NAVAL BILL HOLDS SWAY IN SENATE

Measure Calling For Cruiser Construction Expected To Get Opposition.

Washington, Jan. 24.—(AP)—The last of President's Coolidge's administration measures, the naval construction bill, was the order of business in the Senate today.

Shunted aside by other legislation since before the Christmas recess, the measure to authorize the construction of 15 cruisers and one aircraft carrier was taken up as a result of the passage late yesterday by the Senate of the first deficiency appropriation bill. The warship program is confronted with stiff opposition, but Chairman Hale, of the Senate naval committee, was confident of its passage.

Its legislative machinery somewhat impeded by the Senate's recent delay on pending measures, the House again devoted its attention to minor bills, sponsored mainly by its public lands committee and affecting for a large part western states. However, the farm duties which will be completed following the committee's hearing may be enacted as a part of the tariff bill at the proposed special session and are considered a major agricultural relief measure.

The House ways and means committee had on its program a problem of paramount interest—the revision of the agricultural tariffs.

Supporters of the cruiser measure expressed the belief several days ago that it was being threatened by a filibuster when several of its opponents talked for hours on prohibition during the consideration of the deficiency bill. However, the leaders of the opposition have said no construction tactics will be used to block a final vote on the naval program.

The Senate adopted the deficiency bill yesterday after it had settled the tax refund question. The measure carried a \$75,000,000 item for tax refunds.

The bill now has to go back to the House for action on the \$24,000,000 prohibition enforcement increase, but final settlement of the differences probably will be effected in conference.

Of the committees the Senate-Rend campaign funds investigation body had before it the case of Senator-elect Vane, of Pennsylvania, and the Senate immigration committee took up the proposal to postpone the effectiveness of the national origins clause of the immigration act.

House side the merchant marine committee considered the bill to extend the life of the radio commission for another year and the flood control committee studied the controlling of floods on Lake Okechobee and several rivers.

J. K. Young Passes Away At Denver, Colo., Today

A telegram received here this afternoon told of the death in Denver, Colorado, of J. K. Young of this city, head of Young's chain of stores operating throughout Eastern North Carolina. Death was the result of illness extending over a period of two years or more.

Two weeks ago Mr. and Mrs. Young left this city for her former home at Santa Clara, California, to spend several months. Enroute to the West coast, Mr. Young's condition took a turn for the worse and they were forced to stop at Denver where he entered a hospital for treatment. He died in the hospital at 9:30 o'clock this morning.

While definite funeral arrangements have not been announced, it was understood that the body would be brought to Wilson for interment beside

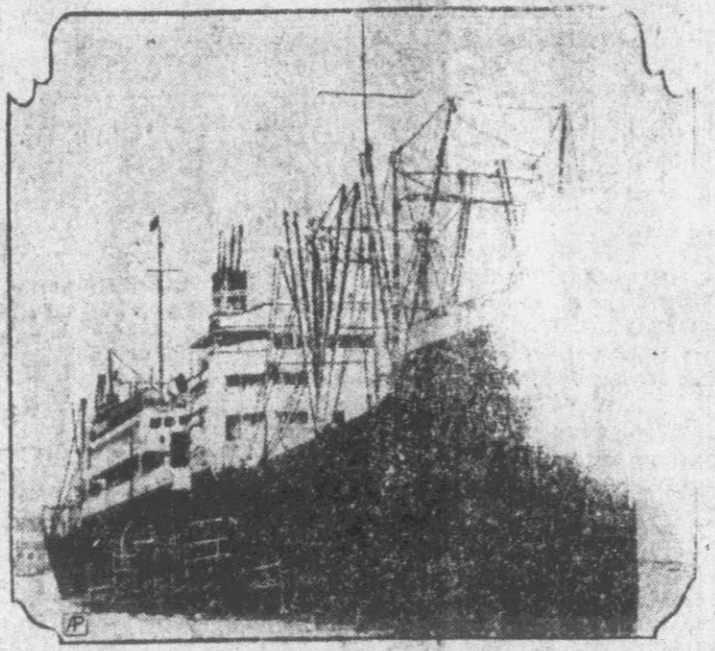

other members of his family.

Mr. Young, who was a native of Wilson, came to this city about eight years ago and opened up the Greenville branch of Young's stores. A few years ago, owing to the death of his brother-in-law, then head of the chain of stores, the headquarters was moved to this city and Mr. J. K. Young became the president and active head of the firm.

Mr. Young was a veteran of the World war and it was while in the service that he became acquainted with Miss Ethel Nelson, of Santa Clara, California, who later became his wife.

He is survived by, besides his wife, his parents, Mr. and Mrs. W. B. Young of Wilson; two sisters, Mrs. K. T. Lloyd of West, Fla., Mrs. W. B. Coslette, of Landsdowne, Pa., and a brother, Foster Young, of Wilson.

SHIP GROUNDS; PASSENGERS SAVED

The Dollar liner President Garfield, starting a world cruise, was stranded when it struck a reef off the Bahamas. Passengers were transferred to another ship.

START DRIVE FOR HIGHER TARIFF RATE

Congress Urged To Increase Duties On Livestock, Poultry Products, Etc.

Washington, Jan. 24.—(AP)—Opening the drive of the farmers for higher tariff protection for livestock and agricultural products, Representative Selvig, Republican of Minnesota, urged the House Ways and Means Committee today to increase duties on livestock, dairy and poultry products, flaxseed, corn potatoes and potato starch, rutabagas and clover seed.

He said the farmers were looking hopefully to Congress for such relief and encouragement as can be given through the tariff and that the farmers expect to obtain for agriculture protection equal to that of any other American industry. Selvig said the United States imports sufficient farm produce to displace the production of about 70,000,000 acres, or about 4 1/2 times the cultivated area of his home state.

Declaring stabilization of the livestock industry would result from higher duties, B. F. Davis, of Denver, representing the Colorado legislature, farm bureau and stock growers association, urged the following rates:

Cattle for slaughter, 4 cents per pound; stockers and feeders, 3 cents; fresh beef and veal, 8 cents against the present rate of 3 cents; sheep and goats, \$3 a head against \$2; fresh mutton, 5 cents against 2 1/2; fresh lamb, 8 cents against 4; swine, 3 cents against 1-2 cent; fresh pork, 5 cents against 3-4 cent; bacon and ham, 6 cents against 2; lard and lard substitutes, 46 cents against 1; extracts of meat 30 cents against 15; and fresh meat not now specifically provided for 40 per cent ad valorem against 20 per cent.

Davis' proposal, which would call for applying the duties to the Philippines, whose imports are now duty free, also urged increases on oleo oil to 37 cents against one cent and on tallow to 3 cents against 1-2 cent.

WIFE SHOTS HUSBAND AND KILLS SELF

Atlanta Man, Critically Wounded, Tells Tragic Story of Domestic Troubles.

Atlanta, Jan. 24.—(AP)—The sixth attempt to make a go of married life within 10 months today lay behind the tragic death of Mrs. Elizabeth Eieh, 17, and the critical condition of her 18-year-old husband, Ernest.

On an operative table early today a few hours after the wounded youth and the body of his wife had been found in the home of his parents, Ernest told police that the girl shot him three times in the stomach and herself once. Officers said the position of the bodies apparently fitted in with his story.

A note in Mrs. Eieh's handwriting apparently had been written shortly after the couple separated at the end of their fifth quarrel yesterday. The note referred to the husband's "drinking and staying out nights."

Mrs. C. D. Barrett, the girl's mother, told police that her daughter had left her husband the last time yesterday, and that she had persuaded her to return and try to make a go of things for a sixth time.

Mrs. B. M. Eitch, the youth's mother, said both were to blame for frequent quarrels, and that the family did not interfere last night until after six shots fired in rapid succession were heard. She said they entered the son's room and found him groping for the revolver "to finish the job."

VETERINARY SURGEONS ND STATE MEETING

Raleigh, N. C., Jan. 24.—(AP)—Members of the State Veterinary Medical Association concluded their mid-winter meeting here today with two sessions, at which various addresses were heard.

To Exploit Gold Mine In Forsyth

Winston-Salem, Jan. 24.—(AP)—A real gold mine, said to be the only one in Forsyth county, is to be exploited. It is located on the estate left by Joseph Black, of the Lewisville township section, to his wife, Mrs. Black, in qualifying as administratrix, announced she would work the claim.

Rescue Crew Of Italian Freighter

New York, Jan. 24.—(AP)—Triumphant for a second time in a battle with the sea, Captain George Fried of the United States liner America, was headed toward port today with the rescued crew of the Italian freighter, Florida.

"Rescued full crew Florida. Total 32. Chief Officer Harry Manning in charge. Whole westerly gale. Life boats lost. Details later."

While pushing on toward the Florida, the America's radio advised land stations yesterday that the Danneberg's crew had rigged a jury rudder and were seeking shelter at Bermuda.

The America's feat in locating the Florida and taking off the crew of the sinking vessel was emphasized by the fact that two other ships nearer at hand had been forced to abandon the search.

The Dollar liner, President Harrison ending a world cruise, found herself running short of fuel off the Florida. The German freighter, York, which also had hurried toward the stricken ship when the appeal for help was sounded, reported searching eight hours before abandoning the quest.

While the President Harrison and the York cruised on dead reckoning seeking the distressed ship, Florida was concentrating the power of her emergency wireless set on giving Captain Fried her position.

The Florida, an Italian tramp steamer, was bound for New York when Captain Fried turned her prow south to answer the SOS of the Florida.

Appeals For Removal Of Sulky Suspicion Between U. S. And Great Britain

New York, Jan. 24.—(AP)—An appeal for active efforts by the governments of the United States and Great Britain to remove the "sulky suspicion" which has crept into the relations between the two countries, is made by Ramsay MacDonald, former British labor premier, in an article appearing in "The Nation."

"This is no case for private and unofficial action and conferences," Mr. MacDonald says. "The government must act. Both countries ought to appoint five or six of their most outstanding public men to meet and drag from the obscure corners of sulky suspicion the things which make difficulties between us. Let us know them. Mayhap fresh air would clean our minds of them."

Stating that the relations between the United States and Great Britain are growing increasingly unhappy, the former British premier says: "The plain fact is that a spirit is growing up in the two countries which is estranging them, and is encouraging a kind of squabbling, criticism which destroys mutual understanding and forbearance."

Mr. MacDonald contends that the practical policy of the United States and Great Britain is exactly the same "as that which preceded and prepared for the late war."

He suggests that both nations get down to reality, particularly on this naval question and to bring to a common table for discussion the reason why ships are being built and why both nations went to the

Chicago Woman Clubbed To Death And Then Robbed

Chicago, Jan. 24.—(AP)—Miss Laura Bucholz, 26, a clerk, was clubbed to death and robbed a block from her home on West 123rd street as she was returning from work last night. Her slayer escaped.

The only witness was Mrs. Grace Hanley, a school teacher, who said she heard a girl's scream and looked from her window in time to see "a man in a dark overcoat" dragging a woman's body across the street. Apparently frightened by the sound of the window Mrs. Hanley raised on the body and fled.

Physicians found Miss Bucholz had been struck twice over the head. Her clothing was not torn and there were no other wounds. Her purse and hat were missing.

COLD CLAIMS ELEVEN LIVES IN MID-WEST

Warm Winds Today Promised Relief To States Suffering Worst Of Winter.

Chicago, Jan. 24.—(AP)—Warm northeast winds, which will blow away the severe cold that has cost 11 lives in the midwest, was today's promise to storm-bound states suffering the worst rigors of the winter.

Sufficient snow to make footing treacherous was forecast for Chicago, while a rising temperature to from 10 to 25 degrees above zero was predicted.

The absence of snow here was in contrast to the intense cold and heavy snow that paralyzed traffic in parts of Michigan, Minnesota and Wisconsin. Trains were delayed and highways were blocked. In Chicago icy pavements made driving treacherous.

The storm approached blizzard proportions in Michigan, where the cold accounted for five lives. Minnesota had four dead and two deaths were attributed to the weather.

Whipped by a 40-mile gale, snow in the upper peninsula of Michigan blocked roads and delayed trains, while at Sherwood, Wis., volunteers cleared a mile and a half of a snow drifted road for a funeral 24 hours late.

The coldest temperature of the day yesterday was registered at Butte, Mont., where the mercury recorded 55 degrees below.

Offer \$500 Reward For Capture Killer

Charlotte, Jan. 24.—(AP)—A reward of \$500 had spurred searching parties to extra efforts today in the hunt for Tom Williams, sought as the slayer of City Detective Ed Correll here Tuesday night.

Officers said today they were still investigating numerous calls from persons who thought they had seen the negro but thus far had found each fruitless. Williams escaped from his home early Tuesday evening after fatally wounding Correll and slightly wounding a fellow officer. Intensive search since then has failed to develop any clue as to his whereabouts.

An airplane was brought into the search yesterday when officers flew over the surrounding fields and woods and scanned the terrain with field glasses.

MINOR CASES IN CRIMINAL COURT HERE

Five Cases Disposed Of In Third Day's Session In This City Yesterday.

Pleading guilty to a charge of forging a draft at the Farmers Bank in this city, John and Charlie Bollison, young men of Pamlico county, were allowed to pay the amount of the draft and cost of action and return to their respective homes.

The case came up for hearing at the one-week term of criminal Pitt County Superior Court yesterday. Attorneys for the defendants asked the court that they be given an opportunity of making restitution and granting the privilege of returning home. The plea was granted, and today the young men were speeding back home fully convinced that the straight and narrow way is best after all.

Willie Borden, colored, charged with stealing jewelry, was found guilty, but Judge Daniels reserved judgment until later during the week. Borden was arrested following the larceny of jewelry from an automobile here.

Thad McLawhorn paid a fine of \$25 and cost following conviction of a charge of having whiskey in his possession.

Arrested some time ago for alleged larceny of tobacco, Arthur Mercer and Stephen Hargrove, colored, were found not guilty when the case came up for hearing yesterday.

Sentence was reserved in the case of Stephen Howard, charged with reckless driving.

MORROW WILL GO TO MEXICO

Ambassador To Continue Work At Mexico City For Indefinite Period.

Miami Beach, Fla., Jan. 24.—(AP)—Dwight W. Morrow is to return to Mexico City soon and remain as ambassador for an indefinite period of time, it became known authoritatively today after he had conferred for two hours with President-elect Hoover.

This is in accord with the ambassador's own desire and also with that of the next president who has a high appreciation of the work the internationally known banker has been doing at Mexico City since Coolidge.

Time and again since Mr. Hoover's election, Mr. Morrow's name has appeared in the gossip as to the possible appointment for Secretary of State to succeed Frank B. Kellogg who has arranged to retire from public life on March 4.

However, the ambassador to Mexico is understood to have taken the position that his work in that country was unfinished and a similar view of the situation has been credited to the president-elect by those who have conferred with him recently.

Escapes Ambush

Charles H. Crane, former United States ambassador to China, escaped unharmed when Arabian tribesmen attacked the party in which he was traveling. His companion, Rev. Henry A. Bilkerd, was killed.

REVIVAL OF KIDNAPPING CASE PENDING

Documents Of McPherson Case To Be Examined In Judge Hardy Investigation.

Los Angeles, Jan. 24.—(AP)—An official revival of the so-called Aimee Semple McPherson kidnaping case was forecast here today after it became known that all documents relating to her mysterious disappearance nearly three years ago had been ordered brought before a legislative investigating committee.

The committee is under call to meet here Saturday. It will start an inquiry into the acceptance by Superior Judge Carlos S. Hardy of the Los Angeles Superior Court of a \$2,500 check while she was facing charges of conspiring to defeat justice by telling a false story to a grand jury about her much discussed disappearance. The committee is to determine whether the filing of impeachment charges against Judge Hardy is warranted.

Judge Hardy, who was dropped from the membership of the American Bar Association because he accepted money, has declared that it was a free-will offering from the famous evangelist and that it was given for legal advice which he had proffered to her over a period of years. He declared that it had nothing to do with the conspiracy charge. This accusation was dropped by the then district attorney, Asa Keyes, on the grounds that there was insufficient evidence to convict.

Keyes is on trial here at present on a charge of accepting bribes from defendants in other criminal cases. The grand jury which indicted Keyes also was said to have heard evidence that Mrs. McPherson spent a large sum of money to forestall being brought to trial. The investigating body, however, never has made public a report on the McPherson case.

Mrs. McPherson has announced that she would appear before the legislative committee next Saturday. Judge Hardy, who also was subpoenaed, has said he would obey the summons.

In a formal statement to the investigating committee of the state bar, Judge Hardy some time ago declared that he received the check from the Angelus Temple Corporation on August 12, 1926, about two months before this date was subpoenaed to the investigation of the evangelist's kidnaping story by the county grand jury.

Mrs. McPherson, founder of the Angelus Temple, and chief exponent of the "Four Square Gospel," was reported missing by her secretary, Mrs. Emma Schaeffer, on May 18, 1926. The secretary reported that the evangelist had disappeared while swimming in the surf at Ocean Park. After more than a month the evangelist walked into Douglas, Ariz., in the early morning hours of June 23, announcing that she had escaped from kidnapers after being held a prisoner in Mexico.

After an investigation, the county prosecutor's office charged that Mrs. McPherson had spent a part of the time during her mysterious absence in the company of Kenneth G. Ormiston, Regulus Temple radio operator, at Carmel, Cal. An indictment was returned against both Mrs. McPherson and her mother, it was these charges that were dropped later.

The committee's recommendations together with bills to carry them out, would be sent to the governor and the General Assembly.

Under the resolution, the committee, which would be composed of two members of the Senate and three members of the House, appointed by the speaker of each, would have power to issue subpoenas for witnesses and compel all power companies in the state to produce all books, papers and documents.

The committee's recommendations together with bills to carry them out, would be sent to the governor and the General Assembly.

Frankfort, Ky., Jan. 24.—(AP)—Heading the list of twenty defense witnesses called for examination, William H. Shanks, former state auditor, resumed the stand in his own defense this morning to testify at his trial in Franklin Circuit Court on charges of misappropriating state funds. Shanks began his testimony yesterday afternoon at 3 o'clock when the state rested its case.

Claims of the state that Mr. Shanks converted state funds to his own use during his term of office from 1924 to 1928 and then left his wife's home on the payroll just before he left office in order to account for the funds, are denied by the defense through statements Mr. Shanks made on the stand.

The defendant testified that he employed Mrs. Shanks as his private secretary ten days after he took office, because he found his duties to be so many that he would be compelled to work after office hours. Conferences with various officials and his employees, Mr. Shanks said, occupied practically all of his time while he was in the office, so he employed Mrs. Shanks at a salary of \$275, per month with the understanding that she would work for him at any hour of the night or day he needed her services. During the four years she worked for him, he averaged about one to two hours of morning, one to one and a half hours of afternoon, and two to four hours of night, Mr. Shanks stated.

Women Jailed In Liquor Case
Bay City, Mich.—Mrs. Thera Ely is to spend 100 days in the county jail, while her husband stays home and cares for three children. Convicted of selling liquor, man and wife had their choice before Federal Judge Tuttle as to which should go behind the bars, and which should pay a fine of one cent.

Five Held For Burning Church In Burke County

Asheville, N. C., Jan. 24.—(AP)—Five men, charged with burning the Zeta Baptist church, Burke county, with destroying fences of three farms, and with manufacturing liquor, were being held in Morganton today, it was announced here by F. M. Jordan, deputy state fire insurance commissioner, who returned to Asheville after investigating the case. Only one of the men was able to make the \$3,000 bail asked for each of the defendants.

Mr. Jordan said he and Sheriff Balanee, who aided in the investigation, were convinced the burning of the church and the destruction of the fences was "spite work directed against persons believed by the men held to have reported twofold stills.

The men in the Morganton jail were: Oscar Lusk and Pink Lowmyer, and Claud Hildebrand. Fred Hildebrand was free on bond.

The church, Mr. Jordan said, was burned on Sunday night, January 13. It was located about 18 miles from Morganton.

Women Voters In Session At Raleigh

Raleigh, N. C., Jan. 23.—(AP)—Members of the North Carolina League of Women Voters met in annual convention here today, with a legislative committee hearing on the Australian ballot as the high point in the program of a busy day. A banquet, a luncheon, a tea at the executive mansion, two addresses by officials of the National League of Women Voters, the legislative committee hearing and morning and afternoon sessions of the convention comprised the delegates' program.

Governor and Mrs. Gardner will be guests of honor at the banquet tonight.

Mrs. R. Turman, of Atlanta, director of the national organization's third region, will speak at the afternoon session, and Miss Elizabeth J. Hauser, of Girard, Ohio, a national vice-president, will also speak at the banquet.

Rum Car Wrecks At Courthouse

Sylva, N. C., Jan. 24.—(AP)—J. A. Albert, said to be from Brevard, picked about the worst place possible to wreck his liquor-laden car today—the curve beside the Jackson county courthouse.

Albert, believed to be on his way toward Asheville from Bryson City, had business on the mountain above the courthouse, and failed to guess the speed at which he could take the curve by the temple of justice. Instead of continuing up the mountain, his car ran squarely into the courthouse, landing a short distance from Sheriff M. B. Cannon's office. The impact was so severe that boxes were knocked off shelves inside the building, and occupants given a scare.

"Are you the janitor?" Albert asked the register of deeds, when that official came outside to investigate. "Then let's get this liquor off before the officers arrive."

The register of deeds, instead, however, rushed the man to the hospital to have severe cuts dressed, and then notified the officers, who reported that the car contained 11 gallons of liquor.

TWO KILLED BY BOILER EXPLOSION

Ryan Okla., Jan. 24.—(AP)—Two employees were killed and four injured, one seriously when a cylinder head in a steam engine at the Ryan Cotton Oil Mill here was blown out by an explosion yesterday. The dead were C. R. Allen, 50, and Leroy Martin, 26.

Philadelphia—Port man, as Jesse Zden expresses it, has forgotten his own attractions and spent all his time and money in helping women make herself beautiful. Adler, who is chairman of the Men's Style Committee of the National Shoe Retailers' Association, told the association's convention that men should now surround themselves with the style and color that are rightfully theirs. Men has handsome limbs, he argued, but no specific recommendations were made along this line.

announcing The New PONTIAC BIG SIX

Introducing Big Car Standards of Luxury, Style and Performance at \$745

TODAY a new type of low cost motoring luxury is available. It embraces big car style. It provides big car riding comfort. It embodies big car quality in unseen parts. It includes big car performance even to the point of developing big car power and traveling at big car speed. It is offered by a brand new automobile—the New Pontiac Big Six.

tribute to the big car beauty and big car style presented by the car as a whole. Progressive people are seeking greater luxury. The Pontiac Big Six offers them the luxury, the deep, richly upholstered cushions and the charming appointments for which bodies by Fisher are famous the world over. It provides the smooth-riding qualities of a car 167 inches in overall length, with accurately balanced rotating mechanical parts and such advance comfort features as adjustable drivers' seats.

From fan to rear axle, its "line of drive" is in accurate dynamic balance. Its new brakes are of the internal four-wheel type which neither mud nor rain nor ice can prevent from operating efficiently.

Frankly, the New Pontiac Big Six was designed to appeal to a certain group. True, every motor car owner in America will find in it many things to admire. Two-car families will find it an ideal second car. But the group for which it is primarily intended is made up of people who are beginning to move up in the world. Many of them will soon make the first important step up in the quality of their cars. All are progressive. The New Pontiac Big Six was designed for them.

It is a six, but more than just a six. It is a six with the added power of a larger L-head engine and the added smoothness imparted by a dynamically balanced, counter-weighted crankshaft and the famous Harmonic Balancer. It is a six with the added efficiency and silence achieved by means of the G-M-T cylinder head. It is a six with the added cold-weather advantages provided by the cross-flow radiator, thermostatically controlled.

As for its performance, you can drive it at express train speed. You can watch it accelerate alongside the finest cars on the road. You can test its power under any conditions, confident of its ability to pull through. Meanwhile it continues to provide that unmatched dependability for which every Pontiac has been famed.

It comes to them entirely new in appearance. Stunning new bodies by Fisher con-

Only a few highlights in its construction have been mentioned. Just enough to prove that the Pontiac Big Six is entirely new and capable of meeting progressive Americans' demand. But the amazing thing about it is that it gives so much big car luxury, style and performance at prices which come within practically everyone's reach!

ALL EIGHT DENISHAWNS ARE REAL ARTISTS

In the company of the Denishawn Dancers, who will appear at East Carolina Teachers College on next Wednesday evening, not only the famous stars, Ruth St. Denis and Ten Shaw, are great artists, but each of the eight others is an artist and some of them have achieved reputation on their own merit. They represent the best of the work of the two leaders in passing on the ideals of their art and their technique, and each one was chosen because of talent and special qualifications. Those who have seen the company speak in glowing terms of the beautiful pageant like spectacle of the ensemble dances, and say that some other of the eight are almost as good as the stars themselves.

Mrs. J. L. Horne and Son Ill.
Mrs. J. L. Horne and little son, John, Jr., were confined to their home today suffering from an attack of the flu.

Little Miss Bridgers Ill.
Friends of little Miss Elizabeth Bridgers will be glad to learn that she is improving following an attack of influenza.

Frank Rice Out.
Friends of Frank Rice will be glad to learn that he has recovered from influenza.

Mr. Batchelor Ill.
Friends will regret to learn that Roy Batchelor is ill with influenza.

Mr. Porter Honored.
C. W. Porter was given a surprise bridge party last evening by Mrs. Porter, in honor of his birthday.

The Porter home, in Chatham Circle, was attractive for the occasion. There were two tables of bridge. High score was made by C. J. Barr, who was given an incense burner.

A tempting sweet course was served at the conclusion of the game.

ATTENTION, MEMBERS OF WOMAN'S CLUB

Every member of the Woman's Club is urged to go or send some one to the club building tomorrow, to get it in readiness for the banquet tomorrow night.

Mrs. J. H. B. Moore, President.

Sunday School Class Meets.

The Suzanne Wesley Club of the Jarvis Memorial Methodist Church held their monthly meeting at the home of Miss Ruth Horne Wednesday afternoon.

The meeting opened with the reading of the 57th Psalm, which was followed by sentence prayers. After the meeting was over it was turned over to the entertaining committee who had many interesting games in store. A delicious ice course was enjoyed by all.

Among those present were: Ruth Horne, vice-president; Ruth Willard, reported; Mrs. Roy Harris, leader; Mrs. Hill Horne; Mary Muselwhite, treasurer; Helen Moore, Jane Cox, Florence Perkins, president; Laura Fleming, Edna Dall.

COLDS, INDIGESTION

Tennessee Lady Tells About The Long Use of Theford's Black-Draught In Her Family.

Rutledge, Tenn.—"For thirty years or longer we have been using Black-Draught in our home as a family medicine, and have found it to be very handy," says Mrs. Joan McGinnis, of near here.

"Since I have been married and had children of my own, I have found it to be a fine medicine to give them for colds and indigestion. I have three little girls, and when I see one of them fretful and 'snoopy' in the morning, I begin treating her with a course of Black-Draught. It is not long until she is lively and well again. I make a tea of it and give it to the children, as they take it best that way.

"I take Black-Draught for constipation and indigestion. If I wake up with a bad taste in my mouth and feel sluggish and dull, I know it is time for a dose of Black-Draught.

"We try to keep a box of Black-Draught always in the house and are seldom without it. My health is generally good, but I think it is a good thing to keep a mild, dependable remedy on hand for spells of constipation."

In use nearly a hundred years. Twenty-five doses 25c. AC-295

MRS. HORNADAY WINS WOMAN'S CLUB CHAIR

Atlanta, Ga., Jan. 24.—(AP)—Mrs. John R. Hornaday, who since her elevation to the presidency almost a year ago, has shared the office with Mrs. Charles Goodman, candidate of another faction, yesterday gained exclusive right to leadership of the Atlanta Woman's Club in a court supervised election.

Mrs. Hornaday won over her rival, by a margin of 30 votes.

The election was ordered by the State Supreme Court following a riotous meeting last spring when the membership was unable to agree on either of the ladies for president.

The Supreme Court ruled neither was legally entitled to the office and ordered another election under the watchful supervision of two observers. There was no disorder.

GRAND JURY TO PROBE DEATH OF YOUNG WOMAN

Greensboro, Jan. 24.—(AP)—A grand jury investigation will be made into the circumstances surrounding the death of pretty Nellie Jones Ballinger here January 13, it was announced today by J. F. Sprull, solicitor. Witnesses already are being gathered to testify before the investigating body, he said.

The body of the 22-year-old matron was found in her home here January 15. It was established that she had been dead two days. Police at first were inclined to believe she had shot herself with the small revolver found near her body, but the coroner declared after an investigation that she had met death "at the hands of person or persons unknown to the jury." She had a bullet wound through the heart.

The solicitor announced that several persons believed by officers to be among the last who saw her alive would be summoned to testify at the inquest.

DETHRONED RULER MARCHING ON KABUL

Paris, Jan. 24.—(AP)—Ananullah Afghanistan's dethroned monarch, was believed in Afghan circles today to be marching on Kabul to deal with Habibullah Khan who usurped the throne from Amanullah's brother, Inayatullah.

Amanullah recently withdrew his abdication and began to rally his supporters at Kandahar, whence he had fled when his throne tottered.

Reports that Nadir Khan, a relative of Amanullah, had been offered the throne as a compromise, were scouted. Afghan circles pointed out that Nadir was far from well and had always been a loyal supporter of Amanullah.

Keyes Takes Stand Second Time Today

Los Angeles, Jan. 24.—(AP)—More testimony from Asa Keyes, former district attorney, who took the witness stand yesterday in defending himself against charges of bribery and conspiracy, was in prospect at the trial here today.

The defense announced last night that Mrs. Keyes and Miss Elizabeth Keyes, a daughter, would testify for the defense after the former prosecutor had finished telling his story. The other defendants are Ben Getzoff, alleged "fixer," and Ed Reardon, who is accused of having paid \$15,000 to escape conviction on a fraud charge brought by Keyes as the result of the crash of the Julian Petroleum Company two years ago. The state contends that Keyes collected money in calls at Getzoff's tailor shop.

Keyes testified that he had ac-

cepted a \$1,150 radio set from Getzoff and that an expensive chaise longue had been accepted at the Keyes home when sent there by Getzoff. The former district attorney also admitted taking an expensive automobile from Getzoff as a "personal loan," declaring that he had anticipated the need of such a motor car upon retiring from office and that he had expected to pay for it later.

Penny Got Dollar Credit.
White Plains, N. Y.—A gentleman appeared at Sam Vito's tailoring shop for urgent repairs. The price was one dollar. The customer did not have it with him and asked to be trusted. Sam looked the man over. He appeared honest. Credit was given. Sam has received a check which he is to frame. It is from J. C. Penney, wealthy host of Mr. Hoover in Florida.

"I light a Lucky and go light on the sweets

That's how I keep in good shape and always feel peppy."

Al Jolson
Al Jolson, Famous comedian and star of song.

Something sensible. "Better to light a Lucky whenever you crave fattening sweets." It brings to men the health and vigor that come with avoiding overweight. To women it offers a slender, fashionable figure.

20,679 physicians have stated that Lucky Strike is less irritating to the throat than other cigarettes. Very likely this is due to toasting which removes impurities. This same process, toasting, improves and develops the flavor of the world's finest tobaccos. This means that there is a flavor in Luckies which is a delightful alternative for the things that make you fat. That's why "It's Toasted" is your assurance that there's real health in Luckies—they're good for you!

Keep fit—reach for a Lucky instead of a fattening sweet. That's what many men have been doing for years. They know the evidence of prominent athletes whose favorite cigarette is Lucky Strike and who say Luckies steady their nerves and do not impair their physical condition.

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say:—

"REACH FOR A LUCKY INSTEAD OF A SWEET."

"It's toasted"
No Throat Irritation—No Cough.

MOST IMPORTANT MEASURE OF THE SESSION

The extension of the school term to eight months on a forty cent rate, in connection with the addition of one cent to the gasoline tax, as recommended by the Governor, will reduce the ad valorem taxes practically one half in North Carolina and do more for agriculture and industry than all other measures at this session combined.

"The showing of the club the last several days has been of exceptional merit. I have not the slightest idea but that the season will be the most outstanding in history of the school."

"With two games scheduled with Wilson and Farmville there is every reason to believe the club will try harder than ever to increase the string of victories marked up on the credit sheet."

"Well, I see where the medical liquor bill received an unfavorable report by the legislative health committee," observed a reader of this column today.

"That's just what it deserved. The senators responsible for giving the measure a black eye are to be heartily commended."

bill points the way. It only remains for legislators to have the will for this needed school term for North Carolina for the year 1929 to carry on a school in every district in North Carolina for a term of eight months.

It can be done without burden on any owner of a farm or a home. It should be done and done now. It is the biggest thing this Legislature can achieve.—News and Observer.

ABOUT TOWN

The Greenville High School Basketball team is certainly "strutting its stuff," declared an enthusiast today, indulging in a little parance so popular among the masses.

"The showing of the club the last several days has been of exceptional merit. I have not the slightest idea but that the season will be the most outstanding in history of the school."

"With two games scheduled with Wilson and Farmville there is every reason to believe the club will try harder than ever to increase the string of victories marked up on the credit sheet."

"Well, I see where the medical liquor bill received an unfavorable report by the legislative health committee," observed a reader of this column today.

"That's just what it deserved. The senators responsible for giving the measure a black eye are to be heartily commended."

"Liquor for any purpose is taboo in this country. We have prohibition—laws to that effect—and no body of law-makers should pass any measure tending to modify present restrictions."

"If whiskey is a good medicine, as some like to claim, there are plenty of simulants to substitute for it. Anybody fearing they can't get along without the beverage may rest easy on that score."

"It is surprising how the measure managed to attract as much attention as it did. Surely the wets must have had everything going their way or it wouldn't have reached a committee for consideration."

"The local Kiwanis Club will give their annual ladies' night program Friday evening in the new Woman's Club building, corner Third and Green streets," said a Kiwanian today.

"This is the first time a club meeting has been held in the new building and it is fitting that the Kiwanians should conduct their ladies' night program in such splendid atmosphere."

"The Woman's Club has certainly attempted an ambitious program in the purchase and improvement of the old Episcopal rectory. The club rooms will be a splendid asset to the social life of the community."

"Have you pledged your financial support to activities of the local Salvation Army during the coming year?" questioned a supporter of the organization today.

"If not get busy and do so at once. The campaign to raise this year's budget will be brought to an end today. If you haven't contributed to the support of this body of humanitarians, do so immediately so that they may know exactly what they can depend on this year."

"It is useless to attempt to enumerate the activities of the Salvation Army in this community. Everybody knows these workers reach a certain class of people no other organization is capable of reaching. It is, therefore, necessary for the public to give freely to this fund in order that unfortunate humanity may have something to look forward to for support in case of dire distress."

"While other towns are talking about raising sufficient money to make their ball clubs possible during the coming season, Greenville is sitting easy, having been assured that they will have ball—and plenty of it," declared a well known fan this morning.

"President Guy Smith has already announced the name of his manager for the coming season, and in a few more weeks more information in connection with club organization will be made public. And shortly afterward, the ball will begin rolling in earnest."

"Watch Greenville step out to annex the pennant this season. We didn't get much of a look-in last year, but the tables will be turned this season—watch for the fulfillment of the prophecy."

"Goods for our spring trade have already started arriving," a local merchant stated this morning.

"Much of the new stock will be put on display within a few days and the citizenship will get an opportunity of looking over some of the best patterns seen here in years."

"Greenville merchants are attempting to live up to their claim of this city being the principal shopping center of Eastern Carolina. It complete stocks and splendid display windows amount for anything, nobody will be disappointed."

"Out-of-town shoppers should visit the store at the highest bidder."

PHILLIES ARE HOPEFUL FOR BRIGHT YEAR

Philadelphia, Jan. 24.—(AP)—With new and sparkling material and most of the weak gaps apparently plugged up, the Phillies look toward the 1929 National League pennant race through rose tinted glasses.

Not since the championship days of 1915 and 1916 have they boasted of such excellent prospects or felt so hopeful over an approaching baseball season.

New blood has been brought into nearly every position, the pitching staff has been strengthened and the Phillies have a great young shortstop in Tommy Thevenow, for whom they are reported to have given three players and \$50,000 in cash. One of Manager Burt Shotton's most recent moves was to cast aside two veterans, Jimmy Ring, pitcher, who was given his unconditional release, and John Schulte, who was sold to Columbus of the American Association.

Don Hurst, who hit 18 home runs last season, will be on first base and Fresno Thompson on second, with Thevenow at short. Pinkey Whitney, who batted over 300 last year, will be at third to round out a well-balanced infield. As infield reservists Manager Shotton has Terry Lyons from the sand lots of St. Louis; Firberg and Joe O'Rourke son of the Phillies' chief scout.

The outfield will be composed of Lefty O'Doul, obtained from the New York Giants; Danny Southern, a youngster; Homer Peel, from Houston, Texas, and Chuck Klein with Cy Williams, home run slugger, as the leading reservists.

Lerlan, Davis and Susce will be in charge of the catching department. Susce is a youngster from the University of Pittsburgh.

Should he be able to obtain an experienced relief pitcher, Manager Shotton said he would not hesitate to predict the Phillies would finish among the leaders.

The regular staff of Berge, Milligan, Ferguson, Baechle, Swartz and McGraw, Ulrich and Wiloughby has been augmented by five youngsters. Caldwell, from Waco; Phil Collins from New Orleans, and Luther Roy from Birmingham are considered the most promising of the younger pitchers. Then, there are Walker, a Philadelphia boy, and Derhan, a product of the Virginia League.

The Phillies will start training at Winter Haven, Fla., with their best prospects in years.

Two Fresh Games Tomorrow Night

Tomorrow night will be gala night for the freshmen of Greenville High School, for they have a Friday night all their own in the gymnasium. Naturally, the Washington High freshmen have been chosen as the opponents, and at the request of the visitors there will be three, instead of the usual two, games of basketball.

The freshman boys have their first real test as a team against another similar team. Last year's first year men took the first game in Washington, but dropped the second one here. This year's team has its first chance at home, and if they can locate the basket, should furnish a stiff fight, under the leadership of Captain Lee. "don't know what we'll do—only our best," he forecasts.

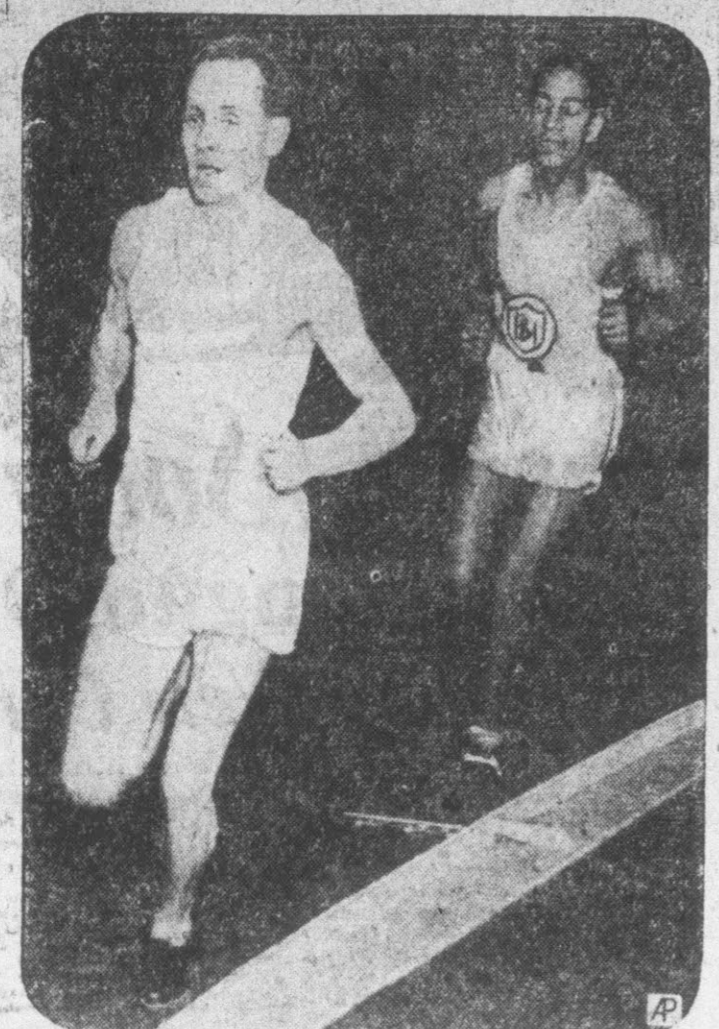

The girls will divide their regular squad, on the basis of size, into a larger team called the Freshmen, and a smaller one, except "Lilliputians" for the time being. This tends to weaken the team, as some of the best players are on the smaller squad, but each team will put up a hard struggle before losing to any aggregation from Washington. The girls are still less tried by the fire of actual competition than the boys, as they have never played any outsiders in their lives. However, they are hopeful, at least. Captain Nettie Brown Dail, of the regulars, says: "I wish de had had more other games, but we'll all try hard enough to win twice," and Captain Minnie Brooks, of the Lilliputians, is quoted as remarking: "I hope their seventh grade Midgets aren't like some seventh graders I know."

The first game starts promptly at 7:00, and the evening will be crowded with action all through. Admission to school pupils is 15c, and to adults 25c.

Highway, Taxation And Elections Play Part in Gen. Assembly Today

Raleigh, N. C., Jan. 24.—(AP)—Highways, taxation, water power, and elections figured in proceedings of the North Carolina Legislature today.

In the Senate, McMullan, of Beaufort, sponsored a bill to abolish the nine highway construction districts and to provide for the allocation of construction and maintenance funds of a county basis, while Hobbs, of Sampson, proposed a change in the date of the state primary from the first Saturday in July to the first Tuesday in August.

The House debated Representative Gay's bill to require sheriffs to exhaust personal property before levying on real property for taxes, finally disposing of it temporarily by sending it to the committee on finance.

The Senate received a bill today providing that primary elections be held on the first Tuesday in August, instead of on the first Saturday in July.

It was introduced by Senator Hobbs, Democrat of Sampson county.

Abolishing of the nine highway construction districts of the state was proposed in a bill sponsored by McMullan, Democrat of Beaufort.

It would provide that the funds of the state which go to highway construction and maintenance be apportioned to the counties directly instead of through the nine districts. The funds would be distributed to the counties on the basis of one-half in ratio of area and one-half in ratio to the population.

The commission would be authorized to consider peculiar topographical or geographical condition of the counties in giving appropriations.

The committee on judiciary number one gave a favorable report to the bill introduced by Senator W. M. Parson, Democrat of Franklin, which provided that in the event of a vacancy in the office of United or death, the governor shall appoint States senator through resignation a person to fill the office until the next election. It also recommended passage of two bills of Senator Brawley's relating to mortgages and corporations.

The committee on roads gave a favorable report on the resolution introduced by Clark of Mecklenburg, to ask Congress to link the 48 state capitols of the United States in a highway system similar to that which links the 100 county seats of North Carolina. His bill providing for the appointment of a member of the Mecklenburg highway commission was also favorably reported.

Senator Womble, Democrat of Forsyth, presented a bill to regulate the alienation of state property, which would require that in event of transfer it must be attested by the governor and the secretary of state.

Senator Gay, of Northampton, introduced a bill to provide an additional term of court for Northampton county.

A bill to amend the divorce laws was introduced by Canaday, of Johnston. Johnson, of Person sponsored a bill which provides for the appointment of trustees of the training schools of the state.

A bill to require candidates for mayor and board of aldermen of Rockv Mount to file notice of their candidacy, was introduced by Greville, of Nash. Peel, of Martin, offered a bill providing for court terms of Martin county.

Senator Clark, of Mecklenburg, threw in a bill which would relieve the Presbyterian Hospital of Charlotte of payment to the city of Charlotte of assessments for sidewalk, paving and other improvements.

Bills to provide members of the Supreme Court with Supreme Court reports, and relating to the publishing of reports, were sponsored by

Sharkey Confident Of Win Over Ohioan

New York, Jan. 24.—(AP)—There was an abundance of confidence today at the training quarters of Jack Sharkey of Boston, and K. O. Christner, graduate of the Akron rubber plants, who meet in a ten-round clash in Madison Square Garden tomorrow night.

The loquacious gob can see nothing in the scrap but a good warm-up for his battle with Young Stribling at Miami Beach while the 34-year-old Ohioan, who sprang into prominence by punching Knute Hansen out of the heavyweight picture a couple of months ago, has told the world he expects to tag Sharkey with the same wallop he used on the melancholy Dane.

Realizing that he must make a better than ordinary showing tomorrow if the Stribling fight is to meet with any financial success, Sharkey says he will end the affair in short order.

"One-punch hitters are always dangerous, even to the cleverest ring man," he declared. "But I have met them before, held my own and carried the fight my way. I am not blind to the fact that Christner can hit, but I feel I am good enough to beat him and go on past Stribling and the rest to the title."

Christner used fewer words but made them fully as confident. "My manager, Tiny Herman, has been everywhere in the world but Miami Beach," he said. "I plan to take him down there when I fight Stribling in Sharkey's place."

senting vote on the third reading and sent to the Senate.

Several new bills were introduced, most of them of a local nature. Representative Edwards, Democrat of Chatham, placed a measure before the House calling on the state to reimburse Chatham county for the expense of the trial of Larry Newsum, negro convicted murderer, which was moved to Chatham from Wayne county.

Representative Cox, Democrat of Pitt, asked that Pitt county be exempted from the state-wide law giving rabbits a closed season.

The open season on quail and turkeys would begin 15 days earlier, November 15, and close 15 days sooner under a bill introduced by Representative Darden, Democrat of Washington.

Representative Craigmiles, Republican of Mitchell, introduced a bill to exempt Mitchell county from the state law requiring health certificates for both parties before a marriage license is granted.

Representative Flanagan, Democrat of Pitt, opened the attack on the Boyd bill that finally sent it back to committee. As a member of the finance committee, he said, he dissented from the majority report recommending its passage. He objected of its passage, he said, because it would permit a sheriff to take the household utensils of a man who in fact could not pay his taxes.

Sees Injury To Cuba By Repeal Platt Amendment

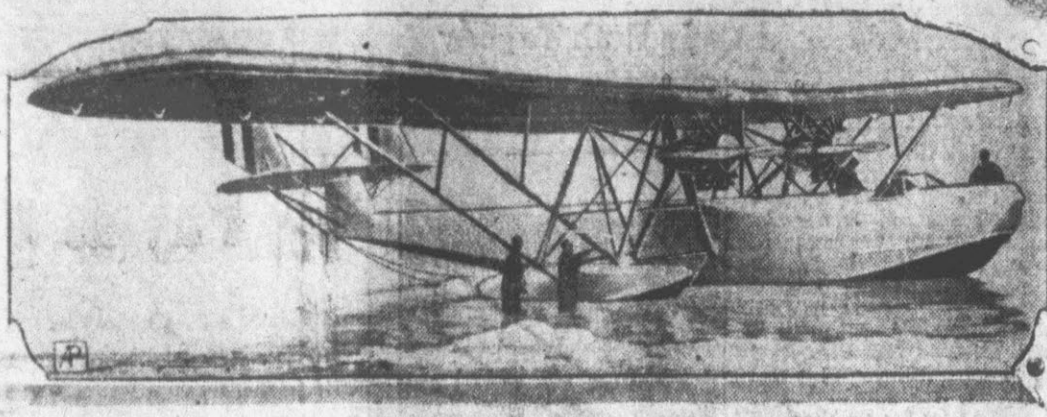

Washington, Jan. 24.—(AP)—The possibility of Cuban repeal of the Platt amendment to the Cuban constitution in case American tariff schedules on sugar were raised the point of crippling that country's trade with the United States, is foreseen as a possibility by Ambassador Ferrera of Cuba. The Platt amendment authorizes American intervention in the island in case that country's stability was ever threatened.

Asked to comment on the hearings now being held by the House Ways and Means Committee as to a possible increase in sugar tariff schedules, the Cuban ambassador said that it would be an anachronism to cripple economic relations between the United States and Cuba while a treaty is in existence which binds us so intimately together politically.

"To break the economic ties would naturally pre-suppose also a rupture of political ties," he added.

"As far as Cuba is concerned," he declared, "we have always fulfilled all our obligations under the political treaty. We have always maintained a state of growing friendship and good-will towards the United States. We have always followed

Suspected Liquor Runner Is Killed

Stella, Mo., Jan. 24.—(AP)—Fred Scott, a farmer suspected of being a liquor runner, was killed and Mrs.

Eva Jeffries, 18, of Stella, was injured last night when officers fired on Scott's automobile, which they had attempted to stop. The car went into a ditch and was wrecked. Another woman, who was injured fled the scene before her identity was learned.

It was not determined whether Scott was killed in the crash, or by gunshot fire. There were several gunshot wounds in his body. The officers said several gallons of liquor

were found in the automobile wreckage.

They reported that they had been tipped Scott was running liquor in from Kansas, and so laid in wait for him.

An officers' car was used to block the highway, but Scott swerved around it and drove on, the officers said, whereupon they fired on his car which continued 150 yards before leaving the highway.

Salvation Army Campaign Makes Progress Here

When the Salvation Army campaign workers reported at 5:30 o'clock yesterday afternoon, the various teams showed an aggregate contribution of \$2200.00. This is considered very excellent results, but is yet somewhat short of the goal set for the campaign. The budget as made up by the Salvation Army showed a necessity for the grand total of \$4,000.00, and anything less than this amount will greatly cripple the organization's efforts in Greenville and the Greenville territory. And it is strongly urged by the local chairman and the Salvation Army campaign manager that those citizens of Greenville and surrounding territory who have not been approached, or who have not made a contribution, that they get in touch with Arthur B. Corey, local chairman, or mail their checks or pledges to him.

It is unnecessary to say to the people of Greenville that the Salvation Army is not only doing a great work of charity, but it is holding religious services, and bringing the wayward and sinful closer to the realm of salvation. Thus the Salvation Army serves a two-fold purpose, that of aiding and assisting the helpless and needy, and that of ministering unto the straying and fallen. With these facts in mind, it is but apparent that no one can fail to contribute to the strength of the Salvation Army, which strength is lessened by the lack of proper funds, to promote its charitable and religious work. And it is again requested of the people of Greenville that they give according to their means, and give cheerfully that they may be blessed therein.

The campaign will continue thru the week, and it is felt that our people will not fail to rally to this good cause and raise the balance of the budgeted amount of \$4000.00.
