SMITH NEVER TO RUN FOR OFFICE AGAIN

Rumored He May Ac- cept Chairmanship of \$55,000,000 Bank- ing Institution.

New York, Nov. 8.—(AP)—Gov. Alfred E. Smith does "not" expect ever to run for public office again, but is still undecided as to what his future business or professional activities will be.

The Herald Tribune says it is being rumored he is to be offered the chairmanship of the board of directors of a projected new \$55,000,000 Wall street bank. The bank is being organized by Eugene L. Norton, vice-chairman of the board of the Baltimore Trust Company. The governor's term at Albany ends January 1 and he will be entitled to a pension of \$6,000 a year.

The names of William F. Fenny, the governor's friend; J. Raskob, the former Federal Reserve board member; and members of the duPont family are being mentioned as possible associates on the board of directors of the new bank, the Herald Tribune says.

Although Raskob, last August denied that he was interested in the bank, the Herald Tribune points out that his statement at that time left open the possibility of future connection. Announcement of definite plans for the formation of the bank, the paper says it has learned, was withheld pending the outcome of the election but now may be expected within a few days.

The bank will have the largest capital funds with which any bank has ever been organized in this country.

The governor in an interview said: "I certainly do not expect ever to run for public office again. I have had all I can stand of it. I have given a quarter of a century of probably the best years of my life to it. I will never see my interest in public affairs, that is a sure thing, but as far as running for office again is concerned, that is out."

The governor was his usual buoyant self.

"I've nothing but pleasant memories," he said of the campaign. He smiled, and continued: "There is one thing that the figures indicate, and that is that no man in the country except one, ever got more votes for the presidency than I did."

"Who was that, Governor?"

"Herbert Hoover."

The governor and Mrs. Smith planned to go to Albany this afternoon to the executive mansion and the governor said he was going to plan a little trip; take a rest.

Fire Torture Revived Again At Chicago, Ill.

Chicago, Nov. 8.—(AP)—Torture by fire—heat-redened forks pressed into the flesh of the cheeks, lighted matches held to scorch the face, again has been resorted to as a gang method to make an enemy "sneak."

Edward Jackson, negro garage worker, told police of the torture yesterday, saying it was employed by two men to force him to tell the whereabouts of a man they sought. The man, Jackson said, was John (Dingbat) Obera, defeated candidate for state senator.

The gangsters also sought to learn from Jackson the whereabouts of Danny McFall, known to police as a one-time ally of "Polack Joe" Sallis, a figure in the "beer racket."

Fourteen Million Bale Cotton Crop Indicated Today

Washington, Nov. 8.—(AP)—The department of agriculture announced today that a cotton crop of 14,330,000, equivalent to 13,000,000 bales, is indicated for this year.

The November 1st condition of the crop compares with 54.2 per cent a year ago, 61.3 per cent in 1925 and 56.6 per cent in 1925.

The indicated production by states follows:

Virginia	43,000	North Carolina	385,000
South Carolina	735,000	Georgia	995,000
Florida	18,000	Missouri	158,000
Tennessee	380,000	Alabama	1,000,000
Mississippi	1,390,000	Louisiana	660,000
Texas	5,150,000	Oklahoma	1,180,000
Arkansas	1,176,000	New Mexico	72,000
Arizona	133,000	California	149,000
Lower California	90,000	Other states	10,000

The acreage left for harvest by states follows:

Virginia	82,000	North Carolina	1,830,000
South Carolina	2,487,000	Georgia	3,798,000
Florida	94,000	Missouri	367,000

FIFTEEN KILLED IN EXPLOSION AT EAST LYNN, MASS.

Lynn, Mass., Nov. 8.—(AP)—Fifteen persons are known to be dead from an explosion which wrecked a plant of the Preble Box Toe company and a nearby dwelling house in East Lynn today.

Some persons are in a serious condition in the Lynn hospital and several others are believed to be missing. Firemen are searching the ruins of the demolished plant for more bodies.

The known dead are:

Mrs. Lillian Blaney, who resided in a dwelling house next to the plant and her four children.

Alfred P. Harris, of Lynn; John Rowder, of Lynn; Lewis E. Puffer, of Swampscott; Charles Mitchell, of Lynn; a negro; William Lemons, a negro; Percy H. Smith, of Lynn; two unidentified men.

Lynn, Mass., Nov. 8.—(AP)—Twelve persons were killed in an explosion which wrecked the shoe plant of the Preble Box Toe company in East Lynn shortly after he plant opened for business this morning. The building was immediately enveloped in flames. The stumps of the dead were made by those officers on the scene.

Of the twelve bodies which had been recovered up to 9 a. m., four are those of occupants of a dwelling close to the factory—a mother and three of her eight children. The others were believed to be those of factory employees, which had not been identified.

The woman killed was Mrs. Har-

LEAF MARKET NOT TO CLOSE NEXT MONDAY

No More Holidays On Greenville Tobacco Market Until Thanksgiving.

The Greenville tobacco market will not be closed next Monday, November 12th in observance of Armistice day, it was announced today by K. W. Cobb, supervisor of sales. There will be no more holidays on the local market until Thanksgiving Day, it was stated.

The Greenville market yesterday sold 1,052,526 pounds of tobacco for a total sum of \$255,937.30 for a general average of \$24.27 per hundred pounds. This was some lower than the day preceding election and was caused by a considerable amount of poor quality of bright leaf, it was stated.

The local market was nearing the fifty million pound mark today with indications that the figures would be increased to about \$75 millions by Thanksgiving. The goal for the season was placed at seventy million pounds, and tobaccoists confidently expect sales to be near that figure at conclusion of the season next year.

REPUBLICAN LEAD GROWS IN VIRGINIA

Besides Giving Hoover Big Majority, State Also Sends 3 Congressmen In.

Richmond, Va., Nov. 8.—(AP)—The political upheaval in the Old Dominion brought about in Tuesday's election when the Republican presidential candidate swept Virginia with him to victory, continues to surge as outlying counties and isolated precincts report a gradually mounting Republican majority.

Not only did Virginia give more than 22,000 votes to Herbert Hoover, this rockbound Democratic state, Democratic continuously since reconstruction days, sent three Republicans to Congress, defeating as many Democratic candidates.

With twelve years congressional service behind him, Thomas W. Harrison of the seventh Virginia district was forced to concede the election to his opponent, Jacob A. Gerber, Republican candidate.

Last night William H. Rouse, of the ninth district, in the face of mounting returns to his opponent, conceded the election to the Republican candidate, Joseph C. Shaffer. Returns on election night forced Joseph T. Deal, Democratic incumbent, from the second district, from the running in favor of Menalou Lankford, Republican.

The incumbent, Henry S. George Tucker, veteran Representative of the tenth district, is finding extreme difficulty with his opponent, M. J. Putnam, who has piled up votes enough to make the race hot and close.

Supporters of Mr. Tucker, with returns as yet incomplete, are claiming the district by about 2,500 majority. Available figures, however, make the race appear still in doubt with neither having a great advantage.

Ninety-eight isolated precincts, most of them small ones, remain yet to be heard from in Virginia.

Gangsters Get Another Victim At Philadelphia

Philadelphia, Nov. 8.—(AP)—Another victim of gangsters guns was slain in a hospital today, his body riddled with eleven bullets.

His recovery, physicians said, was doubtful.

He is William Denny, alleged leader of an underworld band. His brother was shot down in a gang fight less than three weeks ago. Denny was shot as he stood on a street corner last night when an automobile sped past him pumping out a fusillade of shots. He refused to reveal the identity of his assailants.

Denny and his brother were witnesses in a murder case several weeks ago. If he dies he will be the 28th victim of gang shooting which are now being investigated by a special grand jury.

Belated Returns Give Hoover Greater Lead In Old North State

Charlotte, N. C., Nov. 8.—(AP)—County canvassing boards today had the North Carolina election returns and it was expected that the doubtful congressional races in the state would be determined during the day.

What few returns became available during last night merely emphasized the majority of Herbert Hoover over Governor Alfred E. Smith and indications were that the prediction of United States Senator F. M. Simmons, who opposed Smith, that the state would go against the Democratic candidate by 30,000 would be born out. Three Hoover majority this morning was 28,568 with slightly more than 300 precincts unreported, all but 31 of them in territory where Hoover is leading.

The defeat of Major A. L. Bulwinkle in the Ninth District left the returns in several other districts still in doubt with both sides claiming victory in four districts. Efforts to get returns from these today met with the statement that the returns would be available as soon as the county canvassers completed their work.

O. Max Gardner, Democratic gubernatorial standard bearer, apparently had his race well in hand and with 851 of the state's 1753

EDUCATORS TO HOLD SESSIONS IN THIS CITY

Northeastern District Of State Educational Association to Meet Tomorrow.

The Northeastern division of the North Carolina Education Association holds its annual meeting in Greenville Friday the 9th. From fifteen hundred to two thousand teachers are expected to attend. The meeting will last through only one day this year instead of two days.

Some of the outstanding speakers on the program are Dr. Albert B. Cook, State Superintendent of the state of Maryland; Dr. Philip L. W. Cox, of New York University; Dr. M. B. Hilgas, of Teachers College, Columbia University; Dr. Elbert Russell, of Duke University and many others of lesser note.

The meeting in the evening, which begins at 7 o'clock with a concert by the high school band, will be open to the public. This meeting will be held in the auditorium in the Campus Building. It will consist of a lecture by Dr. Elbert Russell of the school of religious education, Duke University and a musical lecture recital by Edwin M. Steckel, director of public school music of the schools of Gastonia, N. C. Dr. Russell is a splendid speaker and Mr. Steckel is a professional entertainer. The public is invited.

ROOSEVELT CLAIMS N. Y.

With Plurality Of 29- 000 Democrat Plans For Vacation At Warm Springs, Ga.

New York, Nov. 8.—(AP)—Belated returns today on the contest for Governor of New York in Tuesday's election reduced the lead of Franklin D. Roosevelt, Democrat, over Albert Ottinger, Republican, to 24,609 votes.

The totals, with 23 districts missing, were Roosevelt, 2,108,363; Ottinger, 2,084,754.

The unreported districts included two in New York City, 20 in Ulster county and one in Oklahoma county.

Mr. Roosevelt said he would go to work on state business in the south so as to be in readiness to take over the reins of government which Gov. Smith will hand over on January 1. He plans to leave New York tomorrow afternoon.

Although other party leaders admitted there was little hope that returns from missing precincts or a recount of the ballots would alter the election, Attorney General Ottinger refused to concede defeat.

PRESIDENT VOTES FOR HOOVER

President-elect Calvin Coolidge returned to Northampton, Massachusetts, to cast his ballot. This telegraph shows them placing their votes in the Northampton ballot box.

HOOVER VICTORY MORE PRONOUNCED IN LAST RETURNS

(By The Associated Press)

The Presidential election of 1928 was passing into history today leaving in its wake the greatest electoral majority ever cast for any candidate.

The full measure of the overwhelming victory which sent even rock-ribbed Democratic states into Herbert Hoover's column was still to be completely ascertained, but from returns which rapidly were becoming complete it was evident that the new President will come into office with the greatest electoral majority in all history and with a popular vote exceeding any before it.

Likewise the country has still to learn—and it no doubt will be days before all the facts are known—how great a part the presidential vote played in giving President-elect Hoover a Republican congress. That there will be an appreciable increase in the Republican majorities of both house and senate has been demonstrated, but the returns still are inconclusive in the case of numerous contests for membership in the House along the Mason and Dixon border line and in some other sections whose party lines are not frankly defined.

In Virginia, for instance, two districts were still in doubt today with the chances leaning toward adding Republican congressmen to the state's roll. The Old Dominion already has contributed two Republican senators definitely to the majority of that party in the House—men who were undoubtedly swept into office on the tide of Hoover sentiment which shook Virginia from its Democratic moorings for the first time since Reconstruction days.

Kentucky's leap into the Republican column was wholehearted and almost complete. In place of eight Democrats and three Republicans who represent that state in the House at present, the Hoover wave changed the representation to nine Republicans and two Democrats. Sweeping aside of Democratic congressmen was noted in various localities, although in two or three instances, Republicans were forced to give up their seats to Democrats.

The only post-election contribution of Governor Smith has been an announcement that he is through with politics after a generation in public life. He expressed his gratitude to those who have stood with him and declared that never again would he run for public office.

President-elect Hoover has expressed his appreciation of the vote given him Tuesday and has replied to message of congratulation from President Coolidge and Governor Smith.

REPORT DEATH OF TWO SEAMEN

Four Survivors Of Barge A. W. Thomp- son Tell Of Loss Of Captain and Seaman

Savannah, Ga., Nov. 8.—(AP)—The captain and one member of the crew of the barge A. W. Thompson were lost when it sank Wednesday afternoon of last week after the tug towing it from the Gulf to Wilmington, N. C., had cut away because its fuel was running low, four survivors who were rescued by a coast guard patrol boat reported on their arrival here today.

The survivors, Rossie Williams, of Wilmington, N. C.; Thomas Ringe, of the British West Indies; Adrian Casey, of Mobile, Ala., and Booker T. Little, of Mount Tabor, N. C., were picked up after having been adrift for nearly a week in a small life-boat in the Gulf stream without food or water.

They were brought here aboard the coast guard patrol boat Patriot from Fernandina, Fla., where they first were landed.

MAYOR ISSUES LEGION WEEK PROCLAMATION

Sets Aside November 11th To 17th For En- rollment Of New Members.

Mayor J. C. Lanier today issued the following proclamation for observance of Legion Week in this city:

"Today we have in our city an organization composed of those who only a decade ago were engaged in that most glorious service. They served their country well and when the war was over they banded themselves into the American Legion, determined to continue the same service they gave overseas. They dedicated their organization to 'God and Country' and immediately began that work which has identified the American Legion as one of the greatest patriotic forces America has ever known.

One of the first tasks of the Legion was to make provision for the relief and rehabilitation of those whom were disabled. They looked after the welfare of the children who were left orphans by the war. Then they launched a great program of unselfish service to community, state and nation. Many activities were undertaken by the Legion in an effort to serve the people and the country.

This year the Legion, and the Legion Auxiliary, which is associated with the Legion in its work, is anxious that the 1928 program be started as soon as possible. In order that the full strength of the two organizations can thus early be put to work on the great objective of the coming year, the week of November 11 to 17 has been set aside when every effort will be made by the Legion and the Auxiliary to have paid up for 1929 the dues of all who are 1928 members.

Now, therefore, I, J. C. Lanier, Mayor of the City of Greenville, proclaim the week beginning November 11 and ending November 17, as American Legion week, and urge every citizen to encourage and aid the Legion in enrolling members for the coming year. Every World War veteran, particularly he who has not heretofore belonged to the Legion, should take this opportunity of becoming associated in the great work.

In witness whereof, I have hereunto set my hand.
(Signed) J. C. LANIER,
Mayor of the City of Greenville.

Weaver Defeated In 10th District

Asheville, N. C., Nov. 8.—(AP)—Although the absolute result in the Tenth Congressional District was uncertain today, pending the official count, begun at 11 o'clock, there appeared to be no doubt that Congressman Zebulon Weaver had been defeated for re-election. The Republican nominee, George M. Pritchard, of Asheville, apparently has won.

Hoover Majority Still Increasing In Tennessee

Nashville, Tenn., Nov. 8.—(AP)—Herbert Hoover's unofficial majority over Governor Smith in Tuesday's election in Tennessee stood today at 31,840 while the Democrats' pluralities in the state races all exceeded that given the Republican presidential candidate.

With the vote complete except for 186 out of 2,230 precincts, Hoover had 167,707 and Smith 135,667.

Governor Henry H. Horton, Democrat, rolled up a majority of almost 50,000 over Raleigh S. Hopkins, the Republican gubernatorial candidate, the vote from 1,881 precincts standing: Horton—141,598; Hopkins 92,585.

Senator K. D. McKeellar easily won his contest for re-election, defeating Mayor James A. Fowler of Knoxville, by 129,371 to 93,548, with returns tabulated from 1,847 precincts.

All incumbents in congress were re-elected except Representative Finis J. Garrett, who was not a candidate to succeed himself at the end of his twelfth consecutive term. L. Jere Cooper succeeds Garrett as representative from the ninth district.

HOOVER GETS DAY OF REST IN HOME TOWN

President-Elect To Spend Remainder Of Week Quietly With Family.

By JAMES L. WEST
Stanford University, Calif., Nov. 8.—(AP)—This was the first of a series of days of complete rest which Herbert Hoover has prescribed for himself after the strain through which he has passed in winning the presidency.

He has decided to spend the remainder of the week quietly with his family at his home on San Juan Hill, his hand free not alone from the multitude of problems which must engage his attention before March 4, but also from details of his personal plans before inauguration day.

The president-elect is surprised

at the size of the electoral majority which the country gave him in Tuesday's record breaking election, and he frankly said so at a conference with newspapermen, the first he had had since before he set out from Washington on his last campaign drive. Despite the unprecedented total of votes in the electoral college which the country has given him, Hoover has no feeling of victory or exultation, he stated in his first message to the American people as president-elect.

He feels that there has been imposed a sense of solemn responsibility of the future, and of complete dependence upon divine guidance for the task which the greatest office in the world imposes.

That task is to give the best within me to the ideals of the American people, said Hoover. "I can only succeed in my part by the cooperation and unity of spirit of the leaders of opinion and of action, or the common service of our country."

The president-elect had no comment to make in his talk with the newspapermen as to what he might consider to be the effect of the tying of a wide wedge into the old Democratic south in the capturing of Virginia, North Carolina, Florida and Texas. However, the expected result in that section naturally was gratifying to him and expressing his gratitude for "the

overwhelming confidence" of the country, which gave Governor Smith and all Democratic nominees a safe majority, Arkansas by referendum vote today apparently had passed an anti-evolution bill downed a year ago after a bitter fight in its legislative chambers.

On the face of returns, the act will become a law by a substantial margin as soon as returns can be certified to the secretary of state by county officials. It forbids the teaching of the theory of evolution in tax supported schools, including the University of Arkansas, and specifies no theory shall be taught that man "ascended or descended from a lower order of animals".

The vote at the latest tabulation stood 36,683 for the anti-evolution measure, and 25,519 against it, being returns from 759 out of 2,918 and including practically all the urban vote.

The evolution act was overshadowing interest in the size of the majority the state will show for the Democratic ticket on which one of its native sons, Senator Joe T. Robinson, was vice presidential candidate.

Returns were showing that the ticket was subjected to considerable "scratching", particularly in the western part of the state, as the vote for the national ticket was behind the vote for other party nominees. Latest returns from the state gave Smith 74,096 and Hoover 45,800 in 1157 of 1028 precincts.

Social & Personal

Mr. James Ficklen spent today in Washington.

Mr. N. S. Fulford, Misses Maude and Billy Fulford, who have been visiting relatives, left yesterday for their home in Denver, Colorado. They were accompanied by Mrs. George Powell and little daughter, Rose T. Cox of Winterville, who was here today.

Mrs. L. H. Simmons and Miss Elizabeth Simmons of Goldsboro, were here yesterday.

Mrs. Durwood Tucker and little son, Billy, left Saturday for an extended visit to relatives in Greenwood, Miss.

Mrs. J. B. Gordon and little son, of Goldsboro, are visiting Mrs. L. A. Stroud.

Kitchen Shower For Miss Forbes. Monday evening at the home of Mrs. L. A. Stroud on Fifth street, the Phidias class of Memorial Baptist Church delightfully entertained in honor of Miss Ernestine Forbes, who will be married this month. The home was attractively decorated with fall flowers.

Thirty-two members of the class were present. A number of games were played and each guest was given a gift to embroider for the bride-elect. An interesting musical program was given by Miss Vessey, the Misses Fullilove and Messrs. W. W. and Joe Lee.

Miss Forbes was taken to the foot of the rainbow and told to follow it to the end to find the pot of gold. Instead of finding the pot of gold she found it overflowing with a shower of useful and attractive articles for the kitchen.

Miss Louise Golphin and Miss Sarah Scott assisted Mrs. Stroud in serving a delicious ice course.

Suzanne Keener This Evening. Suzanne Keener, the coloratura prima donna, who will give a concert at East Carolina Teachers College, in the Campus Building, this evening at eight-thirty o'clock, arrived yesterday and rehearsed with Miss Heston, who will play her accompaniments. She made the trip from New York here for this engagement. The original date had to be changed because of conflicts here and this threw it out of her route. She goes from here to Boston and Montreal, for her fifth engagement in both of these cities.

Those who heard and met Miss Keener yesterday are very enthusiastic about her voice and charmed with her personality. Some pronounced her singing as more beautiful than that of Mary Lewis, with more flexibility and sweetness. She has none of the airs of the professional prima donna and seems to understand people and their likes and dislikes, in music especially. She seems very young, is a dainty, lovely, blonde and is the embodiment of grace and vivacity.

Her program is in two parts, the first of which is made up of a combination of songs which she will sing in evening dress. Among these are folk songs, which she sings in costume. One group of them are "old-fashioned songs". She said "Arias are all right, but you can't live on fire-works; people want songs that have meaning". She said she always liked to give encores that have meaning, songs and words that people like.

The season ticket alone admits the holder this evening, so there is no exchange of tickets for seat changes. As in most of the entertainments last year, a block of desirable seats will be reserved for the holders of season tickets, with a few left for their guests.

King's Daughters Meet. The regular monthly meeting of the Patient Circle of the King's Daughters was held Tuesday night at the home of Mr. Charles W. Harvey with Mrs. W. S. Hardeu and Mrs. E. W. Harvey assisting hostesses. Miss Ada Jones, being invited from the junior circle, gave a most interesting report of the convention, recently held in Raleigh. The usual routine of business was followed by election of officers as follows: Mrs. Thomas McGee, president; Mrs. Closs Hearne, vice-president; Mrs. Lizzie Griffin, secretary; Mrs. Emma Bryan, treasurer. After the business meeting delicious refreshments were served by the hostesses.

Training School P. T. A. Meets.

The P. T. A. of the training school met on Wednesday afternoon with a good attendance.

The second grade, taught by Miss Fulton, sang a group of songs as their part of the program. Miss Cleo Rainwater gave a most interesting and graphic talk on her trip abroad the past summer. She described customs and characteristics of the Italians in a most realistic manner.

During the business session the report of the play was made and thanks were extended to those assisting in its success.

The program for the state P. T. A. convention to be held in Raleigh on November 13, 14, 15 was read and Messdames Arnold and Woolard were elected as delegates. Other members were urged to attend if possible. Mention was made that this is American Education Week and next week is Book Week. The count was taken of mothers present and Miss Nulton's room won first prize and Miss Coates' second.

Birth Announcement.

Mr. and Mrs. Robert Fountain of Fountain, announce the birth of a daughter, Betsy White, Wednesday, November 7. Mrs. Fountain before her marriage was Miss Mary Bagley, Overton of Greenville.

There will be a sale, Friday and Saturday of fancy articles, suitable for Christmas gifts, at store next to J. J. Perkins, for the benefit of St. Paul's Church building fund, 8th-2t.

Winterville P. T. A. Meets.

The November meeting of the Winterville Parent-Teacher Association was held on Tuesday evening at 7:30 o'clock. The president, Mrs. R. E. Davenport, called the meeting to order, and asked the audience to stand and sing one stanza of "America the Beautiful," after which Mr. W. H. Covert, pastor of the Baptist church, offered prayer.

The minutes of the October meeting were read and approved; then the report of the treasurer was given. Mrs. A. W. Ange, chairman of the membership committee, reported 101 paid up members. Mrs. John R. Carroll, chairman of the ways and means committee, stated that they had plans on foot to swell the treasury. On Friday evening, Nov. 23, they expect to give an entertainment consisting of an Andy Gump wedding, and a negro comedy. This means a treat in store for all who attend.

The chairman of the "Child Welfare Magazine" made an appeal for subscriptions to that magazine. Mrs. Laurie Ellis, representing the program committee, announced that the December meeting would be "Fathers' Night," and that a record breaking attendance was expected. She said the fathers are to be given the front seats, as they will have charge of the program for the evening. The secretary then read the report of the visiting committee of which Mrs. W. J. Wyatt is chairman, Messrs. Burkhead, Grier and Hart; and Mrs. Ross were reported as having the most attractive rooms. The president asked the following women to serve in this capacity for next month: Mrs. M. A. Woodward, Mrs. F. J. Cox,

and Mrs. W. J. McGlohon.

Mrs. Grier gave a report of those reading the Reading Circle books. She said they were circulating all the time, as last as one came in it was checked out. Some of the patrons gave an expression of what they thought of the books they had read. Supt. Conley explained the rules governing the Reading Circle work, how credit is given, etc. At the request of Mrs. Davenport the secretary read a message from the state president of the P. T. A., urging the necessity of sending delegates to the state meeting which will be in Raleigh Nov. 13 and 14.

Mrs. Laurie Ellis then introduced the county agent, Mr. E. F. Arnold, who made a short talk on Pig Club work among the boys of the county, after which he introduced Mr. L. R. Harrell, state leader of girls and boys clubs, who made an interesting talk on athletics. This was followed by a demonstration of games which made everybody seem to forget that they were not boys and girls again.

While Mr. Harrell arranged the hall where the demonstration was to be given, Miss Nica, the county home demonstration agent, made a talk explaining some of the work she is doing.

MEXICAN NEWSPAPER BOYCOTTED TODAY

Mexico City, Nov. 8.—(AP)—The newspaper Excelsior has been boycotted by the Mexican government with the explanation that it made a hero and a martyr out of Jose De Leon Toral, assassin of General Alvaro Obregon, in its handling of the story of Toral's trial.

An official statement, which was published by all newspapers except Excelsior, said that the newspaper's stories on the trial were an encouragement to insurgents in seditious activities against the government and to others to assassinate President Calles and other government heads. The statements was issued by Emilio Portes Gil as chief of the cabinet after he had conferred with the president.

THINK HOOVER WILL HELP FOREIGN POLICY

Paris, Nov. 8.—(AP)—The long residence of Herbert Hoover abroad, his wide travel and experience led a few of the morning papers today to express a belief that his foreign policy would be inspired by much broader and more understanding views than any of his predecessors. This, these papers said, augured well for France.

Pertinax in the Nationalist Echo De Paris, however, intimated that Mr. Hoover is too inclined to regard Europe as a badly made continent and

AMERICANS FIRST

The election is over, the party that we opposed day in and day out during the campaign has carried the nation overwhelmingly and recognizing and submitting to the will of the majority we reiterate our plea made before the votes were counted. First of all we are Americans and what the most American citizens desire is what must be done in this land of ours. When the polls closed last Tuesday evening the time for partisan fighting was ended until another campaign and during the interim it is clearly the duty of every citizen to work for those things that stand for the most good for all the people of our nation. We have always been, are now, and no doubt will always be Democrats, standing for those principles upon which our party was founded, but being first Americans we would not desire failure in the Republican administration of the next four years at the expense of the people of our nation in order that our party might have better opportunity to again come into control of the national government in the campaign of 1932. Therefore, without hesitation and without any feeling of yielding the Democratic principles for which we have always stood, we express sincere hope that the administration of the affairs of the nation for the next four years will be such as to prove the most beneficial for all the people of our country, and we urge all citizens, regardless of party lines, to lend their aid as citizens in bringing about such conditions.

ABOUT TOWN

"The Reflector is to be congratulated upon its splendid services election night," commended a reader today, as he attempted to compare the service with papers in other of the state.
"Greenville people knew the trend of the voting before midnight and felt sure Hoover had carried the country by an overwhelming majority."
"The double leased wire service of the Associated Press has clearly demonstrated the splendid type of service rendered by this organization and it has given its patrons first rank in the newspaper field."
"The thousand members of the North Eastern District of the North Carolina Educational Association will convene in this city Friday morning," reminded a local educator today.
"This is the third consecutive year this organization has met in Greenville. They like the people and the way they entertained them in past years and it was the reason that prompted them to return for this session. It is to be hoped Greenville will leave nothing undone in welcoming the visitors and in making their one-day stay full of interest."
"Three hundred rooms are needed to accommodate the visitors. If you

have a spare room, advise members of the Merchants' Association immediately so that they will know how to arrange accommodations."
"Who in the world thought North Carolina would be one of the states responsible for the breaking of the 'Solid South?'" queried a Democrat of long standing today as he scanned the Reflector pages attempting to determine the total extent of the Republican victory.
Several persons heard the remark, but not one of the crowd did more than utter some guttural sound which might have meant anything. The inquirer evidently thought he had said enough, as he moved on down the street, probably addressing the remark to many others he came in contact with during the day.
But, strange to say, there were many others with question marks in their minds and it is probable the interrogation will continue to remain there for sometime to come.

"Tobacco is selling good on the Greenville tobacco market," said a member of the Board of Trade today.

"The price situation has shown much strength the last several days, and indications apparently point to a continuance of same."

"Farmers may always count on receiving the top of the market in Greenville. When high prices are to be had they may be expected to be found prevailing in this great bright leaf producing community."

"I thought North Carolina failed to return a majority for the Democratic nominee for the presidency. I am gratified to know that Pitt county did not fall short," emphatically declared W. E. Hooks, of Adep, chairman of the Pitt county Democratic Executive Committee.

"Pitt county people are to be congratulated upon the fine way they rallied to the cause. Their vote expressed confidence in the representatives of the party as did the vote of the Republican party express confidence in the ability of Herbert Hoover."

"We lost in a national way, but we have a clear consciousness of having done our duty and that should sustain us until the next election four years away."

"Today's news today," is a slogan which the Reflector has endeavored to live up to for many years.

That we are to some extent accomplishing our mission was clearly demonstrated in the election returns Wednesday morning. Our reports were from four to five hours ahead of any other paper reaching this community. In fact, we gave a complete compilation of votes in many of the most important states of the Union and our readers knew definitely who was elected and who was not.

"We always strive to render the same efficient service under all conditions, and when we accomplish this purpose we feel that we have given our hundreds of readers the kind of paper of which they are so deserving."

"It isn't too late to pay up your old accounts," declared a member of the Merchants' Association, discussing the numbers of accounts that were settled during Pay-up Week.

"Hundreds of outstanding ac-

counts yet remain to be closed, and we would urge those responsible for them to get busy and make satisfactory adjustment as early as possible."

"You will be rated according to the way you pay your debts in the new list of credit customers now being compiled by the Merchants' Association. Therefore, it is incumbent upon you to safeguard your credit standing by paying up all accounts possible."

OPEN FORUM

"There is Still a Dixie"
In 1868 th conquered and bankrupt South was oppressed, prostrate, and utterly without hope; for more than three years she had no representation in Senate or House. State lines were abolished, Whites disfranchised, Negroes enfranchised and in control, want and desolation stalked the land.

In 1876 Southern elections were conducted with the United States Soldiers on guard with bayonets fixed.

Now in 1933, in the shadow of our own Confederate Memorial on the Court lawn, a few of our once Southern Women turned their backs on the land which gave birth to Washington, Lee and Jackson and in which John Marshall wrote his imperishable opinions.

Thank God, there are some whom time and tide can never change. When Earth's final cataclysm rends asunder the continents and lifts the debris from their depths, the last remaining fragments to pass into oblivion will be the memory of these women who stand the test today.

The muffled drum's sad roll has beat.
The Soldier's last tattoo;
No more on life's parade we'll meet,
That brave and fallen few;
On Fame's eternal Camping Ground,
Their silent tents are spread,
And Glory guards with solemn thought,
The Bivouac of the Dead.
A VETERAN.

Comments Reflector.
The Reflector election returns are fuller, more accurate and up-to-date than the returns of the great dailies I have consulted.

"The Greatest TIRE in the World"

Not long after Goodyear announced this new tire—it became generally known as "The World's Greatest Tire."

This new tire has an All-Weather Tread specially designed for balloon tires; it does away with all existing ideas of how long a balloon tire should wear, it gives better traction, more non-skid.

Now—we know something about tires. We tested this one, looked it over, cut one up, tried it for everything we could think of. We've watched it for months.

Take our word, it is the world's greatest tire.

We have your size. It costs no more than ordinary tires. Come in and see it. More people ride on Goodyear Tires than on any other kind.

...by the cut of his jib he was from N' York and even if the license didn't betray that fact, his accent would... ditto his hotstotsty manner... ditto his high-hat Missus doing her worst from the back seat... and says he to smiling George... "my good man"... and George never finched... of course, George is a good man... all S. P. M.* are good men... "my Rolls-Royce just balks at your blasted hills and sputters on the level... it never did that before"... says George, smiling despite, and filling the radiator the while... "I'll bet," says George, warming up, stern and righteous-like... "you have gone and filled up back yonder with some other gas than Standard"... "yes," says High-hat... reason dawning on his face... "I have"... "then," says George... "let's drain her and fill her right... right up to the top with 'Standard' Gasoline and then watch her take the hills"... and so the stranger did right then and there.

*...it's easy to guess that S. P. M. means "Standard Pump Man"... but it also always means "Smiling Pump Man"... even when it's kind of hard to smile... "to treat 'em right and serve 'em with a smile" is the motto of every dealer that anywhere sells you "Standard" Gasoline.

Of course, not every motorist in the world uses "Standard" Gasoline, but more and more their number is increasing, especially, like the motorist above, when he finds that off-brand gasolines won't let his favorite motor do its best.

CALIFORNIA TO CELEBRATE FOR HOOVER

Gigantic Observance Of Victory Of Favorite Son Planned Today

San Francisco, Nov. 8.—(AP)—California Republicans today began laying plans for a gigantic reception in honor of a favorite son, President-elect Herbert Hoover.

Although the Republican central committee of Santa Clara county, in which Hoover's home is located, sponsored the plans, a share in the projected reception was assigned to the state organization. It is to be held in San Jose. The date has not been decided upon.

The majority rolled up for the Republican standard bearer reached almost a half million votes in California when returns from 8,451 precincts out of the 9,096 in the state had been tabulated. The vote was Hoover 1,048,617; Smith 581,938.

Great as it was, Hoover's overwhelming majority was less than that of the veteran Senator Hiram Johnson of California, seeking reelection in a race against Minor Moore of Los Angeles, a Democrat. Johnson's vote in 8281 precincts—170 fewer precincts than those reporting presidential totals—was 1,078,836 against only 261,674 votes for Moore.

HORNSBY TO GO TO CUBA

Chicago, Nov. 8.—(AP)—Eugene Hornsby, the transient star of National League Baseball, will next be seen in a Chicago cub uniform.

Five players and a large sum of money, perhaps the largest amount ever involved in a baseball deal, will go to the Boston Braves in exchange for the "Rajah," who has worn the uniforms of three clubs in the past three years.

The long rumored deal, which gave the Cubs the National League's leading hitter, was completed last night in a telephone conversation between President W. L. Veeck of the Chicago Cubs and Judge Emil J. Spera, president of the Braves.

President Veeck refused to divulge the exact sum of money involved, but intimated it was between \$150,000 and \$200,000. The highest price, previously paid for a player was \$137,000, given by New York Yankees to the Boston Red Sox for Babe Ruth in 1920.

Due to President Veeck's statement that the cub team would not be wrecked to get Hornsby, only two regulars were included in the transaction. One was Freddie McGuire, who was moved to make room for Hornsby at second base, and the other was Percy Jones, veteran Southpaw.

Hornsby's transfer to the Cubs gives him the unique record of being the most traded star baseball has ever known.

Legion Auxiliary Invited to Attend Armistice Event

Mr. H. E. Pace, president of the American Legion Auxiliary of Pitt county, today received a letter from W. H. Jones, chairman of the Armistice Day celebration committee of the Pitt County Post of the American Legion, inviting members of the Auxiliary to join them in Armistice Day Exercises at East Carolina Teachers college, Sunday morning at 10:55.

Members of the Auxiliary also were invited to lunch with the Legionnaires immediately after the exercises.

Dr. B. R. Lacy, of Richmond, president of the Union Theological Seminary, will deliver the Armistice Day sermon. He was a chaplain in the 30th Division during the World War and is considered one of the most eloquent speakers in the south.

MOUNT ETNA IN ERUPTION

Hundreds Flee As Molten Stream Of Lava Wrecks Homes And Crops.

Catania, Sicily, Nov. 8.—(AP)—With a molten stream of lava like a fiery dragon at their backs to spur them on, hundreds of persons today were fleeing from the region around the eastern base of Mount Etna. Their household belongings were thrown on any makeshift vehicle to get them out of the advancing column of fire. Barnyard animals struggled along with the people who were abandoning their fields and homes to the molten stream, which advanced at a rate of more than 100 yards an hour.

The most fertile and intensively cultivated land in Sicily was being consumed by the lava. Houses were being destroyed and trees buried. Great clouds of steam arose as the heat reached the wats of the distilleries which produce citric acid. The blazing sulphurous current swept away a monument to the war which was to have been inaugurated Sunday at Mesca. The principal church of the town fell prey to the lava.

The railway line between Messina and Catania was in grave danger. The situation was regarded as critical since normal facilities linking Central Sicily with the coast are few. The authorities thought that if a large quantity of lava collected along the railroads it would remain incandescent for a long time and the work of repair would be delayed. All extra rolling stock was being removed rapidly. The electric lighting plant supplying current to the provinces of Catania and Syracuse was endangered.

Curtis Returns To Washington

Washington, Nov. 8.—(AP)—Senator Charles Curtis, vice president-elect, returned to Washington today and went at once to his office in the Senate office building where he expected to spend the day working.

Senator Curtis, who was greeted by his sister, Mrs. Edward E. Gann and her husband, and Mrs. E. A. Harrison, president of the League of Republican Women of the District of Columbia, still carried his arm in a sling but declared he was recovering from his fatigue.

Senator Curtis said he planned to go to the home of his sister as soon as his day's work was finished.

Shooting Stars Predicted For Thursday Night

Chicago, Nov. 8.—(AP)—Next Thursday night there will be the most brilliant spectacle of shooting stars ever afforded this generation. It was predicted today by astronomers at the Yerkes Observatory, Williams Bay, Wisconsin. On that night the earth moves into the austral region of the leonid meteors, believed to be the remnants of a comet.

The leonid group, it was explained by Prof. Edwin S. Frost, director of the observatory, which around the sun in an orbit that crosses the earth's. Every November the orbits meet, but in an interval of every 33 years the earth passes squarely through the center of the leonid orbit.

The meteors speed through interplanetary space at a temperature about 400 degrees below zero. Prof. Frost said: "When they enter the atmosphere of the earth the friction heats them to a glow and they usually burn up before they strike the ground."

Bomb Wrecks Republican Headquarters

Chicago, Nov. 8.—(AP)—Politics re-echoed in the 13th ward today when a bomb wrecked the front of the Thompson-Crowe Republican headquarters on Wentworth avenue. It was the 89th bomb of the year in Chicago.

Ernest Gettler, who has a real estate office in the same building, suggested that police talk to Hugh Norris, ward committeeman and ward leader for the Thompson-State's Attorney Crowe faction of the Republican party.

Norris said he did not know who threw the bomb. He recalled, however, that the courts are still attempting to determine whether he or John (Dinebat) Oberta was elected committeeman last April.

"I refused to support Oberta for state senator at Tuesday's election," he said, "and you may have noticed he wasn't elected."

The ward, normally Republican, voted 60 per cent Democratic on Tuesday.

Election Methods Occasion Strife In Texas Centers

Dallas, Tex., Nov. 8.—(AP)—Opposing factions of both political parties in Texas, well warmed to their work by the campaign which closed Tuesday, caught their second winds today and refused to recognize the election as an Armistice.

Leaders of the bolters, who apparently have thrown the state to the Republican column in the national election for the first time in history, demanded the resignation of regular party leaders who, they charged, are "tainted with Tammany". The regulars replied that bolters would never run the affairs of the Democratic party in Texas and declared that they would rather lose with Democrats than win with Republicans.

LORD CAVENDISH TO STUDY U. S. BANKING

London—Lord Charles Cavendish, younger son of the Duke of Devonshire, is going to New York to study banking. A portrait of an ancestor, Lady Betty Compton, was sold recently to an American for some \$500,000.

House again because of dissatisfaction with methods used by election officials.

In the meantime the wounds which the campaign opened in the Democratic party, traditional ruler of the state, festered instead of healed in the post-campaign relaxation.

In Hidalgo county, where two factions of the Republican party put up county tickets, the independent faction writing in the name of its candidates, the excitement attendant upon tabulation of the vote continued reports early today said that the Independent faction at McAllen, Texas, had wired Governor Don Moody, asking for martial law in the county. Rangers already are in the county, sent there to supervise the election.

The Independent faction of that disturbed county recently sent about 2,000 telegrams to President Coolidge asking Federal supervision of the election, and last night threatened to deluge the White

FORTY-EIGHT INJURED WHEN TRUCK WRECKS

Asheville, Nov. 8.—(AP)—Forty-seven negroes and one white man were injured when a truck, carrying laborers from Asheville to the Enka rayon plant in Hominy, near here, overturned on a curve on the Asheville-Canton highway early today. Twenty of the negroes were taken to a hospital, where the condition of six was declared serious. A few negroes and the driver escaped injury.

REPUBLICAN WINS SENATE IN ROWAN

Salisbury, N. C., Nov. 8.—(AP) Rowan county sends L. L. Smith, Republican, to state senate, and Hugh Taylor and W. C. Rose, both Republicans, to house of representatives.

Mobile, Ala., Nov. 8.—(AP)—Herbert Hoover Gates celebrated yesterday as though he was glad of the election of the Republican nominee. He is reported to have started the celebration about the time the president-elect was receiving the congratulations of the nation. The first baby born on election night here was named for the president-elect. The father, C. A. Gates is an automobile salesman.

FAMOUS ACTRESS TO AUCTION BED

Paris—Cecile Sorel, famous actress, who in private life is the Vicomtesse Guillaume de Segur, is to auction her bed which was used by Mme. duBarry 150 years ago. This is going on the block with the rest of Cecile's antiques. She will use the proceeds to refurbish her house with the products of contemporaries.

GOLDSBORO HIGH TO PLAY GREENVILLE HERE FRIDAY

Greenville High's Tobacco Warriors and confident of trimming the North Carolina Tobacco League. It is hoped by the school officials that a large crowd will be out to witness what promises to be the best game of the season. The game is scheduled for 3:45 and will begin on time. Tobacco men who find it impossible to get there in time for the opening of the game are urged to come and see the last half at any rate.

The starting lineup will probably be: Hodges, center; Williams and McDustrell, guards; O'Brian and Alkinson, tackles; Capt. Anthony and King, ends; Respass, quarter; Mason and Tucker, halves; and Bailey, full.

Another feature of the game is that it will bring together the two outstanding quarterbacks of the Conference, Mason of Goldsboro and Respass of Greenville. These two boys are conceded to be the class of the conference and it is very probable that the one making the best showing tomorrow will be picked on the All-Conference team as quarter.

Coach Porter has been sending his charges through stiff workouts during the past week and every member of the squad is in fine condition. New plays have been added and special attention has been given to a defense for Goldsboro plays. Everything is in readiness and the locals are hopeful.

For permanence and economy—Build your tobacco barn of Concrete tile

Mr. A. T. Holman, Agricultural Engineer of North Carolina State College, says—

"... the concrete hollow-tile barn is well adapted to tobacco curing because it is economical, less expensive to operate in both fuel and labor costs, and cures a more uniform grade of tobacco—for temperature and humidity are easily controlled, and the tobacco comes in order without loss of time.

"The material reduction of fire loss and the adaptability of the barn for curing and storing sweet potatoes are equally advantageous features."

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Nov. 8.—(AP)—The cotton market opened steady at an advance of 5 points to a decline of 1 point. There was some buying on steady Liverpool cables and reports of further rains in the belt, but it was supplied by southern selling and liquidation. Trading was fairly active preceding the government report with much of it attributed to further evening up of outstanding accounts, and with orders well enough to cause rather narrow and irregular fluctuations. After selling off to 18.80 December rallied to 18.84, while March worked up from 18.70 to 18.75, but the improvement was not fully maintained and the market was within a point or two of the lowest at the end of the first half hour.

The market was quite active today, the middle of the morning with prices advancing on covering and trade buying and with the active months showing net gains of about 18 to 20 points before business was suspended to receive the government report. The latter placing the indicated yield at 14,133,000 bales and the ginning prior to November 1st at 16,160,997 bales was not far out of line with expectations, but if anything was a shade lower than looked for and when business was resumed, December sold up to 19.27 and May to 18.92 or 25 to 44 points net higher. This advance was checked by realizing and the volume of business tapered off somewhat with the market holding about steady at reactions of 3 or 4 points from the best around midday.

Futures closed steady, 50-59 points higher; spot steady; middling 19.55. Open. High. Low. Close. P.C.

STOCK MARKET

By STANLEY W. PRENOSIL, Associated Press Financial Editor
New York, Nov. 8.—(AP)—The "Hoover market" which got off to a flying start yesterday, continued to press forward today under an avalanche of buying in the Copper, Oil, Motors, Merchandising and Food issues. Fears that a technical reaction would follow the initial celebration of the Hoover victory inspired profit-taking in a few issues, which dropped 2 to 5 points, but the general list pointed upward, with gains ranging from 1 to 16 points.
Trading was conducted at such a terrific pace that the ticker had fallen one hour behind the market by early afternoon. Total sales crossed the 2,500,000 share mark before the end of the third hour.
With directors of the General Motors Corporation meeting after the close of the market, that stock

again became the center of speculative interest. Heavy buying carried it up more than 3 points to 224, but heavy profit-taking was encountered around that level, and part of the gain was cancelled. All sorts of guesses as to the divided action were circulated, with the majority of observers inclined to the belief that an extra cash dividend of \$2.50 would be declared on the present stock, which would then be split up on a 2 for 1 basis. Mack Trucks and Chrysler also moved up smartly, and Brockway Motors attained a new peak.

Call money was plentiful support, but some uneasiness was applied at the renewal figure of 6 per cent over the weekly Federal Reserve broker's loan figures to be published after the close.
The closing was strong. Several of the high-priced shares performed rather sensationally in the late trading. Montgomery Ward leaped to 372 for an overnight gain of 23 points.
Sales were more than 4,800,000.

GRAIN MARKET

Chicago, Nov. 8.—(AP)—Corn developed decided strength today, and toward the last gave all grain a general upward swing, despite early weakness shown by wheat. The five principal corn producing countries of Europe were reported to have a total crop of only 294,000,000 bushels for 1928, against 600,000,000 bushels in 1896. It was also reported that the remaining 403,000,000 bushels last year and corn surplus at New Argentine corn will not be available.
Corn closed unsettled, 1-2 to 3-4c net higher, wheat 1-2 to 7-8c up, oats showing 1-4 to 3-8c to 1-2c advance, and provisions varying from 5c decline to a rise of 5c.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.
Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

ONLY PONTIAC

AMONG ALL SIXES OF ITS PRICE OFFERS

Body by Fisher! To motor car owners everywhere the very phrase suggests the newest style, the greatest luxury, the finest construction known to automotive body building. Yet only Pontiac among all sixes of its price offers bodies by Fisher. And in their long, low, smart lines, their deep-seated comfort and durable hardwood and steel construction, you will find the cause of a great share of the tremendous popularity which Pontiac continues to enjoy.

But bodies by Fisher represent only one of the many advantages offered by today's Pontiac Six. A 186-cubic inch engine equipped with a new, more highly perfected carburetor—the AC fuel pump—the cross-flow radiator with thermostatic control—the famous G-M-R cylinder head... all these vital engineering advancements are provided by Pontiac and by no other six selling for as little as \$745.

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.
