REBELS TAKE TWO FORTS AT KABUL TODAY

British Airplane Shot Down; Revolt Caused By Failure Of King To Pay Army.

New Delhi, India, Dec. 19.—(AP)—Rebels were reported today to have seized two forts overlooking Kabul, capital of Afghanistan. They were awaiting reinforcements to press their attack.

A British airplane was shot through the radiator and made a forced landing near Kabul. The plane had been attempting to establish communication with the British legation with a view to the evacuation of British and Indian women and children if necessary.

Whether the airplane's occupants were safe was not learned here. Efforts were being made by British authorities at Khyber Pass and at Mithran to send assistance to the flyers but the exact locality of their landing was not known.

Large quantities of arms and ammunition were understood to be in the two forts reported seized.

Intermittent communications were being maintained with Kabul by the Quetta and Kandahar telegraph offices but communication between the telegraph office and the British legation was not feasible.

The question of the safety of the British legation was having the closest personal attention of the viceroy.

London, Dec. 19.—(AP)—The trouble that King Amanullah, of Afghanistan is having in suppressing revolts was said in newspaper dispatches today to be due to his failure to pay his army.

A dispatch from Lahore, India, said that the army had not been paid for some time and that some soldiers had deserted to join the rebels, who were arrayed against King Amanullah chiefly because of his introduction of western ideas such as decreeing that women should be unveiled.

The Daily Mail printed a dispatch from Bombay saying that the standing army of 25,000 men was disaffected because of insufficient pay. The king's ministers were trying to raise mercenary forces.

A Karachi dispatch to the Daily Express quoted an unnamed merchant from Kabul, capital of Afghanistan, saying that it was generally believed in Afghanistan that the king used army funds to pay for his many purchases of modern machinery in Europe during his tour of this year. It was claimed that the army had not been paid for three months and that the king's high-handed methods had antagonized even members of his staff.

King Amanullah returning from his European tour announced purchases which were mostly for the army. These included 53,500 rifles, 106 heavy field guns, some machine guns, six tanks and five armored motor cars. He also arranged to have some railroads built by French and German companies.

The Daily Mail also said that the chief hope of the king lay in the prospect of wintry weather and heavy snows since the revolting tribesmen have no equipment for campaigning under such conditions.

Indian Ax Killer Asks That Woman Watch His Death

Milledgeville, Ga., Dec. 19.—(AP)—His last plea for clemency denied, R. H. (Whitey) Sheppard, Indian ax killer, faced death in the electric chair today with a request that a woman witness at his trial be forced to watch the execution.

Warden W. J. Burke of state prison, told Sheppard that the woman, Dovie Braswell, who is serving a misdemeanor sentence here, would be permitted to witness events in the death cell, set for around noon, if "she so desired."

Sheppard was tried twice for the murder of Homer Fowler in Atlanta in February, 1927. He contended Fowler was killed when he fell against a cornice during a fist fight while the state held death resulted from axe blows.

Sheppard was jovially persistent that the woman be present at the execution, insisting that he believed she would "take back those lies she told at the trial," if forced to attend.

Bumper Crop Mistletoe.
Chicago, Dec. 19.—(AP)—A kiss for Cinderella or anyone else seeking her big Christmas moment beneath the mistletoe, will be within the reach of all this year, the mistletoe merchants announce.

A bumper crop is available from the south, especially Alabama and Texas, the florists said, resulting in a price drop which in turn has been accompanied by an unusually heavy demand.

New Carrie Nation

Infuriated, she said, because her husband and daughter had obtained liquor at the place, Mrs. Maude Wilson, Kansas City cafe proprietor, emulated Carrie Nation and wrecked a soft drink parlor with a hatchet. Mirrors, windows and bottles were smashed.

SUBMARINE IS LIFTED FROM OCEAN TODAY

Experiments With Sunken S-4 Prove Successful Off Block Island Coast.

Block Island, R. I.—(BY) Ray of the Block Island Coast Guard (Radio Station). Dec. 19.—(AP)—The submarine S-4, which remained down in 55 feet of water when an attempt to raise her with new lifting jugs was made last night, was brought to the surface at 9:47 a. m. today. The craft had been deliberately sunk without a crew at 8:21 Monday morning.

Although officers last night announced that a third pontoon would be used to float the 231-foot hulk, on after daybreak they entered the forward torpedo loading hatch which was high and dry out of the water and passed through other compartments to the motor room. This compartment was found flooded but from the control room which was dry, the water in the motor compartment was blown out. The vessel came up and straightened out in ten minutes.

The submarine was sunk by flooding the ballast tank in the engine room only and how the motor room took water was not immediately determined. Two possible causes for the accident were suggested.

A leak in a wall of the compartment or a leaking gasket on the door separating the engine room from the motor room in the stern.

MRS. GOODHUE BECOMES WEAKER

Northampton, Mass., Dec. 19.—(AP)—Mrs. Lemira Goodhue, mother of Mrs. Calvin Coolidge, was said today to be somewhat weaker than she was when her daughter visited her last month. Traces of the Dickson hospital, where Mrs. Goodhue has been a patient for more than a year, said, however, that there had been no sudden change in her condition.

Mrs. Coolidge is expected to arrive here tonight and to visit the hospital tomorrow morning.

Aged Woman Flies Across Country To Be With Dead Son

Raleigh, N. C., Dec. 19.—(AP)—Mrs. C. E. Smith, 85-year-old bereaved mother, took off in a cabin plane from Pointexter Field here at 9 o'clock this morning in her race from St. Petersburg, Fla., to Hartford, Conn., where her son Harry lies dead.

Mrs. Smith flew from St. Petersburg to Jacksonville where she took a train for the overnight trip to Raleigh. She was met at the station here by Henry B. Pointexter and rushed to the flying field.

George M. Keightley, pilot of a Stinson-Detrol Junior plane, was waiting at the field, and there was no delay in transferring the aged passenger to his plane. Keightley had flown here from his home airport at Greenville, S. C., under charter to Mrs. Smith.

Tobacco Market Drawing Near 70 Million Goal; Close For The Holidays

Sales on the Greenville tobacco market today stood at 88,049,566 pounds, according to the official daily report made public this morning by K. W. Cobb, supervisor of sales. The report includes sales of yesterday. It put the market within less than two million pounds of the goal of seventy million pounds set for the season.

The report showed that 885,544 pounds of bright leaf were offered for sale here yesterday. It brought the farmer a total sum of \$156,229.05. The general average was given at \$17.73, slightly over two cents less than the price average of the preceding day when over a half million pounds of tobacco was offered for sale.

The general decline in the price average was due mainly to the unprecedented offering of mixed tobaccos. Considerable amount of leaf was also in evidence. This caused the warehousemen to appeal to the growers to refrain from bringing the leaf in preparation for marketing. They were also advised not to mix their tobacco, and to present it for sale as near in order as possible.

The report of the supervisor indicated the market had paid out \$14,470,879.82 for the sixty-day million pounds of leaf handled here this season. The average on this

Twins Four Times In Seven Years

Washington, Dec. 19.—(AP)—For the fourth time in seven years twins have been born to Mr. and Mrs. Grover C. Robey here, bringing the total number of children in the family to fourteen.

"We missed the unlucky number, anyway," Robey said philosophically today.

"Doing well," was the report on the mother and the twins, a boy and girl to be named Clarence and Constance.

Both the mother and father are members of large families. Mrs. Robey, formerly Miss Anna Barbara Middlecott, of Baltimore, is one of thirteen children and her husband one of eighteen.

TOBACCO MEN GIVEN ROAST

Annual Oyster Roast Given Last Night By Turnage & Winslow. Occasion Enjoyed.

The annual oyster roast given by local firm of Turnage & Winslow to members of the Tobacco Board of Trade was staged at Peron & Garrett's factory last night, with a large crowd in attendance. Aside from unparalleled consumption of mammoth oysters, the tobaccoists were treated to a number of interesting talks dealing with the outlook for progress of the local industry, and a prize contest of more than passing interest.

The winners in the contest were Ralph Garrett and P. L. Goodson, he former being presented with a miniature International truck and he later a diminutive tractor, each of the prizes representing the brand sold by Turnage and Winslow.

James Ficklen, president of the Tobacco Board of Trade, presided over the exercises and called on members of tobaccoists and representative business men for talks. Each of the talks was short and vealed with progress of the tobacco market. The proposed five sets of buyers for the Greenville market next season was given attention, and it was indicated that nothing would be left undone in making the fifth set of buyers an actuality.

Those speaking were: C. W. Howard, W. S. Moye, Sheriff Al Warren of Stew Hill; W. H. Dall, A. E. Jobgood, G. V. Smith, J. E. Winslow, D. J. Whitehead, Jr., Rodney Prescott. Each of the speakers represented some particular field of the tobacco industry or some business interest in the city.

Easy Money.

New York—R. Scholto Douglas at times has kept himself supplied with money by selling letters and postcards of his father, Norman Douglas, British novelist. There is a market for them among collectors. As described by Mrs. Scholto who is here with her husband for Christmas: "Postcards used to pay for lunches while the netters netted enough for night clubs and the operators."

TWO NEGROES CAPTURED AT LIQUOR STILL

Man And Woman Sentenced To Roads And County Home As Result Of Raids.

Within twenty-four hours after their capture at a whiskey still in Beaver Dam community, Will Garland and Daisy Rogers, colored, began payment for violation of the law. The man was given twelve months on the county roads and the woman drew six months at the county home. A youth captured at the still was released.

The capture of the still was made by members of the sheriff's department. The outfit had just begun operation and the surprise was so complete that none of the party had time to escape.

A white man, probably an out-peddler, was discovered making his way toward the still during the raid. He was chased a considerable distance but made his escape when he plunged into a stream of water and gained the protection of dense undergrowth on the opposite bank. While members of the raiding party were unable to identify him, efforts were under way today to determine his connection with the outfit and to bring him to justice.

The still was of the usual type used in the distillation of contraband beverages in this section of the county. It was operated by steam and capable of producing an enormous amount of whiskey at a single output.

This was the sixth still captured by representatives of the sheriff's office during the last few days. It was the first time, however, distillers have been apprehended and forced to pay for their crime against civilization.

The sheriff's department is maintaining a keen watch on the illicit traffic during the holiday season and it is expected numbers of bootleggers will fall into the dragnet before Christmas is over. The greatest effort is being directed at the surreptitious movements of traffic members crossing the borders from other counties and the holidays are expected to bring about numbers of captures.

CONTRIBUTION TO POOR FUND LAGGING TODAY

Gifts Of Considerable Clothing Reported During Last Twenty-four Hours.

No cash contributions have been reported to the Merchants Association Christmas fund during the last twenty-four hours, but gifts of clothing continued to trickle in as liberally as any other time since the campaign opened.

The cash contribution has already passed the five hundred dollar mark but members of the committee investigating the condition of the community's poor do not believe this is sufficient to provide comfort and cheer for the holidays. Over fifty destitute cases have already been listed in by the committee and this number will be greatly increased before the week is over.

Abject despair and misery was described as existing in many of the homes of the poor where widows with broods of tiny children are struggling against the inroads of disease and poverty. The situation in numbers of cases is pitiable, members of the committee stated, and it is hoped to raise sufficient money to provide comfort and relief for those who have watched the giant skeleton of starvation stalk through their homes for an indefinite period.

Gifts of clothing by individuals and concerns will amount to three or four hundred dollars, it was indicated, but this is inadequate to care for the demand. It is expected, however, this form of contribution will continue liberally within the next few days and that it will amount to several hundred dollars by Christmas.

All citizens who have not contributed to the fund are urged to do so immediately. Accurate record of cash contributions is being kept by the city foot barometer in front of the Merchants Association. Passersby have formed the habit of watching the mounting mercury of the register and have been gratified at the progress shown from day to day.

Contributors of clothing over the twenty-four hour period were: Miss Mary Louise Langley, one pair of hose; Blount-Harvey Co., three dolls; Mrs. Leo Burke, one pair of shoes, two pairs of socks, one pair of stockings, one man's coat and a lady's dress.

CONGRESS TO GET HOLIDAY DECEMBER 22

Holiday Period Voted Today After Shifting Kellogg Treaty For Awhile.

Washington, Dec. 19.—(AP)—Congress began today to get ready for Christmas by voting itself a holiday period which will last from December 22 to January 5.

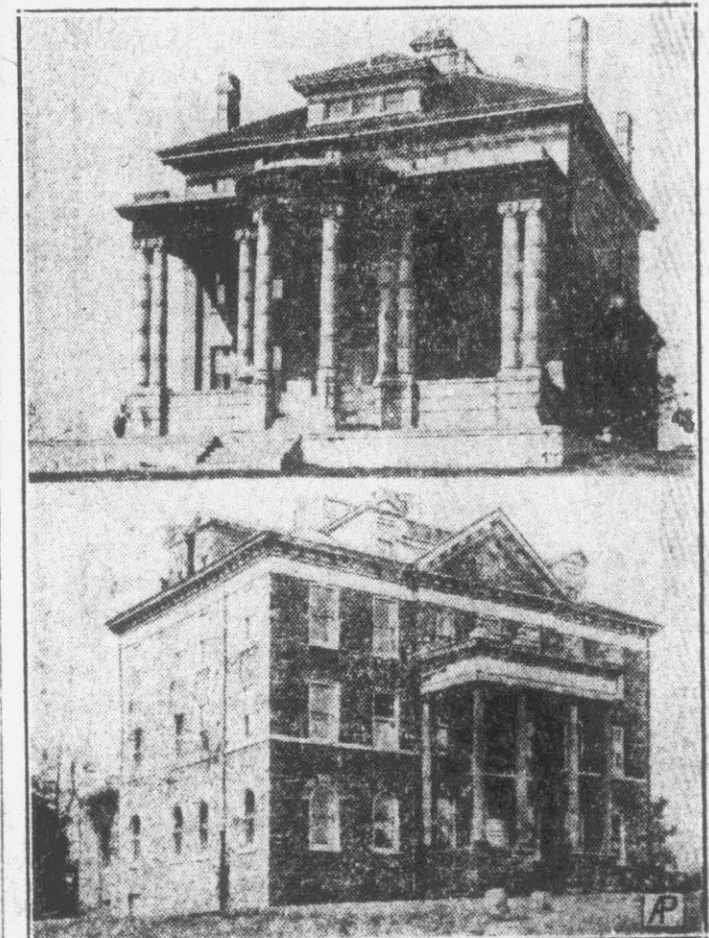

At the same time the Senate decided to lay aside one issue on which a fight is being made until after New Year's Day. The Kellogg treaty to renounce war was formally presented by the Foreign Relations Committee but the Senators decided that these pre-holiday days were not the days for its consideration.

In the House another of the big appropriation bills was introduced. It called for \$111,799,000 to run the State, Justice, Labor and Commerce Departments next year. An item of \$19,000,000 was included for the expenses of taking the 1930 census.

The business before the Senate was the bill to prohibit interstate commerce in prison made goods. In the House, Rep. Garner of Texas, obtained the floor long enough to shoot some darts in the direction of Secretary Mellon, who he asserted, had been misleading in utterances concerning the condition of the nation's finances in general.

A meeting of the Senate Public Lands Committee was called to further consider the nomination of Roy O. West of Illinois as secretary of the interior. It was indicated that there would be opposition based on the ground that the secretary as a member of the Federal Power Commission, might have to pass on applications of the Samuel Insull interest. West recently told the committee he had once held stock in Insull companies but had disposed of it before joining the cabinet.

Paraguay And Bolivia Continue Measure For Defense; Peace Pending

Asuncion, Paraguay, Dec. 19.—(AP)—Enrollment of troops continued today, although both Paraguay and Bolivia alive accepted the good offices of the Pan-American conference in the settlement of their dispute.

Economic defense measures were also considered by President Guigari, who met with a commission of bankers and business leaders. A national supply council was formed under the leadership of former Foreign Minister Bordabene.

Five thousand volunteers were enrolled at Concepcion for immediate service. A battalion of students was formed in Asuncion. Four thousand Paraguayans who have been working in Argentina came forward for military service.

La Paz, Bolivia, Dec. 19.—(AP)—Despite the prospect of a peaceful

Dr. Joshua Tayloe Dies At Washington

Washington, N. C., Dec. 19.—(AP)—Dr. Joshua Tayloe, mayor of this city, died early today from the effects of a stroke suffered last night. He had been in ill health for a year.

Dr. Tayloe had been a life-long resident of Washington, and had practiced medicine here since graduating from Bellevue College in New York in 1892. He was at one time small-pox expert of North Carolina and was active in the State Medical Society. He also was affiliated with the Seaboard Medical Association and the Beaufort County Medical Society.

He was elected mayor in May, 1927.

Eugene O'Neill Found In Manila

Manila, Dec. 19.—(AP)—Trailed by newspaper men seeking to establish his identity, Eugene O'Neill, American playwright, today was found in Manila but little of the rest and seclusion he has been seeking since his arrival in the Orient.

O'Neill, who came here from Shanghai yesterday under an assumed name, was positively identified today through his passport and correspondence and not through his name.

Choosing to remain aboard the steamer Coblenz which brought him here, O'Neill spent a sleepless night last night due to the heat and the noise incidental to the loading of the cargo. He looked haggard this morning.

A meeting of the Senate Public Lands Committee was called to further consider the nomination of Roy O. West of Illinois as secretary of the interior. It was indicated that there would be opposition based on the ground that the secretary as a member of the Federal Power Commission, might have to pass on applications of the Samuel Insull interest. West recently told the committee he had once held stock in Insull companies but had disposed of it before joining the cabinet.

TOOTHACHE FOR MAN'S SUICIDE

Rochester, N. Y., Dec. 19.—(P)—A toothache is believed to have driven Max Stempian, of Greenwich, Conn., to commit suicide. He visited a dentist's office here for treatment early last evening, and found the doctor out. Early this morning his body was found hanging by a belt from a rafter in a coal yard. He leaves a wife and seven children.

BRITISH KING HAS ANOTHER NIGHT OF REST

Slight Improvement in General Condition Noted Yesterday Still Continues.

London, Dec. 19.—(AP)—The desperate battle which King George has been waging for his life continued somewhat in his favor today. This morning's medical bulletin, like the two of yesterday, recorded improvement, even though slight. Despite the fact that his majesty's gain has been slight, it has been definite and a more hopeful atmosphere prevailed among palace officials.

This morning's bulletin which was issued by Stanley Hewitt, Sir Hugh Higgis and Lord Dawson of Penn was as follows:

"The king had a few sleepless nights. Slight improvement noted yesterday continues."

On the whole the situation was regarded as favorable and satisfactory, although it was emphasized that anxiety continues and must continue for some time. Uninterrupted progress for several days, it was said, would be necessary before real confidence in the outcome can be felt.

The developments of the immediate future are awaited anxiously, the possibility always being present of his majesty suffering a setback and losing some of the ground so painstakingly won during the past two or three days. There was no disposition to minimize the fact that the royal patient's condition still was critical.

It was a month ago today that the public was first informed that the king was ill. It has been a month of deepest anxiety for the nation as what was first announced to be a feverish cold turned out to be a serious congestion of the lung and pleurisy.

The critical phase of the illness which was poisoning the patient's system apparently was reached on December 2 when the official bulletins reported heart weakness and this period of most anxious suspense continued almost a fortnight until after December 12 when an operation was performed for chest drainage which seemed to have marked the end of the downward trend.

The physicians' consultation at Buckingham Palace this morning lasted about an hour. The Prince of Wales was in the palace while the consultation was being held. He drove away shortly after the doctors' visit, holding his pet Cairn terrier, "Cora," on his lap. He seemed to be in a cheerful mood and motored to the Bath club to watch the final in the squash racquets championship.

Special Session Of League Unnecessary

Paris, Dec. 19.—(AP)—Foreign Minister Briand of France, who is president of the League of Nations' Council, and Sir Eric Drummond, secretary general of the league, reached an agreement today that peace measures in the western hemisphere had removed the necessity for calling a special session of the league council.

As soon as he receives official word that Bolivia, like Paraguay, has accepted the mediation of the Pan-American conference M. Briand will telegraph all members of the conference that no extraordinary session will be held. He will probably cable the governments of Paraguay and Bolivia congratulating them on their decision and emphasizing that it gives impetus to the international movement consolidating world peace.

Another Carrie Nation.

New York—Mrs. Pauline Horadnitsky, claims to be a Carrie Nation. In a court for smashing windows and furniture in a poolroom as well as decapitating George Washington's statue and taking one ear off Abraham Lincoln's, she said her husband had been spending all of his money there on drink. The poolroom owner said he never sold liquor and would sue. Pauline was held for trial.

Texas Man Is Held On Forgery Charge

Dallas, Dec. 19.—(AP)—Ben C. Richardson, Jr., prominent local business man, was arrested today on charges of forgery in connection with a \$1,650 election bet which already has caused the death of one man, and murder charges against another.

Richards wagered \$1,000 with V. Ray Adams of Dallas that Senator Earle B. Mayfield would defeat Connally in the U. S. senatorial primary. Orville Mathews, a banker, held stakes. Connally won and Adams went to collect the money, but was told that it had been paid to a "Clyde R. Vest of Waco" upon credentials which Adams charged were forged. In the argument Adams shot and killed Mathews on a busy downtown street corner.

Georgia Tech In Final Practice

Atlanta, Dec. 19.—(AP)—Georgia Tech's Yellow Jackets donned uniforms for their last practice at Grant Field today before entraining Thursday afternoon for Pasadena, Calif., and their Rose Bowl engagement against California's Golden Bears.

At some time Sunday night, the Tornado will have ten full days of practice before the New Year's Day football classic—enough, thinks Coach Bill Alexander, to acclimate his charges if the weather on the Pacific coast affects them.

But the unusual variety of temperature here since practice started this week, indicated little acclimation will be needed. Monday was warm and muggy, while yesterday was cold and clear, prompting a fast workout at Grant Field. Coach Alexander continued to send his two varsity squads through signal paces, while a third team continued to learn bear plays for use in scrimmage probably today.

Wagley and Herron were put through all the passing paces in the Jackets' repertoire, indicating that Alexander expects to use strategy against California similar to that which knocked Vanderbilt off the top rung in the Southern Conference in mid-season.

No casualties were reported yesterday.

Thirty Resorts Closed In Texas Crime Crusade

Wink, Texas, Dec. 19.—(AP)—Thirty resorts were closed here today and scores of citizens and transients were held for law violations or for questioning following the greatest drive on lawlessness this turbulent oil-boom town has ever known. The alleged violations include liquor, gambling, narcotic and auto theft laws.

Attracted by the commotion which a private feud between rum runners and hijackers aroused here this week, Federal and State officers descended on the town in force last night and proceeded to a swift and business-like cleanup.

While the Federal dry agents, customs and narcotic inspectors and Dyer act investigators sought violators of national laws, Texas rangers enforced the state gaming laws by raiding and closing 11 alleged gambling resorts. Three of the casinos were said to be exclusive establishments with no limit on betting.

The dry agents made 25 arrests on liquor charges in 18 resorts and the narcotic inspectors reaped a good harvest of suspects. No announcement was made of results of investigations by the Dyer act and customs inspectors, but it was reported the former had found several automobiles which were believed to be stolen cars.

The raids came with such startling suddenness that all the town's resorts were caught by surprise and officers were handicapped for a time with handling prisoners in wholesale lots.

Many Riders Take Part In Fox Hunt At Pinehurst, N. C.

Pinehurst, Dec. 19.—(AP)—More than 30 riders of social prominence from several states participated in Pinehurst's first fox hunt of the season yesterday.

The weather was ideal and the hounds were soon on the track of Reynard who led his pursuers a chase of more than an hour. The kill took place on the Carthage road some miles from the beginning point on the Midland road.

Among those who rode were: Miss Anne Rose, Sewickley, Pa.; Miss Edgely Willes, Surry, Eng.; William Parson, Brooklyn, Me.; Miss Elizabeth Rountree and Anderson Rountree, Winston-Salem; Miss Julia Scott, Butterfield, Battle Creek, Mich.; Mr. and Mrs. J. Stuart Barclay, New York; K. F. Braun, New York; L. P. Edmunds, New London, N. H.; J. C. Thomas and Miss Frances Thomas of Greensboro.

Another hunt during the Christmas holidays here has been planned.

Dies In Keeping With Philosophy.

New York, Dec. 19.—(AP)—Obituary editors of New York newspapers going through their daily list of mail found the following notice:

"To my friends in New York, Chicago and elsewhere, greetings, and the glad tidings that I kicked the bucket Dec. 17, 1928.

"Cause: Tedium Vitae. I got tired of life.

"My voluntary passing is in keeping with my philosophy and was planned long ago.

"Free was my life and free be my death.

"Pity me not; I have had my dream.

"I am at peace with God, the world and myself—

"Goodbye!"

"George Panebaker."

Investigation by reports at the East 121st street rooming house which Panebaker gave as his address, revealed the body hanging from a steam pipe in a shabby furnished room filled with books in German, French, Italian and English. Neighbors said he was the son of a German burgomaster, a world traveler and a translator of medical and philosophical writings. He was 55 years old.

Embezzler Draws Term In Prison

Chicago, Dec. 19.—(AP)—Otto Ruess, who owned four cars, a riding horse and costly North Shore home on a salary of \$7,500 a year, is going to prison for from one to ten years. While he is there his wife and children will be provided for by the man from whom Ruess embezzled \$60,000.

Ruess had entered a not guilty

plea when arraigned yesterday before Judge McGorty. He changed it to "guilty" when his former employer, Walter P. Paepcke, lumberman, advised him to "take his medicine like a man." Paepcke, in whose firm Ruess was an assistant auditor, then announced he would provide for the embezzler's wife and children while Ruess was in prison.

PUBLIC LIBRARY HAS BEEN DECORATED, TOO

The Greenville Public Library has been very attractively decorated for the holiday season by the Garden Department of the Woman's Club. Mrs. J. Key Brown directed the work. Growing plants have been placed in each window. Holly and cedar and Christmas posters give the whole room a "Merry Christmas" air.

The library will be closed on Monday, Tuesday and Wednesday, Dec. 24, 25 and 26. No books have been made due on those days. The regular hours, from 2 p. m. to 9 in the evening will be resumed on Thursday, Dec. 27.

MRS. BROWN ENTERTAINS SANS SOUCI BOOK CLUB

The Sans Souci Book Club was delightfully entertained on Tuesday afternoon by Mrs. J. Key Brown, at her home on Eighth street.

Mrs. Wooten, president, presided over the meeting and fourteen members responded to roll call. This was followed by the usual exchange of books.

The interior of the residence was especially attractive with a profusion of poinsettias, holly and candles which suggested the approaching holiday season.

In the center of the dining room table was a miniature Christmas tree, brilliantly illuminated.

"Christmas" was the subject of the interesting program which was developed with a beautiful poem, "Bethlehem," and also an original Christmas story "What a Christmas Carol Did," by Mrs. J. B. Kittrell. She was assisted by Mrs. Waldrop who, in her usual manner,

sang sweetly, "Under the Stars," by Brown.

At the conclusion of the program, the hostess, assisted by Miss Purvis and Mrs. Tolson, served a delicious salad and sweet course—and on each plate was an attractive Christmas favor.

Resolutions Of Regret.

Whereas, on Sunday, December 9th, Reverend H. Frederick Jones tendered his resignation as Pastor of the Memorial Baptist Church, effective January 1st, 1929, and urged that it be accepted, which request was acceded to with keen regret by the entire membership. Now therefore, be it resolved:

First: That in the going of Brother Jones our Church realizes it is sustaining a great loss and that his place will be hard to fill.

Second: That Brother Jones has for a little more than three years labored faithfully with us and in every way possible promoted God's Kingdom in our midst. He carries with him to his new field of endeavor our unfaltering love and prayers for his success.

Third: That a copy of these resolutions be placed on the minutes of our Church, one sent to the press, and one to Brother Jones.

Respectfully submitted:

J. H. Boyd, Jr.

Mrs. Geo. J. Woodward

Joseph Smith, Committee.

L. A. Stroud, Church Clerk.

COOLIDGE MAY MAKE TRIP TO GEORGIA COAST

President Likely To Accept Invitation For Fishing Trip Christmas.

Washington, Dec. 19. — (AP) — President Coolidge has in mind a trip to Sapelo Island, off the Georgia coast. There are salt water fish in the ocean around Sapelo and the president has dipped his worm or cast his fly only in fresh waters. The fishing may not be a factor, but it is known that he is considering an invitation given him by Howard E. Coffin, head of an air transport company. If they go, the president and Mrs. Coolidge will probably leave Washington Christmas afternoon or night.

They may stay several days. The president is not certain that he will return to Washington in time for the New Year's reception at the White House. This has been a feature of the capital's holiday program for a number of years, although abandoned occasionally during the Wilson administration because of the war.

The condition of Mrs. Lemira Goodhue, Mrs. Coolidge's mother, who is ill at Northampton, Mass., may determine whether the trip is taken. Mrs. Coolidge is to visit her mother this week.

Sapelo Island, only a short distance from Brunswick, Georgia, is one of a group of historic islands. French noblemen found refuge on the island in the day when the Huguenots were fleeing their native country. Indians and Pirates have swept down upon the inhabitants of Sapelo Island and in the days before the civil war it thrived because of the fertile soil and cotton.

Nevada Has Marriage Boom.
Washington—Nevada, whither go many folks seeking divorces, has a marriage boom, with the divorce rate up and the marriage rate down throughout the country last year, until there was one divorce for every ten trips to the altar. Nevada had the leading marriage rate of 81 per 1,000 population. The Census Bureau explains it all away as due to a change in the California marriage laws requiring a three-day delay before the issuance of a license which leads couples to slip across the border.

PRESIDENT VIEWS GERMAN POLICE DOG

Washington, Dec. 17. — (AP) — At President Coolidge's request, Senator Schall of Minnesota went to the White House today to show the Chief Executive the German police dog he uses as a guide. The dog was trained at one of the German schools where dogs are taught to lead the blind and was presented to Senator Schall a year ago by a friend.

HOOVER MAKES IMPRESSION WITH HIS CIGARS

Traffic cop gets summons

Even he can't get away with it

"DON'T try to put anything over on Nature," is the way a cop would express it. "Sooner or later she'll get you. Give you a ticket and lay you up in a place where you'd rather not be. Even cops can't get away with it. Like everyone else, if they don't pay attention to the warnings they get a summons that lands them in the doctor's office."

"What the doctor advises is Nujol. Says Nujol will regulate you just like you regulate traffic. Keep things from getting in a jam. And the doctor is right. Just ask the healthiest men on the force. If they need Nujol—with all the exercise they get—what about the fellows that roll by in their cars?"

"Just take a tip from me. You may have the best intentions in the world. But everybody gets tied up at times. Nature can't always take care of things without help."

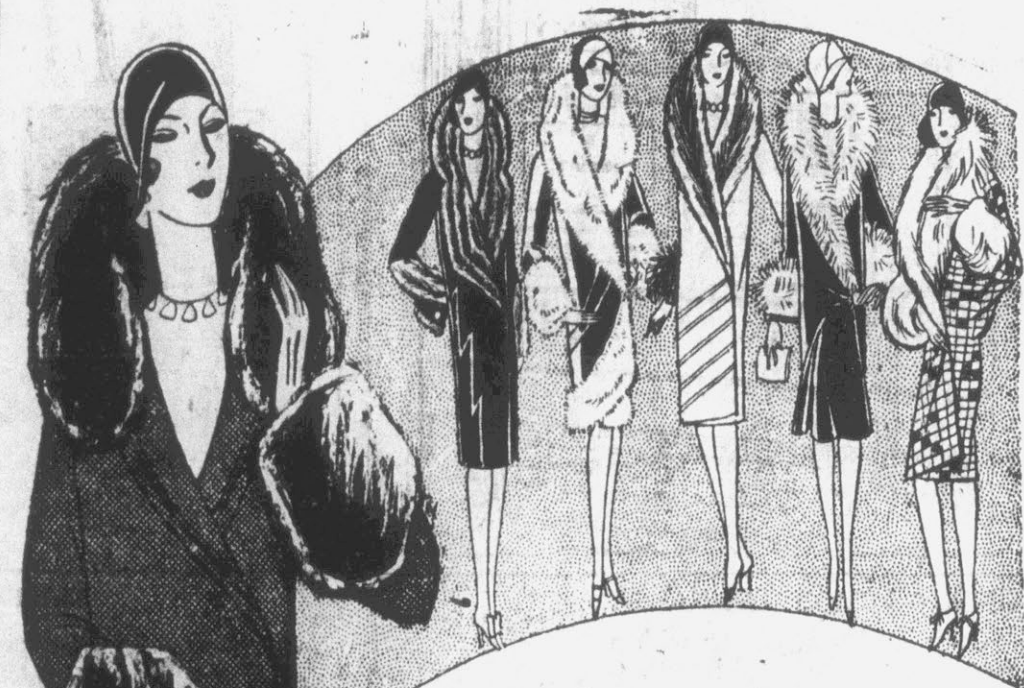

"Our Medical Chief tells me that Nujol isn't a medicine. It contains absolutely nothing in the way of medicine or drugs. It's simply a pure natural substance (perfected by the Nujol Laboratories, 26 Broadway, New York), that keeps things func-

tioning at all times as Nature intends them to. Normally. Regularly. It not only keeps an excess of body poisons from forming (we all have them), but aids in their removal."

Start Nujol today. It won't cost you much—not more than the price of somecandy. Worth a try, isn't it? You'll find Nujol at all drugstores. Sold only in sealed packages. Get some on your way home today.

DISCOVER BIG FOSSIL AREA

Remains Of Life Over Millions Of Years Uncovered in Wilds Of New Mexico.

Berkley, Cal., Dec. 19.—(AP)—Discovery of an area said to contain "a full history of evolution" in fossils and declared to be so valuable to scientists that they would not reveal its location other than to say it is in the wilds of New Mexico, was announced here last night by two University of California scientists.

The man, who returned to Berkley with about a ton of fossils for classification, said the earthbed contained specimens from every geological age from 75,000,000 years ago down to 7,000,000 years ago.

The discoverers are Prof. C. L. Camp, and W. L. Vanderhoof, museum collector. They said their first was made in a section of the state so remote that the natives thrust their grain with hand flails, and grind their own flour. Schools are 75 miles apart, the residents seldom speak English, and are deeply religious. The people castigate themselves with whips and wear cactus in their sandals by way of penance for their sins.

The university's expedition found there a place where the continental divide had pushed up and exposed to view many ancient strata containing the fossils.

Bombers Wreck Junk Shop At Chicago, Illinois

Chicago, Dec. 19.—(AP)—Bombers who heretofore always have kept out of sight, came into the open last night and blew up the junk shop of Rudman and Doppelt on Leavitt street.

Instead of throwing the "pine-apple" and then driving away unseen, these bombers entered the shop and overpowered a special policeman and an employee. While one of the men held his victim away with a gun, the other placed a bomb in the center of the place, and lighted the fuse.

"Get out of here after we leave," one bomber said to the two men. They did. The blast caused several hundred dollars damage.

SIX TRAPPED IN COAL MINE

Little Hope Entertained For Miners Entombed At Drakesboro, Kentucky.

Drakesboro, Ky., Dec. 19.—(AP)—Trapped in mine number 2 of the Black Diamond Coal Company here for more than fourteen hours, the fate of six men today remained unknown as a rescue crew dug frantically to get at them.

The men were entombed at 7:30 last night by a fall of slate and it was early today before a rescue crew could reach the scene and start after them. Four men escaped at the time and reported that little property loss was caused by the accident.

Then men were trapped, however, more than a mile from the mine entrance and it was feared that the resultant gases would have snuffed out their lives before they could be reached.

J. B. James, assistant manager of the mine, said however, that from the men's position as described to him that he thought two of them might have a chance to live. They were Cleveland Bolling and Vermont Nelson, machine cutters. The other four trapped were Roy Ezell, James Sullivan, Arthur Davis and Leonard Epley.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Dec. 19.—(AP)—Prices opened in the cotton market at a decline of 3 to 10 points under some southern selling and liquidation promoted by relatively easy Liverpool cables. There was some trade buying and covering at the decline but the market sagged off to 20.14 for January and 20.13 for May before the end of the first hour or about 10 to 12 points below yesterday's closing quotations. Trading was only moderately active. There was some further near month liquidation incident to the circulation of notices, but the near month was relatively steady during the early trading.

Private cables reported continental and Bombay selling in Liverpool absorbed by trade buying and covering. Freer cloth buying for China was reported in Manchester and a fair turnover in cotton yarns. Futures closed steady 4 to 10 points lower; spot quiet; middling 20.45.

GRAIN MARKET

Chicago, Dec. 19.—(AP)—Higher prices for wheat late today resulted largely from fresh buying based on a bullish construction placed on the government crop report. Price declines which were witnessed at times disclosed that the market was in an oversold condition, and with traders who were short of wheat becoming buyers a brisk rally was in progress at the finish. Offerings of wheat future deliveries were scant on the late advance, and improved demand by domestic millers for cash wheat was in evidence.

Wheat closed firm 5-8 to 3-4 to 7-8 net higher; corn 1-8 to 3-8 up; oats at a shade to 1-4 gain and provisions varying from 2 decline to a rise of 7.

STOCK MARKET

New York, Dec. 19.—(AP)—With the call money market still showing no signs of the expected stringency, stock prices moved upward in impressive fashion today as buying orders were generously distributed over a wide list of copper, motor, steel, merchandising, farm implement shares and specialties. At least two score issues moved up 2 to 5 points with a sprinkling of others soaring 6 to 36 points.

Most of the day's trade news was bullish in character.

The Iron Age's weekly review stated that "despite holiday and inventory considerations, steel input output for the country at large is more than holding its own, although declines are reported at some plants." The Iron Age composite price for pig iron has declined slightly, the first drop since July. The copper trade reports large inquiries for the red metal from the Western Union Company.

Case Threshing was the spectacular feature in today's market, soaring 36 points to 461. American Smelting jumped 12 points, Chicago Pneumatic 10, American Zinc preferred 8, and Electric Auto Lite, A. M. Byers, Ross Insurance, Johns Manville, Commercial Solvents, Warren Bros., Delaware & Hudson, Kennecott and International Nickel sold 5 to 7 points higher. Wright soared 11 1/2 points in the early afternoon on the publication of testimony by Assistant Secretary of Commerce McCracken before a House committee that the Wright Company produced the largest number of airplane engines in the country.

New high prices for the year, or longer, were registered by National Bellas Hess, preferred, Grany Copper, Greene Cananea, Pittsburgh Coal, Electric Auto Lite and Eisenlohr.

National Bellas Hess common, which scored a sensational advance earlier in the week, broke 4 points on realizing, and a similar loss was recorded by Abitibi Power.
