GREENVILLE WOMAN'S CLUB IN NEW HOME

The Woman's Club building in this city was opened to the public for the first time yesterday when about two hundred local people enjoyed a benefit bridge and ruck tournament during the afternoon and evening. The club building, formerly the Episcopal Rectory, was recently purchased by the Woman's Club and has since been completely remodeled and a spacious banquet hall added. A permanent home for the Woman's Club has long been needed and no doubt the new club building will become the center of club activity and social life of the city.

DOZEN HOMES TO BE BUILT IN THIS CITY

Fayetteville Contractors To Build Brick Bungalows North Of College.

Brantley & Godwin, of Fayetteville, contractors and builders, have purchased twelve lots on Jarvis and Summit street, about four blocks north of the East Carolina Teachers College, and have started erection of twelve brick bungalows. It became known today.

The total amount of expenditure involved in the purchase of lots and construction of the buildings was today estimated at between \$50,000 and \$60,000. The buildings will be completed and ready for occupancy in sixty or ninety days. They will be offered for rent.

The firm was assisted in the purchase of the lots by members of the firm of H. A. White & Sons. It is one of the most extensive plans yet adopted for relieving the house shortage which has existed in this city over a period of several years.

Brantley & Godwin have erected homes for rent in other cities of Eastern North Carolina. The deal in this city had been under consideration for some time but definite information was not made public until purchase of property had been completed.

KING GEORGE MAKES TRIP TO SEASHORE

Thousands Watch Convalescent Monarch As He Leaves Palace in Ambulance

London, Feb. 9.—(AP)—King George today left the room where he has lain ill since late in last November to undertake a motor trip to a home by the seashore at Bognor, Sussex, where he hoped to regain his health.

Thousands waited outside Buckingham palace for a sight of the ruler who at stages of his illness was very near death's door. Their wait and hopes were rewarded when through the raised blinds on each side of the royal ambulance his majesty was seen to raise his hand in greeting and in acknowledgement of their cheers.

Five minutes after the big black and green ambulance—fitted with every modern comfort—had left the palace Queen Mary herself entered a waiting car and was whisked away through the throngs on her way to Bognor. She was to take a short cut and be at Cratwell house in time to greet her husband when he should arrive.

The open blinds of the ambulance afforded the waiting crowds a good view of the king as he rode out the palace gates and in front of its grounds down to the main road. He could be seen lying propped up in a narrow bed close to one side

Roads Committee Bill Given Final Approval By Members Of House

Raleigh, N. C., Feb. 9.—(AP)—While the Senate held a routine Saturday session receiving new bills and passing a few local measures, the House today gave final approval to the roads committee's bill and debated at length the Boyd bill requiring sheriffs to give affidavit that they have exhausted the personal property of delinquent taxpayers before advertising real estate for sale.

The roads bill was passed, 71 to 1, without discussion and was sent to the Senate Representative Poole, Democrat of Hoke, cast the only vote against it. The Boyd bill met sharp opposition with Boren, Democrat of Guilford, and Carr, Democrat of Duplin, leading the fight against it. It was passed on second reading by a vote of 35 to 29, and will come up for its final reading Monday night. Before passing the measure, the House refused by a vote of 33 to 30 to accept amendments that would have kept the measure from applying to half a dozen counties.

The House voted to postpone consideration of a bill by Representative Nash, Democrat of Richmond, to re-enact the 1927 laws providing for special judges with elimination of the provision that three of the six judges must come from the east and three from the west. Eastern members objected to elimination of the provision, and Representative Winston, Democrat of Bertie, offered an amendment to keep the law as at present. Representative Nash said it had been eliminated in the special bill because the work of the special judges was largely in the western part of the state.

The House passed numerous local measures, including the bill of the Mecklenburg delegation to submit to the voters the question of the adoption of the city manager plan of government for Charlotte.

New bills introduced included measures by Representative Herbert to abolish capital punishment for burglary, arson and first degree murder when the jury recommends life. The same bills were introduced in the Senate earlier in the week.

Representative Young, Democrat of Durham, introduced a bill to require state licensing of all automobile drivers and to require persons convicted of violating the automobile laws to file bond as security for damage they may do in the future.

The commissioner of revenue would be empowered to revoke the licenses of violators of the motor vehicle laws.

Senate

Raleigh, N. C., Feb. 9.—(AP)—On motion of its author the Senate today tabled the bill calling for the re-establishment of the whipping post in North Carolina.

Senator J. T. Alderman, Democrat of Vance county, the oldest member of the Senate in making the motion to have his bill tabled, said "it has served its purpose." His motion carried unanimously.

The Vance senator did not explain what his purpose was in introducing the measure, however senators said that he had done it as a "joke."

Barred from considering public bills today, the Senate with approximately one-third of its members present, passed a number of bills on the local calendar.

Senator Higgins, Democrat of Transylvania, moved today to recall the bill providing for the establishment of a police emergency reserve and pension fund from the

by a 24 to 20 vote. His motion will not be considered until Monday night. Under Senate rules, a two-thirds vote is required to recall a measure.

A bill was introduced by Senator Lawrence, Democrat of Hertford, relating to the office of assistant attorney general, making sections uniform with the law recently enacted reducing the number of assistant attorneys general from three to two. It also would enable the highway commission to employ attorneys.

House bills were approved abolishing the duties of recorder and county auditor in Cleveland county. A bill was introduced by Senator Lawrence, Democrat of Hertford, relating to the office of assistant attorney general, making sections uniform with the law recently enacted reducing the number of assistant attorneys general from three to two. It also would enable the highway commission to employ attorneys.

House bills were approved abolishing the duties of recorder and county auditor in Cleveland county, authorizing the clerk of superior court of Vance county to employ an assistant, providing a calendar for the criminal courts or Randolph county, creating the office of auditor of Rutherford county; to prevent tampering with private telephone lines in Clay county; to limit and fix rewards for the capture of skills in Lee county; to fix Senate bills providing for election of members of the school commission of Charlotte, and relating to the charter of the town of Kenley, were passed.

The Senate will reconvene after the week-end at 8 o'clock Monday night.

Bills introduced today follow:

Blue: To provide for administration of estates of persons permanently missing.

Blount: To authorize and empower board of commissioners of Pitt county to revalue real estate for taxation.

Blount: To amend sections relating to the grand juries of Pitt county.

Blount: To authorize the board of commissioners of Pitt county to issue bonds to refund road indebtedness.

HOOVER OFF FOR TARPON FISHING TRIP

President-Elect Also Arranged For Attending Edison's Birthday Party.

Miami Beach, Fla., Feb. 9.—(AP)—President-elect Hoover, for the third time in less than three weeks he has been in Florida, sets out today from his pre-inaugural home on Bell Isle on a trip that has a two-fold purpose—to attend the birthday anniversary celebration of Thomas A. Edison at Fort Myers Monday and to try his luck at tarpon fishing on the Florida west coast.

Accompanied by Mrs. Hoover and Mr. and Mrs. Edgar Ricard, of New York, the next chief executive will motor to a point near Long Key where he will board the house boat Saunterer, for the voyage around the end of the state to Fort Myers. He will be welcomed to the craft by its owner, Jeremiah Milbank, of New York, eastern treasurer of the Republican national committee.

Arriving off the west coast city probably late Sunday, Mr. and Mrs. Hoover will go ashore about noon Monday for the luncheon at the Edison estate, where the President-elect also will greet two other old friends, Henry Ford and Harvey S. Firestone. After the luncheon, there will be a short parade through the streets of Fort Myers after which Mr. and Mrs. Hoover will return to the Saunterer and sail southward to Ponce de Leon Bay.

There the President-elect plans to put in two days of fishing in the hope of adding at least one tarpon to his catch of three sail fish and many other species on the eastern coast of the state. It is a little early for the heavy game fish, but early has been reported at headquarters on Belle Isle that tarpon are beginning to run around the Shark River.

Under his present plans Mr. Hoover will leave the Saunterer on Thursday morning to motor across state to Belle Isle so he can have an afternoon and evening to clean up work which will have accumulated in his absence. Friday he will begin a two days' motor trip through the Okeechobee flood district.

Only a few engagements had been made for the President-elect before his departure today immediately after lunch. In mid-forenoon he and Mrs. Hoover were to review a parade of girl and boy scout troops of Miami and Miami Beach. The broad front porch of the executive offices was to form the reviewing stand.

KEYES JAILED ON CONSPIRACY CHARGE TODAY

Former District Attorney and Two Others Plan To Appeal For New Trial.

Los Angeles, Feb. 9.—(AP)—From his cell in the county jail, Asa Keyes today directed his fight to escape imprisonment.

The former district attorney of Los Angeles county was convicted here last night with Ben Getzoff and Ed Rosenberg of conspiracy to bribe. The jury of ten women and two men, after deliberating three and one-half hours, upheld the state's charges that the Keyes received \$165,000 and other considerations for lax prosecution of fraud cases.

All three defendants, who will be sentenced Monday, announced they would appeal if a new trial is not granted. The penalty for conspiracy to bribe is one to fourteen years.

The bribery case grew out of the collapse here in May, 1927, of the Julian Petroleum Corporation when it was discovered that about \$100,000,000 worth of spurious stocks had been sold to the public.

Keyes conducted an investigation which resulted in the filing of charges against fifty or more persons, among them certain officials of the Julian Corporation. One after another these charges were dropped until eventually the only two held were Jacob Berman, alleged "bright youngster" of the corporation, and Ed Rosenberg, stock salesman. It was alleged the stock fiasco had netted about \$35,000,000.

During the trial of Berman and Rosenberg on fraud charges, the prosecutor filed a motion to dismiss the case against Rosenberg. The motion was denied and the case went to the jury resulting in acquittal for both.

Last November Euron Pitts, lieutenant-governor of California, was elected district attorney of Los Angeles county on an "anti-corruption" platform. Soon after he took office a grand jury began an investigation of alleged official corruption here. Six persons, including Keyes, Getzoff and Rosenberg, were indicted.

TOBACCO IS BIG TOPIC AT KIWANIS CLUB

Body Endorses Haywood Dail for Chairmanship State Highway Commission.

The regular twice-a-month meeting of the Greenville Kiwanis club was held at the Rotary club last night. The program was in charge of Jack Kligo, local tobaccoist, who had provided considerable information concerning the growth of Greenville as a tobacco selling center.

The speakers of the evening were Bruce Sugg, of the Star Warehouse, and K. W. Cobb, supervisor of sales of the local tobacco market.

Mr. Sugg provided a number of interesting facts in connection with the past, present and future of the Greenville market. He painted a glowing picture of the future filled with continued expansion of an industry that takes first place in life of the community.

Mr. Cobb whose job it is to keep things moving smoothly in the world on the market, told of the progress during the last five years. He submitted a portion of the plans for the coming year's expansion. This dealt mainly with advertising and increasing the facilities of warehouse and factories to meet demands of the future.

Martin Fort was received into the club as the "baby" member. Words of instruction were delivered by J. B. James.

The club voted a hundred percent strong endorsing Haywood Dail as the next chairman of the State Highway Commission. Mr. Dail at present time is chairman of the Pitt County Highway Commission. The movement to put him in the position recently made vacant by the resignation of Frank Parham gained more than unusual momentum.

Oregon Assassin Put To Death At Mexico City Today

Mexico City, Feb. 9.—(AP)—Jose De Leon Toral, assassin of President-elect Alvaro Obregon, was executed by a firing squad at 12:35 p. m., today, Central time.

The execution took place in the court yard of the Federal penitentiary on the outskirts of Mexico City. It had been planned to carry out the death sentence at noon, but the time was advanced until 12:35.

The condemned man, who was weary and struggling with emotion during the last hours before his execution, spent his last earthly hour with a Catholic priest, the priest being permitted to remain in the death cell with him.

As Toral was eating his last breakfast of chocolate and rolls he was interviewed by newspaper men and told them that he was ready to die.

Last night he received the sacraments and spent much time in prayer and meditation.

Toral met death bravely, he marched with firm step and alone to a place before the firing squad of 15 men. The shots rang out immediately and he fell forward, whereupon the commander of the squad performed the customary coup-de-grace.

The condemned man wore a black coat covering a sweater, black striped trousers and a cap.

Upon taking his place in front of the firing squad, he took off the cap and held it in his left hand. Then he raised his right hand to cover his heart just as the shots rang out.

KINSTON MAN WILL ADDRESS BUSINESS MEN

J. G. Dawson Will Be Principal Speaker at Annual Meeting Of Merchants' Ass'n.

The annual meeting and banquet of the Greenville Merchants' Association will be held at the Woman's club building next Thursday evening at 7 o'clock. It was announced today by C. B. Rowlett, secretary.

Hon. J. G. Dawson, of Kinston, ex-chairman of the State Democratic committee, has been secured as principal speaker of the occasion. Mr. Dawson has spoken at other gatherings of merchants the last several months, it was stated, and always left a profound impression with his knowledge of business conditions.

It was also announced that D. Holloman, general manager of Bolen-Pearce Company, Raleigh and first vice-president of the North Carolina Merchants' Association, would be on the program for an address. He is considered one of the best authorities in the state on merchandising. Several other speakers representing the local association and clubs of the city will be on the program.

The past year the secretary said, has been one of the most successful in history of the local organization. They have been able to accomplish much good in behalf of many things connected with civic improvement. Increase of membership also has been outstanding—probably more so than any other year since organization of the local body.

TWO VICTIMS CLAIMED BY COLD IN WEST

Severest Attack Of Winter Reported From the Northwest Early Today.

Kansas City, Feb. 9.—(AP)—The southwest, Rocky Mountain and Pacific northwest regions today continued to shiver from a cold wave of unusual severity that also was being felt in the west and Mississippi valley. Two deaths from exposure had been reported.

Railroad transportation in southwestern Colorado was further hindered by additional snow as zero temperatures in that region and in Kansas, Oklahoma and the Texas Panhandle, covered by an uneven white blanket ranging up to 12 inches, continued.

Louisiana, Kentucky and Tennessee were feeling the storm with rain and snow while in the west the mercury dropped so low that citrus growers in Southern California prepared for smudging.

Two more snow slides crashed on the tracks of the Denver and Rio Grande Western Railroad between Durango and Silverton, Colo., making a total of 11 in 13 miles. Reports said that section crews had been unable to cut through the first slide and that Silverton, isolated several days ago, would remain cut off at least two or three weeks. The Rio Grande Southern Line between Pico and Telluride, remained blocked.

A break in the frigid temperatures in the southwest and Rocky Mountain states might come late tomorrow, the weather man said.

HUNDRED DIE IN RIOTS AT BOMBAY, INDIA

Six Hundred Injured In Series Of Clashes Continuing For Last Six Days.

Maj. Gen. John A. Lejeune, who led the United States marines in the world war, will retire March 5 as commandant of marine corps.

Bombay, India, Feb. 9.—(AP)—Six days of sanguinary Hindu-Pathan rioting here have left an estimated 100 dead and 600 injured, many of whom may die.

Peace efforts, which had auspicious beginnings, have collapsed and the sole hope of preventing further outbreaks appears to be the military.

Hospitals are crowded with casualties, the condition of many of whom is most serious. Troops patrol the streets and so far as is possible the populace in the affected districts is being kept indoors.

This policy and the danger incurred in excursions into the riot areas has resulted in only piecemeal descriptions of the fresh outbreak last night. A parade in which both Hindus and Pathans participated to celebrate "peace" between them broke up in a series of fights when rural Hindu peasants, imported to aid in the anti-Pathan warfare, refused to accept the truce.

One explanation of the collapse of the peace parade and truce was that the head of the procession stumbled onto the body of a Hindu who had been stabbed to death. Hindus and Pathan Moslems who moments before had been friends, turned on each other and the ensuing battle was the most bitter of the week.

In the Pydownie district troops attacked the rioters and were forced to fire with machine guns. Thirty were killed in this one attack, and more than 100 injured.

Exactly persons thus far have been arrested, most of them Mohammedan rowdies.

Two places reported particularly had disturbances today. At Kalbadvi a Moslem shop was ransacked and two Hindus killed. In the Pydownie district Moslems fired a Hindu troupe, the military quelling the trouble only after four persons had been killed and eleven wounded.

Bombay, India, Feb. 9.—(AP)—An American citizen, H. J. Jorgensen, chief officer of the steamship F-1-buck, received slight injuries in the rioting at the Bhandy bazaar last night.

Someone struck him on the head with a stick. At the hospital his wound was dressed and he was discharged.

Mrs. Fokker Falls To Death At N. Y.

New York, Feb. 9.—(AP)—While her husband dined in the same room, Mrs. Anthony H. G. Fokker, either jumped or fell to her death last night from a window of their fifteenth floor apartment on Riverside Drive.

The airplane designer awoke when a maid whom Mrs. Fokker had sent for a glass of water, returned to the room a moment after his wife fell.

Police listed the case as a suicide, although Herbert Reed, secretary and treasurer of the Fokker Airplane Company, issued a statement saying Mrs. Fokker had been subject to fainting spells and probably was overcome when she went to the window. He termed the death "an unfortunate accident."

The body, clad in a pink negligee and slippers, was found on the sidewalk in front of the apartment building by a pedestrian who called an ambulance. The surgeon pronounced her dead.

Mrs. Fokker had returned a few hours before her death from the Presbyterian hospital, where she had been under treatment for a nervous disorder.

Mrs. Fokker, an attractive brunette, was 29 years old.

Winston-Salem Leaf Market To Close Feb. 28th

Winston-Salem, N. C., Feb. 9.—(AP)—At a meeting of the executive committee of the Winston-Salem Tobacco Board of Trade, held yesterday evening, it was decided to close the market for the season on Thursday, February 28th.

Bad weather during the week just closed has caused the sales to be very light, and practically all of the offerings were very common, an indication of the fact that the "ragged end" has been reached. Occasionally a load of the better grades would be on sales, but these were the proverbial hen teeth. Few and far between.

Reports of sales issued last night by the superintendent of sales reads as follows:

Season's sales, 53,415,048 pounds; average, \$17.22.

Week's sales, 584,368 pounds; average, \$18.42.

REPARATIONS EXPERTS GET DOWN TO WORK

Informal Session Held At The Bank Of France; Young May Be Chairman.

Paris, Feb. 9.—(AP)—The committee of experts who have gathered here to take up the great problem of reparations revision got under way today with an informal session at the Bank of France during which the question of a permanent chairman was the most important to come up.

There was a strong feeling that Owen D. Young of the unofficial American delegation should take that post and it was semi-officially learned at the close of today's session that President Coolidge is to have the final say whether Mr. Young should accept the presidency.

In the course of the discussion of the preliminary measures of organization, Jean Parmentier, French delegate, asked recognition of the temporary chairman, Emile Moreau, governor of the Bank of France, and proposed Mr. Young as permanent chairman.

The noted American expert who played so prominent a part in the development of the famous Dawes plan, demurred, saying that in view of a statement attributed to President Coolidge a few days ago that a European and not an American delegate should be chairman, he felt he could not accept. He proposed instead another delegate, Alberto Fiorelli, Italian delegate.

Signor Pirelli expressed appreciation of the honor but insisted that Mr. Young's nomination should be made unanimous. The twelve allied and German delegates then hinted that perhaps an expression of the nearest wish that Mr. Young accept the chairmanship be conveyed to President Coolidge to which the committee agreed.

It was said that the British or French embassy at Washington will make the necessary call at the White House today and a reply is expected before the committee meets for its first official session on Monday afternoon.

It was learned that Mr. Young's desires towards the chairmanship are lukewarm as he feels the position might prove a restraining factor on his activities as delegate which he would feel free to take if not burdened with the chairmanship.

M. Moreau is known to be extremely anxious that Mr. Young should take the chairmanship. He spent considerable time during the early part of the week telegraphing the German, British, Italian and Belgian delegates respecting Mr. Young's presidency and there was universal agreement that the American economist must accept the post as the other countries, with the exception of the United States and Japan, were too deeply concerned in the controversial subject.

NOTED BARITONE TO BE AT TEACHERS COLLEGE

The father of John Charles Thomas, the noted baritone who will give a concert at East Carolina Teachers College on next Friday evening, is a Methodist minister. The artist has recently built an attractive home in one of the suburban towns near Baltimore, and his father and mother are free from financial worries because of the thoughtfulness of their distinguished son.

His mother was a singer and his father had a good voice, so from the earliest childhood he has had the best training in music. The three sang trios at church services when his father would preach and they would sing at church meetings. His first fame as a soloist was as a choir singer in Baltimore. When in preparatory school he was in a college glee club, a high honor for a prep boy.

He was greatly interested in science and was strongly inclined to study medicine, but when the time for a definite decision came, he was offered a scholarship in Peabody Conservatory of Music, which he accepted, and he turned aside the opportunity to pursue scientific studies in a medical college in Baltimore. His career turned on the flip of a coin.

His varied activities in his early years and his itinerant life as the son of a Methodist preacher brought him a wide range of opportunity to know people and rich experiences that have helped him greatly in his career. He knows Americans, they are home-folks, and this is perhaps part of the secret of his charm as a concert singer.

Miss Virginia Bascom Sledge of Tarboro, is the guest of Miss Edna McKee.

ABOUT TOWN

"Keep in mind the fact that Tuesday of next week is Dollar Day in Greenville," mentioned a member of the Merchants Association today.

"Greenville has taken a prominent part in Northeastern Conference basketball this season," mentioned a follower of the high school clubs today.

"The northwest is welcome to the severe cold spell sweeping over that section at this time," declared a business man today.

"Yes, siree, we haven't had much cold down in this part of the country. We don't want any more than we have already had, and if the weather man pleases he might continue to send his low temperatures to other localities—we have no use for them."

"It is gratifying to note that the committee road bill rot through the House all right," murmured a citizen today.

"This is one of the first attempts the legislature has made in tax reduction. It should have a direct bearing on all sections where the tax burden has been increasing the past several years."

"But the real reduction of taxes will not be made possible until passage of the school bill. Both will provide a saving which should bring considerable relief to the affected areas."

STOCK MARKET CLOSES AT N. Y.

Cotton Exchange And Other Commodity Markets Open For Half-day Business.

New York, Feb. 9.—(AP)—The New York Stock Exchange, the New York Curb Market and several securities markets in other cities were closed today. The New York Cotton Exchange, the Chicago Board of Trade, other commodities markets and banks, however, were open for the usual Saturday half-day.

The New York Stock Exchange closed at the request of brokerage houses which have been running behind with their work, owing to the steady succession of 4,000,000 to 5,000,000 share days and the crippling of their forces by influenza.

The heavy selling of securities which began Thursday after the Federal Reserve warning against excessive use of brokers' loans for speculative purposes and the advance of the discount rate by the Bank of England, continued without interruption yesterday.

Call money jumped from 6 to 9 per cent when banks called in more than \$25,100,000 in loans.

The averages for the day's prices on the New York Stock Exchange reflected a decline of 2.03 points at the close with industrials down 3.38 and railroad shares down 1.68.

Stock sales for the week aggregated 22,564,950 shares. Averages on fifty representative stocks showed a decline of 13.45 points for the week and indicated a decline every day. The net decline of 13.45 points has only been exceeded once. That was in the week ending December 8 last year.

Buildings To Go Higher

Chicago—A new variety of tie is expected by some experts to make possible the erection of buildings than 100 stories high. Professor George A. Bole told the American ceramic Society of experiments with it. Compared with that in general use, it is lighter and offers more resistance to fire and has greater durability.

To Raise Chateau

New York—The graceful Fifth avenue chateau of the late Commodore Elbridge T. Gerry is to be torn down for a 49-story hotel, the project of Ottor H. Kahn, Finley J. Shepard and other wealthy men, which will aim to have the atmosphere of a private club. For three decades the chateau was the scene of brilliant social functions.

LOCAL CAGERS WINNERS OVER ROCKY MOUNT

Greenville high school continued their winning streak here last night at the expense of the strong Rocky Mount team by the score of 30-11. The game was marked by the defensive work of the Blackbirds who showed Greenville fans the best man-to-man defensive work they had seen this season. From the start it was seen that the Rocky Mount boys were set to check the two scoring aces of the locals, Bostic and Respass. That they succeeded in this endeavor is shown by the fact that Bostic scored only 18 points and Respass was let down with only one field goal. In the meantime they neglected to check up on the elongated Troy Burnette and this worthy slipped in six baskets to lead the scoring.

The half found Greenville in the lead with a margin of 20 to 4. Starting their first game with the new uniforms of brilliant Irish green it seemed as though the boys were out to set up a new high scoring record. The Rocky Mount boys, however, soon found themselves and in the last half held Greenville to 10 points while scoring 7 for themselves. For the visitors Odum and Dozier were the best defensive bets while Burnette and Hicks were the shining lights for the locals.

The win last night was the ninth straight win for the locals in conference circles. They have scored 363 points in these nine games to 95 for their opponents. Of this number Respass has contributed 103, Bostic 97, Burnette 77, Hicks 27, Tucker 26, Hearne 16, Eason 9, King 8, Crow 4 and Briley 1.

The locals do not play a home game next week but go to Elizabeth City and Rocky Mount. When they return it will be to play the team that has given them the hard-

COTTON MARKET

New York, Feb. 9.—(AP)—The cotton market opened steady today at an advance of 2 to 5 points and sold 3 to 7 points net higher in the early trading on continued buying or covering which developed yesterday afternoon.

Reports of low temperatures in the south with a possibility that they might kill off boll weevil in hibernation, probably led to some selling on the advance but were also rumors of small fertilizer sales. The market held within two or three points of the best at the end of the first half hour.

Private cables reported continental buying and trade calling supplied by liquidation in the Liverpool market but said there was a slightly improved demand for cotton cloths although discouraging reports were coming from India.

Cotton on shipboard awaiting clearance at the end of the week was estimated at 132,000 bales as against 94,000 last year.

GRAIN MARKET

Chicago, Feb. 9.—(AP)—Increased attention to unfavorable aspects of the European crop outlook resulted in higher prices today for wheat. Mention of famine prevailing in various districts abroad and predictions that Russia will soon have to become a buyer of foodstuffs from other countries acted also as a bullish influence on the wheat market here.

COULDN'T SLEEP

Louisiana Lady States That The First Bottle of Cardui She Took, Helped Her.

Montgomery, La.—"I was in a dreadfully run-down condition," says Mrs. Charles L. Lacroix, of this city. "I suffered a great deal of pain. I was in misery all over. I could not sit up and I could not lie down. I couldn't sleep and at times I would have dreadful vomiting spells. The aches and pains seemed to cover my whole body."

"I had taken Cardui, off and on, since 1903. It had always done me good, so when I got in this bad condition, I thought I would take it again."

"One night, my husband brought me home six bottles of Cardui and I began to take it. I could tell that I was improving from the first bottle, but I kept on taking the medicine, for I knew that I needed a tonic that would build me up and strengthen me where I was weak and run-down. That is exactly what Cardui did for me. After I had finished the sixth bottle, I felt fine. I feel truly thankful for what Cardui has done for me, for I could not have gone on living in the desperate condition I was in."

Cardui is a harmless extract of valuable medicinal herbs, and acts as a strengthening tonic. NC-209
