THE WEATHER

Mostly cloudy tonight and Sunday probably showers in West and North portions warmer tonight; moderate winds.

REBEL FORCES MOVE TOWARD TOWN OF NACO

Battle Imminent Today As Insurgents Begin Closing In On Federals.

(By The Associated Press.)
Fighting along the Mexican border at Naco seemed imminent today as 3,000 rebel troops crept closer and closer to the town with outposts only eight miles away.

The 1,200 federal defenders of Naco were heavily entrenched and ready for battle.

Civilians in the American town of Naco probably will be requested to evacuate if a battle should develop.

The main federal army in central Mexico was concentrated at Escalon while rebel forces were reported on the march southward with the likelihood of a clash in that region shortly.

A decisive battle at Dachiniba pass south of Chihuahua city, rather than in the neighborhood of Escalon, was generally expected in Mexico City, the probability being that it would develop within a few days.

In Mazatlan the federals were on the offensive, heavy reinforcements for Mazatlan being enroute toward Culiacan, rebel stronghold in Sinaloa.

In Baja California federal activity also was reported, a large force of loyal troops preparing to harass the rebels in Sonora.

General Cruz, rebel commander who failed in efforts to capture Mazatlan was reported wounded in the arm.

Mexico City dispatches said that dissent among the rebel leaders had developed.

The "lost battalion" of 300 federal soldiers in Chihuahua has been lost to the government. The men are aware that Chihuahua City is in the hands of the rebels, marching unopposedly to that place where presumably they have been made prisoners.

General Escobar, rebel commander in chief, described ambassador Marrow as a "propaganda agent" for the "Calles regime" in a message to rebel diplomatic mission now in Washington.

Naco, Sonora, March 30.—(AP)—Twelve hundred loyal Mexican troops, entrenched here between two advancing rebel armies, today lined up for a long expected battle—one that is said to have been delayed because of the rebel Indians' refusal to fight during Holy week.

Activity in the trenches surrounding this border town became feverish in the early hours this morning after camp fires had appeared eight miles to the east. The fires were believed to be those of an army of 1,000 Yaqui Indians commanded by General Ramon Yucucio, from Agua Prieta.

West of Naco a column of rebels from the army of General Faustino Topete, governor of Sonora, was said to be advancing also. Topete, who is said to have control of 3,000 men strung between Del Rio, 30 miles from here, and the location of his vanguard, has been intimated to attack Naco for more than a week. Troops advancing from the west this morning were said to number between 1,000 and 2,000.

A troop train bearing several hundred rebel soldiers and four crude tanks, arrived at Agua Prieta from Macosari, Sonora, early this morning. The soldiers detained immediately and started at once on a 17 mile march to join general Yucucio's troops camped eight miles east of Naco. The tanks were converted tractors, protected by sheet metal covering, with "peep holes" cut at intervals, through which machine guns poked their muzzles.

The story that Yucucio's troops had refused to fight during Holy Week was published by the Douglas, Ariz., Dispatch this morning. The newspaper said, however, that since Holy Week technically ends at noon today, the much delayed battle of Naco was expected to begin shortly after that hour.

General Lucas Gonzalez, former secretary of war, took over the command of the Naco garrison a few days after Olachea announced adherence to the federal cause. Although he has made careful preparations against an attack he has created a disbelieve that Topete will move against him.

United States troops patrolling the border prepared to take steps to protect American lives and property in case of a battle. The town of Naco straddles the international line and has a population of about 500 on each side. The Arizona army has been filled with refugees from the Mexican side for days. The army officers indicated they would ask citizens to evacuate the town when the battle starts.

The federal garrison here is well fortified but isolated from any other federal troops, the nearest of which are in Chihuahua, Sinaloa and Baja California.

May Succeed Long

Paul N. Cyr, lieutenant governor of Louisiana, would succeed Gov. Huey P. Long, who faces impeachment, if the present chief executive were removed from office.

NOTED RABBI PASSES AWAY

Max Heller, Head Of Temple Sinai at New Orleans, Succumbs To Brief Illness.

New Orleans, March 30.—(AP)—Rabbi Max Heller, for forty years at the head of Temple Sinai of New Orleans and one of the most noted rabbis in the United States, died at a local hospital today after a brief illness.

Born in Prague, Bohemia, 69 years ago, he received his early education there and then took a bachelor of laws degree at the University of Cincinnati. In 1884 he became Rabbi at Union College, Cincinnati, and then served at Zion Congregation, Chicago, and Bethel Congregation, Houston, before coming to New Orleans in 1887. Two years ago, he became Rabbi Emeritus of Temple Sinai.

Since 1912 he had been professor of Hebrew and Hebrew Literature at Tulane University and was a leading writer of the American Israelite, Cincinnati, from 1902 to 1914.

Surviving are his wife and a son, Isaac Heller, New Orleans attorney.

Mother And Son Burned To Death

Elkton, Md., March 30.—(AP)—Mrs. Anna Mahoney, 82, and her son, Edward Mahoney, 53, died in a fire which destroyed their home at Pleasant Hill near here early today. Reports that neighbors heard shots before the fire was discovered started an investigation the theory that they might have been killed by robbers who set fire to the house to cover the crime.

The fire was discovered about 1:30 A. M. and a passerby gave the alarm which summoned the Elkton fire department, but the flames gained such headway while the fire apparatus made their seven mile run to Pleasant Hill that it was impossible to save the house. The bodies of Mrs. Mahoney and her son were discovered among the burning embers.

After the discovery, Guy Lewis, a farmer living nearby recalled having heard three pistol shots in the vicinity of the Mahoney home last night, two or three hours before the fire, and when this was reported an official investigation was started.

Cancel 349 Permits In Government Oil Field

Washington, March 30.—(AP)—Secretary Wilbur announced today that 349 permits for oil prospecting on government land had been cancelled, 941 applications for oil and gas permits had been refused and 326 holders of oil and gas permits had been called on to show cause why their permits should not be revoked.

Commissioner Spry, the land office in a report to the secretary said the interior department committee appointed to put into effect the oil conservation policies of the President had just begun to function and that in the next few days the "number of cases disposed of will increase very rapidly."

Secretary Wilbur said the general reaction to the conservation policy had been favorable although in several western states there appeared to be some organized opposition. He said that all cases that appeared to have been unjustly handled by the department would be reviewed in hearings which he expected to preside over.

PLANS VOYAGE TO NORTH POLE ON SUBMARINE

Captain Hubert Wilkins, Polar Explorer May Make Attempt This Summer.

New York, March 30.—(AP)—Captain Sir Hubert Wilkins, polar explorer, announced today, he was contemplating a voyage across the north pole by submarine, possibly this summer or next.

Commander Sloan Dannehower, technical expert of the Simon Lake Submarine Company, who plans to navigate the craft, said the submersible which is to be used, was being fitted out at the company's works at Bridgeport, Conn.

Sir Hubert said the idea of submarine trip across the Arctic sea had been in the minds of sub-designers and explorers since 1899 when Simon Lake advanced it. Stefansson and Peary both had considered it, he said.

"On the face of it," he said, "it seems risky. Still as a mathematical hazard I consider it no more risky—even less so—than an airplane flight over the polar seas."

The submarine would be equipped with a special diving lock through which a diver might be sent out to blast the ship free of retaining ice, Dannehower said. It also would have a bar sloping up from the bow to the conning tower to ease it under an unseen iceberg and carry a large quantity of chemicals to melt ice.

Commander Dannehower said the trip would be undertaken during July as at that time there are spaces of open water between ice fields through which the submarine could be navigated, submerging only when it encountered a barrier of ice.

"There is need for a submarine trip across the Arctic sea," Sir Hubert said, "to get some information on the depth of that ocean, and, if possible, to determine if the ocean is a conical depression or if it is shaped like a basin."

SECURITY AND COMMODITY MARKETS STILL CLOSED

New York, March 30.—(AP)—Security and commodity markets except the Grain Exchanges and the New York Produce Exchange, are closed today in prolongation of the Good Friday holiday. Banks and brokerage houses, however, remained open, the suspension of trading giving the Stock Exchange houses an opportunity to clear away work accumulated in the active trading this week.

Judge of Supreme Court Suspended At Oklahoma City

Oklahoma City, March 30.—(AP)—Chief Justice Charles W. Mason of the state supreme court by a vote of 28 to 7, was suspended by the state Senate today pending his trial on 11 articles of impeachment.

The court later suspended Justice Fletcher Riley by a vote of 28 to 6. Justice J. W. Clark was suspended yesterday.

The suspensions were voted upon petition of the House Board of Managers. Chief Justice Mason several days expressed an opinion that there is no constitutional provision for the suspension of impeachment justices, since vacancies would be created without means of being filled.

Efforts to find Michaelson since the news reached here Thursday of his indictment have failed. Federal officials said they were sure he would give himself up today. Neighbors said the Congressman and his wife left their home early yesterday and callers received no response all day.

The indictment, returned at Jacksonville last October, charged that liquor was brought into the country in "expedite order" baggage through the port of Key West on January 3, 1928, that it was seized at Jacksonville on or about January 6, 1928, after police reported that one of six trunks was leaking; and that after the liquor was confiscated and the trunks sent on, Congressman Michaelson claimed them in Washington, establishing the identity of the owner of the first time.

PINCHOT READY FOR HIS CRUISE

Former Gov. Gifford Pinchot and Mrs. Pinchot shown as they were making final preparations for a scientific cruise to the south seas. Their son, Gifford Bryce Pinchot, is the boy in center; the other is his chum, Stephen Stahlmecker. The boys will make the trip.

Marshal Orders Arrest Of Congressman Charged With Dry Law Violation

Chicago, March 30.—(AP)—Arrest of Congressman M. A. Michaelson was ordered today by United States Marshal Henry Laubenthal.

A deputy was given the warrant issued yesterday and told to bring the Representative to the federal building where he must post bond of \$2,000 pending a hearing for removal to Florida where he was charged with violation of the dry law.

Representative Michaelson was indicted in Jacksonville, Fla., nearly six months ago after two trunks he brought back from Havana were found in a station, leaking.

News of the federal action was given out day before yesterday in Jacksonville. In response to a request from that city district attorney George E. O. Johnson ordered that warrant issued here.

The Congressman's baggage passed the customs office because it bore an "expedite" order and might have arrived safely in Washington had not the leak been discovered by a Jacksonville policeman who reported the matter to federal agents.

Representative Michaelson was seen by neighbors leaving his home early yesterday with his wife. Calls to the house during the day brought no response, and today no one could be reached there. It was believed he had not left the city, however.

Chicago, March 30.—(AP)—Unless Congressman M. Alfred Michaelson, of Chicago, surrendered to Federal authorities today, United States Commissioner Edwin K. Walker announced he would send Deputy Marshals on a search for him.

A warrant for Michaelson's arrest was issued yesterday, almost six months after his indictment by a Florida Grand Jury on charges of possession, transportation and importation of liquor. Bond was set at \$2,000.

Efforts to find Michaelson since the news reached here Thursday of his indictment have failed. Federal officials said they were sure he would give himself up today. Neighbors said the Congressman and his wife left their home early yesterday and callers received no response all day.

The indictment, returned at Jacksonville last October, charged that liquor was brought into the country in "expedite order" baggage through the port of Key West on January 3, 1928, that it was seized at Jacksonville on or about January 6, 1928, after police reported that one of six trunks was leaking; and that after the liquor was confiscated and the trunks sent on, Congressman Michaelson claimed them in Washington, establishing the identity of the owner of the first time.

The delay in bringing action on the indictment was explained last night by United States Attorney George E. O. Johnson, who emphatically denied the reported statement of Washington that he had delayed arresting the Congressman in order not to embarrass him while Congress was in session.

On January 11, 1929, a copy of an indictment against M. A. Michaelson was received here. "On January 12, 1929, we advised the United States Attorney at Jacksonville, Florida that the defendant was a member of Congress and sug-

MEMBERS OF HOUSE STILL TALK RELIEF

Agriculture Committee To Continue Discussion Of Farm Issue Today.

Washington, March 30.—(AP)—The Senate Agriculture Committee took a day off from its farm relief hearing today and gave the House Committee, which began two days later than it did, a chance to catch up.

Taking advantage of this opportunity, the House leaders were prepared not only to work all day but continue the hearing of ideas from spokesmen for various branches of agriculture well into the night if necessary.

Chairman McNary of the Senate Committee, in announcing the decision to have no hearing today, explained that all of the out-of-town witnesses available had been heard. Louis J. Taber, master of the National Grange, will be heard Monday, he said, and he also hopes to hear Secretary Hyde next week.

Senator Watson of Indiana, the new Republican leader, meanwhile, has made it clear that farm aid legislation will be given right of way in the special session of Congress which begins April 15. At the same time, he took occasion to make an emphatic "answer" to complaints that President Hoover has not formulated the actual terms of the new bill and to statements that he might be induced to favor the Equalization fee which caused his predecessor to veto the two McNary-Halgen bills.

The new bill, Senator Watson declared, will follow closely the lines laid down in the Republican platform and in Mr. Hoover's campaign speeches at West Branch, Iowa, and Elizabethton, Tennessee, and will not provide for an Equalization fee. Mr. Hoover's campaign speeches called for establishment of a Federal Farm Board empowered to help cooperative marketing associations and build up stabilization agencies, with initial capital from the government but without a subsidy, fee or tax on the farmer.

Four Girls Drown When Car Plunges Into Ohio Stream

Mt. Gilcard, Ohio, March 30.—(AP)—Four girls were drowned early last night when their automobile plunged into a small creek near here. Their bodies were discovered after a truck driver noticed an automobile in the stream.

Two of the girls identified as Ruth Lukens, Marion, and Oda Michener, Waynesville. The accident is believed to have occurred last night. The watches of the three girls were stopped at 10 o'clock.

Residents in the vicinity said there was a heavy fog last night and it is believed that the automobile was driven into the stream as it rounded a curve because of the fog.

Says Ambassador Morrow 'Is Propaganda Agent For The President Of Mexico'

Juarez, Chihuahua, Mexico, Mar. 30.—(AP)—Dwight W. Morrow, U. S. Ambassador to Mexico, was described as a "propaganda agent" for the Calles regime by General Jose Gonzalo Escobar, Commander in Chief of the revolutionists, in a message to the rebel diplomatic mission now in Washington.

General Escobar asked the Mission to communicate the message to the State Department and to the American people.

"Ambassador Morrow has obvious business connections with General Calles which prevent him from realizing the regrettable error he makes by invading the exclusive jurisdiction of the Mexican people, thereby prejudicing American interests not only in Mexico, but in all Latin-America," the message said.

"The Ambassador, by converting himself into a propaganda agent by sanctioning in his official character the Calles version of imaginary federal victories and abused defeats and flights of the revolutionary army, seriously offends the Mexican nation," the declaration continued.

Escobar suggested the formation of a commission to investigate the "true motives of the inexplicable solidarity of Mr. Morrow and the liberty killing regime of Calles."

Missing Student

Barbara Pitcher, student of McGill University, Montreal, has been missing since March 21. A reward of \$5,000 has been offered. Police fear she had been kidnaped.

GIRL MISSING AT MONTREAL

Barbara Pitcher, Mysteriously Disappears From Hospital Where She Was A Patient.

Montreal, March 30.—(AP)—A wrong telephone connection and a sobbing girlish appeal "Come and get me, mother," today constituted the vague and only clue unearthed after a week of frantic search for 18-year-old Barbara Pitcher, McGill University student, and daughter of a prominent Westmount family.

Police said that about nine o'clock the night of March 21 when Miss Pitcher disappeared, the telephone rang in the house of H. W. K. Hale, Westmount. Mrs. Hale answered and heard a sobbing voice, evidently that of a young girl, saying: "Come and get me, mother." Mrs. Hale's daughter was at the time a patient in the Montreal general hospital and thinking it was she, Mrs. Hale asked excitedly, "Where are you?"

"I don't know where I am but come and get me, oh, come and get me," came hysterically over the phone, and the connection was lost. Mr. Hale was told by the hospital that it could not possibly have been his daughter who telephoned. The next morning when it became known that Barbara Pitcher was missing, he communicated with her family.

The information was withheld by the police until yesterday.

Postpones Hop-Off.
Mexico City, March 30.—(AP)—Lt. Colonel Oscar Morales Lopez who is on a flight from Texas to Guatemala City, today postponed his intended hop-off from Mexico City to the Guatemalan Capital until Saturday, April 6.

Alma City, Minn., March 30.—(AP)—Mrs. Joseph Lutz, 32, mother of five children today admitted that she killed her crippled husband with a shot gun last night as he sat in a chair with his back toward her.

Cruelty to her and the children, who ranged in age from 3 to 7 years prompted her act, Mrs. Lutz said in a statement given county attorney Sturmer. Immediately after the shooting Mrs. Lutz told neighbors that a prowler had broken into her house and killed her husband.

"Friday afternoon," Mrs. Lutz's statement said "my husband beat one of the children so severely that I couldn't stand it."

Woman Admits Murdering Her Infirm Husband

Chicago, March 30.—(AP)—A nationwide search was instituted today for Frank Burke, Detroit gangster. He has been identified, assistant State's Attorney David Stanbury said, as a member of the St. Valentine's Day massacre squad, the "man with a missing front tooth," who wore a policeman's uniform and carried one of the machine guns that killed seven members of the "Bugs" Moran gang.

Police do not believe that Burke was a member of any Chicago gang, but that he was brought here for the slaying.

Fire at Sydney.
Sydney, Australia, March 30.—(AP)—Fire, originating in the bonded warehouses of the harbor district, Friday did damage estimated at \$200,000. It was the biggest fire Sydney has seen in many years.

Fleety Eggs.
Washington, March 30.—(AP)—If Vice-President Curtis cares to see how many eggs he can eat tomorrow, his ice box is well equipped. Farmers in Parsons, Kansas have sent him 30 dozen.

FIRE WRECKS ROCKY MOUNT HOTEL ANNEX

Six Story Section Of Ricks Hotel Wiped Out Early Today; \$400,000 Loss.

Rocky Mount, March 30.—(AP)—Fire of undetermined origin early today gutted the six story annex of the Ricks Hotel here, causing a loss variously estimated at between \$400,000 and \$500,000.

Seventy guests who were staying in the annex, which contained 140 rooms, escaped in safety, according to hotel officials and firemen. Several women were overcome by hysteria or fainted and had to be carried from the hotel they said, but none suffered injuries. Several firemen suffered slight burns and cuts.

Hotel authorities said that a check of the records showed that all guests and been accounted for but fireman planned to make a thorough search of the ruins when the smoldering remains cooled sufficiently for them to enter the structure. At 9 o'clock this morning several streams of water were still being played on the smoking ruins and a steady rain was falling. The flames were extinguished several hours earlier after the fire departments from Tarboro and Wilson had sent units to aid the local fire fighters.

The addition was connected with the main hotel by sun-parlors. The main structure, though suffering damage by water and smoke, was being used today. In addition to the annex the fire destroyed a number of business establishments on the ground floor of the structure, including the local office of the Western Union, a cafe and coffee shop, a news stand, billiard parlor, offices of two doctors a tailoring and pressing shop and a large storage room. A barber shop in the basement was flooded.

The flames were discovered between 12 and 1 o'clock near the elevator shaft on the fourth floor of the annex. They spread to the roof and then started burning downward, being checked only after completely gutting from the second-story up.

T. L. Brand of Rocky Mount and barber shop in the basement was spending a few days in the annex and both he and his wife lost all of their personal effects. W. A. Meadows, lessee and operator of the hotel, and his wife also lost their effects. Guests were said to have escaped in most instances with their belongings.

During the fire a large electric transformer at the hotel fell pulling down several light poles and throwing electric wires on the streets and sidewalks in the vicinity. None of the throng of onlookers was hurt however. The loss was said to have been partly covered by insurance.

Woman Admits Murdering Her Infirm Husband

Alma City, Minn., March 30.—(AP)—Mrs. Joseph Lutz, 32, mother of five children today admitted that she killed her crippled husband with a shot gun last night as he sat in a chair with his back toward her.

Cruelty to her and the children, who ranged in age from 3 to 7 years prompted her act, Mrs. Lutz said in a statement given county attorney Sturmer. Immediately after the shooting Mrs. Lutz told neighbors that a prowler had broken into her house and killed her husband.

"Friday afternoon," Mrs. Lutz's statement said "my husband beat one of the children so severely that I couldn't stand it."

Begin Search For Chicago Gangster In Gang Massacre

Chicago, March 30.—(AP)—A nationwide search was instituted today for Frank Burke, Detroit gangster. He has been identified, assistant State's Attorney David Stanbury said, as a member of the St. Valentine's Day massacre squad, the "man with a missing front tooth," who wore a policeman's uniform and carried one of the machine guns that killed seven members of the "Bugs" Moran gang.

Police do not believe that Burke was a member of any Chicago gang, but that he was brought here for the slaying.

Fire at Sydney.
Sydney, Australia, March 30.—(AP)—Fire, originating in the bonded warehouses of the harbor district, Friday did damage estimated at \$200,000. It was the biggest fire Sydney has seen in many years.

Fleety Eggs.
Washington, March 30.—(AP)—If Vice-President Curtis cares to see how many eggs he can eat tomorrow, his ice box is well equipped. Farmers in Parsons, Kansas have sent him 30 dozen.

FOOT RACES GET UNDER WAY SUNDAY

New York, March 30.—(AP)—A circus will leave tomorrow on a four month journey across the country, led by the master baker and promoter, Charles C. Pyle, with his own tent, seven truck loads of paraphernalia side shows, vaudeville performers. Hot dog men and blister ache bewatch. Last year he conducted a cross country foot race with 55 finishers. They came from California across the Rocky Mountains, searing deserts, through 350 towns and cities, over sand, had, concrete and pavements into New York. This time they will reverse the process because Pyle believes he has found a more profitable route. The first contest, with its \$48,500 in prize money, cost Pyle \$100,000 and no end of troubled moments.

Thirty of last year's finishers will be in the Natty field that breaks out of Columbus Circle at 3 p. m. tomorrow for Elizabeth, N. J., first of the 80 stops on the way to Los Angeles. From Elizabeth, the runners head for the coast by way of Philadelphia, Baltimore, Uniontown, Pa., Wheeling, W. Va., Columbus, O., Springfield, Ill., Indianapolis, St. Louis, Muskogee, Okla., Dallas, Texas, Fort Worth, Texas, Phoenix, Ariz., San Diego Calif. The daily trek will range between 30 and 75 miles, averaging 45. Andy Payne, Oklahoma farm boy, winner of last year's grind, has "turned the spig" and will ride as a performer in the vaudeville sideshow. A dozen nations and 30 entries overseas are among the runners who will pay all their own expenses in addition to an entry fee of \$300 for the privilege of competing for the \$60,000 in prize money.

Last year Pyle exacted a fee of \$125 from each entry and paid back \$100 as the runners dropped out or finished the race. The result was an inexperienced field of 199 that had the promoter close to ruin and almost perished in the deserts near the start.

Towns along the way have deposited \$60,000 to my credit in their banks.

They're going to get it back from a percentage from the profits in the sideshow. From coast to coast along the way merchants are planning field days and sales when we arrive, schools will be let out, folks come into town from hundreds of miles around, my race is the biggest thing in their lives.

"This trans-continental race in time will be the biggest annual sporting event in America. Ever, runner of importance in the world will compete.

Next year first prize will be \$50,000, then \$75,000, then \$100,000, then—

A bleated entry appeared at the door with a \$300 entry fee. Mr. Pyle asked to be excused.

Tunney Active.
Seville, Spain, March 30.—(AP)—Mr. and Mrs. Gene Tunney have been watching Easter tide processions and visiting Monasteries. Gene was unable to accept an opportunity to visit a Matador's bull ranch.

"I'm Alone" Was Heavily Insured

London, March 30.—(AP)—The run-running Canadian schooner "I'm Alone," sunk by a U. S. Coast-guard cutter, is understood to have been insured for a considerable sum in the London Marine Insurance market.

The terms of the policy covered the risk of confiscation.

The question which the underwriters will have to consider is whether the sinking comes under these terms. It is said in city insurance circles. Payment of the insurance will depend on the result of inquiry into the incident. The exact amount of the policy, for which a high premium is reported to have been charged could not be learned. The policy is reported to have been in force for sometime.

ADVOCATES REFORESTATION OF POOR GRADE FARM LAND

Washington, March 30.—(AP)—Reforestation of low grade farm lands at the expense of the federal government was advanced today by G. F. Holsinger, president of the Virginia Farm Bureau Federation, as a means of curtailing excess farm production.

Appearing before the House agricultural committee, Holsinger said he believed removal of marginal land from production would cut down the surplus sufficiently to increase the prices received by the farmers.

GENERAL FRANK PARKER TRANSFERRED TO CHICAGO

Washington, March 30.—(AP)—Major General Frank Parker who has been assistant chief of staff in charge of operations and training at the War Department was assigned today to command the 6th Corps Area at Chicago relieving Major General Paul B. Malone. General Malone will sail from New York May 3 for the Philippines to take command of the Philippine Division of the Army.

CHARGES NOT DISMISSED AGAINST THE CREW CANADIAN RUN-RUNNER

New Orleans, March 30.—(AP)—Edmond Talbot, United States District Attorney, said today there was no foundation for reports that charges against Captain Thomas Randall and his crew of seven men from a Canadian run schooner "I'm Alone," sunk by coast guardsmen in the Gulf of Mexico would be dismissed.

Despite official denial, however, reports persisted that the charges would be dropped at a United States Commissioner's hearing next Tuesday.

The men are charged with conspiracy to violate the prohibition act.

Captain Randall, Canadian skipper, is additionally charged with interfering with a customs agent in his boarding duties. He is under \$500 bond. Coast guardsmen charged that he tried to prevent them from boarding his ship by drawing a pistol and threatening to use it if they attempted to search the "I'm Alone."

The Portland-Seattle section of the San Francisco-Seattle airway is now under construction, with contracts calling for completion of the work within 110 days.

TRAINING CAMP NEWS BRIEFS

Fort Worth, Texas, March 30.—(AP)—Bearing a scar of battle himself, John J. McGraw led the undefeated Giants into this city today to resume his "series" against the Chicago White Sox, already twice defeated by the New York team.

The Giant manager was nursing a bruise inflicted by an eccentrically thrown ball which struck him on the head just before the game yesterday as he sat on the bench. He saw the ball coming just in time to avert his head enough to escape serious injury.

Jacksonville, Fla., March 30.—(AP)—Ready to begin their sortie through various minor league teams of the southland, the world champion Yankees arrived here today from their base at St. Petersburg, where camp was broken yesterday. Miller Huggins said that Leo Durocher, New England Frenchman, had won shortstop honors over Lyn Lary, the expensive addition to the Yankees from Oakland of the Pacific Coast League.

West Palm Beach, Fla., March 30.—(AP)—The Brooklyn team was encouraged today by the return of Glenn Wright from a successful visit to a specialist.

The former Pirate shortfielder participated in the Robins winning rally for four runs in the ninth yesterday to the extent of walking in as a pinch batsman and scoring a run. An injured arm had prevented him playing hitherto.

Winter Haven, Fla., March 30.—(AP)—The Phillies have finished with major league opponents in the south and soon will begin the trek north. They played 11 games and broken ever, having tied the last. Manager Shotton says he expects Bengie Willoughby, Ferruson, McGraw, Roy and Collins, right handers and Sweetland and Milligan, left handers, to do most of his pitching.

Fort Myers, Fla., March 30.—(AP)—Connie Mack, veteran boss of the Athletics, is homeward bound. Two of his regulars, Lefty Grove, pitcher, and Jack Boley, shortstop, are accompanying him to Philadelphia, where they will undergo medical treatment. Grove is unable to grip a ball because of a malmed finger on his pitching hand and Boley's arm, sore since he started training, has not yielded to treatment here.

St. Augustine, Fla., March 30.—(AP)—The worries of Manager Jack Hendricks concerning his Cincinnati Reds outfield appear to be at an end. The Reds took on the Montreal Royals at Daytona Beach yesterday and largely through the work of Allen, Purdy and Crabtree, won a 5 to 4 decision. The outfield trio scored four of the five runs and secured five of the twelve hits. Allen and Crabtree each contributing a home run.

FIRE AMBULANCE DRIVER FOR HITTING PATIENT

Atlanta, Ga., March 30.—(AP)—The hospitals and charities committee of the city council last night discharged G. T. Gunter, a Grady Hospital ambulance driver, after the latter admitted he had struck a patient "to quiet him."

The patient, H. G. Shirley, was suffering from injuries received in an altercation with a fellow employe at a dairy company. Harry Helmer, President of the Dairy Company told the committee he had overheard Gunter and Dr. W. R. McGinty, an interne, say that "such treatment in some instances was better than medicine." McGinty denied this. Grady Hospital is a municipally operated institution.

SEGRAVE GETS CUP, FROM CURTIS

Maj. H. O. D. Segrave, new automobile speed record holder, receives trophy from Vice President Curtis in Washington. At right is Mayor E. H. Armstrong of Daytona Beach, Fla.

CAPTAINS OF CO-ED RIFLE TEAMS

Helen Taylor (left) is the star shot and captain of the George Washington university co-ed rifle team, which will compete in the national girls' rifle team championships. Hazel Kreider is captain of the Maryland university team.

Loughran Gets Small Sum In Walker Fight

Chicago, March 30.—(AP)—Tommy Loughran goes the distinction of risking a pugilistic crown for probably the lowest financial figure since the catfished act succeeded from a back alley free-for-all to the realm of big business.

All the left handed Philadelphia leather pusher received for successfully defending his light-heavyweight championship against the onslaughts of Mickey Walker in the new Chicago stadium Thursday night was a gross purse of \$15,250.

When training expenses and his manager's share are deducted from this amount, Loughran's purse will probably have dwindled to approximately half of that figure and may be less.

Loughran's queer predicament was caused by one of the strangest contracts of modern boxing—a contract that was conceived by Paddy Harmon, who made his debut as a boxing promoter in the match. Under it, Loughran received 55 per cent of the net receipts. Of this, he agreed to pay Walker \$50,000 as his purse if he Walker lost and \$10,000 if Walker won. In addition, Loughran agreed to pay \$12,750 for the semi-windup bout between Tuffy Griffiths and Leo Lomski.

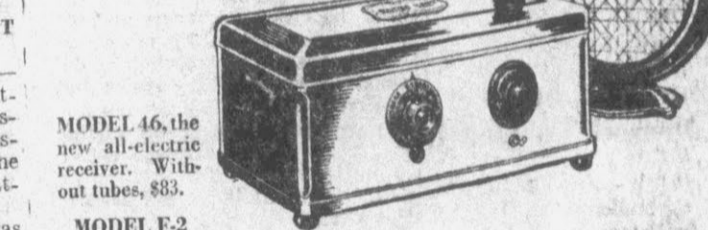

Thus, the financial settlement was: Attendance, 14,554. Gross receipts, \$186,267. Net receipts, \$141,890. Walker's purse, \$50,000. Semi-windup purse, \$25,000 (\$12,750 paid by Loughran).

Loughran's purse, \$15,250. Stadium's profit, \$24,530. Jack Kearns, Walker's manager, failed in his protest the decision of the two to one verdict for Loughran before the Illinois State A. C. late yesterday. Kearns argued the fact that Referee Davey Miller gave four rounds to Walker, one to Loughran and the rest even and that his commission decided the judges, Eddie Klein and Phil Collins, who voted in Loughran's favor, were competent.

Postpone Game.
Sallybury, March 30.—(AP)—The Elton-Catawba baseball game scheduled here today has been postponed on account of rain and cold weather. It was announced this morning. The contest will be played at a later date.

ATWATER KENT RADIO

MODEL 46, the new all-electric receiver. Without tubes, \$83.

MODEL F-2 (Electro-Dynamic) speaker, \$34.

ELECTRO-DYNAMIC

You sense quality in its finer tone and simplicity

It takes the "know how" to make a radio as fine as this new Atwater Kent Electro-Dynamic. A set made less skilfully could not give you that richness, that utter fidelity of tone. Now you hear the low notes as well as the high notes, and the overtones and harmonics—too often lost—that give music its quality. Volume? You can fill a hall, or bring intimate music for your ear alone.

In its simplicity, too, you see the care that has gone into the new set. One switch and one FULL-VISION Dial are all you touch. One cord takes electricity from the lamp socket. The table model and the compact console are easily placed. Or, if you prefer a fine wooden cabinet, we have that too.

Yet, with its finer tone and other advantages, this new and better radio costs less than people expected to pay for genuine Electro-Dynamic reception. Atwater Kent big-scale production, necessary to meet the great demand, is the reason.

Red Lion Cabinets and Atwater Kent Radios
Here is value extraordinary—in the very latest Red Lion-Atwater Kent complete ensemble.
Model 155 is a graceful high chest type—most convenient for operating and correct for sound diffusion, with special built-in-board construction.
Price complete, except tubes \$157.50

Social & Personal

Archie Sugg of U. N. C. is spending Easter with his parents, Mr. and Mrs. H. C. Sugg. He was accompanied home by John Wessell of Wilmington, who is also a U. N. C. student.

Mrs. J. H. Rose and little daughter, Ruby June, are spending Easter in Franklinton.

R. W. Gorman and George Clapp left this morning for a business trip to Norfolk and Newport News.

Miss Kathleen Spain is home from High Point to spend the Easter holidays. Misses Louise Whit of Windsor, and Nancy Arnold of Newton, Ga., accompanied her home for a visit.

Rev. and Mrs. L. R. O'Brian and daughter, Margaret, spent a pleasant day Friday, visiting friends in Mount Olive. Miss Frances Summerlin returned to Greenville to spend the Easter season with them.

Misses Willard and Christine Whichard left today for Suffolk, Va., where they will visit relatives of Miss Willard Whichard.

Miss Mary Whitehurst, Mrs. R. J. Barber and little son, of Hamlet, are visiting in this city at the home of Mrs. Z. M. Whitehurst.

S. F. Allen left today for Shelby to spend Easter with relatives.

Love Of A Pretty Merry Maid.

Once a pretty young maid went out to take a walk. She met a young man and they both began to talk. Then soon she finally said "I guess I'll have to go." And the gentleman spoke up, "Oh, you know you haven't. Oh, no." But it's getting dark, said she; and mother might get angry with me. "Oh, she won't care," (said he). Come sit with me Over there, by that old oak tree.

"Do you love me, pretty maid?" the inquisitive young gentleman finally said.

"Why do you ask?" said the pretty young maid.

Do you love me by my pink sunshade?

No, no, said the gentleman, not by your sunshade.

But by your beauty as a pretty merry maid.

Well, thanks, but I'll have to be going now, young gentleman, said she.

"Well, will you be my bride?" said he.

(She): "You are silly as you look!" said she.

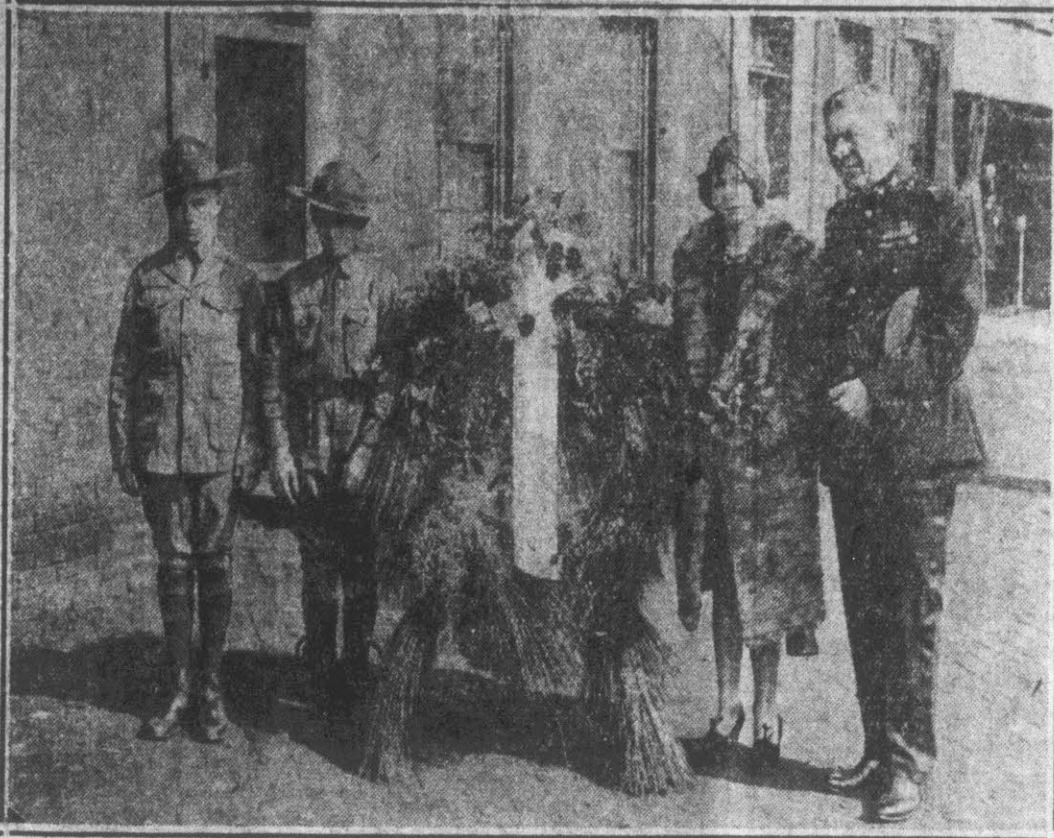

Met be your bride-to-be.

(He): I-I, oh, well, my way of making love is wrong.

So I guess I'll have to go. "So long."

—Elizabeth Earle Baker.

LOCAL GIRL TAKES PART IN NATIONAL CELEBRATION

In the above picture are shown, from left to right, Boy Scouts Elwood Fisher and Charles Skippin, Miss Helen Forbes White, of this city, and General George Richards, U. S. Marine Corps. The picture was made in Washington, D. C., during Miss White's recent visit to that city at which time she took part in the national observance of Washington's birthday. Miss White, in behalf of the North Carolina units of the Children of the American Revolution, presented to General Richards a wreath, which later the Boy Scouts placed on the tomb of George Washington at Mount Vernon as a part of the patriotic celebration. The wreath presented

by Miss White was made of long leaf pine, trailing cedar and many other evergreens native to North Carolina. At the top of the wreath was a spray of flowers from which fell ribbon streams bearing "North Carolina C. A. R." in letters of gold. Miss White had as her escort on this occasion Lieut.-Commander R. W. Shrum, U. S. N., chaplain of the President's yacht, Mayflower. The North Carolina representatives including Miss White and her party were accorded many honors while in the capital city. Mrs. Charles Fisher Taylor, Jr., was hostess at the North Carolina table at the celebrity breakfast of the Pen Woman's League, of which she is a member, having as her honor guests Miss White and Lieut.-Commander

Shrum. Miss White also acted as flag bearer on this occasion. Later Miss White and her party were guests of Lieut.-Commander Shrum aboard the presidential yacht, Mayflower. During her stay in Washington Miss White again represented her state when she headed a delegation of North Carolinians in a pilgrimage to the tomb of the late Woodrow Wilson in Bethlehem Chapel, of National Cathedral. Rev. Raymond Lee Wolven, the bishop's canon, delivered a prayer at the brief ceremony after which Miss White placed at the tomb a wreath of similar design made of evergreens native to the state in which Woodrow Wilson matriculated as a university freshman at Davidson College.

NO SERVICES TONIGHT AT METHODIST CHURCH

There will be no services at Jarvis Memorial M. E. Church tonight.

Ladies Aid To Meet

The Ladies Aid Society of the Immanuel Baptist Church will meet Monday afternoon at 3:30 in the ladies' parlor of the church.

Missionary Society To Meet

The Woman's Missionary Society of Jarvis Memorial M. E. Church will meet Monday afternoon at 3:30.

Masonic Notice

Greenville Lodge No. 284 A. F. & A. M., regular communication Monday night, April 1st, 1929, at eight o'clock. Program.

Mrs. Tom Gorman III

Friends of Mrs. Tom Gorman Jr. will regret to learn that she is quite ill at her home on Eighth street.

Special Easter Services

There will be special Easter services at the Epworth League at Jarvis Memorial M. E. Church tomorrow evening at 6:45 o'clock. A cordial welcome is extended to all boys and girls who are home from college for the holidays.

Card of Thanks

We desire to use this method to let the good people know that we sincerely appreciate the many kind deeds and acts done for husband and father during his recent illness and death.

Mrs. B. F. Manning and Family.

Reception Of Members

Those wishing to unite with the Methodist Church will be received Sunday morning at the Sunday school hour. The Sunday school teachers are asked to assemble their classes in the classroom promptly at 9:45 and be ready to go to the main auditorium at 10:05 for the reception of members into the church.

ARTCRAFT DEMONSTRATION AT THE WOMAN'S CLUB

Miss Schaeffer, Dennison instructor, will be at the Woman's Club here next Tuesday, Wednesday and Thursday to give free instructions and demonstrations in artcraft work. Classes will be conducted from 9:30 a. m. to 4:30 p. m. on each of these days. These demonstrations and study classes are free to every woman in Pitt county and it is to be hoped that as many as possible will avail themselves of the opportunity to attend. Among the subjects to be covered by Miss Schaeffer are Glorified Glass, crystal trees, plaques, novelties, flowers, paper favors and decorations, dolls, crepe twist bags and basketry.

CHURCHES TO GO ON SUMMER SCHEDULE BEGINNING APRIL 1

Beginning with April 1st all the churches in the city will begin their summer schedule by the evening services beginning at 8:00 o'clock.

PETROLEUM PRODUCTION SHOWS RECORD INCREASE

Washington, March 30.—(AP)—Petroleum production in the United States for February amounted to 75,000,000 barrels, a daily average of 2,700,000 barrels and a new record in output.

The increase was placed by the bureau of Mines today at 14 per cent above the figures for the same month a year ago, and an increase over January of this year of 59,000 barrels per day.

The net result of the higher oil production in a seasonal period of low consumption was a marked increase of stocks on hand, particularly of Crude Petroleum and gasoline. The daily output of gasoline in February was 1,117,000 barrels, a slight increase over January, but an increase of 21 per cent over February 1928.

Lights on the La Crosse-Twin Cities airway will be turned on in the next few weeks to aid night fliers between Chicago and the Minnesota cities.

Dr. W. L. Davis, eye specialist, will be with Walters Jewelry Co., Monday, April 1st, the best optical service at very reasonable prices. 29-21

Construction Of New Library Is Now Under Way

Construction work has started on the new public library building on Evans Street school property. The building will cost in the neighborhood of \$120,000 and will house the library until a larger and more commodious quarters are provided in future years.

The structure will be built of wood and shingles. The library is now housed on Evans Street below Five Points. It has been in this location since the fire sometime ago that destroyed the Evans Street School building which had been the home of the library for many years.

The appropriation for the new building was authorized at a recent session of the board of aldermen.

Library Has New Books For Boys

On Friday the Greenville Public Library placed in circulation fifty books for boys and girls. The books for boys were chosen from a list of fifty best books for boys published during 1928, selected by Franklin K. Mathews, national Boy Scout leader. These have been placed on a convenient shelf. Boy Scouts and their leaders are invited to use and enjoy them. Some of the titles are: Guide to Wild Flowers, Taylor; Boy's Book of Camp Life, Jessup; Boy's Book of Airmen, Crump; Boy's Ben Hur, Wallace; Mystery Tales for Boys and Girls, Smith; Cowboy, Sauter; Dewey, Evans; Ghoul, the Hunter, Muckenji; Flying W, Mystery, Ames; Matu the Iriquois, Cheyney; Smoky, James.

Steps Out Of Role Of Hero Into Jail

Omaha, Neb., March 30.—(AP)—Ben Nodiere, seaman on the S. S. America at the time of her thrilling rescue of the foundering Florida's crew, last night stepped out of a hero's character and into the city jail.

Reacting bitterly against the fate which incarcerated him on an assault and battery charge, he exploded the myth of his much sung deeds. According to history, the halo of heroism had been conjured by a Philadelphia newspaper, which exploited his participation in the rescue as a member of the life boat crew in a featured but wholly imaginative tale. It failed to reveal that he watched the entire proceeding from the America's deck.

He had since been feted in Philadelphia, his home town, but came to Omaha two weeks ago to escape the ardors of hero worship. His arrest followed an altercation with E. H. Thompson, a government mail employe.

FEDERAL PLANE SHOT DOWN AND PILOT KILLED

Jaurez, Chihuahua, March 30.—(AP)—A government airplane was shot down and the pilot killed in a federal air raid on the revolutionary base at Jimenez early today, said a dispatch received at the rebel headquarters here.

and legislation for limited changes of the tariff in justice to our farmers, our labor and our manufacturers." Not a word about justice to the mass of consumers, it is to be noted. But the consumers are never thought of when tariff tinkering is in prospect.

It was to have been expected that tariff legislation affecting agricultural products would be included in whatever farm-relief plan the President would submit or approve. He belongs to the school of political and economic thought which holds that tariff protection of agricultural products is an essential of effective farm relief. That is Republican doctrine, and Mr. Hoover was elected as a Republican and evidently means to train with them in the future.

But in opening the way for tinkering with the tariff on manufactured articles in the same session the President runs the risk of seeing whatever benefits that might accrue from his farm-relief plan nullified by upward revisions in the tariff on already highly protected finished products. His call for the special session mentions "limited changes of the tariff," but when the tariff hogs are invited to come to Washington for a new feed it will be difficult to hold the limits down. They have been looking forward to an old-fashioned wallowing in tariff-made profits, and Mr. Hoover will have difficulty in saying them nay.

Another good memory test is to sit down and recall the things you were worried about at this time last year. — Washington Post.

Now that both short hair and long hair are popular, military would welcome an authoritative reallocation of wave lengths. — Arkansas Gazette.

THE SPELL OF EASTER
 By the Rev. Charles D. Bull, D. D., (Associate) Sunday School Editor, Methodist Church, South, Nashville, Tenn.
 Resurrection! Immortality! Eternal life! These words bleed at Easter time. Before Jesus came the world wrote "Ne plus ultra" (nothing beyond) on its sepulchers. The Prince of Life broke the Roman seal from within the tomb in the garden. Now we write "Plus ultra" (something beyond) across the face of death.

There is ample evidence in support of the fact of the resurrection; but we need not concern ourselves overmuch about proving the fact that Jesus rose from the dead. We know that He is alive!

When the homing pigeon a thousand miles out at sea is released, it rises and circles and circles and rises in confusion until it gets its bearings; then with the speed of an airplane it flies on a bee line toward its far away home.

Easter with its empty tomb is the pole-star of lone voyagers on their way to the city of sight. An interesting story is told of the fisher folk on the Adriatic sea. When brave men are toiling in their little boats on the dark waters, the lonely women of their homes go to the shore and with sweet voices sing a verse of a hymn. Then they wait and listen. When they hear the voices of the fishermen singing the next verse in response their hearts are comforted. Though separated by the floods, husbands and fathers, wives and children are one in the fellowship of love.

The spell of Eastertide is upon us. Our loved ones are near.

TARIFF TINKERING INVITED
 In his call for a special session of Congress President Hoover states the object is to "enact legislation to effect further agricultural relief

the biggest seasons in years checked up to our credit.
 "The boys are determined to make a better showing than last year and to make this possible some mighty good playing is in the offing."

\$100.00 in cash prizes to be given to school children for best suggestions on a "Bigger and Better Greenville" ought to attract numbers of youthful writers," observed a business man today.
 "The contest offers the youth a chance to show how he is thinking about the future of the community in which he lives. It should also inspire older people to look about them and see what has been neglected in this direction.
 "The awards are sufficiently attractive to draw the attention of numbers of young men and women and it is hoped as many as possible will take part."

"We still have plenty of airplanes left for out subscribers," mentioned the manager of the department of circulation of the Daily Reflector today.
 if your subscription has expired

let us have your renewal at once. This will entitle you to an airplane, one of the latest inventions on the market for modern youth.
 "Or if you have never been a subscriber, why not join the happy family of readers. You will also be given an airplane. Think the matter over and act while this opportunity is offered the public."

"We are planning to ship two more carloads of hogs from Greenville next week," said E. F. Arnold, director of the Pitt county farm department today.
 "This will make the fifth carload of the season and will result in the growers receiving checks that should prove very helpful during the long summer months ahead.
 "Hog raising is on a splendid increase at Pitt county at this time and we are hopeful the next several months will see the growth as great as the past year."
 "We hope as many high school children as possible will participate in the essay contest being put on by the Cotton Growers Association."

AT BALL IN HONOR OF NEWLYWED ROYALTY

Prince Olaf of Norway (center) and his bride (at his right) attending the ball of the Swedish royal life guards in their honor. The affair was attended by most of the members of Scandinavian royal families. Left to right: Colonel Cullenstein of the guards; Princess Ingeborg, Princess Martha, Prince Alf, Crown Princess Louise, Princess Margaret and Crown Prince Gustav Adolf.

declared a member of the organization today.
 The contest is an effort to increase interest in the art of composition and at the same time enable the students to gain a more thorough knowledge of the subject matter.
 "If you are in the high school, make an effort to win one of the prizes. You will also enjoy the distinction which such an accomplishment would insure you."

BODY FOUND IN RIVER BELIEVED TO BE THAT OF MISS FRANCES SMITH

Springfield, Mass., March 30.—(AP)—Efforts were made today to determine through dentistry whether a body found in the Connecticut river at Long Meadow was that of Miss Frances St. John Smith, missing Smith College student.
 Dr. Q. J. Woods of Pelham, N. Y., told Dr. Carlton F. Pooler of this city, acting in behalf of the police, that a description of the dental work on the body corresponded with some he had done for Miss Smith. Dr. Woods agreed to come here to view the body.
 Authorities felt more certain than ever that the body was that of Miss Smith, daughter of a wealthy retired New York broker. She disappeared from Smith College at Northampton, Mass., on January 13, 1928.
 Word from New York City that the family of Miss Smith was not inclined to believe the body might be that of their daughter did not diminish the belief of investigators that they were on the right track.
 Alice Corbett of Utica, N. Y., another Smith College student, disappeared on November 13, 1925, but the police did not believe the body found yesterday had been in the water much more than a year.
 Miss Corbett's disappearance was as complete as that of Miss Smith, despite a multitude of clues neither girl was ever definitely known to have been seen after leaving the college grounds.

WET AND DRY FIGHT TO BE DECIDED AT POLLS

Milwaukee, March 30.—(AP)—Another wet and dry fight, viewed by both sides as having an important bearing on Wisconsin's future course in enforcement will be decided at the polls next Tuesday.
 By a "yes" and "no" vote, the state's citizenry will express its attitude toward the Seversion law, state prohibition enforcement act, and a proposal to eliminate the penalties for manufacturing and sale of beverages of not more than 2.75 alcoholic content.

NOTICE OF MORTGAGE SALE OF REAL PROPERTY

Under and by virtue of the power of sale contained in a certain mortgage executed to the undersigned mortgagee by W. Z. Morton and wife, Clara Morton, on the 20th day of Sept., 1926, and of record in

the public registry of Pitt County in Book F-16, at page 25, and securing a certain note of even date and tenor therewith and default having been made in the payment of the said note and the stipulations contained in the said mortgage not having been complied with and at the request of the holder of the said note the undersigned mortgagee will on

Monday, the 29th day of April, 1929 at 12 o'clock, noon, in front of the courthouse door in the town of Greenville, N. C., offer for sale to the highest bidder for cash the following described real estate, to-wit:

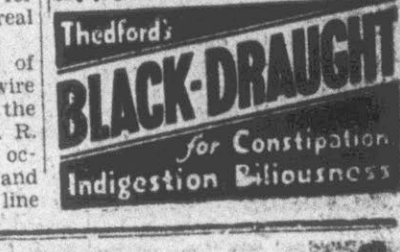

Beginning on the North side of Bonner's lane, in the line of a wire fence, between Pitt Street and the right of way of the A. C. L. R. R., just east of the house formerly occupied by J. T. Move, colored, and wife, Clara Morton, on the 20th running East with the Northern line

of Bonner's lane 92 feet to a store building occupied by the Colored Elks' Lodge, and also used as a barber shop; thence North with the line of the said building 165 feet more or less to the line of the lot owned by T. E. Hooker and W. Z. Morton, thence west with their line 92 feet to a stake in the said line, thence in a southerly direction 195 feet more or less to the beginning, and being the lot of land conveyed to W. Z. Morton by F. C. James, commissioner, by deed recorded in Book S-13, page 154 of the public registry of Pitt County, referred to which is hereby made. Saving and excepting about 30 feet of said lot which was conveyed to J. T. Bone on May 1, 1922, recorded in Book E-14, page 249.
 This the 27th day of March, 1929.

FELT SO DIZZY SHE STAGGERED

Began Taking Black-Draught and "Felt Fine." Says Complexion Improved.

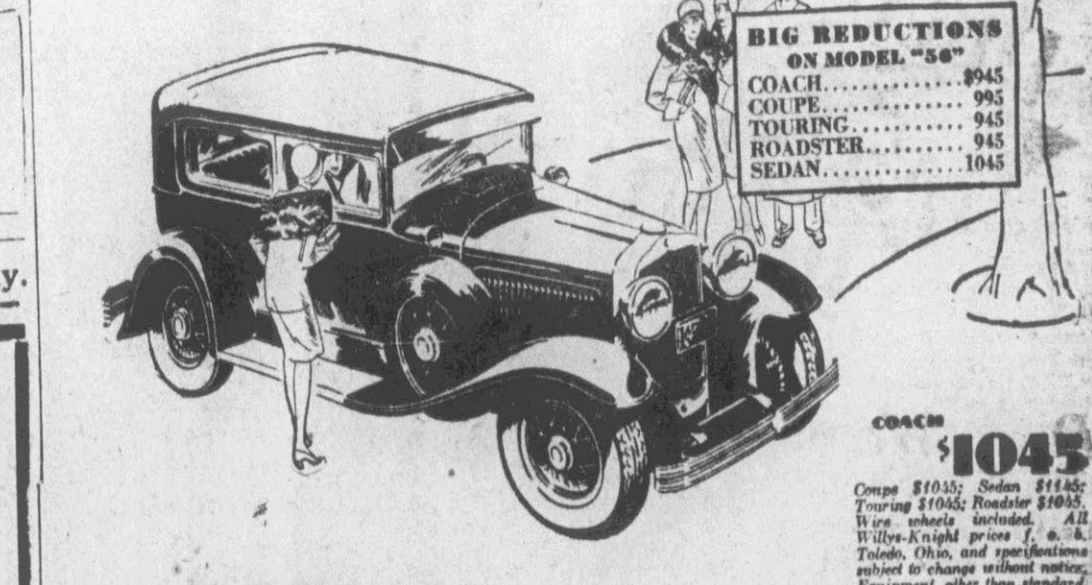

Columbia, S. C.—"Three years ago, I suffered with indigestion; was dizzy and felt dull so that I could not keep going," says Mrs. E. T. Sharp, 721 Seventh Street, this city.
 "I would stagger around from dizziness, and I felt wretched; I knew about Black-Draught, for we had used it in our home practically all my life, and so I began to take it for this trouble.
 "I was yellow as gold. My color was awful.
 "I began taking Black-Draught, night and morning, until I had taken four doses, and then I was well, and took some more.
 "I found it did me a great deal of good, for the poison left my system, and I began to have a good appetite, and I would get hungry before meal-time. My complexion cleared up and I felt fine.
 "I have used Black-Draught for years in my home for constipation. I have found it a splendid medicine for my children. I give it to them for colds, and constipation, and I notice that in a few days after they have taken it, they brighten up and enjoy good health."

Style and luxury PRICED TO ECONOMY

WILLYS-KNIGHT "70-B" - LARGEST, MOST POWERFUL LOW-PRICED KNIGHT-ENGINE CAR

THE rapidly mounting sales of the new style Willys-Knight "70-B" prove how exactly the design of this beautiful model has captured public taste, how widespread has been the demand for a low-priced Knight-engine car, and how great is the appreciation of such exceptional value.
 When you see the new style Willys-Knight "70-B," you realize that this distinguished car definitely establishes the fact that artistry of design and perfection of detail are entirely independent of price. For only among

GIRL AND HER KIDNAPPER TO GO BACK HOME

Couple Taken at Charlotte to Return To Philadelphia Today; Man Goes To Jail

Charlotte, March 30.—(AP)—Easter will hold a new significance tomorrow for little Alice Labatis, kidnapped Philadelphia girl, for tomorrow she will be back home after a wild ride of a day and a night with a strange man.

Her kidnaper, Curtis S. Devonshire will also return to Philadelphia tomorrow. He will go to jail while the child goes to her home in that city. Her parents, however, live in Wilkes Barre, Pa.

Detectives Walter R. Schofield, and George E. Spangler of the Philadelphia police department arrived here this morning and expected to return to Philadelphia by train later today with the child and prisoner.

Devonshire admits kidnapping the child, Charlotte police say, and claims he was drinking at the time and did not know what he was doing.

The little Polish girl has been taken care of by Mrs. Eloise B. Brown, policewoman, since she and Devonshire were taken into custody at a local telegraph office where the man had gone to get money he had wired a brother for. It was this telegram that led to his arrest after his brother notified Philadelphia police who asked Charlotte police to hold the pair.

The little girl also found a friend here last night in Miss Catherine McLaughlin, a nurse at a children's clinic here who was a student at a hospital in Philadelphia where little Alice was a patient for treatment after swallowing lye when she was a baby. The girl still has to have treatment for the illness which resulted from this.

The little girl had as her companion last night at the home of Mrs. Brown the 11-year old daughter of a Charlotte detective, Helen Owens, and the two quickly became friends.

It developed today that Devonshire picked up "hitch-hikers" along his route to Charlotte from Philadelphia and that a man whose name was said to be Aylor of New York was with the two when they reached Charlotte. The man told a store-employee here that he had a brother, Joe Aylor, who was employed in Charlotte.

Devonshire, talking about the kidnapping, said that he had decided to send the girl back home by train and stopped to wire for money with that in view.

Heroic Sailor

Cumberland River Continues to Rise

Nashville, Tenn., March 30.—(AP)—Having reached the stage where even weather bureau officials would not attempt to predict its capers, the Cumberland river continued to rise here today and Nashville was becoming alarmed.

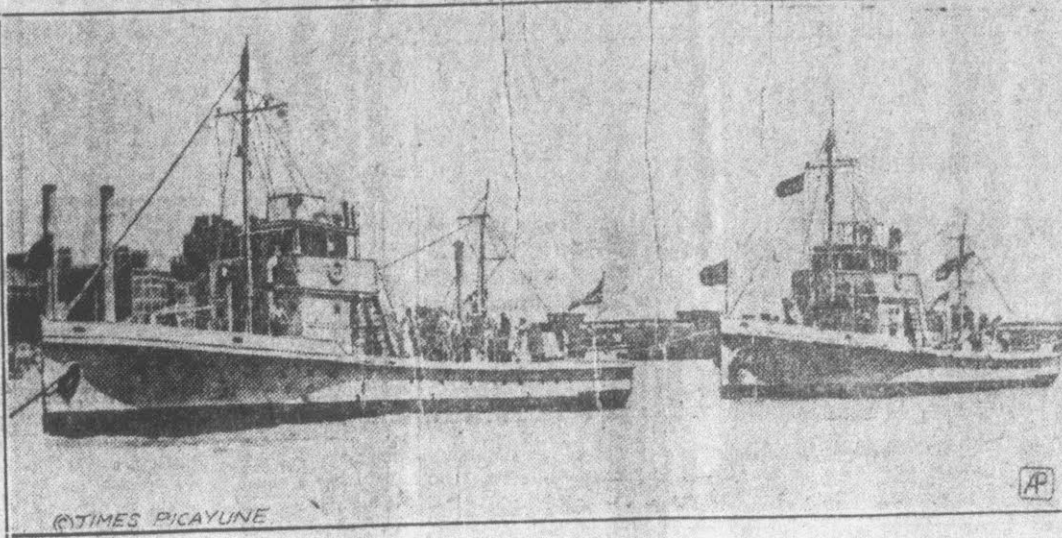

An inch rainfall in the river's watershed yesterday and forecasts of more rains today made the situation here serious. Already the river had passed the predicted stage of 50 feet and was still climbing—slowly but dangerously.

More than 700 families had been routed from their homes and several hundred more were prepared to leave. All night, police received calls for help from families whose homes were slowly being flooded. Warehouses and factories in the low-lying sections of the city were damaged.

RAINCOATS AND GALOSHES TO BE ORDER OF EASTER

Washington, March 30.—(AP)—Whatever the American public's idea regarding Easter fashion parades may be, the weather man today could only add conviction to the belief that raincoats and galoshes will be an integral part of fashion.

COAST GUARD BOATS WHICH SANK BRITISH RUM SHIP

able turnouts through most of the United States.

Only among the borders, north and south, and along the Pacific coast was sunshine indicated. For the rest, clouds, showers, steady rains or snow, scattered patchily across the map.

The Atlantic seaboard states down to the Carolinas, had the slight concession that rains would not steady. From Florida to California sunshine was ordered, but the Appalachian and Ohio valley states were promised rain. So was the whole region from the Lakes

eastward with the added threat of snow. Through the middle west rain zones edged on snow, with colder temperatures apparently in prospect.

Greenville, N. C.

Allen To Succeed Curtis In Senate

Washington, March 30.—(AP)—Henry J. Allen, former Governor of Kansas and prominent figure in National politics and journalism for many years, will succeed Charles Curtis in the Senate, filling the seat relinquished by the latter when he was elevated to the vice-presidency.

Decision to appoint Allen to fill the vacancy was announced by Governor Clyde M. Reed of Kansas, after a conference yesterday with President Hoover which also was attended by Secretary Good of the War Department and James Francis Burke, Counsel for the Republican National Committee. The appointment will be made, he said, as soon as he returns to the State Capital at Topeka.

In making the announcement, Governor Reed said the appointment of a Senator to succeed Curtis came up during "a very pleasant visit with the President, in the course of which we discussed the Inland Waterways, Farm Relief and Judicial appointments in the Kansas Judicial District."

"When I started that among those being considered was former Governor Henry J. Allen," he continued, "the President expressed himself as being gratified. He stated, of course, that he could not even suggest the appointment of any United States Senator."

He assured me, however, that Governor Allen had long been his friend and he held him in high esteem, and that if the former governor should be appointed he would be a great help to the administration in carrying out its program and in working out the problems vitally affecting Kansas and the Middle West."

Los Angeles Cop Killed By His Son

Los Angeles, March 30.—(AP)—John Crawford, Jr., 18, was held in jail here today on his confession, that he shot and killed his father, John Crawford, Los Angeles policeman, in self-defense.

The slaying of the elder Crawford puzzled police for several hours. Officers at first suspected that it might have been the outgrowth of threats said to have been uttered against the former policeman because his son, Donald, was to be a witness against eight persons charged with "framing up" the arrest of Councilman Carl I. Jacobson on a moral charge.

The son declared the elder Crawford had come home intoxicated and had attacked him and Mrs. Crawford. The interior of the home indicated a terrific struggle had occurred.

FOUND LIQUOR IN BAG OF OHIO REPRESENTATIVE

New York, March 30.—(AP)—Notwithstanding the emphatic denial of Representative William M. Morgan of Ohio that he had brought liquor in his baggage upon his arrival from Panama on the liner Cristobal on Monday, two customs inspectors have reported to their superior that they found four bottles in one of his bags. Two other pieces of baggage were not opened. The inspectors, L. E. Crawford and James McCabe, went into considerable detail in their report and quoted Mr. Morgan as having admitted that he had the liquor in his bag. The report also said Mr. Morgan threatened to "take care" of one of the inspectors upon his arrival in Washington.

The 1929 Oldsmobile is winning even greater admiration from owners, because it is DESIGNED TO DO ALL THINGS WELL

It is a relatively simple engineering task to design a car which emphasizes only a few qualities at the sacrifice of others.

It is an engineering achievement, however, to combine all desirable qualities to an outstanding degree in a balanced whole. Yet that is exactly what Oldsmobile engineers have done in the new 1929 Oldsmobile.

You have only to drive it to realize what brilliant speed—what mighty power—what thrilling getaway it provides. You have only to try it to know how smooth it is—how quiet—how easy to drive or to park. And when you examine Oldsmobile's big 62 horsepower high-compression engine you will find many indications of its progressive engineering—such as pressure-lubricated piston pins, a feature formerly characteristic of high-priced cars.

In appearance, this finer Oldsmobile is

as beautiful and as smart as any car on automobile row. Its grace of line—its perfection of detail—its harmony of color—all bespeak the artistry of Fisher craftsmanship.

The interiors are luxuriously appointed and richly upholstered . . . they are roomy and comfortable as well. The seats are soft and deep-cushioned. And the new Fisher adjustable front seat, combined with Oldsmobile's adjustable steering wheel, makes the driving position a matter of individual preference. And as the months and miles roll by, Oldsmobile delivers not

only the advantages of this balanced design—but adds to them the satisfaction of dependability, economy of operation, and long life.

Come in today. Take a drive in the 1929 Oldsmobile. Enjoy the results of full development of all the qualities that contribute to motoring pleasure.

EASTER WILL BE OBSERVED BY CHURCHES

Bishop Mouzon And Hallet Ward To Speak At Two Local Churches Tomorrow.

Despite inclement weather, plans for observance of Easter here tomorrow continued today without any letup. Virtually all city churches have arranged special programs for the day and the occasion is expected to be one of the most outstanding in years.

Bishop Edwin Mouzon, presiding bishop of the Carolina Conference, will occupy the pulpit at Jarvis Memorial Methodist church. Members of the congregation also have arranged for sunrise services in the morning.

Bishop Mouzon will speak tomorrow morning. His subject had not been announced today, but it was stated that his message would be inspirational and in keeping with the solemnity of the day. The choir has arranged for an elaborate musical program and this is expected to be one of the outstanding features of the service.

At St. Paul's Episcopal church, former congressman Hallet S. Ward of Washington, will fill the pulpit in the absence of Rev. W. A. Lillycrop, who was called out of the city several days ago on account of the illness of his father.

Mr. Ward is a speaker of considerable ability and his coming to the local church has aroused more than general interest among the public as well as individual members of the congregation. A special musical program has also been arranged for this service.

Other churches of the city with exception of Memorial Baptist which has been without a pastor since the resignation of Rev. H. F. Jones last January, will have regular morning and evening services, in keeping with the Easter season. The pastors of each of the churches will speak to the congregations, while the choirs have arranged special music.

Despite almost continuous rain-fall today accompanied by chilly temperatures and forecasts of cloudy weather tomorrow, plans for the usual display of Easter clothes continued this afternoon with undiminished alacrity. The weather is expected to cut sharply into the rank and file of paraders, but the majority will abandon winter garments and turn out in the light, airy colors of springtime.

Cotton Goods Sales Heavier Than Output

New York, March 30.—(AP)—Sales of cotton goods during the month of March have been in excess of current high rate of production. Many of the mills are now under contract from four to six weeks ahead on staple gray cloths while others have substantial orders in hand to keep them busy into the summer. The break in cotton following the unsettled speculative market led to slightly easier prices on print cloths as some other unfinished lines. Staple clothings were advanced 1-2c a yard, cotton blankets are being brought in anticipation of advances to come and the general tendency in finished lines is toward firmness in prices. The very large movement in printed cottons of all kinds has continued during the week and printers and finishers are being rushed to make as early deliveries as possible. Printed piques, dimities, percales, rayons and crepes of many kinds are moving freely. Mills making fancy flannels are well sold ahead. More business has been coming forward on fine curtains and drapery materials. The heavy goods division of the industry continues well sold ahead, especially cloths wanted by the automobile trades. There has been more activity in the finer grades of woven wash fabrics.

Railroad Workers Return To Jobs

Dallas, March 30.—(AP)—Four thousand employees of the Texas & Pacific Railway who had threatened to walk out at six o'clock this morning, returned to their jobs as usual today as the result of action by President Hoover late yesterday. Orders for the strike were withdrawn last night by officials of four big brotherhoods after the President issued a proclamation creating an emergency board of inquiry to investigate the dispute and report on its findings. The board, yet to be appointed, will make its report to the chief executive. President Hoover issued the proclamation after he had been advised by Samuel E. Winslow, chairman of the board of mediation, that the strikers threatened a serious interruption of interstate commerce. Under the rail labor act, the railway management and workers are restrained from taking further action for thirty days. The strike vote taken last week involved disputes over working conditions and a desire of the employees for the company to reimburse them for property losses which they claim they incurred when the railroad moved its yards from Longview and Marshall, Texas, to Mineola, Texas, and Shreveport, La.

COAST GUARD CREW SINKS BRITISH RUM SHIP

Warrant Officer A. W. Powell, (standing in center) commander of the coast guard boat Dexter, and his crew, which fired on and sank the Canadian-British vessel "I n Alone," off the gulf coast.

FIVE KILLED WHEN AIRPLANE CRASHES AT BEAUMONT, CAL.

Riveride, Calif., March 30.—(AP)—The Sheriff's Office reported today that an airplane carrying five persons had crashed at Beaumont, near here, killing all the occupants. The victims had not been identified, the officials said. The Southern Pacific train master at Beaumont reported that the gas tank of the plane had burst and that it crashed in flames against the side of a mountain.

Hoover Abandons Automobile Trip To Va. Mountains

Washington, March 30.—(AP)—A heavy, steady rain early today upset the President's holiday plans of President Hoover. With Mrs. Hoover and their old schoolmates, Secretary and Mrs. Wilbin and the President's secretary, Lawrence Bichey, the President had planned to spend a large part of today on an automobile trip 90 miles into the mountains of Virginia to inspect his new trout fishing preserve on the Rapidan river in Madison county. This was to have been his first outing since he entered the White House March 4, and he gave instructions last night to be called early so as to get a good start on the excursion. When he arose, he saw the condition of the weather, which was most unpromising for any sort of outing, and particularly so for an automobile trip into the mountains, he called it off.

NEW JAP LUMBER TARIFF PROMULGATED BY GAZETTE

Tokyo, March 30.—(AP)—The new Japanese lumber tariff schedule, passed by the Diet March 23, was promulgated through official publication in the official Gazette today. Edwin L. Neville, the American charge d'affaires, has protested alleged discriminatory features of the new duties but as yet has had no answer from the Japanese government. It is understood Katsuhl Debuchi ambassador at Washington, has been instructed to clarify his government's position.

GRAIN MARKET

Chicago, March 30.—(AP)—With rains reported in the Canadian northwest as well as the American southwest, wheat developed general downward trend today, except of the finish. Selling was influenced too because of a forecast of additional moisture throughout the entire winter and spring wheat belt. Wheat closed unsettled 1-8 to 5-8 net lower; corn unchanged to one higher; oats varying from 3-8 decline to 1-4 advance; and provisions unchanged to 15 down.

COUNTY INVESTIGATOR WILL BE QUESTIONED

Aurora, Ill., March 30.—(AP)—Boyd Fairchild, the county investigator whose testimony brought about the liquor raid in which Mrs. Lillian Deking was killed, was held today for questioning. He was found at Odell, Ill., yesterday and hidden outside of Kane county. State's attorney George Carbury, who sent deputies for him, refused to tell where he had taken him, saying that violence was feared. He refused to say whether the man was being held under protest.

Fairchild still insisted when found yesterday that he bought a pint of moonshine in the Deking home. It was his previous statement to this effect that brought about the issuance of a search warrant and the raid Monday night in which Mrs. Deking was shot to death, her husband Joseph Clubbed and Roy Smith, one of the county raiders, shot by the Deking boy, Gerald, 12 years old.

Fairchild was reported willing to identify Mrs. Deking's body as that of the woman who sold him the liquor, but it was doubtful if this would be arranged, since Mrs. Deking's funeral was to be today. Authorities have frequently expressed a fear of violence and it was not considered likely they would bring Fairchild here today when Mrs. Deking's friends were gathered to attend her funeral.

The legality of the search warrant and the truth of the investigator's statement have been questioned by Deking's attorney who insisted that Fairchild be held for questioning.

All survey work on the New York-Montreal airway has been completed, with construction work due to start in April.

FORMER HOBO PAYS FOR STOLEN RIDE

Rutherfordton, March 30.—(AP)—It took 22 years, and 24 cents, but one former hobo has saved his conscience. C. T. Hamrick, Southern Railway agent here, has received a letter, enclosing 24 cents in stamps, which read as follows: "In the year 1907, while in sin I hoboed the passenger train from Rutherfordton to Forest City. The fare at that time was ten cents. I am enclosing 24 cents, which pays this fare plus interest. Please forgive this base act." It was signed "An Ex-hobo." The passenger rate now is 24 cents.

STATESMANSHIP INSTITUTE CLOSING AT WINTER PARK

Winter Park, Fla., March 30.—(AP)—The first annual institute of Statesmanship at Rollins College closed late yesterday with a recapitulation conference in which several college presidents, professors from a dozen Universities and Editors of two magazines gave their views of the gathering's accomplishments. Dr. Hamilton Holt, President of Rollins College, declared the success of the gathering had assured next year's meeting. He also announced that former Congressman Cornelius A. Pugsley, who furnished the financial support for the conference, had contributed a larger sum for next year's institute.

AIRMAIL TO INDIA INAUGURATED TODAY

Croydon, Eng., March 30.—(AP)—Airmail service to India was inaugurated today by an Imperial airway liner which left here with Sir Samuel Hoare, air secretary aboard as a passenger as far as Egypt.
