KING GEORGE
CONTINUES TO
GROW BETTER**Air Of Greater Optimism For British Monarch Exists At Palace.**

London, Dec. 20.—(AP)—The slow upward trend in King George's condition was continuing today.

This morning's bulletin, which again announced that his majesty had a good night's rest was the fifth successive one in which a slight improvement was regarded. This indication of steady, if small, gain for the king was cheering news for the public, while in palace circles there was an air of greater optimism, although it has been repeatedly made clear that anxiety must continue until the patient has gained sufficient strength to convince his physicians that he is able to carry through to recovery.

The physicians' consultation at the palace this morning lasted rather longer than usual.

Sir Stanley Hewitt and Lord Dawson of Penn, the king's regular physicians, left the palace before noon and returned with three other physicians who have been attending his majesty for a further consultation this afternoon. These were Sir Hugh Rieby, the noted surgeon who has been in steady attendance since the operation of December 12; Sir Humphrey Rolleston and Sir E. Farquhar Buzzard.

The condition of the right side of the chest was stated to have improved and the heart is slowly gathering power.

The exhaustion continued profound, but the general strength is slightly increased.

The text of the official bulletin, timed 2:30 P. M., was as follows: "A consultation has taken place in order to make a comprehensive survey of his majesty's present progress and to discuss the lines along which treatment in the immediate future had best proceed.

"The condition of the right side of the chest has improved and there is evidence of more normal respiratory functions.

"The healing of the empyema with its severe local infection, though satisfactory, must of necessity be a lengthy process.

"The heart is slowly gathering power and while the exhaustion remains profound a slight accession of general strength is noticeable.

"The future course of the illness must from its nature be low and not without difficulties, but we are happy to state that the King's progress is now established on a firmer basis.

NOTED ACTOR
DEAD IN N. Y.**Broadway Mourns Death Of Hartley Manners, Author Of "Peg O' My Heart."**

New York, Dec. 20.—(AP)—Broadway today mourned J. Hartley Manners, playwright and actor best known as the author of "Peg O' My Heart," one of the most popular plays ever produced in America.

His wife, Laurette Taylor, the actress, who rose to fame as "Peg" in her husband's play, was with him when death came last night at his home on Riverside Drive. He was 58 years old.

Mr. Manners had been ill since last summer and a month ago underwent an operation. His health failed steadily since then.

Born in London, Mr. Manners started his career as an actor in Melbourne, Australia, in 1898. He returned to London the next year and after appearing in several productions came to New York in 1902 with a company of his own to play "The Crossway."

DRUG STORE WRECKED BY TRAIN

The "Southern" Seaboard Airline passenger train, struck an auto in Wake Forest, N. C., and then ploughed into the rear of a drug store. The driver of the auto was killed, but train passengers and crew, and persons in the drug store escaped injury.

CITY SCHOOLS
PRESENT FINE
PROGRAM HERE**Presentation Of Nativity Story Proves Big Success At High School.**

The Nativity Story, a dramatic Christmas Carol presented by the children of the elementary grades of the Greenville City schools last night in the High School Auditorium was without a doubt the best thing of its kind that has ever been staged in Greenville. A crowd that overflowed the new auditorium listened with rapt attention through out the entire program and afterwards expressed great admiration for both the music and the program and the tableaux scenes presented.

Miss Lotta Veazey, head of the Greenville City Schools, directed the presentation, ably assisted by all the teachers of the elementary grades. Six hundred children composed the chorus and these children dressed in white and seated in all three balconies made a picture that will not soon be forgotten. Special lighting effects were worked out both for the balcony scenes and the stage. The new auditorium at the High School proved itself to be most adaptable for this sort of thing.

The most noticeable thing about the entire presentation was the singing of the children. Each year Greenville audiences note with pleasure the improvement which is taking place in the singing of their children. Most noticeable last night was the perfect time which the children kept, the clear and distinct enunciation of all the words and the entire absence of nasal and other harsh tones.

The Carol which was presented was based on the Biblical Narrative and was done in five scenes as follows:

Scene I—The Annunciation.
Scene II—The Nativity.
Scene III—The Watching Shepherds.
Scene IV—The Adoration of the Shepherds.
Scene V—The Adoration of the Kings.

And the final tableau. During this tableau Mrs. Knot Proctor sang most effectively "The Canticle of Noel."

Food Prices Show Increase In U. S.

Washington, Dec. 20.—(AP)—Food prices increased about one-third of one per cent from October 15 to November 15, and they have climbed about one-half of one per cent since November 15 last year.

Finding Of Nugget
Starts Gold Rush
At Seattle, Wash.

Seattle, Dec. 20.—(AP)—A gold rush stopped street repairing operations at Washington street and First avenue south for several hours yesterday when a workman turned up a gold nugget with his shovel. Jobless on lookers saw him make the find and the stampede was on.

Over the site of what had once been the "M. & M." saloon and gambling house, a mecca of returning prospectors during the Klondike gold rush, fighting crowds of men re-enacted the scenes in the north of 20 years ago on a miniature scale.

The muddy street yielded gold nuggets, gold chains, gold coins, South American currency, lockets, rings, necklaces and brooches, and brought Christmas to that part of town where December 25 is just another day without work.

FOUR MEN HELD
NOT GUILTY IN
ADAIR FAILURE**Bankruptcy Of Adair Trust Company Of Atlanta Declared Legitimate By Court**

Gainesville, Ga., Dec. 20.—(AP)—Bankruptcy of the Adair Realty and Trust Company of Atlanta for \$38,000,000 today was legally classified as legitimate failure, untainted by fraud on the part of four officers of the company.

Forrest Adair, Sr., Forrest Adair, Jr., Frank Adair and E. A. Erwin were acquitted by a jury of eleven men last night of charges that they misused the mails to defraud bondholders of the Tennessee Terrace Hotel at Knoxville, Tenn.

Previously Clint W. Hager, United States District Attorney, had dropped two counts of the original indictment charging identical fraud in selling bonds for the projected Thomas Jefferson Hotel, Birmingham, Ala., and the William N. Young Hotel, Little Rock, Ark. None of the three was completed and hundreds of stockholders throughout the United States and in foreign countries lost nearly \$3,000,000 in the aggregate as a result.

PUBLIC FUND
SHOWS SLIGHT
GROWTH TODAY**Total Contribution To The Poor Fund Increased To \$524.25 To Date.**

Contributions to the Merchants' Association Christmas fund slowed up during the last twenty-four hours, according to the report issued from the office of Secretary C. B. Rowlett this morning. The amount contributed during this period was given at \$7.00. This brought the total fund up to \$524.25.

Contributors were Drs. Skinner & Smith, \$5.00, and the colored Elks' Lodge, \$2.00.

Members of the committee continued today to appeal to the public for additional funds to provide for the forty or more destitute families in this community during the holiday season. A much larger sum than already contributed is going to be necessary if all the families are provided for as desired by the committee, and it is hoped the next few days will witness a distinct upward trend in the mercury registering the fund in the front of the Merchants' Association office on Evans street.

The committee investigating the circumstances connected with destitution existing among the poor families continued to report cases of dire poverty and misery. Half-clad children dependent upon widowed mothers have been noted in numbers of cases and these families will know little of the joy and gladness accompanying the Christmas season without aid such as that to be provided through the public fund.

Illness of long standing is involved in numbers of the cases so far investigated. The sick are not receiving the nourishment and comfort necessary to their welfare because of the poverty existing in their midst. It is the purpose of the committee to alleviate as much of this suffering as possible by providing wholesome food and clothing for those so afflicted.

With homes and shop windows literally blazing with the spirit of Yuletide, the committee is hopeful that the public will be so deeply affected that gifts will be far more liberal than anticipated. A small gift from a majority of the city's population would swell the fund by hundreds of dollars and enable the committee to carry cheer and happiness into countless other homes where privation exists.

The public is urged to watch the barometer in front of the Merchants' Association building and to let it be a constant reminder of the plight of those who will know no Christmas without the liberality of the more fortunate of the population.

Give until you can satisfy your conscience that you have done your best for suffering humanity," is the urgent appeal of committee members during the concluding days of the campaign.

Cornell University
Given \$1,500,000

Ithaca, N. Y., Dec. 20.—(AP)—A belief that the legal-trained mind is best fitted for leadership has prompted Myron C. Taylor, chairman of the finance committee of the United States Steel Corporation to give Cornell University \$1,500,000 for the erection of a new building to house its law school.

Mr. Taylor was graduated from the law school in 1894 and is a member of the university's board of trustees.

REFLECTOR TO OBSERVE
CHRISTMAS HOLIDAYS

In keeping with our annual custom of giving our employees holiday the day prior to Christmas and Christmas Day, our final issue of The Reflector before Christmas will appear Saturday afternoon. On Monday, Christmas Eve day, there will be no issue of the paper, but important news happenings throughout the world will be bulletined at out office for the information of the public. After Saturday the next regular issue of The Reflector will appear Wednesday afternoon, December 26th.

Persons with advertisements or Christmas greetings to convey to the public through the columns of The Reflector are urged to let us have them tomorrow for our issue that appears Saturday afternoon. Saturday's paper will be delivered in the rural sections on Christmas Eve day and is your last opportunity to get your Christmas greetings to your friends in the rural sections until after the holiday has passed.

NEGROES SAVE THREE FROM DROWNING IN AUTO

When an automobile plunged from this bridge into the icy waters below, James Nuthall, young negro, Granville county, N. C., dived into the creek and rescued two girls and a man imprisoned in the car. His father, Thomas Nuthall, applied artificial respiration. Two other persons died in the accident.

DOCTOR AFTER
GIRL IN PLANE**Mystery Surrounds Pursuit Of Young Woman from Omaha City.**

San Francisco, Dec. 20.—(AP)—Mystery concerning the airplane dash across half the United States in apparent pursuit of a girl deepened today as the principals, who have refused interviews, neared this city and contradictory reports of the city continued.

Miss Ruth McConnell, 20, eluded newspapermen as she passed through Reno, Nev., on an overland train last night considerable distance ahead of Dr. David O. Meeker, of Rochester, N. Y., who seeks to overtake her by air.

Dr. Meeker, who took off from Omaha yesterday morning, 24 hours after the girl left there by train, lost time in the chase when he missed an airplane connection at Salt Lake City, where he was forced to spend last night. He said he would take to the air again today in the hopes of intercepting the girl.

It was reported that Meeker was acting for the girl's uncle, Kenneth B. Coulter, of Clifton Springs, N. Y., and that the girl, a runaway, missing for three weeks, was attempting to reach San Francisco to take passage for foreign ports.

Miss McConnell was said by trainmen to be "in a state of nervous collapse when she passed through Reno. A conductor, assuming the role of spokesman, said his passenger was 'worried about a man with \$60,000,000 and understudy named 'Meeker.' He added she desired to reach here before being detected.

Reports from Clifton Springs quoted Coulter as saying the pursuit interpretation was absurd. "Miss McConnell is going to her old home in the west for a visit," he said. "She recently had a very serious illness and the doctor was no doubt concerned about her and decided he would try to catch up with her. I am informed that her whereabouts and plans were known to her family."

Meeker's wife in Rochester, where he is a fourth year medical student at a university, said, however, that he had not been home since Monday, and that she did not know where he was.

Leaf Market Sets
Brilliant Record

After hanging up the most brilliant record during its thirty-six years of history, the Greenville tobacco market closed for the Christmas holidays yesterday afternoon. The final report of K. W. Cobb, supervisor of sales, showed that the market had disposed of 68,600,376 pounds of leaf to date, slightly over a million, three hundred thousand pounds less than the goal of seventy million pounds set for the entire season.

The total amount paid out by the market was given at \$14,569,743.46. The general price average was \$21.23, a few cents under the average for the same period last year.

For the week ending yesterday the report of the supervisor of sales showed that the market handled 2,218,220 pounds of bright leaf. The total sum paid out for the offerings was \$410,048.66, the general price average being \$18.48. For the corresponding period last year the market sold 1,874,334 for \$1,874,334, at an average of \$29.82.

Season sales for the corresponding period last year were given at \$6,426,082. The price average was \$23.63. For the entire season the market handled 61,421,204 for \$14,516,233.23, at a general price average of \$23.63 per hundred pounds.

The market has established a new world's record by handling a million pounds of tobacco daily for a period of sixty days. This is claimed to be a greater volume of tobacco than ever before handled by four sets of buyers in the same length of time.

Mr. Cobb attributed the phenomenal increase of sales to the enlargement of the facilities of the factories and warehouses and the untiring spirit of the tobaccoists. It would have been impossible to handle a million pounds of leaf daily on the sixty-day stretch without the untiring co-operation of warehousemen and buyers, he declared. They toiled early and late to clear the floors for next day's sales and exhibited a spirit of tenacity unparalleled in the long record of achievement of the local market.

The general price average of the market dropping off slightly after the Thanksgiving holidays, daily reports of sales indicated. This was due to the unprecedented offering of inferior and damaged tobaccos. Yet, prices for these grades at times were described as higher than in four or five years.

The final days preceding the holiday closing found tobaccoists appealing to farmers to use more care in marketing the remainder of the crop. They were urged not to wet the leaf and to avoid mixture of grades. A considerable volume of mixed leaf showed up the last several days. This sold for scrap and caused the market price average to slump noticeably than any other time of the season.

By carefully grading the remainder of tobacco on hand, farmers were told that they would receive prices much higher than marketing it in mixed lots. Hope was expressed that this matter would be given more than ordinary consideration when the market reopens following the holidays season.

While the bulk of the crop has already been disposed of, much tobacco is still being held by farmers for disposition during the closing days of the market in January. Some of this tobacco is described in fairly good condition and may figure largely in strengthening of the price situation, which for several weeks has been favorable.

Tobaccoists are confident the local market will be able to attract enough of the remaining crop to carry them across their goal of 70 million pounds. T his would place them ten million pounds ahead of the goal set for last season, although

WANT QUICK
DISPOSITION
OF TWO BILLS**Senate Desires To Move Anti-War Treaty And Cruiser Bill At Same Time.**

Washington, Dec. 20.—(AP)—A move to get the Kellogg anti-war treaty and the bill to build more American cruisers on the floor of the Senate on the same day was begun at the capitol today in an effort to compromise the dispute as to which of these measures shall have right of way.

As the Senate considered a bill for relief of southeastern hurricane sufferers some of those interested in getting the anti-war and the warship problems out of the way soon after Christmas prepared to ask for "open executive session" of the Senate at a later date to deal with the questions.

Under the rules, treaties are dealt with in executive session, "open executive session" is brought about by the simple expedient of calling for a closed session and then ordering the doors thrown open.

While the Senate faced its problem, the House proceeded with consideration of the appropriation bill for the departments of State, Justice, Labor and Commerce with indications of a quick passage. Meanwhile the Senate Appropriations Committee added \$1,736,500 to the Interior Department supply, principally for reclamation projects in the west.

Another Senate committee examined Clyde B. Atchison, of Oregon, whose confirmation as a member of the Interstate Commerce Commission is up for confirmation. The committee had received complaints that Mr. Atchison had delayed railroad revaluation cases. He denied this.

The House Foreign Affairs Committee heard George Eastman, the Kodak manufacturer, and others, argue in favor of a calendar containing 13 months of 28 days each, but most of the other committees had slowed down for the holidays.

CRIMINAL IS
HELD IN JAIL
AT MEMPHIS**Notorious Murderer And Robber Arrested After Extreme Liberality.**

Memphis, Tenn., Dec. 20.—(AP)—Tom Underwood sat in a police cell here today, bemoaned the mid-night taxi tour that brought him there and awaited with police, the coming from other cities of officers bearing charges of murder, train, bank and jewel robberies and a penitentiary escape.

The accusations followed his arrest Tuesday night, brought about by a taxi company's complaint that boundless capacity for entertainment a stranger of wealth and seeming meant had traveled about in its cabs for hours, distributing \$100 bills along a trail of roadhouses and resorts.

Underwood was arrested. Questioning and queries to police departments elsewhere produced charges of killing two women in Chicago last year, jewel, train and money robberies in St. Paul and Minneapolis and the robbery of a bank at Springfield, Utah, in 1919.

Police were informed that he received a six year to life sentence in the Salt Lake Utah penitentiary for the Springfield and escaped a year ago.

Among the aliases he said he had used were Frank "Bubbling Over" Devers, P. J. Nolan and Frank Smith. He said Underwood was his true name and that he was 33 years old.

Girl Suicides By
Jumping From Deck
Of Ocean Steamer

Cherbourg, France, December, 20.—(AP)—Pajma Kereszky, a young Hungarian pianist, jumped from the decks of the liner Deutschland and was drowned. It was learned today when the vessel arrived here from New York. Passengers said that the girl had been barred by quota laws from remaining in the United States and marrying her fiancé. They believed that this caused her to commit suicide.

The girl was returning to Hamburg after being permitted to stay in the United States for six months as a visitor. After dinner on Tuesday night, she darted across the promenade deck and leaped into the sea. The night was dark and although a small boat cruised about for an hour, her body was not recovered.

SOLVE JEWEL
THEFT IN N. Y.**Young Detective Ferrets Out \$100,000 Case That Baffled Superiors.**

New York, Dec. 20.—(AP)—Oeduction is the way Sherlock Holmes might have explained it, but what ever the explanation the fact is Arthur De Marías, rookie Brooklyn detective, has solved a \$100,000 jewel theft that had baffled his more experienced comrades.

The jewels were stolen from the Brooklyn home of Frank Bailey, wealthy real estate operator. De Marías, with several other detectives, were assigned to the robbery, but while his more experienced co-workers spent their time in the usual police practice of visiting pawn shops in a search for the missing jewels he combed the rogues' gallery at police headquarters.

He had concluded that the bars protecting the windows of the Bailey home had been pulled apart by human hands and reasoned that it must have been done by some criminal noted for this sort of entry.

Looking over police records he came upon that of "86" Miller, known to police of a previous generation as the "Iron Bar Man." De Marías searched for days and finally located Miller in the person of Erich Erich, a respected owner of a Brooklyn delicatessen. He trailed him for several days and finally arrested him last night. The missing jewelry was found secreted in his home.

Many Injured By
Gas Main Blasts;
Streets Torn Up

London, Dec. 20.—(AP)—Miles of streets were blown up and 12 persons sent to a hospital today when gas mains exploded in West and Central London. There were many minor injuries during the explosion which occurred as office crowds were going to work.

Saundersbury avenue, New Oxford street, and streets in Bloomsbury were affected. The series of explosions started when a workman entered a manhole with an electric blower. The explosion hurled him into the air, killed a horse, turned over taxicabs and caved in store fronts. The workman was picked up unconscious and rushed to a hospital.

PRINCE GEORGE HAS
BIRTHDAY AT SEA

S. S. Berengaria, Dec. 20.—(AP)—Prince George today celebrated the 26th anniversary of his birth, but in view of the circumstances under which he was making the voyage to his father's bedside, the celebration was of a very quiet nature. The ship's cooks prepared a birthday cake as a surprise gift to the prince.

RAIL LINES PLAN TO TAKE OVER EXPRESS

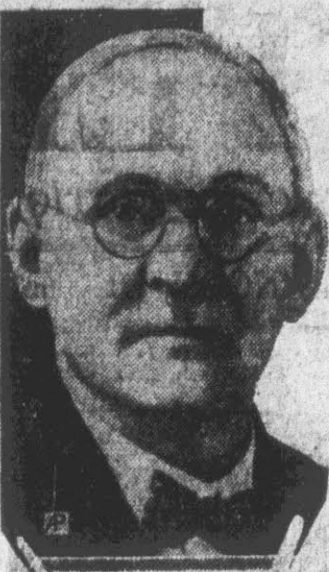

Ask I. C. C. For Permission to Control Express Service in U. S. March 1st.

Washington, Dec. 20.—(AP)—Under terms of a contract submitted today to the Interstate Commerce Commission for approval, railroads after March 1, 1929, would assume complete control of all express service in the United States.

The plan presented was drafted by the Association of Railway Executives under supervision of a special committee of railroad presidents, including W. B. Storey, of Boston, of the Atchafalaya, W. W. Atterbury, of the Pennsylvania, P. E. Crowley, of the New York Central, and Carl R. Gray, of the Union Pacific.

It involves the petition of the commission said "substantially the

Gets Farm Award

George M. Putnam, farmer of Concord, N. H., received the first distinguished service award of the American Farm Bureau federation at the annual convention in Chicago. The award is to be given annually to person rendering greatest service to agriculture during year.

The same method as now followed in express service, except that the railroads would pool earnings and organize the Railway Express Agency, Inc., to take over all property of the American Railway Express Company, and such other express facilities.

The Express agency would share its earnings with all carriers in proportion to the amount of business they handle over it. It would be completely owned by the railroads composing the Association of Railway Executives, but all other carriers desiring to do so would be admitted to participate in its earnings in accordance with their traffic volume.

The plan in the opinion of the petition expressed, "will better service and not unduly restrain competition". The project for pooling earnings, however, requires specific permission of the commission before it can be put into effect. Ownership of American Railway Express, stock has already been acquired.

What Congress Is Doing Today

(By the Associated Press)

Thursday: House holds general debate on State, Justice, Commerce and Labor appropriation bills.

Consideration of place of cruiser bill and Kellogg pact before Senate Foreign Affairs Committee of the House considers proposal to change calendar.

Other House committee in routine meetings.

Senate Campaign Funds Committee meets to consider contest against

Senator-elect Vane of Pennsylvania.

Wednesday: House passed Agriculture Department appropriation bill.

Rep. Garnett, Democrat, Texas, attacked Secretary Mellon, in connection with tax returns.

Senate passed bill permitting states to bar sale of prison goods manufactured in other states.

Nomination of Roy O. West as Secretary of the Interior reported favorably by Senate Public Lands Committee.

Senate Agriculture Committee approved bill authorizing \$15,000,000 loan fund for southeastern states hurricane relief.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist (adv.)

Man Hacked to Death Near Eutaw, Alabama

Eutaw, Ala., Dec. 20.—(AP)—Lacked and beaten into a stupor a unidentified white man was found in an abandoned automobile fourteen miles from Eutaw early today.

A blood smeared hatchet was found near the car.

The man was brought here for medical treatment, but up until now had been unable to make a statement.

A force from the Greene county sheriff's office was dispatched at once to the scene of the crime, while other officers went to Tuscaloosa in search of persons believed to have been the man's companions.

The machine, covered with blood inside and out, had plunged over a sharp embankment at the edge of the roadway. Fresh cutting of rubbery indicated an attempt had been made to place the car back on the highway.

The car carried a Louisiana license tag. Officers believed it had passed through Eutaw early this morning.

Clarence Saunders Weds In Chicago

Chicago, Dec. 20.—(AP)—Clarence Saunders, Aladdin of the chain grocery, and Miss Patricia Houston, member of a prominent Mississippi family, were quietly married at the Chicago Temple late yesterday.

Six weeks ago Saunders, founder of the Piggly Wiggly stores and now head of another grocery chain, was divorced in Memphis, Tenn., by his first wife to whom he had been married 25 years. The grounds alleged by Mrs. Saunders were cruelty to her two sons, Lee 21, and Clay, 19, testifying for their mother. A daughter, Mmy Claire, did not testify.

Saunders and Miss House arrived in Chicago early yesterday and their marriage did not become known until late last night. The Rev. W. D. Fairchild, secretary of the Chicago area of the Methodist Episcopal Church, officiated.

Mrs. Saunders is 29 years old, her husband 47.

Mrs. L. H. Bowling delightfully entertained the members of her bridge club yesterday afternoon, at her home on Evans street.
Cut flowers and noiled plants were used for decorations.
Mrs. E. E. Rawl, making high score, was awarded bridge cards.
Mrs. C. M. Warren was winner of a unique prize for low score. Mrs. C. A. Bowen assisted the hostess in serving a delectable turkey course.
Mrs. W. W. Phelps, Mrs. J. B. Rittrell, Mrs. E. J. Garrett and Mrs. C. A. Bowen were guests.

Notice To Public.
Please take notice that I am no longer connected with the Planters Cafe, and will no longer be responsible for bills made by that concern.
Dec. 19-20. R. E. Ricks.

There Are Pieces!
There are pieces and pieces still waiting for your selection at "The House of a Thousand Gifts." A new shipment of Lamp Shades arrived yesterday. These make beautiful gifts—and, of course, the price is reasonable! Come in tonight.
—THE VANITIE BOXE.

To The Home Folks Of Greenville.
Why not let Mrs. Parkerson prepare your Christmas Dinner? Will be glad to figure with you and reserve tables for families. Your patronage appreciated. Mr. and Mrs. Parkerson's Dining Room, Dickinson Ave., phone 500. 15th-7th.

WHITE CHRISTMAS AT IMMANUEL BAPTIST CHURCH

The Immanuel Baptist Sunday School is having their White Christmas Friday evening, beginning at seven-thirty, with a short program. The children will make merry with dear old Santa. Come, mothers and fathers, with the children. There will be a treat for you.

Just A Few More!
We can still accept just a few more appointments in the Beauty Parlor—call 31 now, and avoid that last-minute disappointment!
—THE VANITIE BOXE.

Birth Announcement.
Ayden, N. C., Dec. 19.—Mr. and Mrs. J. Clarence Whitehurst announce the birth of a son, J. D. Jr., December 16th. Mrs. Whitehurst before her marriage was Miss Helen McLawhorn of Winterville.

In Appreciation.
With Christmas bell ringing in every heart, and the thought of the Happy New Year, we wish to convey our thanks and gratitude to the good folk of Greenville for their co-operation and kindness shown us in making "Your Dining Room" a success this year.
And we hope to be able the coming year to give to you the very best always at the lowest price.
Wishing you one and all a Merry Christmas and the most prosperous New Year.
Mr. and Mrs. L. S. Parkerson at Mrs. Parkerson's Dining Room Dickinson Avenue.
Dec. 20-31.

MARKET SETS NEW HIGH RECORD

After breaking all previ-
ous records the Greenville
Tobacco Market closed yester-
day for the holidays with
total sales but a little more
than a million pounds short
of the seventy million goal
set for the 1928 season. Total
sales including yesterday
were 68,600,376 pounds, or
seven million pounds greater
than last season, the previous
largest in the history of the
market.

Such strides as have been
made by the Greenville To-
bacco Market are due to no
accident, but to the spirit of
co-operation that has pre-
vailed between those con-
nected with the market, the
growers of this section and
the business houses and in-
dividuals of Greenville and
a continuation of such pull-
ing together bespeaks for
the Greenville market even
greater future success.

LET'S PLAY SAFE

With the frequent sound
of exploding firecrackers we
feel it well to bring to the
attention of the public that
in addition to the danger
that accompanies shooting
fireworks, the practice is
against the laws of our city.

"It is not the desire of the
city government to deprive
the children of our city of
part of their Christmas cele-
bration, but we cannot coun-
tenance the shooting of fire-
works of any kind on the
streets of our city," Mayor
J. C. Lanier declared this
morning. The Mayor added
however, that the shooting
of the smaller types of fire-
crackers on persons' own
premises would be permit-
ted, but he urged that as a
safeguard to life and prop-
erty that parents see to it
that their children are not
allowed to shoot fireworks
except under the supervision
of an adult person. "In this
way," the Mayor said, "a
large part of the dangers of
accidents or fires from the
firecrackers can be eliminat-
ed and our Christmas cele-
bration will prove a much
safer and happier one."

We urge all our citizens
to abide by this ruling of the
Mayor regarding the use of
firecrackers. If the children
must have them to make
their Christmas celebration
complete, let them have
them, for everyone wants
the children to enjoy this
above all seasons of the year,
but prohibit the use of any
and all types of fireworks
except at such times as you
can supervise the firing of
same to make sure that there
are no disastrous results. It
is better to be safe than
sorry.

ABOUT TOWN

"Don't forget to leave your auto-
mobile at home during the holidays,"
reminded a business man today.

"Congestion is going to be more
pronounced during the holidays than
ever before, but we want to make
every effort to leave as much room
as possible for the shoppers from
other communities. By leaving your
car at home you leave that much
room in the business district.

"In case you need your automo-
bile, bring it along and park it
around on some side street. This will
help some, but not as much as if it
should be left at home in the garage.
"Don't forget this important mat-
ter as it makes it possible for more
people to reach the business district
—people not as well acquainted as
you are with traffic laws of the
city."

"The business and residential sec-
tions of Greenville are beautiful,"
exclaimed a visitor to the city this
morning.

"Greenville may justly boast of
being the best decorated city in the
east. It is a scene of beauty and
splendor at night and instills joy
and happiness into the hearts of
those coming from other commu-
nities.

"Such decorations, do much to-
wards creating a more wholesome
spirit for the Yuletide season and
it is hoped each year will see the
practice continued along more ex-
tensive lines."

"That Five Points Christmas tree
is a thing of great beauty," declared
a citizen today.

"There were not enough lights on
the tree at first, but enough have
been added to make it glow and
flash with the spirit of the Yule-
tide. The tree may be seen for a
considerable distance down Fifth
street and Dickinson avenue. It is
a wonderful addition to the other
lighting facilities of Five Points and
is quite effective for this season of
the year."

"Not a single case of sickness at
the East Carolina Teachers' College
at a time when an epidemic of flu
and colds was raging in virtually
every part of the country, causing
the closing of numerous schools and
colleges," observed a citizen today.

"This is a health record which
every citizen and college teacher is

proud of. It is a mark for other
colleges of the country to shoot at,
although equalling the record seems
a hopeless task in the beginning.
"The school is to be congratulated
upon this splendid achievement in
the field of health."

"Busy times in Greenville now,"
declared a well known merchant to-
day, as he hurried from one part
of his store to another in response
to constant demands of clerks and
shoppers.

"Trade has been quite active in
Greenville all this week. From
now on we expect it to be still
heavier, especially when people from
outside communities begin their pil-
grimage to the shrine of great
values.

"We like the rush season, how-
ever. It is a departure from the
dull days of summer and enables
all of us to recover from lethargy
of the summer months."

"With several days to go before
the season closes, there is every rea-
son to believe the tobacco market
will reach the seventy million
pound goal set for this season," as-
serted a well known member of the
tobacco industry today.

"While the bulk of the crop has
been disposed of, it is believed that
enough tobacco remains to make
up the million and several thousand
pounds necessary to make the goal
and actuality. This has been the
constant dream of Greenville peo-
ple since the ending of last season,
and now that we are so near it
would be awful to fail.

"But we aren't going to fail. The
word is not in the vocabulary of
Greenville tobaccoists—never has
been and never will be."

"Don't forget the tuberculosis
Christmas seal when mailing your
Christmas letter and packages," re-
minded representatives of the Pitt
County Chapter of the American
Red Cross today.

"This is a cause in which every

ferers pass a pleasant Christmas."

Cotton Ginnings Reflect Growth

Washington, Dec. 20.—(AP)—The
Census Bureau announced today
that cotton of this year's crop gin-
ned prior to December 13 totaled
13,148,411 balf, including 559,741
round bales counted as half bales.

Ginnings to December 13 last
year totaled 12,072,763 including
487,234 round bales and in 1926 to-
taled 15,540,894 bales including 555-
655 round bales.

Ginnings prior to December 13th
by states follow:

Alabama 1,058,696; Arizona 107-
657; Arkansas 1,073,380; California
136,616; Florida 1,941; Georgia 1-
068,925; Louisiana 675,035; Missis-
sippi 1,392,842; Missouri 106,517; New
Mexico 63,982; North Carolina 800-
000; Oklahoma 1,046,532; South Car-
olina 711,438; Tennessee 358,095;
Texas 4,551,341; Virginia 39,999; all
others 3,513.

Present From Gilda.

New York—Gil Boag, who is be-
ing sued for divorce in Wisconsin
by Gilda Gray of the movies, has

a shiner, a big black eye which he
describes as a Christmas card from
Gilda. He says two men beat him
up when he was leaving a restaur-
ant. He insists they described the
beating as a Christmas present from
Gilda. He likes the present so well
he intends to go to Port Washing-
ton, Wis., and prove by income tax
returns that Gilda is a resident of
New York and can't sue in Wiscon-
sin.

DAILY REFLECTOR, GREENVILLE, N. C.

REFUEL BIG PLANE WHILE FLYING OVER SHREVEPORT

Shreveport, La., Dec. 20.—(AP)—A cable adjusted from one airship to another accomplished what army flyers pronounced today the most complete refueling of an airship in mid-air.

The first refueling of airplanes was carried out at San Diego, Cal., in June, 1923, for Captain Lowell H. Smith and Lieut. John Paul Richter of the army air corps at Rockwell Field flying an old Behaviland plane.

The latest feat was performed in the refueling of the tri-motored fighter plane, "Question Mark," but its companion ship, the "C-2," a Douglas plane, while the ships flew through space 1,500 feet above western Alabama late yesterday.

The planes, which arrived in Shreveport late in the day on the second leg of a flight from Washington to the California coast to begin an endurance test were to take off early today for Midland, Texas, the next overnight stop with a brief landing at Dallas. The coast flight will begin on New Year's Day. Major Carl Spatz, commander of the Question Mark, expressed satisfaction over the test.

The cable with which the Question Mark was refueled is two and a half inches in diameter and contains a rubber hose. The refueling formation places the ships within twenty or thirty feet of each other with the propeller of the center motor of the endurance plane almost directly beneath the landing gear of the refueling ship, from which the cable is dropped.

Soon after the planes left Maxwell Field, Montgomery, the pump on the endurance ship was put to work mechanically forcing the fuel oil from a forty gallon container in the cabin to special auxiliary tanks in the engine cooling. The motors were serviced one at a time. After the special tanks were filled the main engine fuel tanks were emptied and new oil switched into them from the auxiliary tanks. Fully a half hour of ground fueling time was saved thereby, the flyers agreed.

To Act For King

Lord Hailsham, lord chancellor of England, is a member of the council named to act for King George during his illness.

NOTICE
North Carolina—Pitt County.
W. P. Dickinson
vs.
R. L. Leggett, Morton Howard and wife, Gary Howard, Eliza Crandle and wife, Betty Crandle, Lane Godley and wife, Eva Godley, Stephen Crandle and wife, Augusta Crandle, Paula Leggett, Lewis Leggett, and Walter Leggett and John Robinson and S. C. Worthington, Guardian-ad-litem of Paul, Lewis and Walter Leggett.
To Whom It May Concern and The Public Generally:
This is to give notice to the public generally, the defendants above named and to anyone who may be that the plaintiff, W. P. Dickinson has brought the above entitled action to foreclose and enforce certain Sheriff's certificates of sale for taxes against a tract of land in Beaufort Township, Pitt County and several town lots in the Town of Pictious, N. C., which land is fully described in the complaint in this action.
And the defendants above named

and anyone else in any way interested in said land will take notice that they are required to appear at the office of the clerk of the Superior Court of Pitt County in Greenville, N. C., on the 18th day of January, 1929, or within 30 days thereafter and answer or demur to the complaint in this action or the plaintiff will apply to the Court for the relief demanded in said complaint and you will be forever barred and foreclosed of all rights in said land.
This the 11th day of December, 1928.
J. F. Harrington, Clerk.
Superior Court of Pitt County.
Julius Brown.

ROY O. WEST IS CONFIRMED

Confirmation Of Secretary Of Interior Described As Unfortunate By Senator Nye

Washington, Dec. 20.—(AP)—Any further flight on the nomination of Roy O. West, of Chicago, to be secretary of the interior, will be on the floor of the senate. His confirmation has been favorably reported by the senate public lands committee by a vote of 7 to 3, but only after chairman Nye had read a statement in Mr. West's presence in which he said the appointment was "unfortunate."

West's nomination was sent to the senate along with that of William P. Whiting, secretary of commerce. Whiting was confirmed several days ago but predictions that a fight would be made on West were borne out.

He was questioned before the public lands committee about the Salt Creek royalty oil lease and about his connections with Samuel Insull, power utility magnate. The inquiry took on the character of an investigation before it was through. Dr. Hubert Work, former secretary of the interior, and William J. Donovan, an assistant to the attorney general, being called. It then shifted back to West and after more talk of West's relations with Insull and Nye's statement the vote followed.

Nye, a Republican; Senators Walsh, Democrat, Montana, and Wagner, Democrat, New York, voted against West. Those voting for him were: Senators Oddie, McNary, Glenn and Larrazolo, Republicans; and Hittman, Kendrick and Arhurst, Democrats. Senators Smoot, Utah Republican, and Dill, Democrat, Washington, did not vote.

GIRL STARTS ON ENDURANCE FLIGHT IN N. Y.

Viola Gentry, of N. C., To Attempt To Establish Record For Women In Aviation.

Roosevelt Field, N. Y., Dec. 20.—(AP)—Miss Viola Gentry came down out of the rain filled skies at 1:51 o'clock this afternoon after establishing an endurance record for solo flight by women of 8 hours, 6 minutes and 37 seconds. She made a perfect landing despite the heavy rain and showed no fatigue from her hours in the air.

Roosevelt Field, N. Y., Dec. 20.—(AP)—Bundled in a vast amount of clothing to protect her form a chilling wind, Miss Viola Gentry, 22, formerly of Gentry, N. C., took off in an open cockpit biplane, at 5:44:28 o'clock this morning in an attempt to establish an official women's endurance record.

Her plane carried 100 gallons of gasoline and she hoped to remain in the air until 7 o'clock tonight. No endurance record for women is now officially recognized. The barograph was sealed by Harry Booth, of the National Aeronautical Association.

Field attendants said Miss Gentry was clad for her flight more warmly than any aviator ever to leave this field. Her equipment to battle the elements included a heavy topcoat, two eying suits, a woolen head protector, a fur lined helmet, fur lined gloves reaching to the elbows and fur lined boots.

Miss Gentry, who was born in Gentry, N. C., has 120 hours of flying time to her credit. She has worked as a waitress, cashier and stenographer at various times to acquire money for aviation instruction.

The plane she is using was loaned by Miss Grace Lyon, of Long Beach, N. Y., while field mechanics supervised preparations for her flight free of charge.

Shortly after 8 o'clock, Miss Gentry dropped a note from her plane saying that all was going well and that she was "as warm as toast."

Greensboro, N. C., Dec. 20.—(AP)—Miss Viola Gentry, who hopped off in New York this morning in an attempt to establish a woman's endurance flight record, is believed to be the daughter of Sam Gentry, now of Danville, Va.

According to dispatches reaching here, the young woman formerly lived here some time ago. Gentry is no longer listed in the postal guide but is on a rural free delivery route out of Madison.

There are several families of Gentrys still living there, according to information reaching here, but none are believed to be the parents of the girl.

New Monoplane Completed Today

Keyport, N. J., Dec. 20.—(AP)—An all-metal monoplane having new features of design, made to carry 20 passengers and built here in secret, was completed today and put aboard a barge for the Newark air field.

The ship was made for P. W. Chapman, of New York and Chicago, under the name Sky Lines, Inc. with the idea of attempting to shorten the flying time between New York and Chicago to six hours or less. It has an estimated high speed of 175 miles an hour and a cruising speed estimated at 150 miles. The designer is Vincent J. Burnelli, a native of Texas.

The outstanding new feature of the plane is the width of the fuselage, 11 feet, nearly twice the usual width. This is intended to give extra stability and also makes possible, for the first time, the installation of two engines in the nose of the fuselage.

Rescue Passengers From Wrecked Ship

Vancouver, B. C., Dec. 20.—(AP)—A rescue at sea to the accompaniment of the strains of "Old Man Noah," sung by a group of college boys, was described here today.

More than 100 passengers of the coastwise steamer Princess Adelaide, were brought to this port yesterday by the steamer Princess Royal to which they had been transferred after their ship had been rammed and sunk by the British freighter Hampden in a fog in English Bay.

Thomas MacLachlan, purser of the Princess Adelaide, and Charles Haines, a passenger, suffered minor injuries when the prow of the Hampden cut ten feet into the side of the ship, wrecking the cabins in which they were quartered.

the crew of the Princess Adelaide were assisting other passengers into life boats a group of students from the University of British Columbia, homeward bound for the holidays, went into a huddle and sang the college song "Old Man Noah" in an effort to hearten the passengers. They were among the last to leave the ship.

The Princess Adelaide, with her engine room flooded was towed to the harbor entrance as was the Hampden. Neither was believed to be in danger of sinking.

Mrs. Coolidge At Bedside Of Mother

Northampton, Mass., Dec. 20.—(AP)—For the seventh time in the little more than a year that her mother has been confined to the Dickinson hospital here, Mrs. Calvin Coolidge was in this city today to visit at the bedside of the aged sufferer.

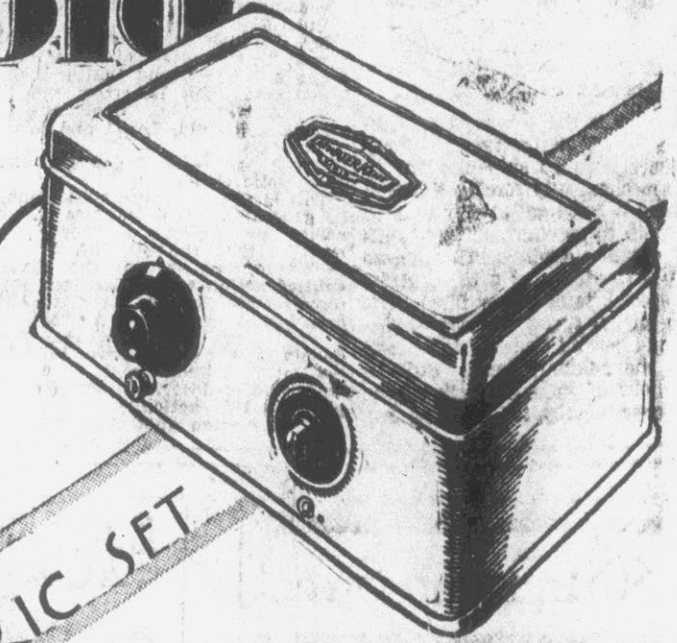

She arrived from Washington last night, accompanied by a secret service operative, and went directly to the home of Mrs. R. B. Hill, an old friend.

The mother of the president's wife, Mrs. Lemira Goodhue, has been reported to be growing steadily weaker but there has been no sudden change in her condition. Mrs. Coolidge's last visit was on election day when she and the president cast their ballots here.

"ADS" IN THE REFLECTOR PAY

... it was only a young man's car and her lineage was honorable, if long... her speedometer had stopped working at 50,000... but how she ate up the miles from Newark, N. J., to Anderson, S. C. ... and how she waltzed away from many a bigger and shinier car ... and how confident and proud her owner was when he said to the S. S. M. ... "sure, fill her up with none but 'Standard' Gasoline and give her a shot of 'Standard' Motor Oil ... her digestion won't take kindly to any other ration" ...

... we forgot to mention that our bright young man and his honorable little car were guided all along the way with a "Standard" road map and with directions furnished by the "Standard" Touring Service ... 26 Broadway ... and this service is yours, free, for the asking ...

*S. S. M. stands for "Standard Service Man" ... and then again it stands for "Smiling Standard Man" ... and, boy, there's a whole army of them just waiting and anxious to serve you anywhere you see the familiar "Standard" pump ...

"STANDARD" GASOLINE

would mean lots of lights on the Christmas tree, lots of packages under it, a big brown turkey in the oven and much whoopee from the younger generation.

We are giving this extra \$100 to everyone who gets his new Super-Six now instead of waiting for the night before Christmas.

Here's the way you get it: Bring in your present car for appraisal. We determine its market value as usual, and then add a cool hundred to it!

If you know of any easier way of making \$100, we'd appreciate hearing about it. This means, in most every case, that you get the world's most popular new six without any down payment!

Hudson-Essex cars are top value. They stand for more satisfaction per mile, per dollar, per day, per year or any other way you want to to figure it. Sales prove it!

Because people study all cars, compare all performance, weigh all prices against all performance, more of them buy Super-Sixes than any other type of six-cylinder car.

SPORTS SLANTS

By ALAN J. GOULD

Associated Press Sports Editor

New York, Dec. 20.—(AP)—It has been demonstrated before that a good light heavyweight, or even a first-class middleweight, such as Bob Fitzsimmons at one time, can clean up the heavyweight division.

There is a distinct need for some such cleaning up as the campaign of 1929 is about to get under way. And it would not be surprising to see the task performed by one or the other of these light heavyweight products—Tommy Loughran and W. L. (Young) Stribling.

Speed and skill have been accomplishing as much, if not considerably more, than the old-fashioned sock in this heavyweight era. Loughran and Stribling have both a string of knockouts, is also produced to ballyhoo the so-called "slobber" but the Georgian has yet to demonstrate its potency outside the barnstorming circuit. Thirty knockouts in some 36 fights sounds impressive enough until the list of victims is scanned.

Yet there seems no doubt now to most critics that Stribling must be seriously reckoned with as a contender for Tunney's vacated title. The Georgia acrobat has youth and unusual endurance in his favor. And it is significant just now that he is more willing to mix with the top-notchers than they are with him.

Loughran's rise to the list heights frequently has been compared with that of Tunney and with considerable reason. The broad shouldered, good-looking Philadelphia is not showy but is an unusually effective workman, fast, ring-wise and a good body puncher of Tunney's type. There is another parallel, for Loughran came back to win one of his greatest fights from Leo Lomax, after being knocked down and almost out, just as Tunney was in his last battle with Jack Dempsey. Loughran displayed rare courage, as well as defensive skill and instinct, in saving himself from being knocked out by Lomax, for he admitted later he was punched drunk for a half dozen rounds.

Loughran, like Tunney, has had a thorough schooling in light heavyweight ranks, displaying a willingness to fight all comers.

Loughran and Stribling, filling out and taking on weight to make the heavyweight grade, have a much better chance against such full-fledged heavies as Sharkey, Risko, Paulino and Meloney than other 175 pounders who have essayed ring adventures outside their class.

Few light-heavies furnished more exciting moments than Paul Berlenbach and Jack Delaney in recent years, but neither was able to make appreciable headway against the bigger fellows. Berlenbach fought himself out in the light division, when still a young man, while Delaney either lacked the stamina and durability necessary to mix with the good big men or found his sharp-shooting, ineffective against them.

Loughran and Stribling probably would be bigger stumbling blocks for Jack Dempsey than any other contenders in sight, in the event the Manassa mauler tries another comeback. Dempsey has beaten Sharkey and would prefer the rough and ready going among such big fellows as Lomax, Paulino and Meloney. He would find Stribling and Loughran as elusive and shifty as Tunney, with all the speed needed to go at least ten rounds at a fast clip, something that Dempsey has not demonstrated he can do in the past few years.

Market Report

Cotton--Stocks--Grain

COTTON MARKET				
New York, Dec. 20.—(AP)—	The cotton market opened steady today at advances of 7 to 13 points and the active months soon showed net gains of 15 to 18 points, with January selling up to 20.31 and May to 20.32 on covering and some local and commission house buying. The census report showing 13,148,411 bales ginned up to Dec. 13 seemed to be smaller than expected and probably stimulated the buying. The advance, however, met considerable realizing and prices had eased off 2 to 4 points from the best by the end of the first half hour.			
Private cables said there had been continental and Bombay liquidation in the Liverpool market, but that it had been absorbed by trade calling and that there was a better inquiry for cotton cloths from South America and the continent.

Dec. 20.25 20.47 20.33 20.36	20.29			

STOCK MARKET				
New York, Dec. 20.—(AP)—	Heavy selling came into the stock market today, coincident with the beginning of the widely predicted year-end stiffening of money rates. Early gains of 10 to 15 points were cut down or wiped out, and several issues sold 3 to 10 1/4 points below yesterday's final quotations. An irregular recovery took place in the early afternoon.			
Call money renewed at 7 per cent and advanced to 8 when banks called \$15,000,000 in loans. Time money held firm but another advance of 1/8 of 1 percent was made in bankers' acceptances.				
Violent fluctuations in some of the high priced specialties featured the early trading. Radio jumped 10 points to 365, broke to 343 and rallied above 350. Montgomery Ward moved up 4 points to 137 1/4, fell to 131 and rebounded to 135.				
Wright Aeronautical ran up 7 points to 262, tumbled to 250, rebounded to 258 and then fell back again. International Nickel advanced 2 1/4 points to 289 1/4, fell to 258 and rebounded to 262 on the announcement of merger negotiations with Mond's Nickel of Canada.				
National Tea dropped 10 1/4 points below last night's close, and Abitibi Power, American Smelting, American Radiator, Allied Chemical, Grubbs Copper and Curtis sold down 3 to 5 points.				
In the early afternoon, Victor Talking Machine was brought forward by operators for the advance and marked up 6 points, presumably in expectation of an early announcement of merger terms with Radio Corporation. Johns Manville climbed 8 1/4 points, and Spicer Manufacturing was marked up 4 3/4 to a new high at 48. Yellow truck, North American and American Steel were marked up 3 to 4 points.				
Except for the declaration of a couple of extra dividends and an increase in the annual dividends on				

GRAIN MARKET				
Chicago, Dec. 20.—(AP)—	Deliveries of 176,000 bushels of wheat here today on December contracts gave some advantage at times today to bears in wheat, but the market acted stubborn, and prices kept within narrow limits. One reason assigned was that cold weather without snow prevailed over a wide area of domestic winter wheat territory.			
Corn acted heavy throughout the day, although good buying for commission houses was witnessed on the declines in price.				
Wheat closed unsettled 1-8 to 3-8 net lower; corn 7-8 to 1 to 1-8 down; oats 1-4 to 3-8 off and provisions varying from 12 decline to a rise of 15.

Flying Game Hogs.
Amarillo, Tex.—S. D. Turner, game warden, is on the trail of flying game hogs. He has heard that an army officer hunted geese from an airplane and that flyers have skinned low to kill antelopes.

GORMAN'S MARKET REPORT

The market sold for the week 2,218,220 pounds for \$410,038.66, and averaged \$18.48. GORMAN'S sold of the above, 469,306 pounds for \$82,071.14 and averaged \$20.45 for all sold.

We know we had a larger percent of low grades, barn cleanings and damaged tobaccos than any other house, yet you will see that we lead the market by \$2.00 per hundred, with our average counted in the total.

IT PAYS TO SELL AT GORMAN'S

The market opens January 8th. Work your tobacco dry, keep the colors together, bring it to GORMAN'S and you will have more money. GORMAN'S has sold to date 9,274,036 pounds.

We thank you for your patronage and wish you one and all a Happy Christmas and a Happy and Prosperous New Year.

J. N. GORMAN & SONS.

NOTICE OF ADMINISTRATION.
The undersigned having this day qualified as administrator of the estate of Charlie Jackson, late of

Pitt County, this is to notify all persons having claims against said estate to file them with the undersigned, at Greenville, N. C., within twelve months from date of this notice, or same will be pleaded in bar of any recovery thereon. All

persons indebted to said estate will please make immediate settlement. This the 15th day of Nov., 1928.

W. S. HARRIS,
Administrator.

We are also able to take on new regular milk customers.

Men are dropping broad hints for these broadcloth Shirts.

Fine Christmas Gifts.

Dads and Sons—Brothers and Nephews—Bosses in offices—Dressy Uncles—are letting hints fall here and there and here are the shirts they are referring to.

Broadcloth in plain and patterns. The cloth for long wear—and the dressiest shirting material.

Made with collars on—collars to match—or neckband—and for the investment of so little money—no larger success in men's gifts is known to holiday days.

Thousands of fine Ties at \$1.
Silk Hosiery, 50c to \$1.00.
