TRY TO STAY EXECUTION OF TWO KILLERS

Lawyers For Dr. Dreher And Mrs. Lebouff Hope To Investigate Their Sanity.

New Orleans, Jan. 3.—(AP)—Judge James D. Simon, who presided at the trial of Ada Bonner Lebouff and Dr. Thomas E. Dreher, sentenced to hang Saturday for the murder of the woman's husband, today granted a hearing for 10 o'clock Friday on defense counsel's plea of present sanity of their clients.

The attorneys appeared to today before Judge Simon in New Orleans and requested the appointment of a sanity commission to investigate the mental condition of the condemned man and woman.

If Judge Simon rejects their plea tomorrow, the lawyers plan to rush back to New Orleans and seek a mandamus from the State Supreme Court to compel the trial judge to grant the sanity inquiry. This would automatically postpone the hanging.

Baton Rouge, La., Jan. 3.—(AP)—After refusal by Governor Huey P. Long to commute to life imprisonment the death penalty of Mrs. Ada Bonner Lebouff and Dr. Thomas E. Dreher, defense counsel today turned to the courts in an effort to stay the hangman's noose.

During the brief time remaining before the execution set for Saturday, between noon and 3 o'clock, the lawyers hope to obtain a respite until official inquiry can be made into the present sanity of the condemned.

Attorney Ben Daly and L. O. Peot, defense counsel, will appear today at Franklin, La., before Judge James D. Simon who presided at the trial, and request an inquiry by a sanity commission into the present mental state of Dr. Dreher and Mrs. Lebouff. Failing there, they plan to apply to the State Supreme Court to set aside the execution until a hearing can be held.

Governor Long, the 35-year-old Louisiana executive, turned down flatly the application for commutation and in a 5,000 word statement rebuffed the idea of imprisonment as proper punishment for the murder of James Lebouff, the woman's husband, on Oakley Lake, on the night of July 1, 1927.

He placed full burden of the murder on Mrs. Lebouff and Dr. Dreher, who he said conspired to lure the victim to the lake so that either Dr. Dreher or his trapper-hireling, James Beadle, now serving life, could kill him. He stressed the brutality of the murder, pointed out that after Lebouff had been shot dead in his boat while his wife looked on from another boat, the body was washed, weighted and sunk in the lake. He dwelt on the fact that all of the courts had declined to stop the execution and added:

"In this case, it might be well admitted that if the penalty of capital punishment is not enforced, then there might as well never be such a law in this state. Capital punishment is the law of the land. I am an officer sworn to enforce the law."

Mrs. C. George Dies At Raleigh

Information was received in this city today of the death of Mrs. C. C. Copepode of this city. Mrs. George suffered a second stroke of paralysis yesterday and died this morning at 5:30 o'clock.

Burial will take place in Washington tomorrow afternoon at 3:00 o'clock. The funeral cortege will leave Raleigh tomorrow morning at 10:30, arriving in Greenville at 1:30. Upon reaching here the body will be carried to the Copepode home in College View where it will remain until 2:00, when the cortege will leave for Washington.

Mrs. George had been living with Mrs. Copepode here prior to going to Raleigh to spend some time with relatives.

Mr. and Mrs. Copepode left for Raleigh yesterday afternoon shortly after receiving intelligence of the critical illness of Mrs. George.

Mr. Copepode before leaving also received a message from Henderson telling of the death of his brother-in-law, George T. Dickie.

Fire Damages Hobgood Auto

The fire department was called to the home of A. E. Hobgood, Ninth street, this morning shortly after 8 o'clock to extinguish a burning automobile. Damage was estimated at several hundred dollars.

The car burst into flames when Mr. Hobgood attempted to start it. He jumped out of the blazing machine in time to avoid serious burns to himself and pushed it out of the garage to prevent damage to the building. The cause of the fire was not determined.

State Labor Head

Frances Perkins has been selected by Governor-elect Roosevelt to succeed James A. Hamilton as state commissioner of labor.

COLDEST WAVE OF WINTER IN THE CAROLINAS

Severe Blasts, However, Giving Away Today Before Rising Temperatures.

Charlotte, Jan. 3.—(AP)—North and South Carolina emerged shivering from winter's coldest blast to be greeted by clear weather and rising temperatures today.

The cold spell ushered in with the new year sent the mercury to the lowest mark of the season but weather bureau officials held out promise today of gradually rising temperatures.

Asheville was the coldest point in the Carolinas to report with the thermometer standing at 16 there shortly before daybreak. However, by 8 o'clock the reading had advanced to 24 with promise of a continued rise. The mountain city saw a maximum yesterday of only 24.

Spartanburg to the southward, recorded a minimum of 18 with a heavy frost this morning. Greenville, S. C., reported a minimum of 9 and a maximum of 41.

The glass fell to 21 at Charlotte and the minimum at Raleigh and Greenville, S. C., was only a point higher. Columbia, S. C., experienced a minimum of 26.

Over toward the coast, however, the readings were more reasonable. Charleston, S. C., reported a low of 35 and Hatteras, 38. Wilmington with 28 was the warmest point on the Carolinas coast from which a report had been obtained.

Army Bill Carries Big Increase For Aviation And Control Of Floods

Washington, Jan. 3.—(AP)—Carrying large increases for flood control, army pay, aviation expansion and new construction at military posts, the tariff appropriation bill was reported today to the house.

Call for the expenditure of \$455,128,415 by the war department during the next fiscal year, the measure was the fifth on the nine annual supply bills to come before the house this session, four having been passed before the holidays.

The total, providing \$328,338,815 for national defense and \$107,090,000 for non-military purposes, represents an increase of \$35,111,774 over the current fiscal year appropriation and an increase of \$256,608 over budget estimates.

The largest military item in the bill is \$133,550,360 for pay of the army. This is an increase of \$3,215,995 over this year's pay fund and is recommended to take care of 200 additional second lieutenants, for the air corps, advancement of officers to higher pay periods, longevity increases, and retired list expansion.

The measure contemplates no change in the enlisted strength of the army, now 118,750, but would raise the officer strength from 11,738 to approximately 12,000.

In the non-military provisions, \$50,000,000 is included for maintenance and improvement of more than 500 rivers and harbors works, while \$20,000,000, an increase of \$20,000,000, is provided for Mississippi flood control. For operation of dam No. 2 at Muscle Shoals \$270,000 is provided.

The projects to be covered by the \$50,000,000 rivers and harbors item are the same as those submitted to congress by the chief of army engineers and made public December 3 last.

Other big items in the measure include \$24,374,552 for army subsistence; \$14,441,950 for construction at military posts; \$3,408,002 for sea-

ARMY PLANE STILL FLYING IN CALIFORNIA

Question Mark Flying Shortened Course on Account Of Fog.

Metropolitan Airport, Los Angeles, Jan. 3.—(AP)—Flying over a shortened course, the Army monoplane Question Mark, dived through the morning fog today without any faltering sign from its three engines as it neared the end of its second full day in the air.

The plane, which took the air at 7:26 a. m., January 1, entered the forty-seventh hour of flight at 5:26 o'clock this morning.

Reports of fog over San Diego forced the plane to keep within a short distance of its base here late last night, and although the weather was said to be clearing to the south this morning, the Question Mark kept between here and the San Fernando Valley.

About an hour and a half of maneuvering on the part of refueling plane number 2 was necessitated early today when the Question Mark soared over the airport and dropped a signal calling for fuel.

Lieut. Odas Moon, pilot of the refueling plane, lost contact in his first attempt and after landing took off again to carry 100 gallons up to the ship. He said he found the air extremely rough.

Moon reported that Major Carl Spatz, commander aboard the Question Mark, had watched the refueling process carefully and had checked repeatedly with another member of the crew stationed at the fuel tanks. Ground officers assumed that the Question Mark had accumulated a reserve supply of gasoline from the frequent refuellings and that it did not need the full 170 gallons which Moon had taken up.

SLIGHT EARTH TREMORS REPORTED AT SUMTER

Sumter, Jan. 3.—(AP)—Earth tremors of slight intensity were reported here by a number of citizens who felt the shock shortly after 7 o'clock this morning. The tremors lasted only a few seconds but were distinctly felt.

Another Strange Romance

New York—Michael Strange, back from abroad for the first time since her divorce from John Barrymore, wishes everyone in the world happiness, and that includes John and Dolores Costello Barrymore, and herself. "I have a tremendous romance on," she smiled, "but I cannot give it away just yet."

Upon landing the girl, who has about 150 flying hours to her credit, received the platitudes of the crew of the Question Mark, army endurance plane, which also is circling over the Metropolitan field at intervals in its flight.

A dropped message said: "Crew of Question Mark sends warmest congratulations to woman endurance flier. We saw her ship this afternoon and hope she will set a high record for them to climb for."

HOOVER HAS HIS EYE ON MR. FLETCHER

Ambassador To Italy Probably May Become One Of Chief Advisers Pres.-Elect.

By JAMES L. WEST
Associated Press Staff Writer.
Abroad U. S. S. Utah, En Route to Hampton Roads, Jan. 3.—(AP)—The assistance rendered by Henry P. Fletcher to Herbert Hoover on his Latin-American goodwill tour probably will result in the now ambassador to Italy becoming one of the chief advisers to the new president in foreign affairs, particularly in Central and South American relations.

While there has been some talk of Mr. Fletcher for a cabinet position, just what place he will have in the new administration is for the president-elect to decide and he is keeping his own counsel. However, it is known that he regards the ambassador as one of the ablest of the diplomatic career men and is highly pleased with his work as a member of the goodwill mission.

Since one of the major foreign policies of Hoover's administration will be the fostering of better relations with other American republics, it is expected that Mr. Fletcher's advice and counsel among the governments of the Latin-American republic.

FRANCE IN GRIP OF WINTER WEATHER

Paris, Jan. 3.—(AP)—Winter prevailed throughout all France today even the sunny south not being spared. The rigors of the cold weather were made more harsh by a fierce biting northeast wind.

The whole provincial region was mantled with snow making communications difficult by rail and highway. The thermometer was continuing to drop.

Expert Coaching

Washington—New way to catch a mackerel. Make it keep still. Prof. F. H. Hall, of Duke University, has found that these fish are asphyxiated when their forward motion ceases.

Scores Killed And Homes Wrecked By Storms In Japan

Tokyo, Japan, Jan. 3.—(AP)—Storms on the Japan sea coast southwest of Niigata were reported today to have killed 56 persons. Several hundred houses were destroyed.

The railway department in Tokyo received information that at least 20 villages were inundated by high seas yesterday.

Niigata is on a sandy strip of land at the mouth of the Shinana River. There are canals in the center of the streets to assist traffic. Tea is grown throughout the district and there are oil wells in the vicinity.

GIRL AIRMAN SETS RECORD FOR WOMEN

Bobbie Trout Remains In Air Over 12 Hours In Endurance Flight In Los Angeles.

Los Angeles, Jan. 3.—(AP)—An 18-year-old Los Angeles girl aviator stepped into the limelight today holding a new endurance flight record for women. She is Miss Bobbie Trout, who maneuvered a tiny plane above Los Angeles yesterday for 12 hours and 11 minutes.

Miss Trout's record breaking flight, which eclipsed that of 8 hours and 6 minutes made in New York December 26 by Viola Gentry, ended at 6:36 p. m. when she made a graceful night landing at Metropolitan airport and did a neat job of keeping away from a crowd of admirers, who swarmed onto the field to welcome her.

As she was about to land, floodlights revealed to Miss Trout that she might have trouble in keeping her plane clear of the crowd. She circled and landed at the far edge of the lighted zone and taxied back in the direction of her welcome, but wheeled about again as they broke through police lines and shut down her motor for the instant. The plane came to a stop, thus winning applause of the seasoned fliers.

Her first thought was of food. "I feel fine," she said as she jumped out of the plane to greet her mother. "I could go to a dance. But let's get through with these maneramen so I can eat. I'mavenous."

Miss Trout had but one and one-half gallons of gasoline in her plane when she landed. She took off with 31 gallons.

Likewise in the House there was no doubt that the War Department appropriation bill, which among other items carried \$50,000,000 for rivers and harbors development would be pushed through in the same orderly manner which the House employs in passing these supply measures and sending them to the Senate.

One of the first measures introduced when the Senate got under way was a resolution by Senator Jones, Republican, Washington, who asked that an investigation be made of the prohibition enforcement.

Rep. LaGuardia, New York, started the House session by asking that the Congressional Record in the future be published on paper made of corn stalks.

Fire Destroys Bank At Scotland Neck

Rocky Mount, Jan. 3.—(AP)—Damage estimated in excess of \$50,000 was done by fire which early today destroyed the Planters and Commercial Bank building and menaced the business district of Scotland Neck. The blaze is believed to have originated in a law office of the firm of Stuart Smith, Clement Kitchen and Wade Dickens.

Besides the law offices the building held the Corner Novelty Shop, owned and operated by Joe Whitehead; the office of W. E. Smith Brothers, and J. C. Riddick, manager of the Standard Oil Company's branch. Much smoke and water damage was reported to the Scotland Neck postoffice and the Scotland Neck Drug Company, owned by J. D. Hall.

The contents of the building destroyed included the law library and many of the personal papers and records of the late Claude Kitchen and Gov. W. W. Kitchin.

The blaze was discovered about 2 o'clock this morning by a telephone operator who gave the alarm. It had gained such headway by that time, however, that virtually nothing could be saved.

The Scotland Neck fire department feared for a time that the blaze would spread to other buildings but managed to confine it to the one structure.

General Jadwin Declares Muscle Shoals Could Be Made Paying Investment

Washington, Jan. 3.—(AP)—Muscle Shoals, in the opinion of Major General Jadwin, chief of army engineers, could be turned from a losing proposition immediately into a four per cent investment if the government had authority to enter into the "right kind of a contract."

Testimony to this effect, made public today, was given by General Jadwin before a house subcommittee during consideration of the army appropriation bill.

While Jadwin did not go into details, Colonel T. M. Robins testified that if the government could make a contract for five years under which the lessee would agree to take a minimum amount of power, a "certain income" would be guaranteed.

"Why can you not do that?" asked Representative Harbour, Republican, California, a member of the subcommittee.

"Because congress has the matter under consideration," Robins replied. Colonel Robins declared that under the present agreement between the government and the Alabama Power Company, the latter contracts to take power at Muscle Shoals only when "otherwise they would have to start up their stand-

U. S. CONGRESS RESUMES WORK AGAIN TODAY

Kellogg Anti-War Treaty And Naval Bill First Measures Considered.

Washington, Jan. 3.—(AP)—Congress went back to work today after a ten days Christmas holiday—the Senate to face the fight over the Kellogg treaty and the bill to build more cruisers and the House to receive from its appropriation committee a measure calling for \$435,000,000 to run the War Department next year.

The mutual situation in which a treaty to renounce war was rubbing elbows with measures for the improvement of the national defense seemed not to perturb members of Congress and it was agreed that the Navy measure would be laid aside by the Senate while consideration was being given to the treaty to renounce war as an instrument of policy. It was apparent also that both had administration backing.

Whatever people may think of the government of the Army, they must feel this is rough on me."

Commander Evangeline Booth was in conference today with her niece, Commissioner Catherine Booth at international headquarters of the Salvation Army.

This was the first time that the American commander had met any member of General Bramwell Booth's family since her arrival here several days ago.

Supporters of Evangeline Booth believed that she was assured the necessary three-quarters majority of the general council to effect the removal of General Bramwell Booth as commander in chief. These votes would also enable her to carry out her program for the reorganization of the Army.

It was acknowledged, however, that certain of those supporting the general would favor a change in the methods of choosing a successor and other administrative reforms. A high official said that should the elective method be adopted for the future choice of the Army's leader, he thought the rank and file throughout the Army might demand a similar method of choosing the minor officials of various departments, corps and other units.

One Killed When Fire Truck Wrecks

Miami, Fla., Jan. 3.—(AP)—Death of one man, one reported near with two in a critical condition and five recovering from painful injuries, a joint city-county investigation into the cause of a fire truck crashing into an automobile last night was scheduled to start today.

Mrs. H. A. Brown of Washington, D. C., died at a hospital early this morning. She was one of four women, all winter visitors, in the automobile struck by the fire truck.

B. A. Stubbs, fireman, who suffered a fractured skull, was in a critical condition and slight hope is held for his recovery.

B. A. Bird, fireman, was suffering from a possible fracture of the skull, and internal injuries. He probably will survive, physicians say.

Mrs. Florence A. Townsend, of Washington, D. C., sister-in-law of the dead woman, is in a serious condition but also is expected to survive.

Others less seriously injured were: Mrs. Marion Brown, of Washington, D. C.; Mrs. A. J. Townsend, of Paterson Heights, N. J.; Charles Liggett, fireman, and Joe Pelatsky, and W. G. Pugh, crew of a power and light company truck which overturned while answering the same alarm.

Ruth Duvall, 19, who said she was abducted by a negro convict after he had slain her father, an employee of the state prison farm, Parchman, Miss.

Abducted

Washington, Jan. 3.—(AP)—Muscle Shoals, in the opinion of Major General Jadwin, chief of army engineers, could be turned from a losing proposition immediately into a four per cent investment if the government had authority to enter into the "right kind of a contract."

Testimony to this effect, made public today, was given by General Jadwin before a house subcommittee during consideration of the army appropriation bill.

While Jadwin did not go into details, Colonel T. M. Robins testified that if the government could make a contract for five years under which the lessee would agree to take a minimum amount of power, a "certain income" would be guaranteed.

"Why can you not do that?" asked Representative Harbour, Republican, California, a member of the subcommittee.

"Because congress has the matter under consideration," Robins replied. Colonel Robins declared that under the present agreement between the government and the Alabama Power Company, the latter contracts to take power at Muscle Shoals only when "otherwise they would have to start up their stand-

SETTLEMENT OF DISPUTE NEAR TODAY

Bolivian Minister Ordered To Sign Protocol In Dispute With Paraguay.

Washington, Jan. 3.—(AP)—Despite trials and tribulations the settlement of the Paraguayan-Bolivian dispute seemed a little nearer today with the report from Buenos Aires that the Bolivian minister had been authorized to sign the protocol for consolidation.

This report was made to Buenos Aires papers from La Paz and awaits confirmation. Paraguay has approved the protocol and a special committee of the Pan-American conference named to mediate the differences had practically suspended work while Bolivia's reply was pending.

While it may have no direct bearing on peace efforts, there was surprise yesterday when it was reported that Argentina had refused to take part in the conference's peace efforts. Under the protocol, a mediation tribunal composed of nine judges would be named to investigate the border clashes between the Paraguayan and Bolivian troops. Five neutral nations would have a representative on this tribunal and Argentina was expected to be one of these, though she was not represented at the conference. The United States, Cuba, Uruguay and Brazil are expected to be the other four nations, despite the fact that Brazil has not been officially heard from. Mexico or Panama, may be invited to take the place refused by Argentina.

FLIERS CLAIM WORLD RECORD IN MISSOURI

Marshall, Mo., Jan. 3.—(AP)—Although failing to break the world's refueling endurance flight record in their tiny open cockpit monoplane, Blaine M. Tuxhorn and Leonard Rhiner today laid claim to another world's record—that of staying aloft nearly eleven hours through refueling from the ground.

Unadvertently disqualified in their effort to exceed the present record of 60 hours, 7 minutes the pilots, nevertheless, claimed a thorough and satisfactory tryout of a sphyrodrilled refueling catapult perfected by Tuxhorn, which he believed will be used successfully by air mail planes in taking on mail at non-stop points.

The fliers, who soared aloft at 8:54 a. m. Wednesday on a frigid flight into sub-zero temperatures, landed at 7:45 p. m. last night after their plane had descended too low to drop a note, and its wheels had skinned the dimly-lighted, snow-covered field. The flight lasted 10 hours, 54 minutes, and 110 successful contacts were made with the refueling device, during which 22 gallons of gasoline, a gallon of oil, food and messages, equipment and parts were taken aboard.

Mrs. H. A. Brown of Washington, D. C., died at a hospital early this morning. She was one of four women, all winter visitors, in the automobile struck by the fire truck.

B. A. Stubbs, fireman, who suffered a fractured skull, was in a critical condition and slight hope is held for his recovery.

B. A. Bird, fireman, was suffering from a possible fracture of the skull, and internal injuries. He probably will survive, physicians say.

Mrs. Florence A. Townsend, of Washington, D. C., sister-in-law of the dead woman, is in a serious condition but also is expected to survive.

Others less seriously injured were: Mrs. Marion Brown, of Washington, D. C.; Mrs. A. J. Townsend, of Paterson Heights, N. J.; Charles Liggett, fireman, and Joe Pelatsky, and W. G. Pugh, crew of a power and light company truck which overturned while answering the same alarm.

TWO VICTIMS OF CAR WRECK LAID TO REST

J. N. And S. G. Gorman Buried In Oakwood Cemetery In Raleigh Yesterday.

J. N. and S. G. Gorman, of this city, victims of an automobile accident near Louisville, Ga., last Monday, were laid to rest by the side of their parents in Raleigh yesterday afternoon.

Funeral services were conducted from Brown Funeral parlors at 12 o'clock by Rev. E. L. Hillman, pastor of Jarvis Memorial Methodist church of this city, assisted by Rev. W. M. Moore, pastor of the Kingston Baptist church. Interment was made in Oakwood cemetery.

The two brothers came to their death when the car in which they were riding crashed into a concrete bridge near Louisville, resulting in the instant death of S. G. Gorman and fatal injuries to J. N. Gorman, who died several hours later. Calvin Gorman, son of J. N. Gorman, driver of the car, escaped uninjured. The accident is said to have resulted from the Gorman car being suddenly forced off the road by an approaching car attempting to pass a car ahead of it.

J. N. Gorman was one of the most prominent tobacco warehousemen and property owners in this section of the state and his death is mourned by thousands of people in this and other states. S. G. Gorman, who had been spending some time in Greenville, was returning to Meigs, Ga., to continue work in the tobacco industry with which he had been connected for a considerable time.

A large floral tribune marked the high esteem in which the brothers were held by their thousands of acquaintances. Numbers of people from this and other states attended the funeral. Those attending from Greenville were:

Mr. and Mrs. W. D. Pruitt, Mrs. Julia Fleming, Miss Margaret Fleming, Mrs. W. G. Rush, Mrs. J. J. Forbes and Messrs. George Woodard, C. W. Shuff, W. F. Tillet, A. Bost, A. E. Hoggard, Luther Bowling, Louie Lewis, Ernest Clark, Robert May, Joe Dresbach, George Japp, H. M. Garrett, John Hodges, J. C. Lamm, B. B. Sugg, J. S. Picken, W. S. Morton, O. L. Joyner, W. I. Moye, H. G. Juet, G. W. Curry, Riggs Cannon, Claude Brown, H. A. White, Julian White, J. L. Hassell, T. H. Moore, J. C. Tyson, E. L. Hillman, K. W. Cobb, Jasper Hoell, Will Moore, T. M. Gorman, Jr., F. J. Athony, Tom Gorman, Harvey Vard, Guy Lanier, S. M. Graham, J. E. Cherry, Sr., Guy Smith, Frank Whitehurst, R. F. McLamborn, R. M. Minor, Charlie Manning, W. C. Day, D. L. Mangum, S. B. Curran and Mrs. W. A. Siler, New York; Mrs. C. H. Pratt, Mount Vernon; M. Gorman, Durham; P. H. and J. A. Gorman, New York.

Disastrous Fire At Mount Airy

Mt. Airy, Jan. 3.—(AP)—A spectacular blaze which started here shortly before midnight destroyed two story business building and caused damage estimated by local firemen at \$175,000.

The Goldsmith building, which was gutted by the blaze, contained 9 business concerns, all of which were destroyed. Prompt work of the local fire department, however, confined the blaze to the one structure and adjoining buildings escaped with minor damage.

The blaze was discovered about 1 o'clock and soon swept through the building. A crowd of approximately 1,000 people gathered to watch the fire fighters. The fire gained such headway when it was discovered that firemen confined their efforts largely to saving adjoining structures.

Firemen continued to play a small stream on the ruins today but said they had the blaze under complete control.

Asheville Man Dies After Attending His Daughter's Wedding

Asheville, Jan. 3.—(AP)—Charles Liebermann Shephard, traffic manager of the H. K. Ferguson Company, died from an attack of angina pectoris in Mission hospital at one o'clock this morning, just five hours after the wedding of his daughter, Miss Page Johnson Shephard, to James D. Secret, Asheville newspaperman at St. Mary's Episcopal Church in Grove Park.

Mr. Shephard was seized by the attack just a moment after giving his daughter in marriage. He left the church for a moment but returned before the ceremony was over.

He was born in Washington, D. C., 47 years ago, the son of Thomas Shephard and Elizabeth Page Shephard, and a nephew of the late Gov. Shephard of the District of Columbia.

A. J. Startle To Speak Here Jan. 6

(By Lucy Cherry Crisp)
The announcement that Mr. A. J. Startle of Boston, Mass., treasurer and field secretary of the International Society of Christian Endeavor, will be in northeastern North Carolina for three speaking engagements on Sunday, January 6, is one of unusual interest to all those who are members of the Christian Endeavor organization not only, but to many outside the organization who are interested in young people and their activities.

Mr. Startle who comes to eastern North Carolina on his return trip to Boston after participating in the program of the All-South Christian Endeavor convention at Chattanooga, Tenn., will speak in Goldsboro in the Friends' Church at the morning service hour. In the afternoon at 3 o'clock, he will deliver an address to young people and their friends in the Presbyterian Church at Greenville, going from Greenville to Pinetops, where he will speak in the Presbyterian Church there at the evening service. One of the best loved of the International Society officers, Mr. Startle travels constantly throughout the United States in the interest of Christian Endeavor. He will speak on some phase of the great Crusade with Christ program now being carried on by young people's organizations in many different denominations, and the public in general and young people in particular, will hear him with pleasure.

REV. H. F. JONES TO PREACH HERE SUNDAY

Owing to illness in his family which will prevent his leaving for his new pastorate in Baltimore this week, Rev. H. F. Jones will fill the pulpit at Memorial Baptist Church at both morning and evening services next Sunday.

Birth Announcement.
Mr. and Mrs. H. G. Johnson announce the birth of a son, Harry Gardner Johnson, Jr., on Wednesday, January 2nd, 1929. Weight eight and three-quarter pounds.

King's Daughters Meet.
On Tuesday evening, Jan. 1, the King's Daughters met at the home of Mrs. S. T. White. The new president, Mrs. McGee, presided over the meeting. She read the 12th chapter of Romans and also a beautiful poem on Service. Mrs. W. S. Harden led in prayer, followed by the Prayer of the Order. The various committees made reports showing that the King's Daughters sent cheer and happiness to needy and helpless families during the Christmas season. As has been done for several years, they had the Christmas tree at the cotton mill. A generous contribution toward this was given by the superintendent of the mill. Twelve girls at Samaritan were remembered with gifts.

Mrs. Hortense Mays read a beautiful piece on Service Throughout the Coming Year.

The hostess served delicious refreshments and the meeting adjourned.

Properly Indignant
Springfield, Mass.—Mayor Parker is indignant that spilled liquid ate away some bronze paint on the radiators in the mahogany room of the municipal auditorium during a junior league ball.

A Letter From Mr. East.
Claude Tunstall, Greenville, N. C.
Dear Sir:
I have received check from the Provident to cover recent disability from influenza. Payment was prompt and satisfactory.

Yours truly,
H. A. BOST.

W. C. Thomas Tobacco Co.

Author Of Famous War Poem Is Dead

Hudson, Wis., Jan. 3.—(AP)—Unaware that her poem in memory of the unknown soldier had found its way into print, an ambition which she long had cherished, Mrs. Cassandra P. Dyer, 92, of Hudson, is dead after a two-weeks' illness with pneumonia.

The poem, "A Mother of An Unknown," written Armistice Day, 1921, appeared in newspapers throughout the United States through "A Washington Bystander," a column of capital life, conducted by Kirk L. Simpson, staff writer for the Associated Press.

Her interest aroused by an article in which Simpson made reference to the sacrifice of Gold Star Mothers, Mrs. Dyer sent the poem to him, saying she was anxious to see it published, the verse was used, but Mrs. Dyer died before her wish was realized.

The poem is in six stanzas, the last one being:

"And if it be he still shall rest,
Where Flanders' poppies blow,
Or in that sacred tomb—'tis best
That I should never know."

Walter Perry Is Buried Near Ayden

Mr. Walter Perry, a well known farmer of Ayden, died last Wednesday in Pitt Community hospital as result of influenza.

Mr. Perry had been seriously ill for several weeks. He was twenty-seven years of age and a member of the Christian Church of Arthur.

He is survived by a wife and little daughter, Della Frances, of Ayden; mother, Mrs. Della Perry of Arthur; half-sister, Mrs. J. R. Everett of this city; and two brothers, Clifton and Albert Perry of Arthur. The funeral was held in the family burying ground near Ayden.

A Letter From Mr. Griffin.
Claude Tunstall, Greenville, N. C.
Dear Sir:

This is to acknowledge check from the Provident in payment loss of time from influenza some time ago. Am well pleased with your policy for Business and Professional men and women only. Best wishes.

Yours truly,
E. W. Griffin,
Griffin-Williams Shoe Store.

THE NATIONAL BANK
Greenville, N. C.
The regular annual meeting of the Stockholders of the National Bank of Greenville will be held at 11 o'clock on Tuesday January 8th, 1929.

F. J. FORBES, Cashier.
Dec. 21-1f.

New Telephone Contract Causes Stir At Chicago

Chicago, Jan. 3.—(AP)—"Buy a slug" didn't mean much in Chicago today. Most of the telephone booths in hotels, drug stores and other places were closed to the public because of contract differences between the owners and the Illinois Bell Telephone Company.

Old contracts between the phone company and the hotels and business places, which had been in effect 30 years, provided for a guarantee of four phone calls a day on each telephone, dividing the fees for all over that guarantee equally between the company and the subscriber.

New contracts, against which the subscribers now are in revolt, eliminate the guarantee and provide that the company shall take 77 1-2 cents out of every dollar, with 22 1-2 cents for the subscriber.

Hotel and drug store owners, having many booths, declare this represents a great loss of revenue.

State College Resumes Work

Raleigh, Jan. 3.—(AP)—With a larger attendance than was expected, North Carolina State College resumed work today after the holiday season, which closed early on account of the influenza situation. A few members of the faculty were reported as ill from the disease today.

Noted Film Star Weds Third Time

Chicago, Jan. 3.—(AP)—Sophie Tucker stopped in Chicago yesterday to have a little fat taken off my face" and incidentally to reveal that she had been married, for the third time, last December 14 at Newport, Ky.

Reporters found her at the office of a plastic surgeon, strips of tape plastered in front of each ear.

"The operation? Just a little fat and loose skin off the face," she explained. "Only a small cut in front of each ear. Had to look a little younger for the films." Miss Tucker is 40 years old.

"Sure, I'm a bride," she confided. "His name? Oh, nobody in Chicago knows his name. He's S. A. Lackey, a small merchant in New York. Sells dresses; lives at the Park Central; 38 years old, and never before married."

COLDS MAY DEVELOP INTO FLU

Coughs from Flu May Weaken Your System and Lead to Serious Trouble

You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory; if the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. Creomulsion may help you avoid flu, but is not sold as a flu remedy. If you have fever, or think you may have the flu, see your doctor immediately. (adv.)

WHAT WE MAKE IT

Now that Christmas is a thing of the past for almost another year and the New Year's celebration is over, let's not spend too much time thinking and talking hard times and wondering what 1929 will bring us.

The year, 1929, like all previous years, will to a great extent, be just what we make it. If we spend the year in an honest effort of service in both spiritual and material lines the year cannot help but be a success.

HOW LARGE ARE WE?

The government census of 1920 gave Greenville a population of 5,772 and so far as the majority of the outside world is concerned, although we know to the contrary, Greenville is still a city of the 5,000 class.

The number of tragic deaths in Pitt county during the holiday season has cast a pall of gloom over the entire community.

"Coming at a time when every festive was engaged in festivities befitting the season, these deaths threw a damper on activities and carried sorrow and heartaches into the homes affected."

"It is the first time in months that the spectre of death has struck such bold blows at this community. This probably was the cause of such profound shock and general grief."

"Do your shopping in Greenville during 1929," is the invitation of Greenville merchants.

"We appreciate the splendid business from other communities during 1928 and feel sure we shall be able to render service just as efficient and satisfactory during the new year."

"If you can't find what you want in your home town, try Greenville. Our stores are complete all the year around and favorable prices predominate at all times."

SALE OF STOCK OF GOODS... by virtue of authority vested in the undersigned, the Greenville Supply Co. in that certain mortgage dated the 17th day of April, 1928, and payable the 1st day of November, 1928, duly recorded in Book 1-17, page 88, Pitt County Registry, we will sell to the highest bidder for cash the stock of goods and fixtures of the Greenville Grocery Co., at the said place of business on Dickinson Avenue at 11 o'clock a. m. on Wednesday, the 22nd day of January, 1929.

THE FARM PROBLEM... A year ago Senator Couzens announced that he would turn over his 900-acre farm to the best qualified farmers rent free. Out of 1,000 applicants he selected two Williams brothers. And now

that the year has ended, they have decided not to keep the farm another year. They say it has been extremely difficult to make it pay.

This shows how hard and rocky is the agricultural road. If these men, with no taxes and no rent to pay, did not desire to try to run that magnificent farm another year, it illustrates the serious condition of agriculture townspeople and public men have been slow to understand or appreciate.

The farm problem is America's biggest problem. Its solution has been delayed too long and too long has it had to help enrich those given privilege.—News and Observer.

ABOUT TOWN

"With the reported coming to this city of two or three large business concerns, it begins to look like 1929 is going to witness more expansion than the previous year," mentioned a business man today.

"Although formal announcement of the coming of these concerns has not been made, it is a settled fact that they are coming and will be comfortably located before the year is over."

"With such growth from year to year, Greenville may well claim the honor of being the greatest shopping center in Eastern Carolina."

"After establishing a record in Pitt county last year, it seems Dan Cupid is planning to attempt to set a new mark this year," commented an employe in the office of the registrar of deeds today.

"Six begins the first day of the year with a bad beginning by any means, and this to start out with gives the mythical god of love the best advantage in several years."

"Some communities have reported a decline in the issuance of marriage licenses. Pitt county, however, is still in the matrimony business and will stay in the first rank just as long as Cupid maintains such accurate marksmanship."

"Health conditions in city schools are remarkably fine considering the prevalence of flu in all sections of the country," commented a citizen today.

"Everybody was gratified to learn that the schools opened with attendance 90 percent normal. This attendance may be considered splendid in the face of the usual amount of illness following holidays and the flu epidemic, too."

"While the schools suffered considerably from the flu preceding the holidays, it is encouraging indeed to note that attendance at this time is sufficient to justify continuing school without any postponement."

"This is a striking contrast to conditions existing in other communities. It reflects credit upon those responsible for precautionary measures taken when the flu epidemic first started."

"The number of tragic deaths in Pitt county during the holiday season has cast a pall of gloom over the entire community," said a well known man today.

"Coming at a time when every festive was engaged in festivities befitting the season, these deaths threw a damper on activities and carried sorrow and heartaches into the homes affected."

"It is the first time in months that the spectre of death has struck such bold blows at this community. This probably was the cause of such profound shock and general grief."

"Do your shopping in Greenville during 1929," is the invitation of Greenville merchants.

"We appreciate the splendid business from other communities during 1928 and feel sure we shall be able to render service just as efficient and satisfactory during the new year."

"If you can't find what you want in your home town, try Greenville. Our stores are complete all the year around and favorable prices predominate at all times."

NOTICE OF SALE OF VALUABLE CITY PROPERTY

Under and by virtue of an order of the Superior Court of Pitt County made on the 31st day of December, 1928 by Honorable J. B. Harrington, Clerk, in that certain special proceeding now pending in said Court entitled Rubelle Evans and Elizabeth Brinson et al vs. Part 1 of the undersigned, commissioners will on

Saturday, the 2nd day of Feb., 1929 at 12 o'clock, noon,

before the courthouse door in Pitt County, sell to the highest bidder for cash, the following described real estate, to-wit:

This certain house and lot lying and being situated on the north-west side of Dickinson Avenue, in the Town of Greenville, Pitt County, North Carolina, lying between the W. L. Rice lot and Raleigh Avenue, bounded on the South side by Dickinson Avenue, on the West by Raleigh Avenue, on the East by W. L. Rice and on the North by said property, and being the house and lot occupied by Mrs. Sallie J. Boyd at the time of her death.

This the 1st day of January, 1929.

J. C. Lumber, F. C. Harding, Commissioners Jan. 2-11-29-4Wk.

NOTICE OF RE-SALE OF REAL ESTATE

Under and by virtue of the authority conferred under that certain order made by the Clerk of the Superior Court of Pitt County, in the matter of W. O. Crisp, Adm'r. of W. J. Crisp, vs. George Ann Crisp et al, on the 24th day of December, 1928, directing the undersigned commissioner to re-advertise a sale of the real estate described below:

the high bid \$800.00 of the last sale having been raised 5 per cent, the undersigned commissioner will on the 7th day of January (Monday) 1929 at 12 o'clock, noon,

In front of the Court House in Greenville, N. C., re-sell the following real estate to the highest bidder for cash:

That lot in the town of Winterville, N. C., beginning at the N. W. corner of Martha L. Cox's Tyndall lot on the East side of Academy St., and running thence E. along the Northern boundary line of the said Tyndall lot 210 ft. to a ditch, thence North in a line with Academy St., 105 ft. to R. G. Chapman's Southern boundary line, thence West along Chapman's Southern boundary line to Academy St., thence South along Academy St. to the beginning. It being the W. J. Crisp lot.

Said sale is being made to create assets for the W. J. Crisp estate.

A ten per cent deposit will be required for the successful bidder on day of sale.

J. B. Eure, Commissioner. Pittman & Eure, Att'ys., Greenville, N. C. Dec. 29-11-29-4Wk.

Reads past, present and future. Gives advice on business, love and marriage. If you are unhappy, discouraged, unsuccessful, or in trouble, this Palmist can positively help you. She calls your sweetheart by name, tells day and date of marriage. One trial and you will be convinced.

Pay this lady a visit today, tomorrow may be too late. Satisfaction on every reading.

Office Hours 9:00 a. m. to 9:00 p. m. Private Room for Colored

Located in Tent on Dickinson Avenue, Just Outside City Limits Greenville, N. C.

NOTICE OF LAND SALE

Under and by virtue of the power of sale contained in the Deed of Trust executed and delivered by G. A. Clark and wife, Fannie A. Clark, and W. V. Clark to the wife, Edna Clark to W. H. Woolard, Trustee, dated October 23, 1923, and duly registered in Book B-15, at page 454, in the office of the Registrar of Deeds of Pitt County, the undersigned will on Saturday, January 19th, 1929 at 12 o'clock, noon,

before the court house door in Greenville, Pitt County, North Carolina, expose to public sale the highest bidder for cash, that certain tract or parcel of land lying and being in Pitt County and more particularly described as follows:

In the town of Grimesland, situated on the corner of Pitt and River streets on Block "K" in the plan of said town laid off by C. F. Petree and described as follows: Beginning at the corner of said Pitt and River streets and running with Pitt street the same land that was conveyed to the Greenville Banking & Trust Co. by J. H. Brooks, by that deed dated January 15th, 1925, and duly registered in Book Q-14 at page 334 in the office of the Registrar of Deeds of Pitt County, and further being the same land as conveyed to the Greenville Banking & Trust Company by J. A. Clark and W. V. Clark by deed to be registered in office of the Registrar of Deeds of Pitt County to which reference is hereby directed.

This 19th day of December, 1928. James L. Evans, Atty.

Dec. 21-11-4Wk.

NOTICE OF SALE OF REAL ESTATE

Under and by virtue of authority contained in that certain mortgage executed by Stephen Leggett and wife, Florence Leggett, to B. T. Cox on the 13th day of December, 1913, recorded in Book T-10, at page 298, the undersigned will offer for sale for cash at public auction before the Court House door in Greenville on Tuesday, the 22nd day of Jan., 1929 the following described lands, to-wit:

Lying on the east side of Fork Swamp and west of New Bern road, and adjoining the land of J. Arnold Mills on the south, Caleb Worthington and Bryant Tripp and J. J. Haddock on the north and New Bern road on the east, known as Page lands, same deeded to B. T. Cox by J. B. Bedard in 1905, containing 100 acres, more or less. Ten per cent deposit required on day of sale.

This the 22nd day of Dec., 1928. B. T. Cox, Mortgagee. S. O. Worthington, Atty. Dec. 27-11-4 Wks.

TORTURING PAINS

Ceredo Lady Tells How She Was Unable to Find Anything to Relieve Them Until She Took Cardui.

Ceredo, W. Va.—In telling how she was benefited by taking Cardui, Mrs. Pearl Yelkey, of this place, says: "At one time, I had a very serious spell which left me weak. At times, I would suffer such intense pains across my back and in my side that I could hardly stand it. I endured this over and over again. Every time the pains were worse than before. It was in despair because nothing helped me. I tried several remedies, but I continued to suffer. One day, I read about Cardui. Other women told how they had gotten strong and well after taking it. I have often been thankful for that day, for after I had taken Cardui for awhile, I felt like a different human being. It did not seem possible, but I did not suffer the old, torturing pains, and I really felt well. I can heartily recommend Cardui, for I know how much I improved after I took it. Since then, I have taken it several times when I have needed a tonic, and I have always been benefited. It is a wonderful help. All good druggists sell Cardui. Try it for your troubles. NC.198

Take CARDUI 30 YEARS OF USE BY WOMEN

KEY'S KILPAIN

Tablets and Powders For Headache, Toothache, Etc. Manufactured by J. Key Brown, Druggist

MONUMENTS of Quality

DEES MONUMENT WORKS GREENVILLE, N. C.

Insuring Your Family's Health For The New Year

Use high quality milk during 1929. Our milk is rated Grade A in quality, which means that it is produced from a herd of dairy cattle inspected regularly and given a clean bill of health by the State, and that our dairy equipment and methods meet the highest standards of health regulations.

At this season of the year when many changes are being made, it is a good time to start taking milk from us. We are prepared to supply a number of new customers.

Less risk of "flu" if you do two things

Precautions Takes no chances

you can take immediately

THERE is no use worrying every time you draw a breath for fear you will breathe in some influenza germs. Do the following two things and forget it: First, keep your nose and throat well protected, and second, keep your system in good condition. The chances are you will avoid contagion.

"As a first precaution, I am prescribing Mistol to all my patients, as it protects the nose and throat against the germs of influenza. Use it every morning, the first thing, before you go out. Again when you come home at night. Don't be afraid to use it freely; it will do no harm.

"Just tilt your head back and apply Mistol with the special dropper which comes with every package, until you feel it trickling down your throat. It will clear your head wonderfully, relieve any inflammation; it will help dry up a running nose. It has a soothing effect on the throat, too. Gargle it for a sore throat or a little irritating cough! Above all, it protects the nose and throat against the germs of influenza.

"This is the first precaution; now for the second: Physicians agree that, particularly in times of epidemic, weakening of the system due to purging by laxatives and cathartics is not advisable; therefore, many doctors are prescribing Nujol. It is not a laxative or cathartic but a pure, natural substance that helps your system function at all times the way nature intended it to. Like pure water, it is harmless. In no case does Nujol cause weakening of the system. Take it night and morning; it will keep you in first class condition. You will have a far better chance to resist "flu" or any other disease that are going the rounds.

"The combination treatment of Nujol and Mistol is a double safeguard against colds and influenza. Start this wise twofold precaution now! Don't delay. Put worry out of your mind. The chances are good that you will escape influenza and colds. Nujol and Mistol are on sale at all druggists."

MANY CHANGES OUTFIELD MEN IN BIG CIRCUIT

By BRIAN BELL
(Associated Press Sports Writer)
New York, Jan. 3.—(AP)—Uneasy rests the hand that wears the outfielder's glove in the National League in a season in which many changes of baseball personnel will be made.

Only one outfielder in the senior circuit may be regarded as "set." No suggestion has come that the Chicago Cubs will attempt to improve on the combination of Riggs, Stephenson, Hack Wilson and Kiki Cuyler. No other club is definitely standing pat.

The Pittsburgh Pirates certainly will not interfere with the outfield activities of the Waner brothers but Adam Comorosky, who played half a hundred games for the Buccaners last season, may be given added responsibility in 1929.

The St. Louis Cardinals lost the services of the hard hitting Walter Rostetter after 68 games last year but his broken leg has definitely mended and his batting average of .341 will give him first claim on right field. Hafey will hold onto left, but Ernest Orsatti finally ousted Taylor. Douthitt played well in the world's series and may repeat the performance in the regular season.

Manager John J. McGraw will assign one of his outfield places to Fred Leach, late of the Phillies. The rest of the outfield trio will depend somewhat on the health of the Rough and the showing made by Tony Kauffman, a reformed pitcher, who batted .098 in 52 games for Rochester last season. The Giants have two brilliant prospects in Wellman and Pullis. Melvin Ott will defend his position when right handers pitch against the Giants but may have an understudy when southpaws do the pitching.

The outfield at Brooklyn is open. Harvey Hendrick, who looked like a great outfielder at third base for the Robins, may move farther away to mch. batting cannonade. The Robins purchased or recalled seven outfielders after the National League season closed. This new crop includes Culp, Atlanta, and Rostetter, Memphis, whose batting averages were .285, .356, Rosenfield, Birmingham, .340; West, Atlanta, .321; and Miller from the same club where he batted .280. Neither recalled from Pueblo, batted .340. Two Macon players recalled were Tremper and Lee, with batting figures of .325 and .327, respectively.

The two Reds who did considerable work in the outfield at Cincinnati last year, Everett, Purdy and Martin Gallagher, probably will be even more active in the new season. Wally Christensen, fast and a great Acrobat, will have a chance to do his humbling in the spring, although he did not reach the select 300 club as a batter for Columbus where his mark was 293.

The Boston Braves will give an outfield assignment to George Washington Hager, formerly of the Phillies, Giants and Cardinals, and young Earl Clark should be about ready for duty. The 21 year old Washington youngster batted .373 for Providence in 1928. Moore and Mueller, former major leaguers, are back again with the Braves. Only one thing is certain about the Boston outfield—no one will take Lance Richbourg's place.

The Phillies are counting on Homer Peel, procured from St. Louis in the Wilson deal, to take care of one outfield, although Peel batted only .281 for Houston in the Texas League. Lefty O'Doul, who hit some home runs for the Giants last year, should hit many more in Philadelphia, where the right field fence furnishes a good objective.

Greenville Cagers To Play In Raleigh Tomorrow Evening

Tomorrow night Greenville High School's basketball team will travel to Raleigh for the hardest game of their season. The Hugh Morson five now stands as a team which is claimed by its supporters to be the best ever turned out of the capital city, which is quite an inclusive claim considering that last year they won the State College tournament rather handsily.

Greenville goes to Raleigh with a keen desire to even up a close defeat of last year and anxious to show the ball teams of the capital that the Northeast conference can produce aggregations able to make the best of them step out to win. Coach Porter's proteges are slightly out of tune because the Christmas vacation practice has been interrupted by the refinishing of the floor in the high school gym, but the team has confidence in its ability to give Hugh Morson a good tussle. Next Tuesday the return contest will occur in Greenville, when another royal is expected.

MICKEY WALKER MAY FIGHT ACE HUDKINS

New York, Jan. 3.—(AP)—If Matchmaker Tom McArdle can carry through his plans, Mickey Walker will defend his middleweight championship against Ace Hudkins in Madison Square Garden before the end of the present season.

McArdle believes he can get Walker's signature on a contract to fight the Nebraska Wildcat and announced yesterday that he will ask the approval of the N. Y. S. A. C. for the match at its meeting tomorrow. Hudkins is eager for the match and McArdle does not expect any difficulty in signing him.

Ga. Tech Coach Defends Costly Play By Riegels

San Diego, Cal., Jan. 3.—(AP)—Coach Bill Alexander of Georgia Tech, who prepared today to lead the victorious Golden Tornado back to Atlanta after two days of sight-seeing following Tech's victory over California at Pasadena, has rallied to the defense of Roy Riegels, California center, whose 75 yard run in the wrong direction gave Tech a safety and the margin for an 8-7 victory.

The coach said Riegels' mis-play might have been pulled by any other player under similar circumstances. He believed the similarity of scenery at each end of the Rose Bowl probably contributed to Riegels' confusion, and suggested that it might be well to make each goal during a game with a distinguishing flag which could be reversed each quarter as the teams changed goals.

"Father" Lumpkin, star fullback for the Southerners, also had a word of sympathy for Riegels. He said the California center was spun around a couple of times on the play and consequently lost all sense of direction.

The coach said the California line was the strongest encountered by his team this year, but he believed that the contest on the whole was no harder fought than the regular season tilt with Notre Dame.

Tex Rickard On Road To Recovery

Miami, Fla., Jan. 3.—Minus a gangrenous appendix, Tex Rickard emerged from his 58th birthday today with recovery in sight, but not just around the corner.

When the sports promoter was operated on Tuesday evening, it was said he would be out in ten days, but when his appendix was examined and his condition considered, physicians announced they would not predict that ten days would be his hospital limit. Rickard's condition is good, the hospital reported last night, especially so in view of the infection he some narrowly missed.

COLDEST WEATHER OF WINTER AT ASHEVILLE

Asheville, N. C., Jan. 3.—(AP)—The low mark for the winter season was reached in Asheville early this morning when the mercury dropped to 17. It was much warmer at 8 o'clock, when 24 was registered, and the temperature was rising steadily.

A Real Value
Well made, full cut blouses in a variety of patterns and colors. Look over our selection at 69c to 89c

Plain-Quilted
Cotton Batts
An especially fine batt—weight about 3 pounds. Each 98c

Your Family Doctor Doesn't Offer "Specials"

Suppose your Family Doctor offered a "special" on measles every other Thursday, or advertised his office fees would be cut in half on the second and third Mondays of the month.

Illogical, isn't it! That is exactly why the J. C. Penney Company doesn't offer "specials" or "cut prices" or hold so-called "sales."

Day after day we sell merchandise at the lowest figure consistent with market costs, plus a fair charge for distribution and handling. Whenever you buy anything in our store you may be sure of two things:

1. It is priced as low as we can possibly mark it—and our buying resources make this very low indeed.
2. You are paying exactly the same price as your neighbor—no more, no less.

Men's Socks
Silk and Rayon
With Rayon-plaited top and mercerized toe and heel. A good service by the hose in the newest patterns. 49c

"Wizard" Sheets
Size 81 x 90
An economical sheet—size before hemmed. Each 89c

Overcoats
Students' Model
Smart lines, expert tailoring. Outstanding values. \$14.75—\$16.75

Aywon
Shaving Cream
For a quick, easy shave. Large size tube. 25c

Nation-Wide Says Service

In Every Splendid Street and Yard of Sheeting

Thousands of housewives have already solved their sheeting problem with "Nation-Wide"—a strong, dependable quality—at thrifty prices.

9/4 bleached or 10/4 unbleached sheeting, yard 39c

Sizes Before Hemmed

Men's Fancy
Broadcloth Shirts
Fancy vat printed broadcloth and woven madras. 98c

Boys' Sweaters
Fleece-Lined
Knitted cuffs and bottom, two roomy pockets. 98c

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Jan. 3.—(AP)—Cotton opened steady at unchanged prices to an advance of 8 points on the old contracts, while the new were 1 to 2 points lower. There was buying at the start on relatively steady Liverpool cables and covering after the break of yesterday. Liquidation continued, while there was also more or less southern selling. This eased the market off right after the opening with the active months soon showing net losses of about 5 to 8 points. A few stop orders were uncovered on 1938 and 1939 for July. After their execution the market steadied on covering and a little commission house buying with prices working back to about yesterday's closing figures by the end of the first half hour. Private cables said that liquidation had been absorbed by continental and Bombay buying in Liverpool but that the turnover in cotton cloths was disappointing and that yarn sales were below production.

Futures closed very steady, 25 to 30 points higher; spot quiet; middling 20.55.

GRAIN MARKET

By JOHN P. BOUGHAN, Associated Press Market Editor
Chicago, Jan. 3.—(AP)—Sharpening of Argentine competition did much today to pull wheat values here down. Buying to close spread trades between Chicago and Winnipeg failed to have more than a transient effect as a counter balance, and so, too, did reports of lack of snow protection in some parts of domestic winter wheat territory. On the other hand, corn prices averaged higher, helped by indications of good export demand for corn at the seaboard.

Wheat closed unsettled, 5-8 to 1c net lower, corn 1-4 to 1-2c advance, oats unchanged to 1-4c up, and provisions at from 20c setback to a rise of 5c.

STOCK MARKET

New York, Jan. 3.—(AP)—Heavy profit taking which brought about sharp reactions of 5 to 15 points in some of the high priced specialties unsettled today's stock market after an opening outburst of strength had carried more than a score issues into new high ground. While most observers regarded the setback as a natural correction of a temporarily top-heavy speculative position, some selling also is believed to have been influenced by fears of a large increase in loans and a possible advance in the Federal Reserve rediscount rate.

The credit situation was distinctly easier. Call money renewed at 10 per cent, as against 12 yesterday, and dropped to 8 by early afternoon. Loans in the "outside market" were available as low as 7 per cent. Time money rates showed an easier undertone, but were well above the corresponding rates a year ago.

Outside the money situation, there was little in the day's business news to influence the price movement. Directors of the Bon Ami Company declared an extra dividend of 50 cents on the class B common stock, and several favorable 1928 earnings reports and estimates made their appearance.

Negroes Fight To Finish At Tampa

Tampa, Fla., Jan. 3.—(AP)—The question of what would happen if an irresistible force struck in immovable object, a puzzle for scientists for ages, was near a solution here last night when Billy Long of Philadelphia and Al Trout, of Cleveland, negro middleweights, simultaneously delivered a knockout blow upon the person of each other in the nineteenth round of a finish-
In seven ring engagements the dusky exponents of the art made famous by the Marquis of Queensbury, each had won one decision, the other matches ending in draws. As a result, they agreed to a finish engagement, winner take all. Under Florida law ten rounds is the limit for boxing matches, but this statute was evaded by a rest of five minutes between each ten rounds.
The first ten was a furious battle—just plain and persistent fighting. Four times the boxers refused to heed the bell and the referee took several on the chin in prying them apart.
A five minute rest and they were reintroduced as if the crowd had never seen the mbefore. In the seventeenth both went to their knees, but continued the fight in that position. There was no lapse in the blows as each struggled to his feet. Then the climax. There

It's Got to Be Good, Too

Between southeast and southwest the fight is on for profit in cotton farming. Fields lie flat in the southwest, in the newer soils of cheaper lands, and the crop is made wholesale by machines at low cost, generally without using fertilizer, according to The Fertilizer Review; and the yield runs around 125 pounds of lint cotton per acre. North Carolina, using fertilizer, makes an average of 252 pounds—a difference of 127 pounds in favor of North Carolina, or about \$25.40 more per acre with cotton at 20 cents. The southeastern farmer knows he's got to use fertilizer in order to win, says The Review.

—And More Friendly

Country customers who step on the gas and carry part of their trade to the city nowadays have just added one more problem for the country storekeeper. But he's meeting it as he's met others in times gone by, through changing his methods a little to fit new conditions. Good merchants are the same wherever you find them. Your country merchant will always carry a stock of things you need that you can't find in cities: reliable fertilizers such as V.C. for instance. And he still has the advantages of being closer to home, more convenient, more helpful.

Or in the Bag

Might as well say "I can buy a four-cylinder automobile for \$250" as to say you can buy a certain

Look for the V.C!

Set out to buy a tractor, and you see it demonstrated in your field. Get in the market for an automobile, and they'll ride you all over seven counties. Ask for a pair of shoes, or a hat, and you try them on. But go to buy fertilizer, and you can't try it or test it or do anything else but use it—with your crop to lose if it's bad. You've got to depend on the name on the bag.

AND HE'S SURE TO LOSE

Cotton takes 12 days of man labor per acre and 6 days of horse labor. Tobacco takes 20 and 7. The man who blindfolds himself to the difference in fertilizers is just taking a long chance with a whole lot of hard work.

Remember the Fertilizer

For the tobacco seed bed, says the U. S. Department of Agriculture, pick a suitable spot in the woods and clear that. Well-drained friable soil is preferred, on a southern or eastern exposure. With the soil not too wet, burn it to kill weeds and insects. Then clean it off and spade or plow a few inches deep. Before seeding, work your fertilizer thoroughly into the soil. In sowing, the seed should be mixed with fertilizer or corn meal or sifted ashes, to give volume for even distribution—about two quarts for each teaspoonful of seed. A heaping teaspoon of seed will sow 25 square yards of seed bed and should furnish enough plants to set an acre.

"Now is the best time in thirty years to buy a farm. There are opportunities right now that will yield a dividend."

—RENICK W. DUNLAP.

"Penny Wise, Pound Foolish"

A difference of a few cents for a ton of fertilizer looks mighty puny alongside \$400 a ton for cotton or \$800 a ton for tobacco. Yet some misguided farmers will make half a dozen trips to town and lose good time and make their crops wait while they try to get two or three dimes off in the price of their fertilizer. Meanwhile their smarter neighbors have gone on and bought—and plowed—and planted.

In 1928 more tobacco was grown in the United States than ever before—

or since.

"FARMING IN THE OLD WAY IS UNSAFE."

—S. J. High.

"Experience has shown that it is useless to attempt to grow profitable crops of bright tobacco without commercial fertilizers."—Florida Agricultural Experiment Station.

CROPS NEED RAIN

Washington, Jan. 3.—(AP)—The department of agriculture's summary of weather and crop conditions for the week ended yesterday says: Rainfall was again generally deficient in the southern states, and moisture is needed at many places in Gulf and South Atlantic districts, especially on the uplands of Florida where it is becoming very dry. The interior of southern Florida had killed frosts on the 29th, which killed most tender truck in the Everglades and did some damage in the coast districts.
Conditions were favorable for scraping outstanding cotton, with some still to pick in the central northern and northwestern portions of the belt.
