FOUR CONVICTS ESCAPE FROM LOUISIANA PEN

Schedule Trial Man Hunt When Prisoners Make Get-away.

Baton Rouge, La., April 8.—(AP)—A scheduled murder trial was turned into a man-hunt today by the escape of four convicts from the Louisiana state penitentiary.

They made their getaway from the penitentiary receiving station early yesterday by overpowering guards and fleeing in a prison automobile.

Later in the day one of them was captured after a thrilling gun battle on the main street of Magnolia, Miss., and early today the other three were reported to be hounded near Magnolia by a posse of several hundred men with bloodhounds.

Two of the convicts, Steven J. Beck, bank robber, and Jim Heard, burglar, were scheduled to go on trial at St. Francisville today on a charge of murdering a trusty in a spectacular attempt to escape the prison last September.

The other two were Adam Webster, serving a sentence for breaking and entering, who was captured and Fred Wilson, purse-snatcher. All were sentenced from New Orleans.

While the other convicts were sitting down for breakfast the quartet made their break for freedom. Covering an office boy and a trusty with a revolver, they broke into the gun case and obtained a rifle, one of more shotguns and ammunition.

Obtaining a key to the gate from the trusty's pocket the men made their way outside the prison where they overpowered a lookout guard, relieved him of his gun, leaped into a prison automobile and fled.

Sheriff Thad Ely of Pike county, Miss., was notified that the convicts were headed in the direction of Magnolia and he and a deputy set out to meet them. A few miles out of town the convicts witnessed by and the sheriff started in pursuit.

Several shots were exchanged during the race into town. Two bullets punctured the sheriff's radiator and two shattered the windshield, but he kept on the trail.

Dashing into Magnolia the convicts stopped their car in front of the post office and all four opened fire on the sheriff and deputy who had stopped half a block away. They returned the fire while the citizens of Magnolia scurried for cover.

After more than 100 shots had been exchanged without damage the convicts fled through a yard and commandeered the automobile of a passing motorist and sped away. The car was found abandoned several miles away and the trio were thought to have taken to the woods.

Rating Bureau Will Be Set Up At Capital City

Raleigh, April 6.—(AP)—A rating bureau will be set up in Raleigh by companies writing employers' liability insurance under the North Carolina workmen's compensation law which goes into effect July 1.

In making this announcement after a conference in New York with representatives of the companies, Dan C. Boney, state insurance commissioner, said today the indications were that rates would be lower than at present, although the schedule of compensation provided will be more liberal.

Prize—amounting to \$2,000,000 were paid last year for such insurance in North Carolina.

Man Confesses 100 Burglaries At Los Angeles

Los Angeles, April 8.—(AP)—The confession of Walter M. Reusch that he had gleaned more than \$300,000 worth of valuables in 100 burglaries during the last six years, was being checked here today by police.

The confession, made public by police detectives after Deutsch's arrest, declared that he had burglarized the homes of many Motion Picture actors, including those of Jackie Coogan and Jack Pickford. About \$80,000 worth of jewels were said to have been taken by Deutsch from the Coogan and Pickford homes.

WHEELER RETURNS FROM NICARAGUA

New York, April 8.—(AP)—Senator Burton K. Wheeler of Montana returned today from a visit to the American Marines in Nicaragua, still believing, he declared, that the United States government "had no business sending them down there."

SEVERAL HELD IN REVOLUTION PLOT IN MANILA

Sixteen Filipinos Arrested For Planning To Overthrow Present Government.

Manila, April 8.—(AP)—Sixteen Filipinos were under arrest today charged with planning a "grand revolutionary army" to overthrow the present government and substitute an independent administration.

Police, however, say the scheme was not serious in its intent and that it probably would have gone little further than the swindling of a number of natives into purchasing officer's commissions in the "revolution."

A raid yesterday netted 21 men a large quantity of literature, bolts and daggers. Five of those arrested are being held as witnesses. They revealed that the leaders had set prices for ranks in the "army," the price decreasing with the lessening of importance of the post. Under the plan a Colonel's title would cost a prospective officer 480 pesos (about \$240), a lieutenant Colonel, 280 pesos a major 280.

Revolutionary pamphlets asserting that Japan would send its navy and supply arms to help the cause were found. This the constabulary branded as slander against Japan. The pamphlets also revealed an elaborate ritual which included the signing of the commission in blood of the purchases. In spite of the alleged swindle, police say the "revolutionaries" must stand trial for rebellion.

Annual Exposition Gets Under Way At Farmville

The Eastern Carolina Exposition opened at Farmville this afternoon with several hundred people from different parts of the state in attendance. The attraction will continue the remainder of the week and will be marked by one of the most interesting and varied programs in years.

Governor O. Max Gardner will be the outstanding attraction of the big Eastern North Carolina show tomorrow. The Chief Executive is scheduled to make the principal address of the exposition and Farmville was today sweeping off its door steps and house cleaning in preparation for reception of the largest crowds of the week.

While there will be several things outstanding about the program, probably the most important was the appearance this afternoon of Johnny Marvin, Victor recording artist. Marvin will close his engagement with tonight's concert.

Among the features planned for the week will be the Eastern Carolina Follies tomorrow night with 350 girls from Kinston, Farmville, Greenville, Washington, Snow Hill, Elm City, Tarboro, Rocky Mount, Goldsboro and Wilson taking part in the cast.

Then there is Baby Dorothy Johnson who scored a great hit with her initial appearance this afternoon. She will close her engagement tomorrow. The Carolina Buc canners will give daily concerts and also furnish music for the dance to mark the close of each evening's activities. Jasper the famous educated dog,

GOV. GARDNER WILL SPEAK IN FARMVILLE

Chief Executive Has Two Other Important Addresses Scheduled This Week.

Raleigh, April 8.—(AP)—Governor Gardner today began what promised to be one of his busiest weeks since taking office, three speeches away from Raleigh, the first since his inauguration, were on his program for today and tomorrow, while Wednesday and Thursday the meeting of the State Highway Commission was expected to consume a portion of his time. In addition to the routine of his office, always heavy enough, the Governor is keeping a watchful eye on the strike situation in the Piedmont Textile region.

Tonight the executive will make the principal address at the opening of the annual industrial exposition in Durham. He is scheduled to speak tomorrow afternoon at Farmville where the Eastern Carolina Exposition is in progress, and tomorrow night he will go to Kinston to address a meeting of the eastern Carolina Chamber of Commerce.

The State Highway Commission meets Wednesday to select a Captain for the Highway Patrol force authorized by the last legislature. Although the governor has no part in the choosing of the captain or other members of the patrol, the legislature required him to confirm any selections by the highway commission before they could become operative.

Reports on the strike situation are being made to the Governor by Adjutant General J. Van B. Metts from Gastonia where five national guard units have been on duty since Wednesday at the Lory Cotton Mills, and by his executive counselor, N. A. Owensend.

The matter of appointments is expected to consume some of Governor Gardner's time this week. He has indicated that the personnel of the Barber's license board, provided by the recent General Assembly, may be announced in the near future. A heavy file of applications for these places has been received at his office.

Seek Slayer Of New York Woman

New York, April 8.—(AP)—Fingerprints on the steering wheel of a stolen automobile were clues police had today in a search for the slayer of a woman whose body was found in the car.

The victim was identified as Mrs. Lucie Higgins, 35 year old, mother of three children.

The crime was discovered yesterday after a group of women informed Lieutenant Arthur Coy of the Fire department that they thought a woman in a car parked in West 36th street was dead. Coy investigated and notified police.

U. S. RELEASES OWNER OF YACHT

Leland H. Ross, millionaire yachtman of New York City, was released in Philadelphia by the United States Commissioner, who held Ross had not violated liquor and customs laws. Ross, shown with Warrant Officer John J. McSally (in uniform), is owner of the Nomad, whose captain was lost at sea when the yacht foundered 11 days.

Supreme Court Approves Conviction Of Sinclair In Teapot Dome Oil Case

Washington, April 8.—(AP)—The conviction of Harry F. Sinclair, for contempt for refusing to answer questions during the Teapot Dome investigation by the Senate oil committee was approved today by the supreme court.

Under the decision, the oil operator must serve three months in jail and pay a fine of \$500.

Justice Butler, who some months ago delivered the opinion cancelling the naval oil reserve leases, spoke for the court. Emphasizing the importance of protecting the individual from unreasonable and arbitrary disclosure of his private affairs he said that questions put to Sinclair were not of that character.

That the information sought by the committee might be of importance in a suit pending against Sinclair did not excuse him from answering, the justice stated, because the information was properly within the inquiry of the committee and the questions were pertinent.

Justice Butler stated that the court in its decision in the M. S. Daugherty case had laid down the rights of the two houses of congress to conduct investigations necessary

FLEISCHMAN ACCEPTS CALL OF BAPTISTS

Former Louisburg Minister Becomes Pastor of Memorial Baptist Church.

Rev. A. W. Fleischman, former pastor of the Louisburg Baptist church, has accepted the pastorate of the Memorial Baptist church of this city. It became known yesterday when the minister made his second appearance before the local congregation.

Mr. Fleischman was tendered a call by the Memorial Baptist congregation the first of last week but announcement of his acceptance was not made until yesterday morning when he delivered his first sermon as pastor of the church, after having appeared here about three weeks ago.

Announcement of the acceptance was made by Dr. C. J. Allen, chairman of the pulpit committee, who has had charge of securing a successor to Rev. H. F. Jones, who resigned the first of last January to become pastor of the Brantley Street Baptist church of Baltimore. Numbers of ministers have spoken here since Mr. Jones' resignation but decision to issue a call to anybody was not made until Mr. Fleischman visited the city the second Sunday in March.

The new minister is a comparatively young man with a wife and two children. He went to the Louisburg Baptist church at Raleigh. Prior to the Raleigh pastorate he was connected with the Home Mission Board of the Southern Baptist Convention at Richmond. He is a graduate of Richmond College and re-

NEW STRIKES REPORTED IN N. CAROLINA

Walkouts at Lexington and Pineville, N. C.; Five Thousand Workers Idle.

[Charlotte, April 8.—(AP)—Two new strikes today were added to the walkouts of cotton mill operatives in North Carolina and South Carolina, adding several hundred to the more than 5,000 idle hands in the Piedmont section.

One of the strikes was called by Union executives while the other was due to economic conditions at the mill.

At Pineville, N. C., nine miles from Charlotte, a part of the force of 200 operatives at unit No. 5 of the Chadwick-Hoskins chain failed to go to work today in response to a strike order from the National Textile Workers Union.

At Lexington, N. C., from 60 to 100 employees of the Wemona Cotton mill remained away from work today in protest against a wage cut due to go into effect today.

The strike situation at all points in the Piedmont today was reported quiet. At the Lory mill of the Manville-Jencks Co., in Gastonia, where five companies of national guardsmen are on duty, all was reported quiet.

At Greenville, Spartanburg, Anderson and Union, S. C., where several thousands of operatives are on strike negotiations were under way looking to settlement of the differences growing out of putting into effect efficiency systems in the mills. The negotiations were in charge of commissioners from the United States Department of Labor.

There are a total of nine textile mill strikes in effect in the Carolinas but in only two is a union involved. Both of these were called by the National Textile Workers' Union, which is not connected with the American Federation of Labor and are being led by Fred Erwin Beal, organizer, and George Pershing, representative of the "Daily Worker" a communist newspaper of New York.

The Pineville strikers this morning presented to R. B. Power, manager of the mill a series of demands including an eight hour day, abolition of all speeding up of work, abolition of the clock system of determining piece work production; fifty per cent increase in wages; reemployment of all discharged Union members; discharge of Tobias Broadwell, day weaving room foreman and recognition of the Union.

B. B. Gossett, of Charlotte, President of the Charwick-Hoskins chain, said in a statement issued here shortly before noon that the employees who failed to show up this morning had later returned to the mill. Union officials, however, said that the majority remained out.

GOVERNOR ANNOUNCES PAROLE OF NEGRO

Raleigh, April 8.—(AP)—Gov. O. Max Gardner today announced the parole of Dave Conner, negro, sent by from Lee county in 1927 to serve 12 years in the State Prison for housebreaking.

The Governor said he had strong letters from the trial judge, the trial solicitor and the owners of the house broken into recommending that Conner be paroled.

Indian Assembly Bombed And Several Persons Hurt

Delhi, India, April 8.—(AP)—Two bombs exploded in the Indian legislative assembly today, sharp on the heels of a parliamentary crisis, injured several persons, and caused a panic among the assemblymen.

Among the injured was Sir George Schuster, finance member of the governor general's executive council. He and the others injured were taken to a hospital. Sir John Simon, head of the Crown Committee for Constitutional Reform in India, was standing with the president of the assembly when the explosion occurred, but was not hurt.

Others injured were: Sir D. Raghendra, Mr. Shanker, Roa Dao, Mr. Dalal (seriously), I. N. Roy, deputy secretary of the Indian Central Committee, who was sitting in the officers' gallery. Roy bled profusely.

Three government benches were torn to bits by the bombs.

Two men were arrested and were reported to have confessed after other bombs and pistols were found on their persons. They gave their names as Butukswara Dutt, from Bengal, domiciled at Calcutta, and Boagat Singh, from Punjab.

U. S. Troops Prepare For Eventualities On Arizona Border Today

Chicago Suffers \$500,000 Damage From Windstorm

Chicago, April 8.—(AP)—A storm of Tornadoic character lasting less than a minute and whirling along a 150 foot path five blocks long, did \$500,000 damage in Chicago's South Shore district last night.

Eighty-fifth street was the road the twister followed, from Dante to East end Avenue. Roofs were ripped from buildings on the North Side of the street, trees were uprooted and several garages were blown down, but on the south side of the thoroughfare not a bush was damaged.

AXE MURDER IS REPORTED AT FALKLAND

Aaron May Killed When Hit In Head With Axe By Robert King Yesterday.

Aaron May, colored, was killed almost instantly when hit in the head with an axe by Robert King also colored, in the Falkland community Sunday afternoon. King was held in the county jail in this city today awaiting preliminary hearing.

The murder occurred at the home of Anne Bridges, negro, who resides on the G. H. Pittman farm, a short distance from Falkland. May roomed at the home of the Bridges woman and it was while there that the killing took place.

According to statements by the woman during an investigation made by Sheriff Sam Whitehurst, she and May ran out of the house while playing, and King appeared from around the corner of the building and hit May in the head with an axe.

King vigorously denied this statement, however. He said he saw May and the woman fighting while playing the house and went in to try to separate them. He said May was infuriated at his interference, and demanded to know what business it was of his.

He said May then attacked him, and that he grabbed a nearby axe to defend himself and hit his assailant in the head to prevent serious injury to himself.

The woman bore signs of rough handling, having an ugly looking abrasion on the head and other signs indicative of combat, according to officers taking part in the investigation.

King made no effort to evade capture and was taken into custody by officers a short time after the killing occurred. He will in all probability be given preliminary hearing sometime this week.

Eighteen Airplanes And Heavy Forces Of Infantry And Cavalry Prepare To Protect American Property Against Mexicans; Opening Of Sixth Week Of War Finds Rebels On Defensive.

(By The Associated Press) Eighteen American airplanes were ready to guard the Arizona border today in the event of further fighting in the Mexican revolution, while strong forces of American infantry and cavalry were prepared for any eventualities.

Opening of the sixth week of the insurrection found the rebels on the defensive, pinched more and more steadily into the three northwestern states, Sonora, Chihuahua and Sinaloa.

In the five weeks of open warfare the rebels have been driven out of six other states in which they had obtained footholds and suffered serious reverses in a major three days' battle around Jimenez and La Reforma. Vera Cruz was long since lost to them.

Both Sinaloa and Chihuahua have seen rebels retreats with the possibility that the insurgents will be shortly forced out of Sonora.

To counteract this the insurgents still have strong forces in northern Chihuahua and northern Sinaloa and plan if necessary to concentrate in Sonora for a drive on the federal army.

There was little fighting over the week-end. The federal continued their advance in Chihuahua and Sinaloa while the rebels drew up positions to offer opposition.

General Calles passed through Avacatlan apparently with the object of driving against the so-called religious insurgents in Jalisco and Guanajuato. There was also the possibility that he may proceed to Tepic and then swing northward to take over command of the federal drive against the rebels in Sinaloa.

The chief federal plan now is to prevent union of the rebel forces now in Sinaloa and Chihuahua with the insurgents in Sonora.

Signs of disintegration of the rebel movement along the border were in evidence. At Ojinaga, across the border from Presido, the rebel garrison revolted and took over the town in the name of the government, killing their insurgent commander.

The rebel garrison at Palomas, Chihuahua, consisting of sixty men, evacuated the town to two Americans representing the federal.

At Naco, the loyal garrison awaited further attacks by the rebels encamped three miles from the town after withdrawing from an assault on Saturday. The rebel commander declared that protests by the American authorities against bullets and airplane bombs falling on American soil caused cessation of the attack.

Juarez, Mexico, April 8.—(AP)—Rebel forces are believed to be making every effort to reach Casa Grande today through Pulpito Pass before federal General Calles cuts off the southward advance of the revolutionary troops.

Six heavily loaded rebel troop trains that left here Sunday morning were expected to have passed through Guzman, Chihuahua, 30 miles from Columbus, N. M., several hours later. It is believed that if the rebel forces fail to reach the pass before General Calles' troops, that the anticipated battle in that territory may be the graveyard of Mexico's latest rebellion.

Two American cattlemen, forced the rebel garrison at Palomas, last night to evacuate the city. The turnover of authority to the two Americans was reported to have been more peaceful than had been the seizure of the federal garrison by General Aguirre, a rebel general, a month ago. Colonel Fernandez Gonzalez, who was in charge of the Palomas post, surrendered his sixty men to Frank Williams of San Pedro, Chihuahua, and Gerald Thomson of Santa Rosa, N. M., who represented the Mexican federal, rebel headquarters here announced.

How the two Americans came to be aligned with the federal forces was not learned. Williams has a large ranch at San Pedro, Chihuahua, and Thompson is reported to be a cattle buyer. Williams and Thompson were not accompanied by government troops and the surrender of Palomas was over almost before the town knew what had happened. It is reported that a detachment of federal soldiers will be sent to take charge of the town.

# GREENVILLE PLAYING AT SALEM TODAY

Members of the Greenville club of the Eastern Carolina league left yesterday to fill a four day engagement with clubs of the Piedmont league. The team was scheduled to play in Winston-Salem this afternoon. They will go to Greensboro tomorrow and from there to High Point and Durham.

Completion of the schedule gives the club five exhibition games away from home. President Guy Smith stated this morning that they had only one more exhibition contest ahead of them before the league season opens. That will be with Winston-Salem at the fair grounds here Tuesday, April 16th.

It was stated sometime ago that several exhibition games would be played on the local lot, but for some unknown reason club officials changed their minds about the matter and decided to fill the majority of engagements out of the city.

Manager Lester Bangs stated before he left the city that his team was in much better condition than when they met the Henderson club of the Piedmont league in the first exhibition game at Roanoke Rapids several days ago.

The club has been undergoing two workouts daily since that time and every man is in trim to render a good account of himself in the games away from home.

The game with Winston-Salem on the local lot will be advertised extensively, club officials said, and hundreds of fans from this and other communities are expected to be in attendance to see what brand of ball the Greenville horsehide followers are going to furnish them this season. The outcome of the four games this week will be watched with interest and a victory or so should result in greatly increased crowds at the first game here.

# FIGHT CHAMPS FACE BIG CARD DURING WEEK

New York, April 8.—(AP)—The Nation's boxing calendar for this week finds three champions willing enough to fight but, at the same time, careful enough to leave their titles in cold storage before they enter the ring.

Joe Dundee, who holds the welterweight title chiefly because he can't be persuaded to defend it; Sammy Mandell, the Rockford, Ill. sheik who rules the lightweights; and Izzy Schwartz, of New York, recognized by his home State Boxing commission as flyweight title holder, all are down for engagements of a more or less dangerous character.

Mandell should have little trouble with Benny Duke of Grand Rapids, when they meet in Grand Rapids on Friday night nor should Schwartz be unduly extended by Boy Walley of Manila at San Francisco the same night. Both bouts will be at Catchweights.

On the other hand, Dundee possibly will be in for an unpleasant evening at Boston on Friday when he meets Al Mello of Lowell, Mass. in a return match. Mello gave the welterweight champion something of a treading in a recent match at Boston. As usual Dundee has seen to it that his title is not at stake.

In the New York sector, the 15 round bantamweight battle between Kid Chocolate and Bushy Graham is the hot spot of the week. This show also is set for Friday night. Con O'Kelly, the Irish heavyweight meets Harold Mays of Bayonne, N. J., in a ten round scrap at Philadelphia tonight. On the same card Baby Joe Gans, Los Angeles negro junior welterweight tackles Jackie Brady, the husky lad from Syracuse. Tommy Grogan, the socker from Omaha and Billy Wallace, another hard hitting lightweight from Cleveland, furnish the high light on the Thursday night card of the Olympia arena at Detroit.

Other bouts on the National schedule this week include: Tonight—At New York, St. Nicholas arena, Izzy Grove, New York, vs. Fide Dundee, Baltimore, welterweight, ten rounds.

Thursday—At Detroit, Louis (Kid) Kaplan, Meriden, Conn., vs. Joey Medill, Chicago, lightweight, ten rounds, and Soldier Dombrowski, Detroit, vs. Eddie Shea, Chicago, featherweight, ten rounds.

Friday—At New Orleans, Manuel Quintero, Tampa, Fla., vs. Billy Podrasa, lightweights.

Monday—Wilbur Coen, Kansas City, is beaten in finals of Monte Carlo tennis tournament by Louis Worm, Denmark.

Chicago—National interscholastic basketball championship goes to Athens, Texas.

New York—Harvard and Winston guests' optimists each final round of class A competition in national polo championships.

Boston—Hewitt Morgan, New York, retains national court tennis title.

Hamilton—Long Island Sound inter-club boats capt's international series from Bermuda.

Philadelphia—Middle Atlantic A. U. wrestling team title goes to Lehigh University for second time in two years.

Detroit—New women's skating record of 45 seconds for quarter mile is set by Leila Brooks Potter, of Toronto; Faith Schoen of Chicago, wins senior title.

## Training Camp News Briefs

Memphis, Tenn., April 8.—(AP)—John McGraw is convinced his New York Giants are a greatly improved ball club and will be in the thick of the National League pennant struggle from start to finish. As a matter of fact, McGraw, who celebrated his 58th birthday here yesterday, believes the Giants have their best chance in some years to make away with the league gonfalon. He thinks the Cubs are the most improved of the Giants' rivals and that St. Louis and Pittsburgh will make trouble.

New Orleans, April 8.—(AP)—The Brooklyn Robins gift for hitting into double plays still is with them much to Wilbert Robinson's disgust. The Robins outdid Cleveland and got most of the breaks as well as in an exhibition game yesterday but they hit into four double plays and bowler to the Indians, 5 to 1.

Oklahoma City, April 8.—(AP)—These baseball fans will kill Babe Ruth with kindness yet. Sixteen thousand persons packed the local ball park yesterday to see the Yanks down Oklahoma City, 13 to 5, in a game called at the end of the eighth inning. I n this frame the crowd yearned to get as close to Ruth as possible, swarmed on the field and nearly mobbed the big fellow. The game was called, but as Ruth sought to force his way through the mob, somebody started a cushion throwing barrage. Finally the Babe got back to his hotel with no more damage than a torn baseball suit.

Shreveport, La., April 8.—(AP)—Pitcher Walter Tauscher today was a member of the Dallas Texas, club having been released by Manager Donie Bush, of the Pirates.

Tauscher came to the Pirates in 1927 from the New York-Pennsylvania League. Outfielder Carl Frey, released from the Portland club, Pacific Coast League, left last night to take up his new job. The Pirates hold a string to Frey.

## Pyle's Runners Have Hard Road Ahead This Week

Hancock, Md., April 8.—(AP)—C. C. Pyle's bunions have ups and downs this week. Beginning with today's trek to Cumberland, they must climb the Appalachian Mountains at Uniontown, Pa., which they will reach tomorrow.

d Gardner, dusky runner from Seattle, yesterday closed up the gap which separated him from John Salo Passaic, N. J., policeman, by winning the lap from Frederick here to approach to within 21 minutes of the plodding policeman. Salo held to his narrow margin on total elapsed time by finishing second in the Frederick-Hancock lap.

Peter Gavuzzi of England, held to third place, two hours behind Gardner, with Arthur Newton, of South Africa, coming up fourth, one hour further down the line, placing third in yesterday's lap.

Four more of the entries dropped by the wayside yesterday. The Belgian brothers, Karl and Jual Cools, Thomas B. Ellis, of Hamilton, Ont., and Martin Johansen, of Rockford, Ill., failed to start from Frederick.

## Young Texans Win Big Cage Event

Chicago, April 8.—(AP)—A team of young giants from Athens, Texas, with a distinctly futuristic style of play, today held the most cherished prize of high school basketball, the National Interscholastic Championship.

The title fell to the sturdy Texans Saturday night as they capped a spectacular week's campaign in the University of Chicago's eleventh annual tournament by a 25 to 21 decision over Oklahoma City. Coaches and critics of basketball, watched Athen's march to the crown were interested in its style of play, which they termed futuristic in pattern. Averaging approximately six feet two inches each the Texans played a peculiar overhead game, which none of their opponents could solve.

The "high" game its high passes aimed at leaping mates is difficult and the percentage of errors is high. For that reason, the champions were superior throughout offensively. Too they covered rebounds off their opponent's basket with hawklike tenacity, tipping many of them back from field goals. On defense, too, they excelled. Their height gave them several more chances at being fouled and consequently more free throws, while they employed three or four men for defensive purposes around their own goal.

## U. S. TROOPS PREPARE FOR EVENTUALITIES ON ARIZONA BORDER TODAY

(Continued from page One.)

General Escobar has apparently worked out a new rebel plan of military strategy, calling for the concentration of insurgent forces in Sonora and the probable evacuation of the state of Chihuahua to advancing government soldiers. The rebels, however, deny that Chihuahua will be left to the federal with-out resistance. Before General Escobar and his staff left here it was pointed out by members of his command that General Marcelo Caraveo had been left at Chihuahua City, with about 4,000 troops, to endeavor to stay, if possible, the federal advance northward, while General Escobar joins other rebel detachments in Sonora under the leadership of General Fausto Topete. It is stated here that one of the first steps in this proposed new campaign will be to concentrate at Naco, Sonora. According to the revolutionary plan, Generals Escobar and Topete expect to push south through Sonora if Naco is taken, uniting their forces with those of General Francisco Manzo.

Another rebel move is reported under way which calls for an attack on Villa Acuna across the border from Del Rio, Tex. A large rebel cavalry contingent, led by Generals Antonio I. Villareal, Paul Madero and Cesario Castro is reported on its way to Villa Acuna. If this city is taken, the three generals are to return to Chihuahua City, to rejoin General Caraveo in a proposed concerted action against the government command.

Concentration of rebel airplanes in Juarez continues at Puento Alto (High Bridge) Field, nine miles south of here. There are five rebel planes on the field and more are expected. At least three other planes, damaged in faulty landings on uneven fields, are to be repaired, it is said, and operated from this locality.

## BOAT STOPPED TO SEARCH FOR WHISKEY

Washington, April 8.—(AP)—Assistant Secretary Lowman said today that the Norwegian steamship Juan, halted by shots from a coast guard patrol boat in Chesapeake Bay Friday night, was topped because the coast guard had information that steamships from the West Indies were landing liquor in the bay before docking in Baltimore. He added that the law made it mandatory for the coast guard to take such action.

AROUND TRAINING CAMPS

Memphis, Tenn., April 8.—(AP)—John McGraw is convinced his New York Giants are a greatly improved ball club and will be in the thick of the National League pennant struggle from start to finish. As a matter of fact, McGraw, who celebrated his 58th birthday here yesterday, believes the Giants have their best chance in some years to make away with the league gonfalon. He thinks the Cubs are the most improved of the Giants' rivals and that St. Louis and Pittsburgh will make trouble.

New Orleans, April 8.—(AP)—The Brooklyn Robins gift for hitting into double plays still is with them much to Wilbert Robinson's disgust. The Robins outdid Cleveland and got most of the breaks as well as in an exhibition game yesterday but they hit into four double plays and bowler to the Indians, 5 to 1.

Oklahoma City, April 8.—(AP)—These baseball fans will kill Babe Ruth with kindness yet. Sixteen thousand persons packed the local ball park yesterday to see the Yanks down Oklahoma City, 13 to 5, in a game called at the end of the eighth inning. I n this frame the crowd yearned to get as close to Ruth as possible, swarmed on the field and nearly mobbed the big fellow. The game was called, but as Ruth sought to force his way through the mob, somebody started a cushion throwing barrage. Finally the Babe got back to his hotel with no more damage than a torn baseball suit.

Shreveport, La., April 8.—(AP)—Pitcher Walter Tauscher today was a member of the Dallas Texas, club having been released by Manager Donie Bush, of the Pirates.

Tauscher came to the Pirates in 1927 from the New York-Pennsylvania League. Outfielder Carl Frey, released from the Portland club, Pacific Coast League, left last night to take up his new job. The Pirates hold a string to Frey.

## Textile Mills Idle at Union

Union S. C. April 8.—(AP)—The Monarch, Otway and Buffalo mills of Union county remained idle today and no new developments were reported in the Textile strike situation in the county.

Good order continues to prevail in the communities affected by the walkouts, which were made in protest against the "stretch-out" system. The mill officials refused last week to abolish the new efficiency system and the workers announced they would not return to work until it was done away with. No announcements of further conferences have been made.

## CANADA HAS REPORTED ON RUM RUNNER

## Formal Representation Made on "I'm Alone" by Canadian Government Today.

Washington, April 8.—(AP)—Formal representations on the sinking of the rum-runner I'm Alone by a Coast Guard Patrol boat in the Gulf of Mexico have been received from Ottawa by the Canadian legation for presentation to the State Department.

Except for the brief announcement by the Canadian Prime Minister Mackenzie King, that the sinking of the vessel, which was of Canadian registry, would be the subject of formal discussions between the American and Canadian governments, both Ottawa and the legation have been very reticent regarding the content of the note.

Unofficial views of the matter, however, are to the effect that the Canadians are more interested in the points at issue between the two governments over the anti-rum smuggling treaty of 1924 between the United States and Great Britain which binds Canada as a dominion of the British commonwealth—than they are over the actual sinking.

On two previous occasions when Canadian vessels were seized by Coast Guard vessels for rum-running, the Canadian government informally made known that it was not in sympathy with certain interpretations placed by the Americans on points in the 1924 treaty under which the ships were seized.

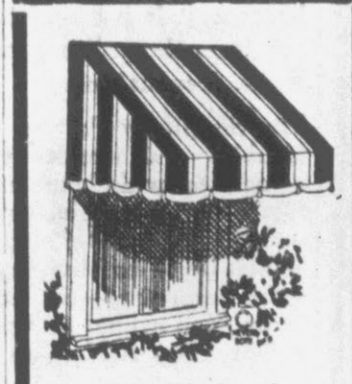

It has been said in reliable quarters here that great Britain and Canada are particularly interested in having these divergent view-points straightened out before a case more serious even than that of the I'm Alone arises. The I'm Alone case is regarded as embracing most of the contested points and enables the governments to bring the matter up for discussion.

The usual procedure in such cases is for the diplomatic representative on the spot to study the information of the case which is available, draft a note and submit it to his government for approval or correction. The interested government then returns the note to the legation, either approved with instructions to present it, or disapproving further action and instructing the diplomat to drop the case.

Since it has been thought that the Canadians were desirous of discussing the treaty, the points on which they have been unofficially expected to predicate their case are:

Whether the right under the treaty to search and seize suspected rum-runners within "one hour's sailing from shore" is interpreted by the Americans to imply right to pursue a vessel outside that limit for search and seizure.

Whether a pursuit lasting more than a matter of a few hours and carrying the vessels far out on the high seas is considered by the Americans to be "hot and continuous."

## HOOVER FACES BUSY WEEK AT CAPITAL CITY

## President Greatly Refreshed By Week-End to Mountains of Virginia.

Washington, April 8.—(AP)—President Hoover today faced one of the busiest weeks he has encountered since his inauguration. He entered it, however, considerably refreshed by his outing Saturday, which took him 90 miles away to his cool mountain retreat on the Rapidan river in Virginia and enabled him to escape part of the record-breaking heat wave endured by the capital over the week-end.

With only a week remaining before the new Congress is convened in special session, one of the principal tasks confronting the President was the completion of his message. He finished the first draft several days ago and immediately began the work of revision. The message is expected to be in its final form in a few days, but the chances are that it will not be transmitted to Congress until April 16, leaving next Monday free for the Senate and House to organize.

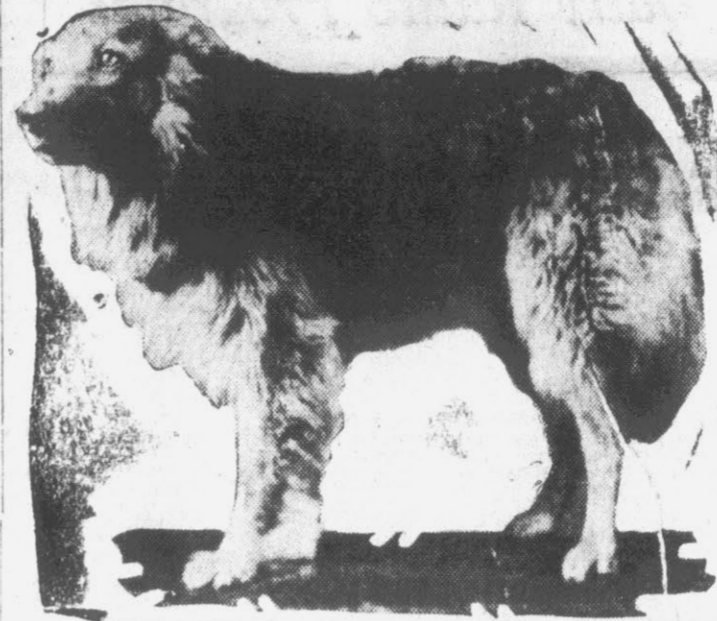

Now that the farm relief hearings are out of the way and the Senate and House agriculture committees have turned to the task of writing their bills, many members have been given time to speculate on the recommendation which the message will contain. Some are familiar with its outlines in a broad way, but all are eager to find out the details.

That it will deal primarily with the problem of assisting agriculture through revision of tariff rates on commodities competing with its products and by setting up a federal farm board and subsidiary agencies with broad powers is taken for granted, since that is what Congress was called to consider. Whether it will contain other recommendations, including postponement or repeal of the national origins provision of the immigration law, has not been disclosed, although the President's opposition to it was made known when he issued his proclamation declaring the new basis of immigration quotas effective July 1.

In addition to the work on his message and many conferences incident to the approach of a session of Congress, together with the usual heavy duties of his office, recent developments in the Mexican revolution which have threatened the safety of American border towns also will claim a good deal of the President's attention. He called upon Secretary Stimson to go over the situation with him today, including the steps taken by the State and War Departments to protect American lives and property.

Unwilling to forego his customary sojourn at Palm Beach, Harry Durant of Guilford, Conn., state senator, plans to travel there by airplane for week-ends.

## JASPER, \$25,000 WONDER DOG, AMAZES SPECTATORS

"Boy, that's the dog!" "Darned if he don't mind better than my own kids!" "Would you look at that!" "That dog's got more sense than lots of people I know!"

Assertions of wide-eyed, open, mounted praise, such as that above, were heard along Evans street, in front of the Reflector building, Saturday afternoon when "Jasper," the five year old dog, showed an interested street audience how a college trained canine uses his cranium.

This aristocrat of dogdom, which comes so near understanding the English language that it makes one in his presence watch his grammar for fear the dog will turn away in shame is valued by his owner at \$25,000. His master, R. L. Edwards directed "Jasper" in the exhibition. Mr. Edwards is a graduate of Furman University and is from Darlington.

A crowd of people gathered about the dog and were frankly amazed at the dog's matter-of-fact way of carrying out complicated orders shot at him in a rapid-fire monotone by Edwards. The on-lookers apparently would have been no less surprised had "Jasper" sat on his lances and laughed forth in an acceptance speech that would put even Hoover to shame.

He jumped over a barrier in the street, and then walked down the street, turned around, walked back to his master. Upon being told to climb onto the back of an automobile standing in front of the office, he did so. He then jumped upon the top of the car, sat up, laid down, put his head down, and jumped off.

The pup is so good that the East Carolina Exposition at Farmville has arranged to get him for this week.

"Jasper" paraded across the street holding an umbrella above his head. As a final trick, Edwards ties "Jasper" to the rear of a truck and lays a \$5 bill down on the pavement. He tells "Jasper" to watch it and even if Edwards should come up, he is not to allow him to pick it up, but to treat him as a per-

# NO PROGRESS REPORTED IN MILL STRIKES

### Situation In Both N. C. And S. C. Remained Unchanged; Early Truce Expected.

Charlotte, April 8.—(AP)—Between 5,000 and 6,000 striking textile workers in five North and South Carolina towns remained idle today with no definite progress toward conciliation apparent.

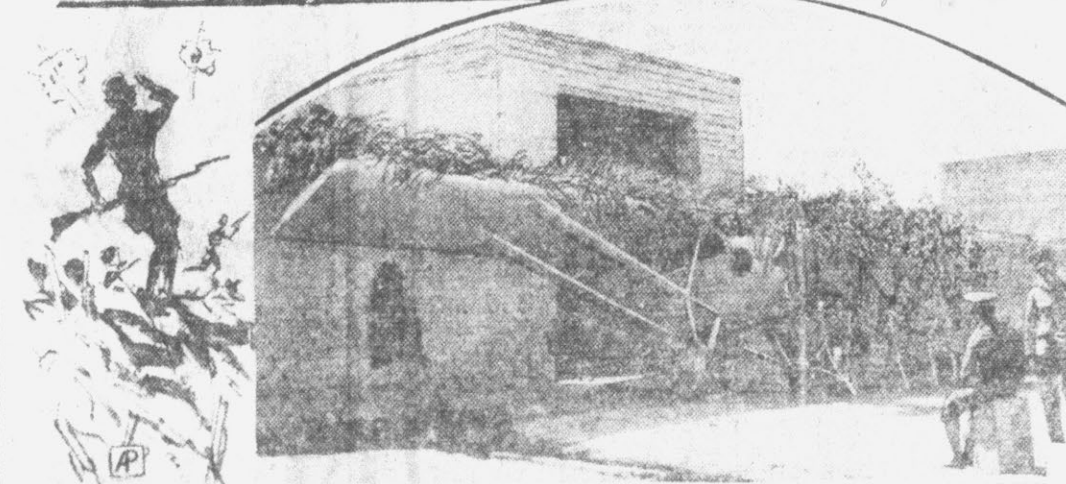

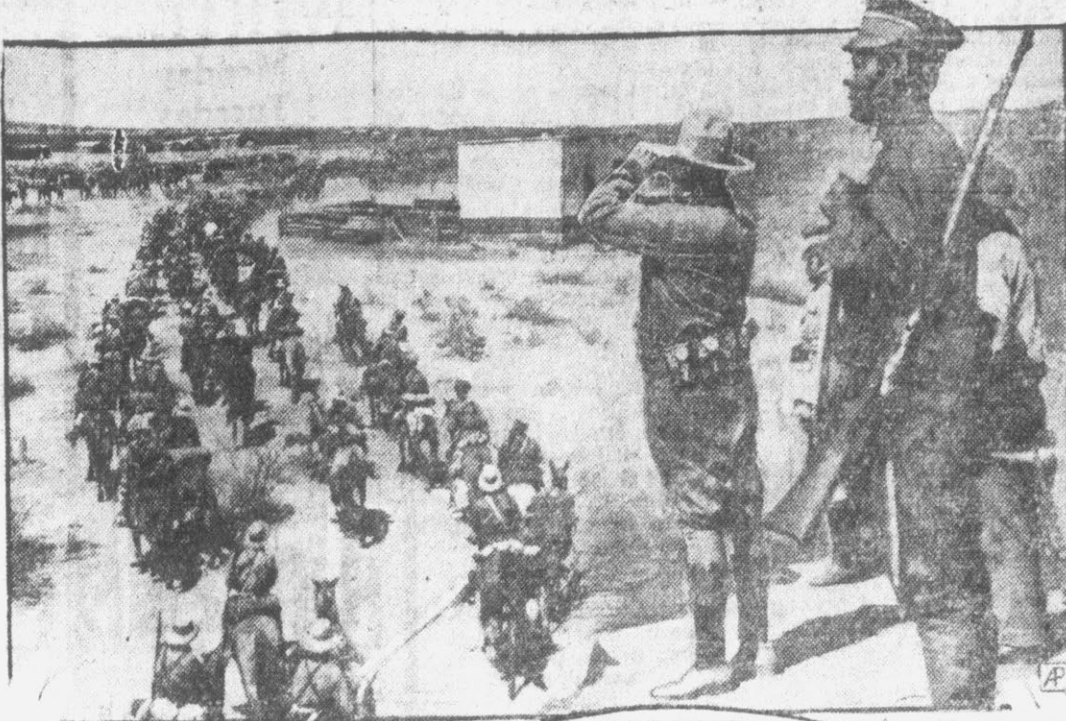

The belief was expressed in some quarters, however, that an early truce in South Carolina, where mill employes at Greenville, Anderson, Union and Woodruff are striking in protest against efficiency systems may be forthcoming.

Official observers viewed the situation at Gastonia, as more difficult. At that city employes of the Loray mills, operated by the Manville-Jencks Company, under radical leadership, are demanding a 40-hour five-day week, a minimum wage scale and improvements in living conditions at the mill village.

There were no developments at any point over the Sabbath. Officials of the Chadwick-Hoskins mill at Pineville, N. C., professed unconcern yesterday over the threatened strike voted Saturday night at a mass meeting of employes there and scheduled for today.

North Carolina troops remained on duty at Gastonia where they were ordered following the only disorder that has occurred in connection with any of the strikes.

## Carload of Booze Seized in Virginia

Richmond, Va., April 8.—(AP)—A broken freight car truck was reported for the seizure of 4,900 quarts of alleged bottled in bond liquor valued at \$50,000, which today are stored away in the Henrico county jail along with 2,000 other quarts of bonded whiskey previously taken. The shipment seized yesterday was enroute from Hollywood, Fla., to Newark, N. J., and was stopped Saturday in order that repairs could be made to the broken truck. The 417 boxes containing the liquor were labeled "Tomatoes."

A drip from one of the boxes led to the discovery that it was liquor and not tomatoes which formed the bulk of the car's load. The discovery was made while the boxes were being loaded into another car.

A report of the finding was made by Inspector D. B. Doggett of the Richmond, Fredericksburg and Potomac Railroad who notified county officers.

## Masked Men Mistify Officers At Chicago

Chicago, April 8.—(AP)—Masked men roaming the subterranean passages of the new county jail gave Sheriff John Traeger something mysterious to think about today.

It looked like a jail delivery at first but no one had ever heard of escaping prisoners wearing masks. Workmen in the jail basement gave the alarm, declaring that five men, four of whom wore mask and one

of whom was armed with a club, "appeared out of no where" in the pump room last night.

"They lined us against a wall," said Jack Patton, a steamfitter. "One fellow waving a club and said he would kill us if we said a word. We stood there about five minutes then I looked around. They had vanished."

Sheriff Traeger explored the tunnels and passageways under the jail, but found no trace of anyone. He checked and re-checked the jail roster, and accounted for all prisoners. The sheriff thought he had a clue when he followed a tunnel, used for steam pipes, until it came to a trap door which opened into the jail receiving room upstairs but a grand piano was atop the trapdoor, removing that from consideration.

Still mystified, sheriff Traeger ordered extra guards for each cell block last night.

## Charge Business Men With Part In Strike Kidnapping

Elizabethton Tenn. April 8 (AP)—A list of 20 Elizabethton business men today was in the hands of labor leaders who were trying to obtain evidence that they took part in the kidnaping of two American Federation of Labor representatives with a view to instituting criminal and civil prosecution against them promised in an address here yesterday by William Green, president of the federation.

Six other business men were under bond on charges of felonious assault on John B. Penix, a county organizer for the federation, who was roused from sleep last Thursday night and ordered to leave the town. An aunt sister of Penix came to her brother's aid with a pistol and drove his assailants away.

Two other representatives of the labor body Edward McGrady and Alford Hoffman, who were here in an effort to complete organization of employes of the American Bemberg and American Glanzstoff textile plants, were said to have been forced to leave Elizabethton the same night, however and it is in connection with their kidnaping that the present investigation is under way.

McGrady and Hoffman notified President Green of the affair, and his visit yesterday resulted in an address to thousands of the textile workers. He promised that the men's assailants would be punished by prosecution in both civil and criminal courts.

In their account to him of the kidnaping, McGrady and Hoffman said they were awakened about midnight Thursday in an Elizabethton hotel, were escorted to automobiles and taken to the state lines of Virginia and North Carolina. McGrady ended his trip at Bristol, Va., Tenn., and Hoffman at Asheville, N. C. Both returned to Elizabethton the next day and have been accompanied by armed guards ever since.

A second attempt to enter the hotel Saturday night was reported but no other serious trouble has developed.

President Green left last night for a labor conference in Chillicothe, Ohio.

## Pineville Mills Operating Today

Charlotte, April 8.—(AP)—The Pineville Mill of the Chadwick-Hoskins Company was operating with a full force at 10 o'clock this morning. B. B. Gossett, president of the company, said in a statement given out here. "A few" of the employes of the company did not return to work in the spinning room at the usual hour this morning, the statement said, but they gradually came into the mill until a full complement was present.

The statement of Mr. Gossett follows:

"A few of our employes did not return to work at the regular starting time this morning. Those who stayed out were mostly young people from the Spinning room. It is nothing unusual to have some of the younger and less experienced people stay away from their work. The same is to be expected from the so called transient help, a small un-

ber of which will be found around every cotton mill.

With the exception of the spinning room, all departments of the mill started up with a full complement of help on the usual schedule. The workers in these departments are composed mostly of older people who work steadier and who naturally have a greater sense of responsibility than some of the younger crowd. Later in the morning the spinning room employes gradually returned to work and by 10 o'clock the entire plant was in operation.

"It is to be regretted that a small number of our employes have been misled by some dangerous agitator now operating in this section. We

are confident, however, that on further reflection their better judgment will prevail and that soon all employes of our Pineville plant will renew their former pleasant and cordial relations with the company."

## Arabian Tribesman Meet With Defeat

London, April 8.—(AP)—A victory of a transient of three widely separated tribes was described in dispatches today.

From Benghazi Libya, North Africa news came that native Italian troops had defeated a large group of rebel tribesmen near Bir Bil

Gedaria, killing 160 and leaving 100 camped and considerable stores. Fifty captives were killed and 10 wounded.

Bassa Irak, dispatches related that a body of Akhwan riders composed of Arabian and Mutair tribesmen suffered heavy losses in an attack and dispersal by a force of 45,000 men led by Ibn Saud, king of the Hedjaz.

An official communication has been issued at New Delhi, capital of India, dealing with African efforts to centralize tribes along the northern frontiers of India in civil war.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET N. Y. STOCK LIST

New York, April 8.—(AP)—Cotton opened steady today at a decline of 1 to 13 points, with active months selling at about 12 to 14 points below Saturday's closing quotations during the first few minutes under liquidation combined with some local and commission house selling. This seemed to be inspired by the indifferent showing of Liverpool and a favorable view of the early weather map as rains reported in the southwest were considered more beneficial than otherwise.

July eased off to 19.76 and December to 19.72, but there was trade buying of near months at the decline. The market was quiet at the end of the first half hour, with prices showing rallies of four or five points on covering.

Private cables reported liquidation and hedging in Liverpool and complained of a continued small turnover in cotton cloths and yarns.

## STOCK MARKET

New York, April 8.—(AP)—The stock market alternately flew hot and cold today as control of the price movement shifted between "bull" and "bear" forces. Neither faction was able to gain a decided advantage, due to the apparent disinclination of the outside public either to add to their commitments or to sell those already owned, with the result that the day's trading was largely professional in character.

The market headed upward at the opening, turned heavy just before midday when heavy selling cropped out in the Coppers and then moved higher in the early afternoon under the leadership of the merchandising shares.

There was no change in the credit situation today. Call money remained at 7 per cent and appeared to be in fair supply at that figure but Wall Street was anticipating another "squeeze" around the middle of the month. The time money market was quiet with 9 per cent quoted for all maturities.

Early selling of the Copper shares was based on the speculative belief that the current high prices for the Red Metal will not be maintained. Federal Mining and Smelting broke 16 points. Greve Cananea 5-8-32 Cabmet and Arizona, Anaconda and Nevada dropped 3-1-4 to nearly 5 points and a number of others including American Smelting, Andes, Kennecott and Inspiration yielded 2-1/8 to 3/8 more before succumbing. Buying support appeared to check the tide of selling.

The rally in the rails was short-lived. Chesapeake & Ohio ran up to a new high record at 229-1-4 in response to the announcement that the Interstate Commerce Commission had approved the issuance of additional stock, and dropped back to 223 on profit-taking. Other rails turned quiet, pending the possibility of a decision by the United States Supreme Court in the O'Fallon case.

The brick demand for the merchandising and chain stores issues was inspired by reports of record-breaking first quarter earnings. Woolworth ran up 8 points, R. H. Macy 7, Interstate Department Stores 5-3-4, Julius Kayser 4-3-4 and Jewel Tea 4-1-2.

New high prices for the year, or longer, were established by American Can, American Hawaiian, Steamship Co., Penick and Ford, Amrine preferred, Stromberg-Carlson and Superior Steel.

David L. McCormick, superintendent of the Indiana Battle Flag commission, celebrated his eightieth birthday anniversary on the day of President Hoover's inauguration.

# SEEK SENDER OF BOMB TO F. ROOSEVELT

## Infernal Machine Mailed to N. Y. Governor Discovered in Postoffice.

New York, April 8.—(AP)—A bomb found in a parcel post package addressed to Gov. Franklin D. Roosevelt contained only black powder instead of dynamite, and was merely of the variety known as a "scare bomb," bomb squad detectives announced today.

New York, April 8.—(AP)—Police today sought the sender of a bomb addressed to Governor Franklin D. Roosevelt.

It was accidentally discovered by a porter in the parcel post room of the general post office at 33rd street and Eighth avenue yesterday. The infernal machine consisted of six ounces of dynamite in a six-inch length of one-inch pipe, capped at both ends and provided with a fuse and detonating device. The whole thing was imbedded in wax in a tin candy box wrapped in brown paper.

The detonator was a strip of sandpaper against which 4 matches were held by a spring in such a way that if the lid of the box were lifted the fuse would be ignited.

On the wrapper was the hand-printed address: "The Hon. P. D. Roosevelt, Mansion House, Albany, N. Y." In the corner was printed "H. Bup, 459 Twenty-Ninth street," Police found the name and address fictitious.

Thomas Callego, of 215 Jefferson street, Hoboken, N. J., the porter, found the bomb when he accidentally hit it with his broom while sweeping the parcel post room. At the contact there was a hiss and smoke curled from the package. Callego promptly trampled on it.

The porter's action in stepping on the bomb, police said, probably saved his life and those of the clerks at work in the room, as he broke off the fuse and extinguished the matches.
