GREENVILLE, N. C., FRIDAY AFTERNOON, JANUARY 18, 1929

LEAF MARKET PASSES 70 MILLION GOAL

TOBACCO SEASON TO CLOSE HERE THURSDAY, JAN. 31ST; MARKET SETS NEW RECORD

70-Million Pounds Goal Passed With Sale of Over 250,000 Pounds of Bright Leaf Here Today; Increase Of Buying Forces Urged For Next Season.

Official figures for the season made public at 3:30 this afternoon follow: Total sales 70,026,780 pounds for \$14,860,685.33, averaging \$21.14 per hundred pounds.

Sales on the Greenville tobacco market passed today the goal of "seventy million pounds" set for the season.

This information was given out this morning by K. W. Cobb, supervisor of sales, who stated that it was the greatest record in the history of the tobacco industry of this city.

Along with the statement came announcement that the local market would close for the season Thursday, January 31. It was stated some time ago that the closing would be placed during the last part of the month, but the definite date was not decided upon until today.

Farmers were urged to market the remainder of their crop as hurried as possible, as it is the desire of tobaccoists to dispose of every single pound in this season before date of closing. Growers were also impressed with the necessity of presenting their offerings in the best condition possible. This should play an important part in the price situation, it was indicated.

The market yesterday sold 107,107 pounds of bright leaf for a total sum of \$18,746.39. The general price average was given at \$17.50. Offerings were similar to those of the day before, being composed principally of inferior grades.

The supervisor of sales stated that there was approximately 250,000 pounds of leaf on the floors of the nine warehouses today. It was impossible to estimate the amount laid out for the offerings or to figure the general price average, but it was stated the price situation was as favorable as any other time of the week.

Another Bombing At Chicago, Ill.

Chicago, Jan. 18.—(AP)—A dynamite bomb exploded in the hallway of a six-story building on the West side shortly after midnight today, tearing a hole in the floor. None of the persons living in the building were hurt, though the entire structure was shaken.

Smith's Appeal Brings Flood Of Funds For Party

New York, Jan. 18.—(AP)—The radio appeal of Alfred E. Smith for contributions to wipe out the \$1,500,000 deficit of the Democratic party has brought an avalanche of checks and pledges of funds.

Letters accompanied by checks ranging from \$5 to \$100, and telegrams promising checks to follow by mail have been received by Mr. Smith, John J. Raskin, national chairman, and James W. Gerard, treasurer of the national committee. No attempt has been made to total the amount received.

Virtually every contributor has requested from one to 100 copies of the book containing Mr. Smith's campaign speeches, which he announced would be given to each contributor of \$2 or more, who requested it.

A request for 100 copies of the book was received from Mayor Otto Berstein of Monroe, La., who telegraphed: "I obligate myself to take 100 copies of your speeches during your great effort to perpetuate the Democratic party. I think what you are doing is the greatest effort on the part of one man our common country has ever witnessed."

Two Others Injured When Bomb Wrecks Store And Apartment Building.

Detroit, Jan. 18.—(AP)—Four persons were believed killed and two were injured seriously when a bomb wrecked a small store and apartment building at Briar and Arper avenues at 1 a. m. today. Police believed the bombing an echo of the fatal shooting of an Italian marcher in a Columbus Day parade, last year. The shooting was attributed to warfare between Fascist and anti-Fascist factions.

The two injured men were held for police in a city hospital. They are Jose Zagaro, 36, and Philip Gushman, 25, agaro, police said, carried a revolver.

Residents of the neighborhood said Fred Garrist, owner of the shop in which the blast occurred, his wife and two children lived in the second floor apartment. Three other children attend school in Kalamazoo, Mich. Apparently no one knew whether they were at home when the bomb exploded.

Plan Impeachment of Gov. Johnson

Oklahoma City, Jan. 18.—(AP)—Legislative investigation of the administration of Governor Henry S. Johnston approached a climax here today with reports from members of the probing committee that they understood impeachment charges now were being drafted against the executive.

J. P. MORGAN SELECTED FOR PARIS CONFAB

Owen Young Chosen To Attend German Reparations Conference At Paris.

Washington, Jan. 18.—(AP)—J. P. Morgan, head of the powerful banking house of J. P. Morgan and Company, and Owen D. Young, former agent general for reparations payments and chairman of the General Electric Company, have been named to attend the conference on German reparations in Paris. Thomas Nelson Perkins, Boston lawyer and former citizen member of the reparations commission, was chosen as an alternate.

The selections, expected for several days, were made by the reparations commission and Sir Esme Howard, British ambassador, called at the State Department yesterday to officially advise Secretary Kellogg of the appointments. Both Mr. Morgan and Mr. Young are expected to accept, though the General Electric chairman has said that he might be prevented from attending because of the illness of his wife. He has been prominently mentioned as probable chairman of the conference which is expected to meet in Paris early in February.

The United States delegations will go in an unofficial capacity as the administration has made it plain that it considers the reparations problem a European one. Mr. Young, Mr. Morgan and Mrs. Perkins, in the event they attend, will occupy much the same position as Mr. Young, Charles C. Dawes and Henry M. Robinson, California lawyer and banker, occupied when they attended a Paris reparations conference four years ago. Technically they will go as appointees of the allied governments concerned.

Elizabeth Nobles Dies Near Whichard

Death entered the home of Mr. and Mrs. H. E. Nobles on Sunday, January 13th, and took their youngest daughter, Elizabeth, to rest after a brief illness. She was nine years old. Her death was a complete shock to the family and community.

The funeral was conducted at her late home Monday afternoon at 2:30 by Elder B. S. Cowan. Interment was made in the Moore burying ground.

Surviving are her parents; two sisters, Annie Louise and Thelma; and six brothers, David, Henry, James Earl H. E. Jr., Willie Simon, Joseph and Kenneth Nobles.

Quake Wipes Out Venezuelan City

Caracas, Venezuela, Jan. 18.—(AP)—Steamers and all the smaller craft available today were rushing toward the city of Cumana, which was leveled by an earthquake yesterday. They carried food and medical supplies and tents. They were also carrying nurses and doctors to care for those injured.

Every building in the city was destroyed, the governor of Cumana informed President Gomez by wireless, adding that there were a great number of victims. The newspaper Universal, put the number dead at 25, out of the city's population of about 25,000. The paper said a great number of injured persons were being taken from the ruins.

The earthquake severed telegraphic communication with the city and accounts were fragmentary regarding the extent of the disaster. Cumana is located about a mile above the mouth of the Manzanares River, about 25 miles east of Caracas. The raw products of the region are coffee, tobacco, sugar and lumber while cotton goods manufacture is one of the chief industries.

Australian Ballot Bill Introduced In Senate; Both Houses Adjourned

Raleigh, N. C., Jan. 18.—(AP)—Waiting for committees to report out some of the more important bills already introduced, both houses of the General Assembly held brief sessions today, and adjourned until 10 o'clock tomorrow morning.

After the Saturday morning session, a week-end recess will be taken until 3 o'clock Monday night. A bill proposing the secret or Australian ballot system for all primaries and elections in the state, advocated by Governor Gardner in his inaugural message, was offered in the Senate by Johnson, of Robeson, and Broughton, of Wake.

Raleigh, N. C., Jan. 18.—(AP)—A measure providing for state-wide use of the Australian ballot in North Carolina was introduced in the Senate today by two Democratic leaders, J. M. Broughton, of Wake county, and T. L. Johnson, of Robeson.

In his inaugural address, Governor O. Max Gardner declared himself unequivocally for the Australian ballot, later he stated his desire that the enactment of such a measure would be one of the earliest accomplishments of the General Assembly.

The proposed act would be effective in both primary and general elections in all counties, cities, towns and civil districts of North Carolina.

HANES HEADS N. C. HIGHWAY COMMISSION

Winston-Salem Man Temporary Successor To Frank Page, Resigned.

Raleigh, Jan. 18.—(AP)—Alexander S. Hanes, Winston-Salem business man, was head of the State Highway Commission today. Mr. Hanes was appointed by Gov. Gardner as temporary successor to Frank Page, who retired last week, pending his choice of a permanent chairman. The appointment was suggested by the highway commission, on which the Winston-Salem manufacturer and capitalist represents the seventh district.

The commission, at an all day meeting yesterday, gave its approval to the proposal for an increase of the gasoline tax from four cents to five cents a gallon, but pronounced it infeasible for the state to take over all county roads. It submitted to the public roads committees of the Senate and House a tentative allocation to counties of \$2,500,000 which was the estimated income from the extra cent tax. Population and area of the various counties were considered in arriving at the proposed distribution, it was said.

Leslie A. Ames, state engineer for ten years, resigned, effective Feb. 1, to accept a \$13,000 a year position with the State Highway Commission of Louisiana. The commission will name a successor in the near future, it was said.

Northcott Acts As Own Lawyer At Riverside, Cal.

Riverside, Cal., Jan. 18.—(AP)—Gordon Stewart Northcott, pursuing his duties as his own attorney in his trial here on charges of slaying three boys, began today to marshal his witnesses. He requested that six persons be subpoenaed for defense today.

The next move of the prosecution remained undisclosed. The cross-examination of his star witness, Sanford Clark, 15-year-old nephew of Northcott, ended yesterday after Northcott had questioned him at length. Northcott's questions shifted frequently from one line of thought to the other through Clark's previously told story of how Lewis and Nelson Winslow and an unidentified Mexican youth had been killed at a chicken ranch near here.

At the conclusion of the examination Northcott objected to the admission of Clark's testimony on the ground that he had admitted being an accomplice. Ruling on the objection was reserved.

Northcott is taking great pains in the conduct of his case. He comes to court loaded with a brief case and law books, and in placing motions and objections before the court he quotes the chapter and section of the reports upon which he bases his contention.

Ambassador Carlos Davila of Chile called on President-elect Hoover in Washington to thank him for his visit to Chile during his good will tour.

SEEK TWO IN CONNECTION WITH STILL

Pactolus Negroes Wanted For Operation Of Still Captured Yesterday.

Warrants were issued today for James Little and John Langley, colored, wanted in connection with the operation of a whiskey still in the Pactolus community, and their arrest was expected momentarily.

The still was captured by a raiding party from the office of Sheriff Sam Whitehurst yesterday afternoon and the two operators were recognized while making their escape. They were chased a considerable distance, but managed to elude their pursuers in the dense growth of vegetation around the still site.

While the still was in operation, it had not been running long enough to turn out any whiskey and only about 300 gallons of mash was captured.

The still was a copper affair, of the usual type used by the small distillers of this section of the state. It was complete, with worm and other equipment, and after being wrecked was brought to Greenville and placed in the confiscated cell at the county.

The capture brought the total for the month to approximately one dozen. The largest seizure of the month, or for many years for that matter, was made the first of the week when a raiding party captured six stills in two communities. Five of the stills were taken in one community.

FIVE PERSONS DIE IN DOUBLE TRAIN WRECK

Three Hundred Passengers Also Injured on Penn. Train Near Aberdeen, Md.

Aberdeen, Md., Jan. 18.—(AP)—Deaths from the collision yesterday of two passenger trains and a freight train near here mounted to five today, when Leon Sweeting of Philadelphia, engineer of the north-bound passenger train, died at the Havre de Grace hospital.

Sweeting, who had recently recovered from influenza, was badly scalded in the accident and physicians at the hospital had feared that his weakened condition because of the illness would prevent his recovery.

Four others of the train crews were killed in the double crash, the cause of which had not been definitely determined. Hundreds of passengers were shaken up, but all were able to proceed on relief trains to their destinations.

Aberdeen, Md., Jan. 18.—(AP)—Four trainmen were killed and more than 300 passengers bruised or slightly injured in a double collision on the Pennsylvania railroad at Short Lads, near here, yesterday afternoon.

A local bound train from Baltimore to Philadelphia, crashed into the rear end of a northbound freight during a heavy fog. The impact hurled three freight cars onto the southbound track. An express bound from New York to Washington, ploughed into the overturned cars, overturning its first four pullman coaches. The local train was derailed.

Passengers in the coaches and pullmans broke window panes and scrambled to freedom. None were seriously injured.

K. A. Klein, Baltimore, brakeman on the freight train; V. W. Stewart, Baltimore, freight flagman; A. C. Terhune, New York, express fireman; and T. J. Kavanagh, Philadelphia, express engineer, were killed.

Fitts Trial Drawing Near End In Nash

Rocky Mount, Jan. 18.—(AP)—A Nash county jury is expected to begin consideration of the case of T. W. Fitts, charged with the murder of his brother-in-law, B. H. Farmer, sometime this afternoon, following attorneys' arguments and the charge of Judge C. C. Lyon. The defense is based on self defense.

Colonel Stewart In New York City

New York, Jan. 18.—(AP)—Colonel Robert W. Stewart, arriving in New York this morning, said that his main business here was in connection with the internal affairs of the Standard Oil Company of Indiana, of which he is chairman, and that his visit had "no connection whatever" with the Rockefeller fight to remove him from the chairmanship.

Asked if he was here to get proxies, Col. Stewart replied: "Absolutely not. I am not here in this proxy matter at all. I am here on affairs of the company which I do not care to make public. I shall only be in New York until Saturday and I do not want to discuss the fight with Mr. Rockefeller."

"I do not care to indulge in any of this band wagon talk. The proxies will be voted on March 7 and those alone will settle the fight. Proxies change daily and no one can tell in advance how the vote will go."

COP KILLED IN GUNFIGHT

Inspector Shot To Death In Attempt To Capture Crazy Man At Philadelphia.

Philadelphia, Jan. 18.—(AP)—Firing point blank at a police officer who broke through the barricaded bedroom door of his home in the Chestnut Hill section, W. Griffin Gribbel, 46, socially prominent, early today shot and killed John W. Blackburn, police inspector, wounded Joseph Lawrence, the inspector's chauffeur, and himself, fell critically wounded under the fire of other police officers.

Mrs. Gribbel and her six children covered behind a locked door in another room to which they retreated when Gribbel confronted them, brandishing the revolver. Police said they believed Gribbel had become crazed when informed by a physician that his condition necessitated his removal to a sanitarium. Gribbel is the son of John Gribbel, retired manufacturer who at one time was president of the Union League and vice-president of the Public Ledger Company.

HOOVER FIXES AUTHORITY IN NEW YORK CITY

Washington, Jan. 18.—(AP)—Placing of Republican political authority in New York State during the next four years in the hands of three leaders was announced today by H. Edmund Machold, state committee chairman, after he and William H. Hill and Ogden L. Mills, under-secretary of the Treasury, had a breakfast conference with President-elect Hoover.

President-elect Names Three Men Who Will Control Political Offices Of State.

Besides Mr. Machold and Mr. Hill, the third member of the group will be Charles D. Hilles, national committee man, who conferred with Mr. Hoover earlier in the week. Machold is to represent the group in most negotiations with the new president. He said that the three would agree upon recommendations for appointments for federal office before names were submitted to Mr. Hoover for his consideration.

Rockefeller Gets Aid In His Fight Against Stewart

Washington, Jan. 18.—(AP)—Aid for John D. Rockefeller, Jr., in his fight to oust Robert W. Stewart as chairman of the board of the Standard Oil Company of Indiana, has come from Howard E. Sutherland, alien property custodian.

Mr. Sutherland, by virtue of his office, holds the voting power of between 12,000 and 13,000 shares of Standard Oil Company of Indiana stock, the property of Germans seized during the war, and he has announced that he has assigned the voting proxies to Mr. Rockefeller.

Mr. Rockefeller said for the voting power about a week ago and before Mr. Sutherland made his decision, a similar request came from Mr. Stewart. The alien property custodian made his decision known yesterday, saying that he had acted only after careful consideration. The stock is on deposit with the Equitable Trust Company of New York.

The clash between the two capitalists is one of the many ramifications growing out of the oil leases made by the government. Mr. Stewart's testimony before a Senate committee investigating the Teapot Dome oil lease did not please Mr. Rockefeller and he asked for Stewart's resignation. This Stewart has refused to do.

Won Bride As Bet; Seeking Divorce

Washington, Jan. 18.—(AP)—Georgetown University won a football game last fall and as a result Frederick Stanley Nishwitz of Washington, a student at the university, won a bride. Now, after only two months, he has asked the District of Columbia Supreme Court to declare all bets off.

The suit for annulment stated he attended the Georgetown-West Virginia game with Miss Marjorie Morris, daughter of Major R. T. Morris of Chevy Chase, Md. A wager was made that if Georgetown won they would get married and after the contest they motored to Rockville, Md., where the ceremony was performed.

In the petition, filed through the student's father, William Temple Nishwitz, the now unwilling bridegroom deposes that he is but 20 years of age and that he represented himself as being over 21 to obtain the marriage license.

King George Is Making Progress

London, Jan. 18.—(AP)—The Daily Mail said today that King George had enjoyed long periods of sleep during the last few days and his interest in palace affairs had re-awakened. He was not allowed to read, however, since the efforts at concentration might prove to be too great.

The king was having much longer talks with members of the royal family, especially Queen Mary. Her visits to his bedside are more frequent, although they are limited to ten minutes each time, lest the king's strength be overtaxed.

PREVENT APPOINTMENT OF BOOTH'S SUCCESSOR; HAINES DIES SUDDENLY

Sunbury-on-Thames, England, Jan. 18.—(AP)—An injunction granted in London restraining the High Council of the Salvation Army from electing a successor to Bramwell Booth, deposed general, was served on the High Council in session here shortly before 5 o'clock this afternoon.

Sunbury-On-Thames, England, Jan. 18.—(AP)—Commissioner Haines, vice-president of the High Council of the Salvation Army in session here, dropped dead tonight.

At the conclusion of an emotional speech before the council which was then considering the election of a successor to Bramwell Booth, deposed general, Commissioner Haines crumpled and fell dead.

Ryan Marries Margaret Rea

New York, Jan. 18.—(AP)—Thomas Fortune Ryan, 2nd, grandson of the late Thomas Fortune Ryan, the financier, and the former Mrs. Margaret Moorhead Rea, were on a secret honeymoon today after a

surprise marriage at the municipal building.

They appeared at the marriage license bureau shortly before it closed yesterday accompanied by two friends, obtained a license and were married immediately by City Clerk Michael J. Cruise in his office.

Mrs. John Barry Ryan, mother of the bridegroom, said she knew nothing of the marriage or where her son was.

"If my son is married, I don't know anything about it and I positively have nothing to say," Mrs. Ryan said. "He is not here and I don't know where he is."

Mr. Ryan, who gave his age as 29 and his occupation as rancher, is a member of an old and prominent Roman Catholic family. His father, John Barry Ryan, inherited approximately one fifth of the estate left by Thomas Fortune Ryan, estimated from \$100,000,000 to \$500,000,000.

The bride is the daughter of the late John Moorhead, Jr., and member of a family that has figured in the steel industry. Her marriage to Henry O. Rea, son of the former president of the Pennsylvania Railroad, was a social event in Pittsburgh in 1922. She obtained a divorce from Rea in Pittsburgh last year.

In her license, she gave her age as 29.

Public Meetings Poultry Raisers Here Next Week

The first of a series of public meetings looking to an increase of interest in poultry raising in Pitt county will be conducted Monday and Tuesday of next week. E. F. Arnold, director of the Pitt county farm department, stated this morning.

The meetings will be held under direction of P. A. Seese, assistant state poultry specialist, and will be staged on the farms of Blainey Sumpster, Ayden; Louis Speight, Winterville; J. L. Gurganus, Bethel; B. F. Lewis, Farmville.

Mr. Arnold said farmers were urged to attend the meetings and listen to plans relative to expansion of poultry raising by prominent growers of the section.

Grimmersburg Items

Our farmers are hopeful for good prices on tobacco this year, so will plant all they can house.

Several cases of the flu since the first of the year, but they have been mild cases.

There has been more than the usual shifting of tenants. One family has removed to Edgecombe county, several have come in from Greene county, and two families have come from South Carolina.

Howard Moye has rented A. J. Moye's farm. Mr. A. J. Moye thinks he is old enough to retire, and will content himself with helping his wife raise chickens. By the way, isn't the raising of chickens a good occupation for retired farmers?

Mr. Bud Skinner will not set any more Cash tobacco, nor will his wife raise any more broilers for the pre-Easter market.

Mr. Fred Williams and family have removed to the Ben Tugwell place near Fountain.

Mrs. Bertha Joyner had a delightful birthday party recently, celebrating her fifty-seventh birthday.

James Flanagan has removed to Farmville and will do carpenter work this year.

Jessie Moye and H. B. Williams, Jr. of the U. S. Marines, spent the Christmas holidays at their respective homes.

George Moye, (as G. T. Tyson would have said), "is a courting boy."

For colds, grip and flu take

Relieves the congestion, prevents complications, and hastens recovery.

Military School Wrecked By Fire

Devon, Pa., Jan. 18.—(AP)—The Valley Forge Military Academy, formerly known as the Devon Park Hotel, was destroyed by fire early today with a loss estimated at \$500,000. An attempt to extinguish the blaze with hand apparatus proved fruitless and a bugler was called to sound assembly.

More than 130 cadets and military instructors fled out of the building in their pajamas and sought shelter from the cold in nearby homes. The origin of the fire was undetermined. Major William G. Baker, superintendent, said the loss was covered by insurance and that the rebuilding of the academy would be started as soon as possible.

The structure, for thirty years one of the most fashionable hostels in the suburbs of Philadelphia, was occupied by the academy last September.

WE Examine Eyes—Fit Glasses—Grind Lens—W. L. BEST Op-tom-e-trist

Raleigh Minister To Preach Here Sunday

By invitation of the pastor and session of the Presbyterian Church, Rev. W. M. Hunter of Raleigh will preach in the local church next Sunday morning and evening. Mr. Hunter is now with Peace Institute as field representative, giving his whole time to the work.

Mr. Hunter was for some years a pastor and evangelist, and for several years past has been the chairman of the committee of schools and colleges in North Carolina, with headquarters at Davidson. He is a friend of the pastor and is anxious for engagements to preach each Sunday, though connected with Peace in another capacity. A large attendance is desired to greet him at both these services.

The pastor and congregation, together with friends of Peace, will be glad to welcome Mr. Hunter to Greenville.

First Poultry Shipments Set For Next Week

E. F. Arnold, farm demonstration agent of Pitt county, announced this morning that poultry shipments from Pitt county would begin Wednesday, January 23, with the first carload out of Ayden. A car will also be loaded at Greenville on the 24th. A list of prevailing prices has been sent out to all poultry growers of the county, and the first two carloads are expected to be made up in short order.

Mr. Arnold stated that over \$10,000 worth of poultry was shipped out of Pitt county last year. The industry has been greatly increased since that time and it is believed the record will be surpassed to no little extent this year.

The market quotation on broilers was given at 28 cents a pound, while hens were listed at between 20 and 23 cents a pound. Roosters were quoted at 12 cents.

Governor Smith is right
in urging the rank and file
of Democrats throughout the
nation to contribute to the
wiping out of the campaign
deficit. The debt is that of
the party and as pointed out
by the former candidate, it
should not be borne by just
a small group of persons be-
cause such action is equiva-
lent to placing the affairs
and control of the party into
the hands of a few men
which would mean the end
for the Democratic party.

DRIVERS SHOULD BE LICENSED

The Blount highway pa-
trol bill introduced in the
Senate yesterday would,
among other things, include
a license for automobile op-
erators in this state which in
our opinion would bring con-
siderable relief from some
of our present automobile
problems. The fact that this
licensing of operators is a
protective measure rather
than one to increase revenue
is clearly set forth in the
clause in the bill that would
require an examination of
every applicant for license,
including mental and phys-
ical fitness to drive a motor
vehicle. Under our present
law being 16 years of age or
over is the only requirement
for eligibility to operate an
automobile and it is evident
that there are hundreds of
persons above this age, who
either from a mental or phys-
ical standpoint are unfit to
operate motor vehicles, yet
they are within their rights
when they take the wheel of
an auto regardless of the
damages that they offer to
others.

The requirement that all
drivers be licensed should be
enacted into law and licenses
should be issued only on the
grounds of the applicant's
qualifications instead of just
to everyone who can pay the
necessary fee, as has been
the case in some cities where
drivers are required to have
a license before they can op-
erate an automobile. There
should of course, be a rea-
sonable fee to cover cost of
the examinations and the
license, but the measure
should be regarded strictly
as one for safety rather than
revenue and on these
grounds should be rigidly en-
forced.

ANOTHER GOAL

Another goal has been
achieved by the Greenville
Tobacco Market in the pass-
ing of the seventy million
pounds mark today. For the
past five years the market
has made a big increase over
each preceding year and at
the beginning of each new
season the goal for that
period has been set still

more weeks to go before the
present season ends this
year's goal has already been
reached which only goes to
show what can be accom-
plished when you really go
after it.

While no definite goal for
next season can be set until
crop reports give some indi-
cation as to the size of the
next crop, we venture to say
that none connected with the
industry will be content un-
less the goal is set above
that of this season, and once
it is set we venture the as-
sertion that a continuance of
the present spirit of co-opera-
tion on the part of toba-
cconists, business houses and
growers, will at the end of
the season bring about a re-
port similar to that of the
past five years: "Greenville
Market Goes Over The Top,
Season's Goal Passed."

ABOUT TOWN

"Numbers of larceny cases are
to come up for consideration during
next week's term of Pitt County Su-
perior Court, for the trial of criminal
cases," mentioned a reader to-
day, "and it is to be hoped the court
will deal drastically with them."

"Greenville and Pitt county have
been troubled with a series of thefts
the last several months. There is
only one way to deal with the situa-
tion. That is, for the courts to give
out punishment according to the
seriousness of the crime."

"Do you like Greenville, Mr.
Citizen?" inquired a local man to-
day, addressing himself to the entire
citizenship. "If so, why not boost
her enterprises and future possibil-
ities at every opportunity?"

"Greenville is in the midst of one
of the greatest periods of develop-
ment in years. Every day almost
we hear of the erection of new
buildings or the coming of some out-
side industry."

"People are interested in the pro-
gress of this town, and their inter-
est will continue to increase if you
boost as you should. Think of the
strong talking points of the com-
munity, and then talk them just
like you were paid for it. Other
towns and cities have found it to
their advantage to do so—why not
us? The proper kind of boosting is
the best advertisement a town can
get. So, keep this fact in mind and
go to it."

"How about your name on the un-
desirable list of the Merchants' As-
sociation?" inquired a member of
that organization today.

"This list contains the names of
about five hundred persons who were
derelict in the settlement of their
accounts last year. Some of them
are good, law-abiding citizens who
for some unknown reason permitted
accounts to grow old without set-
tling them."

"Should your name be contained
on this list, get busy and have it
erased at once. It damages your
credit standing with local business
organizations and will make it dif-
ficult for you to obtain recognition
in the future."

"The Merchants' Association pub-
lishes the list for the protection of
its membership. It is the only way

they have of preventing the opera-
tions of human parasites, intent
upon living off of other people."

"Keep in mind the fact that the
Salvation Army drive for funds will
open Monday, January 21st, and
make preparations to lend your
financial support to the organization
this year," urged members of the
American Legion, sponsoring the
campaign.

"It is useless to attempt to
enumerate the splendid achieve-
ments of the Salvation Army. Every-
body knows they rendered brilliant
service during the great World War
and since that time have been en-
gaged in amelioration of the suf-
ferings of that great mass of hu-
manity which no other organization
is able to reach.

"This band of faithful workers
have rendered unspeakable services
to this community the last several
months. If it is to continue to
serve, then it is the duty of a lib-
eral-minded public to contribute
freely to the approaching drive for
funds to carry on work here."

"Wake up and hear the little
birds singing," said a well known
business man to another today,
speaking of the progress which busi-
ness organizations of the city are
making.

"Did you read the financial state-
ment of one of the oldest business
firms of the city the other day?"

"Well, they advertised their as-
sets at over a million dollars. Think
of it, if you will. A million dollars
does not sound like much money,
but if you or I had it we could start
most anything and get away with it.

"It pays to follow the progress of
local organizations. They tell a
story of development which every
citizen ought to be more than
proud."

"Don't you want to keep posted
about the births and deaths and
general developments of this com-
munity?" asked the circulation man-
ager of the Reflector today.

"If so, let us enter your name on
our subscription lists today. The
Reflector graphically portrays the
varied happenings of the commu-
nity. It has done so over a period
of many years, and service has kept
pace with the progress of the com-
munity."

"Don't miss any of the important
happenings in this and other com-
munities. You are protected by one
of the greatest news gathering or-
ganizations in the world—the As-
sociated Press—therefore let us have
your name as a member of our fam-
ily of happy readers?"

Grimesland Wins Double Bill From Winterville Club

The Grimesland "Glorious Girls" met Winterville girls on the home court Wednesday afternoon, defeating them with an overwhelming score of 27 to 6.

In spite of the cold, rainy weather, both terms did excellent playing. They were evenly matched as to size but the Grimesland girls held the lead throughout the game.

R. L. Elks and H. Elks starred with a close following by M. L. Elks, Gurdys H. Elks, G. Elks, Proctor and F. Elks allowed only one field goal each.

Winterville
Worthington (3) Elks, M. L. (6) right forward
Vincent (2) Elks, H. (10) left forward
McLawnhorn (2) Elks, R. L. (10) center
Wade center guard
Smith right guard
McLawnhorn, J. B. Elks, K. left guard

The Grimesland boys defeated the Winterville boys with a score of 20 to 16. F. Proctor and A. Proctor tied for the starring score with Galloway and Elks follows a close lead.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

Western Conference Breaks Relations

By PAUL R. MICKELSON, Associated Press Sports Writer
Chicago, Jan. 18.—(AP)—The western conference has broken off relations with the Amateur Athletic Union of America and henceforth will conduct its own athletic meets independently, Major John L. Griffith, conference athletic commissioner, revealed today.

The action, which Major Griffith said was agreed to by every member of the conference, culminates a quarrel between the two organizations, which has been simmering for years but which reached its breaking point this past week when Northwestern University and Ohio State rebelled at A. A. U. policies.

Northwestern decided to break with the A. A. U. when the latter organization refused to sanction a swimming meet between the Pure and the Chicago Athletic Association because several of its swimmers had competed in an unsanctioned meet last summer.

Major Griffith predicted the Big Ten's action soon would be followed by other members of the National Intercollegiate Athletic Association, which he said was "tired of A. A. U. domination."

Still Pick Jury Cunningham Case

Nashville, Tenn., Jan. 18.—(AP)—Two jurors remained to be chosen today before the state begins the presentation of evidence against Walter Liegett, charged with the murder of Turner Cunningham, a former manager of the Andrew Jackson Hotel here.

Nearly a week has been consumed in the selection of 10 jurors, and more than 250 veniremen have been examined.

FIGHTS LAST NIGHT

(By the Associated Press)

Davenport, Iowa—Otto von F. knocked out Tom Sayers, Detroit, (3); Kayo White, New Orleans, outpointed Bennie "Kid" Stanley, Kansas City, (8).

Minneapolis—Armand, Emanuel of San Francisco, outpointed Harry Dillon, Winnipeg, (10); Roy Michaelson, Minneapolis, knocked out Red Carr, Winnipeg, (2).

Young Prize Fighter

New York—The bar seems to be losing and the ring gaining a good lawyer. Seymour Arad, 10, appeared in traffic court for his ill father. So good was his plea that sentence was suspended. "I suppose you're going to be a lawyer," remarked the magistrate. "No," said Seymour, "I want to be a prize fighter; there's more money in it."

Announcing

M. Goldstein, formerly with Curtis Perkins, wishes to announce a Tailoring Credit System, in which you can buy your clothes today and have one year to pay. Call us or come in today and let us explain this system to you.

Elizabeth City Cagers To Play Locals Tonight

The fast Elizabeth City basketball team clashes with Greenville tonight in the new gymnasium. The invaders are rated very well in the upper end of the state and last week overwhelmed their neighbors, Hertford, 31-5. This should presage a fine struggle when the whistle blows this evening, with Burnette ready to tip the ball off to Bostic, to Respass, for the signal play recently practiced so effectively against Goldsboro. The game will be called at 8 o'clock.

Studies Aviation

Philadelphia — Stewart Carlisle Stetson, son of John B. Stetson, Jr., United States minister to Poland, is a private in the marine training camp at Paris Island, S. C. He has a plane of his own, but enlisted primarily to learn more about aviation.

FOOTBALL CANDIDATES OFF AT CHAPEL HILL

Chapel Hill, Jan. 18.—(AP)—Candidates for the University of North Carolina football team, led by Ray Ferris, will start practice Monday and will continue eight weeks, the coach announced today.

Farris, guard and utility football player, was elected captain of the 1929 eleven yesterday. He is the third successive Charlotte boy to hold this honor at the state university and is called a "Five Threat" man in that his regular position is the line while he also kicks, passes, punts and runs with the ball from the backfield.

Governor Reed To Dry Up Kansas

Topeka, Kas., Jan. 18.—(AP)—Stringent efforts to dry up Kansas, where state prohibition has been in effect for nearly a half century, have been inaugurated under the leadership of the new chief executive, Governor Clyde M. Reed, and the state capital already has felt the crusade.

Raiding squads of federal and state prohibition officers launched into action here Wednesday and ten arrests were made. Announcement followed that raiding would continue until the town was dried up.

Market Report

Cotton--Stocks--Grain

COTTON MARKET N. Y. STOCK LIST

New York, Jan. 18.—(AP)—The cotton market opened steady at an advance of 4 points on near months which were influenced by relatively steady cables, to a decline of nine points on the later deliveries, which were depressed by overnight selling orders.

The general list eased off right after the call under liquidation attributed to disappointed holders, with March declining to 20.10 and July to 27.2, or about 7 to 9 points net lower, but there was some trade and local buying and the market steadied up a few points from the lowest by the end of the first half hour. A moderate volume of business was reported at the start but trading became very quiet later.

Private cables said that trade calling and local buying had absorbed hedging and some Bombay liquidation in Liverpool, that there was further cloth buying by China but a disappointing demand from India.

GRAIN MARKET

By JOHN P. ROUGHAN, Associated Press Market Editor
Chicago, Jan. 18.—(AP)—Surpassing every high price record heretofore this season, corn and oats today marched steadily upward, with July delivery of wheat likewise outdoing the season's top record. At the maximum point today, corn was about 26c a bushel above the season's bottom level. Drought damage rapidly continuing to cause extraordinary shrinkage of the corn crop in Argentina was the main market factor.

Besides numerous unfavorable reports were received as to the crop outlook for domestic winter wheat. Corn closed strong, 1 3/4c to 2 1/4c net higher, wheat 1 5/8c to 2c up, oats 1 1/4c to 2 1/2c advance, and provisions varying from 5/16c decline to a rise of 10c.

STOCK MARKET

New York, Jan. 18.—(AP)—The stock market gave an impressive demonstration of strength today in the face of a further increase in brokers' loans to around record high levels. Weakness developed in a few high priced specialties, but the general list moved upward with scores of issues lifted 2 to 13 points above yesterday's final quotations. Trading was fairly heavy in volume several blocks of 5,000 to 35,000 shares changing hands, indicating strong pool support.

A flood of new money appeared in the market and the call money renewal rate was marked down to 6 per cent. While New York banks, as shown by the Federal Reserve statement, are putting little new money in the market, the recent high rates have attracted a large influx of funds from out of town banks and large corporations. New bond offerings this week totaled \$22,000,000 as against about \$18,000,000 last week and \$123,000,000 in the corresponding week last year.

Business news continued generally favorable. The Sinclair Consolidated Oil Corporation announced that it had acquired a block of Vacuum Oil in exchange for some French oil securities. Prospects of stock split-ups stimulated bullish activity in several high priced specialties, Johns Manville scoring an extreme gain of 13 points to a new high record.

U. S. Steel, common returned to the leadership of the market in the early afternoon by climbing 3 points to 17 1/2, a new high price for the present stock. Standard Plate Glass advanced 3 points to 8 in response to the announcement of an increased tariff on glass. Public utilities were in brisk demand with Peoples Gas, American Waterworks and American Power & Light in the forefront of the advance.

Canadian Pacific, with a gain of nearly 6 points, was the leader in the railroad group.

What Congress Is Doing Today

(By the Associated Press)

Friday: Senate considers cruiser bill and the House independent offices bill. Nomination of Roy O. West to be secretary of interior scheduled for consideration by Senate in executive session.

Senate Immigration Committee has before it resolution which would postpone for year taking effect of national origins clause of immigration act.

Other House and Senate committees were in routine session.

Thursday: House refused to accept conference report on interior department bill.

House debated independent offices bill.

Consideration of cruiser bill continued in Senate.

Senate engaged in debate over Senator Harris' proposal for additional \$25,000,000 for prohibition enforcement.

Enactment of bill to regulate soft coal industry opposed by committee from United States Chamber of Commerce before Senate Interstate Commerce Committee.

Ambassador Herrick Returns To France

Paris, Jan. 18.—(AP)—Ambassador Herrick, who was seriously ill at his home near Cleveland, returned to Paris this morning.

The station platform was crowded with members of the American colony and French friends when the train pulled in.

Requ de Pouquierez, representing Foreign Minister Briand, was the first to greet the ambassador as he stepped from the car. He told Mr. Herrick how happy the minister, all his colleagues in the government, and all the French people were to see him restored to health and back in Paris.

Al Smith Elected Director of N. Y. Trust Company

New York, Jan. 18.—(AP)—Alfred E. Smith has been elected a director of the Country Trust Company of New York.

James J. Riordan, president of the trust company and friend of the former governor, said the matter of the chairmanship had not been determined and would not be until after the return of Mr. Smith from a vacation in the south.

Should Mr. Smith accept the

position he would have to devote the greater part of his time to the affairs of the trust company, while a mere membership on the board would leave him free to undertake some other commercial venture as his main effort.

The Country Trust Company opened for business on Feb. 23, 1926, with a capital of \$1,000,000 and a surplus of \$500,000. Mr. Smith, then governor, was its first depositor. The bank's total assets on Wednesday were reported as \$29,579,188.54 and the capital, surplus and undivided

profits on the same day amounted to \$2,133,175.11.

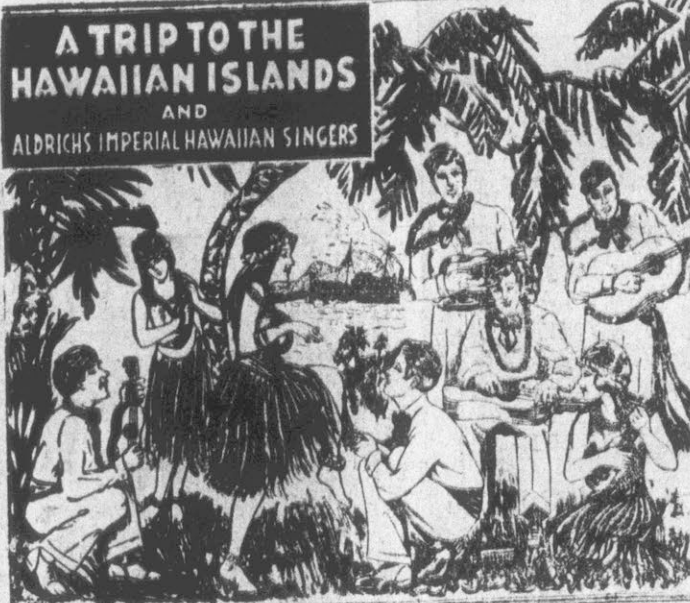

Directors of the company include William F. Kenny, John J. Raskob, and M. J. Meenan, personal friends of Mr. Smith.

Wins Suit Against Paper

London—Mrs. Mildred Cassidy, estranged from her husband, has won a verdict for \$25,000 against a newspaper which printed her picture and that of a turfman with a story that they were engaged. Mrs. Cassidy contended the interference that she was not married was libelous.
