EXPECT EARLY CONCLUSION IN SOCIAL ISSUE

Sir Esme Howard To Take up Mrs. Gann's Social Rank With Sec. Stimson.

Washington, April 9.—(AP)—Prospects of an early settlement of the capital's social upheaval over the rank of Mrs. Edwards Everett Gann, sister and official hostess of Vice-President Curtis, as a guest at official functions, were seen today in the decision of the diplomatic corps to ask Secretary Stimson for a definite ruling.

The diplomats discussed the intricate problems for two hours last night at a meeting called by Sir Esme Howard, the British Ambassador, as Dean of the Corps. They agreed that, in view of the protest by Vice-President Curtis against the ruling issued by former Secretary Kellogg placing Mrs. Gann's social rank below that of the wives of diplomats—and, incidentally, the wives of cabinet members and Senators—Sir Esme should take up the matter with the new secretary.

Because of the large number of social functions planned before the vacation season begins, it was thought that a definite ruling was more desirable than efforts to avoid embarrassment by arranging guest lists so that they would not include both diplomats and the Vice-President. Such a course, it was felt, might have little or no effect except to add one more complication to the already extremely complex problem of social rank in Washington, especially in view of the claims of the Chief Justice and speaker of the House of Representatives to social rank equal to that of diplomats.

The diplomats have made it clear that they are not questioning the Vice-President's social status. They feel bound to follow rulings of the State Department in such matters, and, as representatives of foreign nations, are not in a position to relinquish voluntarily their own rank in the scale of social precedence, as they are anxious to have the question of Mrs. Gann's status definitely settled.

Vice-President Curtis, meanwhile, is maintaining silence so far as public statements are concerned, but it is understood to have assured the diplomats that it was not his wish to cause them any embarrassment by his protest against the Kellogg ruling. His friends are convinced, however, that unless the ruling is reversed or some satisfactory understanding reached, he intends to refuse all social engagements which would bring the Kellogg ruling affecting his status into force.

Minister Files \$50,000 Breach of Promise Suit Against Mrs. M. Kennedy

Seattle, April 9.—(AP)—Charges that Mrs. Minnie Kennedy, mother of Aimee Semple McPherson, evangelist, made "violent and passionate love" to him and then refused to marry him were on file here today in \$50,000 breach of promise suit by the Rev. H. H. Clark, middle aged minister of the Christian demonstration here.

The minister, who filed that suit yesterday, alleged that Mrs. Kennedy came into his life under the assumed name of Mary E. Clark last December in Seattle. Mr. Clark averred that Mrs. Kennedy rented a hotel apartment here where they could "talk undisturbed."

The suit set forth that while they talked of establishing a tabernacle for Mr. Clark in Seattle and outfitting a "gospel ship" for missionary work in Alaska and along the Pacific Coast, Mrs. Kennedy persuaded him to visit the apartment and another hotel room.

The minister asserted that Mrs. Kennedy proposed marriage, promising to finance the tabernacle and "Gospel Ship" after their wedding. Mr. Clark represented himself to be hesitant at first about the marriage proposal but declared he finally consented.

Sacramento, Calif., April 9.—(AP)—Mrs. Aimee Semple McPherson, evangelist, came to the defense of her mother, Mrs. Minnie Kennedy, when informed last night that a breach of promise suit had been filed against the latter at Seattle by the Rev. H. H. Clark.

"The reported charges against my mother are too absurd to even consider," said Mrs. McPherson. "I know my mother and I know that her actions could be nothing but good. If it is true that these preposterous charges have been filed, I will do anything I can to help my mother."

Portland, Ore., April 9.—(AP)—Mrs. Minnie Kennedy, mother of Aimee Semple McPherson, Los Angeles evangelist, last night characterized the \$50,000 "breach of promise" suit brought against her in Seattle by the Rev. H. H. Clark as a case of "biting the hand that feeds him."

"I have nothing to say about this case," was her first declaration. Then she augmented her statement in strongly worded phrases with references to "blackmailing" and "hypocrisy."

Masked Men Rob Chicago Congregation of \$75,000

Chicago, April 9.—(AP)—Five snarling, cursing thieves, masked and armed, held up 80 members of the first Rumanian Synagogue congregation last night, taking \$75,000 in money and jewels. It was the first instance in Chicago police records of a holdup inside a place of worship.

Laurence Bungeard, Rumanian Vice-Consul, was among the few to escape loss. He was mistaken for one who already had been searched, and was ordered to one side.

For nearly half an hour the robbers, some with pistols, some with shotguns, moved along the congregation which had been ordered to lie up against the wall. From the arms and hands of the women the robbers snatched bracelets and rings. The men's pockets yielded billfolds and watches.

The robbers, frequently breaking the silence of the church with curses held handkerchiefs to their faces, but before the robbery was finished two of them had abandoned this method of concealment. Some members of the congregation said they recognized these two, and their names were later given police.

A special meeting was being held to hear Victor Phillips of Bucharest, representative of the Rumanian government in the tenth anniversary celebration of United Rumanian to be observed in Bucharest in May. The meeting was in the church parlors where Queen Marie of Rumania was a guest during her Chicago visit.

Mr. Phillips was nearing the end of his address when the robbers ran down the aisle from the front entrance. The speaker stopped in the middle of a sentence, and the

started congregation huddled silent in their pews.

The robber chief, shouting oaths, ordered everyone to line up against the wall. Three of the band stationed themselves at the exits. The leader and another moved among the congregation, taking what valuables they could find.

In the leisurely search the robbers came to Rabbi Harris Goldstein and took \$22 from his billfold. Observing the Rabbi's name on it, the leader told his aide to return the money.

From Mr. Phillips the thieves took \$60, overlooking \$500 in a secret pocket. Among the loot, as reported to police, were a diamond ring valued at \$4,000, a pair of earrings worth \$2,200 and a bracelet valued at \$1,000.

Dr. Lee Shiffman, the cantor, lost \$60, a diamond tepee and \$1,100, which lay on a table and which was to have been paid him for his services.

As the robbers approached M. J. Braustein, he slipped his watch into the hand of his wife. At the same time Mrs. Ross Weisler gave Mrs. Braustein a \$600 diamond ring. Mrs. Braustein dropped the value into a box of doughnuts she carried, and when the robber approached she held the box out to them, offering them a doughnut. The thieves passed by, without examining the contents of the box.

J. D. Raynes offered \$190 to the robbers as they approached him. "I'm the shamus (janitor)," he said, "keep it," said the robber chief.

One woman fainted. After the robbers had gone, Rabbi Goldstein offered a prayer of thanks that no lives had been taken.

Six Arrested In Kidnapping Union Leaders

Elizabethtown, Tenn., April 9.—(AP)—Conferees between law enforcement officials and attorneys retained by labor leaders were planned before warrants will be served on men said to have been implicated in the kidnapping of two American Federation of Labor representatives last week. Following the strike of employes of local textile mills.

Six men already have been arrested and the names of approximately 20 others have been given labor officials in connection with the kidnapping of the two men.

The conferees, which will be held in Nashville tomorrow, will be attended by William Green, President of the American Federation of Labor, who was interested himself in the case.

Vare to Visit At Pinehurst

Fort Pierce, Fla., April 9.—(AP)—United States Senator-elect William S. Vare of Pennsylvania, was en route to Pinehurst, N. C., today after spending four months recovering from a paralytic stroke at his winter home at St. Lucie here.

The senator-elect was accompanied on the northward journey by members of his family and his personal physician.

Miss Lips Free

Albuquerque, N. M., April 9.—(AP)—Miss Bertha Lips, former head of New Mexico girls' welfare home, was acquitted by a jury here last night of charges of manslaughter which grew out of the death of Helen Haskew, an 18-year-old inmate of the home, following an injection of twilight sleep.

Solons to Consider Additional Charges Against Gov. Long

Baton Rouge, La., April 9.—(AP)—After a peaceful week end recess in Louisiana's political debate the stormy House of Representatives who turned Gov. Huey P. Long over to the Senate for trial will reconvene tonight to take up additional charges of impeachment.

The committee of the whole will resume their taking of testimony at the second of nineteen counts of criminal and petty official offenses charged against the governor.

The first indictment set last Saturday to the Senate charged the Louisiana executive with intimidating C. P. Manship, Baton Rouge publisher, because of editorial attacks in his newspapers against passage at the special session of the proposed tax on oil refineries.

The Senate will reconvene on Thursday with Chief Justice Chas. A. O'Neill of the State Supreme Court, to decide on procedure, set a date for the trial and await further action from the House on additional counts.

While willing to admit free expression for and against each charge under discussion, leaders in the legislature on their arrival here today freely predicted calmer sessions in committee and expressed their desire of completing the inquiry as quickly as is judiciously possible.

The House has not yet voted on the charges which in the testimony played the fighting young governor in the role of a deliberate swearer, a trader in votes to get through his tax on oil, and a briber.

The Norwegian steamer Elna ran out of fuel in stormy seas off Scotland. She burned 95 barrels of dried fish to make port.

Senate Court To Air Hardy Case

Sacramento, Calif., April 9.—(AP)—Judge Carlos S. Hardy's alleged efforts to clear Aimee Semple McPherson of conspiracy charges which grew out of her famous kidnapping store were due for a airing today before the Senate court of impeachment, where the jurist is on trial for alleged misdemeanors in office.

Wallace Moore and Marshall Solover, newspapermen summoned to testify, were expected to detail the manner in which Judge Hardy warned Moore that he would be subject to a libel action if he falsely identified anyone in the kidnapping investigation.

Report Finding Southern Cross In W. Australia

Sydney, N. S. W., April 9.—(AP)—The airplane Southern Cross, missing for nearly ten days with Captain Charles Kingsford-Smith and three of his companions on an attempted flight to England from Sydney, was reported by the Drysdale Mission station in Western Australia today to have been found on the coast 30 miles southwest of the station.

Blizzard Sweeps Across Nevada And California

New York, April 9.—(AP)—While the Atlantic Seaboard has been having a hot wave there has been a blizzard in Nevada and California, fruit growers have surveyed orchards blighted by killing frost.

Unprecedented warm weather for April yesterday and Sunday put the mercury in the eighties along the Atlantic coast.

A snow storm of blizzard proportions swept across the Selmas blanketing northern Nevada and portions of California. The fall at Norden, Calif., summit of the railroad, was 18 inches. Reno had four inches of snow, the heaviest of the year. Snow plows struggled to keep rail lines open while mountain highways were blocked by drifts.

SINCLAIR TO SERVE TERM IN OLD JAIL

Oil Magnate Will Serve Six Months Sentence At Washington Asylum Jail.

Washington, April 9.—(AP)—Unless very unusual delays are obtained, Harry F. Sinclair will spend most of the summer in one of the capital's oldest public buildings, the Washington Asylum and Jail, because of his refusal to answer all questions asked him during the Senate Teapot Dome investigation.

Although it was built 70 years ago and lacks some of the improvements which more modern structures of the kind contain, it is regarded as one of the best, as jails go. In common with other public and private buildings in Washington, however, it is not regarded as a summer resort, and jail officials are emphatic in their declaration that the wealthy oil man will be granted no special privileges not available to other prisoners.

Under the rules of the Supreme court, Sinclair has only 25 days in which to appeal for a rehearing from its decision yesterday upholding his conviction for contempt of the Senate, which carried with it a three months jail sentence and a fine of \$500. Rehearings are seldom granted, however, and the Supreme court's mandates in such cases are usually sent to the court of appeals of the District of Columbia within ten days. Whenever the mandate in Sinclair's case is received, United States Attorney Rover has explained, he will be notified promptly to appear to begin his sentence.

The old jail is in the Southeastern part of the city, 10 blocks east and several blocks south of the capitol. While it is near the river, it is on one of the low lying sections. New-comers who are qualified for work are usually assigned bookkeeping tasks, and jail officials expect the custom to be followed in the case of Sinclair, despite that his name is slated to eclipse in prominence those of all his predecessors.

Sinclair also is facing a six-months jail sentence for contempt of court which has been held up by an appeal. This followed his acquittal after a trial on a criminal conspiracy charge brought against him as a result of the Teapot Dome Naval oil reserve lease, and was based on the employment of Burns Detectives to investigate members of a jury which was to have heard the case. His appeal in this case is still pending.

GERMANS GET ADVANTAGE ON REPARATIONS

Conference at Paris Trying to Overcome Situation Created By Dr. Schacht.

Paris, April 9.—(AP)—Germans have secured a certain tactical advantage in the maneuvers attending the conference of experts on reparations which delegates of the allied nations today were trying to overcome.

The advantage was an outgrowth of questioning by Dr. Hjalmar Schacht, president of the Reichsbank, recently of the allied delegates as to expected size and total of reparations disbursements sought by their countries.

These figures, once obtained, staggered the Germans, who found them not only far in excess of what they were willing to offer—but they had never made any definite offer—had considerably in excess of the 2,500,000,000 marks (\$625,000,000) annuities specified in the Dawes plan.

It was because of allied recognition of the burdensomeness of the Dawes plan annuities—or a purported willingness to be shown—that the conference was called. To be sure the device known as the index of prosperity provided for an increase in the annuities beyond 2,500,000,000 marks if Germany should ever be able to pay a greater amount but this was regarded as very remote by the Germans themselves.

The unreasonableness of the situation was apparent at once to both the allied delegates and to the Germans who were placed in a position in which they could accuse the allied nations of seeking even more from them than at the end of the war. In other words, instead of revising the original Dawes plan downward they actually were asking for higher annuities.

Today the allied delegates' committee took the form of private meetings to see if each nation could not slash its claims as to reduce materially the total as they were given to Dr. Schacht, reduce them at least to the level of the Dawes plan annuities.

There were to be efforts at some of these meetings to bring the level down to that of Owen D. Young's memorandum to Dr. Schacht, 1,700,000,000 marks (about \$425,000,000). This in itself was considerably in excess of what the Germans have intimated as their maximum, 1,400,000,000 marks (about \$350,000,000).

E. C. FIREMEN TO GATHER IN CITY TONIGHT

Fifteen cities to be represented at meeting of District Association.

The eastern Carolina Fireman's Association will meet at the Rotary club in this city tonight at eight o'clock, according to announcement made this morning by George Gardner, chief of the Greenville Fire department.

Fifteen towns and cities of Eastern North Carolina will be represented. Problems dealing with more efficient fire fighting will be discussed at considerable length by men well acquainted with the situation in the many cities involved.

The principal speaker of the evening will be Sherwood Brockwell, of Raleigh, State Fire Marshal. He will discuss the part which the various towns and cities of the state are playing in bringing about a decrease in loss by fire. Mr. Brockwell has appeared in Greenville on different occasions, and his coming tonight is looked forward to with much interest, members of the department said today.

The visitors will be welcomed to the city by Mayor J. C. Lanier. Other speakers will be Hon. F. C. Harding, Haywood Dail, and another local man whose name had not been announced today.

Members of the Board of City Aldermen have been invited to attend in order that they may get an insight into activities under way in other towns for more efficiency in fire fighting. The purpose of the association is to promote the upbuilding of the fire departments of the many towns of eastern Carolina and considerable good as been accomplished in past years.

This will be the third time the Association has met in Greenville. It met here during the administrations of H. D. Overton and George Clark as heads of the Greenville Fire department.

Governor Gardner Speaks At Farmville Exposition

Governor O. Max Gardner was the high light of the second day of the Eastern Carolina Exposition which got into swing at Farmville this afternoon at 1 o'clock. Other parts of the program were featured by a concert by the Carolina Buccaneers and saxophone numbers by Baby Dorothy Johnson.

With hundreds of persons in attendance, the seventh annual Exposition opened at Farmville yesterday afternoon. The formal opening was preceded by a mammoth parade in which the glory of Eastern North Carolina was set forth in vivid terms.

The city was gaily decorated for the attraction when first visitors arrived yesterday morning and hundreds of flags waved their welcome from streets and public buildings. All nature combined to make the occasion surpass all previous affairs of the kind. Ideal mid-summer weather, a little bit unseasonable probably, gave nature a part in the program, and a riot of color was provided by budding trees and flowers throughout the town.

The Exposition has staged parades on top of parades in the past, but it is possible none of them measured up to that which thrifty Farmville had provided to usher in the big show. Float after float, representing various organizations and industries, took part in the pageant. It was a spectacle which Farmville and her hundreds of visitors will not forget in many a day. The pageant was headed by Chief

Fire Destroys Home And Store In Currituck

Elizabeth City, April 9.—(AP)—The store and dwelling of G. C. Boswood at Gregory, Currituck county, were destroyed by fire at midnight last night with a loss estimated at \$6,000. Mrs. Boswood was awakened by noise in the store and fearing burglars her husband investigated. He found the store in flames and hardly had time to telephone the fire department here before being forced to flee the building. Firement sent from here were able to save a nearby new residence. Mr. Boswood was constructing, but could not save the store or home he was occupying.

The entire stock of the store was burned and checks and papers in the safe were reduced to ashes by the heat.

Search Pool For Missing Woman At Capital City

Raleigh, April 9.—(AP)—Searchers turned today to the pool of an old rock quarry near here in their effort to locate Mrs. A. L. Burroughs, who disappeared from her home five days ago.

Billy Huffman, one of scores of Boy Scouts who have joined police and citizens in their attempt to trace the 34 year old wife of an insurance agent, reported late yesterday that he saw floating in the pool a tan cap similar to the one worn by Mrs. Burroughs when she evaded a nurse and ran away last week.

In reporting his wife's disappearance, Burroughs said she had left because he forcibly fed her after she refused to eat. She was a patient in the State hospital last fall, he said.

In Great Britain more than 100,000 women are affiliated with golf clubs.

GEN. CALLES TAKES CHARGE ON THE COAST

Leader of Mexican Federals Establishes Headquarters At Mazatlan.

Mexico City, April 9.—(AP)—General Plutarco Elias Calles was in the state of Sinaloa today prepared to establish his headquarters at the port of Mazatlan, and undertake personal direction of the Pacific coast campaign.

There was in the action evidence of his relentless determination to stifle remaining phases of the revolt, and of the skill with which the man, Mexico's former president and supreme military tactician, moves about such things.

At Mazatlan he may be able so to accelerate the advance of the federal armies up the west coast that before the predicted union of the forces of Generals Irujo and Cruz, General Topete, and General Escobar can take place in Sonora they will find themselves beset from both front and rear by well organized federal pursuing armies.

In a campaign against Sonora General Calles should be at his best. It is this state in which he grew up, and where in his youth, he was a school teacher, abandoning that vocation for the military and political career which, with the death of General Oregon last year, left him recognized leader in Mexican affairs.

General Calles is expected here to remain in Mazatlan only a day or so, moving northward at some distance behind the armies of Generals Lazaro Cardenas and Palme Carrillo, which yesterday occupied Culiacan, capital of Sinaloa. A major battle, expected at first to take place at San Blas, a short distance north of Culiacan, is not expected now until the armies have reached Sonora.

Seize Shipment Of Diamonds At Miami, Florida

Miami, April 9.—(AP)—United States customs officers today were holding jewelry and uncut diamonds valued at approximately \$100,000, taken yesterday from the false bottom of a trunk shipped here on a steamer from Havana in what is believed to have been an attempt to smuggle them into this country.

The owner of the trunk, whose identity could not be learned here, was said to be in custody of Havana police.

ALBERMARLE MAN DROPS DEAD TODAY

Albermarle, April 9.—(AP)—W. C. Russell, 73, fell dead in the arms of his cousin, L. C. Russell, in the business section of Albermarle today a moment after telling his cousin he had no idea he would live so long.

When the cousins met on the street, L. C. Russell said: "Good morning, Cousin William, how do you feel this morning?" The aged man, with a shake of his head, replied: "No account much. I have no idea I'll live long."

A moment later he was dead. Heart trouble was given as the cause.

One Hour Parking Law For Business District Not To Affect Visitors Here.

Courtesy cards giving Greenville visitors the privilege of parking for more than one hour in the business district were issued today by the Merchants Association with approval of the Greenville Police Department.

The cards contain a welcome to the visitor, accompanied by the following wording: "This tag entitles you to park your car as long as long as you please in Greenville. Never mind the time limit. This will not exempt you from arrest for parking near fire hydrants or where no parking signs are displayed. No parking on paved streets from 1 a. m. to 5 a. m."

The cards will be issued to various to protect them from the one hour parking law recently passed by the Board of Aldermen by request of the Merchants Association and other organizations interested in relieving the traffic congestion in the business district. Heretofore cars have been parked in the business district for any length of time, but the new law which became effective last Thursday night, makes it unlawful for anybody except visitors to leave their cars standing in the business district for longer than one hour.

J. H. BLOUNT PLEASED WITH RALEIGH MEET

Local Man Thinks Meeting of Directors Of Merchants Association Fruitful

J. H. Blount, well known Greenville merchant, has returned from Raleigh where he attended a meeting of directors of the North Carolina Merchants Association held in that city yesterday. Mr. Blount was highly pleased with the outcome of the session and said he thought much good should result from deliberations.

The directors decided to hold the annual meeting of the Merchants Association in Hickory, June 13 and 14. Mr. Blount said elaborate plans would be arranged for the affair and that several hundred members of the organization would be in attendance.

Mr. Blount said one of the outstanding things discussed was legislation enacted by the last General Assembly. He said the directors had highly commended W. L. Dowell of Raleigh, for the splendid effort which he put forth in defeat of the general sales tax measure. The enactment of such a measure, it was declared, would have cost North Carolina merchants several thousands of dollars annually.

Mr. Dowell was also congratulated for his activities in getting the proposed freight rate hearing, to consider interstate rates, postponed for another nine months. This single stroke, Mr. Blount said would save North Carolina merchants thousands of dollars during the period affected.

JAMES WHITE RECEIVES BROKEN ARM WHEN CAR COLLIDES WITH MULE

James White, employe of the Greenville Laundry, received a broken arm when the automobile in which he was riding collided with a mule on the Greenville-Farmville highway while returning from the Exposition at Farmville last night. The car was owned and driven by J. P. Rowlett, who escaped uninjured.

The collision occurred at a sharp curve near Ballard's Cross Roads. Mr. Rowlett was making the curve when he observed two white mules on the highway. He applied his brakes and swerved to the side of the road, hitting one of the mules. Mr. White's arm was resting in the window of the car and it is presumed it was broken by the force of the impact against the mule.

NOTICE OF RECEIVER AND SALE

Three Buildings Wrecked by Fire At Bethel, N. C.

Three buildings in the heart of the business district of Bethel, Pitt county, were wrecked by fire yesterday afternoon between 5 and 6 o'clock. The loss today was estimated at approximately \$3,000.

Two of the buildings were occupied by J. Rollins and Grimes Beverly, the latter operator of a pressing club. The third structure was unoccupied. Several suites of clothes in the pressing club were destroyed as was much of the equipment. The buildings were the property of N. G. Beverly and W. C. Grimes.

The fire is said to have originated from the explosion of a gas tank in the pressing club. Fanned by a high wind, the flames quickly spread to the adjoining buildings and at one time threatened to wipe out a considerable part of the business district.

An urgent call for help was sent to the Greenville fire department but this was cancelled a few minutes later when the flames were gotten under control.

SEARCH FOR ASSAILANT OF WHITE WOMAN

Greensboro, April 9.—(AP)—A posse of citizens with bloodhounds was searching the country along the Kivett-Hayworth Springs road near High Point this afternoon in an effort to capture an unidentified negro who is said to have attacked the wife of a farmer of the community yesterday.

The alleged act, said to have taken place yesterday afternoon, was reported to High Point police officials. County Commissioner F. P. Conrad notified Sheriff D. B. Stafford and deputies with bloodhounds from Asheboro were sent to the scene. Darkness last night halted the hunt but it was renewed today.

Training Camp News Briefs

Oklahoma City, Okla., April 9.—(AP)—Four hits and two unearned runs were all Dick Coffman of the St. Louis Browns allowed the Oklahoma City Indians yesterday in nine innings. Coffman's control was near perfection, five fanning and only one walking. He retired the side in one-two-three order in five innings.

Houston, Texas, April 9.—(AP)—Captain Charlie Grimm of the Cubs has realized the ambition of every hitter. Grimm hit a "straight flush" against Houston yesterday—a home run, triple, double and a single, a feat rare in baseball annals.

Dallas, Texas, April 9.—(AP)—With First Baseman Art Shires back in good graces, the White Sox broke camp today and headed for Memphis, Tenn.

Shires, who was sent home for complaining publicly about Manager "Lena" Blackburne's discipline, was taken into the fold after due apologies.

New Orleans, April 9.—(AP)—Manager Roger Peckinpaugh is well pleased with the work of the hurling staff of the Cleveland Indians and particularly with the unexpectedly promising form shown by John Miljus and Ken Holloway. With Joe Shaute, they are expected to start the first three engagements against Detroit next week.

Montgomery, Ala., April 9.—(AP)—Dazzy Vance, star Brooklyn pitcher, troubled with sciatica, has been sent to New York to receive treatment. The attack is a light one and Vance expects to be in shape to start the season.

Tulsa, Okla., April 9.—(AP)—Its a rare New York Yankee ball game in which eight home runs are hit and one of them off of Babe Ruth's big bat. That's what happened yesterday when the Yanks bowled to the Tulsa Oilers, 12 to 9. Eight circuit drives were made four by each club, but the Babe was forced to content himself with a pair of singles.

Birmingham, Ala., April 9.—(AP)—The New York Giants' steam roller which has been riding roughshod over all opposition has come to an abrupt stop. Garland Braxton and Irving Hadley of the Washington Senators saw to that yesterday. They held the Giants virtually helpless while the Senators pounded Karl Hubbell for seven hits and five runs in seven innings and Carl Ogden for three hits and three runs in one frame. The final score was 8 to 3.

Evansville, Ind., April 9.—(AP)—A day of idleness yesterday, three more games and then the city series before the National League opening was the remaining pre-season schedule of the St. Louis Cardinals today. A game with Evansville was canceled yesterday by an April shower.

Pyle's Bunioneers Hit Hardest Trail

Cumberland, Mo., April 9.—(AP)—C. C. Pyle's cross country marathons today had one of the hardest tasks of the whole trip, and the toughest they will be called on to face before striking the desert country of the west.

Up over the highest portion of the Appalachian range, the bunioneers had 63 miles to go to the next control point. Unlucky weather. Cooling showers were forecast. The last three days the men have pluggled under a beaming sun which has held the temperature near and above the 90 degree mark.

Ed Gardner, Seattle negro runner, led the field this morning. Finishing in the lead the last two laps, the dusky Pacific coast man yesterday wrest the lead from John Salo, Passaic, N. J., policeman, and had a 34 minute advantage in total elapsed time. Gardner won Sunday's jaunt from Frederick to Hancock to pull within 21 minutes of Salo, and passed him yesterday, when the Passaic cop finished sixth.

Ken Mullan of Philadelphia and Dr. Arne Souminen of Chicago, have rapped out. Dr. Souminen, a Fin, was leading the race last year when he was forced out.

He dug his rock nearby and used odds and ends of lumber. The 40 cents went for nails.

LINDBERGH TO PAY TRIBUTE TO HERRICK

Famous Flier Leaves Mexico To Attend Funeral Of Former French Ambassador.

Mexico City, April 9.—(AP)—Col. Charles A. Lindbergh turned his face today toward the United States to pay his tribute to Ambassador Myron T. Herrick, whose body will arrive at New York Saturday from France.

To the Ambassador Col. Lindbergh has always considered he owed a debt of "more than gratitude". It was Mr. Herrick who, after the aviator's landing at Le Bourget, took him in hand and piloted him about Paris in a fashion which led to his general designation as America's "good will Ambassador to France."

Upon the occasion of Ambassador Herrick's death Colonel Lindbergh said, "I have lost more than a friend."

Although there was no definite announcement of his plans it was expected the aviator would go directly to New York, arriving there possibly tomorrow or Thursday, and meeting the French Cruiser Tourville when it docks Saturday with the body. He is expected to trail the funeral train to Cleveland where interment will take place.

His schedule called for departure at dawn today, with flight to Brownsville, Tex., over a distance of less than 500 miles.

It was believed he would continue his day's flight to some inland point, possibly as far as St. Louis.

Colonel Lindbergh had a busy final day in Mexico City, spending it exactly as he liked, tinkering about his own Curtiss-Falon bi-plane at Valbuena field and inspecting new Mexican Army planes there. In the

Hoover's Literary Aid

course of his visit at Valbuena he heard Mexican army aviators talking about the flying eccentricities of a new biplane, with which they had had difficulty, because of the high altitude.

He asked to see the plane and took it up at once, alighting without any difficulty. He took it up again then and gave a twenty minute demonstration of stunting which astonished and delighted those watching him. When he finally brought it down to earth again he explained a few details of handling to the Mexican officers and went on about the work on his own plane.

During Colonel Lindbergh's visit of just more than a week with his fiancée, Miss Anne Morrow, no details of their wedding plans have been announced. Friends expect a more formal announcement when the aviator visits Mexico again between now and June, the month set for the wedding.

GIVES RULING ON SCHOOL LAW

Attorney General Brummitt Clears Up Hazy Features Of New Measure.

Raleigh, April 9.—(AP)—Superintendent Arch T. Allen of the State Department of Public Instruction today had before him an official ruling by Attorney General Brummitt on the 1929 school law, answering 17 questions propounded by Mr. Allen.

Most of the questions were technical, but the attorney general ruled that in preparing their May budgets the county boards should proceed substantially as in the past unless and until the State Board of Equalization sees fit to exercise the powers of budget supervision bestowed upon it by the General Assembly.

The number of teachers to be included in the budget is to be determined in accord with sections 16 and 17, and increases of pay allowed for experience are also to be placed in the budget, it was ruled.

Although the county boards should go ahead with the preparations of their budgets, the attorney general held, they can not make commitments against the budgets until the latter are approved in accordance with section 25 of the act.

Counties are not prevented, according to the opinion, from paying county superintendents as much as they desire in excess of the fixed scale, or from imposing taxes for teachers of agriculture, music and other special subjects as they have done in the past.

The attorney general refrained from any interpretation of the sections of the act which gave the State Board of Equalization the right to disapprove county budgets in whole or in part. If the board

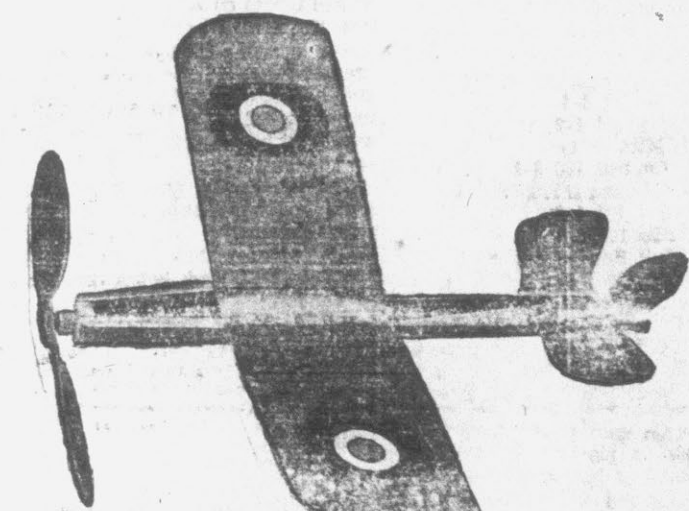

should decide to exercise this new function, he said, "it will become necessary to determine the proper procedure applicable to the concrete situation thus presented."

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, April 9.—(AP)—Cotton opened steady today at an advance of 3 to 5 points on a less favorable view of the weather news and steeper Liverpool cables. There was considerable realizing, but covering was quite active, and there seemed to be local or commission house buying on prospects for rains or showers in the central belt.

Private reports from Houston said rains in the southwest had been beneficial. Some traders thought that showers in the eastern belt would do no harm. But the weather news as a whole seemed to have rather a bullish impression on sentiment.

GRAIN MARKET

Chicago, April 9.—(AP)—Indications of big export business in North American wheat helped to rally the market late today after a sudden sinking spell.

Wheat closed nervous 1-8 to 5-8 net higher, corn unchanged to 5-8 up; oats varying from 1-8 off to 1-8 to 1-4 advance and provisions 5c to 4c down.

STOCK MARKET

New York, April 9.—(AP)—The stock market ran into some real liquidation today, and prices broke sharply after an early interval of irregularity. Failure of speculators for the advance to attract an outside following, coupled with the increasing tenseness of the credit situation, led to a resumption of heavy "bears" attacks, which dislodged a number of "stop loss" orders placed by cautious investors and traders.

Call money renewed at 7 per cent but advanced to 8 as banks called \$400,000,000 in loans, and threatened to go higher. Time money held firm at 9 per cent with little business done at that figure.

Recent backing and filling movements have proved disappointing to big traders who crave action, and a number of them are reported to have switched from the "bull" to the "bear" side. Although business generally continues favorable, the drop in Copper prices in London, which was taken to foreshadow a similar reduction here, had a disturbing effect on speculative sentiment.

American Express, which established a new high record at 409 yesterday in anticipation of the announcement that it will be taken over by the Chase National Bank, broke to 343 on the traditional "selling on the good news." Adams Express dropped 44 points to 625. Federal Mining and Smelting, which dropped 16 points yesterday, fell 25 more today to a new low for the year at 225. International Telephone slumped 7 1-2 points on selling inspired by public announcement that the Washington administration regarded the proposed merger of that company with R G A Communications as prohibited by law, and that it must be approved by Congress to be effected.

Wright Aeronautical dropped 10 points and Koster Radio, which has sold as high as 78 3-4 this year, fell 8 points to 41. Columbia Carbon, advance nicely common, and preferred. National Cash Register, Ailsa Chalmers, Safeway Stores, Radio and Baldwin sold down 4 to 7 points.

WASHINGTON AWAITING CONFIRMATION BY BRITISH GOVERNMENT BEFORE MAKING ANNOUNCEMENT.

Washington, April 9.—(AP)—Although the White House was silent, it was learned today that the name of Charles Gates Dawes, former vice-president, has been proposed to the British government as ambassador to the court of St. James.

Formal announcement of the appointment awaits word from London that Mr. Dawes is acceptable as the successor to Alan B. Houghton, who is to leave London for the United States on April 27. There is little doubt here that General Dawes who is one of the most picturesque characters in America, and widely known throughout Europe by reason of both his war and reparations work, will be acceptable to the British government.

General Dawes now is in San Domingo at the head of a mission reorganizing the finances of that West Indian republic and he will complete that work before he goes to London.

Friends of the former vice-president said he had made this a condition to his acceptance of appointment to the London post, the most sought after American diplomatic assignment.

A small model of an American home will be exhibited by the Michigan State Normal College at the meeting of the World Federation of Education in Geneva, Switzerland, next July.
