SMITH BRANDS STATEMENT OF G. O. P. LEADER

Democrat Calls Hoover To Account For State Socialism Charges.

Boston, Oct. 25.—(AP)—Alfred E. Smith has opened his final drive for the presidency by hitting back at Herbert Hoover, who, he declares, has described the Democratic theory of public ownership and public development as "State Socialism" and at the same time used the word "to conceal rather than convey meaning."

Before a shouting audience that packed every foot of the Boston arena last night, the Democratic presidential nominee took issue with the charges of his rival on the questions of water power, farm relief and prohibition and declared the time had come when the government of the nation was leaderless.

Today the nominee turned his face toward New York where he will arrive long after night fall after stops at Blackstone and Providence, R. I., Waterbury, Derby, Shelton, New Haven, Bridgeport and South Norwalk, Conn.

The governor's overnight stay in Boston was almost one of continuous shouting—except for the time spent in sleep. From the moment he arrived until after he retired to his room at a hotel after the night's speech, he was the center of a cheering crowd which 900 police were unable to hold.

His address at the arena climaxed a full program and was made only after the nominee had stopped on routes at Mechanics and Symphony Mills to greet for a few minutes crowds unable to jam into the other structure.

He was introduced to the gathering, which filled every one of the 10,000 or more seats and packed available space in the aisles and on the balcony.

Sayre, daughter of Woodrow Wilson, and tears came to his eyes when she referred to him as the man of whom her father once said: "I believe he feels in an unusual degree the impulses the compulsion of the nation and the world's affairs."

After wiping his eyes, the standard bearer of the party Wilson twice led to victory, thanked the daughter of the last Democrat to sit in the White House, for her introduction, and took as the text of his address a quotation from Herbert Hoover's acceptance speech.

"We shall use words to convey our meaning, not to hide it," the Democrat declared.

He said his rival had uttered these words in August, but it was not until last Monday night at Madison Square Garden in New York City that Mr. Hoover had "let the cat out of the bag." In that speech, the nominee added, his rival had referred to the Democratic theory as one of "State Socialism."

"Well, how do the members of congress feel who voted for the development of Muscle Shoals by the government?" he asked amid laughter and applause.

"Does Mr. Hoover seriously desire the American people to believe," he went on, "that the application of the Jeffersonian theory of State's rights is Socialism? He does not mean that."

Referring to prohibition the governor said: "If my plans is Socialism, then the present bootlegging and hijacking and racketeering that is going on anarchy."

The governor said he had been called a Socialist before and if his views on water power development were Socialistic then former President Roosevelt, Charles Evans Hughes, Owen D. Young and others were members of the Socialist party.

Death Of Children Purely Accidental

New York, Oct. 25.—(AP)—Investigation into the 13-story fall from a hotel roof of two young grandsons of the late Benjamin Gugenheim was closed today with the deaths officially pronounced "entirely accidental."

The children, Terrance, 41-2 years old, and Benjamin, 14 months old, fell from the roof of the Hotel Surrey last Friday while their mother, Mrs. Milton S. Waldman, was waiting for a friend who occupied a pent house there.

Dr. Charles Norris, chief medical examiner, who conducted an investigation independent of that of the police, announced his findings after examining seven witnesses. The deaths were accidental.

She Flies High and Low. New York.—(AP)—Eleanor Smith, 17, can fly low and fly high. Recently she went up 11,663 feet in her plane. And now she says she has gone up and down under the four East River bridges, dodging ships and not fearing that the department of commerce would stop her from doing so more.

Saturday and Monday "Dollar Day" in Fund For Democratic Party

Saturday and Monday have been set aside as "Dollar Day" in the campaign to raise funds for the National organization of the Democratic party, it was stated today.

On these two days Democrats have been urged to contribute at least one dollar to the cause. Funds will immediately be sent to national headquarters and each contributor will be mailed a certificate.

Contributions should be made to the Reflector. Although the call for gifts was issued by the national organization several days ago, the fund has grown slowly.

Keep in mind the two dollar days, Saturday and Monday, and give to the success of your party, members of the local organization urged today.

WILKINS TO EXPLORE IN NORTH LAND

Arctic Explorer To Survey Wastes Of Polar Regions By Airplane.

Montevideo, Uruguay, Oct. 25.—(AP)—Sir George Hubert Wilkins today was sailing south on the whaler Hektor for a new conquest of Polar regions by airplane. The Australian aviator and explorer who last summer started the world by flying across North Polar regions from Alaska to Spitzbergen, was headed for Deception Island. There he will establish a base for exploration by air of large spaces of the Antarctic.

While these plans were under consideration in his mind he had under consideration the feasibility of future exploration in the region by submarine. He thought that trips under ice fields and icebergs would not be dangerous and pointed out that during the world war submarines were frequently navigated under ice in Scandinavian and Finnish waters.

Such undersea exploration would not be undertaken for two years, he said, when he hoped the British government would come to his aid. He expected to return from the present expedition in March and then during the following season return to establish weather stations in South Polar regions.

SALES SOME LIGHTER ON LEAF MARKET

Market Expected To Sell Out During the Afternoon Hours Today.

The Greenville tobacco market yesterday sold 1,024,556 pounds of tobacco for a total sum of \$254,177.66 at an average of \$24.80, according to the official report of K. W. Cobb, secretary of the Tobacco Board of Trade.

Sales were described as light today with indications that the market would sell out during the afternoon.

Averaging a million pounds of leaf daily since the opening of the season, the local market today neared the forty million pound mark for the entire season.

With continued good weather the sales are expected to be fairly heavy for many days to come. While a great part of the crop has already been disposed of it is believed sales will not show any pronounced falling off until Thanksgiving.

FOUR RAILROAD MEN ARE KILLED

Locksberg, Dumfriess, Scotland, Oct. 25.—(AP)—Four railroad employees were killed when a London to Aberdeen passenger train collided with a freight train near here early this morning.

The two engines were derailed and rolled down an embankment. The engineer and fireman in each engine were killed. Three passengers were slightly injured.

Clyde Hoey Delivers Stirring Appeal In Behalf of Democracy

The great cause of Democracy was championed in dramatic, stirring fashion at the courthouse in this city last night by Clyde R. Hoey, of Shelby. Speaking before a crowd of approximately one thousand persons from many sections of the county, the distinguished Democrat told of achievements of the Democratic party and hurled scathing criticism at ministers and evangelists attempting to belittle the record of Alfred E. Smith, of New York, Democratic nominee for the presidency.

"Men like Bishop Cannon and Evangelist Ham are going to have to answer for the judgment bar of God for the things they have said against the Democratic leader," Mr. Hoey declared. The statement drew deafening applause, and somewhere in the gallery a listener, overcome by his enthusiasm, shouted, "Tell it to 'em, mister." Hoey stopped and laughed with the crowd at this unexpected outburst.

Probably never before has Pitt county witnessed such an enthusiastic political gathering. The courtroom was packed to capacity. The crowd overflowed into the gallery, doorways, and people were crowded into every point of vantage. Numbers were turned away because of the inadequate seating accommodations, and afterwards listened in wonderment to versions of the speech given by those who were fortunate enough to get into the building.

The speaker was introduced by M. K. Blount, local attorney, who has taken an active part in the campaign in this section. Senator Blount extolled the splendid record of the party and described Hoey as one of those worthy crusaders attempting to convince the people of the soundness of party principles. It was one of those introductions that get an audience in a receptive mood for the main speech and Mr. Blount was cheered vociferously as he finished speaking.

Mr. Hoey started off by lauding the record of the Democratic party in North Carolina. He referred to the achievements made by the state during the administration of different Democratic leaders and offered this as one of the reasons why the Democrats were deserving of the support of the countless millions of voters who go to the polls on the sixth of next month. He said he had no other reason for entering the present campaign than to be of genuine service to the people. He had no criticisms to offer for any Democrat fighting for what he thought was right.

He paid tribute to Smith for his honesty with the people. He declared that the Democratic nominee had definitely stated his position on all public issues and left nobody in the dark as to his views. He said this was contrary to the policy of secrecy of Herbert Hoover, Republican nominee for the presidency. "It took Hoover forty years to find out whether he was a Democrat or a Republican," the speaker declared. "He is in the same position on prohibition—he doesn't know where he stands."

He declared Smith was for complete law enforcement. He said the nominee had never resorted to political lies in his life, and that he would not break faith with his supporters at this late hour.

Referring to the declaration of Republicans that "because Hoover was good enough for Wilson, he is good enough for us," Mr. Hoey gave a graphic delineation of the Republican nominee's desertion of Wilson in times of stress. He reviewed the favor which Hoover had received at the hands of the beloved Democratic leader and of his ingratitude when Wilson was decrying. He compared the action to that of a "rat leaving a sinking ship."

"There is no gleam of Wilson's personality about Herbert Hoover," he vehemently denied the speaker. He paid tribute to the spirit of sacrifice of Wilson, and described in touching terms the disappointment of his last days on earth.

Discussing the Teapot Dome scandal, Mr. Hoey declared that he would not say Hoover was in any way connected with it. He declared, however, if such a thing got through the department without his knowledge that he was not competent to be the president of the United States. "Why, he wouldn't be able to see the state of Wyoming on parade before his own eyes. How in the world could he be expected to detect discrepancies in government?"

"Some say Smith is not a Democrat. He has voted the Democratic ticket all the way through his administration as an officer in the State of New York. From the time he was a constable to his elevation to governor of New York State, he has been one hundred per cent Democrat. He will remain that way because he is an honest, upright party member."

He said some people criticized Wilson for appointing Raskob as campaign manager. Smith had an object in the appointment. He recalled Raskob knew the Republican party as no other man did and that

he would be able to line up hundreds of members of the "grand old party" in the coming election. "The party will need Republican votes to win this election," Hoey stated, and if anybody in the world can get them it is Raskob."

Touching briefly the immigration law and the general misunderstanding prevailing regarding Smith's position on the question, Mr. Hoey positively denied that the nominee favored unrestricted immigration. He delivered a ringing challenge to anybody to show that Smith had any idea of opening the gates of the country to the hordes of foreign nations desiring to come here. "The percentage is in no way changed from that advocated by the Republican party or from what it is today. Smith desires a more equal distribution among foreign nations and would permit one nation to send as many immigrants to this country as another. This would not increase the quota one iota."

He said opponents of Smith talked about Tammany Hall like it was some great ogre, ready to devour anybody that came in contact with it. On the contrary, he said Tammany was nothing more than a great political organization in the city of New York, working for advancement of the Democratic party. "Tammany has had its corruption just like any other great organization. It has been in existence for 120 years. During that time it has had its scandals. But show me any great body of this kind that has not had them." He said the Republicans could not discuss Tammany when they had the record of such men as Vane, Mellon and Thompson. "Vane was so corrupt the Senate would not let him be seated. The record of such men would make Tammany blush like a fair maiden."

He said Tammany proved the salvation of the South after the war. It has always given fair treatment to the South and offers the same thing today.

Giving attention to the prohibition question, Hoey said Smith's opponents pranted continuously about his being a wet. He declared he had seen more dry people in North Carolina in the last few days than ever before in all of his life. The whole keynote of the Republican party was prohibition, civilization and Christianity. "They never had either before," he said. "He said the nation had not had a dry president in thirty years. Roosevelt, Taft, Wilson, Harding nor Coolidge were dry, he said—neither is Herbert Hoover."

He declared the whole campaign was a crusade without a crusader. He said Hoover was wet in the north and dry in the south. People should not be fooled by the claims of the Republican party in this direction. He said he himself was a prohibitionist—had never taken a drink of whiskey in his life and that nobody could lead him into a liquor-soaked Republican party. The south has always been air tight on the prohibition question, and dangers such as those mentioned by Bishop Cannon and evangelists should have no effect on the public mind. He declared none of them were honest with themselves or with the people they were attempting to influence.

Smith may approve of amendments to the Volstead law but cannot change it. Any change must be brought about by the people who determine all great issues. Smith nor any man can make the country wet where it wants to be dry.

He reviewed the awful situation prevailing throughout the country enforcing prohibition. Law enforcement prevails everywhere—the Republican party is making no effort to remedy it.

He declared that the fact of Governor Smith being a Catholic was nothing against him. Some of the greatest men in the public life of the nation were Catholics. He denied those who endeavored to make it appear that the Pope would have control of the country in short order in event Smith became president. (Continued on Page Two)

ZEPPELIN TO BEGIN FLIGHT DURING TODAY

Big Dirigible Held Up By Bad Weather At Lakehurst Yesterday.

Lakehurst, N. J., Oct. 25.—(AP)—Balked by adverse winds and unfavorable weather reports from starting the Graf Zeppelin on her midwest tour last night, Dr. Hugo Eckener today hoped the start could be made this evening.

The postponement was made when the weather bureau reported a low pressure area over the middle west which Dr. Eckener felt was sure to mean low clouds and low visibility, making it difficult for those on the ground to get a good view of the Zeppelin as she sailed overhead. Poor visibility, he said, would defeat the purpose of tonight, which is to show the Zeppelin to the people of the middle west.

A 25-mile an hour wind at the hangar, which would have made hazardous any attempt to remove the big dirigible from her quarters, also influenced the Zeppelin's commander in his decision.

The passengers, including Rear Admiral Moffett, Lieut. Commander Hugh V. Wiley, of the dirigible Los Angeles, representatives of the government as well as private individuals were visibly disappointed at the delay.

GOOD CROWD ATTENDS THE REVIVAL HERE

Dr. McFarland Last Night Delivered Sermon On Sacrificial Life.

Rev. R. A. McFarland preached to a large crowd at the revival services at the Immanuel Baptist Church last night.

Using as his subject, "Paul's Conception to the Christians," the minister delivered a powerful discourse on the rewards of the sacrificial life. His text was taken from the twelfth chapter of Romans.

He declared the individual Christian should sacrifice by putting his life upon the altar. Our hands should be trained to do the good things of life and our tongues should be dedicated to God.

He declared that members of the church should serve one another. He said unity should be paramount in the church. "Religion is not a piece of food," he said. "If thine enemy hunger, feed him." This was the final injunction of the plea in behalf of the sacrificial life.

All officers and teachers of the Sunday school were requested to meet fifteen minutes each night for prayer. This will precede the evening services.

The choir rendered a number of splendid selections last night. Rev. L. R. O'Brien, who is conducting the music stated that the meeting was coming along in a splendid way and much good would be accomplished through the powerful messages delivered by Dr. McFarland.

White's Wife Gets Judgment. White Plains, N. Y.—(AP)—Walter Hagen's wife has a judgment against him for \$1,056. Papers filed in court reveal that they agreed October 17, 1927, to separate, he paying her \$600 yearly in monthly installments. The judgment reports drafts for two months that were not honored, plus interest. The couple were married in 1923.

Persistence Wins. Edwardsville, Ill.—Edward N. James, 88, of Collinsville, retired farmer, has married his housekeeper, Miss Novena Smith, 19. They were refused a license in Belleville, but got one here.

Ham Oversteps Caution Mark In Speech Here

A declaration made by Evangelist Ham in his speech here this week opposing the candidacy of Alfred E. Smith, Democratic nominee for president of the United States, has been given the lie by a telegram received by Judge Albion Dunn, of Greenville, from the Democratic headquarters at Oklahoma City, Oklahoma.

In the course of his speech Mr. Ham stated that 78,000 Democrats in the state of Oklahoma had pledged to vote for Hoover and that only three members of his church would vote for Smith.

The statement was so preposterous that Judge Dunn immediately wired the Oklahoma Democratic headquarters if such a condition actually prevailed there.

The reply was made through Governor Jack Walton, who declared that Mr. Ham's blasphemous, un-American and bigoted attacks in the state of Oklahoma had re-acted in behalf of Governor Smith. "He was sent out of the state to speak because the people of that state know his kind," the message declared. The telegram to Judge Dunn follows:

MORRISON TO FIRE GUN AT WILMINGTON

Wilmington, N. C., Oct. 25.—(AP)—Wilmington Democrats today were laying plans for the address here Friday night of former Governor Cameron Morrison following the speech last night of A. D. Breathitt, Lieutenant Governor of Kentucky and a former Kentucky State Senator.

Mr. Breathitt, in his speech, declared "rather had I hear the doleful purr of the Tammany Tiger at the feet of Alfred E. Smith, on the headquarters of the White House, than to see the oily signposts of Fall and Sinclair on its doors," and the large enthusiastic crowd roared in laughter.

"The other day," he continued after declaring that the Republican party had learned that the civil war is over, "they sent candidate Hoover down to Tennessee to break that happy news to the people of the South, that speech was to be his masterpiece. Finally the great dame brought forth a mouse. He was just as indefinite on every issue as he had been in his speech of acceptance. On one point only he made himself clear; he wanted votes in the South."

"Vote the Republican ticket and be prosperous," Mr. Hoover says. My answer is, that what prosperity we have did not come from voting the Republican ticket or from any conscious aid of the Republican party. Our prosperity, our development, and what we are today are due to the fact that the South had the courage and the will by its own strength to rise from the ashes of utter destruction."

Mr. Breathitt asserted that it was the Democracy of the South and Tammany Democrats who came to the rescue 20 years ago, and not the Republican party. He declared that Smith controlled Tammany, not Tammany Smith, and scored Republican corruption.

He also declared that the election should not be decided on the religious issue.

Mr. Breathitt will speak at Goldsboro tonight.

Abion Dunn, Greenville, N. C.: "Former Governor Jack Walton, replying to your wire of 23rd, says: Have covered two-thirds of state in interest of national ticket. Found many localities where Rev. Ham has spoken, and each instance his blasphemous, un-American and bigoted attacks have re-acted in behalf of Governor Smith. His statement that only three or four of his church members are supporting Smith, in my opinion, is false by actual poll made by phone. He has been sent out of state to speak because the people of this state know his kind. His statement to the effect that seventy-eight thousand Democrats of this state have signed up for Hoover is false, as there are not that many blots in the entire state in both parties. There is, however, defection where Democrats are trying to vote for Hoover, but we believe we have two good Republicans for each of them who will vote for Governor Smith.

Babe Pinch Hits For Gov. Smith

Louisville, Ky., Oct. 25.—(AP)—"Babe Ruth," king of Swat, pinch hitting as a stump speaker for Governor Alfred E. Smith at a meeting here last night, along with John W. Davis, received a lusty welcome from the audience when he pleaded the cause of the Democratic nominee, but the throng was no less appreciative a few moments later when a flimsy chair in which he was seated on the rostrum creaked and then collapsed.

The Babe, intently listening to the remarks of Mr. Davis, discovered his plight too late. Newspaper men sitting at a table beneath the rostrum scrambled in every direction as the home run king hurtled forward, but the player averted a complete fall by clutching steadily to a nearby railing.

Democrats Try For Votes Gives State First Tie-up In Years.

By BYRON PRICE (Associated Press Staff Writer) Philadelphia, Oct. 25.—(AP)—Whatever other purpose it may serve, the Democratic try for Pennsylvania has given the present generations of Pennsylvanians their first real close-up of national politics.

Ever since the time of Lincoln, it has been the ordinary thing for this state to sit in her own spacious corner in presidential years, aloof in her unquestioned Republicanism, busy with her own affairs, as she waited for the proper moment to quietly hand over her rich gift of electoral votes to the Republican nominee.

This year, however, the Democrats have lit the fire of a Smith campaign. The Republican leaders, who four years ago carried the state for Coolidge by just short of a million plurality, have refused to take the present Democratic activities very seriously, but neither do they propose to be caught napping. The result has been an appreciable quickening of interest everywhere. Political meetings are well attended by the partisans of both national tickets. The registration figures have jumped by hundreds of thousands. In short, the state is taking notice, and is preparing to speak on election day with a voice that will be heard for some considerable distance.

To support their assertions that the republic will show leniency as rockribbed as ever in its Republicanism, the Hoover leaders point out that the new registration rolls, just completed, disclose that seven out of every 10 registered voters list themselves as Republicans. The totals show 2,600,000 registered as Republicans and 800,000 as Democrats. Of course that does not mean that straight party tickets in these numbers will be voted on November 6. Defections are expected, and not even the most optimistic Republican is claiming a two million plurality for Hoover. The figures do emphasize, however, how great the defection would have to be to turn the state to Smith.

The effort to accomplish that Hoover finds its principal objectives in the larger cities and in the coal mining districts. Gov. Smith's prohibition views have been counted upon as a powerful leverage both in cities like Philadelphia and Pittsburgh, and among the miners. The state has a large percentage of voters of foreign extraction, and many of them are Catholics. Here in Philadelphia, Senator Vane's Republican organization has in its own ranks many leaders who are both wet and Catholic, and Vane's own illness during most of the campaign has not made for solidarity among his lieutenants.

It was a combination of all of these elements which led Chairman Raskob to accede to the plea of Democratic leaders in the state that a real fight must be made to swing Pennsylvania to the Democratic ticket. Samuel Rea, former president of the Pennsylvania railway, accepted the honorary chairmanship of a Smith-for-President "citizens' organization," which is working here in Philadelphia in cooperation with the Democratic state committee. It is holding nightly meetings throughout the city, and is organized in every ward. It plans a monster demonstration when Gov. Smith comes to Philadelphia to speak next Saturday night.

The citizens' organization and the Democratic committee have adjoining offices on the first floor of the building in which Vane's own offices are located. It is a noisy headquarters, with an auditorium in which speakers for Smith and Robinson address non-day crowds. Amplifiers carry their words to passersby on the street and upward to the windows of Vane's seventh floor suite, from which is strung a mammoth Hoover and Curtis banner. The real Republican headquarters, however, is a block away, out of earshot of the Democratic din which strikes so unaccustomed a note at the center of his Republican city.

POLITICS GET CROSSED UP IN PENNSYLVANIA

### Juries After Vice In Chicago, Ill.

Chicago, Oct. 25—(AP)—Two grand juries—one in Woodstock, Ill., McHenry county, the other in Chicago—today were hunting down the ring leaders behind vice, election frauds and corruption, in their respective districts.

They named more than 100 persons yesterday in 48 indictments and continued their separate investigations today.

Five of the indictments were returned by the special grand jury investigating election frauds in Chicago, bringing the total number of indictments by special grand juries in this city to an even 100.

Seven persons were named, one an assistant State's Attorney.

The indictments charged election conspiracies and accused Louis V. Keller, assistant State's attorney, and John M. Nelson, both of whom were precinct captains in the 27th ward, with filing a false affidavit. Investigations of a hotel, whereas only 35 voters lived there.

Charges that Jack Hirsch, a pay-roller, ruled how many votes each candidate should get resulted in the naming of Hirsch, Charles "Chick" Hadesman, Paul Dorfman, and Sam Koppel, an assistant precinct captain, in the second indictment. They were charged with conspiracy to alter Republican ballots.

The men were named in another conspiracy indictment charging them with making false election returns.

### CLYDE HOEY DELIVERS STORING APPEAL IN BEHALF OF DEMOCRACY

ident. He described the Pope as a man who had been deprived of power—one who sits back and does not even have the power of determining the political life of his own community. He paid tribute to the late Cardinal Gibbons, whom he described as one of the most godly men of his age.

The Knights of Columbus oath that has been given such wide circulation, he declared to be a fraud. He told of how it got into the Congressional Record and how its authenticity was later denied through the same source. He branded the whole thing as a lie because it got into circulation through election fraud. The oath is no part of the ritual of Knights of Columbus. The fact has been established by actual investigation.

"Hoover is not qualified for the high office to which he aspires," Mr. Hoey said. "He has never been elected to any public office in his life. He has no ability in affairs of government."

This he declared was in sharp contrast to the record of service of

of Alfred Smith, who has served in many capacities, the last as governor of one of the greatest states in the Union.

He closed with a ringing appeal to the thinking people of this country to vote for the party whose record had been one of progress in every line of human endeavor. He urged party members to rededicate themselves to the great principals enunciated by Jefferson and to see that Democracy had a fair show in the opinion of the people on the sixth of November.

Montreal, Oct. 25—(AP)—Twenty two members of the crew of the freighter Cairnmore, who took to a lifeboat when the ship ran on the rocks near Cape Whittle on the north side of the Gulf of St. Lawrence Tuesday morning, were missing today.

One lifeboat containing 24 men from the Cairnmore was picked up by the freighter Selacia which answered the ship's S. O. S. and stood by the wreck. The other boat was missing today.

Local shipping men believed the missing lifeboat had probably been beached somewhere along the coast and that the men were safe.

Funds are promptly available and without limit.

Loans made by me are much more desirable than loans obtainable elsewhere in Greenville for the following reasons:

Loans are made for periods of ten or fifteen years and consequently never again have to be refinanced, and yet, can be prepaid at any time, in full or in part, without any extra cost.

The rate of interest is 6 per cent.

Your payments are either annually or semi-annually as preferred by the borrower.

You are not harassed with monthly payments nor are you subjected to fines.

Frankly, as far as I am able to determine, it is cheaper to the borrower than any loan from any source obtainable in Greenville.

No life insurance is required in connection with these loans.

You have "both ends of the rope," take the whole ten or fifteen years or pay back as and when you choose.

You do not have to give formal notice nor wait for any number of months nor period of years in case you wish to withdraw and liquidate your loan.

If you are in need of funds for the improvement of your home or business property.

If you have a short time loan maturing, which has to be refinanced.

If your present loan is oppressive or unsatisfactory.

If you want to borrow money and enjoy ease and comfort in re-payment.

If you owe scattered obligations here and there and wish to pay these obligations and owe only one party with plenty of time for re-payment.

If you owe your bank and find yourself unable to meet this obligation as it becomes due.

If you need money for any purpose.

**An Appreciation of Colonel R. R. Cotten by the Board of Directors of Blount-Harvey Company in Meeting Assembled October 16, 1923.**

Colonel R. R. Cotten was one of the original stockholders of Blount-Harvey Company and became a member of its Board of Directors at the time of the organization of the Corporation early in 1920.

For more than eight years he was prompt in his attendance at all of the meetings, loyal and devoted to its interests and contributed largely to its success.

The Board of Directors will miss his wise counsel, his sound judgment and his friendly advice, but more than that each one of them will miss his warm greeting and genial presence; to each one of them his loss brings real sorrow.

Be it therefore, resolved: That the Board of Directors extend to the family its sympathy in their bereavement, that this Appreciation be spread upon a page in its Minute Book dedicated to his memory, and a copy be sent to his widow and another furnished to the Greenville Reflector for publication.

## To Help Farmer On Fertilizers

With the issuing this week of a charter for the Cotton Growers Supply Company, U. B. Bialock, General Manager of the North Carolina Cotton Growers Co-operative Association, makes the following announcement:

"The Cotton Growers Supply Co. is a subsidiary corporation of the Cotton Growers Co-operative Association.

"Its charter gives the corporation very wide latitude but it is the purpose of the organization at present only to engage in the handling of improved cotton seed and other field seeds, commercial fertilizers, and fertilizer materials for the members of the Association only.

"A certain amount of the reserve funds of the Cotton Association, not to exceed One Hundred Thousand Dollars (\$100,000), will be set aside on this subsidiary as capital stock. Seeds, fertilizers, and fertilizer materials will be handled only on a cash basis.

"The directors and the management of the Association have been in the opinion for quite some time that they should engage in other activities for the benefit of their members besides that of handling cotton for the members of the Association. For some years past other cotton cooperative associations, either through subsidiary or through Farm Bureau organizations, have been handling field seeds, fertilizers, and fertilizer materials, and other merchandise in a very successful manner for their membership. The Alabama Cotton Association has been remarkably successful along his line and handled over one hundred thousand tons of fertilizer the past season.

"The combined purchasing power of our membership gives us an advantage that we feel we should capitalize on.

"The first step in the promotion of cooperative cotton marketing is the introduction of improved cotton seed, thereby producing a better quality of cotton than that grown by the average cotton producer. We are already assured that our first year's business in the handling of improved or pedigreed seeds will amount to several thousands of bushels. In fact, one order for 10-10 bushels of pedigreed cotton seed as been placed with one of the south's best known seed breeders.

"There will be comparatively little if any additional cost in operating this subsidiary as the same officers and employees who handle the affairs of the Cotton Association will operate the subsidiary."

## Force Patrolman To Witness Holdup Of Automobile

Lancaster, Pa., Oct. 25.—(AP)—Kidnapped in an automobile by two men and a woman who he was escorting to a police station and forced to witness the holdup of another automobile, State patrolman Robert Troup of York today reported to his headquarters here that he had been left by his captors outside of Baltimore, unharmed and relieved of his revolver.

Troup and another officer were one of seven pairs of State highway patrol officers operating on the Lincoln Highway east of Lancaster last night in a campaign to enforce the State regulations regarding headlights. They stopped a machine containing two men and a woman and found that one of the occupants had a driver's license.

Troup then entered the machine and, preceded by the other highway patrolman on a motorcycle, was proceeding toward the police station at Lancaster. After proceeding a short distance the officer on the motorcycle ahead looked around to discover that the automobile had disappeared.

Some three hours later, and about 35 miles from the place where the car in which Troup was riding disappeared, an automobile driven by William Cameron, 18, accom-

panied by Miss Adrienne Fite, both of Penn Hill, Pa., was held up by the occupants of another machine. One of these brandishing a revolver, accompanied by a man in uniform, robbed Cameron and ordered him and his companion out of their car. When Cameron remarked that it was strange he was being held up when an officer was present the robber said, "that's all right, I am holding him up too, and this is his gun."

## Senator Simmons Will Speak At Raleigh Tonight

Raleigh, N. C., Oct. 25.—(AP)—Senator F. M. Simmons will make his second speech of the campaign against Governor Smith, the Democratic presidential nominee, in the city auditorium here tonight.

Anti-Smith headquarters here

predicted the hall would be taxed to its capacity. The speech will be broadcast over station WPRF.

Senator Simmons made his first speech against Governor Smith in his home town of New Bern several days ago. He charged the Democratic party was running a two-faced campaign, appealing to the wet sentiment of the north and east while trying to reconcile the dry sentiment of the south, and also described the New York governor as the "reputation candidate" saying he had repudiated the platform on prohibition and immigration. On that occasion, the senator, who for more than 30 years

was the recognized leader of the party in this state, asserted that victory for the Democrats in the present national campaign would spell ruin to the party.

A press dispatch published here today announced that Senator Simmons had agreed to deliver a speech in Florida under the auspices of the Hoover Democrats' organization of that state. In his New Bern speech and in his previous pronouncements against Smith, the senator did not indicate he would vote for the Republican nominee.

He has been quoted as saying he personally would not vote the Republican ticket.

## A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

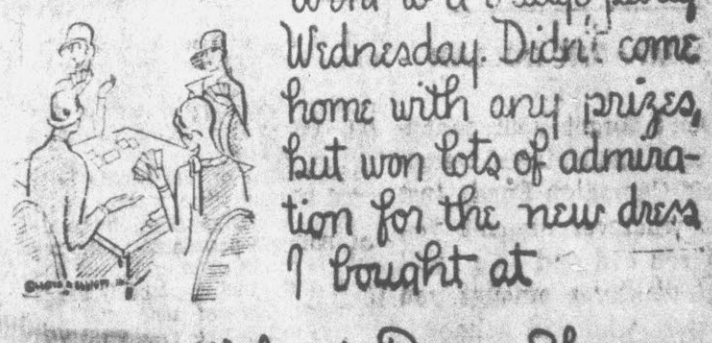

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

### HOEY SPEAKS

Last night's political gath-  
ering here was the greatest  
of its kind ever held in this  
county, according to those  
familiar with the section's  
politics for more than a  
quarter of a century, and  
surely those who heard Hon.  
Clyde Hoey's address can  
have no fears that to vote  
the full Democratic ticket,  
including Governor Smith,  
would be departing from the  
principles and teachings of  
the Democracy of our fore-  
fathers. In no uncertain  
terms, substantiated by the  
records, the speaker brought  
home the real message of  
true Democracy in such a  
way as to shame those who  
are stopping at nothing in  
their efforts to defeat Gov.  
Alfred E. Smith, and he de-  
clared that there are many  
now spreading lies about  
Governor Smith who will  
have to answer before the  
Judgment Bar for their vio-  
lation of the commandment,  
"Thou shalt not bear false  
witness against thy neigh-  
bor."

The enthusiasm with  
which Mr. Hoey's address  
was received was sufficient  
to convince us that our peo-  
ple are still able to hold  
their heads and vote the  
Democratic ticket from  
start to finish, despite the  
verbal onslaughts made by  
Republicans, disgruntled  
Democrats and preachers  
who have changed them-  
selves into political pul-  
pites.

## ABOUT TOWN

"Clyde Hoey Shelby Democrat, is  
one of the most brilliant speakers of  
the party," commented a local citi-  
zen today, referring to the appear-  
ance of the gifted orator in this  
city last night.

"Mr. Hoey knows North Carolina  
people. He also knows national poli-  
tics and his summing up of the  
situation was both illuminating and  
inspirational.

"Such men are doing much to in-  
crease the chances of the party's  
victory in the November election."

"Pay-Up Week" will be staged in  
Greenville beginning November 1st.

"If you have any outstanding obli-  
gations be sure to see that they  
are taken care of during Pay-Up  
Week, and in that way guarantee  
yourself of future extension of  
credit."

"Mrs. Lyman Cotten and Mrs.  
Gregory of Salisbury, will speak in  
Greenville, Friday evening at 8  
o'clock," reminded members of the  
Pitt County Democratic Executive  
Committee today.

"All women of the county are  
urged to hear these women speak  
of issues vitally affecting the coun-  
try. Both are prominent in the so-  
cial life of the state and know the  
needs of the women probably better  
than any others of their sex.

"This will be the third time  
women have championed the cause of  
Democracy in Pitt county during  
the present campaign and it is  
hoped they will receive as much  
attention as the others."

"A million pounds is lots of to-  
bacco," declared a citizen today,  
speaking of the average of over a  
million pounds made by the Green-  
ville market every day this season.

"This is a record everybody in  
Greenville is proud of. It shows the  
growers of this section of the coun-  
try have faith in the Greenville to-  
baccoists and believe they will get  
the best the market has to offer.

"The Greenville tobacco market  
has been growing steadily in past  
years, and it is natural to believe  
next season will see growth as great  
as any previous year."

"Six new members in two days  
goes to show the business men of  
Greenville realize the great part  
which the Merchants' Association is  
playing in the life of the commu-  
nity," said a member of the board of  
directors of the organization today.

"The association is taking the  
place of a chamber of commerce and  
like organizations and has been able  
to accomplish much good for the  
city. The advertising campaign  
now under way will do more for the  
city than any other thing under-  
taken in years. The association is  
always doing something like this for  
the city and this is the reason the  
business men are showing so much  
interest in our growth."

With the national election only  
two weeks off, subscribers to the  
Reflector should see that their sub-  
scriptions are renewed so that they  
will miss none of the detailed elec-  
tion reports received by this paper.

This will be one of the most in-  
teresting national elections of its  
kind in years and the nation will  
await the outcome with breathless  
interest. See to it that your sub-  
scription is paid up and that you  
get your paper as customary.

"Plant more food and feed crops  
next year and assure yourself of  
greater prosperity," urged members  
of the county farm department.

"Our farmers have been giving  
too much attention to principal  
crops and not enough to hog and  
hominny. Plant the stuff you con-  
sume at home and see your bank  
account increase to unusual propor-  
tions.

"Don't send your money to other  
communities when you can keep it  
at home by productions of your own  
food and feedstuffs."

"If you have extra rooms, notify  
the committee having charge of ac-  
commodations for the hundreds of  
teachers to attend the annual con-  
ference of the Northeastern District  
of the North Carolina Educational  
Association which will convene in  
this city November 9th and 10th,"  
said a member of the Merchants'  
Association today.

"This will be the third time  
Greenville has entertained this or-  
ganization in the last three years  
and plans provide for more elab-  
orate entertainment this year than  
ever.

### In Politics Of Nation Today

(By the Associated Press)  
Boston—Smith declared Hoover  
use words to hide not convey mean-  
ing; termed Hoover's "State Social-  
ism" charge "stock argument of the  
power lobby," and said if true it  
branded numerous Republican lead-  
ers, mentioned by name, as Social-  
ists; asserted country needs leader-  
ship which, he said, had been lack-  
ing under Republican administra-  
tion.

Washington—Hoover to discuss  
farm relief and waterways develop-  
ment at St. Louis, November 2.

Rochester, N. Y.—Curtis stressed  
tariff and urged continuance of Re-  
publican rule for maintenance of  
prosperity.

Sioux Falls, S. D.—Robinson de-  
clared Hoover's New York speech  
revealed Republican nominee as  
totally "unable to comprehend the  
nature and causes of the farm re-  
lief problem."

Chicago—Charles Evans Hughes  
termed Hoover "the leading pro-  
gressive of our day."

Joplin, Mo.—Borah accused Rob-  
inson, Senator Glass, Josephus Dan-  
iel, and Governor Moody of Texas  
of attacking him because unable to  
defend Smith's prohibition atti-  
tude.

Louisville—John W. Davis, assert-  
ed no one could find an appoint-  
ment by Smith "that was dictated  
by Tammany or anyone else."

Nashville, Tenn.—James M. Cox,  
Democratic presidential nominee in  
1920, attacked Borah charging "in-  
consistency."

New York—Raskob said Norris  
declaration for Smith means New  
York governor will carry Nebraska.

New York—Chairman Macchold of  
upon Democrats to repudiate adver-  
tisement inserted by Democratic  
Republican State Committee, called  
County Committee saying "You can  
rebuke the party willing to accept  
the support of bigots by voting for  
Smith and Roosevelt."

Paterson, N. J.—Secretary Davis  
of Labor Department in speech sup-  
porting Hoover said single issue of

### Hughes Champions Hoover At Chicago

Chicago, Oct. 25—(AP)—Charles  
Evans Hughes has left the Mid-  
west with his unqualified endorse-  
ment of Herbert Hoover for presi-  
dent and a denunciation of the  
campaign tactics of Governor Al-  
fred E. Smith.

Mr. Hughes, himself the standard  
bearer of the Republicans in 1916,  
excited the party's nominee in a  
speech last night, the second of  
five he is to make. He reviewed  
the record of the Republican party  
as testimony that Governor Smith  
has become "quite reckless" in his  
campaign assertions.

"The former Justice of the United  
States Supreme Court cited exam-  
ples of the prosperity of the coun-  
try to show that "the Republican  
party, whatever its shortcomings,  
has had constructive genius."

"If I were asked to name the  
man who in my judgment is the  
leading progressive of our day",  
Mr. Hughes said, "I would name  
the Republican candidate for presi-  
dent, Herbert Hoover. To think  
progressively, that is, toward bet-  
terment, to plan to achieve some-  
thing worth while by practical  
methods in the interest of the  
American people, is as natural to  
him as to breathe."

He declared that Hoover did not  
favor forcing government into  
business. Present prosperity, he  
said, may be continued by economy,  
by protection to American interests  
through adequate tariff, by the ex-  
tension of transportation facilities

and by government cooperation in  
cooperative enterprises.

### FAIRBANKS CONCERNED ABOUT HIS INCOME

Washington, Oct. 25.—(AP)—  
Douglas Fairbanks computes his  
income in one way; the government  
adds it up in another. Consequen-  
tly, the famous moving picture star  
with his wife, the equally famous  
Mary Pickford, were in town today  
to keep an appointment at the  
treasury. Something over a million  
dollars was at stake.

The government contends that  
Fairbanks owes exactly \$1,000,273.56  
in unpaid federal taxes. It asserts  
that Miss Pickford also is delin-  
quent, but to what extent has not  
been revealed. The dispute centers  
upon the method by which the stars  
market their pictures.

Miss Pickford was up for discus-  
sion at today's conference, but since  
the issues are identical with those  
of her husband, it was understood  
that any agreement reached would  
form a basis for settlement of the  
government's claims against both.

Rocky Mount, Oct. 25.—(AP)—A.  
Winette Peters, prominent young  
man of Tarboro, was fatally injured  
and Ernest Lindsey, also of Tarboro,  
received injuries believed to be seri-  
ous, when the automobile in which  
they were returning from the state  
fair at Raleigh last night turned  
turtle near Spring Hope.

# GREAT GRID CONTESTS ON THIS WEEK

By NORGRAVE RENEGAR (Associated Press Sports Writer) Columbia, S. C., Oct. 24.—(AP)—Football pendulum of Dixie today swings back up the South Atlantic Seaboard with South Carolina's Gamecocks and the Clemson Tigers both undefeated in the Southern Conference, renewing an old feud here.

Some 14,000, a record equalling crowd for the Palmetto State, expected to see the kick-off at high noon at the State Fair grounds. The Tigers presented a stone wall front—a line that has withstood the assaults of five teams already this season and yet carries a perfect defensive record. With this forward array, Clemson's backers had hopes of halting a whirlwind Carolina attack—a team that has been scored on frequently all season but has carried enough dynamite to offset defensive weaknesses.

It will be a battering backfield of Zobel, Wimberly, Carlisle Beall and Cooper, plus the usual Laval tricks against a standard Josh Cody line.

While this unusual mid-week interest turns here to a game that will have considerable bearing on the conference race, it will move only a little further up Saturday when Georgia Tech's Rambling Engineers invade Kenan stadium at Chapel Hill, for a clash with North Carolina's Tar Heels.

Coches Bill Alexander with his Golden Tornado unscathed upon will be crippled somewhat in the line by injuries to Westbrook and Speer but will shoot his backfield guns, Mizell, Thomson, Randolph, Lumpkin and Dunlap into the fray in an effort to maintain a leading place in the conference championship marathon.

Although having lost a week ago to Virginia Polytechnic Institute pony express backfield, the Tar Heels are in fine spirit for the Tech encounter—a game blue and white has pointed toward for a year.

Only one other important battle is scheduled for this sector during the week, however, Maryland pitting Snyder, star back, against Abner Barnes, V. M. L. flash at Richmond.

N. C. State, Washington and Lee and Virginia will be cannonading way down south. The Wolf Pack invades Jacksonville for an attempt to check Florida's point a minute Alligators, apparently one of the strongest teams in the conference. The Generals of Lexington will be turning their guns on Tennessee, conquerors of Alabama, while the Cavaliers, handicapped by mounting injuries, will shoot the full works at the Vanderbilt Commodores.

While the intra-conference splurge between teams of opposite sections is on, others will be clashing with nearer neighbors.

Alabama's Crimson Tide has hopes of finding the ball easier to hold as the Tuscaloosans tackle Sewanee at Birmingham in the annual Tiger-Tiger classic, a feud dating back into the pegged trouser era.

Undismayed by defeats at the hands of Georgia Tech and Vanderbilt the Tulane Green Wave approaches Athens, Ga., with an idea

Abner Barnes, captain of Virginia Military Institute, scored a touchdown and gained consistent yardage in the football battle of his team and the University of Virginia.

of breaking down the red and black dykes of Georgia. Furman's Purple Hurricane all but succeeded in sweeping through McCrary and other Georgia bulwarks a week ago and Tulane has found encouragement in that score.

Other conference teams today tapered off training in preparation for supposedly easy foes without the conference although the University of Mississippi was likely to find a tartar in Loyola at New Orleans.

## KINSTON TO PLAY LOCAL CLUB FRIDAY

The Kinston high school football team will invade Greenville tomorrow, backed by a crowd of at least 200 enthusiastic rooters which means that the local boys will have to work hard to carry off another victory.

Coched by the tow Kelly brothers, Kinston will prove much more formidable than last year, when the Greenville team took a victory. The Ohio Wesleyan star, Kelly, who mentored the Kinston team is this year assisted by his younger brother, recently star at Duke, and doubtless between the two, Kinston will spring many new plays and show a thorough grounding in strategy.

The Kinston attack is likely to be centered around Roselle, their stellar end, which means a mainly aerial game, one which Soup Porter's boys have so far found a difficult one to stave off. However, with the team developing as his teams have a good habit of doing, we may look for an exciting contest. New Greenville players are showing up well in practice almost daily, and it would be hard to pick three who might stand out this week, though in Respass, Greenville expects to find their most consistent ground gainer.

The game begins at 3:45 at the fair grounds. Admission will be 50c to these not holding school or patrons' season tickets. These latter, by the way, constitute the best way for citizens of Greenville to secure a bargain price while they help their own high school.

# FIRST HALF GRID SEASON ABOUT OVER

New York, Oct. 25.—(AP)—Next Saturday ends the first half of the college football season and fifteen eastern teams approach it without having been defeated or tied. Nine more are on the unbeaten list, but have had their records damaged by no decision games.

Of the teams with perfect records six, Duquesne, Haverford, Temple, Tufts, Williams and Villanova, can be honored although some of their performances have come close to lifting them to a higher rank.

The Army-Yale and Cornell-Princeton encounters are certain to see some damage done to the elite on Saturday. The Cadets and Yale meet with untarnished records. Army is a slight favorite except for the traditional Yale Jinx which has cost them all but four of the 27 games they have played against Yale. Opinion likewise favors Princeton, held to a scoreless tie by Virginia, over Cornell, which has won three straight.

Georgetown and Boston College are the only major teams that seem certain of maintaining clean slates. They meet comparatively weak opponents in Duke and Boston University. Pennsylvania's good prospects of continuing undefeated, unless the Navy suddenly finds itself and scores one of the season's numerous upsets. Among the small colleges Haverford and Villanova seem safe, playing St. Johns of Annapolis and Lebanon valley.

Dartmouth goes to Boston a favorite to beat Harvard. New York University will have a tough time with Colgate. Carnegie Tech and Pittsburgh will stage their annual city championship battle, heard fought and uncertain even when one team theoretically is far better than the other. Each has had one hard game, Carnegie beating Washington and Jefferson and Pitt losing to West Virginia.

Notre Dame Hit Hard. Chicago, Oct. 25.—(AP)—It begins to look like 1928 will be anything but a banner year for Knute Rockne and his Notre Dame Ramblers. So far they have lost two games out of four, which for a Notre Dame football team is somewhat of a disaster. To make the outlook darker for the five remaining games, six members of the squad are laid up with injuries, and yesterday Rockne confined to his drill for the coming contest with Drake to formation drills and improving the defense against forward passes to save the men he has.

Tommy Murphy, reserve end, is the latest to join the casual camp. He is suffering from a torn ligament.

# HUDSON SUPER 6

ABSOLUTELY—the most thrilling performance of my experience... and then think of the price

Thus, thousands are voicing their new discovery! And the occasion—a nation-wide program of personal demonstrations on the greatest scale in Hudson history.

New thousands literally "discovered" Hudson for the first time.

For the first time they travelled so fast with such safety, smoothness and exhilarating ease.

For the first time they met tall hills that seemed to vanish under Hudson's mighty power.

For the first time they sprang lengths ahead at the getaway, with no sense of mechanical exertion.

For the first time they witnessed incomparable performance delivered with a fuel economy that averaged from 16 to 18 miles per gallon, according to the local conditions of demonstration.

And the concrete results were the largest proportion of Hudson retail sales of any demonstration program of all time.

Won't you take a ride? Perhaps you too will discover in this moderately priced Hudson a performance, smoothness, and riding ease that even the costliest cars cannot surpass.

# SPORTS SLANTS

By ALAN J. GOULD

New York, Oct. 23—(AP)—If Rogers Hornsby goes to the Chicago Cubs, to concentrate upon second-basing and his habit of rolling up big batting averages, the major league champions next spring may start without a playing manager on any field for the first time in as many moons as can be recalled, off-hand.

Even if the rambling Rajah should retain the helm at Boston or grasp it elsewhere, the situation would be in a sharp contrast to that of a few years ago when a majority of the American League pilots were daily or almost daily performers and about half of the entire group of master minds in active harness.

There was an epidemic of playing managers a few seasons ago, when George Sisler, Eddie Collins, Bucky Harris, Tris Speaker, Ty Cobb, Ray Schalk, Dave Bancroft and Hornsby took whiffs at handling the managerial reins here and there. So far as results were concerned, Speaker, Hornsby and Harris not only won pennants but world's championships.

Now, however, the magnates seem to prefer to have the heavy thinking done and strategy directed by managers whose energies are concentrated upon the bench or no farther afield than the coaching lines.

Bucky Harris, who has shifted his responsibility from Washington to Detroit, still has some good playing days before him but he has indicated he expects to see little, if any action, especially with so spry a second baseman already on hand as Gehring, one of the outstanding stars of the Tiger club.

Harris' successor at the capital, Walter Johnson, thinks he may make a return to the mound but this idea is more than likely sentimental. Old Barney's pitching days are over for all practical purposes. Roger Peckinpaugh stays in uniform at Cleveland but he cannot be considered a member of the active list. He doesn't need to attempt any shortstopping with Joe Sewell around.

There has been talk of Tris Speaker returning to Boston to manage the Braves if Hornsby goes but Tris, too, has reached the stage where his experience, not his playing ability, is his main asset to a major league club.

The 1927 major league races were dominated by bench managers, with Hornsby and Harris not only outnumbered but outgeneraled in the pennant tussles. Harris managed to get in the first four, trailing the cutouts led by Huggins, Mack and Howley but Hornsby's Braves trailed the pack in the National, dominated by McKauley, McCarthy, Bush and Hendricks.

## Mrs. Baker Gets Fourth Husband

New York, Oct. 25—(AP)—Mrs. Margaret Emerson McKim Vanderbilt Baker, who was divorced from Raymond T. Baker, former director of the United States mint, in Reno, Nev., October 1, was on her wedding trip today with her fourth husband, Charles Minot Amory, of Boston.

They were married yesterday afternoon at the home of Mr. Amory's sister, Mrs. Fulton Cutting in East 88th street. On their return from a wedding trip they are to live at a hotel until they open their Palm Beach home.

Mrs. Amory, daughter of Captain Isaac E. Emerson, of Baltimore, drug manufacturer, was first married in 1902 to Dr. Smith Hollins McKim, of Baltimore. They were divorced in 1910. The next year she was married to Alfred Gwynne Vanderbilt, who was lost on the Lusitania. Some years later she married Mr. Baker, who at that time was director of the mint. She has three children, Alfred G. and George Vanderbilt and Gloria Baker.

In taking out their marriage license Mrs. Baker gave her age as 44 and Mr. Amory his as 38.

Mr. Amory is the son of Francis L. Amory of Boston. He was graduated from Harvard in 1912. His marriage to Miss Gladys M. Munn of Washington, was ended by divorce in Paris. She is now the wife of Herbert Pulitzer.

## Disgusted With Bandit Business

Chicago, Oct. 25—(AP)—Emil Desourenes is disgusted with the bandit business. Victims, he found last night, lack a fitting sense of cooperation, with a tendency even to downright rudeness.

He got a gun and pointed it at Frank Pasching, Mr. Pasching, in no mood for it, upbraided Desourenes and then chased him half a dozen blocks until Desourenes lost himself in Lincoln Park.

It was about this time that Desourenes decided men were an unfortunate choice for amateur robbers, so he elected to rob Miss Henrietta Walker.

He pointed the pistol and gave the regulation "hands up", Miss Walker looked at Desourenes and broke forth in laughter. She laughed and laughed and laughed. Desourenes was moved to complain.

"You're being held up", he told her. Whereupon Miss Walker laughed some more. A policeman came up to see what the laughter was about. That's the end of the story.

## CLEMSON WINS FROM SOUTH CAROLINA

Fair Grounds, Columbia, S. C. Oct. 25—(AP)—A great defense and a powerful drive enabled Clemson to defeat South Carolina, 22 to 0 here today in the annual Tiger-Gamecock football classic. Justus, McMillan and McCarley led the attack. Some 14,000, a capacity crowd, saw the game.

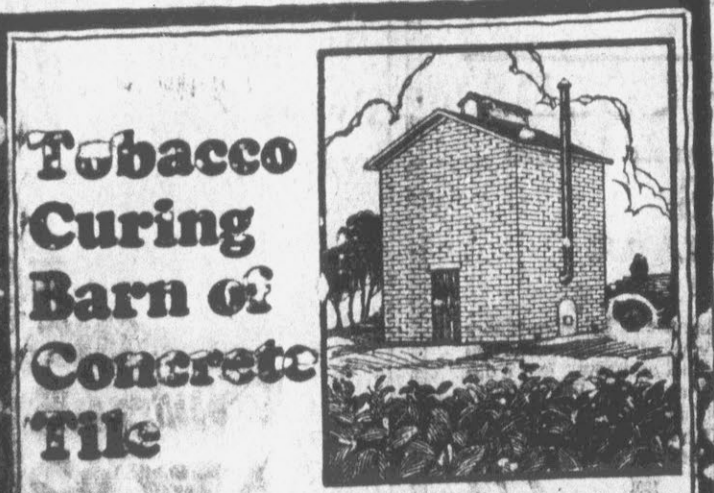

## Record Crowd At State Fair

Raleigh, N. C., Oct. 25—(AP)—Continued clear and brisk weather was expected by State Fair officials to bring out a record crowd for today at the fair grounds. It was officially estimated that 25,000 persons passed through the turnstiles yesterday.

The horse show reached its final stages today, with jumpers given the top-notch position. At noon, a parade of prize-winning livestock was scheduled, and at 1 o'clock, the final horse races were due to be run off. Five races were on the card with prizes aggregating \$2,300.

Eddie Leech, nationally known dog fancier, was in charge of the bench show, which entered its second day. More than 100 dogs of all classes were competing in the various events.

Fire-works, music, free vaudeville acts and the usually midway attractions continued to interest visitors.

## ENDORSED BY GROWER

After using a concrete tile curing barn for two seasons, D. J. Grantham of Wilson, N. C., found he could save money by building all his curing barns of concrete tile. He says:

"A concrete tile barn is fireproof as well as permanent. It permits the use of less fuel—about half that required in other barns. It also permits absolute heat distribution which makes better cures.

"I would not have any other type of barn."

You too will find that the economy of concrete tile barns will increase your profits season after season.

## N. Y. Commission Will Not Join Boxing Ass'n.

New York, Oct. 25—(AP)—The New York State Athletic Commission will not join the proposed new International Boxing Association or any other nation-wide governing body if William Muldoon has anything to say about it. Working agreements with separate states are all right but a definite alliance with a national body is out of the question, the veteran commissioner thinks.

"We have no affiliation with any boxing body of national scope nor so long as I can prevent it, will we undertake such an alliance," Muldoon said. "Our situation today is what it always has been. We are ready to help other boxing bodies throughout the country when and if need arises, and we welcome a reciprocal arrangement with our commission."

"Our state law imposes upon us the responsibility for administering the statute under which boxing is conducted in this state. It does not give authority to assume alliances with organizations or institutions whose object is to control or supervise boxing throughout the country."

## "RED" GRANGE FACES PATERNITY CHARGES

Chicago, Oct. 25—(AP)—Harold "Red" Grange, for three years an all-American halfback, faced arraignment today on a paternity charge.

Grange, who is filling a vaudeville engagement at a roof theatre, called the action an attempt to blackmail him. He said he could have settled the case for \$500, but preferred to oppose the accusations.

Miss Helen Morrissey, who had Grange arrested yesterday, said her child was born seven months ago. Grange said he did not know her and knew nothing of the case until an attorney told him the young woman needed money.

# HOOVER WILL MAKE FINAL SPEECH NOV. 2

## Republican Nominee To Speak At St. Louis On Way To California.

By JAMES L. WEST  
Associated Press Staff Writer.

Washington, Oct. 25.—(AP)—Herbert Hoover has allowed himself little time for campaigning on his return trip to his California home to vote on November 6th.

Departing from Washington one week from today, he will leave his train only once during the five days' journey—at St. Louis on the night of November 2, where he will make his only set speech of the trip. In that he will discuss the development of inland waterways and farm relief, subjects of special interest to the people of the Mississippi River valley.

Other stops of the special train of the Republican presidential candidate will be made for operating purposes and with the announce of his plans at his headquarters late yesterday, it was stated any of these. The nominee, however, will greet those who visit the stations to welcome him and will make extemporaneous talks to them.

The first stop will be at Cumberland, Maryland, early next Thursday night and Hoover will make a brief talk there. His train then will cross West Virginia overnight proceeding into Kentucky early Friday. The nominee will speak from the rear platform of his train at Louisville, where his Democratic opponent delivered one of his major talks in his tour of a part of the border states.

The Hoover special will reach St. Louis about 6:30 o'clock Friday evening and the Republican standard bearer will speak at the Coliseum there at 8 o'clock. Central Standard time, with his address carried to the country over a nation-wide radio hook-up.

Immediately after his speech, Hoover will return to his train which will pull out for Grand Island, Nebraska, where it will be routed over the Overland Trail, the shortest way to California by rail.

Much of Saturday will be spent in crossing the home state of Senator George W. Norris, Republican independent, who announced yesterday that he would take the stump for Governor Alfred E. Smith because "for a Progressive there is no other place to line up except in the Smith camp." There was no comment from Hoover headquarters on the Norris pronouncement.

Hoover will arrive at his Palo Alto home early in the afternoon of November 5th and from the study there late in the day he will make his final talk of the campaign over the radio, urging all voters to go to the polls on November 6th. He himself plans to cast his ballot early on election day at his voting precinct on Stanford University campus.

### EXHUME BODIES OF ROYAL PERSONAGES

London, October 25.—(AP)—Undisturbed activity within the walls of Windsor Castle and mysterious lights in the famous St.

George's chapel there were explained today when it was learned that bodies of minor members of the Royal family were being removed. The remains of these historic personages will now rest in ground specially consecrated for them at Frogmore in Windsor Park, the burial place of Queen Victoria and the Prince Consort.

The bodies were transferred because the Royal Mortuary will be reserved for sovereigns and heirs to the throne.

Newspapers today said that about nine casks of minor members of the Royal Family had been removed. These were said to include those of three relatives of Queen Mary.

### Begin Warfare On Polygamy

Samarkand, Turkestan, Oct. 25.—(AP)—A merciless struggle against polygamy and the paying of

"Kalin" or ransom for Moslem brides, has been started by higher communist authorities throughout the Kazak, Uzbek and Tadjik Republics in Central Asia. A special society to fight these Mohammedan practices has been organized.

Ten years of intensive Bolshevik propaganda have affected the practices of Moslem rites by the native population but little even among certain classes of government officials and communists, of their souls still hung to the prophet.

The Sar-Darinsk Communist party organization, submitted a report stating that Kalin and Polygamy, although concealed in form, were prevalent not only among Communists, old and young.

Another practice adverse to Communist doctrine is the trading of marriageable girls by their parents to the highest bidder, and the subsequent resale of the girls if the bid is later raised by some other person.

### AUTO OWNER RESPONSIBLE FOR DAMAGE BY THEIR CARS

Raleigh, N. C., Oct. 25.—(AP)—The owner of an automobile is liable for personal injuries inflicted by his machine, even though it be driven by a person who is not a member of his family. A ruling to that effect was handed down by the Supreme Court of North Carolina late yesterday in the case of Thaddeus Goss against Warren H. Williams, a Sanford lawyer.

Testimony in the case showed that Williams' automobile was being driven by Mrs. W. R. Makepeace, with Mrs. Williams a passenger, when it struck Goss, a boy of Apex. The lower court awarded the boy \$3,000 damages, and the Supreme Court upheld the verdict.

"It is necessary for the courts to hold owners, when they turn their cars over to family use, to strict accountability," Justice Brogden dissented.

## Know The Value of Your Cotton

Almost any cotton producer is intelligent enough to see that his cotton is weighed properly and that he gets value according to weight.

But cotton producers are not cotton classifiers and he may have sold his bale of cotton—and frequently does sell it—for a loss of \$5.00 per bale, possibly more, by not knowing the grade and staple of his cotton.

Fifty-two per cent of our cotton last year stapled 15-16 inch and better, a quality of cotton far better than that produced by the average cotton grower, and brought premiums of from 1-2 cent to 8 cents per pound over 7-8 inch cotton.

North Carolina mills consumed last year one and one-half million (1,500,000) bales of cotton or more.

North Carolina's average production is around one million (1,000,000) bales, and yet almost half of this cotton on account of its shortness of staple cannot be used by Carolina mills.

By growing a better product we will be able to obtain a better price for that product.

With our own crop reporting and price forecasting bureau we are in a much better position to know when to sell cotton than the average cotton producer.

We have just closed a deal with a pedigreed seed dealer of Hartsville, S. C., for ten thousand (10,000) bushels of pedigreed seed. These we will distribute to our members for the coming season.

We are in the midst of our second season operating under our new contract which gives the member the right to withdraw after delivering one year's crop if not satisfied with cooperative marketing and our methods of doing business.

In addition to our regular or seasonal pool we have our optional pools which gives the member the right to order his cotton sold any day he may elect and yet gives him all the advantage of our expert Classing Department and our world-wide sales outlets.

Our Association is a real sound business organization, owned, controlled, and operated by the farmers themselves. We store cotton in twenty-nine (29) warehouses and have receiving agents at almost every railroad point throughout the cotton belt of North Carolina.

We solicit your membership.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET

New York, Oct. 25.—(AP)—The cotton market opened firm today at an advance of 5 to 13 points, with December and later deliveries selling about 14 to 23 points net higher during the first few minutes on trade buying and covering. The latter was probably promoted by slightly lower ginning figures than suggested by some of the recent reports, but the advance to 19.80 for December and 19.64 for March met a good deal of realizing or liquidation and considerable southern selling. This soon eased the market to 19.52 for December, or about 4 to 5 points below yesterday's closing quotations, and the market was rather nervous and irregular at the end of the first half hour. October contracts sold off to 19.74 or 6 points net lower under liquidation attributed to the circulation of notices representing about 5,400 bales.

## GRAIN MARKET

Chicago, Oct. 25.—(AP)—Enlarged export business in corn, totalling more than 1,000,000 bushels for 48 hours, gave a fresh lift to corn values today, and also affected wheat. Country offerings today of corn to arrive here were fairly liberal, but were being fast absorbed by industries and were not being hedged against future delivery contracts. In some quarters much significance was attached to advancing prices for corn in Argentina, as explaining increased European demand for corn from the United States.

Corn closed unsettled at the same as yesterday's finish to 3-4c higher, wheat 1-8 to 3-8c up, oats varying from a shade decline to 1-8c advance and provision at 15c setback to a rise of 5c.

## STOCK MARKET

By STANLEY W. PRENSLIL  
Associated Press Financial Editor.  
New York, Oct. 25.—(AP)—Marking up of the call money rate from 6 1/2 to 7 1/2 per cent, coincident with the calling of upwards of \$20,000,000 in loans, checked a brisk rally in today's stock market. Early gains of 1 to 5 points in a wide assortment of Oil Motors, Public Utilities and Foods were cut down, and a number of recent strong spots in the Metal, Merchandising and specialty shares were carried 1 to 7 points below yesterday's final quotations.

The rise in call money rates was

generally regarded as temporary, although it brought about a sympathetic strengthening in the rates on short-term time loans. Wall Street bankers generally are of the opinion that the peak of the fall commercial demands has been passed. Announcement was made of the engagement of \$2,000,000 in gold at London for export to New York, bringing the total on the current movement to around \$12,500,000.

The bulk of the day's business news was favorable. Directors of the Gulf States Steel Company resumed dividends on the common stock, which had been suspended since July 1927, and the new stock of the Consolidated Gas Company was placed on a \$3 annual dividend basis, equivalent to \$6 on the old stock, which previously paid \$5. The Westinghouse Electric, Motor Products, Motor Wheel and Republic Steel companies reported third quarter earnings substantially in excess of those in the same period last year.

National Bellas Hess dropped 7 points, National Tea 5 1-2, Greene Cananea 4 1-2 and A. M. Byers, International Nickel, Johns Manville, Eastman Kodak and Coty yielded 3 to 4 points.

The close was irregular. Sales approximated 4,500,000.
