

LOS ANGELES HAS REACHED FLORIDA BAY

Giant Navy Dirigible Moors to Tender Patoka After 12 Hours' Delay By Wind.

Port St. Joe, Fla., Jan. 10.—(AP)—Completing a voyage from Lakehurst, N. J., during which she was delayed nearly 12 hours by adverse winds the fog over western Florida, the Los Angeles, giant navy dirigible, moored to the tender Patoka in St. Joseph's bay at 12:45 o'clock this afternoon.

The Los Angeles left Lakehurst, N. J., at 8:45 P. M., Tuesday en route to Miami, Fla., on a 2,000 mile training cruise, but after bucking head winds along the Atlantic coast line yesterday, swerved inland at Brunswick, Ga., about 8 p. m. last night.

In a message to Clifford Grange, Jacksonville, ensign in the naval communications reserve at that hour, Commander Rosendahl said that head winds had slowed the progress of the Los Angeles, and that she was heading directly for the Patoka across Florida. The Patoka had been stationed in the Gulf to await her.

Indications that the Los Angeles was off her course and still bucking contrary winds came at 3 A. M. today from Grange, who intercepted a Los Angeles message to the Patoka. The Los Angeles advised that she was over Tallahassee, bucking head winds.

Tallahassee, however, had heard nothing of the craft, while Perry had watched her circle and re-circle the town for an hour and a half before setting off southward. Grange said he believed Commander Rosendahl had mistaken Perry for the Florida capital, and had altered his route to conform with such a position.

Meanwhile, aboard the Patoka, it was said that the Los Angeles would have to jockey for a mooring, and officials expressed slight apprehension as to her fuel supply. No actual alarm was felt however, as it was believed the ship had taken enough fuel to last out today.

Miami, meanwhile, as destination of the Los Angeles and her crew of 45 men, held up welcoming ceremonies pending word from Commander Rosendahl.

Goitre Not A Disease

Milwaukee Doctor Makes Remarkable Discovery.

Milwaukee, Wis.—It has been brought to light by scientific research that goitre is not a disease and not to be treated as such. Dr. A. A. R. Dept. 13-26, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposed needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. Write him today.—Adv.

Cleveland Man To Visit Dream Island

Cleveland, Jan. 10.—(AP)—A "Dream Island" sunk in the Pacific ocean off the California coast is the destination of a cruise headed by B. M. Bramley, paving contractor, who has bought the steam yacht Peary from Donald B. McMillan, explorer, for the expedition.

The island lies under twenty feet of water. Bramley says it was first revealed to him in a dream while he was in Cleveland. So vivid was his dream and so inviting was the prospect of exploration and discovery in seas sailed for centuries by ships of every nation that Bramley set out in search of his island while in California.

A ship was chartered and he made soundings for days without success. He gave up the idea and was about to return when persistent promptings to find his "Dream Island" caused him to charter an airplane. He found it, plainly visible from the cockpit, he said, in fifteen or twenty feet of water.

Now he means to build a break-water about the place. Pump sand from the bottom of the sea to make new land, and erect thereon a fishing and out paradise.

"It may be fantastic," Bramley said, but investigation of stone prices for the wall about his island demonstrate his earnestness to go through with the plan anyhow.

URGES EARLY VOTE ON PACT

Senator Moses Wants Settlement Of Difference Of Opinion On Kellogg Treaty

Washington, Jan. 10.—(AP)—An understanding for an early vote on the Kellogg anti-war treaty was asked in the Senate today by Senator Moses, Republican, New Hampshire, who has led the fight for an interpretative resolution to accompany ratification of the pact.

The move for settlement of the difference of opinion among Senators, heretofore handled in an off-the-floor conference, was broached openly in the Senate when debate on the pact began today. Chairman Borah, of the Foreign Relations Committee, who is sponsoring the treaty, replied that he would be glad to consider the suggestion of Moses for an agreement.

Thus far Borah has steadfastly rejected all proposals for a compromise on an interpretation of the pact and Tuesday night broke off all negotiations to that end.

Pending a renewal of the negotiations proposed by Senator Moses the Senate went ahead with debate, Senator Barkley of Kentucky, taking the floor. At the outset Borah assured Senator Reed, Republican, Pennsylvania, that he did not consider that the treaty would preclude "any nation from seeking any readjustment of its boundaries so long as it is undertaken by peaceful methods."

In an effort to speed up debate the Senate had met an hour earlier today and an immediate vote appeared imminent on Senator Moses' suggestion, but it was deferred when Senator Barkley asked to deliver the speech he had prepared. He endorsed the treaty but expressed disappointment that Secretary Kellogg had not said "just a line more" in explanation of the position the United States takes in adhering to the pact.

Resolutions of Respect.

Whereas **Mr. J. N. Gorman**, one of the charter members of this Bank and a loyal and unselfish friend to its interests, by his friendly, generous and loving disposition, led those associated with this Bank to highly esteem him and love him;

Whereas, by most deplored misfortune, he has, by an untimely death, passed from us into the great and enduring life which lasts forever. His passing from us deprives us of his wise counsel, friendly confidence and unselfish life, a loving and faithful friend.

Wherefore, The officers and stockholders of the Farmers Bank of Greenville, his admiring friends and associates, in meeting assembled, do feel, sorrowfully, the great loss in the death of **Mr. J. N. Gorman** and do thus express it.

Now, Be It Resolved; That the foregoing, as a resolution of this body, be spread upon the minutes of this meeting, a copy thereof forwarded to his widow, and be communicated to his relatives and friends by publication.

AUXILIARY MEETS WITH MRS. PACE

The **American Legion Auxiliary** held its regular meeting on Wednesday afternoon, at the home of **Mrs. K. B. Pace**, with 24 members present. After prayer by the chaplain, reports were heard from various committees. Especially interesting were letters from the boys at Oteen thanking the Auxiliary for their Christmas presents. We were very grateful to the **Round Table Club**, **Mrs. M. S. James**, **Miss Maria Graham** and **Mr. David Whitchard** for helping so generously with our Christmas box.

The president read a letter from headquarters stating that Greenville went "over the top" in the membership drive and our Auxiliary is starting the new year with 100 per cent paid up members.

The secretary, **Mrs. Bryan**, resigned, and **Mrs. Crisp** was elected to that office.

The meeting adjourned to meet with **Mrs. Bendall** in February. Tempting refreshments were served.

ANNUAL PAGEANT TO BE GIVEN BY PRESBYTERIANS

On Sunday evening, the 13th, the annual pageant prepared by the Committee of Christian Education of the Southern Presbyterian church will be given. The title of the pageant is "Prisoners of Hope." The theme of the pageant is that of hope, and running through the whole evening will be the beautiful music: "Whispering Hope."

The story begins with the children of Israel in captivity, hoping for the coming of a Deliverer, with the prophets encouraging them by messages of hope, until the Desire of all Nations, the Saviour comes. The close comes with the consecration of life to the Saviour. Music will be the chief feature, with the costumes of characters, and lighting effects. The public is invited to witness this service.

TRAINING SCHOOL P. T. A. HOLDS MEETING

The regular monthly meeting of the Parent-Teacher Association of the Training School was held yesterday afternoon in the Y. W. C. A. hut at the college. The business session was dispensed with and the entire time was spent in a most enjoyable social meeting. As the members arrived they were received by **Mrs. E. P. Arnold**, president, after which they were served sandwiches and tea.

An interesting program featured the session. **Miss Mary Moore**, instructor in physical education of the high school, gave several enjoyable dances. Two students of the college presented the **Raggedy-Ann** and **Andy** dance, which proved especially entertaining. **Miss Gorrell**, member of the college faculty, rendered several beautiful violin numbers accompanied by **Miss Spivey**. The session closed with a guessing contest in which **Mrs. L. W. Gaylord** was awarded the prize.

WINTERVILLE P. T. A. MET TUESDAY EVENING

On Tuesday evening the Parent-Teacher Association of Winterville high school held one of the most enthusiastic meetings in its history. An unusually large number was present showing that the school has the hearty support of the community.

Mrs. R. E. Davenport called the meeting to order and **Mrs. Roy T. Cox** invoked Divine blessing. The minutes of the December meeting were read and approved. **Mrs. J. L. Rollins** submitted a very gratifying report of the treasury.

The president then called for the report of the various committees; these responses showed hard work since it brought results.

The following members were asked to serve on the visiting committee: **Mrs. John R. Carroll**, **Mrs. Roy T. Cox** and **Mrs. Eugene Cannon**. The program committee then took charge presenting the following:

A piano solo, by **Miss Biser**, a new piano teacher at Teachers College, a vocal solo, by **Miss Bessie Brown** of Greenville; a talk and demonstration on "Music Appreciation in Rural Schools," by **Miss Lucy Cherry Crisp** of Falkland; and a "Community Sing," led by **Miss Eugenia Thomas**, public school music teacher at the college. These numbers were well rendered and received hearty applause from the association.

Mrs. Davenport then made a surprise announcement, saying that a public school music department has been made certain for the Winterville school, this being done through the untiring efforts and with the help of the association. This course will be given the remainder of the school year, with **Miss Beth Carroll** as teacher.

Mrs. O. H. Jackson then announced the result of attendance for the evening, the following receiving awards: **High School**, **Miss Stevens**; **Grammar Grades**, **Miss Ekum**; **Primary**, **Miss Evans**.

After this refreshments were served and a social hour enjoyed.

Speech And Hearing Of Youth Restored By Ride In Airplane

Charlotte, Jan. 10.—(AP)—Restoration of his speech and hearing by an airplane ride was claimed today by **Francis Roberts**, young Charlotte resident, who took his second trip in the air yesterday.

The young man, who works in a restaurant here, had not been heard to speak by his fellow workers during the several months he has been working in Charlotte until after his trip yesterday, when he went aloft with **Pilot Johnny Crowell**.

Roberts claims to have been injured in Detroit two years ago, when he lost the power of speech and hearing. Doctors here today, who had examined the young man previously and accepted his story as true, said they were inclined to believe he had only been suffering from a form of "hysteria."

FARM CENSUS DISCUSSED BY COUNTY BOARD

Frank Parker, of State Department, Outlines Benefit Derived From Statistics.

The County Commissioners at a called meeting yesterday afternoon held a round table discussion of the farm census, which is secured from farm owners through the tax-listers each year.

Frank Parker, representing the State Department of Agriculture, and **E. F. Arnold**, county farm agent, were present and attempted to clarify matters pertaining to this farm inventory project.

It appeared that the agricultural information is not taxable or speculative, but is held positively confidential at all times as related to individual farms.

Mr. Arnold related several uses that he has been making of the Pitt county farm census results. It was further brought out that this is the very foundation of the crop and annual statistical reports issued each year by the State Department of Agriculture.

As it is basically educational in nature it has been slow in being appreciated by the public and especially by farmers themselves.

Just as with other industries, agriculture must be studied by the individual farmer before farm relief may be gained. As an annual inventory the farm census enables them to learn "where they are," as **Mr. Davenport**, chairman of the Board of Commissioners, stated. He said it is unfortunate that more farmers are not utilizing this type of information.

North Carolina rightly boasts of the best agricultural statistical information of any of the southern states, and the farm census aids materially in making this boast more evident to the public.

Capture Still In Beaver Dam

A small steam distilling outfit was captured by county officers in the Beaver Dam community yesterday afternoon, it was stated at the office of Sheriff **Sam Whitehurst** this morning.

The still was not in operation and only a small amount of beer was captured. This was the second capture of the kind made this year, but it was stated that more were in the offing.

STRICT ECONOMY NECESSARY

The question now puzzling the legislature is how to raise more tax revenues, but no doubt the question in the mind of the average citizen is whether or not the taxpayers are at present getting value received for what they are paying.

The minimum overhead in every department of state, county and city administration with the highest possible value received for each dollar of tax money is the first necessary step toward better conditions for the taxpayer.

When this has been achieved and the present existing tax inequalities have been removed then it will be time to give study to the needs of those things that will call for greater revenues from taxation.

Strictest economy is the first essential if we are to continue to move forward without bankrupting our people.

JUSTICE BUTLER SETS AN EXAMPLE

Argument in the railway valuation case has ended and the Supreme Court has taken under advisement this litigation which has been called "the greatest lawsuit in history" because of the enormous sums of money involved.

Justice Butler's decision not to participate in the case is presumably due to the fact that he was professionally interested in the subject matter as a corporation coun-

sel prior to his appointment to the Supreme Court. He was not a lawyer for the St. Louis and O'Fallon road but he did serve the Railway Presidents' Conference Committee in the brief which that organization filed with the Interstate Commerce Commission on the question of valuation.

It is a decision which does credit to his sense of honor, and we hope that the standard which it sets for members of the legal profession is called to the attention of Mr. Roy O. West. For Mr. West, who has long served the Insull public-utilities interests as counsel, has permitted the President to give him an interim appointment as Secretary of the Interior and in this post, as a member ex officio of the Federal Power Commission, he becomes a judge of matters vitally affecting public-utility interests.

Following the precedent set by Justice Butler, Mr. West would ask the President to accept his resignation. In default of such action we believe it is the duty of the Senate to reject his nomination.—N. Y. World.

ABOUT TOWN

"The saddest story ever told might have been," reminded a supporter of the Greenville High School basketball team, commenting on the defeat in the hands of Hugh Morson High School of Raleigh Tuesday night.

"We wanted that game so bad it actually hurt, and had it not been for certain strengthening of the lineup we would have made it two straight over Raleigh this season."

"But it all seemed too good to be true at the outset. We made an even break. That was better than we did last year—so why worry—next season is coming and revenue will be just as sweet then."

"Greenville is certainly growing!" exclaimed a business man yesterday, commenting on the numbers of houses under construction from time to time in this city.

"Why, almost every day you can see construction work started on a new house in various parts of the city. The erection of new residences last year was probably more extensive than any time in five years. Some of the new residential developments are growing by leaps and bounds, each week witnessing the completion of a new home."

"With this kind of activity in progress two or three more years and Greenville undoubtedly will not only lead in a business way but also in size."

"Some trick, I'll say," commented a visitor to the Reflector office today, watching the operation of the electric typewriters in front of the business offices.

"Brings news from all over the world, doesn't it?" He queried. We informed him that it did. "How long do they run?" We explained that one of the machines operated nine hours a day and that the other was used for special service or emergency purposes.

"Improvement of the Greenville-Farmville highway will be received with much pleasure by the public generally," declared a well known Farmville citizen today.

Avoid colds or "flu" by doing two easy things

Keep your system in good condition—protect your nose and throat

THERE is no use worrying all winter for fear you will catch cold or get "flu". Do the following two things and forget it: First, keep your system in good condition, and second, keep your nose and throat well protected. The chances are you will avoid contagion.

As a first precaution, many doctors are prescribing Nujol. It is not a laxative or cathartic but a pure, natural substance that helps your system function at all times the way nature intended it to. Like pure water, it is harmless. Physicians agree that, particularly in times of epidemic, purging by laxatives and cathartics is not advisable.

Many doctors are now prescribing Nujol, as in no case does it cause exhaustion or weakening of the system in any way. Take it every night; it will keep you in first class condition. You will have a far better chance to resist colds or "flu" or any diseases that are going the rounds.

As a second safety measure, use Mistol, as it protects the nose and throat against the germs of influenza. Use it every morning, the first thing, before you go out. Again, when you come home at night, "Don't be afraid to use it freely; it will do no harm."

Just tilt your head back and apply Mistol with the special dropper which comes with every package, until you feel it trickling down your throat. It will clear your head wonderfully, relieve any inflammation; it will help dry up a running nose. It has a soothing effect on the throat too. Gargle it for a sore throat or a little irritating cough.

The combination treatment of Nujol and Mistol is a double safeguard against colds and influenza. Start this wise twofold precaution now. Put worry out of your mind. Nujol and Mistol are on sale at all druggists.

BLOATED FEELING

And Other Troubles Went Away After This South Carolinian Had Taken Black-Draught.

Tva, S. C.—"I have used Black-Draught, at intervals, for about five years," says Mr. J. F. Gilliland, of this place. "I take it for indigestion. After eating, I would have a tight, bloated feeling, and pains in my chest and stomach. I would spit up my food, and some times I ate would not agree with me at all. I would be hungry, but afraid to eat on account of the indigestion. I would be constipated, too."

"Some one told me that I should try Black-Draught, which I did, with good results. I take just a small dose after meals, and I feel like a different person. I do not have any more trouble of that kind. I can now eat almost anything I want to, at any time, and it does not hurt me."

"Black-Draught is a splendid medicine. I can recommend it to others. Thousands of people have found relief, in cases of common indigestion, by taking a pinch of Black-Draught after meals, and continuing this treatment for several days. Take Theodor's Black-Draught. It is purely vegetable and acts in a helpful way, without the bad effects of mineral drugs."

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Jan. 10.—(AP)—The cotton market opened steady at a decline of 2 to 7 points and sold about 8 to 10 points net lower during the early trading under some liquidation and local selling. The latter was promoted by the standard cloth statistics for December, showing an increase of 8 or 1 per cent in stocks for the month and a decrease of 9.8 per cent in unfilled orders. March eased off to 1944 and July to 1930, but there was some trade buying and the market was steadied at the end of the first half hour with prices showing rallies of 3 or 4 points from the lowest.

Private cables said an advance on trade calling and covering had been checked by London, and Bombay selling in Liverpool, but that sales of cotton cloths to China and Egypt were larger.

GRAIN MARKET

Chicago, Jan. 10.—(AP)—Corn became the grain market leader today, and with aggressive commission house buying advanced all around to new high price records for the season. Drought prevailing over the greater part of Argentina and threatening damage to the corn crop, there was made much of as a bullish factor after early declines and continued attention was also given to prospects of farm legislation at Washington. At today's top prices, May delivery of corn showed more than 5 cents a bushel advance since Tuesday. Corn closed unsettled 1-2 to 1-7-8 net higher; wheat 1-2 to 2 up; oats 1-2 to 5-8 advance and provisions showing 1 to 2 gain.

STOCK MARKET

By STANLEY W. PRENOSH, Associated Press Financial Editor

New York, Jan. 10.—(AP)—Easier credit conditions and favorable trade news, including an unexpectedly large increase of 363,712 tons in the unfilled orders of the United States Steel Corporation last month, provided the ground work for another brisk advance in price in today's stock market. Renewal of selling pressure against some leading industrial caused a temporary sinking spell around midday, but fresh buying support was quickly supplied, and a long list of issues advanced 3 to 10 1/2 points above yesterday's final quotations.

Maintenance of the Bank of England's discount rate at 4 1/2 per cent allayed fears of any immediate increase in the New York Federal Reserve Bank rediscount charge, as Wall Street has been led to believe that a higher London rate would precede any advance here. Call money renewed at 6 per cent for the first time since mid-November, and the financial district looked for a large reduction in brokers' loans after the close of the market.

Allied chemical came back into the speculative spotlight by soaring 10 1/2 points to a new high record at \$50. American Machine & Foundry, National Bellas Hess and Radio (old stock), all sold 9 points higher and Wright Aeronautical, Matheson Alkali, Ingersoll Rand, P. G. Shattuck, Johns Manville and Stromberg Carburator sold 5 to 7 points higher, the last named touching a new top.

The closing was firm. Sales approximated 4,000,000.

HELD MEMORIAL SERVICE FOR DR. D. B. JOHNSON

Rock Hill, S. C., Jan. 10.—(AP)—Memorial services for Dr. David Bancroft Johnson, founder of Winthrop College, were held in the college auditorium today on the 75th anniversary of his birth.

Plans for a birthday celebration were made some weeks ago before his recent death and were altered to form the memorial service. Classes at the college were suspended throughout the day.

Dr. Patterson Wardlaw, dean of the school of education at the University of South Carolina, delivered the memorial address. A response was made by Miss Bessie Harper, president of the Winthrop Alumnae Association, and by Miss Martha McInnis, president of the student body; Miss Minnie McFeat, of the Winthrop faculty; Professor J. W. Thompson, of the faculty; W. J. Roddey, member of the board of trustees, and Dr. James P. Kinard, who is serving as president of the college.

CONSTANCE COOLIDGE SUES FOR DIVORCE

Boston, Jan. 10.—(AP)—The former Constance Coolidge who has filed suit in Paris against Count de Jumilhac is the daughter of David Coolidge, landscape artist, formerly of this city but now of Santa Barbara, Calif.

Her marriage to De Jumilhac was her second. When she was 17 years old she accompanied her father to Germany where, while he was engaged in painting she went to Paris and secretly married Fay Atherton, then attached to the American embassy.

King George Still Gaining In Strength

London, Jan. 10.—(AP)—There was gratification both at Buckingham Palace and generally today that King George's physicians had been able to report a slight gain in his strength.

As persistence of extreme weakness continued to be the main hindrance to his recovery, this gain was welcomed everywhere with comments of satisfaction. It was felt that if the gain were maintained, it would remove the chief concern of his physicians and stimulated the rate of progress which has been distressingly slow.

Emphasis was laid upon the fact that the improvement noted extended to the king's strength which is an item of chief importance at the present state of the illness.

FLORENCE Oil Ranges

This oil range has focused heat!

COOK IN COMFORT—Why not spend fewer and happier hours in the kitchen by cooking on a Florence Oil Range?

No wicks and short burners make possible the famous Florence Focused Heat. Intense heat centered right on the bottom of the cooking vessel.

No odor, no smoke, perfect safety economy.

Come in and let us demonstrate the range here. You don't have to take anything for granted. Florence Oil Ranges are ready for action at all times, right on the floor.

We know stoves, and unhesitatingly state that the Wickless Florence has the most scientific method of focusing all the heat on the cooking.

Just think, the top of the burners are only 2 1-2 inches from the cooking.

THAT MEANS SPEED and ECONOMY We have these Ranges in Gray and Black enamel. Built-in Ovens. The Gray enamel Built-in Ovens, 4 Burner, as low as \$67.50

The Black enamel Built-in Ovens, 4 Burner, as low as \$55.00

We are headquarters for this most beautiful and modern oil stove.

LET US SHOW YOU!
