## SEEK THREE IN GANG MURDER AT CHICAGO, ILL.

### Marked Men Stand Out in Investigation Now Under Way in Illinois.

Chicago, Feb. 25.—(AP)—Marked men—one with a finger gone, another with a front tooth out, a third with burns on his face—danced tantalizingly across the gang-massacred investigation today.

Each in turn appeared in the murder picture as re-constructed from stories of witnesses. The man with a finger missing drove the automobile that carried the killers to and from the murder scene. The man with the front tooth out was in the car with him, was presumably one of the four men who poured machine guns, shotgun and pistol lead into the seven gangsters lined against a wall. And the man who was burned may have suffered that injury in an effort, several days later, to destroy the death car.

None of the three was in custody today. There was a search under way for Rocco Bellacastro, an associate of gangsters who made "The Circus" cafe a hangout. Bellacastro has a finger missing on one hand.

A multiplicity of motives for the murders was the principal stumbling block in the investigation today. Some 50 motives for the murders were advanced by Stansbury, who is in the inquiry for the state's attorney, "but no one stands out as being important enough to be called the probable cause of the murders. If we could eliminate all the theories but the true one, and concentrate on that, we could solve this thing in a hurry."

The apparent car taken by several suspects in arranging air tight alibis struck Stansbury as a sinister circumstance, but it did not help toward a solution.

The fact that Claude Maddox, one of the owners of the Circus, was appearing in court to answer a charge of having guns in his possession at exactly the time the murders were committed seems suspicious to me," Stansbury said. "Al Capone also had his alibi. He appeared before police in Miami the day of the murders and offered to submit to questioning. I am not, however, inclined to believe Capone was involved. The Circus cafe and the home of Pasquo Lofredo (victim of a previous gang killing) are all within a few blocks of each other and appears impressive. Whether they are more than coincidence, I cannot say.

"Most revealing of all, is the lack of sufficient motive for the slaying of such men as Heyer, Weinsbank and Schwimmer. Heyer was little more than a bookkeeper for the Fairview Kennel Club, George Moran's dog track. Weinsbank, I have reason to think, was at the place of the murders only for the purpose of buying alcohol for his own interests, and Schwimmer was merely a friend of the hoodlums."

The police search had taken an entire new track today as a result of evidence pointing to the possibility that a ring of kidnapers operating throughout the country, may have committed the murders. The gang originated in St. Louis, Stansbury said, later operating in Detroit and more recently appearing in Chicago. Twenty murders in various parts of the country are ascribed to members of this gang, the prosecutor said.

The edge resolution to provide for a survey of a canal across Nicaragua was on the senate program today but Senator Reed, of Missouri, had announced that he would call up the committee report recommending that Senator elect Vare of Pennsylvania, be denied his seat. Reed is chairman of the committee which made a three-year inquiry into the election of Vare. It is believed that the senate will defer action on the committee report, probably until Vare has an opportunity to appear in his own defense. He is now in Florida for his health.

Most of the senate committees were idle today and judiciary which had a meeting scheduled, planned only to take up bills on its calendar. The house judiciary committee however, faced the Jones bill which provides for an increase in the maximum penalties for prohibition violations. The senate has already passed this measure.

STORMS CLAIM FOUR LIVES IN TEXAS TODAY

Dallas, Texas, Feb. 25.—(AP)—Four persons were killed and a dozen injured in severe windstorms that struck Northeast Texas communities early today.

A tornado ripped a path 40 yards wide and about a half a mile long across the southeast corner of Cooper, Delta, County, killing Mr. and Mrs. W. N. Jones. Twelve houses were destroyed and a number of others damaged.

Mrs. Squires To Be Buried at White Hill

Funeral services for Mrs. Rena Squires, former resident of this city who died at the State Hospital Sunday at 12:30 o'clock, will be conducted at White Hill tomorrow afternoon by Rev. Everett Peed, pastor of the Free Will Baptist church.

The body arrived in Greenville this morning on the 10 o'clock train and was taken to Williams Funeral parlor. It will remain there until 12 o'clock tomorrow when the funeral cortege will form and leave for White Hill where burial is to be made.

Mrs. Squires was a member of the Free Will Baptist church. She leaves a husband, eight children, two sisters and one brother.

## America Sends Warship To Protect Nationals In Chinese Territory

Chefoo, China, Feb. 25.—(AP)—The U. S. S. Trenton, cruiser, arrived at Chefoo this morning to protect American lives and property in view of the disturbing military situation.

The trip from Manila was in response to requests from LeRoy Weber, American Consul here.

Meanwhile the Japanese also were increasing precautions for the protection of their nationals and property. Another Japanese destroyer and a first class cruiser, the Kiso, arrived here last night while still other war craft were sent to Lungkow, occupied by the revolting nationalist soldiers.

The arrivals brought foreign warships here to seven. Five of which are Japanese, one British and one American.

Reports reached here today that the revolting soldiers under the leadership of Chang Tsung-Chang had razed 50 villages in the neighborhood of Lungkow. Their motive was unexplained.

A large body of the revolters exfiltrated themselves from a Cul de Sac near Kusen, 25 miles west of here, at great cost to themselves. A number were killed and 500 taken prisoner. The remainder retreated northward toward Tengchow, apparently the seat of the revolt.

General Liu Chen-Nien, nationalist commander here, is consolidating his position, and preparing for a fresh advance. While the exact situation in the province is obscure due to disrupted communications it is believed he will be able to hold his own and possibly slowly drive

back the revolters. Meanwhile, advices from Nanking indicated, the nationalist government military headquarters ordered troops stationed at Hanchow and Northern Kiangsi province sent as reinforcements to Chefoo. Gunboats of the northeastern squadron were ordered to blockade Lungkow and cut off possible retreat of Chang Tsung-Chang from that point. A nationalist gunboat arrived at Chefoo from the Mukden district in aid of the defense of that city.

Changsha, capital of Hunan Province, was quiet, with general Ho Chien, one of the conspirators who ousted the provincial government, taking over all authority.

A spokesman for the nationalist government foreign office at Shanghai issued a statement charging Japan with responsibility for development of the uprising in Shantung.

The state said: "Chinese authorities have gathered conclusive evidence that Tokyo assisted Chang Tsung-Chang's departure from fair-ten to Shantung, assisting him to launch his anti-nationalist movement at Shantung."

It was said that the nationalist government felt that Japan "instigated the revolt, desiring to create disorder at Shantung thereby providing an excuse for the continuance of troops at Shantung under an arrangement which has near a termination as a result of the Wang-Yoshiwaza negotiations which are now indefinitely deadlocked over the question of removal of Japanese troops and compensation for the Tsinan incident."

## CONGRESS IS TROUBLED BY MANY DELAYS

### With Session Drawing to Close, Many Measures Press For Final Action.

Washington, Feb. 25.—(AP)—The \$24,000,000 prohibition proposal was rejected by the House at it voted down a motion to send the second deficiency bill back to the appropriations committee for incorporation of the enforcement fund. The vote was 239 to 125.

A moment later the measure was passed with a viva voce vote. It now goes to the Senate.

Washington, Feb. 25.—(AP)—Disagreements and delays that would have caused congress little concern a week or two ago now loom large. Only a few more days left of the seventh congress and two appropriations bills remain to be disposed of, the interior department measure has been passed by both houses but trouble has developed in conference, the other, the general deficiency bill was before the house today.

There is little doubt about its passage there but whether the Senate will concur in the \$2,227,000 item for prohibition enforcement is a question. The senate voted \$24,000,000 for dry law enforcement in the first deficiency bill but this was allowed to die when the house and senate conferees failed to agree. Some senators and known to still favor the higher figure.

Most of the senate committees were idle today and judiciary which had a meeting scheduled, planned only to take up bills on its calendar. The house judiciary committee however, faced the Jones bill which provides for an increase in the maximum penalties for prohibition violations. The senate has already passed this measure.

Washington, Feb. 25.—(AP)—The pageantry of the inaugural parade and ceremonies as seen from the air will be filmed in detail by two airplanes and blimps of the United States Army. It will be the first time that a complete aerial photographic record of the parade and ceremonies has been made.

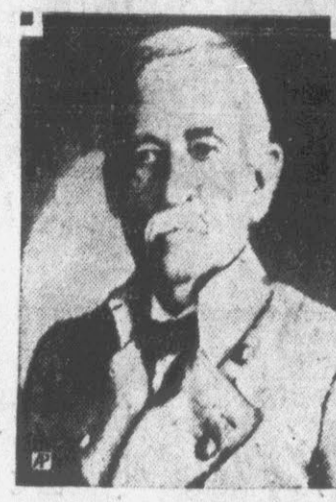

Plans for housing visitors to the city and for the parade personnel have almost been completed. An addition to the bands is expected from Tulsa, Oklahoma, the United States Indian Reservation Band having announced that it would be in the line of march. This band, composed of the representatives of fifteen tribes, is coming as a special compliment to vice-president-elect Charles Curtis.

The changed appearance of Pennsylvania avenue is indicative of the nearness of the inauguration. From the White House to the capitol the famous thoroughfare is lined with tiers of newly constructed seats. Those in front of the White House from which Mr. Hoover will review the parade have been painted white and gilded in. A special space has been reserved nearby for members of the diplomatic corps.

THIEVES MAKE BIG HAUL OF CLOTHING

Greensboro, Feb. 25.—(AP)—Women's wearing apparel said to be valued at \$1,500 was stolen from Harrison's Inc., clothing store here Saturday night or Sunday, police reported today. The loss was discovered when the store was opened for business this morning.

## To Be In Inaugural

Gen. A. T. Goodwyn, commander-in-chief, United Confederate Veterans, and his staff will take part in Hoover inaugural parade.

## THREE DIE IN AUTO WRECKS OVER SUNDAY

### B. L. Susman of Washington, One of Weekend Highway Victims in State.

Charlotte, Feb. 25.—(AP)—Three were killed and four injured, two seriously in a trio of automobile accidents in North Carolina yesterday.

Robert Gordon, 17, of Winston-Salem, was killed when the automobile he was driving was struck by a Norfolk and Western train about five miles from Winston-Salem. A companion, Charles Holt, 17, was seriously injured. Gordon apparently did not see the approach of the train.

B. L. Susman, of Washington, N. C., was killed when his automobile and an automobile driven by sheriff B. Schull, of Hartford county, were in collision on the Tarboro-Rocky Mount Highway. Mrs. Susman and Sheriff Schull were injured, neither seriously.

A hit and run driver struck two men walking on the Asheboro-High Point highway, killing Whitley Robinson, High Point Cotton Mill worker and seriously injuring B. B. Yarborough, also of High Point.

The men were returning to High Point from Asheboro and ran out of gasoline. They had been to procure the fuel when the automobile struck them.

## Cardinal Vico Dies At Home

Rome, Feb. 25.—(AP)—Death of Cardinal Vico, aged prefect of the Sacred Congregation of Rites, early this morning leave the College of Cardinals with 28 Italians and 33 foreigners—the greatest discrepancy since the fourteenth century.

Nine seats are to be filled, and in view of this latest loss to the college was new task March 18 to be followed by a public consistory March 21 at which some selections for the vacancies might be made.

Cardinal Vico's death followed an illness of influenza. The prelate was born in Agugliana in 1847 and served as papal nuncio to Madrid for several years beginning in 1907. He was created cardinal in 1911.

Because of infirmity, the cardinal was wont to walk daily on the terrace of the Brancaccio palace where he lived. A fortnight ago he fell and fainted, servants finding him some time later. The end, when it finally came, was ascribed to heart failure.

## Prowler Attempts To Take Dempsey's Life

Miami Beach, Fla., Feb. 25.—(AP)—An unidentified prowler entered Jack Dempsey's room here about 5 a. m. today and shot once at the former champion, the bullet going wide. Dempsey made a report of the affair to police late this morning.

Dempsey was sleeping with Floyd Fitzsimmons, Chicago promoter, at the home of Harry Moore, on the ocean front at Miami Beach.

According to the report made to police, the former champion awakened about 5 a. m., and saw a small figure silhouetted in a large window opening to the street. Fitzsimmons awoke about the same time. Dempsey said he thought the man was his host but Fitzsimmons called out: "What do you want?"

The man at the window replied in a gruff tone: "Turn on those lights," and addressing a supposed accomplice in the hallway, said, "Come on in, Joe."

When the man spoke, Dempsey said he leaped from the bed and

## MORE HOPEFUL ASPECT HOLDS SWAY AT PARIS

### Long Expressed Differences, However, Expected to Come to Front This Week.

Paris, Feb. 25.—(AP)—The experts' committee on reparations began the third week of their deliberations today in a more hopeful atmosphere than was the case last week.

There was, however, the prospect of an arduous period ahead, in which Long expressed differences of opinion are apt to come to the surface and open, well defined controversy likely to develop.

The transfer problem, which is the new mode for mentioning "annuities"—probably will fill many hours' discussion before it is settled and the way opened for discussion of other basic questions.

The tentative plan of the subcommittee of five headed by Sir Joseph Stamp of England for division of the transfers or annuities into two parts, one fixed, and the other mobile, according to German economic conditions, must be fought out by the experts.

This plan seems likely, observers of law and fact, relative to point out, to raise a host of questions of German finance and to guarantee for previous treaties and agreements.

Both Germany and her creditors are apt to protest to its terms. It is regarded as improbable that creditors will consent to unconditional and unreserved elimination of the property index clause. Germany is not apt to give up the protection feature of old provision without a struggle.

## Woman Suicide Laid to Rest At Cox Mill Sunday

Funeral services to Miss Tessie Mills, pretty 21-year-old divorcee of the Cox Mill community, who committed suicide last Saturday morning following estrangement with her sweetheart, were conducted from the home of her parents, Mr. and Mrs. J. H. Mills, Sunday afternoon at 3 o'clock. Elder W. H. Laughlin officiated. Burial was made in the family burying ground.

The young woman killed herself by firing the entire load of a shotgun into her breast. A note was found in her pocket, containing the photograph of Robert Williams, with whom she is said to have been in love. The note said:

"I shall die. I cannot stand it any longer. Mamma, I don't want to tell this trouble to you. I shall not have a boy that does not love me. I have courted all my heart away and I am heart-broken to my grave. I hate to leave my two babies. Mamma, I want Lester to take J. T. and Herbert, the baby. If not, put them in school if you can. Tell Robert he is the cause of all this."

Officials investigated the tragedy Saturday afternoon, but could find no reason for bringing any charge against Williams.

Miss Mills was described as one of the best looking young women in her community and was popular among a wide circle of friends.

Active pallbearers at the funeral yesterday were: Warren Boyd, Elsie Mills, Will Smith, John Dixon, Charles McCoy, Nat Clark.

Aged Worker

New York—Envoy Jennie Lightner the little old "Sally" who asks "will you buy a war cry?" at the Cortland street Ferry entrance, has been a salvation army worker for 74 years.

## McLean School Measure And Compensation Bill Await Assembly Action

Raleigh, Feb. 25.—(AP)—The eight months school term and workmen's compensation hold the boards in the house and senate, respectively when they reassemble tonight after a week-end recess. A meeting of the sub-committee of the house committee on election laws was called for 2 o'clock to consider the Senate Australian ballot bill, another of the session's outstanding issues.

Representative A. D. McLean, of Beaufort, author of the eight months school bill which passed the house by a two to one majority on second reading Friday night, was expected to offer an amendment to cure a constitutional defect pointed out by Attorney General Dennis G. Brummitt when the measure comes up for the third reading tonight.

The change, it was said, would not make any material alteration in the operations of the bill.

The McLean bill contemplates a levy of not more than 40 cents per

\$100 for school purposes in each county, and a \$10,000,000 equalizing fund. Proponents admit new sources of revenue will be necessary if their proposal is approved. Meanwhile the finance committee of the two houses have been pushing toward completion of their work on the revenue bill, but they have not revealed to what extent, if any, they have departed from the revenue recommendations of the budget commission.

Several delays have been encountered by the workmen's compensation bill, which was first set as a special order for early last week, but which has not yet come up. The measure before the senate is a compromise said to be acceptable to labor and capital alike.

The unfinished business before the house when it adjourned Saturday, was representative Young's bill to create a pension fund for policemen.

## Passengers Of Grounded Ship Return to Shore

Seattle, Wash., Feb. 25.—(AP)—The passengers bound for Alaska on the coastwise vessel Alutian when she grounded on Maud Island at the entrance of Seymour narrows British Columbia, early yesterday were returning to Seattle today aboard the steamship Alameda.

The Alutian sent out an SOS but was refloated in fifteen minutes. She started back to Seattle but developed a list, anchored off Waldron Island, near Bellingham, Washington, where the passengers were transferred to the Alameda last night. Maud Island is 230 miles and Waldron Island 100 miles north of Seattle.

Officers of the Alutian apparently feared to venture across the treacherous straits of Juan de Fuca with passengers aboard. Escorted by the Alameda after the transfer of passengers, the Alutian started for Seattle on a favorable tide late last night.

Both ships are owned by the Alaska Steamship Company. Another company liner, the Northwestern, last year was badly damaged in Seymour narrows where she grounded in a dense fog.

The Alutian will be drydocked here for survey of her hull.

## Wayne Wins Out In Land Dispute

P. A. Wayne, plaintiff in a land controversy with G. T. Stokes, of Swift Creek township, won out in the civil term of Pitt county Superior court in this city Saturday afternoon. Immediately after the case had been settled, adjournment was ordered by Judge Daniels.

The case consumed three days of the four-day term which opened last Wednesday morning. It was one of the hardest fought legal battles staged in the local court room in months. Both the plaintiff and defendant claimed title to several acres of land lying between their plantations in Swift Creek township. Deeds dating back for many years were brought into play. Final decision was reached late Saturday afternoon.

The disposition of several divorce cases and the signing of compromise actions featured the first day's session.

The term was scheduled to continue for a period of one week, but Judge Daniels was unable to reach the city the first two days of the week and ordered postponement until Wednesday morning.

## Aged Actor Dead At Hollywood, Calif.

Hollywood, Calif., Feb. 25.—(AP)—Frank Keenan, one of the original stage portrayals of the mythical slep, Rip Van Winkle, is dead.

The seventy year old actor, who achieved fame on the boards in the '80s, in his character roles, died of pneumonia at his Hollywood home yesterday. He had been ill only a few days.

Keenan's third wife, Mrs. Leah May Keenan, his leading lady on a vaudeville tour whom he married in Denver, Colo., last October 11, was with him during the final illness. Two daughters, Mrs. Frances Wynn, wife of Ed Winn, stage comedian; and Mrs. Frank Sloane, both of New York, also survive.

Funeral services will be held here Wednesday.

Keenan was born in Dubuque, Iowa, and began his stage career at the age of 22, in Lawrence, Mass. After playing in Boston he went to New York in "The Capitol" and "a poor relation." It was in New York that he developed into an actor of the first magnitude in "Rip Van Winkle" and "Hearts of Oak." Road tours brought him a following throughout the country.

## HOOVER GIVES ATTENTION TO NEW CONGRESS

### To Confer With Longworth Regarding Special Session Of Body at Early Date.

Washington, Feb. 25.—(AP)—President elect Hoover hoped to be told today by speaker Longworth, whom he had invited to luncheon, the earliest date upon which congress could be convened in special session.

Mr. Hoover, upon returning from Florida, sent word to congressional leaders through Senator Watson, of Indiana, and representative Tilson of Connecticut, Republican leaders in the two houses, that he desired to call the special session as soon as possible. He was told that it would be useless to assemble congress until either the Ways and Means or the agriculture committees of the house had prepared bills for the consideration of the legislature.

The President-elect expected that Mr. Longworth would be able today to give him a fairly accurate idea as to the time which either committee would require to report out their bill. It was pointed out that although hearings had been held throughout the present session on a tariff revision measure, the agricultural committee has as yet taken no steps to consider a farm relief plan.

Speaker Longworth and representative Tilson, and the chairman of the committee involved have been considering the situation and it is understood that they now hold out the hope of having something concrete ready for the consideration of congress by April 8, a week earlier than the date originally considered by Mr. Hoover for the opening of the special session.

Continuing with his political consultation, chiefly with a view to making his final cabinet selections, Mr. Hoover had agreed to receive a number of visitors today. Among these was representative Morgan of Ohio.

One Killed And Another Injured At R. R. Crossing

Winston-Salem, Feb. 25.—(AP)—Charles Holt, 17, was in a critical condition here today following a grade crossing collision late yesterday in which his companion, Herbert H. Gordon, 17, was killed.

An automobile driven by Gordon was struck by a Norfolk and Western passenger train five miles east of Winston-Salem. The boys were hurled several feet by the impact. Gordon died soon after reaching a hospital here. Holt was injured internally.

ENGINEER INJURED WHEN ENGINE LEAVES TRACK

Calera, Ala., Feb. 25.—(AP)—Engineer A. E. Hobbs of Birmingham was believed seriously injured today morning when the locomotive of the Pan-American, northbound Louisville and Nashville passenger train, turned over here after running through an open switch. None of the coaches left the rails.

The train was continued on to Birmingham attached to a freight engine after a forty minute delay. Officials of the road immediately began an investigation of the accident.

Signs Menace to Birds

Paris—Electric signs on the Eiffel tower are proving a menace to birds which are attracted by the glare and become tangled in the wires. On 11 single night the tower saw captured 11 turts doves, not to mention many quail, pigeons, thrushes, sparrows and robins.

## LINDBERGH IN MEXICO TO VISIT FIANCEE

### American Lone Eagle Heads For Morrow Home Immediately Upon Arrival.

Mexico City, Feb. 25.—(AP)—While those who knew kept silent, those who did not know would not today if Colonel Charles A. Lindbergh and his fiancée, Miss Anne Morrow, would not be married while he is in Mexico, and fly back together to the United States.

Arrival of the tall young aviator here yesterday at sundown, and his precipitate departure for the Morrow country home at Cuernavaca set in motion a veritable flood of speculation.

Some said that Cuernavaca, set in idyllic fashion in the mountains forty miles from Mexico City, having served as scene of the courtship of the two, was to be also their wedding place.

It was even suggested that Col. Lindbergh flew here in a four passenger plane because he expected to have a "passenger" on his trip back and might, perhaps, need some extra room for additional baggage.

If there was no positive information of the betrothal pair neither were there denials. Colonel Lindbergh himself was more than usually reticent as to his plans in the less than an hour he spent here last night. Officials at the United States embassy carried reticence even further, reporters were refused admission to the building and were told that Colonel Lindbergh was not there, although they had seen him only a few moments before.

A whispered message from his fiancée awaited the aviator at Valbuena Field when he landed in the of the young lady herself. She left Saturday with her mother, her sister Elizabeth, and her father, for Cuernavaca, unaware it is believed, that the week-end was to bring her company.

A laconic telegram received from Colonel Lindbergh at the embassy yesterday morning announced he was leaving Eagle Pass, Texas, and would arrive in exco City in the afternoon. His arrival at 6:15 p. m., actually was much later than was anticipated. It took the aviator eleven hours and thirteen minutes to fly approximately 700 miles between Eagle Pass and Valbuena Field. His tardiness had given rise to some anxiety for his safety when just as the sun was sinking, his plane appeared and settled deftly to the ground.

About fifty people crowded around him. Reporters he waved away with the words, "Maybe I can see you later," and again, "I have nothing to say."

Allan Dawson, third secretary of the embassy, spoke with him for an instant, whispering a few words in his ear—presumably the message from Miss Morrow. Col. Lindbergh rolled down his shirt sleeves, put on the coat to his grey suit, donned a gray hat with a black band and stepped from his plane.

An embassy car whisked him to Mexico City, newspapermen following. He was in the embassy altogether only a few minutes, appearing shortly afterwards with his two suitcases and duffel bag to enter a hired automobile which had drawn up outside. He parried questions and was driven away. It was only from the chauffeur the reporters learned his destination was Cuernavaca.

It was understood that in the few minutes he was in the embassy he had telephoned the Morrow home. Waving aside the possibility of a wedding at this early date it was believed Mrs. Morrow and her daughters, Anne and Elizabeth, may change their plans of driving back to Mexico City this morning and remain for the duration of the aviator's visit in the greater seclusion of Cuernavaca.

Ambassador Morrow himself was expected back into Mexico City today to investigate deaths of two American mining engineers in Guanajuato at the hands of bandits who kidnaped them and held them for ransom last week.

LYNCHBURG GIRL STILL IN COMA

Lynchburg, Va., Feb. 25.—(AP)—At the conclusion of 400 hours of coma, following an automobile accident February 8, Marjorie Dowdy, 10, of Lynchburg, remained unconscious today at a hospital here with no indication of returning to normal. She is being kept alive by injections of food through the nose every six hours. The child suffered a lesion of the mid-brain in the accident.

Signs Menace to Birds

Paris—Electric signs on the Eiffel tower are proving a menace to birds which are attracted by the glare and become tangled in the wires. On 11 single night the tower saw captured 11 turts doves, not to mention many quail, pigeons, thrushes, sparrows and robins.

# Social & Personal

W. S. Tyson, Charles Heber Forbes, Jr., Joe Moyer and D. L. McWhorter returned Saturday from Florida and Cuba.

Mr. and Mrs. Harvey Ward left this morning for a ten days' trip to Baltimore and Washington. They will be in Washington for the inauguration March 4.

Person Nicholson spent Sunday in Kinston.

S. D. Hooker returned Saturday night from Tennessee where he has been on the tobacco market.

Messrs. George Woodruff and Dave Moore attended the University-V. M. I. basketball game at Chapel Hill Saturday.

Mr. and Mrs. J. E. McCutcheon of Maysville, and Mrs. M. F. Howard of Raleigh, spent the weekend here at the home of Mrs. J. F. Brinkley.

Mr. and Mrs. Larry James, Misses Alice Lee Hooker and Elizabeth Tibbatts, M. R. Long and Dick Mather spent the week-end at Morehead.

Earl Forbes who has been on the tobacco market in Kentucky, returned home Saturday.

Mr. and Mrs. T. H. Boykin and S. F. Allen spent the week-end in Richmond, Va.

Mrs. J. H. Boyd has returned from a visit in Washington.

J. D. Rogers, Jr. left this morning for Richmond, Va.

Mr. and Mrs. J. D. Rogers are spending several days in Reidsville.

**Sunday School Council.**

The Immanuel Baptist Sunday School Council will meet Tuesday evening at 7 p. m. All officers and teachers are urged to be present.

**SANS SOUCI CLUB TO MEET TUESDAY**

The Sans Souci Book club will meet Tuesday afternoon at 3:30 with Mrs. W. L. Best.

**END OF CENTURY CLUB TO MEET TOMORROW**

The End of the Century Club will meet Tuesday afternoon at 3:30 o'clock at the home of Mrs. Travis Hooker, on West Fifth Street.

**LITERARY DEPARTMENT WOMAN'S CLUB TO MEET**

The Literary Department of the Woman's Club will meet at the Woman's Club building on Tuesday afternoon, Feb. 26, at 3:30 o'clock. Mrs. K. T. Futrell will be hostess.

**The Adult B. Y. P. U. Banquet.**

The annual birthday banquet of the Adult B. Y. P. U. of the Immanuel Baptist Church, held in the Sunday school rooms on Thursday evening was easily the most delightful occasion of our present ecclesiastical year. It was her second birthday. More than thirty-five members and guests were present. The committee, of which Mrs. C. W. Willard was chairman, had seen to it that nothing was lacking. Such a mixture of fun, fellowship and feasting is rarely seen.

The former president, Mr. Joseph Palmer, delivered the address of welcome to which Mrs. L. R. O'Brien humorously responded, spring some rather pertinent jokes on certain members of the union. Mrs. E. F. Tucker spoke fittingly on the "Value of the Adult B. Y. P. U." Mrs. Luther Winborne told of the aid of the Adult B. Y. P. U. after which the president, Mr. Harvey Syron, gave briefly a summary of the past year's work.

After the consummation of the elaborate "Menu," the Biblical prophets along with their prophetesses wives, repaired to the parlors of the church for a happy social hour. Everyone went home exclaiming, "It was indeed good to be there."

—Reported.

**Books Wanted.**

Since the fire destroyed our library, we have not been able to replace the standard works in literature that we need. If you have any classics or books which can be used as reference books, that you would like to donate, the library committee will appreciate your gift. We have many calls every day for such books.

A number of recent books of fiction have been received in the past few days. A partial list of these follows:

- Richardson, Dream Boat; Deland, First Love; Bacheller, House of the Three Gardens; Allen, Ghost of the Glimmer Glass; Emery, House that Whispered; Bebesco, Royal Portraits; Arden, Spider and the Fly; Stiles, Cloud by Day; Gregory, Sentinel of the Desert; Glenn, Transport; Faidie, Stone Blunt's Scissors; Wentworth, Grey Masks; Woodward, Meet General Grant; Scott, The Black Circle; Van Dine, Bishop Murder Case; Haycox, Free Grass; Wilde, Rogues in Clover; Gibbs, Humdrum House; Faye-Smith, The Village Doctor; Johnson, Eyelids of the Morn; Undset, The Snake Pit; Curwood, Crippled Lady of Peribonka; Kerr, Marcella; Maria; Brown, The Father.

**QUALITY AND SERVICE**  
(We strive for your comfort.)  
If your mattress is spreaded, soiled, worn or torn, call (779). We are glad to serve you. We also bottom and repair chairs of all kinds. Jackson Mattress Co., Back Imperial Tobacco Co. 19-6t

**STOP COUGHING THOXINE**  
Almost instant relief with one swallow of

**W. L. BEST**  
Op-tom-e-trist

## MRS. PACE ENTERTAINS BRIDGE CLUB

Mrs. K. B. Pace was hostess at an enjoyable meeting of her bridge club Saturday afternoon. Spring flowers were attractively used for decorations.

Mrs. A. J. Moore was given bridge cards for high score. A delectable frozen salad course was served after the game.

## FIVE LICENSES TO MARRY ISSUED SINCE SATURDAY

Five licenses to marry were issued in Pitt county over the week-end according to records in the office of the register of deeds. Two of the couples were white, the remainder were colored.

Otis Nannie to Miss Mildred Ford, both of Farmville community. Arthur Gurganus to Miss Agnes Hall, both of Greenville township. Colored

Wilbert Sheppard to Thelma Long of Greenville. Willis Boys to Martha Staton of Greenville.

John Chapman to Mary Williams of Winterville.

## Who Was So Kind.

We loved each furrow in her face. The silver in her hair; There's naught out beauty we can trace.

There's none that half so fair. The love shines out from those dear eyes.

How well we know her sign Of kindness, sweetness—all that's good.

Dear Celia who was so kind! We had her with us through many years.

We loved her as a child; Who shared with us our hopes and fears, so tender and so mild.

And when her footsteps sturred, How sad is the heart of ours; We will love her better than before And now, while those dear eyes are dim.

And clouds are covering her face, We love her still. The one who was so kind.

—Mrs. Nash Joyner, Secy. of the U. C. M. S.

## HOLD JOINT MEETING OF P. T. A. ASSOCIATIONS

On Friday afternoon, Feb. 22, at the administration building there was a joint meeting of the Parent-Teacher Associations of the city, which was presided over by Mr. Rose and sponsored by the training school. After the introduction of Dr. Branch by Mr. Rose a stereopticon lecture was given. Dr. Branch chose for his subject, "The Development of Oral Hygiene," through a series of slides, the need of careful and systematic supervision of children's teeth from the time of their formation until the permanent teeth are in perfect condition.

After the close of this instructive talk Mr. Rose asked the cooperation of parents in sending the children to school with their lunch on bad days so as to avoid "rainy day sessions," which interfere with the regular school work. He also urged

## Wealthy Widow Weds Veteran Of World War

Santa Barbara, Cal., Feb. 25.—(AP)—A meeting between an American war nurse and a wounded American officer on a battlefield of France more than ten years ago developed into a romance yesterday with the announcement here that Mrs. Katherine Burke Peabody widow of the multimillionaire Collar-maker, Frederick Forrest Peabody, of Troy, N. Y., would marry John Regional McLean, mining engineer of Phoenix, Ariz., next Sunday.

Mrs. Peabody, who won the title "Angel of France" for her brilliant work as a nurse and campaigner to raise money for war charities, received decorations from five of the allied countries during the world war. McLean was a Lieutenant in the 367th infantry. He was wounded in the battle of the Argonne and became acquainted with Miss Burke in a hospital.

In announcing the engagement Mrs. Peabody said the marriage probably would take place at her Santa Barbara home and that they would go to Italy and Argentina for the honeymoon.

Miss Burke married Peabody April 5, 1920, a few months after he had been divorced from Mrs. Sarah Griffith Peabody. The collar manufacturer died about two years ago, leaving a large part of his fortune to the former war nurse.

Among the decorations won by Miss Burke was that of Knight Sava, order of Misericorde, of Serbia. The other decorations were from the British, French, Italian and Belgian governments. She served with the British army before the United States entered the war.

Some 7,000 nationalist troops there have been fighting four times their number of revolutionaries. Uneasiness has been expressed in British circles because the Neutal railway zone maintained by Japan cuts east and west across about two-thirds of Shantung, making it difficult for the Nanking forces at Chefoo to receive reinforcements. There are many chances of a clash in this situation. The Japanese position is difficult because the policy of that government in Shantung has been costly in men and money and the opposition in Tokyo has been using it in attack on the Tanka cabinet.

Taxes have been burdensome in Japan and the willingness of the government there to consider modifications of the 5-5-3 naval pact had been based to some extent on that fact. Some British spokesmen also revealed last week that the hope of reducing expenditures is one of the motives for continued agitation in England for an early understanding with the United States that would lead to definite naval limitations.

The Baldwin Cabinet has put through the house of commons a

# One Party Governments Undergo Many Changes

One party government are undergoing varying experiences in Spain, France, Italy and China.

Uncensored border reports continued to predict disintegration of the dictatorship of general Primo de Rivera of Spain. One of the latest of these said that disaffection was spreading to influential civil elements because of the dismissal from service of 2,000 artillery officers, all members of old families.

Rumors that King Alfonso had asked Primo de Rivera to resign were denied. In fact later reports were that the dictator had offered amnesty, but that Alfonso would not consent to this step.

The grand council of the fascist party was to meet in Rome today and among other things plan for celebration of the party's tenth birthday. It is also to approve a list of more than 400 men selected for the new chamber of deputies. Some 9,000,000 voters are later to go through the formality of casting a single ballot for these approved candidates.

The grand council may be asked to approve the Lateran treaty creating vatican city as a sovereign state and granting an indemnity of about \$30,000,000 to the holy see as compensation for the acts of 1870 when temporal power was wrested from the Popes.

Nationalist China, another one party government is facing serious outbreaks near Chefoo in Shantung. Some 7,000 nationalist troops there have been fighting four times their number of revolutionaries. Uneasiness has been expressed in British circles because the Neutal railway zone maintained by Japan cuts east and west across about two-thirds of Shantung, making it difficult for the Nanking forces at Chefoo to receive reinforcements. There are many chances of a clash in this situation. The Japanese position is difficult because the policy of that government in Shantung has been costly in men and money and the opposition in Tokyo has been using it in attack on the Tanka cabinet.

Taxes have been burdensome in Japan and the willingness of the government there to consider modifications of the 5-5-3 naval pact had been based to some extent on that fact. Some British spokesmen also revealed last week that the hope of reducing expenditures is one of the motives for continued agitation in England for an early understanding with the United States that would lead to definite naval limitations.

# THE VERDICT FAVORS "A Home Of Your Own"

You're the judge and the jury. The case being tried is "A home of Your Own" versus "Rented Quarters." The counsel for the former is summing up his case: "Remember, your honor and gentlemen of the jury, that the man who owns his own home has no monthly struggle to pay the landlord. He has more than a bundle of receipts after he pays his mortgage installments. He has the satisfaction of Living under his own roof."

## WHAT'S THE VERDICT.

We have helped hundreds to own their Home—Let us help you.

# Home Building & Loan Association

# ANNOUNCEMENT!

To the Voters of Greenville:

I beg to announce that I am a candidate for re-election to the office of Mayor of your city. During the past two years I have had the honor of serving you in this capacity, and in asking for an endorsement of my administration I respectfully refer you to my record during that time.

I have at all times honestly striven to protect and to further the best interests of the town, according to my best judgment. I have not bartered the town's interest for political support, nor have I been guided in my actions by friendships, or by personal prejudice or malice. If re-elected to this office, it is my firm purpose to continue this policy. A public office is a public trust, and those who would use it for the satisfaction of personal grudges are unworthy of the office.

I have been zealous in the economical administration of the town's financial affairs. Believing as I do that the heavy burdens of taxation are a paramount consideration at this time, I have striven to so organize the town's affairs that a saving could be made, and the tax rate gradually reduced. This can be done, and should be done, and will be done if the citizens of this town show by their votes that they are standing by me in this matter.

Your votes and your support will be appreciated.

Respectfully,  
**J. C. Lanier**

# Market Report Cotton--Stocks--Grain

## COTTON MARKET N. Y. STOCK LIST

New York, Feb. 25.—(AP)—The cotton market opened steady at an advance of 1 to 2 points in response to relatively steady cables, while some buying was also reported on favorable features in reports from the cotton goods market. May sold up to 20.10 and the new October contract to 19.62 or about 7 to 13 points net higher during the first few minutes, but there was further near-month liquidation and the advance attracted some realising in the later month which caused reactions of a few points from the best.

Tarding was moderately active with the market steady at the end of the first half hour. It was reported that last week's sales of cotton goods by one of the larger Worth street houses were 40 per cent in excess of production, and that the sales of this house for the first three weeks of February had exceeded production by 25 per cent. Liverpool cables reported trade calling and continental buying in Liverpool and said that cloth demand was well sustained with a fair business pending.

## GRAIN MARKET

Chicago, Feb. 25.—(AP)—With Missouri River markets selling wheat wheat for transfer to Chicago at the widest discount yet this season, wheat prices here suffered a decided tumble today. In addition, general rains and snow today over the middle west and southwest improved the moisture situation for new crop winter wheat. A decrease today of 314,000 bushels in the United States wheat visible supply total was smaller than had generally been expected.

Wheat closed heavy 2 1/4 to 2 3/4 to 2 7/8 net lower; corn 3/8 to 7/8 off; oats 1/4 to 5/8 down and provisions varying from 7 setback to a rise of 5.

## STOCK MARKET

By STANLEY W. FRENOSIL, Associated Press Financial Editor.  
New York, Feb. 25.—(AP)—Marking up of the call money rate from 6 1/2 to 8 per cent turned the course of stock prices reactionary today after an opening outburst of strength. Early gains of 1 to 11 points were substantially cut down, or wiped out and a long list of issues sank 1 to 5 points below last week's final quotations. Trading, which was fairly brisk in the early rally, turned dull on the decline.

Suffering call money rates reflected the withdrawal of funds for month-end dividend and interest requirements, as well as the speculative credit restriction policy of the Federal Reserve Bank. New stock financing is now being blamed in some quarters for the large gain in brokers' loans early this year, attention being called to the fact that prices of listed issues advanced last week, when new financing was relatively light, while loans declined.

Publication of another series of unusually favorable 1925 earnings reports, and a further advance of 1-4 of a cent a pound in the price of Domestic Copper, were the chief business developments of the day. Formal announcement also was expected of the Guaranty Trust-National Bank of commerce merger.

High priced shares were again the first to feel the effect of their early gains of 5 points.

Case Threshing Machine broke 25 1/2 points below its previous sale. American and foreign power dropped 13 3/4 points to 113 as against a high of 130 7/8 last week. Interboro Rapid Transit duplicated the high of the year at 87 3/8 and then slipped back to 51. Wright Aeronautics and Johns Manville sold 3 points under last week's final quotations and advance Buntley and Murray corporation yielded 2 points or more.

A few issues showed special strength. New peak prices for the year were registered by national distillers, Collins and Alkman, Adams Express, Chile Copper and Peoples gas, the extreme gains running from 3 to 5 points.

# BASEBALL TO BE DISCUSSED HERE TONIGHT

Greenville's participation in the Eastern Carolina league will be discussed at a meeting to be held at the city hall tonight at 8 o'clock. The public is invited to attend and hear what is going to be done to give the city a winning ball club this season.

One of the outstanding features of the meeting will be the presence of Lester Bangs, new pilot of the local outfit. Bangs will tell what has been accomplished in the way of hiring of players and other things in connection with the opening of the training season.

Bangs was in the city for a short conference with President Smith last Thursday night. He left for Norfolk immediately afterwards, and planned to return in time for the public meeting tonight. While in the city, he stated that nineteen players had been signed. Six are former members of the local club. Club officials said that only five or six more players would be signed. It is planned to start training season with as few men as possible. If of the material so far signed is well seasoned and it is not expected much trouble will be incurred in the "punting process."

Officers for this season will be elected at meeting tonight. Other plans looking to the opening of the season will also be taken under consideration and definitely decided upon.

# Pistol Injects Mystery Into Death of Heir

Rochester, N. Y., Feb. 25.—(AP)—A pistol, broken open at the breech, injected an element of mystery today into the death of Fred C. Deining, 26 year old heir to the General Baking Company millions.

Deining was found by his wife the former Virginia Danforth, musical comedy actress, on the sleeping porch of their home with a bullet wound in his head and the pistol on the floor beside him. The one cartridge in the weapon had been discharged.

Pistol experts of the police department said it would have been impossible for him to have opened the gun after shooting himself, adding that it was highly improbable that the gun was opened in falling. Although Coroner David H. Atwater pronounced it suicide, the police turned the case over to the district attorney's office.

Mrs. Deining told police that after guests had departed early yesterday morning, her husband burst into tears over the affairs of the tire business in which he was engaged since leaving the Baking business.

She said she remonstrated with him, whereupon he left the bedroom, going out onto the sleeping porch. A few moments later she said, she heard the sound of a shot and ran to the sleeping porch where she found her husband. He was removed to General Hospital where he died a few hours later, without regaining consciousness.

# Army Housing Bill Introduced Today

Washington, Feb. 25.—(AP)—A bill to authorize the expenditure of \$15,000,000 to aid in carrying out the army housing program and to provide quarters for 3,824 officers and men in various military posts on the continent and in insular possessions was introduced today by Representative James, Republican, Michigan, chairman of the house military affairs sub-committee on real estate and construction.

This measure, which would increase from \$57,423,509 to \$72,423,509 the total authorization by Congress for the housing program is necessary, Representative James said, to carry out the plan to supply needed permanent construction in view of the expansive upkeep of temporary war time buildings which have passed point of usage.

The construction to be provided for and the amount to be appropriated in the bill include:

- Fort Benning, Georgia: Non-commissioned officers' quarters \$100,000; officers' quarters, \$600,000.
- Fort Bragg, North Carolina: Barracks, \$400,000; Hospital, \$375,000; Non-commissioned officers' quarters \$25,000.
- Fort Humphreys, Va.: Hospital \$140,000.

# Threats Appear On Eve Of Election At Chicago, Illinois

Chicago, Feb. 25.—(AP)—Tomorrow Chicago elects aldermen. Latest news from the more active fronts follows:

Candidate in "Bloody Twentieth" ward threatened with death unless he quits race.

Bullet, stray or deliberate, cuts neat hole in windshield of automobile carrying campaign captains of candidate in fourth ward.

Voters living within rifle range of the University of Chicago campus receive telephone warnings they will be "taken for a ride" if they show up at the polls tomorrow.

Workers for one candidate announced they will not be out election day because of a fear that it might not be healthy.

TWO NEGROES KILLED BY STORM IN TEXAS

Dallas, Texas, Feb. 25.—(AP)—Two negroes were killed and four white persons were injured seriously at Grand Prairie, ten miles west of here, early today when a terrific rain and wind storm struck the town.

Considerable property damage was done.

# Court Upholds Contention Of Radio Station

Washington, Feb. 25.—(AP)—The contention of the General Electric Company that its broadcasting station, W G Y at Schenectady, N. Y. was entitled to operate upon 790 kilocycles without time limit was upheld by the court of appeals of the District of Columbia.

In its relocation of radio stations last November, the Federal Radio commission ordered W G Y, which broadcasts with 50,000 watts power to discontinue operation after the General Electric's station at Oakland, Cal., K G O, started broadcasting at night. This would have required W G Y to cease operating about eight o'clock each night. The company, in the decision handed down today, was granted permission to operate with its full power.

"It is the judgment of this court" said the decision "that the appellant the General Electric Company, was on November 11, 1928 and is now entitled to receive from the Federal Radio commission a renewal of its license to operate station W G Y upon the same terms as those contained in the license dated November 1, 1928, to wit, upon 790 kilocycles, with power of 50 KW., and without time limit for operation, and this cause is remanded to the Federal Radio commission to carry this judgment into effect."

# Secret Treaty Causes Stir At Amsterdam, Hol.

Amsterdam, Holland, Feb. 25.—(AP)—Publication of alleged provisions of a secret Franco-Belgian military treaty excited considerable discussion in Holland today. The treaty was negotiated in 1920 at Brussels, the paper says.

By the terms of the treaty the two countries would make common cause in the event either is at war with Germany or any power assisted by Germany, each placing all its available forces at the disposal of the other.

Mobilization shall be instantaneous and spontaneous without prior consultation immediately after a cause for invoking the treaty has been established. Acts of aggression are not confined to the Rhine frontier but apply to any front.

Belgium is set a minimum of 600,000 men for mobilization while France minimum is placed at 1,200,000 men. One article provides that each shall undertake simultaneously a vigorous offensive, compelling Germany to fight at once both north and south of the common front.

The duration of the agreement is set at 25 years.

Among its provisions is one declaring against a separate peace in the event both are at war with the same nation.

# Body of Mill Man Found in Pond

Henderson, Feb. 25.—(AP)—The body of Fred Allen, 22, mill operative, was recovered from Rowland's pond, two miles east of Henderson, yesterday morning. Men had not been seen since Friday evening and a search instituted by relatives led to the pond.

The body, in water five feet deep and forty feet from the bank, was found in a sitting posture. Coroner F. B. Hight, after an investigation, declared the death a suicide.

# Americans Get Charity

New York—Native born Americans are more in need of charity than any alien group, according to figures in the annual report of the charity organization society. Thirty-seven percent of those aided by the society last year were born in the United States.

# Injured Man Walks 55 miles
