ROMAN ISSUE NEARS FINAL SETTLEMENT

Formal Announcement To Be Made Either By Mussolini Or Pope Pius.

Rome, Jan. 15.—(AP)—Formal announcement of the settlement of the Roman question appeared today to turn on a question of procedure—whether it should first be made public by Pope Pius XI or by Premier Mussolini.

Some persons thought it would be better in order to save appearances to allow the Pope to announce it in his first encyclical of 1929 or in the allocation to be pronounced before the spring consistory. In some circles it was believed that the premier would take occasion to announce completion of a provisional accord at the council of ministers on Thursday morning.

The conclusion of the agreement on fundamental principles, although not yet formally ratified, was considered in Roman ecclesiastical and political circles to be the most remarkable move toward conciliation since the troops of Victor Emmanuel II forced a breach in the Roman walls at Porta Pia on September 20, 1870, and Pope Pius XI retired to the Vatican.

As for the question of the Pope's leaving his voluntary imprisonment at the Vatican, the present settlement seemed to remove any obstacles to his traveling wherever he chooses as any other reigning European monarch might do.

The pontiff may go to the summer residence at Castel Gandolfo, where the American college has its quarters. This property belongs to the pontiff under the old law of guarantees and in going there the Pope would avoid the scolding heat of the winter. It is believed that he would not be inclined to believe that he would seize upon the present provisional settlement as an excuse for intensive traveling.

The Pope appeared to have had his wishes gratified in that he would not have any "subjects" and would not have to bother with regulating status of the dwellers in his small temporal dominion.

Italy would cede to the Holy See a small extension of territory lying southeast of the Vatican gardens, including the villas of Baneleok and Doria-Pamphili, with extra territorial rights. The new papal state would have a position somewhat like that of the republic of San Marino. That small territory, although surrounded by Italy, is nevertheless perfectly free and independent and enjoys all the privileges and attributes of sovereignty established by international law.

In the new territory there would be room for housing the cardinals and those embassies accredited to the Holy See which might want to erect buildings in the new domain.

There would also be an payment of an indemnity of one billion lire (\$193,000,000). This would be compensation for church properties taken by the Italian government in 1870.

The negotiators of the agreement were Monsignor Borgognini, Duce, secretary of extraordinary affairs at the Vatican, and Monsignor Pacelli, brother of the papal nuncio at Berlin, on one side, and Professor Cianciulli and Domenico Barone, the latter until his death recently, on the other.

Miss Maggie Stoton Dies At Fayetteville

Miss Maggie Adora Stoton, aged 67, passed away at Fayetteville, N. C., January 13, after a lingering illness. The body was brought to Bethel, and funeral services were conducted at the grave by Rev. James E. Roberts of the Primitive Baptist Church, of which the deceased had been a faithful member practically all of her life.

Miss Stoton was the daughter of the late Arthur and Emily Stoton of Edgecombe county, and she is now survived by one brother, Robert Stoton of Bethel; two sisters, Mrs. Ashley Whitehead of Greenville, and Mrs. Allie House of Scotland Neck.

Royal Invalids Improved Today

London, Jan. 15.—(AP)—The three royal invalids at Buckingham Palace were making progress at noon today. It was stated authoritatively that King George's very slow progress was continuing.

Queen Mary's cold was much better and she had practically recovered from her indisposition.

Prince George's cold was also much better.

Renounces His Title

The young Viscount Ennismore, 22-year-old son and heir of Earl Listowel, will be known in future as Mr. William Francis Mare. He has renounced his riches and titles and proposes to devote life to poor.

EXPECT BOOTH WILL REFUSE TO QUIT ARMY

Council Ready To Remove Aged Leader Whether He Wants To Retire Or Not.

London, Jan. 15.—(AP)—It was stated in well-informed circles this afternoon that General Bramwell Booth's reply to the high council of the Salvation Army was a refusal to retire.

Summary on Thames, Eng., Jan. 15.—(AP)—General Bramwell Booth's reply to the high council of the Salvation Army, which has asked him to retire because of the condition of his health was handed to that body today by Mrs. Bramwell Booth. The nature of the answer was not revealed.

The council, which had assembled this morning to learn of the general's attitude, then adjourned until this afternoon and it was stated that it was not likely an official communique would be issued before late this evening.

General Booth today appeared to face removal as head of the Salvation Army whether he refused to retire or not.

With the high council assembling to act on his reply to its request that he relinquish command, the general believed that his answer would be tantamount to a refusal, however, it might be worded. In that event it would be worded. In that event it would be worded. In that event it would be worded.

Spokesmen for the reform element in the Army, which is led by Commander Evangeline Booth, of the United States, said that if the case came to a ballot it would be overwhelmingly in favor of a new head for the Army and reform in its basic organization.

It was stated in some quarters that the recent Laura Spelman Rockefeller memorial gift to the Army in America was conditional on terminating the present method of control and the adoption of reforms desired by American Calvinists.

Six Stills Captured In Pitt County Yesterday

The illicit whiskey traffic was hit a staggering blow in Pitt County yesterday when six stills fell into the hands of county officers in a series of raids in Bethel and Greenville townships, according to information issued this morning from the office of Sheriff Sam Whitehurst.

Only two of the stills were in operation. The operators were warned by outposts in time to make their escape. Five gallons of whiskey and nearly seven thousand gallons of mash were found at the stills.

Five of the stills were captured in a raid in the Lewis section of Bethel township. Four were of the steam plant variety, the others being constructed of copper and of the usual type used by the small distillers of the community.

Two plants were in operation, and while the officers felt confident of capturing them in time to make their escape. It was here that the five gallons of whiskey was located together with six thousand gallons of mash.

The still in Greenville township was operated by steam, but was not in use when the officers arrived. Six hundred gallons of mash was found in proximity to the manufacturing site and caused officers to believe a

MARSHAL FOCH WAGING GRIM FIGHT FOR LIFE

French General Reported Somewhat Improved From Paris Home Today.

Paris, Jan. 15.—(AP)—Marshal Ferdinand Foch was somewhat better today after a fairly restful night, but his condition still justifies anxiety.

Only two of the six physicians who visited the generalissimo of the Allies yesterday returned to his bedside this morning. They left a few minutes after issuing a bulletin to the effect that there had been a slight amelioration in their patient's condition.

All of cosmopolitan Paris seemed to be represented in the scores of men and women who called at the janitor's lodge just inside the great wooden gate at the entrance to inquire about the condition of the great Frenchman.

Paris, Jan. 15.—(AP)—Marshal Ferdinand Foch today continued his courageous fight for life with his condition apparently a little easier. During the night there was no change in the 77-year-old soldier's condition and this morning it was stated that he was no worse and if anything a little better.

While medical opinion now did not regard the case as hopeless, it was acknowledged that it was one of gravity. Judgment as to the outcome was reserved because of the age of the marshal, whose sturdy frame has been worn by the manifold activities into which he has thrown himself since the conclusion of the world war.

Marshal Foch bore the suffering which followed a heart attack with great cheerfulness and courage. He had the will to live, being not at all discouraged. He did not want to have the doctors called, but he submitted to their ministrations with the best possible grace and even exchanged witticisms with them.

There were intermittent sinking spells yesterday when in illness appeared about to conquer the aged warrior. Six doctors attended him and at one stage his two daughters were called to his bedside with their mother and it was feared that the end was near.

The doctors said that the marshal's great spirit alone had carried him past the crisis. They were none too optimistic and explained that he was enjoying what probably would be only a temporary truce. The possibility of another attack was regarded with the gravest forebodings.

When it was generally learned how ill Foch was it appeared that the whole world's attention was focused on the sick room of the marshal in his mansion in the aristocratic Faubourg street germain, La Petit Parisien said today there were several telephone calls from New York asking about the latest news. His headquarters were deluged with telegrams and cables from all parts of the world expressing sympathy.

Noted Painter Dead.

Edmont, Mass., Jan. 15.—(AP)—James Oliver Walker, known for his paintings in the congressional library at Washington, the Minnesota state capitol and other public buildings, died at his home here yesterday. He was 88 years old.

FLORIDA'S NEW GOVERNOR IN ACTION

Doyle Carlton, new governor of Florida, photographed while making his inaugural address. John Martin, retiring governor, is at the left.

Committee Appointments Features Short Session of General Assembly Today

Raleigh, N. C., Jan. 15.—(AP)—The legislative hopper by Representative Biggerstaff, Democrat of Rutherford. The first would authorize the commissions of Rutherford county to issue emergency bonds. Two more were to empower the tax collector of Spindale and Rutherford, respectively, to collect back taxes. The fourth provided for the incorporation of the town of Lake Lure.

The budget maintenance and permanent improvement bills were formally placed before the House by Representative Wilson, Democrat, of Pasquotank, chairman of the appropriations committee.

Other measure introduced were: By Representative Spence, Democrat, of Moore, to restrict the issuance of warrants by city commissioners.

By Representative Jackson, Democrat, of Lee, to prevent securing of hospital services free. To limit requests for services in Lee county.

By Representative Margett, Democrat, of Onslow, to prevent removal of tobacco by tenants to defraud landlords. To publish county expenditures in Onslow county.

A resolution urging Congress to respect the Congressional seats that was passed by the Michigan general assembly and received by the House today was referred to the committee on congressional districts for action.

The committee of internal improvements held a short meeting after the session today and voted to report favorably the bill introduced by Representative Hill, Democrat of New Hanover, to expedite provision of a right of way for the inland waterway from Beaufort to the Cape Fear river.

Market Today was Less Than 700,000 Short of 70,000,000 Goal Set For Season.

The Greenville tobacco market today was less than seven hundred thousand pounds short of the goal of seventy million pounds set for the season, according to information contained in the daily report of K. W. Cobb, supervisor of sales.

The market sold yesterday 171,342 pounds of tobacco for a total sum of \$32,799.59. The general average for the day's sales was given at \$19.20 per hundred pounds.

The price situation was declared unusually high for this season of the year and the type of tobacco offered for sale. Most of the offerings consisted of scraps. This quality of tobacco has featured sales the past several days. While prices have been good, the general price average has been greatly reduced.

Tobaccoists today continued to urge the growers to market the rest of their crop as hurriedly as possible in order that all offerings may be disposed of by the end of the month when the market is scheduled to close for the season. Tobacco should be kept dry and in best condition possible. This should aid materially in keeping the price situation as favorable as it is at the present time and was stated.

With the month just half over, tobaccoists expressed confidence that the goal of seventy million pounds would be realized by the end of the month. Some believed the figure would go beyond the seventy million mark, while others were of the opinion that if the mark was exceeded it would be only by a very narrow margin.

ORDER SECOND AUTOPSY OVER RUTH'S WIFE

Chemical Analysis To Be Made Of Dead Woman's Stomach at Watertown Today

Watertown, Mass., Jan. 15.—(AP)—An autopsy was necessary today before the body of Mrs. George Herman Ruth, estranged wife of Babe Ruth, could be taken to its last resting place.

Mrs. Ruth died last Friday night in a fire at the home of Dr. Edward H. Kinder, dentist. She had been known to neighbors as Mrs. Helen Kinder and authorities started an investigation into the circumstances of her death when it was learned that she was Mrs. Ruth. That was shortly before the hour which had been set for the funeral.

District Attorney Robert T. Bushnell ordered a second autopsy to be performed today on Mrs. Ruth's body, although he said that he was convinced that Mrs. Ruth died from suffocation and incineration, as Medical Examiner George L. West, of Middlesex county, had reported after a first autopsy. District Attorney Bushnell said Dr. George A. McGrath, medical examiner of Suffolk county, would make the autopsy today because he had equipment better adapted to a chemical analysis of the stomach than had Dr. West. Dr. Kinder, who had been in hiding since early Saturday, reported to the Watertown police of his own accord yesterday and submitted to four hours questioning. Chief of Police John F. Milmore announced that Dr. Kinder had satisfactorily explained his connections with Mrs. Ruth and with the circumstances of her death. The case was closed so far as the Watertown police were concerned.

Dr. Kinder told Chief Milmore that he had lived with Mrs. Ruth at intervals since 1927; that he had never married her; that Ruth knew where his wife was.

Ruth's only comment on the case was: "Please let my wife alone. Let her stay dead. I'm in a terrible fix."

American Doctor Injured by Bandits

Managua, Nicaragua, Jan. 15.—(AP)—A sudden flaring of bandit activity in the northern jungles has resulted in the wounding of an American medical officer and the killing of two guardsmen.

Lieutenant William H. Smith, medical officer, and three members of the guardia nacional (the American officered national guard) were wounded. It was believed that several of the outlaws had been killed.

The clash occurred in the vicinity of San Juan de Telapueca in the province of Nueva Segovia near the Honduran border. The outlaws were armed with a machine gun and bombs.

Lindy Preserves Names

New York—Lindbergh has declined to give permission for the use of his name in a New York production of a French play dealing with his arrival in Paris.

Financial Program Before State Legislature Today

Raleigh, N. C., Jan. 15.—(AP)—With the budget commission's financial program before both houses, the General Assembly today neared the stage of tackling the major problems of the session.

Prepared by the budget commission of the McLean administration, the proposed financial program recommended appropriations of \$17,445,552 for the first year of the coming biennium, as compared with expenditures of \$14,761,040 for 1927-28, and requests of \$19,441,728 by the various state departments.

The largest single increase approved was in the equalization fund for the six months' school term, which was placed at \$5,000,000 for each year of the coming biennium.

A drastic reduction was made in the requests for permanent improvements which totalled slightly more than \$11,000,000. The commission recommended an appropriation of \$2,000,000 for this purpose.

Increased taxes in a number of classifications were carried in the budget revenue bill, which was transmitted by Governor Garner along with the budget report and the suggested appropriation bills. Changes were proposed in the inheritance tax law and the scale of fees for beverage bottling companies, contractors and outdoor advertising concerns.

With the appointment of 37 committees announced by Speaker A. H. Graham, the House was ready for the transaction of business, although more than a dozen committees remained to be named.

Typical Co-ed

Kelly Robertson of Clarkdale, Miss., freshman at Mississippi State University, was selected as the most typical "Ole Miss" co-ed in a popularity contest.

SUBMIT BIDS ON BUILDING FOR NEW FIRM

Many Contractors Here Today Bidding On Montgomery-Ward Building.

Several contractors and builders from various parts of the state were in the city this afternoon submitting bids in connection with the construction of the Montgomery-Ward building on Fifth street.

It was understood that contract probably would be awarded late in the afternoon.

The building is to be erected by W. E. Hooker, prominent business man of Greenville. It will be located on the site formerly occupied by the Greenville Wholesale Company. The structure will cost in the neighborhood of \$50,000, it was stated and will be three stories high.

Although official announcement of the establishment of a branch store of the Montgomery-Ward Co. has not yet been made, it has been known for some time that the firm was contemplating locating here. It is one of the largest chain store concerns in the country, and has several stores in the larger cities of the state.

Fined For Leaving Wreck

Ocean City, N. J.—State troopers found in six feet of water an automobile that had gone through a bridge railing. They rowed and rowed two hours seeking a body. Then it developed that Walter Babcock had jumped safely and gone right home. He was arrested and fined \$25 for leaving the scene of an accident.

HOOVER MAY STAY LONGER AT CAPITAL

Conference With Republican Leaders May Require Rest Of Week.

By JAMES L. WEST, Associated Press Staff Writer Washington, Jan. 15.—(AP)—President-elect Hoover may find it necessary to linger on in the national capital for the greater part, if not all, of the remainder of this week in order to conclude his conferences with Republican leaders.

In his desire to see as many advisers as possible before departing for Florida, the next chief executive is motivated by a number of reasons. Chief among them probably are the removal of the necessity for the leaders to make the long trip to Miami Beach to see him and the obtaining of an uninterrupted stretch of time in which to prepare his inaugural address.

While the program for the enrollment of farm relief and tariff revision legislation at an early session of the new Congress has been agreed upon, Mr. Hoover still wants to see a number of senators and representatives on this and other subjects. He also has arranged conferences with national committeemen, only a few of whom he has seen since his return here a week ago yesterday.

Cabinet and other major appointments will form one subject matter at these meetings, but the president-elect seems to have made it fairly clear to his callers who have broached the question that he will not go into the problem of general pardons until after his return here the latter part of February.

Some of those who accompanied Mr. Hoover during his campaign and on his Latin-American tour would be surprised if he made known definitely any selections for his official family much in advance of the day of his inauguration. Certainly such an announcement would run contrary to what so far has been both a general and a rather definite policy.

Recognition of the south in the make-up of the cabinet is expected, in view of the fact that three states in the old Confederacy went over to the Republican ticket on November 6th, for the first time since reconstruction days. Just who Mr. Hoover has in mind is unknown, but the name of C. Bascom Sloop, of Virginia, national committeeman, former member of Congress and former secretary to President Coolidge, has been put forward from several directions.

Counting only the suggestions that have been made to him, the president-elect has a fair-sized army from which to pick his ten official advisers and heads of governmental departments. But it isn't likely that he will restrict the field to those who come recommended by the politicians and others. In the past he has done much of his choosing of advisers on his own initiative and from among his own friends and there is no present reason to assume that he will change what has come to be a policy.

Mr. Hoover had on today's program visits from two prominent Democrats, Finis J. Garrett, of Tennessee, the retiring minority leader in the House, and Representative John Garner, of Texas, who explained that the leadership of the authority merely desired to pay respects to the president-elect.

Others on the engagement list included Senator Watson, of Indiana, who will be the Republican Senate leader at the next session, and Republican National Committeeman George Virts, of Wisconsin; J. Matt Chilton, of Kentucky, and I. B. Clements, of Missouri.

Berman Testifies In Case Against District Attorney

Los Angeles, Jan. 15.—(AP)—Jacob Berman's testimony that he paid \$40,000 to keep out of San Quentin prison upon being brought to trial here on a fraud charge involving millions of dollars, and that the go-between to whom he gave the money told him "Asa Keyes got it all," stood unshaken today after Keyes, against whom he was testifying, had submitted him to a lengthy cross-examination.

Keyes, former district attorney of Los Angeles, is accused along with five others of conspiracy and bribery in handling criminal cases growing out of the crash of the Julian Petroleum Corporation here two years ago. Berman was indicted as one of the bribe givers but the indictment was dismissed when he turned state's evidence. In the fraud trial Berman was acquitted.

The high light of the trial thus far was reached yesterday when Berman, who was said to have taken \$3,000,000 out of Los Angeles in \$100 bills as the result of the collapse of the Julian company, painted a picture of thieves falling out as the reason why he turned state's evidence.

Do you know you can get a shampoo and shave for \$1.25? at **THE VANITIE BOXE**, Call 31.

WANT BIG ATTRACTIONS AT TEACHERS COLLEGE, Four star attractions will make up the program of entertainments offered by East Carolina Teachers College, one month for each of the first four months of the year, with the first attraction on the evening of January 30.

The Denishaw Dancers, with Ruth St. Denis and Ted Shawn and eight other dancers, will open the series. The February attraction will be the great heritage, John Charles Thomas. In March the popular young Australian violinist, Godfrey Ludlow, Richard Halliburton, the great adventurer will tell of his marvelous adventures on "The Royal Road to Romance" and those who have heard him say those holding to him get shivers from his personality as well as from his story.

The delay in announcing plans has been inevitable, because of necessary changes. Last summer the Boston Russian Ballet was engaged and was scheduled for the first attraction in the middle of this month, but the star dancer, Xenia Markostova, and several members have had influenza, the star is still ill, so they have had to cancel the entire southern tour. As soon as news of the cancellation arrived, the committee began writing to secure something of similar nature but even greater to take the place. The first thought was the Denishaw Dancers, but felt it would be a futile gesture to even attempt to get them, but risked a wire. The result is that the contract is signed. This great company of dancers is making a special trip south just for this engagement, as they had no southern tour planned.

The Woman's Club will sell season tickets again for this series, as they did for the fall series.

What Congress Is Doing Today

(By the Associated Press) Tuesday, House continues consideration of War Department appropriation bill and Senate the Kellogg peace treaty.

Senate Interstate Commerce Committee continues hearings on bill to regulate commerce in bituminous coal.

Tariff hearings go on before the House Ways and Means Committee.

House Merchant Marine Committee holds hearings on bill to prolong life of Radio Commission.

Monday, House bill proposing reapportionment on basis of 1930 census favorably reported to Senate.

Senate failed to reach agreement on Kellogg pact.

Senator McKeellar of Tennessee, blocked consideration in Senate of first deficiency bill.

Senate Campaign Funds Committee in report charged irregularities in 1926 Pennsylvania senatorial contest and set January 24 as time for Senator-elect Vare or counsel to be heard.

House considered War Department appropriation bill.

Bill to regulate interstate commerce in bituminous coal opposed as paternalistic before Senate Interstate Commerce Committee.

ONE KILLED IN AUTOMOBILE WRECK, Atlanta, Jan. 15.—(AP)—John Bell Jr., employe of the Georgia Power company was killed and Howard Bosworth, 21, Fourth National bank employe probably fatally injured when their automobile crashed into a telephone pole on Peachtree road at two o'clock this morning.

27,100 Killed By Cars, Chicago.—The National Safety Council figures that some 27,100 persons were killed by automobile accidents in this country last year, a five per cent increase over 1927.

ADMITTS PART IN NORTHCOTT MURDER CASE

Greensboro Young Man Confesses Helping Kill 4 Children On Murder Farm.

Greensboro, N. C., Jan. 15.—(AP)—Word was being awaited today to substantiate or refute the confession made by Clarence Robertson 19, of Greensboro, that he had aided Gordon Stewart Northcott slay four children in California. Northcott was charged with the deed by the California courts after having been captured in Canada and returned to that state.

Robertson told police that he wished to surrender because his conscience hurt him and because Northcott had never paid him \$3,000 which he promised for the assistance in the butcheries. He said he went to the Northcott farm after obtaining a pass from a government hospital months ago.

Police here have communicated with California authorities with the idea of investigating the story. No reply had been received early today.

Riverside, Calif., Jan. 15.—(AP)—Press reports from Greensboro, N. C., that Clarence Robertson, 19, had confessed to police there that he had helped Gordon Stewart Northcott to kill four children in a barn in California, failed to greatly impress Northcott.

Northcott is on trial here for the murder of three boys at his chicken ranch near Riverside, and faces trial later for alleged murder of another youth.

"That's interesting," said Northcott after he had been awakened in his cell and told of Robertson's confession. "I refuse to say anything," was his only comment. He refused to answer other questions.

Robertson said Northcott offered him \$3,000 to help kill the children. A continuation of the story of Sanford Clark Northcott's 15-year-old nephew and principal accuser, was expected at the trial today.

Young Clark says he was made an unwilling party to some of Northcott's alleged crimes.

Clark, who months ago told a blood chilling tale which started a police investigation of the Northcott ranch, began re-telling of his story on the witness stand yesterday.

Adjournment of court for the day cut off his story just as he was about to detail the alleged killing of Lewis and Nelson Winslow. He already had told of an unsuccessful attempt to kill Lewis and his laboring all day to dig a grave to receive the bodies of the two boys.

Northcott has indicated that he may take the reins from the hands of Norbert Savay, his counsel, and cross-examine young Clark.

VICTIMS IN OHIO DOUBLE KILLING

Mr. and Mrs. John Oser, whose bodies were found on their little farm near Canal Fulton, Ohio. They had been slain while their two children slept nearby.

Thomas Edison Visits Florida

Newark, N. J., Jan. 15.—(AP)—Thomas A. Edison, the aged but still sprightly wizard, left today for his annual winter sojourn at Fort Myers, Florida, where he will be joined by Harvey Firestone, and Henry Ford. Mr. Edison was accompanied by his wife.

The inventor grinned and snapped a small pocket flashlight at newspaper photographers who were lined up at the station to take his picture. He seemed in excellent health a swell as spirit and there was ample proof of recent reports that he had gained twenty pounds in weight during the past few months.

SON BORN TO NOTED ACTRESS

New York, Jan. 15.—(AP)—A son has been born to Rosamond Pinchot, the actress, who in private life is Mrs. William Gaston.

Amos R. E. Pinchot, her father, said mother and son were doing well. Mrs. Gaston, who is a niece of former Governor Gifford Pinchot, of Pennsylvania, achieved considerable renown by her portrayal of the role of the nun in "The Miracle."

She was married last January 27.

666 is a Prescription for Colds, Grippe, Flu, Dengue, Bilious Fever and Malaria. It is the most speedy remedy known.

Jolar JEWELRY CO. AT THE BIG CLOCK

more particularly described as follows: In Chicod Township beginning at a stake at the crook of a ditch in the field, A. Jerome Cox corner, and runs South 45 1-2 east 56 poles to an old gate post on the west side of the public road leading from Calico X Roads to the Washington and New Bern in Beaufort County, and running with said road North 68 east to a bridge on a ditch in the Cowell Smith line, thence up said ditch to a stake with pointers, corner of said Smith land; thence northwardly with said Smith line to the old path that leads to the J. T. Adams place, thence westwardly with said path to a lightwood knot, W. N. Cox's corner, then South 10 1-2 west 124 poles to the beginning, containing 90 acres more or less, and being the same tract of land conveyed by Sarah A. Cox to J. Horace Cox by deed bearing date of March 6th, 1911, and duly registered in Book U-P, at page 234 in the office of the Register of Deeds of Pitt County.

Also another tract described as follows: Beginning at a stake near the run of Gallows Branch and runs with said branch to Haw Branch; thence down the run of Haw Branch to a short distance to a small branch making into Haw Branch, and being the line of the tract of land owned by the late Wyatt Clark, then up the run of said small branch to N. T. Cox's line, thence with said Cox's line a northerly course to a stake near

the road crossing of Haw Branch; thence with his other line south 89 east 112 poles to the corner of lot No. 5 of the Nobles land, thence with that land to the beginning, containing 81 acres, more or less, and being the same land conveyed to J. Horace Cox by D. A. Smith and wife, Margaret Smith, by deed dated March 6th, 1911, and duly registered in Book U-9, at page 234, in the office of the Register of Deeds of Pitt County, to which reference is hereby directed for more accurate description.

Both of said tracts being the identical lands that were conveyed on the 20th day of December, 1924, by Louis S. Strauss, Trustee, to J. C. Savage and wife, Minnie L. Savage by deed duly recorded in Book N-15 at page 234, and conveyed by H. W. Whedbee and F. M. Wooten, Commissioners, to Louis S. Strauss on the 5th day of February, 1924, by deed duly recorded in Book V-14, at page 554, all of the Register of Deeds office of Pitt County, and all of said deeds are hereby referred to and made a part of this conveyance.

This sale is made by order of Court and is subject to confirmation by the Superior Court of Pitt County, and the purchaser will be required to make a cash deposit of not less than ten per cent of the purchase bid to await confirmation. This the 14th day of Jan., 1929.

DECLARATION OF TREATY IS NEARER TODAY

Group Demanding Interpretation Accepts Report Drafted By Senator Borah.

Washington, Jan. 15.—(AP)—Early declaration of the Kellogg anti-war treaty was imminent today when the group demanding an interpretation accepted a report drafted by chairman Borah of the Foreign Relations Committee. A poll of the committee developed a majority in favor of the report, which stipulates that it shall not be considered as a reservation to the pact.

Even with the peace pact out of the way, the Senate has the cruiser bill ahead of it and must find some way of getting rid of the nine appropriation bills. Five have been passed over from the House but only one has been passed.

The controversy over the Kellogg pact had narrowed down today to the question of an interpretative report by the Senate Foreign Relations Committee. Friends and foes of the treaty have agreed that it will pass when the final vote comes.

Growing out of the Kellogg pact was a visit to senators today from women delegates attending the conference on the cause and cure of war. Enthusiastic supporters of the treaty, the delegations had promised to give special attention to the senators who signed the "Round Robin" which calls for an interpretative report on the document.

Among the committees, the House Ways and Means Committee went ahead with the routine through important hearings on tariff revisions. The duties on iron and steel were under discussion, with testimony for advanced rates being in the majority. A special Senate committee held before it hearings on conditions in federal prisons.

The House Merchant Marine Committee had not yet disposed of the bill which would extend the life of the Radio Commission a year.

Members of Punitive Expedition Are Safe

Douglas, Ariz., Jan. 15.—(AP)—Word of the safety of the punitive expeditionary force which heavy two weeks ago went into the Sierra Madre Mountains with orders to wipe out a marauding band of Apache Indians, was received here late last night.

The report was brought to the order by Jesus Valdez, who was commissioned to search for the party after fears had arisen here that they had been massacred. Valdez returned from a successful search, declared that the party of 12 men had been increased to 15 and that it was in need of supplies.

Famous House To Be Razed

Denies Injunction To Hold Up Work On National Park

Chattanooga, Jan. 14.—(AP)—The petition of the Suncrest Lumber Company for an injunction to restrain the North Carolina Park Commission from going ahead with plans for condemnation of land of the company for park purposes was denied in an opinion handed down by the United States Circuit Court of Appeals here today.

The opinion was written by Judge Johnson J. Hayes and E. Y. Webb and Circuit Court Judge John A. Parker, after a hearing on January 5th. The lumber company also asked for a restraining order pending an appeal to the United States Supreme Court and this likewise was denied.

Attorneys for the lumber company sought to attack the constitutionality of the act by which the park commission was created but Judge Parker held that there were no grounds for such an attack. The decision enables the park commission to proceed with condemnation proceedings against the lumber company's land to include it in the area sought for the Great Smoky Mountain National Park. It involves 26,000 acres upon which the Suncrest Company has been granted timber rights.

Probe Pardon By Oklahoma Governor

Oklahoma City, Jan. 15.—(AP)—Investigation of the pardon granted last year by Governor Henry S. Johnston to a convicted murderer was the further business today of a legislative investigation committee inquiring into the official conduct of the executive.

Testimony to the effect that the Governor pardoned the murderer, R. D. Crosthwaite, while he was a fugitive from justice and without a full investigation of the case, was before the inquisitorial board, which was appointed last week after anti-administration forces had gained control in the house of representatives.

This testimony was brought out at the initial session yesterday when the committee voted to take up first inquiry into the acts of the Governor who has been the target of bitter criticism and impeachment threats for more than a year.

Crosthwaite, who murdered Thelma Lovejoy, young Oklahoma City school teacher has been at large since 1923, when he failed to return after a leave of absence granted by former Governor J. C. Walton, who was impeached more than five years ago.

R. G. Lovejoy, brother of the slain girl, told the inquisitorial body that when he protested the pardon to Governor Johnston last year the executive told him the clemency act was "the greatest mistake of my life" and promised immediate steps to revoke the pardon. Lovejoy said, however, that no action had been instituted.

Philadelphia—Denny Bass, Philadelphia, outpointed Davy Abad, Panama (10).

Los Angeles Back At Hangar Today

Lakehurst, N. J., Jan. 15.—(AP)—The naval dirigible Los Angeles was walked into her hangar shortly before 2 o'clock this morning, completing a round trip flight of some 2,000 miles to Florida.

The trip north was made with favorable winds the huge ship at times making 115 miles an hour. She left Port St. Joe, Fla., at 11:28 a. m. yesterday and arrived over her home station at 12:45 o'clock this morning.

At times the ship traveled at an altitude of 4,000 feet to avail herself of the best possible winds. Members of the crew declared no inconvenience was suffered on the

flight, even hot meals being served throughout. On the south January 8th, the ship was hampered by winds which forced her to anchor to the tender "Patoka" at Port St. Joe. The southern trip was made to participate in the dedication of an airport at Miami, but due to the contrary winds and storms she was unable to visit the city until Saturday.

Black Magic Man Arrested.
Cleveland, Jan. 14.—(AP)—Sylvester Williams, 45, found fasting in his rooms surrounded with instruments police declared were used in the practice of "black magic," was charged with illegal practice of medicine today as authorities set out to rid Cleveland of "Voodooism."

"Light a Lucky and you'll never miss sweets that make you fat"

INSTEAD of eating between meals... Instead of fattening sweets... beautiful women keep youthful slenderness these days by smoking Luckies. The smartest and loveliest women of the modern stage take this means of keeping slender... when others nibble fattening sweets, they light a Lucky!

Lucky Strike is a delightful blend of the world's finest tobaccos. These tobaccos are toasted—a costly extra process which develops and improves the flavor. That's why Luckies are a delightful alternative for fattening sweets. That's why there's real health in Lucky Strike. That's why folks say: "It's good to smoke Luckies."

For years this has been no secret to those men who keep fit and trim. They know that Luckies steady their nerves and do not harm their physical condition. They know that Lucky Strike is the favorite cigarette of many prominent athletes, who must keep in good shape. They respect the opinions of 20,679 physicians who maintain that Luckies are less irritating to the throat than other cigarettes.

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say:—

"REACH FOR A LUCKY INSTEAD OF A SWEET."

"It's toasted" CIGARETTES

No Throat Irritation—No Cough.

Coast to coast radio hook-up every Saturday night through the National Broadcasting Company's network. The Lucky Strike Dance Orchestra in "The Tunes that made Broadway Broadway."

Constance Talmadge, Charming Motion Picture Star

Reach for a Lucky instead of a sweet.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Jan. 15.—(AP)—Prices on the cotton market opened steady at unchanged prices to a decline of 7 points under realizing combined with some southern and local selling. The latter was believed to be prompted by the rather indifferent showing of the latter Liverpool cables. After easing off to 20.32 for March and 19.96 for July, prices steadied on a renewal of trade and commission house demand. March sold up to 20.41 and July to 20.07, making net advances of about 4 to 5 points. The volume of business tapered off and the market was quiet at the end of the first hour.

Private cables reported Continental Japanese and Chinese buying in Liverpool supplied by realizing and said there was more activity in cotton cloth for Egypt and the Near East.

Futures closed steady, 12 to 20 points lower; spot quiet; middling 30.40.

GRAIN MARKET

Chicago, Jan. 15.—(AP)—Heavy profit taking sales both in wheat and corn turned value downward today in the late dealing. Export demand for wheat from north America was light, the world's available supply of wheat increased 501,600 bushels for the week, making the total now 407,225,000 bushels against 293,531,000 bushels a year ago.

Wheat closed unsettled 5-8 to 1c net lower, corn at the same as yesterday's finish to 1-4c off, oats 3-8c to 5-8c down and provisions unchanged to a setback of 7c.

STOCK MARKET

New York, Jan. 15.—(AP)—Marking up of the call money rate from 7 to 8 percent checked a promising rally in today's stock market in which about a score of issues were elevated to new high levels. Many of the only gains ran from 3 to 8 points but these were cut down in the wave of selling which swept over the market in the early afternoon and several of the industrial favorites sagged 1 to 3 points below yesterday's final quotations.

With high grade securities yielding less than 5 per cent in many cases, operators for the advance found it difficult to attract margin speculators who were willing to pay carrying charges of 3 per cent or more above the income return in the hope of making it up through capital appreciation. With Federal Reserve authorities bending every effort to reduce the volume of speculative credit available, without endangering pure commercial needs, several of the conservative commission houses continued to urge a cautious policy.

There was practically nothing in the day's news to influence the price movement. Such trade reports as came to hand were favorable and showed no change in the general situation.

There was a fairly brisk demand for the communications shares, with indications of investment trust buying. American Telephone, International Telephone, Pacific Telephone and Western Union sold 2 to 5 1-2 points above yesterday's final quotations. Some of the other public utilities also received good support, common wealth Power running up to a new high record.

Among the many issues to sell at their best prices since 1927 or longer, were Air Reduction, Eiseloher, White Motors and Chiles Copper.

Wright Aeronautical extended its loss to 8 points, wiping out half of yesterday's sharp gain, and Packard and American Can each sold down 2 points or more.

The closing was heavy. Sales approximated 3,800,000 shares.

Fallen Rulers

Of Afghanistan Seeking Refuge

London, Jan. 15.—(AP)—Amullah and Souriya, fallen rulers of Afghanistan, were believed today to be likely to seek political refuge in Europe.

They were supposed to be in Kandahar, Afghanistan. It was believed unlikely that they would stay long since they would enjoy little security in their own country after their loss of power.

Coughs Stopped

Almost Instantly

Doctor's Prescription Relieves Without Harmful Drugs

Almost instant relief for coughs is now guaranteed in the use of a famous physician's prescription called Thoxine which contains no chloroform or dope. It works on an entirely different principle, has a double action, relieves the irritation and goes direct to the internal cause not reached by cough syrups and patent medicines. The very first swallow usually relieves.

Thoxine is pleasant and safe for the whole family. Also excellent for sore throat. Quick relief guaranteed or your money back. 35c., 60c., and \$1.00. Sold by Pitt Drug Co.

SALVATION ARMY CAMPAIGN TO OPEN ON JANUARY 21ST

To the Citizens of Greenville:

When Mr. D. G. Coy, campaign manager of the Salvation Army, and a committee from the local advisory board asked me to become chairman of their Annual Home Service Funds, I found myself unable to decline when I realized the splendid work the Army has done in Greenville in the past and is doing at the present time.

The Salvation Army is in the midst of their annual campaign, which begins January 21st and runs through January 23rd, and if we make this campaign a success, it will mean much to the poor of Greenville during the coming year.

The advisory board has set the budget for \$4,000.00. This money will be used to pay off all local indebtedness of the Salvation Army

Consumption of Cotton Falls Off During December

Washington, Jan. 14.—(AP)—The census bureau announced today that cotton consumed during December totaled 534,352 bales of lint and 59,555 bales of linters, compared with 610,884 bales of lint and 68,669 bales of linters in November, and 538,786 bales of lint and 53,758 bales of linters in December last year.

Notice To Delinquent Tax Payers of Pitt County

In pursuant to my duties in collecting the taxes for 1928, under Section 3006, Chapter 221, Public Laws of North Carolina, 1927, that I will exhaust personal property for land tax before advertising land sales next May to satisfy the said tax on real estate.

To save embarrassment attachment, pay your taxes at once. With the list of delinquents that are now on the tax levy of Pitt county, I will have to start in the next few days making attachments in order to settle next June with the Board of County Commissioners.

So please make your payments early.

Yours to Serve,
S. A. WHITEHURST
Sheriff of Pitt County.
