## JACKSON GOES ON TRIAL FOR ENBEZZLEMENT

### Former Sheriff Of Pitt County Charged With Misappropriating \$22,000.

Amos C. Jackson, former sheriff of Pitt county, went on trial at a special criminal term of Pitt county superior court today, charged with embezzlement of approximately \$22,000 from county funds during his administration as sheriff. It was the second time the case has been up for hearing within the last several months. Mistrial was ordered in the first hearing when the jury failed to agree after lengthy deliberation.

The former sheriff faced a jury drawn from citizens of Beaufort county this morning and his fate will rest in their hands during the long hours of hearing ahead. The morning hours were given over to the examination of witnesses composed of former and present county officials. Jackson expected to go on the stand in his own defense during the afternoon or tomorrow.

The case against Jackson grew out of his mysterious disappearance from Greenville several months ago after he had been called on to make a report of the condition of his office. Auditors were called into action while he was away and found alleged shortages variously estimated at between \$75,000 and \$100,000. This amount was later reduced.

Jackson reappeared sometime later to face the serious charges against him. He declined to make any statement regarding disposition of the funds until the case came up for hearing. Then he claimed that the funds mentioned in the alleged shortage had been paid out in regular channels of office business.

Auditors and county officials went on the stand for the state in the trial, and today the court listened to lengthy reports of various phases of official activities as the prosecution unrolled its case against the defendant.

Much of the voluminous records of the sheriff's office will be brought into play in the case, this time. Former county officials and auditors who testified at the last trial have been summoned for this hearing, and at least two days are expected to be consumed in the taking of testimony.

Since the first trial Jackson has been living on a farm several miles from Greenville. He has been seen in Greenville infrequently confining most of his time to the conduct of life on the farm and the operation of a small store on the Cox's mill road.

Considerable interest is centered about the case and the court room is expected to be crowded with curious inquiring people from many sections of the county while the case is in progress. The courtroom was packed to capacity at times during the first hearing.

Jackson has a wife and several children. They lived in the sheriff's quarters on the first floor of the county jail during his administration, but immediately after the charges were brought against him they moved, finally winding up on the farm near the city.

Four or five cases of minor interest were disposed of by the special term of court this week, but sentence had not been pronounced in any of them today.

## Rum Smuggled Into Florida By Plane

Washington, Dec. 5.—(AP)—Liquor smuggling by airplane from the Bahamas into Florida had added to the worries of the Coast Guard.

Rear Admiral F. C. Dillard, commander of the Coast Guard, testified before the House treasury subcommittee, said that three planes of the service had been operated in Florida during the past winter "as a deterrent at least on such operations."

The officer estimated that liquor smuggling into the United States had been reduced to one eighth of its former proportions within the last two or three years, and asserted that the rum ships that formerly plied along the North Atlantic coast had disappeared.

Virginia and North Carolina are little troubled by smugglers, he added, attributing this largely to the fact that the smugglers desired to land their cargoes in the vicinity of large cities.

Florida was an exception, he explained, because of the proximity of the coast to the Bahama Islands.

Zeppelin Gires Tests Friedrichshafen, Germany, Dec. 5.—(AP)—The Graf Zeppelin, which has been thoroughly overhauled since her trans-Atlantic flight, ascended this morning on the first of seven test flights prescribed by the German aeronautical testing station.

## Defer Hearing On The Kellogg Pact

Washington, Dec. 5.—(AP)—Consideration of the Kellogg anti-war treaty was deferred today by the Senate Foreign Relations Committee at its first meeting until Friday when Secretary Kellogg has been asked to appear.

It was decided to hear the secretary on the treaty renouncing war as an instrument of national policy before going into its merits in any way. The committee session lasted but a few minutes.

Whether others besides Mr. Kellogg will be called has not been decided. The pact has been endorsed by Chairman Borah of the committee, and of Senator Swanson of Virginia, the ranking Democrat on the committee. No crystallization of opposition to the treaty has appeared.

## REVISION OF TARIFF LAWS IS DEFERRED

### Writing of New Tariff Bill To Get Attention After Congress Adjourns.

Washington, Dec. 5.—(AP)—Farm relief and tariff revision, regarded by many on Capitol Hill as legislative twins, have been separated for the time being and their reunion is a matter for speculation.

The two were tied apart with the decision of the house ways and means committee to postpone the writing of a new tariff bill until after congress adjourns, so, if farm relief comes this winter, it must travel alone.

Whether a bill to aid the farmer will be passed is a question over which Republican leaders are at odds. Chairman McNary, of the senate agriculture committee, has put the problem in a position to be acted upon by the introduction of a farm relief measure.

This bill broadly resembles the twice vetoed McNary-Haugen measure, but it lacks the equalization provision so distasteful to President Coolidge.

However, some members of the farm group say the problem should be left for the incoming Hoover regime.

They point to the President-elect's promise of an extra session for farm relief if the question is not settled at the present session. Senator Borah, Republican Idaho, has indicated that he believes that farm relief should wait until Hoover takes office. So has Senator Brookhart, Republican, Iowa, who also said that they believed revision of the tariff was needed to get the farmer out of the furrow of depression.

Representative Tilson, of Connecticut, Republican leader in the House and Senator Smoot, Republican, Utah, have spoken in favor of an extra session to consider pressing problems. In speeches during the campaign Smoot said he thought that the road to agricultural uplift lay through tariff revision.

The Republican members of the ways and means committee has set January 7 as the date to begin hearings on a tariff revision bill and later this action was approved by the full committee.

Each schedule of the present tariff act is to be taken up in the order in which it appears in the law. Under this arrangement sugar, molasses and their manufactures would be taken up on January 21 and 22, tobacco and its manufactures January 23, and agricultural products and provisions January 24, 25 and 26.

## Three Freight Car Robbers Arrested by Local Police Today

Hubert Dupree, Hector Duncan and Morris Johnson, colored, were arrested by Motorcycle officer John Piver today for alleged participation in the robbery of a freight car on the Norfolk-Southern railroad last Monday a week ago.

Several other negroes, alleged to have taken part in the same robbery were lodged in jail the first of the week. All of the defendants will be given trial next Monday.

Officer Piver was accompanied by Police Commissioner W. H. Bradsher when arrest of the three negroes was made today.

## SEVENTEEN RACES HORSES PERISH IN FLAMES

Collinsville, Ill., Dec. 5.—(AP)—Seventeen race horses, including "Irish Pal," the popular favorite in the Fairmount Jockey Club during 1927 and a scratched entry in last May's Kentucky Derby, were killed early today when fire destroyed barn "Q-1" one of the eighteen barns on the track. The loss was estimated at \$85,500.

## CONDITION OF KING GEORGE IS UNCHANGED

### Renewed Activity Of Infection In Chest Not Regarded With Any Alarm.

London, December 5.—(AP)—An anxious public learned today when a medical bulletin of King George's physician was issued that his majesty was suffering from renewed activity of the infection in his chest. Previously an improvement in this condition had been reported. This was what had caused the disturbing rise in his temperature noted yesterday, it became known.

There was a measure of relief to the popular mind, however, in the announcement that there were reasons for hoping that this recrudescence was being moderated and also that the night had been a fairly comfortable one for the King.

There was nothing specific in the morning bulletin regarding the King's temperature. Nor was anything said as to how his heart was reacting to the long strain of illness which it had been strongly re-stimulated recently, was the vital point upon which the King's chances of recovery from his grave illness rested.

In Palace quarters the physician's morning report was regarded favorably. It was said that a recrudescence of the infection which caused yesterday's rise in temperature was considered as part of the ordinary course of the King's illness and as such had been expected by his doctors.

The fact that his majesty was able to obtain more rest again during the night was regarded as a favorable sign.

London, Dec. 5.—(AP)—Letters patent under the great seal in connection with yesterday's appointment of six counselors of state have been sealed and today Queen Mary, the Duke of York and Premier Baldwin, members of the commission, signed various documents which had accumulated during King George's illness.

Cairo, Egypt, Dec. 5.—(AP)—The British cruiser Prober which will take the Prince of Wales across the Mediterranean from Egypt to Brindisi, Italy, was due to reach Alexandria today.

It was understood that the Prince had not yet definitely decided upon his plans for his journey through Egypt. He will disembark from the cruiser Enterprise at Suez. He may however, rejoin her at Port Said after she has passed through the canal and proceed aboard her to Alexandria.

## FOUR INDICTED FOR KILLING N. Y. GAMBLER

### George McManus, However, Only One Actually Arrested In Rothstein Case.

New York, Dec. 5.—(AP)—George McManus, "Richard Doe," "John Doe," and a fourth unnamed man were under indictment for murder today in connection with the fatal shooting November 4 of Arnold Rothstein, big time gambler.

Only McManus was under arrest. District Attorney Jacob H. Banton said he had good descriptions of the other men, including their finger prints and a photograph of the fourth man.

"The world is not big enough to hold them," he said in forecasting early arrests.

McManus, supposedly Rothstein's friend, had been identified as the "George Richards" who rented room 349 in the Park Central Hotel in which Rothstein is believed to have been shot. He also was named by a waiter as the person who called Rothstein to the phone in Lindy's Restaurant that night after which Rothstein left for the Park Central. McManus' overcoat was found in the room after the shooting.

"There is no doubt in my mind," the district attorney said, "that Rothstein was lured to the Park Central Hotel and then killed in cold blood, and that the four men now under indictment were participants in the murder."

Just which of the four men actually fired the shot he was not prepared to say.

## WAITING AT PALACE FOR NEWS OF KING'S CONDITION

Large crowds gather daily at the gates of Buckingham palace to hear latest reports of King George's condition. Picture shows group waiting for news of king's illness.

## Annual Budget of Nation Calls For \$3,780,179,647

Washington, Dec. 5.—(AP)—Congress had graphically called to its attention today that the United States is almost a four billion dollar country.

In its first real business meeting of the session it received from President Coolidge the annual budget calling for expenditures of \$3,780,179,647 during the next fiscal year, and before the membership could open their eyes the treasury and postoffice departments put in joint claims for \$1,116,675,389 of their share.

Coincidentally Secretary Mellon handed in his annual report, which pictured business at the end of the last fiscal year as only 3 per cent below that of the previous 12 months, despite a drop in November and December of 1927.

The congressional air was murky with figures as the house and senate got down to business, but the voice of President Coolidge for government economy made itself evident to those who could appropriate government funds. The president warned that "it is clear that we cannot assume any great additional expenditures without jeopardizing" the present favorable outlook.

## SEVERAL AMERICANS SOUGHT IN WHISKEY SMUGGLING CASE

Buffalo, N. Y., Dec. 5.—(AP)—Federal authorities today were endeavoring to locate several American bootleggers indicted by the Federal grand jury in its move to stop the heavy flow of liquor from Canada into the United States.

Although thirty Canadians, many of them prominent in the liquor export business, were among those indicted for conspiracy to smuggle liquor into the United States. The indictments, it was stated today in Federal circles, mean little or nothing unless the men named set foot on United States soil. The offense with which the Canadians are charged is not extraditable. If any of the men named are caught in the United States, they are liable to arrest.

Among the Canadians are Harry C. Hatch, chairman of the board of directors of Goodham & Wors, Ltd., Toronto, and of the Hiram Walker Company of Windsor, Ont.; Edward T. Sandem, president of the Taylor and Bate Brewery, St. Catharines, Ont.; Herbert C. Hatch and Larry J. McGuinness, members of the liquor brokerage firm of Hatch & McGuinness.

Washington, Dec. 5.—(AP)—Following the indictment at Buffalo, N. Y., by a Federal grand jury of more than a score of Canadian distillers and brewers, the Treasury Department announced that investigations disclosed that "powerful combinations" were engaged in the smuggling tariff.

Seymour Lowman, assistant secretary of the treasury in charge of the bureau co-operating in the investigation, declared that the fight against Canadian liquor smugglers would be carried on until the practice was ended.

The investigation which resulted in the indictments in Buffalo was said to be likely to involve not only other Canadian distillers but employees of railway and telegraph companies and several banks.

The foreign control division of the treasury department in a statement said that some Canadian liquor interests had aided and abetted in smuggling to the extent in

## FIRE DESTROYS MAIN BUILDING AT LOUISBURG

### Two Firemen Injured In \$150,000 Blaze at College; School Work Is Suspended.

Henderson, Dec. 5.—(AP)—Fire of undetermined origin early today destroyed the main building of the Leisburg College, at Leisburg, N. C., driving 75 girls and teachers into the night in scant attire and resulting in injury to two firemen. The loss is estimated at approximately \$100,000.

As a result of the blaze the students, all girls, numbering between 200 and 300, today were enroute to their homes to remain over Christmas. Arrangements to resume classes cannot be made until after January 1, it was said.

The fire is believed to have started from the heating system. It was first discovered in the chapel, which is on the fourth floor, by two sisters named Knox, whose home is on the floor of the chapel. Aroused shortly before 10 o'clock, they opened their door and saw the flames. Hurrying to the first floor they rang the school bell giving the alarm. By doing so they lost all of their personal belongings but were credited with saving the lives of many of the 65 students and 10 teachers in the structure.

Firemen from Henderson, Raleigh and Rocky Mount answered a call for help from the Leisburg department. Although the main building was a mass of flames, the firemen saved several other newer buildings.

Morris Clifton, Leisburg banker, was slightly injured when a chair, hurled from the building, struck him on the head. Marvin Davis, Henderson fireman, was struck by a falling brick. A Raleigh fireman was slightly injured.

The building contained, besides a dormitory, the executive and administrative offices of the college, the kitchen, dining hall, and was the social center of the college.

Leisburg College is owned by the North Carolina Conference of the Methodist Episcopal Church, South. It recently was the recipient of large benefactions from R. H. Wright of Durham. At the present time it is engaged in a campaign to raise \$500,000 as an endowment.

A. W. Mohr is president of the institution. Later estimates of the loss fixed it at between \$150,000 and \$200,000. Insurance totaled \$110,000.

Julia Williams, negro, for many years the official matron of the building, died late yesterday. Her body was in the building when the fire was discovered but was removed safely.

## British Tanker Burns At Sea

London, Dec. 5.—(AP)—The German steamship Uarba today reported rescuing the crew of the British tanker British Courage, which was afire in the Eastern Mediterranean.

Lloyd's dispatches from Alexander Egypt, telling of the rescue said that the British seaman were picked up from lifeboats previously the British Courage had sent out a wire less message stating that she was afire and the ship would be abandoned.

## PRICES SHOW MORE LIFE ON LEAF MARKET

### Farmers Urged To Re-work and Market Their Tobacco As Early As Possible.

With common grade tobacco production, prices took an upward trend on the Greenville tobacco market yesterday, according to official report of sales made public this morning by K. W. Cobb, supervisor of sales.

The market sold a total of 626,672 pounds of bright leaf at a general average of \$22.52 per hundred pounds. The sum of \$141,146.14 was paid out to the farmers for their offerings.

With completion of sales yesterday afternoon the market had succeeded in passing last season's sales record of something over sixty-one million pounds. Figures for the season compiled by the supervisor of sales showed that exactly 61,494,788 pounds of tobacco have been handled this season.

This is considered a remarkable record for four sets of buyers. The market has maintained an average of slightly over a million pounds of tobacco daily since the opening day. This was a monumental task for the four sets of buyers, but they accomplished it in a way that drew unstinted praise from tobaccoists and streamers alike.

While sales will be considerably lighter during the remainder of the season, opinion was expressed that the price situation would continue favorable on all grades through the holiday season. Farmers have been urged to carefully work over their offerings and to market it as hurriedly as possible.

It was stated that there was around a half million pounds of leaf on the market today. Sales were expected to finish shortly after the noon hour. Prices today were as strong as yesterday with common grades continuing to command favorable prices.

The supervisor of growers giving as much attention as possible to more careful preparation of his tobacco before marketing.

This should play an important part in the price situation, it was stated, and help keep prices on common grades up to present standards.

## DR. CARROLL TAKES STAND AT RALEIGH

### Head Of Asheville Sanatorium Testifies In His Own Behalf At Capital City.

Raleigh, Dec. 5.—(AP)—Dr. Robert S. Carroll took the witness stand today in the suit brought by the State Board of Charities and Welfare to revoke the license of his hospital, Highland Sanatorium at Asheville, on the ground that he is morally unfit to operate it.

Under questioning by P. N. Simms, one of his attorneys, the elderly defendant described the operation of his institution for the treatment of mental and nervous ailments.

More than 5,000 patients, he said, have passed through the sanatorium in the last 21 years, 3,000 being hospital cases, and the remainder patients who came principally for examination and consultation.

Force is not used in the handling of patients, Dr. Carroll testified, save where it is necessary for the welfare of the ill person.

The witness was then brought around to the case of S. S. Lambert, a Virginia lawyer and former patient at Dr. Carroll's hospital who once won a \$5,000 verdict against the institution for alleged cruelty and neglect, and who was one of the Welfare Board's principal witnesses in presentation of the present case.

Dr. Carroll said Lambert exhibited apparent suicidal tendencies when admitted to the hospital, and the usual precautions were taken in his case.

## LARGE CROWD SEES HOOVER LAND IN PERU

### President-Elect Given Enthusiastic Welcome At Peruvian Capital Today.

Callao, Peru, Dec. 5.—(AP)—President-elect Hoover, landing on Peruvian soil this morning in his good will tour, was given an enthusiastic welcome by a great crowd of from 30,000 to 40,000 persons, who cheered and applauded him as he came ashore from the U. S. S. Maryland.

Nine seaplanes of the Peruvian navy soared over the harbor as President-elect Hoover started for the shore. Three Peruvian submarines, a half dozen destroyers and cruisers and other small craft lined the route across the harbor from the Maryland to the pier.

Penants were flying and salutes roaring as Mr. Hoover in the Maryland's launches with the Peruvian government's official welcoming party passed through the lane of ships.

Previously the president of the cabinet and Foreign Minister Rada Y Gamio, with a group of prominent government officials boarded the Maryland and warmly greeted Mr. Hoover. The foreign minister expressed the pleasure that the government and the people of Peru find in Mr. Hoover's visit and the conviction that it was of great importance to international friendship.

Dr. Carlos Roe, mayor of Callao, greeted the president-elect and extended an official welcome in behalf of the municipality and the people of the port.

Alexander P. Moore, United States ambassador, arrived at the pier and jointly the official welcoming party shortly before Mr. Hoover's arrival. There were hundreds of school children lining the route from the pier to a nearby plaza where the president-elect was officially welcomed.

Both Lima and Callao were festooned and all the buildings between the two cities were decorated. Just as in the other republic visited, this Hoover Day was a national holiday in Peru by a presidential proclamation and an act of congress.

## What Congress Is Doing Today

(By the Associated Press)  
Tuesday:  
Chairman McNary of the Senate Agricultural Committee introduced new farm bill.  
President submitted Kellogg-Briand treaty to Senate.  
House and Senate heard President's annual message.  
House Naval Committee placed self on record as desiring 5-5-3 naval ratio between United States, Great Britain and Japan extending to ships not specified in Washington naval arms conference.

Chairman Butler of House Naval Affairs Committee read Premier Baldwin's reply on proposed naval conference.  
Wednesday:  
Senate takes up Boulder Dam bill.  
Senate Foreign Relations Committee considers Kellogg-Briand treaty.  
Interstate Commerce Commission holds hearings on railroad consolidation.

Flood control committee has before it question of Arkansas River and tributaries.  
Full Appropriations Committee considers treasury and postoffice bill.  
Immigration Committee meets.

## Escaped Convict Captured After Long Gun Fight

Philadelphia, Miss., Dec. 5.—(AP)—The mysterious departure of a detachment of national guardsmen who left Jackson early today was cleared up a few hours later by their capture of Virgil Dunn who had been standing off the sheriff's forces in Neshoba county. Dunn, an escaped convict, was shot several times before he was taken, and was said to be seriously wounded.

The Mississippi guardsmen had departed from Jackson under orders in command of Adjutant General J. M. Hairston and Gov. E. B. Rains had declined to say where he had ordered them. An automobile loaded with newspaper men went on their trail. Dunn who had been hiding in the hills escaped to a nearby woods when the soldiers arrived but was followed up and taken after a fight.

## Sues For Breach Of Promise

Los Angeles—Mrs. Violet Merriam's story is that she agreed to a divorce on condition that her husband remarry her when certain property matters had been settled. He married another. Mrs. Merriam is suing for \$50,000 for breach of promise.

## BEGIN RAISING BIG CHRISTMAS FUND FOR POOR

**First Contribution To Merchants' Association Fund Today Totaled \$155.00.**

Contributions to the Merchants' association fund for carrying Christmas cheer into needy homes of Greenville and vicinity today totaled \$155.00, according to a report issued from the office of the secretary this morning. The fund is expected to swell rapidly now that it has been started and it is hoped sufficient money will be provided to care for every poor home in the community.

First contributions came from the Greenville Rotary Club, the Kiwanis Club and W. H. Woolard, vice-president and cashier of the Greenville Banking and Trust Company. All persons desiring to contribute to this fund have been asked to leave their donations at the office of the Merchants' Association or the Daily Reflector office. The names of contributors will be published in the columns of the Reflector daily.

All organizations of the city have been urged to co-operate with the Merchants' Association and Welfare Department in making this one of the happiest Christmases in year for the poorer classes of the community. Each case will be investigated and a committee will determine the needs.

This is the first time in years that such an extensive plan has been adopted for carrying the spirit of Christmas to the poor people, and members of the association expressed hope that everybody would contribute as liberally as possible to the cause. It is impossible for one to imagine the numbers of people who would experience little of the joy and happiness accompanying the Yule-tide season without the assistance of those who have been more fortunate.

The Welfare Department has the names of numbers of destitute cases on its lists. These will be investigated, their needs determined, and the committee will then go about providing Christmas cheer for them. Many plans of relief have been followed in this city from year to year, but it was believed that more direct results might be obtained through the raising of the public fund.

Contributions so far received follows:  
Greenville Rotary Club ..... \$100.00  
Greenville Kiwanis Club ..... 50.00  
W. H. Woolard ..... 5.00

**Democratic Leaders To Confer in N. Y. After Christmas**

New York, Dec. 5.—(AP)—A conference of leaders of the Democratic party will be called shortly after the Christmas holidays by National Chairman John J. Raskob, for a discussion of organization plans and for evolving a program for the next four years.

Governor Smith, leaders of the House and Senate and national committeemen probably will be invited to attend. The meeting will be informal and probably will take no definite action.

Whether or not he will retain the chairmanship of the party, Mr. Raskob indicated will depend on the attitude of the party leaders.

"Personally I have not yet given

any thought to this question," he said. "My personal inclination is to take an absolutely unselfish attitude in this matter."

There has been criticism by certain southern leaders of Mr. Raskob's continued chairmanship, notably from Governor Dan Moody of Texas, who blamed the chairman for the break in the Solid South in the last election.

Mr. Raskob indicated that if he should be retained as chairman he would carry on a militant campaign during the next four years.

**To Our Patrons.**  
Our Main Gift Shipment, consisting of more than a thousand individual gifts, and now long overdue, has been held up on account of unavoidable delays in imports reaching New York. However, we were advised by telephone from New York

this morning that these were being assembled for shipment and should reach us early next week. To those desiring to wait before making final selection, for Christmas, we will immediately call by telephone on arrival. Just call 31 and advise us.

## W. L. BEST

Pitt County's Leading Jeweler

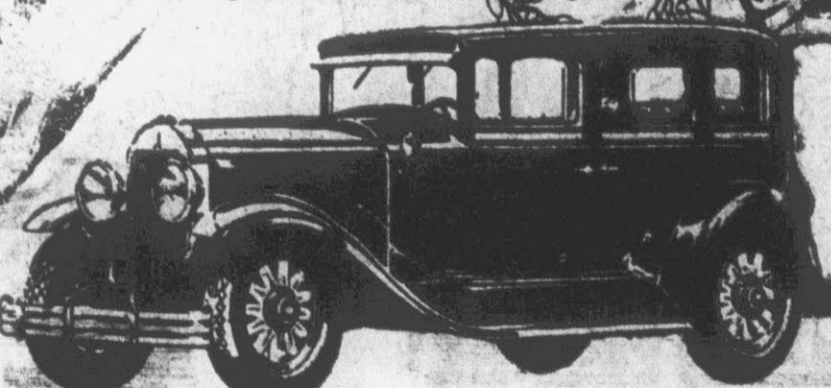

says:

### True Diamond Value

can only be determined by the professional jeweler who knows color, cutting, perfection—points of value. He can tell you why two stones, each identical in size and weight, may vary greatly in value. In so important a purchase can you take any but an expert's advice. . . . Pictured here is an exquisite mounting of Traub Genuine Orange Blossom, superbly set with a diamond of quality—backed by our name and reputation. It is good value at the price we ask, consistent with the fine quality of stone, superior workmanship, design, finish and the style of the exquisite setting.

ABOUT TOWN

"Have you made your contribution to the Christmas fund of the Merchants' Association?" will be the question asked on all sides from now to Christmas.
This fund will be distributed among the poor people of the city. It will carry the spirit of Christmas into the homes of many who would know no cheer and good-will without it.
"Make your contribution early and in that way enable the Merchants' Association to definitely determine the amount of money that will be possible before the Yule-tide season actually comes."

"How about that Christmas decoration?" inquired a well known business man today, chatting with a friend in one of the drug stores.
"We are a little late getting ours in place, but you may bet your life we will have one. The fact is, we are planning decorations of a more elaborate nature than ever before and hope to be able to attract more persons than any year in history of the firm."

"This is the greatest shopping center of Eastern Carolina and we have to live up to the reputation."

"Tuberculosis is one of the most dangerous diseases which humanity has to deal with at this time," said a member of the local Chapter of Red Cross today.

"Do your part in helping stamp out this terrible scourge by purchasing liberally of tuberculosis Christmas seals. See that every letter and package you mail out contains one or more seals. They lend individuality to your gift, impressing the recipient with your catholicity of sympathy for suffering humanity."

"These seals will be placed on sale in Greenville, and be sure of buying your share."

"Compete for one of the prizes to be given to merchants and home owners having the best decorations during the holiday season," urged members of the Christmas gift committee.

"You not only stand a chance of winning a cash prize for your effort but also help beautify the city during one of the greatest seasons of the year."

"Lots of homes and business houses were decorated profusely last Christmas. They presented a beautiful appearance and impressed visitors with the spirit of good will and happiness prevailing here."

"Try and make your decorations more extensive this year and encourage those living near you to do likewise."

"Listen to the plea of Mayor J. C. Lanier and leave your car at home or park it on a side street during the holiday season," urged a prominent business man today, speaking of the timeliness of the suggestion.

"There will be thousands of visitors coming to Greenville to do their buying during the next several days. Naturally, they will want to get as near to the business district as possible. Leave your car at home or park it off on some side street in order to give the visiting cars sufficient room in the main business district. Congestion is always bad enough on Evans street and Dickinson avenue. Don't make it more pronounced by driving your car when you really don't need it."

"Watch the columns of the Reflector during the holiday season and notice the hundreds of things which local merchants have to offer," advised the advertising manager of this paper today.

"Probably never before has such a complete assortment of Christmas gifts been assembled in this city. Tables and counters are literally groaning under the weight of the offerings."

"Visit the stores at night if you can't find time in the day. You should be able to make your selections just as good at night as in the day. The values are there. All you have to do is pick them out and tell the clerks to wrap them up for you."

"You will be remembering friends and relatives away from home this Christmas," mentioned the subscription manager of this paper today.

"In searching about trying to find an appropriate gift, why not subscribe on a year's subscription to the Reflector. Think of how you appreciated the paper when you were away from home. Think of how you were able to keep your fingers on the public pulse of your home town through the illuminating news stories carried by the paper from day to day."

"No other present would carry with it such wholesome joy as gift of home town news all the year round."

The acquittal of Robert W. Stewart only convicts American law and adds to growing disrespect of it, declares the Louisville Courier-Journal.

A. B. ELLINGTON & CO.

What does it mean

to you to use an oil that holds its body and stands off friction as does this specially processed oilier oil that's now outselling any other?

LESS CYLINDER WEAR WITH "STANDARD" MOTOR OIL

The motor of a well-known six sedan, after being driven 26,760 miles with "Standard" Motor Oil as the only lubricant, was dismantled and the cylinders carefully measured for wear with precision instruments. The average wear of each of the six cylinders was a fraction under 9 ten-thousandths of an inch.

When other oils are used the cylinder wear of the average well-cared-for car is over 30 ten-thousandths of an inch in 20,000 miles. Several times as great as in the sedan in which "Standard" Motor Oil was used.

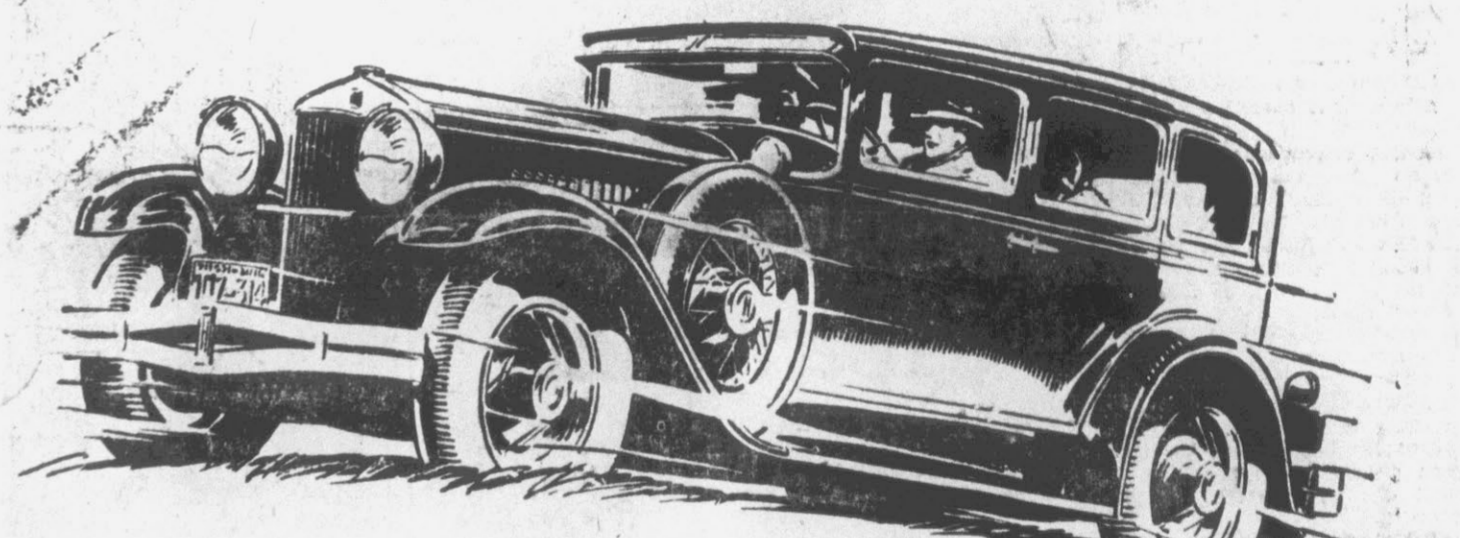

The practical advantage to you of the greater efficiency of "Standard" Motor Oil is easily apparent. Less wear means a better, smoother running motor, fewer repair bills and greater satisfaction with your car. Yet "Standard" Motor Oil costs only a quarter a quart.

"STANDARD" MOTOR OIL

"Standard" Greases, Transmission Oil and Gear Compound are made with the same care as "Standard" motor fuels and motor oils.

HUPMOBILE QUALITY turns scales in favor of new Century Models

Nine out of ten sales of new Century Hupmobiles are made when the buyer casts into the balance Hupmobile's known reputation for quality manufacture and engineering. For 20 years, motorists have come to Hupmobile for just these qualities—with all they imply in dependable, economical performance. Now, in the 1929 Century Six and Eight, they find these standards rigidly enforced, plus a new brilliance of style and beauty, new power, speed and getaway and the most modern advances in braking, steering and riding. We urge you to compare—point for point—the new Century models with any other cars on the market. Include Hupmobile reputation, and your decision will unquestionably be in favor of the Century's greatest values in the six and eight-cylinder fields.

Forty-two body and equipment combinations standard and custom on each line. Six of the Century list prices: \$1345 to \$1645, plus delivery charges. Century Eight list prices: \$1825 to \$2125, plus delivery charges.

NEW 1929 HUPMOBILE CENTURY SIX & EIGHT

Harrington-Lang Inc. 217 East Fifth Street Phone 606.

NO MORE TAXES WANTED

Declaring that the coming session of the Legislature should exercise every effort to prevent further increases in the tax burdens of the people of the state, the Laurinburg Exchange says: "The next legislature is going to be confronted with some knotty problems, and not the least of these will be that of appropriations and revenue, or taxes. Nearly all the State institutions are asking for greatly increased appropriations, and added to this is the demand from the State superintendent of public instruction for an equalization fund of six or seven millions for the public schools. This money is wanted to provide longer school terms in all the counties. "But that is only one side of the question. The business and agricultural interests of the State are asking where this additional money is to come from. Already they say taxes are little short of confiscatory. Business is groaning under its heavy burdens of taxation and agriculture in many sections of the State is practically in a state of collapse. According to the thinking of many of the men engaged in business and farming, it would be disastrous for the legislature to make obligations or take any steps that would entail a heavier tax burden."

The acquittal of Robert W. Stewart only convicts American law and adds to growing disrespect of it, declares the Louisville Courier-Journal.

Speedy Relief for Sore Throat
Safe Prescription Requires No Gargling
No longer is it necessary to gargle or to choke with nasty tasting patent medicines or gargles to relieve sore throat. Now you can get almost instant relief with one swallow of a famous doctor's prescription called Thoxine. It has a double action, relieves the soreness and goes direct to the internal cause not reached by gargles, salves, and patent medicines. Thoxine does not contain iron, chloroform or dope, is pleasant-tasting, harmless and safe for the whole family. Also excellent for coughs; stops them almost instantly. Quick relief guaranteed or your money back. 5c, 60c, and \$1.00. Sold by Pitt Drug Co.

# Market Report

## Cotton--Stocks--Grain

### COTTON MARKET

New York, Dec. 5.—(AP)—The cotton market opened steady at an advance of 5 to 10 points in response to relatively steady cables, but soon eased under renewed liquidation coupled with scattered southern and local selling. January eased off from 20.35 to 20.24, and the market by the end of the first half hour was 2 or 3 points below yesterday's closing quotations. The market was comparatively quiet during the early trading. Private cables said there was an optimistic feeling in Manchester with more cotton looms and spindlers running than for a considerable time.

Open	High	Low	Close	P. Close
Jan. 20.35	20.35	20.23	20.24	20.26
Mar. 20.44	20.40	20.27	20.37	20.37
May 20.32	20.33	20.20	20.30	20.30
July 20.05	20.09	19.96	20.05	19.98
Oct. 19.51	19.53	19.45	19.49	19.46
Dec. 20.43	20.43	20.28	20.40	20.31

### GRAIN MARKET

Chicago, Dec. 5.—(AP)—Assertions that European war cancellations of purchases of nearby deliveries of corn did much today to send corn prices sharply downward. Besides, corn belt weather conditions were of a character which pointed to enlarged receipts. Nevertheless, corn from downstate Illinois points was continuing to be sold to go to the Gulf of Mexico at prices higher than offered from Chicago. Wheat trading today was relatively small.

High	Low	Close
Dec. 1.161-8	1.162-8	1.151-2
Mar. 1.201-8	1.194-2	1.195-8
May 1.231-4	1.22	1.221-8

### STOCK MARKET

New York, Dec. 5.—(AP)—Speculative uneasiness over the credit situation was reflected in the extremely erratic price movements in today's stock market. Although several specialties were whirled up in spectacular fashion to new high levels on gains of 5 to 35 points, the general list appeared to be under pressure during the greater part of the session, losses of 1 to 6 points being distributed over a broad list of issues.

High	Low	Close
Dec. 1.001-2	997-8	1.001-8
Mar. 1.041-2	1.04	1.041-8
May 1.071-4	1.07	1.07

Call money opened at 9 per cent, the highest renewal rate since November 12, 1928, and held steady at that rate. Increasing holiday demands for funds, coupled with the disinclination of Federal Reserve banks to extend their purchases of acceptances, led to predictions of 15 per cent call money before the end of the year. Wall street also was impressed with Secretary Mellon's annual report to Congress in which he frankly stated that the Federal Reserve system has worked for tighter money to restrict speculative activity, but that this action was not effective with respect to securities speculation.

Another series of favorable dividend announcements, and the publication of the weekly "Iron Age" review stating that pig iron production last month was the highest since April, 1927, and the largest November output since 1918, helped to revive bullish enthusiasm, and started a general recovery in prices in the early afternoon trading.

Radio, which fell from 420 to 409 quickly rallied to 416 1-2, Wright Aeronautical made up most of its 11 points drop and A. M. Byers converted an early loss of 6 points into a gain of 5 3-4, by touching a new high at 301.

In the midday selling movement, Curtiss, Montgomery-Ward, National Bellas Hess, Canadian Pacific and International Harvester dropped 5 to 6 points and National Biscuit, General Motors, Warner Bros. Pictures, Liquid Carbonic, Consolidated Gas, International Nickel, Cerro de Pasco Copper, Greene Cananea Copper and American Sugar Refining sagged 2 to 4 1-2 points.

Packard Motors led the afternoon rally by soaring 9 1-2 points to a new high record at 150, one block of 11,000 shares changing hands at that price. Foundation Co. ran up 10 points to a new top at 57 1-2. Western Union, Allis Chalmers, Federal Mining & Smelting, Motor Products, Keith-Albee preferred and Mohawk Carpet sold 5 to 8 points higher.

The close was steady. Total sales approximated 4,800,000 shares.

## SEES NEED OF AIR MAIL IN ALASKA TODAY

### Postoffice Department Asks Congress For Appropriation For This Purpose.

Washington, Dec. 5.—(AP)—Airlines gradually are assuming the burden of Alaskan dog teams, bearing passengers, mail and freight distances, making trips in hours that would require weeks for the dogs to travel through the snows.

W. Irving Glover, second assistant postmaster general, asking an increase for the appropriation for mail transportation in Alaska, told the house postoffice appropriations sub-committee that the demand for airplane mail service in Alaska was partially responsible for the request.

Appropriations carried in the annual treasury-postoffice supply bill for southern public buildings include:

New Bern, N. C., \$55,000; Lynchburg, Va., \$200,000; Portsmouth, Va., \$40,000; Richmond, Va., \$25,000.

**KEY'S KILPAIN**  
Tablets and Powders For Headache, Toothache etc. Manufactured by Key-Brown Druggist

### Drunk Shoots Up Atlanta Prison

Atlanta, Dec. 5.—(AP)—When the roar of revolver shots rent the quiet in the city jail early today, a horde of call officers charged the cell blocks to halt the jail break.

They found Spurgeon Cowart, arrested earlier in the evening on a charge of drunkenness, with a smoking revolver in his hand loudly renewing his requests to use the telephone. The jailer had failed to search him properly.

He was diarmed and two more charges, disorderly conduct and discharging firearms within the city limits lodged against him.

He also was denied the privilege of using the telephone booth.

### Lady Astor Joins Reds.

London—Lady Astor in the army of Reds? Well, that's how the Laborite members twitted her when she appeared in Commons in a flaming red gown with hat to match instead of her usual sombre hues.

## Life carefully planned

ASK any of the boys who've made good and they'll tell you it didn't just happen by a lucky break. Their success was the result of careful planning. Hard work. Night school, perhaps. And above all, always attending strictly to this important matter of health.

It not only keeps an excess of body poisons from forming (we all have them), but aids in their removal. Nujol can't possibly upset or disagree with you, because it contains absolutely no medicine or drugs. It is simply a pure natural substance. Perfected by the Nujol Laboratories, 26 Broadway, New York.

Start Nujol today. Give it a fair try—for the next three months, anyway. By the end of that time—even before then perhaps—see if you don't feel much more all 'round fit.

You can buy Nujol at all drugstores for a small sum. Worth trying, isn't it? Nujol is sold in sealed packages only. Stop and buy a bottle on your way home tonight.

**"ELECTRO--AL"**

TO APPEAR IN THEIR STORE WINDOWS

Thursday, Friday and Saturday  
December 6th--7th--8th

11 A. M. TO 1 P. M.—4 TO 6 P. M.—7 TO 9 P. M.

"ELECTRO--AL" is ?? Maybe he's controlled by electricity, nerves or radio. Who knows? At least he's wonderful. If you make him laugh you will receive \$100. This \$100 is backed by a surety bond "Electro--Al," a human mechanical doll is absolutely the only thing of its kind ever to be seen in Greenville. This attraction has been secured by Home Furniture Co., direct from Atlantic City. It is an expensive proposition—something you can't afford to miss and it is absolutely the only performance of "ELECTRO--AL" in Greenville.

Guess Al's Age and Win a Fine Napanee Dutch Kitchenet

See Al-then, come and see the most attractive displays of Christmas Goods and Appropriate Gifts for Christmas in the City.
