## NEW TRAIN TO CARRY SMITH THROUGH EAST

### Democrat To Make Strenuous Campaign Along The Atlantic Seaboard.

Albany, N. Y., Oct. 23.—(AP)—A new special train will be at the command of Governor Smith tomorrow for his final campaign swing which will carry him through the thickly populated industrial sections of the north Atlantic seaboard.

The long train of compartment and sleeping cars in which he traveled some 10,000 miles in the west has been broken up and in its place a train of less than half its length has been assembled for the short, daylight jumps to be made in the east.

The new train, however, has been ordered only after careful study of the needs of the trip. It will include the St. Nicholas, the private car of W. F. Kenny, New York contractor and boy hood friend of the governor; a work car for newspaper correspondents, and a combination club-baggage car.

These three cars are the only ones of the 21 eleven car special which was disbanded after the nominee's return here Sunday. The other two cars will be standard Pullman chair cars. On any trips where it may be needed a dining car will be added.

In the baggage section of the combination car, Joseph L. Cohn, the governor's publicity manager, again will maintain the printing establishment as one of the two western trips. When arrangements for this car were being discussed, the nominee wanted to know why it would be needed.

"What use are you going to have for a mimeograph machine?" he inquired.

"Well, we have to get out your news and there may be a review," replied Cohn. "We have got to be prepared."

But apparently this did not satisfy the nominee, for he insisted the correspondents would not have any use for it after the train arrived at Boston, the first stop on the trip until 10 o'clock Thursday morning when he departs for New York.

"Then we will just be riding to New York," he went on.

"The train will stop at different places and something will have to be written about each place," interrupted a correspondent, "there will be plenty to do."

And Cohn's mimeograph machine will be in its accustomed corner of the baggage room when the train leaves for Boston.

## Big Crowd Grets Lindy in Kansas

Dodge City, Kansas, Oct. 23.—(AP)—An old story was re-enacted for Colonel Charles Lindbergh when he landed here last night on his combined business and pleasure trip which takes him to Mexico to hunt bear and deer.

The crowd at the local airport was so large and enthusiastic that police were required to protect the flier and his plane. The landing was made at 10:00 p. m., with the use of flares.

After inspecting the airport to see the Colonel will depart for Las Vegas, N. M., next announced stop on his flight to the Hal Mangum Ranch in Mexico. The field recently was purchased by the Trans-Continental Air Transport company, with which company Colonel Lindbergh is associated.

## Ham Scores Smith And Tammany Hall In Political Speech

Rev. M. F. Ham, evangelist, spoke in the court house in this city today at the noon hour against the candidacy of Al Smith, of New York, for the presidency of the United States. The speaker was heard by a fair-sized gathering, composed of voters representing both political factions.

The minister charged that the forces of morality and righteousness were lined up against the forces of immorality and corruption as represented by Smith and Tammany Hall.

W. F. Evans, of Raleigh, will speak in opposition to the Democratic presidential nominee tonight at the court house.

## Five Men Burned To Death In Fire At Chicago, Ill.

Chicago, Oct. 23.—(AP)—Five unidentified men were burned to death and seven others were injured, two so seriously they probably will die, in a fire this morning in the Eagle Hotel, a lodging house for men in South State street.

About eighty others fled to the street or were carried to safety by firemen. The fire, of undetermined origin, almost destroyed the three upper stories of the building. Charles Koch, hotel clerk, was taken into custody after firemen said he had been drinking and William Dillon, Davidson fire marshal, described the hotel as a death trap.

The hotel register was burned, making identification of the transients who were killed difficult. One of the men killed was found on his knees by the bed, apparently at prayer when overcome. Some forty of the men fled from the building clad only in their underwear and were sheltered at a nearby police station.

## ROBINSON HAS FINE SUCCESS IN NEBRASKA

### Democrat Opens Up Way For Republicans To Vote For Governor Smith.

By RAYMOND Z. HENLE (Associated Press Staff Writer) Enroute With Senator Robinson to Sioux City, Ia., Oct. 23.—(AP)—Nebraska Democrats today expressed the conviction that the Nebraska tour of Senator Joe P. Robinson, Democratic vice-presidential nominee, has opened a way for Republican friends of Senator George W. Norris to vote for Governor Smith for president.

Senator Robinson in his Nebraska campaign, which closes today, has drawn a picture which party leaders say draws a picture illustrating the similarity of views held by many Nebraska Republicans to those propounded by the Democratic standard bearer.

One of the questions claiming attention of Democratic workers in Nebraska is whether Senator Norris, a Republican, will make a flat declaration in favor of Governor Smith. Those who expect that he will pointed to his statement in Massachusetts that although he is a Republican, he would vote for Senator Walsh, a Democrat, if he lived in Massachusetts and declared that they would not be surprised at a similar statement about Governor Smith.

As for the part Senator Robinson took in Nebraska in erasing street party lines, Democratic workers of the state are confident the Senator's praise of Norris will ease their job of getting Republican votes in their effort to carry the state for Smith. At Grand Island, Senator Robinson praised Norris as a man "who stands by his principles and votes the way he talks," and at Lincoln last night he spoke of the Nebraska senator as "second only to Roosevelt as a progressive leader."

## Mouzon Confers With Churchmen

Charlotte, N. C., Oct. 23.—(AP)—Preliminary conferences between Bishop Edwin D. Mouzon, Bishop in charge of the Carolinas, and presiding elders and laymen of the Methodist Episcopal Church, South, were held here today preparatory to the formal opening tomorrow of the denominational Western North Carolina conference.

Bishop Mouzon and presiding elders of the eleven districts who compose his cabinet, have been here since yesterday engaged in the preliminary arrangements.

The chief event preliminary to the opening of the conference will be held this evening when Dr. Paul N. Garber, of the faculty of Duke University, will deliver an address before the annual meeting of the conference Historical Society. At the conclusion of that address, Bishop Mouzon will conduct a sacramental service.

The Bishop will convene the conference at 9 o'clock tomorrow morning. Dr. Gilbert Rowe, of Duke University, will conduct the devotional exercises and deliver a brief sermon. Thereafter the conference will enter upon the consideration of its business with the anniversary of the board of temperance and social service set as a special order for noon. In the evening, Dr. Frank S. Hickman, of Duke University, will preach a sermon.

## PRICES STILL HOLD FIRM ON LEAF MARKET

### Over Million Pounds Of Tobacco Sold Yesterday At Average of \$25.11.

The price situation continued firm on the Greenville tobacco market yesterday, it was stated today in the official report of K. W. Cobb, secretary of the Greenville Tobacco Board of Trade.

The market witnessed the largest offerings of the season. Approximately two million pounds of leaf was on the nine warehouse floors. It was stated there was about a million and a half pounds on the floors today with indications that the price situation would continue as favorable as ever.

The report of the secretary of the Tobacco Board of Trade showed that the market actually disposed of 1,150,483 pounds of offerings yesterday. This netted the farmers \$29,914.21. The day's average was given at \$25.11.

The quality of the offerings was similar to those of last week, consisting largely of a mixture of such common tobacco. This played a prominent part in the price situation and reduced the average established on the sale of better grades.

Good tobacco, it was stated, is demanding prices as good as any day since the market began its upward climb, and it was expected his condition would prevail today. (Ideal Indian summer weather is aiding the farmers to abandon cotton fields and other activities in order to reach the market before bad weather sets in. The strength of prices also has attracted numbers who otherwise would be giving most of their attention to other crops.)

The market is expected to reach forty million pounds this week. A discussion of sales last Friday, it had passed the thirty-five million pounds mark for the season. This is about two million pounds ahead for the same period last year.

London, Oct. 23.—(AP)—Publication of the British white paper on the Anglo-French naval agreement indicates that Great Britain intends to continue correspondence on the matter with the two governments which rejected the proposal—the United States and Italy.

A summary of the negotiations sent to all countries on the League of Nations preparatory disarmament commission by Lord Cushendun, acting foreign secretary, on October 9, states:

"While the Japanese government express their concurrence in the purport of these proposals (the naval compromise), the governments of the United States and Italy, for reasons which are clearly and cogently explained in their notes, have not seen their way to accept them. These communications are receiving the attentive consideration of His Majesty's government and a reply will be made to them in due course."

The documents also reveal that the British government gave reluctant recognition to the French position with regard to army reserves as the price of obtaining a naval agreement.

Lord Cushendun in discussing a conversation between Aristide Briand, French foreign minister, and Sir Austen Chamberlain, British foreign secretary, at Geneva in March, 1928, which led to the naval compromise wrote:

"In the matter of land disarmament the question of the limitation of military trained reserves had proved a stumbling block. The French government and the majority of the governments represented on the preparatory commission had held that reserves should be excluded from limitation, while His Majesty's government, for reasons into which it is here unnecessary to enter, had consistently supported the opposite thesis.

"For some time, however, they had realized that further opposition to their part to the exclusion of these trained reserves could, in the face of the attitude maintained by the majority of the preparatory commission, only have the effect of preventing progress indefinitely.

"So long ago as April, 1927, the British representative on the commission (Viscount Cecil) clearly foreshadowed the withdrawal for the sake of agreement of British opposition to the opinion held by the majority of that body. When, therefore, the two governments were advancing toward a compromise in the matter of naval limitation, it was felt that the process of agreement could only be facilitated by a formal intimation to the French government that a concession made to the views of His Majesty's government on naval classifications would enable them to withdraw their opposition to the French standpoint in the matter of military trained reserves."

In a telegram sent by Lord Cushendun to Henry Chilton, British minister to Washington and in charge of the embassy there in the absence of Ambassador Howard, on August 10, he said the British government had reluctantly "proposed

to offer no further resistance to the French contentions about military reserves at the present time." He added that it was not believed that any American interest could be prejudiced by this change of position.

Mrs. Rebecca Brown Passes Away Here

Mrs. Elizabeth Rebecca Brown, aged 85, died at the home of her daughter, Mrs. Nannie E. Evans, yesterday afternoon about 5 o'clock following a stroke of paralysis with which she was taken, at 9 o'clock yesterday morning. Funeral services were conducted from her late home at 2:30 this afternoon by Rev. S. B. Denny, of Wilson. Burial followed in the family burying ground, about four miles north of Greenville. She was one of the oldest members of the Free-Will Baptist church of Greenville, and was held in high esteem by all who knew her. She is survived by six daughters, Mrs. Lucy Worthington, of Ayden; Mrs. W. D. Johnson, Mrs. T. J. Stancill, Mrs. Nannie E. Evans, all of Greenville; Mrs. J. J. Stroud, of Southern Pines; two sons, Peter and J. I. Brown, of Greenville; one sister, Mrs. Hulda Stator, and numbers grandchildren and great-grandchildren survive.

The active pallbearers were: William J. Evans, J. Russell Stancill, A. D. McLawhorn, Haywood McLawhorn, Alfred McLawhorn, Robt. Stancill, Offie Stancill.

Honorary pallbearers: Dr. J. E. Nobles, W. L. Patrick, J. Harvey Briley, J. H. Randolph, Jesse Speight, Marcellus Fleming, L. W. Tucker, S. A. Spain, O. W. Harrington, J. A. Heel, H. B. McLawhorn and W. L. Nobles.

One Killed When Hijackers Fight With Rum Runners

Miami, Fla., Oct. 23.—(AP)—A gun battle between rum runners and hijackers in New River, near Fort Lauderdale, had as consequences today one indicated death, three men in custody or freed on bond, and contraband in federal storage.

The body of Pav Halferty, 28, of Miami Beach, riddled in the upper torso by shotgun bullets, was found in New River Sound last night.

Arthur Simpson and Jack Smith were at liberty in \$1,000 to await grand jury perusal of charges of smuggling liquor. They were arraigned here yesterday, while William Bailey, arrested here yesterday, was sent to Fort Lauderdale Coast Guard base for questioning relative to the gun battle, which occurred on Sunday. Four other men were freed.

ONE KILLED IN SHOOTING AFFRAY

## Record-Breaking Crowd Expected to Hear Hoyey Here Tomorrow Evening

"We have completed arrangements for handling a record-breaking crowd when Clyde Hoyey, of Shelby, speaks in behalf of the Democratic cause at the court house in this city tomorrow night," said a prominent member of the party today.

"The coming of the brilliant Democratic orator to this section of the state has attracted much interest and we are anticipating the largest crowd that has attended a political speaking here this year. This is the first time Hoyey has visited this immediate section in years, and those who know of his gift as an orator are desirous of hearing him present the principal political issues of the day.

Much interest was today being manifested in the coming of Mrs. Lyman Cotten and Mrs. Gregory, of Salisbury, next Friday night. They will speak at Farmville at four o'clock in the afternoon, coming directly to Greenville for the evening engagement. Both of these women are well known throughout the state by reason of their activity in many branches of human endeavor. Mrs. Cotten is the wife of the late Captain Lyman Cotten, son of R. R. Cotten of Bruce, who died a few months ago. Mrs. Gregory is the daughter of Senator Overman, one of the best known Democrats of the state.

More than ordinary interest was aroused by the statement, yesterday

of the State Democratic Committee of the coming to Greenville on November 2, of Richard Cleveland, son of former President Grover Cleveland. This was an unexpected development in the general arrangement of the program of speakers and drew considerable comment from those high in political life of the community.

Mr. Cleveland will appear only in two places in this section of the state, speaking first in Greenville and then at New Bern. He will champion the cause of the Democratic party, explaining many things of interest in the fight for presidential honors.

His coming will be one of the outstanding features of the campaign in this section and a tremendous crowd of party members from all parts of the state probably will be in attendance.

Young women of Greenville met this afternoon to perfect plans for organization of a Democratic club. The object of the club will be to further the cause of the Democratic party and to see that as many women as possible take an active part.

Preparations have been completed for handling the large crowd expected to attend the Hoyey speaking tomorrow night at eight o'clock. Women are especially invited to attend, members of the committee said, and hear this gifted orator explain issues of present moment.

Washington, October 23.—(AP)—A tale of renewed Guerilla warfare in strife-torn Nicaragua, describing also how one man's life was saved through the appearance of an American airplane, has come through official channels to the State Department.

Reporting to Secretary Kellogg, Brigadier General Frank R. McCoy, president of the American Electoral Mission, declared that bandits led by Pedro Altamirano, reputedly a lieutenant of Sandino, swooped down upon a group of peaceful Nicaraguan citizens at San Marcos, Jinotega, brutally killed several and then made for the border, plundering as they went.

The purpose of the attack, General McCoy asserted, was to terrorize the inhabitants and thereby prevent them from voting at the coming election. Several prisoners were released, he said, with instructions to spread the warning that Altamirano would return and kill all who should attempt to vote.

"The victims were campaigning on behalf of General Moncada. The attack occurred on the night of October 1, after they had retired. Juan Lopez, one of the two who escaped after being wounded, said that the leader of the campaign, Dr. Juan Mediate, a prominent Nicaraguan lawyer, begged Altamirano to spare his men for mercy, but with his companions was ruthlessly struck down and hacked to pieces with hatchets.

It was Lopez whose life was saved by the appearance of the airplane and this incident was described not only by General McCoy but in dispatches from Managua as well. On the day following the fight, Lopez again encountered the outlaws. A struggle ensued which was interrupted by the roar of the airplane motor. Frightened, the outlaws fled in all directions, enabling Lopez to escape.

Greensboro, N. C., Oct. 23.—(AP)—North Carolina will return a majority for the full Democratic ticket on November 6th, in the opinion of Governor Angus W. McLean, who stopped over here last night enroute to Winston-Salem where he will speak at a Democratic rally.

Reports to Democratic headquarters from all sections of the state made him confident that the Democratic ticket would carry through, the governor said.

"I feel confident that Governor Smith will carry North Carolina," he said. "I have always felt so. The governor added that he likewise had no doubts concerning the Democratic candidates on the State ticket.

College President Takes Action On Booze And Gambling

Seattle, Oct. 23.—(AP)—President M. Lyle Spencer of the University of Washington, warned 2,500 members of campus organizations here last night that drinking and gambling practices, if they exist as reported to him, must stop at once or drastic action could be expected.

The president said one of his sources of information had suggested Federal officers be invited "to clean up" the campus, and one prominent business man had offered to pay for such an investigation. The president revealed that revocation of charters of fraternities and sororities had been proposed.

The student excursion to Portland last Saturday for the Washington-Oregon football game was said to have prompted Dr. Spencer to speak out in the assembly address.

Parachute Jumper Hurt

Savannah, Ga., Oct. 23.—(AP)—James J. McFadden, parachute jumper, was slightly ill today because a circus came to town.

But if the circus hadn't been here he might have been dead.

McFadden, jumping for the Georgia State Fair Association, leaped from a captive balloon yesterday and his chute failed to open. He landed head first on the mantop of the circus which had set up near the fair grounds.

CHINA WARNED OF PLOT TO RESTORE DYNASTY

Peking, October 23.—(AP)—Chinese newspapers today published a proclamation issued by General Chang Hsueh-liang, ruler of Manchuria, at Mukden, in which he warned China and Manchuria against a plot to restore the Manchu dynasty.

## Six Miners Killed By Dynamite Blast In West Virginia

Beckley, W. Va., Oct. 23.—(AP)—Failure of a miner to stamp ten sticks of dynamite before firing them is believed by Robert Lilly, State Mine Inspector, to have caused an explosion last night which cost the lives of six men in the McAlpin Coal company mine near here.

The bodies of the six men, including that of B. B. Burkhold, who according to Lilly, failed to place the explosives in a hole before firing, were recovered by rescue crews six hours after the explosion.

T. T. Durham, Richard Durham, Laurino Rose, John Herdister and Alfred Davis, the latter two negroes, were the other victims.

## HOOVER HITS AT AL SMITH ON SOCIALISM

### Republican Invades Smith's Home State With Scathing Denunciation.

New York, Oct. 23.—(AP)—Having been greeted enthusiastically in the home city of his opponent when he criticized "State socialism," the policies of Governor Smith, Herbert Hoover returned to Washington today.

Madison Square Garden with its seating capacity of about 18,000 was filled, while thousands of others gathered in the street to cheer the Republican nominee as he entered and left the hall.

"Because the country is faced with difficulty and doubt over certain national problems—that is, prohibition, farm relief and electrical power—our opponents propose that we must trust government a long way into the businesses which give rise to these problems," he said.

"In effect, they abandon the tenets of their own party and turn to state socialism as a solution for the difficulties presented by all three."

"It is proposed that we shall change from prohibition to the state purchase and sale of liquor. If their agricultural relief program means anything, it means that the government shall directly or indirectly buy and sell its prices of agricultural products. And we are to go into the hydro-electric power business. In other words, we are confronted with a huge program of government in business."

Expressing opposition to having the government in business, he said, a program of this nature would "stifle initiative and invention; it would undermine the development and leadership; it would cramp and cripple the spiritual energies of our people; it would extinguish equality in opportunity; it would dry up the spirit of liberty and progress."

Hoover declared he was advocating a general policy which did not mean that the government was to part with "one iota of its natural resources without complete production to the public interest."

"I have already stated," he said, "that where the government is engaged in public works for purposes of flood control; of navigation; of scientific research or national defense, or in pioneering in new art, it will at all times necessarily produce power or commodities as a by-product, but it must be a by-product of the major purpose, not the major purpose itself."

Vice-President Dawes made his first speech of the campaign at the Madison Square Garden meeting, saying that the issues was the maintenance of prosperity.

Hoover received a great ovation. He was cheered nine minutes when he went on the platform and twelve minutes when he began to speak. The proportion of women in the audience was large. Nearly all at the meeting waved American flags.

## Little John Mann Buried Yesterday

John Joseph, five-year-old son of Mr. and Mrs. Pell Mann, was buried yesterday afternoon in Nashville, the former home of Mr. and Mrs. Mann. Little John was taken with membranous croup last Tuesday and died Sunday morning about 4 o'clock. The remains were taken to Nashville by hearse Sunday afternoon. Besides his mother and father, he is survived by two sisters and one brother. Mr. and Mrs. Mann moved to Greenville in July. Mr. Mann is connected with Greenville Hudson Company of this city.

## Floods Do Heavy Damage In France

Lyons, France, Oct. 23.—(AP)—Damage running into millions of francs has been caused by floods which today were devastating southeastern France after a torrential rainfall in the Grenoble region. More than 500 houses were inundated. Many factories were forced to close.

The main railway line between Lyons and Geneva was out in five places. Several trains were derailed on smaller lines but there was no loss of life. Traffic was paralyzed.

The city of Briancon was completely isolated from the rest of the department. The rivers were continuing to swell today.

### Big Crowds At The State Fair

Raleigh, N. C., Oct. 23—(AP)—Brilliant October weather prevailed today as the State Fair swung into its second day with officials expecting an increasing throng to pour through the turnstiles to view the exhibits and to find amusement and entertainment in the various attractions offered. Several thousand persons flocked to the new fair grounds just west of Raleigh yesterday for the opening day.

Horse racing and another showing of fine animals in the horse show were on the cards today, in addition to the regular features of band concerts, free vaudeville acts, and fire works.

First day's races brought some close finishes, which were witnessed by a crowd described as satisfactory.

Judging of the cattle, sheep, hogs, and other livestock entered in the numerous classes was under way. Prize winners will be announced, it was expected, before the end of the week.

Exhibits of farm products, equipment, and home and women's products drew much attention from the fair visitors yesterday.

Presbyterian Girls Meet.

The college class of the Presbyterian Sunday school held an interesting and enthusiastic meeting at the home of Prof. and Mrs. R. C. Deal, Saturday afternoon, Oct. 20.

The main feature of the business meeting was the unanimous vote by the class to continue to clothe Helen Briley, an orphan child at Dartmouth Springs Orphan Home. Helen is a former resident of Greenville and the college class has been sending her two boxes of clothing each year for a number of years. She is a bright child and very appreciative of every kindness shown her; which makes us feel that it is a cause worthy of our attention.

The following girls were appointed as a committee to see to the buying of materials for the clothing to be sent this fall: Alice Wickler, chairman, Madeline McCain, and Rebecca Alexander. Several girls have volunteered to make the different garments that have been requested.

The chairman of the regular class committees were also appointed as follows: Ruth Williams, chairman of the program committee; Frances Murray, chairman of the lookout committee; and Sarah Faircloth, chairman of the social committee.

Little Mary Agnes Deal was then chosen as mascot of the class.

After the business meeting Miss Elizabeth Deal conducted a very interesting and unique contest involving the names of the counties of N. C., which was a source of amusement to everyone.

At the conclusion of the contest Mrs. Deal, assisted by her daughters, Elizabeth and little Mary Agnes Deal, served tempting refreshments consisting of block ice cream and raisin cookies. We feel deeply indebted to Mrs. Deal and Elizabeth for having entertained us so delightfully.

REVIVAL OPENS AT THE IMMANUEL BAPTIST CHURCH

The ten days revival services at the Immanuel Baptist church opened last evening, with Rev. McFarland of Gaffney, S. C., conducting the services.

A good crowd was in attendance. The music, which is under the direction of Rev. O'Brian was exceptionally well rendered and brought forth much praise.

Dr. McFarland is an unusually gifted speaker. His sermons are forceful and yet so simple that they appeal to everyone. The public is cordially to attend these services which are held every evening at 7:30 o'clock.

## Pactolus Takes Great Pride In Modern School

The people of Pactolus are taking great pride in their new consolidated school which has recently opened there; and the community seems to be staging a come-back. A great many of its citizens have not yet forgotten the days when it was the most talked-of spot in the whole county, and they have hopes now of making the little village known again. For the past three years there has been no church or Sunday school; and so, at the first Parent-Teachers' meeting ways and means of organizing a community Sunday school were discussed. The result was the organization of a flourishing Sunday school, and judging from the attendance for the past two weeks, it bids fair to making itself a real influence in the community.

The school opened with an enrollment of about 175, and a good number of these have been in regular attendance every day. An attendance honor roll has been made which will carry, each month, the names of those that are on time every school day. The following are those for the first month:

First grade—Vivian Grey, Lucy Marie Priest.

Second grade—John Buck, Jessie Gladson, David Knox, Carroll Whitchard.

Third grade—Lola Alexander, Tillman Chauncey, Janie Grey, Delia Moore, Lillian Ross, Clyde Williams.

Fourth grade—Mamie Campbell, William Edwards, Thomas Gr., James Langley, Thomas Whitchard, Evelyn Baker.

Fifth grade—William Edwards, Ethel Ross.

Sixth grade—Landras Grey, Mary Davenport, Janie Parrott, Carol Chauncey, Bob Fleming, Harold Chauncey.

Seventh grade—Earl Barnhill, Gladys Moore, Aldine Woolard.

Eighth and Ninth grades—Durwood Barnhill, Ray Faramore, Floyd Parrott, Julius Ross, Roy Tripp, Elmo Jackson, Myrtle Williams.

## Suzanne Keener To Give Recital Here On November 8th

The dates for all the attractions in the fall series of entertainments offered by East Carolina Teachers' College have been definitely arranged. The announcement of any of these dates was withheld until all could be settled, so that holders of season tickets could make out a definite schedule of attractions and dates for reference.

November 8th is the date of the second attraction in the series, a recital by Suzanne Keener, the popular and beautiful young prima donna who made her reputation as a coloratura soprano in the Metropolitan Opera Company. Special effort was made to secure this date so that teachers coming early for the meeting of the Northeastern District of the North Carolina Teachers' Association, which meets here the next day, could have the privilege of hearing the prima donna.

The Duke Musical Clubs will give a recital on the evening of November 20th. This is an extra attraction in the series. Each year the college girls have had a musical organization from one of the colleges or universities of the state and have extended to them some special courtesy, usually a reception by the Senior Class. This year the girls asked for the Duke organization. It was necessary to fit the engagement into the eastern tour and this falls in November. This makes an additional attraction included in the season ticket.

The Eddy Brown String Quartet date was arranged some time ago, November 23. This is one of the most noted of all the string quartets, as it is the one made famous by Micha Elman when he was the violinist with it and it first bore his name. This quartet is very much in demand, so securing a Friday night engagement in the midst of the fall season by the committee was considered fortunate.

Special efforts have been made to secure dates that are convenient for both the college and the town. It will be noted that Saturday night engagements have been avoided and that all the attractions come before the holiday rush.

## ATTACKS HOOVER'S BOULDER DAM VIEW

Los Angeles, Oct. 23.—(AP)—An attack on Herbert Hoover's attitude toward the proposed boulder dam was made here last night by J. Hamilton Lewis, former United States senator from Illinois, who spoke in support of the candidacy of Governor Alfred E. Smith, Democratic presidential nominee.

Declaring Hoover would turn the power produced by boulder dam over to the stockholders and speculators," Lewis said Smith "would retain it for the benefit of the people."

#### WHAT WILL THE HARVEST BE?

Declaring that for the  
south at this time to desert  
the Democratic party is  
courting almost certain dis-  
aster, the Concord Tribune  
in the following editorial  
asks "What Will the Har-  
vest Be?" and truly gives the  
people of North Carolina a  
thought that should have  
their careful consideration  
before they desert the party  
of their forefathers and the  
principles for which they  
labored.

The Tribune says:

When this fitful fever is over,  
this hectic political campaign is  
ended, the tumult and the shouting  
dies, the captains and the kings  
depart—what then?

When those who claiming to be  
Democrats and supporting Govern-  
or Smith and those who claim to  
be Democrats supporting and vot-  
ing for Hoover have cast their bal-  
lots and the result has been an-  
nounced, when the bishops and  
other clergy striving to save the  
only true faith have had their say  
and silence again falls, suppose  
they have defeated Governor Smith  
saved the only true and genuine  
religion and the State, what will  
be the harvest which the State, the  
nation, the church and the Demo-  
cratic party reap? What harvest  
will they and each of them reap as  
a result of this bitter conflict and  
its results? What will the after-  
math be? It seems that it re-  
quires no prophet whose tongue  
has been touched with a coal from  
the altar to predict the result if  
Governor Smith is defeated by the  
voters of Southern States cast by  
Democrats who will not vote for a  
Catholic.

Its first effect will be to alienate  
from the Democratic party—and  
for all time—some 16 or 18 million  
Catholics who will no longer have  
any use for a party which has os-  
tracized them and made them  
aliens and strangers in the land of  
their birth. It were well to think  
on this matter.

It will utterly disgust the Nation-  
al Democratic party with the  
attitude of its members in the  
South and the National Democratic  
party is destroyed and all hope of  
ever electing a Democratic Presi-  
dent has gone glimmering like a  
school boy's dream of things that  
were—and gone for all time. It were  
well to think of this fact. And it  
will be useless to inquire whether  
the defeat of the Democratic party  
is due to Romanism or rebel-  
lion of apostate Democrats in the  
South. Cock Robin will be dead,  
whatever the inquest may decide as  
to who killed him.

It means in the second place that  
a force bill will be passed by Con-  
gress and that the fourteenth and  
fifteenth amendments will be en-  
forced and that the South will  
again pass through another era of  
reconstruction and that the hour  
hand upon the dial plate of our  
civilization will be set back another  
50 years.

It has heretofore required all the  
aid and assistance our friends up  
North could give us to prevent the  
enactment of such measures by  
Congress when presented by the  
Hoars, Pesses and Pinkhams and  
when one is presented again, if  
Governor Smith is defeated by the  
voters of the South, we will have  
no friends north of the Mason and  
Dixon line and the South will fall  
an easy victim to its enemies. It  
were well to meditate on this fact.

And with our belated reverence  
for the Constitution—an instrument  
which should be taken as a whole  
and not in broken doses—a rever-  
ence which we have only lately dis-  
covered and now vociferously pro-  
claim since we have discovered the  
eighteenth amendment, we will be  
estopped to complain when our  
doom falls upon us and we begin to  
quail the bell brew again as it was  
pressed to our lips again as it was  
for years immediately after the  
Civil War during a former era of  
reconstruction. And now the same

party which prepared it for our lips  
then—which Southern men, desert-  
ing Governor Smith, now are threat-  
ening to support—can occupy high-  
er ground than it did formerly.  
Then our colored friends had just  
emerged from slavery and were  
wholly unfitted to exercise the right  
of suffrage, but today many of them  
are qualified and the demand for  
the enforcement of these constitu-  
tional provisions will be more com-  
pelling and more insistent upon  
this ground. In addition many of  
our colored friends have moved in-  
to the North and in many of the  
Northern States, by reason of their  
numbers, they hold the balance of  
power and therefore the demand  
for the enforcement of these two  
amendments will be more insistent  
and will find a readier acceptance  
when demand is again made for  
their enforcement by Congress.

Can intelligent men who are now  
attempting to defeat Governor  
Smith fail to see these things or do  
they in the mad contest they are  
now waging shut their eyes while  
they rush blindly on to destruction?  
Again, a house divided against  
itself cannot stand. What becomes  
of the Democratic party in North  
Carolina divided in its counsels,  
torn to pieces with dissension, wild  
with bitterness, rage and hate one  
against another in the hearts of  
its leaders and followers alike—what  
becomes of it when Governor Smith  
is defeated in this State by the  
votes of those who call themselves  
Democrats and refuse to support  
the ticket?

Lay not the flattering unctio n to  
your souls that Governor Smith can  
be defeated and the State ticket  
be elected. But should this result  
be achieved will the bitter conflict  
now waging end in a love feast be-  
tween the combatants at the end  
of the fight? Between the regulars  
who supported the ticket and those  
who called deserters and bolters  
who gave aid and counsel to the  
enemy?

Not on your life unless human  
nature undergoes a sudden change  
between now and the next election.  
Those who support and vote for  
Governor Smith will in all human  
probability refuse to be led by, to  
vote for or follow, those they will  
call deserters and bolters and in  
any event many of them will drift  
into the Republican party as in the  
days of fusion when many members  
of the Farmers' Alliance and those  
who believed in the free and un-  
limited coinage of silver took up  
their permanent abode there over  
those foolish issues as they will  
again in this year of grace over the  
no less silly issue of Catholicism  
and rum.

Whom the gods would destroy  
they first made mad. History re-  
peats itself.

Harrisburg, N. C.—Mr. M. P.  
Pink, of this place, says: "It must  
have been fully twenty-five years  
ago that I began taking Black-  
Draught regularly. It wasn't so long  
after I married.

"I was in town one day, and  
while talking to a friend I stooped  
over to pick up something. When  
I straightened up, I felt dizzy. I  
spoke to him about this and how  
I had not felt like eating.

"My friend told me to take some  
Black-Draught. I knew my mother  
had used it, and so I bought a  
package. When I got home, I took  
a good, big dose, and the next night,  
another. In a few days I felt much  
better. I was hungry and the dizz-  
ness was gone.

"A good many times I have had  
this dizziness and a bad taste in  
my mouth, or headaches, and then  
I take Black-Draught and get bet-  
ter. I do not have to take it very  
often. We buy from five to seven  
packages a year."

# GRID STARS CRIPPLED IN LATE GAME

Atlanta, Ga., Oct. 23—(AP)—Injuries have suddenly dealt a blow into the camps of many strong Southern Conference football players with prospects of some of the stars being out of play the rest of the season.

The Cavaliers of Virginia, probably are the hardest hit of the lot, eight members of Coach Earl Neale's team being either on the sick or injured list. Close, full back; Taylor, center; and Motley, guard, are the latest Virginians to be added to the casualty roll.

Roy Witt, Tennessee captain, and Dodd, quarterback for the Vols, both are suffering from injuries that may keep them out of Saturday's game against Washington and Lee.

McCray, full back, and Moss, end of the Virginia Military Institute, have been on the ailing list, but should be in fine shape by this week-end.

These enumerate most of the serious hurts-handicapping conference teams at present, although a score or more others are suffering scratched ligaments and bruises sufficient to keep them out of starting line-up this week-end.

Georgia Tech, playing three hard in three weeks, has probably been more fortunate than any other in avoiding injuries. The tornado players apparently have been brought along fast for touch skirmishes and will enter their game against North Carolina Saturday in fine condition.

## Army-Navy Game To Be Big Event

By HERBERT W. BARKER  
Associated Press Sports Writer  
New York, Oct. 23—(AP)—Unless the Army-Yale game at New Haven next Saturday is a stalemate it will be a Waterloo. Two mighty teams, contenders for mythical championship honors, meet.

Yale has romped through Maine, Georgia, and Brown, and, at the moment at least, it appears, can very well end the season undefeated provided the Army juggernaut can be conquered. After Army the Yale schedule calls for battle with Dartmouth, Maryland, Princeton and Harvard. No soft spots there, it must be admitted, but it does seem as though Army is the biggest hurdle to be cleared.

Army has swept Boston University, Southern Methodist, Providence, and Harvard into defeat. After Yale it must battle Depauw, Notre Dame, Carleton, Nebraska and Stanford.

Dartmouth, another leading candidate at present on next Saturday tackles Harvard, which has time this week to learn that fumbles are costly. They were riding the deciding factor in the Harvard-Army game.

## VANDERBILT FAILS TO SHOW GOOD OFFENSIVE

Nashville, Tenn., Oct. 23—(AP)—Despite four consecutive victories, three rather impressive, it is no secret here that the men who teach the Vanderbilt Commodores how to play football are everything but delighted with the team's offense. In fact, Dan McGugin is sorely displeased and even vexed with his charges' drive, or rather lack of it.

Critics who know less about football than McGugin point to the victories over Colgate, Texas and Tulane as proof that the Commodores can dig. But the mentor thinks his team's offense has been "bogging down" at critical times and has set about to correct the situation before Vandy meets Virginia here Saturday.

It is a significant fact that Vandy has been doing virtually all its scoring in early stages of the games and then trusting to good fortune and a stiff line to hold the advantage.

So with Virginia and Tech in the offing and a glowing chance to win Southern Conference honors, McGugin is pouring his medicine into the Commodores in an effort to make his offense work as smoothly as his defense and, medicine is work.

## Callahan To Try And Halt Bobby Tracey

Chicago, Oct. 23—(AP)—Mushy Callahan, world's junior welterweight boxing champion, will attempt to halt the climb of another championship aspirant tonight when he meets Bobby Tracey, rugged Buffalo battler, over the ten round route in the hippodrome arena.

Callahan's title will not be at stake as both fighters have agreed to enter the ring five pounds over the junior welterweight limit. Tracey, who is regarded as a great contender, has boxed two draws with Jimmy Goodrich of Buffalo, former lightweight champion, and is in good shape for the promised heavy exchange of rights and lefts. The champion celebrated his return to active competition after a long rest recently by outpointing Jimmy Owens at Fort Worth, Tex., and is ready for a busy winter campaign.

## RAGGED TACKLING GETS ATTENTION AT U. N. C.

Chapel Hill, N. C., Oct. 23—(AP)—Weakeners of the University of North Carolina Eleven, especially ragged tackling and blocking, as revealed by the V. P. I. game Saturday, received the attention today of Coach Chuck Collin and his aides, who were preparing their charges for the coming contest with the powerful Georgia Tech Tornado Saturday. The line was being shifted in the hope of strengthening it.

## NEW COMBINATION ON WAKE FOREST GRIDIRON

Wake Forest, N. C., Oct. 23—(AP)—Seeking the punch his team has lacked in its games thus far, Coach Stanley Coffall has been experimenting with a new combination in the backfield in an effort to help the Deacons hit a winning stride in their game with Davidson at Charlotte Saturday.

Bill Gibson, who has been playing at end on the third team, was yesterday tried out at full back on the second Eleven. Hoard was placed in the first string backfield.

## Charlotte, N. C.—Ray Hahn, Indianapolis, outpointed Tony La Rosa, Cincinnati (10).

## Plan To Enlarge Yank Stadium

New York, Oct. 23—(AP)—Jake Ruppert, owner of the Yankees, hopes to increase the seating capacity of the Yankee stadium to 125,000 within a year. The stadium will comfortably accommodate 72,000 at present although more than that piled in to see a crucial double header between the Yankees and the Philadelphia Athletics late in the recent campaign.

Although no definite plans have been made Ruppert hopes eventually to have the field completely circled by a covered stand. The first step in the program is to replace the present center field bleachers with a concrete bleacher stand. Then an upper deck of wood will be built to discover if it will have any adverse effect on the lighting on the playing field itself. If players complain that the shadows are interfering with their handling of hit balls the upper deck will be

torn away. Otherwise it will be replaced later by a permanent concrete super-structure and similar changes will be made in the right field section.

If these plans go through the park will accommodate 125,000 for football or boxing and about 100,000 for baseball. Ruppert hopes to have the improvements completed by late next year or in the spring of 1930.

## Cotton--Stocks--Grain

### COTTON MARKET

New York, Oct. 23.—(AP)—The cotton market opened steady at an advance of 7 to 14 points in response to relatively steady Liverpool cables, reports of frost at two or three points in the southwest and rains in some eastern and central belt sections. The demand appeared to be quite readily supplied by realizing and southern selling at an advance of 19.81 for December, however, and the market later eased on the forecast for warmer weather in the southwest and talk of an easy spot basis in the south. December sold off to 19.66, with the general market showing net declines of about 6 to 8 points at the end of the first half hour.

### GRAIN MARKET

Chicago, Oct. 23.—(AP)—Buying of wheat against simultaneous selling of corn tended to bring about higher prices today for wheat, whereas corn values often inclined downward. Closing out of spread trades between the two leading cereals was said to be in progress. Reports were also circulated that Russia will probably have to enter the world market as a buyer of wheat owing to crop shortage in the area adjacent to the Black Sea. On the other hand, favorable weather over the corn belt had more or less bearish effect on the corn market.

Wheat closed firm, 3-4 to 1-8 net higher; corn varying from 1-2 decline to an equal advance, oats a shade to 1-4 up and provisions unchanged to a rise of 12 cents.

### STOCK MARKET

New York, Oct. 23.—(AP)—Mixed price movements in today's stock market reflected the play of opposing speculative forces but major activity was again on the upside with Copper, Steel and Motor issues in the forefront of the advance. Repeated commission house warnings against overbought positions brought heavy selling into a few of the recent speculative favorites, which dropped 5 to 10 points, but these were offset by gains of 5 to 17 points in a fairly large assortment of specialties.

Renewal of call loans at 6 per cent, the lowest opening rate since September 28, had a bullish effect on speculative sentiment. Further gold imports from the Argentine, coupled with predications of additional shipments from Great Britain in the near future, also helped brighten the credit outlook.

Heavy buying of U. S. Steel, common, which advanced 3 points, stimulated the afternoon recovery. Other steel shares followed in its wake, Vanadium rising 3 1-2 points, on expectations of usually favorable fourth quarter earnings. The recent decline in building activity was widely regarded as temporary, and likely to improve with the further lowering of money rates, recent stiffness, which has held up a number of large projects.

Copper shares responded to a favorable price situation in the industry, Kennecott and Granby leading the advance with early gains of 3 points each. Seneca again changed hands in large volume, cross 7 to a new high. Du Pont soared 8 points on reports that merger negotiations with Grasselli Chemical only awaited the approval of the Department of Justice. Concurrent strength and activity of Radio and Western Union, each of which advanced 4 points, was based on the belief that legislation favorable to merger of closed working arrangement between those two companies was likely in the next Congress.

Motor Products, which was weak yesterday, dropped 17 points. International Harvester, Commercial Solvents, Ounhill International, Sprang Chaffent, Mackay companies, Eastman Kodak, Union Carbide, R. H. Mica, Century Ribbon, Chrysler, Allied Chemical, Goodyear Fidelity, Phenix Insurance and United Biscuit all sold 2 to 8 points higher, several of them touching record high prices.

A. M. Byers broke 10 points but quickly recovered half its loss. Adams Express dropped 7 points, Montgomery Ward 5, Industrial Rayon 4 and Marlin Rockwell and General Railway Signal fell back about 3 points.

Trading was again heavy but the ticker kept fairly well abreast of the market.

The closing was strong; sales approximated 3,600,000.
