

### THE WEATHER

Occasional showers probably to-night and Thursday, not much change in temperature; gentle variable winds.

## RAILROAD IS CITED FOR VIOLATIONS

### Southern Railway Ordered to Appear Before Interstate Commerce Commission.

Washington, April 10.—(AP)—A complaint charging the Southern Railway System with violating the anti-trust laws by acquiring control of the Mobile and Ohio railroad was issued today by the Interstate Commerce Commission on its own motion. The railroad was ordered to appear at a hearing here May 20.

In addition the commission complaint challenged the validity of the Southern's control of the New Orleans and Northeastern Railroad which it acquired by purchase in 1918.

"The effect of the acquisition of the New Orleans and Northeastern railroad," the commission said, "may be to substantially lessen competition between the Southern Railway, the Mobile and Ohio and the New Orleans and Northeastern and to restrain commerce in certain sections and communities."

Under terms of a deposit agreement originally made in 1901, the commission's complaint said, more than 50,000 shares of an existing share total of 60,000 constituting the Mobile and Ohio Co., have been acquired by the Southern Railway. In addition general mortgage bonds of the Mobile and Ohio were also said to have passed under control of the Southern system.

"The effect of the acquisition of the capital stock and general mortgage bonds of the Mobile and Ohio railroad," the commission said, "may be to substantially lessen competition between the Southern Railway, the Mobile and Ohio and the New Orleans and Northeastern and to restrain commerce in certain sections and communities."

The Southern's step in "acquiring the control of the Mobile and Ohio without approval and authorization of the Interstate Commerce Commission" was thus described as a violation of section 7 of the Clayton anti-trust law.

The Southern Railway Company hereby notified, the commission said, "that the charges of this complaint will be heard by the Interstate Commerce Commission in Washington on May 20, at which time and place respondent shall have a right to appear and show cause why an order should not be entered by the Interstate Commerce Commission requiring it to divest itself of all interest, direct or indirect, in the capital stock and bonds of the Mobile and Ohio railroad and the capital stock of the New Orleans and Northeastern railroad now unlawfully held."

The New Orleans and Northeastern also mentioned, is a small line which has been operated since its purchase as a part of the Southern system. The matter of the Mobile and Ohio control was first brought to the commission by complaints of business interests and municipal authority at Mobile. The commission followed up the original petition by an investigation which resulted in the issuance today of its own complaint.

## Lindbergh Safe At Brownsville

Brownsville, Tex., April 10.—(AP)—Colonel Charles A. Lindbergh landed here at 9:30 a. m. today from the interior of Mexico where he spent the night after taking off from Mexico City yesterday.

The flier declared it was of interest to himself and no one else where he spent the night, and explained he had no intention of flying beyond the border of Mexico yesterday which he left Mexico City.

Friends of Lindbergh here said they believed he might have stopped at a ranch near Tampico.

"I regret very much that the press has seen fit by an unauthorized statement to cause unnecessary anxiety for my safety," Lindbergh said.

## Union of Radio And Telegraph Is Not Lawful

Washington, April 10.—(AP)—Administration officials have reached the opinion that the proposed union of the Radio Corporation of America Communications, Inc. with the International Telephone and Telegraph Company is prohibited by the last radio law, and is a matter that must go to Congress.

That proposed merger was announced several weeks ago although the Davis Radio law specifically prohibits any combination of wire and radio companies. It was said at the time that it was not felt by officials of the two companies that the outright purchase of the Radio Corporation's communication system would come under the provisions of the radio act.

## Plans Herrick Rites

J. C. Dunn of the state department, assigned to make official arrangements for ceremonies in New York on the arrival of the body of Ambassador Herrick.

## CANADA FILES PROTEST FOR RUM RUNNERS

### Sinking of I'm Alone Flares up Again With Filing of Protest at Washington.

Washington, April 10.—(AP)—Re-opening questions of prohibition enforcement which American officials had hoped were settled by the rum smuggling treaty of 1924 between the United States and Great Britain, the Canadian government has filed its protest against the sinking of the rum runner I'm Alone last month in the Gulf of Mexico.

The representations were presented to Secretary Stimson late yesterday by Vincent Massey, the Canadian minister, who is acting in the case because the schooner was of Canadian registry and his government, along with all other divisions of the British empire, was bound by the terms of the treaty.

The text of the note was not made public, but it was understood to raise three points bearing on the 1924 agreement, although not questioning the nature of the continuity of the pursuit, in which one coast guard patrol boat which began the chase was joined by another, the latter sinking the schooner.

One of the points raised is understood to be based on the contention of the schooner's master, Captain J. T. Randall, that the pursuit did not begin, as the coast guard reported, within one hour's sailing distance from the coast established by the treaty as the limit which search and seizure is permitted.

On another point, the Canadian government is understood to take the position that, while the right of "hot pursuit" of a suspected vessel is recognized by international law if begun within the three mile limit, the treaty does not sanction such pursuit if begun outside that limit.

The third is understood to raise the question whether the right to attack and sink a vessel in the effort to enforce the right of search and seizure is sanctioned by the treaty, and whether such action, involving the possibility of loss of life and property, is justified in such cases.

## General Dawes Becomes Ambassador To Britain; King George Approves

Washington, April 10.—(AP)—Formal announcement of the appointment of former Vice President Dawes as ambassador to Great Britain was made today at the White House.

The announcement was made after receipt of word from the State Department that the British government had advised that the appointment of General Dawes would be entirely acceptable to King George.

General Dawes' nomination will be sent to the Senate next week and after its confirmation the new ambassador will be given such leave of absence as is necessary for him to complete the work of re-organizing, upon which he is now engaged. When that is completed about five weeks hence, he will return to Washington to confer with Secretary Stimson regarding British and American relations before proceeding to the London post.

Selection of General Dawes was made last week and later in the week a communication was sent to the British foreign office through the American embassy asking if he would be acceptable as the successor

## GIBSON WILL HELP SOLVE NAVAL ISSUE

### American Ambassador On Way To Europe to Help Iron Out Reduction Problem.

Washington, April 10.—(AP)—Ambassador Hugh Gibson, who is on his way to Geneva to represent America at the coming session of the League of Nations' preparatory commission on disarmament, may be carrying with him some few suggestions from the Washington government for breaking the deadlock that for months has held the naval reduction problem tightly within its grasp.

Before sailing for Europe, Mr. Gibson was a guest at the White House for more than a week. Three days before he had planned to leave the Capital, Secretary Stimson arrived from Manila to become head of the State Department and he too was President Hoover's guest at the executive mansion. Then, Mr. Gibson postponed his departure for two days so that he might have more extended conferences with his new chief.

In his discussions with both Mr. Hoover and the secretary, Ambassador Gibson is known to have gone over the disarmament situation in minute detail. In fact, he was the first person consulted by Stimson after the latter had conferred with the President and with Frank B. Kellogg, his predecessor at the department. As a result, well-informed circles here are of the opinion that Mr. Gibson left with very definite instructions as to the wishes of the administration and possibly some new plan for determining specific categories of fighting craft, which Mr. Hoover considers the nub of the problem.

The present stalemate is the result of the widely differing naval needs of Great Britain and the United States. The former is well provided with fueling bases in all sections of the globe, and consequently small cruisers, 6,000 tons or thereabouts, fill her requirements and she is anxious to be well supplied with these.

The United States, on the other hand, has comparatively few such facilities and needs large cruisers approaching the 10,000 ton maximum placed upon auxiliary craft by the Washington treaty. The wider cruising radius of the larger vessels is regarded as offsetting the lack of fueling bases.

At the tripartite conference of 1927, Great Britain insisted upon limiting the construction and maintenance of the large type of cruiser, but asked that he was left open for building the smaller variety. To this America could not agree and the conference ended in a deadlock that has persisted to the present time.

In disarmament matters, President Hoover is following the general policy established by the preceding administration. Indeed, there is virtually a unanimous agreement among observers here that the Washington government has not receded in the slightest degree from the stand which it took at Geneva. However, Mr. Hoover is sympathetic and it is thought he may have brought to the Presidency some new idea for a solution which would satisfy the requirements of both America and England.

## Supreme Court Upholds Ruling In Bank Affair

Raleigh, April 10.—(AP)—Constitutionality of the statute by which an immediate assessment can be made against the stockholders of a bank closed by the Corporation Commission was upheld by the State Supreme Court in an opinion handed down today. Justice Brocken wrote a separate opinion concurring in the result but questioning the constitutionality of the law.

The decision was in the case of the Corporation Commission vs. Murphy. Murphy was a stockholder of the defunct Farmers Bank & Trust Company of Wallace. Defending an action brought against him for double indemnity, the defendant maintained the action would be equivalent to depriving him of his property without due process of law because the ultimate difference between the assets and liabilities of the bank had not been determined. In the action for damages were pending against officers of the bank for alleged unlawful acts.

Mr. Brockwell's speech was of the extemporaneous variety. It came direct from the heart, and delivered in an unusually forceful manner, stirred the firemen as they hadn't been stirred before in months. It

## MEXICANS WOUND U. S. SOLDIER

Upper picture is of Pvt. John Finesz, U. S. cavalryman, wounded in brush with Mexicans at Naco, Ariz. Lower is of American cavalrymen "digging in" for machine gun nest on the border.

## Sherwood Brockwell Is Chief Speaker Before East Carolina Firemen

The average cost of a fire is \$500.00 a minute before it reaches the conflagration stage but after it reaches that stage only God knows what the cost will be," declared Sherwood Brockwell of Raleigh, chief fire marshal of North Carolina, speaking before members of the Eastern Carolina Firemen's Association in regular meeting and supper at the Rotary club here last night.

Mr. Brockwell's address came as the crowning feature to a program of more than passing interest to the hundred and fifty odd firemen assembled here for the meeting. It was one of those stirring talks that has made Sherwood Brockwell a dominant figure in the fire fighting business throughout the nation and was constantly applauded by the listeners.

The association voted to hold its next meeting at Williamston. Fifty towns were represented at the meeting last night. Dick Leach, of Washington elected to the presidency of the organization at its last session, presided.

The visitors were welcomed by Mayor J. C. Lanier, who told the firemen that the Greenville slogan, "Our Green, yours if you come," graphically portrayed the spirit of the town. He told them the city was glad to have them and the door would always be open to them.

The response was made by "Uncle Press" Harper, veteran fireman of Kinston. "Uncle Press" was happy in his remarks. Although his figure bore signs of the passing of the years, he showed that he was young in spirit and thought about present day activities like the younger men who were following in his footsteps.

He said he had been to many a gathering of fire fighters in this section but that the Greenville meeting was the largest attended in the history of Eastern North Carolina. He said the firemen were like bears ever active and ready to give the best in them when the fire alarm sounds, demanding their services. It was a touching little speech, and it reached the hearts of the young men who have known "Uncle Press" since they were infants in swaddling clothes.

Other speakers of the evening were W. C. Manning, of Williamston, former president of the organization, W. H. Dail, F. C. Harding and M. K. Blount, of Greenville.

As former leader of the body, Mr. Manning spoke from a wealth of information gained through years of leadership and Association with the firemen.

He said it was an honor to be a fireman. He said they sacrificed the best in behalf of the communities which they served. He urged the co-operation of the various towns in a effort to build the section into one vast fire fighting organization. He said they were well organized, and that a call of distress from any single town would bring every fire fighting equipment in Eastern North Carolina to its aid.

The three Greenville men spoke on the need of development of the various fire fighting organizations and commended the Greenville fire fighters for the progress which they have made in past years. They saw need of greater improvement, however, and urged the sprinkling of city officials present to co-operate with the fire department in its effort to keep pace with the growth of the city.

Mr. Brockwell's speech was of the extemporaneous variety. It came direct from the heart, and delivered in an unusually forceful manner, stirred the firemen as they hadn't been stirred before in months. It

## DIPLOMATS MUST SOLVE GANN CASE

### Secretary Stimson Says State Department Will Not Determine Social Issues.

Washington, April 10.—(AP)—The diplomatic corps at a meeting at the British Embassy today decided to accord to Mrs. Edward Everett Gann, sister and official hostess of Vice-President Curtis, the social status which would normally be accorded to the wife of a Vice-President.

The decision of the corps was reached after more than an hour's discussion and was contained in a letter to be sent to Secretary Stimson in reply to one which the Secretary communicated to the Corps yesterday, through Sir Esme Howard, the British Ambassador, and Dean of the Corps.

Washington, April 10.—(AP)—Social Washington woke up this morning to find its whole order on the brink of either a complete collapse or a thorough overhauling, as a result of the declaration yesterday by Secretary Stimson that the State Department shall no longer decide questions of precedence not affecting the diplomatic corps.

The secretary's decision was reached in response to the protest by Vice President Curtis against the ruling of former Secretary Kellogg that his sister and official hostess, Mrs. Edward Everett Gann, should be seated at official dinners below the wife of diplomats, and to the request of the corps yesterday for a definite ruling.

He held that, while the former secretary's ruling correctly set forth the custom of precedent in recent years, the department had no authority to determine the social status of any except foreign representatives. In his reply to Sir Esme Howard, the British ambassador and dean of the corps, he said that decisions as to the precedence in which American officials and their wives should be received within the homes of the diplomats' rests wholly within the discretion of the members of that corps themselves.

After the secretary's reply was delivered to the British ambassador, the members of the corps were summoned for a meeting today to consider the problem thus put up to them.

In a letter to Vice President Curtis, Mr. Stimson said he had no doubt that "this matter will work out with the fullest courtesy to you and your official hostess." While Mr. Curtis has refrained from comment since making public his protest, friends have been convinced that the only solution which would be satisfactory to him would be the recognition of his sister as having social rank equal to his own, and that he would not attend functions at which she was not assured such recognition.

## Missing Woman Shows Up Again At Capital City

Raleigh, April 10.—(AP)—Medical attention and the care of neighbors was bestowed today upon Mrs. A. L. Burroughs, frail little woman, who was found last night after a six day disappearance which had Raleigh police, Boy Scouts and many citizens on a city-wide day and night search.

Thirst drove Mrs. Burroughs from her hiding place under the house of her next door neighbor, not 20 feet from her own bed room. She crawled out last night moaning "water! water!" Her husband, a local insurance agent who had been almost frantic since she evaded a nurse and dropped from sight last week, wept in gratitude when she was found.

Burroughs said his wife, a former inmate of the State hospital, ran away when he tried to break a hunger strike which she had started about Christmas time.

## Big Sign Here To Direct Airplanes Night And Day

A huge sign will be painted on the roof of the National Bank building on Five Points, to direct airplanes passing over this city, according to announcement made this morning from the office of the secretary of the Greenville Merchants Association.

The sign will be in the form of a large arrow pointing northward containing the word "Greenville." The lettering will be ten feet high, and proportioned in such way as to be visible at a great altitude. The sign will be in the center of a black

## Judge On Trial

## MEMBERS OF SIX BOARDS APPOINTED

### Governor Gardner Announces Personnel of State Organization at Raleigh Today.

Raleigh, April 10.—(AP)—Gov. O. Max Gardner went in for appointments on a wholesale scale today when he announced the personnel of six boards, part of whose members expire at this time.

Dr. I. T. Burrus of High Point, was the only new member appointed on the board of the state hospital for the insane at Morganton. He succeeded O. M. Mull of Shelby. Members of the board reappointed were: J. H. Beall, Lenoir; R. R. Clark, Statesville; J. R. Boyd, of Waynesville; and John M. Scott of Charlotte. Their terms will expire April 1, 1933.

Poster Hanks of Lexington, succeeded S. W. Finch, also of Lexington, on the Agricultural and Technical College of North Carolina board. Other members of the board of the negro institution reappointed, whose terms will expire January, 1935, are Leake S. Covington, Rockingham; R. F. Beasley, Moore; Dr. Archibald Johnson, Thomasville; and O. F. Crowson, Jr., of Burlington.

Miss Nell Battle Lewis of Raleigh succeeds Ben Dixon MacNeill of this city as a member of the North Carolina Historical Commission. Associate Justice Heriot Clarkson of the State Supreme Court, Charlotte, was reappointed. Their terms expire March 31, 1935.

Only one member's term, that of W. S. Murchison of Raleigh, expired on the North Carolina Real Estate Board. He was reappointed, his term to expire March 29, 1932.

Col. Nathan O'Berry of Goldsboro, recently appointed state treasurer to succeed B. R. Lacy, deceased, did not accept reappointment as a member of the board of the state hospital for the insane at Goldsboro. His position was filled by E. B. Borden 3rd, of Goldsboro, whose term will expire April 1, 1933.

All members of the board of the Western Carolina Teachers College, until recently known as the Cullowhee State Normal, whose terms expired at this time were appointed for four years. They were Reuben S. Robertson of Canton, Mrs. Giles Cover, of Andrews, J. E. Coburn of Bryson City, and T. H. Shipman of Brevard. At the last session of the legislature the Cullowhee Normal was made a four-year school, giving it the same rating as other state four-year schools of the same character and its name changed.

Names of members of boards whose terms did not expire at this time were not announced.

Czech-Slovakia goes dry the day preceding an election and remains so until two hours after the declaration of the poll.

## REBEL CHIEF IN CHARGE AT SONORA

### Gen. Escobar Takes Personal Command Of Re-creating Revolutionists.

Naco, Ariz., April 10.—(AP)—General J. Gonzalo Escobar, revolutionary commander in chief, assumed personal command of rebel armies in Sonora today as his forces, retreating from Chihuahua and Sinaloa, came pouring into the state from two directions, apparently they were heading for Naco, Sonora, held by a little garrison of federal soldiers.

General Escobar arrived at Agua Prieta, 16 miles east of here, last night by airplane, having flown from Casas Grandes, Chihuahua, he was met by General Fausto Topete, rebel commander who has repeatedly attacked the Naco garrison without success. Topete's troops remained encamped just south of the garrison.

Behind Escobar was his Chihuahua army, the advance guard of which was reported to be moving through Pulpito Pass, the only convenient route through the mountains that divide Chihuahua and Sonora.

On the other side of Naco rebel troops retreating from Sinaloa were moving closer to the federal border garrison, which is menaced by rebel forces on three sides, with Arizona to the north. Early today several hundred rebel soldiers and four 75 millimeter guns were reported to have passed through Nogales, Sonora, en route to Naco.

Reports reached the little town of Sasbe, Sonora, held by 45 rebel soldiers, that a federal force under the command of General Abelardo was marching east from Baja California, to reinforce the Naco loyal garrison. A squad of United States infantrymen camped at Sasbe, Ariz., said they had checked the movement of these federal troops with a field radio set as far as San Miguel, Sonora.

With the arrival at Agua Prieta of the rebel commander in chief, the international line from Naco, Ariz., to Douglas, Ariz., was being closely patrolled by United States cavalrymen.

Eighteen United States army airplanes from Fort Huachuca, Ariz., lined along the border line between Douglas and Nogales yesterday.

Juarez, Chihuahua, Mexico, April 10.—(AP)—Rebel troops who incited their prize last night in the street battle a month ago, abandoned their prize last night in the face of advancing loyalists and streamed away westward, apparently intending to combine forces with the revolutionary army in Sonora.

A train of 26 cars, commanded by General Marcelo Caraveo and heavily laden with men, horses and equipment, left Juarez at 9:30 o'clock last night for an unannounced destination. The city practically was deserted of troops, only a handful of rebels remaining behind to serve as a rear guard.

At Coenen, 28, of El Paso, airplane mechanic, was forced to accompany the evacuating army. It was reported the American was lured aboard the rebel troop train and held under guard until it left. Coenen, who has a wife and two children in El Paso, had been a mechanic for Standard Air Lines before being pressed into service by the revolutionists.

Only three other rebel fliers accompanied the train, the remainder of General Caraveo's pilots having deserted and crossed the Rio Grande before the troop movement started. Two airplanes, in need of repairs, were towed to the American side of the river and left there so they would not fall into the hands of the federals.

There was some servicable plane aboard the train, a Vought Corsair captured by insurgents after it had been brought down at Jimenez.

General Caraveo indicated he would remain in western Chihuahua for a few days, using Casas Grandes as a base for guerrilla operations. It was believed he hoped to join forces with the rebel general Nicolas Fernandez who was reported to be on his way to Casas Grandes from Chihuahua City overlaid with 400 cavalrymen.

Wrong Authorship. New York—Some literary sharpshooters have discovered that John D. Rockefeller was wrong in attributing to an English servant his authorship of some verse he distributed at church in Lakewood, N. J. last Sunday. "The Divine Office of the Kitchen" was written by Cecily Haldeck, a young British author of reputation. An English servant represented it as hers and deceived a London preacher.

Agree to Disagree. Hollywood, Calif., April 10.—(AP)—James Cruze and Betty Compson of the films have agreed to disagree. They are living apart. The marriage was six years ago.

# MANY WOMEN INTERESTED IN CONGRESS

## Special Session to Witness Unusual Activity Among The Feminine Element.

Washington, April 10—(AP)—When the gavel falls next Monday and bring the seventy-first Congress formally into being, it will find plenty of evidence that the interest of women in the things that go on in and around the Capital has increased to the highest pitch in history.

There are more women members of Congress than ever before, there are more women executives of organizations that are interested in various legislative proposals and there are more women throughout the country who are taking a more or less private but nevertheless eager interest in the congressional procedure.

The special session, called for the purpose of revising the tariff law and enacting farm relief legislation, has elicited more interest in feminine circles than the same problems would have aroused even five years ago.

Through their local organizations, affiliated with national federations, the women have learned about national affairs, they have studied the tariff and its effect upon all industries, and have formulated their own ideas about farm relief, based on their association with farm women and with organizations devoted to the interest of agriculture.

The general federation of women's clubs, representing more than 3,000,000 women who are members of local clubs has not placed itself on record on either tariff or farm relief, but it has been instrumental in organizing study groups through its rural committee work it has endeavored to interest for women in its organization and sought to bring about concerted action by the rural women on their problem.

The National League of Women Voters is planning to disseminate information on both sides of the two questions, and its congressional workers hope to get action started on some legislation that will continue the provisions of the Sheppard-Towner Maternity act providing federal aid in maternal and infant welfare efforts.

The National Woman's Party, which has as its objective the addition of an equal rights amendment to the constitution, will seek action on it during the special session, basing its hope of success on the fact that the woman's suffrage amendment was adopted during a special session ten years ago.

Of the eight women members of the seventy-first congress, the five who were members of the preceding congress have taken the forthcoming session much more easily than have their new sisters. The old five have gone about the preparatory cleaning up of their offices with more calm and they have not attempted to do everything that everybody has asked.

Three new ones, Mrs. Ruth Bryan Owen, Florida, Mrs. Ruth Hanna McCormick, Illinois, and Mrs. Ruth Baker Pratt, New York, have felt it necessary, however, to put up just

the proper pictures, and arrange the uncompromising four walls of their new offices in a more endurable fashion than they found them. They have not, however, allowed this task to interfere with appointments and busy preparations to face over their legislative duties on and off the floor of the House.

## To Discuss New School Measure On 22nd April

Raleigh, April 10—(AP)—The State Board of Equalization, charged with administering the 1929 school law, will hold its next meeting April 22, simultaneously with a session of county superintendents and board chairmen, called to study the new law by Supt. Arch T. Allen of the State Department of Public Instruction.

At this meeting the board will have before it for its guidance, an official interpretation of the law made this week by Attorney General Dennis G. Brummitt. At the last meeting of the board, the attorney general attended in an informal capacity.

The Brummitt opinion was hailed as satisfactory by Supt. Allen, and also by Jule B. Warren, secretary of the State Education Association, who had bitterly condemned the law and criticized the General Assembly at the time of its passage.

## FIELD WORK MAKES PROGRESS IN SOUTH

Washington, April 10—(AP)—The department of agriculture's weather and crop bulletin for the week ended yesterday says that field work made good progress in the southeast, particularly in the upper Mississippi Valley. Rain is still needed in Florida uplands.

Rather marked field activity was reported from the cotton belt, with much preparation of soil, though it continued too wet in some Mississippi Valley sections. Conditions were especially favorable in the southeast, where there was practically no interruption by rain, and field work made unusually good advance. Some cotton was planted as far north as extreme southern North Carolina, to central Arkansas, and locally to southeastern Oklahoma.

Seeding made rapid progress in Georgia, has become general in South Carolina and in the west to west-central Texas.

A Rhode Island Red hen is declared by its owner, Mrs. W. S. Hilsley of Yakima, Wash., to have laid 80 eggs in 80 consecutive days. Thirty-five correspondents have formed a foreign press association in Stockholm.

## WOMEN FIRED ON AS RUM RUNNERS

Mrs. Effie Stabler, (standing) instructor in a college at Valdosta, Ga., and Mary Brown of Miami, Fla., a student, were fired on in their auto by men who said they were officers seeking rum runners. Neither was hit but the car was disabled. Mrs. Stabler has protested.

## Former Florida Governor Faces Arrest For Aiding Big Counterfeiting Ring

Jacksonville, Fla., April 10—(AP)—Sidney J. Catts, Sr., former governor of Florida, and Baptist minister, today faced arrest on charges of aiding and abetting an alleged million dollar counterfeiting ring. Two federal indictments linking the former governor with partly financing a counterfeiting conspiracy were returned here yesterday. Others named in the indictments were Julian Diaz, Tampa attorney, who was arrested recently in Miami and who is now in jail in Tampa;

## Negro Porter Mailed Bomb To Roosevelt

New York, April 10—(AP)—A negro postoffice porter who on Sunday "discovered" a bomb addressed to Governor Franklin D. Roosevelt was arrested today as the man who mailed the package.

The porter, Thomas J. Callego, denied the charge, but postal inspectors and police said they were convinced he sent the bomb in the hope of winning promotion by "discovering" it.

In substantiation of this theory they pointed to a case in Chicago where a porter was promoted by finding a bomb among the mail in the postoffice there.

The inspectors said that Callego's home in Hoboken, N. J., they found coils and wire similar in size to that used in the bomb. Callego said he used the material in the repair of radio sets.

The bomb was crudely constructed affair which police said could not have exploded if it had been opened.

## Angels, United Artists in Detroit, Palace in Indianapolis, Music Box in Seattle, and the New Gallery Kinema in London.

"The Iron Mask," Douglas Fairbanks' new picture, has played only six theatres throughout the world and it has broken the house record of every one of those theatres.

The theatres are the Rivoli in New York, Carthay Circle in Los Angeles, United Artists in Detroit, Palace in Indianapolis, Music Box in Seattle, and the New Gallery Kinema in London.

In New York, Detroit, Indianapolis and Seattle, weekly records were broken, in Los Angeles the week-end record, and in London the single day's record.

This picture comes to White Theatre Friday and Saturday.

Mrs. J. H. Harris of Washington was here yesterday.

Mrs. Guy Taylor of Kinston, was here today.

B. W. Moseley and T. A. Person returned yesterday from Charleston, S. C.

Mrs. M. A. Whichard of Stokes, is the guest of Mrs. D. J. Whichard.

Mrs. S. M. Schultz, Mr. and Mrs. L. H. Bowling went to Wilmington today to see the Azalea Gardens.

Mr. and Mrs. H. A. [unclear] spent yesterday in Durham.

**Halliburton's Great Adventures.**  
The long list of things that Richard Halliburton has done seem superhuman, and are enough to fill a lifetime, for he has climbed the highest peaks and looked into the craters of the world's greatest volcanoes, has run the marathon and every other great race on record, has bathed in all the famous pools, scaled all the walls worth scaling, and has swum through the most difficult waters, including the Hellespont, the Panama Canal, in the Nile, the straits between Seylla and Charabyds, and various other places considered unswimmable.

He takes his listeners adventuring with him, just as he does his readers in "The Royal Road to Romance" and "The Glorious Adventure" and is now taking them thru his articles in "The Ladies Home Journal."

His appearance at East Carolina Teachers College on Friday evening of this week, April 12, is one of the most important features in the entertainment program of the college. This is the fourth and last of the entertainments on the season ticket.

The senior normal play, "Little Women," is under the management of the normal class of 1928 and hence will be separate. The dates for the two performances of "Little Women" are Thursday and Friday of next week, April 12 and 13.

## ATTENTION, MEMBERS OF WOMAN'S CLUBB

There will be a short business meeting of the Woman's club, at the club building tomorrow afternoon at 3:30. All members are urged to be on time so this meeting will not interfere with the meeting of the Garden club.

## Garden Club Meets Thursday

The Garden club will meet Thursday afternoon at 4 o'clock at the club house. Mrs. Spencer will talk on the subject of dahlias. Miss Peterson will tell us about the beautiful shrubbery of the Great Lakes.

## Mr. Lee H. Moore in Hospital. Friends of Lee H. Moore will be glad to learn that he is getting along nicely following an operation for appendicitis.

## Immanuel Church Services. Regular mid-week prayer services this evening at the Immanuel Baptist Church. Study in the life of Christ. The public is cordially invited. Services begin at 8 o'clock.

## Sans Souci Book Club Meets. The Sans Souci Book club held a delightful meeting with Mrs. B. B. Sugg Tuesday afternoon at her home on the corner of Fifth and Elizabeth streets, with the majority of members present.

Before the meeting was called to order the hostess, assisted by Mrs. L. W. Skinner, served delicious tea and sandwiches.

After the usual business session and the passing of books, a few minutes was given to a lively discussion of books and authors.

Mrs. J. Key Brown, having charge of the program gave a splendid account of the life of the playwright, Eugene O'Neill. This program following the one of two weeks ago, which was a resume of his most famous plays, proved to be doubly interesting because of that.

O'Neill is considered the foremost dramatist of today. His plays are now running in New York and are playing to crowded houses. His was a wild and adventurous youth. And it is obvious that his travels and mode of living at that time gives color to his writings. He is a realist in the most real sense of the word. Mrs. Brown's sketch of his life was very much enjoyed.

At the conclusion of the program Mrs. Sugg served an ice course. The present of Mrs. Henry Rivers and Mrs. Waldrop, guests of the club, added much to the pleasure of the afternoon.

—Reported.

## In A Hurry? If you are in a hurry for a shampoo or finger wave, call 31. We have just installed new equipment that will complete the work in just a few minutes! Call 31 for your next appointment.

Clinton B. Cox et als to Heber F. Cox, 29 2-3 acres \$500.00.

**FRIGIDAIRE DEMONSTRATION AT LITCHFIELD MOTORS CO.**

Crowds of both men and women Tuesday witnessed operation of Frigidaire's cold control, the latest perfection in the electrical refrigeration field, when the national cold control demonstration of Frigidaire Corporation was opened at the local show room 218-220 Fifth St. The demonstration will continue through Saturday and the display room will remain open until 10 o'clock every night to care for anticipated crowds. It was announced by Mr. Litchfield, local Frigidaire dealer.

Similar demonstrations are being held throughout the country to acquaint the public with this exclusive Frigidaire feature, which for the first time gives the housewife complete control over the freezing chamber of her refrigerator, the dealer explained.

Tempting frozen desserts, heretofore impossible to make in a household refrigerator, were prepared and frozen in comparatively short time and served to the visitors. Demonstrators explained the simplicity of the new device, which is now a part of all household Frigidaire and enables the Frigidaire owner to raise and lower the temperature in the freezing compartment without greatly affecting the temperature in the food storage cabinet.

Recipes for 115 new desserts, made possible through the invention of cold control, were distributed along with other favors and booklets to the housewife and hostess.

"Cold control," Mr. Litchfield said "greatly shortens the time required for freezing ice cubes, desserts and salads. It is operated simply by turning a small lever around a dial and various degrees of cold may be obtained."

# NEGRO DRAWS THREE MONTHS ON THE ROADS

## Several Other Cases Disposed of in Weekly Session of County Court Here.

George James, colored, charged with violation of the prohibition law was sentenced to three months on the county roads by Judge W. L. Winedee, presiding over the regular weekly session of Pitt County Court in this city yesterday. James was arrested sometime ago for having whiskey for sale, the case being continued to county court.

Jesse Smith, colored, charged with assault with a deadly weapon, paid a fine of \$50.00 and cost of action.

R. G. Lewis, charged with giving a worthless check, was ordered to pay \$56.95, the amount of the check and given a suspended sentence of 90 days on the roads. The sentence was suspended until May 6.

Neal Nobles, colored, charged with failure to pay board, was ordered to pay \$3.60 to his landlord and cost of the case.

Charlie Moore, colored, assault; paid a fine of \$15.00 and cost.

Fred Hannah, colored, paid \$25.00 and cost for having liquor for sale, and \$10.00 and cost for being drunk on the public highway.

Tom Sims, colored, charged with assault, was given a six months' suspended sentence to the roads and ordered to pay \$50.00 for medical aid of the person assaulted.

L. E. Allen, white, was given a suspended jail sentence of 30 days and ordered to pay \$42.00 on a charge of failure to furnish statement on a job.

R. G. Lewis, colored, worthless check, was instructed to pay \$33.16, amount of the check, or go to the roads for 60 days.

**Rich Square To Play Here Friday**

The next baseball game on the schedule of the Greenville High school team will be played on Friday, April 12, at home. This contest brings a newcomer to Greenville in the conference, as up to this time, Greenville has not clashed with Rich Square in any game. The boys from up the state will bring a competent aggregation of ball tossers, for they play all games well, and only a first class exhibition by the locals will insure a victory.

Coach "Soup" Porter is working his team hard, and they look like a better ball club every day. Last week's close win over Rocky Mount in their mountain home has given the boys some confidence which will help make them a more aggressive team than heretofore. This should help in battling with more hits and more runs, and if it does, with the fielding they are now doing, Greenville will be a factor in conference circles again.

Friday's game is called for four o'clock.

Adriatic divers have brought up ancient Swedish gold ducats of the time of King Gustav Adolphus.

## Illinois Woman Resigns as Head Of G. O. P. Club

Springfield, Ill., April 10.—(AP)—Mrs. Lottie Holman O'Neill, senior woman member of the State House of Representatives, has formally resigned her Vice-Presidency of the Illinois Woman's Republican club as a protest, she explained, of the domination of Illinois Republican women by Congresswoman Ruth Hanna McCormick. The club was active in the support of Mrs. McCormick's campaign for nomination and election.

Mrs. O'Neill, who lives in Downer's Grove, wrote in her letter of resignation to Mrs. George C. Dean, president, that Mrs. McCormick's campaign expenditures "constituted a bar to representative government by eliminating candidates who have not a large means at their disposal."

In her first announcement of her intention to quit the Vice-Presidency, Mrs. O'Neill said Mrs. McCormick's influence had prevented her (Mrs. O'Neill's) appointment to an important house committee.

Mrs. McCormick was in Springfield yesterday a few hours before Mrs. O'Neill made public her letter of resignation. The Congresswoman conferred with Governor Emmerson.

The letter of resignation said in part:

"It has appeared to me that the activities of the club have been a great degree directed to carrying out the political aims of Mrs. Hanna McCormick, and to a large extent this has prevented the organization

## Another Carload Of Hogs Shipped

Another carload of hogs was shipped from Greenville by Pitt county growers yesterday. The shipment will be sold on the Richmond market today and is expected to net the farmers about \$2,000.

E. F. Arnold, director of the county Farm Department, said this morning that another shipment would be made from Greenville next week.

Six carloads of hogs have been shipped out of the county this year under the co-operative shipping plan conducted under supervision of the County Farm Department.

## Ousted Professor

Dismissal of Dr. Harmon O. De Graff, assistant professor of sociology, for his part in distribution of a sex questionnaire was upheld by University of Missouri curators.

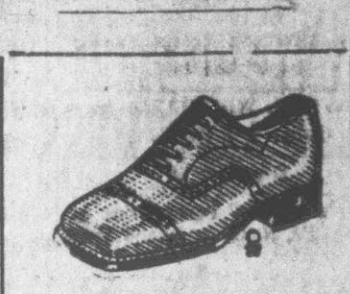

from giving the program of woman's advancement generally the support it should have had from this Woman's organization.

"Those who have followed my career will agree that I am sincere in my desire to thwart any tendency toward the denial to the people of their right to a voice in the government, whether through the influence of wealth or otherwise."

"I hope the Illinois Woman's club may be able to put itself on an independent basis as regards any political candidate and become an organization truly representative of the Republican women of Illinois. Until such time, I find to my regret that I shall have to refrain from being a part of the governing body."

Friction between the two women first became apparent following the Republican National Convention. Mrs. O'Neill was understood to have felt that Mrs. McCormick had been chosen as national committeewoman.

Don't forget tomorrow is Senior Queen's day at the Exposition in Farmville.

One thing we don't like about our baseball team so far is that all the exhibition games have been played away from home and we haven't had a chance to get a glimpse of the boys in action.

The annual dinner of the Eastern Carolina Chamber of Commerce will be held in Farmville tomorrow at 12:30 o'clock, and it is to be hoped that Greenville will have a good number of its business men present.

"Men like Sherwood Brockwell," said a member of the Greenville fire department "are doing lots of good in behalf of more efficient fire fighting in North Carolina."

MINING PROBLEMS

Miners at the shafts of the Carolina Coal Company, operating near Sanford, N. C., are to be taught safety methods, rescue practices and the resuscitation of stricken fellow-workmen in times of emergency.

Superintendent Pou is adding another feather to those in his cap. He is again evidencing his interest in the welfare of the prisoners in his care as well as in the amount of work they do.

"Go over to the Eastern Carolina Exposition at Farmville Thursday and Friday and express your preference for Greenville's queens," urged a member of the queen committee this morning.

four years when more than half a hundred men were killed in an explosion and a few months ago a broken cable plunged a train of cars back into the workings with fatal consequences. With his prisoners in the mines, Superintendent Pou got on the job, doing something private enterprise has apparently never done.

ABOUT TOWN

"North Carolina fire fighters are not getting behind in their art," declared a Greenville official today who attended the district meeting of the Eastern Carolina Firemen's association held at the Rotary building here last night.

"If you are a visitor to Greenville and desire to park for a considerable length of time in the business district, ask a policeman or some merchant to give you a courtesy card," a Greenville man told a stranger this morning.

"These cards will give you the privilege of parking anywhere in the business district as long as you want to without molestation on the part of any member of the police department."

"We have a one hour parking law but it applies only to people who live inside the city limits. We want to recognize our visitors through granting them every privilege and courtesy we would expect in some other town."

"Brockwell knows how to fight fire and as chief marshal is doing everything possible to prevent loss by the demon. His talk before members of the Eastern Carolina Firemen's Association here last night contained many facts of vital concern to the firemen. He told them in plain language what the state expected of them and then urged them to live up to the responsibilities resting upon their shoulders."

"The Greenville baseball club isn't making such a bad showing against clubs of the Piedmont league," said a local fan today, speaking of the two engagements against Winston-Salem and Greensboro.

"We can't expect youngsters to play like seasoned material of the Piedmont league, but they have demonstrated the fact that they have the making of ball players and should be able to turn in many wins this season."

"Don't be in too much of a hurry when driving your automobile," warned a local man today, speaking of the numbers of people who drive at top speed over state highways.

"Go over to the Eastern Carolina Exposition at Farmville Thursday and Friday and express your preference for Greenville's queens," urged a member of the queen committee this morning.

# GREENSBORO WINS OVER LOCAL CLUB

Greensboro, April 10.—(AP)—Despite a ninth inning which saw them fall down and nearly go boom, the Patriots managed to eke out a 5 to 3 victory over the Greenville Tobaccoists yesterday at Cone Park in their opening exhibition fracas of the week. The visiting Class D. Swatters went scoreless for eight heats as a result of masterful pitching by Turner and Martin, but in the ninth they mixed a trio of hits with an error and a fielders choice to tally three times and have the tying runs in the paths when the tussle ended.

(Yesterday's game quickly developed into a lazy, listless affair. The locals scored in only two frames, the first and fifth, to come out with winner's colors. In the first frame a trio of tallies were poked across as a result of a rather nifty club wielding demonstration. Kilpatrick walked to lead off, stole second and raced home on Brandon's two bagger to left. Brandon tallied on a similar blow by Sheriff Phelps. Phelps reaching home with the third run on another two-ply smash by Moose Parish. The other tallies, pushed over in the fifth, came as a result of another sweet offensive attack Brandon opened this frame with his third hit, another two bagger, tallied on Phelps' second two base blow, Phelps coasting home on Parish's second drive, a single to left.

Only three safeties were yielded by Jay Turner, veteran right hander, during his six inning stay, and two of these were of the scratch variety. He was masterful in the pinches, and came through with several nice fielding stunts to add to his flashy mound job. Greenville used two hurlers, a young right-hander and a young left hander.

Martin, young right hander twirled the final three frames and looked good despite the three tallies scored on him in the closing inning. After Pasquella had grounded out to Barker in this frame, Manager Lester Bangs came in as a pinch batsman for Rowe and connected for a double, a blow that Brummitt made a pretty attempt to catch. Hart followed him with a single, but Bangs was held at third when Barker made a nice one handed stop. On the smash behind second base. On the next play James' grounder was misplayed by Barker who threw to second too late to get Hart, for an error. Bangs racing home Edmonds scored Hart with another single. Jones pulling up at third to tally on Williams' fielders choice. Bryan ended the threat by grounding out to third.

Driskill starting in center for the Patriots, furnished the real fielding man of the afternoon in the second inning when he raced over into Brummitt's territory to make a pretty catch of Jones' long drive.

With a lineup composed mostly of youngsters, the visitors played loosely and looked ragged afield. But at that they looked equally as good as the home boys, who turned in their worst contest since the exhibitions commenced.

## READY FOR GOLF INVASION OF ENGLAND

Here are four star members of the American Ryder cup team who sail for England for matches with the British professionals at Leeds April 26-27. Left to right: Johnny Farrell, Gene Sarazen, Leo Diegel and Horton Smith.

### American Golf Teams Off For European Honor

New York, April 10.—(AP)—An American golf argosy sets sails late today on a Cruise for European honors.

The Ryder Cup team, led by Walter Hagen, forms the Nucleus of the present invasion, of course, but there are others both masculine and feminine, who will see what they can do in the way of upholding national prestige on foreign links.

Hagen's picked squad, which defends the Ryder cup against the cream of British professionals at Leeds late this month, leaves on the Mauretania at 5 p. m. today.

Hagen, the captain, is the present British open champion; Johnny Farrell holds the National golf crown; Leo Diegel is both the professional golfers' association title holder and the Canadian open king; Horton Smith, the "Joplin ghost," was the sensation of the winter season; the others, Al Watrous, Johnny Golden, Gene Sarazen, Joe Turnesa, Al Espinosa and Dudley all have been playing at top form during recent months.

Along with the Ryder cup team will sail Bill Mehlhorn, Tommy Armour, former National open title holder, and George Von Elm, who once held the National Amateur crown. These three, along with the whole Ryder cup team, and Macdonald Smith and "Long Jim" Barnes, who already are in Europe, will make an effort to keep the British open championship in American keeping.

The Mauretania also will take with it Miss Hollis Turpie, who with Gloria Collett, the Woman's National Champion, will provide a formidable United States threat in the British Women's championship at St. Andrews starting May 13.

After the Ryder cup matches at Leeds April 26-27 the tournaments will come thick and fast. The British open is to start at Muirfield, May 6 and continue through May 11; then will come the Yorkshire evening News tournament at Leeds, May 13-18 the French professional championship near Paris, May 19-24 and the German open May 25-26.

Ryder cup team also plans a match against a picked French team at Biarritz May 28-29.

Bobby Jones' smiling face will not be seen abroad this summer.

In Cairo and Alexandria, Egypt, the number of motor vehicles has risen from 19,000 in 1924 to 55,995 in 1928.

### When Planning Your Home

don't overlook the fact that quality lumber is essential to satisfaction. Lumber that has been carefully selected, graded, and seasoned saves time in erection, insures sound construction and makes a better appearance.

Our advice on plans is free. Ask us for it.

### FIGHTS LAST NIGHT

Chicago—Al Greenfield, Chicago cupped Willie Mitchell, Belgium, (10); Sailor Fay Kosky, San Francisco, won on foul over Johnny O'Keefe, Columbus, Ohio (6).  
 Cleveland—Gorilla Jones, Akron, Ohio, and Tommy Freeman, Erie, Pa., drew (10); Paul Pirone, Cleveland, stopped Rucie Leroy, Fargo, N. D. (5).  
 Hagerstown, Md.—Joe Belmont, Baltimore, outpointed Kid Williams, New York (8).  
 Milwaukee—Tony Canzoneri, New York, outpointed Eddie Anderson, Chicago (10).  
 Minneapolis—Harry Dillon, Winnipeg, knocked out Billy Freas, Indianapolis (3).  
 Sioux Falls, S. D.—Billy Petrolle, Fargo, stopped Norman Brown, of Chicago (4).  
 Indianapolis—Harry (Kid) Brown, Phila., outpointed Lew Terry, St. Louis (10).

### GOBER RESIGNS AT JACKSONVILLE, FLA.

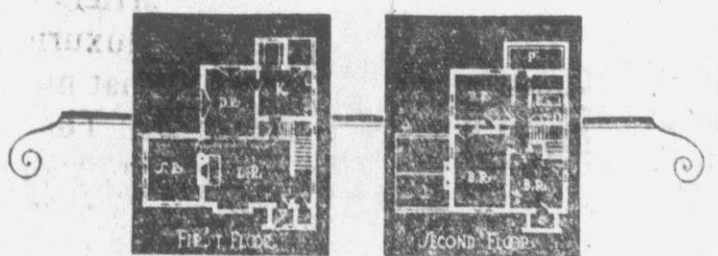

Washington, April 10.—(AP)—The Department of Justice announced today that William M. Gober, United States attorney at Jacksonville, Fla., has resigned. No date was set by Gober as to when he would leave office and this will be determined later.

### HIGHWAY COMMISSION TO NAME PATROL HEAD

Raleigh, April 10.—(AP)—Selection of a captain for the state highway patrol force authorized by the last legislature was before the highway commission as it met here today for a two-day session. Before adjournment tomorrow the commissioners are expected to take definite steps toward carrying out the provisions of the 1929 highway act for the taking over of county roads by the state.

Ignaz Mosicki, president of the Polish republic, is an enthusiastic radio fan.

Augusta, Ga., April 10.—(AP)—Walter Johnson and his Senators from Washington are making the New York Giants look bad. The Senators gave the Giants another thrashing yesterday, 7 to 3, battering Fred Fitzsimmons for six runs in the second inning.

### Today's Exhibition Baseball Schedule

- At Birmingham—New York (A) vs Birmingham.
- At Philadelphia—Philadelphia (N) vs Philadelphia (A).
- At Richmond—Boston (A) vs Reading (1).
- At Louisville—Chicago (A) vs Louisville.
- At Tulsa—St. Louis (A) vs Tulsa.
- At Shreveport—Pittsburgh (N) vs Detroit (A).
- At Atlanta—Brooklyn (N) vs Atlanta.
- At Indianapolis—Cincinnati (N) vs Indianapolis.
- At Port Worth—St. Louis (N) vs Fort Wayne.
- At Houston—Chicago (N) vs Houston.
- At Charlotte—New York (N) vs Washington (A).
- At Norfolk—Boston (N) vs New Haven (1).

### YESTERDAY'S RESULTS.

## Training Camp News Briefs

Houston, Texas, April 10.—(AP)—Joe McCarthy's Cub machine, hitting on all cylinders, moves northward tonight after the most successful spring exhibition season in years.

The Cubs defeated Houston 5 to 2 yesterday, running their season exhibition record to 21 victories out of 26 games.

Memphis, Tenn., April 10.—(AP)—Johnny Watwood, rookie outfielder, obtained from Shreveport of the Texas League, has been hitting so boisterously this spring that he seems certain of a regular job with the White Sox.

Indianapolis, April 10.—(AP)—The Cincinnati Reds were in Indianapolis today, trying to get out of the rain which for two days balked their efforts to play the Louisville Colonels a pair of exhibition matches. The schedule called for a game with the Indian here today and another tomorrow before the Reds return to Cincinnati Thursday night.

Philadelphia, April 10.—(AP)—Al Simmons leading batsman, with the Philadelphia Athletics, will not be in the game when the season opens next week. Rheumatism in the ankles, which handicapped the outfielder last year, has again laid him low and he is definitely out for at least two weeks, probably longer.

Little Rock, April 10.—(AP)—After clowning their way through most of the spring training campaign, the world's champion New York Yankees selected Little Rock for their first real demonstration of first class baseball. Playing the Little Rock Travelers yesterday, the Yankees played a dashing game in the field and got some excellent pitching from Gordon Rhodes and George Piparas to boot. Babe Ruth got one hit, a double, on which he subsequently scored the first Yankee run on another double by Gehrig.

Atlanta, April 10.—(AP)—Doug McWeeny finally has turned in the kind of pitching Wilbert Robinson has come to expect from his regular. McWeeny, a holdout for some time was at his best against Atlanta yesterday. Pitching seven innings he baffled th Crakers all the way for two Atlanta runs. The Robins won the game, 16 to 4.

New Orleans, April 10.—(AP)—The Cleveland Indians break camp tomorrow and head northward. The last game with the New Orleans Pelicans, their camp practice mates throughout the season, was canceled yesterday because of wet grounds.

Shreveport, La., April 10.—(AP)—The Tigers were to make their final attempt to win a baseball game from the Pittsburgh Pirates today before enfranchising for Detroit. Donie Bush's national league handed Detroit another triumph yesterday, falling upon Prudhomme and Barnes for a 10 to 3 victory.

Evansville, Ind., April 10.—(AP)—After two days of idleness the St. Louis Cardinals left for Fort Wayne for the final battle before the city series Saturday and Sunday. Hal Haid and Bill Sperel were mentioned as the probable starters in the opening contest against the Browns with Alexander and Doak on Sunday.

Oklahoma City, April 10.—(AP)—Morris Bagrow, outfielder, and John Buvid, right hand hurler, are the first two St. Louis Browns to draw releases, both going to Milwaukee on option. Johnny Ogden was the third Browns pitcher to go the route in three days and hurled winning ball yesterday, beating Oklahoma City. Ogden was not scored on until the ninth when one run went across. He allowed only four hits.

Spring's here

it's time to change your Oil

Warm weather brings the need for heavier oil and fresh greases all round. Now is the time to change. Be sure your motor is carefully flushed and refilled with fresh "Standard" Motor Oil—all friction spots should be carefully lubricated with "Standard" lubricants.

You will be well rewarded with a sweet-running, perfectly functioning motor; one that pulls better, and silently, on the straight-away, up the twisting hill roads or on the back byways.

Clip and check the list below. Hand it to your "Standard" dealer. Let him do a thorough and complete job for you.

### "STANDARD" Lubrication Chart

<input type="checkbox"/> Flush Crank Case	"Standard" Flushing Oil

# Market Report Cotton--Stocks--Grain

## COTTON MARKET

New York, April 10.—(AP)—Cotton opened steady today at a decline of 3 points to an advance of one point. There was considerable comment on standard cloth statistics which showed sales 20.2 per cent over production with an increase of 4.9 per cent in unfilled orders for March. These figures apparently had either been discounted or were offset by the relatively easy cables and favorable features in the weekly report of the weather bureau.

After some irregularity, prices eased off to 12.95 for July and 12.90 for October. Active months showed net declines of about 10 to 14 points by the end of the first half hour. Selling was attributed largely to realization of liquidation through commission house sources.

Private cables reported local and foreign realising in Liverpool on better weather reports from the south.

and the stock later moved up to 85 1-2. Indian Refining common and the certificate also moved in to new high ground. Houston sold 4 points higher.

Yellow Truck was heavily bought on reports that the company finally had turned the corner after several years of unprofitable business. One block of 10,000 shares changed hands at 45 followed by a further advance to 45 1-2, up 4 1-2 points. A further downward readjustment in the price of export copper by customs smelters brought about some liquidation in the copper group on the theory that it foreshadowed a decline in domestic prices.

## GRAIN MARKET

Chicago, April 10.—(AP)—Fluctuating rapidly within a range of about 2 cents, with the lowest prices being reached in the last hour, wheat today finished at moderate declines.

Wheat closed nervous 3-4 to 1 1-4 net lower; corn 1-4 to 3-8 to 1-2 down; oats 3-8 to 1-2 to 5-8 off, and provisions at a setback of 10 to 35c.

## STOCK MARKET

New York, April 10.—(AP)—Pre-empt shifts of speculative sentiment in today's stock market testified to the nervousness prevailing in professional trading circles. Prices moved upward at the opening, broke sharply after midday when active weakness developed in the Radio shares and a few specialties, and then rallied again when heavy buying was resumed in the oil group.

Call money renewed at 8 per cent but advanced to 9 as banks continued to call loans in preparation for mid-month settlements. Time money continued firm. The New York Clearing House Association today approved a change in the rules whereby a charge of not less than 1-2 of 1 per cent per annum shall be paid on loans placed for the account of out of town banks. Similar action on loans placed for the account of private individuals and corporations was taken last August.

One of the most important business developments of the day was the announcement of a gain of 266,377 tons in the unfilled orders of the United States Steel Corporation last month. Iron Age states: "Steel production for both March and the first quarter was so large as to raise doubts among steel makers themselves as to how long the pace can continue, insofar as output not only established new records, but did so by much larger margins than had been expected—for March by 900,000 tons and for the quarter by 900,000 tons." U. S. Steel opened 1 1-4 points higher at 187 1-4, dropped to 185 and then recovered its loss on the tonnage announcement. Superior Steel, which has been under goal manipulation, dropped 4 points. Most of the other steels pointed upward.

The break in the Radio shares confirmed reports of "air pockets" in the market. Kolster, which sold as high as 78 3-4 this year, broke 11 points to 32, and Chrysler dropped 5 points. Radio Corporation moved up 9 1-2 points to 96 1-2 and then fell back to 92. Short selling was an important factor in the decline.

Wright Aero broke 11 points. International Telephone 9, and Motor Products B, the last named touching a new 1929 low at 117 1-2. The drop of 5 1-2 points in Hupp Motors to an 87 low at 55 1-2 was associated with unconfirmed reports of liquidation by one of Wall street's most prominent operators.

Pan American issues, both of which touched new high levels for the year, led the recovery in oil shares. One block of 10,000 shares of Pan American changed hands at

## Gardner Returns To Raleigh After Trip Down East

Raleigh, April 10.—(AP)—Governor Gardner returned to his office today, after a visit to the Eastern Carolina Exposition at Farmville, where he spoke in advocacy of a constructive program for agriculture, and Kinston where he spoke to the Eastern Carolina Chamber of Commerce.

In his Farmville address, the Governor renewed his declaration that he hoped to make his administration remembered for its efforts in behalf of the farming industry, as Aycock's was known for its education program, Morrison's for its highway program, and McLean's for its business efficiency.

Eastern Carolina was advised by the Chief Executive to get away from its devotion to the cash crop system, and to raise more food and feed stuffs. That section, he said, ranks among the first in the production of cotton, tobacco, and similar reading marketable crops but fails by a great measure to produce enough food and feed crops for its own use. Because of the cost of buying these products which could be grown and because of the heavy use of fertilizer for cotton and tobacco, the farm profits are seriously reduced, the chief executive said.

The governor warned against the increase in farm tenancy, which he pointed out, has been marked in Eastern Carolina.

"Master farmers," he asserted, "are invariably live-at-home farmers."

## Wants

## SURVIVORS OF WRECKED SCHOONER

George Carver (left) and three other survivors of schooner A. Ernest Mills, rammed and sunk off the Carolina coast by the destroyer Childs. Captain and two of schooner's crew were lost.

Uniontown, Pa., April 10.—(AP)—With the toughest grind of the route behind them until they cross the desert, C. C. Pyle's plodding pilgrims today headed for Waynesburg, Pa., on the eleventh leg of their 3,400 mile trek. The runners have covered 437 miles.

During the last three days they crossed the Cumberland and Allegheny mountains, heat and rain combining to make their journey

uncomfortable. Yesterday they traveled 63 miles from Cumberland, Md., to Uniontown, climbing to a height of 2,500 feet, while surmounting the peaks of the Alleghenies.

Today's jaunt is 33 miles. The long hills forced Nels Nelson, Chicago, out of the race yesterday.

Ed Gardner, sturdy Seattle negro star, continued to show the way in elapsed time. He tops Johnny Salo, Passaic, N. J., policeman, by one hour, 13 minutes and 17 seconds. Salo holds an advantage of 1:33:10 over Peter Cavuzzi, England who is in third place.

# Owners of DODGE TRUCKS call it PAY LOAD

Your pay load is the load of actual merchandise you deliver—the load of the actual commodity you haul—whatever the size of the truck, whatever the nature of the load.

There is no profit in hauling the truck itself, or the body. That's expense.

Dodge Truck owners know the dollars-and-cents meaning of Pay Loads. That's why there are so many Dodge owners.

Excess weight was engineered out of Dodge Trucks long ago.

For your information—for comparison, and we invite it—we will be glad to go into the detail of sizes, weights and prices on the 51 standard Dodge Truck Chassis.

## OLD BULLY DICK

Wishes to thank the people for their liberal patronage in the past.

Farmers, we are going to have one of the earliest crops this year that we have ever had. I advise you to put your orders in early for your tobacco flues. I have purchased a better stock of iron than anybody, and will sell it cheaper.

CRETCHER FLUE CO.  
 McGowan & Cannon Warehouse

## FOR SALE

Practically new home. Garage. Hear Birds sing in your own trees. Convenient to schools. Pay \$750 and get deed. Balance about like rent. Just phone.

L. J. SMITH
