BEGIN PROBE FATAL CRASH AT BELLEVUE

Nineteen Killed And 32 Injured When Train Hit Bus Near Ohio Town.

Bellevue, Ohio, Jan. 23.—(AP)—The death toll of yesterday's crash between a bus and a Lake Shore Electric Interurban car mounted to 19 today with the death of Richard Freeman, 30, of Cleveland.

Bellevue, Ohio, Jan. 23.—(AP)—The investigations have been started to determine responsibility for the crash yesterday when a Lake Shore electric train struck a Greyhound Lines bus, killing 19 of the 32 passengers and injuring the others.

Of the injured, four lay in hospitals so critically hurt that they may die.

The investigations began with action by D. C. L. Bell, Huron county coroner, assisted by Edward Marshall county prosecutor.

County officials pointed out that seemingly the bus driver and the conductor of the Interurban had observed the usual safety precautions. A blinding snow storm was streaking across the northern part of the state at the time of the wreck.

Edward Butler, Cleveland, driver of the bus, who is in a hospital with severe cuts, said he stopped the bus at the crossing, looked in both directions for approaching trains, and then proceeded when the way appeared clear. He wiped the snow from his windshield before walking to the crossing, he said.

The Interurban motorman, Fred Schuyler, said he blew two whistles, threw on his emergency brakes and reversed the current when he saw the bus on the crossing. Schuyler escaped injury by running into the passenger compartment of the car just before the crash. None of the passengers was hurt beyond minor bruises and shock.

Other investigations were in progress by the Greyhound Lines, from the Toledo office of the company, and by the Lake Shore Electric Railway under Harry Rimmelspaich, claim agent.

The 50-ton car, traveling at a speed variously estimated at from 30 to 50 miles an hour, struck the bus in the middle, lifting it 30 feet from the body and flinging it 50 feet down the roadway.

The electric car hurtled the chassis and rammed into a ditch, lighting atop the splintered wreckage with a two passengers pinned beneath the trucks and the others trapped in their seats.

Four ambulances at Bellevue were summoned and passing motorists aided in extricating the bodies and conveying the injured to hospitals.

The dead were taken to undertaking establishments in Bellevue.

Attempt To Prove Senator Guilty Of Dry Law Violation

Charleston, S. C., Jan. 23.—(AP)—The government today continued its efforts to prove that Senator E. J. Dennis and his six co-defendants are guilty of violation of the national prohibition act, for which they are now on trial here.

Following the sensational evidence presented yesterday, the state began introducing its twenty or more witnesses through which it hopes to build up its chain of evidence against the defendants. The case is set to go on into next week.

After Judge Ernest F. Cochran informed Attorney John McEvers, special United States attorney, that unless the government connected its testimony with Senator Dennis more directly he would call the whole case irrelevant, the prosecution produced its star witness.

C. L. Woodward, the witness, deputy sheriff of Berkeley county, testified he had delivered 100 gallons of seized whiskey to a man to be sold on instructions of Senator Dennis, and delivered the proceeds, \$225, to the senator in person. The senator gave him back \$29.

The prosecution charged today, while the jury was out of the court room, that the senator headed a ring that arrested men, confiscated their liquor, sent the liquor to others to be sold and then had the men employ Senator Dennis as their counsel.

Richmond Bank Robbed Today

Richmond, Va., Jan. 23.—Two young men today held up and robbed the Liberty Bank and Trust Co. of Richmond.

The robbers entered the bank about 11:15 o'clock and left a few minutes later with what was said to have been a large amount of money. Police were immediately notified to the bank, while another squad started in pursuit of the robbers.

The bank was located in the West End residence section of the city.

Granted Divorce

Mr. Patterson Codman, father of Joseph Medill Patterson, publisher, has been granted a divorce from her husband, J. H. Codman, jr. She became pregnant through her own fault in "The Miracle."

TWO TRAINMEN DIE IN WRECK

Many Injured When Fast Illinois Central Train Hits Freight Near Mounds, Ill.

Mounds, Ill., Jan. 23.—(AP)—Two trainmen were killed, two were injured and 20 passengers suffered minor injuries last night when the Florida, fast Illinois Central passenger train, crashed into a freight train one mile south of Mounds.

The dead: Leo Wellington, 50 Paducah, Ky., engineer on the freight train and Milton Johnson, negro brakeman on the freight train also of Paducah. The injured taken to a hospital are: Joe J. Williams, Paducah, fireman on the freight train, who suffered a broken leg, and E. W. Worley, Centralia, Ill., traveling engineer, who was riding on the passenger locomotive.

The accident occurred when the passenger train, 20 minutes late struck the freight train as it pulled off a siding onto the main line. The crew thinking the Florida had passed. The engine of the passenger train went into the ditch and several coaches of the all pullman train left the rails, but remained upright. Physicians from Cairo altered several passengers.

Senate Votes \$24,000,000 For Dry Law Enforcement

Washington, Jan. 23.—(AP)—Twenty-four million dollars has been voted by the Senate to help enforce prohibition. The president would direct the expenditure of the money and in addition he would have at his disposal \$250,000 to make an investigation of prohibition generally.

The story of the voting of the \$24,000,000 yesterday included the usual clashes between wets and dries in the Senate and off stage, apparent disagreement between the leaders of dry organizations. Added to this was Secretary Mellon's opposition to the proposal.

In the course of the Senate debate, Bruce of Maryland, a wet, made the statement that the Apostle Paul gave his approval of liquor for medicinal purposes.

"Whiskey can be bought by any senator for such a purpose," observed Senator Heflin, a dry, of Alabama.

"How does the senator know that?" was Bruce's counter. The senator from Maryland chuckled over his sally and so did some of the others.

Senator Bragg while he voted against the increase yesterday may have been in a measure responsible for it. While an appropriation bill was being considered some time ago, he put an amendment that would add \$250,000,000 for liquor law enforcement. The Senate was napping and the amendment went through, later to be removed in conference. The wet regarded it as a good trick, but some of the dries said they believed more money was needed to help dry up the country.

While the first deficiency bill was being considered, Senator Harris of Georgia, a dry, proposed an amendment that \$25,000,000 be added for prohibition enforcement. The \$24,000,000 voted yesterday was the outcome of this, the roll call being 50 for and 27 against the proposal.

The president was given broad powers for the disposal of the \$24,000,000. He must distribute it to government departments concerned with prohibition enforcement, but he may spend all, or only a part of it, as he sees fit. The money would be available until June 30, 1930.

British Boat Believed Lost In Atlantic Ocean; Two Others In Distress

New York, Jan. 23.—(AP)—The steamship American, reported by radio at 11 o'clock this morning that she was so close to the disabled freighter Florida, that the latter's wireless signals were very strong. The liner President Harrison had previously reported that she could not find the Florida.

New York, Jan. 23.—(AP)—The storm-lashed Atlantic today was believed to have claimed one ship while it reared mountainous seas against the rescuers of two others in distress.

Search for the British freighter Tessbridge, with her crew of 30 was abandoned when rescue vessels could find no trace of her 300 miles east of Cape Race, Newfoundland. Fighting a slow passage through the storm—almost hove to at times—three ships struggled toward a position 800 miles east of the Virginia Capes in response to calls for help from the American tanker Dannedaik and the Italian freight-

Victim Of Ohio Wreck Confesses To Two Robberies

Bellevue, Ohio, Jan. 23.—(AP)—Shaken by his experiences in the bus crash here yesterday which killed 17 passengers outright, Teddy O'Brawski, of Brooklyn, confessed during the night to two bank robberies before his name was added to the death list early this morning.

Seriously injured in a hospital O'Brawski fought for his life until he realized it was hopeless and then admitted that he committed a bank robbery in Detroit last summer, and another in California some time previously.

He did not say which banks he robbed nor how much money was obtained.

Artist Gets Wild.
New York—Leon Gordon, Russian artist, who has made portraits of Park avenue belles, is to visit North Africa with Peter B. Kyle and paint "gorgeous bedouins, who probably have never bathed beautiful dirty women who walk gorgeously jeweled beside the caravans. Somehow there are so many characterless women. They seem to have washed something away."

Senate Votes \$24,000,000 For Dry Law Enforcement

Washington, Jan. 23.—(AP)—Twenty-four million dollars has been voted by the Senate to help enforce prohibition. The president would direct the expenditure of the money and in addition he would have at his disposal \$250,000 to make an investigation of prohibition generally.

The story of the voting of the \$24,000,000 yesterday included the usual clashes between wets and dries in the Senate and off stage, apparent disagreement between the leaders of dry organizations. Added to this was Secretary Mellon's opposition to the proposal.

In the course of the Senate debate, Bruce of Maryland, a wet, made the statement that the Apostle Paul gave his approval of liquor for medicinal purposes.

"Whiskey can be bought by any senator for such a purpose," observed Senator Heflin, a dry, of Alabama.

"How does the senator know that?" was Bruce's counter. The senator from Maryland chuckled over his sally and so did some of the others.

Senator Bragg while he voted against the increase yesterday may have been in a measure responsible for it. While an appropriation bill was being considered some time ago, he put an amendment that would add \$250,000,000 for liquor law enforcement. The Senate was napping and the amendment went through, later to be removed in conference. The wet regarded it as a good trick, but some of the dries said they believed more money was needed to help dry up the country.

While the first deficiency bill was being considered, Senator Harris of Georgia, a dry, proposed an amendment that \$25,000,000 be added for prohibition enforcement. The \$24,000,000 voted yesterday was the outcome of this, the roll call being 50 for and 27 against the proposal.

The president was given broad powers for the disposal of the \$24,000,000. He must distribute it to government departments concerned with prohibition enforcement, but he may spend all, or only a part of it, as he sees fit. The money would be available until June 30, 1930.

et Florida, with about 60 men on board. On the bridge of one of the rescue ships, the America, was Captain George Fried, hero of the rescue of the crew of the British boat Antioch three years ago. The other two headed for the disabled vessels were the President Harrison of the Dollar Line, and the German freighter York.

The Florida was the first to send an SOS, saying her rudder was gone and her lifeboats smashed. A few minutes later came the call for help from the Dannedaik. She gave no details of her trouble, only saying she needed help at once. Her position was about 50 miles from that given by the Florida.

The Tennessee, bound from Forcy, England, for Philadelphia, sent out an SOS Sunday. The freighter Maine, of the Atlantic Transport Line responded. Reaching the position given by the Tessbridge, Captain J. T. Hutchison searched in vain for the ship or her lifeboats, and then resumed his voyage yesterday.

HOLD WOMAN IN MEMPHIS MURDER CASE

Mrs. J. H. Maddox Says She Was With Fireman At Time Of His Killing.

Memphis, Tenn., Jan. 23.—(AP)—A woman with whom he had friendly relations was held by police today in connection with the death of Van Skelton, 44, Memphis, fireman whose body was found by a train crew in a clump of woods last yesterday.

The woman, Mrs. J. H. Maddox, when taken to the police station early today told Captain W. F. Glisson, chief of the police homicide squad that she was with Skelton at the time he was murdered. She said that they were parked in her automobile in the woods when a negro suddenly opened the door and thrusting a pistol against Skelton, demanded his money.

Mrs. Maddox said as Skelton reached toward his pocket for his money, his fireman's badge flashed and the negro, evidently believing it a policeman's badge, fired two shots into Skelton's body and fled. Puzzled at what to do Mrs. Maddox said she got out of the automobile, dragged the body on the ground and drove home.

Mrs. Maddox who told police that she and Skelton had been friendly with each other for more than a year, was held at the Matron's quarters of the police station for further questioning. No charge has been placed against her. Captain Glisson said.

Ferryboat Man Retires

Hoboken, N. J.—Having crossed the Hudson river 465,536 times, Captain William Frost, has retired. For 46 years he was a ferryboat captain and once Grant rode with him in the pilot house.

High Court Finds No Error In Case Durham Contractor

Raleigh, N. C., Jan. 23.—(AP)—The State Supreme Court today handed down a decision finding "no error" in the case of W. Herbert Lawrence, Durham contractor, who was sentenced to 30 years' imprisonment upon his conviction of second degree murder for the slaying of Mrs. Annie Terry, Durham dressmaker, nearly a year ago.

Lawrence was found guilty at a trial in Pittsboro last summer. The evidence against him was circumstantial, and the appeal was based on the contention of the defense that Judge R. A. Nunn, presiding, had erred in refusing their motion for a non-suit.

The body of Mrs. Terry, middle-aged dressmaker, was found in the Cape Fear river the first part of last April, a few days after two fishermen had reported hearing a woman's screaming for mercy on the Avenet's Ferry bridge in Chatham county, about midnight of March 24.

Sheriff G. W. Blair and other officers began an investigation which revealed that the slain woman and Lawrence had been friendly. They located witnesses who testified to seeing a man and woman resembling the contractor and the river tragedy victim in the vicinity of the bridge, but none of the witnesses swore positively to the identification.

Heads Girl Scouts

M. S. William Hoffman of Burlington, N. C., is the new president of the national girl scout organization.

U. S. MARINES FALL IN FIGHT IN NICARAGUA

Three Men Killed In Warfare With Outlaws In the Northern Districts.

Managua, Nicaragua, Jan. 23.—(AP)—Latest advices from northern Nicaragua state that three marines of a patrol of seven which clashed with outlaws northeast of Yali in the department of Jinotega on Monday were killed.

Three killed were Privates Everett A. Rector of Des Moines, Iowa, whose death had previously been reported, Rasmus Collins of Lyons, Ga., and George T. Oswill of Miami Fla.

First word of Rector's death was brought to marine headquarters by a messenger yesterday while additional advices received today told of the deaths of the other two. Only meager details have been received of the clash.

Steps toward declaring martial law in the northern departments are being taken by the Nicaraguan authorities and the training of volunteers for service in the region is going on rapidly.

Managua, Nicaragua, Jan. 23.—(AP)—Another American marine has been killed in northern Nicaragua and volunteers were being trained today for warfare on outlaws who have been harassing the district.

A messenger brought word to the marine headquarters that Private Everett A. Rector had been killed in action by outlaws. He had no details of the combat which occurred northeast of Yali in the department of Jinotega. It was presumed that a marine patrol encountered the outlaws in the jungle far from a telegraph line.

Dr. Francisco Motena, surgeon for the rebel forces of General Augustino Sandino, said in Honduras last week that the general was planning a big offensive in Nicaragua. About the same time President Moncada of Nicaragua turned down a peace proposal from Sandino which urged that the northern department of Nueva Segovia be separated from Nicaragua and turned over to the rebel leader.

After word of the most recent killing had been received the Nicaraguan senate adopted a resolution declaring martial law in Jinotega, Nueva Segovia, Matagalpa and Estel. Depredations have been committed recently on coffee plantations in the region.

Rockefeller Still Busy Trying to Oust Standard Oil Head

New York, Jan. 23.—(AP)—With prospects for "less than 45 per cent" of the stock delivered, associates of John D. Rockefeller, Jr., today were seeking enough more to oust Col. Robert W. Stewart from the chairmanship of the Standard Oil Company of Indiana.

The 45 per cent figure became important in the battle for control of the company when it was pointed out at the Rockefeller offices that about 90 per cent of the 9,231,540 shares of the company was expected to be represented at the annual meeting March 7 in Whiting, Ind.

In renewing the fight to "clean house" in the management of the Indiana company, associates of Mr. Rockefeller have assured stockholders that their dividends will not be jeopardized if they throw their lot with the Rockefeller interests and vote for the removal of Stewart.

Old But Spry

Malaga, Spain—Senora Josefa Sanchez Castell, 102 years old, is on the way to Argentina to join a 72-year-old daughter.

MELLON NOT IN FAVOR OF AMENDMENT

Secretary of Treasury Opposes Deficiency Bill Proposal By Senator Keller.

Washington, Jan. 23.—(AP)—Secretary Mellon again finds himself in opposition to legislation pending in the Senate.

The Senate had before it today Senator McKellar's proposed amendment to the first deficiency bill which would place the settlement of tax refunds in excess of \$10,000 with the board of tax appeals rather than the commissioner of internal revenue. The Senate also had before it Secretary Mellon's letter in which he gave his reasons for opposing McKellar's proposal.

McKellar in a speech on the pending amendment said that the treasury is the sole arbiter of claims and declared that this opens the door to unlimited returns and makes it imperative that the discretion of the commissioner of internal revenue be subjected to revision by another body.

In his letter Mellon asserted that the Tennessee senator's proposal would seriously affect the tax law machinery; would increase the work of the board of tax appeals and would turn that board into a body having purely administrative powers.

"These tax refunds" McKellar declared, "including credits during the last eight years have amounted to between four and five hundred millions a year. They are in the nature of favors granted special taxpayers. Those who are on the inside know how to get the return."

"The way it is being conducted, it is really a species of graft, obtained in secret, bartered for in secret, the money paid in secret and with Senate and House committees flouted when they ask for information."

Secretary Mellon's letter sent to Chairman Smoot of the Senate Finance Committee, had not been made public at the time of Senator McKellar's speech but in it he said: "No proof has been offered to show any improper payments."

"There is no evidence of maladministration, corruption of improper practices. There is nothing to indicate that the present machinery is not functioning smoothly and with adequate protection to the interests of the country. Why, then, when it has been determined that a taxpayer has paid more than he ought, should he be compelled to wait three years in order to have his case reviewed by a semi-judicial body?"

More Bills Dumped Into Legislative Hopper Today

Raleigh, Jan. 23.—(AP)—The Senate held a short session today in which seven bills were introduced, and several committee reports were made including an unfavorable report on the bill of Senator W. M. Person to allow druggists to sell whiskey under a physician's prescription.

A constitutional amendment proposed by Senator Whedbee, provides that two additional justices be added to the Supreme Court, making a total of six associate justices and one chief justice. The amendment would be referred to the voters of North Carolina in the next general election for approval or rejection.

The two additional justices would be appointed by the governor of the state, if the amendment were ratified to serve until the next general election.

A bill to prohibit official crop predictions, estimates and "speculative statements," as to the future prices of crops, was introduced by S. H. Hobbs, Democrat, of Sampson county.

The measure provides that any official of the Department of Agriculture of the state, or any person connected therewith with the state, who made speculative predictions concerning the prices of crops grown within the state, shall immediately lose his position, and in addition be fined not less than \$50 nor more than \$500, or be imprisoned not less than 30 days or more than 60 days.

In explaining his measure, Senator Hobbs claimed that speculative estimates as to the prices of crops on the part of state officials had proven harmful on several occasions to the farmers of the state.

Wood, of McDowell, placed a measure before the Senate which would place his county under the primary law, as a substitute for the convention system.

Medical Liquor Bill Receives Unfavorable Report In Legislature

Raleigh, Jan. 23.—(AP)—The Medical liquor bill introduced by Senator Person, Democrat of Franklin, struck a major obstacle today when the Senate committee on public health voted to render an unfavorable report on the measure.

The author of the measure appeared before the committee to urge a favorable report. Opposition was voiced, however, by Senator Broughton of Wake, Blount of Pitt, Democrats, and Ivey, of Wayne, and Weaver, of Surcombe, Republicans.

By request of Senator Person Dr. Charles O'H. Laughinghouse state health officer, appeared to discuss the proposal from the standpoint of the practicality of its operations, but he refused to commit himself on the question involved.

Senator Blount made the motion for the unfavorable report. No record vote was taken.

MID-WEST IN GRIP OF COLD

Atmospheric Disturbances Send Temperatures Downward Today.

Chicago, Jan. 23.—(AP)—Two atmospheric disturbances, one in eastern Kansas and the other in the Rocky Mountain plateau region, today had pointed midwestern temperatures toward zero, and below. Gales whipped Lake Michigan, ice covered pavements and open roads, and in several states there was promise of more snow.

The repeated cold snap, which the weather bureau said would be severe, came as the trailer of rain and warming winds which had been sweeping across the middle west with ice.

Chicago, whose streets already were slippery with snow that fell during the Christmas holidays, was resorting to sand and ashes to make foot and motor traffic less dangerous. Streets became skating rinks for children in many parts of the city.

The Black Hills of South Dakota were experiencing the worst weather of the winter, a record low of 14 below zero being reported there. There was only a moderate snow fall, but it was whipped by a biting northwest wind that piled high drifts and delayed traffic.

Whistling winds, snow laden swept over North Dakota and Minnesota. Below zero temperatures prevailed, and some schools were closed when highways were blocked by the snow.

Accused Slayer Suffers Attack Of Melancholia

Riverside, Cal., Jan. 23.—(AP)—Apparently suffering from an attack of melancholia in addition to his physical ills, Gordon Stewart Northcott, accused slayer of three boys, spent a restless night in the detention ward of the Riverside county hospital last night.

The young Canadian, who for more than a week has been attempting to act as his own attorney in his trial, was granted a continuance yesterday until tomorrow. The continuance was granted after Dr. H. L. Ratliff had testified that Northcott was suffering from laryngitis and conjunctivitis.

Northcott spent a large part of last night in tears, his guards reported, which appeared to increase the inflammation of his already badly swollen eyes. The young Canadian, between sobs, indicated that he despaired of his own ability to fight the charges successfully. He complained that he was lonely and that he wanted help.

David Sokol, Los Angeles attorney who was associated with the defense early in the trial, and who withdrew 10 days before Northcott dismissed the rest of his lawyers and elected to handle his own affairs against the advice of Judge George R. Freeman, visited Northcott last night.

Sokol, at the conclusion of a long interview, announced that he would petition Judge Freeman tomorrow to permit him to re-enter the case as Northcott's attorney. Sokol said he considered Northcott both physically and mentally incompetent to carry on the fight.

Senators Discuss Federal Loan With President Coolidge

Washington, Jan. 23.—(AP)—A delegation of Senators from the South Atlantic states called upon President Coolidge today in the interest of the proposed Federal loan of \$15,000,000 to provide for agricultural rehabilitation in the sections devastated by storm last summer.

This amount is provided in a joint resolution which has already been passed by the Senate and is now pending in the House. The delegation was composed of Mitchell and Trammell of Florida; George and Harris of Georgia, and Smith of South Carolina.

HOOVER WILL GO FOR FISH IN FLORIDA

President-elect Takes Day Of Rest In Pre- paration For Fishing In Florida Keys.

Miami Beach, Fla., Jan. 23.—(AP)—A day of rest in preparation for long hours with a rod and reel among the Florida Keys had been arranged for President-elect Hoover today.

Settled at the J. C. Penney estate on Belle Isle in Biscayne Bay, after their 30-hour train ride from Washington and the strenuous reception by some 75,000 persons on their arrival in Miami, Mr. and Mrs. Hoover looked forward to a month's diversion before the return to the national capital and the inaugural March 4.

The little palm thatched island, created of sand-sucked up from the floor of the bay, seemed almost a part of the tropics Mr. Hoover has so recently visited. Eastward is low lying Miami Beach, fringed with palm trees and dotted with buildings copied from the Spanish mode of architecture. On the westward side is Miami, connected with the island by a causeway that stretches three miles across Biscayne Bay.

No plans have been made for the day here, but it appeared possible Mr. and Mrs. Hoover would make about four of the West Indies before their return north.

Deep sea fishing in the "Amities" or the "Patsy" was a pleasing prospect for the president-elect, who was presented on his arrival yesterday with two complete angling outfits.

The arrival of the Hoover train in Miami was the signal for a celebration that has marked no other event in the city's history. Crowds thronged the thoroughfares through which the party was taken and Mr. Hoover's automobile passed between almost a continuous line of bands.

Official welcomes were accorded by Mayor Milford, representative Governor Doyle Carlton of Florida, Mayor E. G. Sewell of Miami and Mrs. Louis P. Suedinger, of Miami Beach.

Guests in the official welcoming party were Mrs. Ruth Bryan Owen, Congresswoman-elect from the Fourth Florida district; Louis Gales, British consul in Miami, and Domingo Milford, Cuban consul at Key West.

State societies and the cities and counties of Florida, joined in the greeting, while an aerial demonstration and a parade of yachts added to the general enthusiasm.

More Bills Dumped Into Legislative Hopper Today

Raleigh, Jan. 23.—(AP)—The Senate held a short session today in which seven bills were introduced, and several committee reports were made including an unfavorable report on the bill of Senator W. M. Person to allow druggists to sell whiskey under a physician's prescription.

A constitutional amendment proposed by Senator Whedbee, provides that two additional justices be added to the Supreme Court, making a total of six associate justices and one chief justice. The amendment would be referred to the voters of North Carolina in the next general election for approval or rejection.

The two additional justices would be appointed by the governor of the state, if the amendment were ratified to serve until the next general election.

A bill to prohibit official crop predictions, estimates and "speculative statements," as to the future prices of crops, was introduced by S. H. Hobbs, Democrat, of Sampson county.

The measure provides that any official of the Department of Agriculture of the state, or any person connected therewith with the state, who made speculative predictions concerning the prices of crops grown within the state, shall immediately lose his position, and in addition be fined not less than \$50 nor more than \$500, or be imprisoned not less than 30 days or more than 60 days.

In explaining his measure, Senator Hobbs claimed that speculative estimates as to the prices of crops on the part of state officials had proven harmful on several occasions to the farmers of the state.

Wood, of McDowell, placed a measure before the Senate which would place his county under the primary law, as a substitute for the convention system.

MINOR CASES DISPOSED OF HERE TUESDAY

Considerable Time Consumed In Hearing Of Injunction Of Colored Church.

The second day's session of the criminal term of Pitt county Superior court was interrupted for a considerable time yesterday when Judge Daniels heard injunction proceedings restraining the sale of the Hancock's Cross Roads Free Will Baptist Church. The congregation is composed of colored people. The injunction was obtained by members of a new faction of the church who contended that they still held an interest in the church property and did not want it sold.

The congregation split sometime ago. The new faction began worshipping in another place. Members of the old church desired to dispose of the property with a view of improving their condition. The new faction attempted to persuade them not to do so and when negotiations looking to sale continued, they appealed to the court for decision in the matter.

Judge Daniels did not return a decision in the controversy but is expected to make known his opinion within the next day or so.

Only three or four cases of the regular criminal docket were disposed of preceding and following the hearing of the injunction case. All of them were of a minor nature, involving charges of larceny and cases of similar nature. The grand jury returned five or six true bills, two of which involved murder cases of minor importance.

Judgment was suspended in the case of Mary Durgins, colored, charged with the unlawful disposition of crops, with understanding that she make proper restitution for the amount of money involved in the case.

Stanley Hazelton and Clifton Brooks were found guilty of larceny of a bale of cotton, sentence being reserved until a later date.

James Moye, Clifton Williams, Zack Parker, Ed Jenkins and Herbert Dupree, colored youths, charged with participation in a series of store robberies in this city, were turned over to juvenile court authorities for confinement in a reformatory.

Annias Norville, colored, was found not guilty of larceny of tobacco.

The grand jury returned the following bills:

Jess Barfield, murder; McKinley Barfield, murder; Elijah Woodard, forgery, true bill; Sam Atkinson, assault with a deadly weapon; Early Bishop and Percy Hodges, robbery; Ben Dixon, assault with a deadly weapon; Henry Richmond, forgery.

NEGRO GRANTED NEW TRIAL BY STATE SUPREME COURT

Raleigh, Jan. 22.—(AP)—Wilbur McLeod, young negro under death sentence for the murder of Mrs. Rebecca Mathews, 77-year old Lee county woman, was granted a new trial by the state supreme court today.

In an opinion written by Chief Justice Stacy, the court held that the superior court erred in allowing the introduction of testimony that bloodhounds had followed a trail from the scene of the crime to a spot within a short distance of McLeod's home.

Justice Brogden dissented with an opinion which declared the evidence against the negro was so favorable that a non-suit should have been ordered by the superior court.

WHEN TWO SHERIFFS GET HEADS TOGETHER

Kenosha, Wis., Jan. 23.—(AP)—The Illinois-Wisconsin state line runs right through the middle of Charles Crittenden's roadhouse. Sheriff Steve Robinson, of Kenosha, informed that a slot machine was being operated at the roadhouse contrary to the law and the statutes, went there to do his duty. Crittenden saw him coming and moved the slot machine over the Illinois side of the house.

Sheriff Lawrence Doolittle, of Waukegan, Ill., learning of it, went forth to the roadhouse, bent upon enforcing the laws of Illinois. Crittenden saw him coming, too, and moved the slot machine back into Wisconsin.

Law, however, is inexorable, and right will prevail.

The two sheriffs went back to the roadhouse last night, together.

Watch FOR GENERAL ELECTRIC PLAN TOMORROW

LAY TAMMANY HALL CORNERSTONE

John R. Voorhis, venerable grand sashem of Tammany, wielded the trowel at the ceremony attendant upon the laying of cornerstones for new Tammany Hall in New York. Many democratic notables gathered for the ceremony.

MORE BILLS DUMPED INTO LEGISLATIVE HOPPER TODAY

(Continued From Page One)

were included among 28 measures introduced in the House today. The House passed, 71 to 35, the bill introduced by Representative Boren, Democrat of Guilford, to make five years of involuntary separation sufficient grounds for divorce.

A. D. McLean, Democrat of Beaufort, chairman of the Education Committee, introduced the bill for the eight months school. His bill would provide a maximum tax of 40 cents on the \$100 of property valuation. The state would assume the remainder of the cost of running the eight months term where the tax levy did not raise sufficient revenue.

Representative Winston, Democrat of Bertie, introduced the bill to call a constitutional convention. It would place the question of calling the convention before the electorate in the next general election. If passed, the convention would meet in May, 1931 in Raleigh. It would be granted power to consider, debate and adopt any amendments to the constitution.

The counties in the regular election would elect representatives to the convention, each having the same number as it has members in the House.

The bill requiring all candidates in the state primary to swear to support the party nominees for all offices was sponsored by Representative Ewing, Democrat of Cumberland. The law now requires a candidate to promise support to the nominee for the office he seeks, but does not pledge him to support all nominees.

Two workmen's compensation acts were introduced today. One sponsored by Rep. Wells, Democrat of Pender, would make the maximum payment in case of the death of an employee \$5,824. For injury, it placed the compensation at 60 percent of the average weekly salary, but not exceeding a compensation of \$15 a week. The minimum would be six dollars a week.

The other bill was introduced by

Representatives Price, Mecklenburg, and Sutton, Lenoir, both Democrats. It would place the maximum compensation for death at \$4,500 and for injury at \$12 a week. Mr. Price, chairman of the insurance committee would take the two and other bills that might be presented and attempt to work out a compromise bill that would meet the approval of both capital and labor.

Under a bill introduced by Rep. Hanes, Democrat of Forsyth, banks would be permitted to buy state bonds as security for county deposits instead of taking out a surety bond. He said this was permitted for security for state deposits now, but not for county. Passage of the bill, he said, would stimulate buying of state bonds by North Carolina banks.

The House passed on third reading the bill sponsored by the entire Mecklenburg delegation to regulate the manner in which bonds for the new Mecklenburg county court houses shall be issued.

New bills introduced in the House today:

White: Relating to prices to be charged by time merchants in Robeson county.

Urchurch: To increase the penalty for driving an automobile while intoxicated to a minimum fine of \$250.

Williamson of Bladen: Relating to re-opening of judicial sales on advanced bids.

Williamson of Bladen: Relative to foreclosure orders by clerks of court.

Rogers: To make the fee for a state automobile license bought after October 1 each year one-fourth of the fee for the entire year.

Ewing: To require candidates in state primaries to pledge support to all nominees of the party.

Nash: To create a school district known as "Pee Dee School District" in Rockingham township in Rockingham county.

MacLean: To fix the method of appointing trustees of North Carolina College for Women.

MacLean: To require establishment of eight months schools in North Carolina.

Hancock: To extend the corporate

limits of the town of Oxford in Granville county.

Hancock: To appoint G. A. Stovall as a member of the road commission of Granville county.

Hanes: To permit banks to purchase state bonds as security for county deposits.

Darden: To provide for regular examination of the accounts of Washington county.

Darden: To place the names of Ella A. Bateman and Mrs. N. R. Sprull of Washington county, on the Confederate pension rolls.

Wetmire: To place the name of Butler Owen, of Henderson county, on the Confederate pension roll.

Herbert: To place the name of Lilly Johnson, of Clay county, on the Confederate pension rolls.

Brisson: To fix the penalty for carrying concealed weapons.

Mull of Burke: To require administrators of estates to file annual reports with the clerk of court.

Mull of Burke: To permit the pension board to add the names of widows of Confederate veterans who married before the present act on the pension rolls in its discretion.

Mull of Burke: To establish a recorder's court in Burke county.

Williamson: To establish five districts in Columbus county for the election of county commissioners.

Morgan: To extend the corporate limits of the town of Wind Fall in Perquimans county.

Wells: To prevent industrial accidents and to establish compensations for same.

Stevenson: To authorize a special road tax in Good Neck township, Martin county.

Stevenson: To regulate the setting of steel traps in Northampton county.

Winston: To call a constitutional convention.

Winston: To provide for allocation of road funds to the counties of the state.

Price and Sutton: To provide a workmen's compensation law in North Carolina.

NOTICE

North Carolina—Pitt County.
Hattie Foreman

-vs.-
Warren Foreman.

The defendant Warren Foreman, will take notice that an action as entitled above has been begun in this court for the divorce on the grounds that the defendant has voluntarily abandoned the plaintiff and lived separate and apart from her for a period of five years and longer, she being a resident of this state all her life and that all these allegations are set forth in her complaint this day filed in this office, and the defendant will further take notice that he is required to appear and answer or demur to the said complaint so filed on or before the 1st day of February, or the relief demanded in the complaint will be granted.

This the 20th day of Dec., 1928.

J. F. Harrington,
Clerk Superior Court.

IT'S DANGEROUS GROUND

you stand on—with a cough, a cold or gripe, and your blood impoverished. You must do something! Dr. Pierce's Golden Medical Discovery makes redder blood—builds health and strength. Miss Helen Grady of 780 Taylor St., Spartanburg, S. C., remarked: "I have always been susceptible to colds and coughs, the least exposure, or even coming in contact with a person having a cold, and I would get right sick. Realizing my need of a tonic and blood builder, I started taking Dr. Pierce's Golden Medical Discovery and found it so beneficial that I always take a bottle whenever I am exposed to the danger of colds. It never fails to keep me fit for my work." Dealers: Send Dr. Pierce, Buffalo, N. Y., 10c if you desire a trial pkg. of tablets, and write for free advice.

Pay as You Wear

Buy your clothes today and we give you one year to pay. I will sell 100 suits, tailored to your measure, and you pay at the rate of \$2.00 per week. Prices ranging from \$30.00 up, style, fit and workmanship guaranteed. All suits made under this service will be kept in repair free of charge for one year. We will not sell more than 100 suits under this system. First come, first served.

because of its greater value

The motoring public has found something in the new De Soto Six that sets it completely apart from others in its field.

It is not surprising that a car so beautiful, so comfortable, so powerful and responsive, and so safe and easy to drive should find a ready market.

But it is significant that even such a car should set a new sales record for the industry during the first five months of its existence.

The answer must lie in a widespread public conviction that the genius and resources of Chrysler confer upon De Soto a standard of value that is unmatched by any car of comparable price.

BRIDGE AND ROOK TOURNAMENT TOMORROW
AFTERNOON AND EVENING

Be sure and make your reservations early for the bridge and rook tournament tomorrow afternoon or evening. Notify Mrs. L. H. Bowling phone 225-W, or Miss Jennie Whitchard, phone 56 or 36. Price two dollars a table, or fifty cents a player. If you fail to make reservations, come anyway, there will be a place for you. The tournament will be in the teachers' dormitory at Teachers College. Afternoon party, 3:30; evening party, 8:15. Given under the auspices of the American Legion Auxiliary. The proceeds to be used to pay for tables on the memorial bridge.

MRS. HERRING HOSTESS TO ROUND TABLE CLUB

Mrs. Luther Herring was hostess to the Round Table Club Tuesday afternoon. In the absence of the president, the meeting was called to order by the vice-president, Mrs. M. H. White.

After a short business session the feature of the afternoon was a most interesting paper presented by Mrs. R. L. Smith, her subject being: "Women as Arbiters of Fashion." She told of the origin of a number of styles, and how Hollywood leads Paris in styles.

Mrs. Bryce Brown of Schenectady, N. Y., was guest of the club.

A social hour followed the program, during which the hostess, assisted by Mrs. E. W. Griffin, served refreshments.

DENISHAWN DANCERS

COMING JANUARY 30th

The seats for the Denishawn Dancers, who will appear at East Carolina Teachers College on next Wednesday evening, were placed on sale today. Holders of season tickets should secure their special seat reservations for the box office early. The members of the Woman's Club are making a canvass of the town selling season tickets and are planning to go to the other towns in Pitt county. Any one who is skipped could phone to some member of the club, and she will deliver the ticket.

The other three attractions for the season are star features also. Radio fans will have the opportunity of seeing face to face and hearing two of the favorite artists on radio programs, John Charles Thomas, the famous baritone, and Godfrey Ladlow, the Australian violinist. Those who keep up with the best sellers in book clubs and libraries or keep up with the daring front page adventures of the world's adventurers, are thrilled over the prospects of hearing Richard Halliburton himself tell of his glorious adventure on "The Road to Rome."

The four make an unparalleled combination of entertainments. They are spaced so that there is time between for other things, one each month for four months.

The spectacular, colorful, pageant like drama-dances of Ruth St. Denis Ted Shawn and the eight other Denishawn dancers will make a brilliant opening for the season.

Urge Return Of Books To Library

The library is starting off nicely in its new location next to the Sumrell Motor Co. All patrons who have books that were taken out before the fire are earnestly requested to bring them in at once. This is the only way by which the work can be reorganized. Those that have been brought in are recorded and on the shelves ready to be taken out again. As soon as the old books are in and listed small orders will be placed for new ones. Please bring in immediately all books bearing the stamp of the Greenville Public Library which were in your home before the fire.

President Garfield Refloated Today

New York, Jan. 23.—(AP)—The liner President Garfield, which went aground Sunday morning on Mantilla reef, in the Bahamas, was refloated this morning, Capt. Thomas P. Quinn, the commander, informed officials of the Dollar Line. It was not necessary to remove any of her cargo.

The ship did not spring a leak while on the reef, the captain said. She will proceed to Nassau at noon to pick up her 89 passengers who were taken there Monday by the liner Pan-America. She then will continue her voyage. It was said.

TWO MARRIAGE LICENSES ISSUED SINCE MONDAY

Two licenses to marry have been issued by the register of deeds since the report of Monday. Both applicants were colored: Ernest Chancey to Maggie Clemmons, both of Carolina township; Isham Austin to Mattie Langley, of Pactolus township.

TOBACCO BOARD OF TRADE TO HOLD ANNUAL MEETING

The annual meeting and banquet of the Greenville Tobacco Board of Trade will be held at the Rotary Club tomorrow evening at 6:30 o'clock, members stated today. Numbers of guests have been invited and the occasion is expected to be one of the outstanding in many years.

PNEUMONIA INFLUENZA CAUSES DEATH TOLL

Suva, Fiji, Jan. 23.—(P)—Broncho pneumonia influenza has affected all of the 2,500 inhabitants of the Island of Rotuma, except two Europeans and fifty Fijians. There have been 31 deaths, said information received here today. The epidemic is decreasing.

Rotuma is 500 miles north of the main Fiji group, but under Fiji administration. The first case of influenza appeared December 4, after the arrival of the inter-island steamer Makatea.

If you have property to sell, consult with us. It will pay you well. H. A. White & Sons, Realtors, General Insurance, 403 Evans St., phone 49. Est. 1895.

LOCAL FIRM IS HONORED

We have been advised that the firm, the Williams Funeral Parlors, prominent mortuary organization of Greenville, has just been accepted into the fellowship of a national organization of funeral directors, known in the profession as the Order of the Golden Rule.

Funeral directors belonging to this Order are selected by representatives from headquarters, who make a careful survey of local conditions and of local funeral directing organizations, and thus select for the honor of fellowship in the Order that funeral director whom they feel to be best capable of upholding the ideals of this national association for the improvement of the funeral directing profession.

It is considered a real honor and a real distinction to be accepted into the fellowship of the Order since but one funeral director in each community can belong to the Order, and the requirements are such that only those funeral directors of high ethical standing in the profession can attain this distinction. The Order lays particular stress on the necessity of rendering a service to humanity in the time of need that is modern and comprehensive, and at the same time so moderately priced that it is within the reach of all, even those in the most humble of circumstances.

The Golden Rule funeral director in each community identifies himself as a member of the national Order by means of a Symbol, which consists of an armored knight with raised visor who supports with his right hand a shield, bearing the motto of the Order: "Service Measured Not by Gold but by the Golden Rule." In his left hand the knight grasps a drawn sword, as if to signify his readiness to defend the high principles inscribed upon the shield.

We feel that this community is to be congratulated upon having in its midst a member of an Order having such high ideals, and that the Williams organization is to be particularly congratulated upon having achieved this signal distinction through the hands of the profession they so ably represent.

Ask Reduction Of Duty On Tobacco

Washington, Jan. 23.—(AP)—In its consideration of tariff revision the House ways and means committee today turned its attention from hearings on an article of special interest to the housewife—sugar—to one in which these modern days concerns both sexes of many households—tobacco.

Thirty six witnesses were called for testimony on this schedule and tomorrow the committee will take up the agricultural section.

A plea for a good five cent cigar was made by manufacturers' representatives, who asked a reduction in the duty on Sumatra wrapper tobacco from \$2.10 to \$1.50 a pound.

Harvey L. Hirst, of Philadelphia, representing the Bayuk Cigar Inc., told the committee that to bring the five cent cigar to its pre-war popularity a lower duty was required on imported wrappers.

Hirst added that no wrapper was produced in this country suitable for a good quality five cent cigar and that the manufacturers prices for raw materials were steadily increasing.

Asked by representative Crisp, Democrat, Georgia, if he did not believe the farmer was entitled to the same protection as the manufacturer, Hirst said he did but "not at the expense of the public."

Former Railroad Traffic Man Dies In Georgia Jail

Atlanta, Jan. 23.—(AP)—George Forrester, who died in prison at Milledgeville, Ga., early today, rose from telegraph operator to a niche of prominence in the railroad traffic and textile fields as representative of 350 cotton mills.

Before he pleaded guilty to larceny after trust, cheating and swindling, Forrester was manager of the traffic department of the American Cotton Manufacturers' Association, and allied organizations. He was a leader in Atlanta's financial, civic and social life, a member of exclusive clubs, and a deacon in the Ponce De Leon Baptist church. At one time he was a prominent figure in North Carolina textile industries.

When he went to the penitentiary, associates and friends, he explained that he had become involved in a series of unfortunate financial ventures and began borrowing from those closest to him. Exceptional rates of interest and other draining influences led him into a maze which was never untangled. First came involuntary bankruptcy uncontested by Forrester, and a prison term of from three to 11 years.

The rate expert began his career as a telegraph operator in his native town of Albany, Ga., and rose through railroad traffic positions to prominence among the freight rate experts of the nation. In his later years his health declined and grew worse, aggravated by his financial difficulties.

Seeks Slayer Of Charlotte Officer

Charlotte, Jan. 23.—(AP)—City police, augmented by deputy sheriffs, were conducting an intensive search today in this vicinity for Tom Williams, negro, alleged slayer of Edgar Correll, city detective, last night.

Although they had questioned several suspects, officers said they believed the slayer was still at large. Correll was shot early last evening soon after he entered a negro dwelling in company with another officer in a search for stolen goods.

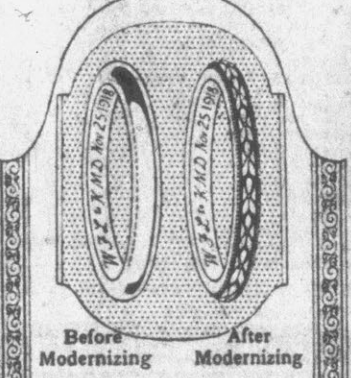

W. H. Cousar, companion officer, received a slight flesh wound from a bullet fired by Correll's assailant. Officer Cousar said that Correll was shot by the negro as he entered a back room of the dwelling. Several shots in quick succession were heard, the officer reported, and he ran out of a front room in time to see Correll stagger through the door way into the hall and fall.

The negro loomed momentarily in the doorway and fired once at Cousar, the officer said, and then fled out the back door. An intensive search last night produced several suspects who later were released.

LOCALS BEAT JAMESVILLE CAGE OUTFIT

Last night, the local High School basketball team continued their winning streak by taking the speedy Jamesville quintet into camp by the score of 41-19. This does not really tell the tale of what was undoubtedly the fastest game on the court this season. The first half was a nip and tuck struggle that backed the game with Hugh Morson off the map, and left the two teams tied at half time with 11 points apiece. Jamesville brought a good team — no one doubted that, as they saw-sawed back and forth for half the game with Jamesville leading for more than Greenville did. Three big men and two fast little ones played for the visitors, and the combination was hard to beat. This is the team that did beat Greenville once, be it remembered, and this fact made many local supporters gaze in their shoes as the first half progressed. There was little to give basis for a claim that either team was better, as now one, now the other captured the ball and dribbled rapidly or passed their way unexpectedly down the court for a well covered shot. The only team that has been able to dodge Bob Eason's standing guard for clear shots was here last night — at least for so long that it does not remember the last very clearly.

Greenville played a splendid all-men-in-the-game sort of contest last night, which strengthened their attack and defense considerably. No one did all the floor work, and no one did all the scoring. Bostic and Respass played the best back and forth game to each other, the writer ever saw them in, both proving themselves loyal team players. Briley wore the six-foot center, Getzinger, down in the first half, and made it look simple for Burnette to show his speed and accuracy on long shots in the second frame.

The second half found Jamesville tired and Greenville "just begun to fight." Like Commander Perry, of naval fame. The game took on an entirely different aspect. Jamesville's second string met with some trouble, and did not arrive until the end of the third quarter, possibly making much difference in the work of the other visiting boys. Jamesville slowed up and played a waiting game, to their own loss, instead of forcing the issue every time they obtained possession of the ball. Greenville's five man defense was too much for Jamesville to penetrate, while the local offense lost none of its original dash and vigor. Respass found the way to elude his guard for six baskets in the second half, to none in the first. Every man on the team scored but the standing guards, who quite properly stood, and Tucker slipped into the game long enough to care a "crib" shot. Last quarter found Jamesville beaten in spirit, with the score but 21-15 against them, and consequently, the old steamroller got to work in the final few minutes, pushing it up from 21 to 41, while Jamesville added two field goals.

The post-mortem:

Greenville (41)	Jamesville (19)
Bostic (4)	Long (6)
Respass (14)	forward
(Tucker, 2)	Martin (7)
Briley (2)	Gelsinger (4)
(Burnette, 8)	center
Hicks (10)	guard
Eason (King)	Warrenton
Referee: Poot (U. S. A.)

FOR GENERAL ELECTRIC PLAN TOMORROW

Bill Carrigan Has Big Plans For Red Sox

By WILLIAM R. KING, Associated Press Staff Writer

Boston, Jan. 23.—(AP)—Bill Carrigan is going to do a lot of building with the Boston Red Sox.

He has been building for two years and he believes it will take at least two more before he can get a combination that will make any kind of an impression in the American League.

He has 37 players on his roster and only 13 of them were with the club last season. He has thirteen pitchers, six catchers, ten infielders and eight outfielders.

He has no idea who is going to play in his infield and doesn't expect to until the squad has been working out at Bradenton, Fla., for a couple of weeks.

Phil Todd, the best fielding first baseman in the league last season, says he is the only infielder sure of holding his job, but Rothrock will be on hand to succeed him if he fails to hit better than he did last season. Bill Regan, who has held down second for the past two seasons, must out-fight Jerry Standaert, late of Brooklyn, and Grant Gilles, who came from Washington in the Buddy Myers trade, for the job.

There are three outstanding candidates for the shortstop berth, Harold Rhyne, who came from Philadelphia on waivers; Wally Gerber and Bobby Reeves, who held down that position for Washington for two seasons.

Carrigan's biggest problem seems to be the finding of an adequate third baseman. His best bet is Bobby Barrett, who is coming up from the Buffalo Internationals.

Of the eight outfielders four have seen service with the Red Sox. These are Ira Flagstead, Ken Williams, Doug Tait and Jack Rothrock, who would rather play first base. The newcomers include Elliott Bigelow, a demon Minor League hitter who was part of the trade, and Leopp, Dumas and Scarritt, three Minor League purchases.

Carrigan knows catchers and he seems to have a strong staff with Alex Gaston, Charlie Berry and John Heving, who has been with the club, and Bob Ashbjornson, recalled from Akron; Eddie Connelly, who played in the Eastern League last season, and a youth from Waterville, Me., named Danny Shanshan, who played ball for Colby College.

There will be five right-handed hitters from the 1928 pitching staff, bid Ed Morris, Charley Ruffin, Danny MacFayden, Jack Russell, and Pat Simmons. Morris was the most effective of the quintet last season, winning 19 and losing 15.

Greenville High To Play Wilson, Then Farmville

After the last game with Jamesville, the Greenville High quintet should be in better shape to face Wilson at Wilson on Friday, and follow up with Farmville on the same court next Tuesday. Farmville is yet undated, and will give the locals the struggle of the night without question.

While the big team goes to Wilson and the girls' team to Woodland Friday of this week, the freshmen will take over the gym for three games with the freshmen and Middlets of Washington High School. These should be all close and fast contests, and will doubtless afford good sport for their friends and the local fans who have formed the habit of dropping in at the school gym on Friday evenings. The three games will be offered at the holiday price of 25 cents for all.

Rex Beach Has Become Golfer

Palm Beach, Fla., Jan. 23.—(AP)—Rex Beach, the novelist, has become Rex Beach the golfer.

The medalist in the annual artists' and writers' golf tournament today went into his second round of match play an even greater favorite to take Grantland Rice's crown than when he led the qualifying play with a 73, eight strokes behind his nearest competitor.

Beach yesterday tramped around the Palm Beach course in first round play with Hal Marchbanks of New York and came in with a 5 and 4 victory.

Rice, however, gave notice of his determination to go down fighting to retain his championship, by defeating Duncan Stewart, also of New York, 4 and 3.

Other winners in yesterday initial match play were T. Katiwar, St. Louis; E. M. Benjamin, New York; Jefferson Machamer, New York; Sam Harris, New York; Ray McCarthy, New York, and A. W. Shepp St. Louis.

Mandell Licks Jack Gillespie

Indianapolis, Jan. 23.—(AP)—Fighting with one rib broken, and favoring a knit collar bone that was fractured in a bout last fall, Sammy Mandell, world's lightweight champion, showed all his speed, dash and skill last night in defeating Jack Gillespie, of Detroit.

It was Mandell's first fight since his collar bone was fractured at Flint, Mich., in a fight with Jimmy Goodrich, last September. In training for last night's fight, the champion suffered a broken rib on his left side, but it did not seem to handicap him or reduce his speed.

Gillespie was a willing foe, but was fighting out of his class.

Some Tobacco Raiser

Harrisburg, Pa.—At the age of 83 Jacob H. Hoistetter continues to win prizes for the tobacco he grows. He has triumphed at every one of the 13 annual state farm shows.

The other four functioned below the Major League standard.

Among the new box prospects are Milton Gaston, Alex's brother, and Hod Ingraham, both involved in the Myers trade; Bill Bayne, Will Cleveland last season; Frank Deane, recalled from the Pittsfield League Club, and four new League warriors, Bobby Carril, Harry Fry and a youth named Durham, who could not escape the nickname "Bull" Bayne and Shea, the only southpaws in the lot.

Partnership Dissolution

The co-partnership heretofore existing between W. J. Edwards and A. P. Harper and trading as Harper Motor Co., has been mutually dissolved. All accounts, notes and other indebtedness due said firm will be paid to W. J. Edwards, the surviving partner who will continue said business.

This January 3rd, 1929.
W. J. Edwards,
A. P. Harper.

Administrators' Notice

Having this day qualified as administrators of the estate of G. T. Gardner, late of Guilford, North Carolina, Pitt County, this is to notify all persons having claims against said estate to present them to the undersigned within twelve months from this date for their recovery. All persons indebted to said estate will please make immediate payment to the undersigned.

This December 23rd, 1928.
De. W. W. Dawson,
C. E. Cobb, Administrators
P. O. Box 248, S. C. City.

Mortgagee's Sale of Land

By virtue of a certain mortgage made and given by the late Pennie Buck under and by virtue of that certain mortgage which was vested in the said George Buck by the late W. P. Buck, and which is duly recorded in the Register's Office for Pitt County in Book P. H. 100, page 107, and by order of the Superior Court of Pitt County directing a second resale of said land, the bid of the said bid January 23rd, 1929, having been passed as provided by law, I shall offer for sale to the highest bidder for cash at public auction, at the Court House door in the Town of Greenville,

at 12 o'clock, noon, 1929, the following described tract of real estate, lying, being, and situated in the Town of Greenville, in Pitt County, and State of North Carolina, to-wit: To-wit:

Said certain lot and dwelling house known as the late W. P. Buck and wife's lot, and being the only lot at said time owned

by the said W. P. Buck in the Town of Greenville, upon which there was standing and being a dwelling house, and being the same lot that was conveyed to the said W. P. Buck by J. S. Grimmondy (formerly recorded in the Register's Office for Pitt County, to which reference is made for a more particular description).

This January 23rd, 1929.
George Buck, Administrator of Pennie Buck, Mortgagee.
Albin Dunn, Attorney.
Jan. 23rd-1929-2wk.

Executors' Notice

The undersigned J. S. Edwards, having this day qualified as Executor of the last will and testament of Mrs. E. J. Hardee, deceased, before the Clerk of the Superior Court of Pitt County, notice is hereby given to all persons indebted to said estate to make immediate payment to the undersigned Executor and all persons holding claims against said estate are hereby notified to file their claims itemized and duly verified with the undersigned Executor within twelve months from the date hereof, or this notice will be pleaded in bar of any recovery on said claims.

This 3rd day of Jan. 1929.
J. S. Edwards, Executor
Mrs. E. J. Hardee, Deceased.
Jan. 3rd-1929-1wk.

Notice of Land Sale

Under and by virtue of the power and authority contained in that deed of trust executed and delivered by Isaac Suggs and wife, Cornelia Suggs, to James L. Evans, Trustee, on the 25th day of May, 1927, and duly registered in Book T. 13, at page 85 in the office of the Register of Deeds of Pitt County, the undersigned will, on

Saturday, February 2nd, 1929, at 12 o'clock, noon, expose to public sale before the Court House door in Greenville, Pitt County, North Carolina, to the highest bidder for cash the following

described tract or parcel of land, to-wit: A 1/4 undivided interest in a certain tract of land lying and being in Pitt County, North Carolina, and described as follows: Lying on the South side of Raleigh Avenue, beginning at the Southwest corner of Macedonia Church lot and running Eastwardly with said church lot 74 feet; thence Southwardly with Alabama Moore's lot 112 feet; thence Westwardly with said church lot 74 feet; thence Northwardly with proposed street 52 1/2 feet to the beginning, containing 1.34 acres, or less, and being the same land as a tract of land conveyed to Robert May by Robert May, Jr., on September 17th, 1902 and duly registered in Book 102 at page 443 in the office of the Register of Deeds of Pitt County, which reference is further directed, the said lot on the death of Robert May having descended to the said Robert May, Jr., and his children and heirs at law of said Robert May.

This January 2nd, 1929.
James L. Evans, Trustee.
Jan. 2nd-1929-1wk.

Hot Butter Biscuits

No oven work for you. These Hot Butter Biscuits come to your table with all the warmth of the oven still in them. No need even to butter them. We butter them—twice!

Don't let another meal go by without some of these delicious Hot Butter Biscuits on the table just begging to be enjoyed.

Come in and take some home for your next meal.

Safety, silence and simplicity are features of the new Ford six-brake system

ONE of the first things you will notice when you drive the new Ford is the quick, effective, silent action of its six-brake system.

This system gives you the highest degree of safety and reliability because the four-wheel service brakes and the separate emergency or parking brakes are all of the mechanical, internal-expanding type, with braking surfaces fully enclosed for protection against mud, water, sand, etc.

The many advantages of this type of braking system have long been recognized. They are brought to you in the new Ford through a series of mechanical improvements embodying much that is new in design and manufacture.

A particularly unique feature is the simple way by which a special drum has been constructed to permit the use of two sets of internal brakes on the rear wheels.

The brake construction on the front wheels also is unusual. Here the brakes are enclosed without the use of a leather boot or sliding joint to protect the linkage between the brake rods and the mechanism on the brake plate.

A further improvement is effected by the self-centering feature of the four-wheel brakes—an exclusive Ford development. Through this construction, the entire surface of the shoe is brought in contact with the drum the instant you press your foot on the brake pedal. This prevents screeching and howling and makes the Ford brakes unusually silent.

Another feature of the Ford brakes is the ease of adjustment. The four-wheel brakes are adjusted by turning a regulating screw conveniently located on the outside of each brake plate. This screw is so notched that all four brakes can be set alike simply by listening to the "clicks."

The emergency or parking brakes on the new Ford require little attention. However, should they need adjustment at any time, consult your Ford dealer for prompt, courteous, and economical service. He works under close factory supervision and he has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.
