ONE REPORTED DEAD IN SHIP DISASTER

OTHERS BELIEVED LOST AS SHIPS SCOUR OCEAN FOR SURVIVORS FROM VESTRIS

Only 203 Of 339 Passengers And Crew Who Left Sinking Ship On Lifeboats And Rafts Had Been Accounted For Today; Dirigible Los Angeles Ordered To Assist In Rescue Operations.

One man was known to be dead, a woman and child were reported floating in the rolling waves and other deaths seemed probable as reports from the rescue fleet off the Virginia Capes slowly pieced out the story of the sinking of the liner Vestris today.

At noon almost a full day and night since the 339 passengers and crew went over the tilting side of the stricken liner into life boats and rafts, only 203 had been definitely accounted for and almost all of the lifeboats had been picked up.

One man taken from the water by the steamer Berlin told of seeing a woman with a child in her arms floating near him. Search was begun for them and for others who had found no room in the boats and had been washed from the raft.

The dead man, unidentified in first reports, was found by the battleship Wyoming lying on the raft where he had died of exposure.

The rescue began before dawn the ships, that had turned from their paths on the errand of mercy being led to the life boats by flames sent up by the chilled persons who all night long had tossed on angry waves left from a week-end gale.

Lifeboat after lifeboat was sighted and as the morning passed were taken aboard with its shivering complement of men and women. The liner Berlin, got some, the battleship Wyoming, still more.

But at noon more than 100 others were apparently still to be accounted for and here was a growing fear death would claim many of these before they could be saved.

Shortly after noon the Navy Department ordered the dirigible Los Angeles to prepare to leave its hangar at Lakehurst, N. J., at six o'clock tonight and join the rescue fleet. It could not leave sooner because it had been undergoing a general overhauling and was not ready to take the air.

New York, Nov. 13—(AP)—Captain D. A. Maloney, operating manager of the American Merchants Line, owners of the American shipper Vestris, said it would take the ship approximately 16 hours to make New York from the scene of her rescue of the three lifeboats and a life raft of the Vestris.

He said if possible he would have the quarantine regulations waived so that the ship could proceed directly to her pier in the North Pier to discharge the rescue persons she had aboard.

The North German Lloyd Line was informed that its steamer, the Berlin, had picked up 21 survivors. The Berlin will dock here tomorrow.

The American Shipper of the American Line got 90 members of the crew and 33 passengers.

The French Tanker Myriam was reported to have 53 aboard.

The United States battleship Wyoming picked six from the water among the wreckage of the ill-fated Lampont and Holt Liners. This left 136 to be accounted for.

Anxious Kinsmen Await Word From Festrus Rescuers

New York, Nov. 13—(AP)—Offices of the Lampont-Holt line were filled today with friends and relatives of Vestris passengers, all eager to learn the latest news as to the fate of the lifeboats that had tossed so many hours on the rough Atlantic.

The booking office, where inquiries were received and accommodated with such information as was available, was busy all night, too, answering person inquiries and long distance telephone calls from many cities.

In the lines of anxious seekers for the latest word were numerous negroes whose kinsmen and acquaintances comprised part of the Vestris' passenger list for Barbados.

Most of the vessel's crew were Britishers.

PRICES SHOW NEW LIFE ON LEAF MARKET

Over Million Pounds Of Tobacco Yesterday Averaged \$26.62 Per Hundred Lbs.

The price situation regained normal strength on the Greenville tobacco market yesterday and 1,083,384 pounds of bright leaf sold for a total sum of \$288,526.57, or at a general average of \$26.62 per hundred pounds, according to official report of sale made public this morning by K. W. Cobb, supervisor of sales.

It was stated that there was approximately a million pounds of leaf on the floors of the nine warehouses today with prices equally as strong as yesterday. For forty-nine sales days the market has disposed of a total of fifty million, four hundred thousand pounds of tobacco, the report of the supervisor of sales also showed.

The general price average fell off somewhat last week owing to a heavy volume of common grade tobacco, but with better grades in evidence yesterday and today a more favorable situation prevailed. Tobaccoists said they expected a continuance of heavy sales until Thanksgiving Day when a greater part of the crop will have been disposed of.

Gulf Counsel Dead. Houston, Tex.—D. Edward Greer, 72, of Houston, general counsel of Gulf Refining company, died at his home after a long illness.

ADMINISTRATION LEADERS DETERMINED TO PASS BIG NAVAL CONSTRUCTION BILL

Washington, Nov. 13—(AP)—President Coolidge's Armistice Day assertion that "world standards of defense require us to have more cruisers," has served to strengthen the determination of administration leaders in the senate to obtain passage of the \$274,000,000 naval construction bill at the coming short session of congress.

It has been followed, too, by a restatement of policy by the navy department. This was formulated by the general board of the navy and, bearing Secretary Wilbur's approval, was made public today.

Revisions were noted in many details which Mr. Wilbur said had been made for the purpose of eliminating obsolete projects and expanding the aviation branch of the service.

The naval construction bill is ready for consideration by the senate. It has been passed by the house and approved by the senate naval committee and now occupies a place on the senate's calendar of business. It calls for construction of fifteen cruisers of ten thousand tons each, the largest that can be

BAPTIST STATE CONVENTION IN SESSION TODAY

98th Annual Session Started This Afternoon at 2:15 at High Point.

High Point, N. C., Nov. 13—(AP)—Preliminary meetings having been completed, the Ninety-eighth annual session of the Baptist State convention was set to begin at 2:15 o'clock this afternoon with the Rev. I. M. Mercer presiding.

Reports of the general secretary, Dr. Charles E. Madry, will feature the opening session. Committees will be appointed to consult on the various reports to be presented.

No announcement was forthcoming on the substance of the reports, but Dr. Madry said the program for the new year called for expansion along carefully selected lines of endeavor in the general denominational work in the State.

Dr. Fred A. Bowers will preach the annual convention sermon at the evening session. His sermon will be preceded by reports of the historical commission and the Women's Missionary Union.

At the pastors' convention which preceded the opening of the convention, Dr. J. R. Jester, of the First Church in Winston-Salem, scored the multiplicity of unit organizations within the church which tend to minimize the program of worship of the church itself.

The speaker suggested three remedies; right preaching that will present these organizations as auxiliary and not principle organizations of the church, new emphasis on preaching in the church program, and a new emphasis on worship in the entire service.

As the concluding theme for the pastors conference, the 400 ministers present heard an appeal by several speakers for a personal evangelistic effort in the churches augmented by special campaign when needed.

Miss Frances Hearne Dies at Tarboro, N. C.

Miss Frances Hearne, 13, only daughter of Mr. and Mrs. John L. Hearne, of Tarboro, died this morning at four o'clock. She was buried this afternoon in the Tarboro cemetery.

Friends in Greenville, the native home of Mr. Hearne, will be glad to learn of his loss.

BULL MARKET GETS DIZZY

New York, Nov. 13—(AP)—The "bull market in stocks," which has had pretty clear sailing since the election of Hoover, ran into a storm of selling today. Early gains of \$1 to \$6 a share were cut down or wiped out, and at least a dozen high price specialties broke \$4 to \$20 a share.

The selling was checked around midday when U. S. Steel, common, was bought forward by operators for the rise and marked up nearly \$3.50 a share to a new high record at \$167.62 1/2.

WASHINGTON, Nov. 13—(AP)—The terms of the measure, the cruisers would be laid down at the rate of five each in the fiscal years of 1929, 1930 and 1931. The construction of the aircraft carrier would be begun before June 03, 1930. Exclusive of aircraft equipment, it is estimated that the sixteen vessels will cost approximately \$274,000,000.

Originally, a much larger building program was recommended by Secretary Wilbur, but his proposals were whittled down to the proportions of the present measure by the house.

The revision of naval policy is the first since the Washington arms conference. It sets forth that "the fundamental naval policy of the United States is that its navy should be maintained in sufficient strength to support United States policies and commerce, and to guard its continental and overseas possessions."

MT. VETNA AGAIN SPREADS TERROR

Mount Etna, again in eruption, has destroyed farms and several small villages along its slopes, spreading terror among inhabitants of the danger area who have fled with their belongings.

DOHENY WILL RETIRE FROM OIL INDUSTRY

New York, Nov. 13—(AP)—Edward L. Doheny, who amassed a huge fortune in oil after an accidental "strike" here prospecting in California 37 years ago, has taken final steps to quit the industry.

The New York banking house of Blyth, Witter & Co., and J. & W. Seligman & Co., have virtually completed arrangements for the acquisition of nearly all the oil producing properties in California owned by the petroleum securities company, which is controlled by Mr. Doheny and his family and is valued by the banking group at \$45,000,000.

The pending sale is the latest of three by which Mr. Doheny, who is 73 years old, is divesting himself of his extensive petroleum holdings.

In 1925 he sold control of his Mexican properties to the Standard Oil company of Indiana, while last May, he sold the marketing end of his California properties and some producing field to the Richfield Oil company of California.

Mr. Doheny's start in the oil business came after he had made and lost several fortunes in gold. It was while prospecting for gold near Los Angeles 37 years ago that he discovered a bed of "breast" or pitch and leasing a vacant lot, he and an associate started searching for oil. At a depth of 225 feet he brought in a gusher which was the beginning of the rich Los Angeles oil field.

It was not until four years later, however, when the Fullerton Field was opened that he began to amass a fortune. In 1899 he invaded the Tampico Field in Mexico, paving the way for petroleum investments in the country which eventually amounted to \$750,000,000.

ENGINEER AND CONDUCTOR RESPONSIBLE FOR WRECK

Washington, Nov. 13—(AP)—The Bureau of Safety of the Interstate Commerce Commission today held Engineer Young and Conductor Davis responsible for a head on collision between a passenger and freight train on the Missouri Pacific railroad near Waring, Kansas, last August 20. Three employees of the railroad were killed and 32 passengers, three trainmen and one hobo were hurt in the wreck.

Widow Assists Ross

London—Lady Houston, wealthy widow, has come to the assistance of Sir Ronald Ross, who 30 years ago helped to discover that malaria was carried by mosquitoes. Ill and in want at 71, he has sold the records of his lifetime of study to Lady Houston for \$10,000.

EIGHT DROWN IN HIGH SEAS NEAR NORFOLK

Norfolk, Va., Nov. 13—(AP)—Search is under way again this morning for the bodies of eight men drowned yesterday when they ventured to sea, with high northeast winds blowing, in an effort to retrieve a small fishing scow.

Captain Lee Hartman, veteran deep sea fisherman, and seven members of his crew were lost off Hog Island bar in Accomac County, when the heavy sea swamped and sank the motor boat in which they were searching for the scow.

Besides Captain Hartman, who drowned were Engineer Eloy Bundick, Cleveland Bailey, William Taylor, John Watson, Alonzo Sneed, Robert Badger and Edward Hunter.

The captain and his crew set out early yesterday to fish their ponds six miles off Hog Island. On reaching their traps they found the sea too rough for fishing. While returning they lost a small scow they had in tow.

Despite advice to the contrary from other fishermen, Captain Hartman went out again in search of the scow. Recrossing Hog Island bar his boat was swamped by a heavy wave and went down.

Other fishermen in the vicinity made an effort to rescue the men, and coast guardsmen from nearby Hog Island and Palmer's Beach stations assisted, but nothing was found except the boat used by Captain Hartman and his son, adrift with bow up.

THREE McPHERSON WITNESSES ORDERED TO APPEAR IN CASE AGAINST DISTRICT ATTORNEY

Los Angeles, Nov. 13—(AP)—Three persons who played leading roles in the Almee Seale McPherson conspiracy case here two years ago were reported to have been ordered to appear today before the Los Angeles county grand jury investigating charges of corruption in the office of District Attorney Asa Keyes.

It was understood that the trio would be questioned about evidence previously unearthed indicating that a large sum of money was spent in clearing Angelo Temple evangelist of a charge of conspiracy to defraud justice by telling an alleged false story to a grand jury about his disappearance in 1926.

The three persons reported called were Mrs. Minnie Kennedy, mother of the evangelist, who has been at odds with her daughter for some months; Kenneth G. Ormiston, former radio operator at Angelus Temple, who was alleged to have occupied a cottage at Carmes, Cal., with the evangelist during her absence; and Mrs. Lor-

MANY NATIONS WANT HOOVER TO VISIT THEM

Several Southern Republics Join Bolivian Invitation to U. S. Pres-Elect.

By JAMES L. WEST (Associated Press Staff Writer) Stanford University, Cal., Nov. 13—(AP)—Herbert Hoover may find it necessary to extend the itinerary of his good will tour of Latin America considerably beyond the scope contemplated when he decided to embark upon his history making journey.

Urgent invitations for the president-elect to visit countries in both South and Central America which were excluded from their original schedule are now coming and his forty day itinerary may be extended to two months or slightly longer.

Mexico, Colombia and Ecuador are among the southern republics which have asked that the president-elect include them in his tour, their invitations being joined with that from Bolivia, the visit to which would involve a considerable trip, in addition to that which must be made by the good will mission in moving from Valparaiso to Buenos Aires.

Under the original plans, the battleship Maryland bearing Mr. Hoover and his party, was to have touched first at Balboa, Panama, Canal Zone, and then moved past Colombia and Ecuador to Peru, with Callao next country to be visited. Both Colombia and Ecuador, through their ministers, have asked that the party call at their capitals.

The Mexico City government also desires to have the party visit that country on their return trip to the United States, with the president-elect going from Vera Cruz to Mexico City by rail.

The original plan was to proceed from Rio de Janeiro to Havana and then to Florida. These invitations are being given consideration and, as a result, it may be a couple of days before the final schedule will be announced.

It is settled, however, that the party will leave San Pedro next Monday and it may be that a stop will be made at a Mexican port on the west coast, enroute to Balboa.

Besides being attended by Ambassador Henry P. Fletcher, as the official representative of the State Department, the president-elect is to have a naval aide, probably Commander Augustin T. Beauregard, grandson of the famous Confederate general, P. G. T. Beauregard.

While the battleship which is to bring the Hoover party from Buenos Aires to the United States has not been selected, it is likely that this duty will fall to the Texas, which also is equipped as a flagship and which conveyed President Coolidge from Key West to Havana last winter when the chief executive attended the Pan-American conference in the Cuban capital.

Walker Takes Health Test

New York—The mayor of New York has a good heart. Mr. Walker took a health test as an example to citizens and as an indorsement of a movement for annual examinations. He is 5 feet 8 1/2 and weighs 130.

Al Smith To Give Final Message To Country Tonight

New York, Nov. 13—(AP)—Governor Alfred E. Smith tonight in a half hour radio address, will give his parting "message to the American people."

The governor upon his arrival here from Albany, announced that no advance copies of his talk would be given out nor would he intimate just what would be its nature. He will speak from the National Broadcasting Studio starting at eight o'clock.

Tomorrow he will leave with several friends for a vacation of several weeks "somewhere in the south." He said he did not know where he was going.

"I haven't seen Bill Kenny yet," he said. "He is fixing things up. We are going where the temperature is 75 in the shade."

He said he did not think he would stop at Warm Springs, Ga., to see Franklin D. Roosevelt, governor-elect.

"I am trying to get away from politics. I've had a lot of it for four months."

DR. ANDERSON NOW ON TRIAL

Fifteen Witnesses Called Today in Case Against Insane Hospital Head.

Raleigh, N. C., Nov. 13—(AP)—The trial of Dr. Albert Anderson, superintendent of the State Hospital for the Insane on charges of malfeasance, moved swiftly today, with Solicitor Brassfield calling 15 witnesses before the noon recess.

Testimony involved alleged specific acts of Dr. Anderson working hospital patients on his private property use of his office in imposing fines for alleged law violations, use of materials taken from state supplies, and groceries bought by hospital authorities with the authority of the budget bureau.

The defense sought to bring out that the finding of law violations was done under specific statutory authority. Witnesses testified that accused persons were given their choice of submitting to Dr. Anderson's fines or appearing in the city court of Raleigh.

W. T. Honeysuckle, former inmate and now employed at the hospital as a cobbler, testified he was fined \$25 for possession of whiskey. W. H. Stell, night watchman, related that he had arrested a number of persons who were fined by the hospital superintendent.

On the count alleging improper use of state food supplies, J. H. Anderson, secretary-treasurer of a local grocery concern, told of delivering groceries to the Anderson home, and said payment was made by regular vouchers approved by hospital authorities and the budget bureau. Ordinarily, he said, the groceries were ordered by Mrs. Anderson or Mrs. White, hospital stewardess.

Six Missing In Barren Lands Of North Manitoba

Winnipeg, Man., Nov. 13—(AP)—Six employees of the Dominion Department of Marine and Fisheries were missing today in the "barren islands" between Fort Churchill and the end of the Hudson Bay railway company's line in Northern Manitoba.

Search was made by airplane and land parties. The men left Churchill November 3, headed for "Mile 113" on the Hudson Bay railway, 100 miles away, where they could make rail connections for the pass. They carried little food and no sleeping bags or tents, depending for shelter on cabins, located about 25 miles apart between Fort Churchill and their destination. They should have reached the rail line in four days.

They were provided with maps of the territory but are believed to have strayed from the trail. The weather has been mild for several days but they are believed to be without food.

LAVA FLOW FROM ETNA DECREASES

Eruptive Volcano Believed To Be No Longer Cause Of Anxiety.

Catania, Sicily, Nov. 13—(AP)—The speed of the lava streams flowing from Mount Etna decreased today. This and the optimistic view expressed by Prof. G. Ponte, director of the Vulcanological Institute, that the eruption was entering its final phase brought joy to the populace of the stricken region.

While awaiting the disposition of the relief fund of 1,000,000 lire (about \$50,000) voted by the Council of Ministers, Signor Frontieri, prefect of the department, and Monsignor Codi, Bishop of Agrigento, today assigned a sum of money to Vincenzo Patane, Fascist secretary of Nuziata, for the immediate relief of the neediest refugees.

People of all the towns in the neighborhood were vying with one another to bring aid and comfort to the homeless.

Dr. Eprgo, provincial secretary of the Fascist Syndicates, was running a 24-hour service at the headquarters in Catania. There not only food and shelter were available, but also a flying squadron of Blackshirts was always on duty waiting to be sent in any portion of the stricken zone to assist the aged and infirm. The Fascists have visited many refugee workers among the younger refugees themselves.

Catania, Sicily, Nov. 13—(AP)—Mount Etna, which has been pouring forth streams of molten lava, destroying villages and orchards, was believed today by Professor G. Ponte, director of the Vulcanological Institute, to be no longer a cause of anxiety to the Sicilian countryside. He found that the eruption was entering its final phase, with the lava showing signs of solidifying and emissions from the smoking mountain lessening.

His announcement was made after the veil of St. Agatha, which, according to tradition, has arrested the flow of lava toward Catania in the past, had been exposed in the cathedral by order of the Archbishop Cardinal Nava.

In ordering that the veil be exposed, the archbishop issued an appeal for prayers by all in the diocese. He exhorted the population to remain calm and maintain their faith. On previous occasions prayers to St. Agatha were said when an eruption occurred and the lava stopped short before Nicolosi and Linguaglossa, 25 miles north of Catania.

Professor Ponte said that in the Naca region the cataract of lava was much below its former level and showed evident slowing up. It appeared quite viscous, with the surface only a little heated. A large crowd which gathered to watch the spectacle of the eruption was able to approach near the crater since the heat radiating from the crater was diminishing.

The lava cascade at Fossa Santoro, Prof. Ponte said, was spinning enormous masses of petrified lava which were "fairly cool."

In the Forte region he found the stream to be moving along quite slowly. Masses of solid stone were visible on the surface and that the accumulation of these blocked the course of the stream so that it often formed small currents a few yards in width on the flank of the main stream.

Prof. Ponte said the lower part of the stream was firm on its surface. It moved along slowly under the push of more fluid lava enclosed within its shell.

"The eruption," he added, "seems to be longer a pre-occupying matter and will not delay in showing its final phases and in extinguishing itself."

Home Demonstration Agents Meets Here

A district meeting of the Home Demonstration Agents was held in Greenville yesterday. Miss Pauline Smith, district home demonstration agent, was in charge of the meeting. Those attending were Miss Ruth Eborn, of Tarboro; Miss Violet Alexander, of Washington; Mrs. Gordon, of Rocky Mount; Miss Lois Rainwater, of Jackson; Mrs. Wheeler, of Roanoke Rapids; Miss Lora Sleeper, of Williamston; Miss Pratt Covington, of Plymouth; Miss Pauline Smith, of Washington, and Miss Ethel Nice, of Greenville.

Hoover Market Produces Wild Buying In N. Y.

New York, Nov. 13.—(AP)—Because of the "Hoover Market," which surpasses the wild uprush of stocks last spring, the human cogs in the exchange machine were almost at the point of exhaustion today.

Midnight oil is being burned in brokers' offices as the over-worked bookkeeping staffs attempt to keep pace with a market which high speed tickers have found difficulty in following within an hour of actual transactions.

The brothers on the floor, around whom eddy and swell the buying and selling currents, are being forced to take extended week-end vacations. Many of the older members have been forced to give up their seats to younger members of their firms better able to withstand the physical battering they must undergo.

Michael J. Mehan, former brokerage clerk, who was the whirlpool center of the bull market in radio last spring, felt the strain so deeply that he has gone on a month's vacation. He is reputed to have added additional millions to those he made last spring in the current "bull market."

Downtown restaurants have been forced to put on extra help to take care of the enormous volume of meals ordered carried in the brokerage houses, for employes too busy to go out for them.

In an effort to check the frenzied operations many commission houses have increased their margin requirements to 40 per cent or more, especially for stocks selling above \$200 a share. To date, however, this move seems to have had little effect, and there have been few liquidations of weakened marginal accounts.

Many specialists on the floor have refused stop orders, that is to accept a range within which they would be authorized to operate for their clients. They have complained that it is physically impossible for them to watch such orders in this kind of a market.

Hoover Victory Inspires Britain To Fight Booze

London, Nov. 13.—(AP)—The Daily Express said today that the victory of Herbert Hoover had served as an incentive to prohibition advocates in England to prepare for an energetic campaign against alcohol in connection with the general election next year.

Prohibitionists were quoted as saying that Mr. Hoover's majesty had given temperance and prohibition organization in Great Britain new hope and that it would certainly stimulate the cause of temperance throughout the world.

The paper said temperance organizations would put forward prohibition candidates in forty constituencies and would pledge their votes to any candidate elsewhere supporting such measures as local option.

The hope was not entertained of making England dry at once, but the proposal was to move toward the goal in stages.

Duke Musical Clubs Come Here Nov. 20

One week from this evening, Nov. 20, the Duke Musical Clubs will give a concert at East Carolina Teachers College, the third attraction in the fall series of entertainments, therefore included in the season ticket. A special rate is offered to the schools, as boys and girls are especially interested in college activities. The Duke University Musical Clubs include three musical organizations: the Glee Club, a Symphony Orchestra and a Jazz Orchestra. Duke University Glee Club holds the championship for the state. Their symphony orchestra claims to be the finest in the south. There are 52 people appearing in the concert, a number of them taking part in more than one organization.

The three types of music give an attractive, well-balanced program of wide appeal, rather than a monotonous evening appealing to only one class in the audience.

The clubs will make a one week tour in the eastern part of the state and in the late winter will make a similar tour in the western section.

Next week brings two attractions to the college. On the evening of November 23 the Eddy Brown String Quartet, formerly the Mischa Elman Quartet, will give a concert, and this will be the last in the fall series, thus the last included in the season ticket. This quartet is one of the most famous in the country, giving chamber music of the very highest order. It has been keeping up the fine reputation it made under its former leader, the great violinist, Mischa Elman. The records available are still under the title of the Mischa Elman Quartet. This is the attraction that will appeal to the music lovers and artists of the community.

The senior play, which will be given in December, is not included in the season ticket, but is given independently by the senior class.

AUTO LICENSE TAGS TO GO ON SALE DEC. 1st

Charlotte, Nov. 13.—(AP)—State automobile license tags for 1929 will be placed on sale December 1 and motorists will be required to display these tags after January 1, or run the risk of arrest, it was announced today at the office here of the Carolina Motor Club, agents for the State Automobile Department.

BOY ON COAST-TO-COAST FLIGHT

Richard E. James, 17 years old of New York, is making a transcontinental flight from San Francisco to New York for a prize of \$1,000 offered by the American Society for the Promotion of Aviation for the first person under 18 to make such a flight.

High Winds Hamper Virginia Fox Hunt

Charlottesville, Va., Nov. 13.—(AP)—High winds which swept the fields in a gale making it difficult for hounds to carry the line, hampered the remaining competitors in the chase for the fox hounds in the second day's running of the prize stake of the national fox hunters' trial near here today.

The high wind which sprang up during the night and dried up the moisture in the ground added to the handicaps under which the hounds worked. There was neither frost nor dew. The woods and thickets were powder dry and there seemed small probability that the dogs would be able to trail any fox that had walked during the night. The only chance of a chase lay in the hope that the hounds in their sweep through the hills and valleys might bounce a fox and be able to catch and hold the scent

once Reynard was on his feet. Under the adverse conditions the pack hunted industriously and intelligently, affording the judges opportunity to score the hounds for their industry in searching for the fox.

The east this morning was made out the estate of William Garth, nationally known turfman. The field was even larger than that which witnessed the start of the hound classic yesterday.

CREW ABANDONS BARGE AT CAPE FEAR, N. C.

Savannah, Ga., Nov. 13.—(AP)—The United States coast guard cutter Yamacraw, cleared port this morning for Cape Fear, N. C., where either a boat or a barge has been abandoned by its crew. The message received by Captain Reinburg, commander of the Yamacraw, was indefinite and details of the abandonment were not known.

No Signs Of Retaliation For Bolters

Washington, Nov. 13.—(AP)—Signs of retaliation against members of the Senate who bolted party lines in the Hoover-Smith battle are failing to take shape—unlike the situation four years ago when four Republicans were ejected from their party councils for supporting the late Robert M. LaFollette.

Each party this year has a pair such recalcitrants. Senators Norris of Nebraska, and Blaine of Wisconsin, left the Republican ranks during the campaign to advocate the election of Governor Smith.

The veteran Senator Simmons of North Carolina, ranking minority member of the Senate Finance Committee, and Senator Thomas Heflin of Alabama, denounced the Democratic presidential nominee.

If either party is contemplating action against its senators who declined to support the national ticket there is no sign of it among the first of the members to return to the capitol from the campaign. In fact, few members desire to discuss it.

However, Senator Norris who holds one of the "Big Five" committee chairmanships of the senate—the Judiciary Committee—indicated today he had heard rumors of revenge against him but added he knew of no definite steps.

Four years ago, with a substantial majority in the Senate, the Republicans decided not to invite Senators Frazier and Ladd of North Dakota; Brookhart of Iowa, and LaFollette of Wisconsin into their conferences. The first three had supported Senator LaFollette in the 1924 presidential campaign. Two years ago the two survivors of this group, Frazier and Brookhart, were once more taken into the fold. By coincidence, both Senators this year advocated the election of Herbert Hoover.

QUEEN MARIE RECEIVES NEW RUMANIAN PREMIER

Bucharest, Rumania, Nov. 13.—(AP)—Juliu Maniu, Rumania's newly installed premier, and his cabinet of peasants were received by Queen Marie today and later by Princess Helen, mother of the seven year old King Michael.

M. Maniu assured them that the peasants had the greatest sympathy and respect for the royal house and would support the dynasty loyally.

Social & Personal

Mrs. W. E. Warren, Misses Kiser and Elizabeth Warren, and Ernestine Parker of Belvoir, and Mrs. R. E. Harris and Misses Margaret and Estelle Harris spent Saturday in Rocky Mount.

Mr. and Mrs. W. M. Wester of Rocky Mount, and Miss Ernestine Everett of Conetoc, were the weekend guests of Mr. and Mrs. J. A. Keel.

Miss Margaret May left a few days ago for Raleigh where she has accepted a position in Tucker's sanatorium.

Miss Ernestine Parker of Belvoir, spent the week-end with Miss Elizabeth Warren.

Jack Hadley and Glenn Robeson, students at Duke University, spent the week-end with their parents in this city.

Miss Bobbie Robertson of Snow Hill, spent the week-end with Mr. and Mrs. J. E. Johnson.

Mrs. F. R. Emore has returned to Raleigh after spending several days in the city.

Chicken salad lunch at the Presbyterian Church basement Thursday and Friday.

CHAIRMEN YOUNG PEOPLES' CONFERENCE TO MEET

The chairmen of the Young Peoples' Conference will meet this evening at 8:45 o'clock in the office of the Methodist Church.

Parent-Teachers Meet At Raleigh. Raleigh, Nov. 13.—(AP)—Officers and delegates to the annual North Carolina Parent-Teacher Congress were here for a number of preliminary meetings today before the convention is called to order tomorrow. A registration of 500 was expected.

Speakers on the program include Dr. Philip W. L. Cox, professor of secondary education at New York University; Eugene T. Lies, special representative of the Playground and Recreation Association of America; Mrs. Margaret Well Wood, of the American Social Hygiene Association; and Mrs. Bruce Carr Jones, Macon, Ga., vice-president of the National Parent-Teacher Congress.

Basket Party. Basket party at Mills' School Friday night, Nov. 16. Everyone invited and a good time assured.

Undergoes Operation. Mrs. Nannie Little, who lives near Reedy Branch Church, is in Pitt Community hospital where she underwent an operation last night. Her friends will be glad to learn that she is getting along nicely.

Chicken salad dinner at the Presbyterian Church basement Thursday and Friday.

Publishers Meet At Virginia Beach

Newport, Va., Nov. 13.—(AP)—Newspaper publishers of the nation today listened to reports from standing committees of the American Newspaper Publishers Association, which indicated that those groups were functioning in a manner to bring about solution of problems confronting the organization.

The second business session of the annual fall convention was being held at the Cavalier Hotel at Virginia Beach this afternoon after the concluding round in the golf tournament on the Princess Anne Club links.

The first of the reports presented came from W. E. Wines, manager of the Mechanical department of the Association. This reviewed the work of the committee since the 1926 fall convention recording the results in effecting savings through elimination of waste in certain particular departments.

Subjects of inks and paper hold the interest of many of the Association members. Mr. Wines showed, citing the fact that 255 papers samples from the United States, Canada and Overseas had been submitted to the G. P. O. laboratories at Washington by 150 publishers. Certain tests have been completed while others remain under way which was expected to lead to standardization of specifications for news print material with relation to the ink used on newspaper presses.

Advertising printing improvement is sought by the publishers and the association has at work an executive committee composed of E. K. Keeffe, of the Newsburgh, N. Y., News, chairman; George M. Rogers of the Cleveland Plain Dealer; E. W. Greene, of the Christian Science Monitor, Boston; Geo. M. Stone, New York World; Leo D. Devere, Brooklyn Eagle, and John W. Rosebeach, Buffalo News. Co-operating with the publishers are representatives of a half dozen advertising agencies.

Look Smart, Girls. New York—Girls coming to New York for a job are advised to have good clothes and at least \$75 in cash. The Association to Promote Proper Housing for Girls finds that employers would rather engage an untrained girl who looks smart than a competent worker who does not look smart.

Advertisements printing improvement is sought by the publishers and the association has at work an executive committee composed of E. K. Keeffe, of the Newsburgh, N. Y., News, chairman; George M. Rogers of the Cleveland Plain Dealer; E. W. Greene, of the Christian Science Monitor, Boston; Geo. M. Stone, New York World; Leo D. Devere, Brooklyn Eagle, and John W. Rosebeach, Buffalo News. Co-operating with the publishers are representatives of a half dozen advertising agencies.

AMERICAN LEGION AUXILIARY WILL MEET TOMORROW

The Auxiliary of Pitt County Post of the American Legion will hold its regular monthly meeting tomorrow afternoon at 8:30 o'clock at the home of Mrs. C. A. Bowen, Lantry street in College View. Miss Estelle Greene will be assisting hostess. All members are urged to be present and those who have not renewed their memberships for another year are requested to bring it at this time, as reports to the state and national organizations must be made within the next few days.

Home made cake and candy at the Presbyterian Church basement Thursday and Friday.

To Attend Funeral. Mr. and Mrs. C. W. Hearne, Mrs. Belle Harris, Mrs. L. B. Redditt, Miss Annie Morris and Mr. and Mrs. J. O. Evans went to Tarboro today to attend the funeral of Miss Frances Hearne, daughter of Mr. and Mrs. John L. Hearne, who died in that city yesterday.

LADIES TO SERVE TURKEY LUNCHEON

The Ladies' Auxiliary of the Presbyterian Church will serve a turkey and chicken salad lunch in the basement of the church, corner of Fifth and Pitt streets, Thursday and Friday of this week. Turkey Dinner, 75c; chicken salad, 50c. Cake and candy will also be sold. Take your lunch with us Thursday and Friday.

Forest Demonstration In Pitt On Thursday

A demonstration looking to the conservation of the timber supply of Pitt county will be held Thursday, November 15, under direction of R. W. Graeber, extension forester, assisted by E. F. Arnold, director of the Pitt County Department of Agriculture.

The first demonstration will be held on the J. T. Lewis farm, near Farmville, from 9 to 12 a. m., and the second on the John R. Carroll farm near Winterville, from 2 to 4 p. m.

All farmers are urged to attend the demonstration and see how experts are attempting to save the country's timber.

Princess Giovanna Twenty-One Today

Rome, Nov. 13.—(AP)—Princess Giovanna, third of the four daughters of the king and queen of Italy, turned twenty-one today.

Her birthday served to revive talk of her marriage. Among those mentioned as candidates for her hand, the leader in point of rank, at least, is the 34-year-old King Boris, of Bulgaria. Always either denied or ignored by official spokesmen, such an alliance would have political value in that it would cement the ties between Italy and Bulgaria, which is a neighbor of Yugoslavia; it would tend to strengthen pro-Italian sympathies in the Balkans. But there have been outward advances by the young Bulgar monarch, and the princess has spent the summer and autumn quietly with her family at San Anna Di Valdieri up in the mountainous north of Italy and later at San Rossore, near Pisa.

When Ahmed ogu assumed the title of Zugu I, was king of the Albanians, there was a story about to the effect that Giovanna was destined to be his consort, in order to weld the ties that bind Italy to the faithful kingdom across the Straits of Otranto. This proved unfounded. Zogu is a Mohammedan. Princess Giovanna is a Catholic. While papal consent has been forthcoming in the past for dispensations to permit the marriage of Catholic to Protestant, crown prince of Belgium, and the Lutheran princess Astrid, of Sweden in 1926—There appears to be no precedent of permission being granted a Catholic to wed a non-believer in Christianity.

There is another possibility before the 21-year-old princess: That of becoming the bride of Prince Charles of Belgium, and as such Countess of Flanders.

Earlier in the year it was said Giovanna looked well upon General the Marquis De Pinedo, trans-Atlantic flier, who was decorated last Columbus Day with America's distinguished lying cross.

Sore Throat? Don't Gargle Quicker and Better Relief With Famous Prescription

Don't suffer from the pain and soreness of sore throat—gargles and salves are too slow—they relieve only temporarily. But Thoxine, a famous physician's prescription, is guaranteed to give relief almost instantly.

Thoxine has a double action—relieves the soreness and goes direct to the internal cause. No chloroform, iron or other harmful drugs—safe and pleasant for the whole family. Also wonderfully effective for relieving coughs. Quick relief guaranteed or your money back. 35c, 60c, and \$1.00. Sold by Pitt Drug Co.

Addresses W. C. T. U.

Miss Kanamori, pretty Japanese girl, will be one of the speakers at the national W. C. T. U. convention in Boston. Miss Kanamori's grandmother was Madame Kajima, president of the Japanese W. C. T. U. and leader of the prohibition movement in Japan.

Tyson Reunion Thanksgiving Day

The annual reunion of the Tyson family will be held at Tyson's church near Farmville, Thanksgiving Day, November 29th, it was announced today. The principal address of the occasion will be delivered by Hon. Larry I. Moore, of New Bern. The program for the reunion had not been completed today, but will be announced later.

Physicians Study Late Discoveries

Asheville, N. C., Nov. 13.—(AP)—Study of new apparatus, new methods and the latest scientific discoveries occupied the attention of members of the Southern Association gathered here in annual convention yesterday.

Last night Dr. William R. Bathurst, of Little Rock, Ark., delivered the president's address and Dr. George M. MacKee, of New York, and Dr. Alton Oschner, of New Orleans, read scientific discussions on medicine and surgery, respectively.

Dr. Bathurst discussed at length the mounting problem of providing the best medical and scientific service for the middle class people who are too well off financially to accept charity and are too poor to pay reminded that upon the middle class fees set for the more wealthy. He stressed the welfare of the world, and urged that the problem of giving them access to the great wealth of scientific knowledge amassed by the medical profession be deeply considered.

In the course of his address, Dr. Bathurst issued warning against permitting scientific discoveries to be handled about "by over zealous, untrained and half-baked agencies, essaying to conquer disease by presuming to perform duties of the health officer and experts in preventive medicine."

COOLIDGE SPEECH CREATES IRONIC COMMENT IN FRANCE

Paris, Nov. 13.—(AP)—Newspapers commenting today on the Armistice Day speech of President Coolidge attached special importance to it in view of the approaching decision on the revision of the Dawes plan. The comment was in general in an ironic vein.

Le Journal, one of the most widely read Paris papers, said: "America has addresses many homilies in Europe but none in this tone. The voice of triumphant America is that of the censor and creditor, equally severe. America claims not only material but moral superiority."

THE LOVE OF BOOKS

Extracts of Article From Child Life.
By JOHN FARRAR

No greater gift can be given to a child than the feeling that books, many books, are as much a part of his home and his life as beds or chairs or kitchen utensils. The mature man or woman who cannot turn to books for rest and stimulation, in sickness or in grief, or just in plain boredom, is poverty-stricken indeed. Yet, in order to explore the pleasures of reading, to the full, it is my belief that reading must be a pleasure from the start, not a duty, or something connected with school. In spite of the great increase in the reading of books in America, we are still likely to be snobs about books. This is one of the greatest enemies of our culture. Great masses of us are culture-hungry. We read because we feel we should; but until we learn to allow our children to believe that reading is just as much of a pleasure as eating candy or going to the movies, we cannot expect to be thoroughly cultured, or even thoroughly educated. A woman of my acquaintance, who attends several lectures each week for the improvement of her own mind, buys books for her young son as though she were performing the most unpleasant duty. If she herself had an ounce of real culture there could be no more exciting morning than one spent in a bookstore trying to match her own imagination against the imaginative needs of her child.

I have watched many parents shopping in bookstores and department stores. They make a quick pass at the book counters and pass on to the clothing departments. Here is where their major interest lies. They are much more interested in decking a child's body, but seem less willing to make a like investment to bulwark the future of their children's minds.

I speak with a sense of personal irritation of this snobbery against books, because being professionally allied to their editing and publishing, I am constantly subjected to it. Only last week, at a pleasant party in the New York suburbs, a gentleman who was endeavoring to be the life of the party, remarked, with a self-conscious smile, "I've been invited to a tea for William McFee to-morrow, and I'm afraid there isn't time to let my hair grow." Now, if anything more masculine and hard-boiled in the way of an author can be imagined than "Bill" McFee, former sailor and ship's engineer, bring him on! Later, the same gentleman came up to me. I happened to be talking to a former classmate about last year's football season. "I do hate to interrupt this high-brow conversation. You can't expect me to talk about books. Now if it was golf!" While I quite realize that this particular country gentleman was trying to be funny, he illustrates an American attitude which is as urban as it is suburban.

First of all, then, if children are to have the right attitude toward reading, they should be blessed with parents who not only buy books for them, but own libraries themselves, and know what's in the book-cases. While the modern house or apartment does not allow for much book space, room can always be found for a small, carefully selected library.

What should a child read? Develop an interest in books, good books, providing there is already an atmosphere of friendliness toward books in the home. This is a problem not as easy as it would seem, because it is a fairly obvious fact that each child is a separate problem. There are countless readings on the subject of youthful reading, some written by librarian authorities, others by those more psychologically inclined. Many of these books are helpful; but it seems far wiser to me, to depend on one's own common sense. Most important of all is the total absence of the negative attitude. Some children want to play with books at a very early age. They should have a little bookshelf of their own, selected for quality of reading matter, to be sure, but more especially for beauty of color and design—little books that are easy for small hands to hold. Some children will not even tear the pages; but seem to love to handle them to look at them, to pretend that they are reading from them.

Certainly one of the first books a child should own, is a non-tearable picture book. Most of these are highly artistic; but if you look long enough you'll be able to find some less offensive than others. The proprietor of a lovely children's book shop told me an amazing story of one of New York's wealthiest young matrons, who was shocked that she had to pay seventy-five cents for such a volume. I wonder how many \$2.50 novels she buys in a month!

Almost at the start, a child's character begins to be apparent. It would be absurd to try to limit a boy or girl who is particularly interested in fire engines to a shelf of fairy tales. On the other hand, leave a few nature fables about and try to gain the interest, for the sake of imagination. But don't force. Scott and Dickens have been closed doors to many because they were forced on children at too early an age.

Most children, long before they can read, are fond of the rhythms of poetry. Be sure that they hear the rhythms of good poetry as well as those of good jingles. While it is probably the jingles that they will learn themselves, you will find that they will take delight in hearing the lyrics of Keats and Shelley as well; and to make great poetry a part of their early inheritance, of the golden well of their memory, is a gift as great as any amount of money in their savings accounts.

MAY SEEK NEW REGISTRATION

It has been suggested that the next session of the legislature be asked to enact laws calling for a new registration of the voters of the state with provisions for each voter at the time of his or her registration to designate whether or not they are Democrats, Republicans or Independents. Such a change in the laws, we believe, would not be amiss for while it does not interfere with any person's right to vote as he or she desires, it would permit only those entitled to do so to have a voice in the naming of the candidates of their respective parties. A person who votes the Republican ticket in the election should have no voice in a Democratic primary, nor should a Democratic voter have a voice in the choice of Republican candidates while the voter who holds out as an Independent to vote as he or she pleases in the elections is entitled to no voice whatever in the pre-election affairs of either of the two other parties.

GOOD AS FAR AS IT GOES

Secretary Kellogg's formula for world peace, as outlined in his Armistice Day address, is good as far as it goes. The Kellogg-Briand peace treaty is good as far as it goes. Both emphasize the need for universal peace. Nobody disputes it. Nobody takes issue with that proposition. The world is in agreement as to the necessity of taking steps to end war. The rub comes in devising ways and means of averting war.

War will never be ended by talking platitudes. It will not be outlawed by framing

pious phrases. If war is ever ended, it will be as a result of concerted action by those in the seats of the mighty. It sounds well to talk that "if the people are minded that there will be no war, there will not be," as Secretary Kellogg declared, but sober history bears witness to many wars that were made by kings, diplomats, generals and political leaders. The people had no opportunity to speak their mind.

No doubt exists today that the people of America are opposed to war, but Secretary Kellogg has gone no further than to urge peaceful intentions as the rule of conduct for this nation. He stops short of urging adequate guarantees by the nations of the world that they will live up to their good intentions, as expressed in treaties and in statements of policy by their political leaders.

Even so, the Kellogg-Briand treaty are magnificent gestures, which are worthy of the highest praise and the most enthusiastic support of every lover of peace. They are signposts that point the way to universal peace. Every loyal American ought to be happy that the thought of peace is uppermost in the mind of the ranking cabinet officer. At the same time he need not delude himself into thinking that the seeds of war have been removed. There is greater need than ever before to continue the fight for peace.—News and Observer.

ABOUT TOWN

"That was a wonderfully effective sermon which Dr. Ben Lacy delivered here—Armistice Day," a prominent member of the Pitt County Post of the American Legion was heard to remark today.

"Having seen actual service with American expeditionary forces in France, Dr. Lacy was able to give intimate descriptions of life in the army camps. His stories of sacrifice and heroism of American soldiers was extremely touching and delivered in a way that gripped the immediate attention of his hearers.

"It is not often Greenville people get an opportunity of hearing such a splendid orator. His address will be long remembered by members of the Legion post and their auxiliary."

"Pay-up Week will come to a conclusion Thursday of this week, so if you haven't settled up your outstanding obligations get busy and do so immediately," urged members of the Greenville Merchants Association today.

"Pay-up Week was extended until this week in order to give everybody an opportunity of liquidating as many debts as possible. There-

fore, you should make it a point to do your best while the campaign is in progress.

"You will be rated according to the way you pay. If you pay promptly you should not experience any trouble obtaining credit next year. If you are slow and fail to live up to what your merchants expect of you, it will be a matter of impossibility to get credit next year.

"Give this matter your earnest consideration this week, and settle up as many accounts as possible."

"The annual Red Cross Roll call is under way throughout the nation," said Mrs. J. L. Hassell, chairman of the Pitt County chapter of the organization. "Soliciting committees will visit you this week and ask you either to renew your membership or become a member. Membership costs \$1.00 but you may give as much as you like.

"Everybody is familiar with the wonderful work of the Red Cross. In time of disaster its workers are in the scene ready to give of their time and money for relief purposes. Thousands of dollars were spent in relief work in Florida and Porto Rico during the recent hurricane. Had it not been for activities of the organization the situation would have been far more terrible.

"Subscribe as liberally as you can when the workers visit you this week. Your one dollar for membership may be instrumental in the saving of some human life."

"We need far more support than we have received so far this season," declared C. W. Porter, director of athletics of the Greenville high school, discussing the poor attendance at football games this season.

"The boys have made an exceptionally fine record so far, but gate receipts have not been large enough to pay expenses. We need your moral and financial support. Without it the season cannot be expected to measure up to expectations.

"Make it a point of attending the next game and in that way let the boys know you are with them in their effort to turn out one of the best teams in history of the school."

"If you can't find what you want in your home town, come to Greenville and get it," is the slogan of local business men today.

"We believe we have the most complete collection of goods of any other city in eastern North Carolina," a merchant said today. "It is for that reason we claim the distinction of being the leading shopping center in Eastern North Carolina.

"Look over what your home-town merchants have to offer. If you can't find exactly what you want, come to Greenville and get it at a price that will be gratifying indeed."

"Trade in Greenville where splendid bargains and low prices predominate all the year round."

"Raise more feed and food crops and put yourself on the road to prosperity," is the advice of prominent farmers of the county. "We have been confining too much time to the production of one or two crops in the past. Most of the stuff we consume has been purchased from some other section of the country at prices away above the cost of production.

"Why should not it be advisable to raise these things at home and in that way save the profit required by the producers.

"Thousands of dollars may be saved annually by Pitt County farmers by attention to the raising of hogs, chickens, stock, and feed and food crops."

Notice of Administration.

The undersigned having this day qualified as Administratrix of the estate of Walter Harris, late of Pitt County, this is to notify all persons having claims against said estate to file them with the undersigned at Greenville, N. C., within twelve months from date or this notice will be pleaded in bar of any recovery thereon. All persons indebted to said estate will please make immediate settlement.

This the 23rd day of October, 1928.

Investigates Publicity

Eva G. Pinkston, president of Dallas, Tex., elementary school principals, has been appointed to a National Education association committee to investigate activities of publicity and propaganda organizations in public schools of country.

SALE OF REAL ESTATE.

By virtue of the power of sale contained in that certain mortgage deed executed and delivered by Rufus Galloway to J. O. and W. E. Proctor, on the 17th day of December, 1919, which mortgage was duly recorded in the office of the Register of Deeds of Pitt County in Book M-13, page 228, which mortgage was given to secure the purchase money due for said property, the undersigned will sell for cash, before the court house door in Greenville on Wednesday, December 12, 1928, the following described lot:

Situate in the town of Grimesland, beginning at the corner of Pitt and Church St., opposite to the Methodist Church and running westwardly with Pitt St., 66 feet, thence southwardly parallel with Church street, 200 feet; thence eastwardly 66 feet to Church street; thence with Church street, northwardly 200 feet to the beginning, and being the same lot conveyed to Rufus Galloway, by J. O. and W. E. Proctor.

Said land sold to satisfy said mortgage.

This November 12th, 1928.

J. KNOTT PROCTOR AND LENA P. PROCTOR, Administrators.

F. G. JAMES & SON, Attys. 11-13 It-wk 4wks.

Sale of Notes.

Notice is hereby given that the undersigned will offer for sale for cash before the court house door in Greenville on Monday, December 3rd, 1928, the following notes:

10 notes for \$767.00 each, dated March 27, 1923; one due each year beginning Jan. 1st, 1924, to Jan. 1st, 1933, inclusive.

Said notes being executed by C. R. Elks and wife, Dora Elks, payable to W. S. Elks and Mattie Elks. Said notes secured by deed of trust recorded in Book A-15, page 104, in the Register of Deeds office of Pitt County.

The amount now due on said notes being \$7,670.00 with interest from January 1st, 1924, less a credit of \$1,500.00 January 2nd, 1927, and \$500.00 Jan. 7th, 1928.

These notes are being sold to satisfy an indebtedness to the Bank of Grimesland.

This the 29th day of Oct., 1928.

Bank of Grimesland.

F. G. James & Son, Attys. Nov. 9-11w-4wk.

GORMAN'S MARKET REPORT

Our Monday's sale was the best as to prices we have had in the past ten days. The thin cuttery and nondescript grades are some easier than they were two weeks ago, but they sold much better yesterday than last week. The good bodied and fine tobacco sold as high as at any time this season. Our floor was filled from wall to wall. We sold 285,140 pounds for \$77,268.43, and averaged \$27.10 for all sold. We look for much lighter sales from now out and believe the market will sell out each day. IF YOU WANT THE HIGH DOLLAR SEND YOUR TOBACCO TO GORMAN'S. WE PROTECT YOU.

GORMAN'S has first sale Wednesday, third sale Thursday, first second sale Friday, first sale Monday, second sale Tuesday, first sale Wednesday, second sale Thursday and first sale Friday. Below we give you a few salse made Monday:

L. O. Cratch—376 pounds for \$194.34. Prices, 48, 55, 65, 39. Average	\$51.66
Frank Harris—838 pounds for \$479.54. Prices, 31, 35, 68, 51, 71, 78. Average	\$57.22
C. A. Nelson—1,016 pounds for \$630.90. Prices, 32, 55, 62, 74, 77. Average	\$62.09
Major Roberson—454 pounds for \$239.36. Prices, 34, 51, 53, 67, 72. Average	\$52.72
C. T. Woolard—588 pounds for \$351.18. Prices, 49, 48, 50, 60, 67, 70. Average	\$59.71
J. T. Hill—556 pounds for \$298.10. Prices, 18, 45, 55, 56, 60. Average	\$53.61
Tucker & B.—428 pounds for \$236.92. Prices, 23, 82, 59, 65. Average	\$55.35

BEAR STORIES CARRY SCARE TO GRIDIRONS

By MORGAN M. BEATTY (Associated Press Sports Writer)

Atlanta, Nov. 13.—(AP)—Bear stories were common in Southern Conference football camps today, as 13 of the 22 teams lumbered back into training gear in preparation for family engagements this weekend.

The usual Monday lay-off and check-up apparently indicated that Georgia Tech and Florida—among the unbeaten—suffered least physical harm in last week's engagements. Both were pronounced in almost perfect trim as they began routine drill for their fifth conference game.

There, however, the optimism seemed to end. Alabama, practically out of the running, paid dearly in casualties for last week's victory over the Kentucky Wildcats. When the Crimson faces Tech Saturday, it is likely that the hospital squad will have a special benefit, what with Clements, Suher, Campbell, Holm and Earl Smith all lost, possibly for another week—and certainly lost for this week's valuable training periods. The tide is in a fair way to lose the charm that often has jinxed the Yellow Jackets.

Clemson, another aggregation whose hopes have been shattered unexpectedly, turned some vengeful glances toward Jacksonville and the scoring machine of the Florida Gators, but two or three of the first string were suffering from injuries of an undetermined nature. Among the Gators, who have fought the injury jinx all season, only one remained on the list, and he won't stay there long. He was Reeves, tackle.

But the bear stories reached their climax in the glum tales emanating from the two Tennessee camps. The Volunteers of Knoxville, in the first place, were confronted with the most serious fact that they trailed their unblemished record this season. They are outwitted 20 pounds to the man by Vanderbilt Commodores. Hardly expected to try a driving game, the Tennessee mentors decided to put drill on a forward passing and end running basis, figuring that method their only chance.

Dan McGugin, at Nashville, found his efforts to revamp the Vanderbilt style of play to meet the Vol stack well nigh null and void. His team hit the dumps Saturday night after their decisive whipping by Tech, and no amount of coaxing, bribery or threat could bring them out yesterday. True, Armstrong had a bad knee, and others were slightly hurt at Atlanta, but McGugin apparently was willing to trade ordinary hospital list for a big chunk of morale. And, if he gets the morale, his Commodores should take the Volunteers out of the week's conference triumvirate—Tech, Florida and Tennessee.

Georgia's squad returned from the Florida game at Savannah today as bruised and disheartened that no practice was attempted yesterday, and Coach Mehre turned lecturer and the Bull Dogs heard that Louisiana State had many things she was not rated to have and would surely wreck the Bull Dogs if the "Bull Dogs didn't" watch out. Louisiana, the last visitor at Athens this year, meanwhile, was declining to offer the Bull Dogs a style of play never before attempted this season, on both offensive and defensive. Unbeaten and leader of two conference victories, the Tigers were planning the hardest training grind of the season.

V. P. L. victors in three conference encounters, and favorite in the next, prepare for the Washington and Lee General's Maryland Wildcats marshalled battered forces for the invasion of V. M. L. Auburn awaited the Mississippi Argonauts at Birmingham, and Tulane's home coming at New Orleans had some degree as the attraction.

South Carolina, North Carolina State, North Carolina and Mississippi had foes outside the conference to worry about.

Chicago—Charley Belanew, Toronto, outpointed Harry Dillon, Winnipeg, (10).

Schalk To Coach

Ray Schalk, until the middle of the 1928 season, manager of the Chicago White Sox, probably will return to the game next year as coach of the Detroit Tigers' pitchers and as a relief catcher.

Far Heels Invade Wildcat Territory

Chapel Hill, Nov. 13.—University of North Carolina football squad, which meets the Davidson Wildcats at Davidson next Saturday, has won 17 victories over the Cats since 1898, as compared with three won by Davidson. Four were ties. Only one of those victories, however, was won on the Wildcats' home field and this week the Tar Heels turn optimistic faces toward the west in quest of another win in Davidson territory.

The outlook is optimistic as the Tar Heels begin a week of tough training, but there is nothing of cockiness or over-confidence in Coach Collins' charges. Since Davidson battled State so stoutly in Greensboro last week, there is every reason to expect a real battle at Davidson this week. That does not lessen the hopes of a Tar Heel victory to add to past laurels.

The only Tar Heel win on Richardson Field came by a 6 to 0 score back in 1924, and incidentally that was the first time a Davidson team had ever been defeated on its home field. That day saw a stubborn Wildcat crew fight to the last ditch and the heavier University eleven could not cross the goal line. The six-point margin came on field goals by Bunn Hackney and Billy Devin.

Two years ago, in the only other Carolina-Davidson game at Davidson, the Wildcats out-pointed but failed to out-play the Tar Heels in a 10 to 3 game that decided the state championship. This week sees a third of the annual engagements going to Richardson field, and the university team will invade the Wildcat home to bring home the bacon.

Three defeats and two ties in five successive games have whetted the Tar Heel appetite, and the Carolina team is out to win this week. A large squad of crumpies who failed to see action against the South Carolina Gamecocks should round into shape with a week-end of rest, and they will add to the Tar Heel chances against Davidson.

Wasp Lay Claim To Distinctions

Emory, Va., Nov. 13.—(AP)—The Wasps of Emory and Henry College today laid claims to multiple distinctions, including 18 consecutive victories, not winning a game on three safeties.

With a substantial claim to the Virginia Conference title already theirs, the Wasps yesterday defeated King College on three safeties for a 6 to 0 victory to virtually clinch the Smoky Mountain Conference crown.

The Wasps today were pointing for their two final games of this season in hopes of establishing a record of twenty consecutive wins.

Only twice this season have the Wasps been scored on, Rutherford scoring a touchdown in the first game of this season and Roanoke managing to eke out six points for a total of twelve scored against them while Emory and Henry amassed 177 points in eight games.

The Wasps meet Elon College here Saturday and play their final game against Milligan November 27.

BASKETBALL CLUBS BEGIN LIMBERING UP

By F. G. VOSEURGH, Associated Press Sports Writer

New York, Nov. 13.—(AP)—The football season is in full blast with the all-American frenzy and the awarding of the laurel wreaths still ahead, but already the sounds of practice of many a college gymnasium floor have announced that the basketball season is right on its heels.

From all indications its coming will mean the introduction of a different set of colleges and universities to athletic fame.

In the East—Pittsburgh, Pennsylvania and Princeton stand out. The Pitt Panthers played a 21 game schedule last season without losing a game. Pennsylvania won the eastern "Big Six" championship, while Princeton, runner-up, can bank on Mike Miles and Eddie Wittmer.

In the Middle West—Both Indiana and Purdue, which wound up in a tie for the western conference championship, had young teams and start the new drive with most of their veterans on hand.

In the Far West—Southern California has what advantage goes with being the defending champion. In the Missouri Valley—This will be the first year of basketball competition in the new "Big Six." Oklahoma won the last championship of the old Missouri Valley conference in 1927-1928.

In the Southwest—Arkansas, another lofty team unbeaten in winning the championship last year has the makings of a strong quintet.

In the Rocky Mountain Conference—It will be the Montana State Bobcats against the rest of the field.

In the South—This is the hardest section of all about which to prophesy as was shown last season when the University of Mississippi led the experts by winning the title. "Old Miss" beat out Auburn, another combination which before the season was looked upon as a decided dark horse.

The Mississippi team which scored its victory through the efforts of a pair of doubtful Phillips Twins, appears to have less chance to repeat than any of the other sectional championship aggregations.

ALL-STAR TEAM WINS OVER WEAVER COLLEGE

Asheville, Nov. 13.—(AP)—An all-star team representing a dozen colleges and containing several all-southern players defeated the Weaver College football team at the Memorial stadium yesterday by the score of 19 to 6. The attack of the winners was led by Blaney Rackley, former Wake Forest all-state quarterback, and Jack McDowell, State College luminary. Both men got away for long runs during the game. H. P. Talmán, all-America selection when at Rutgers a decade ago, played a few minutes. Among the stars were Waite of South Carolina; Graham of V. M. L.; Mains of Wake Forest; Homeswood of N. C. State; Moore of Presbyterian College, and a number of other former stars. A crowd of 1,500 saw the game.

GAMECOCKS BEGIN STRENUOUS PRACTICE

Columbia, S. C., Nov. 13.—(AP)—The South Carolina Gamecocks, pointing to the game with Furman Saturday, began a week of intensive practice yesterday behind closed gates.

Zobel, it was reported, was still in a bad way, having injured his ankle again last Saturday in the North Carolina game. Trainers were unable to say whether he would be in condition or not to enter the game Saturday.

With this exception, the team came through the North Carolina engagement without serious hurt.

Omaha, Neb.—Tommy Grogan, Omaha, knocked out Bobby Garcia, Baltimore, (2).

Little Rock, Ark.—Grover Mallin, New Orleans, knocked out Jimmy Griffin, Indianapolis, (3).

Cincinnati—Harry "Kid" Brown, Philadelphia, knocked out Joe Mandell, New York, (2).

OHIO STATE'S VETERAN HALF

This is Harold Kruskamp, 189-pound Ohio State backfield ace. Kruskamp, a veteran of the Buckeye team, is one of the middle-west's leading defensive backs.

FIGHTS LAST NIGHT

(By The Associated Press) Pittsburgh—Eddie "Kid" Wagner, Philadelphia, outpointed Young Rudy, Charieroi, Pa., (10). Newcastle, Pa.—Johnny Dato, Cleveland, knocked out Al Derose, Indianapolis, (3). Peoria, Ill.—Jack Moore, Chicago, outpointed Ben Williams, Detroit, (10).

Anderson, Ind.—Mickey O'Hara, Louisville, Ky., and Herman Clark, Indianapolis, drew, (10). New York—John Dundee, New York, outpointed Gaston Charles, France, (10). Columbus, Ohio—Lou Bloom, Columbus, outpointed Babe Ruth, Louisville, Ky., (10).

Philadelphia—George Godfrey, Leipersville, Pa., stopped Bud Gorman, Chicago, (3). Al Walker, Jacksonville, Fla., outpointed Big Bill Hartwell, Kansas City, (10). Baltimore—Marty Gallagher, Washington, knocked out Herman Weiner, Baltimore, (9).

Buffalo—Jimmy Goodrich, Buffalo, outpointed Phil Goldstein, Pittsburgh, (10). Detroit—Mickey Goldberg, Milwaukee, Wis., outpointed Red Allen, Detroit, (8).

CLEMSON USES FLORIDA FORMATIONS

Clemson College, S. C., Nov. 13.—(AP)—While the varsity took their usual Monday practice of kicking, passing and signal drill, Mutt Gee had his scrubs running Florida formations for use against the varsity yesterday.

The men came through the V. M. I. game without any injuries which appear to be serious. There were two of three men who were hurt but the exact extent of these injuries have not been determined.

Scrimmage either against Florida plays or offensive practice will probably be in brief tomorrow.

COOLIDGE MAY VISIT UNIVERSITY OF VIRGINIA

Washington, Nov. 13.—(AP)—President Coolidge is considering accepting an invitation to visit the University of Virginia on Thanksgiving Day, having luncheon with President Edwin A. Alderman, and later witnessing for a time at least the football game between the Universities of Virginia and North Carolina.

President Coolidge will spend a few days vacation around Thanksgiving day at the Swannanoa country club in the Blue Ridge Mountains about 30 miles from Charlottesville, where the University of Virginia is located.

Two Business Men Held In Wounding Of Football Star

Chicago, Nov. 13.—(AP)—One of those series of circumstances so frequent in detective fiction and so rare in reality had drawn two business men today into the case of John Acher, Northwestern University football player severely wounded by gunfire early Sunday morning.

Phillip L. McKee, president of the American Greenhouse Manufacturing company had reputedly well to do and D. T. Church, a real estate dealer with a "Gold Coast" address, were taken to detective headquarters during the night for questioning by Commissioner Stege.

It was the opinion of Stege, who ordered McKee held, that McKee was in the automobile from which Young Acher was shot and either fatally wounded or crippled for life. The shots were fired, the commissioner believes, by gangsters.

McKee's arrest came after he had telephoned police that his automobile, which answers the description of the car from which Acher was shot, had been stolen sometime Saturday night or Sunday morning. Detectives found the car last night a short distance from where McKee reported it had been parked when it was stolen.

The car when found was locked, both doors and ignition. The right front fender was dented and on the running board was some paint such as scraped Acher's car when the gunmen's machine glanced against it, starting the altercation which led to the shooting.

McKee and Church told detectives they had been drinking together Saturday night and early Sunday, and that McKee had driven Church home about midnight. McKee then went to a Wacker Drive sub-level cabaret, he said, and remained until 6:00 a. m., Sunday.

BEAUFORT COUNTY MAN IS BADLY BURNED

Elizabeth City, N. C., Nov. 13.—(AP)—Severely burned about face and chest, Paul Jones, a young Beaufort County employee at a local mixing plant, was taken to his home at Washington, N. C., today. The accident occurred yesterday afternoon. Shortly before it happened, Jones had emptied a keg of gasoline and spilled some on his clothes. He thought the gasoline had evaporated and the next time he lit a cigarette he struck the match to his shirt. There was a burst of flame, and Jones was rushed to hospital where he received medical attention last night and was taken to his home this morning.

At Smokes Pipe

New York—After 16 years of cigars, Governor Smith is smoking a pipe. It is of Irish briar, carved with shamrocks. It was sent by an admirer.

NOTICE OF SUMMONS BY PUBLICATION

North Carolina—Pitt County In the Superior Court Tessie Bradshaw, a Minor, by her Next Friend, J. Harvey Mills vs. J. L. Bradshaw. The defendant, C. L. Bradshaw, wa-agreey take notice that an action as above entitled has been instituted in the Superior Court of Pitt County for divorce absolute on the grounds stated in the complaint, and the defendant will further take notice that he is required to appear before the Clerk of the Superior Court of Pitt County and defend his cause of action, if any he has within thirty days after the service of this notice, and enter answer or demur to the complaint filed herein or the relief therein demanded will be granted.

This the 6th day of Nov., 1928. J. F. Harrington, Clerk Superior Court Pitt Co. Nov. 5-11w-4wk.

Cottonseed Crushing Slightly Decreases

Washington, Nov. 13.—(AP)—Cottonseed crushed in the three-month period August 1 to October 31 totaled 1,397,709 tons compared with 1,608,686 for the same period a year ago, and cotton seed on hand at mills October 31 totaled 1,821,775, compared with 1,854,405 tons a year ago, the census bureau announced today.

Cottonseed products manufactured during the period and on hand October 31 include: Crude oil products, 427,823,833 pounds compared with 484,084,111 and on hand 123,167,045 pounds, compared with 143,788,642.

Refined oil produced 285,871,883 pounds, compared with 327,738,246 and on hand 220,448,612 pounds compared with 310,567,084.

Cake and meal produced 625,633 tons, compared with 716,977 on hand 124,197 tons, compared with 179,458.

Linters produced 282,776 bales, compared with 284,050 and on hand 147,408, compared with 138,594.

DRUG CLUB MEETS AT MACON GEORGIA

Macon, Ga., Nov. 13.—(AP)—Approximately a hundred delegates gathered here today for the semi-annual meeting of the South Atlantic Drug Club. The meeting, attended also by wholesale druggists from Georgia, Florida, North and South Carolina, will continue thru tomorrow.

P. A. Hays, Greensboro, is president of the club and S. C. Copp, Tampa, Fla., secretary-treasurer.

Accept Spirit Love Story Of Dead Girl

Chicago, Nov. 13.—(AP)—A page from a book on religion with the phrase "the refiner's fire" underscored turned new light today on the death of Miss Elnora Knack, November 2, from burns inflicted, she said, in "purification rites" in the Lake Bluff, Ill., police station furnace room.

The book, found among Miss Knack's private papers, spoke of the "purifying process of pain."

"It is grander to suffer," said the book, "because, rightly viewed, it is sure to perfect the soul. It is impossible to know true joy—the heights of joy—until you have known corresponding depths of pain. This is the process called 'the refiner's fire.' The last three words were underscored.

Miss Knack was found semi-conscious in the police station basement, her legs, arms and head badly burned. In the days before she died she persisted in her story that she alone had inflicted the burns, and a coroner's jury last returned a verdict accepting her story.

Notice of Sale of Land

By virtue of the power of sale contained in a certain mortgage executed by A. B. Thigpen and wife, May Thigpen, on the 15th day of February, 1918, to J. F. Brinkley and which mortgage is duly recorded in Book L-12, page 25 of the Pitt County Registry, default having been made in the payment of the indebtedness secured in said mortgage and in accordance with the terms of said mortgage we will on Monday, the 26th day of November, 1928, expose to public sale before the court-house door in Greenville, N. C. the following described tract of land: Lying and being in Beaufort Township, Pitt County, N. C. containing two acres and lying on the Northeast corner of Bell's Cross Roads and known as the Knights of Labor land, bounded by the county road leading from Greenville to Tarboro on the North, by the road leading from Great Swamp Church to Centre Bluff, on the West, on the South and East by the lands of C. L. Packer.

Terms of sale cash and sale made to satisfy said mortgage. This the 24th day of Oct., 1928. JULIA A. BRINKLEY and J. F. BRINKLEY, JR., Executors of J. F. Brinkley, Sr.

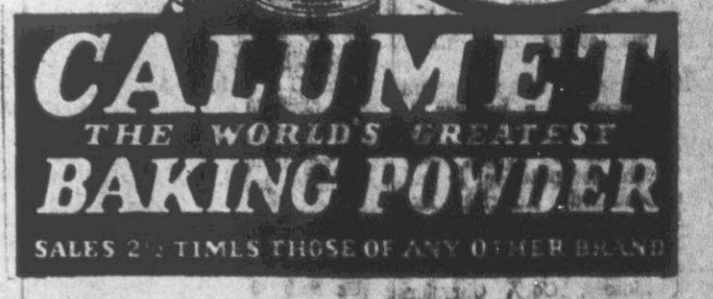

JULIUS BROWN, Attorney. It. Wk-4115-10-25-28.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Nov. 13.—(AP)—The cotton market opened steady at an advance of 4 to 7 points in response to relatively steady Liverpool cables, but soon eased under southern hedging and liquidation. January sold off from 19.50 to 19.39 with the general list working about 4 to 6 points set lower, but these prices seemed to bring in a little more trade buying, and the market was quiet but steady during the early trading. At the end of the first half hour January was selling around 19.49 with the market generally showing net advances of 4 to 6 points. After the early selling had been absorbed offerings were light. Private cables reported continental buying and trade calling in the Liverpool market and said that hedge selling there was light.

Futures closed steady; eight to 11 points higher; spot steady; middling 15.75.

GRAIN MARKET

Chicago, Nov. 13.—(AP)—Unlooked for decrease of the United States visible supply together with fear of rust damage in Argentina, gave wheat values an upward swing today. There was also buying to even up accounts prior to the issuance of the Canadian government crop report due after the close.

Near the end of the day, persistent commission house buying of corn future deliveries lifted March and May corn to a new high price record for the season, despite heavy selling to realize profits.

Wheat closed firm, 5-8c to 1c net higher; corn 3- and 1-2 to 7-8c net; oats showing 1-4 to 3-8c advance and provisions unchanged to a rise of 1/2c.

STOCK MARKET

New York, Nov. 13.—(AP)—The "Hoover" market, which has been creating new altitude records almost daily for the past week, threatened to go into a nose dive today when squalls of selling swept through the list, but was pulled up again by a brisk demand for U. S. steel common, which was marked up more than 2 points to a new high record at 178. Trading fell below yesterday's record breaking volume of transactions, although the ticker again fell 40 minutes behind the market by early afternoon.

A series of selling attacks around midday undermined a number of the high price specialties. National tea broke 20 points, radio 12 1-4, Wright aeronautical 10 and Mexican Seaboard, American Express, Adams Express, Vanadium steel, International nickel, American Smelting, Allied Chemical, Packard Motors, Coty, Chrysler, Barnsdall A, Eastern Kodak and Canadian Pacific toppled 4 to 7 points before sufficient buying support was forthcoming to stem the tide of selling. All made partial recovery in the early afternoon rally.

Selling is believed to have originated largely with wild outburst of speculation strated a week ago. There also was considerable liquidation by investors and traders, who were alarmed at the rapidity of the recent advance, and the market's seeming disregard of the mounting volume of broker's loans and the low yield basis of many of the more volatile issues.

As against 6 1-2 yesterday, and call money renewed at 6 per cent, appeared to be in plentiful supply. The further import of more than \$8,000,000 in British gold brings the total on the current movement to around \$40,000,000, or considerably more than expected when the shipments began a few weeks ago.

Except for a series of favorable dividends announcements, including a 50 cents extra on Chicago & Northwestern, there was little in the day's news to influence the price movement. Prospects of further stock split-ups, including one by the Otis Elevator company tomorrow, helped to stimulate bullish enthusiasm.

Greene Cananea was well bought.

rising 6 points on a large volume of trading. Sears Roebuck ran up 6 points to 177 3-4, dropped to 172 and then ran up to a new high at 179 1-4. Montgomery Ward advanced 5 1-2 points to 398 1-2 and then fell back to 387.

Timken Roller Bearing advanced 4 points on reports of increased earnings.

The close was steady. Total sales approximated 4,500,000 shares.

SERVICE OF SUMMONS BY PUBLICATION

North Carolina—County of Pitt
In the Superior Court
Polly Pugh
vs.
John Pugh.
The defendant above mentioned will take notice that an action as above has been started in the Superior Court of Pitt county to obtain a divorce, and the defendant will further take notice that he is required to appear at the courthouse in Greenville within fifty days from Nov. 9th, 1928 and answer or demur to the complaint in said action or the relief asked for will be granted.
This the 9th day of Nov., 1928.
J. F. Harrington, Clerk.
Nov. 9-11-4w.

GENERAL BOOTH SERIOUSLY ILL

London, Nov. 13.—(AP)—The condition of General William Bramwell Booth, head of the Salvation Army, was causing anxiety late today.

General Booth has been undergoing treatment for nervous prostration.

Notice of Judicial Sale of Bensboro Farm.

By virtue of a decree of the Superior Court of Pitt County, North Carolina, in that action entitled, North Carolina Joint Stock Land Bank et al, against the Mutual Benefit Life Insurance, et al, the undersigned commissioners will on Monday, November 19th, 1928, at 12 o'clock M., sell at public auction, to the highest bidder, for cash, before the Court House door in Greenville, Pitt County, said State, the following described real estate:

That certain tract of land lying in the aforesaid state and county and in Belvoir Township, adjoining the lands of James W. Brewer heirs, J. J. Hathaway, Carolina Hyman, J. B. Bell and Godfrey A. Stancill, and more particularly described as follows: Beginning in Tar River at a sycamore pointed by an elm and two hollies, runs north fifty-four degrees east eighteen chains and forty links to the Atkinson Canal in centre of gums and pines; thence up said canal as follows, north one degree and thirty minutes east two chains and fifty links, north four degrees west nine chains and ten links to creek, north seventy-six degrees and fifteen minutes east seven chains and ninety links to centre of bridge on Greenville-Tarboro Road, then west said canal again north seventy degrees east two chains and ninety links to creek, then across the field north forty-nine degrees, forty-five minutes east twenty-one chains and eighty-five links to an elm on the canal; then north forty-three degrees and thirty minutes east, sixty-eight chains to a stake on the west side of the road leading to Bell's Cross Roads, the Bensboro and George Clark corner; then north seventy-one degrees east forty-two chains and seventy-five links to a gum and holly; thence north thirty-five degrees west fifty-three chains and twelve links; then south twenty-one degrees and fifty-two minutes west forty chains to a canal; then with the said canal south twenty-seven degrees west eight chains to bridge, across road to Bell's Cross Roads; then along Gum Swamp south thirty-six degrees west eighteen chains to Bell and Cobbin's corner, then north forty-four degrees west twenty-nine chains to the middle of the road leading from Bell's Cross Roads to the River Road; then south twenty-two degrees west twenty-two chains to gum in Locker Swamp; then with Locker Swamp north sixty-four degrees west three chains and fifty links to R. E. Mayo's line; then with Mayo's line south forty-three degrees west seventy chains to Tar River; then with and down Tar River a general southeast direction, fifty-six chains to the point of beginning, containing seven hundred and thirty-five acres, and being the identical tract of land conveyed to said B. J. Cobb by G. A. Stancill by deed dated May 29th, 1908, and recorded in Book 2-8, page 237, Pitt County Registry.

The foregoing described tract of land is the identical land conveyed by R. J. Cobb and wife, Mollie A. Cobb, to Frederick Prelinghuysen, trustee, in that deed of trust recorded in Book T-10, page 212, Pitt County Registry. This tract of land will be offered in tracts and in the order following, to wit:

First: First Parcel containing 208.35 acres, more or less, described and conveyed in those three certain deeds to J. R. Tyson, recorded in Book V-11, page 295; Book S-14, page 494; and Book L-13, page 556.

Second Parcel containing 128 acres, more or less, described and conveyed in those two certain deeds to J. P. Breter, recorded in Book P-12, page 112 and Book Y-12, page 119.

Second. That parcel or portion of said 735 acre tract of land containing 186.15 acres, more or less, held by said R. J. Cobb subject to said deed of trust recorded in Book T-10, page 212, said registry.

Third. That parcel of land containing 50 acres, more or less, conveyed to R. E. Harris by deed recorded in Book M-16, page 490, to which deed and record reference is made for particular description.

Fourth. That parcel of land containing 164.5 acres, more or less, described and conveyed by that deed to D. H. Harris, recorded in Book P-13, page 260.

Default having been made by non-payment of \$7,500.00 evidenced by note, and interest from January 1, 1928, secured by said deed of trust recorded in Book T-10, page 212, said registry, sale is ordered made for the purpose of paying said debt, interest, taxes and all costs incident thereto. The whole tract of 735 acres will be sold, or so much thereof as may be necessary for said purpose, in the order above set forth. Sale is subject to confirmation by the said court. The successful bidder, or bidders, will be required, on day of sale, to make a cash deposit of ten per cent of bid. This October 17th, 1928.
R. B. LEE and F. M. WOOTEN,
Commissioners.
