LEAF MARKET PASSES SIXTY MILLION MARK

MARKET SUSPENDED SALES TODAY FOR OBSERVANCE OF THE THANKSGIVING SEASON

Sales To Be Resumed Monday Morning; World's Record Shattered By Four Sets Of Buyers In Handling Over Million Pounds Of Tobacco Daily.

Season sales on the Greenville tobacco market yesterday passed the sixty million pound mark, according to official report of sales made public this morning by K. W. Cobb, supervisor of sales. The exact figures were given at 6,002,666 pounds. For this amount of leaf the market paid out to the farmers \$12,553,266.79. The average was \$2.12.

The market closed this afternoon for the Thanksgiving holidays and sales will be resumed Monday morning. It was stated that there was only a small amount of leaf on the floors of the nine warehouses today with indications that sales would be completed by the noon hour.

The market yesterday sold 659,882 pounds of tobacco for a total sum of \$1,553,939.53. The general average for the day was given at \$2.35. The quality of leaf yesterday was not as good as the day before and the general average, therefore, was not as high.

Reaching the sixty million pound mark by Thanksgiving day was a source of considerable gratification on the tobacco market yesterday. This places the market within ten million pounds of the goal set for the entire season, and hope was expressed that the amount would be reached by the closing of the season.

The Greenville market has shattered many price records this season, but the achievement of the tobaccoists are most proud of is that of selling over a million pounds of tobacco daily since the opening of the early part of September. The handling of this enormous amount of tobacco by thousands of buyers is considered almost a superhuman effort and the market is given credit for hanging up a world's record in this respect.

To accomplish this monumental task the four sets of buyers representing the largest tobacco concerns of the world, were forced to work with extreme rapidity and until late in the day virtually the entire first part of the season. They did this in a way that not only won the unstinted praise of members of the Tobacco Board of Trade, but the thousands of farmers who sell here from day to day throughout the season.

While Greenville has many records to its credit, occupying as it does the position of one of the largest and brightest leaf selling centers of the world, it is prouder of this selling feat than anything it has done in its history. Everybody on the market had part in the achievement, but no one denies the fact that the chief honor goes to the untiring efforts of the buyers who stood by their posts like the veterans they have proven themselves to be. It is seldom the efforts of any single body of men stand out with such prominence on a tobacco market, but the record of the Greenville buyers is so pronounced that every tobaccoist in town feels like tossing his hat in the air and yelling until the sore throat stops him.

The market will reopen for business Monday morning and from then until Christmas, the biggest part of the necessary ten million pounds for the seventy million goal is expected to be handled. Some are rather dubious about reaching the goal, but the majority feel like they will get within striking distance anyway. And if they get that close it will be a small matter to fall across the goal line.

Pioneer Airman Dies At London

London, Nov. 28.—(AP)—The field of motoring and aviation lost one of its pioneers last night when Frank Hedges Butler died at the age of 72.

Mr. Butler enthusiastically supported motoring and was greatly attracted to ballooning. He founded the Royal Aero Club in 1901 and won the club's first three balloon races. He was a friend of Wilbur Wright with whom he made several airplane flights.

\$30,000 For Tar And Pamlico Rivers

Washington, Nov. 28.—(AP)—Allotment of river and harbor funds announced today by the War Department included \$30,000 for the Pamlico and Tar Rivers, North Carolina; and \$2,500 for the waterway on the coast of Virginia.

NO REFLECTOR TOMORROW

Carrying out our regular custom of Thanksgiving observance, there will be no issue of The Reflector tomorrow.

TWO HELD FOR SLAYING AT OMAHA TODAY

Hatchet Man Case Becomes Knotted With Admission of Negro, Holding of Another.

Omaha, Neb., Nov. 28.—(AP)—Hues to Omaha's "Hatchet Man" mystery were knotted today with the admission of one negro that he perpetrated the three slayings of last week and the "positive" identification of another negro by Mrs. J. Harold Strubling as the man who hacked her and her husband to pieces in Spokane, Wash. Elmer Williams had told police that he was the "hatchet man". He offered a general description of the locality where Mrs. Walter Resco and Miss Gretta Brown were killed, but declined to expand his confession until a word was received from Omaha.

Meanwhile, Jake Bird, the second suspect who was seized here, was held in jail at Glenwood, Iowa, following his appearance yesterday before the hospital bed of Mrs. Strubling, the fifth and last victim of the hatchet man's assaults.

Bird was identified "as sure as here is a God in heaven," by Mrs. Strubling.

Spokane, Wash., Nov. 28.—(AP)—Elmer Williams, 24-year-old murderer, who said he was the widely sought Omaha "hatchet slayer," was held incommunicado here today pending word from Nebraska authorities who may come here to view the suspect.

Mrs. Walter Resco and her sister, Miss Gretta Brown and J. W. Smeadman, were killed by a hatchet murderer in Omaha on November 18 and 19. Williams told officers he killed both the women and was responsible for attack on Mrs. G. H. Strubling.

Williams was taken into custody when he asked two newsmen to write a letter, and then began dictating a note to the Omaha police in which he declared Bird was "an innocent party". At that juncture one of the newsmen summoned an officer.

His confession followed communication with Omaha police over long distance telephone, during which conversation Williams was allowed to converse with the Nebraska police. He said he had escaped from a feeble-minded institution at Beatrice, Neb.

TWO KILLED IN PISTOL BATTLE

Karnes City, Tex., Nov. 28.—(AP)—E. W. Williams, Karnes City, and Hy Mays, of Kennedy, Tex., were dead today the victims of each other's bullets.

The shooting occurred at the Williams home here Monday when Mays interfered with an argument between Williams and his wife.

Williams is survived by his widow and six children. Mays by his widow and two children.

Hot Dogs Go Up
New York—Hot dogs at several popular downtown eating places have gone up from 5 to 6 cents.

ROGERS CASE IS BAFFLING TO KENTUCKY

Disappearance Of Pretty Young Widow Still Investigated By Police.

Louisville, Ky., Nov. 28.—(AP)—The Rogers case—a mystery in which Mrs. Ella McDowell Rogers, pretty young widow, vanished from her apartment in the fashionable Cherokee park residential section on the night of October 7—continued to baffle police today as detectives resumed an investigation which has been under way for weeks.

Officers who have exhausted themselves in investigating a multitude of rumors and reports, are awaiting the result of a chemical examination of chalky substance scraped up in the furnace pipe leading to Mrs. Rogers' apartment. Investigators think this substance may be the remains of incinerated bones.

In further support of the belief that Mrs. Rogers was slain and her body disposed of in the apartment, officers have delivered to a chemist two furnace grate bars and a wrench, found in the basement of the apartment. The chemist has been asked if there are blood stains on the articles.

A recent report that Mrs. Rogers had ended her life because of a reported estrangement with Hal Harned, banker of Dawson Springs, Ky., was strongly denied yesterday by the latter. Harned, an old friend of Mrs. Rogers and her family, is the last known person to have seen Mrs. Rogers before her disappearance.

Harned called at Mrs. Rogers' apartment on the night of her disappearance, shortly after she had returned a visit to Chicago and cities in the East, while preparing to leave. Harned said the lights in Mrs. Rogers' apartment suddenly failed. Harned said he offered to investigate but Mrs. Rogers dismissed him declaring she would attend to the adjustment herself. She has not been seen since.

PLAN TO HOLD THANKSGIVING SERVICE HERE

Splendid Program At Union Services At Presbyterian Church Tomorrow Morning.

The annual Union Thanksgiving services will be held tomorrow morning at ten o'clock at the Presbyterian church, with Rev. W. A. Lillycrop, new pastor of the Episcopal church, preaching the sermon.

Rev. L. R. O. Brian, President of the Ministerial Association, will preside, with the other ministers of the city taking part on the program.

Miss Mary Bestolet will have charge of the music, and will have a special number in addition to the regular organ numbers. Members of the various choirs will assist in the music.

Offering of the morning will be divided among the participating churches as usual.

Offerings for the Orphanage may be brought if enclosed in the proper envelope, and will be given as designated.

The hour for this service is ten o'clock a. m., which will allow plenty of time for those who must prepare their dinners or have engagements out of town for the day.

A large crowd should be present at this service to show gratitude for God's temporal and spiritual blessings during the past year.

BELGIUM IS IN GRIP OF NEW STORM

Loss Of Life And Property Also Reported In Sections Of Holland.

Paris, Nov. 28.—(AP)—With the lowlands of Belgium and Holland flooded, another storm appeared to be brewing over Southern Europe today.

Mountainous seas prevented pilots from racing ships off the French coast with the result that many vessels were forced to remain toasting outside Havre, Bordeaux and other ports.

Deceived by a temporary lull in the storm, ten fishing boats to sea from Grarduroi, a little Mediterranean port, they were caught in a squall. Eight got back to port, but two sank and three men were drowned.

In the low countries of Belgium and Holland, where dykes were down, the waters of the sea swept over wide stretches, demolishing houses, flooding fields and drowning livestock.

The death toll in Holland alone was 48, including 27 members of the crew of the Italian steamer Salento which went to pieces off Zaandvoort almost in sight of would be rescuers.

There were six feet of sea water in many places in Belgium, and several weeks will be needed to drain off the flood. Small gaps in the dykes were being repaired and sandbags were ready to stem any new inland rush of the sea.

The Belgian towns of Termonde, Grembergh and Moekeke were almost under water and provisions were becoming scarce for their beleaguered inhabitants. In Antwerp restaurants and hotels were running low on food supplies. There was a famine of drinking water caused by the breaking of pipes underneath the flood, and portable water sold for four cents a quart while an exorbitant price was charged for mineral waters.

FLO FORCED TO DESCEND IN FLORIDA

Flyer To Go To Cuba And Make Return Non-Stop Flight To Ontario.

Key West, Fla., Nov. 28.—(AP)—Having flown entirely across the United States from north to south, only to miss his actual goal by less than a hundred miles, Leonard S. Flo, who started from Walkerville, Ont., Canada, to Havana, Cuba, today looked forward to continuing his trip to the Cuban capital, and planned a return non-stop flight.

Landing here late yesterday when a stomach disorder forced him to abandon his non-stop attempt, Flo was carried to a hospital where it was found some tablets he had been taking to keep him awake, had disagreed with him.

He was ordered to bed, but instead of remaining at the hospital, he went to a hotel, where he immediately went to bed and hung out a "do not disturb" sign.

The aviator left a note to newspapermen before he "turned in" last night briefly stating that he would fly to Havana this morning where he would plan a non-stop flight back to Walkerville.

Physicians said Flo's illness yesterday was due to the effect of capsules containing caffeine, which he had taken to keep him awake.

He started on his flight to Cuba at 11:07 o'clock Monday night. He took a direct route to his goal and the next time he was sighted he was passing over Atlanta early yesterday morning. Thence he flew directly toward Havana, and but for his illness probably would have completed his record-making flight.

TO ATTEND AIR CONFERENCE

Orville Wright has been appointed to a committee with Charles A. Lindbergh to represent the United States at the international conference on civil aeronautics, which meets in Washington in December. He will also take part in the laying of the cornerstone of a monument at Kitty Hawk, N. C., to commemorate the first flight by the Wrights 25 years ago.

Gives Testimony Tending To Clear Name Of Carey

New York, Nov. 28.—(AP)—The second officer of the British liner Vestris, just recovered from injuries received at the time of the sinking, gave testimony to Federal investigators tending to clear the name of Captain Carey.

He said he believed up until the time the Vestris sank that she would float for hours, and expressed the opinion that the captain had had from Chief Engineer Adams, he said, "was reassuring" the engineer reporting that his efforts to pump out the water in the bilges apparently was succeeding.

The second officer, Leslie Watson, told a dramatic story of the last 21 hours aboard the doomed vessel; how he and the captain superintended the lowering of the lifeboats and then when the vessel sank, went down together. Watson said he had a grip on the captain when they sank, but that they were torn apart and that the captain never came to the surface.

A new theory as to what caused the fatal list of the liner was given by Harry Wheeler, superintendent of the Lamport and Holt Line, the owners.

He said it was his opinion that when the big wave hit the liner Sunday afternoon, eighteen hours before she sank, the coal in the upper part side bunkers shifted to the starboard and that this caused the increased list.

Additional testimony that the negro firemen mutilated was given at the steamboat inspection service inquiry. Earnest Smith, second refrigeration engineer, and other engineers testified that the stockhold crew refused to turn to after the ship took the dangerous list and that officers who should have been on deck directing the work of launching the lifeboats were forced to stoke the boilers.

Smith also repudiated his charge that Lionel Licorish, who has been hailed as the hero of the disaster, was no hero at all, although he did obey orders and did his duty. The real hero of the disaster, Smith said, was Jones, the fifth engineer.

He said Jones went down to fix the boilers so they couldn't explode just as the vessel sank and was carried down with her.

Prime Minister Baldwin received a telegram sent by the Prince of Wales, Tanganyika, saying: "In view of the illness of his majesty, the king, my brother and I are returning to England as soon as possible."

It was understood that the prince had taken this action entirely on his own initiative and that it was not the result of any message recalling him to England.

The admiralty directed the fast light cruiser Enterprise, to proceed from Aden to Dar-es-Salaam and there hold herself at the disposal of the prince. Dodma is about 300 miles by rail from Dar-es-Salaam which is a port in Tanganyika territory.

The Daily Mail said that Aden was 2,000 miles from Dar-es-Salaam and the cruiser which had a speed of 33 knots would presumably take the prince through the Red Sea to Brindisi, Italy, from which point he would travel overland.

TWO SONS OF KING GEORGE RETURN HOME

Monarch Reported To Be Holding His Own In Fight Against Pleurisy.

London, Nov. 28.—(AP)—A letter from the King's physician, Lord Dawson of Penn, submitted to the public this morning and ordered published, said that his majesty was suffering from inflammation—congestion—of the right lung, with extensive plastic pleurisy on the right side.

There must be anxiety, the letter said, due to the infection, which usually must be serious. The condition of the lung, however, was somewhat improved and the letter pointed out that the King's strength had been maintained.

Lord Dawson stated that the illness thus far was being controlled and its force lessened and that he hoped its duration would be curtailed.

London, Nov. 28.—(AP)—Because of the illness of King George, the Prince of Wales has cancelled his African goodwill tour and is returning home with his younger brother, the Duke of Gloucester. The king today apparently was still holding his own in his struggle against pleurisy.

The press association was informed at Buckingham palace at 6 a. m. that his majesty was fairly comfortable. This report was welcomed especially because general medical opinion was that the king was approaching a crisis which would determine the course of his illness.

It was generally realized that pleurisy and congestion had not been overcome yet and that as long as they persisted there was a possibility of more serious developments.

The Daily Mail said today that one of the reasons that the doctors were making prolonged visits to the palace was that they had difficulty in drafting the official bulletins. Some of the three line announcements had taken from a half to three-quarters of an hour to prepare, the doctors being anxious that they neither exaggerated nor minimized his majesty's condition.

Prime Minister Baldwin received a telegram sent by the Prince of Wales, Tanganyika, saying: "In view of the illness of his majesty, the king, my brother and I are returning to England as soon as possible."

It was understood that the prince had taken this action entirely on his own initiative and that it was not the result of any message recalling him to England.

The admiralty directed the fast light cruiser Enterprise, to proceed from Aden to Dar-es-Salaam and there hold herself at the disposal of the prince. Dodma is about 300 miles by rail from Dar-es-Salaam which is a port in Tanganyika territory.

The Daily Mail said that Aden was 2,000 miles from Dar-es-Salaam and the cruiser which had a speed of 33 knots would presumably take the prince through the Red Sea to Brindisi, Italy, from which point he would travel overland.

HOOVER GIVEN FINE WELCOME IN COSTA RICA

President-Elect Landed On Good Will Mission This Morning At 8 O'clock.

Punta Arenas, Costa Rica, Nov. 28.—(AP)—Herbert Hoover, president-elect of the United States, was given a noisy welcome when he landed here at 8:30 a. m. today on his good will mission. Shore batteries exchanged salutes with the U. S. S. Maryland which had anchored a half hour earlier in the Roadstead.

Ships in the harbor, including the British vessel Salvador, were decorated with flags. A large crowd held back by militia, was on the wharf and quays and the native police band played as the visitors came ashore.

A delegation from the cabinet met Mr. Hoover who left soon afterwards for the capital at San Jose where he will be received by President Cleo Gonzales Viquez.

U. S. S. Maryland, Enroute to Punta Arenas, Costa Rica, Nov. 28.—(AP)—Herbert Hoover approached Punta Arenas today confident that his tour is bringing results. He seems not only to be creating good will toward the United States but to be exercising a benign influence on Central American politics, where more or less bitterness has prevailed before and after elections.

President Diaz of Nicaragua, and President-elect Moncada of Honduras, President Chamorro were with Hoover yesterday at San Jose, design but Hoover did some work making in Honduras yesterday.

When he arrived in Amapala Monday he found waiting to welcome him Vice-President Caceres, Foreign Minister Collo and cabinet members. President Barrios was ill and could not leave the capital but Hoover learned that Dr. Yllescas Mejia Colindres, President-elect of Honduras, who was in Amapala, had not been included in the list of functions the government had arranged.

Sensing the situation Hoover asked that Dr. Colindres be invited. This was done and apparently meant the beginning of the healing of a Honduran political breach.

"The important thing," Hoover said in speaking of Honduran affairs, "is that leaders of the conservative Congress chosen along with the president agree not to oppose his confirmation. You know in Honduras, Congress has to confirm the presidential election."

The luncheon on board the Maryland yesterday brought together Diaz, Moncada and Chamorro and all three intimated that they would abide by the result of the election and would work together for the common good of the country. They were emphatic in saying that they wanted the closest and friendliest relations with the United States.

Moncada and Diaz said after the luncheon that they favored the speedy construction of a canal across Nicaragua along a route on which the United States already holds an option. Moncada said that he had favored the building of the canal by the United States for years and that he thought the country should be allowed to build naval bases at each end of the proposed link between the Atlantic and Pacific. They also said that they hoped American marines would be kept in Nicaragua at least two more years until the Nicaraguan national guard was thoroughly trained.

Typhoon Claimed Forty Lives In The Philippines

Manila, Nov. 28.—(AP)—The toll of human lives taken by the typhoon which swept through the central part of the Philippine Islands last week was fixed at forty known dead today, with estimates of the total fatalities running as high as 200. Ten thousand persons are reported homeless in the Provinces of Sorsogon, A'bay and Macabate.

Hundreds of telegraph stations were put out of commission by the storm and many of them have not yet been restored to use.

Four destroyers were under orders to sail from Manila today for the devastated areas.

TO OUR ADVERTISERS!

Beginning Saturday, December 1, all copy for display advertising must be received at our office on the day before the date of publication in The Reflector. This change in our working schedule is necessary in order that we might give our advertisers the best service and at the same time give service to our readers, and we earnestly ask the co-operation of our advertisers in making this better service possible. Under our present system of accepting ads the same day of publication, we are forced to crowd a day's work into a half-day, with the result either the advertisements do not receive the attention to which they are entitled, or the paper must reach the reader late, and it is in an effort to overcome this bad situation that we are making the above change.

For the benefit of our advertisers our solicitors will call upon the business houses each day between the hours of 8 a. m., and 1 p. m., for advertisements for the next day's issue of the paper and after that hour ads will be accepted at our office until closing time. Remember! After December 1—no ads accepted for publication on the same day. Help us give you and our readers better service by giving us your ads on time.

TO PROTECT DEPOSITORS AT MACON, GA.

Eight Banks Involved In Failure Of Fourth National Bank Before Examiners.

Macon, Ga., Nov. 23.—(AP)—The affairs of eight middle Georgia banks were in the hands of the State Banking Department today behind closed doors, as a sequel to the closing of the Fourth National Bank of Macon Monday. The Macon bank was their Federal Reserve agent.

In each case officers assured depositors would be protected and announced that reorganization and re-opening would be effected as soon as possible. Heavy withdrawals brought about by a "financial scare" over the condition of the Fourth National, were blamed in every instance.

Meanwhile the directorate of the Fourth National was busy arranging conference looking toward reorganization and capitalization at \$750,000 instead of \$500,000 as at present. Claude Gilbert, of the insolvency division of the United States Treasury Department has been designated as receiver by the controller of the currency. Auditors working under Ellis D. Robb, chief national bank examiner of the sixth Federal Reserve district, continued their survey of the bank's books.

The largest of the eight institutions closing yesterday was the Citizens Bank of Forty Valley, capitalized at \$100,000. The others had capital listed between \$15,000 and \$25,000. Macon and Fort Valley are among the larger shipping centers in Georgia's extensive peach growing section.

While officers of the Fourth National yesterday were issuing a "statement" which said a two-hour run on Monday was due to a "baseless rumor" connected with the collapse of negotiations for sale of the institution to Atlanta financiers, the city commission was passing a resolution of confidence in its officers and directorate. The resolution urged all citizens to adopt an attitude of confidence and cooperation.

Besides the Fort Valley bank, the other institutions which closed were the Irwinton Bank, Irwinton; Bank of Byronville; Bank of Bradley; Farmers and Merchants Bank of Gordon; Citizens Bank of Culloden; Bank of Preston and Farmers Bank of Byron.

Three Mine Heads Killed By Blast

Williamson, W. Va., Nov. 28.—(AP)—The President, general manager and the mine superintendent of the Glogora Coal company of Huntington, were found dead in the Himler mine at Himlerville, Ky., 20 miles west of Williamson. They apparently were victims of a local gas explosion.

The dead officials, according to the Williamson Coal Operators' Association which reported the deaths to the State Mining Department, were Richard Williams, Huntington, president; C. H. Beidcumiller, Huntington, general manager, and C. D. Schlegel of Glo, Ky., superintendent of the concern's Kentucky mine.

Headquarters of the company at Huntington said details of the accident were lacking there.

The new Ford has a very simple and effective lubrication system.

THE lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings and the front camshaft bearing. Overflow oil drops into the oil pan tray, and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump twice in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part—the oil pump.

As a matter of fact, the lubrication system for the new Ford is so simple in design and so carefully made that it requires practically no service attention.

There is just one thing for you to do, but it is a very important thing . . . watch the oil! Change the oil every 500 miles and be sure the indicator rod never registers below low (L).

If the oil level is allowed to fall below low, the supply becomes insufficient to oil all parts as they should be oiled.

To insure best performance it is also advisable to have the chassis of your car lubricated every 500 miles. This has been made easy through the use of the high pressure grease gun system.

Proper oiling and greasing mean so much to the life of your car that they should not be neglected or carelessly done.

See your Ford dealer regularly. He is especially well-fitted to lubricate the new Model A car and he will do a good, thorough job at a fair price.

FORD MOTOR COMPANY

Wednesday, Nov. 26, 1925

Social & Personal

Mrs. Parks Orater of Washington, D. C., arrived this morning to visit her uncle, T. R. Moore.

Henry Sheppard left this morning for Wilson to spend Thanksgiving.

Miss Mabelle Jones left this afternoon for Wilmington to spend the Thanksgiving holidays.

Mrs. R. C. Vaughn of Winston-Salem, is the guest of her parents, Mr. and Mrs. L. C. Arthur.

Mrs. L. C. Arthur, Mrs. W. N. Pindexter, Jr., and little daughter, Nancye Arthur Pindexter, have returned from several weeks visit in Richmond, Va., Washington, D. C., Winston-Salem and Charlotte.

Master E. G. Moore, second, left today for Elm City to spend Thanksgiving with his grandfather E. G. Moore.

Person Nicholson will attend the football games at Charlottesville, Va., tomorrow.

Mr. and Mrs. L. H. Bowling, Mrs. S. M. Schultz, Dr. A. M. Schultz and J. R. Blake left this afternoon for Charlottesville, Va., to attend the football game.

Miss Emily Commander of Thomasville, is spending the Thanksgiving holidays with Miss Johnnie Gray Curran.

Mr. and Mrs. Charles F. Blanchard and Mrs. Mollie M. Harris left today to spend Thanksgiving with relatives in Richmond, Va.

Professor J. W. White, head of the soil research department of Pennsylvania State College, is the guest in the home of his sister, Mrs. D. D. Overton.

Miss Madge Daniels is spending the Thanksgiving holidays with relatives at Edenton.

Mrs. Clyde Gardner of Wilson, is visiting Mr. and Mrs. George Gardner.

Royer-Forbes

The marriage of Miss Ernestine Forbes, daughter of Mrs. Patricia Forbes, to Paul Royer of Norfolk, Va., will be solemnized in Memorial Baptist Church this evening at eight o'clock. Reverend H. Frederick Jones pastor of the church, will perform the ceremony.

The attendance will be Mrs. Swanson Graves of Washington, Miss Sarah Fletcher Bryan of Tarboro, Mrs. Walter Hall, Belmont; Mrs. R. C. Stokes, Jr. Miss Eliza Laughinghouse, Swanson Graves and Master Swanson Graves, Jr., of Washington; Mr. Marking of Norfolk, Va.; O. E. Forbes, D. C. Moore, Ficklen Arthur, David J. Whichard, Jr., R. W. Gorman, Earl E. Forbes, C. A. White, of this city, and W. C. Williams, Chase City, Va.

Mrs. J. L. Fleming will play the wedding music. Mrs. J. Knott Proctor, Mrs. J. H. Waldrop, Mrs. Earl Carter, Mrs. S. T. White, E. E. Rawl, S. F. Allen, W. W. Lee and W. T. Lipacomb will sing the bridal chorus from the "Rose Maiden," preceding the ceremony.

The honor guests will be: Miss Ward Moore, Mrs. D. M. Clark, Mrs. W. L. Wooten, Mrs. R. C. Vaughn of Winston-Salem, Miss Lucy Duval of Roadville, Va., Mrs. David J. Whichard, Jr., Miss Christine Johnson, Mrs. E. W. Hellen, Miss Ada James and Mrs. W. W. Lee.

Mr. and Mrs. Stokes Entertain. Last evening following the rehearsal for the Royer-Forbes wedding, Mr. and Mrs. Richard C. Stokes, Jr., delightfully entertained in honor of Miss Forbes and Mr. Royer.

The home on Ninth street was lovely for the occasion. The affair was very informal.

In the living room, which was in yellow, with chrysanthemums and yellow candles in silver holders, punch was served by Mrs. Malcolm Thompson and Mrs. W. H. Rogers, Jr. Mrs. W. I. Wooten and Mrs. Robert Vaughn, of Winston-Salem, passed sandwiches.

The dining room was especially attractive with white chrysanthemums and white candles. The dining table, with a cover of imported lace, was centered with a pretty bride's cake, with silver ribbons by means of which the guests drew from the cake, the ring, the gold, the bachelor's button and other tokens of their respective fortunes.

Mrs. J. L. Fleming and Mrs. G. E. Forbes, seated at either end of the table, served cream from silver platters. Mrs. H. Dall Laughinghouse, Mrs. W. W. Lee, Miss Ada James and Miss Eliza Laughinghouse, passed mints, nuts and cakes. A number of guests enjoyed the hospitality of Mr. and Mrs. Stokes.

Mrs. Tingle Ill

Friends of Mrs. J. N. Tingle will regret to learn that she is ill.

TYSON REUNION TO BE HELD THANKSGIVING DAY

The annual reunion of the Tyson family will be held at Tyson's church, near Farmville, Thanksgiving Day. The principal address of the day will be delivered by Hon. Larry I. Moore, of New Bern.

Misses Wainwright and Morgan Ill

Friends of Misses Wainwright and Morgan will regret to learn that they are ill. They are nurses at the Pitt Community Hospital.

Mrs. Person Nicholson Entertains

Yesterday afternoon at her home on Evans street, Mrs. Person Nicholson charmingly entertained her bridge club and a number of other guests. The home was very attractive with pink roses and yellow chrysanthemums.

Miss Ernestine Forbes, bride-elect was remembered with flat silver. Miss Forbes was also presented high score prize a dresser set, Mrs. Graham Flaahgan and Mrs. John Flanagan assisted in serving a tempting salad course.

MRS. WARREN HOSTESS TO BRIDGE CLUB

Mrs. E. S. Warren was hostess at a delightful meeting of her bridge club yesterday afternoon, in honor of her sister, Mrs. Kenneth Deans, of Greensboro.

The decorations were yellow pom-poms. Mrs. Deans was presented with playing cards. Mrs. W. H. Rogers, Jr., making high score, and Mrs. Fred P. Bryan, making low score, were given attractive aprons.

Mrs. Deans assisted Mrs. Warren in serving delicious refreshments. Several guests were present.

Mrs. Wright Entertains D. A. R.

The Col. Alexander McAllister chapter D. A. R., was most delightfully entertained Saturday afternoon, November 24th, by Mrs. R. H. Wright.

After the flag salute and the American Creed Mrs. Person rendered the chaplain service, which was the reading of the ninety-first Psalm translated. This was followed by all singing "Come Ye Thankful People, Come." The routine business was easily dispatched by Mrs. Murphy, the regent, and the following instructive program was taken up:

Miss Catherine Clark read the account of the presentation at the Court of St. James of Mrs. Broseau, Regent General, D. A. R. Mrs. Leley of Snow Hill, told "The Story of Thanksgiving," after which Mr. P. C. Harding was introduced and spoke on World Peace. Always a forceful, attractive speaker, he inspired his hearers when he

Fire Department Called Out Twice

The fire department has been called out twice within the last twenty-four hours, fires in each case being caused by flying sparks from chimneys. The roof of the home of S. T. Hooker was damaged to the extent of about \$25.00 last night. The fire originated on the roof and was quickly extinguished.

The fire this morning was at a house owned by D. S. Smith, corner 14th and Green streets. This also originated on the roof and did damage estimated at about \$25.00.

LOCAL FIRM ANNOUNCES A NEW LINE IN ADDITION TO TIRES AND BATTERIES

The Credit Tire Stores, Inc., of Eastern Carolina, with store and home office in Greenville, we are pleased by Mr. Earl Carter, general manager, secretary and treasurer, that after looking over all makes of radios, they will handle Crosley and Amrad Radios. The motorist of Eastern Carolina are familiar with these people's policy of insuring every tire they sell against everything and the PAY AS YOU RIDE PLAN.

Now their radio slogan will be INSURED FOR ONE YEAR AGAINST ALL TROUBLES and "PAY AS YOU HEAR."

Mr. Carter says that you can "BUY A CROSLY," it will take the place of the newspaper, educate your children, bring the best teachers in your home, and put the baby to sleep.

Call 200 for a three-day demonstration without obligation.

New Gifts Daily

New gifts are arriving daily at "The House of a Thousand Gifts." We invite your early inspection—and of course, the prices are very reasonable! Call 31.

Prayer Services Tonight

Prayer services at 7:30 tonight at Jarvis Memorial M. E. Church. Lesson for study and discussion, St. Mark 2. You are cordially invited.

AYDEN HIGH TO PLAY GREENVILLE TOMORROW

Ayden High School will play Greenville highs at the Fair Grounds here tomorrow afternoon at 2:30 o'clock, according to announcement made today by C. W. Porter, athletic director of Greenville schools. The public was urged to turn out and see these two clubs in action.

COTILLION CLUB DANCE TO BE GIVEN TONIGHT

The regular November dance of the Greenville Cotillion club will be held at the country club tonight from 7:30 until two o'clock. Music will be furnished by the Hinmont-Shaw orchestra of Rocky Mount. The dance will be formal. All members of the club were today urged to attend.

I want a good reliable man to go into business for himself in West Pitt, Craven, South Green, Beaufort and East Martin counties, selling Rawleigh's Good Health Products to farmers. A permanent, profitable, and pleasant business of your own. Very little capital required. For particulars see me promptly. Joseph Palmer. 27-37

THANKSGIVING

Tomorrow is Thanksgiving Day, and a time we should pause in our daily walks of life to give thanks to Him who has made all things possible. No nation on earth has more at this time to be thankful for than has America and no section of America should be more thankful than our very own Eastern North Carolina.

The President of the United States and the Governor of our State have proclaimed tomorrow as Thanksgiving Day and every citizen is urged to cease all occupational activity that is not absolutely essential and devote the day to prayers of Thanksgiving for the blessings that have been showered upon us without stint.

We, as a people, are prone to pray only for those things we desire or those things which we are about to receive, but tomorrow should be devoted to thanks for those things that have already been given us.

It is fitting, at this time, that we pause to "Count Our Many Blessings," and fall upon our knees and thank God for His great mercy and goodness. In our own immediate section, we have been blessed with wonderful seasons, a bountiful harvest, fair prices and in addition good health and good living conditions. These are some of the material things for which we should be thankful but these things count for naught compared with the spiritual blessings we have received and for which we should be thankful.

Not only should we show our appreciation for the goodness of God, by our prayers, but we should further show our appreciation by remembering those about us less fortunate than ourselves and contribute what we can, materially and spiritually to make their lot easier and their lives more comfortable. There are the widows, orphans and other unfortunates to be cared for, and it is our Christian duty to see that this task is properly done. What we have received through the goodness of God, it is His, not ours, we are but the custodians and it is up to us to use His wares as He would have us use them.

Keeping ever in mind that God through His children, extends His kingdom on earth, let us by word and deed make tomorrow and days to come days for real Thanksgiving.

ABOUT TOWN

"We have passed the six-million pound mark," said a member of the Greenville Tobacco Board of Trade today, "and we are now off for the seventy-million pound goal set for this season."

"With good sales between now and the Christmas holidays we ought to be within striking distance of the goal. Some think we will not realize the ambition, but from all indications we will not be far behind when the season closes."

"The local market has shattered many records this season from the standpoint of prices and daily sales averages, and we can't afford to fall short of the ten-million pound gain over last season. Let's all pull together and make seventy-million pounds in actuality instead of an ambition."

"Human life is far too precious to be jeopardized by drunken drivers," declared a local citizen today, scanning the pages of a neighboring town paper containing stories of various arrests of drunken drivers.

"It is difficult enough to stay clear of careless drivers without having to put up with a liquor-soaked brain at the steering wheel. Some claim they can drive better when under the influence of whiskey. Put the same individual in a perilous situation and note the slowness with which his mental faculties function. The argument is a poor one and will not stand the test in any great emergency."

"Drunken drivers deserve anything the courts give them. The more severe the punishment, the less wrecks will occur at the hands of drunken drivers."

"Just as soon as Thanksgiving is over shoppers of this district should begin thinking about the many things they have to buy for Christmas," stated a member of the Merchants' Association discussing the movement now under foot to get people to shop early.

"Those who shop early will not only get this important matter off their hands, but will be assured of having obtained the best the various stores have to offer. This one thing should be of vast consideration to that great mass of discriminating buyers who place so much value on the kind of goods they get."

"Don't delay your Christmas purchasing this year, but get busy and get it off your mind so you will be minus the worry of last minute shopping in position to enjoy the holidays minus the worry of last minute shopping."

"Merchants don't like to give credit customers a bad rating, but this is the only way they have of protecting the other members of the organization," declared a member today.

"It is for this reason we are trying to convince the public of the necessity of settling all overdue accounts before the new credit list is compiled by the association. Completion of the list will begin next Monday and those who have not liquidated their debts as they should will be rated accordingly."

"Protect your credit by paying up as many accounts as possible the remainder of the week. It will mean much to you in the future and certainly elevates you in the estimation of that great number of men with whom you do business."

"While jotting down the list of Christmas presents, why not include a year's subscription to the Daily Reflector," suggested the manager of circulation of this paper today.

"Nothing would be more appropriate to the former citizen living in some other community. Think of how glad you are to get a paper when out of the city, and then contrast your feelings with those of the absent ones."

"The Reflector offers the latest in leased wire news service and assures its readers of timely, graphic accounts of all important developments. We are protected by countless thousands of Associated Press staff writers scattered over the world."

"A check for \$5.00 will turn the trick and provide one of the most desirable Christmas gifts imaginable."

"Don't forget the union Thanksgiving service at the Presbyterian church Thursday morning," reminded members of the Ministerial Association today.

"This will be one of the most inspirational services conducted in the city in quite a while and it is to be hoped everybody will turn out."

"Pitt county has many things to be thankful for this year. Harvests have never been more bountiful and conditions in all branches of human endeavor are such as to justify faith in continued progress."

"Don't let the season of Thanksgiving pass without showing your appreciation of the countless blessings which you have received."

Says Americans Very Energetic

New York, Nov. 28 (AP)—Count Folke Bernadotte and Royal member of his wedding party from Sweden think Americans are a "magnificently energetic people". They got that impression from a ride in the subway.

Scoring the limousines provided for them by H. E. Manville, whose daughter, Estelle, the Count is to marry Saturday, the visiting Princes and Counts went down in the subway "just for the ride". Hanging to straps and jostling along with the crowds they rode downtown, having what they described as a "delightful time".

The downtown terminus of their ride was the Woolworth Building where they followed the "rubber-neck trail" to the tower "to see if the city looks as wonderful from above as she does from the sidewalks". There Prince Gustaf Adolph, heir apparent to the Swedish Throne, his brother, Prince Sigvard, the Count and other notables rubbed elbows for half an hour with other visitors to the city. They liked the view.

From the tower they were taken for a tour of the New York Stock Exchange and then the party split up for lunch, the Count and the two Princes being guests of J. P. Morgan while the ladies were taken to the Colony Club as guests of Mrs. George D. F. Leith.

The Count, in taking out his marriage license, gave his age as 33 and that of Miss Manville as 24.

Six Deaths From Spinal Meningitis

Twin Falls, Ida., Nov. 28 (AP)—The deaths yesterday of a physician and a nurse who had attended spinal meningitis patients brought the death list from the disease in this county to 6 since its presence was discovered November 15th.

Dr. A. F. McClusky of Buhl, and Mrs. Sue St. Martin Blakelee were the victims.

All public gatherings now are banned in Twin Falls County and the county Board of Health has declared that the situation is well in hand, with no new cases reported since Saturday. A limited quarantine has been established at Gooding.

You can make \$100 extra TO-DAY!

Your present car is worth more to you today than it was worth a month ago, and at least \$100 more than it will be worth in another month or so.

On that basis, buying your new car now is like finding money. It means you can have the pleasure and comfort of a new car at once, and save real money by doing so. Plainly, then, you can't afford to wait.

More People Buy Hudson-Essex Cars Than Any Other Six

The outstanding leadership of the Essex Super-Six is a matter of actual and vital fact on the outright issue of what people want. On that basis it has established its long time position as the world's largest selling "Six."

Here, for the first time, real car luxury, with brilliant performance and fine appearance, were presented at less than \$1,000.

Essex alone combines these qualities. They result from original design, with a chassis as remarkably engineered in every detail as its Super-Six motor.

It is that characteristic which differentiates Essex from any but costly cars. It is that which accounts for its smooth, effortless ease in every phase of performance.

Hudson's two great factors of performance supremacy are exclusive inventions and can be shared by no other maker.

The released Super-Six principle converts to useful power, energy that in other types is lost in vibration.

And Hudson's companion invention to the Super-Six principle, upon which patents have been granted, adds a further step in efficiency by actually converting hitherto wasted heat into useful power.

The new Hudson motor gives the snap and performance of the high compression type without sacrifice of flexibility and smoothness.

HUDSON-ESSEX The Only Super-Sixes Greenville Hudson Co. 635 Dickinson Avenue Phone 34 J. M. VANNOTE, Manager

Dusk in the Carolinas... and William Henry, the

proud boss of three B. R. S. P.,* was taking it easy at the end of a long hard day... when all of a sudden he perked up considerably... hearing the thin high note of a plane overhead and coming down mighty fast... before you could say "Jack Robinson" there it was, skimming the field yonder... settling down on the one level place within the hundred miles... and soon William Henry was listening to the story of the aviator bound from Washington to Fort Bragg... out of gas and dark coming on... soon William Henry was putting Esso in the airplane's tanks... then helping the Lieutenant to fill her up with ten gallons of that new "Standard" Motor Oil... persuading the flyer to let him call the folks down at the Fort that the plane was okeh... and the day ended by William Henry taking Lieutenant across the road for supper... a real southern supper of fried chicken, corn pone, and all those things that make southern cooking what it is...

You may never be forced to land out of the sky just at dusk, but the day may come when you will find yourself alone on a strange dark road with the old engine doing mighty fine but with the gas tank mighty low. Don't worry. Round the next bend you are almost sure to find a *Bright Red "Standard" Pump with the familiar "Standard" globe, and the same kind of service that made our friend, the aviator smile. Service always on the alert. Dependable as "Standard" products themselves.

"STANDARD" GASOLINE

*Of course the maps our aviators use are different from those that guide us on the land. But for those of you who go motoring across country, up and down the land, make sure you know your way by using "Standard" road maps. They're free for the asking at your nearest dealer, or write direct "Standard" Touring Service... 26 Broadway, New York City.

VIRGINIA ALL TUNED FOR BIG HOLIDAY GAME

Charlottesville, Va., Nov. 28.—AP—The University of Virginia went through a limbering workout today before the Thanksgiving battle with the University of North Carolina. The last hard practice of the season was concluded late yesterday and the Cavaliers pronounced in fine fettle for the fray.

With the president of the United States and the governors of North Carolina and Virginia expected as guests, the Tar Heels and Cavaliers will take the field at 2:30 tomorrow afternoon. Every available bit of space has been utilized with bleachers to care for a crowd of more than 20,000.

Virginia lined up in the final scrimmage with Harry Flippin and Dick Turner at ends, Captain Bull Lake and Dick Debutts at tackles, Hunter Motley and Dick Day at guards, George Taylor in center, Johnny Sloan at quarterback, "Lefty" Close and Albert Lewy at fullbacks and Hunter Faulconer at full back. This veteran aggregation which has not played together since early in the season worked well but Coach Neale did not take any more chances with injuries.

Motley and Close, not entirely recovered from injuries, were taken out after a short workout and Vernon Austin and Gus Kammer sent in for relief. Wallace Smunigton, playing his last year and Floyd Harris who has one more year on the squad, are still on crutches and will not be able to get into the contest.

The excitement on the campus grew as the day for the game grew nearer. Students eagerly scanned newspapers, telling of the Tar Heels' success in practice against the Carolina freshman team. They were encouraged by the way in which their own squad broke up the attack of the reserves on Monday and Tuesday, minimizing the danger of a Carolina victory by the aerial route.

Virginia will be the battle of brains between Wyrick, diminutive 153d general of the Tar Heels, and Johnny Sloan, the Virginia quarterback. Wyrick has convinced many to the success of the Carolina attack while Sloan, especially since injuries seriously crippled the Cavalier coach, has been the directing genius of attack and defense. Sloan has done everything from calling signals to putting, throwing the majority of the passes, receiving some of them and running with the ball as well.

The contest, the 33rd between the two institutions, promises to be the most colorful in their history. A special box has been arranged for President and Mrs. Coolidge, Gov. McLean and Gov. Byrd, and President of the University of North Carolina and Alderman of Virginia. Student bands will enliven the scene with college spirit songs and the cheering sections have been organized to make the welkin ring.

Virginia students planned to complete their arrangements at a big spirit meeting on the campus tonight.

Fights Last Night

(By the Associated Press)

Indianapolis—Frankie Garcia of Los Angeles, outpointed Babe Ruth, Louisville, Ky., 110; Tracy Cox of Indianapolis, outpointed Bobby Allen, Chicago, 63.

Chicago—Tom Ven Porat, Chicago, outpointed King Solomon, Panama 110; Johnny Urban, Pittsburgh, and Oscar Battiste, Chicago, drew, 161; Ward Sparks, Detroit, outpointed Mike Esposito, New York, 161.

Milwaukee—Wis.—Eddie Anderson, Chicago and King Tut, Minneapolis drew, 110.

Portland, Me.—Art Broux, Montreal, outpointed Frankie Genaro of New York, 112.

Camden, N. J.—Jack Gross, Salem N. J. knocked out Pietro Corpi of Austria, 63.

St. Petersburg, Fla.—Tommy Jones, Macon, Ga., knocked out Johnny Murphy, Charlotte, N. C. (1).

Sell Many Race Horses
New York, Nov. 28.—AP—The opening day of the Old Glory auction, sale classic of the light harness world, resulted in the disposal of 141 horses for a total of \$98,495, an average just short of \$700 each.

TENNESSEE CLASSIC ON TOMORROW

By J. H. STREET
Nashville, Tenn., Nov. 28.—(AP)—Since 1891 Thanksgiving Day to Nashville has meant a holiday, a big dinner, and a Vanderbilt-Sewanee football game.

The oldest gricuron classic in the South, this annual game between two teams which were rivals when John L. Sullivan was the idol of American sportdom, has taken its place in Tennessee history with the heritage, the war of the roses, Chickamauga and Shiloh.

This year began a year before Georgia Tech and Auburn opened their hostilities while Virginia and North Carolina also started their fireworks the following.

Sewanee has defeated Vanderbilt only eight of the 39 times since the Purple Tiger first left its mountain lair to meet the Commodores, although three games ended in ties.

But despite the fact that Vanderbilt usually wins, the game remains a classic—made one by age, the unconquerable spirit of the smallest school in the Southern Conference and traditions established by stars of other days.

Sewanee may be buffered about

the Southern Conference sea by all others, but it is never a "set up" for Vanderbilt. It is an inspired battle. Perhaps it is the memory of the Kirby-Smiths, a family which gave Sewanee many aces, the first of whom wore his father's shirt of Confederate gray for a jersey. Then maybe it is the memory of Clogger Brown, Phil Connell or Henry Phillips of the latter day memory of H. G. Cope, Jenks Gillen or even later thoughts of Blood Miller, Thurg Murray or Bill Coughlan. Brown, Connell and Phillips were leading the Tiger to victories when Sewanee's enrollment was approximately a hundred. Even now the football squad leaves a gaping hole in the student body.

All the sentiment, however, is not Sewanee's, for the Commodores have the names of Cutfield, the Blake Brothers and Kraig of a far gone past to uphold and the latter day stars including Morrison, Currie, Harbage, Ebnat, Hek Wakefield, Gil Reese, Bill Spears and others.

There is an affinity between the students and team of Sewanee that is quite beyond the ken of those not collegiate-minded. The student body, only a handful among the roving Vanderbilt students, keeps up a din that is never drowned out.

Back in the gay nineties, usually two games were played each year—one at Sewanee.

Norfolk, Va.—(AP)—Gunboat Williams, U. S. S. Nevada, and Rufino, Alvarez, Spain, drew (3). George Rohanna, Norfolk, outpointed Spike Webb, Charlotte, 181.

DIXIE READY FOR CLASHES THANKSGIVING

By MORGAN M. BEATTY
Atlanta, Nov. 28.—(AP)—Last maneuvers behind the scenes were completed today as Dixie eagerly waited for the curtain to rise on the season's premier gridiron offering, which will include the President and Mrs. Coolidge among some 200,000 spectators.

Those among 22 conference aggregations which were not travelling to the scenes of ten conference and two unaffiliated classics, spent short minutes in uniform today to receive the final warnings and admonitions of coaches.

Besides the President and First Lady, Governors of Virginia and North Carolina will be in the presidential box on the fifty-yard line to watch the rejuvenated Cavaliers and determined Tar Heels join battle at line.

Charlottesville for the thirty-third Next in colorful promise were clashes between Georgia Tech and Auburn at Atlanta; Florida and Washington and Lee at Jacksonville, and Tennessee and Kentucky at Knoxville, wherein the mightiest in the conference face old rivals whose thoughts omitted season's records

and embraced a wealth of fire born of history. The "Big Three" faced the most dangerous situation that has yet appeared this year. Each stood a chance of losing all the prestige rolled up behind five conference victories and an unblemished record elsewhere. Auburn trekked to Tech confident that the Tornado's passing combinations had been solved, while the "Gators" and "Generals" reached Jacksonville undaunted. Kentucky's Wildcats had a slashing offensive ready for the Volunteers when they entrained for Knoxville last night.

V. P. I. had an apprehensive drill today before entraining for Roanoke for the annual clash with V. M. I. The Cadets have never failed to display their best against the Pony Express and in the unblemished conference record of four victories, find a greater incentive than ever to spill the Tech Gallopers. Then, too, there was a state title.

Louisiana State had the staggering task of repelling Tulane's Greensies at New Orleans ahead, also rendered more dangerous than ordinarily would be the case, by the conference's chance to mar the perfect conference standing of the Tigers of three games won and none lost.

The best fights of the season was promised in other conference engagements which included Georgia and Alabama at Birmingham; Van-

derbit and Sewanee at Nashville; North Carolina State and South Carolina at Raleigh; and Ole Miss and Mississippi Aggies at Starkville. Maryland and Clemson go to the conference to play Johns Hopkins at Baltimore, and Furman at Greenville, S. C., respectively.

BLACK SEA CITIES REPORTED FLOODED
Moscow, Nov. 28.—(AP)—Part of the city of Odessa and several villages have been flooded as the result of a terrific gale raging over the Black sea.

Formidable Alpine Grades Prove Stamina of Century Hupmobile

6 and 8

Forty-two body and equipment combinations, standard and custom, on each line. Six of the Century list prices: \$1345 to \$1645, plus delivery charges. Century Eight list prices: \$1825 to \$2125, plus delivery charges.

NO test that will ever occur in your own driving of a Century Hupmobile can equal that administered to a Century Six in the recent International Alpine Contest. Climbing eleven of the highest Alpine passes in Italy, Switzerland and Austria—including the Simplon, St. Gothard and Stilsfer—a Hupmobile Century Six received the Alpine Gold Cup for the finest performance of any car entered in the event. Altitudes of 7,000 and 8,000 feet were common, yet failed to over-heat the motor of the Hupmobile entry. The special Hupmobile advantages which made this feat possible—low center of gravity, new style spring suspension, steeldraulic brakes with six-fold braking power and exceptional steering ease—will add safety and enjoyment to every hour you drive a Century Hupmobile. Arrange to take your first ride today.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Nov. 28—(AP)—The cotton market opened steady at a decline of 2 to 10 points under further pre-holiday realizing and some southern or local selling produced by relatively easy Liverpool cables. January sold off to 20.43, marking a decline of about 40 points from yesterday's high price and of 10 points from yesterday's close, but this reaction seemed sufficient to bring in a renewal of Wall Street and commission house buying which absorbed the early offerings. By the end of the first half hour January had rallied to 20.60 with the general list showing net gains of about 6 to 8 points. Private cables reported London, local and Continental liquidation with a lack of speculative offering in Liverpool, but prices there firming up right after the local opening. Reports from Manchester said that home trade in cotton goods was improving and that there were increased sales of cotton yarns.

Dec. 20.52 20.81 20.50 20.80 20.60

Review said that steel prices were easier, but that the seasonal decline in production had been checked. Several favorable October railroad earnings statements made their appearance, the aggregate net operating income of the first 51 roads to report for that month being \$123,254,000 as against \$96,487,000 in September and \$99,685,000 in October, 1927.

Another shipment of gold to Canada was announced during the day, bringing the total of the current movement to \$12,000,000. With the heavy holiday demands felt, little hope is held out by bankers for easier rates unless there should be a drastic reaction in stock prices.

Rado was again the sensational performer in today's market, sailing 35 1-2 points to a new high record at 400. Brooklyn Edison ran up 25 points to a new top at 325. Motor Products soared 21 points, Wright Aeronautical 20 1-4, American Express 16 1-2, Gold Dust 11 1-4, Adams Express and People's Gas, Consolidated Gas, American and Foreign Power, International Telephone, Interstate Department Stores, Keith-Albee preferred, Mexican Seaboard, National Bellas Hess, but Products Coke, Worthington Pump B. Burroughs Adding Machine, Curtis Aeroplane, New York Dock and Liquid Carbonic sold 5 to 8 points higher, several of them at new highs.

Rails were more mixed, Rock Island common, Chicago Great Western common and preferred and Kansas City Southern sold at their best prices of the year, but Reading, Texas and Pacific and Erie common were heavy.

GRAIN MARKET

Chicago, Nov. 28—(AP)—Pre-holiday curtailment of speculative accounts helped to steady the wheat market today but rains where needed in Argentine caused values to ease down at times. Kansasville, general export demand for wheat from North America was slack, but Winnipeg messages said Europe continued to be a heavy buyer of Canadian low grade wheat.

Wheat closed easy 4-8c to 3-8c lower; corn 1-8 to 5-8c up; oats showed 1-8 to 1-2c advance; and provisions varying from 5c set-back to a rise of 17c.

STOCK MARKET

New York, Nov. 28—(AP)—Faced with the prospect of relatively firm call money rates for the remainder of the year, the stock market nevertheless resumed its upward movement today, with the advance reaching violent proportions in some of the high priced specialties. Considerable irregularity developed in the early trading as a result of rather heavy pre-holiday profit-taking which followed the marking up of the call money renewal rate to 8 per cent, and a slight hardening of time money rates, but in most cases the offerings were well absorbed.

Shortly after midday powerful pools again stepped into the market with large buying orders, and the "bull" movement was again in full swing. The day's news was largely favorable. The weekly "Iron Age"

Come in and let us show you how to beat this game of "Christmas Checkers"

Move! Move! MOVE! Into this store and out that one. Jumping from place to place, trying to find a present you'd be proud to give. It works out that way every Christmas.

Then have us show you the whole line of Orthophonic Victrolas. One of these makes a present that will be the BIG EVENT in your home on Christmas morning. What's more, it will bring entertainment long after the holly leaves are swept away. Here's a gift, not for a day, not for a year, but ALWAYS!

Walk right in. Save wandering and wondering. Enjoy some snappy music.

Thirteen Screen Stars Have Flu

Hollywood, Cal., Nov. 28—(AP)—Thirteen motion picture stars and two directors were confined to their beds today with attacks of influenza. What was described as a "mild epidemic" struck the film colony Sunday when Clara Bow and John Gilbert, screen actors, were brought down with the disease.

Others under physicians' care include Lois Wilson, Monte Blue, Mr. and Mrs. Richard Barthelmess, Mary Philbin, Loreta Young, Sally Phillips, Jean Arthur, Ruth Taylor, William Haines and Buster Keaton, actors, and F. W. Murnau and Edward Sedgwick, directors.

In the Metropolitan district of Los Angeles 502 new cases of influenza were reported yesterday, bringing the total for the month to 2,163 cases. Deaths total 41 to date. The health department stated that closing of city schools was not contemplated. The peak of the "epidemic" is expected shortly.

In San Diego, Dr. A. E. Lessem, city and county health officer, announced that he would issue an order today closing the city schools for an indefinite period beginning December 2, because of the prevalence of influenza among the students. Dr. Lessem said many had been absent for several days because of the illness but that few of the cases had been severe.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
