JUAREZ QUIET AFTER BATTLE SEVERAL DEAD

Two Americans Killed and one Injured in Border Fighting Yesterday.

El Paso, Tex., March 9.—(AP)—Juarez was quiet today following yesterday's seven-hour battle that took its toll of Americans and left the Key City of northern Mexico in the hands of revolutionary forces. Two Americans were killed and another wounded during the fighting. Lydia Roberts, 2 1/2 year old, was fatally wounded by a stray bullet while she was playing in the yard of her home here. Another American, Teddy Barnes, a bartender, was found dead in Juarez after the battle. His body lay beneath slain soldiers near the federal headquarters at the hotel Rio Bravo. Another El Paso child, 6 years old, struck by a stray bullet, was expected to recover. Official casualty lists of the battle were not available but it was estimated that thirteen federal soldiers and rebels were killed and more than a score on each side were wounded. On this side of the border, 310 Mexican federal troops and their families were interned at Fort Bliss under the terms of a truce which ended the battle. The truce was concluded at a conference on the International bridge between General Matias Ramos, commander of Federal troops, General Miquel Valles, rebel leader, and Brig. Gen. Moseley, after stray bullets had killed one child and endangered the lives of other Americans in El Paso. General Moseley, backed by civil authorities of El Paso, told the Mexican Generals that the fighting had to stop. They agreed to cease hostilities after Colonel Kenyon A. Joyce, United States army officer, told General Ramos that his troops could withdraw into the United States and be interned until the proper authorities could decide upon their disposition. The federal troops and members of their families were in an airplane hanger at Fort Bliss under guard of United States soldiers. Three Mexican officers occupied officers quarters.

Elsie Janis In Serious Condition

Paris, March 9.—(AP)—The illness of Elsie Janis, American actress, took a more serious turn today. Her temperature this morning was 102 and her pulse 110. Miss Janis had appendicitis and congestion of her right lung after influenza. Dr. Edmund Gross of the American hospital and Dr. DeMarteil decided not to operate just now as the appendicitis showed some improvement. While her condition is not believed critical it is expected to be of long duration.

MONTANA MAN NAMED ASSISTANT SECRETARY OF INTERIOR DEPARTMENT

Washington, March 9.—(AP)—President Hoover today appointed former Governor Joseph M. Dixon of Montana, assistant secretary of the interior, and David S. Ingalls of Cleveland, assistant secretary of the navy, in charge of aviation. E. C. Finney, present secretary of the interior, is to become solicitor of the department. Movie Stars "Bunked" Los Angeles.—As if the approach of March 15 is not enough, high-browed movie stars have been "bunked" by "income tax consulators." The federal grand jury is investigating.

Lindbergh Opens Mail Route From Mexico to Texas

Tampico, Mexico, March 9.—(AP)—Col. Charles A. Lindbergh inaugurating an air mail service between Brownsville and Mexico City, arrived here shortly before 11 o'clock and within a few minutes was off again for Brownsville. He required three hours for the flight from Mexico City to Tampico, a distance usually covered in a little more than two hours. This was not unusual, however, in view of the heavy load which his ship was carrying.

Bandits Make Big Haul At Chicago Store

Chicago, March 9.—(AP)—A professional looking fellow conducted a class in banditry last night in view of 1,000 persons, and got away with it. Kahn's Jewelry Store on West 2nd Street was the place, and the time was just the hour when the crowd was leaving the Marshall Square Theatre next door. The student bandits were awkward and their technique was terrible, but despite it all, they escaped with a large part of Albert Kahn's valuable jewelry and much of Albert Kahn's cash. They used a conspicuous green roadster, which is not the usual thing. They parked in front of the store and entered the place where the proprietor was talking with two customers. "Stick 'em up," said one student without preliminaries. The professor registered disgust. "No, no, no," he said. "It is not yet time to say 'stick 'em up.' Look at all those people outside. They can see right in. Do you want to get arrested, huh? How many times must I tell you to take the men into the back room, out of sight?" This was done and the robbery consummated. Outside again, the robbers climbed into their car. One of them fired a couple of wild shots as the gears meshed. "Don't do that," the professor yelled as he saw the professor's car.

League To Facilitate American Adhesion to The World Court Plan

Geneva, March 9.—(AP)—The council of the League of Nations today unanimously adopted the resolution of Sir Austen Chamberlain tending to facilitate adhesion of the United States to the world court. The resolution requested the committee of jurists considering revision of the World Court of justice statutes to consider the present situation as regards accession of the United States to the court. It requested the committee to make suggestions to facilitate accession or adhesion on conditions satisfactory to all interests concerned. Every member of the council spoke in favor of the resolution.

Record Earth Tremors

New York, March 9.—(AP)—Earth tremors more than 5,000 miles west of New York were corded today on the seismograph at Fordham University. The first shock was at 6:30 a. m. The maximum intensity was recorded at 7 o'clock and the tremors continued until 9.

Columbus, O.—Richard R. Bloss, vice president of the International Derrick and Equipment Company, sustained a leg fracture in a railroad wreck in Colombia and has come 3,000 miles to have it attended to. He flew 5,000 miles to the coast to catch a steamer.

TRUSTEE BANK IS FAVORED BY PARIS EXPERT

Supply of Capital to Be Considered by Reparation Body on Monday

Paris, March 9.—(AP)—The project of a trustee bank finds great favor with the reparations experts, few if any objections have been raised and they are of a minor character. Fear expressed in some quarters of possible predominance of such a financial superpower is not even regarded seriously in competent circles. Among the many questions of detail yet to be worked out and to be discussed Monday is who is to supply the capital, which may run as high as 500,000,000 marks (about \$130,000,000). To this capital would be added the 200,000,000 marks now in the hands of the agent general for reparations. The theory is that a bank with resources equivalent to 180,000,000 would be able to discount Germany's export bills and make a substantial profit for the German state. But if creditor and neutral countries are to supply the capital they naturally will expect to share the benefits in its use. Among suggestions for the bank are that it deal only with other banks so as not to jeopardize business of already founded institutions, that it act as a sort of international clearing house, even making stabilization loans.

Eight Held In Payroll Robbery

Toronto, March 9.—(AP)—Eight men were under arrest today in connection with a \$3,000 pay car holdup. Six of them were captured by police after a 20-mile automobile chase. The car carrying money to pay workmen on a construction job was held up yesterday on a downtown street. A posse of police armed with sawed off shotguns was cruising the highway in search of the men last night when their suspicions were drawn to a speeding taxi, which they stopped after a chase. The driver of the car said he was Anthony Elardo of Buffalo. The driver and five passengers were arrested as suspicious persons.

PRINCE OF WALES AGAIN IN NATIONAL LIMELIGHT

London, March 9.—(AP)—The perpetual question of when the Prince of Wales will marry receives a fresh airing in the daily sketch today. The paper recalls that the Prince has told friends he will marry when he is 35 and his thirty-fifth birthday is June 23 the court gossips are now indulging in some speculation. They point to the fact, the paper says, that Marlborough House, which for some time has been being prepared for the Prince's residence, is not a bachelor home, that it is now ready for occupation, and that the "consort's suite" in it has been refitted and redecorated.

Rooster Licks Eagle

Sarasota Fla.—Which would win in a fight between an eagle and a Rooster? Well, Ed Zwingli, a dairyman, is having the remains of an eagle mounted as a trophy and is attending to a wounded Plymouth Rock, and he has his wife's eyewitness testimony to the battle. She stopped it. The eagle was six feet on inch from tip to tip.

Senate Defers Action Of School Aid Bill; Both Houses Adjourn

Raleigh, March 9.—(AP)—The school aid bill, a special order for last night and again for today, was not taken up by the Senate this morning. Most of the session was consumed by the consideration of local bills. Delay in action on the school bill, already passed by the House, was attributed to efforts of education committee members to agree upon a compromise acceptable to those Senators who favor the House bill with a large equalization fund, and those who prefer a considerably smaller state aid fund. The Senate will meet again at noon Monday. The House passed a raft of bills, most of them local, and adjourned until 11 o'clock Monday morning. It did not take up the permanent improvements bond bill, providing nearly \$2,000,000 for state institutions during the coming year. A bill to prevent any employee of the highway department from receiving more than \$10,000 a year was passed by the House and sent to the Senate. Another sent over was a measure to make the maximum punishment for robbery committed with firearms 30 years instead of five, as at present.

Sandino Leader Shot to Death

Managua, Nicaragua, March 9.—(AP)—Native papers today said General Manuel Maria Jiron, former Sandino insurgent leader, who has been in the custody of marines for the last month had been executed by members of the Nicaraguan volunteer constabulary. Jiron accompanied a volunteer patrol promising to lead it into location where he said the insurgent leader Augustino Sandino could be captured. Instead, members of the patrol found he was leading them into ambush. The leader of the volunteers placed Jiron under arrest, tried him by court martial and ordered him shot. Jiron for more than a year was Sandino's chief leader and last April he headed a group of the insurgents who blew up the Fispis mine. Marine headquarters here had no information regarding the execution, although all native papers published accounts.

County School Head Says Hancock Bill Would Cut The Heart Out Of Schools

The Hancock school measure now pending consideration in the State Legislature, would scatter chaos among the educational system of North Carolina, according to R. G. Fitzgerald, superintendent of Pitt County schools, speaking before the regular meeting of the Kiwanis club in this city last night. "The passage of this bill," the speaker declared, "would cut the heart out of the school system and leave nothing but a corpse in its wake." The declaration came during the conclusion of an address dealing with "Pitt County's Greatest Crop—The Child," and was heard by practically the entire membership of the club and several visitors from various sections of the county. "Instead of getting tax reduction through enactment of this measure," Mr. Fitzgerald said, "the people of North Carolina will get school reduction. The state is face to face with one of the most serious problems in many years, and it is up to the thinking people to act if the schools are to be saved from demoralization." Showing the hardship which the measure would work on the county school system, the speaker said the bill would take fifty teachers out of the system and practically destroy the normal function of five leveling high schools. The Greenville system, which is not a part of the county department, would lose six teachers. He said this cut in the teaching forces would give the remaining teachers such heavy enrollment that it would be impossible for them to handle their work in a normal and systematic manner. He presented figures setting forth the fact that the entire state school system would lose approximately 4,100 teachers through the bill. "There is not a single teacher that can be taken out of the county school system without serious injury resulting," he declared, "and the child must suffer as a consequence of this attempt to bring about tax reduction."

Radio Fund For County Home Is Still Climbing

Total contributions to the County Home Radio fund today had reached \$128.00. Donations since the report of yesterday amounted to \$15.00. The total sum needed to make the purchase of the radio set possible is \$176.50. Contributions should be made to the office of the Daily Reflector. The public is urged to contribute liberally in order that the radio may be installed at the County Home as soon as possible. Contributors since yesterday were: T. A. Person, \$1.00; E. E. Rawl, \$1.00; D. L. Turnage, \$2.00; Ola Tucker \$1.00; Kiwanis Club \$10.00.

AMERICA TO SEND ARMS TO MEXICANS

State Department Approves Request for Surplus Material For Carrying on War.

Washington, March 9.—(AP)—Developments here growing out of the rebellion in Mexico give no comfort to those who are seeking the overthrow of the present Mexican government. The State Department has approved a request of the Mexican government for surplus war material, and will probably supply such material out of stores now held by the War Department. Secretary of War Wood said that the Mexican government had asked only rifles and ammunition and that a survey was now being made to determine the surplus and whether it would be sent by water, or through one of the border towns. The State Department also approved a request by the Mexican government to import privately made airplanes from the United States. Reports from Yuma, Arizona, stated that bulletins had been posted by Mexican officials offering aviators \$250 a day and that federal troops were preparing a landing field at San Luis, on the Sonora border, capable of accommodating fifteen to twenty planes. This was taken to mean an aerial attack in preparation on the rebel stronghold of Nogales, Sonora. Along with approval given the purchase of planes by the Mexican government went an embargo on unauthorized shipment of airplanes into Mexico, this being done presumably to prevent the buying of aircraft in this country by the rebels. Whether the arms to be sent to Mexico will go by water or through one of the border towns will probably depend upon developments in the north of Mexico. The revolution is apparently spreading to some northern sections and the suggestions are advanced that the war material might fall into rebel hands if sent by way of the border.

HERMITS LEAVE FORTUNE UNDER FLOORS OF HUT

Chicago, March 9.—(AP)—There were only three persons at the funeral of the Flynn brothers in 1926, but there were ten times that number at the Flynn estate hearing in probate court yesterday. The Flyvns lived in a shack near Park Ridge, like hermits. John, who was 72, died of pneumonia. James, two years younger, shot himself. Under the decaying floors, tucked behind boards, concealed in holes, was found gold and currency—about a quarter of a million dollars. Thirty persons yesterday were represented at the initial hearing to determine disposition of the estate. Most of them offered family Bibles in proof of their relationship to the Flynn brothers. Decision was withheld.

Killer Shoots His Way Out of Prison At Pottsville, Pa.

Pottsville, Pa., March 9.—(AP)—Elverez Miquel, 28-year-old slayer, shot his way to freedom from the Schuylkill county jail today. A guard, Roy Keeves received a bullet wound in the leg. Miquel, a Cuban, was under sentence of death for killing Louise Jacobs, 19, his one-time sweetheart, in February, 1928. A stay had recently been granted and his case was to come before the State Board of Pardons within a few weeks. Armed with a pistol Miquel demanded that Keeves hand over his keys. Keeves lunged at Miquel and in the scuffle the guard dropped with a bullet in his leg. Advancing to the door, Miquel overpowered another guard and fled. It was not learned how Miquel obtained his pistol or gained entrance to the corridor outside his cell.

Government Puts Greatest Army in the Field Since Day of Pancho Villa; Decisive Victory Expected in Region of Torreon

Former President Calles himself took the field against the rebels today at the head of one of the largest armies collected in Mexico since the Pnacho Villa Rebellion in 1915. Definitely crushing the insurgent movement in the South the government was putting its full strength in the field toward the north and a possibly decisive battle was expected in the region of Torreon. Federal forces estimated at 15,000 were concentrating at Irapuato ready to move on Canitas, Zacatecas where several thousand insurgents were gathered. To the north, at Torreon, was General Escobar, commander-in-chief of the rebels. General Almazan, Loyal Federal commander, reached Saltillo and has asked for artillery, presumably to bombard Torren if necessary. While the federals were pouring northward, the revolutionists announced that a drive on Mexico City would be made immediately. General Montero, insurgent representative in New York declared that two main bodies of insurgent numbering 30,000 were moving southward. Juarez was quiet today after its capture by the Insurgents, but new fighting along the American border was expected at Nogales, Sonora. Federal authorities in Baja California, were believed preparing an aerial bombardment of the revolutionary stronghold. Fighting also appeared imminent at Mazatlan, Sinaloa, where 2,500 federals are fortified against an advancing rebel army. Two Americans were killed in yesterday's battle at Juarez, one a two year old girl in El Paso and the second a man found dead in Juarez. Fighting between the opposing forces ended last yesterday when American authorities interposed because of the danger to Americans in El Paso. About 300 federals and their families were interned at Fort Bliss under the terms of the truce. The State department at Washington has approved a request of the Mexican government for surplus war material and will probably supply such material out of stores now held by the War Department. The American government also approved a request by the Mexican government to import privately built airplanes from the United States.

CONVERT IT INTO A CITY PARK

With a committee from the Board of Aldermen investigating the feasibility of using a part of the Evans Street School property for the erection of a building to house the city offices and with the public library seeking to erect a temporary structure on a part of the property to house the library it appears that we are heading toward a serious mistake that in the future might be regretted.

THE TAX COMMISSION

Governor Gardner is moving along right lines in desiring a real Tax Commission of three able men who will be able to improve tax conditions and enforcement and point the way to a more equitable system of taxation.

is estimated that North Carolina people own three-quarters of a billion dollars in foreign corporations which is exempt from taxation. It is not reached. The same is true of other invisible property. The result? Owners of farms and homes and stores are overtaxed.

ABOUT TOWN

"It is bad, Greenville had to lose the opening game of the championship elimination series at Raleigh," said supporters of the high school cage team today.

"Announcement of \$100,000 improvements of the Greenville Cotton Mills will be received with interest all over Pitt county," declared a business man today, who has taken an active interest in the city's development for many years.

"The date for filing your income tax will be out on the 15th," income tax men warned the public today. "If you have delayed this important matter, get busy and attend to it immediately, and avoid any unpleasantness which might result from your continued indifference."

"Every precaution should be taken against forest fires during this month a member of the County Forestry organization warned the public today. "Lighted cigarette and cigar stubs should not be thrown among dry vegetation. This carelessness might result in a fire carrying a loss of several thousands of dollars."

"Now that the city primary has been called for May 15th," residents of the different wards may begin getting their candidates lined up for action," a citizen mentioned today.
