

SOUTHERN CROSS FLIERS FOUND TODAY

Captain Smith and Crew Sighted by Airplane in The Wilds of Australia

Brief Message From Canberra, Largest Machine of Searching Party, Says Four Fliers Appeared Well and Safe; Food Dropped to Fliers Until Rescue Party Can Reach Them.

Sydney, N. S. W., April 12.—(AP)—After being lost twelve days in one of the widest and most inhospitable regions of the world Captain Charles Kingsford Smith and his three companions of the airplane Southern Cross were located today by the plane Canberra, the largest of several machines searching for them.

Brief message from the Canberra to a radio receiving station at Darwin, Northern Territory, related the sighting of the missing plane, which once flew from California to Australia. The Canberra said the four fliers appeared safe and well. Food was dropped to them, sufficient to satisfy a want which it was feared had become acute.

Captain Holden, piloting the Canberra, gave the plane's location as on a mud flat about 30 miles South from Port George Mission station, which is located on the Prince Regent river about 130 miles East of Derby. This location would indicate that when Captain Kingsford Smith sent the message just before he made his forced landing nearly two weeks ago that he was "about 100 miles East of Wyndham," he was indeed hundreds of miles off the path from Sydney to Wyndham, a path which was to be the first of an attempt to break the flight record between Australia and England.

While the Canberra did not say so it was assumed no landing was possible in the area in which the Southern Cross was down and pending definite word from those who have undertaken the search for the aviators it was not known here what form rescue would take. It was presumed a combination of launch and foot parties, guided by airplanes, would be reported to.

There was in the sighting of the men a reminder of the death of Captain Rold Amundsen on a mission of rescue for his former enemy, General Umberto Nobile. Lieutenant Keith Anderson, bitter rival of Kingsford-Smith, himself has been missing for more than 48 hours after flying into the wilds of Northwestern Australia in search of the Southern Cross.

The search for him may present a problem every bit as difficult as has been that of the plane just found. Anderson had a companion with him, Robert Hitchcock, they have not been heard from since they left Newcastle Waters, Northern Territory, about 400 miles from Wyndham. They left here Sunday in a Westland Widgeon Monoplane.

The brief messages of the Canberra told a dramatic story of the culmination of the days of searching. The first message at 9:45 a. m. (local time) said: "after visiting the Port George Mission, we shall search all the bays and inlets as far as Cape Londonderry." (Cape Londonderry is the Northernmost point of Western Australia.)

A 4:30 a. m. came the message that the plane had been sighted and food dropped to the crew. That there might be no doubt as to the good news the message was repeated.

At 11:30 a. m. the Canberra radioed to the Southern Cross, "if you can hear us walk into open ground." Five minutes later the Canberra told the Darwin station, "they must be hearing but haven't seen them."

At 12:36 the Canberra radioed: "The Southern Cross is approximately 30 miles from the Port George Mission. Can see whole crew now. Even later came another message retelling the direction from Port George and describing its resting place as a mud flat."

Captain Kingsford Smith, his pilot Charles T. Ulm, who shared the honors with him in the flight from California to Hawaii and thence to Australia, a navigator named Litchfield, and a radio operator named McWilliam set out Saturday, March 30, from Sydney for Wyndham, intending the flight to be the first lap of an attempt to beat Bert Hinklin's record of fifteen days between Australia and England.

Sunday, when they should have been nearing Wyndham, radio messages were received from them of a (Continued on page six)

FARMER TO HEAD STATE ROAD PATROL

Raleigh Man Chosen As Captain of Highway Officer by Commission Last Night.

Raleigh, April 12.—(AP)—Charles D. Farmer, of Raleigh, former Chief of the Raleigh Fire Department and later Superintendent of the State Highway Commission's equipment depot, will be Captain of the North Carolina Highway Patrol authorized by the last legislature. Capt. Farmer was selected by the highway commission late last night, toward the end of an all day session.

Six of nine lieutenants provided in the patrol act also were named. They are: Lester Jones, Chief of the Washington, N. C. police force, first district; William Jesse Croom, traffic officer at Kinston, second district; Garland Goodwin, desk sergeant of the Durham police force, fourth district; Capt. T. A. Early, former chief of police at Badin and later at Wilson, fifth district; Capt. William E. Vernon, former instructor of the State College R. O. T. C., sixth district; and Sgt. H. R. Deck, chief of Aberdeen police force, eighth district.

These and the lieutenants for the third, seventh, and ninth districts, who will be decided upon in the meantime, will leave Monday for Pennsylvania to take two weeks of training in the school maintained by that state for its patrol.

Capt. Farmer's salary will be \$3,600 a year. The lieutenants will receive \$2,400 each. After their return from Pennsylvania, the officers will pick the 27 patrolmen who will be assigned three to each highway district to enforce the traffic laws and to promote the safety of the public.

The commission voted to add to the State Highway System the following roads: Wayne County—Goldsboro to Pink Hill via Seven Springs. Caswell County—1100 feet to route 14 to Yanceyville. Cherokee County—Extend 107 to Tennessee line. Jackson and Transylvania—From Tuckasee to Lake Toxaway. Haywood County—From Waynesville 34 miles toward Sterling. Gaston County—From Bessmer City to Cherryville. Rowan County—From Iredell county line to route 15 near Landis and China Grove. Stanly County—From Albemarle to Badin. Guilford County—From Greensboro to Farrell's store on route 63. Guilford and Rockingham—From Monticello to Locust Hill. A connecting link between routes 10 and 75 via Duke University was added to the system, and will be taken over for maintenance when completed.

Captain Benjamin Dies At Raleigh

Raleigh, April 12.—(AP)—Capt. J. C. Benjamin, State Commander of the Spanish War veterans and the past commander of the Raleigh American Legion Post, died at a hospital here last night of a heart attack. He had been in failing health for three years but did not become seriously ill until this week. Funeral arrangements were delayed pending the arrival of a brother from Montreal, C. E. Benjamin, the only surviving near relative.

Capt. Benjamin was born in Missouri 54 years ago. He came to Raleigh several years before the World War and built up a South-wide business in tractors and road machinery. He was serving his second term as head of the veterans of the Spanish war. During the World War, he commanded a machine gun company in the 82nd division.

TROTZKY TO WRITE HIS AUTOBIOGRAPHY

Constantinople, April 12.—(AP)—Leon Trotsky, bitterly disappointed at Germany's refusal to admit him, reluctantly today began to unpack his boxes and trunks to settle down in the tiny white house in the outskirts of the city he longed to quit. He has engaged a stenographer and it was said he would concentrate his energies in the writing of his autobiography.

School Children Visit Big Exposition Today Queen Crowned Tonight

Today was school children's day at the Eastern Carolina Exposition at Farmville and this afternoon hundreds of youngsters from many sections were in attendance. The show tonight will be marked by the crowning of the queen of the Exposition and a dance given in her honor.

The Exposition yesterday was featured by the presentation of the senior queens, the annual dinner of the Eastern Carolina Chamber of Commerce and several other interesting features. The queens took the town by storm and were viewed by hundreds of visitors both afternoon and evening. They were also guests at the annual dinner.

The following towns sent queens: Columbia, Miss Harriet Newberry; Elm City, Miss Annie Morris Dixon; Goldsboro, Miss Marguerite Porch; Kenly, Miss Mary Lee Hooker; Kinston, Miss Ernest Hines; Newport, Miss Ada Allen; Rocky Mount, Miss Blanche Burnette; Snow Hill, Miss Mildred Barrow; Selma, Miss Vera Blackman; Tarboro, Miss Elizabeth Shefield; Washington, Miss Julia Eborn; Plymouth, Miss Evelyn Brown; Smithfield, Miss Crab Hooks; Pitt county queens: Farmville, Miss Janie Johnston; Miss Sarah Humphrey; Miss Clara Modlin; Fountain, Miss Edna Gardner; Greenville, Miss Mabel H. Rumber; Miss Virginia King, Miss Catherine Smith, Miss Florence Taft and Miss Mary Lou White.

A cash prize of \$150 will be given to the winning senior queen in the beauty contest, and a Majestic car will be given to the senior queen by Grigsby Grunow Company of New York City, the local dealer

Recommend Closing Of Stores For Opening Of Eastern League Circuit

If plans of the Greenville Merchants Association should become generally effective, clerks and other employees of local business houses will get the opportunity of witnessing the opening game of the Eastern Carolina League in this city Friday afternoon, April 19th.

Directors of the association in regular monthly session here last night recommended the closing of all stores at 2:30 o'clock Friday in order that all employees might make their annual trek to the fair grounds to witness the initial game of the leaguers.

The league opening will be formally ushered in with Kinston playing on local grounds, and one of the most spectacular battles of the season is anticipated. Both clubs have been undergoing the most gruelling practice the last several weeks and today were declared in excellent condition for the opening struggle.

Greenville has made an exceptionally brilliant showing against clubs of the Piedmont circuit and is expected to show up even better with the final exhibition clash with Winston-Salem here next Tuesday. The opening game is always of more than passing interest to lovers of the national sport and with general closing of the stores it is expected the largest attendance of the year will be present.

Curtis Forges To Limelight In Social Dispute

Washington, April 12.—(AP)—"P. S. Why don't you get married?" In the hundreds of letters which poured into the office of Vice-President Curtis during his congressional tour with the State Department over the social status of his sister and designated hostess, Mrs. Edward Gann, this naive suggestion was found more than once.

The idea always struck the broadly developed sense of humor of the Vice-President, but this only response was a chuckle and occasional reflection that marriage was one of those things that was easier said than done.

Now that it is all over and he has won for his sister equal recognition with himself at official dinners, which was denied her by the ruling of former Secretary Kellogg, the usually quiet Charles Curtis is realizing that his first declaration as Vice-President created a real stir.

LET CONTRACT FOR ERECTION CITY SCHOOL

S. S. Tolar of Rocky Mount, Gets Contract For Intermediate Building.

The contract for the new elementary school in Greenville Heights was awarded to S. S. Tolar of Rocky Mount, and S. T. Hicks of Greenville. The general contract was awarded to S. S. Tolar Company for \$38,850.00. The plumbing and heating contract was awarded to S. T. Hicks for \$5,900.00. The list of bidders is given below:

General Contract.
V. C. Brown & Co., \$46,700.00; J. N. Bryan & Son, \$39,949.00; Byrd Brothers & Shaw, \$41,450.00; E. C. Derby, \$42,530.00; J. W. This new building will be the latest, most up-to-date, most beautiful building of the school system. The building will contain eight large class rooms, library, office, large toilet rooms, and an assembly hall that will seat three hundred and fifty. The building will be a one-story type somewhat Spanish in design. It will be built of buff colored masonry brick with a red Dresden tile roof in various shades of red. The building will be trimmed in terra cotta, some of it in three colors. The building will be one hundred eighty feet long with an average depth of sixty feet. Mr. G. R. Bennett is the architect in charge of the job.

The contract calls for the completion of the building by September 11, 1929.

CHICAGO BANK IS ROBBED OF \$10,000 TODAY

Chicago, April 12.—(AP)—Lining up 25 customers and employees, two bandits today forced the cashier of the Lansing State bank to carry out boxes of money to a waiting automobile and accompany them a short distance.

Officials of the bank, which is on the outskirts of Chicago near the Indiana line, said first estimates put the loss at \$10,000.

Without masks the men entered the bank about 9:30 a. m.

"Where's the boss?" one asked E. J. Frank, an employe.

Frank pointed to the directors room where Henry F. W. Schultz, president, and Walter J. Winterness, cashier, were in conference. The men entered the room and told the officers they would be killed if they came out.

One of them then herded every one into a far corner. Winterness was called out, told to put the money in the cases into sacks and accompany the robbers. After several checks, seeing no one was following them, the bandits released the cashier and headed west toward Hamewood.

The robbers were armed with sawed off shotguns and revolvers.

Death Toll Increases In Arkansas Tornado; Two Hundred Are Hurt

Little Rock, Ark., April 12.—(AP)—The toll of the tornadoes which struck north Arkansas Wednesday stood today at fifty-one dead and approximately 200 injured, while national guardsmen searching in the vicinity of Gulon for additional bodies came upon a group of about 30 persons who had taken refuge in caverns from the storm and apparently were still dazed by their experiences.

Practically all those discovered had gone without food and water for nearly forty-eight hours, guardsmen said, and they were immediately given shelter of tents and food and medical attention.

Three group funerals of victims of the tornado which swept sections of north Arkansas were to be held this afternoon at Gulon and Swifton, two villages which bore the brunt of the storm.

Two small rural cemeteries near Swifton each are to receive the bodies of 11 victims, while at Gulon six of those who lost their lives in the storm, which razed the entire town, are to be buried.

Meanwhile, the work of rehabilitation was going forward under the direction of Red Cross workers and Major C. R. Barham and Captain Lee V. Casey of the adjutant general's staff, dispatched to the area to take charge of relief efforts instituted by Governor Parnell.

The first eye witness accounts of the storm which demolished Gulon, were furnished early today by residents there. Not one building was left of more than a hundred and fifty, it was reported and the site resembled a large lumber yard after being visited by the cyclone.

Throughout yesterday, those who were not injured searched among the ruins of their homes, misery written upon their faces. Little will be salvaged from the wreckage, observers said, so complete was the damage wrought. What was not destroyed or damaged by the wind was water soaked from a torrential rain which followed the storm.

One of the victims, whose name was not learned, related from his cot in a temporary hospital at Batesville, the approach of the tornado.

He said it appeared from the west down the White river. As it approached, it sucked up the water into a whirling spout and the lower portion of the village was drenched.

"One viewing the wreckage after the storm passed could not understand how even a cat could have escaped," one victim related. "The death list would have been much larger had citizens not taken refuge in storm cellars. Many hurried to tunnels in sandstone quarries and escaped."

After placing Gulon one branch of the tornado swept through to Mount Pleasant, wrecking farm houses as it went. The house and barn of Presley Campbell, near Mount Pleasant, were blown down and the wreckage caught fire and was consumed.

The family of Alvin Caraway escaped death or serious injury as if by a miracle. It was reported the storm demolished his home and also a church building nearby, but none was injured.

Persons at Brockwell and Melbourne reported small tornadoes struck nearby, but little damage resulted.

Heavy hail storms occurred over large areas of the state, particularly in Fulton and Izard counties, but north of the storm area. Residents reported the hail stones to have been larger than they had previously seen.

Serks And Finds.
New York—James Duckett, an Indianapolis youth, wandered from home to seek his fortune. Cold and broke, he was on Broadway wondering where to get a job when he found a check for \$1,000,000—yes, a million, a bonafide check, lost by a broker's messenger. James looked in the directory and delivered the check. He got thanks, congratulations, \$29 and the promise of a job.

U. S. TROOPS WILL DEFEND NACO BORDER

American Artillery to Protect Citizens Against Mexican Fire.

Naco, Ariz., April 12.—(AP)—The American artillery was on its way to Naco today to defend the American border against the menace of Mexican rebel field pieces trained upon the local garrison of Naco, Sonora.

A battery of field artillery was enroute from Fort Bliss, El Paso, Texas, and two 3-inch field pieces were on the way from Camp Jones, Douglas, Ariz.

Reports that American soil might again be subjected to Mexican rebel fire were heard this morning as advances came from the rebel stronghold at Nogales, Sonora, that revolutionary forces possibly would attack Naco, Sonora, today.

The affairs of the revolution were believed to be approaching a crisis in Sonora. A war council was held at Cananea south of here yesterday, by General J. Gonzalo Escobar, and five of his aides.

Whether they would make a supreme effort to take the Naco garrison by storm or whether they would attempt to make a southward drive, leaving the border garrison in the hands of the enemy remained undetermined on this side of the international line. The Nogales report that the rebels would again attack Naco gained wide circulation.

From Agua Prieta, Sonora, east of here, came a report that a Mexican federal troop train was enroute from El Paso, Texas, to Naco, to reinforce the loyal garrison of 1,000 men which has been holding the garrison against the menace of overwhelming numbers of rebels camped just to the south of the city.

Military authorities believe that it would be difficult for the rebel forces to attack Naco without running the risk of sending bullets across into Naco, Ariz. Four 77-millimeter field guns have been trained on the Mexican federal garrison from the hills to the south.

Eighteen American fighting airplanes and a detachment of United States cavalry remained on the alert for any immediate attack that would subject American territory to gunfire.

CONFEDERATE VETERAN DIES AT RALEIGH

Raleigh, April 12.—(AP)—Funeral services were held here today for John C. Mangum, 83 year old Confederate veteran who died yesterday after a life time devoted to public service. For more than 30 years he was connected with the State Department of Agriculture, and later he held positions at the State Prison and the State hospital in Raleigh. He is survived by his widow, five children, and a number of grandchildren.

RUM QUESTION IS BOUND FOR NEW CONGRESS

Right of Ships to Serve Liquor at Sea May Be Brought to Attention of Solons.

Washington, April 12.—(AP)—The question of the right of American vessels to serve liquor as a beverage at sea is regarded by officials and observers here as almost certain to be brought vigorously to the attention of the new Congress when it meets in special session next week, at least in the form of discussion.

The promptness with which wet and dry organization and spokesmen for the prohibitionist viewpoint expressed themselves on the decision of the Leviathan's new owners to abandon the dry policy which governed the liner under the Shipping Board made such an outcome practically a foregone conclusion.

Practically all the authorities meanwhile, have shown considerable interest in the statement of the public relations department of the United States Lines, which operates the liner, that it would be fair to assume that, while the ship would be dry on its present east-bound voyage and wet only on the return trip, liquor would be served going both ways hereafter.

The ship, they said, can possess liquor legally within the American three-mile limit only as medicinal stock under a Federal permit. Such liquor can be sold, they held, only to fill prescriptions issued by physicians in the United States, and must be accounted for with such prescriptions. That applies, it was declared, whether the liquor is issued on the outgoing or homecoming voyage or in a foreign port.

No liquor can be brought within the three-mile limit by an Ameri-

can ship, it was emphasized, unless it is provided for by the medicinal permit. Thus, Commissioner Doran of the prohibition bureau, explains, the Leviathan cannot legally possess liquor of serve on such trips, he says, his bureau will take action.

Has Lots Of Stuff.

Washington—Justice Harlan Fiske Stone, who once played football for Calvin Coolidge's Alma Mater, has lots of stuff at sessions of the medicine ball cabinet, as Mr. Hoover and Hugh Gibson can testify. The story is that one Stone toss affected the presidential wind and another marked up a diplomatic note.

Quick Work.

Philadelphia—Frank H. Thomas, 72, and Isabella C. Oliver, 71, have obtained a marriage license, one day after Miss Oliver's mother died at 90. "Mother forbade my marrying until after she died," explained Miss Oliver. "She maintained I would have plenty of time after that."

JERSEY MAN IS HELD FOR KILLING WIFE

Sixty Year Old Bigamist Confesses Shooting And Burning One of his Wives.

Elizabeth, N. J., April 12.—(AP)—Henry Colin Campbell, 60 year old civil engineer and bigamist, was in jail today as the confessed slayer of one of his wives whom he shot and set afire.

The arrest and confession, police said, cleared up the mystery of the killing of a middle aged woman, whose body, with a bullet wound in the head, was found blazing by the roadside near Cranford, N. J., on the morning of February 23.

Campbell was arrested as he was about to enter the apartment where he lives with his first and legal wife and three children.

He was taken into custody a few hours after the body of the victim had been identified as that of Mrs. Benjamin S. Mowdy of Greenville, Pa., a nurse. In his pocket detectives found a loaded pistol.

In his confession he said he became acquainted with Mrs. Mowdy through a matrimonial agency in Detroit. He said he had been in financial difficulties and hoped to clear up his affairs by another marriage.

He said that after a brief correspondence he met the woman at Washington later he met her again at Philadelphia, whence they drove to Ikon, Md., where they were married August 28, last.

The next day the woman deposited a check for \$1,000 to their joint account. He then returned to Westville, N. J., where he was then living and she returned to Greenville. In February she came in search of him. He communicated with her at the Y. W. C. A. in New York

where she was staying, and met her February 21 at Philadelphia.

After stopping at Dover, Del., that night, they drove northward in his car. They arrived in Cranford about 4 a. m. February 23.

While they were driving along there was an argument because she wanted to go to the home where he had promised to prepare for her.

Then he shot her while she dozed in the seat beside him. He drove a short distance stopped the car and dragged the body to the roadside. He took a can of gasoline from the car, poured its contents over the clothing and set fire to it.

Fires Damage State Forests

Raleigh, April 12.—(AP)—The first fire situation throughout the state, which reached threatening proportions especially in the east early this week, was reported much improved today by J. S. Holmes, state forester.

Considerable land has been burned over, he said, and crews of men are still fighting fires at various points, but the weather has taken of the fires.

Although most of the fires have been in the Eastern counties, the West has not been exempt. More than 1,000 acres were burned over in Wilkes county by a fire now under control.

Dangerous fire weather was reported in the Asheville district by W. K. Beicher, district forester. Mr. Beicher informed forester Holmes special precautions were being taken to protect the Smoky Mountain Park area.

Richard Halliburton Tonight.

Richard Halliburton, the noted literary playboy and adventurer, who has written such thrilling accounts of his experiences, will at 8:30 this evening, in the campus building of Easter Carolina Teachers College, take his audience with him along "The Royal Road to Romance," and on "The Glorious Adventure."

He left Princeton when very young and dared to do all the feats of mountain climbing and stunt swimming he had heard of others doing. Then he began to revive the lives of the heroes of old he had thrilled over in stories and epic poems, he mapped out definite plans, becoming Ulysses, following him through the Iliad and the Odyssey, and turning aside to do the deeds of any passing hero. For instance, only two people had ever dared to swim the Hellespont, the noted lover Leander when he went to see his beloved and Lord Byron. He also visited the tomb of the poet Rupert Brooke. The scenes of these travels are the same as those of the world war, the Dardanelles and Gallipoli.

Last summer he made the Conquest of Mexico with Cortez. His swimming the length of the Panama Canal was a mere side stunt. He is talking about following Richard Coeur de Leon through the Crusades. There will then be only one famous adventurer left, Marco Polo. By the time "Dick" Halliburton is thirty he will have worn out all the thrills to be had in this world and will perhaps attempt the leap to Mars.

He tells the story of his adventures so thrillingly he seems to re-live them and to make his listeners thrill with him.

This is the last of the series of entertainments for which season tickets were sold. These are to be presented at the door. Single tickets will also be sold at the door.

FRIGIDAIRE CREATING MUCH INTEREST

Interest created by the new Frigidare cold control, an invention that opens a new realm for the housewife in menu planning, is evidenced by the large crowds that have visited the local Frigidare dealer's display room on Fifth street since the national cold control demonstration of the General Motors subsidiary opened Tuesday.

The demonstration, which is being held in all large cities throughout the country to acquaint the public with this outstanding refrigeration perfection, will close at 10 o'clock Saturday night. It was announced.

Many tempting frozen desserts made possible by the cold regulator are being prepared and served by domestic science experts at the demonstrations. Souvenirs and literature of value to the housewife and housewife will be distributed to visitors during the remaining two days and nights of the demonstration, the dealer said.

A. & P. Store Adds Market

A. & P. Store at 811 Dickinson avenue announces the addition of an up-to-date market to their store the formal opening of which will be held tomorrow.

For the past few days Mr. C. B. Boyd, division meat superintendent of the A. & P. Company and Mr. P. E. Mallory, grocery superintendent, have been in this city supervising the installation of the equipment and the selection of complete stocks for the various departments of the store.

In addition to carrying a complete line of groceries, fruits and vegetables, the market will enable the store to carry a complete line of fresh meats and fish at all times. In the words of the store manager, M. D. Walker, the A. & P. Company is making it possible for persons who visit this store to purchase everything for their tables under one roof.

The market equipment is up-to-date in every respect and assures freshness and purity of the products purchased from the store.

Kittrell Heads T. P. A. Post Here

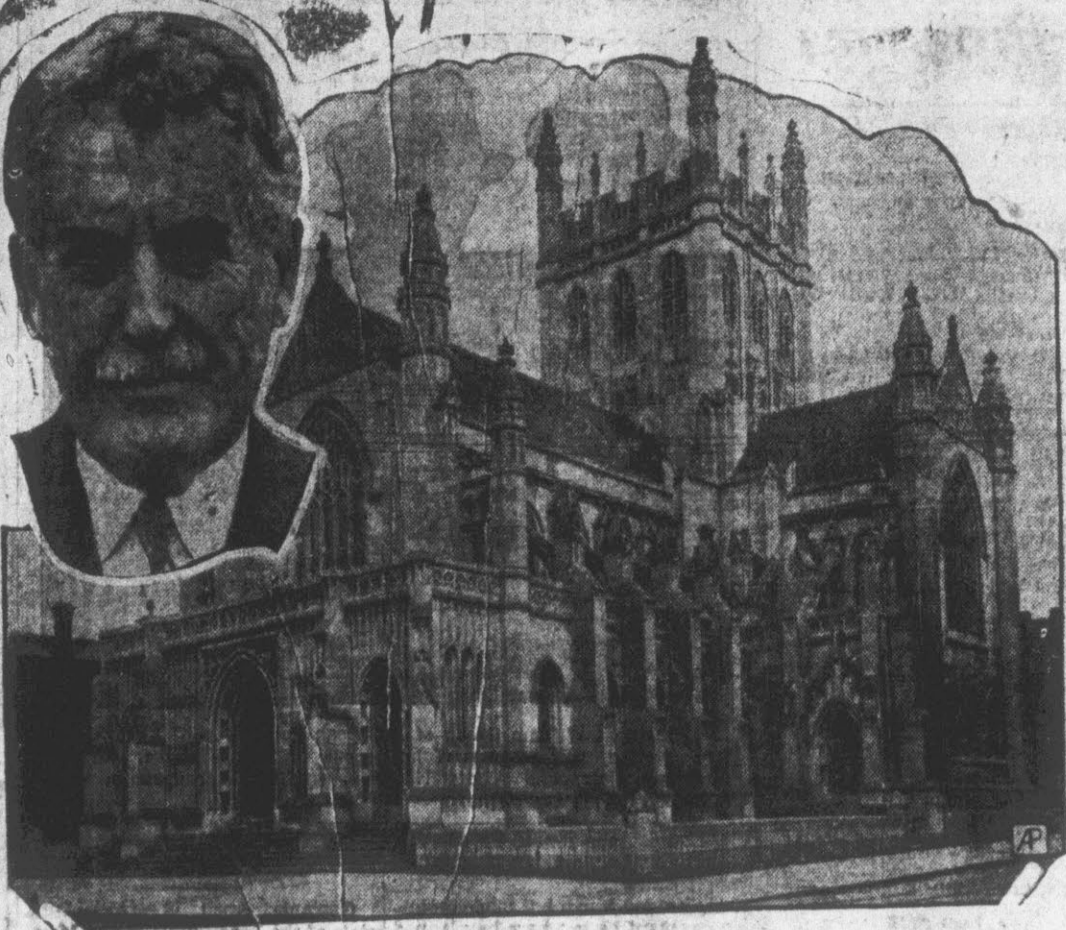

J. B. Kittrell, well known broker of this city was elected to the presidency of the local post of Traveling Men's Protective Association recently held at the City Hall here. Wiley Brown was elected to the vice-presidency and W. V. Wayman was re-elected as secretary. Rev. W. A. Lillycrop, pastor of St. Paul's Episcopal church, was made chaplain of the post.

The post also appointed delegates to the State convention to be held at Kinston, May 9, 10 and 11th. They are: A. D. McArthur, Closs Hearne, Wiley Brown, W. L. Patrick, W. T. Huff, A. B. Hudnell, P. H. Kasey, J. H. Briley, A. C. Guiley, R. C. Merritt.

All members of the post were urged to attend the convention in order to swell attendance of the local post as much as possible.

ALBERMARLE PRESBYTERY TO MEET HERE

Thirty-four Churches To be Represented At Presbyterian Church Tuesday.

The Presbytery of Albemarle, composed of 34 churches in the Eastern part of the state, will meet with the local Presbyterian Church on Tuesday evening, the 18th, at eight o'clock, and will be opened with a sermon by Rev. J. T. Wildman, who is the retiring moderator, after which a new moderator and temporary clerk will be elected for a two day session. This district is composed of churches of the denomination extending from Swan Quarter in the south, to Roanoke Rapids in the north, and Elizabeth City in the east, and Wilson in the west.

There are 18 ministers in this Presbytery and each church is entitled to one representative, which means that 52 delegates can be present at this meeting. At this time, the annual reports of the churches will be submitted, their reports tabulated and sent to the General Assembly, which meets in May at Montreat, N. C.

In addition to the regular business, on Wednesday at 11 a. m. the Presbyterial sermon will be preached by Rev. H. M. Wilson of Tarboro, and the annual communion service will follow.

On Wednesday evening a popular meeting in the interest of home missions will be held, and several speakers will be heard in short talks. Rev. A. J. Crane is superintendent of this work, and Rev. H. B. Searight of Washington, is chairman of the committee.

The local church is entertaining this body, and will serve a barbecue lunch at the church on Wednesday at 1 p. m.

The sessions of this body are open to the public, and we invite our friends to attend any and all of them. The hours will be: 9 a. m. to 12 noon, recess until 2 p. m., adjourn at 5 p. m., evening sessions beginning at 8 and adjourn at will.

Walker Rooted Out.

New York—An invasion by apartment houses is likely to drive Mayor Walker out of Greenwich Village. He says he may have to sell for \$50,000 or so the old homestead his father bought 30 years ago for \$18,000, as much as he hates to leave the neighborhood.

PITT DOCTORS HOLD MEETING IN THIS CITY

Interesting Session of Society Held at Woman's Club Last Night.

Two interesting papers were read by Drs. Joseph Smith and W. E. Raleigh. Dr. Smith's paper dealt with "Symptoms Diagnoses." He also reported several interesting cases coming under his observation.

The paper by Dr. Futrelle dealt with a recent survey of health conditions in Pitt county. The report was probably one of the most detailed the society ever heard in connection with local health conditions and proved very informative.

Dr. Guy Pigford of the State Department of Health, who has been conducting a dental clinic in Pitt county schools during the past several weeks, was guest of the society and responded to the welcome which the society gave him.

Those present at last night's session were: Drs. T. G. Basnight, J. E. Nobles, Malcolm Thompson, G. W. E. Futrelle, A. M. Schultz, L. C. Skinner.

Revival To Open At Bethel Next Sunday Evening

A series of revival services will open at the Bethel Baptist church Sunday, April 14th and continue for a period of ten days, according to announcement made today by Rev. Stanley Rogers, pastor.

The meeting will be under the direction of Rev. J. E. Cantwell of Raleigh, considered one of the best known evangelists in the state. Service will begin each evening at 7:45 o'clock and will be featured by special musical numbers.

The public was cordially invited to attend and hear the distinguished minister.

Mrs. Jarvis Mills Dead; Burial Today

ABOUT TOWN

"It will be impossible to give out information in connection with winners in the essay contest before Saturday afternoon," said a member of the essay committee of the Merchants Association under whose auspices the contest is staged.

"There are nearly one thousand papers to be looked over and from now on the judges will be busy as bees trying to pick out the prize winners. Complete announcement will be made through the columns of the Daily Reflector Saturday afternoon. So watch for the paper and see who gets the prizes."

"This kind of weather," confided a well known Greenville figure today, "causes me to wish I had not changed my clothing so early. I like to see springtime roll around every year, but the uncertainty of the offerings of the weather man keeps one in a state of half-panic most of the time."

"The chill temperatures which are having at this time is a fair sample of the offerings of every spring-time. I will be delighted when the weather man has exhausted his supply of frigid atmosphere."

"Contract for the new school building to replace the one destroyed by fire last fall was let yesterday," said a member of the school board "and in the course of a few months the structure will be completed and ready for occupancy."

"This gives Greenville two new buildings within a period of two years, the erection of each having been occasioned by fire that wiped out the old structures."

"The new buildings, like the one completed last year will be fire proof in every respect and will meet the demands of the Evans Street department for quite awhile."

"Then, too, an athletic field will be provided on the campus on the new structure. It is the first field of the kind Greenville public schools ever had. It will be a wonderful asset to the school system and enable the various athletics organization to make progress than ever before."

LABOR CHIEF VISITS STRIKE SCENE

President William Green of American Federation of Labor (center) visited Elizabethton, Tenn., scene of textile strike. Edward McGrady (left) and Alfred Hoffman, (right) labor leaders, were kidnaped during the strike.

A movement is on foot to declare a part holiday here on the afternoon of April 19 in order that everyone may have an opportunity to witness the opening game of the baseball season. A full attendance at the opening game would certainly give the boys a good send-off and no doubt would make them enter the season more determined than ever to bring home the bacon in the majority of the contest. Let's do it.

DON'T FAIL TO REGISTER

On Monday, May 6, voters of this city will go to the polls to elect a mayor and members of the Board of Aldermen. It is not only a privilege but a duty for every citizen to have a voice in the election of those who are to administer the affairs of our city, but in order to perform this duty every voter must be properly registered. For the convenience of voters the registration books are now open and will remain open until Saturday, May 4, and there will be little or no excuse for any one to be ineligible to vote because he or she is not registered. On different days the registration books will be in different places in the city in order to be accessible to parties who find it inconvenient to come down town to register and it is to be hoped that everyone entitled to register will do so. When all our eligible citizens register and vote then we can rest assured that a majority vote is a true expression of the wishes of our people.

If you have never voted in a city election here but have reached your majority since the last election or have resided in this city and state sufficient time to make you eligible to vote, it is your duty and privilege to register. If you have voted in former city elections but since that time have moved into a different part of the city than that in which you are registered, it is necessary that you again register in order to be eligible to vote in the election. The kind of administration a city enjoys vitally affects every citizen of that city and as citizens we should avail ourselves of the opportunity of having a voice in the selection of the men who are to run our affairs. An interested citizenry in local politics surely speaks the best type of administration. If you are not registered do so now. If you are already registered be sure that you do your duty by going to the polls and casting your ballot when election day comes around.

"Members of the local police department are certainly tagging a number of cars in the business district," said a citizen today, discussing the one hour parking law which recently went into effect.

"It is going to take automobile owners a long time to get accustomed to new law, but after awhile all of us will get used to it an not let our cars remain in one position over the time limit."

"The courtesy cards issued to visitors will make us many friends as they will enable such persons to stay in the business district as long as they desire without worrying about moving their car at the expiration of the hour limit."

Our Greenville, your if you come," is a slogan that applies to members of all organizations visiting Greenville. Mayor J. C. Lanier told members of the Eastern Carolina Fireman's Association the other night.

The mayor injected the spirit of the slogan into his talk and cause the hundred and fifty or more firemen to feel like they had indeed turned the city over to them as their own.

Such addresses do much toward increasing interest in this city and the rapid strides which we are taking for a greater and better community.

"Colored people usually have a big time, and this is especially so when they attend the annual commencement of county school held in this city each year," observed a citizen today.

"Yesterday was commencement day again, and six thousand school children and hundreds of parents gathered here to witness exercises in connection with the event. All of them had a big time in the mammoth parade, and at the field day events at the fair grounds."

"Commencement day no doubt will increase in interest with the passing of the years, and next year no doubt will witness more people in attendance."

Cottonseed Crushing Shows An Increase

Washington, April 12.—(AP)—The Census Bureau announced today that cottonseed crushed from August 10 to March 31 totaled 4,395,365 tons, compared with 4,351,494 for the same period in 1928 and cottonseed on hand at the mills on March 31 totaled 386,986 compared with 255,924 a year previous.

Cottonseed products manufactured during the period and on hand March 31 included:

Linters (running bales) produced totaled 975,012 compared with 812,345, and on hand 206,164 compared with 132,924.

Ex-Governor Accused

Sacramento, Calif., April 12.—(AP)—Sensational testimony for the prosecution in the impeachment trial of Superior Judge Carlos S. Hardy was expected from Mrs. Lorraine Wiseman-Sielaff, after her proppanned arrival here today from Seattle.

Mrs. Wiseman-Sielaff, who figured as a prosecution witness in the conspiracy hearing of Aimee Semple McPherson two years ago, recently made an affidavit saying Judge Hardy had negotiated with her to produce a "Miss X" in the McPherson case who would "admit" being in the company of Kenneth G. Ormiston, radio operator, at Carmel, Calif. The state charged that Mrs. McPherson was Ormiston's companion and that her kidnapping story was false.

Judge Hardy is accused of acting illegally as attorney for Mrs. McPherson and of obstructing justice by defending her kidnapping.

WORST OF STRIKE OVER AT GASTONIA

Gastonia, April 12.—(AP)—Officials of the Loray mills of the Manville-Jencks Company here said today that about 1,000 workers were at their places in the plant while a normal day shift is approximately 1,100 persons. In view of this the mill authorities and military officials in charge of national guard units patrolling the village expressed belief that the worst of the strike of Loray employes had passed and that normal conditions would soon be restored.

Gastonia, April 12.—(AP)—Mrs. Frank Smith, leading Asheville clubwoman was elected president of the North Carolina Federation of Music Clubs at business session last night following a concert by Herbert Gould, New York basso, given for the music delegates in Asheville for the occasion. PLAYERS BACK AFTER GAMES IN PIEDMONT

Members of the local club of the eastern Carolina league have returned from the central part of the state where they clashed in two exhibition games with club of the Piedmont league. Although losers in both skirmishes, Manager Bang's crew were satisfied with their showing against the scarred veterans of many diamond battles.

The club was scheduled to play the final game of the series in Henderson yesterday, but rain interfered and the contest was called off. Their only two games were played with Winston-Salem and Greensboro, both ending by narrow margins.

President Guy Smith stated this morning that only one exhibition game would be played on the local diamond prior to the opening of the season Friday, April 19, that being with Winston-Salem next Tuesday afternoon. The remainder of the time will be spent in daily workouts and organizing for the crucial test at the opening of the league circuit.

Manager Bangs last night announced the release of three players. They were Mattax, third baseman, Fried, short stop and Rowe, first baseman. Mattax is a product of last season, but was unable to make good this season on account of trouble with his arm. The other two men reported the first of the training season.

The pruning process has been in progress the last several days, and assigned to permanent berths by the exhibition game next Tuesday.

Georgia Relays Begin Today

Atlanta, April 12.—(AP)—The Seventh Annual Georgia Tech relays were scheduled to get under way at Grant Field this afternoon with a field from a standpoint of numbers and class is the finest the carnival has ever attracted.

More than 20 High and Prep schools from Georgia, North Carolina and Tennessee, sent athletes to the high school events which are on today's program, while between 20 and 25 colleges will be represented on the Saturday afternoon card.

Stiff competition is looked for in almost every event. The Tigers of Louisiana State are coming to town heralded as the class of the team entries but Florida is all set to make things warm for the Tigers in the half mile; Kentucky is expected to show strong in the mile; Georgia Tech has its eye on the two mile race and two North Carolina schools Duke and the University of North Carolina—both with star distance runners, can be counted on for some competition in the four mile.

YOUTH AND AGE TO BATTLE IN GOLF TOURNAMENT TODAY

Pinehurst, April 12.—(AP)—Two links duels between youth of the campus variety and tournament scarred veterans were on the north and south amateur program here today.

Phillips Finlay, Harvard Sophomore, advanced to the semi-finals by defeating another veteran, John D. Chapman of Greenwich, Conn., yesterday, and was paired against George Voight, of Washington, D. C., today. Finlay's powerful drives were largely instrumental in netting him a 5 and 3 victory.

Richard Wilson, Georgetown University golfer, won 5 and 4 from F. P. Merriman of Waterbury, Conn., yesterday. His opponent for today was W. C. Fownes, Jr., of Pittsburgh, former national champion. Voight, the current north and south champion, eliminated C. S. Eaton of Boston, a Harvard freshman, 7 and 6. Fownes victory yesterday was a 3 and 2 affair over John W. Dawson of Chicago, the medalist.

Training Camp News Briefs

Philadelphia, April 12.—(AP)—Pruning has started in the ranks of the Phillies and the Athletics. Manager Shotton of the Phillies, announced he has sent a rookie battery, Bill Derham, left handed pitcher, and George Sheffott, catcher, to the Scranton club of the New York-Pennsylvania League, on option.

Nick Borrelli, formerly of Muhlberg College, has been sent on option by the Athletics to the Portland club of the Pacific Coast League, also for seasoning.

Macon, Ga., April 12.—(AP)—Since pitchers are the least of Wilbert Robinson's worries, he spent a rainy afternoon yesterday selecting Brooklyn hurlers for the rest of the spring training season. Mr. McWeeny was the choice for today's game in Greensboro, N. C., and Clerk will open the annual spring series against the Yankees tomorrow. Dazzy Vance will take the mound for Sunday's exhibition against the world's champions.

Indians, Ind., April 12.—(AP)—Alphonse Thomas, the Baltimore curve artist, has been picked by Manager "Lena" Blackburne to hurl for the White Sox in their season's opener at St. Louis Tuesday. Thomas has been improving rapidly under Texas sunshine, and Blackburne believes he will get his mates a running start in the campaign.

Washington, April 12.—(AP)—Despite three defeats at the hands of Washington and one tie game, the Giants and their rooters are not losing hope yet. The scores get closer every day and the New Yorkers are playing better ball.

Atlanta, April 12.—(AP)—With only one more game on their exhibition schedule before they return home, the Yankees still are romping through their games apparently without caring whether they win or lose. They beat the Atlanta Crackers yesterday.

Kansas City, April 12.—(AP)—"Gabby" Hartnett, Cub catcher, insists his salary wing is healed and that he is ready to work. Hartnett hasn't caught a game all spring because of his lame arm and it is doubtful whether Manager Joe McCarthy will let him risk it for two weeks more.

Cincinnati, April 12.—(AP)—The Cincinnati Reds out of town training season ended in Indianapolis yesterday when the Indians sent them home with a 10 to 4 beating.

Birmingham, Ala., April 12.—(AP)—The worst baseball the Cleveland Indians have furnished this year was being them today in their second game with the Birmingham

Barons, who took the tribe yesterday 8 to 5 in a weird exhibition on which went along at a fast rate on cuts, bad pitching and freak runs.

St. Louis, April 12.—(AP)—Back home with a practice scheduled for today and the city series opening tomorrow, Manager Billy Southworth was confident over the enaunces of the St. Louis Cardinals. He said he was especially pleased with Jun Bottomley's batting and also that of Eddie Delker, who has been the hitting sensation of the training trip.

PYLE'S FOOT RACERS HEADED FOR OHIO

Wheeling, W. Va., April 12.—(AP)—Having completed 493 miles of the 3,400 mile trek to the Pacific coast, C. C. Pyle's trans-continental foot racers cross another state line today.

They head for Cambridge, Ohio, fifty miles from here, after spending the night in Wheeling.

Ed Gardner, Seattle, Wash., negro, continued to set the pace in elapsed time. Pete Gavuzzi of England is creeping up, however, and already has ousted Johnny Saio of Passaic, N. J., from second place.

Fights Last Night

(By the Associated Press) Detroit—Billy Wallace, Cleveland, outpointed Tommy Grogan, Chicago, (10); Louis Kid Kaplan, Meridian, Conn., outpointed Joey Medill of Chicago, (10).

Enport, Iowa—Young Jack Dillon, Louisville, outpointed Kayo White, New Orleans, (10); Johnnie Fulton, Cedar Rapids, outpointed Jack Melrose, New Orleans, (10).

Pasadena, Calif.—"Bear Cat" Wright, Omaha, won from Neel Clisby, Riverside, Calif., (10).

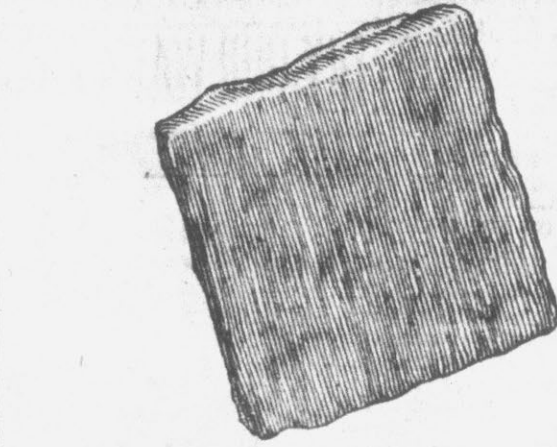

DEMPESEY LOOKING FOR BOXING CZAR

Chicago, April 12.—(AP)—Jack Dempsey, promoter, is advocating a "boxing czar."

"What boxing needs to save it from decline is a supreme head, a man of action and power like Landis is in baseball," Dempsey said. "Today, there are too many controlling boxing organizations and none is in agreement with the other, it seems."

"These bodies should get together. There is much to be done and a supreme head, with power enough to make final decisions, could lift the game up to a higher standard."

Market Report Cotton--Stocks--Grain

COTTON MARKET N. Y. STOCK LIST

New York, April 12.—(AP)—Cotton opened barely steady today at a decline of 4 to 8 points under some local and commission house selling, apparently promoted by reports of clearing weather in the western and central belts and indifference of Liverpool. Further covering by near month shorts and some Liverpool buying steadied prices a few points immediately after the call but the market eased again with active months showing net declines of about 3 to 8 points at the end of the first half hour.

Some rain and lower temperatures were reported in the eastern belt, but the trade was inclined to take a generally favorable view of the intermediate weather outlook. Liverpool cables cloth market in Manchester was depressed.

STOCK MARKET

New York, April 12.—(AP)—Definite signs of easing credit conditions, coupled with a continuance of favorable trade news, furnished the background for a board advance in prices in today's stock market. Despite rather heavy week-end heavy profit taking and sporadic bear selling of some of the speculative issues, prices of a long list of stocks were pushed up 1 to nearly 9 points, with at least a dozen moving into new high ground for the year.

Call money renewed at 9 per cent and then dropped 8 as banks which have been accumulating funds in anticipation of the heavy mid-month payments next Monday, seized an opportunity to employ these funds at highly profitable rates over the week-end. Time money, which has been at a flat 9 per cent basis for about two weeks, also eased, the long maturities being offered at 8 1/2 per cent. While this is still a stiff charge to pay on speculative commitments, Wall Street seemed more interested in the trend than in the rate itself.

The decline of \$135,000,000 in brokers' loans, bringing the total down \$366,000,000 below the record high established a few weeks ago, and the increase from 81 to 81.9 per cent. In the New York Federal Reserve bank ratio, and from 71.5 to 73.2 per cent for the system as a whole, also helped to revive bullish confidence.

Directors of the Chicago Federal Reserve bank meeting today, followed the action of the New York directors yesterday in making no change in the 5 per cent rediscount rate.

Bulk were among the few important groups which failed to participate extensively in the upturn. Recent sluggishness of these issues is attributed to the growing speculative belief that the forthcoming O'Fallon case decision by the United States Supreme court might not definitely settle the troublesome valuation and rate problem.

Extension of gasoline price advances brought fresh buying into the oil shares, but the early gains were held to a point or two. U. S. Steel common was again in the forefront to the advance, touching a new high on the current upswing. Radio corporation common sold close to par after dropping sharply when weakness cropped out in some of the other radio issues earlier in the week.

New high records for the year were established by a variety of issues including American Can, Burroughs Adding Machine, Glidden Company, Stromberg Carburator, Texas Gulf Sulphur, United Aircraft and Yellow Truck and Coach.
