GIVES PLAN FOR RELIEF OF FARMERS

Iowa Man tells House Committee Of One Phase To Help Bring About Relief.

Washington, March 28.—(AP)—An almost unanimous refusal of invitations sent to capitalists and business leaders to appear before the Senate Agriculture Committee to present their views on farm relief was recorded today with the announcement by chairman McNary that John D. Rockefeller, Jr., Charles M. Schwab and Owen D. Young would not appear. Only Henry Ford remains to be heard from as J. P. Morgan's inability to attend was previously reported.

The House Agriculture Committee entering its second day of farm relief hearings, heard a number of witnesses outline a variety of possible methods for aiding agriculture. The Senate committee heard the bill of its chairman endorsed by Hallvard Klöster, who appeared on behalf of a group of farm loan organizations of Iowa, Nebraska, South Dakota and Wyoming. Klöster said he had supported the McNary-Haugen bill containing the equalization fee, but that he thought the present McNary bill would give the needed relief.

Washington, March 28.—(AP)—Federal aid to carry on the search for new methods of utilizing the waste products of farms was reported today as one phase of a new plan for farm relief in testimony by Anson Marston of Ames, Iowa, President of the American Association of Land Grant Colleges, before the House Agriculture Committee.

Marston pointed to the use of corn stalks in making paper as one of the methods for which the committee should make research might discover. However, he said, the use of corn stalks paper was not general enough to benefit all farmers.

William H. Marshall, a Fort Lauderdale, Fla., farmer, advocated a plan for handling all the perishable products from one section through one shipping point.

Before the Senate Agriculture Committee the new McNary farm relief bill was endorsed by Hallvard Klöster, representing 430 National farm loan organizations in the eighth Federal Land Bank district comprising Iowa, Nebraska, South Dakota, and Wyoming.

He said he had supported the McNary-Haugen bill with the equalization fee but that he thought the substitute measure would provide the relief needed.

At the beginning of today's hearing, Chairman McNary on the committee made public telegrams from John D. Rockefeller, Jr., Charles M. Schwab and Owen D. Young, declining the committee's invitation to appear on the farm relief issue. Rockefeller said he had never made a study of the problem and was therefore not qualified to testify.

Schwab said he had other engagements and Young's assistant said the financiers would be kept in Paris for some time on reparations matters. The committee has yet to hear from Henry Ford.

Owl Express Wrecks; Passengers Shaken

North Charlestown, N. H., March 28.—(AP)—Twenty of the 90 passengers aboard "The Owl" express, bound from Montreal to New York over the Connecticut river division of the Boston and Maine railroad were shaken up early today when five of the eight cars of the train left the rails. Two of the cars, a sleeper and a coach, plunged down an embankment.

The others tore across the tracks tying up the line. The accident occurred shortly after 5 o'clock. Railroad officials said the cause was undetermined. The train consisted of four day coaches, two sleeping cars, a mail and milk car.

American Liner Runs Aground Near Cherbourg

Cherbourg, March 28.—(AP)—Passengers were taken from the Cunard liner Transylvania this morning in lighters after it ran aground on a sandy beach as it neared the harbor. It had previously struck a rock off Ormonville-La-Rogue but had pulled itself off with its own power.

The vessel was believed to be badly damaged and its fuel oil was leaking badly. It was not believed it would be able to continue to Glasgow but would have to go in drydock here. It was returning from a Mediterranean cruise and had aboard 100 passengers, many of whom were Americans debarking here.

FOUR KILLED IN PENNSYLVANIA PLANE CRASH

Wreckage of the monoplane in which four persons were killed when the pilot lost his bearings in the fog and mist near Mount Gretna, Pa., and struck a tree. The dead: John L. Campion, pilot; Charles Stewart, Columbus, Ohio; Harold Gloyd and Paul Wager, Worthington, Ohio.

Impeachment Charges Against Governor Long Carried To Legislature

Baton Rouge, La., March 28.—(AP)—The impeachment resolution against Governor Huey P. Long was brought formally before the Louisiana House of Representatives today by a fifteen minutes recess was granted to permit auditors of the impeachment charges to hold a conference.

Before the recess the House adopted the Senate impeachment resolution providing for adjournment after today's session until Monday night at 8 o'clock, when a formal vote is expected to be taken on impeachment of the governor, charged with nineteen counts from a pilot's indictment to insubordination.

Administration floor leaders today sought to block consideration of the impeachment resolution by calling up a rule but the point was not even considered by the House.

After listening to the discussion of the rules, the House adopted a resolution providing that a committee of twelve representatives be named to question witnesses in the impeachment proceedings with others of the House membership required to submit their questions in writing.

At the session today a committee of twelve was appointed to formulate rules to guide the proceedings after an administration leader had failed in an effort to invoke a House rule to stop the investigation into the executive's conduct. He argued the proceedings were out of order, but neither the speaker nor the membership took any official notice of his pleadings.

JENSEN ON LAST LEG OF SOLO FLIGHT

Roosevelt Field, N. Y., March 28.—(AP)—Just after one o'clock this afternoon Martin Jensen passed his 31st hour in the air, with less than five and a half to go to set a new solo endurance flight record, the automobile gasoline he was using was running low but sponsors of the flight hoped it would hold out long enough to make the goal.

Jensen went up at 6:01:34 o'clock yesterday morning and beat the late Royal W. Thomas' record of 25 hours 24 minutes and 39 seconds which would keep him in the air until 6:26:33 this evening.

Through a miscalculation early this morning he decided that he was going to lose his fight but a later check showed that he still had a good chance to win. Between 6 and 7 o'clock when he was circling Long Island 80 feet from the ground in a rain, he dropped a note saying he had only 60 gallons of gasoline left, enough for about five hours. He explained that the automobile gasoline he was using would not permit idling his engine and that at full speed the consumption was 12 gallons an hour.

Emil Bursin, chief pilot for the oil company that is sponsoring the flight, went aloft in a plane on the fuselage of which was the painted advice to Jensen to test his tanks again as observers would not believe that there was so little fuel left.

Shortly after 10 o'clock Jensen dropped a second note saying that he found he still had 70 gallons.

The sun was then shining and conditions generally had improved and aviators estimated that the 70 gallons ought to last from eight to ten hours, or just about long enough to set a new record.

EVACUATION OF JIMENEZ IS REPORTED

Federal Airmen Report Rebels Moving In Direction of Chihuahua.

(By the Associated Press)
Apparent evacuation of the town of Jimenez in southeastern Chihuahua was reported by federal airmen today.

The airmen were proceeding northwest in the direction of the rebel stronghold of Chihuahua and the government looked for a battle at Bachimba Pass, strong strategic point south of that city.

The rebels on the other hand indicated that a clash was expected in the vicinity of Jimenez, no confirmation being given of the reported evacuation of that town.

General Escobar, rebel commander-in-chief, has repeatedly asserted that he would lead an advance on Mexico City itself. Otherwise a strict censorship would be placed on the insurgents.

Federal relief forces were expected to reach Mazatlan on the west coast today, relieving the garrison which successfully held off a rebel attack early this week.

The governor of the northern district of Lower California today denied that local Mexican troops had been transported across Arizona territory to reach Naco where a federal garrison is holding out.

The federals at Naco, strongly entrenched, were still awaiting a long delayed attack by the rebels encamped ten miles away. Unless an attack develops soon, they declared they would start "some activity" themselves.

Mexico City, March 28.—(AP)—The army of General Calles continued its relentless plodding northward today and, as light cavalry prepared to occupy Jimenez, former headquarters of rebel General Escobar, completed the occupation of southeastern Chihuahua.

General Calles reported to President Portes Gil that airplanes flying over Jimenez did not see a single rebel soldier there. The planes continued northward and bombed two troop trains which had left the town in the direction of Chihuahua a short time before.

Cavalry of General Roldo Ortiz were but a few miles from Jimenez and were expected to occupy the city today. Military experts here thought possibly the rebels' evacuation was to Bachimba Pass, a few miles south of Chihuahua, where they would face the federal army and fight.

The main body of the federal army under General Andres Almazan was just south of Escobedo and expected to occupy that city immediately. The necessity of reconstructing rail lines was delaying the advance. Plans counting between Escobedo and Jimenez reported capturing hundreds of rebel cavalry which were believed to have been separated from the rebel body or attempting to secure forage.

General Calles telegraphed the President he hoped the best and most complete equipment would be sent the 6,000 troops of General Cedillo recently dispatched to undertake clean-up of the so-called religious insurgents in Jalisco and surrounding territory.

On the west coast the advance guard of the army of General Lovato Cardenas was expected to arrive at Mazatlan today and relieve the garrison of General Jaime Cordille there, continuing then pursuit of the retreating rebels up through Sinaloa. While General Cordille was engaged in reconstruction the railroad along the line of the rebel retreat, aviators reported they had destroyed their bombing and were said to have harassed them greatly.

ARIZONA COPS CHARGED WITH SELLING ARMS

Douglas, Ariz., March 28.—(AP)—Charges that two city-owned machine guns and 37,000 rounds of ammunition had been sold to Mexican rebels for \$2,000 and that the city received only \$500 of the money, precipitated in an investigation of the whole city administration by the United States Department of Justice today.

Chief of Police Leslie Catliff and Police Captain Walter Morris were arrested and arraigned yesterday on charges of conspiring to smuggle arms across the border. Each was released under \$5,000 bail and permitted to return to duty pending trial.

Federal officials made ten arrests after a preliminary investigation of the transaction. Adrian Enriquez, Paul H. Leon, and Gonzales Sosa and five others, whose names were withheld, were taken into custody and had not been released this morning. United States officials said they expected to make ten more arrests.

The charges that the guns and ammunition had been sold to the rebels in violation of an embargo for \$2,000 and that the city treasury received only \$500 of the amount was made in an affidavit by A. J. Duarte.

Los Angeles Begins Search For Plane

New York, March 28.—(AP)—The Navy dirigible Los Angeles today was flying over the Atlantic towards Norfolk, Va., in search of the Sikorsky Amphibian plane in which T. Raymond Fineman, wealthy investor, sportsman and three companions have been missing since they took off from Norfolk last Friday morning.

The dirigible in charge of Lieutenant Commander Charles L. Rosendahl and carrying a crew of 11 fly officers and men took off from its training station at Lakehurst, N. J., yesterday afternoon.

Commander Rosendahl planned to fly over the ocean 100 miles from shore in belief that the plane made a forced landing at sea and was drifting eastward. Unless some traces of the plane is found the dirigible is expected to return to her hanger tonight.

GRAF ZEPPELIN RETURNS HOME

Big German Dirigible Lands After 5,000 Mile Trip Over Mediterranean.

Friedrichshafen, Germany, March 28.—(AP)—The dirigible Graf Zeppelin returned to her base here this morning, completing a voyage of 3 1/2 days and 5,000 miles over the eastern Mediterranean to the Holy Land and return.

The zeppelin was pulled down to land near its hangar at 10:17 a. m., just 82 hours after its departure last Monday morning, shortly after midnight.

It was the second long cruise of the great dirigible, and in mileage exceeded that of either the trip to America, or the return last year.

Enroute it passed over Lyons and Marseilles, France, Corfu, Rome, Messina, Corfu, Crete, Cyprus, Haifa, Jerusalem, Crete, Athens, then back along the Adriatic Sea by way of Hungary to Vienna, Ulm and Friedrichshafen.

The objection of the British government prevented the ship's going over Egypt, but its return to Germany mentioned "southern winds" which kept them from reaching that country.

The zeppelin encountered severe weather on this trip just as it did on American visit. On the first night of high wind made cruising dangerous as it was off New England on the return trip to Germany. Dr. Eckener said.

AGREE ON CUT OF OIL OUTPUT

Leaders of Petroleum Industry Plan Cut to Become Effective on April 1st.

New York, March 28.—(AP)—Curbing of Crude Oil production for the current year to the 1928 output of 1,877,793 barrels in the Western Hemisphere has been agreed upon by leaders of the petroleum industry.

The agreement, which is expected to be 50 per cent effective April 1 and in full effect by July 1, is the first step in a program adopted by the directors of the American Petroleum Institute for the conservation and stabilization of oil production.

The curtailment will mean a reduction of about 200,000 barrels per day which has been the excess of this year's production over the daily average of 2,453,051 barrels brought to the surface last year.

Fields in the United States, Mexico and South America are affected by the conservation program, the details of which will be in the hands of five regional committees.

Sir Henri Detering, managing director of the Royal Dutch-Shell Companies of Europe, which has interests in this country and in Mexico, Venezuela and Colombia, attended the meeting yesterday. After an one-time threatening to oust the entire plan by refusing to agree to it he finally emerged from the session nodding "100 per cent cooperation."

E. R. Reeser, President of the Institute, said after the meeting that no advance in the retail price of oil products was expected at this time as an outcome of the restriction program.

Dubois Gets Divorce.
Paris, March 28.—(AP)—French courts today granted a divorce to Henri Dubois from Florence Dubois. They were married on Feb. 25, 1922, at Mineral Springs, North Carolina. The suit was begun on grounds of desertion.

Salem, Ore., March 28.—(AP)—Taking his two small daughters, Charline, 4, and Gladys, 6, in his knees in the kitchen of their home at Grassy Pond, Ore., Charles Setzer, 38, touched off nine sticks of dynamite he had placed beneath his chair. All three were killed instantly.

DARROW IS ATTACKED AT SPRINGFIELD

Veteran Lawyer Taken To Task While Expressing Distrust Of The Court.

Springfield, Ill., March 28.—(AP)—Clarence Darrow came here yesterday to lead the attack against proposed bills for court reforms in Illinois, and found himself the center of one of the bitterest attacks to be directed against him since he attained prominence in the Leob-Leopold, the Scopes and the Dr. Sweet trials.

Darrow was appearing before a joint meeting of the Senate and House Judiciary committees, opposing bill for criminal court procedure changes. The bills he sponsored by the Chicago Bar Association and the judicial advisory council of Cook county.

The veteran lawyer expressed distrust of courts. He was of the opinion that the reform program is the offspring of special interests. The program, he said, is "a long step on a trial started years ago to enlarge the power of the judiciary."

"It has been favored," he said, "by special interests which always are willing to trust to the judiciary in preference to some other body. It is a violation of the principles of our government."

Darrow said the courts would not allow sufficient time for the trial of ordinary cases because they had to hurry into the hearing of 500, 100,000 cases.

"But the courts allowed you to (sue) the Banks' boy, even didn't they?" inquired State Senator Roy C. Wood.

"The other fellow took all that," Darrow said.

"But they allowed you over 30 days to present a case on a plea of guilty, didn't they?" Wood asked.

"You don't know anything about it," snapped Darrow.

"Yes, I do," said Wood. "I was in the next court below you, trying a case, and I know what was going on."

"You don't act as if you did," Darrow said.

"But you know me, don't you?" said Wood. "I was the assistant state's attorney who made you come down to the criminal court building at 3 a. m., one day and find you surrender a stolen bond that had been cashed in your partner's account."

State Senator James Barbour, leaned to his feet.

"We won't have any charges like that here," he shouted.

"Do you think I am going to sit here silently and have all the courts attacked in this manner by a man who has been a defender of criminals all his life?" Wood replied.

Judge Henry M. Sawyer of Cook County Circuit Court, told the committee he had been surprised to hear the courts attacked by a man like Darrow "who has reached his present position because he always has resorted to those very courts."

Judge Fisher mentioned the Leob-Leob case in connection with the reform program proposal to lessen the power of the jury and increase the power of the court.

"Did Mr. Darrow submit his case 'No, he pleaded his clients guilty to a jury?' Judge Fisher asked, "that he might have a court alone, and not a jury, pass on their case."

Impeachment Sought

Portrait of Gov. Huey P. Long, who is sought in a conference for intraparty action in the state legislature.

Washington, March 28.—(AP)—Frank B. Kellogg came to the end of more than four years of service as secretary of state today, ready to relinquish his post at the close of the day's work to Henry L. Stimson, former governor general of the Philippines and close student of international affairs.

KELLOGG WILL RETIRE TODAY

Secretary of State To Relinquish Post To Former Governor Of Philippines.

Washington, March 28.—(AP)—Frank B. Kellogg came to the end of more than four years of service as secretary of state today, ready to relinquish his post at the close of the day's work to Henry L. Stimson, former governor general of the Philippines and close student of international affairs.

When Mr. Stimson takes up his official duties tomorrow morning it will be his second experience of the kind. He was secretary of war in the Taft cabinet and recalled that association, he was particularly pleased to be able to have the oath of office in the Hoover cabinet administered by his former leader, a chief justice of the United States.

Although looking forward to a vacation in Europe, Secretary Kellogg is relinquishing his office with some disappointment. He had hoped to see the Kellogg-Briand treaty to renounce war, on which he had worked for more than a year, but into force before his resignation, but the death of Marshal Foch delayed final action by France. Japanese ratification is not expected for several days. The 13 other original signatory governments have deposited their ratifications with the State Department, but the treaty can not become effective until all have been filed.

Three different aspects of the government's international affairs will claim a large share of Mr. Stimson's immediate attention when he goes to work tomorrow. They include development of incident to the Mexican revolution, preparations for the preliminary disarmament conference at Geneva, and the problems growing out of the sinking of the Canadian schooner Im Alone, by a coast guard patrol boat in the Gulf of Mexico.

In addition, he had an engagement today with Chairman Borah of the Senate foreign relations committee, to discuss the world court and other questions.

Prepare For Fight At Chefoo, China

Chefoo, China, March 28.—(AP)—General Liu Chen-Nien, reformed national forces today eight miles East of Chefoo in preparation for another battle with the victorious troops of Marshal Chang Tsung-Chang.

Meanwhile subordinates of Chang attempted to get to the rear of the Nationalist General's Army and attack him there.

Thus far occupation of Chefoo by the former Shantung War Lord has been peaceful and without disorders. It is understood Chang accepted \$100,000 gold from the Chinese Chamber of Commerce in return for his guarantee of no disorders.

Three Judges Of Oklahoma Court Face Impeachment

Oklahoma City, March 28.—(AP)—Thirty one articles of impeachment against three members of the State Supreme court were ready today for presentation to a Senate Court following their adoption by the House of Representatives.

Chief Justice Charles W. Mason and Justice J. W. Clark, each face eleven charges, and Justice Riley Fletcher, nine.

All three jurists are charged with incompetency and "unethical" illegal and unlawful and terrorist acts of oppression. The majority of the articles deal with specific instances of alleged corruption in court opinions.

Wilbur to Name New Commissioner Of Indian Affairs

Washington, March 28.—(AP)—Secretary Wilbur is looking for a man for commissioner of Indian affairs who will be so able in that position he will work himself out of a job.

The new Interior Department head believes that the solution of the Indian problems is the elimination of the guardianship of the government over the Indian and the transformation of the native Americans from wards to independent and self-sufficient citizens. Such a solution of the Indian question as he sees it, necessitates a new direction for the Indian office and a stiff course of "hardening off" for the Indian.

Secretary Wilbur does not believe that the problem can be solved overnight but he does think that a new program can be started at once. It is understood that he has the backing of President Hoover in declaring that this program must be worked out before a commissioner for Indian affairs can be selected.

There has been no lack of applicants for the job. More than 100 persons, all of whom declared in one way or another that they knew the last word in administration of Indian affairs, have applied for the position. Any number of names have been submitted, both to Secretary Wilbur and to President Hoover, and Secretary Wilbur has consulted with many students of the Indian in making up a list of names which, it is understood, has been sent to the White House Secretary.

Mistrial Ordered In Case Against R. D. Whitehurst

Elizabeth City, March 28.—(AP)—The trial of R. D. Whitehurst, Jr. of Greenville, charged with using the mails for fraudulent purposes, was declared a mistrial in the United States court here last night when the jury reported it had been unable to agree.

Whitehurst, it was charged, opened a store in Ahoskie last Spring under the name of Ahoskie Supply Furnishing Co., within a short distance of the Ahoskie Supply Co., wholesalers, it was alleged, consigned goods to the new firm under the misapprehension that they were dealing with the old firm, which had an established credit, and the government attempted to prove that Whitehurst's operations were a scheme to defraud them of payment.

The case will be called again at the September term of court, it is expected.

A number of witnesses, including a number from Northern cities, testified during the trial. G. L. Everett, chief of police, testified that

at the rural school in Mühlenberg. She was seized at the school yesterday and, while her frightened pupils looked on, was thrown into an automobile. Some of the children ran to their homes and told their parents, who notified state police.

Searchers found her in the woods several hours later and after being taken to the hospital she frequently lapsed into unconsciousness. She gave no detailed account of her experience, but said she did not know the men and women who took her away.

Police started search for the writer of three threatening letters, one of which was found in Miss Dodson's desk Monday after the school had been broken into the night before. The letter was signed "Frank J." and read: "This has gone far enough. Watch your step." Two other letters were pinned to the schoolhouse door recently.

Belief was expressed by the police that the kidnaping was actuated by revenge because the teacher had reported a parent for not sending a pupil to school, was expressed by police.

Miss Dodson said she could assign no reason for the kidnaping. She faintly after being bound and gagged, she said, and remembered nothing more until revived at the home of Mrs. Charles Donham, with whom she boarded.

Western Union Pays L. & N. \$1,741,000; Ending Lengthy Suit

Louisville, Ky., March 28.—(AP)—A check for \$1,741,000 given yesterday to the Louisville and Nashville Railroad Co. by the Western

Union Telegraph Co., ended litigation of seventeen years standing, believed to be unique and of unprecedented proportions. The check is for rent claimed by the railroad for the telegraph company's occupancy of its right of way with poles and wires during the controversy.

Announcement of the settlement came from general officer of the railroad here yesterday. The settlement was made in New York by Whitford R. Cole, president of the railroad, Newcomb Carlton, president of the telegraph company and attorneys for both corporations.

The check was paid in compromise and settlement of a judgment rendered by Judge A. M. J. Cochrane of the Federal Court of the Eastern District of Kentucky, which was appealed to the United States Circuit Court of Appeals at Cincinnati and argued there a year ago. Due to the death of a judge the case was ordered up for new arguments which were to have been heard April 11.

The suit was brought by the L. & N. to recover for the Western Union's use and occupation with its poles and wires of the railroad company's right of way during the time the telegraph company was seeking to condemn the right to remain on the railroad company's property. By the settlement \$2,300,000 in round number was allowed for rental, from which was deducted approximately \$540,000 representing an admitted account held by the Western Union against the L. & N. for services and facilities rendered during the period of controversy. The remainder is the amount for which the check referred to was given.

Police Protection Given U. S. Consul At Belize Today

Belize, British Honduras, March 28.—(AP)—Special police protection was given today to G. Russell Taggart, United States Consul as a consequence of high feeling over the sinking of the British vessel *Tm Alone* last Friday by an American Coast guard boat.

Two Belize men were members of the crew of the ill-fated run ship and in some quarters there has been considerable anti-American agitation since the shelling of the vessel. Taggart appealed to the police when it appeared some of this feeling might be directed against himself.

The authorities promised every precaution to prevent an attack on the consulate.

REV. W. A. LILLYCROP CALLED TO CHARLOTTE

The Rev. W. A. Lillycrop has been called to Charlotte on account of the serious illness of his father, Mr. J. H. Lillycrop, of that city.

Because of his absence the services at St. Paul's Episcopal Church will be as follows:

The service on Thursday night, which was to have been the communion service, will be omitted.

On Good Friday at 11 a. m., Mr. John Horne will conduct the Good Friday service assisted by the choir of the church.

On Easter Sunday there will be the Easter service at 11 a. m., conducted by Mr. P. H. Kasey with special Easter music by the choir of the church and Easter sermon by the Rev. Hallett S. Ward, of Washington, N. C.

On Easter Sunday night there will also be held the regular Sunday night service, at which hour Mr. Parnel W. Picklesimer will preach.

Mr. Lillycrop expects to return to Greenville in a few days.

Public Schools Close For Easter

Greenville public schools closed this afternoon for observance of Easter. They will re-open next Tuesday morning.

Several of the teachers left this afternoon for their home in various parts of the county to spend Easter with relatives. They will return Monday to be in readiness for resumption of school work Tuesday morning.

LITERARY DEPARTMENT OF WOMAN'S CLUB MEETS

The Literary Department of the Woman's Club met at the club house on Tuesday afternoon, March 26th, with Mrs. J. N. Hart as hostess.

After roll call, minutes and announcements the nominating committee made their report. The following officers were elected for the next club year: Mrs. E. F. Arnold, chairman; Miss Greene, secretary, and Miss Evelyn Smith, reporter.

The program for the afternoon was then turned over to Miss Madge Daniels who delightfully entertained her hearers with an account of her travels in England and Scotland.

At the conclusion of the program Mrs. Hart, assisted by Mrs. Lawrence Stroud and Mrs. Earl Helen, served a delicious salad course.

RULES AND REGULATIONS GOVERNING BABY SHOW EAST CAR. EXPOSITION

Class One—Farmville Babies.

This class applies only to those babies entered from within the city limits of Farmville.

Ages: 18 months to 36 months old, to nearest birthday. Boys and girls both entered under these ages. But the boys do not compete with the girls.

The babies will be introduced, without their mothers, at 3 o'clock, Wednesday afternoon, from the platform of the Exposition building, by the platform manager.

After the introduction, ballots will be distributed to the audience and they will vote. After the voting, the ballots will be collected and counted and the winners announced at the close of the afternoon program.

The girl baby in the Farmville class, receiving the highest number of votes will be declared winner and get \$12.50 in cash. The boy baby in the same class, that is from Farmville, polling the largest number of votes will be given \$12.50 in cash.

The same process will apply to the babies entered from without the city limits of Farmville and the winner in each class will be given \$12.50 in cash. The out-of-town babies do not compete with the babies from Farmville. Every body votes for two boys and two girls.

All entries must be made to Mrs. B. O. Taylor, chairman, Farmville, N. C., by April 1st.

The babies will assemble at the Exposition building at 2:45 p. m., Wednesday afternoon, and there get assignments as to places on the stage.

There is no entry fee for the babies.

For any other information, communicate with Newell O. Bartlett, Kinston, N. C.

AT THE BIG CLOCK

Halliburton Will Appear Here Soon

Richard Halliburton, the "famous playboy adventurer" of the world, the author of "The Royal Road to Romance" and the "Glorious Adventure" will appear at East Carolina Teachers College on the evening of April 12.

This is the fourth and last of the entertainments on the season ticket. To many who have read his books or have followed his spectacular feats through the newspapers, Halliburton is the most interesting of all the headliners who have appeared or will appear at the college. Since his books were written, he has been adventuring in the new world. Last summer he swam the length of the Panama Canal, followed the trail of Cortez through Mexico and the Central American republics and visited Brazil. When the wanderlust seized him again he may follow Richard Cosar de Leon through the Crusades.

He is dynamic, thrilling, taking his audiences with him on his adventures. Just as he has made the heroes of old live again he brings the places of life for his listeners or readers.

Arrangements will be made for those who have his books to get them autographed.

F. W. B. Services Drawing Crowds

Large crowds are attending the pre-Easter services at the Free Will Baptist church. The pastor is doing his preaching, and the Paragon Quartette is furnishing special music.

"Tonight there will be a model communion service with several preachers from nearby towns participating. The public is invited."

Hygiene Lecture Series Completed

Dr. Ernest L. Branch, director of the department of oral hygiene of the State Board of Health completed a series of lectures in the public schools of the county yesterday. The lectures were confined to a discussion of oral hygiene.

Dr. Branch concluded the series at Belvoir and Arthur and the colored school at Bethel.

The lecture course was in the nature of an educational campaign preparatory to the opening of the dental clinic several weeks ago by Dr. Guy Pigford.

Dr. Green's Farm Damaged by Wind

A windstorm in the Conetee section did considerable damage on the farm of Dr. J. C. Green, Greenville physician, it was stated today. Three tobacco barns, were destroyed and two other barns, a porkhouse and tenant house, were badly damaged. The loss was estimated at \$1,500. The property was not insured.

Pitt Children Have Good Teeth

The teeth of children in Eastern Carolina have a higher rating than those in the western part of the state, according to Dr. Guy Pigford, who is conducting a dental clinic in the various schools of Pitt county.

Dr. Pigford said he found the teeth of Pitt county children in much better condition than expected and was making faster progress in clinic work than in many other sections where he has visited.

HEALTH SOON BEGAN TO MEND

Weakened by Long Sickness, Lady Took Cardui and Regained Strength.

Winston-Salem, N. C.—Mrs. Mary L. Crews, 522 Greenwood Avenue, this city, says that several years ago she suffered a severe nervous shock. "This was followed by severe nervous chills," she explains. "I did not have the proper care, and my system became poisoned. I was up and around the house, but was not able to do much."

"On New Year's day, I was taken with a very severe spell, and nothing seemed to stop it. They put me to bed. I took medicine, but it did not help me."

"In February, I began taking Cardui. After I had taken it just a few days, my health began to mend. I began to gain in strength and feel better. I continued taking Cardui until I had taken six bottles. I kept improving, and by fall I was in fine health. I can recommend Cardui to others because it helped me so much."

Cardui is a valuable reconstructive tonic, and has proved helpful in thousands of cases like that described above.

ABOUT TOWN

"School children of the city will be given an opportunity of offering suggestions for a bigger and better Greenville through the contest put on by members of the local Merchants Association," said a member of that organization today.

"What numbers of students will take part in the contest, I have not the slightest doubt. The suggestions for improvement of the city will be many and as varied as numerous. They should give the citizen some idea of the operations of the mind of the community juvenile, and at the same time furnish some interesting reading matter.

"Such contests should inspire the youngster to think more seriously concerning his community. It might also awaken some of the older citizens to the importance of more thinking about community expansion."

"Make your child happy by getting him one of the aeroplanes being offered with each subscription to the Daily Reflector," mentioned the manager of the circulation department today.

"These little planes are the latest creation in miniature aerial devices, and will fly far enough to carry joy to the heart of the youngster interested in activities of the birdmen.

"Don't delay, but listen to the youngster while he is inquiring about the planes. He will enjoy the play with the little plane and will have the pleasure of reading the columns of the Reflector daily without thought of missing a single copy."

"Do you read of the building permits issued by the city of Greenville every week?" questioned a citizen today.

"Well, if you don't you should. They reflect the growth of the city in a way nothing else can do. We read of a new house being built, or repairs to some other structure, we realize that the town is growing. We know that we are going forward in a way that means great things for the future.

"If you don't make it a habit of looking over the building permits, start now and keep up with the rapid strides the city is taking toward a greater and better place in which to live."

"Two more days in which to do that Easter shopping," warned a merchant today. "The stocks are still complete with some of the latest fashions of the day. Therefore, make it a point of visiting the stores and making your purchases before the last minute.

"Greenville merchants have one of the most complete stocks this season they have ever had, and if you are really looking for the best at attractive prices, you should visit the stores at once."

"The local high school baseball club opened the season this afternoon with Washington playing on the diamond here," said a follower of the club.

"We have never had more than a fair ball club, but everybody is hopeful the boys will be able to step out as strong as they did in basketball. If that should be the case then none of us will have anything to say. All of us like to win and nothing pleases us more than a ball club able to win when it looks like everything is against them.

BOOK BORROWERS HONEST

Lyle Stephenson of Kansas City, in this State, who is given to collecting a library for himself, noting the other day that his shelves disclosed great vacant spaces, considered the situation. It was not that he needed new books; it was that his old volumes had been borrowed—and not returned. Mr. Stephenson's confusion was acute. He didn't remember who had borrowed which book; he couldn't think of all his borrowers, or remember the titles of his missing books. How was he to reach his public? Being an advertising man he ran true to type. He inserted little ads in a newspaper. Books began to come in five at a time. Some he had forgotten he owned came back. Each post brought him old friends.

The result is that Mr. Stephenson is convinced that book borrowers are honest. His discovery is of an importance that, must not be neglected in this iconoclastic age. When book borrowers will return books of their own volition, honesty still is triumphant and faith in human nature survives. We salute the book borrowers of Kansas City.—St. Louis Post-Dispatch.

"Greenville leaguers will play their first exhibition game with High Point at Roanoke Rapids next Monday," an official of the organization remarked today.

"This game will hold more than passing interest to local people by reason of the fact that it will be the first time this season they have had an opportunity of raining an idea of the club's strength.

"The new manager has promised us a winning club and should be able to annex some of the exhibition games we shall be ready to believe in the fulfillment of the promise."

Canton Governor Reported Killed By Invading Horde

Nanking, China, March 28.—(AP)—Li Chai-Sum, Governor of Canton, was reported here today to have been executed at 11 a. m. The report was given general credence although it could not be confirmed.

Reports yesterday of execution of Li Chai-Sum were denied at Nanking. Li was arrested March 13 shortly after he arrived at Nanking to attend the Kuomintang Congress, which was concluding its sessions today.

Charges against him involved sedition in connection with the activities of the Wuhan and Kwangsi Military Clique opposition to the Nanking government.

Chiang Kai-Shek, President of China, is said to have sought his execution as a traitor, the move being vigorously opposed however by other prominent figures in the Nationalist government who protected Li came to Nanking under a promise of immunity.

Attempts to Break Great Ice Gorge In Missouri River

St. Louis, Mo., March 28.—(AP)—Army engineers in charge of efforts to break the ice gorge in the Missouri river south of here today estimated that 50,000,000 tons of ice are obstructing the flow of water. The jam was estimated to be 20 miles in length.

While gauge readings here indicated that the high water mark of the flood season had been passed, downstream the level was higher than at any time since the gorge formed.

Major G. R. Young, in charge of operations, who estimated the weight of the ice, arranged to make another survey flight over the ice field with a view to determining the most effective methods of continuing dynamiting.

Three army observation planes and three heavy bombing planes are here to assist in the work of disintegrating the huge jam.

N. E. A. BALL SEASON OPENS; LOCALS PLAY

The baseball season of the Northeastern Athletic conference opened this afternoon with eight clubs of the conference scheduled for action. The opening date found Washington playing the local high school at the fair grounds here. Roanoke Rapids played at Rich Square, Wilson at Kinston and Rocky Mount at Weldon.

All clubs of the conference have been going through strenuous practice work the last several days and the initial games will find the players in splendid trim. Washington already has tested its strength against the Coe College Institute of that city, coming off with honors of the day.

The conference schedule follows:

Thursday, March 28.
Roanoke Rapids at Rich Square, Wilson at Kinston, Rocky Mount at Weldon, Washington at Greenville.

Tuesday, April 2.
Washington at W. C. I. (Non-conference.)

Friday, April 5.
Rich Square at Wilson, Greenville at Rocky Mount, Kinston at Washington, Weldon at Roanoke Rapids.

Tuesday, April 9.
W. C. I. at Washington. (Non-conference.)

Friday, April 12.
Wilson at Rocky Mount, Weldon at Kinston, Rich Square at Greenville, Washington at Roanoke Rapids.

Friday, April 19.

Smith Wins Golf Title In Pinehurst

Pinehurst, March 28. — (AP) — Horton Smith, the wonder man from Joplin, went on his golfing way today with another title tucked away in his bag and seven hundred more first money dollars jingling merrily in his pocket. Making his first bid for recognition on the sand greens of Pinehurst the new sensation of the links world kicked in with a 72-hole score of 287 to win the historic north and

REDS GET SET FOR NATIONAL LEAGUE RACE

George Kelly, first sacker, towers behind his team mates of the Cincinnati Reds infield. In front, left to right: Hugh Critz, Horace Ford, Charles Dressen, Jackie May and Red Lucas are two of the mainstays of the Reds' pitching staff.

south open, one of the headline events of the spring season.

Tommy Armour, the Detroit masher artist, who usually is red hot on the Pinehurst courses, was ruder up for the second time in as many years. His score was 289, just two strokes behind the angular Bell Ram from the Ozarks.

Roland Hancock, the Lynchburg youngster, who gave Bobby Jones and Johnny Farrell the shivers in the national open last summer, served notice that he is back in championship form by shooting a nifty 291 to collect third money.

Hancock's form was one of the surprises of the tournament. Since blowing up at Olympia fields last summer, the southerner has been off his game and in the winter tournaments on the coast and in Texas he seldom flashed any of the form that marked his play last summer.

Now, however, he seems to be back on his stride. Yesterday he shot the two best rounds on the day, his morning and afternoon performances being four strokes better than anyone else could offer.

Others to finish in the money were Billy Burke of Westport, N. Y., defending champion whose 294 was matched by George Voigt, New York crack and the highest finishing amateur, Walter Hagen, British open champion; Joe Turnesa of Elmsford, N. Y., and Ross Somerville, of London, Ont., Canadian open champion, who tied for sixth place, and Kid Bill Mehlhorn of New York, Hugh Kirkpatrick of Columbia, S. C., Emmett French, veteran Youngstown, Ohio, pro., and Jack Forrester of Oradell, N. J., who were in a four cornered tie for ninth.

Voigt, who had dreamed of stowing away the open title with the north and south amateur crown which he won last year, was a menace to the hopes of Smith, Armour and the other big shots throughout the opening day, but he faltered

yesterday and while he struggled to maintain the four stroke advantage he held Tuesday night, the machine like Smith gradually pulled up on even terms and then shot into the lead, never to be headed.

Golf Notes.

O. B. Keeler, the Atlanta expert, got his first glimpse of Smith in the north and south. His verdict is that the westerner is the best looking golfer he has seen in years.

A group of barnstorming caddies who have been making the rounds of the Florida tournaments, blew into town yesterday looking for work. They were all out of luck, colored caddies are the order here.

High lights of the women's golf world are gathering at Pinehurst for the north and south women's tournament next week. The event will draw a record entry list.

Hoover Plans Fishing Trips

Washington, March 28. — (AP) — Looking ahead to the weeks he will be held close to his desk by the special session of Congress, President Hoover's recreational hopes are centering on the trout fishing preserve recently selected for his use on the Rapidan river in the mountain of Virginia.

Only two reasonably free weekends remain before the date set for the convening of Congress, and he is arranging his plans with a view to spending the second of them, April 6th, with a small party of friends at his favorite sport in the Rapidan retreat. The Saturday after that is likely to be crowded with conferences incident to the meeting of Congress on the succeeding Monday, and probably will remain in Washington continuously during the early weeks of its session, at least.

TRAINING CAMP NEWS BRIEFS

Phoenix, Ariz., March 28. — (AP) — After puffing up the Cubs as the greatest baseball team ever to take the field, Bucky Harris and his Detroit Tigers licked them yesterday. It was the first victory for the Tigers in six games with the Cubs. The score was 11 to 10.

Phoenix, Ariz., March 28. — (AP) — Reports that Manager Bucky Harris of the Detroit Tigers would ask for waivers on Harry Hellmann,

star outfielder, because of his failure to observe training rules and regulations, were circulated today. Hellmann was benched during exhibition games with coast league teams, the Chicago Cubs and the Pittsburgh Pirates.

San Antonio, Texas, March 28. — (AP) — Skipper Donte Bush has decided his Pirate brig needs a lot of repairing.

Grantham has been switched from the outfield to second base. Traynor goes from short to third and Sparky Adams will be on short.

There are unmistakable signs an SOS will soon be sent to Oklahoma City asking Paul Waner to come in for a confab.

St. Petersburg, Fla., March 28. — (AP) — With a long barnstorming tour just ahead, Babe Ruth is getting ready to give the fans an exhibition of how he hits home runs. The first step in the preparation is to cure his blistered hands, one of his annual afflictions. He expects the blisters to disappear in a day or two and then he will be able to hold his bat "right" for hitting home runs.

San Antonio, Texas, March 28. — (AP) — The Giants are through their training grind, and their manager, John McGraw, has finally decided they are a good ball team. McGraw grew quite enthusiastic over the condition of his squad after the final practice game yesterday, although he would not predict it would bring the National League pennant to New York.

Tampa, Fla., March 28. — (AP) — Wilbert Robinson, portly Brooklyn manager, finally has something to feel cheerful about. Jake Flowers, his only second baseman, has changed his mind about having his appendix removed. Flowers found an operation on his tonsils was plenty and decided to wait awhile before letting the surgeon have another try at him.

Too Much Honking

Holyoke, Mass. — For ten minutes Mrs. Josephine Kozinsky honked before her husband came out to the car after getting refreshment. Thereafter husband was fined \$25. Wife complained that he hit her.

Mickey Walker To Fight Loughran

Chicago, March 28. — (AP) — Mickey Walker, the middleweight champion looking for more world's to conquer, tonight will attempt to match the triple title record of the great Bob Fitzsimmons by toppling Tommy Loughran from his light heavyweight throne.

The battle, billed to go ten rounds to a decision at the light heavyweight limit of 175 pounds, will open the largest and most luxurious sports amphitheatre in the world, Paddy Harmon's \$7,000,000 Chicago Stadium.

With both fighters superbly trained and confident, odds vacillated to Walker and then to Loughran. When the gladiators pull on the leather at approximately 10 p. m. (C. S. T.) however, odds were expected to be even.

For Walker, the match carries not only gold but the glory of equalling Fitzsimmons' record. Mickey once held the welterweight championship and the middleweight crown now rests jauntily on his head. Tonight, he seeks a new cornice for his Irish brow.

For Loughran, the fight meant vastly more than the light heavyweight title. The Philadelphia Adonis is out to succeed Tunney on the heavyweight throne and defeat tonight would put him several notches from his rank as a leading contender.

Loughran is to receive 55 per cent of the gross receipts. Out of this he must pay \$50,000 to Walker if he, Loughran wins or \$10,000 to Walker if he loses his title.

Society Brand Clothes

You're wearing an invisible suit of clothes!

Hidden beneath the suit you wear is another suit—the real suit—the framework of inner construction and tailoring on which all the rest depends.

If that part isn't well-made, the entire garment will fall into a premature decline. The collar will begin to wrinkle away from your neck. The lapels will flatten and lose their shape. The cloth around the armholes will buckle. The trousers will cease to hang straight.

In Society Brand Clothes none of these things can ever happen. Every detail is taken care of by a special exclusive process of tailoring.

Old Gold wins at Princeton

in a test of the 4 leading cigarettes

THE DAILY PRINCETONIAN

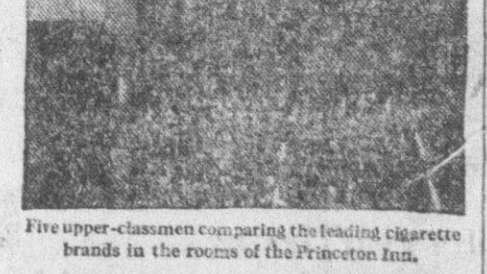

"The Daily Princetonian" was asked by the P. Lorillard Company, makers of OLD GOLD cigarettes, to conduct a test at Princeton to determine which of the four widest-selling cigarettes had the greatest taste appeal.

For the purposes of the test the four leading cigarettes were "masked" to conceal the brand names. Undergraduates were asked to smoke the four brands without knowing their identity. The cigarettes were numbered, and the men merely chose, by number, the one that appealed to them most.

The test was made at eleven Princeton upper-class clubs and at the Freshman Commons on January 11th to 16th. In all, 303 students smoked and compared the four cigarettes. The test was conducted in a perfectly fair and impartial manner.

The results show that "Cigarette W" won 75 first choices; "Cigarette X" won 74; "Cigarette Y" won 36; and "Cigarette Z" (which was OLD GOLD) won 118. The preference for OLD GOLD was 57% greater than that for the next highest brand.

CALL MONEY EASES UP ON N. Y. MARKET

Stock Prices Rally In Vigorous Style With Heavy Gains Reported.

New York, March 28.—(AP)—Call money became more plentiful today and stock prices rallied in vigorous fashion. Extreme gains of \$4 to nearly \$19 a share were registered by at least a score issues, with the general list showing gains of \$1 to \$3 a share.

Some profit-taking came into the market when the call money renewal rate was again posted at 15 per cent, but fresh funds quickly appeared from Canadian and other out-of-town banks, and the rate eased to 14 per cent in the "outside market", the rally in stock prices was immediately resumed. Total sales in the first two hours

were 2,295,000 shares as against 2,129,000 in the same period yesterday and 2,839,400 in Tuesday's record breaking session, with the tape only four minutes late at 1 p. m.

International Telephone, which has been moving upward all week when the rest of the market was slipping, soared \$18.75 to a new record high at \$297 but dropped back to around \$266 in the early afternoon on heavy week-end profit-taking. Radio, which sold as low as \$33 a share in Tuesday's break, ran up \$10 to \$107, or within \$2.50 of the record high established two weeks ago. Western Union climbed \$9.

An enormous demand developed for the oil shares as a result of the agreement of oil executives to curtail production. New high records for the year were established by the Pan American Issues and Standard Oil of New Jersey, while at least a dozen others advanced \$1 to \$2 a share.

To Investigate Woman's Death

Aurora, Ill., March 28.—(AP)—State's Attorney George D. Carbery announced today that he would ask Attorney General Oscar E. Salstrom to take over investigation into the death of Mrs. Lillian Deking, who was killed in her home Monday night by county dry raiders.

The State's attorney, who initiated the clean-up campaign that brought about the raid, had previously rejected all suggestions that a special prosecutor be appointed to conduct an inquiry.

Carbery said it was evident that friends and attorneys of the Deking family are "trying to create the feeling in Kane county that I would be unfair in handling this case."

"I would be fair throughout the investigation," he declared, "but there are those who would say I was protecting someone, or covering up someone, so I have decided to ask Attorney General Carlstrom to assume charge. I will give him every aid possible and I will be governed by what he thinks should be done."

The condition of Roy Smith, the deputy sheriff who shot Mrs. Deking after knocking her husband down with a rifle butt, was more critical last night, the hospital reported. He was shot in the leg by the Deking's 12-year-old son, Gerald. Smith's temperature was rising and blood poisoning was also feared.

Attorneys for Joseph Deking, the slain woman's husband, charged last night that the state's attorney was protecting Smith, withholding evidence and delaying an inquest and a grand jury inquiry.

NOTICE OF RECEIVER AND SALE
By virtue of an order made in that action pending in the Superior Court of Pitt County entitled A. E. Denton against Denton Drug Company and A. T. Denton on the 22nd day of March, 1929, the under-

signed was appointed receiver of the said Denton Drug Company a corporation and owners of the M-System Grocery Store and Denton's College Store and notice is hereby given:
1. That all parties having claims against either of the said stores or otherwise against the said Denton Drug Company are required by the said order to file the said claim with the undersigned within ninety days from date giving the date, the items and the amount and to whom delivered as required by the said order.
2. That all persons indebted to the said Denton's Drug Store or the said M-System Grocery Store are hereby given notice to pay the same at once at the respective places of business and take a receipt therefor or if not so paid the undersigned as receiver will report the same to the Court for further orders.
3. That the entire stocks of goods of the said Denton's College Store and the said M-System Grocery Store with all the fixtures and all that pertains thereto, including buying contracts, leases, vehicles, names and accounts uncollected including any and everything of every nature then in the possession of the said stores at the times of sale which can be made privately with the consent and approval of the Court before a public sale to be made of the same at the respective places of business on Wednesday, May the 22nd, 1929, at 11:00 a. m. at the M-System Store on Dickinson Avenue and 12:00 M. at the Denton College Drug Store on First Street, when a public sale will be made of what the said respective stores have separately. The said stores are open as going businesses and will so be at the time of sale and the said stores are open to inspection with the inventories which have been made and on file in the office of the Clerk of the Superior Court or the office of the undersigned.
This the 23rd day of March, 1929.

COTTON MARKET

New York, March 28.—(AP)—Cotton opened steady today at a decline of 2 points to an advance of 4 points. There appeared to be some overnight selling orders for execution at the opening particularly in May and July which tended to offset the influence of relatively firm cables. Offerings were readily absorbed by covering and some trade and commission house buying, however, and the market soon showed net advances of 9 to 15 points. May sold up from 20.68 to 20.78 and the new October contract advanced to 20.08. Reports of showers in the eastern belt may have brought in a little buying of new crop months, but weather in the west was considered favorable. Liverpool cable advices said the market there had advanced on foreign buying and covering but that

demand for cotton cloths was quiet, with a small to cover in yarns. Open High Low Close P. Close

The Pan-American issues and Standard Oil of New Jersey topped their previous high levels for the year. Houston moved up 4 points on top of a 10 point gain yesterday, and at least a dozen others sold 1 to 2 points higher. International Telephone, which is shortly to be split up on a 3 to 1 basis, continued its spectacular advance, soaring 19 points to a new high record at 279 but profit taking forced it back to around 268 in the early afternoon. Radio was the spectacular individual performer, soaring about 12 points to 109, or 26 1-8 points above Tuesday's low. Several large blocks changed hands around the high level, with short covering playing a prominent part in the advance. Burroughs Adding Machine ran up 12 points.
