Colonel Emilio Herrera, of the Spanish air force, and Commander Charles E. Rosenahl, United States Navy observer in the Atlantic flight. Those meeting them included Dr. Otto Kiep, Charge D'Affaires of the German Embassy; Major Victoriana Casas, military attaché of the Spanish Embassy; and Major Frank N. Kennedy, of the United States Air force, who accompanied Dr. Eckener on the flight across the Atlantic four years ago of the Los Angeles, then the ZR3.

One of the delegations he received was a group of labor leaders, headed by John Fitzpatrick of the Chicago Federation of Labor, who called themselves the "Alfred E. Smith for President Union Labor League". The delegation, claiming to represent 500,000 trade unionists, presented the nominee a resolution attacking the Republican party on its farm relief, prohibition, labor and other stands and praising Gov. Smith's "profound humanitarianism" and "ideals of Americanism."

They were: Captain St. Roman, a French officer and Commander Mounievers, started from St. Louis, Senegal, on May 5, 1927, for Buenos Aires and never heard from again.

Captain Charles Nungesser and Francis Col. French, lost their lives trying to fly from France to America the same month.

On August 31, 1927, Captain Leslie Hamilton, Col. Frederick F. Minchin and Princess Lowenstein-Wertheim took off from Upavon, England, in the St. Raphael for Ottawa and disappeared.

SMITH WILL MAKE SPEECH AT CHICAGO

Democrat Silent About Line Of Attack He Will Adopt During Address

By D. HAROLD OLIVER (Associated Press Staff Writer) Chicago, Oct. 19.—(AP)—Still all on the line of attack he will adopt, Governor Smith today planned to put the finishing touches on the address he will deliver tonight in the 131st regiment armory in an effort to swing this normally Republican state in the Democratic column in November.

The Democratic presidential nominee put in nearly all of yesterday working on the speech and late last night completed a tentative draft. The first thing on his schedule today called for a revision of this rough outline and then for his participation in a two and a half hour tour of Chicago by automobile. Arrangements had been made for the procession to start from his hotel and to end there after a visit to Northwestern University at Evanston on the north and Chicago University on the south side of the city.

More than fifty miles of touring were on the program mapped out by a local committee.

The night speech of Gov. Smith will be the seventh he has delivered since his present swing through the south and border states of Tennessee, Kentucky and Missouri, all of which he feels confident of winning in the rapidly approaching national election. The address also will bring to a close his second extensive tour of the campaign.

Tomorrow will see him speeding eastward to prepare for his third and final campaign dash which will carry him down the Atlantic seaboard from Boston to Baltimore on the way east to Albany, he will stop late in the afternoon for an hour in Indianapolis, where Democratic chieftains have arranged a parade in his honor. It also is expected that the nominee will visit Tom Taggart, for years a power in the Hoosier Democracy, now in at a hospital.

Governor Smith's first full day in Chicago was spent almost entirely within the seclusion of the Congress Hotel. He received several Democratic leaders and delegations of well-wishers, and held a press conference, but devoted nearly all his time to tonight's speech.

One of the delegations he received was a group of labor leaders, headed by John Fitzpatrick of the Chicago Federation of Labor, who called themselves the "Alfred E. Smith for President Union Labor League". The delegation, claiming to represent 500,000 trade unionists, presented the nominee a resolution attacking the Republican party on its farm relief, prohibition, labor and other stands and praising Gov. Smith's "profound humanitarianism" and "ideals of Americanism."

Governor Smith can not discuss Tammany Hall", the former senator said. "He must divert public attention from it by charging every critic of Tammany Hall with religious bigotry, and Senator Simmons is justified in calling this cry of religious intolerance a smoke screen to keep Tammany out of sight and to divert attention from the purpose of Tammany to overthrow the national policy of prohibition."

The speaker said he intended to vote in his home state, and advised his hearers to follow the same course in North Carolina.

Each of his four grand parents has married after divorce, and a great-grandmother is living. His parents also have been divorced and remarried. His mother is Mrs. Bernice Smith, of Grand Island, and his father is Joseph Keown, of La Grande, Ore.

## Red Men To Begin Membership Drive

The local tribe, Improved Order of Red Men, is now launching a campaign for new members in the hunting ground in and around Greenville. This oldest, pure American organization, is in the front ranks with all great fraternalities, thereby making it possible to greatly increase the membership.

The Improved Order of Red Men is one of the four largest fraternal beneficial orders in the world. It is the oldest fraternal order, having its birth on American soil. Red men, through its national curement of legislation on the subject of child welfare and widowed mothers, pensions than any other like organization. The order is now caring for 3,143 orphans, and in the past ten years has expended \$1,693,793 for the orphans.

Membership in the Improved Order of Red Men demands no oath of secrecy or obedience; no oath is administered binding its members to any sect or creed; as they enter their wigwams, so they depart—free men. Its pledge of honor conflicts with no duty to church or state.

It holds its members to a full, such, only as a man of honor may rightly pledge and loyally keeps. It neither asks nor expects from its members perfection. One who speaks as man never spoke before hath said: "There is none perfect; no not one." The Improved Order of Red Men cannot hope to change the nature—selfish by instinct and brutal by choice—into one that is generous and forbearing, but it does make its members better men and better citizens.

## Fordson Tractors To Be Made At Cork

Detroit, Oct. 19—(AP)—The principal seat of the manufacture of Fordson tractors by the Ford Motor Company will be transferred from Fordson, Mich., to the company's plant at Cork, Ireland, by next January 1, it was learned today.

While no official statements were given out, it was said at the office of the company today that tractor production was not to be permanently abandoned in the United States although no tractors now being produced here.

Officials said they did not know when a new plant would be equipped and production resumed in this country, but indicated that the company is working on plans for a new model tractor.

Manufacture of the tractor at Fordson was discontinued about a year ago to allow more space for the manufacture of the new model A Ford car. The principal reason for the transfer as explained by officials, is that increased demands for tractors in Europe had made increased production overseas advisable.

Approximately 80 per cent of the tractor making machinery and equipment is being removed to Cork in Ford vessels, the first of which departed several days ago. The enlarged Cork plant is to be operated on a basis of two eight-hour shifts a day, turning out approximately 300 tractors daily.

favor an increase in immigration. Let me say: Neither do I, and neither does the Democratic platform." If Mr. Marshall believes Mr. Hoover we see no reason why he should not believe Gov. Smith. Gov. Smith says most emphatically that he does not favor any increase in immigration, and he even goes so far as to endorse the regulations placed upon immigration by a Republican Congress.

If plain, understandable English is to count for anything in this campaign let it register its force in checking the repeated allegation that if Gov. Smith is elected he will advocate a policy designed to let down the bars and flood this country with all the undesirables of Southern Europe. He says he does not favor an increase in immigration. The Democratic platform says it does not favor an increase in immigration. The only persons who say contrary are those who are opposed to Gov. Smith, and they, it seems to us, are without the facts.

**ABOUT TOWN**

**THE IMMIGRATION QUESTION**

With all this talk about Governor Smith desiring to let down the bars to immigrants and flood this country with undesirables and the latest campaign statement here that should the Smith policies be put into effect the present quotas would be raised from two to 46 per cent, let's get down to the real facts of the issue and see just where we stand and just what difference Gov. Smith would make in the immigration situation.

"Grimesland folks regret that W. A. Graham, commissioner of agriculture, was not able to speak in their town tonight," said a Grimesland business man in the city today.

"Commissioner Graham is considered an able speaker and his coming to Grimesland was looked forward to with interest by people of the section. As his injuries in the automobile accident are not considered serious, we are hopeful he will be able to fill the engagement at a later date."

"Pay your bills and get a good rating with the Greenville Merchants Association" is the advice offered by members of the organization in connection with "Pay Up Week," beginning November 1st.

"The association will compile a new list of all persons extended credit by merchants doing business with members of the organization. Those who fail to pay will be so rated that they will be unable to obtain credit from reputable firms. If you have any outstanding accounts, why not get busy at once and see they are settled up before 'Pay-Up Week' begins. It will mean much to you in the course of the year."

"Greenville people have been urged to turn out to see the high school football team in action on the home gridiron for the first time this season during the afternoon," said members of the organization today.

"The club is out for a new record this season. With proper encouragement from the public they will feel more like achieving their ambition. Should you not be able to attend this game, jot down the date of the next contest in your notebook and be on hand to cheer the boozys on to victory."

"Indian summer weather will soon come to a close," reminded the circulation manager of the Reflector today.

"The chill breath of winter will take the place of the balmy days and people will be forced to the fireside for evenings of entertainment." "Make your evenings more pleasant by having the Reflector at hand. If you haven't renewed your subscription, get busy and do so immediately and be assured of having the latest events of the day at your hand when supper is over."

"Food and feed crops is the program advocated by leading farmers, business and professional men of the county for next planting season," said a member of the Pitt County Department of Agriculture today.

"Acreage will be cut on the principal crops and extra acreage will be planted in the things which the farmer now gets from other sections of the nation.

"What is the use of buying from other localities when we can raise it at home? It looks like foolishness to do so, yet hundreds of growers in this thriving agricultural community have been doing it for years.

"Why not keep the food and feed-stuff money at home by raising your own needs? The experiment will be made by numbers of progressive farmers next season and good results are bound to be obtained."

"If you want to invest your money in a safe and sane way, buy Greenville real estate," is the advice of local realtors.

"Visit the numbers of residential sub-divisions in different parts of town and note the numbers of new houses under construction and those just recently completed. This will show you that the city is growing by leaps and bounds.

"The demand for the future will be just as great as the present. Greenville's growth is assured. Property values will not decline because of the constant demand of new people moving to the city.

"Put your extra dollars doing double duty by investing in some of the new developments."

"The American Legion's observance of Armistice Day this year will be marked by utmost simplicity," said members of the organization today.

"November 11th comes on Sunday this time and all churches of the city will join in our exercises to be held in the new auditorium of East Carolina Teachers College.

"Mr. Hoey is well known in the political circles of the state. He is a speaker of recognized ability and has received favorable recognition of the press wherever he has appeared.

"Greenville will turn out in large numbers and hear this exponent of Democratic principles in one of the greatest speeches of the local campaign."

# HARVARD TO GIVE ARMY HARD FIGHT

By HERBERT W. BARKER  
Associated Press Sports Writer

New York, Oct. 19.—(AP)—New England will be a mecca for Atlantic seaboard pigskin followers tomorrow with such outstanding attractions as the Army-Harvard Brown-Yale, Columbia-Dartmouth and Fordham-Holy Cross games.

The Army, given a rather large dose of forwards passes by Southern Methodists two weeks ago, will get similar treatment at the Harvard stadium where Arnold Horween has been spending the week developing an aerial offensive. The Cadets nosed out Southern Methodists by one point, but Horween has hopes of bettering the Texans' record.

After Yale's defeat of Fordham there are few to give brown more than an outside chance of beating Yale at New Haven.

Columbia must stop Al Marsters if he hopes to conquer Dartmouth at Hanover. Fordham's prospects on the other hand, will be to stop the hard-plunging Holy Cross backs.

West Virginia goes to the State capital, Charleston, to renew its feud with Washington and Lee, in an inter-sectional tilt.

Teams that have taken the most lickings over periods of years stand out as favorites to win in many of the traditional rivalries.

Here are the facts and figures on some of the outstanding series showing when they were started and how the games have gone:

Rutgers has won 12 games and New York University 10, with one tie, since 1895.

Harvard has won 13 games and Army none since 1895.

Washington and Jefferson have won ten games and Carnegie Tech one, with two ties, since 1906.

Syracuse has won three games and Nebraska two since 1917.

Holy Cross has won eight games and Fordham seven, with one tie.

Yale has won 27 games and Brown four, with one tie, since 1880.

Pennsylvania has won 20 games, Penn State seven and two were tied since 1890.

**Fugazy Game Fighter**

New York, Oct. 19.—(AP)—Humbert J. Fugazy is a lot gamier than some of the boxers who fight for him. Fugazy, Tex Rickard's rival in the gentle art of promoting cauliflowerers, has taken many a smack on the jaw from the weather man this year, but he shows no signs of being ready to quit. A torrential rain early last night forced Humbert to call off the ten-round battle between Paulino Uezudun and "Big Boy" Peterson at Ebert's Field, scheduled to close the outdoor season. It is set for tonight.

**RED GRANGE DOING SONG AND DANCE STUNT**

Chicago, Oct. 19.—(AP)—Harold "Red" Grange, the "galloping ghost" of Illinois football history, is now doing a song and dance act in vaudeville, but he may return to the gridiron for just one more game this fall.

"Some times I think I'd like to play one more game and some times I'm not so sure," Grange remarked between curtain calls yesterday. "at I suppose I'll wind up by crashing into a game sometime before the season is up. My leg that was hurt in a professional game last fall is all right and I am in good condition."

## MANY UPSETS EXPECTED ON THE GRIDIRON

By PAUL R. MICKELSON  
Associated Press Sports Writer  
Chicago, Oct. 19.—(AP)—So distinct are the odds in favor of three teams that Old Man Upset the mythical gentleman who has performed frequently on the gridiron so far this season, will have an opportunity for a big afternoon in the big ten tomorrow.

Only the four conference games, of the Indiana-Illinois contest is regarded as a toss-up by critics. Even in that game considerable surprise would be evoked if the Hoosiers beat the Illinois team for the first time in ten attempts since 1903.

Their ranks thinned by injuries and their morals lowered somewhat by defeats by South Carolina and Iowa, Coach Ames, Alvin Stagg and his University of Chicago Maroons invaded Minnesota today with defeat regarded as a foregone conclusion. Captain Saul Weislow, a dependable tackler; Rudy Levers, star fullback; Wayne Cassie, guard, place kicker, and Joe Garen, punter, were so badly injured they weren't even taken to Minneapolis, while several of the other stars may not get into the game. Minnesota, however, was virtually free of injuries and showed vast improvement in blocking and running interference.

Michigan defeated in its two games against Ohio Wesleyan and Indiana wasn't conceded much of a chance to defeat Ohio State at Columbus. Thirty-one Wolverines, accompanied by coaches, including Fielding H. Yost invaded Columbus. The game is expected to attract 92,000 spectators.

Wisconsin's 22 to 6 victory over Notre Dame has made it a favorite over Purdue. Coach Glenn Thistlethwaite, of the Badgers, has drilled them vigorously all week for the game, while Purdue has been throwing up a tight defense.

**Want Better Golf Balls**

Chicago, Oct. 19.—(AP)—The United States Golfers' Association is experimenting with golf balls of various sizes and weights with the intention of producing a better ball for all-around tournament play, but no change is contemplated before 1930. If then, Melvin A. Traylor, president of the association, reports, "The U. S. G. A. plans to make the golf ball a trifle larger and somewhat lighter if any change is made at all, Traylor said."

## Bucky Harris New Detroit Manager

Detroit, Oct. 19.—(AP)—Appointment of Stanley (Bucky) Harris as manager of the Detroit American League baseball team was announced today by Frank J. Navin, president of the local club. Harris, who led the Washington American League team to two pennants, and a world's championship title, succeeds George Moriarity, whose resignation was announced this week. The length of the Harris contract and its financial terms were withheld.

Part of the negotiations that bring Harris to Detroit involved the transfer of Harris said he would be in uniform daily, but would play on the Tiger team only in emergencies. Harris' selection was forecast almost with the close of the major league season this year when he came to Detroit for a conference with President Navin.

The rumors of Harris' selection were given added weight with announcement that Walter Johnson would take over the reins at Washington, followed shortly afterward by Moriarity's resignation here.

## MARYLAND IS OUT FOR FAIR GRID SEASON

(Note: This is the twentieth of a series dealing with Southern Conference football prospects.)  
College Park, Md., Oct. 19.—(AP)—Maryland's old liners, with a team that looks good for a fair season, probably will not turn in a record any better than the 1927—if as good. The first two games—both lost—tended that probability, but nevertheless they're nobody's push-over.

This backfield of Kessler, Roberts Radice and Snyder has proved versatile in many ways and always good for a scoring punch when down in the enemy's territory.

Coach Byrd, now in his sixteenth year as coach of the College Park team, however, expects a winner to emerge from the material now on the squad. Many of his players are letter men.

Dodson and Heagley, ends; Lombard and McDonald, tackles; Heinz and Crothers, guards; and Madigan, center, form a forward wall of some 180 to 185 pounds from wing to wing. The line is built around Heinz, Crothers and one or two sturdy men around center.

Byrd's team will not be passing team in the sense that the overhead attack will be the principal method of gains. Roberts, Snyder and Kessler circle ends and find holes too well for that. They will, however, slip passes of short length over opponents at frequent intervals as indicated in the North Carolina and South Carolina games.

In short, Maryland will use pass frequently and an end running attack to score most of the season and has reason to expect some victories before the campaign is ended.

# SAYS HOOVER HAS EVADED BIG ISSUES

## Josephus Daniels Fires Broadside Into Republican Camp At Birmingham.

Birmingham, Ala., Oct. 19—(AP)—An attack on Herbert Hoover, presidential candidate of the Republican party, was leveled here last night by Josephus Daniels, secretary of the navy in Woodrow Wilson's cabinet, who is on a tour of the South in behalf of the Democratic national ticket.

Coming here from Atlanta where on Wednesday night he gave twelve reasons for supporting Governor Alford E. Smith, Democratic nominee for president, Mr. Daniels last night enumerated twelve reasons why he said he could not support Hoover.

Daniels charged that the Republican presidential candidate "evades important issues," does "not ring true on prohibition," stood with President Coolidge on the Muscle Shoals policies of the administration, and "has become under the tutelage of Coolidge and Mellon and Varr, the spokesman of privilege."

Speaking in the Municipal Auditorium here, Daniels, who is publisher of the Raleigh, N. C. News and Observer, charged that Hoover "insured President Wilson to fix a price for the 1919 wheat crop at a large figure that denied the wheat growers \$200,000,000 which the national agricultural committee officially said they were entitled to receive, in view of the increase of all other commodities."

"No discipline of Jefferson," the speaker said, "can consistently vote for a man for president who promises to carry out the policies under which 3,000,000 mechanics and laborers walk the streets vainly seeking for work and industrious farmers must sell their products at prices which have brought poverty to millions of homes."

Among the reasons the speaker gave for his inability to support Hoover was his failure, Daniels said, to help preserve the Teapot Dome and Elk Hill oil reserves.

Mr. Daniels is to speak tonight in Nashville, Tenn.

## Minister Must Serve Sentence At Penal Farm

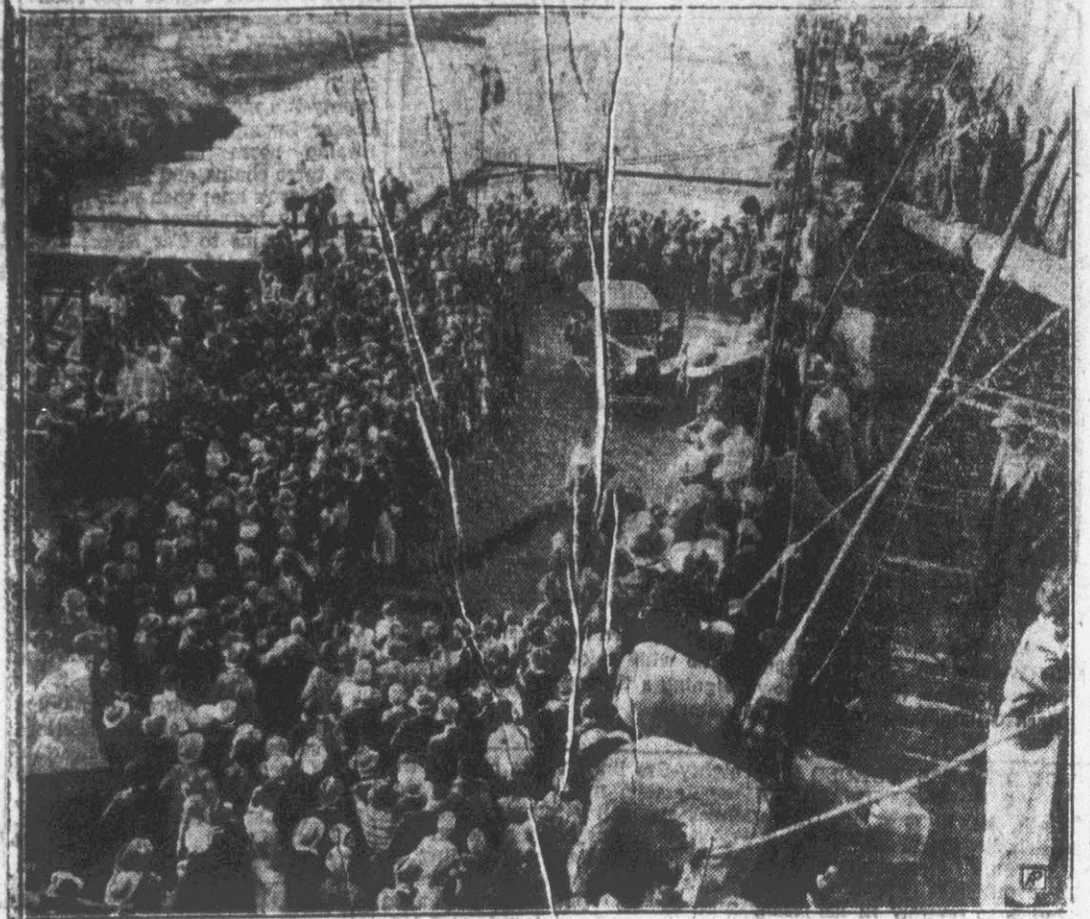

Indianapolis, Ind., Oct. 19—(AP)—Governor Ed Jackson today issued a pardon for Dr. E. S. Shumaker, superintendent of the Indiana Anti-Saloon League, who this morning was taken to the State penal farm to begin serving a six-month sentence for contempt of the Indiana Supreme court.

Indianapolis, Oct. 19—(AP)—The Rev. E. S. Shumaker, superintendent of the Indiana Anti-Saloon League under conviction for contempt of the Indiana Supreme court, today was to become a prisoner at the State penal farm, on which are confined several convicted of violating the "bone dry" law he helped write into the Indiana statutes.

The dry leader yesterday abandoned his fight against a 60-day sentence and a \$250 fine imposed by the Supreme court, which held him guilty of contempt in criticizing its decisions in liquor law violation appeals. His attorneys, however, indicated they might seek his release through Habeas Corpus action in a Federal court, on the contention he was illegally sentenced.

Dr. Shumaker goes to the penal farm without hope of a pardon from Governor Ed Jackson, he said last night, as he cleared his desk at the headquarters of the Anti-Saloon League which he has headed in Indiana for twenty years. He declared his opinion, when he said those that he did not have a "fair and impartial" trial, prevents the possibility of executive clemency.

## More Idle Hands?

Probably mechanical nickel-grinders will cost the jobs of the men in the subway change booths one of these days. At each of 176 subway stations two or more booths are maintained, and many of them have several men at work making change at the rush hours. They are an inscrutable crew, these human change-makers, sitting all day or all night in the dark of their barred and glassed cages, breathing the dry, vitiated air of the underground tubes, changing coins and bills into nickels with the mute exactness of the automatons which may some day replace them. Machines which do their work are being tried out even now at smaller stations between the owl-train hours of 1 and 6 a. m.

# Smith & Sugg and Greenville Market Leading Eastern Carolina

Prices with us this week have been on the top with strong advance in fine tobaccos. Wild and misleading newspaper advertisements have appeared from various markets, but the Government Report, recently sent out, shows Greenville market higher than any market in Eastern Carolina making complete reports, and the average made by Smith and Sugg was higher than any individual market, or all the markets combined. # BELIEVE FORD INTERESTED IN OCEAN AIR LINE

## Engineer Of Ford Motor Company Visits Graf Zeppelin At Lakehurst.

New York, Oct. 19.—(AP)—Rumors that Henry Ford is one of those who are interested in a trans-Atlantic dirigible mail and passenger service were given impetus today by the visit to the Graf Zeppelin of William B. Mayo, chief engineer of the Ford company.

Mr. Mayo in company with several other persons whose identities are more closely guarded than his, inspected the big dirigible in the naval hangar at Lakehurst, N. J., yesterday and attended a conference with Dr. Eckener and officials of the Goodyear Zeppelin company of Akron, O.

Mr. Mayo denied any negotiations had been opened between the Zeppelin people and the Ford company. He said it was his personal belief, however, that such a service Dr. Eckener plans was practicable and could be put on paying basis within a year or two.

Dr. Eckener estimates it will take at least \$14,000,000 to launch his project for four great air cruisers plying between Europe and the United States.

"Is Mr. Ford interested to the extent of financing such a company," Dr. Mayo was asked.

"You may say," he replied, "that Mr. Ford is vitally interested in any new form of trans-Atlantic travel and especially in this form."

Until it is definitely determined how long it will take to repair the Zeppelin plans for her Mid-west tour are being held in abeyance. It is not believed, however, that the repairs can be completed before Tuesday and since the start of the return flight to Germany has been tentatively set for Saturday, October 27, it is certain the flight will not be a long one.

It has been more or less definitely settled that the Zeppelin will cruise to Dearborn, Mich., passing over as many cities as possible en route, but her itinerary after that is problematical. Tentative plans are for her to visit Chicago and St. Louis, but this will depend upon local and weather conditions.

## Shoots Sweetheart And Attempts To Take His Own Life

Norfolk, Va., Oct. 18.—(AP)—Miss Lucy Mae Ange, 20, of Plymouth, N. C., who was shot by Howard C. Smith, 23, of Norfolk, yesterday when informed that the girl was to be married to another man, was fighting for her life in a local hospital today. She is said to have but slight chance for recovery.

The young man, who made an unsuccessful effort to end his own life after the shooting, was being held by local police without bond.

Smith is said to have fired upon Miss Mae without warning while standing in front of the young woman's Christian Association building where she stayed. She told him she was to marry another man and could not see him any more. Four shots were fired but only one took effect. This plowed its way through her abdomen and apparently struck her spinal column, as she was paralyzed below the waist.

The young man walked a short distance from the scene and placing the pistol to his head, pulled the trigger several times. While there remained a single bullet in the chamber it did not explode.

Acting as an officer, Howard Velton, a civilian who chanced to be in the vicinity, disarmed the man and placed him under arrest. He was quoted as saying that after being told of the engagement of the

## HIGH POINT MAN HELD ON EMBEZZLEMENT CHARGE

High Point, N. C., Oct. 19.—(AP)—Claude E. Miller, local broker under charges of embezzlement, was today seeking to secure the necessary \$5,000 bail required for his release from the jail here. The charges were brought by J. S. Worth and L. P. Fox, of this city.

The plaintiffs some weeks ago instituted civil action for recovery of \$1,850 which they claim they placed in his possession for the purchase of stock in a furniture exposition building here.

After they claim, they failed to recover any of the money or stock the criminal proceedings were pressed.

## BIG DEMOCRATIC RALLY AT HENDERSON TONIGHT

Henderson, N. C., Oct. 19.—(AP)—What is expected to be one of the greatest Democratic rallies in many years is to be held in the court house here tonight under auspices Executive Committee, Chairman J. R. Teague announced that all of the Vance County Democratic candidates for county offices have been invited to be present and make public pronouncement of their support of the entire party ticket, "from constable to president," and said there would also be other brief addresses. A county Democratic club is also to be formed to carry on an intensive campaign from now until the election November 6th.

## To Ballot For Bishops Today

Washington, Oct. 19.—(AP)—The House of Bishops of the Episcopal church in convention here was called together today to ballot for Missionary Bishops of the Dioceses of Southern Brazil, Wyoming and Nevada. Nominations had been made in executive sessions but not announced. Regulations prescribed closed doors and secret ballots, and a majority vote was necessary to election. The House of Deputies must concur.

Vacancies in the districts of Wyoming and Southern Brazil were caused by the resignations of Bishops Nathaniel S. Thomas, and Lucien Lee Kingsolving. The Nevada Diocese has been administered by Arthur W. Moulton, Missionary Bishop of Utah since the death of Bishop George C. Huntington in 1924.

A letter to the Most Rev. Randall Thomas Davison, Archbishop of Canterbury, which will be sent him with the felicitations of the Bishops and Deputies on his retirement, was made public today. With it will be sent a purse of money to be taken up at the convention. Gifts totaling \$5,000 have already been made.

Noting that Archbishop Davison's tenure of office has exceeded that of any Archbishop since Archbishop Warren, four centuries ago, the letter says that always Archbishop Davison had met his varied duties with "patience, wisdom and courage".

## Guiding Your Child

### Inconvenient Questions

(By Mrs. Agnes Lyne)  
When the four year old asked his dad what makes the wheels of the trains go round and round, or wants to know from mother where the water comes from that pours into his bath tub, mother and dad are pleased to answer fully these questions which make them think how clever and thoughtful a child is theirs.

But when with exactly the same interest he asks, "Where did I come from?" an embarrassed and self-conscious silence is apt to follow.

Even when parents try to answer truthfully, as many do in this more enlightened age, their voice and manner betray that this question is different from other questions. The child at once senses his parents' embarrassment, and feels obscurely that there is something wrong about the subject.

It is hard for us who were told the fable of the stork, and who are ourselves ill at ease in discussing the facts of sex and reproduction, to be as simple, direct and objective as we should be if we are to cultivate a frank and happy attitude toward these things in the child.

When we try to answer the child's specific question we tend to talk vaguely of birds and flowers. That is not what he wants to know, and now well-meaning evasion will satisfy him. Again we avoid the difficulty by language which throws a mantle of sentimentality and excessively spirituality about an explanation which should be as clear and specific as any other which we give the child.

It will help us if we help ourselves have the proper scientific vocabulary so that we can call things by their right names. A great many excellent books are now avail-

able so that the modern parent can learn just how to tell his child naturally and frankly the truth about his origin. There is no bitter preventive against the unhappy feelings of guilt and shame which follow some people through life than open and easy discussion between parent and child of all facts pertaining to sex and parenthood.

## DEDICATE BATTLEFIELD AT FREDERICKSBURG, VA.

Washington, Oct. 19.—(AP)—Dedication of the Fredericksburg and Spotsylvania county battlefields, Memorial Park in memory of the hundred and thirteen thousand lives that were lost there in the civil war, today called President Coolidge into Virginia.

He will return to the White House tonight after delivering the principal address of the dedication ceremonies. Admiral Charles F. Hughes, chief of naval operations; Major General John A. Lejeune, commandant of the marine corps; and Brig. Gen. Briant H. Wells, acting chief of staff, and Senator Swanson of Virginia, were invited to accompany the chief executive to Fredericksburg.

At Fredericksburg Mr. Coolidge expected to deliver his address from a stand on the actual battlefield and within sight of the spot where thirteen thousand casualties piled up in the course of five hours in 1862. Arrangements had been made for a parade through the streets of the city, before the ceremonies on the battlefield.

## Cotton--Stocks--Grain

### COTTON MARKET

New York, Oct. 19.—(AP)—After advancing early on relatively steady Liverpool cables and predictions for first in northern Oklahoma and the Texas panhandle, the cotton market eased off under realizing and southern selling accompanied by reports of a recent easing of the spot basis in the southwest. Active months which had sold about 10 to 16 points net higher during the morning were about 2 to 9 points net lower in the mid-afternoon market.

Futures closed barely steady four to ten points lower; spot steady; middling 20.85.

### GRAIN MARKET

Chicago, Oct. 19.—(AP)—Aggressive commission house buying of future deliveries of corn sprang up today in the late dealings, and gave a fresh boost to prices. Offerings were scarce on the advance, which was based largely on indications of a broadening of corn export business. Wheat, oats and rye followed the late upward trend of corn.

Under a fresh drive of selling, just at the finish, corn reacted sharply from the top, and closed irregular, 7-8c net lower to 3-8c advance; wheat finished nervous at 1-4 to 5-8c decline; oats unchanged to 1-8c down, and provisions varying from 15c setback to a rise of 10 cents.

### STOCK MARKET

By STANLEY W. FRENOSIL, Associated Press Financial Editor.

New York, Oct. 19.—(AP)—Speculation for the advance gathered momentum in today's stock market despite the large increase in broker's loans and usually heavy week-end profit-taking. Pools, encouraged by the recent easing of money rates, again pushed forward their favorites, listing more than a score issues to new high records. Extreme gains in some of the high priced issues ran from 5 to nearly 20 points.

Swift was the pace of trading that the ticket fell more than 40 minutes behind the market by early afternoon. This tended to discourage trading by customers' rooms speculators because of the difficulty in obtaining prompt reports on their orders and observing the trend of prices on the floor.

Montgomery-Ward again led the advance, soaring 19 points to a new high record of 350. Coppers, which have been under brisk accumulation in expectation of a nearly increase in red metal prices, came to the fore when American Smelting was marked up 14 points to a new peak at 269. Recent rumors that the Anaconda Copper Company was contemplating making an offer for Chile copper to minority interests were denied. International Nickel ran up 13 points to a new high at 180 on unconfirmed reports that negotiations were under way today for a merger with the Mond Nickel Company, giving them a virtual world monopoly on nickel.

Call money renewed at 6 1-2 per cent, the lowest rate since last Monday, and was in plentiful supply at that figure, despite the usual semi-weekly adjustment of banks' position at the Federal Reserve Bank. There was no appreciable calling of loans by early afternoon.

Radio, which has been rather quiet for several weeks, suddenly stepped into the speculative spotlight by opening with a block of 10,000 shares at 220 and then moving up to a new high record at 227 1-2, an extreme gain of 9 1-2 points. Warner Brothers A, American International, Rossia Insurance, Warner Brothers, common, Murray Corporation, DuPont, U. S. Tobacco and American Railways Express sold 5 to 7 1-2 points higher.

The closing was strong. Sales approximated 4,200,000.

Mix and chill the ingredients and pour over chilled oysters which have been placed in small glass cups.

**Spiced Apple Sauce, Baked** (This is a good meat accompaniment)  
4 cups quartered peeled apples; 2 cups water; 1-2 cups sugar; 1-2 teaspoon cinnamon; 1-2 teaspoon nutmeg.

Mix the apples and water and cook in a covered pan in the oven for 25 minutes. Add the rest of the ingredients and bake for 10 minutes or until very soft. Serve warm.

**Tomato Aspic Salad**  
2 cups tomatoes; 1 cup water; 4 whole cloves; 1 slice onion; 1 teaspoon salt; 2 bay leaves.

gelatin mixture.  
**Gelatin Mixture**  
2 tablespoons granulated gelatin; 4 tablespoons cold water; 1-2 cup diced celery; 1-4 cup diced green peppers; 1-2 teaspoon salt; 1 cup mayonnaise.  
Soak the gelatin in the cold water for 5 minutes. Add the strained tomato mixture, boiling, and stir until the gelatin has dissolved. Add the celery, green peppers and salt. Pour into a mold which has been rinsed in cold water. Set in a cold place to stiffen. Unmold on lettuce

squares and topped with whipped cream. Dried or fresh bread may be used for the crumbs.  
In roasting pork, allow 30 minutes per pound. Whole cloves stuck in the roast will give it a good flavor. To add to the flavor, spiced peach juice (4 tablespoonsful) may be poured over the roast during the baking.
