## ALDERMEN BUY TRACTOR FOR STREET WORK

### Purchase Made at Adjourned Meeting Of City Fathers This Morning.

A new tractor for use in work on the city streets was purchased by the Board of Aldermen at an adjourned meeting held in the city hall this morning. The machinery was purchased from Turnage and Winslow, local implement dealers. The meeting was held today with the tractor purchasing as a special order of business, a committee having been appointed at the last regular meeting to give study to the matter and make its report and recommendation today.

Having before it the propositions of Turnage and Winslow, of this city who offered the wheel type McCormick-Deering tractor and that of the Caterpillar Tractor Co., of Peoria, Ill., offering a caterpillar tractor, the committee has during the week given study to both of the pieces of machinery and the uses to which the town wanted to put them, witnessed demonstrations of both types and today submitted the following report:

To the Hon Mayor and Board of Aldermen Gentlemen:

The committee appointed at the regular meeting Thursday night Feb. 7th, to get propositions and prices on tractors, submits the following report:

Turnage & Winslow offers to sell McCormick-Deering Tractors as follows:

- 15-30 with Iron Wheels Road Lugs, second hand \$600.00
- 15-30 New with Iron Wheels Road Lugs \$1340.00
- Less 10 per cent
- 15-40 New with Dual Wheels (Less \$227.00) \$1895.00
- 15-40 Second hand 10-inch Dual Wheels (Net) \$1200.00

The Caterpillar Tractor Co., Peoria, Ill., offers:

- 1-Caterpillar Tractor No. 2 Ton equipped with Street Plates, f.o.b. Greenville, N. C., \$1600.74.

Either of them offer to accept a reasonable cash payment and the balance within one year.

Your committee have seen demonstrations of the tractors of both companies. We are very much pleased with the operation and performance of the McCormick-Deering Tractor, and are deeply grateful to Turnage & Winslow for the courtesies extended in making demonstrations, and also in furnishing the town with a second hand tractor in emergency caused by the Fordson Tractor being out of order.

We have also seen a demonstration of the Caterpillar Tractor, and are of the opinion that it is more suited for the use to which the town wants to put it, and are reliably informed that it can be operated more economically.

We, your committee, therefore recommend the purchase of the Caterpillar Tractor at a price of \$1600.74, one-third of which is to be paid in cash, the balance in twelve months. Provided the two ton truck is guaranteed to perform the same as the twenty type demonstrated.

We further recommend that the town, through Mr. Sellars, the City Manager of the Streets, offer to buy Turnage & Winslow for the use of their tractor.

The report was signed by Aldermen J. Key Brown and J. H. Waldrop, the third member of the committee, Alderman J. H. Boyd, being absent from the meeting.

Committee members stated that they would like to recommend purchase of tractor from local dealers, but on account of the savings of from ten to ten gallons of gas daily on the caterpillar tractor, and it being more suited to work it was expected to do, that its purchase was recommended.

Immediately following the report there was a general discussion, the one side urging the following of the recommendations of the committee, the other urging the purchase of a tractor from the local concern provided same could do the work prescribed for it.

When the motion to purchase the caterpillar tractor as recommended by the committee was put before the board, Waldrop and Smith voted in its favor, Bradsher, Goodson, Griffin and Harvey voted against it, and Brown, the other member of the committee that recommended the purchase, did not vote.

The matter of purchasing the McCormick-Deering 15-30 dual wheel tractor from Turnage & Winslow for \$1600 was then placed before the board, with Bradsher, Goodson, Griffin and Harvey voting in its favor, Waldrop and Smith against it, and Brown again not voting.

Other than the tractor the only business discussed at this morning's meeting was that of purchasing additional fire hose. After only a short discussion it was decided not to make such a purchase at this time.

## White Elected Head Of Merchants Association; Dawson Banquet Speaker

J. J. White, member of the firm of H. A. White & Sons, local realtors, was elected to the presidency of the Greenville Merchants' Association at the annual meeting and banquet held at the Woman's Club building last night. He was first vice-president of the organization at time of his election. He succeeds E. W. Griffin, member of the firm of Griffin & Williams, who served for a period of one year.

Other officers elected were: J. F. Bowen, first vice-president; J. Knott Proctor, 2nd vice-president; C. H. Forbes, treasurer; C. B. Rowlett was re-elected as secretary.

The following directors were also elected: J. H. Blount, J. J. White, E. W. Griffin, Curtis Perkins, Frank Wilson, R. B. Kittrell, C. W. Woodard, L. A. Stroud, J. Knott Proctor, P. Earhart, B. B. Sugg, H. H. Duncan, Heber Forbes, J. F. Bowen, J. H. Waldrop.

Aside from election of officers and an elaborate banquet, the merchants listened to several addresses dealing with condition of local and state-wide importance. Several vocal numbers were furnished by Mrs. J. Knott Proctor, assisted by Miss Lotta Veazey, member of the music department of city schools.

The principal address of the evening was delivered by Hon. J. G. Dawson, of Kinston, former chairman of the State Democratic Executive committee. He was introduced by Hon. F. C. Harding.

Mr. Dawson spoke on legislation as it affected the mercantile interests. He dwelt at length on the proposed sales tax measure. He disapproved of the bill because it would prove detrimental to the thousands of consumers throughout the state.

He declared he had no objection to tax on gasoline and luxuries, but he was opposed to a general sales tax because it would affect the poverty element and produce great hardship among those who find living a matter of more than serious consideration at this time.

He spoke of the wonderful strides in education made in North Carolina, and saw in the McLean bill for an eight-months' school term a means of continuing this splendid progress. He declared education is of inestimable value to any thriving community, and saw more need for it in the complex problems of the future.

Other speakers of the evening were B. B. Sugg, J. H. Waldrop, Major J. C. Lanier, K. W. Cobb and C. B. Rowlett.

Mr. Sugg presented interesting facts relative to the commercial development of Greenville. He said the Merchants' Association had been of invaluable assistance in making development possible in the various branches of industry.

Mr. Waldrop spoke on the growth of banking in Greenville. He touched upon several matters affecting the business interests of the city and saw a period of growth and expansion ahead of the community.

Mayor J. C. Lanier presented facts in connection with taxation and bonded indebtedness of the city, showing that the financial growth had been healthy and steady during the last few years.

Mr. Cobb, who is supervisor of sales of the Greenville tobacco market, told in an interesting way of the growth of the industry over a period of several years. He said the season just closed had been one of the most successful in the thirty-five years' history of the market.

C. B. Rowlett, secretary of the Merchants' Association, reviewed briefly the activities of the association in 1928. He presented many facts showing that the growth during the time had been greater than any other period in the history of the organization.

## PRINCIPALS IN MARITAL TANGLE

Hearing on the divorce action of Jim Tully (left), novelist, charging his wife with misconduct with Marshal Neilan, film director, has been set for early in March.

## Many Bills Find Way Into Both Houses Of The Legislature Today

Raleigh, Feb. 15.—(AP)—A personal appeal by Governor Gardner for the enactment of a workman's compensation law featured today's session of the General Assembly.

After the joint session at which the chief executive delivered his message both Houses took up calendar business.

The Senate entered into a general discussion of Senator Walter Clark's bill proposing that the fourteenth judicial district have two superior court judges and finally approved it to be submitted to the voters at the next election the question of increasing the Supreme Court personnel by the addition of two justices. That bill passed 39 to 2.

Local bills continued to loom large in the operations of the House. However, the barber licensing bill was reached, provoking considerable debate. Rep. Hancock, Democrat of

## Governor Appeals For Workman Compensation In Legislature Today

Raleigh, N. C., Feb. 15.—(AP)—Making his second personal appearance before the General Assembly, Governor O. Max Gardner told the legislators that a proper workman's compensation law would be beneficial to all classes concerned, employers, employees, insurance companies, and the general public.

The governor spoke for about 10 minutes in the hall of the House for the joint session. There was no demonstration in connection with his appearance, as there was the first time he delivered a message in person, advocating a secret ballot law.

"I avail myself of this opportunity to present to you some of the reasons which have impelled me to favor the passage of a workman's compensation law. The considerations, both practical and humanitarian, favoring the enactment of fair and just legislation for the protection of employers and workers are to my mind so compelling that I venture to believe that the greatest difference of opinion which can arise will be over detail and not over principle.

"In the first place, such a law would benefit the employer of labor. He could reasonable measure, and if he wished, insure his liability growing out of industrial accidents. As it is, he cannot measure that liability, because one jury will assess an injury at one sum, and another jury may assess an injury of a similar character at a far different sum. Again, one court and jury would find the employer liable; and on similar evidence another court and jury would exculpate him from liability. In case of liability, one jury would be exceedingly liberal; another parsimonious. Furthermore, inevitable a spirit of antagonism would be engendered if controversies of this sort must be settled in court. Not only must the injury be compensated for; if there is liability, but considerable expense must be incurred on account of litigation. Lawyers' fee, court costs, loss of time by both parties, add greatly to the expense of court determination of industrial accident controversies.

"Then, too, if the plaintiff prevails and recovers, the recovery is paid to him in a lump sum, often it is improvidently used; and the

## LEGISLATURE TO CONSIDER TAXES SOON

### Finance Committee Expects to Reach Big Issues Probably First Of Next Week.

Raleigh, N. C., Feb. 15.—(AP)—with public hearings on the budget revenue bill near an end, the finance committee of the Senate and House today expected to find time next week to examine the numerous new taxation proposals given birth in the present session of the General Assembly.

The Senate has thus far been a more fertile field than the House for the advancement of proposed new tax levies, having received, in addition to Senator Carter Williams' gross sales tax bill, a number of measures which would levy new or higher taxes on electric power.

Early in the session, Senator Lawrence, Democrat of Murfreesboro, tossed into the hopper a bill proposing to levy a three per cent tax on the monthly bills of gas and electric users, and a ten per cent tax on telephone, telegraph, cable and radio tolls.

This bill would require the gas and electric companies to collect the tax from their customers and remit to the state authorities.

A different form of levy on the power companies was proposed in a bill introduced by Senator Willie M. Person, Democrat of Franklin county, which would increase the franchise tax on such concerns from the present rate of one per cent to five per cent. It was the senator's contention, in sponsoring the measure, that the power companies should absorb this added tax, and not be allowed to pass it on to their customers in the form of higher rates. He pointed to a statement in the recent report of the state tax commission that the franchise tax on this industry is disproportionately low.

The budget revenue bill made no increase in the tax rate on power companies, but the finance committees have not disclosed whether or not they have decided to follow the budget commission's recommendation in this respect.

In the House, a measure providing for a graduated tax on electric energy was offered early in the session by Representative Winston, Democrat of Bertie county. It would exact one mill per kilowatt hour for ordinary use in urban districts, three-fourths mill for commercial uses, and one-half mill for ordinary uses in rural districts.

Objection has been raised to the proposed taxes on power in some quarters on the grounds that they would be passed on to the consumer, but advocates of the levies contend that the companies' rates are regulated by the Corporation Commission which therefore is in a position to protect the public.

## APPROVE PLAN TO MERGE ALL U. S. EXPRESS

### I. C. C. Okehs Movement To Consolidate Business In Hands One Company.

Washington, Feb. 15.—(AP)—Full approval of railroad plans to consolidate the entire express business of the country in the hands of a single corporation, the Railway Express Agency, Inc., was given today by the Interstate Commerce Commission. The Southeastern Express Company, operating in southern territory is not included in the consolidation.

Under contracts which the commission approved, the Railway Express Agency will issue 1,000 shares of capital stock and \$2,000,000 of five percent bonds and will acquire all of the property of the American Railway Express Company. Profits from express service will be divided among railroads in proportion to the business which they contribute and the nominal issue of capital will be divided among the 86 lines which are members of the association of railway executives.

The new arrangement takes effect on March 1, all property acquisitions having been made tentatively by the railroad representatives prior to submitting the issue to the commission.

Practically all of the express business has been handled by the American Railway Express Company since 1920, but the contracts covering it expire March 1. The new arrangement will take effect in time to supersede the old one.

## LINDBERGH IS OFF ON FLIGHT TO CAPITAL

### Flying Ace Hopped Off From Miami Airport This Morning At 7:37 O'clock.

Sapelo Island, Ga., Feb. 15.—(AP)—Colonel Charles A. Lindbergh landed here from Miami at 11:25 a. m. today to be the guest of Mr. and Mrs. Howard E. Coffin.

It was announced that he would take off for Washington about 5 p. m. It was said, however, that this had not been definitely decided upon.

He will confer while here with Clement M. Keyes, president of the National Air Transport Corporation and of the Pennsylvania Railroad, and Mr. Coffin, who is chairman of the National Air Transport.

Miami, Fla., Feb. 15.—(AP)—Col. Charles A. Lindbergh hopped off for Washington, D. C., at 7:37 o'clock this morning.

Officials of Pan-American Airways Inc., of which Lindbergh is technical adviser, said the colonel's itinerary was somewhat indefinite but that he probably would reach his destination before tonight.

A stop is tentatively scheduled for Brunswick, Ga., it was said, but Colonel Lindbergh is expected to leave there today in time to reach Washington late this afternoon.

Colonel Lindbergh is flying the speedy biplane which brought him to Miami for the purpose of inaugurating Pan-American's Canal Zone air mail service.

Lindbergh's departure was not announced until after his plane had taken to the air, and was well on its way. He had issued no statement as to the time of his departure but it had been understood that he would leave either today or tomorrow for Washington.

He stayed last night at the estate of Joseph H. Adams, next to the Hoover pre-inaugural home of Belle Isle, where he was the guest of Mr. and Mrs. Charles S. Beeching.

If the flying colonel stops at Brunswick it would be for a visit to Mr. and Mrs. Howard E. Coffin, to whose Sapelo Island estate nearby he had been invited for a vacation with gun and reel in Mr. Coffin's well-stocked game preserves.

Plans had been made there to entertain him with a brief pheasant shoot and possibly at luncheon in the event he is unable to stay overnight.

Arrangements had been made for him to land at the island after passing over Brunswick, where Paul Redfern started his ill-fated flight to Brazil two years ago.

## STILL STUDY GERMANY AT PARIS CONFAB

### Reparations Experts Listen To Economic Problems Of Germany Today.

Paris, Feb. 15.—(AP)—The experts committee on reparations is still engaged in a study of the German position in the vexing after-war economic problem.

Dr. Karl Melchior of Hamburg, and Dr. Hjalmar Schacht, Reichsbank president, spokesman for the Germans, need one or two more sessions of the committee to committee to complete presentation of their case.

The committee met in plenary session but once yesterday, members devoting the afternoon to checking figures and facts presented by Dr. Schacht and Dr. Melchior.

Particular attention was paid to an alleged unfavorable trade balance of a billion marks in Germany whereas a large favorable balance might be regarded as essential to meeting the Dawes plan payments and interests on private loans.

During this morning's session the experts began looking into the use made in Germany of the foreign cities accorded either the Reich government or the municipalities as well as the rates of interest as compared with other countries.

Dr. Schacht was again the principal speaker for Germany. The discussion was along generalities and will probably continue so until some time next week when some of the more vital points at issue come up.

## Think Policemen Killed Gangsters At Chicago, Ill.

Chicago, Feb. 15.—(AP)—Mal. Fred D. Sillaway, assistant prohibition administrator today advanced the theory that police officers themselves killed the seven gangsters shot to death in a North side cage stronghold yesterday, and declared that he believed the names of the actual slayers would be known before night.

## American Company Gets Control Of British Utilities

New York, Feb. 15.—(AP)—Control of seven of the principal British power companies with assets of \$150,000,000 has been secured by the Utilities Power and Light Corporation, an American company.

Barley L. Clarke, president of the Utilities Power and Light completed negotiations by trans-Atlantic telephone and then announced that his company had taken over the entire common stock of the seven London and Counties Trust Ltd., which controls the entire capital stock of the seven power companies and their subsidiaries.

Mr. Clarke said this is the first time an American company has taken over British public utilities serving localities in the British Isles and was "probably the most significant tie-up of American and British capital since the war."

The Earl of Birkenhead, formerly lord high chancellor of Great Britain and secretary for India, with whom Mr. Clarke talked on the trans-Atlantic telephone has been named chairman of the board of the Greater London and Counties Trust.

## General Pershing And Gilbert On Road To Recovery

Paris, Feb. 15.—(AP)—Two prominent Americans were definitely on the road to recovery after influenza attacks today.

General John J. Pershing was able to get around his room in a dressing gown. So far, however, he is receiving no visitors.

S. Parker Gilbert, agent general for reparations, is keeping indoors merely as a precautionary measure and has seen some friends. He plans to leave for Berlin Monday or Tuesday.

## Goddard Had \$50,000

London—Some \$50,000 has been found by the authorities in safe deposit boxes leased by Police Sergeant George Goddard, who is in prison for accepting bribes from night clubs.

## HOOVER BEGINS INSPECTION OF FLOOD AREA

### President-Elect Off On Two Days' Trip Over Lake Okechee-Territory.

Miami Beach, Fla., Feb. 15.—(AP)—President-elect Hoover left his vacation home on Belle Isle at 8:30 a. m. today on a two days' automobile trip through the Lake Okechee district of Florida.

He is making the journey at the invitation of Governor Doyle E. Carlton so that he may have a close up view of the conditions which, in the view of Florida officials call for federal aid, both for flood control and the improvement of navigation.

With him were the governor, who arrived at Miami early this morning, and who was a breakfast guest of Mr. Hoover; members of the Florida drainage board, and Representative Frank R. Reid, of Illinois, chairman of the flood control committee of the House of Representatives.

Twenty automobiles made up the cavalcade that left Belle Isle with the state motorcycle police as outsiders to clear the way for the party as it passed northward to Lake Worth and then northward to Canal Point, the first stopping place on the lake.

Nearly a score of newspaper and cameramen who accompanied Mr. Hoover to Miami Beach were in the party and in each car there were citizens of the Okechee district to explain what had happened in the hurricane and floods of 1926 and 1928 and what it is the state proposes to do to alleviate conditions with the aid of the federal government.

## EUROPE STILL IN GRASP OF BITTER COLD

### No Amelioration Of Winter Weather Which Has Gripped Continent Recently.

London, Feb. 15.—(AP)—Europe continued today in the grip of an unprecedented cold wave.

There was a slight increase in temperatures in some quarters, but generally there was no amelioration of the bitter cold which has blanketed most of the continent with snow and ice and wrought untold suffering.

Speedy action at the coal mines in Czechoslovakia promised some relief to centers where fuel shortages had reached a serious stage but against this one favorable report there were many others of disrupted train service, isolated towns, and human misery.

One particularly pathetic story came from Poland, where a young peasant bride going from her native village to a church in Piotrkow for her wedding was found frozen to death in her sleigh.

The Riviera suffered from the worst snow in 140 years. The weight of the three-inch fall caused the roof of a garage to collapse, burying a score of persons and injuring three of them.

England bore the brunt of temperatures from eight below zero Fahrenheit, to a few degrees above. The weather was described as the worst since 1895. Britons, unaccustomed to such, have suffered greatly. An eight-inch snow fell at Dover, and the fall along the whole channel was the heaviest in years.

In Czechoslovakia 143 trains were cancelled to permit trains carrying coal to leave the mine districts for Austria and Hungary. Trains from Rome to Paris were late and 20 minutes late. The Warsaw-Bucharest express arrived 51 hours late, while the Simion-Orient express, due in Bucharest from Paris yesterday, was held fast by snow in Yugoslavia.

## Arrest Negro In Connection With Mars Hill Blast

Mars Hill, Feb. 15.—(AP)—A negro whose name authorities did not learn was placed under arrest here this morning as a suspect in the bombing of the store of H. Combe & Hester, leading Mars Hill mercantile establishment, at an early hour this morning.

The negro was seen near the store about the time of the explosion and since that time had made remarks that led to his arrest, according to Mayor Thomas J. Murray. There was comparatively little evidence to connect the negro with the crime, however, authorities admitted.

Meanwhile, Solicitor Robert M. Wells was on his way here from Asheville to conduct an investigation into the affair, and Sheriff R. R. Ramsey was back again, seeking clues which might lead to further arrests.

The explosion which wrecked the store was preceded by several pistol shots and the sound of breaking glass, according to two women, Mrs. Tipton and Mrs. Childs, who live about 100 yards from the store.

## Bank Resources Reach Enormous Figures In U. S.

Washington, Feb. 15.—(AP)—The combined resources of the 7,635 national banks of the nation have reached the figure of \$30,589,156,000.

Comptroller of the Currency Cols. reporting today on the returns from the call for reports on the condition of the banks issued on December 31, said the resources exceeded by \$1,663,678,000 those held on October 31, 1928, the date of the previous call. They were \$2,324,937,000 greater than the amount reported December 31, 1927.

## Mystery Surrounds Sinking Of Yacht

Key West, Fla., Feb. 15.—(AP)—Mystery today surrounded the identity of a party of nine persons which late last night was taken off the yacht Diana shortly before she sank on a shoal off the coast. Coast guardsmen brought the party to a hotel here where they were registered simply as "Mr. and Mrs. Lindbergh and party." Reports that the Lindberghs were relatives of Colonel Charles Lindbergh, could not be confirmed.

Members of the party refused to give their names, although one young woman said the party was from Hartford, Conn.

The Diana stopped here from Miami at midday yesterday and had resumed its voyage to Havana when it went on the shoals.

Coast guardsmen were attempting to raise the vessel.

Friday, February 15, 1929

# LOCALS TAKE GAME FROM ROCKY MOUNT

Greenville's traveling horsemen brought home a victory from Rocky Mount last night in the closest game they have yet played with conference foes. Rocky Mount's team has been distinctly on the up-grade and, keyed up to concert pitch with their recent victory over Roanoke Rapids, they were ready to give Greenville the warmest sort of reception.

The visitors got the jump on Rocky Mount in the first quarter when Bostic eluded the close Rocky Mount guarding for three baskets, ably abetted by his team mates. Each Rocky Mount forward tallied once in the first half and Respass, who has been the special object of the attention of the Rocky Mount guards for the last two games, managed to add a foul, making the score at half time, 7 to 4, for Greenville.

Rocky Mount came back the second half to total 9 points, 5 of which came as a result of Greenville fouls. Greenville scored only 8 for the half and on four field goals, Burnette dropping the ball through the ring twice, Respass and Boston once each. Close guarding is what the Rocky Mount team is noted for, but Greenville scored seven baskets to the home crew's four. This shows that Captain Hicks and Bob Eason, themselves, have not been slothful in the matter of guarding.

This game puts the locals in undisputed possession of the top rung of the conference ladder. Rocky Mount, themselves, being responsible for our position by defeating Roanoke Rapids who had previously lost to Farmville only. The close score last night will doubtless be a most healthful tonic for the Greenville team who have lately been feeling that a game in which they did not double the opponents' score signified a wasted evening. Next Tuesday, Wilson comes in for a game which should be full of thrills and which the local boys have rated as even more difficult than last night's encounter in Rocky Mount.

Greenville (15)	Rocky Mt. (13)
Bostic (7)	Herring (5)
Respass (3)	Odum (2)
Burnette (4)	Dozier (1)
Hick (1)	Russ (4)
Eason (1)	Randolph (1)
	Guards

## CLEMSON UPSETS GEORGIA UNIVERSITY

Atlanta, Ga., Feb. 15.—(AP)—Clemson attracted a portion of the Southern Conference limelight last night by upsetting the University of Georgia, one of the best colleges or so favorites for the 1929 basketball title in the only game played. The score was 30 to 23.

Georgia, with 11 victories, has won more games during the season than any other conference team, although its four defeats have forced a fifth place position at the early season standings. Clemson has won five games against three defeats.

Tonight the Clemson quietest goes against South Carolina, while in the extreme southern end of conference territory Florida meets Alabama and Louisiana State engages Tulane at New Orleans.

## "Babe" Ruth 35

George Herman, of home run fame, at St. Petersburg eats a piece of his birthday cake. He was 35 Feb. 7.

## Trims Second Off Swimming Record

St. Augustine, Fla., Feb. 15.—(AP) Returning to the scene of her first aquatic triumph, Miss Martha Norelius has won new laurels here by trimming more than three seconds off her own world's record for the 500-yard swim.

Flashing brilliantly through the water last night Miss Norelius negotiated the distance in six minutes and 29 seconds. The record was sanctioned by the American Athletic Union. Her old record for the distance was six minutes 32 2-5 seconds.

In the same pool in which four years ago, as a girl of 16, Miss Norelius set up her first record in swimming, the National and Olympic star stroked evenly through the water last night covering the first ten laps, or half the distance in three minutes and 17 seconds. Then showing the greatest class of the grind, she put on a spurt during the last two laps and finished in the fastest time ever.

## CUBS TO HAVE VERY NATTY UNIFORMS

Chicago, Feb. 15.—(AP)—The Chicago Cubs have ordered some natty new uniforms for the 1929 season.

A scarlet leather-lined coat with navy blue and leather sleeves will replace old jackets and on the cap will be an eight inch chenille bear. Home suits will be sold white with a "C" and cub bear on the left breast. Road uniforms will be dark gray with a two-toned "Chicago" across the breast, red on blue. On the left sleeve will be a silk chenille bear.

## "TOUGH ONE" TO MEET LEO LOMSKI TONIGHT

Detroit, Feb. 15.—(AP)—Gerald Ambrose Griffith, the tough one from Sioux City, Iowa, meets the test of his career tonight when he engages Leo Lomski, recognized as the leading challenger for the world's lightweight championship in a ten round contest.

The bout will be to a referee's decision at the light heavyweight, 175 pounds. Indications today were that the battle would be witnessed by a crowd of 12,000 to 15,000 with receipts at \$40,000 to \$50,000.

The winner will be admittedly the leading challenger to the light heavyweight championship held by Tommy Loughran.

## Dempsey Prepared To Use Big Stick In Referee Case

Miami Beach, Fla., Feb. 15.—(AP) Promoter Jack Dempsey today was prepared to use the big stick, if necessary, to maintain peace and quiet between "Pa" Stripling and Johnny Buckley, managers of the principals in his February 27 battle at Flamingo Park, when they met to spar over the selection of a referee.

He expected to take no part in the actual selection, he said, as long as the managers showed any disposition to agree, but he warned Stripling and Buckley that any unnecessary loud talking would automatically and immediately end negotiations. In that event, Promoter Jack himself will name the third man in the ring tomorrow.

Dempsey visited the box office yesterday long enough to learn that receipts for the day amounted to \$25,000.

While Jack Sharkey, Boston's pride of the navy, hammered the heavy bags around and went through three rounds with sparring partners, Young Stripling, Macon, Georgia's nomination for the heavyweight championship, left with his brother, "Baby" for Melbourne, Fla., where he will second the youngster in a fight tonight. The Georgia battler will return here late tomorrow in time for a strenuous workout Sunday.

Both boxers were guarding carefully against overtraining, varying their hard sessions in the training ring with light exercise on the golf courses and the bathing beaches.

## Fights Last Night

(By the Associated Press) Waterbury, Conn.—Kid Kaplan, Meriden, Conn., outpointed Phil McGraw, Detroit, (10). Davenport, Iowa—Jack Dillon, of Louisville, outpointed Kay White of New Orleans, (10).

## Welterweights To Fight Tonight

New York, Feb. 15.—(AP)—Now a welterweight, Jack Fields, clever Los Angeles product, renews his feud he began as featherweight with his fellow townsman, Baby Joe Gans in a ten round bout in Madison Square Garden tonight.

Fields outpointed the negro star in a close match on the Pacific coast several years ago when both were fighting in the 120 pound class. They renew their struggle tonight with Fields a full feathered 147 pounder and Gans a junior welterweight.

Perhaps because of his sensational record of the last few months, Fields has been established as an 8 to 5 favorite. Since he lost a decision to Sammy Mandell, lightweight king, early in 1928, Fields has trounced Young Jack Thompson, the coast negro who spilled champion Joe Dundee for the count in Chicago, knocked out Sammy Baker, New York welterweight contender; I. O. D. Mike Ryan, San Diego Indian and outpointed Jack McCarthy.

Gans, in the meantime, has waded through the lightweights and junior welterweights in the east although his opposition has been drawn from no field as hardy as Fields'. The negro's chief handicap appears to be his weight. He is just a little too big for a lightweight and too small for a welterweight. Consequently he is drawn too fine when he fights as a lightweight and he must concede too much weight to welterweights. Fields probably will have a four or five pound edge tonight.

## GIANTS IN TEXAS READY TO TRAIN

San Antonio, Texas, Feb. 15.—(AP)—Thirty members of the New York Giants headed by assistant manager and coach, Ray Schalk, were here today, ready to begin spring training.

## Walker To Defend Title On July 4th

Los Angeles, Calif., Feb. 15.—(AP) Mickel Walker, world's middleweight champion, will defend his title at Las Vegas, Nevada, on July 4 against Ace Hudkins, Nebraska "Wildcat."

Announcement that Jack Kearns has signed for the champion was made here yesterday by Tom Kennedy, once a heavyweight fighter and now trying out the role of promoter. Kennedy said he already had an agreement with Hudkins to fight for him on July 4th and that he expected to have the Nebraska's name on a contract within a few days.

The purse at stake in the battle will be the biggest ever put up for a middleweight titular struggle, according to Kennedy's announcement.

Walker will defend his title at 160 pounds under the agreement with the promoter. The champion, who is now in San Francisco preparing for a bout with Jack Willis of Texas, "will not be able to put his title at stake before July 4th."

# Your Last Chance to Save Forty Per Cent

Our dollar day offer Tuesday was a great success and many old and new subscribers took advantage of the opportunity to save forty per cent on their subscriptions to the Reflector.

There were, however, many who found it impossible to get here Tuesday and as a result of requests we are continuing a part of our special offer through Saturday night.

Here are our special offers good until Saturday night, February 16.

## An Extra Year For \$1.00

Pay one year's subscription at the regular price of \$5.00 and receive an additional year for \$1.00.

## Two 1 Year Subscriptions For \$3.00 Each

If you do not wish to take advantage of our Two Years' Offer, get your neighbor to join you, pay \$3 each and get the paper a year each. (These subscriptions must be in pairs as no single subscriptions will be taken at this price).

These offers apply to renewals as well as new subscriptions. If your subscription is already paid ahead you can extend your time through either of these special offers.

This is positively the last opportunity you will have to buy the Reflector at this generous discount. Mail, send or bring your subscription in at once. (No commissions paid to solicitors for subscriptions accepted at this special reduced price).

# Social & Personal

**Mrs. Leslie Smith and Mrs. L. T. Pearce of Farmville** were here yesterday.

**Tom Smoot** left yesterday for Danville, Va.

**Mrs. G. T. Sykes** of Youngsville, is visiting her daughter, Mrs. D. L. Mangum, in College View.

**Mrs. Clay Entertainers.**

Mrs. W. C. Clay was hostess at an attractive bridge party last evening. The Valentine idea was carried out in the decorations and table appointments.

Bridge was played at five tables. High score prize was won by Miss Gladys Moore, and low score prize went to Miss Helen Gray Jones.

The hostess, assisted by her daughter, Miss Margaret Clay, served a tempting salad course.

The guests were Misses Carolyn Fullilove, Sarah Scott, Shell McArthur, Jane Lyster, Helen Gray Jones, Closs Pickren, Lillian Purvis, Dorothy Swinson, Gladys Moore, Maybelle Mitchell, Rachel Scarborough, Clem Bridges, Grace Hunter, Lota Vesey, Louise Galphin, Margaret Ann Lowe and Ada Hill. Mrs. C. A. Bowen and Mrs. T. H. Boykin.

**Dr. Goddard To Speak Tonight.**

Dr. O. E. Goddard, foreign secretary to the board of missions, will speak in the Methodist church tonight at 7:30. The public is invited.

**Miss Marian Wilson Entertainers.**

Miss Marian Wilson was hostess at a delightful matinee party Wednesday afternoon, when she celebrated her eleventh birthday.

Fifteen of her girl friends enjoyed the picture at White's theatre. Following the picture the guests were taken to the drug store where refreshments were served.

**Mrs. Carper in Hospital.**

Friends of Mrs. J. L. Carper will be glad to learn that she is getting along nicely following an operation which she underwent this morning in the local hospital.

Fisk Tires and Tubes at cost. Dixon Tire & Battery Co.

**AMERICAN LEGION TO MEET TUESDAY EVENING**

Regular meeting Pitt county post of the American Legion will be held in the Rotary building at 7 p. m. Tuesday, Feb. 19, 1929. Supper will be served, and all members are urged to be present.

**Attand Funeral of Mrs. Land.**

Mr. and Mrs. Jacob Wilson are in Raleigh where they were called on account of the death of Mrs. A. Land, mother of Mrs. Wilson.

Funeral services for Mrs. Land were held in Durham this morning at 10:30.

**Junior Order Begins Membership Campaign Here**

The local Junior Order United American Mechanics today announced the opening of a special membership drive in Pitt county. It is the object of the officers to double the membership within the next few weeks.

The organization also announced its intention to place a Bible and American flag in every school in Pitt county. This movement is nationwide and has met with marked success in many communities.

The lodge here is about three years old. It has eighty members at the present time, but hopes to double this number during the drive now in progress.

Immediately after the campaign is concluded a banquet will be given by the losing team engaged in soliciting new members.

## Mayor's Court

Friday, Feb. 15th.

Dave Turnage, colored, assault on his wife, \$10.00 and cost.

Tom Adams, colored, assault on his wife, \$5.00 and cost.

Willard Battery Service. Phone 364. Dixon Tire & Battery Co.

D. W. E. Davis, eye specialist, will be here again Monday, Feb. 18th, with Walters Jewelry Co. Twenty-five years of "knowing how" helps in correcting eye troubles. Better see him now. Fri-Sat.

If you have property to sell, consult with us. It will pay you well. H. A. White & Sons, Realtors and General Insurance, 403 Evans St., phone 49, Est. 1895.

Willard Battery Service. Phone 364. Dixon Tire & Battery Co.

**Announcement.**

J. N. Hart has opened business on Evans St., below Five Points and will handle full line seed for field, garden, and lawn. Also all kinds dairy feed, stock feed, poultry feed, heavy and fancy groceries. Prices low and for cash only. We welcome all old friends and hope to enjoy the patronage of many new ones. Will appreciate a visit.

## Thomas To Sing At The College In City Tonight

This is the evening for the concert by the great baritone, John Charles Thomas, at East Carolina Teachers College, in the Campus building at 8:30 o'clock. Tickets will be sold at the door. A block of desirable seats will be reserved for the holders of season tickets and their guests and friends.

Mr. Thomas has arrived in Greenville and is resting at the Proctor hotel. On his way down, he stopped at his old home in Baltimore. He has sung three times in New York, Boston and Chicago. On this tour he has been as far west as Denver, Colorado, Cleveland and Dayton, Ohio.

The coming of this great artist to Greenville puts the town in line with the big cities and art centers of the country, and the college on the list of colleges and universities that have become art centers. Newspapers that have come in from a distance from various parts of the country, not the routine press notices, but fresh copies of papers through the mail, have had glowing accounts of his concerts on this tour. Rochester, New York, papers, from one of the great music centers of the country, heralded his coming to that city with enthusiastic advance notices, reviewing his previous appearances there, and referring to his coming as "one of the outstanding musical treats of the season." The criticism of the program and the singing of the artist the day after the concert proved that he went even beyond anticipation.

The Los Angeles Express says "received the greatest ovation of any male singer ever heard in that city."

The trend of the reports is summed up in this: "Critics wrote glowingly of his art—crowds thronged the country flocked to hear him and pay homage to a voice and personality which could sing the most difficult arias ever written and project into them a certain quality which made them live with new appeal." He is one of the few singers who can satisfy the critics and yet can sing songs so that they appeal to people of average musical background.

While he has had no sensational story of hard luck with its starvation period, like the Cinderella tales of prima donnas, his career is almost like a fairy tale, because of his spectacular successes in every field of music he has entered and they are the four fields that are considered as separate, and few singers succeed in all four. His success as a choir singer, as a singer in light opera, and as a grand opera singer, all seem to have been blended and to have reached their climax in his concert singing.

This evening will be one of the greatest musical events in the history of the college and Greenville.

## Death From Flu On An Increase In Great Britain

London, Feb. 15.—(AP)—Deaths from influenza in 107 large English towns numbered 967 last week, against 652 and 321 for the two previous weeks.

London alone showed 331 dead against 198 the preceding week. The figures brought the total of influenza dead since January 1 to 2,340; there were 714 in the same period in 1928. Deaths from bronchitis and bronchial pneumonia were double those of last year, there being 1,981 since February 1, as compared with 973 for the same period in 1928.

Eva Hackey, 19, of Jonesville, La., is Louisiana State Normal's 100 per cent physically perfect freshman.

pared with 973 for the same period in 1928.

In view of the increasing in the epidemic particular interest was attached to advices from Berlin of a cure for the disease. Dispatches said that Professor Louis Lewin, toxicologist, and Paul Schuster, neurologist, of the University of Berlin had discovered a symptomatic remedy.

## Chrysler Valet Loses His Booze

Honolulu, Feb. 15.—(AP)—Reid, who came to Hawaii as valet to Walter P. Chrysler, American automobile magnate, was out 81 bottles of assorted liquors and \$405 in cash today because the eighty-second bottle broke.

Mr. and Mrs. Chrysler and their daughter, Bernice, and son, Walter P., Jr., arrived here on the steamer Malolo from San Francisco last Wednesday for a short vacation en route to the Fort East.

When the Chrysler luggage was being removed from the boat there were certain bags that Reid refused porters to handle. He took them off himself! An odor of liquor attracted the attention of suspicious customs officers. The bags were found to contain whiskey, gin, rum and champagne. The odor came from a broken whiskey bottle.

A fine of \$5 a bottle was levied on the valet. Reid appeared at the customs office yesterday and paid \$405 at that rate. He did not say to whom the liquor belonged or whether he personally met the expense of his accident.

Mr. Chrysler made no comment for publication.

Entered at the Post Office at Greenville, N. C., as second class mail matter.

Subscription Rates

One Year \$5.00, Six months \$3.00, Three months \$1.50, One month .50, One week (by carrier) .25

Boosting stock prices doesn't raise dividends.

NEWSPAPER ADS

The value of newspaper advertising is emphasized again by the announcement that the Westinghouse Electric and Manufacturing Company will use three times as much newspaper space as formerly in its regular advertising program.

According to the advertising manager of the company this decision follows the proved value of such advertising to the organization's sales department during a special trial period.

The plans call for the insertion of more than 20,000 newspaper advertisements in 500 cities of the United States.

CRUISERS

Congress has voted to build 15 cruisers and one air-plane carrier. Congress has also voted to build Boulder Dam.

The plan is, on the face of it, that those cruisers shall be started—the keels laid—at the rate of five a year for the next three years.

struction may be scrapped. Thus it looks as if the bitterly fought cruiser question is still unsettled.

ABOUT TOWN

"We needed that special term of court mightily bad," declared a member of the bar today, speaking of the failure of Governor Gardner to grant a special session of Superior Court for Pitt County.

"The docket has been hopelessly congested here for several months. Over seven hundred actions are pending hearing at this time and the number will continue to increase each month.

"Something must be done to remedy the situation. Whether a special session is deemed advisable at this time or not it will come eventually, why delay?"

"If you want to take advantage of the Reflector's special subscription offer, you had better get busy and do so at once," advised the manager of the department of circulation today.

"This is one of the best propositions the paper has offered its subscribers in years. It is a reduction which no reader can turn down and feel right about it. The price of one subscription and two years. This represents a saving of four dollars.

"Do dollars mean anything to you? Here's your chance to make an outright saving. Act before the week is over and put yourself in position to avoid subscription worries for two years."

"That annual meeting of the Merchants' Association last night was one of the best in history," declared a member of the organization today, speaking of the splendid program which the merchants enjoyed.

"The speeches were away above the average and indicated the deep thought which mercantile leaders are giving to the business in this state.

"The growth of the Greenville Merchants' Association has been a matter of pride to its membership for years, but this year takes first place among all others. The record of achievement this year has been such that every member is proud of it. It inspires confidence in the future of the organization and the great community it has set out to serve."

"Look at the new buildings under construction in and around Greenville and convince yourself that the community is in the midst of a great period of progress and development," invited a reader of this paper today.

"Greenville's growth has been healthy over a period of several years. But it is possible development," right at this time is more pronounced than any other time. It is accentuated by the coming of new enterprises and industries, which eventually will play an important part in the life of the section.

"Look about you, my boy, and note the rapid strides which the city is taking towards the boast of the 'greatest shopping center in Eastern Carolina!'"

"If you are among the farmers invited to the meeting of the Pitt County Department of Agriculture at the Rotary Club Saturday night, be sure to attend," mentioned a member of the department today.

"Several important matters will be discussed at this meeting, principally among them being the movement now under foot to reduce taxes. This is one of the most important questions before the people of North Carolina at the present time. Speakers well acquainted with the situation will tell what they know of conditions at this meeting.

"This will be one of the outstanding meetings of the department in many months, so be on hand."

"Greenville ought to inaugurate a 'go to church' movement for every Sunday of the year," mentioned a citizen today, commenting on the number of men who do not go either to Sunday school or church.

### DISABLED SHIP ADrift IN FOG

Freighter Alloway Menaces Navigation After Getting Away From Rescue Ship.

Seattle, Feb. 15.—(AP)—Warning that the disabled freighter Alloway was adrift and menacing navigation at Unimak Pass, Aleutian Islands, was broadcast by the naval radio station here today after unsuccessful efforts had been made by the coast guard cutter Chelan to tow her to safety.

The hopes of James L. Posey, of Seattle, oiler and storekeeper of the Alloway, of receiving in salvage because he stayed with his ship after the other 33 members of the crew had been rescued, received a setback as the Chelan reported that the derelict had been lost in the fog and darkness.

Posey was called "the mad pilot of the Alloway" because he refused to leave the ship last Tuesday as a fierce storm drove her toward the rocks of Aiktak Island. After surviving, single-handed for two days, the captain and crew of the freighter Posey was taken aboard the Chelan last night. The Chelan's physician pronounced him physically and mentally sound.

Speculation as to how much Posey might make if the Alloway were salvaged was heard from several quarters when the Chelan reported sending a few men aboard the boat preparatory to towing her to safety.

Not far distant another abandoned ship, the Japanese freighter Moito Maru, which had attempted to aid the Alloway, was drifting back and forth with the tide. The 23 members of her crew were enroute

### PREPARE FOR LINDBERGH-MORROW WEDDING

Engagement of Col. Charles A. Lindbergh and Anne Morrow, daughter of Ambassador Dwight V. Morrow (below) has been announced in Mexico City. Mrs. Lindbergh (upper right) is returning to the United States from Turkey.

to Japan aboard the rescue vessel, the Nankoh Maru.

The Alloway, a freighter carrying a cargo of 1,000,000 feet of lumber and 600 tons of wheat, was bound for Japan to be scrapped when the storm overtook her last week. Attempts of the steamers Bronnøy and Montauk to tow her were unsuccessful. Tuesday night all of the crew except Posey took to life boat and were picked up by the Montauk. Posey refused to leave the ship and rested his mates when they tried to take him.

The Montauk, believing the Alloway would be dashed to pieces and that Posey, crazed by the storm, would go with it, steamed away to Dutch Harbor, Alaska.

Posey located the emergency radio set of the Alloway and without experience in operating it, managed to keep the air full of meaningless dots and dashes for two days. Meanwhile the Chelan went to his rescue.

The amount of salvage to which Posey may be entitled, if any, is

indefinite. Marine lawyers said his claim would be valid if he could prove that he had helped to save the ship by staying aboard. The Montauk also may be entitled to a share.

### Duke President Receives Degree From Wesleyan

Columbus, Ohio, Feb. 15.—(AP)—William Preston Few, president of Duke University, Durham, North Carolina, received a degree of Doctor of Laws from Ohio Wesleyan University on the occasion of the inauguration of Dr. Edmund Davison as the seventh president of the university here today.

President G. Bromley Oxnam, DePaul University, President Edward Smith Parsons, Marietta College, Marietta, and President Merwin Grant Filler, Dickinson College, Carlisle, Pa. were also recipients of degrees of doctor.

Representatives from 130 colleges and universities were in the line of march for the academic procession at the inaugural exercises.

Taking as the subject of his inaugural address, "Academic Freedom in a Christian College," Dr.

Soper maintained the right of a Christian college to control teaching and contended that such a college should include upon its faculty only men of a definite Christian character whom the institution could entrust with the fullest measure of academic freedom.

Three bishops of the Methodist Episcopal Church, William P. McDowell, Washington, Herbert Welch, Pittsburgh, and Edwin H. Hughes, Chicago, participated in the ceremonies.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET N. Y. STOCK LIST

New York, Feb. 15.—(AP)—The cotton market opened steady at an advance of 3 to 6 points in response to relatively steady Liverpool cables, while there was also covering and some loss or commission house buying on a belief that yesterday's selling had improved the technical position. The advance to 26.04 for May and 19.44 for the new October contract was checked by a renewal of liquidation and the price dropped back to 19.98 for that position, with the general list ruling about 1 to 4 points net higher at the end of the first half hour, on a moderate volume of business. Private cables reported trade and buying of near months by leading spot houses in Liverpool and India, but that yards made from both American and Egyptian cotton here were freely offered.

## GRAIN MARKET

Chicago, Feb. 15.—(AP)—Broadening out of pressure to sell carried wheat values downward today in the late dealings after all deliveries had surpassed the season high price record. At the day's top quotations, the wheat market was in some cases as much as 7 1/2-cents a bushel over prices current last week. One of the reasons ascribed to account for increased selling was that Argentine wheat is undercutting North American wheat in Europe, being 15c below a parity with offerings from Canada.

Wheat closed nervous 5-8 to 3-4 to 1-1/8 net lower; corn varying from 1-4 decline to 1-8 advance, oats 1-2 off to a shade up and provisions unchanged to a setback of 6c.

## STOCK MARKET

New York, Feb. 15.—(AP)—Further tightening of credit conditions, accompanied by the calling of \$60,000,000 in bank loans, turned the course of stock prices reactionary today after an opening bulge based on the retention of the 5 per cent rediscount rate by the New York Federal Reserve Bank, and the decline of \$101,000,000 in brokers' loans. Early advances of 1 to 8 points were cut down, or wiped out, and a long list of issues sank 1 to 11 points below yesterday's final quotations.

For the second time this week, the rate on bankers' acceptances was advanced, presumably in reflection of the sharp drop in the bill and security holdings of the Federal Reserve banks.

Some money also was firmer, some maturities being raised from 7 1/2 to 7 3/4 per cent. Call money remained at 6 1/2 per cent but advanced to 7 in the early afternoon.

The early rise apparently was due to heavy short covering, but leading commission houses continued to urge profit taking on the rallies in the belief that the Federal Reserve Board means business and that further measures to restrict the volume of speculative credit will be taken unless there is a sharp reduction in brokers' borrowings. Heavy calling of loans was interpreted as an indication that banks were co-operating in making the Federal policy effective.

Resumption of dividends on Sinclair Consolidated Oil Corporation common stock, after a lapse of almost five years, was one of the most important business developments of the day. Trade news continued favorable, and the bulk of the earnings reports published made excellent comparison with the previous year's figures.

United Electric Coal, which recently crossed \$1 on pool manipulation, broke 11 points to a new low for the year at 58. Union Tank Car, North American Co., and Marine preferred moved into new high ground in the early outburst of strength.

Connie Gilhead, 21-year-old Londoner, is in training for an attempt to set a new channel swimming record.

**ABOUT THE BIGGEST** slice of fun a man can get in this life is getting his money's worth. This coal supplies you a dollar's worth of dependable heat for every hundred cents you spend with us. W. C. Clark Coal & Wood Yard, phone 131.

**Chance To Make Money**  
Yonkers, N. Y.—John E. Andrus, capitalist and philanthropist—also a humorist, apparently—who started his 89th year of life today, hopes to make enough money this year to take a winter vacation in Florida next year.

Rockefeller, Ford, Edison and Dempsey are in Florida, but Andrus says he can't afford a trip now like they can. "If you've got only a million," he remarked, "you don't amount to shucks. Get out and get some real money."

More prosperity is on the way, he believes. He expects to make 75 per cent more this year than last.

## What Congress Is Doing Today

(By the Associated Press)  
**Friday:** Senate takes up Jones bill to increase maximum penalty for prohibition violations. House considers private calendar and special rules. Judiciary committee of House has up LaGuardia resolution for investigation of charges of Federal Judge Winslow.

**Thursday:** Senate rejected Caraway bill. House passed legislative appropriation bill. House military affairs committee reported out Madden Muscle Shoals bill.

**Babe Scores Again.**  
St. Petersburg, Fla., Feb. 15.—(AP)—Babe Ruth, king of home run hitters, last night donned a baby's long dress, wore a blonde wig, carried a milk bottle and won first prize for the most cleverly burlesqued costume at the annual Beaux Arts ball at the Jungle.

Ruth rode into the ballroom in a little red wagon pulled by a lady dressed in the accepted fashion of the gay 90's and tantalizing her ward with a bright red rattle box.

**Listen To This, Everybody!**  
New York—Mrs. Ray Foster, wife of a film cameraman, explained in court why her car was parked without light: "My husband was going away. I had to kiss him goodbye. We haven't been married long."  
"Where was he going?"  
"To put the car in the garage."  
"Where is the garage?"  
"Three blocks away."  
A fine of \$2 was imposed.

**Makes \$150,000 With Violin**  
Washington—Jascha Heifetz makes \$150,000 a year with his violin. The amount was revealed in appellate proceedings about his income tax. Officially the instruction his father has given him for five years is valued at \$72,000 and his mother's services as business manager at \$62,000. His father gets \$25 to \$30 a lesson and among his pupils is the son of Efram Zimbalist.

**Trotzky Proves** White Elephant Over In Turkey

Constantinople, Feb. 15.—(AP)—Turkey has adopted strict measures to forestall unpleasantness growing out of the presence of its "white elephant" guest, Leon Trotzky.

Increase in Communist sentiment is regarded as a primary danger in the exile of the former Soviet war chief, and the government is not being caught napping.

Passport restrictions, always stringent, have been tightened to prevent followers of Trotzky from Russia gathering about him. In the past the government has been so persistent in stamping out sporadic Communist agitation that no organized group of that faith exists anywhere in the country.

Two arrests at Adirionpe further evinced the official attitude. Both of those arrested were Turks, one a school teacher and the other an electrician.

Meanwhile another day's train left Constantinople for Angora, capital of the country, without Trotzky aboard. The Soviet consulate at which he is residing under the name of Seibroff, was still heavily guarded, although some persons were allowed entrance there.

## SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by C. H. Stocks and wife, Lottie B. Stocks and Dicie Stocks (unmarried) on the 9th day of December, 1925, and recorded in Book K-15, page 484, we will on Saturday, the

2nd day of March, 1929  
12 o'clock noon

at the court house door in Greenville, Pitt County, sell at public auction for cash to the highest bidder the following land to-wit:

**FIRST TRACT:** Adjoining the Harding lands, the lands of Z. V. Murphy, the Kilpatrick lands and others, and described as follows: Beginning at Mill Rock in the ground, corner of lands of Bessie Kilpatrick and John Cannon and running thence S. 35 W. 79 poles to intersection of road, and ditch, thence with ditch to bend in ditch; thence N. 59 2-3 E. 35 1-6 poles with ditch to bend in ditch; thence S. 67-10 E. 16 1-8 poles with ditch to bend in ditch; thence S. 58-35 E. 43 1-5 poles to a stake; thence S. 2 E. 24 1-4 poles to stake in ditch; thence N. 59 E. 12 poles with ditch to bend in ditch, a corner; thence N. 12 E. 28 1-5 poles with ditch to fork in ditch; thence N. 1-2 E. 58 1-4 poles to stake in John Cannon's line; thence N. 85 W. 12 8-11 poles to bend in ditch; thence N. 78 1-2 W. 35 2-3 poles to a pine; thence N. 54 W. 25 5-11 poles to the mill rock in ground, the beginning, containing 40 acres, more or less, and being part of the G. B. Kilpatrick lands allotted to him in the division of the lands of the late Simon B. Kilpatrick, the original Geo. B. Kilpatrick share, contain-

ing 100 acres more or less, and this 40-acre tract being a part thereof.

**SECOND TRACT:** Adjoining the lands of Z. V. Murphy and others and described as follows: It being a part of the G. B. Kilpatrick tract of land and beginning at a stake in the edge of the field and runs thence S. 55 E. 20 3-4 poles to corner in the Kilpatrick road; thence with road N. 67 1-10 E. 23 1-3 poles to bend in the said road; thence N. 89 1-2 E. 12 3-11 poles to the Kilpatrick line; thence N. 22 2-3 E. 44 7-8 poles to canal, opposite iron stake on the north side of canal; thence with said canal N. 72 1-2 W. 21 9-11 poles to stake on south side of canal; thence S. 43 W. 64 poles

to the beginning, containing 12 acres, more or less.

This sale is made by reason of the failure of C. H. Stocks and wife, Lottie B. Stocks and Dicie Stocks (unmarried) to pay off and discharge the indebtedness secured by said deed of trust to the North Carolina Joint Stock Land Bank of Durham.

A deposit of 10 per cent will be required from the purchaser at the sale.

This 22nd day of Jan., 1929.  
The First National Company of Durham, Inc., Trustee, formerly The First National Trust Company, Durham, N. C.
