NEW YORK CITY WILL ACCLAIM CAPTAIN FRIED

Arrival Of America With Crew Rescued From Sinking Freighter To Be Celebrated

New York, Jan. 25.—(AP)—Plans were forming today for a welcome to Captain George Fried and his crew of the line America in keeping with their heroic rescue of 32 men from the sinking freighter Florida.

The America with the survivors aboard, is due to reach her berth at Hoboken sometime tomorrow afternoon.

Despite his expressed distaste of public demonstrations, it was apparent today that admiring fellow-townsmen will not permit Captain Fried to slum the limelight but will accord him a civic welcome similar to that given three years ago when he rescued the crew of the British freighter Antiope.

Tentative plans, announced by Police Commissioner Whalen, who is also chairman of the mayor's welcoming committee, calls for a parade up Broadway from the Battery and a reception at City Hall.

Mr. Whalen will go down the bay on the city tug Macon, meet the America and escort her to her pier, Captain Fried, Chief Officer Harry Manning, who commanded the Florida and the boat's crew of eight are to be taken aboard the tug to the Battery, where a fleet of automobiles will bear them in a procession of triumph up Broadway.

"Captain Fried's exploit should receive full recognition from the city of New York," Mr. Whalen said "and the tribute should be even more enthusiastic than on the previous occasion three years ago."

Captain Fried was master of the Florida, a 2,500-ton vessel when she reached 25 miles from the Antiope. That time the modest little ship's master was escorted proudly up Broadway in a storm of ticker-tape and torn telephone books between massed thousands who roared their cheers in the characteristic welcome New York accords her heroes.

The rescue of the crew of the Antiope in mid-Atlantic three years ago yesterday was even a more difficult exploit than the saving of the crew of the Italian freighter, and like the second rescue it demonstrated the master seamanship and daring courage of Captain Fried.

Two of the Roosevelt's seamen were lost and five life boats smashed before all 25 of the ship-wrecked British sailors were safely aboard the President Roosevelt.

A boat's mate and a master-at-arms were drowned when the first boat launched was splintered against the side of the liner. It was 8 hours later that Captain Fried sent a wireless message telling of the rescue of 12 of the Antiope's crew.

By her rescue of the crew of the Florida, the America has more than evened the score of lives she has lost and has saved. Twice she went out of her course to permit her surgeon to minister to men desperately ill at sea, thus saving two lives. The Florida rescue brought the total to 34. Accidents in which she has figured have cost half the number saved.

The America was launched in 1905 by the Hamburg-American Line under the name America. In a career that has been colorful, in 1912 she sank a British submarine with a loss of 25 lives. Two more lives were recorded against her when she sank at her pier after she was taken over by the United States government during the war and remodelled for transport service.

In 1919 officers reported a mutiny aboard the ship which was put down without loss of life. Two years ago she caught fire while being reconditioned at Newport News and suffered damage estimated at two million dollars. After being re-built she was returned to service with Captain Fried in command.

In the parade up Broadway, besides Fried and Manning, will be the following of the lifeboat crew:

W. J. Clark, Butte, Mont.; A. Wilson, New York; N. Braco, Union City, N. J.; J. Taliso, New York; W. Walleck, San Francisco; W. Trevitt, Camden, N. J.; F. Kellan, Bradford, Pa.; and J. Harrold, Jessup, Pa.

Question Mark On Way to N. C.

Greensboro, Jan. 25.—(AP)—The "Question Mark" army endurance plane, is expected to reach the Greensboro airport around 4 p. m. today. The tri-motored monoplane, which is enroute to Washington after having established a record for continuous flight in California, left Maxwell Field, Montgomery Ala., this morning at 10:35 o'clock for Greensboro.

The plane, traveling a direct air line, should reach Greensboro between 3 and 3:30.

COFFEE SHOPPE TO OPEN HERE

Formal Opening Of New Establishment To Be Held Tomorrow Evening.

The formal opening of the Coffee Shoppe, located on Dickinson Ave. in the building formerly occupied by the Montgomery-Lane Hat Shop will be held tomorrow evening, according to announcement made today by Carlos Pray of South America, proprietor.

The building and that next door will be occupied by the new enterprise. Both have been remodeled and today present an attractive appearance for the formal opening tomorrow evening. Individual rooms have been provided for patrons desiring privacy, and a Capelhart Orchestra will furnish music for entertainment of patrons.

Mr. Pray is a native of South America. He has had wide experience in the dining room and cafe business in various cities in America. He last conducted a business of this kind at Orlando, Fla. After that Mr. Pray spent seven months in South America and a year in his home in Chile.

Mr. Pray states that he has secured the most experienced help possible has been secured in waitresses, several having been brought from other cities.

After the formal opening tomorrow evening, the Coffee Shoppe will be open from 6 a. m. until midnight each day.

Blanche Sweet Denies She Has Left Husband

Beverly Hills, Cal., Jan. 25.—(AP) Blanche Sweet, screen actress, wife of Marshall Neilan, motion picture director, last night emphatically denied recent reports in Hollywood film circles that she and her husband had separated. Simultaneously she declared her utmost faith that Neilan will be able to prove himself innocent of charges made against him in a divorce action filed by Jim Tully, screen and fiction writer.

Get Radio Report From Byrd Party

San Francisco, Jan. 25.—(AP)—Direct two-way radio communication between the Stars and Stripes, an airplane of the Byrd Antarctic expedition, and the new Robert Dollar radio station here, was established this morning.

Operators here exchanged messages with Malcolm P. Hansel, the wireless expert of the expedition, who was testing the radio gear of the plane. The Stars and Stripes was 3,000 feet over the Bay of Whales, Antarctica, at the time of communication.

As the messages were in the form of a test, only greetings were exchanged. The air line distance between the two stations was about 9,000 miles.

ARCTIC BLASTS LASH SEVERAL STATES TODAY

Sub-Zero Temperatures Reported In Rocky Mountain and Southwestern States.

Kansas City, Jan. 25.—(AP)—Pierce blasts from Arctic wastes lashed Rocky Mountain, middle-western and southwestern states alike today with the sub-zero readings of the mountains and upper plains being reflected in freezing temperatures along the Gulf of Mexico.

The severe weather, the coldest of the winter in several sections, was accompanied by snow, sleet and heavy rains which doubly handicapped transportation and communications. Partial relief was in prospect by Saturday.

The upper Rocky Mountain region experienced the lowest temperatures, but even New Mexico, Oklahoma and western Texas shivered in near-zero weather.

The mercury was expected to reach 30 degrees below zero in the San Luis Valley of Colorado today, which was one of the coldest spots in the mountain region. Miles City, Mont., reported 32 degrees below last night.

A passenger in a stalled bus on a snow-covered highway near Evansville, Wyo., was reported to have died.

A new record for the winter was established here today when the mercury dropped to 8 degrees below zero. Generally cold weather, with only brief respites, has held this section since New Year's Day.

Flood conditions were expected in southern Missouri where four inches of dry rain fell yesterday followed last night with snow and sleet. Some highways already had been flooded in southeastern Missouri, while traffic was virtually paralyzed in the Ozarks of western Missouri by zero weather which followed rain and snow.

More snow and sleet was expected in Kansas, Missouri and Oklahoma. Snow fell in northern Texas while heavy rains in the region below the Panhandle continued. Relief from the cold wave that was expected to bring freezing weather to the Gulf coast was expected Saturday.

It was so cold in Samuels, Idaho, yesterday, that water flowing through a fire hose froze, and the \$50,000 mansion of H. F. Samuels, coal mine operator and three times candidate for governor of Idaho, was destroyed by fire.

Anacoda, Mont., experienced a \$200,000 fire in the loss of a garage and theatre. Firemen battled the flames with the mercury registering 12 degrees below zero.

Sleet which obscured windshields in the middle-west, caused one fatal accident at Winfield, Kansas, while many minor accidents to motorists and pedestrians were caused by icy surfaces.

JURY RETURNS DECISION IN MURDER CASE

McKinley Barfield, negro, of the Farmville community, was found guilty of manslaughter by a jury sitting in the criminal term of Pitt County Superior court here this morning. He was charged with murder in the first degree. Judge Daniels had not pronounced sentence in the case this afternoon when court reconvened after noon recess.

The case went to the jury late yesterday afternoon. A decision was not reached until this morning. Barfield was charged with killing Luby Speight during the month of November. Speight came to his death from gunshot wounds.

19 DIE AS TROLLEY CRUSHES BUS

Nineteen of the 32 passengers on a motor bus, bound for Pittsburgh, were killed and the others injured when an interurban car struck the bus in a snowstorm near Bellevue, Ohio. (AP Telephone)

JAMES S. FICKLEN IS AGAIN ELECTED TO PRESIDENCY OF TOBACCO BOARD OF TRADE

J. S. Ficklen, president of the Ficklen Tobacco Company, was re-elected president of the Greenville Tobacco Board of Trade, at the annual meeting and banquet of the organization held at the Rotary club building last night. The election was unanimous and followed the idea of making Greenville truly the "best market in the State." He expressed belief that a growing market was necessary to development of the city, and urged his hearers to be up and doing that would mean enjoying healthy growth in the years to come.

Judge Abion Dunn attorney for the Board of Trade, stressed honestly in the keynote address of the evening. He declared square dealing is necessary in the life of every great industry and urged his hearers to keep this fact always in mind as they went about their business of building for the greatest tobacco market in the world.

"Let us do as we would have the other fellow do unto us," Judge Dunn declared. "Let us eliminate the short-cut, strike out dishonesty and render service above self."

He declared duty in his mind, was the sublimest word in the dictionary. Duty in every phase of human life tends to bring about a more constructive civilization, he said. In a final appeal, he urged his hearers to do as he would have them do, to be known far and wide as the home of "square dealing."

Other speakers of the evening were: C. W. Shuff, Frank Johnson, Bruce Sugg, A. E. Hobgood, W. N. Delt, Jack Kilgo, Ralph Garrett, Dave Whitehead, Ed. Griffin, C. B. Rowlett, S. B. Curran, C. W. Howard, J. E. Winslow, W. Z. Morton, Norman Warren, H. A. Post, Tom Smoot, Whit Hardee, P. T. Anthony, Dennis McLawnorn, Zeb Waller, K. W. Cobb.

The secretary read resolutions expressing regret in the recent death of J. N. Gorman, who served as president of the Board for a number of years. Mr. Gorman and his brother were killed in an automobile wreck in Georgia the latter part of last year, the tragedy causing profound regret throughout the community.

President Ficklen was happy in his expressions of welcome. He thanked those who had assisted so ably in the setting of two of the greatest records in the history of the tobacco industry in this city. He said the market sold more tobacco from a greater distance than ever before. He lauded the different committees, the selling of from three and five million pounds more tobacco.

He complimented K. W. Cobb, supervisor of sales, for his activities. He referred briefly to the December sales which were greater than any market in the entire state with a price average higher than any market in the Eastern Carolina belt.

At this juncture he offered a prize for the best speech of the evening to be made by a member of the Board of Trade. Simon Moyer, first speaker after announcement of the prize, was the winner. Bruce Sugg was awarded a prize because his birthday came nearer, January 31st than any other member present.

In his prize winning speech, Mr. Moyer declared the market at the beginning of the season started out to do something—and did it. He urged his hearers not to be content with the laurels they had won but to increase their activities to such extent that the future might show greater achievement. He declared five sets of buyers were necessary to expansion of the industry here. With the extra set of buyers he saw no reason on earth why the market should not sell eighty million

HOOVER STILL PLAYING WITH FLORIDA FISH

President-Elect Finds Rod And Reel Pleas- urable Pastime In Tropical Area.

Key Largo, Fla., Jan. 25.—(AP)—Fisherman Herbert Hoover was somewhere off the Keys, again today, still pursuing the big game fish which have lured him to this particular section of the Florida coast for the fifth time in recent years.

Since boarding the yacht "Amitie" in mid-afternoon yesterday in Anzel Fish Creek, the next president has been "out" to all save the little group of companions who are with him on this first real deep sea fishing adventure he has been able to embark upon since before he set out to win the presidency.

The small fishing boat in which he and a single companion trailed late yesterday afternoon may have been seen from a distance by other craft but if the president-elect was recognized no word of it has yet been brought ashore.

What luck has attended the efforts of Mr. Hoover also remains among the things yet to be reported. The probabilities are that accurate reports will await the return of the party late tomorrow to Belle Isle, where the Hoovers are spending their vacation.

Fishermen from Miami Bay who usually come down here with parties have been politely warned to keep away from certain grounds around the Keys where the big fish come in to prey among the smaller fellows.

The dull gray coast guard boat which is the home of four secret service men making up the Hoover guard presumably is hovering at a discreet distance so as not to interfere with the president-elect and his companions. There would be plenty of time and opportunity for these men to do some fishing on their own account, but none of them lay claims to any great ability in this line.

The next chief executive scarcely hopes to land a tarpon as the season is yet young for this largest and gamest of the deep sea fish in these waters.

GIRL KILLED IN JUMP FROM MOVIE PLANE

Miss Leta Wichart, Parachute Jumper, Victim Of Accident In Movie Thriller.

Nehalem, Cal., Jan. 25.—(AP)—The spectacular death of a girl parachute jumper in a 2,000-foot leap from an airplane here, caused a temporary halt today in the production of a motion picture thriller in which Ruth Elder, ocean filer, and Hoot Gibson, screen star, were being featured.

A desperate attempt by Jim Granger, pilot of the plane from which Miss Leta Wichart, 23, jumped, to nose dive under her and catch her in the cockpit of his ship failed apparently by only a few feet.

Miss Wichart was being filmed in a scene which was to have shown the heroine leaping to safety from the clutches of an aerial kidnaper. Her husband, Floyd Bowman, along with Miss Elder, Gibson and others in the cast, saw the girl plunge to her death in a canyon yesterday. The victim was making her 14th parachute jump. She and Bowman, who is said to have made 800 parachute jumps, were married only recently.

Motion picture executives reported that Miss Wichart had failed to pull the rip cord of her parachute, but the reason she failed to release the parachute was not definitely determined. Granger, who said the girl appeared nervous just before she leaped out of the plane, advanced the theory that she had fainted. Others believed that a scarf which was a part of her costume had prevented her from getting a hold on the ring.

W. J. Bryan, Jr., To Wed
Los Angeles, Jan. 25.—(AP)—William Jennings Bryan, Jr., son of the late Democratic leader, was named today that he will marry Mrs. Ellen Bent Ballinger of this city next Wednesday. In applying for a license, Bryan gave his age as 29 and Mrs. Ballinger's as 37.

Mrs. Ballinger was divorced eight years ago and has a son. Bryan was divorced two years ago and has three daughters. He is a practicing attorney here.

FIERY DEBATE FEATURES PASSAGE OF PERSON BILL BY STATE SENATE TODAY

Raleigh, Jan. 25.—(AP)—The Senate had its first real debate of the session today as a prelude to passing Senator Person's bill to provide for the governor filling by appointment any vacancy in the United States Senate from this state. Party lines were broken by the vote, which was 35 to 13.

In the House twenty local bills were passed but no state-wide measures came up for consideration. Two Republicans, Leavitt and Young of Buncombe, sponsored a bill to require that public schools teach the ill effects of alcohol on the human system, one of the proposals advocated by Governor Gardner in his inaugural address.

Still another bill proposing to raise the gasoline tax one cent was tossed into the hopper today. It was authored by Senators Whedbee of Perquimans, and Tapp of Lenoir, Democrats, and would provide for the state to take over all public roads.

Both houses will hold sessions tomorrow morning for the consideration of local matters, and then recess until 8 o'clock Monday night.

Raleigh, Jan. 25.—(AP)—Two Republicans, Representatives Young and Leavitt, of Buncombe, today introduced in the House one of the measures recommended by Governor Gardner in his inaugural address—that to require the effects of alcohol on the human system to be taught in the public schools.

The House also had put before it a resolution addressed to the North Carolina members of Congress asking them to vote for any measure that would aid in establishment of a game and forest preserve in northeastern North Carolina. It was sponsored by Representative Winston, Democrat of Bertie.

FORMER U. S. SENATOR DIES IN VIRGINIA

Oscar Underwood, Former Senator from Alabama, Passes Af- ter Long Illness.

Washington, Jan. 25.—(AP)—Oscar W. Underwood, former senator from Alabama, and a powerful figure in American political life for twenty years, died at his home in Woodlawn, Va., today after a long illness.

A cerebral hemorrhage early in December, a stroke of paralysis two weeks later from which he rallied, and a relapse a few days ago brought his distinguished career to an end.

The death was announced by his son, Oscar W. Underwood, Jr., a Washington attorney, who, with other members of his family had guarded the Alabama statesman from the annoyances of the curious since his illness became serious. A brief statement that the former senator had succumbed was the only word coming from the home of the Underwoods when death came.

Senator Underwood, noted for his leadership of the Democratic party in the House and Senate, took up his residence at Woodlawn, near the Mount Vernon home of George Washington after he had decided to retire from the Senate. His health had been bad for many months, although he had himself made light of it.

Mr. Underwood assumed leadership of his party in the House of Representatives in 1911. The tariff bill passed during the Wilson administration bore his name, and he was placed in nomination for the Democratic presidential nomination at several of the party's national conventions.

Alabama finally placed him in the Senate, and during his service there he became party leader and was one of the American delegates to the Washington Arms conference and bore a large part of the burden in the Senate fight to have the treaty drawn up at that conference ratified. He retired voluntarily from the Senate, declining to let his name go before the voters in 1926.

Washington, Jan. 25.—(AP)—Although definite funeral arrangements for former Senator Underwood have not yet been made, it was learned today from Oscar W. Underwood, Jr., that burial of his father's body probably would take place in Birmingham. The date has not been set. Both sons, and a brother of the former senator, Fred V. Underwood, of Knoxville, were with Mrs. Underwood at the time the Alabama statesman died.

Annual Mission Will Be Held At Catholic Church

On Sunday morning the annual mission will begin at St. Peter's Catholic Church of this city. The opening sermon will be given at the 10 o'clock mass. There will be services every evening at 7:45 and every morning at 7:30.

The sermons will be preached by Rev. Father Francis J. Berrong, C. S. S. R., who gave the mission last year. The topics will center about the theme, God's love for man. A cordial invitation is extended to the general public to attend the services.

Stokes Man Made Forestry Warden Of Pitt County

S. C. Page, of Stokes, has been appointed forest fire warden of Pitt County, according to announcement made yesterday afternoon through P. L. Hooker, chief forest fire warden of this district, who was in the city in connection with the change of office. Mr. Page succeeds S. M. Driley.

Mr. Hooker said reorganization of the forest fire wardens would be completed in this county at the earliest time possible. He urged the farmers to observe unusual caution in burning off ditch banks and tobacco beds during the winter months. This, he declared, should have a tendency of greatly decreasing the loss by forest fires in this section.

UNION NEWS STAND AT RALEIGH ROBBED

Raleigh, Jan. 25.—(AP)—The Union News Stand in the union station was held up today by a robber who bound and gagged J. T. Henderson, clerk on duty, and escaped with the contents of two cash registers, amounting to \$35. The robber was seen to drive away in a light coupe. From his description, police believe he is one of the men who held up another store here a few days ago.

Jesse Ross of Washington, was here today.

Bridge Tournament.
The bridge tournament given by the American Legion Auxiliary yesterday afternoon and last evening at East Carolina Teachers College was a big success.

The teachers' dormitory was attractively decorated for the occasion.

The proceeds from the parties are to be used to buy tablets to be placed on the new bridge over Tar River, which the State Highway Commission has given as a memorial to the Pitt county men who fought in the World war.

Sandwiches, tea and mints were served. Attractive prizes were given at both parties and were won by Mrs. W. E. Futrelle, Mrs. P. T. Anthony, Mrs. F. M. Woolen, Mrs. C. S. Forbes, Mrs. W. W. Lee, Mrs. W. I. Wooten, Mrs. Stone, Mrs. Nannie Jeter, Miss Carolyn Fullilove, Miss Kuykendall, W. S. Tyson, Dink James, M. L. Wright and J. B. Kittrell.

The prizes were donated by the following:

Charles Horne, W. A. Bowen, Bob Greene and Jake Stauffer, Hill Horne, Greenville Drug Co., Montgomery-Lane, Pitt Drug Co., Laurens Candy Palace, Etheridge Drug Store, Batchelor Bros., The Vanitie Boxe, C. Heber Forbes, and Tolar's. The chairs were loaned by Taft & Vandryke, and the china by Miller's, Inc.

The Auxiliary wishes to thank everyone who helped in any way to make the parties a success.

If you need tires for your car, a rare opportunity awaits you Saturday at twelve o'clock, on Fourth street at Central Tire & Battery Co.

MR. HIGGS RETURNS FROM RICHMOND

J. W. Higgs has returned from Richmond, Va., where he has been in the hospital. His friends will be glad to learn that he has returned home.

Attend the sale of new Fisk tires Saturday at twelve o'clock, at Central Tire & Battery Co., on Fourth street. They will be sold at auction.

Saturday, January 26th, is the last Saturday of our big cost-selling event. Don't fail to let this opportunity pass without getting some of the good things we are offering in shoes and hosiery. Seeing is believing. It is up to you to take advantage of this opportunity.
Griffin-Williams Shoe Store.

During This Winter.
Let us care for your hair during the cold weather—shampoos, marcel, finger or water waving, scalp treatments—all are very reasonably priced—and our Service Card reduces the cost for complete service to a minimum. Just call 31.

Apples 60c peck
Pecans 25c lb.

Also other kinds of fruits and vegetables at right prices. Come by and see us. We thank you.
ANDREWS' FRUIT MARKET

Have Influenza.
Mrs. Howard Simpson and baby, Virginia, are ill with influenza.

Birth Announcement.
Mr. and Mrs. Ola Tucker announce the birth of a daughter, on January 23rd, 1929, at Pitt Community hospital.

Mr. Lassiter Improving.
The condition of M. D. Lassiter who has been quite ill, is somewhat improved. His friends will be glad to hear this.

Entertains Bridge Club.
Mrs. L. W. Gaylord delightfully entertained her bridge club and a number of other guests yesterday afternoon, at her home on West Fourth street.

Hawthorne and potted plants were used for decorations.
High score was made by Mrs. Clary, who was given costume jewelry.

Mrs. E. J. Garrett, Miss Virginia King and Miss Mattie Moye Gaylord assisted in serving a tempting salad course.

Sale of Brand New Fisk tires at auction, Saturday, Jan. 26th, at twelve o'clock at Central Tire & Battery Co., 4th Street.

Art Classes.
Including china and novelty painting, will begin Monday, Jan. 28. All who are interested, call Louise Galphin, at 41.

BRING EXHIBIT OF OCTOPUS TO GREENVILLE

Two extra large specimens of octopus are being exhibited at the store building on Evans street, formerly occupied by the Electric Bake Shop, by Captain A. B. Henderson, lecturer, who has made an extensive study of the octopus. This veteran of the rolling sea, who has one bad eye, the souvenir of long and stormy turns on the quarter deck, has an exhibition that is novel, to say the least.

The tentacles of the larger octopus measure 30 feet in length, while the other has "arms" only two feet shorter. One can readily imagine them to be the most deadly of sea animals. Each has eight arms with 240 "mouths" on each arm. The captain says that an octopus can draw the blood from a man weighing 180 pounds in three minutes.
Captain Henderson has made a ten years' study of the octopus. He has been on the road five years. He is said to be the best lecturer of his kind in the United States.

The octopus will be on display today and tomorrow only. He appears here under the auspices of the Salvation Army.

LOCAL FIRM BANKS HIGH IN SHOE SALES
That Greenville is indeed becoming the shopping center of the section and that local firms are drawing attention from the outside is reelected in an advertisement today by Bowen's Store.

According to the announcement a recent survey over the country shows that there were only two stores in cities anywhere near the size of Greenville that sold as many pairs of a certain brand of high grade women's shoes as did Bowen's. The survey points out that the two stores that outsold the Greenville store were located in resort towns where there is a large wealthy tourist population which naturally means increased sales.
This local firm should feel a little proud of this record.

Attention, Library Patrons.
Seventy-four books were taken out from the library yesterday. There are enough on the shelves now to supply a number of readers. There are still a few out that have not been returned since the fire. They should come in today. Since the work has been slightly disorganized we will not make overdue charges of two cents per day until Monday.

Dr. W. L. Davis, eye specialist, will be in Greenville Monday, Jan. 28th, at Walters Jewelry Store. Correct glasses at sensible prices. 25-2t

CAPEHART ORCHESTROPE IS INTRODUCED HERE

First announcement in connection with the introduction of the Capehart Orchestrope in this community is contained in a quarter page advertisement in the columns of this paper today.

One of these new musical instruments is being installed in the Coffee Shoppe, on Dickerson avenue, the first to be sold in this locality.

The Capehart Orchestrope is the only musical instrument with enough volume for public entertainment and still retain the tonal qualities and enunciation in reproduction. The electrically controlled amplifier may be regulated to any volume to meet any situation. It gives continuous service without the usual breaks noticeable in other musical instruments.

The Thomas Music Co., of New Bern, are distributors of this territory.

To Our Friends

A cordial invitation to visit and enjoy a real chicken dinner prepared to compare with no other in the South; this we are proud to say, using compliments from hundreds that come in our place daily.
Hope that those of the Greenville folks who have never visited our Dining Room will render us the courtesy by visiting us Sunday, as we hope to have good music.
Sunday dinner a specialty, 60c only.

TWO MARRIAGE LICENSES ISSUED SINCE YESTERDAY

Two marriage licenses have been issued by the register of deeds since the report of yesterday. Both couples were colored.

Thomas Strickland to Maggie Atkinson, both of the Ayden community.
Marvin Jones to Hattie Grimes of Pactolus township.

Re-tire at your own price, by attending the auction sale of new Fisk tires at Central Battery & Tire Co., on Fourth street, Saturday, Jan. 27th, at twelve o'clock.

PASTOR TARBORO CHURCH TO PREACH HERE SUNDAY AT PRESBYTERIAN CHURCH
Beginning Sunday, the 27th, the week of prayer and self-denial for Foreign Missions will be observed by the Presbyterian Church in the South. The local church is fortunate in securing for the opening of this week, the services of Rev. T. L. Harnsberger, pastor of Howard Memorial Church of Tarboro, to preach at the morning service, Sunday the 27th.

Mr. Harnsberger has been a missionary to China, and was in China during the recent revolution when foreigners were so cruelly treated by the armies. He is very enthusiastic in the mission cause, and is a fine speaker. A large audience ought to hear him. Our friends are invited to worship with us and hear him.

The pastor of the local church will preach in the Tarboro church in the morning, but will fill his own pulpit

in the evening, and preach especially to the young people from the subject, "Reserve Forces."

Mayor's Court

Greenville's Oldest Yet Most Progressive Department Store Makes a Wonderful Record in 1928

A recent survey of all stores handling their product made by E. P. Reed & Co., manufacturers of the famous Matrix Shoes for Women, showed that our store stood third in the entire U. S. as to the pairs sold according to the population of the cities in which they are located. Our average was good bit above one pair for every family living in Greenville.

Considering the fact that the two firms that did show a higher average are situated in resort towns where the floating population is very large and made up for the most part of wealthy tourists, you can see for yourself that our own record was little less than remarkable. Matrix Shoes sell at \$10.00 and \$12.00, which naturally limits their sales possibilities to the best trade only.

We are justly proud of this record and wish to take this opportunity of thanking the friends and customers who made possible this wonderful showing.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

\$50,000 Admiralty Suit.
Norfolk, Jan. 25.—(AP)—A \$50,000 admiralty suit has been filed in United States District Court here by William Brodersen, master of the S. S. Transportation, against

the steamer Charles L. O'Connor for damages alleged to have been sustained by the Transportation in a collision with the libelled ship on January 18, while on a run from Newport News to Providence, R. I.

SPIRITUALISM ENTERS TRIAL GOV. JOHNSTON

Regime Of Oklahoma Executive Charged With Being Influenced By Hindu Cult.

Oklahoma City, Jan. 25.—(AP)—The cold, searching eye of the state legislature today rested on spiritualism and Hindu philosophy as alleged factors in influencing the regime of Governor Henry J. Johnston, now under suspension, and facing impeachment.

Out of the maze of testimony, charges, tales of strange Hindu chants and mystic Oriental philosophy practiced by those behind the governor's chair, one bit of practical action stood out, the addition of another charge of impeachment to the seven already voted against the chief executive by the House of Representatives.

This charge dealt with the much discussed pardoning by Johnston of Dewey Crissthwaite, a convicted murderer, in December, 1928, while Crissthwaite was listed as a fugitive from justice.

The charge was voted after determined opposition delayed action by the House for a considerable time yesterday and physical combat was averted only by quick intervention of House members when the tie was passed as opposing factions flared into anger during spirited debate.

The House has yet to act upon two charges brought by its investigating committee which yesterday delved farther into alleged administrative irregularity and brought to light the first hint of occultism to which belief it has been said the governor himself subscribes.

Weird tales of an apartment, draped "in Oriental splendor," where incense pots burned and Jas. R. Armstrong hummed what "seemed to be a part of a ritual" were dragged from the reluctant lips of H. E. Sullivan, the governor's secretary, by members of the House committee.

Armstrong is Gov. Johnston's political adviser, and an uncle of Mrs. O. O. Hammonds, confidential secretary of the chief executive, and often spoken of as the "Mrs. Colonel House" of the administration.

New York—Mrs. Sifourney Thayer, formerly Mrs. William H. Vanderbilt, is backing her present husband's theatrical venture.

Officer Disappears Off The Arkansas

Norfolk, Va., Jan. 25.—(AP)—The Navy Department announced today that Lieut. Henry J. Schmidt, junior grade, disappeared January 12 from the battleship Arkansas as she was enroute from Hampton Roads to the Canal Zone. British authori-

ties on the Bahamas have been asked to keep a look out for his body. Lieut. Schmidt was a graduate of the naval academy in the class of 1922. He was off duty at the time he disappeared and a short time before had been in conversation with other officers.

He is survived by his mother, Mrs. Mary Schmidt of Brooklyn, and by a brother, Lieut. F. W. Schmidt,

aboard the Submarine S-1. So far as could be determined tonight by inquiries in local naval circles, this is the first time in the history of the United States Navy that an officer has disappeared from aboard ship in such a manner. Enlisted men swept overboard by high seas, have disappeared on several occasions, but never an officer, so far as local naval officers could remember.

Extra Bales — EXTRA DOLLARS

Start now to make them

IT is the extra yield per acre that makes real cotton profit.

Say you made one-third bale per acre last year. Feed your next crop plenty of Chilean Nitrate of Soda and you ought to at least double your yield, for Chilean Nitrate sets a larger crop, then helps it through to early maturity. Stronger plants. Better cotton too. More strength to fight bad weather and early bolls to beat the weevil.

L. D. Mosely of Edgewood Farms, Simpson, N. C. has had good results year after year with Chilean Nitrate of Soda. On one crop he made 86 bales on 75 acres. On another crop he made 100 bales on 100 acres. On both of these profitable crops he used Chilean Nitrate of Soda liberally.

Chilean Nitrate is the old, original "Soda", the natural product—not synthetic. Used profitably for over 50 years. Last year every cotton champion used it to make his winning crop. Place your order now for all the Chilean Nitrate you need and be sure of extra bales from your new crop.

A New Fertilizer Book—FREE

Our valuable book "Low Cost Cotton" will help you make a better crop. It is free. Ask for Book No. 2 or tear out this ad and mail with your name and address on the margin.

U. S. SENATE ADJOURNS IN HONOR DEAD

Body Quit Work Today Immediately Upon Announcement of Underwood's Death.

Washington, Jan. 25.—(AP)—Immediately upon announcement of the death of former Senator Underwood of Alabama, the Senate adjourned as a marked of respect. Senator Heflin, of Alabama, a colleague of the late senator, made the announcement to the Senate of Mr. Underwood's death. He suggested an immediate adjournment and Senator Curtis, of Kansas, the majority leader, then moved the adjournment as a mark of respect. Despite the anxiety of leaders over the pending cruiser construction bill, the adjournment was immediately entered into.

New Coffee Shop Is Equipped With Kelvinator System

Important in every eating place is the facility for the safe keeping of the unprepared foods and to care for this phase of the equipment of the new Coffee Shoppe, that will open in this city tomorrow.

Kelvinator restaurant equipment has been installed. According to Mr. Larry Brown, of the Water and Light Commission, who furnished this equipment, it is the best in this electric refrigeration that money can buy. The Kelvinator, the oldest electric refrigeration on the market, is noted for its regular and faithful service in keeping foods fresh and wholesome at all times. Science has proved, Mr. Brown says, that the even temperatures maintained by electric refrigeration insure the health of the home where it is used and what is true in this is equally true in the public eating place that uses this modern system of food preservation.

Market Report Cotton--Stocks--Grain

COTTON MARKET N. Y. STOCK LIST

New York, Jan. 25.—(AP)—The cotton market opened easy today but a decline of 4 to 10 points. The entire month showed net losses of about 8 to 12 points in the early trading under liquidation of January, promoted by circulation of notices estimated at about 9,500 bales. There was also liquidation in later months, accompanied by complaints of a poor spot demand. March eased off to 19.91, and July to 19.56, but there was trade buying around these figures which, with covering, seemed sufficient to absorb early offerings. Trading tapered off and the market looked a shade steadier by the end of the first half hour.

Prices rallied 4 or 5 points from the lowest.

Private cables said that hedging and scattered liquidation of tired holders had been taken by trade cables in Liverpool.

STOCK MARKET

New York, Jan. 25.—(AP)—The bull party went on its most violent rampage of the new year on the stock market today, bidding up dozens of issues 5 to 17 points to new high ground. Trading was in enormous volume during the first two hours, indicating that total sales might cross the 6,000,000 mark, but moderated after mid-day, and the ticker, which had fallen considerably behind the market was able to catch up with trading.

The wild trading of the morning was in response to overnight news developments, including the moderate increase in brokers' loans, and the resumption of dividends on Bethlehem Steel common, and the company's excellent earnings report for the last quarter. The increase in brokers' loans amounting to \$46,000,000 was under the most conservative predictions. That the total would reach a new peak had been taken for granted.

Distinctly pleasing to Wall street was the sweeping improvement of over 9 per cent in the New York Reserve Bank's reserve ratio, carrying it to 80 per cent under a year ago, when total brokers' loans were about \$1,600,000,000 less than at present.

Call money renewed at 6 per cent, but became scarce at that rate, which was a factor in checking the pace of trading. The day's news was rather meager. Several oil companies in the mid-continent area followed the reductions in crude prices announced by Carter Oil yesterday. New bond offerings for the week jumped to nearly \$120,000,000 from less than \$37,000,000 last week.

Johns Manville said Underwood Elliott Fisher led the upward swing with gains of 17 and 16 points, respectively. Union Carbide, Radio, and General Electric mounted about 11 points. Nash Motors jumped almost 10 points to record price in an enormous turnover. American Smelting & Refining, By-Products, Coca-Cola, U. S. Industrial Alcohol, Wright, Allied Chemical, Consolidated Gas, National Cash Register and Matheson Alkali were bid up about 5 to 7 points. Montgomery Ward framed up after an early loss. Columbia Graphophone was a soft spot, losing 3 points.

FOR RENT—FIVE ROOM HOUSE—best location in College View. Call Mrs. G. H. Ballard, phone 489-J.

STRAYED OR STOLEN—FROM my Pilling Station, on the Pachtolus road, Sunday night, Jan. 20th, one rat terrier pup, with bob tail. Ears have one large black spot on back. Will answer to the name of "Pete." A liberal reward will be paid for any information leading to his whereabouts. J. E. Jones, phone No. 2611.

ATTENTION MEN—IF INTERESTED work sunny, romantic South America, obtain our warranted service offer, with list. South American Service Bureau, 14,600 Alma, Detroit Mich.

WANTED—THE PEOPLE OF Greenville and vicinity to know that we will do cleaning and pressing for the price of pressing for 3 days—January 28, 29 and 30. Rainbow Cleaners, phone 619.

NOTICE—I WISH TO NOTIFY notify the public that I still do roofing and sheet metal work. Mrs. M. E. Riddle Tin Shop, Colanuch St.

HOT BUTTER BISCUITS—NO oven work for you. These Hot Butter Biscuits come to your table with all the warmth of the oven still in them. No need even to butter them. We butter them—twice! Don't let another meal go by without some of these delicious Hot Butter Biscuits on the table just begging to be enjoyed. Come in and take some home for your next meal. People's Bakery, phone 129 Greenville, N. C.

PLANT PECAN TREES AND prosper. Large improved varieties. Southern Nut Tree Nurseries, Thomasville, Ga.

FOR RENT—FOUR ROOM BUNGALOW, on Greenville—Farmville highway, about three miles from town. H. R. Allen.

WE PAY FOR "FLU," ALSO ANY other sickness or accident. Special policy for business or professional men and women. Many say it's a good one. Phone, write or see Claude Tunstall, Provident Agent.

FOR RENT—THREE ROOM apartment, all connecting, and adjoining bath. Close in. Rent reasonable. Call Mrs. Parker, at 797.

MORE SEVERE COLD weather coming. How about your coal bin? We are to yet have our winter weather. Call W. C. Clark Coal & Wood Yard, phone 131.

WE HAVE A COMPLETE stock of coal and wood heaters. We carry the famous Wilson line. Home Furniture Co., phone 79.

TOMORROW MAY FIND the cold weather here, and you without coal. Do not delay another day. Call W. C. Clark Coal & Wood Yard, phone 131. Yard located back of Quinn-Miller & Co.

WE HAVE A COMPLETE stock of cook stoves and ranges. Prices right. If in need of a stove or range, see us. Home Furniture Co., phone 79.
