THE WEATHER

Cloudy with rain this afternoon and probably in east portion early tonight; much colder tonight; Tuesday fair and colder; winds becoming northwest.

STREAM RISES, DRIVING MANY FROM HOMES

Three Deaths Result From Cumberland River Rampage In Kentucky Lowlands.

Pineville, Ky., Nov. 19.—(AP)—The Cumberland River, swollen by 36 hours of rain, went on a rampage in this vicinity today, causing the deaths of three men, driving families living in the lowlands of four communities from their homes, and inundating parts of the business district of Middlesboro, Ky.

The manager of the Virginia Lignite Coal Corporation at Tejay, Ky., reported the deaths of three employees of the company today. The three men, Lawrence Wiles, Melvin Catron and C. S. Saylor, were killed about sixteen miles from Pineville, according to the report received. They had noticed a large mass of wreckage being swept down the Cumberland, according to witnesses, and walked out on a bridge to view it. The wreckage was hurled against the bridge with such force that it broke up, precipitating the men into the torrent. Their bodies were not recovered.

Residents of the low-lying parts of Pineville, Harlan, Barbourville and Middlesboro were driven from their homes by the high water. It was predicted that the flood would equal that of 1918, in which water to a depth of four feet stood in the business houses. Practically all roads in the vicinity are under water, and this morning the flood still was rising. A steady rain which started at midnight Saturday was a contributing cause to the high water.

Hazard, Ky., Nov. 19.—(AP)—An all night rain that continued without let up this morning had forced the Kentucky River out of its banks, flooding the business part of town, near here, disrupting wire communication and generally causing grave alarm. The highest river stage recorded in years was anticipated.

At Neon the water stood in the streets and was beginning to seep into basements of homes and business houses.

Summer Leaves South Atlantic States Today

Atlanta, Nov. 19.—(AP)—Summer took reluctant leave of the South Atlantic States today, while the southwest was struggling with floods and snow.

Record high temperatures were set down on the weather charts yesterday at Bristol, Va.-Tenn., where a maximum of 85 degrees was matched by a minimum of 52. Charlotte, N. C., jettied down a 77, the highest November 18 temperature in history, while temperatures in the 80's were common in Virginia, the Carolinas, and Georgia. Savannah had 80, Atlanta, 74, Richmond, 80, and Macon a sultry 81, as maxima of the day.

Colder weather throughout the area was predicted for today, and rain was expected in much of it.

Germany Agrees With British On Reparation Issue

Berlin, Nov. 19.—(AP)—Gustav Stresemann, Foreign Minister, told the Reichstag today that "authoritative British opinion" supported the view that the question of evacuation of the Rhineland and of the total reparations that Germany is to pay because of the war, are distinct issues. It was the first appearance of the foreign minister in the national legislature in five months.

The address reviewed disarmament as well as evacuation and reparations and emphasized that these subjects constituted the chief problems in Germany's foreign policy today.

Storm Claims 41 In England

London, Nov. 19.—(AP)—With 41 killed in the storm which swept over England, there was no sign today of a recurrence of the gale. Damage done by the storm was repaired and communications restored.

Restoration of communications needed five to the known deaths when it was learned that many members of the crew of the small Liverpool schooner Mary Ann were drowned when the vessel was driven over the rocks, John Woodler, a youth of 17, was the only member of the crew who succeeded in clambering up on the few square yards of rock that stood above the raging seas.

Ousts Wet Lawmaker

William R. Eaton, republican, will replace a wet democrat, S. Harrison White, as representative in congress for the first Colorado district, which includes Denver.

E. H. SHELBURN PASSES AWAY AT HOME HERE

Well Known Citizen Buried At Cherry Hill Cemetery This Afternoon.

E. H. Shelburn, well known citizen of Greenville, passed away at his home on Fifth street last night at 8:15, following illness of only a few days.

Funeral services were conducted from his late home this afternoon at 2 o'clock by Rev. H. Frederick Jones, pastor of Memorial Baptist Church. Interment was made in Cherry Hill cemetery.

The deceased is survived by his wife, who was formerly Miss Sophie Flanagan; two daughters, Mrs. N. O. Warren and Miss Iva Shelburn; a sister, Mrs. Alfred Moyer of Durham.

Mr. Shelburn was 63 years old. He was born at Oxford, April, 1865. He had been a resident of Greenville for many years and was well known throughout the section. He had been in declining health the past few years, but his condition did not become serious until a few days ago.

The pall bearers were:

Active—Knott Proctor, Ben Edwards, L. A. Randolph, T. T. Hollingsworth, P. T. Atkinson, Guy Smith, John Hodges, James Picklen, J. B. Kittrell.

Honorary—Dr. J. E. Nobles, O. L. Joyner, J. G. Moyer, J. R. Moyer, J. L. Little, F. G. James, Mr. Turner, R. L. Humber, S. T. Hooker, C. W. Harvey, R. L. Smith, W. H. Woodard, E. B. Ferguson, J. H. Boyd, Jesse Smith.

Governmental inventories and stock takings are the order of the day in Europe. The tenth anniversaries of war-born nations and an epidemic of cabinet crises have combined to bring this about. The situation has affected Great Britain, France, Italy, Yugoslavia, Rumania and Australia, with Germany drawn into the political whirlpools by reason of the impending negotiations for reparations revisions and the United States brought into the discussions because of the Armistice Day speech of President Coolidge and the South American tour of Herbert Hoover.

It has been years since a pronouncement by an American executive has aroused so much comment as has the November 11th exposition of American governmental thought on European attitudes toward disarmament and international financial affairs.

British politicians and publications have been among the foremost in this discussion. Lloyd George took the Coolidge phrases as a text in launching bitter attacks on the entire foreign policy and disarmament course of the Baldwin government, and Stanley Baldwin countered by using the speech as basis for a defense of Great Britain's course.

The British Prime Minister agreed with President Coolidge that there is a lack of mutual understanding between the two countries and he twisted this into an indirect plea for United States membership in the League of Nations by emphasizing the difficulty of personal intercourse across 3,000 miles of ocean.

In this same connection there was commendation of the Hoover

SUCCESSOR TO CURTIS CAUSES MUCH CONCERN

Senate Members Busy Trying To Select Man To Replace Senate Leader.

Washington, Nov. 19.—(AP)—The problem of choosing a majority leader to succeed Senator Charles Curtis, of Kansas, the vice-president-elect, is giving Republican members of the senate some political pastime after the serious labors of a national campaign.

An apparently friendly contest which is still a free-for-all is being waged in behalf of some of the older Republican senators with the names of Senators Watson, of Indiana; Jones, of Washington; McNary, of Oregon; Fess, of Ohio; Moses, of New Hampshire, and Reed, of Pennsylvania, among those under discussion.

Seniority has always been the guiding light in the determination of senate posts, but this has been waived in recent years in the selection of the party leader. When Senator Lodge, of Massachusetts, died four years ago, Senator Curtis was chosen as his successor, although he was outranked in seniority by Senators Warren, of Wyoming; Smoot, of Utah, and Borah, of Idaho.

These three veterans have indicated again that they prefer the chairmanship of their important committees to the cares of a floor leader and so the contest has been thrown wide open once more.

Senator Watson, of Indiana, is assistant leader and is believed by some of the workers to have the "inside track." Senator Jones, of Washington, who is now whip, outranks the Indiana senator, however, and is considered a likely foe if any open contest develops. But the entire discussion is still under cover and still in the whispering stage for Senator Curtis has not indicated when he will relinquish his post. He does not become vice-president until March 4, at the conclusion of this short session. He is undecided whether to continue as senator through the short term, but there is every indication that he will not do so until about Christmas time, at least.

Several senators are reported to be prepared to support Senator McNary, of Oregon, for leader in the event a deadlock is threatened. The Oregon senator is well known, having led the farm relief fight as chairman of the agricultural committee. He is now preparing an administration farm bill and has taken the lead in the fight for passage of farm relief legislation at this short session.

McNary is outranked by Senators Watson, Jones and Moses, of those most prominently mentioned for the post. Another senator whose name has figured in the discussion is Fess, of Ohio.

The decision will rest with a party caucus which probably will not be called for that purpose until Senator Curtis has announced his retirement, or until shortly before he becomes the vice-president.

NATIONS OF EUROPE BEGIN GOVERNMENTAL INVENTORIES

The League people said that in making personal contact with the governmental leaders of the southern continent, Mr. Hoover would be following a course which the League has been trying to promote ever since its organization.

France emerged from a difficult cabinet crisis with prospects of amicable parliamentary support for its reparations policy. Two votes of confidence were given Raymond Poincaré's new ministry. He holds the portfolio in this cabinet, having left himself free to devote his energies to the coming negotiations between Germany and the Allies respecting evacuation of the Rhineland and the final amount to be paid by Germany.

Italy's Fascist regime was placed on a self-perpetuating basis by the constitutional status to the Grand Council of the Fascist party. Under the new law that council, meeting in secret sessions, can approve or disapprove independently of Parliament and the Crown, any proposed changes in Royal prerogatives, international relations or national boundaries.

Jugoslavia's first decade as kingdom of the Serbs, Croats and Slovenes ended with the Serbian political elements announcing themselves ready to meet the Croats' demands for a loosening of domestic ties. Father Anton Korosez, who has been Prime Minister since the Parliamentary defection of the Croats and Dalmatians after the shooting of Dadić, said that if a satisfactory preliminary agreement could be reached with the discontented elements of the Kingdom, he would agree to new elections and "home rule" in each province, provided the electorate so decreed at the ballot boxes.

Roosevelts in London. London, Nov. 19.—(AP)—Theodore Roosevelt, his brother Kermit and Suydam Cutting, of New York, are busy in London consulting scientists and experts of the South Kensington Museum for information on the great unmaped Pamirs District of Southeastern Asia which they will shortly explore under the auspices of Field Museum of Chicago.

It is impossible to say how long the trip will take, but it will be a minimum of six months, said Colonel Roosevelt today.

The Roosevelt party will leave for Paris tomorrow whence the explorers' wives will return to the United States. The men will continue to Marseilles embarking on November 23rd.

Mrs. J. T. Bynum Killed In Wreck Near Farmville

Mrs. J. T. Bynum, of Farmville, was killed this morning when the automobile which she was driving was in collision with the Greenville-Wilson bus just beyond Farmville. Mrs. Bynum was en route to Wilson alone at the time of the accident.

According to the meagre details of the accident that could be learned here, Mrs. Bynum had passed the bus when the wheels of her car struck the dirt shoulder of the road and it became unmanageable and skidded directly in the path of the bus.

AIRMAN LEAPS 4,000 FEET TO SAVE HIMSELF

Paul Collins Takes To Parachute When Squall Disables Plane In Penn.

Brookville, Pa., Nov. 19.—(AP)—The "Caterpillar Club," composed of aviators who have cheated death by leaping from their airplanes in parachutes, had a new member today.

He is Paul A. "Dog" Collins, air mail pilot on the National Transportation Company's Cleveland to New York line who leaped 4,000 feet to safety when his Douglas biplane became disabled while banking a "line squall" over a mountainous section of northwest Pennsylvania about 6 a. m. yesterday.

Collins had climbed almost a mile into the skies in an attempt to "top" the cross-winds of gale proportion that accompany a "line squall" when a lower wing was ripped from the plane, sending it into a nosedive. He then slipped over the catch of his safety belt, grabbed the strut of the remaining wing and swung out of his careening plane.

The parachute swayed perilously in the storm and then after what seemed like hours, Collins said, it floated to earth in a small clearing in the midst of the densely wooded country near Millstone. Nearly a mile away, with its nose buried into the ground the ship was found with the 800 pounds of mail intact. Before descending the plane Collins had shut off the motor to prevent an explosion when it landed.

A short distance down the highway, Collins roused a gas company employe who helped him salvage the aluminum mail bag from the wreckage. A truck was engaged and the mail was brought to Brookville.

ERNEST JONES PASSES AWAY

Local Man Died Shortly After Noon Today Following Stroke of Apoplexy.

Ernest Jones, 55, died at his home on Eleventh street at 12:30 o'clock today following a stroke of apoplexy suffered last night.

Funeral services will be conducted tomorrow afternoon at 3 o'clock at Holy Innocence Episcopal church, Lenoir County, of which he was a member. Interment will be in the church cemetery. Services will be conducted by Rev. A. C. D. Noe.

Mr. Jones was a native of Lenoir County. He came to Greenville about twelve years ago. For the past several years he had been in failing health, and while his sudden death came as a distinct shock to his family and friends, it was not altogether unexpected.

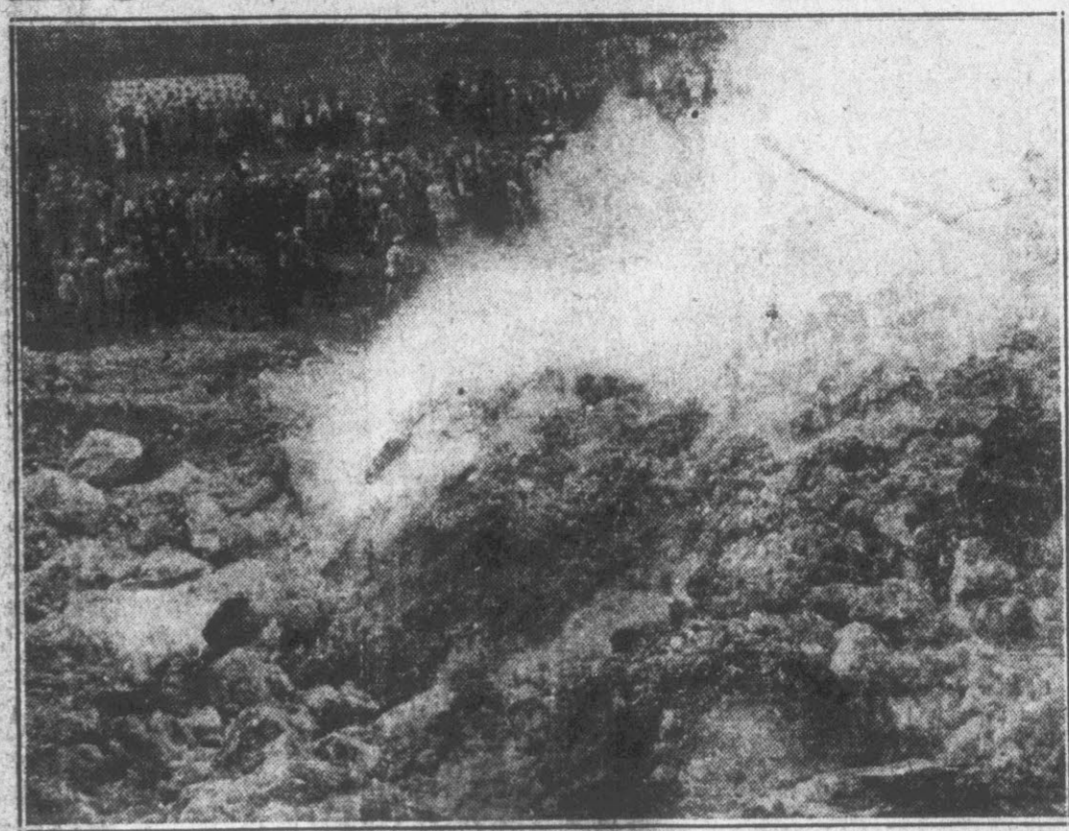

He is survived by his wife, one daughter, Virginia Dare; two sons, Linwood and Royce.

Roosevelts in London. London, Nov. 19.—(AP)—Theodore Roosevelt, his brother Kermit and Suydam Cutting, of New York, are busy in London consulting scientists and experts of the South Kensington Museum for information on the great unmaped Pamirs District of Southeastern Asia which they will shortly explore under the auspices of Field Museum of Chicago.

It is impossible to say how long the trip will take, but it will be a minimum of six months, said Colonel Roosevelt today.

The Roosevelt party will leave for Paris tomorrow whence the explorers' wives will return to the United States. The men will continue to Marseilles embarking on November 23rd.

WHEN LAVA FROM MT. ETNA BURIED TOWN

Smoking lava streams engulfing the city of Mascali, Sicily, where homes of nearly 10,000 inhabitants were destroyed during the eruption of Mt. Etna.

M. L. BRILEY DIES IN WRECK NEAR CLINTON

Local Man Killed When His Motorcycle Crashes Into Automobile at Turkey.

M. L. Briley, 28, fatally injured when the motorcycle which he was riding crashed into an automobile at Turkey, a few miles from Clinton, died at a hospital in Fayetteville yesterday afternoon about two o'clock. Mr. Woodall, electrician at the McGowan Battery and Parts Co., who occupied the motorcycle with Briley at the time of the crash, suffered a broken thigh and other injuries of a minor nature.

The accident occurred while Briley was attempting to pass a cross road. A car cut across the corner of the road, forcing the motorcycle to crash into it. Briley and Woodall were taken to Clinton by a passing bus, and an ambulance carried them to a Fayetteville hospital where Briley died four hours later. The body of the young man was brought to Greenville last night by hearse.

Funeral services were conducted from Williams Funeral Parlors this afternoon at 2:30 o'clock, burial following at Parker's Chapel, about six miles from Greenville on the Paeotulus road.

Briley's body was badly broken up by the impact. He suffered a concussion of the brain, a broken leg and arm, and badly bruised face.

Briley was well known in Greenville. He was engaged in automobile repair business and was known among his many friends as "Rabbit".

Pall bearers this afternoon were: Active—Johnny Murphy, Rat Rountree, L. A. Randolph, George W. Gardner, Earnest Dudley, Russell Corbett, Red Brown, Wash Patrick.

Honorary—Preston Pierce, T. T. Hollingsworth, Mr. Hudler, D. M. Sellers, Rev. Stubbs, Dr. Zeno Brown, Mr. Skittlethorpe, Leon Fleming, J. L. Jones, J. L. Whichard, E. V. Butler, Hope Fire Company, W. H. Bradsher, Red Corbett.

Woman Admits Killing Aged Lady

Wickliffe, Ky., Nov. 19.—(AP)—Miss Lizzie Boudreaux, 40, in jail here today on a charge of murder, has admitted to authorities that she was responsible for the death yesterday of Mrs. Annie Thornton, 65, whose body was found severely mutilated with an axe, and she refused to assign a motive for the crime.

The body of the aged woman was found about 3 o'clock in the afternoon by Henry Leach, her son, and less than half an hour later Mrs. Boudreaux was arrested while attempting to board a boat for Cairo, Ill.

CHAIN DRUG STORES ENTITLED TO LICENSES

Washington, Nov. 19.—(AP)—Corporations operating chain drug stores were declared by the Supreme court today to be entitled to licenses, notwithstanding State laws providing that the owners of such stores must be registered pharmacists. The court declared a Pennsylvania law of that nature invalid and unconstitutional.

Refuses Verdict Of "Not Guilty" In Stewart Case

Washington, Nov. 19.—(AP)—Justice Jennings Bailey refused today in District of Columbia Supreme Court to direct a verdict of not guilty in the perjury trial of Robert W. Stewart, chairman of the Standard Oil Company of Indiana, as requested by the defense.

The defense had requested the directed verdict on Friday when the government concluded presentation of its case against Stewart who is charged with having falsely sworn before a senate. Stewart, whose committee had no knowledge of bond transactions of the Continental Trading Company of Indiana.

Stewart's counsel argued that the government had not supported its charges in the testimony of members of the senate committee and the official record of Stewart's appearance before the investigators.

The decision requires the defense to present its own side of the case, and it called Stewart himself to the stand.

Believe Woman Lured Gambler To His Death

New York, Nov. 19.—(AP)—Indefinite reports that Arnold Rothstein, wealthy gambler, had been lured to death by a woman aroused curiosity today as to whether the police had obeyed Mayor Walker's ultimatum to establish further facts in the case.

Newspapers said that Mrs. Ruth Keyes, who was registered at the Park Central Hotel when Rothstein was fatally shot in a room there, had been sought by New York detectives in Chicago and Detroit. One newspaper said it was reported that she had been in communication with the district attorney here and had promised to appear for questioning.

SNOWSTORM INTENSIFIES SUFFERING IN FLOODED AREA OF THREE STATES

Kansas City, Nov. 19.—(AP)—Snow fell generally over the flooded areas of Kansas, Missouri and Oklahoma today, intensifying the suffering and hardship of thousands of persons driven from their homes by overflows which followed an unprecedented November downpour.

With the known toll of dead and missing standing at a dozen, additional lives were endangered by possible outbreaks of disease expected to follow the severe climatic change which held the temperature in the lower thirties.

National and local relief agencies throughout the flooded section have joined to aid in rehabilitation of the victims, many of whom will be hard put to readjust their living conditions before the advent of severe winter weather.

The property damage runs into the millions, the principal loss being to crops, livestock and flooded homes and business buildings in widely scattered sections. Railroad companies suffered heavily through damaged roadbeds and bridges, which caused a two-day annulment of trains on many roads.

With the crest of the flood passing from Central and Northeastern Kansas uplands the danger was increased in southeastern Kansas where much of the turbulent

HOOVER PARTY HAS ARRIVED AT SAN PEDRO

Naval Authorities Fire 21-Gun Salute When President-Elect Sails For South America.

San Pedro, Calif., Nov. 19.—(AP)—Herbert Hoover arrived here at 9:40 o'clock this morning from Palo Alto and went immediately aboard the battleship Maryland for his good will trip to South America.

The President-elect was met at his train by Admiral William V. Pratt, commander in chief of the Pacific Coast Battle Fleet and a group of other naval officers who escorted him to the Admiral's launch which put off immediately down the bay to the battleship. Five minutes later there were a series of booming blasts and various battleships in the harbor fired the presidential salute of 21 guns.

San Pedro, Calif., Nov. 19.—(AP)—Although Herbert Hoover does not assume the office of chief executive of the United States until March, naval officers arranged to honor him with a Presidential salute of 21 guns when he sails aboard the battleship Maryland today on his good will tour of South and Central America.

Attracted as nearly like a private yacht as a battleship can be, the Maryland and her honor escort of six destroyers awaited the coming of the Hoover party.

President-elect Hoover, accompanied by Mrs. Hoover and Ambassador Henry P. Fletcher, will be surrounded on shipboard by an official party of more than two score persons for whose accommodations the Admiral's suite and a score of junior officers' quarters on the dreadnaught were vacated.

Value of U. S. Mineral Output Is \$6,000,000,000

Washington, Nov. 19.—(AP)—The United States is producing minerals with a value of \$6,000,000,000 annually and is finding employment for a million workers in mines, quarries, coke ovens and metal plants. The figures were made public today by Scott Turner, Director of the Bureau of Mines, in connection with his annual report of the year's activities.

About 2,800 men are killed and 200,000 year injured in maintaining the output, and Mr. Turner described at length the continuing effort of the government, by mine rescue cars, by studies above and below the surface, to reduce the life and limb cost of the minerals.

Mr. and Mrs. J. Payne, and their three-year-old child were drowned near Hartsboro, Okla., last night while fording Bushy Creek in a wagon. The family was returning to its home in Arkansas after close of the Oklahoma cotton-picking season. Mrs. Payne's body was in only one recovered.

Mrs. Grace Tucker stepped from the porch of her inundated home at Wellington, Mo., Saturday and drowned. Three other persons, one here and two in southeastern Kansas, had previously lost their lives.

Relief operations here were well organized yesterday as the swollen Blue River, which drove 300 families from their homes and caused big industrial property damage, returned to its banks. The victims were cared for in the city after having been warned not to return to their homes until sanitation measures had been effected.

BRING RADIO INTO VESTRIS INVESTIGATION

British Owners Deny They Caused Captain Carey To Delay S. O. S. Calls.

New York, Nov. 19.—(AP)—In behalf of the owners of the British steamship Vestris that they caused the captain to delay S. O. S. calls focused attention today on radio messages obtained by Federal Attorney Charles H. Tuttle, who is conducting an inquiry into the disaster.

David Cook, vice-president of Sanderson & Son, American agents of Lamport and Holt, issued this statement:

"We had no message from Captain Carey until after we had asked him what was his trouble. The first we knew of any trouble on the Vestris was about 10:15 Monday morning (Nov. 12) when somebody at Station W O R called us up to ask if we had heard the S. O. S. the Vestris was sending out and which their station was picking up. I immediately rang up the radio Marine Corporation and asked them for details which they gave me. I then instructed them to send a wireless to Captain Carey asking him what his trouble was and his reply was the first communication we had from him. United States Attorney Tuttle is wasting his time trying to unearth some message between Captain Carey and me before the S. O. S. was sent out."

Mr. Tuttle has subpoenaed the radio files of merchant ships, including the Voltare, of the Lamport and Holt Line, which was the nearest of its ships to the Vestris when she sank. He also has obtained navy records of all radio messages concerning the Vestris.

The S. O. S. call was sent at 10 o'clock last Monday morning. Charles Veohre, third radio operator of the Vestris, testified last week that a preliminary distress message, saying "we may need assistance," was sent to all ships about 8 or 9 o'clock Monday morning. A similar preliminary distress message, he said, might have been sent even before 8 p. m. Sunday, but later he testified he believed the message was the only one of the sort sent.

John Bord, a negro stoker of the battleship Wyoming, was quoted in dispatches from Norfolk, Va., as saying that the Vestris was unable to reach the Voltare by radio and so reported to the line, which then notified Captain Carey that it would notify the Voltare to go to his assistance. Bord said the officers and crew of the Vestris did not believe the boat would sink, but thought that she would have to be towed in and wished the Voltare to do this in order to save salvage fees.

New Emperor Of Japan Continues Worship Of Diety

Kyoto, Japan, Nov. 19.—(AP)—To the fountain head of the worship of his great ancestors, Amaterasu Omikami, the sun goddess, Hirohito, the newly enthroned Emperor of Japan, journeyed today to worship again in the presence of the spirit of this deity from whom he and his 123 predecessors are believed to have descended.

Accompanied by his consort, Empress Nagako, by other members of the Imperial family and by the ranking officers and ritualists of his court, the Emperor made the short train journey from Kyoto this morning to the twin villages of Uji-Yamada, in the ancient province of Ise (pronounced Ee-say) near which the sun goddess' shrine is. The Japanese designate this focal point of Shinto, their national religion, simply as the great shrines.

The sovereigns will stay in the temporary Imperial lodge at Yamada until Thursday when they return by train to Kyoto.

Value of U. S. Mineral Output Is \$6,000,000,000

Washington, Nov. 19.—(AP)—The United States is producing minerals with a value of \$6,000,000,000 annually and is finding employment for a million workers in mines, quarries, coke ovens and metal plants. The figures were made public today by Scott Turner, Director of the Bureau of Mines, in connection with his annual report of the year's activities.

About 2,800 men are killed and 200,000 year injured in maintaining the output, and Mr. Turner described at length the continuing effort of the government, by mine rescue cars, by studies above and below the surface, to reduce the life and limb cost of the minerals.

Mr. and Mrs. J. Payne, and their three-year-old child were drowned near Hartsboro, Okla., last night while fording Bushy Creek in a wagon. The family was returning to its home in Arkansas after close of the Oklahoma cotton-picking season. Mrs. Payne's body was in only one recovered.

Mrs. Grace Tucker stepped from the porch of her inundated home at Wellington, Mo., Saturday and drowned. Three other persons, one here and two in southeastern Kansas, had previously lost their lives.

Relief operations here were well organized yesterday as the swollen Blue River, which drove 300 families from their homes and caused big industrial property damage, returned to its banks. The victims were cared for in the city after having been warned not to return to their homes until sanitation measures had been effected.

JOHN EARLY TO RETURN HOME SOON

North Carolina Leper To Be Released From Louisiana Institution Shortly.

Washington, Nov. 19.—(AP)—John Early, the leper, whose love for his native mountains of North Carolina gave health authorities much trouble and newspapers much copy, is going home again.

But this time goes, not as a fugitive from lepers' asylum, but with the benediction of the authorities. The United States public health service has announced that Early has "recovered" and will be released some time in November from the National Leper Home in Carville, Louisiana.

And remembering the time when the burial service was read in English churches over lepers after the dread malady was discovered, those at the leper home still suffering from the disease, will send Early out with ceremonies symbolic of the joy of menaces doomed who have in prospect a reprieve that seems lasting.

The public health service terms Early's case "another triumph in modern medicine." Although he bears no scars of the disease, he is believed to be well. Periodic tests will be made, but there seems scant danger of a relapse. The health service reports that since 1921 only one leper discharged from the Carville institution as cured suffered a recurrence of the disease. During the last 16 months 24 patients have been discharged from the leper home as men sound and whole again.

Although Early's frequent escapes from institutions where he was confined caused vexation at the time, health authorities seemed inclined to think that his absences without leave were for the best. They credit him with creating sentiment that aided in passing the law placing lepers under the care of public health service and also credit him with keeping the country aware of the fact that it had a leprosy problem.

The treatment of leprosy is tedious, the health service said, and the injection of chaulmoogra oil, used in treating the malady, at one time caused excruciating pain. That might have had something to do with the mountaineer's flights from leper institutions.

He made an unauthorized appearance in Washington in 1923 and registered at a downtown hotel but he caused his greatest stir in 1927 when he fled back to his home near Tryon, N. C., and procured a license as insurance against more confinement. Residents of the section petitioned the surgeon general to suspend the federal law governing the segregation of lepers and to let the man spend his days in self-imposed isolation in a section of the North Carolina hills. The petition, habeas corpus proceedings and Early's rifles did not keep him from going back to Carville.

Treatment resumed again but it was not as painful as it had been. Health service physicians had devised a way of mixing an anesthetic with each dose of Xhaulmoogra oil. Early stayed and the health service in its announcement said he "now has his reward."

Tacoma, Wash., Nov. 19.—(AP)—John Early's successful fight against leprosy began here 17 years ago. The announcement from Washington of his "recovery" recalled to Tacoma's the spectacular features of his removal from Tacoma to isolation at the marine detention hospital at Port Townsend, Wash., and subsequently his travels across the nation in a box car, from which he escaped in Kansas.

Early was a Spanish-American war veteran and he told a Tacoma reporter, who interviewed him at his farm 17 years ago, that he had contracted leprosy while in Philippine service.

Though the effects of the disease was living with his wife and one or two small children, and was trying to work out an existence of a small farming tract.

Spanish-American war veteran organizations became active and succeeded in isolating the case when H. Tausan, a deputy in the county government took charge. George treasurer's office, active on a veteran's committee which investigated, subsequently was married to Mrs. Early after the government had repatriated the man from his family.

GOODWILL SHIP AND ITS COMMANDING PERSONNEL

Quarter deck of the U. S. S. Maryland on which President-elect Herbert Hoover and his distinguished party will travel to Central and South America, with inset view (upper left) of part of the admiral's quarters that Mr. Hoover will occupy. Latest picture of the President-elect appears at the right, while at the left are Captain, Victor A. Kimberly, commanding; Commander Alfred W. Brown, executive officer, and Lieutenant Commander Mervyn S. Bennion.

Singer And Cop Held In Diamond Smuggling Case

New York, Nov. 19.—(AP)—The singing steward of the Cunard liner Berengaria, who has been heard in many concerts, church programs and over the radio, and a policeman whose boat was along the Cunard docks were under charges of diamond smuggling today.

The steward, William Ballyn, chief of the Berengaria's force, was arrested when two packages of diamonds, valued at several thousand dollars, were discovered in his stateroom. He implicated the policeman, Traffic Officer John T. McIntyre, who he charged, was the go-between for the smugglers. McIntyre, who was free on bail, said he had known Ballyn for years but denied any knowledge of the diamond smuggling.

Customs officers apparently were working on advance information in Ballyn's case as they went immediately to his room on boarding the liner and found gems. Sixty officers searched all rooms in the Berengaria, including the captain's, even the pockets of suits in his wardrobe.

For months in an effort to stop smuggling of gems all big liners such as the Berengaria, Leviathan, the Olympic and others have been searched from the captain's room to bosun's locker.

OLDFIELD REPORTED IN CRITICAL CONDITION

Washington, Nov. 19.—(AP)—The condition of Representative Oldfield, of Arkansas, who underwent an operation Saturday morning, was described as "very critical" today. Hospital attaches said he had spent a bad night. The operation was for a gall bladder disorder.

American Widow Marries Prince

London, Nov. 19.—(AP)—An Exchange Telegraph dispatch from Berlin quotes the newspaper Die Welt Am Montag as saying that a wealthy American widow named Eitel Friedrich, second son of the former Kaiser.

A month ago there were rumors that Mrs. Sielcken-Schwarz of New York, was to marry Prince Eitel Friedrich and she issued a denial saying:

"You may deny all stories of my engagement, marriage or intention to marry Prince Eitel."

Mrs. Sielcken-Schwarz was born in Brunswick, Germany, the daughter of the late Paul Isenberg, a sugar grower in the Hawaiian Islands. Her first marriage to Adolph Wendroth in Bremen in 1898 was ended by a divorce three years later.

She married Herman Sielcken, a coffee merchant of New York and Baden-Baden, Germany, in October 1913 and he died in October, 1917. In 1922 Mrs. Sielcken married Joseph Schwarz, Russian baritone, who sang with the Chicago and San Francisco Opera Companies. He died in 1926.

She is reputed to be worth nearly \$5,000,000.

Dr. George Harding Dies At Santa Ana

Santa Ana, Cal., Nov. 19.—(AP)—Dr. George Harding, father of the late President Warren G. Harding, died here this morning as the result of a paralytic stroke last Friday. He was 85 years old. Dr. Harding came here two weeks ago from Marin, Ohio, to spend the winter.

Dr. Harding who had looked forward to a season among some of his old comrades, civil war veterans whom he sometimes treated, was unconscious much of the time after the stroke. The paralysis affected his entire right side and his vocal organs. In the few conscious moments he had after the stroke, he was unable to speak.

Mrs. Harding and a daughter, Mrs. Carl Volaw, of Washington, D. C., were at the bedside, as was Mrs. E. E. Remsburg, a sister, at whose home he had been staying.

It was announced that funeral services would be held here and that the body would be sent to Ohio tomorrow for burial.

GENERAL BOOTH'S CONDITION UNCHANGED

London, Nov. 19.—(AP)—General William Bramwell Booth, commander of the Salvation Army, passed a fairly good night. His condition this morning was unchanged.

VICTIM OF VESTRIS TRAGEDY PROMOTED

Tokyo, Nov. 19.—(AP)—Major Yoshio Inouye, counsellor at the Japanese embassy at Buenos Aires, who was drowned in the sinking of the Vestris, has been posthumously promoted to lieutenant-colonel.

WEATHER DEPARTMENT GIVES STORM WARNING

Washington, Nov. 19.—(AP)—The weather bureau today issued the following storm warning:

Advisory southwest storm warnings 10:30 a. m. Virginia Capes to Boston. A disturbance now central over eastern Kentucky will move northeastward with increasing intensity and be attached by increasing south or southwest winds becoming strong and shifting to north west near Virginia Capes early to night and near Boston Tuesday morning.

TRY WANT ADS

HUNDRED CASUALTIES IN CHINESE DEMONSTRATIONS

London, Nov. 19.—(AP)—A Reuter dispatch from Nanking, China, today said that there were semi-official reports of more than one hundred casualties during suppression of recent popular demonstrations in Harbin, Changchun and Tsingihar, Manchuria, in favor of hoisting the Nationalist flag in the three eastern provinces. The capital of the Chinese Republic was stated to be much perturbed by the reports.

It appeared that the local Gendarmes fired on crowds and tore down Nationalist flags.

MISS W. L. WOOTEN ENTERTAINS

Complimentary To Miss Forbes, Bride-Elect.

Mrs. W. I. Wooten entertained a large number of friends on Friday afternoon at one of the most prettily appointed receptions of the season, in honor of Miss Ernestine Forbes, November bride-elect. The handsome Wooten home on Greene street was beautifully decorated for the occasion with profusions of pom-poms and yellow chrysanthemums. The glowing open fires shed a cheerful radiance over the scene. As the guests arrived, they were greeted by Mesdames L. G. Cooper and J. B. James. Mrs. W. E. Hooker and Mrs. M. K. Blount showed them to the receiving line. In the receiving line were the hostess, Mrs. Wooten, the bride-elect, Miss Ernestine Forbes, Mrs. J. L. Wooten, Mrs. E. G. Flanagan, Mrs. H. L. Coward, Mrs. George Stone, Mrs. W. A. Lillycrop, Mrs. D. M. Clark, Mrs. E. L. Hillman, Mrs. Tom Washington, Mrs. J. L. Lawshe, Miss Ida Wiggins, Mrs. E. T. Dickinson of Wilson, and Mrs. Charles Laughinghouse of Raleigh.

Mrs. J. L. Fleming and Mrs. J. L. Hassell showed the guests to the dining room and at the dining room door Mrs. J. H. Blount and Mrs. Frank Wilson received them. The table was especially attractive with a cover of flet lace, silver holders with yellow candles, and a centerpiece of large yellow chrysanthemums. Mrs. B. S. Warren and Mrs. E. B. Pace were seated at either end of the table and served frozen salad from silver platters. They were assisted by Mrs. W. H. Bradsher, Misses Louisa Hooker, Ada James, Margaret Fleming, Christine Johnson and Nancy Lawshe of Wilson, in serving Pitt county ham, beaten biscuits, pickles, saltines and salted nuts. Mrs. S. T. White and Mrs. L. W. Gaylord showed the guests from the dining room to the living room. Receiving in the living room were Mrs. J. S. Barr, Mrs. E. B. Picklen and Mrs. J. L. Little. Mrs. Person Nicholson and Mrs. John Flanagan presided over the register. Mrs. R. C. Stokes, Jr. and Mrs. J. Knott Proctor showed them to the coffee room, where Mrs. W. H. Rogers, Jr. and Mrs. E. S. Williams poured coffee. They were assisted in serving coffee and of evacuating straws by Mrs. June Rose, Miss E. W. Hellen, Mrs. W. W. Lee that Gertrude Miss Jessie Moyer and the war. Mrs. Luther Herring and Mrs. E. Forbes showed the guests minister from the coffee room and bade in five them adieu.

The public is cordially invited to attend the mass meeting of the Salvation Army in the court house at Greenville, N. C., on Thursday evening, Nov. 22nd, 1928, at 7:30 p. m. Hon. F. C. Harding will be the principal speaker of the evening. Subject, "To explain the work of the Salvation Army and the great good it will be to the community." Also an address by Brigadier General Arthur Hopkins, of Charlotte, N. C. Everybody welcome. 19-31

AMERICAN LEGION TO MEET TUESDAY EVENING

The Pitt County Post of the American Legion will meet Tuesday evening at seven o'clock at the Rotary club building. A special program will be given.

MRS. PROCTOR ENTERTAINS FOR MISS FORBES

Mrs. J. Knott Proctor was a charming hostess at bridge Saturday afternoon, honoring Miss Ernestine Forbes, who will be married next week. Quantities of yellow chrysanthemums were used in decorating the rooms where five tables were placed for bridge.

Following a number of spirited games, the hostess, assisted by Mrs. K. B. Pace, served a delicious frozen salad course. Miss Forbes was presented with silver. Novelty prizes were given Miss Mary Warren for high score, and Miss Ada James for second high score.

House Furnishings Meetings. Miss Helen Estabrook, state house furnishing specialist, will be in the county for club meetings Monday, Tuesday and Wednesday of this week. The meeting Monday will be held at the home of Mrs. George Dail, Jr., at Renston. Tuesday the Winterville meeting will be held with Mrs. O. H. Jackson in Winterville, and the Pierce meeting will be held Wednesday afternoon in the Pierce community house. Miss Estabrook's subject for each meeting is "Building the Room." You are cordially invited to attend any one of these meetings.

Turkey dinner, 75c; chicken salad lunch, 50c; served in basement of Memorial Baptist Church, Thursday.

Celebrates First Birthday. Mrs. T. H. Sawyer delightfully entertained a number of little folks Friday afternoon from 4 until 5 o'clock to celebrate the first birthday of her little daughter, Minnie Mae.

Childish games and merry-making were enjoyed by the children, after which refreshments were served in the dining room. The table was artistically decorated with a cake with one candle burning, used as a centerpiece. Little Minnie Mae was the recipient of many pretty toys. Those enjoying this lovely little party were Virgil Corey, Mattie Lawrence and Elizabeth Holliday, Louise Tingle, Marguerite Rogerson, Berneice Jenkins, Russell Rogerson, Eugene Tingle.

Mr. Woolard Celebrates Birthday. On Sunday, November 18, the children, grand children and great-grand children of Mr. W. K. Woolard arrived at his lovely country home to give him a surprise on his 71st birthday. The beautiful day and the autumn breeze seemed to harmonize with the happy occasion that filled each heart.

Early in the morning his son, J. H. Woolard, Mr. Baker and Rev. Howard called to take him for a drive, in a short time others of the family came, everyone very happy as well as busy. Soon a long table was placed on the lawn, where the baskets of good things to eat were being spread. The table was beautiful, decorated with autumn flowers and a lovely birthday cake bearing 71 candles, with the word, "Father," in the center. The dropping of the beautiful leaves from the nearby trees helped in carrying out the color scheme.

By this time everything was ready. The families were arranged in groups at the table and just then our eyes spied the honored guest, driving in. He was greatly surprised to see the many cars which had filled the yard since he left. He was met and taken to his place at the head of the table. After greeting and being greeted he was then seated. By his right side stood his beloved wife, and on his left stood Rev. C. W. Howard of Kinston, a beloved former pastor who served his church eighteen years. He in his loving manner, made a beautiful talk in keeping with the occasion, both from father to children and children to father, which he closed with prayer and thanksgiving for the day and all it meant, after which everyone ate heartily and enjoyed the feast together.

From the table he was shown to the living room where he was asked to be seated in a lovely fireside chair that had been given him by his children. A letter was found on the chair that had been written by the children, assuring him of the great love and gratitude felt by them for what he had done for them and felt sure they would never be able to repay. This love letter was read by Rev. Howard.

On the right of the chair was a lovely smoking stand that was given by Mr. and Mrs. Baker, his brother-in-law. Another letter was found making an effort to express their love and what he had meant to them. This was also read by Rev. Howard. It is plain to see that Rev. Howard, beloved part in the celebration in helping to show our love and a testimony to his worthy life and wishing many returns of this happy day.

On the left side of the chair a table was filled with many useful gifts. After such a great surprise as this Mr. Woolard could hardly find words to express his heart, but the expression and smile on his face showed the deep gratitude he felt as he responded in a simple and impressive manner, disclosing that he did not know that he was loved so.

Mr. Woolard is one of Pitt county's most progressive farmers, to

which he has devoted his life. He is known and beloved by a wide circle of friends, and his influence has been felt not only within the family circle, but in the community as a whole. —Reported.

Get a turkey dinner, chicken salad lunch and supper Thursday with ladies of Memorial Baptist Church.

Announcement. Our store will be open every night until 9:00 o'clock until Christmas. This will enable those who find it inconvenient, to come to our store during the daytime to come at night. We will be glad to see you. Home Furniture Company.

Conference Chairmen To Meet. All chairmen, committees, and adult advisers of the Young Peoples' Conference that is to be held here December 4th, are asked to meet in the office of the Methodist Church tonight at 8:45. There is some very important business to come before the committee at this time. The time is drawing near for the plans to be definitely made. Each person named above is urged to be present tonight.

RED BANKS COMMUNITY ORGANIZES HOME DEMONSTRATION CLUB

On Friday afternoon, the 16th, Miss Ethel Nix, our county home demonstration agent, met with the ladies of the Red Banks community at the school house and organized a home demonstration club with 14 members; Mrs. O. L. Tucker, president; Mrs. L. W. Cherry, secretary; and Mrs. O. J. Kittrell, program committee.

Then we had a demonstration of stenciling pillow tops and table covers. The subject and date of the next meeting will be announced later. —Reported.

Round Table Club To Meet. The Round Table Club will meet Tuesday afternoon at 3:30 o'clock with Mrs. W. B. Tiltman.

Winterville Club To Meet. The Winterville Home Demonstration Club will hold its November meeting at the home of Mrs. O. H. Jackson, Tuesday afternoon, Nov. 20th at 2:30 o'clock. Miss Estabrook, a state house, furnishing specialist, will be present and give a demonstration in "Building a Room." We especially want visitors, and of course, we expect the membership to be present. Miss Estabrook knows her subject and will give something well worth your time.

HAMS—HAMS—HAMS Hurrah for Thanksgiving!

I was in Onslow County yesterday and secured fifty hams from Sheriff Walton, noted ham dealer in Onslow County. These hams are the finest I have ever seen and were probably the last of this fine ham to be found in the county. He had planned to take these hams to Raleigh Monday, but I was able to persuade him to let me have them for my customers in Greenville. He stated that he had customers in Raleigh and other sections of the state that preferred these fine hams to Smithfield or any other known brand.

These hams are indeed beautiful and delicious, and your Thanksgiving dinner will not be complete without one of them. As the supply is limited and we probably will be unable to get more, don't put off getting yours now.

Call or come to BILL ALLEN'S PLACE Grand Avenue and Virginia Street Phone 780-W.

For twenty years I have served many customers in and around Greenville and their insistence was responsible for my trip to Onslow County yesterday to secure these fine hams. (Adv.) Sat-Mon.

Old House Collapses.

Przemysl, Poland.—A house here survived bombardments during the great war and stood till it was more than 200 years old. Then it collapsed while most of the tenants were at church.

as I was born, a Daughter of the American Revolution." There is considerable sense in that remark. Once the facts are assembled which make one eligible to the organization, they can hardly be denied or refuted. It is no doubt a dangerous notion to spread abroad that there are many children of the American Revolution who are not identified with any special organization based on such qualification.

From all of which the satisfactory conclusion may be reached that in the long run neither blacklists nor oustings will be fatal to our national life.

TYRANNY

Belgrade, capital of Yugoslavia, reports: "All high school girls, even the daughters of cabinet members, are forbidden by an official decree to wear short skirts, rouge their lips, powder their noses, shave their eyebrows or wear their hair in masculine fashion. Offenders will be dismissed from the schools."

They are also required to wear black dresses and caps and submit to an examination every day to see whether they are obeying the order. The cruel government might have allowed at least a little powder for the nose, and white uniforms instead of black.

Will those tyrants at Belgrade get away with it? If so, law has more authority in Yugoslavia than in America.

ABOUT TOWN

"Good books are very necessary to the well-rounded life," said a well known Greenville man today. "For this reason we are hopeful as many persons as possible turned out to hear the lecturer at the high school this afternoon. He is familiar with the best books of the world, and offers much valuable information to those in search of knowledge."

"There are books and books in the world. One might read steadily for a lifetime without reaching half of them, therefore, the necessity of choosing those of the cultural variety. It is time lost to read something without an educative value, and everybody should be impressed with the importance of discriminating between the values of literature before reading is started."

"Missouri is a long way from Greenville, North Carolina, but not so far away as to prevent the people there from being interested in our tobacco market," declared a tobacco expert today. "A tobacco grower in a Missouri town is desirous of sending a shipment of his tobacco to the Greenville market, believing he will receive prices as high as anywhere in the country. That he will not be disappointed can not be questioned. This market has always had the reputation of paying highest market prices for all grades of tobacco, and especially is this the case this year."

"If you want to reach the people, use the columns of the Greenville Reflector," is the advice of the manager of the advertising department of this paper. "Developments on the Greenville tobacco market have been carried by the Reflector daily since the opening of the market. Not so long ago the supervisor of sales of this market received a letter from a tobacco planter in Missouri asking for information about prices here and about the advisability of sending a shipment of leaf for sale."

about the price situation on this market and believed he might probably receive more for his offerings here than any other section. "This goes to show that the Reflector reaches the people. If you have something you wish to tell the public about, try these columns. If you don't get results, then it is because our hundreds of readers do not happen to want what you have to offer, or there is something wrong with your proposition."

"Have you looked over the stocks of Greenville merchants?" queried a well known business man today. "We told him we had inspected some of them. "What do you think of them?" "We told him we thought they were the best ever displayed here before. "That's the truth. The showing here is superior to anything to be found in this section of the country, and will improve as the holiday season draws nearer. "Shoppers should not fail to visit the city during the next thirty days and see the hundreds of values which our business houses have to offer. Quality and prices walk hand in hand and will not fail to attract even the most discriminating buyer."

"Watch the label on your paper," advised the manager of the circulation department of this paper today. "If your time is about out, why not renew at once and be assured of receiving your paper without missing a single copy. "Reflector news reports are comprehensive and graphically portray the various happenings over the country. "Watch your label today and see that you are far enough ahead to insure you against missing some important news development."

Banks Sponsor Pig Club Work in Pitt

The Greenville Bank & Trust Co. and the National Bank of Greenville in co-operation with County Agent E. F. Arnold are offering a free trip to Richmond to one boy out of each school which enlists as many as five boys in feeding out as many pigs and shipping same to Richmond next march. The pigs will be started on feed December 1st.

The county agent will supervise the weighing in of these pigs and the boy who makes the best record in each school will be awarded the trip. The county agent and the State Club leader, Mr. Harrell, will go with the boys on this trip to see the hogs sold and to inspect the packing plant and other points of interest in Richmond. The boys will feed one or more cars of hogs to be shipped at this time.

The following schools have been visited and entered the contest: Winterville, with 85 boys interested; Ayden, with 17 boys; Renston, with 16 boys; Simpson, with 5 boys; Grimesland, with 16 boys; Stokes, with 45 boys; Bevoir, with 36 boys, and Fountain, with 26 boys, anxious to enter the club. It all depends on the attitude of their parents as to whether these boys get in the club or not.

Fifty of these boys have reported that they will have their pigs ready to weigh in the first week in December, which insures one car, and it appears that there will be no trouble in getting up a second. This will be the first co-operative car of hogs to be shipped from North Carolina by pig club boys. Last year the farmers shipped 10 cars of hogs co-operatively and the present prospects are that they will double their shipments next year. The planting of more corn for the purpose of feeding more pigs will add another cash income to the farms of Pitt county, and at the same time make the other cash crops more profitable in that the acreage will be reduced and the price increased.

DUKE MUSICAL CLUBS TO BE HERE TUESDAY

The Duke Musical Clubs in their concert at East Carolina Teachers College tomorrow evening, at 8:30 o'clock, will give a demonstration of what the college and universities are doing in musical activities. The three organizations taking part give a cross section of the musical life of the students of talent and training. The glee club, the symphony orchestra, and the jazz orchestra have in them approximately fifty men, some taking part in more than one club, and they are drawn from hundreds.

The Duke clubs have appeared in Greenville only once before, several years ago at the Greenville high school. The town should give these boys a royal welcome. Special rates are offered to the schools so that the girls and boys who are interested in musical clubs can see what college groups can do and what they have to look forward to when they go to college.

MONTHLY CLINIC AT GOLDSBORO NOV. 22

The monthly clinic which serves crippled children from the entire eastern half of the state will be held in Goldsboro at the Community House on Thursday, November 22 by the state orthopedic hospital at Gastonia. The clinic usually comes on the third Thursday of each month but Dr. O. L. Miller, chief surgeon of the hospital, who conducts the clinics, was attending the conference of the Southern Medical Association in Asheville during the past week. The clinic is held as a branch activity of the orthopedic hospital in order to make it possible for the crippled children of the eastern counties to receive treatment. In October, 86 crippled children were brought to the clinic for diagnosis and treatment. An important advantage of holding the clinic in the eastern section,

Blind Tigers Suffer Over the Week-End

Four blind tigers, said to be among the largest dispensers of contraband whiskey in this county, fell into hands of county officials over the week end, according to information issued from the office of Sheriff Sam Whitehurst today. As result of the raids, F. A. Ballance and son, of the Belvoir community, were out under bond today, charged with receiving and possessing whiskey. Sixty gallons of contraband whiskey was found on their premises during the raid. Twelve gallons of whiskey was taken at a filling station on the New Bern road Saturday night, resulting in the arrest of W. L. Moore, who is held under bond awaiting trial.

Negro Woman Killed When Auto Crashes Into Telephone Pole

Lucy Hansley, colored, was killed when the automobile in which she was riding crashed into a telephone pole on the western end of Dickinson avenue Sunday morning about six o'clock. Obey Batch, driver of the car, was confined in a hospital today, suffering from a broken arm and other injuries sustained in the wreck. Batch was attempting to re-arrange some baggage on the running board of the car when the emergency brakes became locked, causing the car to swing from the road into the telephone pole. The impact threw the woman against the pole, producing death almost instantly. The car was badly damaged.

Takes His Life Because Of Debt

Raleigh, Nov. 19.—(AP)—There are six new-made orphans in Raleigh today, the oldest 13 years old. Their father, Joseph Williams, employe of an ice company, cut his throat Saturday night. He told physicians that his wife had died a year ago, and that he decided to take his own life because he was \$1,000 in debt. After reaching the hospital, he changed his mind about dying and declared he wanted to live.

Argument Begins In Dr. Anderson's Case At Raleigh

Raleigh, N. C., Nov. 19.—(AP)—Opening arguments to the jury were made today in the case of Dr. Albert Anderson, superintendent of the State Hospital for the Insane, who was placed on trial a week ago on an indictment charging malfeasance in office. Walter D. Siler, Assistant Attorney General, consumed an hour in the first prosecution argument. He was followed by J. M. Broughton in the defense's opening speech. With several counts in the indictment eliminated by agreement, the jury was charged with returning a verdict based on the following charges: That Dr. Anderson worked Bob Green, a hospital employee, and some patients on his private property; that he used State purchased gasoline in the operation of his automobile for private business; that he exceeded his authority in collecting fines of inmates who violated the laws, and that Lafayette Parker and E. B. Ham, patients who died in the hospital, had been the victims of cruel treatment. Eight counts in the bill of indictment were eliminated because they charged offenses alleged to have been committed more than two years before the date of the indictment, which were therefore outlawed under the statute of limitations.

Mayor's Court

Monday, November 19th. Mayor pro-tem W. H. Bradsher Presiding. J. E. Forbes, driving automobile under the influence of liquor; bound over to county court under bond of \$100.00. GRID SEASON DRAWS NEAR CLIMAX TIME

By ALAN J. GOULD
(Associated Press Sports Editor)
New York, Nov. 19.—(AP)—The college football campaign approaches its big climax within the next two or three weeks with six of the seven major championship races still undecided.

In few recent seasons have the contests for sectional, as well as national honors, been as wide open affairs as this year with a dizzy succession of upsets to keep matters scrambled in the east, south and west.

Today, with the end of the gridiron grapple in sight, only Nebraska appears to have a firm hold on any sectional title. The Corn Huskers have been tied by Pittsburgh and play the Army this week in their quest for honors over a wider stretch of territory but need only to beat the Kansas Aggies to finish their Big Six Conference schedule with a clean slate of five victories. They figure to do so no matter how they fare otherwise.

The other sectional chases are all so close that most any kind of an upset will shift the standings.

Carnegie, fresh from a sensational victory over Notre Dame, heads the eastern parade, with only Boston College to rival the Tartans' unblemished record, but Carnegie must hurdle New York University this week to stay on top.

At myand Princeton, neither beat on nor tied by any eastern team, are prepared to enter into the argument while Pennsylvania is also ready to step up with a claim for recognition if anything should happen to Carnegie or Boston College.

Wisconsin has scaled the Big Ten peak over the prostrate teams of Iowa but the Badgers have their old foe, Minnesota, to play this week before they can make any definite claim.

Georgia Tech, Florida and Tennessee, also victorious in their latest tests and all with spotless records, hold their edge on Southern Conference rivals but Tennessee's one of the three to play this week, must beat Kentucky to stay in the running.

Texas had displaced Southern Methodist in the Southwestern Conference free for all but it will take the concluding battles of the season to settle this issue.

California and Southern California are deadlocked in the lead for the Pacific Coast Conference title but California risks its position this week in the annual classic with Stanford.

Utah has shown signs of slipping since taking a commanding lead in the Rocky Mountain Conference. The Utes were tied by Brigham Young in an upset Saturday and must trim Utah Aggies to stand off a strong closing challenge by Colorado University.

Strange Situation Develops In Fight On Southern Grids

By HORACE C. BENFAGE
(Associated Press Sports Writer)

Atlanta, Ga., Nov. 19.—(AP)—The downfall of the University of Chattanooga Moccasins has thrown the Southern Intercollegiate Athletic Association championship race into a strange situation—the two leaders of a week ago having suddenly taken unexpected bumps.

The strong golden jersey bands of Frank Thomas, after going through fifteen straight association opponents in two seasons, fell unexpectedly before a passing Mississippi college eleven Saturday 29 to 19. Pitt, star backfield man of the Clinton Indians, went into the game with his team trailing 19 to 7. He shot a 42-yard over head to put the ball on the one-yard line and then bucked it over and shortly afterward came back with another long fling to Lee for a touchdown.

It was a hard week for the leaders in very respect. Transylvania running along near the front with a perfect record, took a tumble at the hands of Georgetown College, 7 to 6. Oglethorpe, another previously unbeaten and untied team of the association race, fell before Presbyterian College by the popular one-point margin, 7 to 6. The goals after touchdown thus ruined the record of four previously unwhipped teams—Chattanooga, Western Kentucky, Transylvania, Oglethorpe, all losing by failure to kick the goals.

Birmingham-Southern, counterpart of Mississippi College a week ago, played its fourth tie game of the season, three of which have been against association teams. The Panthers played Spring Hill at Mobile to a scoreless draw.

Miraculous Escape
Harper's Ferry, W. V.—Having dropped from a bridge 50 feet into the Potomac in an automobile, four persons were only slightly hurt. They were Dr. Joseph C. Bloodgood, famous surgeon, his wife, a woman guest and the chauffeur. The car hit the water wheels first.

OLD TIME RIVALS MEET ON COAST

These stars will meet in the annual Pacific Coast conference gridiron battle between California and Stanford which will feature the football program for November 24. The game will decide whether California will share the 1923 coast championship with Southern California.

Football Races At a Glance

(By The Associated Press)
East—Carnegie, unbeaten and boasting successive victories over Pittsburgh, Georgetown and Notre Dame, tops list. Boston College one other team neither beat nor tied. Princeton's victory over Yale keeps Tiger's slate clean of everything except but ties. New York University, Pennsylvania and Army among other leaders, each suffering only one defeat so far.

Western Conference—"Big Ten," Wisconsin, undefeated but tied by Purdue, holds undisputed lead as result of victory over previously unbeaten Iowa team. Illinois, Ohio State and Iowa, each with one defeat, next in line.

Missouri Valley—"Big Six"—Nebraska, tied by Pittsburgh after being previously unchecked, remains at top in conference with four victories. Iowa State and Oklahoma improved standings with victories in latest conference games.

Southern Conference—Five teams remain undefeated but Georgia Tech, Florida, and Tennessee, each with five straight victories in conference play, have most impressive claims to leadership. Louisiana State and Virginia Poly also undefeated in conference competition.

Southwestern Conference—University of Texas, by victory over Texas Christian, has assumed lead with four victories and one defeat, followed by Arkansas and Southern Methodist, which was toppled from lead by Baylor.

Rocky Mountain Conference—University of Utah retains lead with three in conference upset. Colorado University in runner-up position through victory over Colorado College.

Pacific Coast Conference—Southern California, by trimming Washington State, keeps pace with University of California, each having three victories in conference race, no defeats and one tie, the result of their own scoreless deadlock. Stanford added Washington to victims and Oregon conquerer Oregon State.

Don't Neglect Your Kidneys!

You Can't be Well When
Kidneys Act Sluggishly.

GOOD health isn't possible unless your kidneys are properly removing the waste impurities from your blood.

For bladder irregularities and for the lameness, stiffness and constant backache due to sluggish kidneys, use Doan's Pills.

Doan's, a stimulant diuretic, increase the activity of the kidneys and thus aid them in carrying off waste impurities. Used and recommended the world over.

50,000 Users Endorse Doan's!
Harry E. Bruley, 306 W. 120th St., New York City, says: "I blame long hours of standing for making my kidneys act too freely. The secretions caused a burning pain. I occasionally had dizzy spells and felt sore, stiff and aching. I knew Doan's Pills were good and didn't delay long in giving them a trial. They soon drove away the trouble."

Eighteen Teams Remain Unbeaten

(By The Associated Press)
Led by Tennessee's powerful Southern Conference crew, 18 of the nation's college football eleven march toward the close of the current campaign with a defeat yet to be tallied on their records.

A week ago the list of unbeaten teams totaled 24 but Iowa, Bowdoin, Green, North Dakota, Canisius, City College of New York and Grove City, all met defeat during the week.

Of the 18 left, only eight have escaped one or more losses. The Connecticut Aggies, with four victories and three ties, are the only aggregation unscorred upon.

Man Plunges To His Death Down Elevator Shaft

Chicago, Nov. 19.—(AP)—An absent-minded professor plunged to his death down an elevator shaft yesterday, and the following notification was made in the coroner's report:

"Daniel J. Ellingsen, 41, 241 Smalley court, fell down elevator shaft, Chicago avenue police.

Ellingsen was the elevator man of an apartment at 14 Elm street. It wasn't much of a job for a man who had been graduated from three colleges in Norway, who was a post graduate alumnus of the University of Chicago, the holder of M. S. and M. A. degrees, a teacher of languages and an authority on the Bible. Not much of a job for a college professor; but even professors would eat, and in Ellingsen's case there were three motherless youngsters to be thought of, too.

Prof. Ellingsen got the elevator on four days ago. He had been an instructor of languages at Luther College, Decorah, Ia., until the course he taught were discontinued last year. He also taught at Clifton Lutheran College, Clifton, Tex.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Wolfpack To See Activity During Week

(By The Associated Press)
North Carolina State's Wolfpack Eleven is the only big eleven which will see action this week and the scene of combat for the Tebbel men lies in faraway Michigan as the pack will attempt Saturday to scratch, slash and slice its way to a victory over the Michigan Aggies in an intersectional battle.

The Wolfpack suffered its first defeat in two years at the hands of a North Carolina team when the accurate toe of Duke, registered two touchdowns after touchdowns to enable the Devils to beat the Wolverine 14 to 12. The game also was the first Duke ever won from State.

State, in spite of its loss, showed brilliant aerial attack, getting both of its touchdowns from heaves, and should be able to give the Aggies a tough tussle.

At Asheville, N. C., Davidson and Wake Forest showed unexpected to lead Wolfpack to a 7-7 tie Friday. The Deacons met Mercer at Asheville Thanksgiving.

North Carolina ran Davidson wild in the last half Saturday with an aerial bombardment which netted four touchdowns in two periods after an inspired Wildcat Eleven, playing before hundreds of old Grays, have taken a one-point lead in the second period. The Heels won 30 to 7 but Davidson played a stubborn foe through two and a half periods.

The outstanding achievement in the ranks of the smaller schools was the win of High Point over Newberry Friday. The Pointers finished the Indians 6 to 0 when "Coffey" Perdue added another touchdown to his total and thus became the first team in North Carolina to win over a South Carolina opponent this season.

Erskine, however, was doing its share for the Palmetto domain the same day by touching Catawba 45 to 7.

Eon's scrapping eleven suffered another defeat when the Wasps of Emory and Henry stung viciously and ran out a 37 to 0 victory.

Atlantic Christian College also suffered a severe drubbing but the Victor was another Carolina school, Lenoir-Rhyne, winning 25 to 0.

While State wages was alone for the day this week Lenoir-Rhyne and Guilford meet in the only battle scheduled for the other colleges, playing at Guilford Saturday.

Charges Attempt To Get Mistrial In Adair Case.

Gainesville, Ga., Nov. 19.—(AP)—Chas. W. Hager, United States District Attorney for the Northern District of Georgia, charged here today that an effort was being made by "somebody," presumably the defense, to cause a mistrial in the case of Forest Adair, Sr., and three other men charged with use of the mails to defraud in connection with operations of the Adair Realty and Trust company of Atlanta.

Informing that a petition had been filed in United States District court in Atlanta by defense attorneys for Mr. Adair and others, charging "interviewing, prejudicing the intimidation of jurors by agents of the Department of Justice or the District Attorney's office," Mr. Hager said:

"Somebody," presumably the defense, induced or employed the former sheriff of Jackson county, "Big Foot" Ben Collier, to bribe or entice enough of our jurors to cause a mistrial of the case. We learned of their efforts and sent a department of justice agent there and the former sheriff not knowing who he was proceeded to offer a bribe to a juror in his presence and went

COLLEGE GIRLS FORM FLYING CLUB

Organization of a flying club for co-eds of the University of California, southern branch, has been effected in Los Angeles by Betty McCall and four followers. The girls have made their first student flights.

to five other jurors.
"If a proper investigation is made it will be found that the whole affair was hatched out in the State capital in Atlanta. The former sheriff probably is not the only one who will be arrested when our investigation has been completed."
Mr. Hager declined to amplify the statement, or its reference to the State capital.

Viscountess Grey Dies in London

London, Nov. 19.—(AP)—Viscountess Grey is dead at the age of 57. The second wife of Viscount Grey of Fallodon, former secretary for Foreign Affairs, died after a sudden illness at her home at Wilsford Manor, Salisbury.

The Viscountess was the former Pamela Wyndham, one of the three Wyndham sisters whom John Singer Sargent immortalized in one of his greatest pictures. She was a talented writer and was a believer in spiritual manifestations recorded in a book "The Eastern Vessel". What she claimed were spirit messages from her eldest son by her first marriage who was killed in the war. She was first married to Lord Glenconner, who died in 1920.

Viscount Grey's first wife died in 1906. He married Lord Glenconner's widow in 1922.

New Floodlight Device.
Pittsburgh, Pa.—A device for turning on flood lights at an airport by means of a siren on an airplane has been demonstrated successfully. An "electric ear" picks up the sound waves and transmits them to an apparatus which turns on the lights.

"I'd rather have a Chesterfield"

Mild enough for anybody... ...and yet they Satisfy*

*It is easy to tell you what Chesterfield is not. It is not strong, nor irritating, nor over-sweetened—nor is it flat or tasteless or insipid.

To tell you what it is, we just say, "Mild enough for anybody, and yet... they satisfy." And not our claim, but your own taste, supplies the proof!
