LIGHT SALES ON LEAF MART HERE FRIDAY

First Time Of Season That Market Failed To Sell Over Million Pounds.

The lightest sales of the season were registered on the Greenville tobacco market yesterday, according to official report of the market's activities given out this morning of the Greenville Tobacco Board of Trade.

It was the first time the market has missed selling over a million pounds of bright leaf this season, with exception of the two days of the hurricane when traffic to the city was disrupted by overflowing streams. Tobaccoists expressed belief that sales would continue lighter from now until Christmas, but looked for firmness of prices.

Sales were completed yesterday afternoon about four o'clock, the market having disposed of 696,940 pounds of tobacco for a total sum of \$176,009.64 at an average of \$25.65 per hundred pounds. The price situation was several cents higher than the preceding day because of a general improvement in quality of the leaf.

For the entire week just closed the report showed that the market sold a total of 4,936,968 pounds of leaf for \$1,257,572.18 at a general average of \$25.47 per hundred pounds. This was somewhat above the average for the week preceding and occasioned much enthusiasm among the farmers and tobaccoists alike.

For the corresponding week last season the sales amounted to 4,428,914 pounds. The average was given at \$27.84.

The report showed that the market had disposed of 40,810,166 pounds for the entire season. The total sum paid out for this amount of leaf was given at \$8,026,300.42. The average was \$19.66, several cents above the report for any other week for the season. In the same date last year 37,520,230 pounds of leaf had been marketed here.

Gale Hampers Shipping On British Coast

London, Oct. 27.—(AP)—A north-wind gale was causing trouble to shipping along the British coast today. The gale whipped the English channel into strong seas causing open passage for ships to and from the continent and forcing many vessels to take shelter in Dover harbor. Lightship men experienced one of the roughest nights in years.

Near Goodwins, off the Kent coast, the wind last night reached a velocity of from 60 to 70 miles while a driving rain made visibility extremely poor.

Out in the Atlantic, fierce gales were delaying the arrival of the Abate and other steamers at Plymouth while similar conditions in the bay of Biscay were delaying the liner Lafayette to Mexico and Spain.

United Fruit Accused of Defection For Another Woman

Los Angeles, Cal., Oct. 27.—(AP)—Lou Tellegen, stage and screen actress, is accused by her wife, Mrs. Isabel Oraven Dilworth Tellegen, of transferring his affection to another woman.

In a suit for divorce filed here yesterday, Mrs. Tellegen alleges her husband told her he was living with another woman and intended to continue doing so. She states his conduct made it necessary for her to leave him on March 20, last year.

Mrs. Tellegen asks custody of her four-year-old son, Rexford, and such property allowance as the court sees fit.

The Tellegens were married in Butherford, N. J., December 17, 1923, six months after the actor and Germaine Farrar, former Grand Opera Star, were divorced. The marriage was kept secret more than a year.

Before her marriage was announced, Mrs. Tellegen appeared on the stage and screen under the professional names of Nina Romano and Elizabeth Alden.

Charges Estimate Of Cotton Crop Is Big Mistake

Atlanta, Oct. 27.—(AP)—The Federal Department of Agriculture in estimating Georgia's cotton crop for 1928 at 1,060,000 bales bales exceeded the estimate of the Georgia department by 219,000 bales. Commissioner Eugene Talmadge has charged.

Declaring that the southern cotton growers have "borne a great injustice" if the federal bureau had made "this big mistake" in every state, the commissioner said:

"When I compared this figure (1,060,000) with the same bureau's (federal) estimate last year which was 1,100,000 bales, my suspicions were immediately aroused that the federal bureau had made a great mistake for either last year's crop or this year's crop."

"When the price is overestimated the price is depressed until the true shortage of the crop is realized."

"For the past ten days I have had 46 men going around to take reports of the actual number of bales of cotton ginned, and the balance on hand to be ginned for this year. As a result we have 1,423 sworn statements coming from every county in Georgia."

"These reports show that this year's cotton crop will not exceed 841,000 or 219,000 bales of cotton short of the government's estimate for Georgia."

Carnes Assets Given At \$200,000

Atlanta, Oct. 27.—(AP)—Assets of Clenton S. Carnes, former treasurer of the Baptist Home Mission Board, will approximate \$200,000, receivers reported to Judge John B. Hutcheson of the Stone Mountain Circuit today.

His properties include real estate in Atlanta, stock in various enterprises and investments in loans on property in Georgia and Florida. Funds realized will be applied to reduce alleged shortages in funds of the board, it was said.

Carnes is now in Fulton county jail under 18 indictments charging embezzlement.

Today's report was submitted by Thomas H. Scott, and Leon O'Neal.

Democratic Fund Increases Today

Several donations were received today for the campaign fund being raised for the National Democratic Campaign Committee.

Today and Monday have been set aside as "Dollar Days" in the campaign and citizens have been urged by party members to give as liberally as possible. The money will be used to help defray expenses incurred by the party in the present campaign.

Contributions should be made direct to The Reflector. Contributors will receive certificates from the National headquarters immediately after the local fund has been sent in.

Six Killed In Crash Of Auto

Marine, Calif., Oct. 27.—(AP)—Apparent failure of the driver to see a sharp turn in the highway because of blinding headlights of an approaching car, resulted in the deaths of six persons, all of Berkeley, when their motor car plunged over a 75-foot bluff at Tormey, near here last night.

The dead:

Edward B. Hussey, 63, retired civilian machinist for the navy.
Mrs. Minna Griffin, 44.
Miss Viola Griffin, 20, her daughter.

Mrs. Margaret Newman, 45, operator of a boarding house for co-educational students at the University of California.

Miss Ida Newman, her daughter, a student at the University.

Miss Pearl Clark, address not learned.

Sheriff R. R. Veale said that according to a report made to him by Howard Sweet, of Crockett, Cal., Hussey, the driver, was blinded by the lights on Sweet's machine. Sweet told the officer that Hussey's car veered to the left side of the road and crashed against his car, then swerved to the right again and plunged over the bluff.

Sweet who said he drove to the nearest telephone and called aid, was not held.

STATE CONTROL OF EVERGLADES ADOPTED

Fort Lauderdale, Fla., Oct. 27.—(AP)—Federal control of the waters of Lake Okechobee and state control of reclamation and drainage of the everglades was adopted as the policy of the new River, Lake Okechobee, Caloosahatchee Navigation Association at a meeting held here last night.

The session was attended by members from Fort Myers and various communities from the vicinity of the lake.

Treatment For Insanity Effective In First Test

Madison, Wis., Oct. 27.—(AP)—A treatment for insanity, imperfect yet temporarily effective, has been demonstrated by two doctors of the University of Wisconsin.

Two persons, considered hopelessly insane, were awakened from their stupor for several minutes yesterday by Dr. W. F. Lorenz and Dr. A. S. Loevenhart. After inhaling gas as prescribed, the patients were able to talk rationally, answered questions intelligently and move and act normally.

One hundred doctors of the Central Neuropsychiatric Association witnessed the experiment, which revealed results of 12 years of research by the university physicians.

A second method of treatment, using a drug developed by Dr. Loevenhart, also has been tested by the doctors and found equally effective.

A young woman, who had been in a catatonic state for 17 months, was roused from stupor for nearly 15 minutes after she inhaled gas. She sat up on a cot, told of subconscious experiences and recognized Dr. Lorenz, who previously had treated her. As a victim of dementia praecox, Dr. Lorenz explained, she was afflicted by emo-

SEN. ROBINSON WILL SPEAK IN IOWA TONIGHT

Democrat To Deliver Address Over Great Radio Hook-up At Des Moines.

By RAYMOND Z. HENLE

En Route With Senator Robinson to Des Moines, Ia., Oct. 27.—(AP)—The most important speech of a long tour in the farm belt of the West lay before Senator Joe T. Robinson today as he traveled south through Minnesota to Des Moines for an address tonight over an extensive radio hook-up.

At the Iowa capital he intends to marshal all of his arguments on the farm relief issue to send into the homes of thousands of farmers his contention that Herbert Hoover's New York address "seals the doom of agriculture" if he should be elected president.

The senator has been hammering away on what he has called "the broken promises of eight years by the Republican party" in his series of Middle-western addresses, but nowhere has he had the extensive radio facilities that await him at Des Moines and he consequently prepared to make the most of this opportunity.

His speech in Duluth, Minn., last night was devoted to an attack on the Republican prosperity issue and the Republican policy on farm relief.

The nominee recited succinctly the oil scandals, the Daugherty investigation, the Forbes trial, and Alien Property disclosures and declared:

"Are those examples of the declining leadership of which Mr. Hoover boasts and concerning which he remained as dumb as an ox and as silent as the Sphinx?"

The nominee read a statement he said was made by Senator Norbeck, a Republican of South Dakota, in the senate that Hoover "did not have sufficient interest in the 'welfare of his country to vote until he was 43'."

Senator Robinson is due in Des Moines at dinner time this evening. Tomorrow he will travel to Peoria and after three speeches in Illinois will wind up his campaign in Indiana, Ohio and West Virginia.

Two Score Persons Overcome By Gas At Birmingham, Ala

Birmingham, Ala., Oct. 27.—(AP)—More than two score persons were prestrated and had to be taken to hospitals after being removed from the upper floors of the building by the firemen who reached them with extension ladders. Several of the firemen were overcome as the gas poured from the windows and fell back into the arms of their comrades.

Three ambulance loads of persons affected in varying degrees by the poisonous gas were taken to hospitals after being removed from the upper floors of the building by the firemen who reached them with extension ladders. Several of the firemen were overcome as the gas poured from the windows and fell back into the arms of their comrades.

Death Toll Of Railway Wreck On An Increase

London, Oct. 27.—(AP)—Some dispatches reaching London today stated that the death toll in the railroad wreck near the small Rumanian town of Recca was between 60 and 70 or about double the number officially announced in statements from Bucharest. Fifty persons were injured.

One American described as Arnold Ehrlich, a merchant of Chicago, was listed among the dead. Alexander Herschlet, manager of the Wahl Eversharp Company of New York, who had been reported among the dead, suffered only a slight head wound from which he had recovered today. Another American whose name was not reported but who was described as a representative of an unnamed Chicago newspaper was said by dispatches to have escaped injury.

The wreck occurred yesterday morning when the internationally known simple express speeding toward Paris at 60 miles an hour failed to take a switch and crashed into the Hermannstadt-Bucharest Express.

WOMAN DID NOT WANT HUSBAND AT FUNERAL

St. Louis, Oct. 27.—(AP)—The wish of a dying woman to keep her estranged husband from attending her funeral brought Fred Branganzi into a justice of the peace court seeking a writ of replevin to be allowed to bury her. The writ was granted but a legal oversight kept officers from carrying the body from the home of the dead woman's parents, as the writ failed to include the coffin, provided by her father, and officers wouldn't remove the body.

Back in court, Branganzi obtained an order to sit near his wife's casket during the funeral but no words must pass between him and his wife's relatives.

LOCAL CHURCH PLANS SERVICE FOR STUDENTS

Immanuel Baptist Church Arranges Special Services For College Students.

Dr. R. A. McFarland of Gaffney, S. C., who is conducting a ten-day revival at the Immanuel Baptist Church in this city, spoke to a small crowd last night, owing to building being without heat and the weather decidedly cool.

Dr. McFarland used as his theme the incident of Jonah and the whale. While he did not preach a full sermon, the speaker brought out many forgetful points and told his audience that they must really believe in the Bible as the Word of God and conduct themselves accordingly. He spoke for about twenty minutes and then adjourned the meeting.

The song services, which are under the direction of Rev. L. R. O'Brien, pastor of the church, are excellent. Each evening Mr. O'Brien brings something new, interesting and inspiring in messages of song. Besides other special numbers, the Memorial Baptist Church quartet will give one or two special numbers at the evening service tomorrow.

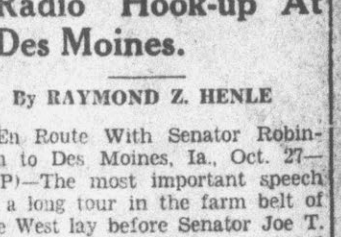

Tomorrow has been designated as "Students' Day" at the church. The college girls will have complete charge of the program at the morning hour. A splendid program has been planned for this service and it is expected the church will be filled to overflowing.

The pastor stated this morning that the services were going fine, the people and other churches of the city were giving full cooperation, and he expected that Dr. McFarland's visit would really be a blessing to this section.

Services for the children were held this afternoon at 3:30, with a goodly number of both adults and children in attendance. There will also be services this evening at 7:30. Everything has been put in readiness for the heating of the church and it is expected quite a large crowd will attend.

There will be two full services tomorrow, at 11 a. m. and at 7:30 p. m. Arrangements have been made to accommodate a large crowd at these two services. The public is cordially invited to hear Dr. McFarland at these two services, and those which will follow next week.

ZEPP READY FOR RETURN TO GERMANY

Big Ship Scheduled to Take-off From Lakehurst Sometime Tomorrow.

Lakehurst, N. J., Oct. 27.—(AP)—The officers and crew of the German dirigible Graf Zeppelin today prepared for their return trip to Germany with prospects favorable or a start tomorrow.

Cancellation of the Mid-west trip, caused by adverse winds at the lead here and prospects of unfavorable weather over the proposed route, permits a start on the return voyage within the two weeks limit set by Dr. Hugo Eckener on his arrival.

Although Dr. Eckener said the start might not be made until Monday or Tuesday, depending on weather conditions, the ground crew of the naval station was given orders to stand by at 5:00 p. m. tomorrow afternoon. Because of her cramped quarters in the big hangar here, with the Los Angeles and two naval blimps occupying the same quarters, any cross hangar wind makes hazardous the task of walking her out onto the field.

As soon as the cancellation of the Mid-west journey was announced, the task of refueling the Zeppelin was begun. Three refueling crews of fourteen men each, working in eight hour shifts, were put to work pumping 735,000 cubic feet of Hydrogen and 140,000 cubic feet of blue gas into her fuel and lift cells. Lieutenant Commander Wicks, U. S. N., estimated the Zeppelin would be ready to sail by noon tomorrow.

SMITH SURE OF PROGRESS IN THE NORTH

Democratic Nominee To Open Fight In Pennsylvania, Enemy Stronghold.

By D. HAROLD OLIVER

New York, Oct. 27.—(AP)—Satisfied in his own mind that his fight for the presidency has made forward strides as a result of his New England incursion, Governor Smith today carries his campaign into Pennsylvania, an enemy stronghold which has not felt the sting of Democratic defeat in more than 70 years.

For an hour late today, the Democratic presidential nominee will head an automobile procession through the principal streets of Philadelphia and tonight, in the Quaker City arena, he will deliver the thirteenth formal address of a campaign which has taken him more than 10,000 miles by rail and automobile.

Prior to his entry into Philadelphia, the governor's schedule called for a half hour's parade in the city of Campaign, N. J., where his special train is due to arrive at 3:50 p. m., after leaving the Pennsylvania station here at 1:30.

Advance information received at the nominee's headquarters indicated another big eastern reception for him in the two cities. The parade in Philadelphia will terminate at the Bellevue Stratford hotel, where the governor and his party will make their headquarters overnight. The speech, the subject of which remained a secret today, will start at 8 p. m., Eastern time, and will be broadcast over the usual nationwide hook-up.

Governor Smith worked all day yesterday on the address, but did not complete a rough draft until late last night.

Whether the nominee will return to New York after attending church in Philadelphia tomorrow morning or visit the home of John J. Raskob, chairman of the Democratic National Committee, near Centerville, Md., remained undecided today. If he goes to Mr. Raskob's home he will remain there until Monday morning and then start directly for Baltimore where he will open the final week of the campaign before election with another formal address.

In going to Pennsylvania for a speech, Governor Smith is following the advance of his campaign managers. They figure he stands a fighting chance to carry the Keystone State, which, since the election of James Buchanan in 1856, has returned comfortable Republican majorities in every quadrennial election except in the party schism of 1912 when Roosevelt won out.

Asked at a press conference whether he had any recent reports from Pennsylvania which would warrant a belief that he might achieve victory there, the Democratic nominee said he did not know "anything about it," that Pennsylvania was a "pretty big State," and he failed to see "how anyone can form an opinion about these things."

The governor did have some ideas about southern New England, however, and he was Frank in stating them.

"I certainly think after Monday night there has been a decided change. I think the Republican candidate hurt his cause with his Madison Square Garden speech."

Old-Time Political Fervor Feature Presidential Race

By BYRON PRICE (Associated Press Staff Writer) Under the stimulus of an ever-increasing popular interest, the presidential campaign is wearing its end amid a bounteous autumnal outpouring of old-time political emotion.

Those who predicted that the unreasonable activity of earlier weeks would satiate the public appetite for politics long before election day, find their prophecy unfulfilled. Launched from the doorsteps of the national conventions, the campaign was far ahead time in starting, but ten days from the finish it still absorbs the active attention of more millions than ever took their politics seriously in any previous presidential year.

Unwieldy and unruly crowds troop about the trains and hang on the words of candidates, ex-candidates, and near-candidates. Thousands flock out to cheer at party rallies and march in torch-light parades. Registration lists have skyrocketed, political headquarters have become mad-houses.

The few remaining days of the campaign will see these activities further intensified. Hoover and Curtis, Smith and Robinson, succeeded by as brilliant a galaxy of platform orators as ever answered the call of the parties in modern times, are swinging into the last supreme effort of the battle. It seems certain that the voter is to witness, and be a part of, a final week of political excitement unmatched in a lifetime.

A generous portion of this activity will find its focus in the east, which during the present week has seen both of the presidential nominees in action. Among them New York, Massachusetts, New Jersey, Connecticut, Rhode Island, Delaware and Maryland control an even 100 of the 266 electoral votes needed to elect. Every one of these states is still stoutly debated.

Governor Smith is concluding his campaign in this sector, while Mr. Hoover prepares to leave the eastern battle to lesser political figures and start for California to vote. Smith has spoken during the week in Boston, where Hoover preceded him by several days. Hoover spoke Monday in New York, where Smith will make the last speech of his campaign. This whole group of states will see an impressive concentration of political effort in the final week, for each side has given these electoral votes a major place in its hopes of victory.

But the east has no monopoly on the activities of these concluding weeks. Two other important localities on the political map continue to receive painstaking attention. One is the border group of states, containing Kentucky, Tennessee, Missouri and Oklahoma, with a total of 53 electoral votes. The other is the farm group, containing the 43 votes of Wisconsin, Minnesota, the Dakotas and Nebraska.

The present week has seen such drawing cards as Charles Evans Hughes, William E. Borah, Carter Glass, John W. Davis and James M. Cox exhibited by their respective parties in the border country. Next week the border is to hear Mr. Hoover, who will speak at Louisville and St. Louis on his way west. He likewise will pass through the farm state of Nebraska, where Senator George Norris, newly enlisted as an outspoken supporter of the Democratic national ticket, is preparing to begin a speaking campaign for Smith, designed for the east of the farm states generally.

As in the beginning, prohibition, farm relief and religion remain conspicuous among the issues about which spellbinders and voters are arguing, although they by no means have the field to themselves. The Republicans are bearing down heavily

on the tariff and prosperity. The Democrats are talking of curbing and attacking Dr. Work's renewal of the Salt Creek contract with the Sinclair interests. Recently the question of waterpower also has shouldered its way to a new place of prominence.

At New York Mr. Hoover declared the Democratic proposals as to farm relief, prohibition and waterpower savored of "state socialism." Governor Smith replied at Boston that, as to waterpower, Hoover merely was echoing a charge of socialism first raised by the "power trust," and that, as to all three, the position of the Republicans was that of a reactionary party standing in the way of progress.

The religious discussion continues to branch out into novel vibrations. Senator Glass, speaking of his fellow-Virginian, Bishop Cannon, declared a "Pops of Virginia" was trying to turn the Southern Methodist Church into a Republican political sect.

Henry J. Allen, publicity director for the Republican National Committee, charged that thousands of dollars are being spent to belittle the Quaker religion of Herbert Hoover.

The open season for final predictions have arrived, and the country now has information on the highest authority who will win the election. The Republicans say unhesitatingly that beyond question Mr. Hoover has won. The Democrats declare quite openly that Governor Smith undoubtedly is elected. It would seem that it only remains to let the voters cast their ballots—and to count them.

Curtis To Speak At Detroit, Mich.

Cleveland, Ohio, Oct. 27.—(AP)—Tired and worn from his busy week of campaigning, Senator Curtis, the Republican vice presidential nominee, stopped over here for a few hours today but abandoned an engagement for speaking. He will speak at Detroit tonight, however.

The senator encountered a chilly rain here and it aggravated an already weakened voice. So he gave up the plan to address the city club at noon.

He did attend the luncheon, however, and spoke a few words in response to his introduction.

Although tired, the nominee was optimistic and in a talk with newspaper men he predicted "the greatest Republican victory in history." He said he did not base this on any polls but on reports he had received and indications he had observed in his tour of the nation.

Mayor Marshall of Cleveland, headed a reception committee which met Curtis at the station early today.

MEMORIAL ERECTED TO STEPHEN FOSTER

Fargo, Ga., Oct. 27.—(AP)—A granite shaft weighing more than three tons today stood near the headwaters of Swane river here as a memorial to Stephen Collins Foster, whose lilting melody "Swane River" made the stream famous in song in many sections of the world.

A national touch was given the unveiling exercises set for 11:00 a. m. today when it was announced that "Swane River," "My Old Kentucky Home," "Old Black Joe" and other Foster songs were to be broadcast today over a chain of radio stations by national broadcasting company, New York.

Hughes Chides Governor Smith In N. Y. Speech

Buffalo, N. Y., Oct. 27.—(AP)—Charles Evans Hughes chided Governor Smith last night for jumping "for the martyr's crown."

In his third political speech of the campaign, Mr. Hughes defined the term "state socialism" as used by Herbert Hoover in describing Governor Smith's program.

"What Mr. Hoover meant by State Socialism is plain," said Mr. Hughes. "He used the term in its proper sense as applied to the Bismarckian philosophy of the centralization of government dominating all the activities of the people. Mr. Hoover is a liberal and opposed to State Socialism."

"If the governor's proposal for modification of prohibition is not the method of State Socialism, as stated by Mr. Hoover, I do not know what it is."

"If the governor is for the equalization fee for farm relief, Mr. Hoover said, it would be the 'most gigantic program of government in commercial business ever proposed'. If Smith is not for government operation of power plants then he is with Hoover, who insists upon complete control by the government, the speaker added. He challenged the governor to clarify his position on both of these issues.

TO VOTE FOR CANDIDATES SUPPORTING PROHIBITION

Los Angeles, Oct. 27.—(AP)—The Women's Foreign Missionary Society in 59th annual conference yesterday unanimously adopted a resolution pledging its members to vote only for presidential and other elective candidates who "uphold the 18th amendment and who stand unequivocally for the constitution of the United States."

Twenty-four hundred members attending the conference, and representing the society enrollment of 400,000, stood and cheered their national president, Mrs. Thomas Nicholson of Detroit, as they adopted the resolution which she supported in a lengthy address.

KU KLUX INJUNCTION HEARING IS WAIVED

Atlanta, Oct. 27.—(AP)—Judge Samuel Sibley of United States District Court, said today that hearing on a petition for preliminary injunction and receiver against the Knights of the Ku Klux Klan and others had been waived by agreement of counsel.

The hearing had been set for today. Judge Sibley said attorneys for C. T. Rice, the plaintiff, and for the Klan, had decided to permit the case to come up for trial on its merits several months hence.

YANGER TO ENTER RING AGAIN NEXT WEEK

Detroit, Oct. 27.—(AP)—Benny Yanger, who made pugilistic history a generation ago as the "Tip-on-Slayer," will don the gloves once again, as a part of the "Kid" Lavigne benefit show here November 3.

Yanger has been billed for a three round exhibition contest, probably with Frankie Erne, who won the lightweight championship from Lavigne in 1899.

MRS. J. B. SPILMAN ENTERTAINS U. D. C.

The George B. Singletary chapter, United Daughters of the Confederacy was entertained on Thursday afternoon by Mrs. J. B. Spilman at her home on Ninth street.

This was a meeting of special interest, as several reports were made. The president, Mrs. H. F. Jones and Mrs. J. L. Fleming made reports from the state convention at Greensboro, which were full of interest and brought to the members a fuller knowledge of the work of the state division.

Under the leadership of Mrs. Jones the local chapter has done splendid work and is planning to award several crosses of honor on November 11 and to give a book, "The Life and Letters of Robert E. Lee," to the public library. Mrs. J. N. Gorman gives the "Confederate Veteran" to the library.

The following officers were elected for the coming year: President, Mrs. H. F. Jones; vice-president, Mrs. T. A. Person; recording secretary, Mrs. E. W. Harvey; treasurer, Mrs. T. T. Hollingsworth; registrar, Mrs. J. L. Little; recorder of crosses, Mrs. J. L. Hassell.

Mrs. J. H. Blount read a very interesting article, telling of the first Confederate flag raised in Richmond. Mrs. Knott Proctor sang in her usual charming way, several beautiful songs, after which the hostess served refreshments and an enjoyable social hour was spent.

Medallion Of Human Head On Rock In France

Croix-De-Vie, France, Oct. 27.—(AP)—A medallion of a human head in bas-relief reputed to be 7,000 years old, has been discovered on a great ledge of rock ordinarily submerged in the sea.

The discoverer, a Vendee Archaeologist, Dr. Marcel Baudouin, maintains that the configuration of the head makes it akin to the representation of old Mexican and Mayan divinities.

The submarine ledge of rock is taken by Dr. Boudouin to be a material proof of the existence of the lost Atlantis, the continent supposed to have existed where the Atlantic Ocean now rolls, which constantly haunts the imagination of scientists.

Dr. Baudouin visits this ledge of rock every year at the great equinoctial tide when a large part of its surface is laid bare. Last year he discovered an engraving of human feet in the stone.

This autumn he discovered and made a cast of a medallion of a human head, which he ascribes to the epoch 5000 B. C.

The head is in profile similar to some ancient Greek coins. But what Dr. Baudouin finds most remarkable in it, is the eagle-nose, very sharply marked, and the chin-beard. These characteristics relate the head to ancient Maya and Mexican divinities.

Dr. Baudouin thinks that prehistoric American races must have come to the Vendean Coast from the lost Atlantis during the copper age.

Says Smith For Law Enforcement

Columbus, Ga., Oct. 27.—(AP)—Declaring that Governor Alfred E. Smith's personal views on prohibition should be as much effect as his opinions on predestination and patent medicines, Senator Morris E. Sheppard of Texas, author of the 18th amendment, declared last night that a vote for Smith and Robinson was a vote for prohibition enforcement.

Speaking here for the Democratic National ticket, the Texan declared that Governor Smith stood squarely on the Houston platform for enforcement of the prohibition laws.

"The supreme need of the country is the return to power of the Democratic party by election of Smith and Robinson," Senator Sheppard said. "To oppose Governor Smith on prohibition is to endorse principles destructive to national welfare. To oppose him on account of his religion is to take a position contrary to the fundamental principles of Americanism. I differ with Smith on prohibition, but I desire to do him justice; he stands squarely on the Houston platform for enforcement."

Attacking the Republican administration's record of enforcement, Mr. Sheppard said that Hoover's declarations on the subject indicated that he was willing to contribute to "the failure" in that he had not faced the issue squarely.

ADMIT NEW MINISTERS AT METHODIST CONFERENCE
Charlotte, N. C., Oct. 27.—(AP)—Admission of a class of new ministers into full relations with the Western North Carolina Conference of the Methodist Episcopal Church, South, marked the session this morning of the annual meeting of the conference, held in first Methodist church here. The delegates to the conference were in their fourth day's sessions.

The class includes eleven men in eight of the eleven districts of the conference, and the ceremony this morning was the final one admitting them to full relationship.

The class was addressed by Bishop Edwin D. Mouzon, president of the conference, who spoke to them on "The Place and Function of the Christian Ministry." This ceremony took place after the routine reports from ministers with charges in the Greensboro district. The eleven men in the class have passed two years of approved study, have appeared before the committees on admission and study, and following the formalities of the morning they will be full-fledged ministers, on trial until the next annual conference.

Says Britian Will Go Slow On Treaty

London, Oct. 27.—(AP)—Stanley Baldwin, Prime Minister, believes that failure to reach an agreement with the United States on naval matters is only temporary. He is sure that Great Britain has no intention of entering into a naval building competition with America.

"Our policy is naval building is to go slow," Mr. Baldwin said in addressing a mass meeting in Albert Hall in celebration of the tenth anniversary of the League of Nations Union.

"We have no intention of competing with the United States and came to our decision to go slow long before we were asked to sign the Kellogg pact."

Mr. Baldwin expressed doubt that the world realized the full import of the Kellogg-Briand treaty renouncing war. "It gives us what in our spiritual life we should be grateful for—an opportunity for a fresh start," he said.

The Prime Minister expressed profound regret at what he termed only a "temporary failure" to reach an agreement with the United States on naval matters. He described suspicions concerning British action which had become current in some American circles.

Uneasiness reflected in those British newspapers that thought by the Anglo-French naval accord Great Britain had been committed to the French view concerning army reserves without obtaining any adequate naval concession was alluded to by the Prime Minister.

Fires Broadside At Anti-Saloon

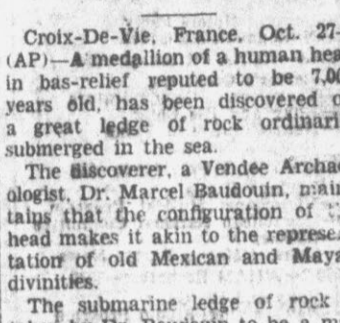

Nashville, Tenn., Oct. 27.—(AP)—The Anti-Saloon League was the target last night of Norman Davis, capitalist and under-secretary of state during the Wilson administration, who spoke on behalf of Gov. Alfred E. Smith.

"This league, which was founded and still is controlled by the Ohio gang," the New Yorker said, "has hired many of our preachers to quit preaching Christ to preach politics. The league has hired some to abandon the preaching of the gospel and to disregard two of God's commandments: 'Thou shalt not steal,' and 'Thou shalt not bear false witness against thy neighbor.'"

Mr. Davis, a native of Tennessee, although a resident of New York, said the south has owed Tammany Hall a debt of gratitude since the organization aided Jefferson in founding the Democratic party, and since a Tammany leader obtained the release of Jefferson Davis after the civil war.

"This is the time to repay the debt," he declared. "You have been told that Tammany is a beast; that is nonsense. The Republicans have to go back 60 years to find corruption in Tammany Hall."

QUALIFICATIONS FOR PRESIDENT

Speaking of Gov. Smith's training as Governor of New York, Mr. Hughes said the other night: "I do not depreciate the advantages of that training," and then went on to argue that Mr. Hoover has "the rare advantage of special and expert familiarity with problems abroad as well as at home."

Gov. Smith has had twenty-five years of experience in the government of the largest state of the Union, eight of them as Chief Executive and the rest of them as a legislator. Mr. Hughes says that he does not depreciate the advantages of that training. How could any one? By all the precedents available this is an ideal training for the Presidency of the United States.

Look then at the other side of the picture. The three most unsuccessful Presidents in this same period have been Harrison, Taft and Harding. Harrison was de-

feated for Governor of Indiana and went to the White House from the Senate. He was a one-term President. Taft, a man of great gifts and of superb character, had to like Mr. Hoover, never held any office except appointive office. Mr. Taft's Administration wrecked the Republican Party in 1912. Harding had been defeated for Governor of Ohio and went to the White House from the Senate. His Administration was one of the two or three worst administrations in the American history.

Thus out of the eight men who have been President during his lifetime of most of us, the five whom the Nation recalls with pride had every one of them been Governor of a State and the three who failed had never held an elective executive office. With that record before us, the presumption is enormous that to have been the successful Governor of a State is to be specially qualified to be President of the United States.

Look now at Mr. Hoover's training. Until he was forty years old he never held any public post of any kind. He has never in his life held any post which remotely resembles that of President of the United States. That he has had a wide experience of affairs no one denies. So had Mr. Taft. But it is very shallow reasoning which confuses a wide knowledge of affairs with the training and aptitude for the greatest elective office in the world.

The task of a Chief Executive is to use the technical and executive capacities of his subordinates. No Chief Executive, especially no Chief Executive of the United States, can possibly have "special and expert familiarity" with every problem with which he has to deal. If Mr. Hoover were ten times the expert he is, he would still not know a tenth of the problems with which an Administration must deal. To be President a man must know how to find and use experts. He must not attempt to be his own expert. For at best he can have only a little knowledge of all problems, and a little knowledge, if it is acted upon, is a dangerous thing.

"It is said," remarked Mr. Hughes, "that Smith would call able and experienced men to his aid." It is said truly. The record in Albany proves it. That is what a great President has to do, and when he has done it his chief task is to see that pub-

lic opinion and Congress understand and support the proposals of these able and experienced men. That is the very essence of the qualifications of the President: to find able and experienced men, to enlist public opinion and to lead the Congress.

Gov. Smith's qualifications as a leader of public opinion and of Legislatures is demonstrated beyond all dispute. With the exception of Roosevelt and Wilson, no man has appeared in our time with such gifts and such training in the art of leadership. On the other hand, no man has yet sought the Presidency in our time who is so utterly devoid as Mr. Hoover of experience in the art of leadership. If Mr. Hoover has that indispensable qualification, he has yet to demonstrate it. This campaign is his very first experience in political leadership, and when you consider his performance in dealing with Dr. Work, Mrs. Willebrandt and the guerrilla Republicans, it is not indicated that he possesses the discernment, the moral courage, the capacity for decision which great political leadership requires.—N. Y. World.

ABOUT TOWN

"We enjoyed the speeches by Mrs. Gregory and Mrs. Cotten last night," said members of the Democratic party here today.

"These two women are doing much to help the Democrats on to victory in North Carolina." They have appeared in numbers of communities and never fail to create wholesome sentiment in behalf of a great cause.

"Greenville people will not soon forget their plea for undivided support in the forthcoming election and numbers will cast their vote for Democracy because of such good advice."

"Pay-up Week," said members of the Greenville Merchants' Association, is not far away now. If you have any accounts needing attention, get busy and settle them while Pay-up Week is in progress. The settlement of accounts enables your merchant to completely restock himself for the next season and to give you a greater variety of goods to select from. Take pride in your home town by helping your merchant meet his obligations. Pay him what you owe and he will be able to pay what he owes. Keep the date in mind, November

1st to 8th, and help make it the great success the merchants hope to make it."

"I am highly gratified at the way the Democratic clubs of the county are assisting in the campaign," said W. E. Hooks, Ayden chairman of the Pitt County Democratic Executive Committee, today.

"As result of their activities I find sentiment to be swinging in the direction of the Democratic cause. People who were in doubt several weeks ago are convinced of the soundness of the principles of Democracy at this time and will vote accordingly to their conviction in the forthcoming election."

"The club members are to be congratulated upon their accomplishments. Without their assistance the situation would not be near as favorable as it is."

"Have you contributed to the Democratic campaign fund?" inquired a member of the County Executive Committee today.

"Today and Monday have been set aside as 'Dollar Days' and it is hoped as many party members as possible will contribute and in this way help defray expenses of the national campaign."

"Each contributor will be mailed a certificate acknowledging his gift. Subscriptions are being taken by the Reflector. Do your bit by the campaign by giving at least a dollar today or Monday."

"Things have picked up in this section right much since the opening of the tobacco market," commented a local business man today.

"I have noticed quite a change in business conditions, especially since the price of tobacco began its upward trend, and from now until Christmas ought to see mighty good business."

"If prosperity can be found anywhere in the country you may rest assured it will be in Greenville and Pitt county. It has truly been said that this is a favored section and compared with other localities, I am convinced of the truth of the assertion."

GORMAN'S MARKET REPORT

The sales were very heavy the first of the week but lighter on Thursday and Friday. All sales finished Friday about four o'clock. We expect lighter sales until we get a season. Our Wednesday's sale of 220,834 pounds averaged \$26.22, which was \$1.98 cents per hundred more than the balance of the market averaged. IT PAYS TO SELL AT GORMAN'S. WE PROTECT YOU. Our Friday's sale of 136,372 pounds brought \$37,707.55, averaging \$27.64. This is the highest average we have heard of for a sale of this size this season. If you want the high dollar for your tobacco send it to GORMAN'S. You can't pay debts, buy clothes and shoes with "Apple Sauce." We know we make some mistakes, but not so many as those who have not the experience and knowledge of values or whose only interest is to get charges and clean their floors. WE PROTECT ALL TOBACCO ON OUR FLOOR. Below are a few sales and averages made by us this week:

Table with 2 columns: Product Name and Price/Average. Includes Howard Woolard (406 lbs for \$310.62), Wynne & Spruill (420 lbs for \$272.58), F. A. Alligood (432 lbs for \$273.12), Robert Woolard (306 lbs for \$177.68), C. A. Nelson (1,142 lbs for \$827.52), O. T. Gaskins (672 lbs for \$395.78).

GORMAN'S has second sale Monday, first sale Tuesday, second sale Wednesday, first sale Thursday and third sale Friday.

LOCAL HIGH OUTFIT WINS FROM KINSTON

In an interesting game despite the one sided score, Greenville High School's Tobacco Worms defeated the grid warriors from Kinston by the score of 38 to 0. The score aptly indicates the superiority of the Greenville team. From the opening plays of the game the result was never in doubt as the worms wormed their way down the field to a touchdown during the first five minutes of play. Three touchdowns were scored during the first quarter but on the second one Briley fumbled across the line and an apparent Greenville touchdown was converted into a Kinston touchback.

The second quarter found the Kinston defense tightening up and the locals were held scoreless. With the opening of the second half the fireworks started. Respass received the kickoff on his own ten yard line and with the aid of splendid interference by his teammates ran ninety yards for a touchdown thru the whole Kinston team. The third quarter ended with the locals having scored three touchdowns during that period. Another was added early in the fourth quarter and when the reserves were sent in to lead Kinston.

The score exceeded the fondest expectations of the local fans and the work of the whole team on offense and defense was magnificent. The "Worms" tallied 16 first downs to their opponents three.

Respass was the individual offensive star of the game as is his usual custom. He made four touchdowns himself and put the ball in position for King and Briley to score the other two. The defensive work of Eason was exceptionally brilliant. The Kinston coaches say that they have never seen such a hard hitting man in high school football and local fans are inclined to believe them. Hodges and King were excellent in their defensive work.

The line up and summary follows:

Kinston	Pos.	Greenville
Rochelle	Cap't. King	Left End.
Buzzelle	O'Brian	Left Tackle.
Beclon	William	Left Guard.
Stroud	Hodges	Center.
Ward	Atkinson	Right Guard.
Medlin	Crow	Right Tackle.
Hinson	Captain Anthony	Right End.
Stanley	Respass	Quarterback.
B. Jeffries	Eason	Left Half.
Veels	Tucker	Right Half.
J. Jeffries	Briley	Full Back.

Substitutions: Greenville: Dixon, Skinner, Tolay, Sugg, Swain, Deal, Harder, Wright, Rivers, Johnson. Scoring Touchdowns: Respass (4); Briley (1); King (1). Points after touchdowns, Hodges (2) Dropkicks.

First downs, Kinston 3; Greenville 16.

U. S. NAVAL EXPERTS TO GO ON ZEPPELIN

Washington, Oct. 27.—(AP)—Three of the United States' navy's lighter than aircraft experts will be on the Graf Zeppelin when it sails from the naval air station at Lakehurst, N. J., for Germany.

The men to make the voyage are commander Maurice R. Pierce, executive officer of the Lakehurst naval air station; Lieut. Charles Edward Bauch, of Exeter, Mass., a survivor of the Shenandoah disaster, and the oldest lighter-than-air craft man in the navy in point of service, and Lieut. Thomas G. W. Settle, of Washington, one of the board which helped design and draw up plans for the navy's two new 6,500,000 cubic feet airships.

It was announced at the bureau of Aeronautics that these men were being sent to observe the performance of the airship on its Eastward flight.

Girl Deserted At Altar

Hannibal, Mo., Oct. 27.—(AP)—Ada Whitley, Hannibal girl, was deserted at the altar when her proposed husband, Morris Stealey, walked away, calling back "I just can't say it." Stealey backed down after his hands had been joined with hers.

He spotted a double wedding, but the other couple went through with the ceremony.

NAVY DAY TO BE FULLY OBSERVED

Washington, Oct. 27.—(AP)—This is Navy Day, observed annually throughout the American naval establishments on the birthday of Theodore Roosevelt.

Through gubernatorial proclamations and the cooperation of the navy league of the United States, appropriate exercises were planned for every state in the union. These included speeches by high ranking officers of the navy and the opening of naval bases and warrent to visitors.

Roosevelt's birthday was chosen for the annual observance because, the navy league says, of his "deep understanding and vigorous advocacy of a sound naval policy for the United States. Today is the seventieth anniversary of Roosevelt's birth.

LONE ROBBER MAKES \$2,200 HAUL IN MARYLAND

Silver Springs, Md., Oct. 27.—(AP)—The Silver Springs National bank was held up this morning by a lone robber who obtained \$2,200, but dropped \$700 of it as he fled in a shower of bullets fired by bank employees. He escaped in a taxicab in the direction of Washington.

Dependable

John Justus, protege of Coach Josh Cody, and member of the Clemson varsity squad, is another Southern college sophomore who shines this year in gridiron games.

WOLFPACK IS IN FLORIDA

Jacksonville, Fla., Oct. 27.—(AP)—Gus Tobell's Wolfpack from North Carolina State offered the opposition today to Florida's goal-loading eleven in the first gridiron classic of the season at Fairfield stadium here.

The Floridians, confident of victory, although by no means under the impression that it would come easily, sought to revenge themselves for a 12 to 6 defeat handed them by the North Carolinians in Tampa last year.

While Coach Bachman announced that the usual second string lineup would take the field for the Gators, Tobell said he would start his varsity. He made the observation that he could pick a team from his bench of reserves to beat his first team.

Light workouts this morning were the order of preparation for the Wolfpack, but Florida had little time to practice through the signals before the game as the team did not leave Gainesville until this morning.

Comparative weights give neither team much of an advantage.

The probable lineup:

N. C. State	Position	Florida
Goodwin	Right End	Nolan
Floyd	Right Tackle	Nordfelt
Vaughan	Right Guard	McRae
Metts	Center	Beason
Mayfield	Left Guard	Houser
Lepo	Left Tackle	Allen
Jordan	Left End	Green
Adams	Quarterback	Bowyer
Crum	Right Halfback	Owens
Warren	Left Halfback	McEwan
Outen	Fullback	Sauls

Officials: Hitchins (Purdue) referee; Ted Arnold (Auburn) umpire; J. H. Franke (Army) head linesman; M. E. Ewen (Navy) field judge. Time of game, 3 p. m.

In Politics Of Nation Today

(By The Associated Press)
New York—Smith speaks tonight at Philadelphia; subject unannounced.

Washington—After conference with Hoover, Borah declared himself personally in favor of special session of congress to take up farm relief.

Duluth—Robinson portrayed Smith as "frank fearless and efficient leader with unparalleled record for progressive reforms."

Mount Vernon, Ohio—Curtis disputed Democratic contention that tariff of no help to wheat growers because of surplus.

Buffalo—Charles Evans Hughes attacked Smith's prohibition, farm and waterpower proposals, supporting Hoover's charge of "State Socialism."

Nashville—Norman Davis ridiculed Republican claims of prosperity; said if tariff solution for farm problem should have been applied before.

St. Louis—Alanson B. Houghton, New York Republican senatorial nominee, former Ambassador to Germany, detailed American relief work in Germany following war to disprove charges that Hoover was "careless or indifferent to welfare of German children."

Washington—Republican national committee reported campaign expenditures of \$1,123,894 up to October 24th.

Nashua, N. H.—Secretary Wilbur charged Smith with expressing views at variance with Democratic platform rather than accept tariff as issue.

New York—Raskob said reports from party workers indicated Hoover's New York speech had helped Smith cause in agricultural Northwest.

Milwaukee—Speaker Longworth said Smith determined to eliminate tariff and Democratic party's long recorded opposition to protection system as campaign issues.

Elizabeth, N. J.—Senator Reed, Democrat, Missouri, assailed Hoover's citizenship record asserting that Smith's citizenship "does not require official certification".

St. Joseph, Mo.—Former Governor Nellie Taylor Ross, of Wyoming, asked voters to "cast aside religious intolerance and bigotry by electing Smith."

SEEK TO TRAP FLORIDA 'GATORS

This trio of North Carolina State football stalwarts are invading Florida to face the "point-a-minute" Gators at Jacksonville. They are (left to right) Frank Goodwin, end; Captain Bob Warren, fullback, and "Chink" Outen, halfback.

Eastern Teams Have Hard Tasks Today

New York, Oct. 27.—(AP)—Fifteen undefeated and untied Eastern college football teams had hard tasks today. Army and Yale, victors in all previous engagements, meet at New Haven in the Piece De Resistance of the day.

Cornell, easy victor over her first three opponents, meets a Princeton Eleven tied by Virginia but none the less a threat to any opponent.

Dartmouth's unbeaten array battles one of the strongest Harvard squads of recent years.

New York University and Carnegie Tech, both in the select class, have plenty to handle in Colgate and Pittsburgh respectively.

Georgetown and Pennsylvania, first and second in team scoring, play Duke and the Navy respectively.

Among the smaller undefeated and untied colleges, Williams, Tufts and Duquesne seem most likely to end the day on the wrong side of the ledger. Williams plays Columbia; Tufts meet Brown. Geneva looks strong enough to stop Duquesne.

The State of Pennsylvania offers three other outstanding frays. At State College Syracuse battles Penn State; West Virginia takes on Lafayette and Bucknell clashes with Gettysburg.

Hoover Wants Farm Relief

(By JAMES L. WEST, Associated Press Staff Writer)
Washington, Oct. 27.—(AP)—A question running the rounds of political circles here today was to what extent, if any, the views of Herbert Hoover were reflected in the announcement by Senator Borah, of Idaho, that he was "thoroughly in favor" of an extra session of Congress unless satisfactory farm relief legislation was concluded at the forthcoming short session.

Several elements entered into the speculation, the foremost one being that the statement was issued late yesterday after the Idahoan and the Republican presidential candidate had held a long conference over the "wheatmen table" at the Hoover home.

Coupled with this was the fact that Borah has been the principal speaker relied upon by the directors of the Republican campaign to reply to the Democratic presidential candidate's pronouncements on farm relief, the senator having followed the New York governor through the agricultural west for that purpose.

Then, too, the legislative formula put forward by the senator in his statement, and one which he long has advocated, coincided in major essentials with three-fold plan advanced by Hoover in his acceptance speech and subsequently elaborated in his West Branch, Iowa, and Elizabeth, Tenn., addresses.

It is known that there has been some pressure at Hoover headquarters here for a statement from the candidate on the subject of calling an extra session in the event of his election, but thus far this has been resisted. Two days ago a statement was issued saying that the subject had been discussed on various occasions, but that "obviously" no conclusion had been reached.

WEATHER OUTLOOK FOR THE WEEK

Weather outlook for the week beginning Monday:
South Atlantic and East Gulf States, mostly fair weather, except for a period of rains about Thursday, cool the first half of the week moderating the latter half.

TORNADO AT CHAPEL HILL

Chapel Hill, Oct. 27.—(AP)—Georgia Tech's Golden Tornado, undefeated football team of the South, brought a powerful scoring threat here today to oppose the Blue and White of the University of North Carolina.

Coach W. A. (Bill) Alexander of the Tornado announced he expected to start his second string lineup while Coach Chuck Collins was prepared to throw his first line into the fray from the outset.

The invasion marked the first time in modern football history, he Tornado has left Atlanta to march into the upper sector of the Conference. The game starts at 2:30 p. m., a crowd of 30,000 is forecast.

The line up:

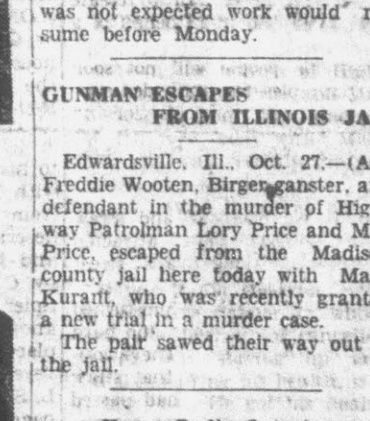

Georgia Tech	Pos.	N. Carolina
Jones	Left End	Sapp
Maree	Left Tackle	Howard
Edwards	Left Tackle	Farris
Rusk	Center	Schwartz
Brooke	Right Guard	Schuler
Watkins	Right Tackle	Adkins
Herron	Right End	Presson
Smith	Quarter Back	Whisnant
Dunlap	Right Half	Ward
Lumpkin	Left Hand	Spaulding
Fitzgerald	Full Back	Foard

Officials: Foster (Hamden-Sidney), referee; Perry (Sewanee), umpire; Major (Auburn), field judge; J. Black (Davidson), headlineman.

SOUTH CAROLINA'S OUTLOOK BRIGHTENS

Columbia, S. C., Oct. 27.—(AP)—South Carolina's prospects for the Citadel game next Thursday at Orangeburg brightened today when it was known that Zobel, fleet back who was hurt early in the Clemson game two days ago, would probably be in shape to star against the adepts. The little halfback suffered trouble with his ankle, but Coach Bill Laval said that this was a recurrence of an old trouble Zobel had been bothered this way, said Laval, and probably would be so troubled again on occasion, but the injury did not endanger his playing this season. The Gamecocks loafed yesterday and it was not expected work would resume before Monday.

Happy Radio Operator

New York—Eric Palmer, Jr., whose amateur radio license was cancelled because he was staying up late night and impairing his health, is a happy boy now. He got his health and license back by disregarding Edison's idea of little sleep. Now he is to be radio operator for an expedition to Brazil. He is 18 years old.

TEXAS GUINAN REPLIES TO MARIE PREVOST

Chicago, Oct. 27.—(AP)—Miss Texas Guinan, stopping over en route to New York where she has an engagement Monday with federal prohibition agents, today made indignant reply to dispatches of last night. These dispatches quoted Marie Prevost, of the films, as saying Miss Guinan left Hollywood suddenly without paying \$900 for a month's rent of Miss Prevost's bungalow.

"Must I call her up every time I leave the house I rented from her?" asked Miss Guinan. "I paid her \$1,990 on September 1 for the rent of November. When the November rent is due, I'll pay it."

SITE CHOSEN FOR ERECTION OF DIRIGIBLES

Akron, Ohio, Oct. 27.—(AP)—President Paul W. Litchfield, of Goodyear-Zeppelin, announced today that the site had been chosen for the building of the two giant dirigibles or the United States navy.

Billy Laval

One of the coaching sensations of the Southern Conference is Billy Laval, whose South Carolina "Game Cocks" have exhibited a whirlwind attack against all opponents.

OVER SCORE OF TEAMS TO FIGHT TODAY

Atlanta, Ga., Oct. 27.—(AP)—Fourteen southern conference teams were embattled today in intra-family games with six of that number yet undefeated in the Dixie title race.

The Golden Tornado of Georgia Tech, conqueror of Virginia Military Institute, Tulane and Notre Dame, invade the Carolinas for the first time in modern football annals to meet North Carolina's Tar Heels at Kenan stadium. Thirty thousand are expected to see the game.

Florida, boasting one of the most powerful backfields in the conference, had expectations of keeping its slate clean in its contest with North Carolina State at Jacksonville, although the Wolfpack has been rejuvenated for this game.

Undefeated Vanderbilt meets battered Virginia at Nashville, Tennessee's rip-snorting Vols will try to stay unbeaten in their game against Washington and Lee at Knoxville, and Georgia and Sewanee will be playing their first games within the organization. The Athens Bulldog is host to Tulane's Greenies, while the Tigers of the Tennessee Mountains take a crack at Alabama.

Virginia Military Institute's flying Cadets clashed at Richmond, with Maryland. Both teams are defeated already in the conference.

Some 90,000 fans were expected to see these seven intra-conference games.

Other conference sleazes met outsiders. Louisiana State's unwhipped Tigers played Spring Hill at Baton Rouge; Virginia Poly met King College at Blacksburg; the University of Mississippi invaded at New Orleans; Kentucky tackled an opponent for in Centre at Lexington, and Auburn tried to break its extended losing streak against Howard College's Bulldogs in the village of the plains.

Fair weather was the forecast for most sectors of the far-flung Dixie Battle front. Injuries have been reported in many of the camps, the Cavaliers of Charlottesville being probably the hardest hit by hurls and these factors were expected to play an important part in the decisions.

I wish to announce to the voters of Chloch Township that I was duly nominated by the Democratic Primary last June for Constable, and will appreciate your support in the General Election on November 5.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Oct. 27.—(AP)—The cotton market opened steady at an advance of 3 to 7 points and developed a slightly firmer tone which carried prices up 8 to 11 points above the previous close on week-end covering and more or less trade buying prompted by a steadier tone to the Liverpool cables and evidence of a firmer technical position resulting from the recent heavy liquidation. December advanced to 19.21 and March to 19.16 and during the early session held steady although the volume of business was not large. Indications of large trade orders slightly under the market appeared to have a sustaining influence and there was a noticeable falling off in the volume of liquidation and hedge selling. Liverpool reported liquidation for local and Indian account but buying by the continent and trade calling with an increased cloth inquiry from India and China. The amount of cotton on shipboard awaiting clearance at the end of the week was estimated at 168,000 bales against 156,579 last year.

Futures closed steady 19 to 25 points higher; spot steady; middling 19.60.

GRAIN MARKET

Chicago Oct. 27.—(AP)—Immense buying of wheat sprang up toward the last today, largely as a result of advance showing serious lack of moisture in Argentina. At the top prices reached, the Chicago wheat market today was more than 7 cents a bushel above quotations which were current at the beginning of this week. Talk of a probable special session of congress to consider farm relief was also of considerable effect as a late bullish influence. Houses with eastern connections lead the buying.

STOCK MARKET

New York, Oct. 27.—(AP)—The stock market today staged rather a remarkable comeback, considering the violence of yesterday's belated break, sober consideration of the factors governing current speculation apparently leading to the conviction that the precipitate selling had been overdone.

There was such a rush to buy that prices in today's brief session were speedily lifted 3 to 12 points. The ticker fell nearly 15 minutes behind the market and total sales probably exceeded 1,500,000 shares.

Some of the advances were startling. Radio climbed 12 points to 237 1/2, or within striking distance of the peak, while Western Union, which has been linked with Radio in current gossip suggesting closer affiliations, rose 11 points to 195, the best price in all time.

It was a board market generally today, with the higher priced shares, as a rule, moving to levels substantially above the previous close. There were gains of 8 1/2 points in Montgomery Ward, 7 1/4 in Allied Chemical, 6 3/4 in Atlantic Refining (old) and 6 in R. H. Macy. Advances of 5 to 6 1/2 points were made by Greene Cananea, Commercial Colvins, Union Carriage, American International and Murray.

Railroad shares were active and kept well up with the procession. The closing was strong.

LARGE CROWD AT YALE GAME TODAY

New Haven, Conn., Oct. 27.—(AP)—The largest football throng of the eastern season to date was attracted to the Yale bowl today to witness the 25th gridiron meeting between Army and Yale. The 70,000 seats were sold out weeks ago.

The magnet was a colorful battle between football giants that eventually may determine a sectional and perhaps a national championship. Army with a veteran line and such backfield stars as Carle and Murphy, has bowled over Eastern University, Southern Methodist, Providence and Harvard in succession. Yale starting a week later has wipped Maine, Georgia and Brown without taking a deep breath.

The authors are Dr. Larlow Shapiro and Helen E. Howarth of Harvard College Observatory.
