ROBINSON TO PUSH FIGHT IN SOUTH DAKOTA

Democrat Made Strong Plea To Progressive Party Members Last Night

By RAYMOND Z. HENLE En Route With Senator Robinson to Sioux Falls, S. D., Oct. 24—(AP)—Two weeks from today Senator Joe Robinson will know whether his direct call to adherents of the progressive party to vote the Democratic National ticket this year has had the effect he hoped when he made it.

He believed that the Smith-Robinson ticket can carry most of the Middle Western States if those who voted for Senator LaFollette in 1924 will choose Gov. Smith on November 6th, the nominee prepared to push his bid for Progressive votes today in South Dakota, another state which gave LaFollette a strong vote four years ago.

Although Senator Robinson has declared upon several occasions that the "Democratic party now has become the Progressive party of the nation," he made his strongest appeal to the Progressive group at Sioux City last night in a speech in which he assailed both Herbert Hoover and Senator Curtis as "reactionaries." He called Senator Curtis "the king of stand-patters" and declared that "Hoover's principal efforts have been obstructive of Progressive legislation."

The nominee also took the occasion to take a fling at the New York speech of Hoover, prefacing his attack with the statement: "Governor Smith has pledged himself to work out the farm problem along the lines of the McNary-Haugen bill, Senator Robinson said."

HUGHES TAKES G. O. P. FIGHT TO CHICAGO

Republican Speaker Left Plea For Hoover In The Farm Belt Of The West.

St. Joseph, Mo., Oct. 24—(AP)—Leaving with the farm belt a plea for the election of Herbert Hoover as the candidate "best fitted" to deal with agricultural relief and other national problems, Charles Evans Hughes was enroute to Chicago today for his second address of the presidential campaign.

The former secretary of State, who was the Republican presidential nominee in 1916, made a double-barreled speech in his initial appearance of the campaign here last night, speaking first to a crowd which packed the municipal auditorium, and later repeating the address from a radio studio over a network of stations of the national broadcasting company chain.

Repetition of the speech, in which Mr. Hughes declared his belief that Hoover was better equipped by experience and background for the presidency than Governor Alfred E. Smith was necessitated by the fact that arrangements could not be made for the radio hookup at the hour he spoke at the auditorium.

Clyde Hoey To Champion Cause of Democracy At the Courthouse Tonight

All arrangements in connection with the appearance here tonight of Clyde Hoey, Shelby Democrat, were completed today, according to announcement made by members of the Pitt County Democratic Executive Committee. Mr. Hoey arrived in Greenville this afternoon and is scheduled to speak at the courthouse at eight o'clock. He will be the guest of C. S. Forbes while here.

Mr. Hoey will be introduced by Senator M. K. Blount, member of the law firm of Blount & James, and prominent in the political life of the community.

ASKS PRAYER FOR SUCCESS OF COUNTRY

Dr. Coolidge Issues Annual Thanksgiving Proclamation Today.

Washington, Oct. 24—(AP)—President Coolidge issued his annual Thanksgiving proclamation today by calling upon the people to offer thanks on Thursday, November 29, for prosperity in agriculture, industry and commerce and for the peace which has existed in the last year.

"Through his divine favor peace and tranquility have reigned throughout the land. He has protected our country as a whole against pestilence and disaster and had directed in the way of national prosperity. It follows:

"The season again approaches when it has been the custom for generations to set apart a day of Thanksgiving for the blessings which the giver of all good and perfect gifts has bestowed upon us during the year. It is most becoming that we should do this, for the goodness and mercy of God which has followed us through the year, deserve our grateful recognition and acknowledgment.

"Through his divine favor peace and tranquility have reigned throughout the land. He has protected our country as a whole against pestilence and disaster and had directed in the way of national prosperity. Our fields have been abundantly productive; our commerce has flourished; our industry has increased; wages have been lucrative and contentment has followed the undisturbed pursuit of honest toil.

"We have prospered in material things, so have we also grown and expanded in things spiritual. Through divine inspiration we have enlarged our charities and our missions; we have seen imbued with ideals which have operated for the benefit of the world and the promotion of the brotherhood of man through peace and goodwill.

"Wherefore, I, Calvin Coolidge, President of the United States, do hereby set apart Thursday, the 29th day of November next, as a day of general thanksgiving and prayer, and I recommend that on that day the people shall cease from their daily work and in their homes and in their accustomed places of worship devoutly give thanks to the Almighty for the many and great blessings they have received, and seek His guidance that they may deserve a continuance of His favor.

EVANS ASKS FOR SUPPORT OF HOOVER

Raleigh Lawyer Says Republican Nominee Better Democrat Than Smith.

Urging his hearers to defeat Smith by voting for Hoover, W. F. Evans, of Raleigh, spoke at the courthouse in this city last night in opposition to the Democratic nominee for presidency of the United States. The speaker declared Herbert Hoover, Republican presidential nominee, to be a better Democrat than Governor Smith and attempted to prove by facts that he was better fitted for the presidency.

W. E. Hooks, Chairman of the Democratic committee of Pitt county, said special arrangements had been made for the many women expected to attend the speaking tonight. While the courtroom will be crowded to capacity, sufficient seats will be provided for the great number of women desiring to hear the great exponent of Democracy.

Mr. Hooks also said that much interest had been created by announcement of the coming here November 2nd of Richard Cleveland, son of Grover Cleveland, former President of the United States. Mr. Cleveland's entrance of the political field was quite unexpected and North Carolina people are fortunate in having the privilege of hearing him.

USES UNITY AS SUBJECT FOR SERMON

Dr. McFarland Delivers Fine Message At Immanuel Baptist Revival.

Speaking on the subject of "Unity," Dr. R. A. McFarland of Gaffney, S. C., delivered the second sermon of the series of revival services in progress at the Immanuel Baptist Church in this city last night. A fairly large crowd was in attendance and listened with interest to the minister as he stressed the need of unity in the home, the church and wherever there is co-ordination of effort.

The musical program was of exceptional merit. L. R. O'Brien, pastor of the church, acted as choir director.

Dr. McFarland took for his text and theme the hundred and thirty-third Psalm. He stressed the great things that could be accomplished by church members if they should work together in harmony and unity. He told of the progress that might be made by families and their neighbors through the application of unified effort. He showed the need of spreading the gospel among all classes and the important part each family might play if they would apply themselves in this direction.

The revival will continue nightly for a period of ten days. Dr. McFarland will speak at each service, bringing messages of vital importance to church members as well as those who are not affiliated with any denomination.

L. R. O'Brien, pastor of the church, urged everybody to join them while the revival is in progress.

Juvenile Burglar Slain By Friends Nashua, N. H., Oct. 24—(AP)—The slaying of a 13 year old burglar was definitely assigned by police today to his two juvenile associates in a long series of petty thefts. Adam Goodvitch was shot through the heart. A pistol was left close on one hand to give the appearance of suicide.

FOUR PERSONS KILLED WHEN PLANE FALLS

Searchers for Missing Hunter Meet Tragic End In Arizona Mountains.

Tucson, Ariz., Oct. 24—(AP)—The scarred bodies of four persons who joined William Hyatt, missing Tucson hunter, in death yesterday when the plane in which they were searching for the boy crashed and burned in a lonely mountain canyon, were brought here by pack horses today.

Soon after the plane fell, carrying George Peck, Detroit, Mich. pilot, Bruce McIntyre, University of Arizona student; Deputy Sheriff Clifford Nelson, and Harry Whitman, Tucson, passenger, to their deaths, the bulk-ridden body of Hyatt was found miles distant in the Santa Catalina Mountains.

The hunter, an 18 year old messenger boy missing since Sunday apparently met death from the accidental discharge of his shotgun while hunting rabbits in sage brush. The finding of his motorcycle, several miles from the body, led the searchers to believe he had abandoned the carrier, and in attempting to make his way back here on foot had become lost in the mountainous canyons.

Peck, the airplane pilot, who gained recognition in the air reliability tour last summer, volunteered the services of his plane when a search was organized for the youth yesterday.

With his three volunteer passengers, he followed Charles Mayse, instructor of an air school here, into the air to search along nearby mountain ridges. After an extended flight Mayse turned back to the local field, but Peck continued along the Rocky Canada Del Oro Canyon.

Root searchers saw his plane fall and, soon after it disintegrated from view, a column of smoke curled upward. Mayse was signalled and led walking parties to the wreckage. All four passengers apparently had met death in the crash, cause of which was undetermined. Their bodies were burned almost beyond recognition.

SMITH ENTERS NEW ENGLAND STATES TODAY

Democratic Nominee To Carry Doctrine of Jefferson and Lincoln To People.

Albany, N. Y., Oct. 24—(AP)—Alfred E. Smith turned today toward New England—a normal bulk of Republican strength, as a new field in which to preach the Democratic gospel of Jefferson and Jackson.

Satisfied with his two drives west of the Allegheny Mountains, the Democratic nominee has elected to close his drive for the presidency along the densely populated North Atlantic Seaboard and Massachusetts has been singled out as the State first to feel the trend of an invading Democratic host. The Governor arranged his schedule so as to arrive in Boston at 3:50 p. m. today in order to have time for a parade before appearing in the Boston arena tonight.

SMITH HOME FROM WESTERN TOUR

Gov. Alfred E. Smith carried a campaign rooster, gift of an admirer, when he returned to Albany from his campaign trip in the south and middle West. He is preparing to wind up his campaign in a tour of the east. Mrs. Smith is shown holding the governor's grandson.

Sen. Carter Glass Flays Bishop James Cannon In Hot Speech At Richmond

Richmond, Va., Oct. 24—(AP)—After delivering a prepared address in which he rebuked Senator Joseph for his activities on behalf of Herbert Hoover, Carter Glass, senior Democratic Senator from Virginia, in vigorous language last night attacked Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, and defended the stand of Governor Alfred E. Smith on prohibition.

"Who made prohibition an issue?" he said. "I wrote the plank in the Democratic platform and Bishop Cannon approved it to the letter before it was adopted. He says Al Smith repudiated the platform. I say he didn't do anything of the kind."

Senator Glass declared that a "trinity of Methodist popes are attempting to turn the Methodist Episcopal Church, South, into the Methodist Republican Church, South."

Continuing he mentioned Bishop Cannon by name and said: "I was using my humble endeavors in the interest of prohibition when Dr. Cannon was the paid agent for the anti-Saloon League. I was for the extermination of the liquor traffic, when Bishop Cannon was amean from one end of this Commonwealth to the other as 'one quart Cannon.'"

This name was given Bishop Cannon, the Virginia senator declared, when the former went to Washington, while a bill was spending before Congress to make it a crime to ship whiskey from a wet to a dry state, and insisted that Virginians be allowed to receive one quart of liquor a month.

Cardinal DeLai Dies In Italy

Rome, Oct. 24—(AP)—Gaetano Cardinal De Lai, secretary of the Consistorial Congregation since 1908, died today at the age of 75. His health had been poor for a year and on Saturday his condition became grave.

Gaetano Cardinal De Lai, born in Male, Italy, July 20, 1853, has been for years one of the twelve members of the Rota, which is essentially the supreme court of the Roman Catholic Church.

Cardinal De Lai received the red hat in 1908. Previously because of his knowledge of canon law, he had been a member of a codification commission.

Faces Forgery Charge. Jacksonville, Fla., Oct. 24—(AP)—John E. Harris, 27, arrested here several days ago at the request of Durham, N. C. authorities, today was enroute to the North Carolina city where he is wanted on two charges of forgery.

DANIELS HITS REPUBLICANS AT CHARLOTTE

Scores Senator Borah For Some Of His Rash Utterances Recently.

Charlotte, N. C., Oct. 24—(AP)—With a broadside at Senator William E. Borah for what he charged was a "spectacular inconsistency" in the Idahoan's stand on political issues, Josephus Daniels, Raleigh, N. C. publisher and secretary of navy in Woodrow Wilson's cabinet, rounded out a speaking tour with an address here last night in behalf of the Democratic ticket.

Declaring that he was "not objecting to Senator Borah supporting Mr. Hoover" nor to "this nation-wide display of his spectacular inconsistency," but that he did feel "that when he, Borah, undertakes to lecture other men for alleged inconsistency he should pluck the beam out of his own eye before he attempts to eradicate the mote from the eye of those who for the time differ with him."

The speaker then charged that the Idahoan had voted against the Fordney-McCumber tariff bill in Congress and was denounced by many protectionists as a result. "My warm approval of his course at that time," Mr. Daniels said, "makes it all the more regrettable that last week he lauded the principles of that very measure in his speech at Charlotte."

The North Carolinian then expressed surprise that Senator Borah had charged him with being inconsistent because "as a sincere and life long Democrat I do not desert my party because Al Smith wishes amendments in the eighteenth amendment." He declared that if the Republican party "was a prohibition party" and "enforced the prohibition law," he perhaps could be blamed for not shifting his support. He declared that he did not, however, concur with the New York Governor in his prohibition stand but pointed out that the amendment cannot be changed without the consent of the people.

ZEPPELIN TO BEGIN TOUR ON THURSDAY

Mid-west Tour May Begin Tonight If Weather Conditions Permit.

Lakehurst, N. J., Oct. 24—(AP)—The Graf Zeppelin was ready today to start on her midwest tour either tonight or dawn tomorrow, depending upon weather conditions.

Passengers were instructed to be at the field at 6 p. m. tonight. Eighteen to twenty passengers will be carried as guests of Dr. Hugo Eckener, the Zeppelin's commander.

Mr. Eckener and those of his officers and crew who had been visiting Washington and Chicago returned here last night.

The detailed route depends upon weather conditions, but the tentative itinerary would take the Graf Zeppelin from Lakehurst over Pittsburgh, Columbus, Ohio, Cincinnati, Indianapolis and St. Louis to Scott Field, Belleville, Ill. If the start is made at dawn the dirigible will spend the night at Scott Field, Ill., taking off the following day for a cruise over Chicago, Milwaukee, Detroit, Cleveland, Akron, Buffalo, Niagara Falls, Syracuse, Albany, New York City and back to the naval air station here.

She then would be refueled and prepared for her return flight to Friedrichshafen, Germany, her home port.

The passengers, as announced, include: Rear Admiral W. A. Moffett, E. P. Waver, assistant secretary of the navy for aeronautics; W. P. McCracken, assistant secretary of commerce for aeronautics; Dr. J. H. Delmonico, radio expert of the department of commerce; H. H. Blee, of the department of commerce; Col. John A. Paegelow, commanding officer of Scott Field; Major R. B. Lincoln, of the army general staff, Washington; Lieut. Frank McKee, commanding officer of Norton Field, Columbus; Lucius Boomer, of New York; A. F. Masury, vice-president of International Motors; Austin Bean, of the Chrysler Export Corporation, and Edwin Stewart, of Red Bank, N. J.

Granger of Bushirk, a candy manufacturer, has deposited \$100 in a bank. Princeton will get half the interest annually. The rest will be added to the principal, which will go to the University in 1928. The people National Bank of Hoesick Falls figures that 500 years hence the fund will be more than \$9,000,000,000. # State Of Maryland Is Passing Through Great Struggle In Politics

By BYRON PRICE  
Associated Press Staff Writer.  
Baltimore, Md., Oct. 24.—(AP)—Marked on the war maps of Republicans and Democrats alike as a difficult salient in the presidential campaign, Maryland is passing through a political struggle of greater severity than outward appearances have disclosed.

The contest here has not been advertised by the eccentricities so manifest this year in other parts of the country. The lines are more clearly drawn, with prohibition and religion carrying almost the whole burden of public debate. Bolting has been at a minimum among party leaders, and a plentiful plenty of moving about has been apparent in the ranks, on the whole the struggle is between two powerful party organizations. Nor is either destitute of the financial sinews of war.

These latter days of October are giving a demonstration of all that could reasonable be expected of the windup of a sizzling campaign in a closely contested state. Both sides speak confidently of the outlook, but neglect no honest opportunity to turn a vote. Both are checking and rechecking reports from county and precinct captains and both frankly concede that it is difficult this year to get at the precise outlines of the situation.

Such a picture of contradictions and uncertainties is thoroughly consistent with Maryland's past performances in presidential years. Twice within the last quarter of a century—in 1904 and 1908—the result in the state has been so close that the electoral vote was split. Just before that Maryland voted twice for McKinley, and just afterward it voted twice for Wilson. It went Republican by 55,000 in the Harding landslide and Republican again by 14,000 in the Coolidge landslide.

In the act of these recent Republican pluralities the Democrats have cherished a hope that a combination of elements will work for victory for Governor Smith. Like New York, Maryland has not seen fit to maintain a prohibition enforcement act on its statute books. It lies within that bloc of state described by the anti-Saloon League as making up the "eastern wet sector." Its Democratic governor, Albert C. Ritchie, has militantly favored modification of the dry law, and he is serving his third term despite a Maryland precedent that no governor should succeed himself. The state also has two wet Democratic senators. It has a considerable Catholic population, and it has the great city of Baltimore, with its foreign colonies and its metropolitan notions.

But certain other considerations have taken their places in the picture. Many of the counties outside Baltimore are dry, and are appalled to now for the first time in a presidential campaign on the prohibition issue. It happens that some of the driest are the normally Democratic and strongly Methodist counties on Maryland's "eastern shore." In that section Bishop Cannon has spoken against Smith and many Methodist ministers are active on behalf of Hoover. The widest discussion of Governor Smith's religion likewise is apparent, although the Republicans disclaim any connection with that issue. In addition, the state's Democratic leaders are passing through a factional fight, the possible effect of which on November 6 is disputed.

To partially offset their admitted losses in the Eastern Shore counties and other Democratic communities, the Democrats expect to win votes of many Catholic Republicans in the southern end of the state.

Geographically, the great Democratic hope is Baltimore, with its strong anti-prohibition sentiment and its foreign elements. The party managers insist that even if Hoover comes to the city limits with the 25,000 or more majority which the Republicans are claiming outside, that margin will be overturned by the vote in the city. They depend on Governor Smith's forthcoming visit here to insure him a sweep of irresistible proportions.

The Republicans are not conceding such a sweep; indeed, they are not conceding that Smith will carry Baltimore at all. They recall that Harding had a plurality of nearly

40,000 here in 1920, and that four years ago, in a three-way split Coolidge had a city plurality of 9,000 over Davis, particularly that of the German-Americans, will go solidly for Smith, and they declare Democratic defections will be far greater than the Democratic leaders realize.

Governor Ritchie, the leader of the party in the state, is on the stump for Smith, whose nomination he seconded at Houston after he had himself withdrawn as a candidate for the presidency. He is not up for re-election, but Senator Bruce, one of the foremost senate critics of the dry law, is running for another term on the ticket with Smith.

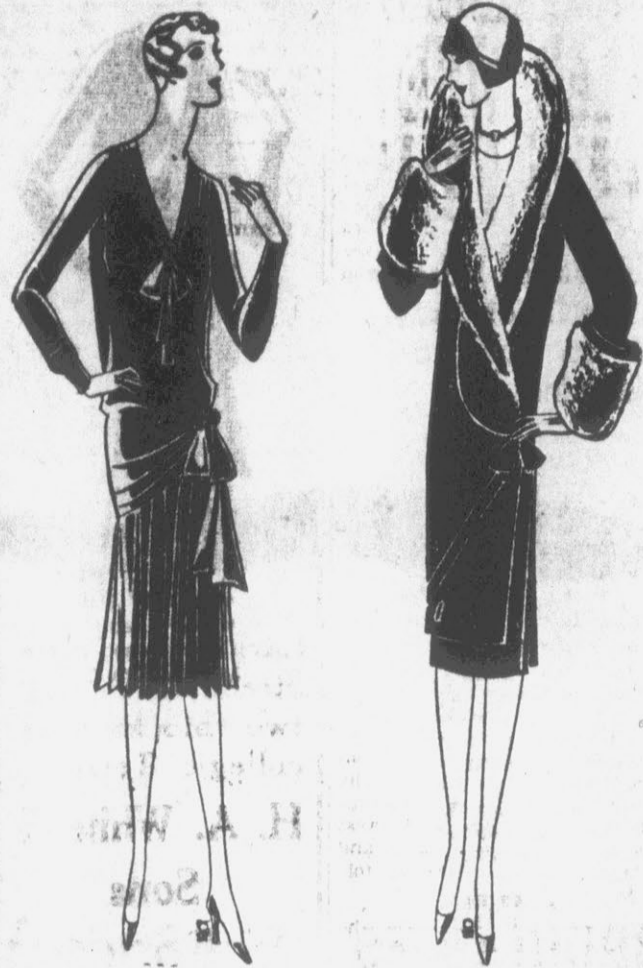

It seems certain that the popular vote on November 6 will leave all previous records far behind. Smith and Hoover rallies throughout the state are drawing immense crowds, and registration has just closed in Baltimore with enormous gains, especially in the number of women voters qualifying in Republican and Democratic wards alike.

## MRS. BOWEN ENTERTAINS END OF THE CENTURY CLUB

The End of the Century Club was very delightfully entertained on Tuesday afternoon by Mrs. C. A. Bowen at her beautiful new home in College View. The home was lovely, with its decoration of many brilliantly colored fall flowers and shaded lights. Mrs. J. L. Little, president of the club, presided, but relinquished the chair just long enough to make a motion that the club give the sum of \$100.00 instead of \$40.00 which had been promised, to the Greenville public library. The motion was carried, and it was decided to give a book cart to the library.

Mrs. J. L. Hassell gave a report from the district meeting held at Plymouth Oct. 18, and Mrs. E. W. Harvey also read a report from this meeting.

The hostess had charge of the program for the afternoon, which was most enjoyable. She presented Mrs. P. W. Picklesimer, who delighted all present with several charming readings. The speaker gave a short sketch of the life works and style of Alfred Noyes, one of the ultra-conservative modern poets, and read three of his poems: "The Highwayman," "Forty Singing Seamen," and "The Barrel Organ." Each poem was given with such feeling, understanding and expression, that those present imagined themselves transferred to the scene of the poem. Mrs. Picklesimer brought out the charm and beauty of Noyes's poems, causing those present to admire him more than ever before.

The hostess, assisted by her sister and Mrs. Luther Herring, served a delicious salad course.

The guests enjoying Mrs. Bowen's hospitality were Mrs. Russell B. Bailey of Wheeling, W. Va.; Miss Mary Berry Clarke, Miss Madge Daniels, Miss Clem Bridges and Miss Estelle Greene.

## LITERARY DEPARTMENT OF WOMAN'S CLUB MEETS

The Literary Department of the Woman's Club met with Mrs. W. S. Galloway on Tuesday afternoon, October 22, with 19 members and one visitor present.

The meeting was opened by singing one stanza of "America," after which the roll was called and minutes read and approved.

Mrs. Mangum gave an interesting report of the district Woman's Club meeting at Plymouth on Oct. 19. She then read a letter from Mrs. C. B. Culbreth of Washington, N. C., accepting the invitation to speak to the club on Dec. 18th.

Mrs. Moore announced the flower show to be held at the club house on Nov. 1st.

Miss Lucile Turner reviewed "Bambi" (a life in the woods), by Felix Salten. This was done in a most interesting and charming manner.

The hostess, assisted by Mrs. Tom Gorman, Jr., and Mrs. Leo Burke, served a delicious salad course.

## CORRECTION IN WRITE-UP OF MRS. BROWN'S DEATH

In the write-up of the death of Mrs. Rebecca Brown, carried in the columns of this paper yesterday, it was stated that she was a member of the Free Will Baptist Church. This was a mistake as Mrs. Brown was a member of the Primitive Baptist Church.

Pittsfield, Mass.—Curtis said Democrats after assailing tariff for fifty years now "trying to make" people think they are for it.

Sioux City, Iowa—Robinson called upon Progressives to support Smith, asserting conservative and reactionary influences dominate Republican party and its candidates.

St. Joseph, Mo.—Charles Evans Hughes contrasted records and accomplishments of Smith and Hoover, declaring he "decidedly preferred" Hoover.

Omaha, Neb.—Joseph Koutsky, Chairman of Agricultural League of Nebraska, said Senator Norris would declare unqualifiedly for Smith in speech next Saturday night.

Tacoma, Wash.—Senator Norris declared Hoover by New York speech had repudiated all Progressives who have supported him in the past.

## Curtis Concludes Campaign In N. Y.

Enroute With Senator Curtis to Rochester, N. Y., October 24—(AP)—A three-day campaign in upper New York State ends tonight for Senator Curtis, the Republican vice presidential nominee. From Rochester he will depart tomorrow for a windup drive in the Middle West—

Utica, Albany and Rochester were visited by the senator in Governor Smith's state this week. Earlier in the campaign he spoke at Syracuse.

Despite a rain which fell intermittently, he was given a torch light parade last night at Pittsfield, Mass. The crowd filled the Colonial Theatre to overflowing and many stood outside in the rain to hear him over loud speakers. Then he was called to a second rally in the Masonic auditorium.

He urged retention of Republicans in power on the record of Calvin Coolidge, and he stressed maintenance of the protective tariff. He termed the record of this administration the best in history and insisted the Democratic proposal for a "competitive" tariff would be "no protection whatever."

Women played a prominent role in the torch light parade, many carrying the flaming sticks of fire and leaders of western Massachusetts informed the senator they were taking a more active part than usual in this campaign.

Tomorrow, Curtis will appear at Cocton, Ohio, at noon, and at Akron at night. Friday he will visit several central Ohio cities, including Columbus, Clifton, Yellow Springs and Mount Vernon. On Saturday he will stop at Cleveland at noon and proceed to Detroit for a night meeting.

## Four Men Held In Murder Case

Hampden, S. C., Oct. 24—(AP)—A coroner's jury has held four men responsible for the death of James H. Maudlin, whose mutilated body was found on the tracks of the Charleston and Western Carolina Railroad tracks September 10th.

Two of the men, Joe Brown and Frank Donehue, have been placed in jail. A. J. Nix is being detained, and Henry Nix is reported to have surrendered to New Orleans police yesterday.

The four were alleged to have been with Maudlin for several hours before his death. Absence of blood on the dead man's clothing and on the wheels of the engine and cars that passed over the body aroused suspicion that he had not been killed by the train.

## Starts Suit To Oust Faith Cult

Fort Myers, Fla., Oct. 24—(AP)—A dozen men and women, remnants of the religious cult of Brother Isaiah, silver haired faith healer, today were under orders from the court to vacate an 89-acre tract near here on which they settled some ten years ago and claimed "in fee simple title from the Lord."

Dispossession was ordered by County Judge N. O. Stout on complaint of Eric Younger, original owner of the property and a member of the cult, following a row in the camp, which involved the women members.

According to Younger, one of the colonists, known as Brother Heider, took charge of the camp as temporary leader in the absence of Brother Isaiah, and barred the other men from the women's quarters. A fist fight followed and Younger had Heider arrested on a charge of assault and battery. When Heider was acquitted, the land owner started suit to oust the colony.

## Fear Tanker Has Foundered In Storm

Boston, October 24—(AP)—Fear that the American Tanker David C. Reid with 45 men aboard foundered in the mid-Atlantic during a heavy gale on October 15, was expressed by Captain Thomas F. German and officers of the American steamship West Carnifax in from Alexandria, Egypt.

Captain German said that on the afternoon of October 14th the West Carnifax picked up an S O S from the Reid saying that she was sinking in position not far from the Azores.

The West Carnifax had been holed because of the severity of the storm, but at once proceeded under forced draught. On the following morning she arrived on the scene. No trace of the Reid could be found. The sea was covered for miles with oil streaks and a large vegetable bog was sighted.

While cruising about the West Carnifax was joined by the Leyland line steamer Deltina and the Dutch Tank steamer Rotterdam, both of whom had picked up the calls for aid.

The Reid left Samarang, Hava, on September 1st for Philadelphia. She was owned by the Jay Shipping company of New York City.

FOREWARNED IS FOREARMED

The record of the present administration is a guarantee of what may be expected of the next, reads the Republican platform. Standing out above everything else in the Republican records of the past seven and a half years are the unfulfilled promises of relief to the farmers, the oil scandals, Veterans' Bureau scandals, failure at honest effort to enforce the prohibition laws, alien property custodian scandals, party domination by the power trusts and numerous other examples of the prevalence of vice and corruption on every hand.

Is this record what the Republican party is promising the people of our nation for another four years if the party is returned to power? If so, surely being forewarned we will be forearmed.

NO RIGHT TO HOWL

Mrs. John F. Sippel, of Baltimore, president of the General Federation of Women's Clubs, spoke a great truth when she told Elizabeth City women Monday that "Women who do not vote have no right to find fault with our government," and what Mrs. Sippel said might be addressed to women and men voters throughout the land equally as well. Voting is not only the privilege of every citizen but is a solemn duty as well for each individual is to an extent responsible for how the affairs of government, be it local, county, state or national, are administered. When a person declines to interest himself or herself to the extent of expressing a preference as to what person or group of persons shall be put in control of the nation that person is deliberately shirking one of the greatest duties of citizenship and should forever after hold his or her tongue regardless of how the affairs are run.

With the presidential campaign just a few days off there are probably a large number of persons who have never even taken the trouble to register so that they can vote and there are others who are registered but who on election day will find something else to do instead of going to the polls and voting. Nearly always it is just a minority of the citizens of the United States that control the affairs and policies of the entire nation simply because not half the

eligible voters cast a ballot and a majority of this minority can put a party into power.

If you are not already registered do so before next Saturday night and then see to it that you cast a ballot on November 6 for one side or the other. If you are not willing to help shoulder the responsibility of government by voting your choice you are not worthy to criticize the action of those who are placed in power.

In other words, either vote on election day or from then on SHUT UP.

ABOUT TOWN

The real big gun of the Democratic campaign in Pitt county will be fired at the court house tonight when Clyde Hoey, of Shelby, speaks in behalf of the candidacy of Al Smith, Democratic nominee for the presidency, said a member of the Executive committee today.

"Clyde Hoey is an orator of exceptional ability. He has done effective work in behalf of the Democratic party of the State and is attempting to show the voters the truth about mooted questions of the times.

"If you have never heard this well known speaker, come out tonight and see what he has to say in behalf of a cause as holy as the cause of good government itself."

"We are attempting to add as many new members to our list as possible in order to increase the scope of our usefulness," a member of the Merchants Association told the writer today.

"Activities of the organization have increased from year to year until the time has come for increased membership if we are to go forward in the future as in the past.

"Business and professional men wishing to take an active part in the upbuilding of the community are urged to join with us and help in promoting expansion in the years to come."

"Farmville people were delighted to hear that the town had been awarded the Eastern Carolina exposition scheduled for the first of April," said a citizen of that town in Greenville today, attending the civil term of Pitt County Superior court.

"Six other towns in this district have had the exposition but Farmville hopes to be able to entertain thousands at the larger attraction of its kind in history and Eastern North Carolina people are urged to keep the date in mind and be prepared to spend much time at the exposition."

"The amount of money you receive from your cotton crop next year will be determined by the kind of cotton you plant in the spring," said a prominent farmer today, discussing the plan under way to get the farmers to plant more of the long staple variety.

"The manufacturer has shown a disposition to pay a good price for long staple cotton and as long as the farmer produces that variety he may expect to receive living prices.

"Manufacturers, like any other kind of people, want what they can use. They have no use for something that will not be of any value to them. See that you give the matter proper consideration by planting time and get yourself in line for higher prices."

You feel the difference

with this oilier oil because it gives your motor a better piston seal and cuts down friction, so that there is greater actual power at the point you want power

MORE POWER TO THE REAR WHEELS
An oil that forms a perfect seal between piston and cylinder wall, prevents the loss of the explosive power of your gasoline. This makes it work for you.
In engine tests, the effective power developed by a motor is commonly measured by machines called dynamometers. In almost daily tests with these devices, "Standard" Motor Oil is being compared with other motor oils, commonly used.
Results show the same motors develop from 4 to 10 per cent more power with "Standard" Motor Oil.
No wonder motorists say of "Standard": You can actually feel the difference.

# STORM BREAKS OUT AGAIN IN BOXING ASS'N

By EDWARD J. NEHL  
Associated Press Sports Writer  
New York, Oct. 24.—A storm brewing for months within the ranks of the National Boxing Association has finally blown up into a hurricane that threatens to break up the organization.

Some followers of the game believe that the days of the association, which began here in 1921 and grew until it controlled the leathered fist in 16 states and had its say in ring affairs throughout the world, now are numbered. The Canadian boxing federation already has withdrawn from the body, Connecticut and New Jersey are contemplating the same action.

The first step in the dissolution was taken yesterday when Thomas Murphy, member of the Canadian Parliament and head of the Canadian boxing federation, entered into a working agreement with New York State Athletic Commission and informed the N. B. A. of the Dominion's withdrawal from the association. Tom Donohue, who comprises the entire Connecticut commission, and Allan Trimble, head of the New Jersey commission, sat in on the negotiations as part of a "social visit."

Men close to the situation declare frankly that a new national organization to be known as the International Boxing Federation is in the making. The plan calls for the New York State Athletic Commission, with its nation-wide prestige, to head the new federation, either directly or through the medium of a working agreement.

States ready to bolt are listed as Wisconsin, New Jersey, Connecticut, Louisiana, possibly Michigan, Rhode Island and Maryland and the Charlotte and Greensboro city commissions of North Carolina. Texas and Alabama are considered possibilities. The November elections may bring about a state boxing law in Florida and repeal the present California statute, thereby eliminating both those states from present consideration.

The discord now prevailing in the association came to a head during the recent annual convention in Toronto. Usually presidents of the organization are elected to succeed themselves for a second term of one year and when opposition developed to President Donohue under those circumstances he withdrew from nomination. In his place Thomas Murphy was named to oppose Paul Peha, chairman of the Illinois State Athletic Commission.

Murphy, then the second vice-president, was barred from the lists when a by-law was discovered preventing any but delegates from the United States holding office. The stand was taken that the association was organized primarily to further the interests of boxing within the United States and that Canada was merely affiliated with the organization.

The turmoil attendant on the election and the charges that followed apparently led the Canadian federation to affiliate with the New York association, which refused to join the N. B. A. on its inception because of a disagreement over the association by-laws.

## Touchdown King

Dutch Clark, flashy Colorado college halfback, leads the Rocky Mountain conference in touchdowns scored this season.

# MANY STARS SHINING ON GRID TODAY

By HORACE C. RENEGAR  
Atlanta, Oct. 24.—(AP)—Possibly never before has such a galaxy of high powered scoring stars been found in the Southern Conference football race so early in the season.

They're sliding into the touchdown column from every section as the Saturdays roll by, giving promise of championship trouble to the boys who spend idle moments late in the season pondering over mythical all-Southern nominations.

There is Eddie Zobel of South Carolina, Eugene McEver, of Tennessee; Cannonball Clyde Crabtree of Florida; Billy Hicks, of Alabama; Warner Mizell and Stumpy Thomason, of Georgia Tech; Frank Peake, of Virginia Polytechnic Institute; Gerald Walker, of the University of Mississippi; Jimmy Armistead, of Vanderbilt; Abner Barnes, of Virginia Military Institute; Snyder, of Maryland; Billy Banker, of Tulane; Herdie McCrary, of Georgia; Jimmy Ward, of North Carolina and Reeves, of Louisiana State—just to mention a few of the ones.

With great ado, followers of Dixie football in many instances already have openly declared that this year's star backfield array is twice that of last year.

Most of the big guns are of most versatile too. Take Zobel, he can run, pass, punt and is good on defense. Crabtree, Hicks, Mizell, Thomason, Armistead, Barnes, Ward and Banker, among the others named, can do the same.

Crabtree is perhaps the only back in the nation who can punt or pass equally as well with either foot of hand.

Armistead carries the distinction of being the leading point scorer of the nation in 1927. McCrary was one of the greatest plungers and scorers of the Conference a year ago. In 1927, Peake gained more than 1,700 yards and has started this season giving promise of bettering that mark.

Snyder of Maryland, gained approximately 350 yards in the first three games this season.

Yet these are only a few of the great backs of the conference. Many teams are numbering their offensive cracks almost by the backfield.

Georgia has besides McCrary, Johnson, Hooks and Dudley, the same quartet of a year past in addition to Hill and Cook.

South Carolina has Carlisle Beal and Wimberly as other big hits. Suther, Brasfield, Deal and Holm are other big scoring men of Alabama's crimson tide. Aside from Crabtree Florida boasts Owen, Sower, Crumbaugh and Cawthon, Lumpkin Randolph and Dunlap add to the Golden Tornado's power. Close and Sloan are consistent gainers for Virginia. Bob Warren is a hardy plunger, passer and punter for North Carolina State. Thibodeau is a new star at Washington and Lee. Bubble Walker and Wilson add to Ole Miss' versatility. Portwood is the Kentucky ace. Hackman, Witt, Dodd and Horner are reliable backs for Tennessee. Hustis is the ace of the backfield at Clemson.

Almost every team in the conference has the offensive equipment to furnish all comers a thrilling afternoon.

# OLD FEUDS TO BE REVIVED ON EASTERN GRID

New York, Oct. 24.—(AP)—The east has too many ancient feuds to renew this Saturday to bother its head much with intersectional warfare.

Only two eastern representatives will be pitted against opponents from other sections—Georgetown taking on Duke at Washington, while Holy Cross entertains Marquette at Worcester, Mass. Georgetown, which has rolled up more than 200 points against its first four opponents, is an overwhelming favorite to defeat Duke, but Holy Cross, undefeated 17, Fordham last week, is given scarcely an even chance against Marquette, which won last year, 12-6.

The rest of the day is given over to intersectional combat, involving in some instances, rivals of long standing.

Yale and Army, both unbeaten and united, clash at New Haven in their 28th meeting. This series, which has developed into one of the east's leading football spectacles, began in 1893.

Dartmouth, another undefeated eleven, tackles a Harvard team, beaten only by Army, for the 35th time at the Harvard stadium. Rivalry began in 1882.

Princeton and Cornell yearly rivals from 1891 to 1907, will battle at Princeton for the 18th time.

Syracuse, beaten by Nebraska last week, meets Penn State, which defeated by Bucknell and Pennsylvania, hopes to turn the tide. Experts can't see it that way.

Pitt and Carnegie Tech have engaged in many a thrilling fray for the Pittsburgh city championship and it will be strange if either wins more than a touchdown Saturday.

Penn and Navy clash at Philadelphia in their thirteenth game since 1888.

## NEW PLAYS TO BE SPRUNG ON STATE

Raleigh, N. C., Oct. 24.—(AP)—A new series of plays will be sprung by the Wolfpack of North Carolina State when it engages the Florida Gators in Jacksonville Saturday. Coach Tobell is instructing three sets of backfield men in the new offensive tactics, while line Coach Butch Slaughter is drilling the pack forwards intensively in defense tactics. The squad, consisting of two teams, will leave here late tomorrow for the Florida city.

Chapel Hill, N. C., Oct. 24.—(AP)—The governor of Georgia and the governor of North Carolina will be among the spectators in Kehan Stadium here Saturday when North Carolina's Tar Heels will strive to break the winning streak of Georgia Tech's Yellow Jackets. Governor L. G. Hardeman, of Georgia, and Governor McLean, it was announced today, will be in the governor's box. The game will start at 2:30 instead of 3 o'clock. The Tar Heel line is considered as improved over its strength of last week.

## IRON MEN OF V. M. I. GET DOWN TO WORK

Lexington, Va., Oct. 24.—(AP)—The Eleven "Iron Men" of V. M. I. given very light workouts Monday and Tuesday after their sixty minutes of play on Saturday, were expected to buckle down to hard work today. The reserves made up yesterday for the idleness of the varsity, scrimmage in the mud until a late hour.

Virgil Grow, varsity center and Tom Scott, veteran end, were not in uniform but are expected to answer the call to duty against Maryland at Richmond Saturday.

## DUKE BLUE DEVILS DOWN AT WORK

Durham, N. C., Oct. 24.—(AP)—Duke University's Blue Devils are buckling down to hard work this week, hoping to be able to cross the hitherto unmarred goal line of Georgetown University in the game Saturday. Jankoski, fullback, is suffering with a leg injury which may keep him out of the contest, but the squad is otherwise in good condition.

## AT WHAT AGE IS A MAN IN HIS PRIME?

Many a young man old before his time

EVERYBODY will tell you something different. Some people are past their prime by the time they're forty. A few never know what it's like to feel in their prime. And then you talk to some hale and hearty man of 65, and he'll tell you he's been in his prime as long as he can remember.

"I'm still in my prime," he'll declare. "It's all a matter of how well you feel. And that's largely a matter of keeping your system in good working order. Living by regular schedule.

"Nujol helps things function like clockwork. Makes everything normal and regular, just as Nature intends it to be. Nujol is not a medicine. It contains absolutely no medicine or drugs. So it can't possibly upset or disagree with anybody.

"It's just a pure natural substance. It not only keeps an excess of body poisons from forming (we all have them), but aids in their removal. It's these poisons that sap your health and energy, slow you up,

# SENDS RADIO MESSAGES TO LADY IN MARS

English Telepathist Pays 36 Cents Word For Dispatch To Planet.

London, Oct. 24.—(AP)—After paying 36 cents a word for government radiograms to be sent to a woman on Mars, and after listening for replies, Dr. Mansfield Robinson, telepathist, announced this morning that certain messages had been received, but would have to be decoded.

Operators at the Saint Albans Radio Station who had listened on a wave length of 30,000 meters for a reply, said that nothing had been heard from the planet.

The messages sent by Dr. Robinson were dispatched into space on a wave length of 18,700 meters by the Rugby Station at 2:15 a. m. They read "Love to Mars" and "God is Love" and were addressed to "Oomarruru, a big eared Martian woman," with whom Dr. Robinson said he had telegraphic communication. As the enthusiastic doctor realized that Martians perhaps were not acquainted with English he translated the radiograms into a special code for their benefit.

Although the British postoffice, which accepted the messages, would not guarantee their delivery, Dr. Robinson spent the early hours of this morning at the laboratory of a specific friend, Professor A. M. Low, in Chiswick, a suburb, optimistically trying to pick up a reply on a high powered radio set. At 4:00 a. m., he said:

"We have received certain messages but must wait until they are decoded."

"There will be some ginger behind their reply," remarked the doctor reassuringly as he waited in the Chiswick laboratory.

"This is the greatest event in the history of the human race. It is the big thing foretold in the message from the Pyramids. I have a theory that the whirlwind experienced in London Monday night was in the nature of a hint from Mars and I am investigating this."

Radio listeners in America, Scotland, East Africa and the French government radio were like himself watching for the Martian signal, he said. Dr. Robinson added that he did not have this morning that "pain in his left temple which he always suffers when Oomarruru wishes to speak to him." His last act in his friend's laboratory was to open a bottle of champagne and drink the health of all Martians indiscriminately.

## RACES RESUMED AT STATE FAIR

Raleigh, N. C., Oct. 24.—(AP)—Grip, fall weather smiled on the State Fair today, permitting resumption of the horse racing and horse show events which were cancelled yesterday as the result of a heavy shower.

Apprehension that the newly constructed fair grounds would be turned into a bog if the rain continued for any considerable time was abated this morning when the sun was shining brightly, and a light wind aided in drying out the grounds.

Thousands of visitors from all parts of the state passed through the various exhibit halls during the first two days of the show, while the midway attractions, the band concerts, and the displays of fireworks have entertained throngs.

Cleveland county was awarded first prize of \$500 for the best county exhibit, and another first prize of \$200 for the best "live at home" exhibit, which was made by E. L.

# Methodists Get Down To Business At Charlotte, N. C.

Charlotte, Oct. 24.—(AP)—With Bishop Edwin D. Mouzon presiding, the Western North Carolina Methodist Conference, holding its annual session in the First Methodist Church here, geared the conference machinery and disposed of preliminaries at the morning session today.

The Rev. Gilbert T. Rowe delivered the devotional address and the former secretary of the conference, the Rev. W. L. Sherrill, called the conference roll. More than 300 ministers, in addition to many lay delegates, answered the roll.

Mr. Sherrill then was elected secretary of the conference for the 35th consecutive time. He nominated, as his assistants, the Rev. E. B. Billups, the Rev. J. W. Hoyle, Jr., and Rev. T. A. Haskins.

Dr. Rowe, a member of the conference and professor of Christian doctrine at Duke University, said in part in his address: "We are here today as ministers of the gos-

## Plan Source Of The Protestant Episcopal Church

Washington, October 24.—(AP)—With adjournment tentatively set for tomorrow noon, the general convention of the Protestant Episcopal Church set about today gathering loose ends of legislative matters and planning the course the church will follow until the next triennial meeting.

In the two days of meetings this week, the Bishops and Deputies, freed from the detail necessitated by the work of revising the book of common prayer, have heard and decided nearly as many propositions as in the previous ten days.

A budget program calling for the expenditure of more than \$12,500,000 for general projects and \$300,000 for special work during the next three years has been approved by the deputies. Adjournment of the House of Bishops came yesterday during debate on the question of quotas to be raised and this topic was the first order of business today.

An appropriation of \$2,500 for the committee on Faith and Order, which was authorized to cooperate with the Methodist Episcopal, the Southern Methodist and the Presbyterian commissions on this subject, looking towards organic unity, was \$7,500 short of the amount asked for, but one member, Judge George F. Henry, opposed any appropriation whatsoever.

"Thus far the commission on Faith and Order has been conspicuous for doing nothing," said Judge Henry. "It has made many promises for the future, but the record of the past shows it is of little value. Our own representatives at the Lausanne Conference were the ones who obstructed the one effort to do something constructive toward unity."

# Dan Moody To Break Silence In Dallas, Tex.

Austin, Tex., Oct. 24.—(AP)—Gov. Dan Moody of Texas, who, beyond declaring his loyalty to the Democratic ticket, has maintained silence in the national campaign since the nomination of Gov. Alfred E. Smith at Houston, will break his silence in Dallas Saturday night to reply to the campaign speech which Senator William E. Borah of Idaho, delivered there Monday.

Before the national convention the governor opposed the candidacy of Gov. Smith, but subsequently pledged party support, although he did not take advantage of several opportunities to speak in behalf of the nominee.

# Market Report

## Cotton--Stocks--Grain

### COTTON MARKET

New York, Oct. 24—(AP)—The cotton market opened steady at a decline of 5 to 8 points under southern selling and liquidation promoted by a more favorable weather map than expected, relatively easy Liverpool cables and talk of heavy private ginning figures. December sold off to 19.45 and March 19.35, but there was considerable trade buying, and the talk of heavy ginnings was offset to some extent by reports that they represented a large percentage of the crop, while there may have been a little buying on unfavorable features in the weekly weather report. The demand was sufficient to steady the market and after selling off to 19.45, December rallied to 19.40, with the general market showing net declines, of 4 to 5 points at the end of the first half hour.

Futures closed steady 3 to 7 points higher; spot steady; middling 20.10.

### GRAIN MARKET

Chicago, Oct. 24—(AP)—Corn prices took a decided downward swing in the late dealings today and pulled wheat along. Increased country offerings of corn for nearby shipment to terminal markets were much in evidence, and there was also more attention given to favorable weather for husking and for otherwise facilitating the movement of new corn.

Corn closed unsettled, 1-2 to 1c net lower; wheat 5-8 to 1c down; oats 1-4 to 1-4 to 3-8c off, and provisions unchanged to a rise of 45 cents.

### Rioting Causes Closing Of Three Hungarian Schools

Budapest, Oct. 24—(AP)—Four Hungarian universities were closed today after anti-Semitic rioting in which students and workmen participated and during which there were numerous minor casualties and 140 arrests in Budapest. A stormy parliamentary debate over the disorders ended in a challenge to a duel.

There was also student rioting in the city of Debreczin. The Exchange Telegraph correspondent said that Martin Rejner, an American, was injured in the rioting there and police charged into a crowd of students, intent on assaulting Jews, to disperse it.

The outbreaks among the students started several weeks ago when they charged that the government was foisting upon the universities a greater proportion of Jewish students than allowed by law. Government adherents charged that the students were aiming to overthrow the government of Count Stefan Bethlen prime minister. The universities will be closed until an official investigation is completed.

A stormy debate in parliament was precipitated by the rioting. Opposition parties charged that the government was responsible for the whole situation. Dr. Fabian, a deputy, claimed that the disorders had been engineered by an undercover in the department of interior who was alleged to have sent orders secretly to students advising them to attack the Jews.

Dr. Fabian added that innocent persons had been assassinated and their slayers permitted to escape. Bela Soltovszky de Nagyker, minister of interior, made himself heard during the uproar and called upon Dr. Fabian to produce the evidence upon which he based his assertions. When the deputy failed to do so he was suspended by the speaker. The under secretary immediately challenged him to a duel.

### Senator Norris Favors Al Smith

Omaha, Oct. 24—(AP)—An announcement that Senator George W. Norris Progressive leader, would support Governor Alfred E. Smith for the presidency was made last night by Joseph Koutsky, chairman of the Agricultural League of Nebraska.

Senator Norris will favor Governor Smith "flatly and unqualifiedly" in his speech here Saturday night, Koutsky said. Koutsky is one of several Republicans in the Agricultural League, which is termed a "progressive organization" favoring Smith's candidacy.

Arthur P. Mullen, Democratic national committee man for Nebraska, made a formal statement including the same prediction on Senator Norris' stand.
