

ASSAILANT OF WHITE WOMAN SENT TO ROADS

Several Other Cases Disposed of In Opening Session Criminal Court Monday.

Found guilty of assault on a white woman at Farmville several weeks ago, Walter Pratt, negro, was sentenced to two years on the county roads by Judge F. A. Daniels, presiding over the opening session of the criminal term of Pitt county Superior court in the city yesterday. Pratt was charged with attempted rape on a white woman.

The negro was arrested by Farmville police shortly after his attack on a Miss Burgeon on the streets of Farmville several weeks ago. He is alleged to have taken the woman in his arms, kissed her, and then tried. The assault created quite a stir in the thriving Pitt county town and every precaution was taken by officers to protect the prisoner against possible violence of the infuriated citizenship.

Four other cases involving charges of larceny, were disposed of at the evening session. The grand jury working away on a great volume of evidence, returned several true bills.

The grand jury is composed of the following: J. P. Rowlett, foreman; J. O. Harris, K. S. Stator, J. P. Dawson, H. R. Bullock, B. P. James, J. T. Bundy, Major Smith, W. C. James, G. N. Edwards, W. G. Buck, Guilford Evans, Luther Dail, J. P. Deiner, A. M. Wooten, C. A. Muschelwhite, Berry Bostie and H. M. Stocks.

Nathaniel Gaynor, colored, was sentenced to one year on the roads on a charge of larceny.

Joe Cox, colored, paid a fine of \$25.00 and cost following conviction of a charge of selling whiskey.

Jasper Harper and Leroy Shaw, colored youths had judgment suspended for a period of twelve months on charges of larceny. This action was taken because of their age.

Guy Sutton, charged with a warrant to keep peace, was found not guilty. The case was started in a magistrate's court, the defendant appealing to the higher tribunal.

The following true bills were returned by the grand jury:

James Moye, Clifton Williams, Horace Johnson, Buster Duncan, larceny.

James Moye, Clifton Williams, Zack Parker, Elwood Jenkins, Herbert Dupret, larceny.

W. R. Ippock, forgery.

Willie Dossin, larceny.

Berry Spell, carrying a concealed weapon.

Robert Vick, Charles Coward, Church Moore, larceny.

Get Here Award

Because of an act of extreme fortitude during the national balloon race at Pittsburgh, Lieut. Uzal G. Ent has been granted the Cheney award for valor in connection with aircraft. He disregarded his own safety in effort to save Lieut. Paul Evert when disaster overtook their balloon at start of race.

MILK STRIKE IS SETTLED AT CHICAGO

Producers And Distributors Reach Agreement At Conference Early Today

Chicago, Jan. 22.—(AP)—Chicago's milk strike, with its attendant displays of violence and destruction of milk destined for the Chicago market, was ended at a conference of producers, distributors and city health officers early today.

Dr. Arnold Kegel, commissioner of health, announced that the two factions, at loggerheads for weeks over the price to be paid for raw milk, had agreed to submit their differences to arbitration.

Officials of the Pure Milk Association, representing the striking dairymen, agreed to order the discontinuation of picketing pending settlement.

The dairymen's demands of \$2.25 a hundredweight for milk and the distributors' counter-proposal of \$2.50 were to be submitted for arbitration today at a meeting between representatives of the two factions.

Should this method of arbitration fail, Dr. Kegel was authorized at the early morning meeting to name one man to fix a fair price to be paid for the city's milk supply.

W. C. McQueen, president, and Don Geier, field manager, represented the Pure Milk Association, and Dr. Fred D. Walmsee and Harry Roser, represented the Borden Company at the conference.

Charles Wieland and Fred Coleman were delegates from the Bowman company.

The dairymen's demands of \$2.25 a hundredweight for milk and the distributors' counter-proposal of \$2.50 were to be submitted for arbitration today at a meeting between representatives of the two factions.

Season Sales On Leaf Market Reach 70,218,462 Pounds

Total sales for the season on the Greenville tobacco market today stood at 70,218,462 pounds, according to figures made public this morning in the official daily report of K. W. Cobb, supervisor of sales. The goal of seventy million pounds set for the season was reached with sales last Friday.

Sales yesterday amounted to 191,682 pounds of bright leaf for a total sum of \$41,808.12 at a general market average of \$16.59. The price situation was described as unusually strong on all grades.

The market will close for the season Thursday, January 31st. Farmers have been urged to market the rest of their tobacco as fast as possible so that the entire crop may be disposed of by the closing date.

CRUISER BILL IS THREATENED BY BLOCKADE

Congestion Of Legislative Calendar Causes Concern To Supporters Of Bill.

Washington, Jan. 22.—(AP)—A blockade—this time a legislative one—threatens for the present at least to entrap a prospective fleet of 15 cruisers and one aircraft carrier.

With the half-way mark of the three months' session already passed, the Senate's legislative calendar daily is becoming more and more congested and leaders are expressing some apprehension over the prospect of obtaining action on the warship construction bill—the last major administration measure awaiting disposition.

Again today this bill was sidetracked in favor of a deficiency appropriation measure which promised to hold the Senate's attention for some time as a result of the controversy over an amendment to increase by \$25,000,000 the fund for prohibition enforcement. Still another provision of the supply bill is in dispute—the tax refund item.

At the other side of the capitol the situation was reversed as the Republican tackle one of the few remaining appropriation bills awaiting action at its hands. The measure, that to provide funds for the District of Columbia government for the next fiscal year, promised to stir up but little major controversy although before final approval there undoubtedly will be minor disputes.

The House passed the cruiser bill and, unless the Senate should revise or amend its provisions, will not have to bother with it again.

Senate friends of the warship construction program in the hope of expediting its consideration have demanded longer working hours for the Senate and also have announced that a tentative decision has been made to keep the measure continuing only before the Senate as soon as the prohibition and tax refund compromises are settled.

With the confirmation yesterday of the nomination of Roy O. West, of Chicago, to be secretary of the interior, the Senate got rid of one of the subjects which has been delaying its progress on the naval measure.

Passengers Of Stranded Ship Taken To Nassau

Nassau, Bahamas, Jan. 22.—(AP)—Eighty-nine passengers rescued from the Stranded Dollar Liner President Garfield today enjoyed the hospitality of Nassau, unexpectedly added to the itinerary of their round the world tour.

The passengers praised the officers and men of the stranded liner as well as those of the Munson liner Pan-America, which took them off.

After the President Garfield ran aground on a reef at the northern end of the Bahamas group and the S. O. S. had been picked up by the Pan-America, the passengers took matters calmly as they awaited the arrival of the rescue ship. They had breakfast and luncheon as usual. Chinese stewards and mess-boys fished over the side of the ship in the still tropical waters.

Suzanne Lenglen Engages Passage On French Liner

New York, Jan. 22.—(AP)—The New York American says today that Suzanne Lenglen has engaged passage for herself and mother on the French liner Paris, sailing Friday, and that officials of the line are holding in reserve a stateroom for Baldwin M. Baldwin.

The Lenglens, who were reported eastward bound after a hurried departure from the California home of Baldwin's mother, Mrs. Anita M. Baldwin, have evaded all efforts to locate them.

Baldwin, who although still married, was at various times reported a suitor for the hand of the former world's tennis champion, also left his mother's home at the same time.

Bishop Cannon Given Trip To The Holy Land

New York, Jan. 22.—(AP)—A trip to the Holy Land is the prize awarded to Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, by the Christian Herald for the most significant contribution by an American citizen to religious progress in 1928.

The bishop will sail on February 14 on the Calanis and prior to his sailing will be honored at a dinner here, it was announced today.

J. S. Ficklen Completes Second Year As President Of Tobacco Board Of Trade

Under direction of James S. Ficklen, president of the Greenville Tobacco Board of Trade, the Greenville Tobacco Market is closing the greatest year in its history.

Mr. Ficklen, though a young man, has had years of experience in the tobacco business. He began his career under direction of his father, the late E. B. Ficklen, who up until his death in 1925, was President and General Manager of the E. B. Ficklen Tobacco Co., Inc. At the death of his father, he was promoted to the Presidency and General Manager of the company, which is one of the largest independent tobacco companies in Eastern North Carolina, handling about 12,000,000 pounds of bright leaf tobacco each year for the foreign and domestic trades.

Working about 250 laborers in their Greenville plant, the Ficklen Tobacco Company also has several Eastern North Carolina branch plants. Mr. Ficklen was born and raised in Greenville. He was educated at the University of North Carolina. Although a busy man with the details of the giant industry, of which he is the head, he was always kind and courteous with

his duties as President of the Greenville Tobacco Board of Trade. He selected his committees with a great deal of care and they were of untold value to him in handling the affairs of the Board of Trade.

Mr. Ficklen has served as President of the Tobacco Board of Trade for a period of two years. Under his wise direction, the tobacco market made this year what is believed to be a world's record of selling sixty million pounds of bright leaf tobacco in sixty sales days with four sets of buyers. The market sales for the two years he has been President are as follows: 1927—61,421,294 pounds of bright leaf tobacco for \$14,516,293.23. So far for the 1928 season the market has sold 70,218,462 pounds for \$14,838,493.45.

Mr. Ficklen has not alone been honored by the Tobacco Board of Trade, but has been honored by the city, the church and business firms. He is now a director of the Greenville Banking & Trust Co.; chairman of the Public Library committee of the town of Greenville; deacon in the Presbyterian church; and President of the Pyramid Advertising Company.

Many Bills Introduced In Legislature Today

Raleigh, Jan. 22.—(AP)—Seven state and three local bills were introduced in the Senate today. One of the outstanding state bills provides for a workmen's compensation act. It was sponsored by Canada, Democrat of Johnston, and Haywood, Democrat of Cabarrus.

Among other bills designed to affect the state as a whole were to increase the penalties for public drunkenness, an act relating to aeronautics, which covers property rights in case of damage by airplanes.

The workmen's compensation bill would provide for the creation of an industrial commission of the state, to consist of three members to be appointed by the governor. Each member of the commission would devote his full time to his office and would be paid a salary of \$4,000 yearly.

It provides for the remuneration of employees in case of accident, sickness, or death. The authors stated that it was similar to such acts in force in many states of the Union. In his inaugural address, Gov. Gardner recommended the adoption by the state of a workmen's compensation act.

The bill relating to public drunkenness, introduced by Senator Johnson of Robeson county, is similar to the one he entered some time ago to relate to Robeson county. It increases the fines and sentences for drunkenness, both public and while operating an automobile, and forbids the judge to suspend the sentence.

The bill relating to aeronautics, entered by Weaver, Republican of Buncombe, treats the property rights and determines liability for damage done by airplanes. It also regulates air pilots and airports. It was referred to the committee on judiciary number one.

The policemen's pension fund was sponsored by Brawley of Durham, Broughton of Wake, and Clark of Mecklenburg, all Democrats. It is to be financed by requiring every person found guilty of a criminal act in a court higher than that of a justice of peace, to pay \$1 in addition to the costs, which is turned over to the fund. Police officers are to become eligible to the benefits of the fund when they are injured while on duty, and his family

LIQUOR BILL GOES BEFORE SENATE BODY

Sale Of Whiskey By Doctor's Prescription To Get Further Consideration.

Raleigh, N. C., Jan. 22.—(AP)—Senator Person's bill to authorize the sale of whiskey in North Carolina on the prescription of a physician, today was in the hands of the Senate committee on public health. Over the protest of the author, the Senate last night voted 25 to 26 to adopt a motion by Senator Blue, Democrat, of Scotland, to commit the measure to this committee for a report.

The committee is composed of Senators Haywood, Canada, Womble, Lawrence, Blount, Cranford, Brawley, Galloway, Peil, Clark, of Edgecombe, Gravelly, Ivey, Weaver, Duncan and Raymer.

Senator Person's bill to require the registration of lobbyists, which had a favorable report from the committee on propositions and grievances, was referred to judiciary committee number one, on motion of Senator Higgins, Democrat, of Alleghany.

Both the Senate and House had full galleries last night as they convened for the third week of the session. The House was occupied principally with the introduction of new bills. A number of prospective laws were also proposed in the Senate, including a bill by Billier, Republican of Burke, to provide for the sterilization of mentally defectives in public institutions.

King George To Recover At Beach

London, Jan. 22.—(AP)—It was officially stated today that King George will go to Bognor, a popular bathing resort in Sussex on the south coast of England for his convalescence, but the date of his departure has not been fixed.

The king's physicians issued this bulletin today.

"The king had a quiet night. The temperature has now remained normal for many days and the condition of the pulse is satisfactory. The empyema wound is small and steadily healing.

"With a returning appetite the amount of nourishment is adequate and includes all solid foods.

"Although the general strength shows improvement there is not as yet any appreciable increase in weight.

"We feel that the time is approaching when his majesty's removal to sea air will be advantageous."

Many Killed And Thousand Buildings Wrecked By Fire

Constantinople, Jan. 22.—(AP)—Several persons were killed and a thousand buildings destroyed in the populous Greek district of Tavala, in Constantinople, today by a terrific fire fanned by a high wind.

At least 5,000 persons were driven from their homes to the freezing streets and suffered from exposure aggravated by a violent blizzard which swept the quarter.

Would Give President Power To Enforce The Eighteenth Amendment

Washington, Jan. 22.—(AP)—A plan to put prohibition enforcement funds directly in the hands of the president emerged today from wet and dry arguments which are now occupying a large part of the time of Congress.

It was sponsored by Senator Harris, of Georgia, whose proposal for a \$25,000,000 increase for enforcement is opposed at this time by Secretary Mellon. Harris cut a million dollars off his amendment and proposed that the \$24,000,000 remaining be made available for distribution from the White House.

The prohibition debate occupied the Senate with the bill for more cruisers awaiting a place for consideration. The House worked on the appropriation bill for the District of Columbia, while its ways and means committee gave further time to proponents for increased tariff duties on sugar, candies and like commodities.

The position of United Mine Workers on the bill to regulate the bituminous coal industry was presented to the Senate interstate commerce committee with Henry Warren, counsel for the organization, contending the industry was subject to regulation.

A bill to provide funds for construction work at a number of army air fields was presented to the House by Representative James, of Michigan, chairman of a subcommittee which has been considering the subject.

Two Miners Killed By Blast In Kentucky

Madisonville, Ky., Jan. 22.—(AP)—Two miners were killed in an explosion in the Blackstone coal mine near here yesterday, and the mine still was blocked today so that the extent of the damage remained to be determined. The miners who lost their lives were G. L. N. Nard and C. G. Gamblin, brothers.

They were blasting down coal shortly after the regular crew of 65 had left for the day.

J. E. Phelps, manager of the mine, said today the cause of the explosion had not been determined and could not be pending a clearing up and inspection of the mine. The front part of the mine collapsed in the explosion and it was not until late last night that a rescue crew found the bodies.

\$200 REWARD FOR CAPTURE OF MURDERER

A reward of \$200.00 was offered today for information leading to the arrest of Hubert Pulley, of the Cottontale community, Pitt county, charged with the murder of Eugene Jones, night policeman of Bethel, whose lifeless body was found on the Bethel-Williamston road last Saturday night.

The reward was offered by the state and county and is the last stroke on the part of public officials to bring about arrest of the perpetrator of one of the most reprehensible crimes committed in this county in years.

Pulley is reported to have spent Sunday at the house of a friend in the Kingston community. This information was received yesterday afternoon by the sheriff's office here. Police and county officers in all adjoining counties are keeping watch of various towns and cities hoping to bring about the capture of the criminal.

Pulley is alleged to have killed the Bethel policeman while the two were enroute to Robersonville to arrange bond for Pulley.

Pulley was arrested in Bethel Saturday night on a charge of stealing automobile wires. He was given preliminary hearing in a magistrate's court and bound over to a higher court under bond of \$100. A stranger in the Bethel community, Pulley was unable to furnish bond. He told Officer Jones that he had an uncle in Robersonville who would furnish bond if he could get in touch with him.

Desiring to befriend a man in a tight place, Officer Jones agreed to accompany the prisoner to Robersonville after advice from the chief of police not to do so.

The officer and his prisoner left Bethel about midnight Saturday night for Robersonville. Nothing was heard of them until early Sunday morning when the lifeless body of the officer was found lying alongside the highway between Bethel and Robersonville. Five bullets had been fired into his body.

Funeral services for the dead officer were conducted from his late home in Bethel yesterday afternoon. He was about forty years of age, and the father of ten children. He had served the town of Bethel as night policeman for about four years, and was considered one of the most competent men in service.

It was thought at the state department that the attack of the Ibn Wan group might have resulted because of a feud which exists between them and other branches of the Wahabi tribes under the leadership of Ibn Saud. The Ibn Wan group are known to be intense nationalists and for this reason are at odds with the Ibn Saud group.

Vanderbilt Meets Mrs. Gloria Bishop

Reno, Nev., Jan. 22.—(AP)—A casual meeting in court here of Cornelius Vanderbilt, Jr., and Mrs. Gloria Gould Bishop just before the latter obtained a divorce from Henry A. Bishop, Jr., of New York, served to revive a famous story of how the heads of the Vanderbilt and Gould families fell out more than sixty years ago after a \$7,000,000 battle in the stock market.

Mrs. Bishop and Vanderbilt chatted for a few moments yesterday after being introduced by Judge George A. Bartlett, who later granted Mrs. Bishop a divorce. Whether the meeting would narrow the gap which has existed between the two families so long was made the subject of newspaper stories.

Mrs. Bishop, daughter of the late George Jay Gould, was married to the New Yorker in 1923. At the divorce hearing she testified that Bishop had endangered her life on several occasions, and that on their second wedding anniversary he grabbed her and shook her violently in the presence of friends at their Greenwich, Conn., home. She said Bishop left her after that and that they had not lived together since. She was awarded custody of her daughter, Gloria, four years old.

FIRE DESTROYS NEW YORK BUILDING

Albany, N. Y., Jan. 22.—(P)—Fire early today destroyed the Sons of Italy Hall, a three-story brick structure in Madison avenue, on the edge of the main business district, causing loss of \$150,000. For a time there was fear of a conflagration.

AMERICAN IS SHOT TO DEATH BY TRIBESMEN

Rev. Henry Bilkerd, Missionary, Shot From Ambush On Irak Frontier.

Basra, Irak, Jan. 22.—(AP)—Slaying from ambush by Wahabi tribesmen of the Rev. Henry A. Bilkerd, American missionary, was expected today to have an important effect upon the political fortunes of Ibn Saud, potentate of the Arabian desert.

One hundred of the tribesmen, who are known for their ferocity, waited in ambush with the Irak frontier for the American party.

Charles R. Crane, Chicago, former American ambassador to China, and Mr. Bilkerd were in a closed automobile in advance of the party which was going from Basra to Kuwait. As they passed through the desert scrub, Mr. Crane noted that there were camels near. Irak shepherds had been warned of the approach of the raiding tribesmen and had hurried their flocks to Zubir, the last Irak town on the edge of the desert.

There was a sudden burst of rifle fire from the scrub and Mr. Bilkerd slumped forward dead, a bullet having entered his shoulder and hit the spinal cord. Mr. Crane escaped injury.

A second automobile carrying J. O. Crane, a brother of Charles P. Crane, and Charles Jones, a valet, was not hit by any of the bullets. As the cars sped away from the scene occupants of the second car, which was open, saw about a dozen armed Wahabis on horseback. These tribesmen gave chase to the Americans but were soon outdistanced.

The Wahabis are nominally under the sway of Ibn Saud and their border raids have been a source of trouble to the British government which holds a mandate over the kingdom of Irak. Last month, tanks, armored cars and airplanes were concentrated along the frontier, when it was rumored that the desert tribes were about to launch a "holy war" against tribes in the British mandated territories. Efforts to settle questions concerning the border by diplomacy failed last August and since the various bases for the defense of the Irak frontier have been established.

It was predicted today that the slaying of the American missionary might lead to the immediate and drastic settlement of Ibn Saud's dispute with Great Britain and Irak.

Mr. Bilkerd was a native of Kalamazoo, Mich., and came to Irak four years ago after eleven years on the Persian Gulf. He was a missionary of the Reformed Church in America. Mr. Crane is personally acquainted with Ibn Saud.

Advices to the United States state department from John Randolph, American consul at Bagdad, said that Bilkerd was killed by the Ibn Wan group of the Wahabi tribe.

It was thought at the state department that the attack of the Ibn Wan group might have resulted because of a feud which exists between them and other branches of the Wahabi tribes under the leadership of Ibn Saud. The Ibn Wan group are known to be intense nationalists and for this reason are at odds with the Ibn Saud group.

KELLOGG TO PUSH WORK ON TREATY

Secretary Hopes To Finish Signing of Pact During Next Several Weeks.

Washington, Jan. 22.—(AP)—During the remaining few weeks of the Coolidge administration Secretary Kellogg hopes to complete the comprehensive program he laid out more than a year ago in the negotiation and signing of treaties of arbitration and of conciliation with practically every nation in the world.

Having sponsored the multilateral treaty for the renunciation of war and its ratification later by the Senate, he now is anxious to finish the negotiation and signing of the bilateral treaties of arbitration and conciliation which he believes will furnish a very effective mechanism of the pacific settlement of such judicial disputes as may arise between the United States and other nations.

Within the next month, Mr. Kellogg hopes, the fourteen other original signatory nations to the anti-war treaty will have ratified that pact, thereby making it effective between themselves and also between the other nations which have formally deposited their adherences at Washington. As that treaty calls for the pacific settlement of all international disputes, Mr. Kellogg foresees the need of the United States for machinery to facilitate the adjustment of such controversies and set about concluding treaties with all nations for that purpose.

The arbitration treaties signed with various nations by Secretary Root more than 20 years ago were expiring and Mr. Kellogg decided to modernize them. He eliminated from the scope of arbitrations "questions affecting the vital interest, the independence of the honor" of the contracting parties.

In its revised form the draft of the arbitration treaty was offered to 32 nations. Thirteen of these treaties have been signed and eleven ratified by the Senate. Negotiations are continuing with the remaining 19 countries.

Foch Still Improves.
Paris, Jan. 22.—(AP)—Marshal Foch's doctors this morning issued this bulletin:
"The condition is very much better. The patient is allowed to sit up a full hour today. A visit by anyone remains absolutely forbidden."

Madame Fournier, the marshal's sister, who was summoned when his illness was grave, returned to Clermont Ferrand today.

Roosevelt Asked To Prove Election Charge

Albany, N. Y., Jan. 22.—(AP)—Governor Roosevelt today faced the possibility of being asked by the legislature to produce proof of a statement that a feeling was prevalent after the last election similar to that which "followed the theft of the presidency in the Tilden case."

A resolution inviting the governor to produce such evidence was introduced by a Republican assemblyman, Richard B. Smith, of Onondaga county. The resolution said "challenges the honesty of the election of Herbert Hoover, and casts a cloud upon his right to assume office of the president of the United States on March 4th," and that "the plain import of such statement is to cast reflection upon the methods employed by the supporters of Herbert Hoover in the last election."

Criticism of the governor was made in the resolution for giving the influence of his office to the statement based on what the governor said was an expression of opinion of his correspondents.

The resolution said it was the duty of the legislature to enact legislation to correct conditions such as were charged. Governor Roosevelt's statement said connection with the feeling prevalent after the defeat of former Governor Alfred E. Smith as Democratic presidential candidate.

"This clearly expressed feeling can only be compared to that which followed the theft of the presidency in the Tilden case. Bigotry, ignorance of Democratic principles, the spread by unmistakable and un-American methods of the most atrocious falsehoods; unfair and improper pres-

sure brought to bear upon workers in specially favored Republican industries; false claims for the prosperity of the country and kindred propaganda, cheated, so my correspondents feel, our party of the presidency."

The statement was issued by the governor recently after he received replies from 3,000 letters sent to Democratic leaders in various states asking opinions as to the party's situation.

Note From Dead Divulges Mystery Of Lake Steamer

Sault Ste. Marie, Ont., Jan. 22.—(AP)—A veritable note from the dead today threw the first ray of light on the wreck of the Kamloops—one of the mysteries of the Great Lakes.

The Kamloops, with her crew of 21, was lost in a storm that swept the Lakes December 6, 1921, and no clue ever was found as to the fate of her crew or the manner and place of her sinking.

Last month, just about a year after the tragedy, a trapper found a note signed "Alice" in a bottle at the mouth of the Agawa river, indicating the ship foundered on the Rock of Isle Royale and that the writer was the sole survivor and was dying of cold and starvation.

Louis Coutu, the trapper, after guarding the contents of the note for some time turned it over to Captain H. J. Brian, a brother of the skipper of the lost ship, who made a search of the Isle Royale shore line. He reported finding wreckage piled high on the beach and a case that had contained can-

dy, broken open. He expressed the belief that some members of the crew had reached shore and had died. The Canada Steamship Lines, owners of the Kamloops, dispatched an expedition to the island, but reported nothing was found to support a claim that any of the crew had reached shore.

Captain Brian, who made public the note today, said the writing had been identified by the parents of Alice Bettridge, assistant stewardess of the ship, as that of their daughter. The writing was almost illegible. It is now believed that the day of the stewardess was one of several found on the shore of Isle Royale early last summer.

Institute Head Commits Suicide

Phoenix, Ariz., Jan. 22.—(AP)—Word reached here last night that R. L. Welch, general secretary of the American Petroleum Institute, had been found dead in his desert home north of here. Death apparently was caused by a self-inflicted bullet. He was found in the bathroom by his brother, who had heard a shot fired. A pistol lay nearby.

CURTIS PERKINS

Social & Personal

Dr. Joseph Smith went to Snow Hill today to attend the funeral of Mrs. Lassler.

Mrs. David J. Whichard, Jr., and children spent today in Goldsboro. Misses Betty Dixon, Frances Taft and Elizabeth East have returned from a visit in Raleigh.

Mr. and Mrs. A. S. Jordan of Plymouth spent the week-end here with Mr. and Mrs. J. S. Willard.

Claude Grant of Rich Square, was here last night.

Bridge and Rook Tournament.

The Auxiliary of the American Legion will have a bridge and rook tournament Thursday afternoon and evening in the teachers' dormitory at East Carolina Teachers' College. The proceeds will be used to pay for the tables for the memorial bridge. All those who wish to reserve tables will please call Mrs. L. E. Bowling, phone 225-W, or Miss Annie Whichard, phone 56 or 36. Make your reservations as early as possible. Tables can be arranged for those who wish to entertain their clubs or parties. Players will be charged \$2.00 a table, or fifty cents each. The afternoon party will be at 3:30 o'clock. The one in the evening will begin at 8:15. Everyone is invited and urged to attend. Remember the day, Thursday, January 24th. Make your reservations early.

If you have property to sell, consult with us, it will pay you well. H. A. White & Sons, Realtors, General Insurance, 403 Evans St., phone 49. Est. 1895.

During These Days.

While the weather is so uncertain and colds are prevalent—let our expert operators care for your hair and scalp. The purchase of a Service Cards brings the cost of this service down to a minimum. Call 31. —THE VANITIE BOXE.

LOCAL MATH TEACHER SPEAKS AT TULSA

Dr. Herbert ReBarker, head of the department of mathematics at East Carolina Teachers College, has just returned from a trip to Tulsa, Oklahoma, where he spoke at the Southern Baptist Sunday School Convention that met in that place last week. The subject of his address was "The Teacher Teaching."

Reserve your table for the American Legion Auxiliary bridge and rook tournament Thursday afternoon and evening.

If you have property to sell, consult with us. It will pay you well. H. A. White & Sons, Realtors and General Insurance, 403 Evans St., phone 49. Est. 1895.

SALVATION ARMY WORKERS MEET

The captains and workers for the Salvation Army campaign met at Mrs. Parkerson's Dining Room on Monday evening at 6:30 and enjoyed a splendid dinner. Mr. A. B. Corey, chairman of the campaign, stated that the purpose of this meeting was to perfect plans for the drive which begins Tuesday morning.

Short talks on behalf of the Salvation Army were made by Prof. R. C. Deal, Judge Darden, Mr. F. C. Harding, Mrs. K. B. Pace, Mrs. E. W. Harvey, Rev. E. L. Hillman, Rev. L. R. O'Brian, and Rev. W. S. Harden.

The chairman read the names of the captains and their workers and asked that each group begin work at 9 o'clock Tuesday morning.

The members of the Legion Auxiliary will canvass the residential district and it is earnestly hoped that every person in Greenville will contribute to this good cause.

—Mrs. E. W. Harvey.

- Heber C. Baker and wife to Carlos Pray, 2 lots, \$100.
- E. Shields and wife to R. A. Askew, 4 lots, \$10,000.

GODFREY LUDLOW HEARD OVER RADIO

Radio listeners were thrilled on Saturday evening by the playing of Godfrey Ludlow, the noted Australian violinist. The interest in his radio programs is greatly increased by the announcement that he will appear in Greenville this spring, on March 22, and his admirers can then see him face to face and watch him handle the bow. Radio

WE Examine Eyes—Fit Glasses—Grind Lens—W. L. BEST Op-tom-e-trist

rons have the same interest in John Charles Thomas, who has been the start attraction in some of the best radio concerts. The popularity of the books by Richard Halliburton, "The Royal Road to Romance" and "The Glorious Adventure," have made this daring adventurer such an interesting figure in romances that all who have read or heard of these books are eager to see the man who has actually done all these things. These are the three feature attractions that come later in the all-star series of attractions East Carolina Teachers College is offering in the winter and spring series of attractions, for which season tickets are now being offered.

The one of greatest interest to the Greenville public is perhaps the opening attraction, The Denishawn Dancers, Ruth St. Denis, Ted Shawn and eight other dancers, who will be here Wednesday of next week, January 30th.

Season tickets for the four attractions are being sold by members of the Woman's Club. Seats for the Denishawn Dancers will be placed on sale one week in advance on tomorrow, Wednesday, of this week.

Oakland Holds To Old Prices

Pontiac, Mich., Jan. 22.—(AP)—One of the major surprises registered at the first showing of the new Pontiac Big Six, is the fact that the Oakland Motor Car Company has been able to retain the original base price of \$745 on a car so completely eclipsing previous Pontiacs in size, speed, performance and beauty.

"Immense purchasing power and the vast economies of quantity production are the secrets behind the increased value which the new Pontiac presents," explained W. R. Tracy, vice-president in charge of sales.

"Incidentally, when an automobile is improved and enlarged so radically as is the new Pontiac Big Six, the major changes in factory tooling and equipment and in all the infinite detail of building a motor car, present a genuine problem which subjects the cleverest manufacturing brains to the ultimate test.

"A new model only slightly different from the previous line may be placed in production after relatively simple changes in equipment and production arrangements. Under such conditions, the factory within a week or two may attain maximum production on the new model.

"But in introducing a greatly improved model, the task becomes multiplied many fold because the amount of preparatory work is in direct proportion to the number and the importance of the improvements. In preparing to turn out a practically new Pontiac Six our production department faced the most complex problem in the history of the Oakland Motor Car Company. Changes had to be made all along the line, from foundry specifications to the finish of the tail lamp. The new gear and axle plant, the motor lines, assembly lines, sheet metal stamping department—even the shipping department—required re-vamping in preparation for building this new Pontiac which we are positive will bring us the greatest volume year in our history.

"But with the factory changes all completed, and with cars rolling from the assembly lines as rapidly as is possible—while conforming to our rigid precision and inspection standards—delivery of the new car to the ultimate consumer may be expected to take place soon after the car has been placed on display at the dealers' showrooms."

Attend the bridge and rook tournament Thursday afternoon or evening.

Ask Your Neighbor—Ask your friend—ask your chum—they'll all agree when it comes to the art of beauty culture, on one place—

Billy Brown Makes Good At University 'Varsity Basketball

It is a source of much gratification to friends here that Billy Brown, son of Dr. Zeno Brown, is making good as a member of the 'varsity basketball team of the University of North Carolina.

Young Brown was given a chance at a first string position two or three weeks ago and since that time has been leading the team in scoring.

This is the first time a Greenville man has played on a Carolina 'varsity team in several years and the showing of Brown, a former Greenville high school star, is receiving more than passing interest of former Carolina students in this section.

Al Hughes Made A. B. C. Auditor

Al Hughes, cashier at the local plant of the National Biscuit Company, has been promoted to traveling auditor of his company with headquarters in New York City. He will report for duty sometime within the next thirty days. Mr. Hughes was called to New York over the week-end for a conference relative to the change. He has been connected with the Greenville department about three years.

Flu Situation Improving At Local College

The flu situation at East Carolina Teachers' College is much improved. Cases in the infirmary have been reduced over the past few days from more than twenty to only eight. This is the fewest number of cases at any time since the opening of school after the holidays.

Japanese Diet Hears Echoes Of Ruler's Murder

Tokyo, Jan. 22.—(AP)—Despite pleas by Premier Tanaka to opposition leaders not to mention the subject, the unalloyed ghost of Chang Tso-lin, once ruler of northern China, stalked through the Japanese Diet this afternoon.

Ryutaro Nagai, a member of the Minseitō (opposition) party, led off the interpellators by asking the premier why the government had not cleared up the mystery of Chang's death which reflected unfavorably toward Japan.

"Abroad there are rumors concerning the bombing of Chang Tso-

lin which should be allayed," said Nagai. "The government claims the matter is under investigation but the investigation should have finished long ago."

Baron Tanaka's reply was blunt, he said the government was still investigating.

Marshal Chang died from injuries received when the special train in which he fled from Peking to Mukden last June was blown up in Manchuria. It had been understood that the government would be assailed by the opposition for its failure to clear up the mystery of Chang's death, it being claimed that as long as the facts are not known a cloud rests on Japan's international reputation.

Surgeons Plan To Make Child Walk

Chicago, Jan. 22.—(AP)—Surgeons of the University of Illinois College of Medicine are to attempt a series of operations, such as never before been attempted, in an effort to enable a five-year-old girl, born without feet, to walk, run and play.

Dr. Henry Basom Thomas, professor of orthopedic surgery at the college, said it is hoped by the operations to form the muscles of the lower leg into substitutes for feet. A series of exercises is planned to follow the operations for the purpose of enabling the child to walk normally.

The girl's name was withheld.

Many Cities Want Noted Criminal

St. Joseph, Mo., Jan. 22.—(AP)—Several cities, including many in the Old South, have asked local police for the custody of Cecil E. Irons, who was arrested here Sunday as a suspect in a New Orleans gem robbery.

New Orleans is sending police officials here to secure him, while word came tonight from Springfield, Mo., that G. C. Pike, chief of police, and H. L. Teaff, assistant chief, are en route here to secure Irons, who is charged with stealing jewels valued at \$5,000 from a wealthy Springfield woman.

Other cities have fired that they are sending men to look over Irons. When arrested the prisoner said that he was wanted in 11 cities. Police here have been informed that he is wanted in Miami and Pensacola, Fla.; Richmond, Va.; Rome and Atlanta, Ga.; Beaumont, Tex.; Fort Smith, and Hot Springs, Ark. Jewel robbers are blamed on him in each of the cities.

If you have property to sell, consult with us, it will pay you well. H. A. White & Sons, Realtors, General Insurance, 403 Evans St., phone 49. Est. 1895.

Slenderizing SPRING MODES.

Details of Design That Takes off Pounds

The woman of mature proportions finds modes that are charmingly suited to her dignity and poise in the spring clothes designed especially for her at Forbes. And she will be delighted with all the dressmaking touches that show the fineness of their making.

Pointed effects, in girdles, drapes, tiers are a chic method of drawing the eye up and down to create a slim appearance.

Diagonal lines, achieved by means of seaming and stitched on trims, are slenderizing. As are smart broken lines.

C. Heber Forbes

Dresses Are Scenery Women Buy Them For EFFECT

If there were no men to admire and no neighbors to grow jealous, the women's dress business would slump into a sort of uniform industry. A dress is three-quarters sold when a woman feels it will lend her charm and fascination, especially when the garment shows elementary honesty in fabric and needlework.

That is just what you will find in the Ready-to-Wear Department.

SHOULD HAVE DIED AT THE BEGINNING

It is, in our opinion, unfortunate that the Senate should have given enough serious consideration to the person drug store liquor bill...

"What is that thing over there?" inquired a visitor to the Reflector office, pointing to the electric typewriters in the front windows of the Reflector building.

"The tobacco market will close in eight days," remarked a tobaccoist today, "and growers should market the rest of their crop as hurriedly as possible."

"That scientist who claims that creation is the result of an accident, is just as much lost as Darwin or some of the other evolutionists attempting to lead men and women out into a starless night," declared a well known citizen today.

COURTESY TO COOLIDGE

Explaining the action of the Senate in confirming R. O. West as a courtesy to Coolidge, the News and Observer says:

"Only 27 Senators registered their dissent to the confirmation of Roy West as Secretary of the Interior. The only arguments that secured confirmation were, first, that he had promised not to act officially upon any matter in which Insull is interested, and, secondly, that his time would expire on March 4, and nobody had suggested him for reappointment."

"The appointment of West was as scandalous as that of Warren to be Attorney General. Warren represented the sugar interests and West represents the power interests. The Senate evidently did not wish to register a rebuke of President Coolidge as he was leaving office. That explains the confirmation."

Whenever those republicans south of us start a war we are suspicious of their opening a charge account with us.—Atlanta Constitution.

Nothing makes daughter more indignant than father's not being able to make money enough so mother can dress as she does.—Cincinnati Enquirer.

ABOUT TOWN

Bethel mourns the loss of Police Officer Eugene Jones, killed last Saturday night by a prisoner he was attempting to do him a favor, said a citizen of the Pitt county town today.

"Members of the bar and court attendants, too, were glad to see Judge Daniels back on the bench yesterday following a short absence from the flu," remarked a citizen who attended the opening session of the criminal court here yesterday morning.

"Judge Daniels is one of the best known jurists in this part of the country, with profound respect. His improved condition and return to the bench is a matter of gratification all over the state."

"I understand now why the Reflector carries such comprehensive reports dealing with happenings during the afternoon hours. It is a service any newspaper might justly be proud of."

"It looks as if the market is bound for seventy-one million pounds now that the seventy million goal has been passed. This gives us something to talk about until next season when we shall again attempt to establish a record yet to be determined."

"That scientist who claims that creation is the result of an accident, is just as much lost as Darwin or some of the other evolutionists attempting to lead men and women out into a starless night," declared a well known citizen today.

"This brings us back to the Biblical interpretation of creation—the story of Adam and Eve. Women may not like the idea of origination from the rib of a man. It is an old bone of contention among the intelligentsia, but it is much more desirable than the monkey theory or that suggesting that man is just a happen-so—a freak—the result of an accident."

"The late and lamented William Jennings Bryan was right when he declared, 'Do those evolutionists stop to think of the crime they commit when they take faith out of the hearts of men and women and lead them out into a starless night.'"

"Destroy faith in the Bible and replace it with the theory of evolution and civilization is leaded out into a starless night, without hope, without direction—an object of desolation and pity."

NOTICE OF SALE: By virtue of power of sale contained in that certain mortgage executed by E. A. Cooper and T. B. Cooper bearing date March 17th, 1924, recorded in Book C-15, page 516, Public Registry of Pitt County, the undersigned will sell at public auction to the highest bidder for cash, before the Court House door in Greenville at 12 o'clock, M., Monday, February 4th, 1929, the following parcel of land: In Winterville Township, Pitt County, North Carolina, beginning at the intersection of the Winterville and Tar Road and running west with Winterville Road to Anderson Ragland's line and thence north with said Anderson Ragland's line to Mrs. Joseph Barber's line and thence east with said Joseph Barber's line to Tar Road and then south with said Tar Road to the beginning containing eighteen acres more or less. For a full description see Deed made by the late E. A. Cooper, recorded in Book P-15, page 55.

NOTICE: Having qualified as administrator of the estate of Sallie A. Baker, this is to notify all persons having claims against said estate to present them to the undersigned within twelve months from the 17th day of January, 1929, or this notice will be plead in bar thereof. All persons indebted to said estate will please make immediate payment. This January 17th, 1929. L. McKel, Adm., Ahockie, N. C.

NOTICE OF SALE

By virtue of power of sale contained in that certain mortgage executed by E. A. Cooper and T. B. Cooper bearing date March 17th, 1924, recorded in Book C-15, page 516, Public Registry of Pitt County, the undersigned will sell at public auction to the highest bidder for cash, before the Court House door in Greenville at 12 o'clock, M., Monday, February 4th, 1929, the following parcel of land: In Winterville Township, Pitt County, North Carolina, beginning at the intersection of the Winterville and Tar Road and running west with Winterville Road to Anderson Ragland's line and thence north with said Anderson Ragland's line to Mrs. Joseph Barber's line and thence east with said Joseph Barber's line to Tar Road and then south with said Tar Road to the beginning containing eighteen acres more or less. For a full description see Deed made by the late E. A. Cooper, recorded in Book P-15, page 55.

CALUMET THE WORLD'S GREATEST BAKING POWDER. Calumet contains two leavening units; one begins to work when the dough is mixed; the other waits for the heat of the oven—then both units work together. Gives you double value and a double safeguard against failure because it is DOUBLE ACTING. MAKES BAKING EASIER. LESS THAN 1¢ PER BAKING.

NOTICE OF SALE

Under and by virtue of the authority contained in that certain order entered on the 14th day of January, 1929, in an action entitled "Fleishman, Morris & Company, Inc. vs. George A. Clark and others," by Hon. J. P. Harrington, Clerk of the Superior Court, the undersigned Commissioners will on Monday, the 18th day of Feb., 1929 at 12 o'clock, Noon, before the Court House door in Greenville, offer for sale upon terms of cash, and upon terms of part cash and part credit to be announced at the sale, the following described tracts or parcels of land, to-wit:

A certain tract of land lying and being in Pitt County aforesaid, and more particularly described as follows: In Chieced Township beginning at a stake at the crook of a ditch in the field, A. Jerome Cox corner, and runs South 45 1-2 east 56 poles to an old gate post on the west side of the public road leading from Calico X Roads to the Washington and New Bern in Beaufort County, and running with said road North 63 east to a bridge on a ditch in the Cowell Smith line, thence up said ditch to a stake with pointers, corner of said Smith land, thence northwardly with said Smith line to the old path that leads to the J. T. Adams place, thence westwardly with said path to a lightwood knot, W. N. Cox's corner, then South 10 1-2 west 124 poles to the beginning, containing 90 acres more or less, and being the same tract of land conveyed by Sarah A. Cox to J. Horace Cox by deed bearing date of March 6th, 1911, and duly registered in Book U-P, at page 234 in the office of the Register of Deeds of Pitt County.

Also another tract described as follows: Beginning at a stake near the run of Galloos Branch and runs with said branch to Haw Branch; thence down the run of Haw Branch to a short distance to a small branch, making into Haw Branch and being the line of the tract of land owned by the late Wyatt Clark, then up the run of said small branch to N. T. Cox's line thence with said Cox's line a northerly course to a stake near the road crossing of Haw Branch; thence with his other line south 89 east 112 poles to the corner of lot No. 5 of the Nobles land; thence with that land to the beginning, containing 81 acres more or less, and being the same land conveyed to J. Horace Cox by D. A. Smith and wife, Margaret Smith, by deed dated March 6th, 1911 and duly registered in Book U-9, at page 234, in the office of the Register of Deeds of Pitt County, to which reference is hereby directed for more accurate description.

Both of said tracts being the identical lands that were conveyed on the 29th day of December, 1924, by Louis S. Strauss, Trustee, to J. C. Savage and wife, Mimmie L. Savage by deed duly recorded in Book N-15 at page 234, and conveyed by H. W. Whedbee and F. M. Wooten, Commissioners, to Louis S. Strauss on the 9th day of February, 1924, by

Sore Throat? Don't Gargle

Quicker and Better Relief With Famous Prescription. Don't suffer from the pain and distress of sore throat—gargles and rubs are too slow—they relieve only temporarily. But Thoxine, a famous physician's prescription, is guaranteed to give relief almost instantly. Thoxine has a double action—relieves the soreness and goes direct to the internal cause. No chloroform, iron or other harmful drugs—safe and pleasant for the whole family. Also wonderfully effective for relieving coughs. Quick relief guaranteed or your money back. 35c, 60c, and \$1.00. Sold by Pitt Drug Co.

deed duly recorded in Book V-14, at page 554, all of the Register of Deeds office of Pitt County, and all of said deeds are hereby referred to and made a part of this conveyance. This sale is made by order of Court and is subject to confirmation by the Superior Court of Pitt County, and the purchaser will be required to make a cash deposit of not less than ten per cent of the purchase bid to await confirmation. This the 14th day of Jan., 1929. W. L. Whedbee L. G. Cooper, Commissioners Jan. 15-17-4wk.

CERTIFICATE OF DISSOLUTION State of North Carolina Department of State. To All To Whom These Presents May Come—Greeting: Whereas, It appears to my satisfaction, by duly authenticated records, of the proceedings for the voluntary dissolution thereof by the

unanimous consent of all the stockholders, deposited in my office, that the White's, Incorporated, a corporation of this State, whose principal office is situated at No. 111th Street, in the Town of Greenville, County of Pitt, State of North Carolina (W. F. Young being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 22, Consolidated Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

NOW, THEREFORE, I, J. A. Hartness, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 11th day of January, 1929, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, of which said consent and the record of the proceedings aforesaid are

now on file in my said office as provided by law. IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed my official seal at Raleigh, this 11th day of January, A. D. 1929. J. A. HARTNESS, Secretary of State. (Official Seal) Jan. 14-17-4wk.

NOTICE OF DISSOLUTION We beg to advise the withdrawal from the firm of Speight & Company of the junior partner, James T. Little, who is accepting a very fine opportunity in another field of business. The firm will continue to operate under the name of Speight & Company under the direction of Jesse Speight, and continue to buy cotton and cotton seed throughout this section both for mill and export trade. Speight & Company. Jan. 17-17-4wk.

HISTORY repeats itself again. On January 7, 1926, the Pontiac Six came into existence. It had bodies by Fisher. It sold for \$825. It introduced real luxury and beauty to buyers in the low-priced field. But Pontiac's builders did not rest content with their early triumph. They knew that American people are constantly on the lookout for new and finer things. So in February, 1927, they introduced the New and Finer Pontiac Six. And it was lower in price than ever, selling for \$775. Then, in July, greatly increased production enabled Pontiac's builders to reduce the price again. New Pontiac sold for \$745. Came 1928, and with it a still finer Pontiac. Even then the price remained only \$745. And after six months, Pontiac was made faster, more powerful and more attractive than ever. This brief review gives you an idea of something that is coming. Automobile history is repeating itself again. Soon Oakland will present a brand new Pontiac Six, an even greater advancement over other low-priced cars available today than the original Pontiac represented in 1926. BRAVES HAVE BIG ROSTER THIS SEASON

By WILLIAM E. KING (Associated Press Sports Writer)

Boston, Jan. 22.—(AP)—President-manager Emil Fuchs of the Boston Braves hasn't been worrying about his ball club lately. He hasn't had time.

The genial magnate, who started the baseball world when he sold Rogers Hornsby and then announced he would manage the club himself, does not even know how many players he will have when his squad gathers at St. Petersburg, Fla., several weeks hence.

During the last few weeks, Fuchs has been kept on the jump explaining his club's connection with the passage of the Sunday sports referendum and his efforts to obtain a Sunday baseball permit from the Boston city council.

Fuchs will have plenty of assistance managing his 1929 Braves. After trading Hornsby he retained Johnny Evers and Hank Gowdy as his understudies.

He is also going to have many veteran ball players, among them Joe Dugan who helped the Yankees win five world series, and Rabbit Maranville who played for the inspired Braves of 1914.

Though Fuchs has given it no thought as yet, it is more than likely that Dugan will be holding down third base with Rabbit on his left at short-stop when the season begins. Freddy Marjore, who came from the Cubs in the Hornsby deal, is the logical choice for second base, and George Sisler probably will be able to retain his first base berth.

The others on the infield list are Lester Bell, Eddie Farrell and Walter Gautreau, all with the club last season; Glen Metcalf, purchased from Toledo, and a youth named James, from the Omaha club in the Western League.

The best outfield combination appears to be Lance Richbourg and Earl Clark back again in right and center, and either George Harper, late of the Cardinals, or Al Moore from Buffalo, in the left garden. Fuchs also has retained Eddie Moore, Jack Smith and Heinie Muller, who chased files for Hornsby last season.

The catching department comprises Zaek Taylor, Al Pohrer and Bill Cronin, all veterans. Pat Collins, another ex-Yankee, and two rookies, Dick Smith, drafted from Montreal, and Louis Leggett, purchased from Reading.

Fuchs thinks he has 14 pitchers but he is not sure that several more won't appear when the squad assembles in Florida.

The veterans are Ed Brandt, Ben Cantwell, Johnnie Conev, Arthur Delaney, Kent Greenfield, Elmer Hearn, Herman Holshour, Bob Smith and Henry Wirtz. The newcomers are Percy Jones, another involved in the Hornsby trade; George Levertt, with Indianapolis last season; Bill Cunningham, who performed in Los Angeles last year; Harry Seibold, considered the best major league pitcher of last year, when he played for Reading, and George Perry, late of Wichita, Kas.

Labor Head Tries Golf.
New York—Golf is given credit for the five-day week by Miss Frances D. Perkins, state commissioner of labor. Employers, she says, are giving employes as well as themselves Saturdays off to chase a ball over the hills with sticks, as Monsieur Aristide Briand once described the game.

WEAK AND THIN

Virginia Lady Was Just Dragging Around. Health Improved Steadily After She Took Cardui.

Bristol, Va.—"I was just about down in bed and so weak I was past going," writes Mrs. Jennie Goodman, of 718 Portsmouth Avenue, this city. Mrs. Goodman says her family was very uneasy about her condition, as she seemed so weak and thin.

"I ached all over," she explains, "and my back and sides hurt most of the time."

"I dragged around, and did not see a day of good health."

"I went to call on one of my neighbors, and she remarked about my looking so bad. She told me to get a bottle of Cardui and take it. Next Saturday night, my husband brought it home to me."

"Before I had taken Cardui a week, I was feeling much better. I continued taking it for awhile, as my health kept on improving."

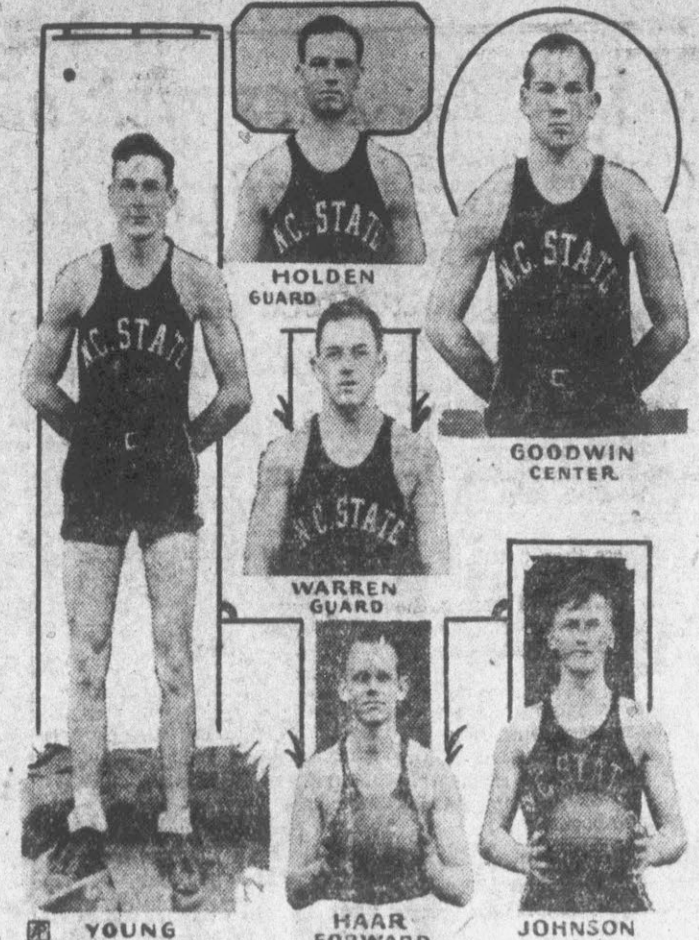

"I gained in weight, and soon was feeling like a new person. Since then I have taken Cardui several times, and it has always done me good. I can recommend it to others."

Cardui has been in use so long that its merit has been proved by the experience of several generations of women.

A purely vegetable, medicinal tonic. For sale by all druggists. NC-204

- Sarasota, Fla.—Sammy Buchanan of Waycross, Ga., won from Tommy Madden, Pittsburgh, Pa., (10).
- Lakeland, Fla.—Tyran Liggett, Tupelo, Miss., won from Joe Kirzine, Toledo, Ohio, (10).

Dempsey Opposes Havana Fight

New York, Jan. 22.—(AP)—Meeting convened from Jack Dempsey, the Madison Square Garden Corporation has abandoned its efforts to match George Godfrey, the Cuban, "Black Menace" with Paulino Brindani, at Havana, February 19.

Dempsey, now in Miami Beach, Fla., arranging the setting for the Stribling-Stribling match there on February 27, wired Garden officials that the proposed Havana fight would interfere seriously with his Miami Beach plans.

As a matter of fact Dempsey's expression of disapproval might not have been needed. The Garden found itself confronted with many match-making difficulties in connection with the suggested Havana extravaganza. Godfrey, more or less shunned by the heavyweights, was quite ready to sign for the match but Paulino was quite coy about the matter.

JONES SIGNS CONTRACT WITH CALIFORNIA

Los Angeles, Jan. 22.—(AP)—Coach Howard Jones has signed a five-year contract to coach football at the University of Southern California, which will keep him in charge of Trojan gridiron activities through the 1933 season. The university broke its precedent in that no previous coaching contracts had been for longer periods than three years.

Jones' new contract calls for a salary of \$12,000 annually, an increase of \$2,000 over the salary set when he came here from Duke University in 1925. In making the new contract the board of trustees expressed appreciation of Coach Jones' work in developing men of "high sportsmanship and exceptional character."

Twins Differ

Hardwick, Eng.—The Fisher girls, twins, are to celebrate their birthdays in different years. Doreen was born at 11:55 p. m., December 31, 1928, and Janaet at 12:25 a. m., January 1, 1929.

Ohio State Coach

Sam S. Williams is the newly appointed football coach at Ohio State university. He succeeds Dr. John W. Wilce. Williams played football at Ohio State in 1911 and 1913.

Stribling Stages Another Knockout

Memphis, Tenn., Jan. 22.—(AP)—With his 113th knockout recorded at the expense of Sully Montgomery, former Centre College football player, W. L. "Young" Stribling today was en route to New Orleans, scene of his last fight before his first big test—the battle at Miami, February 27, with Jack Sharkey.

Young Stribling last night toyed with the heavy but fast Montgomery, who outweighed the Georgian nearly 20 pounds before he connected with a left hook to the chin that sent the Fort Worth boxer down for the count, less than a minute of fighting in the second round. Stribling floored his opponent for a count of nine a few seconds before the knockout.

Ralph Smith, another husky heavyweight, will be the Georgian's opponent at New Orleans Friday night.

"Pa" Stribling, father-manager of the Georgia "Knockout King" said that Stribling would return to Macon after his New Orleans encounter and rest a couple of days before leaving for Miami. He said Young Stribling would leave Macon by airplane the morning of the 29th for Miami. Stribling will start training at Miami about February 1 for the Sharkey battle, the first of a new exhibition series to determine a successor to Gene Tunney's heavyweight crown.

Midnight Dip.
New York—For years Nathan Weisman, now 75, has taken a midnight outdoor dip at Coney Island every 24 hours, whatever the weather. A friendly policeman who mistook him recently went to his house to inquire. He was laid up. "I had a rash on my neck," he explained, "and a friend told me to take a turkish bath. The hot water gave me a cold."

"We know our Luckies That's how we stay slender"

EVERY woman who fears overweight finds keen interest in new-day and common-sense ways to keep a slender, fashionable figure. Overweight must be avoided. "Better to light a Lucky whenever you crave fattening sweets."

Toasting does it. Toasting develops and improves the flavor of the world's finest tobaccos. Lucky Strike satisfies the longing for things that make you fat, without interfering with a normal appetite for healthful foods. That's why Luckies are good to smoke. Toasting makes Lucky Strike the healthy cigarette for you to smoke.

Many men who carefully watch their health discovered this years ago. They know that Luckies steady their nerves and do not slow up their physical vigor—prominent athletes have gone on record that this is so. They know that 20,679 physicians have stated that Luckies are less irritating to the throat than other cigarettes.

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say:—

"REACH FOR A LUCKY INSTEAD OF A SWEET."

Coast to coast radio hook-up every Saturday night through the National Broadcasting Company's network. The Lucky Strike Dance Orchestra in "The Tunes that made Broadway, Broadway."

The Misses Catherine Moylan, Myrna Darby, Murrel Finley, now appearing in Ziegfeld's "Whoopie"

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Jan. 22.—(AP)—The cotton market opened steady today at an advance of 1 point to a decline of 2 points. Near months were relatively easy under liquidation incident to the circulation of notes estimated at a little over 7,000 bales. January sold off to 20 1/2 right after the call or 4 points net lower.

Other months eased a few points also but there was enough buying from trade or local sources to steady prices around 20 1/2 for March and 17.75 for July. The general market ruled about net unchanged to 7 points higher at the end of the first half hour.

Private cables said that trade selling and Manchester buying had absorbed Bombay selling in Liverpool and that the cloth demand from China was well sustained but that from India poor.

GRAIN MARKET

Chicago, Jan. 22.—(AP)—Wheat jumped late today to a new all-around high price record for the season. Indications of 15 below weather west tonight endangering much of the new domestic winter wheat crop was the chief reason for big buying which developed and which hoisted the market to about 1 1/2 bushel above the season's low point. Corn rallied with wheat, and oats July delivery outdid the top-most price heretofore, reached this season.

Wheat closed buoyant 2 3/8 to 2 5/8 net higher; corn finished at 1-4 to 1-2 net decline; oats 1-2 to 5-8 advance and provisions varying from 2 setback to a rise of 20.

STOCK MARKET

New York, Jan. 22.—(AP)—The stock market responded to slightly easier money today with a vigorous upturn, particularly in the metal end motor shares and specialties. More than a score of issues were lifted to new high ground, the old DuPont stock recording a maximum gain of 60 points.

Call money was in supply at an official rate of 6 per cent, which was shaded to 5 in the outside market, and bankers expressed the opinion that higher rates would be improbable until the end of the month. The inflow of gold from England was resumed for the first time since November with a shipment of \$2,500,000 which inspired considerable bullish enthusiasm, although the Bank of England is expected to raise its discount rate before permitting the loss of any considerable amount of gold.

The attitude toward the credit situation in banking circles remained rather gloomy, however, as time money held at 7 3/4 per cent for the shorter maturities, and bankers' acceptance rates in some cases were higher than the discount rate. A rise in the discount rate of one of the interior reserve banks is regarded as likely at any time, paving the way for an increase at New York.

The day's news was largely favorable, including the second increase in the dividend rate of Chile Copper in three months, placing it on a \$3.50 annual basis. It was reported that Anaconda had offered to exchange 73 shares of its stock for every 100 shares of Chile which it does not already hold.

The old Du Pont stock touched 60 for the first time in its history. It will be stricken from the list on February 5.

A number of soft spots cropped out, as many traders were unwilling to follow the upswing under the present credit conditions. Otis Elevator and Case Threshing each lost about 10 points, Pillsbury flour preferred 7, Warner Brothers Pictures and St. Joseph Lead 2 and 3 points, Wright Aero dropped five points, but rebounded 7.

The profit-taking in U. S. Steel appeared to have been absorbed and it again leaped forward, touching a new high for all time at 196, up 7 points. Some of the utilities forged ahead. Johns Manville, which sold under 100 last year, moved up more

Ten Killed When Train Hits Bus At Bellvue, Ohio

Belleve, Ohio, Jan. 22.—(AP) A number of persons, estimated at ten or more, were killed and several others injured today with a westbound Lake Shore Electric Interurban bus of the Pittsburgh-Chicago bus of the Greyhound Company.

All of the dead were in the bus, which was demolished when struck in the center by the electric car. The driver, who escaped injury, was believed to have been blinded by the snowstorm and failed to see the approaching car.

Four ambulances, all that were available here, were sent to the scene of the crash and began taking the dead and injured to the morgue and Bellevue hospital. The bus was so completely smashed that an unknown number of bodies were still pinned underneath the wreckage two hours after the tragedy.

TWO FREIGHTERS ARE REPORTED IN DISTRESS

New York, Jan. 22.—(AP)—Two freighters were in distress off the Virginia coast today, the Florida and the Danadaike.

The Florida, an Italian freighter of 3,503 gross tons, sent out an S. O. S. from about 800 miles off Cape Hatteras, reporting a broken rudder.

The Danadaike, an American ship of 2,520 tons, was reported in a relaying wireless message to be in need of immediate assistance not far from the Florida.

The United States liner America and the Dollar liner President Harris were both reported rushing to the aid of the disabled steamers.

Fourteen Earth Shocks Felt In Fairbanks, Alaska

Fairbanks, Alaska, Jan. 22.—(AP) Residents of Fairbanks and vicinity today were slowly recovering their composure after experiencing earthquakes.

The damage was slight. The shocks began at 12:30 a. m., yesterday and kept the city shaking until after 4:20 a. m. Quakes also were felt in Anchorage, Cordova, Nenana and Curry, but were slight in those places.

Many clocks were stopped by the first tremor, which continued for several minutes. A heavy rumbling in the earth added to the terror of residents, most of whom rushed into the streets. The initial shock awakened practically everybody in town and succeeding convulsions of the earth caused beds and other furniture to roll about.

Wife Of Slain Man To Take Stand Today

Nashville, Tenn., Jan. 22.—(AP) Mrs. Turney Cunningham was prepared today to take the witness stand as a state witness in the murder trial of Walter Liggett, charged with shooting her husband.

While the state had not announced its plans in regard to testimony of the widow, she was expected to relate details of her alleged friendship for Liggett prior to Cunningham's death.

Following the selection of the final juror yesterday, the state plunged into its case against Liggett by calling E. W. Cunningham, a cousin of the slain man, to the stand.

The cousin testified that Cunningham appeared moody and four days before he was killed, spent an afternoon in a room of the Andrew Jackson Hotel "weeping" over his marital affairs. Cunningham was manager of the hotel.

Liggett, a prominent grain dealer, was expected to enter a plea of self-defense.

MANY BILLS INTRODUCED IN LEGISLATURE TODAY

(Continued from page one)
of criminal cases, the funds collected to form "the police emergency reserve and pension fund." The fund would be administered by a board composed of three members of the Police Protective Association, the attorney general and the state insurance commissioner.

The House passed the Senate bill providing for payment of clerks of the General Assembly with an amendment to make the bill conform to the reduced number of clerks that the House adopted in formulating its rules for this session. Under the bill, chief clerks will receive seven dollars a day for the session and 10 cents a mile for traveling expenses to and from their homes. Other clerks will receive six dollars a day and the same mileage allowance.

The bill regulating the issuance of bonds for the new Mecklenburg county courthouse, sponsored by the entire Mecklenburg delegation, was put through its second reading.

New bills introduced today:
Hutchins of Madison: To repeal the act allowing the county commissioners to appoint special officers in Madison county.
Hutchins of Madison: To repeal the laws providing for election of the chief of police of the town marshal in Madison county.
Leavitt and Young of Buncombe: To change the date for the state primary elections from the first Saturday in June to the first Tuesday after the first Saturday in June.
Johnson of Halifax: To amend laws relating to Halifax superior court.
Johnson of Halifax: To fix the court fees for Halifax county.
Younce and Johnson of Currituck: To create a police emergency reserve and pension fund.

What Congress Is Doing Today

(By the Associated Press)
Tuesday:
House has district of Columbia appropriations bill before it.
Senate takes up amendment to add \$25,000,000 for prohibition enforcement in deficiency bill.
Interstate Commerce Committee of Senate in final hearings on bill to regulate soft coal industry.
Monday:
Senate failed to reach agreement on prohibition amendment to deficiency bill.
Roy O. West confirmed as Secretary of Interior.

TOMORROW MAY BE too late. A worn mounting may cause you to lose your diamond. W. L. Best, Jeweler.

Whalen Improves New York Traffic

New York, Jan. 22.—(AP)—Police Commissioner Whalen was hailed today as the Alexander who cut the gordian knot of Broadway's theatre-hour traffic.

A carnival spirit pervaded the great white way last night when thousands gathered to watch the police commissioner direct 400 policemen in the initial test of his plan to help theatre-goers reach their seats in time for the first act.

The crowd was treated to the novel sight of taxicabs and private cars whizzing through Broadway and Forty-second street where vehicles were wont to crawl at snail's pace between the hours of 8 and 9 to the evening.

Another novelty for the pedestrians was the strict ban on jaywalking. Twelve policemen stationed at each intersection held the crowds on the sidewalks when the red signal flashed and none was permitted to cross until the light gave the right of way.

Three police wrecking cars cruised through the district and towed to police stations 22 automobiles which were parked in violation of the rule against leaving cars on streets in the affected area.

Police Sift Recent Arrests At Chicago

Chicago, Jan. 22.—(AP)—Police sweeps—the 4,000 men and women arrested in a crook clean-up without post-war precedent—were being sifted today by police, prosecutors and the courts.

Analysis of the results of the raids were far from complete, for every jail in the city was crowded and the task of making a complete check was necessarily slow. Courts, however, were co-operating, habeas corpus petitions being temporarily denied in every case where police officials requested more time for investigation.

Trial of more than 3,000 of those arrested here started today, the cases being distributed among the various police courts, charges in most cases being disorderly conduct or vagrancy.

With the exception of approximately 500 released when they had proved themselves innocent of any wrong-doing, all those arrested in the Saturday, Sunday and Monday clean-up were booked.

Sixteen hundred of those arrested were found to have had police records, Deputy Commissioner Stege said.

For ten hours yesterday these 1,600 were paraded across the brilliantly lighted stage at the detective bureau before an audience made up of detectives and the victims of recent holdups and robberies.

PRINCESS PREPARES FOR HER WEDDING

Palermo, Sicily, Jan. 22.—(AP)—Princess Francisca de Guise, daughter of the pretender to the throne of France, arrived today to complete arrangements for her wedding to Prince Christopher of Greece. The marriage will occur on February 11.

Princess Christopher was the husband of the late Mrs. William B. Leeds, widow of the Cleveland G. plate manufacturer.

Less risk of "flu" if you do two things

Precautions you can take immediately

THERE is no use worrying every time you draw a breath for fear you will breathe in some influenza germs. Do the following two things and forget it: First, keep your nose and throat well protected, and second, keep your system in good condition. The chances are you will avoid contagion.

"As a first precaution, I am prescribing Mistol to all my patients, as it protects the nose and throat against the germs of influenza. Use it every morning, the first thing, before you go out. Again when you come home at night. Don't be afraid to use it freely; it will do no harm.

"Just tilt your head back and apply Mistol with the special dropper which comes with every package, until you feel it trickling down your throat. It will clear your head wonderfully, relieve any inflammation; it will help dry up a running nose; it has a soothing effect on the throat, too. Gargle it for a sore throat or a little irritating cough. Above all, it protects the nose and throat against the germs of influenza.

"This is the first precaution; now for the second: Physicians agree that, particularly in times of epidemic, weakening of the system due to purging by laxatives and cathartics is not advisable; therefore, many doctors are prescribing Nujol. It is not a laxative or cathartic but a pure, natural substance that helps your

system function at all times the way nature intended it to. Like pure water, it is harmless; in no case does Nujol cause weakening of the system. Take it night and morning; it will keep you in first class condition. You will have a far better chance to resist "flu" or any other disease that is going the rounds.

"The combination treatment of Nujol and Mistol is a double safeguard against colds and influenza. Start this wise twofold precaution now. Don't delay. Put worry out of your mind. The chances are good that you will escape influenza and colds. Nujol and Mistol are on sale at all druggists."
